Dear [Redacted]

I have received your letter of December 7, with enclosure, and appreciate the concern which prompted you to write to me.

In connection with the matter you discussed, representatives of the FBI who are privileged to speak before various groups throughout the country, do so with my full knowledge and approval. I can assure you that their remarks on communism do not repudiate, in any way, statements I have made in my speeches, or that have been reflected in my book, "Masters of Deceit." Any remarks by a representative of this Bureau, however, should not be interpreted as a defense or endorsement of any group, since this is not a proper function of the FBI.

Our churches have been and will continue to be important targets in the over-all communist program of endeavoring to infiltrate our established institutions, and we must remain alert to such efforts to subvert our way of life. The communists have tried to infiltrate every part of our society, and I agree with you wholeheartedly that patriotic Americans must continue to take a firm stand against communism and combat it wherever possible. But this opposition to communism must be careful, constructive and positive; and it must always be kept within the due process of law. In reference to Mr. Cassels' article, Assistant Director William C. Sullivan, in his discussion of communism, dealt with this subject accurately and objectively.

Enclosed is some literature pertaining to the general subject of communism which may be of interest to you.

Sincerely yours,
J. Edgar Hoover

Dear Mr. Hoover,

I need help and information, and because I have always been implicitly in you and the Federal Bureau of Investigation, I turn to you now.

First, I shall have to confess that I have been one of the terrible "right-wing conservatives" for as long as I can remember. In my high school class I stood completely alone in my belief that the OPA should be allowed to die----and that was 16 years ago! I belong to none of the organizations formed to discuss or actively fight collectivism, Communism, and such; although for several years I have been reading and studying the threat of Communism and trying to influence whomever I can to do likewise. I have believed that I cannot awaken anyone to the dangers facing us as a nation unless they will "do their homework"; then they will make these discoveries for themselves.

I am a mother of four youngsters aged five to nine, a Methodist who attends church with her children and husband every Sunday. I was elected permanent class secretary at Indiana University from which I was graduated with "high distinction".

All of this background is only to help you see (I hope) that I am a very normal person who tries hard to do right and has enough intelligence to discern right from wrong. I have read many books and papers of both the conservative and liberal persuasion and feel that I am as objective as possible in my criticism of those who do not agree with me.

My immediate problem is my forthcoming participation in a panel discussion for our church on the National Council of Churches of Christ in America. In my criticism of the National Council of Churches I intend to avoid any charges of Communist influence within the church or the Council because I honestly feel there are enough other valid arguments to use. I know, however, that in the question period to follow, these charges will be brought up. My minister, who wholeheartedly supports the Council, will see that they are aired, feeling that we have no believable evidence. I have tried to make him understand why I feel that although "a Christian minister couldn't be a Communist", a Communist could become a Christian minister. But more important to me---that whether a minister is an actual Communist or not isn't the most important thing. If the clergy supports their program time and again, they are of infinite more worth than a party member would be. The leading churchmen of our city, the most vocal and the most prominent, have the most extreme left-wing views---which views they preach as the only Christian views. These men, and my minister is among them, dismiss any charge of subversion as a personal insult and ridiculous. They use the quoted statements of Mr. William C. Sullivan from the article of Louis Cassels which I have enclosed. This article appeared in our local paper several months ago. I worried about these statements at

the time they appeared. I reread chapter 23 of Masters of Deceit and I still worried. My husband went down to our local FBI office because he also was concerned that maybe we were Amateur Communist hunters! Your local agents were most cooperative and understanding and completely uncommunicative---as I am sure they are supposed to be. We decided after his visit that since we knew Louis Cassels, the UPI writer, to be quite also liberal and an apologist for the National Council, that perhaps he had quoted out of context or had allowed his bias to unduly emphasize what he wanted emphasized. However, I cannot use supposition to support my position on a panel discussion. What is the answer to Mr. Sullivan's statements? They are being used in church after church in our area to answer anyone who questions the possibility of any degree of Communist influence on the ministry..

Can you help me? Do these expressions of Mr. Sullivan's as here quoted represent wholly the views of the FBI? Could it be Mr. Cassels emphasis on such terms as ----alarming infiltration---churches are overrun--- substantial success----on a national scale--- that make the statements while true, read wrong? Is his use of the names "self-appointed vigilantes and amateur Communist hunters" fair to those who are genuinely worried about the future of their country?

I shall be awaiting your reply. Many thanks in advance for any information you may be able to give me and many more thanks quite tardily for all the help you have given all Americans for a long, long time.

Sincerely,

Hoover Deplors Church Attacks

By LOUIS CASSELL, UPI Reporter

Christianity and Communism stand in the same relationship as yes and no, white and black, the North Pole and the South Pole.

They are categorical opposites.

Christianity affirms the sovereignty of God and ascribes infinite worth to each human being because he is a child of God.

Communism denies the existence of God, and values the individual only as an instrument and servant of the state.

No rational person can be a sincere Christian and a sincere Communist at the same time.

Communists know this. That is why they persecute Christian churches — sometimes openly, sometimes subtly — in every country in which they have gained power, from Russia to Cuba.

In free nations like America, Communists cannot suppress the churches but must think of other tactics.

COMMUNISM SHOWS

Communists undoubtedly have tried in the past to infiltrate the churches by having disguised Communists work their way up to positions of leadership, particularly in the ranks of the clergy.

They have learned that this is easier said than done. As a practical matter, it is enormously difficult for a Communist to pose convincingly as a dedicated Christian even for the space of one conversation, let alone through the long years of seminary study and pulpit service which are required of any man who becomes an influential leader in United States church life.

But although they have failed to infiltrate the churches in any substantial way, there is evidence that the Communists like it when charges are made that they actually have done so.

The Communists know that in the present climate of American feeling there is no

surer way of discrediting the leadership of churches and of sowing confusion and discord among their lay members than for the suspicion to be nourished that a substantial number of Christian clergymen are secret supporters of the Communist conspiracy.

You may think all of this is far-fetched, but the Federal Bureau of Investigation does not.

FBI Director J. Edgar Hoover is deeply concerned about the danger that self-appointed "vigilantes" may, in the name of anti-Communism, play into the Communists' hands.

FALSEHOOD REVEALED

During the last few years, Hoover has sent FBI chief inspector William C. Sullivan to deliver speeches in many parts of the nation, warning Americans not to be taken in by charges that their churches are overrun with Reds.

"These allegations have served to create the impression among many Americans that the Protestant denominations in particular have been subjected to alarming infiltration and influence," Sullivan says. "But this is a patent falsehood. The truth of the matter is that the Communist Party has not achieved any substantial success in exerting domination, control or influence over America's clergymen or religious institutions on a national scale."

Sullivan is not making this statement on his own authority. He is speaking with the full approval and personal backing of Hoover. And the FBI director has so informed a number of amateur Communist hunters, who wrote to him protesting Sullivan's speeches.

"The most interesting reaction," an FBI official told United Press International, "has been from the Communists. They are very upset by Sullivan's remarks."

Your letter of November 19, 1961, has been received.

Although I would like to be of service, the jurisdiction and responsibilities of the FBI, strictly an investigative agency of the Federal Government, do not extend to furnishing evaluations or comments concerning the character or integrity of any individual, organization or publication. In addition, information in FBI files must be maintained as confidential through a regulation of the Department of Justice. I am sure you will understand the necessity for this policy and will not infer either that we do or do not have the specific data you requested.

In view of the interest you expressed, I am enclosing some literature dealing with the subject of communism and religion. You may also wish to consider my book, "Masters of Deceit," which was written in the hope that it would become a primer for those interested in learning the true nature and objectives of communism. You may be able to obtain a copy of it at your local library.

Mr. J. Edgar Hoover,

Dear Mr. Hoover:

According to what I have read and heard over the radio about the "Air Force Manual," I have not read it, it stated that the National Council of Churches and a number of its officers were somewhat liberal or leaning toward communism in views and in actions.

I have here a list of men who supposedly investigated the National Council of Churches and found the charges made in the Air Force Manual untrue. These men were representatives to the National Council of Churches: Dr. John S. Land, Chairman; E. Roe Bartle, Mrs. T. Smith-Brewer, John E. Bryan, James R. Allock, D. J. Cumming, C. J. Currie, M. C. Dendy, R. A. Farnsworth, Mrs. D. R. Freeman, Evelyn L. Green, James A. Jones, Ben R. Lacy, Jr., J. A. Millard, Jr., W. O. Murray, C. H. Pritchard, J. G. Patton, L. L. Wilkins, Jr., and Ferguson Wood. (Did not realize there were women on the committee).

To support this report they cite the following references: Letters from Secretary of Defense and Secretary of the Air Force Congressional Record, April 18, 1960, pages 7669-7707, Magazine "Eternity," Sept., 1960 issue: Barnhouse Investigation Statements by Dr. Wm. E. Elliot, pamphlet dated June 1, 1960: "What about the National Council of Churches?" J. Edgar Hoover correspondence, "Communism Fronts and the Clergy," and FBI: Wide Communist Infiltration in Churches a 'Falsehood.' In this last named sheet it is stated that you are deeply concerned about the danger that self-appointed "vigilantes" may, in the name of anti-communism, play into Communists' hands. It also states that you sent FBI Chief Inspector William C. Sullivan to deliver speeches in many parts of the nation, warning Americans not to be taken in by charges that their churches are overrun with Reds. Of course I do not believe that my church is exactly overrun with Reds, but I do believe that there are quite a few liberals and those who are carrying out the orders of the Reds just as truly as if they were taking orders from the Reds. Please give me your honest opinion on The National Council of Churches and tell me whether or not you did send Mr. Sullivan on such a mission. Just what has the FBI found out about the National Council of Churches. I would also like to have something on The World Council of Churches. Are there liberals in that too?

Thank You.

