Mr. John Greenewald

Dear Mr. Greenewald:

This responds to your April 18, 2016 Freedom of Information Act (FOIA) request seeking documentation for all years related to keywords: Anomalies, Anomalous, UFO, Unidentified Aerial Object, Unidentified Flying Object, Unidentified Underwater Object, Unexplained Phenomena, Unexplained Phenomenon and Paranormal. We received your request on April 18, 2016.

A search of our database revealed that we have already received a request from you for Unidentified Flying Objects, Unidentified Aerial Phenomena or any similar term describing the topic such as Phenomenon and UFO's. All information maintained by Naval Criminal Investigative Service was provided to you under FOIA number 2016-003649 and mailed to you on April 04, 2016. No further action will be taken with regard to these search terms.

Additionally, our office has already received a request from you for regarding the keywords Submersible or Submerged and the term Underwater was also used when we conducted our search. All responsive files were addressed in our correspondence to you dated approximately March 11, 2016 FOIA number 2016-004193.

In an effort to assist you further, a search of NCIS databases was conducted using the term Paranormal and located one 2001 investigative file responsive to your request.

Your request for records relating to the search terms Anomalies and Anomalous is denied as it is too broad. You are welcome to submit a new request with narrowed search parameters. If you have any questions regarding this letter or want to discuss a narrowed search, please contact our office.

The processing of the 2001 file has been completed. Our review of the documents reveals that they contain personal identifiers (such as names and social security numbers) of third parties, the release of which would constitute an unwarranted invasion of personnel privacy. Accordingly, we must partially deny your request and withhold this information pursuant to the FOIA 5 U.S.C. § 552(b)(6) and (b)(7)(C). We have also provided an enclosure explaining the various exemptions of the FOIA.

If you wish, you may appeal any adverse determination by writing to the Office of the Judge Advocate General (Code 14), 1322 Patterson Avenue, S.E., Suite 3000, Washington Navy Yard, D.C. 20374-5066. Your letter should state the reasons for your appeal and, along with a copy of this letter and your original request, must be postmarked (vice received) in the above office within the 60-day appeal limit. We recommend that the letter of appeal and the envelope both bear the notation: "Freedom of Information Act Appeal".

If you have any questions regarding this matter, please contact our office at (571) 305-9092 or [ncis\\_foia@ncis.navy.mil](mailto:ncis_foia@ncis.navy.mil).

**CASE SUMMARY**

1. On 16Nov01, Lt [redacted] Public Affairs Officer, Blue Angels, reported contact with a suspicious individual during the Jacksonville Beach, FL, air show. According to LT [redacted] during the period of 02-03Nov01, he was approached by a lady identified as [redacted] regarding the Blue Angels and paranormal activity around them as they fly. LT [redacted] stated [redacted] first approached him in a Taco Bell restaurant on 02Nov01, just after the Blue Angels finished a beach practice. At this time, [redacted] referenced the paranormal activity in the sky, as it was similar to the activity she saw around the military jets in Afghanistan. After a couple of minutes of conversation, LT [redacted] excused himself and left with other crew members. On 03Nov01, [redacted] approached LT [redacted] after the air show, in the general crowd area. On this occasion, [redacted] again referenced seeing paranormal activity around the Blue Angels during the air show, adding she would send him some information about what she was seeing.

2. On 15Nov01, LT [redacted] provided exhibit (1) and its contents, having received it from [redacted]. The package is addressed from "Massage Transformation, [redacted] This package contained a personal letter to LT [redacted] various writings about paranormal activity, a drawing of the air show and various newspaper photographs in which activity is circled. In reviewing the letter and writings, no specific threats are stated, but references to the USS Cole, Twin Towers and "Dale Ernhardt" are listed.

3. This information is provided under the auspices of reference (a). Command has been briefed and does not require further investigative effort at this time.

of the Blue Angels,

I enjoyed the practice show inspite if the spite rain.  
I spoke to you on practice day, Friday, Of the Duval County beaches Air ~~Sea~~  
Sea Spectacular. I mentioned I could see para normal and I saw it around the  
planes.

