November 4, 2009

John Greenewald, Jr.
[REDACTED]

FOIA 2010-036

Dear Mr. Greenewald:

This letter responds to your recent Freedom of Information Act (FOIA) request which was assigned to the Consumer & Governmental Affairs Bureau (CGB) and the Enforcement Bureau (EB) on October 20, 2009. You seek: "all records identifiable as complaints regarding the television show 'Hannity' between January 2009 and the present."

Sharon Jenkins of CGB searched the databases containing informal complaints and identified 55 complaints responsive to your request, copies of which are enclosed. Ms. Jenkins redacted all personal identifying information relating to the individuals who submitted or are named in the complaints based on Exemption 6 of FOIA, which permits agencies not to disclose files that would clearly invade personal privacy.¹ EB has informed CGB that a search of its records revealed no documents responsive to your request.

The FCC receives many complaints and comments that do not involve violations of the Communications Act or any FCC rule or order. Thus, a complaint or comment does not necessarily indicate any wrongdoing by any individuals or entities named in the complaint or comment.

FOIA and FCC rules require the FCC to charge requesters for time spent searching for and reviewing responsive documents, and for copying them.² Based on your classification as a member of the news media, you are responsible for paying only copying costs beyond the first 100 pages. The copying costs beyond the first 100 pages were minimal and, therefore, will not be assessed.³

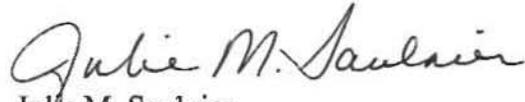

¹ 5 U.S.C. § 552 (b)(6). See also 47 C.F.R. § 0.457(f).

² 5 U.S.C. § 552(a)(4)(A)(i), 47 C.F.R. § 0.470.

³ See 47 C.F.R. § 0.470(f)

If you think this response denies your FOIA request, you may file an application for review of this decision with the FCC's Office of the General Counsel within 30 days.⁴ Both the application and envelope containing it must be marked "Review of Freedom of Information Action" and the application should refer to FOIA Control No. 2010-036.

Sincerely,

Julie M. Saulnier
Deputy Chief
Consumer Policy Division
Consumer & Governmental Affairs Bureau

The Sean Hannity show is an extreme right wing, very inflammatory, malicious program that survives by scareing people with half truths, and is ultimately dividing the country. KTRH is responsible for airing this program with no alternative programming. Programming like the Sean Hannity on KTRH, with no alternative to the hate spewing from Sean Hannity on KTRH, makes KTRH a detriment to society. KTRH needs to have alternate programming coming from the left to be fair and give people in the area another side to consider.

Sean Hannity in the guise of Fox News personality posted a poll asking people: "What kind of revolution appeals most to you?" He proffered three approaches: Military Coup, Armed Rebellion, War for Secession This is a call to incite violence! This is also treasonous and we have a body of laws against this. I now fear the life of my wife and family and property because of this inciting of violence against the country and the President and their supporters. I want this documented by the FCC and I want the above named persons/companies fined for their actions. I intend to use this FCC complaint in any law suit(s) if any personal harm happens to me, my wife, my family, my property or my church. For proof go to the actual web site: <http://forums.hannity.com/showthread.php?t=1326121> If it is removed, then use Google and look at Google's cache.

 - c. Description of Problem:

On Fox NEWS Cchannel (FNC) and several other networks, DirecTV routinely inserts commercials into commercial break time slots. These commercials always address DirecTV Pay-Per-View offerings such as movies and sporting events or packages offered by DirecTV. The inserted commercials are presented at a volume/loudness far in excess of the programming into which it is inserted, including surrounding commercials by other sponsors. It is not unusual for commercials to be presented somewhat louder than the programming into which they are inserted, but these DirecTV Pat-Per-View commercials are far in excess of their counterparts. The DirecTV Pat-Per-View commercials are so loud that the viewing volume has to be significantly reduced until the commercial terminates. After the DirecTV Pay-Per-View terminates, it is necessary to increase the channel volume to a level that the basic programming can be heard and understood.

During the March 19 edition of Fox & Friends, Fox News aired a promotion for that evening's broadcast of Hannity that falsely claimed: "[President] Obama pushes a plan that could force vets to pay through the roof for health coverage." In fact, the White House has stated it does not support a provision previously under consideration that would have billed military veterans' private insurance companies for treatment of their combat-related injuries performed at Veterans Administration hospitals. In a March 18 press release, press secretary Robert Gibbs stated of the "third party billing issue" that "the President has instructed that its consideration be dropped": Fox NEWS should not be allowed to lie about the President Obama Health care for veterans plans. I recieved tons of email from friends complaining that the president was going to force veterans to pay for thier own health coverage because of this story. This is an ourage that Fox continues to intetionally lie about his issue.

