Thanks, Stuart. I did see it it just keeps coming. On that specific story, I have asked Billy to see what he can find out on the allegations about eleven ATF officials objecting to the program. Ken and Billy said that to the extent there were concerns, they never reached their office.

Attached is the document ATF pulled together that moves through Grassley's February 9 letter, as well as a copy of the Grassley letter. I have also attached a memo (referenced in the ATF document) that the USAO for AZ prepared that discusses the allegation that ATF encouraged questionable sales.
