I've called Jason and left a vm advising that 1) we're trying to finish the supplemental doc but awaiting final checking and will send it to him today if we can; and 2) [redacted] DP [redacted] He hasn't yet returned my call.

ATF, however, has advised that they want to tweak the language regarding [redacted] DP [redacted] and we're working on that now. Don't know if we will come to closure in time to get it out tonight since I have to leave shortly, but we're trying. [redacted] DP [redacted] Thanks.