Church Women Hold Meetings

DAUPHIN WAY METHODIST

Mrs. M. E. Weatherby presented a program on "The World Council of Churches" at the general meeting yesterday of the Woman's Society of Christian Service of the Dauphin Way Methodist Church.

The Council will hold its next meeting in New Delhi, India, this month at which time it will search for the real purpose of the church—to know Christ and to make Him known.

This Council was organized in 1948 in Amsterdam, Holland, Mrs. Weatherby said, when 143 churches joined. In 1954 the second meeting was held in Evanston, Ill., with the theme "Jesus, the Light of the World."

"The council," Mrs. Weatherby said, "is now composed of 170 churches in 50 countries and only three churches in America remain outside of the World Council. Even the Russian Orthodox Church sent observers to the last meeting, she said.

Mrs. Weatherby explained that the council "represents a basic unity among the different Protestant and Greek Orthodox churches."

In conclusion, she stated that the National Council of Churches of the United States is composed of 33 unions and 38 million people. "J. Edgar Hoover has pointed out," she said, "that criticism of the National Council has been made largely by groups that are

anti-Communist, but also non-Christian."

The devotion was given by Mrs. J. R. Quinlivan III and luncheon was served to 84 members and guests by the Jimmie Cunningham Circle. Mrs. James A. Erskine gave the invocation.

Dear [REDACTED]

Your letter dated November 15, 1961, has been received, and the interest which prompted your communicating with me is appreciated.

While I would like to be of assistance to you, the jurisdiction and responsibilities of the FBI, strictly an investigative agency of the Federal Government, do not extend to furnishing evaluations or comments concerning the character or integrity of any individual, organization or publication. For your further information, a regulation of the Department of Justice prohibits the disclosure of information in our files to other than appropriate agencies in the executive branch of the Federal Government. I am precluded, therefore, from complying with your request. I am sure you will understand the necessity for this policy and will not infer that we do or do not have in our files the information you desire.

I have always encouraged our citizens to educate themselves to the true nature and methods of the communist movement in order that they may intelligently resist the zealous efforts of its adherents to destroy our form of government. This knowledge also helps to avoid the danger of confusing communism with legitimate dissent on controversial issues. We cannot use vigilante action or action outside the law in combating communism and it is the responsibility of the people to be certain of the facts and then to report these facts to the proper authorities. By Presidential Directive, this Bureau is charged as the civilian investigative agency responsible for the internal security of this Nation.

Dear Sirs;

I am only an ordinary citizen but I dearly love my country and feel deeply concerned about the dangers that seem to surround us and want very much to do my share toward helping to keep our country free.

My husband and I have joined a Freedom Study group, that was organized by other citizens like myself, after attending the lectures given by various speakers during Freedom Week in [redacted]. We belong to the Methodist church in [redacted] which you doubtlessly have never heard of, considering it's minute size. However, we have been hearing and reading all sorts of talk about the National Council of Churches, to which our church now belongs. Most of this talk is claimed as factual, and sums up to the statement that this Council has been infiltrated very extensively by the Communists and Socialists. Is this true?

I've been told that your office cannot or will not give me this information...as a private citizen. But that I could obtain the answer I am seeking if I were a public official, and was directly concerned in some manner with an investigation. Well, I'll admit that I'm not a public official, but my husband and I both are official members of the Church board and are very definitely concerned with investigating whether or not the National Council of Churches is a Communist front organization. Seems to me, every private, or public citizen of this country not only deserves but needs this sort of information, so we can also help protect our rights and privileges. So many others, like myself, want very much to help fight those who are insidiously trying to undermine our government, but we have to understand and know exactly who we are fighting among our own little areas.

Thank you for whatever information you have to offer.

Sincerely yours,

Dear Mr. Hoover:

As a member of the [redacted] Congregational Church I am interested in finding the answer to some questions that have come to our attention. There has been a lot of talk of infiltration of communists into the National Council of Churches. I have also been reading in our daily newspapers where the communists have been ordered to register with the government. Would it be possible for you to give me any information as to whether the officers or helpers of the Council of Churches are or have been communists or giving any assistance to the Communists.

On December 6, 1961 we are to vote at our meeting as to whether to donate to this organization and also the amount to be given. I personally am against giving to an organization where part of the leaders are Communists or where any part of the money involved goes to communists.

If I can have some authorized material on this subject I will know how to proceed.

Thank you very much for any assistance you can furnish.

With respect to your discussion, I pointed out in my book, "Masters of Deceit," that it is a continuing program of the Communist Party to attempt infiltration of every part of our society, including religion. This is still true today. Fortunately, this evil conspiracy has not made any substantial penetration into our religious organizations. I would like to emphasize, however, that churches will continue to be important targets in the over-all subversive plan of endeavoring to control our established institutions. Patriotic Americans must continue to take a stand against communism and combat it wherever possible. This opposition to communism must be careful, constructive and positive, and it must be kept within the due process of law.

Mr. J. Edgar Hoover,
Office of the F.B.I.,
Washington, D.C.

Dear Mr. Hoover:

I am writing as a minister of The First Presbyterian Church of [REDACTED] who is concerned about the criticism being directed toward the National Council of Churches by some members of my own Congregation. I am sure that much of their criticism is generated out of fear, because of reading periodicals and listening to speakers who have generated more heat than light on the subject.

Therefore, I am interested in securing whatever information you can make available to me as to just what percentage of the clergy who are affiliated with the National Council of Churches, are known communists. Also, what is being done to rid the Council of these men?

I am sure you share my deep concern for the peace, unity and purity of the Church of Christ. You know, as I do, that the Christian Church is a bulwark against Communism all over the world. We cannot let the church be split by persons reacting against the church solely out of fear. This is exactly what the communists want. I appreciate any assistance you can give me in helping to make the church stronger, and more united in the struggle of the spirit of man against the atheistic dialectical materialism of our age.

Dear Sir:

Could you help clear some confusion in my understanding? Do you believe that the National Council of Churches is Communistic?

In recent weeks I have been shown two articles, both quoting you, and each drawing a conclusion; and the two conclusions are mutually exclusive. I am beginning to think that you, like the Bible, are being quoted to prove whatever the speaker's predetermined position is. Within one week I heard two sermons--one anti-National Council and one pro-National Council--each quoted you.

Please, what do you believe? I have concluded the only way I can know your opinion is to do just what I am doing--ask you!

I hope you can help me arrive at a better understanding of the position individual Christians should take in relation to church organizations.

Dear Mr. Hoover;

A few weeks ago I wrote you concerning the fact that we were having some trouble in our community in regard to pamphlets being distributed against UNICEF, UNITED NATIONS etc. Now they are being widely distributed against NATIONAL COUNCIL OF CHURCHES as per enclosed pamphlet.

I appreciated very much your reply to my last letter and I am sure that you will be able to help with this.

This group of people who are circulating these pamphlets are causing so much trouble in the churches.

We need some definite facts concerning the National Council of Churches or a statement in regard to them.

We have not been able to find out anything about the Tax Tax (No. 31 or The Independent American.

Any help along this line will be appreciated.

Your letter of November 15, 1961, has been received, and the interest which prompted you to write is appreciated.

Although I would like to be of service, information in FBI files must be maintained as confidential through a regulation of the Department of Justice. I regret that I am unable to answer your inquiry and hope you will not infer in this connection either that we do or do not have the specific data you requested.

In my book, "Masters of Deceit," I pointed out that it is a continuing program of the Communist Party to attempt infiltration of every part of our society, including religion. This is still true today. Fortunately, this evil conspiracy has not made any substantial penetration into our religious organizations. I would like to emphasize, however, that churches will continue to be important targets in the over-all subversive plan of endeavoring to control our established institutions. Patriotic Americans must continue to take a stand against communism and combat it wherever possible. This opposition to communism must be careful, constructive and positive, and it must be kept within the due process of law.

Dear Mr. Hoover:-

I am exceedingly wearied by the unfounded charges of communism against the ministers and churches. These wild charges are made with no documentary support, and yet the public is sadly confused.

In the interests of truth can you tell me if there is any evidence for these accusations? Have you ever had in your records the name of a minister who was avowedly communist, or do you know of any Christian church or Christian organization that has become dangerously communist?

I will appreciate your evaluation of these charges.

Our local W. S. C. S. has joined with the National Council of Churches by majority vote. What connection is there with this organization and communism? I've been informed and have heard the National Council of Churches is Communist--is this true? An please instruct me as to what extent it is. I would appreciate your personal views and comments. Other Churches that I know of personally, have pulled away from this organization because of the dangers of becoming infiltrated and associated with Communist front organizations. We have around 30 members in our W. S. C. S. and I will send the names to you if you information would be best sent to them directly. There's a great need for them to know--many are ignorant of the truth, I feel. They need to be awakened, and soon, or we will no longer be free. Please tell me just what the truth is about this matter and it would be effective, I feel, if each member could receive information directly, from your office. I dread to think of the consequences if all these small churches are pulled in to a communist front organization by this type of underhanded dealing.

Dear Mr. Hoover:

Some of us recently in our community, and more particularly in our church, have been concerned about the alleged left wing or communist tendencies of some portions of the program of the National Council of Churches of Christ of America. 11

We are particularly concerned about what appears to be this organization's stand on the admission of Red China to the United Nations, the recognition of Red China by the United States and the abolition of the House Unamerican Activities Committee.

So that we may arrive at an informed conclusion with respect as to whether or not this organization is at all subversively inclined or has had perhaps communists or fellow travelers working in the organization, I would greatly appreciate it if your office could forward to me at the above address any information that you have with respect to this organization.

Enclosed you will find newspaper article entitled "Church Women Hold Meetings - Dauphin Way Methodist."

Since the National Council of Churches has taken such an active part in trying to have the House Un-American activities Committee abolished, I have decided to do some investigating about the National Council of Churches.

The newspaper (Mobile Press Register, Wednesday, November 8, 1961), says that Mrs. Weatherby stated that you had pointed out that "Criticism of the National Council has been made largely by groups that are anti-Communist, but also non-Christian."

