No, Leahy has shown no interest in the technical aspects of tracing data. While this may be tangentially related to the oversight matter, it really is a separate question. It involves Grassley's legislative staff (Nick P), not Jason F.

Both our gun policy team and our ATF oversight team should be aware of this request from Sen. Grassley to ATF re: trace data. ATF says this involves a technical explanation and should not touch on the oversight matter; others can better assess if that is correct.
