One Park Avenue, New York, N. Y. July 8, 1940.

Mr. J. Edgar Hoover, Director, Sinty free SH Federal Bureau of Investigation, U. S. Department of Justice, Washington, D. C.

Dear Mr. Hoover:

In compliance with the wish of many members of this Society who desire to offer their services to the Government without compensation during the present limited emergency I take the liberty to inquire of you whether the services of the Society as such or those of many of its members as individuals would be desired by the Bureau under the circumstances. I understand that several Society members belong either to the Army Reserve or the Maral Reserve and that by virtue of such membership they are occupied to capacity in some instances and to but a limited degree in others.

For such value as it may have, there is attached hereto a list of members of the Society as of January 1940. Since the publication of this list there has been a net gain in membership of approximately twenty. If there are any additional facts in which you may have an interest please feel free to call upon me.

Mr. John F. O'Connell One Park Avenue New York, New York

Dear Mr. O'Connell:

I have your communication of July 6th and have noted therein the desire of many members of the Society of Former Special Agents of the Federal Bureau of Investigation to offer their services to the government, without compensation, during the present limited emergency.

With regard to this Bureau, I desire to advise that up to the present time the investigative work performed during the emergency has been conducted by the Bureau's regular staff of Special Agents, in collaboration so far as circumstances and conditions have required with fibe members of regularly constituted law enforcement organizations in all parts of the country. The Bureau has received many offers of cooperative assistance, individually and collectively, from citizens and organizations all over the country and has advised each and every organization and citizen that it would be pleased to receive any and all information which they may deem of value for investigative attention. It has not been considered adviseble to accept the services of other than regularly constituted law enforcement organizations and individuals on any voluntary or quasi-voluntary basis.

The reason for the foregoing will, of course, be obvious to you and your associates. It will also, as you undoubtedly realize, be inadvisable to make any exception to this existing rule, even with regard to former Special Agents of the Bureau or the organization which you represent. You may rest assured that if any change occurs in conditions which would make necessary or desirable the adoption of any other policy, which immediately contact you.

比例UTACATONS

I appreciate very much the proffer of cooperation and assistance, and will file the list of members of the Society which you sent for immediate consultation in the event of meed.

My dear Mr. Attorney General:

When you were in Binghamton shortly before last election, you may recall telling me that you had never heard of the Society for Former Special Agents of the Federal Bureau of Investigation.

As the organization is composed, as its name implies, of men who have worn the F. B. I. shield, it occurs to me that if need should arise, as seems most likely, the membership would be a very valuable asset, in case you wished to augment the Bureau force quickly with loyal men who have experience in investigation.

Under the constitution of the organization none are eligible unless they have been agents for at least a year and have separated from the service with a clean slate. Applicants are carefully investigated before they are admitted to membership.

Some of the members, like myself, are old timers who date back to the other World War, others, and they are in the majority, are men who were agents up to within the past five or tenwyears and quite a number left the service very recently.

Not long ago, at one of the meetings of the Society, a resolution was adopted expressing the willingness of the membership to serve, if and when called upon by the Department to do so Altogether there are over three hundred members 67-029-36

MENORANDUM FOR MR. UGO CABUSI EIECUTIVE ASSISTANT TO THE ATTORNEY GENERAL

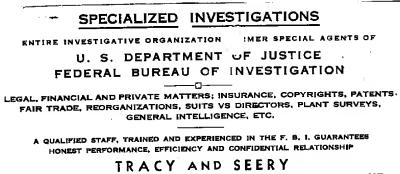

I am returning herewith the letter addressed to the Antonney General under date of March 25, 1941, by Mr. Roy C. McHenry, Attorney and Counsellor at Law, Binghamton, New York.

In the event it is desired to reply to this communication, it is assumed that such reply would be made from your office.

Mr. McHenry was at one time employed in the Federal Bureau of Investigation. For your confidential information, he is a very prolific letter writer. His file reflects that his services in the Bureau were not satisfactory.

With reference to the Society of Former Special Agents of the Federal Bureau of Investigation, to which Mr. McHenry refers, you might be interested to know that this association is headed by Mr. Bruce Bielaski and contains in its membership many so-called "old timers" who would not be able to meet the standards of the Bureau today or to keep up with the Bureau's present pace. The society is not considered as a group which is friendly to the Federal Bureau of Investigation. Many of its members are now engaged in private detective work and in other types of work with which this Bureau should not be connected.

MEMORANDUM FOR HONORABLE J. EDGAR HOOVER DIRECTOR, FEDERAL BUREAU OF INVESTIGATION

ON any

The American Bar Association Journal for September 1941, page 583, carries the annexed advertisement, which I have clipped out of the Journal. It advertises a firm of private detectives stating that its entire organization is composed of former Special Agents of the Federal Bureau of Investigation.

The ingenious but unscrupulous use of large and small type seems to create the impression to the casual reader that the Department of Justice and the Bureau may be back of the organization.

I should like very much to get your reaction concerning this advertisement. If you feel it is undesirable, I would be in a position and would be glad to get in touch informally with the Editor in Chief of the Journal, who is a close personal friend of mine, and who I am sure would be willing to see that the advertisement is modified for any subsequent issues.

I think the suggestion set forth in your memorandum of September 5, 1941, with reference to the advertisement which appeared on Page 583 of the September, 1941, issue of The American Bar Association Journal is excellent.

I certainly concur with you that the small print in the advectisement is most misleading and I do hope that you can make the arrangements which you suggest in your letter.

My dear Director:

I am, as you may know, a member of the "Society of Former Special Arents, etc.," and, as I now understand it, that organization has or will offer its membership as unofficial assistants to your bureau. And I have authorized them to act as my agent in such move. But I am not entirely satisfied with this arrangement and I wish to stick out my individual neck. And with ten years training in the type of work required in your bureau, I certainly should be of more than ordinary consequence.

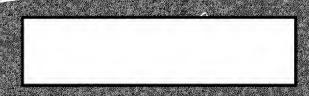

As you may recall, I spent four years in the U.S. Navy and I have kept up with the general activities of that branch of the service. Also I am, as you probably don't know, a mechanical engineer of sorts (eight years extension courses.)

I cannot even consider becoming a regular Special Agent as my business would suffer and an Agent's compensation would be inadequate for my requirements. However, I_{J} should be very glad to devote as much time as I can possibly spare to assisting our government during these painful times. I am very active, have two automobiles and, so long as I stay in or near Pittsburgh, can cover a lot of ground. And I expect no pay other than the usual one dollar per year.

Tf vou are at all interested in my offer you may reach me through either my office at And please

address me, if you address me at all, in a plain envelope.

Kind personal regards.

P.S. I know quite a bit of chemistry and a great deal more about inert, poisonous, combustible and explosive gases, this having been my field of work during the past fifteen years.

VINCENT W. GILLEN

Vincent W. Gillen was born April 30, 1910, in Huntington, New York, the heart of the Long Island "Horsey Set". His father had four fine horses and Vince soon started following them -- behind a plow. When he finished the local schools his family thought such a budding genius needed the opportunities of the "Big City" and so in 1926 all moved to New York. He obtained a position with the Home Office of the New York Life Insurance Company, but finding that work too dull -- and unprofitable -- studied shorthand. He then began a succession of secretarial jobs and in the next few years covered many fields, from gasoline to motion pictures, and from steamships to Wall Street. In 1929 he was with the New York Times Company where he remained until he entered the Bureau. All this time he had been trying to get some education at night. This reached its climax when he was graduated from Brooklyn Law School in June, 1934, and passed the New York Bar examination.

He was studying for a Master of Laws degree when appointed a Special Agent of the F.B.I. on January 2, 1935. His first office was Chicago. When he arrived there a special squad of about thirty men under Inspector Connelly disbanded, but that is reported to have been a coincidence. He stayed there long enough to participate rather actively in an extortion foray into Indiana one night, better known throughout the Bureau as SOCIETY OFFICERS AND COMMITTEES

a trip "ON TO GARY".

Kansas City was the next office where he covered general cases but with special emphasis on bank robbers and hi-He once had the unique experjackers. ience of receiving the complete details of a complaint under the \$5,000 National Stolen Property Act from the wife of a high officer at Fort Leavenworth. The stolen (or missing) property was a precious mutt named "Grayfrairs Bobby", who seemed to have got disgusted with Army life and one day took off through an inadvertently opened door. Vince also participated in the investigation of the Kansas City Vote Frauds in the 1936 election. In fact, he had the only case where a higher-up - a Ward Leader was convicted.

The next office was Philadelphia, where he remained long enough to get acquainted before going to Cleveland on special assignment. There his nostalgia for New York grew and so he shortly resigned and returned to New York and insurance, but this time with the Metropolitan Life Insurance Company, as an Inspector investigating suspected claims.

Since returning he finished his Master's Degree in Law, and was admitted to the New York Bar. He lives in a house he bought in Brooklyn with his wife and three children. The first child was born in Washington while Vince was in training school, the second in Kansas City, the third in Brooklyn. Vince says he is almost afraid to move to another city again.

LEE H. SEWARD.

Lee was born in Winter Haven, Florida, on March 13, 1897. He spent his boyhood at Tampa, where he was graduated from the public schools in 1913. Despite his extensive travels, Lee is one of those who still insist that California people will never know real oranges and sunshine until they have visited Florida.

In 1913 Lee joined the Navy, and served until 1919. During this period he participated in the campaigns at Vera Cruz, Mexico and Port au Prince, Haiti. From 1917 to 1919 he was a Special Agent in the office of Naval Intelligence. During 1919 he was also a Special Agent of the Cuban Government for four months.

Lee was appointed as a Special Agent of the Bureau in 1919 and served until 1921. During this period he had many experiences, several of which are related here, and was attached to many offices of the Bureau.

In 1921 and 1922, Lee was a Marine Engineer and Special Agent for the U.S. Shipping Board. From 1922 to 1929, he was employed as a salesman for Kopper's Coke Company, Brooklyn; Tatum Brothers, Miami, Florida; Bebevoise-Anderson Foundry Supplies, New York; Bishop, McCormick & Bishop, New York; and International Combustion Engineers, New York.

During part of 1929, Lee was employed by the New York Credit Men's Association in liquidation matters, and was associated in this work with Morty Davis. From 1929 to 1941, he was a fuel engineer with the Public Fuel Service, Wholesale Fuels, Inc., and Pocahontas Coal Corporation, all of New York City. Lee is now a Special Agent of the United States Department of State, where he was been employed since December, 1941.

One of the high-lights of Lee's experiences with the Bureau occurred shortly after the last war. A young army

THE GRAPEVINE

officer, just released from active duty, was employed by a contractor with a government contract in Jacksonville, Florida, and absconded with a payroll of about \$20,000.00. Lee learned through the post office that his wife had mailed a letter to him from Jacksonville, Fla. to General Delivery, Brooklyn. Upon arrival of this letter, Lee covered the General Delivery window for three days, and on the third day the subject called for the letter and was apprehended. During dinner at a restaurant, the subject desired to know how he was to be disposed of. When informed that it would be necessary to incarcerate him at the nearest station-house, he objected to being confined with dissolute characters and criminals, and requested that he be released on his own recognizance until the following morning.

The subject had a nice personality, and said he regretted his mistake, etc., etc. He did a very good selling job on Lee, with the result that Lee invited him to spend the night in his home as his guest. In order not to alarm his wife and sister, Lee introducted the subject to them as a Special Agent from out of town.

However, after every one had retired, the situation was reconsidered, and Lee notified his sister of the true identity of the "guest" and armed her with an extra revolver. Needless to say - the "guest", without his knowledge, was well guarded during his visit.

Not until a few days after did Lee's wife learn the true identity of the "guest", and for some time after it was very difficult for Lee to bring home a friend or acquaintance unknown to his wife, - even a real Special Agent with all the proper credentials. Lee also likes to recall his experiences in the Communist raids in January, 1920. He was ordered to proceed to Claremont, New Hampshire, and, with all the other agents throughout the country on this assignment, was to start these raids simultaneously at 8:00 P.M. on a certain day.

Lee arrived in Claremont at 3:00 in the afternoon of this day, and as the Bureau had no under-cover man in that vicinity, did not know whether there was any Communist organization in existence there. However, with the able assistance of the Chief of Police, his two assistants, and the Superintendants of three industrial plants, Lee was able to compile a list of suspects.

The necessary arrangements were made with the Chief of Police and the volunteer fire department for transportation, incarceration and interrogation facilities. The raid started at 8:00 P.M. promptly, and fortunately, Lee and the officers were able to eventually locate the charter and roster of the local organization and identify the officers. From then on it was clear sailing. The news of the raid spread to the surrounding community, and the following morning the town was thickly populated. From the police station and firehouse - which were used as headquarters - to the railroad station was about three quarters of a mile, and the permanent and visiting population were lined along this route.