This channel is basically lying everyday onair up to and including complete falsehoods like the one about President Obama trying to charge American veterans' private insurance for their medical care. IT WAS A COMPLETE LIE. But it was one that was unfortunately picked up by other broadcasts til someone caught the lie. Murdoch's license should be revoked and his green card pulled. You fined CBS for an inadvertant nipple exposure, where's your outrage now when someone is essentially yelling FIRE when there is none?

I am terrified that violence will erupt because of the venom and vitriol spewed on Fox news programs of Bill O'Reily, Hannity, etc. and their guests. <http://www.freerepublic.com/focus/f-news/2216748/posts> Sean Hannity is promoting a "tea party" in Atlanta on 4/15/09 which I fear incites anarchism. His vitriolic hate of the Democratic Party and specifically Pres. Obama will be used by FOX NEWS and bring about extra security costs for our government in curtailing any angry demonstrations or other fall outs.He is putting the public at bodily risk. I find his actions reprehensible. We have enough problems to deal with now without a cable television host's blatant anti-government actions. Surely there are FCC laws to prevent this from happening.

Sean Hannity is disrespectful to the President of the United States. Referring to him as Obama rather than President Obama. He is inciting people against the US Congress and a general disrespect for the US Government. The ownership of this network I believe treasonous to the US Government, often screaming at US Senetors or Representatives of the US Government elected by the people whose policy's the don't agree with.

This is not news, not entertainment, and looks like treason. Frankly, I feel that FOX is over the top suggesting that people don't pay their taxes, and I feel that advocating not paying taxes on national television on tax day should receive a fine. It's one thing to slander the President, it's quite another to attack the foundations of the Republic and advocate rebellion on national television.

San Diego is the 7th largest city in the country. In the last Presidential election it voted 53% Democratic, yet any time of the day one listens to AM talk radio in San Diego the only political talk radio shows available are all radical right hate talk shows. There is not one liberal or moderate political talk radio host on the air anytime 24/7 in San Diego. This kind of unrestricted partisan and biased monopoly of the "public airwaves" cannot possibly be market driven because of the voting demographics of the marke? Politically neutral national advertisers that unwittingly sponsor these right wing hate talkers would not turn down the opportunity to reach 53% of the listening market if they were given a choice? 1) Why does the FCC allow right wing hate talk a 24/7 monopoly ? 2) Why does the FCC allow the GOP this free political advertising 24/7. 3) Why does the FCC allow Limbaugh, Hannity, etc. to broadcast lies attacking the President 24/7, with no opposing views available?

Cropping of film to make it look as though President Obama was saying one thing when he was actually saying another in Strasbourg France. "And the liberal tradition of blame America first, well, that's still alive." Hannity Obama also criticized anti-Americanism in Europe as well as Europeans who "choose to blame America for much of what's bad." Cable nor public television should be used as a "propaganda machine". Opinion and free speech is one thing, misrepresenting and misleading are the same as out and out lies. It would be nice if you could submit a "blanket complaint" against Fox "fair and balanced" News....because "they ain't!" When are you all going to do something about this "propaganda, hate spewing, inciting spiteful "news station" and hold them accountable?

I wish to file an official complaint against the Sean Hannity radio program. As a three-hour-long Republican campaign commercial, it should have been listed as a series of financial contributions to every Republican candidate for every office at the Federal level since the inception of the program, based on the price of a 30-second advertisement on the show, multiplied by 60 minutes, multiplied by three hours, multiplied by 5 days, multiplied by 52 weeks, multiplied by 22 years: A very substantial unreported campaign contribution of free air-time to Republican candidates only. I also believe that calling this show "entertainment" or "news & current affairs" is sheer fraud. The show is propaganda. It is consistently and deliberately biased, unfair and misleading, deliberately designed to distort important issues, sway naive voters and poison our polity. It contains a daily promulgation of hate speech and calls for violence against public figures that the FCC should not allow.

Clipping/editing speeches by President Obama to make it look like the POTUS is siding with 9/11 sympathisers. The FOX TV pundits are creating hatred against the President which is inciteful and dangerous. They should not be allowed to distort the truth. Opinion is one thing, lying to further a hateful cause is out of line.