I am not of the inner circle, however when I mention to a pilot or support  
staff that there are phantom planes, I get a yes. I assume it is something you  
live with and no not speak of.

I could see forms of matter come off the Blue Angels planes and "stuff" fall  
into the ocean. One very gray clouds that they flew into was extremely  
dense.

I have been writing to some military people and entering in to "need to know  
territory."

I work with former Maters of Sat mat of India: Sawan Singh and Ajait Singh.  
Sawan Singh in former lives was with the White Brotherhood. He was  
Jefferson and Lincoln and other lead personalities of civilization and Nation  
building.

The phantom planes and falling matter are function of Allen activity. the  
planes are not created by light , speed and lost souls, they are not a mirage..  
They are made to play with you. They have a minimal signature of metal  
and are really 2 dimensional.

The 'alien " mind present is a possession mind. Working with people who  
are of high life energy who are recently dead by natural causes or crashes  
example : Commander Button Former Commander Young and N. and S.  
Tower victims in N. Y. This "alien" mind is conscious on people when they  
died and it is now a struggle to win the soul.

WE are living in times that have past example and recorded history and some no recording. Egypt and Mayan left markers and information. Some is in the old testament of the bible. (b)(6), (b)(7)(C) Some of the civilizations were completely wiped out. Records we have found indicate a large explosion and the remnant grew insane and died.

We believe the Cole, the Curse, the Twin Towers and Dale Earnhardt are some of the examples of explosions that were also directed and assisted at 4th plane by the Host. and, Button and the Indian Air crash taken down by a pilot is mind possession examples.

And, we have recovered 2 Blue Angel Pilots who thought exactly the opposite at a critical time.

What to do?

This Jacksonville Team is with Ajaib because of the crashes and because I I.D.'ed one of the pilots, (b)(6), (b)(7)(C) as a Drunvalo Melkzedick possession. He is not the only one. Drunvalo will use them after death.

- 1) De-briefing should be kept as a learning tool and should be encouraged. This mind can confuse and create a life style that is repetitive.
- 2) I would give them under ware for the trips out for shows and discard them in an incinerator. The same for discarded uniforms.
- 3) I consume some alcohol every day to dissolve it in my stomach.
- 4) Celibacy should be encouraged.
- 5) The planes should be pressure or steam cleaned with orange oil solvent or tea-tree and vinegar and baking soda. It is a simple way to dissolve temporarily the matter.
- 6) We encourage manual operations

The matter is pre-matter. It is matter at the vibration level of human eyes and crown chakra and higher. It reduces to silicon, water, metal or crude oil. It is on ships also and car and your lungs and mouth. A good dose of it will make you tongue coated because the chemicals of digestion is dissolving it.

The names of the Entities in general are: (b)(6), (b)(7)(C) , An, Ha, Tu and Kai. There are people living associated with these names. Some are using this mind and are not as they seem. Mind groups have a name: Shehite, Jehod, and Sandinista. People working on these group minds will fall into chaos and anger. There are people working with the light. It would

be best if we were just simple and awake. We are not we are under attack. It can be seen on Doppler and The Geological Tracking Satellites, and the

NASA particle research satellites. You can find it goes under ground as it is matter at photon level and very massed.

NASA knows things.

NASA is now the Weather Service and Home Security...good luck.

You will find I am not a public figure. My information has gone to the U.S. Government instead of publicity.

In the end people involved might need a sanctuary.

point. When the government tried to pass anything through this light field, it could not penetrate it. Not even a bullet could pass through it.

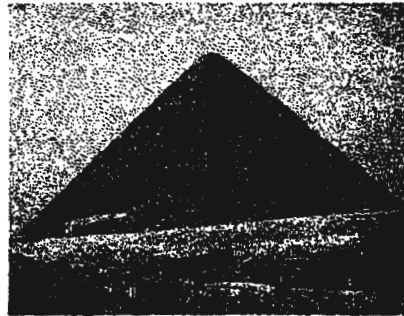

In addition, if one of the government officials tried to physically approach this light field, at about 30 feet from the light he/she would get sick and throw up. If he tried to press forward, he would feel like he was going to die. No one, to my knowledge, was able to touch the field.

