Subject: Pending Congressional Requests

Below is a list of pending Congressional oversight requests. Please let me know if you would like more information about any of them.

1. Letter from former Chairman Engel asking for additional information about Project Gunrunner. ATF is preparing the response.

Unrelated

7. Letter from Senator Grassley asking for a staff briefing and registering concern regarding ATF treatment of an alleged whistleblower.

In each case, the component preparing the response will submit the letters for ODAG review and sign-off before OLA responds to the member of Congress.

Thank you,
Margaret