Sean Hannity is a traitor - how else can you explain the editing of President Obama's speech to appear that he sided with the 911 sympathizers. Sean Hannity is a liar and must be taken off the air for the good of our nation. Americans deserve factual reporting - not propoganda.

Hannity showed a cropped clip of President Obama's speech in Cairo to claim that Obama "decided to give 9-11 sympathizers a voice on the world stage." In fact, the context of Obama's words makes clear that Obama was condemning those who would "justify the events of 9-11". Fox News has shown edited clips before of Democrats and liberals, to make it seem like they were saying something that they were not. I find it unbelievable that this is merely an accident. Fox News is clearly biased, unfair, and dishonest. They should have their license revoked.

I am very concerned about the Fox network and their blatant incitement of hatred and violence. Their "journalism" is filled with outright lies and distortions, and recent outbursts of violence appear to be directly related to the hate language they use. They have the mantle of a mainstream media outlet, but they follow the Goebbels playbook to the letter. I feel very strongly about the First Amendment, but it doesn't protect people yelling "Fire" in a crowded movie house; what Fox is doing is worse by millions and millions of households. This is what I think they are doing: Goebbels said 1. Always have an enemy whether it is real or perceived (Obama, gays,immigrants, Jews etc) 2. Wrap the message in the flag so that you are the Ultra patriot and anyone who disagrees is unpatriotic and can be attacked or marginalized. 3. Control the message.....Hitler added, but it must be able to be repeated and repeated and repeated until it becomes the truth (see talk radio vertical infrastruct

My complaint is Fox News and their commentators - Fox & Friends, Beck, Hannity and O'Reilly. They spew hate, discouragement, despair and hopelessness. These commentators feel your brain and heart with fear, loss and helplessness. They slant the news to compel anger and distrust. They report on their feelings and not so much fact. Hannity is using his show and air time to promote his own hate group toward the government and congress. Hannity, Coulter, Dick Morris, Rove does not lift our country but bring down our society as a people. I would like to see FCC garner their hatred, remove. This is not freedom of speech, but freedom to spew hate. I blame the Tiller's death on these commentators at Fox and I blame the death of the Holocaust Museum Security Officer on Fox commentators. If you're already filled with hate, mental disorder, and fretting about our country's livelihood, Fox commentators will fill you up to the point of taking matters in your own hand via gun or explosions.

The commentary on the Hannity show I feel is dangerous and inciteful speech. The language that he uses incites and is likened to yelling "fire" in a crowded theatre. I am concerned that this type of speech will lead to disasterous results like harm to our President. We see that the violence has been increasing, and I believe that the speech on the Hannity show provides fuel for the individual who has violent, racist, and dangerous tendencies. Please investigate the connection between shows like Hannity and the irresponsible broadcasts of the Fox Cable News channel and the increase of domestic terrorist acts. Actually I am concerned with the following Fox programming, Glen Beck, O'Reilly Factor, Thank you.

I believe Sean Hannity did something illegal when he aired an edited version of something Michelle Obama said so that it changed the context and perhaps the intended meaning. He played a tape of Michelle Obama saying, "For the first time in my adult life I am proud of my country." I have heard the original statement played many times and what she really said is: "For the first time in my adult life I am REALLY proud of my country." I believe there is a significant difference in the two statements. Although the much of the media has referred to the statement leaving out the word "really," this was the first time someone actually EDITED the recording of the statement. This cannot be legal! Let the radio, print, and television media lie all they want as long as they are claiming the comments as their own. But when they intentionally change our first lady's recorded comments so that the meaning is changed, they have crossed a line.

Sean Hannity, on his program continually edits the Presidents speeches as to represent what Sean Hannity wants his audience to beleive, not what was really said in the speeches. This has happened on a number of occasions. This is very detrimental to our society to have someone editing out and making the speeches sound negative to our country, he edits them so they appeal to his audience and helps make his negative point. If he left them alone he would have nothing to critisize and scream about. He is known for this practice and has been caught at it by Media Matters. This is beyond unfair and hateful and shows that Fox News has no character at all. Doing this he incites hate against our Pres. as the Pres looks like a traitor. This should be investigated, as Fox News has a very very negative slant and they know nothing about fair and balanced as their creed. I am surprised you guys dont go after them for the lies and misinformation they put out as a "news" outlet.

