Subject: update on Issa meeting --

As I suspected, Castor says that Issa would rather not include Cummings in the meeting. Moreover he wanted the AG to come to his office rather than Issa coming to DOJ. I explained why we felt it should be both members here. But rather than press for the one-on-one meeting there, Castor said let's wait a few weeks and see what makes sense. He seemed to be backing away from the request for a meeting. Let's discuss more in person.
