Since I've been here, the only regular written communication I get from ATF is by email (for example, Billy forwards significant incident reports that he thinks I should see) and the weekly reports. I don't know how it worked before I arrived but don't have any reason to think it operated any differently.

We're adding a reference to the weekly reports to ODAG, but we are not aware of any other regular or periodic reports re ODAG/OAG oversight over ATF. We've produced 2 weekly report excerpts and we aren't aware of any others that pertain to F & F. If there are other oversight type reports to ODAG from ATF, please advise. Thanks.