Between these ranks of angry and bitterly resentful local residents marched the prisoners. Undoubtedly, these old-time American farmers were near the point where they could no longer control their deep seated emotions, and, it seemed as though a combined rush would be made to take possession of the prisoners and administer Lynch Law. At this critical time, however, Lee's usual diplomacy and powers of persuasion were brought into play, and through his appeal to the crowd, the prisoners were saved from rough treatment.

NEWTON T. STAPLETON

December 21, 1906 was a "red letter" day in the thriving metropolis of Colquitt, Georgia, when "Newt" Stapleton first saw the light of day. Neither Colquitt nor the State of Georgia have been the same since. He struggled manfully through the public school system of his native town, and after being graduated from the local high school, went to Macon, Georgia, and enrolled in Mercer University. He attended both the Liberal Arts College and the Law School of Mercer from 1923 to 1931, when he received his L.L.B. degree.

During this period, Newt also took time out from his school work to engage in other activities. For one year he taught school in his home town, and for two years was Superintendant of the Bronwood, Georgia, High School. He also spent about a year and a half with the United States Public Health Service as a County Health Officer, engaged in the prevention of contagious diseases and the promotion of sanitation.

Newt also was fond of baseball, and for several summers played semi-professional baseball, and was known as the "Bobby Feller" of the Florida East Coast League during one summer. During this period he found time to convince Miss Elizabeth King that he would make an acceptable husband.

After admission to the Georgia Bar

in 1931, he was appointed a Special Agent in the Federal Bureau of Investigation, and started his work in November, 1931. ; He was stationed as a Special Agent in Seattle, Kansas City, New York City, Birmingham and the Washington Field Office. This was followed by a tour of duty as a Supervisor in the Bureau at Washington. He was then made Special Agent in Charge and served in this capacity in the field offices of Charlotte, Buffalo, Nashville, Memphis and Cleveland.

He resigned from the Bureau in February, 1938, and accepted a position in the Legal Department of E.I. DePont de Nemours & Co. at Wilmington, Delaware, where he is still employed.

While in the Bureau, Newt became known far and wide among Police Officers Associations as the "G-Man who could throw a load of lead into the Bull's Eye". On the basis of his own accounts of hunting trips, he is still qurite a shot.

For recreation, he plays golf, badminton and pingpong. It is difficult to determine just how proficient he is at these sports -- estimates vary from "expert" (according to N.T.S.) to "dub" (according to his more outspoken opponents). Jack Welles, Apie Lowden or Jack Warnes can give the lowdown to anyone interested. During the summer he takes his creaky bones out on the soft ball diamonds where he occasionally recaptures some of the old fire of college days.

Newt's interest in education has not lagged, as he is pursuing courses in First Aid and Chemical Warfare in preparation for his dual position of Air Raid Warden and Auxiliary Policeman in Westover Hills, a Wilmington suburb, where he lives with his wife and son and daughter, and of which he will, undoubtedly, some day be Mayor.

SETH WIARD

Seth is a "Swamp Yankee", having been born and reared in Connecticut. After receiving his early education in his native State, he enrolled in Rennsalaer Polytechnic Institute in New York State, and was graduated in the class of 1916.

During the first World War, Seth served three years in the United States Coast Guard as instructor in Ordnance and Gunnery and Deck Duties. He spent the next fifteen years in one angle or another of weapon and munitions work from both a commercial and a teaching standpoint, which time included four years at Northwestern University as instructor in Police Science. At Northwestern, Seth had two or three old Bureau Agents as students.

Seth was appointed to the Bureau in 1934, and spent most of his time while in the Bureau in charge of firearms identification in the Technical Laboratory. He later resigned to accept a position with a chemical warfare concern in Cleveland.

Seth was ordered to active duty with the Ordnance Department of the Army last March, 1941, and assigned as Executive Officer to the Denver Ordnance Plant. He was placed in command of the Denver Ordnance Plant in November, 1941. This plant is one of the newest, largest and best small arms ammunition plants in the country. The Remington Arms Company, Inc., who are the operating contractors, have two or three former Bureau men working for them, including John Mertz, who is now Assistant Personnel Director at the Utah Ordnance Plant in Salt Lake City, and one or two other Bureau men who are at Bridgeport, Connecticut.

R.BRUCE NATHAN

Bruce was born at Sheffield, Alabama, on October 25, 1899. He received his early education in the Sheffield public schools, and then entered the University of Alabama, where he received his A.B. degree in 1921.

Bruce was principal and athletic coach of the Sheffield High School in 1921 and 1922. He then went to Washington, where he was a clerk in the office of United States Senator Oscar W. Underwood from 1923 to 1925.

While at Washington, he found time to pursue the study of law at George Washington University, and received his L.L.B. degree in 1925. He practiced law in Sheffield from 1925 until 1927.

He was appointed a Special Agent in the Bureau in 1927, serving in a number of field offices. He resigned in 1929, and again resumed the practice of law in Sheffield.

Bruce was again appointed a Special Agent in the Bureau in 1931, and served at various times as Bureau Supervisor, and as Special Agent in Charge of the Kansas City, Birmingham, Jacksonville, and New Orleans offices.

He resigned from the Bureau in 1937, and engaged in the practice of law in San Francisco in association with Melvin Purvis and William A. Smith. In 1938, Bruce became associated with Braun and Company, Public Relations Consultants, and is now the manager of their Kansas City office.

Bruce is a member of the Alabama and California Bars. He served in the United States Army in 1918, at the Field Artillery Central Officers Training School, Camp Zachry Taylor, Kentucky.

Bruce married Miss Elizabeth Atkinson, of Alabama in 1932, and has two daughters, ages 6 and 1. Bruce writes that his experiences in the Bureau gave him the feeling that he was a part of an organization which was doing an outstandingly effective work, and that he cherishes principally the friendships made with as fine a bunch of men as could be found in any outfit.

J.W. WARNES

Jack was born in Minnesota, and after his preliminary education, attended Hamline University at St. Paul, and the University of Minnesota at Minneapolis, graduating from the latter named institution with an L.L.B. degree in June, 1928. He was admitted to the Minnesota Bar the same year.

Jack was appointed a Special Agent of the Bureau in November, 1928, and served until June, 1941. While with the Burcau, he worked at the seat of Government for a number of years, besides being assigned to a number of eastern and midwestern field offices.

He engaged in many important investigations, and was later promoted to Special Agent in Charge, serving in that capacity in the Buffalo and Huntington, West Virginia offices.

Jack resigned from the Bureau in 1941 to accept a position in the Legal Department of E.I. du Pont de Nemours & Co., at Wilmington, Delaware. His work at present is chiefly concerned with plant protection in connection with the Company's war production efforts.

NEW YORK

<u>Minutes of Executive Committee</u> <u>Meeting of January 23, 1942.</u>

Meeting had been called for 5:30 P.M. at the office of President O'Connell. Meeting started at 5:45 P.M. Present were: President John F. O'Connell; Chairman John L. Harrigan; M.J. Davis; Charles H. Lane; Wm. B. Moran; and Secretary Henry P. Dolan.

Discussion was had concerning the questionnaires which had been sent to all members relative to the Society offering its services for national defense. Secretary Dolan said he had read the questionnaires as they were received. Substantially all of those returned offered services on a part-time basis. About 15 or 20 members raised objections to members offering their services as individuals. Several of the returned question* naires indicated an objection to the Society again offering its services to the F.B.I. Only about 2 or 3 members are unemployed, and the usefulness of these few would be greatly limited because of age, or other disabilities interfering with active service. Charles Lane mentioned knowing: of a very prominent individual, who was also a former Supreme Court Judge, and who has made

6

several trips to Washington in recent months, seeking to offer this individual's services to defense organizations on a part-time basis. The Justice definitely concluded that no Government agency would accept an individual, no matter how capable or well qualified, on It was the consensus a part-time basis. of the meeting that the Society, as such, should not take any action offering its services as a group. It will be left to each individual Society member as to how his services are tendered for defense purposes.

President O'Connell mentioned that Buck Buchanan, of Lockport, N.Y., is sick. It was decided that Clerk Moran should promptly write to Buck, expressing the sympathy of the Society. (Such letter was written on 1/24/42.)

The next date of the regular February Society meeting was set for Thursday, February 26th. Secretary Dolan was authorized to make arrangements at a price of not exceeding \$2.00 per plate, which is to include the gratuities. It was recommended to Secretary Dolan that he attempt to have the meeting at the place where several meetings, including the last annual meeting, were held with accomodation - the Phi Gamma Delta Club, 106 W. 56th Street. Secretary Dolan was authorized to make all arrangements.

Discussion was had as to the failure of the new Membership Committee to function, and of past difficulties with such Committee. It is realized that the Membership Committee is a very important unit, and its failure to promptly pass on applications occasions doubt and misunderstanding among applicants. It was realized that the new Membership Committee members were probably awaiting assistance or recommendation from the Executive Committee for their holding a meeting and electing a Chairman. It was decided that clerk Moran should contact Albert Pike and recommend that New York City members Pike, Gillen and Seward promptly get together, organize, and initiate action on pending applications, some of which Secretary Dolan indicates have been received as far back as last November. (Clerk Moran on 1/24/42 contacted Mr. Pike, who promised to contact the other two Metropolitan members for prompt functioning.)

Discussion was had concerning letter of 11/25/41 from member W.Edmund Peters, concerning the membership certificate for wall decoration. Member Peters wondered whether the Society should not have a "Lost Motions Committee". Clerk Moran, who has been the one man Committee on the certificate angle for over a year, readily admitted his Committee had not produced, and strongly urged that his "Committee" be discharged with a severe reprimand, and a new Committee appointed which, at least, could do no worse. No action was taken on Moran's recommendation.

Meeting adjourned at 6:20 P.M.

Wm. B. Moran. Clerk.

Minutes of the Executive Committee Meeting held on April 17, 1942.

Meeting was called for 5:30 P.M. in the office of President John F. O'Connell. Present were: John L. Harrigan, John F. O'Connell, Shelby Williams, Wm. B. Moran, Bryan Farrell, John T. Trimble, Henry P. Dolan and Lee H. Seward. (Charles H. Lane, M.J. Davis and R.D. Brown were absent.

It was decided to hold the May guarter-

ly meeting on May 21st. Secretary Dolan was appointed a Committee of one to make the necessary arrangements, with the recommendation that it be held at the club house where the last several meetings were conducted, with the overall price of \$2.00 per member.

Secretary Dolan mentioned having received a communication stating that E.B. Montgomery, former Chairman of the San Francisco Chapter, had recently died. The San Francisco Chapter had represented the Society at the funeral, sending flowers, etc.

Bryan Farrell, who is aiding Secretary Dolan in the preparation of the annual Directory, informed that the costs will be considerably increased because of the general advance in labor and materials, and because of the additional line for showing the business affiliation of members. It was agreed that a deadline should be set within which members must return the questionnaire for Directory purposes. Such questionnaire had been mailed on April llth. The deadline was set for April 25th. Mr. Farrell expected to have the Directory completed and in the mails about two weeks thereafter.

Because of Secretary Dolan being extremely busy in his official work concerning National Defense matters, it was agreed that Bryan Farrell should act as Assistant Secretary, and receive whatever financial benefits might be due on behalf of the Secretary's office.

John Trimble, Editor of the Grapevine, informed that he had considerable material on hand, would be glad to receive more, and hoped to have the next issue of the Grapevine in the mails in about two weeks. After informal discussion, it was the consensus that an outside speaker was not preferred for the May meeting.

In the absence of Membership Chairman Albert Pike, Lee Seward informed that the Membership Committee had passed for approval 15 members, and that 3 more are in the pending status awaiting further information.

Meeting adjourned at 6:40 P.M.

Wm. B. Moran, Clerk.

Minutes of Meeting of Society held in New York City on February 26, 1942.

On February 26, 1942, the regular meeting of the Society was held at the Phi Gamma Delta Club, 106 West 56th Street, New York City. It was preceded as usual by a dinner at which 51 members were present.

The meeting which followed the dinner was called to order by President O'Con-The Secretary's report of the nell. previous meeting was waived as it had been printed in full in the Grapevine just prior to the meeting of February 26**th**. In the absence of the Treasurer. his report was read by the Secretary and accepted by the membership. Chairman Harrigan then presented the minutes of the Executive Committee meeting of January 23, 1942, and the action of the Committee as reported was accepted and approved.

The first business of the evening was a report by Mr. Moran, Chairman and sole member of the Lost Motions Committee. The assignment referred to his Committee was to locate a lost motion to issue each member of the Society a certificate of membership. Mr. Moran reported no success in locating the motion but recommended that any member desiring a certificate should have his membership card enlarged and framed. After some discussion, the report was accepted and the Committee discharged.

A telegram was received during the meeting from John Manning, an absent member, containing a motion to invest all excess Society funds in War Bonds. This motion evoked considerable discussion but the result was that the Executive Committee was authorized to buy five one hundred dollar War Bonds and also to convert them whenever advisable to do so. During the debate it was brought out that the Executive Committee had not been authorized by the membership to convert the bond which it had been directed to buy at the November 22nd meeting. Such authorization was voted.

