Subject: ATF Issue

Ambassador,

After speaking to DOJ, we'll be happy to provide some general talking points on these issues. The talking points are below. Given that the Attorney General will most likely be asked about these issues at the press conference tomorrow, the department plans to address those questions at that time and we'll make sure we provide you and your staff with the responses that are given (which will be based on the talking points we'll provide).

Thank you,
Tony

Here are the TPs DOJ plans to use. For any further details about the Fast and Furious operation specifically or the Acting IG, it makes sense to refer people to DOJ or ATF.