From aboveground, the government found something just past this light field that was also extremely unusual. They found an underground twelve-story building at that point—twelve stories deep in the Earth!

The combination of these two things—the light field and the twelve-story building—were more than the Egyptian government could handle. They asked for foreign help. The Egyptian government decided that a particular man (whom I will not name) was the person who could turn the light field off and enter the tunnel. He would do this with two other people. One of these people was a friend I knew very well, so I was able to follow closely what was happening. My friend brought in Paramount Studios, which would be allowed to film the opening of this unique tunnel. Paramount had filmed the opening of King Tut's tomb, so they had a very good relationship with Egypt.

They planned to enter, or at least attempt to enter, this tunnel on January 23, 1997. The government wanted several million dollars from Paramount, which they agreed on. However, the day before they were to enter, the Egyptians decided they wanted more money and asked for one and a half million dollars under the table, which outraged Paramount. Paramount said no, so everything was off. For about three months there was silence.

Then one day I heard that a different group of three people had entered the tunnel. I heard that they had entered and shut off the light field by using their voices and the holy names of God. The primary person in this group, who is famous and does not want his name mentioned, went to Australia and showed a video of the trip into the tunnel and the twelve-story building, which proved to be much more than just a building. The building went on and on for miles under the ground and was really the edge of a city. I had three good friends in Australia who watched this film.

Then entered another person, Larry Hunter, who has been an Egyptian archaeologist for over 20 years. Mr. Hunter contacted me and began to tell me a story almost identical to what I had been receiving through my sources in Egypt, except that it was more detailed. He said that the city is six and a half miles by eight miles on the surface and twelve stories deep, and that the city perimeters are outlined by special and unique Egyptian temples.

What follows next overlaps the work of Graham Hancock and Robert Bauval in their book *Message of the Sphinx*. Graham and Robert had guessed that the three pyramids of Giza were placed on the ground in the exact arrangement of the three stars of Orion's Belt. In fact, they be-

lieved that all the major stars of the Orion constellation should be found in the placement of temples in Egypt, but they were never able to completely prove this theory.

Mr. Hunter, however, has proven the truth of this, and I've seen the evidence. Using the knowledge of star navigation that he obtained when he was in the Navy, Mr. Hunter found a temple at every single location that corresponds to every major star in the Orion constellation. He used the GPS system to locate these spots on the Earth with a 50-foot accuracy, and physically went to each place where a temple should mark a star. Thus it was verified. In each place there was a temple—which was surprising—and each temple was made of a unique substance not found in any other temple in all of Egypt. This substance is also what was used to create the foundation stones of the three Giza pyramids, including the Great Pyramid. It is called *coin in stone*. It is limestone that looks like it has coins stirred into it. It is unique, found only in these temples that span an area on the surface of six and a half by eight miles.

To be clear, this is a theory that has not been accepted by the Egyptian government, but the underground city that Thoth said was there that would hold 10,000 people is, according to Mr. Hunter, marked by temples made of a unique substance, and the temples match the star pattern of the constellation of Orion.

From what I have seen, I believe this to be true, but the Egyptian officials say this is fantasy. I am keeping an open mind. Eventually the truth will be known. I do believe that if this is true, this archaeological find will have an uplifting effect on human consciousness when the underground city is revealed. Now let's return to the discourse on Egypt. ♦

## The Heliacal Rising of Sirius

Here are the pyramids and the Golden Mean rectangle that surrounds the whole complex [Fig. 11-7]. Notice the two main lines that pass right through the center of the circle at phi ( $\phi$ ). If we completed that circle on the ground, it would have a diameter of about two and a half miles. The McCollum surveyors who discovered this relationship, along with almost everyone who has ever written about the Giza complex, chose east as the direction the pyramids and the Sphinx were facing. But we now know that this is not correct. People have always believed that the pyramids were lined up to magnetic north-south, but computers have now shown that the three pyramids were never aligned this way. They're off a tiny, tiny bit. People have said that the reason they were off this little bit is because of continental drift.