Over the past few years, Fox News host Sean Hannity has repeatedly smeared progressives and Democrats by cropping their comments in a way that misrepresented them. Most recently, during the July 8 edition of his Fox News show, Hannity spliced President Obama's answer to a Fox News reporter's question about the Cold War to suggest that Obama did not acknowledge the actions of past U.S. presidents in freeing Eastern Europe. This isn't the first time FOX News has distorted the truth and selectively spliced video in order to further their right-wing propaganda. I'm hoping this agency can FINALLY do something about this!!!

Fox News, and Sean Hannities program in particular, have a documented history of editing new footage in such a way as to misrepresent the meaning of what the speaker says. In addition, Fox News and all of there "reporters" are out and out lying to their viewers and therefore propagandizing to them. There should be some truth standards to which cable news stations and their personnel must adhere. Otherwise, they do a dis-service to our nation.

They have to be responsible to tell the truth using footnotes if they have too just like a research paper. Using readily available proof and facts. Not broadcasting what they think as "The Truth". a LOT OF PEOPLE LISTEN TO THOSE GUYS AND ARE BEING whipped into a frenzy. The veriable truth must be broadcast.

. Why are you allowing this guy (Hannity) to constantly put down the president the United States? I have never seen in my life a network devoted to negative criticism of a president on a daily basis. They make false claims about the president such as he is not American, then its proven he is by showing his birth certificate. This is called slander and you are slandering the president. I am afraid if this is not brought under control this country may face another civil war. Why is this network allowed to make false beliefs that they dont have to up? They act as if they are the only real americans. They are truely bias against the president. Fox's goal almost seems to be to start some kind of war. I have never heard of a show devoted to turning a country against a president until now. This is not freedom of speech. This is an attempt to encite unruly behaviour. This network is even proud of their actions. It is clear that Hannity has a personal hatred of the president.

there's no pecific date or time; it's just everyday now? all what Hannity is doing is reporting on violent action's and demonstration's against congressmen and women and chearing them on, and not reporting on new's anymore. this goes beyond a public safety issue. He make's remark's about the Democrat's that aren't true or doesn't back up. And causes political damage to his own Republican party while at the same time. He's been saying the word Liberal but slowly giving small hint's through facial expression's that he really mean's in his own opinion a liberal is communism. and using the term communism in a euphamism. term that it detrimental. And in my view is somewhat hateful speach and remark. It should be treated the same as if somebody going to use a good word in replace of a slang word. And Glenn Beck does the same thing's too that should be looked into. while violating ethical issues too. It lead's me too a lot of emtional distress.

Mr. Hannity continues to distort/lie about information contained in the healthcare reform proposals. For example, he says that a senior person will be required to have a counseling session with a "government bureaucrat." This is not true. People will not be required to have these sessions and if they choose to consult anybody, it would be their doctor. Mr. Hannity continues to distort the truth, and I find it outrageous that he may be allowed to do this because his statements are just his "opinion." He needs to be responsible in the position he has on the radio and held accountable.

Date ,Time and Details are too numerous to record.I am under the impression that the airways are a Public Domain regulated by the FCC , under the freedoms of our Constitution.We have a right to hear correct information not disinformation.Disinformation can cause chaos with an uninformed public,who believes what they hear on TV or Radio must be true.There is a certain sense of responsibility that must be exercised by that Cable News organization as a prerequisite for having a license.The Sean Hannity show constantly gives opinion and made up facts as the truth. This is wrong. The show must be required to to give a Public Announcement during the show. This requirement or something similar should read "The Sean Hannity Show is an opinion broadcast show,not a news show " Other shows like that on Cable (MSNBC) should be made to do the same, unless proven otherwise. I know that I have the switch, but misinformation in the wrong hands is dangerous to Society.

This is clearly passing misinformation and slandering the president. Examples from today about the president: "The president is a radical." "Obama is attacking the CIA" Examples from today showing misinformation: Calling the public plan "Socialist Healthcare" and "Liberals think profit is a bad thing". There is nothing true in any of these statements. How is it that he can broadcast these LIES aand still be on the air? Where is the "unfair and biased" enforcement the FCCis supposed to do? Please make Hannity broad cast the facts everytime he makes a statement of fact and if he makes and opinion make him say the fact first then what he thinks. Free speech yes but in and audience like this there is a public responsibility to be truthful. Thus the reason for the FCC. This is a terrible program.

Watching Hannity and Glen Beck on Fox news, they throw out misinformation and out and out lies every program for the duration of the program. These programs and the propaganda they are forwarding are not serving the public good. Why is the FCC not doing something to stop these unethical practices and to make sure that FOX serves the public interest instead of an extreme arm of the far right?

