Jim – any further thoughts? ATF was hoping to give Marisela a translated letter by tonight or tomorrow. If the answer is nothing is forthcoming, we should just let them know, either way.

ATF very much wants to send a letter to Marisela that she can provide to Mexican legislators. Their draft of course had various assertions such as [DP] which we resisted. The draft is boiled down the following, [DP] [DP] – not sure they will be happy with it, but wanted to get your read if you happen to be looking at your blackberry. I think it is contemplated that it would be translated into Spanish and signed by ATF.