Would you please be kind enough to give me your exact statement with regard to National Council.

Church Women Hold Meetings

DAUPHIN WAY METHODIST

Mrs. M. E. Weatherby presented a program on "The World Council of Churches" at the general meeting yesterday of the Woman's Society of Christian Service of the Dauphin Way Methodist Church.

The Council will hold its next meeting in New Delhi, India, this month at which time it will search for the real purpose of the church—to know Christ and to make Him known.

This Council was organized in 1948 in Amsterdam, Holland, Mrs. Weatherby said, when 143 churches joined. In 1954 the second meeting was held in Evanston, Ill., with the theme "Jesus, the Light of the World."

"The council," Mrs. Weatherby said, "is now composed of 170 churches in 50 countries and only three churches in America remain outside of the World Council. Even the Russian Orthodox Church sent observers to the last meeting, she said.

Mrs. Weatherby explained that the council "represents a basic unity among the different Protestant and Greek Orthodox churches."

In conclusion, she stated that the National Council of Churches of the United States is composed of 83 unions and 38 million people. "J. Edgar Hoover has pointed out," she said, "that criticism of the National Council has been made largely by groups that are

anti-Communist, but also non-Christian."

The devotion was given by Mrs. J. R. Quinlivan III and luncheon was served to 84 members and guests by the Jimmie Cunningham Circle. Mrs. James A. Erskine gave the invocation.

Mobile, Ala

ASHLAND PL. METHODIST

The booklet "Jesus Christ, the Light of the World," which will be used at the third assembly of the World Council of Churches, was reviewed by Mrs. H. W. Eiser Jr. at the meeting of the Women's Society of Christian Service of Ashland Place Methodist Church.

Other members participating in program were Mesdames Frank Ellis Jr., Ivan Hickson, Earl Dubois and Heron Lord.

Mrs. Travis Reeves concluded the program and worship with the prayer that will be used at the Assembly in New Delhi, India, this month.

Mrs. C. E. Ware, president, gave the invocation at the luncheon, which was served by the Stella Underwood circle.

Gentlemen:

During recent months some young men in our town have been calling to our attention the dangers of communism which we all need to know about. It so happens that almost all of them are members of the church which my family and have been members for a number of years.

I am coming to you with a problem which is presenting itself and causing trouble within our church. As you probably know the Methodist church is quite highly organized. Now this group has been very much against anything that is not strictly "local." They feel when we take part in anything outside our local church we are forwarding "socialism" and also that we have "communistic" leaders. Today we were presented literature against the National Council of Churches.

I realize that you have many problems much more important than this but I felt that I must know the truth about this insofar as you are able to tell me. I am a public school teacher, a graduate of Indiana State College at Terre Haute (which is also coming in for its share of criticism) and teach the Senior High School class in our church. We have a son in the Army in Korea and 4 other children, so you see we have a large stake in this country of ours.

I do want to do what is right and to be a good citizen. Could you please tell me or send literature on the status of the Methodist Church & the National Council of Churches in regard to Communism - also what is your attitude toward the Birch Society.

Thank you so much.

Very truly yours,

Dear Sir: *NATIONAL COUNCIL OF CHURCHES OF CHRIST IN AMERICA*

Our Committee (Committee of Christian Laymen) was organized for the purpose of bringing about a change in policies of the National Council of Churches of Christ. Our group is opposed to the idea of the National Council making pronouncements on political and economic matters in the name of 39,000,000 Protestants. Enclosed are copies of two full page advertisements which set out our views.

In doing our research we have come across some things which to us are quite disturbing:

1. R. W. Moon (active in the N.C.C.) and a Methodist minister at Fresno, made a speech before the Fifth Assembly of N.C.C. (Dec. 4, 1960) condemning the film, "Operation Abolition", and contending it was all a lie.
2. Christian Century Magazine, issue of Jan. 4, 1961, had an article, "Operation Abolition" by R. W. Moon, repeating what he said before the N.C.C. assembly. In the same issue was an editorial, "Abolish N.U.A.C."
3. The article by R. W. Moon and the editorial were reprinted on one page (front and back) by Christian Century. The Chicago Committee to Defend the Bill of Rights, Suite 811, 189 West Madison St., Chicago 2, Illinois, apparently paid for and distributed these reprints through churches and other avenues. We have a copy in our possession.
4. A letter dated January 24, 1961, on the letterhead of Chicago Committee to Defend the Bill of Rights, indicates that it is a new organization whose primary purpose is to abolish the House Un-American Activities Committee. We have a photostat of this letter in our possession.

5. Richard L. Criley and Leon Katzen, both previously identified as Communists by your Committee, are listed on the letterhead of Chicago Committee to Defend the Bill of Rights.
6. We have in our possession the Christian Century reprints, furnished by Chicago Committee to Defend the Bill of Rights and carrying their imprints, which in turn were mailed out by local churches to their members.
7. Did Christian Century knowingly enter into an arrangement with Chicago Committee to Defend the Bill of Rights whereby this Committee was the principal purchaser of these reprints, which it then in turn furnished free to local churches for redistribution?
8. We note that Christian Century is owned by the Christian Century Foundation, among whose trustees are some of the key people of the National Council of Churches (March 1, 1961 issue of Christian Century).
9. Almost every issue of Christian Century during the Calendar Year 1961 has articles or items in regard to "Operation Abolition" or the necessity for getting rid of the House Un-American Activities Committee, including suggestions for opposing the showing of the film or heckling where shown.
10. The Christian Century, reflecting National Council of Churches attitude, is either for or against F.B.I. director J. Edgar Hoover, depending upon how it best serves their purpose.
 - (a) Christian Century, issue of April 5, 1961, page 414, "F.B.I. Inspector Defends Protestant Clergy" uses this sarcasm: "Although we are happy to learn that the Federal Bureau of Investigation is capable of such insight, we felt no compulsion to rush this statement into print."
 - (b) Yet Eugene Carson Blake in literature distributed by local churches quotes freely from F.B.I. Chief Inspector William C. Sullivan to indicate that attacks upon the National Council of Churches are not justified. Many people reading this material assume that Mr. Sullivan has been sent out by Mr. J. Edgar Hoover to defend the National Council of Churches. Our Committee has had this with which to contend.

The more research that our Committee has done, the more we become convinced that the National Council of Churches has its own axe to grind in opposing, with every means at its command, the House Un-American Activities Committee and to a somewhat lesser degree the Federal Bureau of Investigation.

Our Committee can not help but feel, after considerable study, that the National Council of Churches as now organized and operated is a menace to both Church and State. We regret that they were not thoroughly investigated by your Committee at the time of the Air Force Manual episode.

Sincerely,

Committee of Christian Laymen

Dear Mr. Hoover:

A short while back, a friend of mine had read to her by her minister a statement which he said was made by you. In this statement you were to have stated the FBI had made a complete investigation of the National Council of Churches and found no communist influence whatsoever.

I would appreciate knowing if you made such a statement, and if so when and where so that in further conversations I might quote you accurately on this subject.

Dear [Redacted]

Your letter of October 21, 1961, with enclosures has been received, and the interest prompting you to communicate with me is appreciated.

With respect to your comments, I am thoroughly familiar with Assistant Director William C. Sullivan's presentation in Dallas. I know it contained hard-hitting statements against communism in all its aspects, including the field of religion, and it made the very pertinent point that this menace must be met by all our citizens in the most effective and rational manner possible. He pointed out that our churches have remained a continuing target in the over-all Communist program of endeavoring to infiltrate our established institutions, and we must remain alert to such efforts to subvert our way of life.

It is vitally essential that all of us be certain of the facts in opposing this conspiracy since the erroneous imputation of communism aids its cause by dividing and weakening our people when they need to be united and strong in order to defeat it.

Sincerely yours,

Dear Mr. Hoover:

Re: Number of ministers unwittingly
aiding the Communist movement

I surely do not understand the FBI assistant making the statement at Dallas, Texas, Thursday to the effect that the proportion who unwittingly help the Communist movement is exceedingly small.--see clipping.

How can he say that, when the National Council of Churches is battling us on every side, and is following so closely many of the points in the Communist line? The ministers in the National Council have much influence, I think, and other ministers would try to carry out as many of their recommendations as possible, unless they had already been made aware of the problem. Our experience here is that it must be the unusual minister who will stand against the National Council, and who will study this material along with the Anti-Communists. I give a few examples: (as basis for these opinions)

1. The St. Marks Vestry Committee report of the National Council of Churches, St. Mark's Episcopal Church, Shreveport, Louisiana. On page 2 is the sentence: "In summation, we conclude with firm conviction and only after long study and prayer, that the National Council of Churches as it is presently constituted and operated, is a harmful and highly dangerous institution."

2. Articles written by clergy who wittingly or unwittingly are aiding the Communist movement go out to the ministers and lay people in every state of this nation, and elsewhere, I suppose. On page 3 of a little Methodist pamphlet called "Concern", is an article by The Reverend Robert W. Moon, pastor of the First Methodist church, Fresno, California, chairman of the Policy and Statement committee of the Division of Peace and World Order. The title of the article is: "Operation Abolition"--an honest film? and the first sentence says: "A dangerous piece of propaganda is being distributed throughout the country in the form of a movie called 'Operation Abolition.'" At the bottom of the same page is the sentence: "It is not an honest movie." And on page 4 is the section of the article entitled "What can you do", with the following suggestion: "2) If you hear that an organization is planning to show the movie, go to the leader and tell him the facts, trying to persuade him not to show the film." I was sent this magazine by the chairman of the Spokane District of the Woman's Society of Christian Service. Her letter, along the same line, I am enclosing. (Please return.) I suppose most of the other district chairmen of the same Methodist women's group sent out similar letters to women throughout the United States.

Handwritten notes:
Return to...