Sean Hannity of Fox News stated during his evening program that President Obama called insurance company CEOs evil. Obama, clearly stated that insurance company CEOs were NOT evil, but did things harmful to policy holders because it was profitable. Fox News makes an inordinate number of misquotes, half-truths, and lies during its so called "fair-and-balanced" coverage. The FCC MUST hold "news" shows accountable for the truth of what they report. Otherwise, the public will accept their false statements as true and act on them. Failure to do truth checking and quality control on their broadcasts is unacceptable. Government license brings responsibility; it is not license to lie. Demand corrective action or pull their license to broadcast!

On Wednesday, while addressing the American people, the President referred to Insurance Industry CEO's sayin " that insurance insustry executives are NOT evil, they are doing what they are supposed to do, make a proffit for their shareholders." The following night, during an interview on Fox TV Hannity said " Did you hear what the President said last night? He said Insurance Industry executives ARE evil." This was an outright and blatant lie intended to deceive listeners. This is just one example of the falsehoods broadcast by this TV network. Some years back when Latoya Jackson had a wardrobe malfunction during a live telecast the FCC did not hesitate to impose a heave fine on the errant TV network. Why is it wrong to expose a woman's breast on TV for a fraction of a second and permissable to mislead viewers by broadcasting repeated lies and falsehoods? Why does the FCC remain mute?

Hannity purposely spread false information about OUR President of the United States, Barack Obama, when he reported that President Obama said that in his Joint Session of Congress speech that health insurance executives were "bad" people. Anyone listening to the speech knew that President Obama said that insurance executives were NOT bad people. Hannity is purposely reporting false information to foment anger and hostility against OUR President. Fox News should be prosecuted within the full limit of the FCC.

These two are filling the airwaves with false statements about President Obama and his administration. They are instigating a racist, lynchmob mentality by their hate speech and vitriolic hyperbolic lies and distortions. I believe they are domestic terrorists and need to be stopped. When the president went to the schools to talk about education they called it indoctrination of our children. They are out of control and are violating fair reporting by fabricating and misrepresenting the facts. This is outrageous. Hannity and Beck are instilling fear and hatred for the President of the United States. This is a threat to our national security and our president. Their racist hate speech must stop. It is not limited to one day or time, this is repeated over and over and over on both shows of both of these hate and fear mongers, targeting our president and inciting violence against our president. The 9-12 promoted by Glen Beck proves their hate filled inciteful rhetoric is having an effect.

Fox News is lying to the American people. The wrongdoing starts with their slogans "fair and balanced" and "we report, you decide" b/c that whips a disenfranchised group of people into a frenzy because they think they're hearing objective news reports. The reason I filed this complaint is because I am worried that Fox News' 24/7 attacks on the Obama administration will lead to more violence. The murderers of Dr. Tiller and the policemen in Pittsburgh certainly were motivated by Fox News. The tipping point for me was Hannity's show on 9/18/09. He mocked the Speaker of the House's plea to "watch our words because words can lead to violence". I understand that he can have his own opinion on that, but if you watch the programming throughout any 24 hour block of time on Fox News, you will see very similar sentiments. Is the public allowed to be told that this is an objective news channel? I consider this channel very dangerous.

I did not complete the time slot as the identified media formats does not change from day to day. During Hannity's radio program callers are asked to phone in to offer their opinions on the state of America as it relates to our current President and this administration. Invariably, each caller greets Hannity as the "Great American" then goes into a litany of how affraid they are of where President Obama is taking the country. Generally the converstaion also includes "taking their country back" with Hannity agreeing that this should be done to preserve the freedoms enjoyed before the present democratic party was elected. I have stated this one instance in order to demonstrate the "partnership" Hannity has bridged with FOX TV News in citing many of his statements as facts [sic] from FOX TV Anchors [sic]. The messages these two mediums send to too many Americans has made many of them call Hannity to detail how they intend to "take back their country by any means necessary. Thank you

Hatemongering shows like Glen Beck and others on FOX need to be reined in! To encourage violence, spread hatred, spread lies (such as President Obama is a Marxist) must be illegal, unethical, contrary to FCC rules and regulations! If not, it should be. We citizens own the airwaves, I thought. How can these vile lies and hate continue to be allowed? Hate speech is prohibited, I understand. Why is it allowed on cable networks? Please advise what we citizens can do to put the brakes on this outrageous and unconscionable use of public airwaves.