Chairman Pike of the Membership Committee reported that all applications received had been passed upon and the Committee was meeting regularly and its work was up-to-date.

In accordance with the usual custom, new or prospective members and those who were present for the first time were called upon. Those who responded were:

> Lloyd Richmond Frank Worthington Nate Frankel

All expressed pleasure at being present and hoped to attend regularly.

Carl Hughes reported that the Chicago Chapter was going along well, and that he expected organization of a Washington Chapter to get under way immediately.

President O'Connell reported a letter from Stan Collins advising that Dan Betzman had died. All funeral arrangements were handled by John Gregurevitch, who reported that Mrs. Betzman wished to thank the Society for their remembrance. Bruce Bielaski gave a short biography of Dan Betzman and advised Mrs. Betzman would have a job upon her return to New York. All members rose and remained silent for one minute for Betzman and Ed. Montgomery who also has passed away.

An inquiry was reported from the Naval Intelligence as to James E. Wilkie, presumably a former agent. No one present was acquainted with Wilkie.

Jack Fogarty reported that Matt Horan was at the West Point Hospital, West Point, New York, in serious condition, and asked members to write. Charley Silveous offered to visit the hospital and report on Matt's condition at the next meeting.

George Harvey reported that "Buck" Buchanan was seriously ill. Bill Moran had written him in January, but received no reply. It was decided to have a Buffalo member make inquiries and report.

The meeting adjourned at approximately 10:30 P.M.

Below is a list of members who were present at the dinner or meeting, or both:

A. Bruce Bielaski	Jack Heffler
L.G. Bernstein	F.M. Hickey
H.A. Bloomquist	Carl W. Hughes
John Brann	Ben E. Jackson

SUBMARINE

Dear Editor:

Well I covered the Society Meeting of your former lads and I do not think they tumbled because they accepted me with open arms. Maybe because I was one who had paid my dues. Some are in arrears for their dues, it seems.

You will get a big kick out of this one -- you know how some of those former associates of yours used to get everything mixed up - well they even got the place for the meeting mixed up and some of the gents were trying to break into a garage.

They were still talking when I left about how Gyp crashed the meetings and is now back working in Kansas City with his badge all shined like new. Incidentally before I forget the dinner cost two bucks again, so I hope you will be able to blue slip it for me.

They elected officers again. Gee. they are always electing someone for something in every meeting I attend. Manning was most serious until he announced his successor O'Connell, and O'Connell immediately took on the serious look of Manning when he heard the announcement. Now I don't want to appear disrespectful but from the turn the meeting took, I would not be surprised to see O'Connell run for three terms as President, even the Tom Dewey was against a third term for anybody until LaGuardia. The reason O'Connell will run for three terms as President in the opinion of your Snooper, is because the whole meeting took on the atmosphere of a bunch of New Dealers in a caucus meeting. You see the Treasurer gets up and announces how much money they have and immediately they start making motions and seconding them on ways and means of spending the money. First they get up and grumble about how much work it is to publish the Grapevine and that they need six assistant editors with a Secretary for each assistant, and then they will hire some professional to write it and get it printed. Well, immediately that fellow from Long Island who I told you about in my last report wants to make a motion to spend half the yearly dues to publish the old Grapevine. Well, this had to go under the heading of unfinished business because before they could spend the money on the Grapevine, Bill Moran gets up and grumbles about how overworked the Secretary gets and wants to spend the other half of the money for a paid Secretary. Well, before they could agree to spend the other half of the money for this blonde paid secretary, this guy from Long Island THE GRAPEVINE

gets patriotic and jumps up and makes a motion to lend the money to the government. The low down on this patriotism stuff is this - Olney is collecting money for the government - Olney was at the meeting and my confidential informant tells me Olney has to work on a commission now - well, my C.I. says he saw Olney sneaking a box of cigars into the meeting. Now you can put complete reliance in my confidential informant's information because this is the first meeting where they ever passed cigars around. Well, this just about spent all the Treasurer's dough, and the fellow sitting next to me wanted to get up and make a motion to pay the President of the Society a thousand dollars a year. I pulled him down off his feet before he could get recognition from O'Connell, and when I asks him why he wants to make such a crazy motion, he points at Manning and tells me how tired he locks and then starts crying that he thinks Manning should be given a life pension for his I finally quieted him when year's work. I told him Manning's inheritance was a big brown jug. They certainly made a mistake when they elected a new treasurer because they spent all the Society's money before he could take office. They should have elected some one to the office of Promoter because they are sure going to have to promote a loan soon with all them New Dealer ideas.

You remember your bad boy Red Harten well, he certainly made a red apple out of McCallum. McCallum was under the table looking for an answer and you know you never saw Mac when he couldn't talk. Well, the Ex-Marine was pinching his leg to make sure it wasn't made of wood and you can take it from me he felt sticky and could feel the drip, drip of the molasses. I am not sure but what he felt like a "Big Drip".

If you need any favors from Hughes!

boss, you can trade him this information that Hughes admitted his trip in from the sticks to the District of Columbia was faked so he could get to New York.

In closing I must tell you they had the same floating bar, but that Ex from Illinois now assuming a more "Holy than Thou" in Brooklyn was secretly agitating a floating crap game to go with the bar.

The DuPonts were there five in number as sober and serious - thought they had a stick of dynamite in their hip pockets.

Closing this report with an undeveloped lead to cover the next meeting.

> Your Snooper, The Night Writer.

SAN FRANCISCO

Meeting held on January 19, 1942.

A meeting of the San Francisco Chapter was held on January 19, 1942, at 6:00 P.M. at Hellwig's Restaurant, San Francisco. The following members were present:

W.G. Treadwell	H.Eugene Roberts
Joe Schoales	D.E. Hall
James McGrath	E.M. Blanford
Robert Wales	Leo Walcom
Ennet Daley	Carl J. Fndres
E.M. Atherton	Remington Stone

During the business session, at the request of our most worthy chairman, E. B. Montgomery and secretary, Walter G. Treadwell, they were released from their respective offices in the Chapter with a vote of thanks to our Honorable Chairman Mr. Montgomery, who was unable to be with us. It was voted that a letter be sent to Monty by the secretary, which has been done, expressing the group's gratitude for his fine service to the Chapter and the regret that he is not able to continue.

The election of new officers was conducted by acting chairman, Walter G. Treadwell of the San Francisco Chapter. Walter G. Treadwell, as Chairman, and H. Eugene Roberts, as Secretary, were each voted unanimously by the members present for the offices.

The membership expressed a desire to have meetings regularly at a specified time for the purpose of allowing our traveling friends in the Society to arrange their road trips to coincide, whenever possible, with our meeting date. For this reason, it was decided that the first Monday of April, June, August, October, December, and February, 1943, would be designated as the meeting dates of our San Francisco Chapter.

The Welcome Mat is out to all our traveling friends.

H. Eugene Roberts, Secretary.

Meeting of April 6, 1942.

A meeting of the San Francisco Chapter was held on April 6, 1942, at 6:00 P.M., at Hellwig's Restaurant, San Francisco. The dinner meeting was attended by the following:

Sam C. Bennetts	David E. Hall
Carl J. Endres	R.E. Lawrence
R.F. Wales	E.M. Blanford
W.G. Treadwell	G.A. Hudson
B.E. Dobell	R.A. Whitson
H. Eugene	

Our good friend James McGrath was on the sick list and unable to attend.

The meeting was a chatty informal affair. The recent passing of our good friend and former chairman of the San Francisco Chapter, E.B. Montgomery, was lamented. Each one expressed the opinion that he had lost a very warm friend with his passing.

H. Eugene Roberts, Secretary.

JIM McGRATH reports that GENE ROBERTS has been placed in charge of the San Francisco office of the Association of Casualty and Surety Executives at 315 Montgomery Street in that city, and that CHARLEY GRIFFEN, of the Los Angeles Chapter recently visited the boys in San Francisco. He also states that he expects C.C. Spears, who has been operating the Spears Investigating Bureau of Portland, Oregon, to visit the San Francisco Chapter soon.

JIM also reports that although he did not see any report in the Grapevine, he learned that George A. Compana, who was formerly in charge of the Washington and Jacksonville offices of the Bureau, died some time ago.

The committee is composed of the following members:

The meeting was called to order by Chairman Charles Griffen, and a report was requested from the Nominating Committee, composed of Joseph E.P. Dunn, A.B. Leckie, and Everett Brown. The committee informed the membership that they had unanimously agreed on Blayney Matthews as Chairman, and for the office of Secretary, they had decided on Arthur Webb and Frank Sturgis.

On motion of John Hanson, seconded by Ray Cusick, Blayney Matthews was unanimously elected Chairman of the Los Angeles Chapter for the ensuing year. OHIO CHAPTER CHATTER

By Stan Collins

We of the Ohio Chapter lost a staunch supporter and a loyal Society member in the sudden and untimely death of our friend Dan C. Betjeman, who died at Cleveland on December 29, 1941. Dan's death leaves an irreparable gap in our ranks and we will sorely miss his friendship and association. We have lost a real friend.

ED CRUTCHFIELD, now with the U.S. Air Corps, Material Division, finally made his long promised visit to Cleveland in March. Says those Detroiters are planning a chapter. Good luck, boys.

LLOYD RICHMOND, looking more dapper than ever on his recent visit to Cleveland. He now concerns himself with the interests of Montgomery Ward at Albany, New York.

<u>BILL GMERECK</u> and <u>HAL SCHROEDER</u> are heading a searching party to Salem, Ohio, to look for W.E. Peters, who must have got lost in the winter's deep snowat least we haven't heard from him for months.

WAYNE MERRICK, "The Cattle King", doesn't figure on going hungry for the duration as he recently bought a number of prize heifers in his native Iowa. Wayne dropped in at Cleveland during March.

<u>CLIFF WHALING</u> now holds forth in Ecorse, Michigan. Note: You Detroiters, a candidate for your proposed chapter.

<u>GENE WARD</u> looking for 4 new 6:50 x 16 tires - if none are available, offers on a slightly used horse and buggy will be accepted. EDDIE O'BRIEN invaded the Chicago territory during January and reports Tommy Cúllen, Wally Clark and Nelson Zimmerman look very impressive in their Navy uniforms.

STAN COLLINS on 3/13/42 received his commission as Chief Boatswain in the U.S. Coast Guard Reserve.

"To the Tune of 'Humoresque' "

Brokerage houses all agree That Charley of the SEC Is quite the roughest man they've ever met G-man Greaney's constant wail is "throw damned crocks right in jail" He vows that each and everyone should sweat. Oft' times whene'er a case is solved But mere injunction is involved Friend Charley cries, "That case ain't worth its salt". "A civil action is all right But as for me I like a fight For stakes as high as five years in the vault". A mere restraining order Isn't worth a quarter Warrants are the things to sock 'em with. Give the law some teeth and hear the chislers beef Everyone should know we ain t a myth So when we get a case involving Heinous acts that need some solving Go to Charley Greaney, he's the man. He'll laugh with glee and then he'll cry "Give me the dope- I'll get that guy And next year he'll spend Christmas in the can. "

WILMINGTON WHISPERS

By Jack Warnes

<u>PETER J. NOLAN</u> was married to Miss Genevieve M. Kelly of New York City on December 1, 1941. As everyone knows, Pete is a Charter Member of the Society and was most helpful in guiding the destinies of the organization through the beginning stages of its existence. Pete's charming wife attained a most enviable record in the advertising field prior to the time Pete cut short her business career, by matrimony. Mr. and Mrs. Nolan are making their home in Wilmington, Delaware, at 1320 Delaware Avenue.

That sad expression which Theodore Newton Stapleton (Newt for short) was wearing around last January was due not only to hard work, etc., but mainly to the fact that the Japs prevented Newt from taking his Christmas vacation in the Southland. All reports from the South were that the "huntin" was good and the hounds were "rearin to go". As it turned out, Mrs. Stapleton and the Kiddies visited her family in Cuthbert, Ga., and Newt had to stick by the ship here in Wilmington, where he is involved in defense and protection problems up to his eyebrows.

The many friends of <u>WILLIAM F. WHITE-</u> <u>LY</u> will be interested to learn that he is now assisting Jack Welles in protection work at the Hercules Powder Company. Jack certainly obtained a real asset for this company. After approximately seven years of excellent service with the Federal Bureau of Investigation, Bill resigned on September 1, 1941, and shortly thereafter went with Hercules. Bill, his wife, Alice, and their youngsters now are residing at 3208 West Second Street, Wilmington. We other former agents are most happy to welcome Bill and his family to Wilmington.

We recently received a "flash" to the effect that R.E. "Pete" PETERSON obtained a position as Plant Protection Manager for the Ford, Bacon & Davis Company, at the Arkansas Ordnance Works, Little Rock, Arkansas. After about ten years of faithful and outstanding service with the F.B.I., Pete resigned this last fall and obtained his position with the Ford, Bacon & Davis Co., around December 1st last. We know that Pete will make an excellent record at the Arkansas Ordnance Works and the Wilmington group of former "F.B.I. ites" extend to him every good wish in his new undertaking; we know that all members of the Society do likewise.