REC-13

100-50867-211

17 1961

3. Many ministers are calling the Anti-Communists "super-patriots". I quote from The Congregational Way, issue for May, 1961, which gives a report of the work of Dr. Julian J. Keiser at the five Christian Social Action Workshops held in the Washington Conference in March of 1961: "Dr. Keiser gave special attention at each of the Workshops to the threat of Communism, and the Church's responsibility. 'Such well organized groups as the John Birch Society, Pro-America, the Freedom Clubs...the House Un-American Activities Committee and other "super-patriotic" groups tends to exaggerate the threat of internal Communism to the American Way of life,' said Dr. Keiser."

4. The minister of the Kellogg church I still attend told me this summer, in reference to "Operation Abolition": "How can you believe it is good? It is complete fabrication."

5. We see our Sunday School material, as sponsored by our church authorities (I presume ministers are included in this group), getting farther and farther away from actual Bible study. This is a whole subject in itself--but I will give one example. For 3 months last year my 3rd grade son and my 4th grade granddaughter (in separate classes, about 20 or 25 children total) studied the Lord's Prayer at about the rate of one line per Sunday; and the following 3 months studied the following persons at about the rate of 2 Sundays for each person listed: St. Francis of Assisi; Michael Pupin; George Washington Carver; Helen Keller; Marie Curie; and Jane Adams. All good people and good material, yes. But the point is that for 6 months these children had very few actual Bible stories. This is from the Group Graded Pilgrim Press material of the Congregational Church, and is being revised, I believe. But we aren't happy with the revised book either. They seem to have less Bible stories than this. The quarterly containing this material is called "Wonders of God", and was used during April, May and June. The quarterly called "The Lord's Prayer" preceded "Wonders of God", and was used during January, February and March.

For the above reasons and more, I feel I must disagree with Mr. Sullivan's position as stated in the paper, at least. I think the number of ministers, and thereby the proportion of ministers who at least "unwittingly aided the Communist movement" must be much larger than the phrase "exceedingly small" would indicate. Would you have time to give us your opinion of this matter?

Thank you very much.

Sincerely,

[Redacted signature]

DALLAS, Tex. (AP)—The Communist party has never substantially infiltrated the American clergy, says the No. 3 man of the Federal Bureau of Investigation.

There can be no doubt as to the loyalty of the overwhelming majority of the clergy to our nation," William C. Sullivan, assistant director of the FBI, told a meeting at the Highland Park Methodist Church Thursday night.

Matched against the 300,000 ordained clergymen in the United States, the proportion who willingly or unwittingly sided the Communist movement is exceedingly small, he said.

WOMAN'S SOCIETY OF CHRISTIAN SOCIETY
Edwall, Washington
February 23, 1962

Dear Secretary,

Perhaps each of you is curious to know what the emphases were that I found throughout the District in the last reports.

I have found a wonderful response to the Citizenship Brunches, as well as splendid work being performed in behalf of the United Nations. Also, the emphases on politics, women's participation in coffee hours meeting with candidates, women working on local issues were all outstanding.

There are 39 societies in our District. I have received 26 reports. I am most interested to know how to influence societies to create this office, and also, how to help societies in smaller areas really understand the function of the Secretary of Christian Social Relations. I am available always to locate information you may need.

Again, I can only say that in addition to the Guide, The Handbook, one must rely on the magazine, "The Methodist Woman". This magazine really helps this line of work become alive. The ACTIVITIES booklet sent to each Secretary is also a tool to review.

Mrs. Toebes, Conference Secretary of C.S.R., is most hopeful that we learn how to use "Seminars in Miniature" as suggested on page 3 in the ACTIVITIES booklet. Please give this some thought to use in cooperation with the commission in the local church.

Now for the present, the concern of each C.S.R. Secretary in our state is now on legislation in the State Capitol. I have recently been to Olympia and know we cannot underestimate forces that wish to control our legislation.

But what concerns me more is the hysteria that is being created by two films being shown throughout the State.

One is OPERATION ABOLITION and the other is COMMUNISM ON THE MAP.

These films are truly not representative of the subject each presents. Now to document this, our National Board of the church's Commission on Christian Social Concerns publishes a magazine, CONCERN, January 15, 1962 describes OPERATION ABOLITION for exactly what it is. Please write for this issue if your pastor or Commission Chairman does not have it. I have written for reprints. This article is completely documented, which is what one should always look for to get reliable information. I have written to CONCERN also for background on the other film.

Leaders must become more aware of the world-wide mission of the church in the face of communism. Our belief, our spirit is in God and Jesus Christ. This is power, intelligence, love, compassion, truth and life. We cannot direct ourselves when consumed by hysteria, fear and reactionary opinion. In the case of the 92 professors of the University of Washington signing a petition to prohibit the showing of the film, COMMUNISM ON THE MAP, criticism of their actions points out that academic freedom may again be in jeopardy as it was in the era of McCarthyism.

If you are unable to present this to your society, I will be willing to do so. We must uphold the principals of the Methodist Church and its SOCIAL CREED.

April 28th will be the Annual District meeting. It is my hope we may have a report from women of our District attending the national convention in Wash. D.C. in April of the Board Christian Social Concerns. This is a mandatory Commission in each church now.

In all the areas there are to think about, there is surely some phase of C.S.R. that each society may have one meeting, even one buzz session about. Your work in the District brings a rich reward; the effort you give is a timeless gift, and you may have the knowledge that your efforts, added to all the others in like work are doing many things to help people everywhere to live better, fuller lives.

There is a new report...

Dear [REDACTED]

Your letter dated October 27, 1961, with enclosure, has been received, and I appreciate the interest prompting you to write.

The film, "Operation Abolition," is sponsored and distributed by the United States House of Representatives Committee on Un-American Activities and this Bureau had no connection with its preparation. Therefore, as a matter of policy, I cannot make any comments concerning it and it is suggested you may desire to contact the Committee located in Room 225, Old House Office Building, Washington 25, D. C.

In connection with your other inquiries, the FBI, as an investigative agency of the Federal Government does not make evaluations nor draw conclusions as to the character or integrity of any organization, publication or individual. I regret I am unable to help you and hope you will not infer that our files do or do not contain information of the type which would answer your questions.

The clergymen of America today stand on the front lines of defense against the atheistic menace of communism and no group has a more key role in protecting our religious and national heritage. It is my firm belief that a broad knowledge of the objectives and operations of this subversive conspiracy is essential to help to avoid the danger of confusing communism with legitimate dissent. You may desire to refer to my book, "Masters of Deceit," which was written as a basic primer on this subject. It should be available to you at your local library and bookstores.

Dear Sir;

Recently I had the opportunity to attend a civic program where the film "Operation Abolition" was shown and communism in general was discussed. Although I am unable to remember where, it occurs to me that I have read something concerning the above mentioned film to the effect that it is questionable. At this same meeting a list of publications and materials was made available to those who were interested and that list is enclosed.

While I affirm the desired results of combating communism, at the same time, I want to know if my information is official and confirmed by the government under which I am proud to live and share in. **REC-52 100-50869-8/0**

I would also like the government's official attitude toward "The National Council of Churches of Christ USA". If there is any question or information of a factual nature relative to this organization, I would certainly be interested in that. **EX 104**

It also seems to me that the same organization which puts forth the above mentioned film certainly puts forth dangerous ground in putting forth such questionable materials as listed in Section 87, statement four (concerning Judge **W. J. Brennan** and The United Nations).

Certainly communism is a threat to our freedom and our existence. It seems that the best way to combat it is to have the best information. In fact, it would not surprise me to discover that some of the references listed on the enclosed sheet ~~is~~ distributed by Communist front organizations. I want to know and I have a definite responsibility as a minister and as an American to combat communism not with rabid conservatism, propaganda, or misguided facts, but with the truth.

Again let me say that I believe the party responsible for the enclosed publication and the showing of the film was earnest and sincere. At the same time, neither are criteria for truth.

I would appreciate any information that you could forward. I am intending to be active in civic affairs and I note a shocking ignorance about communism in our community. This asking on my part is quite an undertaking for a department of government already so heavily burdened, but I would indeed be grateful for all and any assistance in this matter.

Dear [REDACTED]:

Your letter of October 28, 1961, has been received, and the interest which prompted you to write is appreciated.

With respect to your discussion, it is a pleasure to clarify my position on the subject of communism and religion. In my book, "Masters of Deceit," I pointed out that it is a continuing program of the Communist Party to attempt infiltration of every part of our society, including religion. This is still true today. Fortunately, this evil conspiracy has not made any substantial penetration into our religious organizations. I would like to emphasize, however, that churches will continue to be important targets in the over-all subversive plan of endeavoring to control our established institutions. Patriotic Americans must continue to take a stand against communism and combat it wherever possible. This opposition to communism must be careful, constructive and positive, and it must be kept within the due process of law.

Enclosed is some literature dealing with the general subject of communism which may be of assistance to you.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Hoover:

In our church recently, we have had two discussions on communism and the National Council of Churches. I am afraid that those of us who question the pronouncements of the N.C.C. did not come out so well. I believe that we lacked proper documentation in our arguments that the churches have been and will be further used in the Communist Conspiracy.

Since you, as Director of the F.B.I., still hold the highest esteem of the vast majority of the American citizens, I wondered if you could furnish information which would prove helpful in arriving at the right answers.

As a patriotic american, I am concerned about the utopian dream of "One World" that the church seems to be advocating. I try to be christian but I feel that I must still be true to the United States as my country.

I will look forward to whatever information you may be able to send me.

Dear Mr. Hoover:

I have received the material sent to me at the request of [REDACTED] along with your nice letter. I am in the process of reading and studying this material with a great deal of interest. May I thank you for sending this to me.

