Thanks, Matt and sorry for the confusion. Should have looked at this one more closely-- Exec Sec only received the formal copy yesterday.

Charli,

This incoming is from a month ago. Coincidentally, OLA responded to it today. Here is the response back. I don't think it necessitates a change in the briefer. That said, there is enough happening on this each day that the briefer will need to be updated when we get closer to the hearing.

Matt

Matt/Deborah,

You likely have this already, but just in case, here's yesterday's letter from Ranking Member Grassley requesting info on any DEA involvement in ATF's operation Fast and Furious. This probably needs to be folded into the AG briefing paper on Fast and Furious, unfortunately.
