FYI: It looks like the discussion is what we anticipated: [DP]
[DP]
[DP] Since Chris called you, do you want to give him an informal heads up tomorrow? I am also happy to call him, if you want to shoot me his number.

I hope this is useful.

Thanks, sir.

Brad

Hi Lisa and Stuart,

I apologize for bothering you, but ATF's chief of staff reached out to me earlier today and told me that Melanie had scheduled a meeting between Ken Melson and the DAG for Monday. He was curious if there were particular topics Ken should be prepared to discuss. I haven't yet responded to him, but I suspected that the DAG probably wanted to discuss [DP]

[DP]; I did not, however, want to get ahead of anything, and I thought I should check with you before responding.

Thanks,