It no doubt will be of interest to the many friends of JOHN C. MERTZ, former Special Agent of the F.B.I., to know that he is now connected with the Remington Arms Company, Inc. After John's resignation from the F.B.I., he obtained a position with the Securities Exchange Commission. Then, last summer John obtained employment with the Remington Co. at the new plant which this company is operating at Denver, Colorado. Because of his good work he was transferred from the Denver Ordnance Works to the Utah Ordnance Works at Salt Lake City, Utah. Remington will operate the Utah plant. John's chief duties are in connection with employment problems.

<u>GEORGE ROSS</u> is also working for the Remington Arms Company, Inc., at the Utah Ordnance Works, Salt Lake City, Utah. It will be recalled that George was with the F.B.I. for about eight years, or more; He was located at Washington for several years, and then went out into the field as a Special Agent, and later as instructor at numerous police training schools, conducted by the F.B.I. Needless to say, George has his hands full checking up on the personnel being employed at the above plant; however, Salt Lake City is George's home town, and his local connections are a great help.

FLASH * EXTRA ****

"All work and no play, makes Jack a dull boy". In view of the fact that there is a great deal of truth in this saying, some of the Wilmington Society members have joined a local Badminton club- in fact some of these members are going at it very strenously, if not altogether dexterously. One of our really outstanding members suggests that we hereby issue a challenge to any other group of Badminton players (with equal qualifications and similar backgrounds) to play a match, either singles, doubles or what have you. Confidentially, it is reported that Jack Warnes became so all fired determined about this game that he has acquired considerable adroitness in "making necties out of Badminton rackets". One of the players is still nursing a head and neck (about a week old) injury as a result of a misdirected, but well intended shot. Perhsps we shouldn't overlook Newt Stapleton's proclivities in the art of "ear clipping". Graham "A.P." Lowdon's right ear is Exhibit A, as proof of Newt's tendencies along these lines.

No doubt the many good friends of Mr. and Mrs. Graham "AP" Lowdon will be interested to learn that the Lowdon's are expecting a blessed event sometime during the latter part of June or the first part of July, 1942. "AP" says, "The latter part of June will be safe".

JACK WARNES visited his old stamping grounds at Huntington, W.Va., where he was S.A.C. for over a year. While there he learned that Greer C. "Doc" Woltz recently resigned from the F.B.I., and is now employed by the Wheeling Steel Company at Wheeling, West Virginia.

"THE HEIGHT OF SOMETHING OR OTHER"

The other day an application blank was received from a young lady(?), in which she obviously endeavored to answer all the questions very completely and with equal candor. Among numerous questions regarding her personal status, was the question "Sex?" To this the following answer was given: "Occasionally".

All of the former Bureau agents now located in Wilmington, Delaware are kept very busy with the increasing demands brought on by the War. Newt Stapleton is tied down to his desk days, nights, and Sundays; while Jack Warnes and other members of the "protection staff" are kept busy moving about the country in order to safeguard numerous war production plants.

ATLANTA

By Felix O. Cox.

<u>CLEMENT S. KESTER</u> who has been employed in the Atlanta Field Office of the Claims Bureau, Association of Casualty and Surety Executives, has received a call from the Naval Intelligence, in which he holds a commission, and has reported for physical examination. He passed the examination in fine style, but has not yet been ordered to active duty. Whether he will be called into the service to help John Murphy and Louis Wade keep the Navy on an even keel remains to be seen. In the meantime, he is dealing out plenty of grief to crooked insurance claimants in the Southeast.

ALLEN E.LOCKERMAN is Resident Agent at New Orleans for the Association of Casualty and Surety Executives. He has been in New Orleans for about eight months, during which time he has disposed of a number of fake claimants, and has also reached into the ranks of professional men and secured the conviction and sentencing of a doctor for participating in frauds against members of his Association. Lockerman is running true to form in making his presence felt in a big way. He informs me that he has talked to a number of Society members in New Orleans, including Hugh M. Wilkinson and Max M. Schaumburger, both of whom are prominent in the legal fraternity, and Forrest C. Pendleton, who owns and operates a large detective and patrol service with offices in the Whitney Bank Building.

SAMUEL C. GURVICH, according to Lockerman, is doing his bit for Democracy in a big way. Sam's organization now has 625 employees and they are extremely busy in connection with national defense projects. Due to the scarcity of men, Sam says it has become necessary to employ women. A picture recently appeared in a New Orleans newspaper showing three of his "patrol women" being sworn in to the service. Sam also appears in the picture, which is contrary to Bureau instructions and the Manual, which says no Special Agent should ever allow himself to be photographed. Sam says his "patrol women" may not be eligible to participate in beauty contests, but that they are as "tough as hell". Gurvich recently donated his privately

owned airplane to the Civil Air Patrol and his yacht to the U.S. Coast Guard for use in defense activities.

FRANKLYN F. YEARSLEY is still located at Jacksonville, Florida, and making the going tough for would be "total disability claimants" against his company. I had a long pleasant talk with Frank in Jacksonville not long ago, and he has removed from the Beach and is now residing in South Jacksonville. In spite of the fact that he is keeping pretty busy, Frank is sort of getting the scent of powder in his nostrils and wants to connect with some branch of the service where he can see real action. What a man!!!

C.S.GOSHORN. It was my pleasure to see and have a long talk with C.S. Goshorn. C.S. has never joined the Society, but I believe that with a little persuasion, he might become a member. You will remember him as a "book sleuth" and a guy everybody liked. I worked with C.S. in Jacksonville, Charlotte and New York City. He is now at the head of the Credit Department of the Florida National Bank in Jacksonville, and is doing a highly efficient job. I got this information from his superiors, and knowing him as I do, I am sure that it is authentic.

<u>BOB AMIS</u>. Bob is still with the Wage and Hour Administration, and has charge of the states of Alabama, Mississippi and Louisiana, out of Birmingham. I had a very pleasant visit with Bob, who has never joined the Society, but says he likes to keep in touch with the boys with whom he has worked. Bob has a very important job and is handling it with typical efficiency.

Thanks, Felix, and we trust that you will use a little persuasion on C.S. and Bob, as they should both be members of the Society.

ARTHUR T. BAGLEY, who served as Special Agent in Charge of the Kansas City office from 1910-20, has completed more than 20 years of service in the Law Department of the Kansas City Public Service Company.

<u>BOB REED</u> is continuing his law practice in Kansas City as a member of the firm of Ryland, Stinson, Mag and Thomson. He has been active in defense work, and has recently been made a member of the Board of Directors of a defense plant. Bob was in Washington at the time of a recent Society meeting and would have attended but for transportation difficulties. Bob looks forward to the Grapevine and hopes a new issue will be forthcoming soon.

NEW ORLEANS

By Forrest Pendleton

Forrest has sent in a very interesting newspaper article which appeared recently

THE GRAPEVINE

in the New Orleans Times Picayune concerning the life and work of our member Dr. J.M. Tolivar. Dr. Tolivar was one of Forrest's assistants during the last war, and was in charge of the New Orleans office of the F.B.I. after Forrest resigned. As it will be of interest to our members, the article, entitled "Blood Is His Business", is reprinted below:

"Doc Tolivar is of the opinion that the universities of North America, especially Tulane, Loyola and Louisiana State universities should come in for their share of credit for the present alignment of Latin American nations with the Allies in World War No. 2. He believes that the influx of students to the United States from the Latin American nations has done much to solidify relations between the two Americas.

Who is "Doc" Tolivar, you may ask, ans why should he be quoted? Here's the answer:

"Doc" is a newspaperman of 20 years experience. He is a linguist in command of six languages - Spanish, French, Italian, German, Portuguese and English, plus several dialects and the mute sign language. He is a former head of the F.B.I. in New Orleans. He is a former census taker, a former professional nurse and a former physician. He is presently employed as assistant secretary of the New Orleans Blood Donor Roll at Police headquarters.

Doc's work has carried him to South America on many occasions (he once refused an offer to become police chief of a large South American city) and he played a prominent part in controlling the yellow fever epidemic in Havana during the Spanish-American war. Born in Brooklyn on Christmas Day, 1869, he was one of a family of seven brothers. There were no sisters. He came to New Orleans at the age of three, and received his primary education at the old Filmore school, now McDonough No. 16. In 1888-1889 he matriculated at the medical school of Tulane university under Dr. Rudolph Matas. He left the medical school to wage war on yellow fever and on his return served as a professional nurse until 1889 when he joined the staff of a New Orleans newspaper. He resigned in 1918 to join the F.B.I. during the first World war.

When "Doc" joined the F.B.I., Forrest Pendleton was superintendent of the local bureau, which at that time included the southwest division and was the second largest in the United States, embracing Alabama, Mississippi, Louisiana, Arkansas, Texas, Florida and Puerto Rico.

Pendleton resigned in 1920 to start his private detective agency and "Doc" was made department head. He resigned in 1923 to accept a post in South America. As a translator and secretary, "Doc" worked for the entire consular service in New Orleans from 1923 to 1930.

"Doc" was supervisor of safety of the New Orleans dock board for 10 years. In August, 1941, he was given his present job at police headquarters in the criminal courts building.

Although his present job seems tame in comparison with some of the exciting ones he has had in his long and interesting career, the amiable doctor, who is five feet four inches tall and weighs about 120 pounds, considers it as important as any he has ever had. He feels that the responsibility is even greater because almost every time the telephone rings in his office, it is a matter of life and death. And if "Doc" can supply a blood donor, which he does in 99 cases out of 100, a life is saved.

The time that it is not a matter of life and death when his telephone rings is when the call is from his pretty daughter, Joy, who is now 18 years of age, or from his wife, the former Countess Annita Perrino Sowa of Poland, whom he married when she was 16 and he 52.

Doc's greatest experiences, the stories he likes to recall most when he, Frank Martin and Charles Rauch, night clerks at headquarters, and Captain Henry Clark, night supervisor of police, gather in the chief clerk's office when there is a lull in both police and blood businesses, deal with his years as a reporter and a G-man.

He has selected the story of the grounding of President Theodore Roosevelt's boat on a sandbar at Nairn in Plaquemines parish as the greatest scoop of his newspaper career. On that one he scooped the United States government, "Doc" says, and he was in hot water with the federal boys for several days.

As "Doc" tells it, the president was visiting in this section when his boat ran afoul of a sandbar and flying glass cut him about the face and hands. Hearing of the incident from a source that he refuses to reveal even to this day, "Doc" rushed to Nairn but was refused admittance to the boat when he informed the captain that he was a newspaper reporter. The captain wanted to let him on as a physician, because one was needed, but "Doc" who had forsaken the medical profession for journalism, refused to go aboard unless he was recognized also as a reporter and permitted to obtain the story.

The captain refused under those con-

ditions and "Doc" left. While walking on the levee with a friend a few minutes later, one of the president's valets, who was with him when he was injured, joined them and, without realizing what he was doing, answered all of the questions "Doc" friend asked. After hearing all he wanted and still not having to ask one question "Doc" rushed to the nearest telephone station and wired the story.

٠,

"Doc" believes the time he was frightened most on a story was when a team taking him to St. Mary parish bogged down in quick sand and the carriage and horses began sinking. He had been warned not to cross a certain creek if he could not see a mark made on the trunk of a fallen tree to guide him through safe channel. But when he approached the creek it was nightfall, rain was falling in torrents and the creek had swollen.

Although he could not see the mark, Doc's driver tried to pilot from memory, but after a few feet the horses sank to their knees and the carriage wheels went down to the hubs. "Doc" knew he could not jump out. The sand would have sucked him in, too. So, grabbing the reins, he lashed the horses as hard as he could with the whip and with a mighty leap they freed themselves from the grip of the mire and continued across.

"Doc" says that he cannot tell many of the stories he handled as an F.B.I. agent for obvious reasons but he feels that the most thrilling case he had was the capture of two Bolsheviks who turned out to be escaped convicts from Sing Sing. They were the first men ever to break out of that penal institution, "Doc" recalls.

'We got information from Washington during the last World war to be on the lookout for two dangerous Bolsheviks who

were supposed to have been stowaways on a certain ship due in New Orleans within a few days. Instead of waiting for the ship to dock, another agent and I got a launch and met the ship downstream in the Mississippi river near Pilot Town at midnight. The captain let us aboard upon presentation of our credentials and assured us that he knew nothing of stowaways. We systematically combed every inch of the ship. When we entered the last hold and flashed our lights we saw the two men huddled in a corner. They offered no resistance as they were unarmed and we had our revolvers drawn and they came peacefully with us."

Another notable arrest effected by the local F.B.I. at the time "Doc" was in charge was that of Tyree Taylor, former Chief deputy United States Marshall of Memphis, Tenn., who had been sought for three years by the government following his indictment by a federal grand jury in connection with the disappearance of large quantities of government whiskey. Taylor owned a \$20,000 distillery in Mexico.

