Steven – I just sent this to Matt, but thought you should know about it too. Looks like a motion to dismiss in Arizona case. On a related note, two (and maybe three) defendants in Wide Receiver are scheduled to plead guilty next week.

Mendez, from Tucson prosecutions by Laura Gwinn, has filed some Brady claims as a basis for trying to dismiss his pending case. I have not done more than skim, but I would guess that an attorney willing to make baseless accusations is also willing to fax his motion to the media.
