MEMORANDUM FOR THE UNDER SECRETARY OF DEFENSE FOR PERSONNEL
AND READINESS

Subject: Designation of Rwanda and Zaire as Certain Places Pay
Areas

1. We are asking you take action to designate the countries of Rwanda and Zaire as areas designated for payment of certain places pay in accordance with title 37, United States Code, section 305 and DODI 1340.10, "Special Pay for Duty at Certain Places Outside the Contiguous Forty-Eight States and the District of Columbia." Both countries fall within the criteria in DODI 1340.10 of being located between 15 degrees north latitude and 15 degrees south latitude.
2. The Operation SUPPORT HOPE area of operations includes Rwanda, Kenya, Zaire, and Uganda. Kenya, Uganda, and the capitals of Uganda and Rwanda are already designated for certain places pay. Designating all of Rwanda and Zaire will provide equitable special pay to all troops in those areas.
3. The Joint Staff point of contact is Major M. K. Gamble, USAF, J-1, Personnel Readiness Division, 46487.

NSCTHE WHITE HOUSE
WASHINGTON

August 1, 1994

Dear Mr. President:

Since August 1993, when a fragile peace was signed between Rwandan Government Forces (RGF) and the Rwandan Patriotic Front (RPF), the United Nations has been actively addressing the humanitarian crisis in Rwanda. On April 6, 1994, President Habyarimana of Rwanda, President Ntaryamira of Burundi and a number of government officials were killed when their plane crashed while approaching the airport in Kigali, Rwanda's capital. This incident ruptured the peace and led to a resumption of the civil war that has now resulted in the deaths of hundreds of thousands of Rwandans, many of them Tutsi civilians who were the victims of genocide on the part of radical Hutu elements aligned with the former government.

In early July 1994, the government fell and the RPF assumed power in Kigali, establishing a multi-party government. Since that time they have cooperated fully with us and have even requested human rights monitors to better assure the safety of returning refugees. As a result of the Civil War, the nation's infrastructure has been virtually destroyed. An estimated 2.1 million Rwandan refugees have fled to neighboring Zaire, Burundi, Uganda and Tanzania, and the United Nations High Commissioner for Refugees (UNHCR) estimates that a further 2.6 million persons are internally displaced.

The need to respond to disease, starvation, and dehydration in the refugee camps, especially in Zaire and Burundi, led me on July 29, 1994, to direct the expansion of capabilities at the Kigali airport to support the UNHCR relief operation more effectively. By providing a support infrastructure for the relief of refugees and displaced persons out of this capital city, I believe we will be better able to draw Rwandans back to their homes, away from the unsanitary conditions of the refugee camps, and closer to a more centralized distribution point for humanitarian aid. We have engaged in negotiations with the new government in order to promote these objectives. We have urged this new government to broaden its political base, refrain from retribution, respect the rule of law, and otherwise create the conditions of safety and security that would permit the refugees to return home.

In the afternoon of July 29, 1994, I directed General Joulwan, Commander in Chief, United States European Command, in addition to the relief operations he is already conducting through Goma, Zaire and Entebbe, Uganda, immediately deploy a contingent of U.S. forces, numbering approximately 200, to the airport at Kigali. These forces began to arrive on July 30, 1994. Other forces from Australia and the United Kingdom are committed to this effort in Kigali as well. During this initial phase of "Operation Support Hope," the United States and other committed nations will establish and operate a logistics base to support UNHCR humanitarian relief operations. In this effort, they will open a logistic coordination center for receiving and distributing relief supplies, provide airfield services and cargo handling, and provide security for the airport at Kigali. These efforts are directed at achieving the objectives of U.N. Security Council Resolutions 929, 925 and 918. No organized resistance has been encountered to our efforts to date and none is expected.

United States Armed Forces will remain in Rwanda only as long as necessary to assist the UNHCR in establishing an effective distribution mechanism for humanitarian relief support to the Rwandan people. While it is not possible to estimate precisely how long it will take to satisfy this requirement, we believe that prolonged operations will not be necessary.

We do not intend that U.S. Armed Forces deployed to Rwanda become involved in hostilities. Nonetheless, a majority of the approximately 200 personnel deployed will be assigned to provide force protection and assure security of the Kigali airport. These security forces are equipped and ready to take such measures as may be needed to accomplish their humanitarian mission and defend themselves if necessary.

I have taken these actions pursuant to my constitutional authority to conduct our foreign relations and as Commander in Chief and Chief Executive. I am providing this report consistent with the War Powers Resolution in accordance with my desire that the Congress be fully informed. I look forward to cooperating with the Congress in this effort to relieve human suffering.