Duties of the F.B.I. during the last war, "Doc" says, included fingerprinting Germans, arresting draft dodgers and soldiers A.W.O.L., combatting saboteurs and that days's "fifth columnists", and interviewing conscientious objectors, which he classed as a major problem.

"Doc" recalls that he and his agents succeeded in removing five time-bombs from ships docked in New Orleans. In each case he says, someone would call his office to tip off the F.B.I. that a time bomb had been or would be planted on a certain ship. Rushing to the ship mentioned, he and his men always managed to locate the bomb before it could explode. This gave him and his men many anxious moments as they expected to be blown to bits. Whether some ships sailed from New Orleans with time bombs on them and were blown ,up at sea, "Doc" does not know. He could not ascertain that, he says, because there was no way to conduct a satisfactory investigation to determine how a ship had been sunk.

"Doc's" languages are no parlor accomplishments. He has served as interpreter of every court in New Orleans. When the federal census of 1910 met its peculiar problems in New Orleans, the census authorities turned to "Doc" Tolivar, a story in his scrapbook reveals. The story says that the Italian and Creole quarters presented special difficulties. Virtually no English was spoken. Tolivar was put in charge of the polygot area from Dumaine Street to Esplanade Avenue, from Rampart Street to the Mississippi river. He needed every one of his languages and dialects then.

"Doc's" home at 2121 North Robertson Street is filled with his collections. He has money from practically every nation. He has old and important maps, programs and invitations to many notable events of the past 50 years, and many old newspapers. He has such a large collection that Mrs. Tolivar, who also speaks several languages fluently, is seriously considering building a special room for them. "Doc" denies that he is a collector of old things, but admits to being a gatherer of documents of historical interest.

His most treasured object is a little cross which holds an inner cross of silver in the hollowed surface of which are fragments of wood he believes are fragments of the original cross of Christ. According to the Tolivar family tradition, it was given Juanita Villa Tolivar, mother of "Doc", some 80 years ago by the Archbishop of New York in gratitude when she cured an affliction of his eyes by a home remedy after doctors had failed to help him. The cross, according to the story had been given to the Archbishop by one of the Popes. If any documents came with the cross, they are lost.

Another treasure is a map, six feet square, that shows the city of New Orleans as it was when the map was copyrighted in 1833, with the landowners and landmarks, city streets and outlying plantations and each property is marked with the name of its owner.

IN MEMORIAM

CHARLES E. ARGABRIGHT

Charles Elmer Argabright passed away at Trinity Hospital, Kansas City, Mo., on September 19, 1941, after a brief illness. He was buried at Mt. Moriah Cemetery, Kansas City.

Charlie Argabright was born near Chillicothe, Ohio. He became a Special Agent of the Bureau at Kansas City in 1917, and during the first World War handled many important assignments in the Kansas City territory. Particularly difficult was the assignment in charge of a branch office established at Camp Funston, Kansas, where his tact, diplomacy and allround ability enabled him to cope with problems which had proved insurmountable to his predecessors.

After leaving Kansas City, Charlie was assigned to a number of Bureau offices, including Phoenix, Denver, Birmingham and Atlanta, serving as Special Agent in Charge in all or most of these offices. His last office was Atlanta, where he was stationed for a number of years prior to his resignation in 1929.

After leaving the Bureau, Charlie returned to Kansas City, and was employed in the Claims Department of the Kansas City Public Service Company until his death. In this work Charlie was again associated with his first SAC of Bureau days, Arthur T. Bagley.

Charlie Argabright was loved and respected by all who knew him. Many of us whose paths crossed his in the Bureau service recall his unfailing kindliness and helpfulness. Many of us have lost a true friend, and the Society a valued member.

Arthur T. Bagley.

THOMAS H. GERAGHTY

Tom Geraghty, who was 61 years of age, and a member of the San Francisco Chapter of the Society, died of heart disease on Sept. 19, 1941.

Tom was born in Minnesota. He served as a United States District Judge at Valdez, Alaska, from 1909 to 1918, and later practiced law in Seattle. He was a Special Agent of the Federal Bureau of Investigation until 1938, when he joined the California State service as executive secretary of the Personnel Standards and Appeals Board of the State Relief Administration. He later became State Personnel Board Investigator, and carried on much of the investigation work for the Personnel Board in its investigation of the Whittier State School employees, several of whom were dismissed recently.

Surviving are his wife, Marcella, a daughter, Marcella, of Sacramento, and a son, Dr. Thomas Geraghty, of Seattle. The Society and the San Francisco Chapter have sustained a great loss in his death. James McGrath.

DANIEL C. BETJEMAN

Dan Betjeman succumbed to a heart ailment in Cleveland City Hospital on December 29, 1941. For the past several months Dan fought against his ailing heart and recently appeared well on the way to recovery but the last attack proved fatal.

Dan was at one time a deputy clerk of the United States District Court, and came into the Bureau when Bruce Bielaski was an Assistant Chief. Most of his work was in anti-trust cases, in which he became an outstanding expert. In one of his investigations, he met Mr. Childs, who was a man of great wealth and controlled large roofing companies. He was so impressed with Dan's work that he induced him to enter his employ and for many years he was engaged in the roofing business in responsible positions. He also was connected for short periods with trade associations in the roofing field.

Dan was a charter member of our Ohio Chapter of the Society and I'm sure he would have been gratified to know its following members served as his pallbearers : Edward G. O'Brien, John Dillon, Charles Greaney, William Gmereck, and Stanley J. Collins. A.F. Gallagher, Assistant State Fire Marshall, also served as a pallbearer.

Bill Gmereck, one of our Ohio Chapter members, took care of the funeral arrangements. The funeral services were conducted by the Rev. Emanuel Malkow, and Dan was buried in the Alger Cemetery, Cleveland. He is survived by his wife and a married daughter.

Flowers were sent in behalf of the Society by the Ohio Chapter. Dan's pride and enthusiasm in the Society will always be an inspiration to our members and his passing leaves an irreparable gap in our ranks.

Stanley J. Collins.

E.B. MONTGOMERY

E.B. Montgomery, former Chairman of the San Francisco Chapter of the Society, passed away on February 17, 1942, at Mills Memorial Hospital, San Mateo, California.

Mr. Montgomery was particularly well known to agents of the Bureau on the west coast. He had been attached to the San Francisco Bureau office for many years and his sterling personal qualities endeared him to all who knew him. He retired from active service in the Bureau about eight years ago.

Recently Mr. Montgomery moved to San Mateo, California, where he resided with his son and daughter-in-law and his grandchildren. He had been suffering recently from a heart ailment, and because of his health had to resign as Chairman of the San Francisco Chapter.

Mr. Montgomery was a regular attendant at Society meetings, and an enthusiastic booster of the Society. His passing will be deeply mourned by all who knew him.

THE GRAPEVINE

GEORGE T. HOLMAN

George T. Holman, a member of the Los Angeles Chapter of the Society, died on March 25, 1942 at his home, 153 North Arnaz Drive, Beverly Hills, California.

Mr. Holman, who was 76 years of age, had been ill for about six months. He was a member of a pioneer Texas family, and went to New Orleans 35 years ago as an agent of the Department of Justice.

In 1922, Mr. Holman entered the service of Los Angeles County as an investigator, which position he held for over 20 years, serving under four District Attorneys. He retired last year.

Mr. Holman is survived by his widow, Frieda Peycke Holman, and six children. He was well known to all of the Bureau men who worked in the Los Angeles area, and especially to our members now on the staff of the District Attorney. His friendliness and counsel to younger agents endeared him to all who came in contact with him. The Los Angeles Chapter and the Society have suffered a great loss in his death.

IT HAPPENED TO ME

"A HOT TIME IN ALABAMA"

By Marshall Eberstein

Chief Wilke directed me to proceed to a small town about 40 or 50 miles from Birmingham to investigate a peonage case. He told me to call on a lawyer there who had made the complaint. There was no railroad to this town so I left the train at the nearest point. I thought I might get a livery carriage but there was none to be had, so it was a case of walking five miles through the woods. I left my suitcase with a grocer who gave me the general direction leading me part way over an old logging road.

It was getting along toward evening but I thought I could make it that night. After I left the logging road, the country became wilderness and I lost my direction. Darkness overtook me and between the brush and the mosquitoes, I was having a lovely time. But luck came later when some one lighted a lamp in a distant house. I made for that house; called several times at the door and finally a man asked what I wanted.

I told him I was lost and would like to stay until morning. He asked several questions and then told me no; that I could not stay, even though I offered to sleep on the gallery or porch. At last his wife came to my aid; I was given a blanket and remained on the porch until morning.

In the morning, I gave the lady two dollars and she fed me with coffee and hard tack. We had a good visit and a little later, I helped the husband rig up his harness and he drove me where I wanted to go.

I went to the attorney's office and he gave me the glad hand. He related the case of a planter living out some four miles who had terribly abused his Negro workers. A short time before, two of the Negroes left him and ran away; the planter persuaded a neighbor to help him ride after them. Hurrying behind bloodhounds, they overtook the colored menafter only a few miles, brought them back, and whipped them unmercifully.

3

The lawyer put a Negro on a mule and had the necessary witnesses brought in. Their statements were taken and then a thin Negro was brought in to talk. About this time the back door of the lawyer's office opened and a tall southerner came in and motioned the attorney outside.

I waited till he returned. When he did come back, he was white as a sheet; told me he was very sorry, that he could not stay longer, that he had to go to Birmingham - and out he went. The Negro also beat it.

Soon the tall southerner entered to ask me if I were trying to make trouble for his neighbors. I told him what I had come for. He replied that he knew all about it and gave me a very dirty look. Pointing to a tree outside the window, he said, "If you-all don't leave town in fifteen minutes, we will hang you to that tree." With that he left the office.

A strange feeling came over me. The attorney and the Negro were gone. I had left my gun in my grip at the grocery store when I left the train. Going to the front door of the office, I saw a crowd gathering. Across the street, I noticed a sign on a drug store. At the end of that sign was a square and compass.

Going to the store, I made myself known to the druggist. Then I explained to him that I was sent by the government to make an investigation, that I intended to make it but did not care about hanging to that tree. The druggist said, "Wait a minute, Brother", and went toward the crowd.

He returned some ten minutes later;

told me to go ahead with the investigation, that there would be nothing to prevent it. The hearing proceeded and when I had completed my work, this good brother furnished me with a horse, buggy and driver to take me back to the railroad station free of charge.

To my friends in New York and Chicago who have not had the experience of being among strangers under such circumstances, I will say that I hope this never will happen to you for it is a very disagreeable experience.

-----00000------

Marshall's many friends will be glad to hear from him, and as he is one of our real "old-timers", we hope to have more of his interesting experiences published in the Grapevine.

THAT MAN AGAIN

Our old friend, The Treasurer, requests that the attention of the members bo called to the fact that dues are due and payable April 1st of each year, and that his records reflect that over 100 of the brothers have overlooked this little obligation. He adds that a number of these members have not paid dues for two years or more.

If any of these absent-minded brothers wish a transcript of their account, the Treasurer will be glad to furnish it, and urges all members to send their checks at once if they are delinquent.

THE GRAPEVINE

EXECUTIVE COMMITTEE

Minutes of Meeting of May 21, 1942

A brief meeting was held following the regular quarterly Society meeting held on May 21, 1942, at the Phi Gamma Delta Club, 106 West 56th Street. Present were: President John F. O'Connell, Executive Committee Chairman John L. Harrigan, Executive Committee Clerk Wm. B. Moran, Shelby Williams and Treasurer W.F. Seery. The meeting was called at 10:10 P.M.

The Executive Committee approved the disbursements of funds evidenced by Treasurer Seery's list of checks - #11 of 2/24/42 through #27 of 4/24/42. These 17 (including #14 which was cancelled without a disbursement) checks totaled \$240.55 and are listed in Treasurer Seery's memorandum for the Executive Committee of April 28, 1942. Treasurer Seery, with his letter of May 19, 1942, transmitted a supplemental list of checks, which was likewise approved. This supplemental list included check #28 of 5/4/42, through #35 of 5/8/42.This supplemental list included checks through 5/12/42. It consisted of checks totaling \$61.86.

The two lists of checks are being herewith submitted to Secretary Dolan for appropriate filing.

The Executive Committee also authorized Treasurer Seery to purchase five \$100 War Bonds, Series E, out of the general funds of the Society. This authorization confirms the opinion of the members expressed at the meeting held on February 26, 1942.

Treasurer Seery volunteered to prepare a financial report (supplementing his report read to the general May 21st meeting, which showed condition as of May 19, 1942) for the forthcoming Grapevine, which new report will reflect which part of our funds are invested in War Bonds.

The meeting of the Executive Committee adjourned at 10:55 P.M.

Wm. B. Moran Clerk.

NEW YORK

Minutes of Quarterly Meeting held on May 21, 1942.

The regular quarterly meeting of the Society was called to order at approximately 9:00 P.M. on May 21, 1942. As usual it was preceded by a dinner and was held at the Phi Gamma Delta Club, 106 W. 56th Street, New York City.

