Subject: ATF case

Hi Jess,

We are handling a case involving an ATF agent who was stealing and reselling firearms and contraband cigarettes. It's actually in EDVA, but we're handling because that district recused.

The defendant (now ex-ATF agent) is being sentenced on Friday in Richmond. He will get around 3 years in jail. I am going to Richmond to do a press conference on the case. Brian will coordinate with you for possible national distribution of our written release.