Do you have any material concerning the National Council of Churches of ^{of CHRISTIAN AMERICA} I find in several churches, and my own personally, that there seems to be an extremely "liberal" viewpoint and a talk of World Court for us, etc. I have heard "purely rumors" that certain elements of the National Council of Churches have been guilty of some Red leanings. Can you lend any facts to me on this matter. It would be very much appreciated. I don't like rumors, I want to be factual. Again, may I express my appreciation to you for sending me the material and also for the wonderful job you have done for our country.

Mr. Edgar J. Hoover,

Dear Sir:

For the past two years I have been hearing repeated accusations that The National Council of Churches is a communist inspired group. These accusations are coming from a small group of citizens in this community who call them selves "The Lamplighters Study Group." Their avowed purpose, so they claim, is to study and combat Communism. When they first were organized it seemed that their study was conducted in a quiet, objective manner, but as time goes on it seems that every motive, every concept, every idea comes under their suspicion. They are constantly sending out printed materials naming many of our fore-most public servants, as well as our church leaders as Communists.

There may be some ministers of the gospel in this vast land of ours with communistic learnings. But I cannot believe, unless told by the proper authorities, that the National Council of Churches has, "Allied her self with communist fronts and advocated ideologies directly opposed to our free way of life and Republican form of government." As Charged by Dr. Charles S. Poling on page 2 of a Lamplighter's Study pamphlet,

"An Expanded Statement
by Dr. Charles S. Poling, D. D. Retired
United Presbyterian Church, U. S. A."

4.5

ew

Dr. Poling further claims, on the same page, "many leaders of the National Council have been listed by the House Committee on Un-American Activities as being members of a communist front or of having been members of a Communist front." I have written this committee asking if these accusations are true. I would like also to ask you if your branch of our government has any factual evidence that will substantiate these accusations? I feel strongly that American citizens are entitled to the truth in regard to this question.

Although I would like to be of service, the FBI, as an investigative agency of the Federal Government, does not make evaluations nor draw conclusions as to the character or integrity of any organization, publication or individual. Also, information in our records must be maintained as confidential through a regulation of the Department of Justice. However, I would like to point out that literature from one of the organizations you mentioned has been brought to the attention of this Bureau in the past. One of the pamphlets contains a statement that data contained therein is documented in the files of certain Government investigating agencies. I would like to assure you that the Cinema Educational Guild, Inc., and its national director, Myron C. Fagan, have never had access to the files of the FBI.

Since the United Nations Children's Fund (UNICEF) is affiliated with the United Nations and inquiries concerning it may be of interest to the Department of State, I have taken the liberty of furnishing a copy of your letter to that Department.

Dear Mr. Hoover;

We are located in the tip end of Texas in a small community which is called the Rio Grande Valley. Just recently many anti-Communists groups have been formed within this area, twelve of them in our city of [REDACTED]. When these groups started they were known as the "Anti-Communist Study Groups" and apparently were very interested in their studies.

Just recently there has been quite an attack on the National Council of Churches and the circulation of the pamphlet, "How Red is the National Council of Churches?" and others along the same line. One in particular suggests that if the Church to which they belong supports the National Council of Churches that they should withdraw their financial support from their Church. Some of the groups have gone so far as to say that if their Church puts any amount of money, no matter how small or large, in their budget for the coming year that they will withdraw their membership from the Church as well.

The things which concern us right now are: From whom are they receiving this material and who is printing it? The one pamphlet dealing with the support and withdrawal carries this address:

Tax Fax- No. 31 from
The Independent American
P.O.Box 4223
New Orleans 18, Louisiana

Tracts such as one enclosed are being widely circulated too. As Halloween approaches our young people of all churches gather together to make plans for "Trick or Treat" for UNICEF. Mimeographed copies of "Facts about UNICEF" were distributed so the young people and parents would get them- It is all against UNICEF and says it is compiled by Lawrence Timbers, Vice-Chairman Department Anti-Subversive Committee, The America Legion. It also says that additional information may be procured direct from Lawrence Timbers, 317 First Street, Seattle 99, Washington.

When the members of the groups are questioned as to where they get their material they are always vague. However, we did get this one address: Christian Anti-Communism Crusade- P.O.Box 6422, Houston 6 Texas.

We are quite concerned about these groups and what they are doing to the churches in our city. We would appreciate hearing from you concerning the National Council of Churches, **OCT 26 1961** publications in quest[ions].

The FBI, as an investigative agency of the Federal Government, does not furnish comments or evaluations concerning the character or integrity of any individual, organization or publication. Consequently, it is not possible for me to comment as you requested, and I hope you will not infer in this connection either that we do or do not have information in our files concerning the subjects of your inquiry.

Certainly, communism is the greatest single threat facing the freedoms we all cherish. Patriotic Americans must continue to take a firm stand against communism and combat it wherever possible, but this opposition must be careful, constructive and positive.

In view of the concern you expressed, I am enclosing some material which may be of assistance to you.

Sincerely yours,

J. Edgar Hoover

Mr. J. Edgar Hoover, Director

Dear Mr. Hoover:

eff
I am sure you have received a great deal of mail, pro and con, concerning the recently-mushrooming distortionist cults speaking out against many loyal American citizens under the label of patriotism. Personally I believe such groups (e.g., the Houstoners, the John Birchers, etc.) not only help Communism but hinder the work of those fighting the influence of Communism with more sane, rational methods.

For this reason, I expressed concern to the manager of our local radio station over the broadcast of a program KNOW THINE ENEMY on public service time. I feel that, if it is broadcast at all—and that I'm not too sure of-it should be done under private sponsorship, and not given public service time. Not only is the announcer on KNOW THINE ENEMY one of these glip sort of people who sounds to my ears as if he has very little sincerity; I have even heard him mispronounce several fairly common words on his program. Further, I am appalled at the highly distorted manner in which KNOW THINE ENEMY has attacked the President, the National Council of Churches, and a number of other prominent individuals and groups.

[REDACTED] is writing you, for his own satisfaction and mine, for your opinion of this radio program. I would be grateful if you would let me know also.

A couple of other questions, if I may! One of our local lawyers is making the rounds of [REDACTED] civic clubs accusing the editor of the CHRISTIAN CENTURY of being a Communist, and going off on a similar tangent about the National Council of Churches of Christ. He does not accuse the leadership of the NCCC of being outright Communists—only of following the "party line", which is accusation enough. He has also accused the American Civil Liberties Union of being a Communist-front group. I know little about this group, other than the fact that it has given legal aid, I understand, to Communists, which of course in itself does not make it a Communist-front group. As I understood it, the A.C.L.U. has been involved simply in protecting the rights of individuals, as this applies to Communists, not to be forced to incriminate themselves as defendants on a witness stand. I would be pleased if you would let me know what the FBI thinks of these accusations I have mentioned. If there is some truth in them, that is one thing: if there is not, then I would like to use what influence I have to prevent this sort of thing going on, at least here in the community in which I live. *REC-20 100-30869-80*

13
We're all concerned about the spread of Communism. Hopefully, I feel sure that the FBI is just as much concerned about individuals and groups who use the Communist methods of lies and distortions in the name of patriotism and anti-Communism. I would appreciate your help with general suggestions, as well as specifics on the things I have mentioned, if you can do so.

Dear [Redacted]

I have received your letter of October 17. Your generous comments and expression of confidence in my administration of this Bureau are indeed appreciated.

While I would like to be of service, the FBI, as an investigative agency of the Federal Government, does not furnish comments or evaluations concerning the character or integrity of any individual, organization or publication. Consequently, it is not possible for me to be of assistance, and I hope you will not infer either that we do or do not have data in our files regarding the subjects of your inquiry.

I can assure you that there is no truth whatever in the statement to which you referred in your letter. By Presidential Directive of September 6, 1939, the FBI was designated as the civilian intelligence agency primarily responsible for protecting the Nation's internal security. You may be sure that this Bureau is continuing to handle its responsibilities in this field with the same dispatch and thoroughness that have characterized our investigations in the past.

I am enclosing a list of those organizations which have been designated by the Department of Justice pursuant to Executive Order 10450, together with some other material on communism which may be of interest to you.

Sincerely yours, 3

Dear Sir:

For some time I have greatly admired your various writings on the general subject of communism. It was not until you recently replied to an inquiry written by a friend of mine that I realized you would take the time from your busy schedule to answer questions.

During the past few months a number of members of our congregation (Protestant Episcopal) have been trying to alert our priest and vestry to the threat to our freedom posed by communism. The subject of infiltration of the Episcopal Church and of the National Council of Churches of Christ in the United States of America (NCCCUSA) has been discussed on a number of occasions. Our priest, [redacted] was a delegate to the recent triennial General Convention of the Church held in Detroit and reported that in the committee meeting where the NCCCUSA was discussed no mention was made of communism. He infers from this that there is no infiltration of this body. I contend that the nature of the pronouncements of the NCCCUSA would indicate infiltration by communists, or at least the presence of persons sympathetic to the communist cause. Nowhere in your writings that I have been privileged to read to date can I find a direct reference to this. Could you express an opinion on whether the headquarters of the NCCCUSA has been infiltrated?

I realize that it may be unwise for a man in your position and with your unquestioned national reputation for integrity to give a direct answer to the above question and to those to be asked below. If you choose not to answer I will understand. However, I am anxious to have an answer because I do wish to heed your admonition, "We must not, therefore, indiscriminately label as communists those whose opinions on a particular question may, on occasion, parallel the official Party position."

The name of Canon Richard Byfield of the Protestant Episcopal Church appears in some of the accounts of the riots in connection with the hearings of the House Committee on Un-American Activities held in San Francisco, May 12-14, 1960. In your opinion is Canon Byfield a communist?

During our discussions the extent of control of the Russian Orthodox Church by the Soviet leaders has been argued. Do you have any information as to the accuracy of Mr. P.S. Deriabian's testimony before the Internal Security Subcommittee of the Senate Judiciary Committee on May 5, 1959. I have particular reference to his identification of Metropolitan Nikolai as an agent of KGB and to his statement "Most of the priests in the Soviet Union, and the religious people who help the priests, they are some kind of agents of KGB or the MGB, or were at that time."

