These Members should just saddle themselves up to the defense counsel' table for the gun traffickers in our on-going case. Seriously, if you all send another mealy-mouth response kicking this to the IG, you will have assisted these Members in negatively impacting, to a significant degree, an existing indictment and thereby our ability to successfully prosecute these criminals.

If that is your course of inaction, I will send my own response informing them of their interference w this prosecution and their despicable misinformation propaganda campaign of the BP Agent Terry murder case.

Thx.

Dennis
