I teld him that was not the case. He is going to talk to the AGAC tenerrow and tell then he talked to me. He will say that I said: 1. Dennis instigated his resignation without any suggestion from us. 2. We can't go into his reasons for it. 3. We worked with him on timing and the message for the announcement of it. 4. We sall agreed it was in the best interest of Dennis and his office. 5. While we did not connect it to Fast a Furbous, it was bound to be connected by the press. 6. Ken's reassignment was on a separate track. However, it made sense to have it as a single event instead of series of events. He will tell them that we can discuss it further at the AGAC meeting next week (although I won't be able to say much hore). If this is not satisfactory to the AGAC I said I'd talk to them on the phone before next seek. Paul said that he will have the AGAC members work their phone tree to lat the other USAs know this. Monty just called to say that Paul Fishman had called him to report that he's heard from about 25 US Attorneys who are upset about how the Dennis Burke resignation was packaged with Ken Melson's transfer. Fishman has a call into the DAG, DP
