Faith and Molly-

You asked Reid about his first contact with ATF on F&F seizures. He went back and looked at his first motion for extension of time for a F&F administrative seizure and it was filed on May 20, 2010 with the District Court. Based on this, it is clear that ATF was well-aware of their administrative forfeiture powers fairly early on in the case. This seizure would have been in February or March.

Let me know if you need anything else.
