All,

Attached is draft testimony for the March 17<sup>th</sup> Sentencing Commission hearing on proposed amendments to the sentencing guidelines addressing firearms and drug offenses.

We would appreciate it if you could review the draft and send us (Renata Cooper and me) any comments on it by

COB Tuesday, March 8<sup>th</sup>. We need to send a revised draft over to the White House (through ODAG) for review later next week and hope to get cleared testimony to the Commission by the 15<sup>th</sup>.
