We have a gun case to be sentenced (Tracy Van Buskirk's case). The defendant bought 60 guns. He'll send a briefing to Ann Scheel (for Dennis) and Shelley Clemens (so that she'll know what's going on with gun cases).

He talked to Jim Trusty about *Wide Receiver*. Still need to know how many people we have indicted and would like to know how many guns went to Mexico and under what controlled conditions. Jason Weinstein and Faith Burton are doing the letter to be sent to the DAG.

As an FYI: A press release will go out from ATF – Los Angeles about one of our cases (assigned to Cassie Woo). Defendant came to our State (Glendale) to a gun show.
