The following list of radical publications and organizations is now complete than any previously published by Liberation News Service (LNS). In addition to containing underground papers, it lists almost 400 radical organizations and foreign media and political groups. In an attempt to give this list as much detail as possible, we have used the following codes: D, daily; W, weekly; B, bi-weekly; M, monthly; Q, quarterly; Y, unknown or irregular frequency; U, irregularly scheduled editorials; O, other; G, general; S, specialized or specialized media collecting; U, unknown; and P, other.

Attention do not meet their publication schedule, or do not give their frequency of publication in their answer, or they have not answered our requests for this information -- or any papers on this list are designated X even though they are in fact regularly published. The category X reflects the degree of uncertainty in the underground press. Other, as at 1/25 are unable to keep up their own news and press of underground papers. Some papers are out of date, and they are now heard from again. We are reluctant to declare them dead, so they appear on this list as "U".

Many cases, their papers have in fact published again, or will publish again, but have been listed as "dead" or "X" or "U". We will be happy to print the information in the next issue of the list if you can send us up-to-date information about any paper.