But this "off a little bit" is not off at all—it's exactly correct. The three eastern-oriented pyramid faces are on a line that converges at a single point on the horizon—in other words, an arc. The point on the horizon happens to be the point of the heliacal rising of Sirius, which is not true east. This is the moment we talked about in chapter 1 (page 14), when on July 23 the star Sirius rises about one minute before sunrise, appearing as a bright red star. It is the moment when the Earth, our Sun and Sirius form a straight line.

Even more amazing is that the *eyeballs* of the Sphinx are looking at the same exact spot. This is what computers have shown. This makes sense because the ancient Egyptian religion and the Egyptian Sothic calendar were based on the heliacal rising of Sirius. Sirius was paramount to their very existence. So let's align this drawing to the heliacal rising of Sirius rather than to the east.

Because of the two ramps that were aimed exactly 30 degrees apart, let's divide the circle into 30-degree sections, which creates the twelve segments of the astrological chart ( $30 \times 12 = 360$  degrees). We already know that they totally understood astrology, because an entire astrological wheel was on the ceiling of the temple at Dendera [see Fig. 11-8], so it's completely logical to put those twelve segments in the circle. If you do, you have a very possible time wheel. The McCollum survey, for example, shows that when using this theory, the Great Pyramid sits in Leo and the time line of the point relative to 0 degrees Aries is at 10,800 B.C. (This is exactly the time when Edgar Cayce said it had been built.)

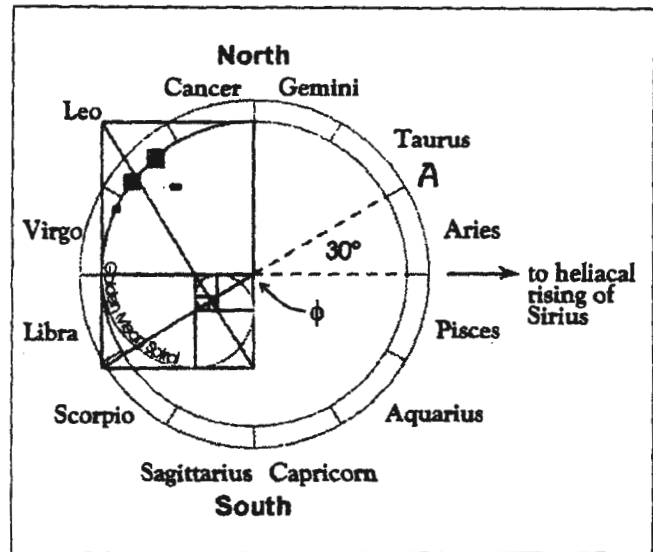

Fig. 11-7. Circular layout of the pyramid/Sphinx complex. Notice how the Golden Mean rectangle and spiral of the Giza complex touch the center of the astrological wheel at phi ( $\phi$ ).

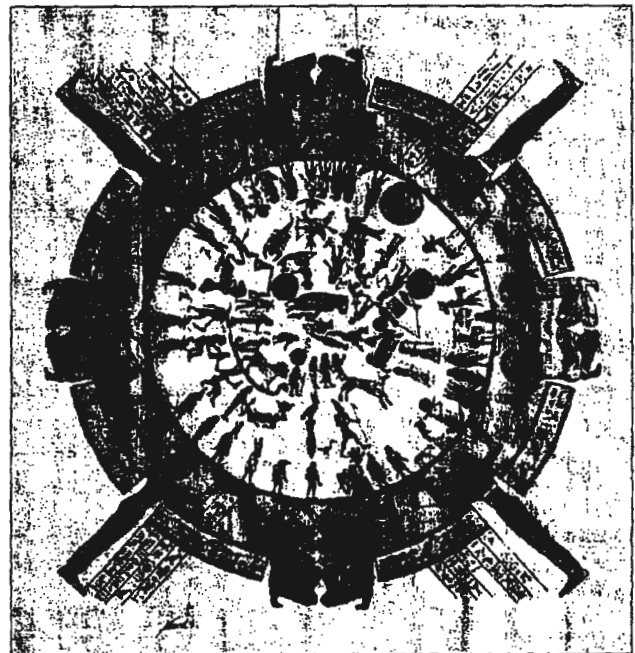

Fig. 11-8. A copy of the Egyptian astrological wheel from the ceiling of the temple at Dendera.

