I have added a suggestion in blue in Patrick's first red addition. Ken.

I think these are good edits. I would suggest adding the language in blue to the following sentence **DEATF**

DP

ATF

For your background, here are the details of ATF purchases and the Columbus, New Mexico stop that has been made public in part by the New Mexico USAO indictment of the Councilman ATF

On January 14, 2010, in Columbus, New Mexico, (a border town), U.S. Border Patrol agents pulled over a vehicle driven by ATF due to suspicious driving behavior. In the vehicle they found three AK-47 type rifles purchased by ATF three FN Herstal Five-Seven pistols purchased by ATF on January 9, 2010, from FFL ATF and two Ruger pistols purchased by another. U.S. Border Patrol agents did not observe any other criminal conduct and so returned the firearms to the occupants of the vehicle. They did not trace any of the firearms. ATF Phoenix was notified of the observation of the firearms on May 17, 2010, after ATF Las Cruces forwarded information in connection with a firearms trafficking investigation in New Mexico involving ATF and others. **The investigation of ATF is still on-going, likely involves public corruption and must be viewed as close-hold.**

ATF

On November 25, 2009, ATF entered ATF in the ATF case management system as a suspect in the investigation. This event does not result in the creation of an ROI.

Subject: Draft Issa response

Attached is a draft response to Chairman Issa's letter of March 16, as well as two attachments that would go with it. I've attached the incoming letter as well for ease of reference. We're hoping to get this letter back to Chairman Issa in the next day or two, so I'd ask the USAO and ATF to each send back comments/edits (if any) by the end of the day tomorrow. As always, if anything is inaccurate, please make sure to let me know. As always, thanks for your help on this.

Matt
