I remain concerned that we are not dealing with this situation as aggressively as we should. I think ODAG should assign someone to work on this (they probably have already done this) and get directly involved with ATF in looking at what is going on and what our response should be to the allegations. I just don't think we can wait on OIG to complete an investigation. I know that Jim spoke with the border USAs and then sent a follow-up email to them making your position on this clear, but I am not sure that is all we should be doing. You may want to say something to the AGAC today.