Sincerely,

William S. Clinton

The Honorable Robert C. Byrd
President pro tempore
of the Senate

SUBJECT: Assistance for RWANDAN Refugees

In view of the Presidential direction to the Secretary of Defense that the Department of Defense will support relief operations for RWANDAN refugees, all appropriations available for operations of the Department of Defense are available for carrying out the relief operations for RWANDAN refugees.

The transportation of humanitarian relief supplies provided by other nations for RWANDAN refugees is considered to be a directed mission of the Department of Defense. Appropriate accounts and appropriations provided to the Department of Defense for its operations are available for payment of costs associated with the transportation of humanitarian relief supplies for RWANDAN refugees.

Funding policy governing transportation costs of the Department of Defense for contingency operations and humanitarian efforts are contained in the DoD Comptroller memorandum of July 28, 1994.

SUBJECT: Reimbursement of DBOF Activities for Contingency
Operations and Humanitarian Efforts

This memorandum provides policy for funding contingency operations costs at DBOF activities and documents the funding procedures for contingencies and similar actions that have normally been followed in the past. The intent is to clarify the process and establish Military Department responsibilities for payment. This policy will be incorporated into various instructions as they are revised and published.

All DBOF business areas, including transportation services provided by USTRANSCOM, operate on a reimbursement basis with users paying for goods and services provided. Payment for contingency operations, including deployment or other emergency response for military or humanitarian assistance, is no exception: The users ordering the DBOF service must pay the bill, and no orders are to be accepted without funding. The Military Department Headquarters is responsible for determining which level within the Military Department will pay (i.e., unit, major command, or Military Department level). This process also applies when a Unified Commander tasks a Service-funded unit to perform a mission (such as transportation of Service personnel or equipment by USTRANSCOM). The parent Military Department that owns the equipment or personnel is responsible for payment of costs incurred to accomplish the mission.

The sole exception to this policy occurs when CINOTRANSCOM receives an order from JCS requiring transportation of non-U.S.-owned equipment and/or non-U.S. personnel such as unreimbursed efforts in support of the U.N. In these instances, Army will pay NTMC costs, Navy will pay MSC costs, and Air Force will pay AMC costs.

2

Bills can be centralized for more convenient processing if appropriate; however, billings will be forwarded to the appropriate Military Department within 30 days from commencement of the contingency operation or humanitarian effort. Payment of these bills, including transportation bills, by the Military Departments must be made in a timely manner.

This guidance does not address any contingency operation designated by the Secretary of Defense as a "National Contingency Operation" under the Provision of 10 U.S.C. Section 127. Special rules would apply for such an operation, and those rules would be promulgated separately in conjunction with any designation by the Secretary under the provisions of that section.

SIR--AS DISCUSSED ON THE PHONE. THESE ARE THE PRELIMINARY CATEGORIES FOR USING THE DRAWDOWN THAT OSD HAS COME UP WITH. THE PROBLEM WE HAVE DEFENDING THEM IS THAT WE REALLY DON'T KNOW WHAT WE WANT TO LEAVE BEHIND, EXCEPT FOR WHAT LTG SCHROEDER HAS ALREADY GIVEN US. THE SENATE APPROPRIATIONS COMMITTEE CONTINUES TO ASK FOR ADDITIONAL INFORMATION, AND WE JUST DON'T HAVE IT. IF THERE IS NOT GOING TO BE MUCH MORE THAN LTG SCHROEDER'S REQUEST, WE NEED TO REDUCE THE AMOUNT WE HAVE REQUESTED; OTHERWISE WE HAVE TO BEGIN TO DEFINITIZE WHAT WE ARE GOING TO DO WITH THE MONEY.

MEMORANDUM FOR THE SECRETARY OF STATE
THE SECRETARY OF DEFENSE

SUBJECT: Determination to Authorize the Furnishing of Supplies
and Services in Support of Efforts to Care for
Refugees from Rwanda

Pursuant to the authority vested in me by section 506 (a) (2) of the Foreign Assistance Act of 1961, as amended, I hereby determine that it is in the national interest of the United States to draw down defense articles from the stocks of the Department of Defense and defense services of the Department of Defense in support of United Nations efforts responding to the manmade disaster in and around Rwanda.

Therefore, I hereby authorize the furnishing of up to \$75 million in defense articles from the stocks of the Department of Defense and defense services of the Department of Defense to the United Nations for use in efforts to care for the refugees from Rwanda.

The Secretary of Defense is authorized and directed to report this determination to the Congress and to arrange for its publication in the Federal Register.
