No. We just know that she will be talking to the press about Fast and Furious.

There was an article today about Fast and Furious claiming that 25% of the weapons have been located. PGR/OIA and DAG has asked for information related to the article.

I can send the article but it is in Spanish.

Any idea in what vein?
resignation?

ATF

Marisela Morales is supposed to talk to the press this morning regarding Fast and Furious.
