ATF very much wants to send a letter to Marisela that she can provide to Mexican legislators. Their draft of course had various assertions such as [redacted] **DP** [redacted], which we resisted. The draft is boiled down the following: [redacted] **DP** [redacted] - not sure they will be happy with it, but wanted to get your read if you happen to be looking at your blackberry. I think it is contemplated that it would be translated into Spanish and signed by ATF.

**DP**