## The Philadelphia Experiment

Now we switch to a seemingly completely different and unrelated subject—but in fact it is related to everything in this book.

Most of you have at least heard of the Philadelphia Experiment. This experiment was performed by the Navy in 1943 near the end of World War II. An interesting fact is that in the beginning it was headed by Nicola Tesla, who died shortly before the actual experiment was completed. Tesla's part in this experiment, I feel, was paramount, but we will never know, since it has been so tightly hidden by the government. He was replaced by John von Neumann, who is usually known as the person who set up and oversaw this experiment.

The experiment tried to make a U.S. Navy ship invisible. This, of course, would give an incredible edge in warfare. In essence, the ship would be taken to another dimension and returned back to this one. It is my belief that Tesla had been communicating with the Grays and had learned the secret of interdimensional travel from them. It has been reported that Tesla was once asked where he got these ideas for this experiment, and he himself said that he got them from ETs. I'm sure that people in the '40s just thought he was kidding.

I realize that many people think that this information comes from the imagination of unstable people. But if you want to (and I have), you can get a copy of the original (then-top-secret) paperwork that the government still has. However, most of the paperwork has been blacked out for reasons of "national security." There is still enough that is visible to prove that the experiment did happen and to show much of its nature.

From what I have learned from this document and from many people studying it—and mostly from meditation with angels—is that the Philadelphia Experiment was energetically connected to other experiments through time, space and dimension. The first experiment was performed on Mars almost a million years ago when the Martians first came to Earth at the beginning of Atlantis. The next experiment was completed at the end of Atlantis about 13,000 years ago, which created the Bermuda Triangle and has caused major problems in many far-distant areas of deep space. That experiment, as I have said in the first book, was completely out of control, because in trying to create a synthetic Mer-Ka-Ba to control Atlantis, the Martians did not remember exactly how to do it.

This out-of-control synthetic Mer-Ka-Ba in the Bermuda Triangle, which is located near Bimini, has been causing real problems in deep outer space ever since. The primary reason the Grays first came to Earth was to solve this problem. They were the ones who were being affected most by this illegal experiment. Many of their planets were being destroyed. Later the Grays tried to use us to create a hybrid race to save themselves, but their experiments on us were completely unrelated to the original problem.

The Grays, trying to solve this problem of the out-of-control Mer-Ka-Ba near Bimini, assisted humans to do the first modern experiment to solve the

Update: What I am about to tell you is highly controversial. It may be true and possibly it is not. But it is worth it if some of you search out the truth.

A young man came to me and began to tell me this story. He said there is a mountain inside the Grand Canyon called the Temple of Isis. You might wonder why they called it that. In 1925 a great discovery was found in and around this mountain. It was written about in the *Arizona Gazette*, I believe, in 1925, and in a book published, as I recall, in 1926. He went to the still-existing newspaper and found the microfiche on file that shows what they found in this mountain. There are about six pages dedicated to the subject. I have seen it with my own eyes. [Perhaps readers can assist us to give exact references for both the article and the book, which had "Egypt" as part of its title and a picture of a flying saucer on its cover.]

The newspaper says that they found Egyptian mummies and Egyptian hieroglyphs on the walls "inside" the mountain called the Temple of Isis. I saw the photos where they were bringing out the mummies, and I saw the hieroglyphs. The newspaper said that the Smithsonian Institute was doing the fieldwork and quoted them as saying that this was the biggest find in North American history. A book was written about this about a year later, but I don't remember its name. Then there was silence for about 68 years, until 1994.

This young man said that he first found the 1926 book telling of this find, then researched the newspaper article of 1925. He told me the following story about hiking

Leis My Book

## Leis My Book

i was born in the bad times.

My sister was Tia

Who is now Pat

And my brother was Kal

Who is now Bill the Funny Man No more Mr. President,

And a man

who now is Bruce Smathers, not his father Smathers.

And one more brother was Mo. Mo has come to help find me.

He is my friend. His name is Ajaib.

My father was Ha he was the good one he is now Jake.

He was born good because they came to the end and did not know what to do.

