And right, it would be unthinkable for us to release their document without their permission.

Yup, I left a detailed msg for Miguel about 20 mins ago and asked him to get back to me personally.

I know that Faith and Molly are keeping you updated, but I hear that the State Dept is now balking at releasing the cable because it is not directly responsive to the Congressional inquiry. I'm assuming you are going to reach out to Miguel – if there is anything Lanny (or I) can do on this end to keep this from stalling, please let me know. I assume it would be inappropriate for DOJ to release anything to the Hill directly at this point.