President O'Connell called for the minutes of the previous meeting and these were read by the Secretary. The report was accepted as read. After reading the minutes Secretary Henry P. Dolan apologized to the members for the delinquent status of the secretarial duties. He explained that the delays which had occurred were occasioned by the pressure of his duties with the Army Air Forces. Mr. Dolan reported that the Executive Committee had appointed Bryan Farrell to assist him and asked the indulgence of the members until the work could be brought up to date.

William F. Seery next read the report of the Treasurer, which was accepted. Mr. Seery also reported that the membership of the Society now totals 362.

Chairman Harrigan read the minutes of the April 17, 1942 meeting of the Executive Committee, which were accepted as read. Mr. Harrigan also reported that he and Mr. Topoleski had visited Matt Horan at the Naval Hospital and reported on his condition. Matt had an abscess on his lung but expected to be out by the end of June. He was in good spirits but bad condition. His regards were sent to all the members. (Matt Horan passed away on June 1, 1942).

Al Pike reported that the Membership Committee is still functioning. Ten applicants have been approved. His greatest difficulty is in getting replies to letters from references. His report was accepted.

The Chairman of the Publications Committee was not present but he had sent word to President O'Connell that the Grapevine would be out shortly.

Responding to the call for new business, Mr. Moran suggested that action be taken by the Executive Committee to drop delinquent members. Mr. Seery advised that 29 members have been delinquent for two years or more and requested authority to write a letter to those delinquents advising of the proposed action. Such authority was granted. The only comment on the action was by Mr. Garbarino who suggested that no unemployed member has ever been dropped for non-payment of dues.

The following new members or those visiting for the first time were called upon:

Herman Goldman	Harry Loughran
Leonard Juskow	Gilbert Meyer
John Brennan	John Pryor

The meeting then turned to a discussion of the importance of the Grapevine and the necessity for having it published more frequently. It was decided to volunteer assistance to the Publications Committee in getting out the next issue promptly. Those who volunteered their services were Messrs. Manning, Gillen, Moran, Jackson, Weitsman and O'Connell.

' Carl Hughes reported that not much progress had been made in organizing a Washington Chapter because all prospective members were extremely busy and it was difficult to arrange a meeting.

Frank Garbarino brought remembrances from Walter Lewis who is ill at his home in Atlantic City.

Much discussion was held as to the advisability of requesting opinions from members in the field as to purchasing War Savings Bonds. It was decided that the Executive Committee could and should decide if and when to purchase these bonds without taking the question up with the members unless the Committee wishes an expression of opinion.

Mr. Manning proposed a vote of thanks to Mr. Scully for the latter's efforts in the Society's behalf. This vote was given unanimously.

The meeting adjourned at approximately ten-thirty.

Respectfully submitted.

Henry P. Dolan Secretary.

BUILD UP SOCIETY MEMBERSHIP

By Ben E. Jackson

Each of us knows at least one former Agent with whom we were particularly friendly while in the Service, and who is not now a member of this Society. We are probably taking for granted that our Society and its functions are known to the brethren far and near. If this were so, certainly our membership directory would bulge with the names of many more fellow Exts.

You are urged to contact your good friends - tell them of the delightful get-togethers- the reawakening and strengthening of friendships- the "Grapevine", etc. Send the name and address of your friend to our Secretary, and membership application will be immediately forwarded to him. DO IT NOW!

RUMBLES

<u>H.J.STICKEN</u> was fortunate enough to be away from his office when a serious accident occurred at Duncan Field, San Antonio, Texas. A bomber plane, fully equipped with gas, oil, and fifteen passengers, failed to get off the Field, and wrecked the office building where he works. Two were killed, the plane burned, and the side of the building where his desk is located was torn out. BEN E. JACKSON and NATHAN FRANKEL announce the formation of a partnership with <u>KENNETH CARROAD</u>, Tax Specialist formerly with the U.S. Internal Revenue Service, with offices at 40 Worth Street, New York City. The new firm will specialize in litigation accounting and special audits for members of the bar. Our best wishes for the success of the firm.

BUCK BUCHANAN is seriously ill at Lockport, New York. SIDNEY PFEIFER and MYRON BLACKMON recently visited Buck and took him a basket of fruit and reported he was in good spirits and delighted to hear from them and appreciated the good wishes of the Society in his illness. Buck's condition is not very favorable, and the members of the Society who had the pleasure of knowing and working with him can address him c/o Mrs. Garuder, 93 Irving Street, Lockport, New York, his sister.

<u>HENRY GRUNEWALD</u> reports that CHARLES TREADWAY, one of the Bureau's former World War No. 1 agents, and well known to many of our members, is now heading the Civilian Defense Unit of the State of Florida, with offices at 26 Wall St., Orlando, Florida.

-----00000-----

<u>HERMAN GOLDMAN</u>, one of the real "oldtimers", received a hearty welcome at the May meeting of the Society.

<u>ARMAND POULIN</u>, one of the first Special Agents ever to be appointed (1908) died recently in a hospital in Canada. Prior to his demise, he had filed an application for membership in the Society.

Sympathy of the membership is extended to BOB VALKENBURGH in the loss of his son, Robert, Jr., who passed on to his eternal rest a short time ago.

-----00000-----

LT. COMMANDER BOB JUDGE, who recently was confined to the Naval Hospital in Brooklyn on account of a leg injury, has fully recovered and was among those present at the May 21st meeting. Rumor has it that Bob attempted to crack Les Mc-Mitchel's mile record. Be your age, Commander!

<u>CARL HUCHES</u>, the tireless organizer and go-getter for the Society, was as busy as the proverbial cat at the Society meeting of May 21st in greeting all his old friends.

-----00000------

MIKE GLYNN, who has been single since the memory of man runneth not to the contrary, finally changed his status on January 15th last, and married Miss Angela Gutilla in St. Ann's Church, Brooklyn. Although there is good reason to believe that this decision was not made in haste, there is no denying the fact that it was a fait accompli when the closest of Mike's friends learned of it. He is an adept student of the Kilmartin Method for the suppression of intelligence (meaning information) and in this venture seems to have outdone the author of that method.

LT. & MRS. THOMAS J. CONNOR announced the birth of a daughter at the Flushing General Hospital on May fifth. Mother and daughter are doing well, and father, who is burning the midnight oil cramming on a course entitled: "Child and Infant Care for New Fathers" authored by Felix O.Cox, the "Dean of Daddies", is both proud and boastful.

<u>ALEXANDER G. JAMIE</u> is now with the United States Army Air Forces, Chicago, Illinois.

GEORGE WOLF has departed from Houston, Texas, at least temporarily, and is presently located in New Orleans.

JIM ROONEY, in sending in his check for dues, included a code message for Charlie Scully, and his kindest regards to that grand gang of fellows in the Society.

BILL LARSON, in response to the Society letter of April 10th, advises that in his opinion the secretary and treasurer are "hi-binders"; that apparently the only thing a guy can belong to these days without losing his shirt is the Communist Party. How did you know, Bill?

ERIK G. PETERSON is operating oil leases, royalties, lands, and investments at 501 Chronicle Building, Houston, Texas, and has a successful business. He advises that CHARLES W. McPHAIL, a former Special Agent, is now with the Houston Lighting and Power Company, and is forwarding his application for membership.

COMMANDER HINTON G. CLABAUGH recently introduced A.H. Johnson, Special Agent in Charge of the Chicago office of the Bureau, who delivered an address on "Sabotage and Espionage" at the regular monthly Forum of the Chicago Association of Credit Men at the LaSalle Hotel in that city last April. Hinton has been in the United States Naval Reserves since 1917. and has held the rank of Commander since He has been connected with the 1939. Commonwealth Edison Co., the Public Service Company of Northern Illinois, the Peoples Gas Light and Coke Company and other public utilities since leaving the Bureau, and from 1926 to 1929 was Chairman of the Illinois Pardon and Parole Board.

MORTIMER J. DAVIS received high praise from Harry J. Delaney, the President of the New York Credit Men's Association, on the occasion of the recent affiliation of the Conference of Apparel Credit Men, Inc., with the New York Credit Men's Association. At a dinner to mark the occasion, Mr. Delaney, in summarizing the work of the New York Credit Men's Association, referred to Morty, as manager of the adjustment bureau, as "the outstanding adjustment authority in the United States".

IN MEMORIAM

MATTHEW J. HORAN

It is with regret that the Society announces the death on June 8th of Lieut. Matthew J. Horan, U.S. Naval Reserve, who succumbed after waging a great battle against a host of operations, infections and complications.

From December 16th, 1941, when he was rushed from his station to the Naval Hospital with an attack of perforated ulcers, Matty fought off an untold number of ravaging attacks, and those of us who were in touch with him during those trying days will always remember his courage, fortitude and will to get well.

Matty, 41 years old, was graduated from Fordham Law School and for several years practiced law in New York City. He served as a Special Agent in the F.B.I. from September 24, 1934 to September 25, 1935, being assigned during the entire period at Philadelphia. In 1938 he joined the Claims Bureau of the Association of Casualty and Surety Executives and remained there until called to active duty in the Navy in November, 1940. We know that Matty was genuinely liked and respected at the Naval Station to which he was attached and he was singularly honored by the presence of his Commanding Officer and family at the Church Services held on June 10th from the Sacred Heart Church, Bronx, New York, with burial in Calvary Cemetery, Queens.

The Society was represented at the military funeral by Lt. Commander John A. Murphy, U.S.N.R., who served as a pallbearer, Wayne Merrick, Charlie Scully, R.C. McCallum and Jack Harrigan.

Matty is survived by his father and mother, a brother and stepson. His father, a retired New York City policeman, is now 81 years of age. Another brother of Matty died at the same Naval Hospital during the last World War.

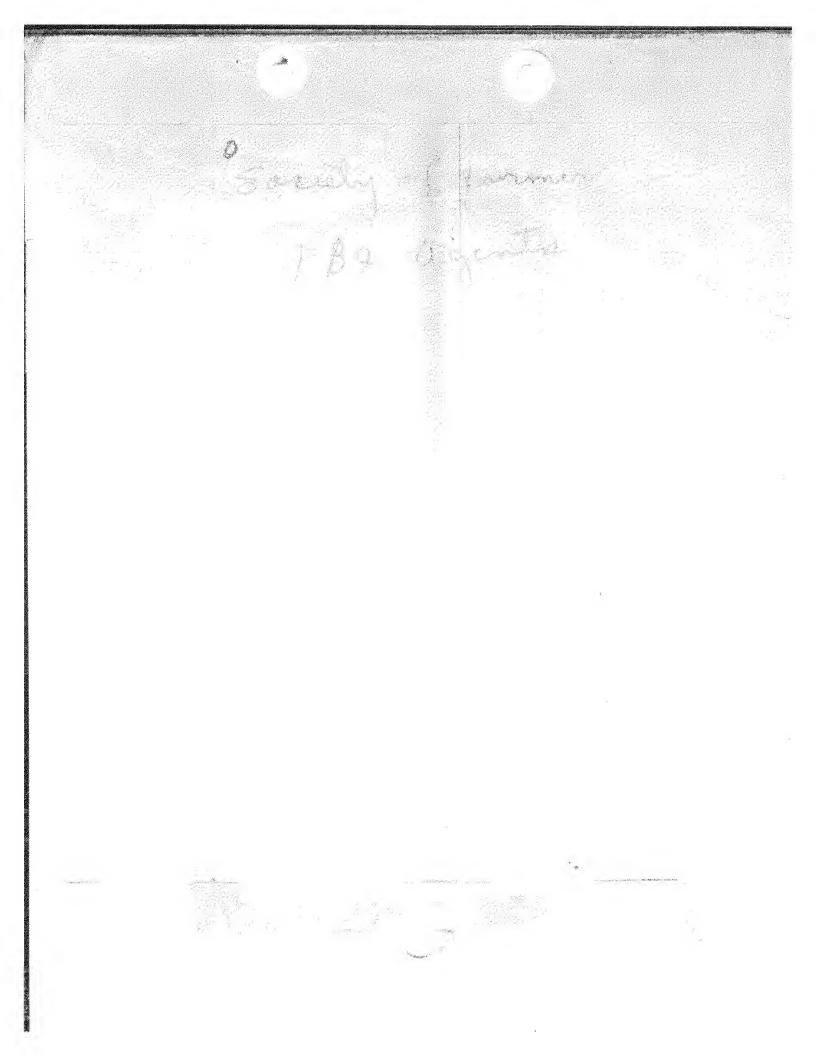

Matty was a charter member of the Society, and served as its Secretary several years ago, and he was one of our most loyal and faithful members.

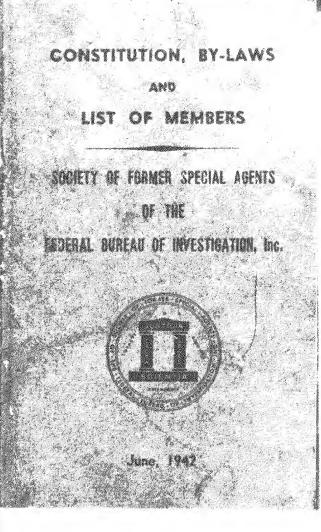

We will always remember Matty as one of our true friends, loyal and conscientious, and we fervently hope for his eternal happiness.

