Hi all -

I am just back this week and need to get up to speed asap. Can we talk this morning? Is there a good time? And who should I call?

Thanks,

Amy

OLA colleagues: Does anyone understand why State Department is being so slow about all of this? There is absolutely nothing to hide and their failure to even find the requested information thus far is only feeding a story that could have been put to rest several weeks ago. As I emailed to this group over the weekend, WE have State Dept docs from Lanny's visits to Mexico in 2010, so it's befuddling to us why the State Department is suggesting that they can't find anything. What can we do to move this forward?
