Lanny, Mythili –

Thanks for your kind works. I'm glad to help. Mythili, I appreciate what you are saying and will definitely let you know if I can't give Unrelated the attention it needs because of the ODAG assignment. I am hopeful, however, that things will be manageable.

Adam

Adam – Thanks for offering to help ODAG on the Fast & Furious matter. They had heard very good things about you and think you'd be a great asset to this important project. We all agree.

I've been as clear as I could be with the DAG's Chief of Staff, Stuart Goldberg, that you have other things on your plate, as well, Unrelated and that there will be times that you have to do other Fraud Section work. I told them you were a hard worker, though, and that I'm sure they'd be happy to get your time. IF you ever get to the point that you feel like Unrelated bc of the ODAG assignment, please let me know right away. I told them we could give them a second person if they really need more help, but that we couldn't expect you to spend all your time on the ODAG assignment. He said he understood, but all of us know that things can slip (particularly bc the Fast and Furious matter is getting so much attention from Congress), and I want you to know that you should not be shy to be an early warning system with us if you start to feel like you cant do both.

Thanks again. We're very grateful to you.