We have also talked about the NAACP, the Freedom Riders and Rev. Martin Luther King. Do you have any indication that the Freedom Riders is a Communist front organization? I have a pamphlet that is supposed to be a speech by the attorney general of a southern state in which he states that Rev. King was a lecturer at a Communist training school. Do you have any confirmation of this type of activity by the Rev. King?

At a recent convention of the Christian Crusade held in Tulsa August 4-6 one of the speakers made the statement that the Federal Bureau of Investigation had been given instructions to cease their spy hunting and anti-Communist activities. Can this incredible idea have any basis in fact?

As a citizen I would like to tell you how much I think the United States is in your debt for the wonderful job you have been doing for so many years as Director of the FBI.

Your letter of October 14, 1961, with enclosure, has been received, and the concern prompting your communication is appreciated.

In connection with the matter you mentioned, representatives of the FBI who are privileged to speak before various groups throughout the country do so with my full knowledge and approval. Any comments by a representative of this Bureau, however, should not be interpreted as a defense or endorsement of any group since this is not a proper function of the FBI. Assistant Director William C. Sullivan in his discussion of communism dealt with this subject accurately and objectively. In order that you may be fully informed in this regard, I am enclosing the substance of the statements made by Mr. Sullivan. I am also forwarding some other material on the general subject of communism you may like to read.

Our churches have been and will continue to be important targets in the over-all communist program of endeavoring to infiltrate our established institutions, and we must remain alert to such efforts to subvert our way of life. The communists have tried to infiltrate every part of our society, including the field of religion. Fortunately, this evil conspiracy has not made any substantial penetration into our religious organizations.

Enclosed is a paper distributed by Mr. Kilpatrick, representing the Texas Council of Churches, at a local meeting at the First Methodist Church here in [redacted] on Wednesday night, October 11th.

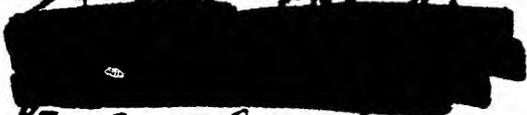

Mr. Kilpatrick asserted this copy of an editorial as being your answer to our laity's concern over the activities of some of the members of the National Council of Churches General Assembly.

There is doubt in my mind that such is your intent and that is why I am writing to you.

Our questions to Mr. Kilpatrick were all pertaining to the political pronouncements of the General Assembly of the National Council of Churches and they were not answered to our satisfaction.

May I please hear from you in regards to the enclosed editorial.

FBI: Wide Communist Infiltration in Churches a 'Falsehood'

Once again charges of Communistic infiltration are being hurled against U.S. churches. Here statements from the FBI show how such wild claims by anti-Communist "vigilantes" are actually welcomed by the Reds.

By LOUIS CASSELL,
United Press International.

No rational person can be a sincere Christian and a sincere Communist.

Communists know this. That is why they persecute Christian churches—sometimes openly, sometimes subtly—in every country in which they have gained power, from Russia to Cuba.

In free nations like America, Communists cannot suppress the churches but must think of other tactics.

Undoubtedly they have tried in the past to infiltrate churches by having disguised Communists work their way up to leadership, particularly in the clergy.

They have learned that this is easier said than done. It is difficult for a Communist to pose convincingly as a dedicated Christian even for the space of one conversation, let alone through the long years of seminary study and pulpit service required of any man who becomes an influential leader in U.S. church life.

Discredit Leadership

Although they have failed to infiltrate the churches in any substantial way, there is evidence that the Communists like it when charges are made that they actually have done so.

The Communists know that in the present climate of American feeling, there is no surer way of discrediting the leadership of churches and of sowing confusion and discord among their lay members than for the suspicion to be nour-

ished that a substantial number of Christian clergymen are secret supporters of the Communist conspiracy.

You may think all of this is far-fetched. But the Federal Bureau of Investigation does not.

FBI director J. Edgar Hoover is deeply concerned about the danger that self-appointed "vigilantes" may, in the name of anti-communism, play into the Communists' hands.

During the past few weeks, Mr. Hoover has sent FBI Chief Inspector William C. Sullivan to deliver speeches in many parts of the nation, warning Americans not to be taken in by charges that their churches are over-run with Reds.

Charge Is 'Falsehood'

"These allegations have served to create the impression among many Americans that the Protestant denominations in particular have been subjected to alarming infiltration and influence," Mr. Sullivan says.

"But this is a patent falsehood. The truth is that the Communist party has not achieved any substantial success in exerting domination, control or influence over America's clergymen or religious institutions on a national scale."

Mr. Sullivan is not making this statement on his own authority. He is speaking with the full approval and personal backing of Mr. Hoover. And the FBI director has so informed a number of amateur Communist hunters, who wrote to him protesting Mr. Sullivan's speeches.

"The most interesting reaction," an FBI official told United Press International, "has been from the Communists. They are very upset by Mr. Sullivan's remarks."

"They love to have wild charges of Communist domination hurled against America's churches. They know that such charges cause consternation, dissension, doubt and fear among church members. And they figure that anyone who succeeds in demoralizing America's churches is aiding their cause."

"DEAR BROTHER HOOVER"

I am writing this note for information about the men of the National Council of Churches, and also the men that edited the Revised Standard Version of the Bible.

There is no question in my mind about these men, but there has been in our area this summer a man by the name of OLIVER GREEN who has confused some of my Parishoners as to this item, and these people are about to leave the Organized Church because Oliver Green has said, there is communism in the National Council of Churches and also Communism among the men who edited the Revised Standard Version of the bible.

I would like a Statement from You about this matter if this is not too much trouble, so that I would have a doucement of authority to show these people, that their confusion may be dispersed.

Thanking you in advance for every consideration, and Praying GOD'S Richest Blessings upon YOU and Your Organization for the wonderful job you have been doing here in the United States Of America,

Dear Mr. Hoover:

I have recently become aware of the dangers of communism in our country. Some of the literature I've sent for has come from such organizations as the Christian Crusade (Billy James Hargis), Church League of America (Mr. Edgar Bundy) and the Circuit Riders of Cincinnati Ohio. Could you please tell me if these are reputable sources on anti-communism?

I have tried to convince our minister of the infiltration of communists in the churches and the National Council of Churches but he is of the opinion there isn't a real serious threat. For some unknown reason to me, he has no use for Mr. Edgar Bundy of the Church League of America. I'm certain Mr. Bundy is doing his very best to fight this conspiracy that is out to destroy us.

What I can't understand Mr. Hoover is why the American people refuse to believe this country is in terrible danger. Their apathetic feelings must certainly please the communists.

I've had several friends tell me that my concern over this so called threat is completely wrong and that it's helping the communists. Incidentally, there is a book store here in [redacted] that refuses to carry your book "Masters of Deceit" as they feel it is too reactionary.

Fortunately we have started many study groups in [redacted] and we hope with enough Americans waking up we will be able to stamp out the communist threat.

In closing, I only wish that your tremendous directing of the F. B. I. could continue for another 40 years.

INFORMATION CONCERNING

NATIONAL COUNCIL OF CHURCHES

On 10/11/61.

██████████ telephone ██████████ appeared at the San Diego Office to inform that he has long been avidly anti-communist and does everything within his power to defeat communism. In this regard, he has denounced and corresponded with Bishop PITT of the Episcopal Church, ██████████

██████████ advised that he has recently seen an article in the July, 1961, issue of "The Episcopalian" published in New York City, Box 199, Madison Square Station, written by LOUIS CASSELS in which CASSELS mentions that two Episcopal laymen, one a newspaperman and the other a high official of the FBI were conversing at the Department of Justice, Washington, D. C. about the campaign to threaten and demoralize America's churches. The FBI official is reported to have said, "It would certainly be ironic if a job which the communists couldn't do for themselves should be done for them by the very people who profess to be their worst enemies." This related to attacks and accusations against churchmen and groups in this country. The article continued that the FBI has evidence that communists are as delighted with the results as if they had planned the whole operation themselves.

██████████ stated that he had gone to "Who's Who" and found that CASSELS is a young journalist from Washington, D. C. ██████████ stated that he intends to write to CASSELS and ask him how he got information that would permit him to make a statement that he had received such information from a representative of the FBI.

This is being furnished the Bureau for information. The New York Office should secure a copy of this issue of "The Episcopalian" and forward same to the Bureau.

THE NATIONAL COUNCIL OF CHURCHES

Clergy and lay members of churches, such as Methodist, Protestant Episcopal, Presbyterian, American Baptist and others, are showing grave concern about local, state and international politics and economics replacing spiritual, moral and patriotic loyalty-fervor in the denominational programs and the actions of the National Council of Churches.

Stronger central government in the denominations, and a perpetuated bureaucracy operation in the National Council of Churches, have produced denominational offices and National Council of Churches offices in Washington regarded by some United States Senators and Congressmen as the largest non-registered lobby activity in Washington, D. C.

Propaganda and lobby activities on foreign aid, as well as other international and domestic socialistic and collectivistic programs, amaze and alarm churchmen and government persons.

The Air Force Manual controversy, sparked largely by our pamphlet, A Compilation of Public Records, 30 of the 95 Men Who Gave Us the Revised, Standard Version of the Bible, and Recognize Red China? book and pamphlet, has alerted many Americans. Some denominational and National Council of Churches leadership persons represent the National Council of Churches as not infiltrated, exploited or "used" by pro-Communistic and Communistic persons, programs and actions.

The facts are:

1. About a third of the clergy voting delegates who organized National Council of Churches in 1950 have public records such as those contained in Circuit Riders, Inc. books, 2109 Methodist Ministers, 614 Presbyterian USA Clergymen, 660 Baptist Clergymen, 1411 Protestant Episcopal Rectors and other books of compilations published by Circuit Riders, Inc.
2. Approximately a third of the persons elected to the General Board of National Council of Churches have had similar records.
3. At least 500 officers, denominational representatives and other officials of National Council of Churches have similar records.

