Here's the new version, which I'll send to Cynthia per my conversation with her last night. I'll ask her to advise us if, to her knowledge, any part of the letter is inaccurate. As previously mentioned, the language DP came from her last night. Will advise all after we hear from her. Thanks. FB

The language in the 5th graf is consistent with what the AG was prepared to say in the hearing today if he got a question. It was approved by ODAG and OAG as our public response.

Apologies for my oversight; here is the enclosed draft. I've now discussed this with Cynthia, who would like to consider what we say here and I think it would be best to provide her with this draft response if that's OK. The "additional review" language in red here was her suggestion, but she wants to confer with others in OIG. Stuart Goldberg has already given her the 2 Grassley incoming letters and our earlier response. Thanks. FB << File: grassley atf response 29 and 216 redline.docx >>

Please see the enclosed; I have a call in to Cynthia and will run this language past her. If she suggests changes, I'll circle back with you, but if not, is this OK? Thanks.

Thanks. Faith will work this into our letter to Grassley. Also, she will touch base with OIG to see how they would characterize the scope of the inquiry.
