Ron/Mark --

Ken Melson forwarded this letter to Lanny yesterday. It appears that Grassley is asking for documents from State Department that he suggests relates to a trip Lanny took to Mexico in 2010. I've asked our Attache in Mexico City to try to locate Lanny's travel/mtg schedule for that trip (which actually took place in May 2010, not June-Sept as Grassley seems to suggest).

I think it's very important that we coordinate with State Dept's OLA on any documents they might produce to Grassley. Please let us know what we in CRM should be doing on this.