(over)

100-50869-1001

We solicit pre-publication orders for a major book report which indicates whose names appeared where, when and how in support of which pro-Communist and Communist causes, either wittingly or unwittingly. The text shows the denominational connections and the National Council of Churches titles of these persons since 1950.

It is important that U. S. clergy and lay members of churches have an incontrovertible fact record regarding who did what, where, when and how - for and to whom. Every Congressman, Senator and newspaper editor, columnist, radio and television commentator and public-spirited churchman should have this record. In return for each \$4.00 contribution made on a pre-publication basis, we will mail one of these books to our list of persons in the above categories, or to you for mailing, or mail them with your or our address label to your list of names.

This is an era of propaganda and do-gooding during which approximately 10,000 clergymen have exceeded any other category of Americans whose names have appeared in public print in support of pro-Communist and Communist causes. The American churchmen who have unwittingly financed their own difficulties and predicament, through the political and economic activity programs of their denominations and the National Council of Churches, and other concerned persons, groups and associations, should now make it possible for us to print a bound book of a few hundred pages which catalogues the precise records and makes it impossible for propagandists to successfully tell less than the truth, the whole truth and nothing but the truth.

Will you airmail your contribution today in order that we can print the record which is already compiled?

Cordially yours,

M. G. Lowman

Dear Sir:

There has been a considerable amount of criticism of the National Council of Churches recently in this area. Allegations have been made that members of the Council are connected with subversive organizations.

One speaker who has talked to several groups of church women in this city has charged that you have made a public statement that Dr. Edwin T. Dahlberg, who was formerly a president of the National Council, was actually a card carrying member of the Communist Party.

I am a member of the Methodist Church which is affiliated with and a supporter of the National Council, and I believe in the purposes for which it was established. I am reluctant to believe that anyone connected with it is subversive. If you have in fact made the above statement about Dr. Dahlberg, I am sure you had convincing evidence to support it, and will not object to repeating it. If you did not make the statement, I am sure you will be glad to say so.

In either event, I will appreciate it very much if you will write me as to whether you made such a statement.

Yours very truly,

Gentlemen:

If I may take a few moments of your busy schedule I should like to ask a favor of you.

In the last few months there has been an increased amount of interest in the charges that the National Council of Churches contains within its membership know Communists. Your department has been one of the leading organizations in determining the validity or invalidity of these charges.

Would you be so kind as to send me any information regarding this subject that you might have available for distribution? If there is any charge please bill me and I will return the payment immediately.

Thank you for your time and interest, I am most appreciative.

Dear [redacted]

Your letter of September 26, with enclosure, has been received, and I welcome the opportunity to clarify our position with respect to the matter you mentioned.

In my book, "Masters of Deceit," I pointed out that it is a continuing program of the Communist Party to attempt infiltration of every part of our society, including religion. This is still true today. Fortunately, this evil conspiracy has not made any substantial penetration into our religious organizations.

MAILED

I would like to emphasize, however, that churches will continue to be important targets in the over-all subversive plan of endeavoring to control our established institutions. Patriotic Americans must continue to take a firm stand against communism and combat it wherever possible. But this opposition to communism must be careful, constructive and positive, and it must always be kept within the due process of law. In reference to the item you enclosed, Assistant Director William C. Sullivan in his discussion of communism dealt with this subject accurately and objectively.

I am enclosing an outline of Mr. Sullivan's remarks, together with some other literature pertaining to this general subject which may be of interest to you.

Dear Mr. Hoover:

Recently the newly-named President of the National Council of Churches, a Mr. Miller, in a meeting here in Los Angeles indicated that the F.B.I. a few months ago appointed Chief Inspector William C. Sullivan to deliver speeches on the subject of red infiltration into our churches. Attached is an article published in the New York World-Telegram and Sun, Saturday, April 29. Copies of this were passed out at the meeting as confirmation of the facts as stated above.

Dear Mr Hoover,

It has been stated here, in a "letters to the editor" column, that you said that the National Council of Churches is lead by men who are subversives. It seems to me that I read somewhere a denial of this, but can't find it.

Would you send me a letter or telegram either confirming or denying this. I am very concerned about the attack on the National Council, and would like to clear up what I hope is a misunderstanding.

I would appreciate it if it were possible to have a reply to go in next Thursday's paper. Deadline is Wednesday noon.

Mr. Hoover,

I am a very disturbed person including a few more by the things have been heading and hearing. It is also causing splits in churches.

Do you have any evidence of communist in the National Council of Churches?

I feel that your department is doing a wonderful job about communism, but we having so many noisy detractors.

I appreciate your cooperation in this matter.

Yours.

Dear Mr. Hoover,

I am a teacher of Civics in the Texas Public Schools. I was wondering if I could obtain some information concerning communist activities in the United States.

There are two questions in particular that I have been wondering about. First, is the N.A.A.C.P a communist or a communist backed organization? Second, is this true of the National Council of Churches?

Thank you very much for any consideration given to my letter and for any information that you might forward to me that would be enlightening to be as well as my students.

In response to your request, I want to assure you that I did not make the statement attributed to me that you mention in your communication.

I have consistently stated that churches have been and will continue to be important targets in the over-all communist program of endeavoring to infiltrate our established institutions, and we must remain alert to such efforts to subvert our way of life. The communists have tried to infiltrate every part of our society, including the field of religion. Mr. J. Edgar Hoover
Chief - Federal Bureau of Investigation
Washington 25, D. C.

Dear Mr. Hoover:

Recently I addressed a Church group, stating facts about the National Council of Churches. I was asked to do this because I served five years on the staff of the old Federal Council of Churches, and one year on the staff of the National Council.

In the course of my address I quoted statement, and it has been made by your Deputy, Mr. Sullivan, defending the Council. In the question period that followed a gentleman read a statement from the Congressional Record, which quoted you as saying (and this is not verbatim) that after careful investigation, you found that there were about 100 Communists in the National Council. This to me was a shocking statement and I cannot believe that you made it. May I ask your indulgence to give me the basic facts for such a charge.

With all good wishes, I am

Dear Sir;

Enclosed is a copy of a letter my minister sent to you and I am the parishioner who has insisted for some time that my minister get more information on these issues.

I realize you can not give out information but hope that he can surely get advice.

This minister has taken a strong stand the same as the council on -- the Connally Repeal--Red China, etc. also one of the strongest voices in the city against "Operation Abolition" and "Communism on the Map", even though I gave him the bulletin "Communists Target Youth".

I meanwhile have done some anti-Communist work which he strongly disapproves of. However I also know that the Council that is the N.C.C. is not filled with Communists but is used by them.

I do hope that in some way you can advise us. It certainly will be appreciated.

Dear Sir: .

I am a Methodist minister, with a long previous background of law enforcement, with one of the very large and outstanding law enforcement agencies of our country.

I write this at the behest of one of my parishioners, who is fearful that I have allowed myself to become a "dupe" of the forces of Communism, in some moderately "liberal" views which I hold.

The particular reference in which this lady requested me to write to you is in reference to the National Council of Churches. I am perfectly satisfied that this organization is one of the great forces for good in our present scene, and one whose loyalty and patriotism are above reproach,—in fact, one of the potent forces against Communist influence in our country.

My parishioner, on the other hand, is satisfied that the Council is not only questionable in itself, but is honeycombed with subversive elements.

Personally, I have become weary of this latter point of view, with which I am very familiar. Yet, I promised to write to you for your opinion of the National Council, in this regard. I am aware that across the history of the Federal Council, and its successor, the National Council, there have been a few who have courted the Communist point of view, from idealistic motives, most of whom have since become disabused of their Communist leanings. It is my belief that none of these persons has ever held any important office in the Council, with the possible exception of one man, who fifty years ago, for a short period, did hold such office. He is now an old man, and no longer to be seriously reckoned with.

While these are my convictions, based on observation and study, I am open to honest evidence. In your considered opinion, is the National

Council of Churches a dangerous organization, from the standpoint of Communist infiltration?

In closing, let me, as a law enforcement officer, as a minister, and as a citizen, express my utmost confidence in the Federal Bureau of Investigation in its responsibility of guarding against the infiltrative inroads of Communism. I wish I might say as much for some of the amateur groups having official status, who are so active in the field.

This letter is an honest search for information, though admittedly is written, not from my own sense of need, but at the insistence of a parishioner who is convinced that I am being led down dangerous paths.

Please place my name on a mailing list which will provide me with appropriate information in this field.

IN REPLY REFER TO

[REDACTED]

12 Sept. 1961.

Mr J Edgar Hoover, Director
Federal Bureau of Investigation
Washington 25, D C

Dear Sir:

It has been stated as a fact to me that "the head of the National Council of Churches is a card carrying Communist who is on the FBI list of suspects".

I do not have any information to refute this charge and will appreciate your advice in this regard. I am personally acquainted with the President of the NCC, Mr Irvin Miller of Columbus, Ind. It could be that this charge was made against him or perhaps the Executive Secretary or Director of the NCC.

In any event, I will appreciate whatever information you are able to give me in this connection.

Dear [Redacted]

Your letter of September 11, 1961, has been received and the concern prompting you to communicate with me is appreciated.

In response to your request, I have consistently stated that churches have been and will continue to be important targets in the over-all communist program of endeavoring to infiltrate our established institutions, and we must remain alert to such efforts to subvert our way of life. The communists have tried to infiltrate every part of our society, including the field of religion. Fortunately, this evil conspiracy has not made any substantial penetration into our religious organizations. Patriotic Americans must continue to take a firm stand against communism and combat it wherever possible. This opposition must be careful, constructive and positive, and it must always be kept within the due process of law.

Enclosed are some items on this general topic you may like to read.