John A. Murphy.

This organisation is made up of former special agents of the F.B.I. and has its national headquarters located at No. 1 Park Ave., New York City. I have been informed that Bruce Belaski is the national head. The Ohio Chapter is holding a meeting at the home of He is the former agent in charge of the Office who is now engaged in private industry. The Ohio Secretary is Joseph H. Bishop, Jr., Cleveland, Ohio.

in most cases the organization has many disgruntled former agents who have a "personal grudge" against the ^Bureau and some of the executives. It also operates as a sort of private investigating service with former agents being employed by members of the Society to conduct investigations.

The attached letter is submitted for your information....and may be used if you so desire. I have no intentions of attending such meetings and they would be of no value to me.

Dear Member:

The next quarterly meeting of the Society will be held on Wednesday evening, May 26th, 1943 at the Hotel Sheraton, 303 Lexington Ave., at 37th Street, New York City. As usual, the meeting will be preceded by a dinner, commencing at approximately 6:45 P.M. at a cost of \$2.50, which will include the gratuity for the waiter. At this affair the Committee has arranged for the showing of moving pictures of interesting current events. If you cannot be present for the dinner, you certainly will be more than welcome for the moving pictures and the meeting.

Society of Former Special Agents of the Federal Bureau of Investigation, Inc. May 7, 1943 Mr. Tolson..... Mr. E. A. Tamm... Mr. Clegg Mr. Coffey Mr. Glavin Mr. Ladd Mr. Nichols

Mr. Rosen Mr. Tracy Mr. Acers Mr. Carson Mr. Hendon Mr. Mumford Mr. Starke Mr. Outen Tamm.

Mr. Nosse...... Miss Gandy....

So that the Committee can make the proper and necessary arrangements in this regard, will you kindly fill out the enclosed form and return it promptly by placing it in the enclosed stamped envelope, which is addressed to me.

Again it comes time for the Secretary to compile and make arrangements for the publication of the Annual Society Directory - 1943. So that he can do so with the fulfillment of the desires of all the members, will each of you please fill out the enclosed form, indicating the exact way you wish to be listed in our Directory, and return it to me promptly by placing it in the enclosed, stamped envelope.

Also attached hereto is a letter from Al Pike, Chairman of our Executive Committee, which is self-emplanatory.

Last, but not least, comes the question of dues. As you know, April first has again rolled around, which means, insofar as the Society and Treasurer are concerned, the receipt from each member, who has not already done so, a check for \$3.00 in payment of 1943-1944 dues. So that the Society may best function in the best interests of all the members, it is suggested that those members, who have not already done so, place their checks payable to the Society, in the enclosed stamped envelope.

The Secretary hopes that, upon the receipt of the enclosed stamped envelope, he will find therein the following:

> QUARTERLY MEETING FORM DIRECTORY QUESTIONNAIRE FORM CHECK IN PAYMENT OF CURRENT (AND PAST) DUES

One of the most important functions of the Society is to do what it can to find employment for those members who might be out of work. With this thought in mind, it is suggested that anyone who is out of work advise the Secretary so that he can act as contact between members, and those members who know of openings are likewise requested to notify the Secretary.

Cordially yours,

Bryan Farrell, Secretary

THE CHICAGO GRAPEVINE

Published now and then for members of the Chicago Chapter of the Society of Former Special Agents of the Federal Bureau of Investigation.

April 1943

This, the first issue of the Chicago Grapevine, is not intended to either replace or supplement THE GRAPEVINE, the official organ of the Society. War has brought so many changes in the lives of members that it was thought desirable to edit a Grapevine for all members in the Chicago area.

ROLL OF HONOR

Our first and most important news is the list of members serving in the armed forces of our country. They are:

U. S. NAVY Lt. R. C. Chapman Lt. Wm. Devereaux Lt. Commander Stanley C. Duggan Lt. Walter Devereaux Lt. Nelson Zimmerman Lt. Commander Orville Dewey

U. S. ARMY Colonel Walter Furbershaw Pvt. Justin McCarthy Lt. Joseph E. Henry

ARMY AIR FORCES Capt. James King

Our Chicago Chapter is small, but we believe it has the highest percentage of members in active service of any chapter in the country. The standing of these members in the armed services is typical of the high esteem held for all members of the Society.

OUR NEXT MEETING

Time: Monday, May 3, 1943 Place: Illinois Athletic Club, 112 So. Michigan Avenue (Rendezvous Room) N. B. Cocktails in the Rendezvous Room at 6:00 P. M. Dinner at 6:30 P. M.

- Speaker: J. Albert Woll, U. S. District Attorney and famous prosecutor of last summer's sedition cases. Mr. Woll is known as a forceful speaker and his talk should be a very interesting one. As an added attraction, we will have a second speaker, D. A. Dillon, Chaplain, U.S.N., who has had wide sea experience in this war, including convoy duty to Murmansk.
- Guests: In view of the attractive program prepared, tradition is being set aside and each member is urged to bring as many guests as he so desires.
- Seating: At the suggestion of several members, we will hereafter have tables for six or eight members each rather than the present banquet style. This should allow greater freedom in visiting which is enjoyed by everyone.

DIRECTORY

A directory of all members is attached. If you know of anyone who should be on the list, drop a line to Floyd Chalkley at 10 So. LaSalle Street, or call him at State 8914.

LAST MEETING

On March 15, 1943, nineteen members had a delicious dinner at the Morrison Hotel's Boston Oyster House. Among those present were:

Edw. J. Brennan Everett Henthorn Steve Bryson Paul M. Plunkett Frank V. Martinek Charles Jenkins B. E. Sackett Wm. Dannenberg Leon J. Gell Lloyd Richmond Oscar Bowen A. P. Sherwood Harold Reinecke James Rooney James Murnane John S. Kavanaugh

After the meeting, we enjoyed an enthusiastic talk by Frank Martinek, creator of the famous Don Winslow cartoons. Frank is one of our own members, and gave his time willingly to be with us. From 1919 to 1921, Frank was a Lieutenant Commander in the U. S. Navy, and was Intelligence Officer for the Asiatic Squadron. His talk dealt with a trip through Japan, Vladivostok, and Singapore during 1919, and the then treachery and intrigue indulged in by the Japanese in preparation for their sneak attack on this country at Pearl Harbor. According to Frank, the Japanese propaganda machine has led every Jap to believe that a Japanese civilian whe dies will not go to heaven for ten years, while those in the military forces go to heaven immediately upon death. Frank also said that the Jap soldier is tough because he is trained to kill and die, and Frank cited the fact that in the present war few, if any, Jap officers have been taken as prisoners.

In closing Frank paid great tribute to the Director of the F. B. I. for the surveys made by the Bureau's agents during 1940 and 1941 of companies needing plant protection which prevented widespread sabotage after the outbreak of the war.

BITS ABOUT CHICAGO MEMBERS

VICTOR R. CLARY is now back with the Bureau--at least, such is the understanding of several of our informants.

JOHN A. DOWD was not at the last Chicago meeting, and the rest of the boys are more or less "gunning" for him, so that he may explain the plight of the farmers at the present time, when there is such a shortage of steak at 55 cents per pound.

LT. COMMANDER STANLEY C. DUGGAN, U.S.N., is apparently so busy with ONI at Chicago's Municipal Pier that he is unable to attend the meetings. Oscar Bowen tells me that he is sure Stanley will be present at the next meeting.

RUSSELL J. FELLOWES is an enthusiastic member at all meetings. However, he had to send his regrets that he was not able to attend the last meeting.

COL. WALTER FURBERSHAW, U.S.A. has been away from his duties as Director, Intelligence Division, Second Service Command at Chicago, Illinois for three months to take additional training, and has only recently returned to Chicago. He sent his best wishes to everyone and regretted not being able to hear his old friend, Frank Martinek, at the last meeting.

LT. JOSEPH E. HENRY, when he was still Joseph E. Henry in November 1942, was elected Secretary of the Chicago Chapter. He is now a First Lieutenant in the United States Army attached to the Adjutant General's Office, Insurance Division, Newark, New Jersey. His home address is Apartment 26, 174 Henderson Street, East Orange, New Jersey. Lt. Henry should make a valuable temporary addition to the New York Chapter, because we know that just as soon as the war is over, Joe will be back with us in Chicago.

The Army Air Corps took over the Stevens Hotel in Chicago and GENE HUMPHREY then went into the Public Relations Department of Electro Motive Corporation at LaGrange, Illinois. This is not too far away to keep Gene from coming into Chicago, and we hope to have him at the next meeting.

ALEX JAMIE, formerly with the Army Air Corps, is now the State Security Representative, Facilities Security Branch of the Office of Civilian Defense at 222 West Adams Street, Chicago, Illinois. Alex is always busy, but consistently finds time to attend all of the Chicago Chapter meetings.

I asked Oscar Bowen when he had last seen ADAM M. JANKOWSKI, and he said that Adam has not been around since the fall of 1941, although Oscar has tried to get in touch with him several times. (Adam, you can reach Oscar at Wabash 6000, Local 669).

JAMES KING is now a Captain in the U.S. Army Air Force and was last stationed at Paterson Field, Fairfield, Ohio, so our informants advise us.

DAN McCAIN is an active member of the Subversive Squad of the Chicago Police Department.

The last word about JUSTIN H. MoCARTHY was that he was in the Army early in November 1942. (Justin, how about a card or letter to let us know where you are?)

JIM MURNANE is still with the SEC, and was present at the last meeting.

Everyone in the Chicago Chapter wishes our hard working and active HAROLD REINECKE success in his new position as Personnel Director for Goldblatt Brothers in Chicago.

Oscar told me that his acknowledgment from GEORGE STEVENS was such as to indicate that it was mailed in Albany, New York with address as Sheridan House, Dutch Village, Menands. Maybe George will write and tell us his correct address, and if he is in such part of New York, wherever that might be, just what he is doing there.

At this writing PAUL TRAPANI is still with Montgomery Ward & Company in Chicago-and was away in New York at the time of the March meeting. When I was in New York recently, Jack Harrigan told me how much he missed the many restaurants that Paul used to take him to, and which Jack said he has never been able to find without Paul's help.

WALTER DEVEREAUX, formerly with Montgomery Ward & Company, is now Lieutenant Devereaux with ONI in Chicago. CHARLES JENKINS has not been able to get him or STANLEY DUGGAN to our meetings. Slipping, Charles?

LT. NELSON ZIMMERMAN, U. S. Navy, formerly assigned at Detroit, Michigan, is now stationed at San Juan, Puerto Rico, while LT. COMMANDER ORVILLE DEWEY, U. S. N. is back in the Chicago area. Orville was always one of our enthusiastic members, and we know that he will be present at our next meeting. Both Oscar Bowen and I wonder what became of JOHN MOWRY of Marshalltown, Iowa, JOHN KENNEY of Delavan, Wisconsin and HINTON CLABAUGH, as they have not attended our Chicago Chapter meetings for some time.

ED BRENNAN, FLOYD CHALKLEY, BILL DANNENBERG, EVERETT HENTHORN, MAURICE WOLFF and PHIL SCANLAN, together with JIM ROONEY are some of our most active members of the Chicago Chapter, and we are always glad to have them at our meetings. Floyd Chalkley has agreed to act as Secretary of the Chicago Chapter until LT. JOE HENRY returns.

MARSHALL EPSTEIN is 84 years of age and is one of the oldest ex-agents of the Bureau. During the last war he was SAC at the OMAHA office. His home is at Climax, Michigan, and Marshall is a regular attendant at our Chicago meetings.

AL JOHNSON, recently SAC at Chicago for the Bureau has filed his application for membership. Al, however, will be an active member of the New York Chapter inasmuch as he will make his home there while employed by Dun & Bradstreet.

B. E. SACKETT who is Assistant to the President of Studebaker Corporation at South Bend, Indiana, always arranges his schedule of travel, so that he is in Chicago when our meetings take place.

BILL DEVEREAUX, formerly SAC at Chicago, and more recently with Montgomery Ward & Company before he became Lieutenant Devereaux, U.S.N.R., was stationed in Chicago for a short time with ONI. Bill has now been assigned to active duty and the only thing we can all say to Bill is "a pleasant cruise."

We welcome into the Chicago Chapter LLOYD H. RICHMOND, who is Personnel Director of Montgomery Ward & Company.

PAUL M. PLUNKETT, a new member in the Chicago Chapter, is Chief of the Special Service Division of the Alien Property Custodian.