So good is what you do when you do not know what to do.

My mother said I was good.

I learned many thing when I did not know what to do.

### I AM A LUCKY LEIS I HAVE MANY FRIENDS

i was born one day. It was warm then cold. i learned to move around better in the cold than i could in the warm. My her there is warm.

Then i was born for a short time in the light and i saw her there. She is Lata, i am Leis. i did not like breathing air because i was born in the lake near the black river. Lata hid me from them. They come in the bad time.

They came and got me and i had to see dirt for a day. They made me die in a day. My Lata told my mind she was there and she was. My Lata feels like a sweet heart. She thinks i do to. They hurt me and took me away for a day. My mother was mad and knew where I was. Then for a long day they took me up in the sky. I only cried when I was hurt in the tummy. She was mad but made me think i was the same as i was. i have learned to count, 5 monsters in the air took me away. My father found something they left and my brother Mo did too. they kept it like it was special.

I don't like them. The bad times are bad things in the sky.

My Lata had to go away. And then she came and found me. She took me from the sky from Kal and a An-Ha man. They think they have to make a new world. My Lata sang to me sweetly and placed me down south of our home. I am a little round lake and she made a bigger one.

## Leis My Book

After we were done they all watched when we came back into the sky and I now go around home. Every 2 days I go again. My Lata watches the sky and her children and we make rain for the flowers. They came and called us La and Oh La and land of La. Then they came and called us Miami and Lot of things. Then they came and called us Florida. And the river of La is River of May. Then they called the River The St. Johns and they came from the north and named my lake Keystone and my mother Eustas. I go around every 2 days and see everything.

Kal and John Elisiah, Ezequal, Melkeztick, Seth think that is a funny thing to do. To come all the way from Pennsylvania and name my lake. I like to laugh. It was a funny thing to do.

We made rain for a very long time. And Lata keeps the winds from destruction so the flowers can grow. Until the very bad monsters came back again and hurt every one especially my sister Tia. My Lata had too much to do so when Tia-Patty was 4 years old I was put with her to learn how to grow. I watch much. It is the bad times. they come to hurt Tia.

My brother Kal has come to hurt Tia. He is very a loongtime ago born. He was born in the beginning of the bad times.

My mother and I kept a secrete until now. I am 3 and 6 hours old. And they thought I was one then they thought I was 2. Now they don't know what to do. They have put satilights in the air far away around mars to make clocks to find what to do. That is all they do instead of being good.

Pat is writing things for Ajaib and Sawan. so I do too.

This is my book:

This is for my friends.

I learned you say think you to every one who helped.

THANK YOU I

I like to go visit

I like my bear. He is soft and that is how you should seep.

My name is Leis.

That is how you see that is in the language of my Mother.

She sees me and I see her and that says Leis.

Mother saw me not talking.

I was the lake

And the Lake was me.

ANOTHER DAY

THE USA GOVERNMENT IS AFRAID.

10-01 20 01 FIB RA NATCHI

All Saints Day

last night, Halloween

Down in the Holler, pumpkins grow.

Ours came from near there.

Pete gave us a present when she came home.

The lying mind said our Halloween was a day early

WE cut our pumpkin fast and gave it to the neighbors

It looked like a Kal with one snagged tooth smile.

We laughed.

Pat had to shoot her gun and could not stay home.

The instructor said we could practice for competition.

He even liked our gun.

Only eleven bullets strayed off of the black.

In side that room it smelled like slupher and gun power..BAD.

Gun lovers love black guns that are spring loaded

And shoot with an easy trigger.

They like to slide the barrel

And beat the Brady Bill

We don't think their babies are the best gun

Ours shoot like a real man.

38 silver Taurus.

With a black handel and a good sight.

It fits your hand

And you you shoot it like pointing your double handed grip

Pointer fingers at the target.

Many guns are bought now and no one knows how to shoot them

If it is an emergency

Point and shoot

Watch the fire not the bullet.

NOW THE BLUE ANGELS HAVE COME TO TOWN.

Now we sit and watch

The parade of Saints and some has beens

Tem has moved her mountian to the sea.

Sawan is proud to know her.

