RE: FOIA Request – Case #2014-00384-F

Dear Mr. Greenewald,

This response is considered a full release response to your FOIA Request dated August 23, 2013, received by this office on October 21, 2013, via a FOIA Request Transfer action from the Defense Technical Information Center Agency, relevant to the following: “Request for a copy of the Final Report for documents pertaining to Contract FA9453-05-D-0175, 0005, Titled Automation Tools for Responsive Space and Space superiority, Accession Number ADB372156, Dated 2 August 2011 (192 Pages).” However, the request was later modified by requestor on October 25, 2013 as follows: “I would like to amend my FOIA request to include only the Title Page, and the Table of Contents for this record.”

After significant consultations with the AFRL Contracting Agency, the Contractor affiliated with this contract, and our Air Force Nuclear Weapon Center Staff Judge Advocate’s Office, a full release determination of the attached responsive records (Title Page and Table of Contents) was made for your FOIA Request.

You may also formally appeal this response if you consider it an adverse action by writing to the Office of the Secretary of the Air Force. Your appeal should be postmarked no later than 60 calendar days from the date of this letter. Please address your letter as follows:

Secretary of the Air Force
THRU: 377 MSG/SCOF (FOIA Manager)
