I think that during is fine - that gives us a chance to weigh in while the ball is still in play.

Faith - should you and I look at these BEFORE, DURING or AFTER review by the components Doug has listed?

Monica,

Thank you for passing these along. As is our normal protocol, I would circulate these draft responses to the components that are directly mentioned (i.e., ATF, EOUSA, and CRM) for their review, unless you object. Are there specific points of contact that you would send the responses to?

All,

Attached is a clean version of the QFR responses. It's my understanding that OLA will now do a final review. Please let us know regarding next steps, particularly whether this needs to be shared/cleared with anyone else in the Department at this time.

Thanks,