Dear Sir:

I became the minister of this church in [REDACTED] on June 27 of this year, and discovered that the people here are very much concerned by the charges of Communism in the churches, and especially the charges of Communism in the National Council of Churches. Our amateur Communist hunters need to hear your views on this matter, for they greatly respect you and will believe what you say, while they will believe no one else who attempts to tell them that wide Communist infiltration is a falsehood.

Irresponsible charges of Communist infiltration are hurting the work of the Church here, and cause worry among our members. It would be greatly appreciated if we could have a statement from you, setting this in its proper perspective,

Thank you very much.

Yours truly,

 Director, F.B.I.
 Washington, D.C.

Dear Sir:

Knowing that you are a very busy person, I hesitate about writing this letter, but I feel that I must have information from someone on whom I can rely. You, I feel, are the only one that can tell me what I would like to know.

I am 32 years old, a housewife and the mother of two sons. I truly want to be a patriotic American and inform myself as a good citizen should. Feeling as I do, I am finding it harder every day to know what to believe and what not to believe. We have an organization in our city called the "Freedom Forum", and at first I was sold on it; these people were going to tell me what communism is and how I can combat it. But now I wonder if their purpose is only politics, they seem to keep talking about how rife our government is with communists, that the U.N. is just a kind of communist front, and a lot of other things that I simply do not understand.

Enclosed you will find a clipping from our morning newspaper, that will give an idea of what I am talking about. Mr. Skousen made his speech here in Tyler last night. Another former F.B.I. agent, Mr. Earl White, is president of the Freedom Forum.

[Redacted] and is, I am sure, a sincere person. He has been [Redacted] so I have heard his views on many things, and some of them are quite good. But, he is against the National Council of Churches

and this is one of the main things that I would like to know about. He gives one the impression that the National Council of Churches is a very liberal organization, bordering on being pro-communist. Is this true? Mr. Hoover, I do not like to see anything having to do with the churches attacked, and unless this is absolutely true I think it should be scotched. You are the one person that I think can tell me where to get unbiased information on these subjects.

I am becoming leery of all these "authorities" and want to know real facts. May I take this opportunity to tell you that ^{you are} a person, for whom all citizens of this nation, have the greatest respect and admiration. The years of honest service that you have given to us all are sincerely appreciated. Thank you for any information you may be able to send me.

America Clean-Up Urged By Speaker

By LANE STEPHENSON

Morning Telegraph Staff Writer

What this country needs is to clean house in the State Department, reorganize the United Nations or else get out of it, break diplomatic relations with criminal Russia and slap the whole Communist block with a 100 per cent trade embargo.

This is what former FBI Agent W. Cleon Skousen of Salt Lake City told more than 1,000 applaud-

See picture on Page 8, Section 1

ing Tylerites and East Texans Friday night during the first public lecture sponsored by the permanent Tyler Freedom Forum.

Skousen, author of "The Naked Communist," traced most of this country's modern-time blunders straight to an elite, professional, left-wing segment of the U. S. State Department. He mentioned the ousted Alger Hiss as a prime example of this group which still has a strong voice in the formulation of national policy.

He called for a thorough investigation of the whole department.

The former Salt Lake City police chief was equally critical of the U. N. and, in particular, Dag Hammarskjold, its secretary-general. Hammarskjold, he said, is a Marxist socialist competing with Nikita Khrushchev for world domination.

Skousen cited the Congo situation to back up this contention.

This, he emphasized, was a Communist operation in the beginning and still is, but now under the disguise of the U. N.

Coming in for particular attack was the charter of the world organization, especially the portion which give veto power to the five members of the security council. Russia, he pointed out, used this authority effectively to avoid censure in the Hungarian revolution and investigation in the shooting down last year of an American reconnaissance bomber.

He noted that he and several other critics of the U.N. are now working on a revised charter and hope to have it completed in the near future.

Advocating taking the offensive in the cold war, Skousen said the U. S. should start looking upon Communists as international criminals and start doing a few things to them, rather than wait. (See AMERICA, Pg. 8, Sec. 1)

Tyler Morning Telegraph Sec. 1
SATURDAY, SEPTEMBER 9, 1956

● AMERICA

(Continued From Page 1, Sec. 1) ing to see what they are going to do to us.

To the delight of the audience, he at one time remarked, "It's been a terrible shock to the President to realize he's dealing with a criminal (Khrushchev)."

The only thing Khrushchev understands is action and tough language, Skousen contended, and every time this country has used it, Russia has backed down.

His suggestions in regards to doing something include breaking diplomatic relations and forcing our allies to join us in throwing up a complete trade embargo against the sagging economies of all the Communist countries.

Turning to the Berlin crisis, Skousen flatly stated, "There's absolutely nothing to negotiate. Berlin requires no settlement; it's already been settled by treaty."

Berlin, he continued, is nothing more than a crisis Russia creates at will to take the attention off its activities in other areas of the world.

Skousen said these other areas include Laos, India, Cuba, Africa and Southeast Asia.

Dear [Redacted]:

I have received your letter dated August 31 and appreciate the concern which prompted you to write to me. Please accept my thanks for your kind comments and prayers.

In response to your request, the quotation you cited was taken from a statement I made before the Committee on Un-American Activities, House of Representatives, on March 26, 1947. I regret that copies of the substance of my remarks are now out of print and no longer available.

I would like to point out that it is a continuing program of the Communist Party to attempt infiltration of every part of our society, including religion. This is still true today. Fortunately, this evil conspiracy has not made any substantial penetration into our religious organizations. I would like to emphasize, however, that churches will continue to be important targets in the over-all subversive plan of endeavoring to control our established institutions, and we must remain alert to any attempt to replace our national traditions with the atheistic philosophy of communism.

Dear Sir,

I am a Methodist minister, with a long previous background of law enforcement, with one of the very large and outstanding law enforcement agencies of our country.

I write this at the behest of one of my parishioners, who is fearful that I have allowed myself to become a "dupe" of the forces of Communism, in some moderately "liberal" views which I hold.

The particular reference in which this lady requested me to write to you is in reference to the National Council of Churches. I am perfectly satisfied that this organization is one of the great forces for good in our present scene, and one whose loyalty and patriotism are above reproach, ---in fact, one of the potent forces against Communist influence in our country.

My parishioner, on the other hand, is satisfied that the Council is not only questionable in itself, but is honeycombed with subversive elements.

Personally, I have become weary of this latter point of view, with which I am very familiar. Yet, I promised to write to you for your opinion of the National Council, in this regard. I am aware that across the history of the Federal Council, and its successor, the National Council, there have been a few who have courted the Communist point of view, from idealistic motives, most of whom have since become disabused of their Communist leanings. It is my belief that none of these persons has ever held any important office in the Council, with the possible exception of one man, who fifty years ago, for a short period, did hold such office. He is now an old man, and no longer to be seriously reckoned with. *don*

While these are my convictions, based on observation and study, I am open to honest evidence. In your considered 1961

opinion, is the National Council of Churches a dangerous organization, from the standpoint of Communist infiltration?

In closing, let me, as a law enforcement officer, as a minister, and as a citizen, express my utmost confidence in the Federal Bureau of Investigation in its responsibility of guarding against the infiltrative inroads of Communism. I wish I might say as much for some of the amateur groups having official status, who are so active in the field.

This letter is an honest search for information, though admittedly is written, not from my own sense of need, but at the insistence of a parishioner who is convinced that I am being led down dangerous paths.

Please place my name on a mailing list which will provide me with appropriate information in this field.

Sincerely,

my

Dear Mr. Hoover:

Thank you for your letter of September 1. It is a great relief to me to know that your department is still on the job. I am greatly disturbed that a news service writer would come up with such irresponsible statements. I have checked with the newspaper and they have suggested that I write into them the information you have sent me, and thereby try to undo the damage his statement may have done. We have enough to be concerned with these days without having to worry as to whether the F.B.I. is on the job or not.

I want to thank you also for the literature that you sent. It will be put to good use and passed around so that many people will benefit from it.

Sincerely,

Although I would like to be of service, the FBI is an investigative agency of the Federal Government and, as such, does not make evaluations nor draw conclusions as to the character or integrity of any organization, publication or individual. I regret that I am unable to help you and hope that you will not infer in this connection either that we do or that we do not have data in our files relating to the subjects of your inquiries.

With respect to your discussion, in my book, "Masters of Deceit," I pointed out that it is a continuing program of the Communist Party to attempt infiltration of every part of our society, including religion. This is still true today. Fortunately, this evil conspiracy has not made any substantial penetration into our religious organizations. I would like to emphasize, however, that churches will continue to be important targets in the over-all subversive plan of endeavoring to control our established institutions, and we must remain alert to any attempts to replace our national traditions with the atheistic philosophy of communism.

I am enclosing some literature on the general subject of communism you may wish to read.

Sincerely yours,

J. Edgar Hoover

Mr. J. Edgar Hoover
 Director, Federal Bureau of Investigation

Dear Mr. Hoover:

You are the nation's number one authority on communism and the threat which it presents to America today. Because of this I write to you.

My wife and I are both members of the First Baptist Church here in [Redacted]. Our church is a member, in turn, of the American Baptist Association. There has been a great deal of talk in our congregation lately to the effect that our association has become too large and that the people are becoming to remote to the organization itself. The chief fear that we have is that the organization may do things, or stand for things which we as individual members cannot subscribe to, and yet we may not know enough about our big organization to know what they really are supporting.

We as an association are members of the National Council of Churches. Many believe this organization, although pretending to be Christian, has communist infiltration to the point that it is classed as a subversive organization. Just last week I heard a man speak (Carl Presson - sp.) who has spent 26 years in the Communist Party but who just recently renounced the organization and became a Christian. He claimed that the National Council of Churches was not infiltrated, that it was founded by the Communists to serve as a front organization for them.

Would you be so kind as to give me the standing of the N. C. of C. according to your knowledge, as well as the Freedom Rider movement, and Mr. Martin Luther King?

Sincerely yours,
