I talked to Dave this evening, who referred me to a colleague at State for whom I left a message. I will try her again first thing in the AM and update the whole chain as soon as I speak with her.

Molly reached out to Dave Turk at State today. She should reply to all on the larger chain with a status report.

Mark -- I got a call from our Attache in Mexico City a short time ago and he indicated that the Embassy is collecting docs related to Lanny's trip to Mexico last year that might be responsive to Sen Grassley's letter. Although he will convey to the Embassy the need to coordinate with doj before just producing docs, we'd very much appreciate if you could send that same message to your Leg counterparts at State. Happy to talk with you further.

Ron/Mark --

Ken Melson forwarded this letter to Lanny yesterday. It appears that Grassley is asking for documents from State Department that he suggests relates to a trip Lanny took to Mexico in 2010. I've asked our Attache in Mexico City to try to locate Lanny's travel/mtg schedule for that trip (which actually took place in May 2010, not June-Sept as Grassley seems to suggest).

I think it's very important that we coordinate with State Dept's OLA on any documents they might produce to Grassley. Please let us know what we in CRM should be doing on this.
