Attached are the AG talking points that were assigned to me: 29, 43, 51, 53 (A and B), 59, and 99. I also have attached #20, which had been assigned to Armando, but which CRM sent to me by accident. Thanks.

All,

Given the possibility that Congress will not resolve the budget impasse by week's end, we've been asked to complete revisions to the AG background docs **by noon on Monday, April 11th** if at all possible. You should also feel free to send these on a rolling basis. Obviously, if there's a new CR enacted before then, the original deadline would apply.

All,

As outlined below, OAG has asked that we coordinate updating backgrounders (and in some instances creating new ones) for the AG's upcoming testimony before the House and Senate Judiciary Committees. **We have a hard deadline of COB April 13<sup>th</sup> to return these to OLA (please email the final versions directly to Admin. Assistant cc:ing Rita Aguilar, Admin. Assistant Eric, and me; or you can just send them to me and Eric and we'll forward them on.)** The instructions from Margaret, below, provide more detail.

**DP**

**DP**

**DP** You should feel free to assign the initial review (or drafting, in the case of new papers) to components -

but either way, OAG would like us to ensure that the appropriate contacts in the relevant components and OASG have a chance to review. If you have questions or need help identifying component contacts, please contact me or Eric. In case it's useful, although many of you have seen it previously, I'm also attaching the AG hearing transcript from the House Appropriations Committee (because this is an informal transcript, the Committee has asked us not to share it outside DOJ).

Because the attachments cannot be sent in a single email, I will forward separately to you the individual papers for review.

**Subject:** AG Hearing Materials

Dear Charlotte,

As we discussed Friday, we are initiating the process of updating and supplementing the briefing materials from the AG's Appropriations Committee hearings for his oversight hearings on May 3 (House Judiciary Committee) and May 4 (Senate Judiciary Committee). Lucas Botello, cc:ed here, will send the papers that need to be updated, as well as a Table of Contents that includes new paper topics in bold font.

Please ask the appropriate people in ODAG to work with the components to update or draft the papers as necessary.