What kind of person is this?  
He made a mind to distroy  
the women he was with.

He makes up stories way out.

He makes bad lives to kill men.  
He forgot life was good.

## Leis My Book

**MY BEST DAY SO FAR!!!! !**

We go to make a book cover for my book  
a present for John Thomas.

The Blue Angels fly over our house.

Pat says "She is not suprised, Wielkerly did it very often.

Those are Blue Angels though, not his hilicopters."

i learn Lata is in Patrick's plane

And they flew off course on purpose.

Pat wonders why they need to practice.

Kenney when up and saw her naked in the plane.

The piolets just know it is a women.

Pat just thought be careful.

Kenny got permission to go take a ride.

One plane flew close by where we were waiting for a light.

We are at the overpass!

Then Kenny took us all up.

Me and Kenny E. ( E. is for Elephant)

And my brother Leis 2.

The plane is very big.

Pat said she hoped it was a better ride than the one on the truck,  
they will never get recruits form that thing.

We just were at time it is was very smooth and calm.

As soon as i was seated on Patricks lap

the plane took of and left the wold behind. woosh!

Patrick was told

Lata's son was aboard.

He acted like a father.

i alread knew who he was from before at NAS when we took his picture.

That day pat and Ajaib saw Drunvalo on him.

That was before the plane crashes.

Ajaib as Master of God whet to the whole team.

They knew and never said nothing.

As soon as we sat down the plane rushed away.

We broke into blue sky

## Leis My Book

The plane is rough and you have to be strong it sit in it allday.  
It is the fastist i have ever gone.

He said I was small.

Lata said he was in fashia only , his mind was perfect.

Leis 2 was afraid.

Soon we setteled down to fly a pattern.

they just shoot around

they turn upside down and look down

they fley by the overpass and did a salute

that is better than the turning around,

banking the curve was like the truck plane

every one forgot to strap us in.

We never knew when it started untill

it was sudden suprise

we go sideways and fast

thay fly like a race car god.

when we fly by a plane

whoo, fast, you can see them in the window.

i do not like that part and i do not like

flying into the ground to land.

Someone on the ground

where we watched yesterday tells them we are ready to go.

Patrick says lets go!

The they slow down and aim.

It feels like a big engin under your seat.

Pat says they ride it like a flying horse.

She is right.

they hear Pat thinking to Lata

He keeps one hand on the stick and one was near me.

They do not go with " No hands" I think.

I could see An.

His boat is a flat place onthe surface.

Ha of Kal is still out there. He looks the same.

We flew all around the beaches.

They know everybody looks at them.

i do not have to go to the fair.

That is the best ride ever.

You are a speck in the air and faster

than a plane trip the land goes by.

the river is silver, like a ribbon.

## Leis My Book

Our house is in a little forest.  
When we got home ( Mayport )  
Lata would not leave.  
Finally one man, Bruce said we were in heaven.  
Patrick said it would never be like this again.  
( It might because Pat may go watch again)  
Lata put mind of time on Ol Albert and it flew like a dream.  
i remember last time we did that.  
The coach was flying and he said that is how it used to be.  
It is always a bad day and then i get a good time for a while.  
Patrick knew his body was cleaned of something  
when we helped all the planes on Friday.  
He calles me Leis.  
He was not suprised to have me aboard.  
They see things in the air that are not like we see it.  
The hilicopters look like a fat line with rotation on it.  
They do not know what can happen in the bad times.  
i thank you for my best day so far.  
i will let someone else be a Blue Angel  
i would like to make music with words of a far.  
Patrick found out Freddy E. was an elephant.  
He thought he was a little boy.  
that is all Freddy E. wants to be some day  
With his friend Gunther.  
Freddy wants to go again.  
Please remember me  
now we tell a secrets.

2 admridels, one commander, an X navy guy, all 4 piolts, bill clinton ( nose-y)  
5 masters at time, and anyone else who wanted to listen on Sat Mat just heard this day of Leis.  
and one PR Officer and 2 mayors.. and a best friend.

**we can not do spell check because it is  
bad times today**

**#If the military know this stuff is out there someone  
should be responcible and take action. Pat**