The last information we had on BOB CHAPMAN, formerly with the Association of Casualty & Surety Executives at Chicago, is that he is scheduled to complete his training as a Lieutenant, s.g., in the U.S.N.R. at Ft. Schuyler, N. Y. on April 23, 1943. DIRECTORY OF CHICAGO MEMBERS

He believed that a great number of former Special Agents would like to maintain this close tie after they left the Service; and, further, he believed the Bureau's Field Offices should keep in touch with former Agents in a manner similar to that which they keep in touch with NPA graduates. The Conference was advised that a record is being maintained of those Agents who are leaving the Bureau's Service at the present time and who have had good records; and the Conference further points out that it would be a desirable procedure to advise the Special Agent in Charge of the home city of Special Agents so leaving the Service of the fact that these Agents have left the Service so they could be contacted when and if desired. The Conference is opposed to setting up any former Agents' association at the present time. Respectfully submitted, R THE CONFERENCE 29-51 Clyde Tolson E. Tamm Α. cc - Mr. Clegg Mr. Hendon

Mr. Hoover:

The Society of Former Special Agents of the FBI held their last meeting on September 27th at the Hotel Martinique. There were about eighty-five former agents in attendance, which was considered to be a large crowd for this society. There was nothing particularly significant discussed during the meeting.

Their annual dinner is to be held in November and it is understood that an invitation is being extended to United States District Judge John C. Knox to be the principal speaker.

The Society is receiving numerous applications for membership at the present time from Agents who have just recently resigned.

Mr. Hoover:

There is attached hereto a memorandum setting forth a list of the officers elected at a meeting of the Society of Former Special Agents of the F. B. I., Inc., on November 27th at their annual meeting at the Martinique Hotel.

"Jerry" Hickey was elected President in a close race with "Al" Johnson and "Billy" Seery.

The membership of the Society is now 600. They gained about 100 during the past year. Applications are pouring in. They expect a membership of 1,000 within a year.

There has been a repeated pressure in the Society lately for an engraved certificate of membership and an emblem to be worn on the clothing of the members. This has been defeated as in the part.

Ex-FBI Men Map Job Plans

The life of an FBI man is great for bachelors, but no occupation for a home-loving family man.

That is the opinion of the Society of Former Special Agents of the Federal Bureau of Investigation. The group met last night in the Hotel Sherman to organize an employment placement bureau for former agents. There are 70 members in the Chicago chapter of the national organization.

E. C. Dixon, vice president of the Chicago chapter, said:

"Men leave the FBI for many reasons, but the most common scems to be the travel the job

involves. "The fellow's leaving the service makes it nice for the wife; she knows where the husband is all the time."

Dixon said FBI training and experience make a good stepping stome to successful business careers. Most of the members of the society are successful businessmen.

In response to your inquiry of Warch 20th, it is not possible for the Bureau to take a position one way or the other with reference to the desirability or undesirability on the formation of associations of former FBI Agents. This is a matter that is solely within the purview of their own discretion. Our only interest is to see to it that the Bureau is not brought into disrepute by the associations of former Agents who might be disgruntled, or for that matter, on the action of any organization. Should inquiries be received, they, of course, should be answered with a non-committal statement.

Mr. J. Edgar Hoover, Director, Federal Bureau of Investigation, Washington, D.C.

Dear Mr. Hoover:

Unquestionably you can regale historians from now on with the many wonderful accomplishments of your organization during the past few years. I have however just had a very unusual experience with some of your boys in civilian life and I this the story is so good that it is worth relating to you. 67-629-59

In the first place, I have the give you a little back-ground. We needed a boy to go into our frust Department and were originally heatly attracted by one of your men with whom we have have some routine contact. Failing to get him, another one of your ex-agents living here, with whom we had become acquainted adviseraus that Famileticanen your boys were looking for permanent places and that thought sooner or later he could find us one with whom we could do business. To make a long story short, we ultimately employed originally Burlington, Iowa and as an agent with your New York City. _____ came to work for us the first of the was unable to find a place to live and have to his. family with his wife's folks in Rock Island Illinois driving down there to spend weakends with them. In The meantime he found a house have to be accurled sometime early in May. Then, several weeks ago driving back one morning from Rock Island a big motor transport hit him headon and that he lived through it at all was a miracle. He has been in the hospital since and I am happy to say he is apparently going to have a very satisfactory and com<u>plete recovery. Suddenly the house became available</u> and came up to move in. Naturally we did what we could do to help her but hour accountighments were rather small.

Mr. J. Edgar Hoover

7 May 1946

It seems that there are quite a few very high grade boys here who were former agents of the F.B.I. Perhaps they were a little jealous of some of their contemporaries who were in the Armed Forces. Anyway, they formed a local club of ex-FBT agents. Last Sunday without announcing anything to ______ the following boys, all ex-agents of yours, descended on her:

b6

They simply took over. They removed all the storm windows, washed all the windows, put up the screens, cleaned out the basement, mowed the lawn and raked it. I don't know what the neighbors thought, but by Sunday evening was about as well moved in as anybody ever could be.

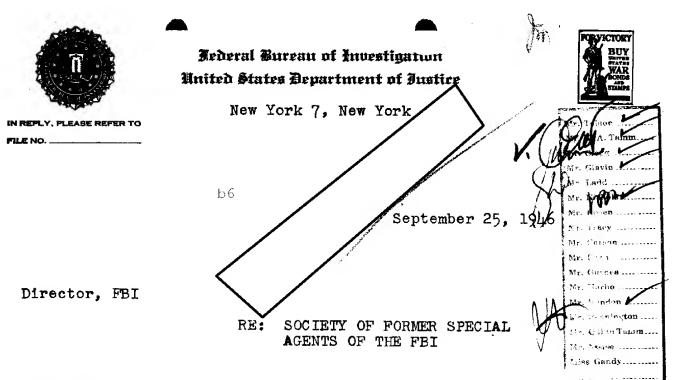

Perhaps sentiment plays no part in your thinking, but to me this is about as fine an example of real esprit de corps as I have ever seen. Needless to say, the ______ are grateful and all of us are tremendously impressed by this unselfish cooperative action by this group of young men. I don't know that the story is good enough to go into the archives but it is the kind of thing that makes the world a better place in which to live. All of us who have had any contact with your organization have always held it in the highest regard. After all though, it's something to have action like this carry over into civilian life and I thought you might like to know about it.

PERSONAL AND CO	NETHENTIAL	

Reference is made to your communication of October 23, 1946, concerning the above-mentioned association, wherein you advised that the members of this association in Los Angeles recently discussed the possibility of purchasing lapel buttons to be worn by members of the organization. It is noted that you feel that some action could be taken by you locally to block this measure if the Bureau desires you to do so.

Information has been received in the Bureau that the September issue of the Ex-Agents Association magazine, "The Grapevine", advises that members of the Association's Executive Committee had approved the pin and a contract had been let with L. G. Balfour and Company to manufacture such pins at \$3,50 each. It has also come to the Bureau's attention that the same company is working on a ring for ex-Special Agents.

In view of the above information, it is not felt that any action can or should be taken by you at this time looking toward the blocking of the preparation of the lapel buttons in question. Undoubtedly a number of members of the organization have already-ordered such buttons.

b6

Dear Sir:

I have learned that at a recent meeting of the Ex-Agents Association in Los Angeles there was considerable discussion concerning the purchase of lapel buttons to be worn by the members of the organization. It is understood that these buttons are to have on them the words "Ex-FBI Agent". There was considerable discussion, and vigorously opposed the adoption of any such an emblem; however, the matter was carried and apparently they intend ordering them.

Where this idea originated is not presently known; however, those individuals who are engaged as private investigators strongly favored this measure for obvious reasons. I do not know the Bureau's attitude on this situation, but I am considerably concerned over it for there is no doubt but that these former representatives desire to trade on the Bureau's name in their present investigative work. I am confident that we will have some impersonation violations referred to us, but what is even more important, certain individuals will probably furnish information thinking that they are talking to FBI Agents. Experience has shown that as long as any individual uses the name FBI and that person is engaged in any kind of investigative work, persons interviewed immediately assume that the individuals are in fact FBI Agents.

It is believed that t can take action locally to block this measure if the Bureau deres that I do so.

Re: SOCIETY OF FORMER SPECIAL AGENTS

Dear Sir:

On November 20, 1946 there was forwarded to the Bureau a newspaper clipping from JACK S. McDOWELL's column in the "San Francisco Call-Bulletin" dated November 19, 1946 captioned "Memo from Mac," reading as follows:

"There seem to be enough ex-G-men running around now to set up a new Federal Bureau of Investigation. The rapid turnover of San Francisco Bureau chiefs has started a bunch of rumbles that some of them were given the old heave-ho for one thing and another. HOWARD FLETCHER, for example, is said by runor to have been tossed out because of the illegal extradition of a man wanted in Mexico.

"The Ex-FBI crowd says 't ain't so. Here's what happened to some of the San Francisco G-men:

"FLETCHER, long the Bureau's most ardent hunter and fisherman, took a long look at his FBI career. He had been a G-man ten years and had undergone nearly as many transfers. His two children were suffering from hitch-hike educations. FLETCHER's father, a South Dakota attorney, offered him a law partnership. South Dakota is full of pheasants and such. There would be no transfers from South Dakota. So Mr. FLETCHER upped and quit and went to South Dakota.

"ROBERT E. MAYER, another former G-man, now is director of public relations for the Pacific American Steam of Association here.

"JOHN BUGAS, another, took over persinhel relations for the Ford Motor Company. His first and biggest the was to ease HARRY BENNETT, who was a red flag to labor, out of the organization. 024-63

"Then there is NAT J. L. PIEPER, the most famous of the local gangbusters. He's established his own public relations firm here and specializes in management policies and the like.

ENAI · ' 'Y

"SPENCER DRAYTON, former Seattle chief, went to the American Turf Association as part of the race tracks' 'clean skirts department.' ROBERT L. KING, who spent six years here, now is general manager in St. Louis for Southern Comfort--the grog that's made so deep in the South, you should drink it only from Dixie cups." b6

On November 22, 1946 Assistant Special Agent in Charge H. C. VAN PELT received a letter from former Special Agent reading as follows:

"Society of Former Special Agents of the Federal Bureau of Investigation, Inc. Room 2115 - 70 Pine Street New York 5. New York

"November 20, 1946

"Mr. H. C. VAN PELT Assistant Special Agent in Charge Federal Bureau of Investigation 111 Sutter Street San Francisco, California

"Dear VAN:

"Enclosed is a clip from the Call for the 19th which gives some of the boys a plug.

"Thought you'd be interested in the origin. Noting the recent snide remark by HERE CAEN about the Society of Ex's, and recalling the 'big mystery' story CAYLOR wrote some time are about FLETCHER's transfer, we sent a little copy in to

was happy at the opportunity to explode some of the cloak and dagger stuff CAYLOR loves to dream up.

"Sincerely,

"(signed

"P. S. I'm not responsible for the plug for yours truly!"

It is believed that the above-mentioned "snide remark by HERB CAEN about the 'Society of Ex's'" refers to a recent statement in

- 2 -

HERB CAEN's column in the "San Francisco Chronicle" that periodical meetings of about 53 former FBI agents are held in San Francisco, with the inference that the topic of their conversation is liquor, inasmuch as some of the former agents are now in this business.

The above-mentioned "big mystery story Caylor wrote some time ago about Fletcher's transfer" is believed to refer to an article of September 5, 1946 which appeared in the column of ARTHUR CAYLOR in the "San Francisco News." It was forwarded to the Bureau by cover letter dated September 5, 1946 captioned JUAN LOPEZ CANCHOLA, wa, Miscellaneous, Information Concerning, and reads as follows:

"Evidence that carelessness on the part of San Francisco police allowed Mexican officials to kidnap and shoot a native Californian last May-without so much as a reprimand coming from police authorities-promises to be dragged into the open by a federal investigation.

"The inquiry has just been announced by THERON L. CAUDLE, second in command to U. S. Attorney General TOM CLARK, my agents report, after he had been asked some pointed questions by ERNEST BESIG, director of the American Civil Liberties Union.

"Uncle Sam has become interested in the case, it appears, because of reports that the FBI made it possible for a Mexican secret service man to 'arrest' an American citizen in Stockton, hold him overnight in the City Prison here, then fly him into Mexico, where he was shot 'trying to escape.'

"Although the FBI seldom explains such transfers, it may be significant that shortly after the case 'broke,' HOWARD FLETCHER was snatched out of these parts and his place taken as FBI agent-incharge by HARRY M. KENDALL.

"FLETCHER had originally informed BESIG that the victim was not the prisoner of the FBI, but, after being arrested by Stockton police, was the prisoner, when in San Francisco, of MERCHOR CARDENAS of the Mexican Federal Secret Police.

"After BESIG pointed out that in the United States CARDENAS had no more authority than the ghost of George III--or Marshal Tito of Yugoslavia--FLETCHER reportedly started giving the case the 'no comment' treatment. That's a customary refuge of the FBI in time of trouble.

"The alibi of the San Francisco police, however, is keeping the FBI on the griddle. The police told BESIG that--lacking any evidence

- 3 -

that a federal judge or U. S. commissioner had issued extradition papers--they wouldn't have held the victim if he hadn't been 'booked' by Agent G. LEWIS of the FBI, and therefore couldn't have released him the next morning to CARDENAS and an untimely end.

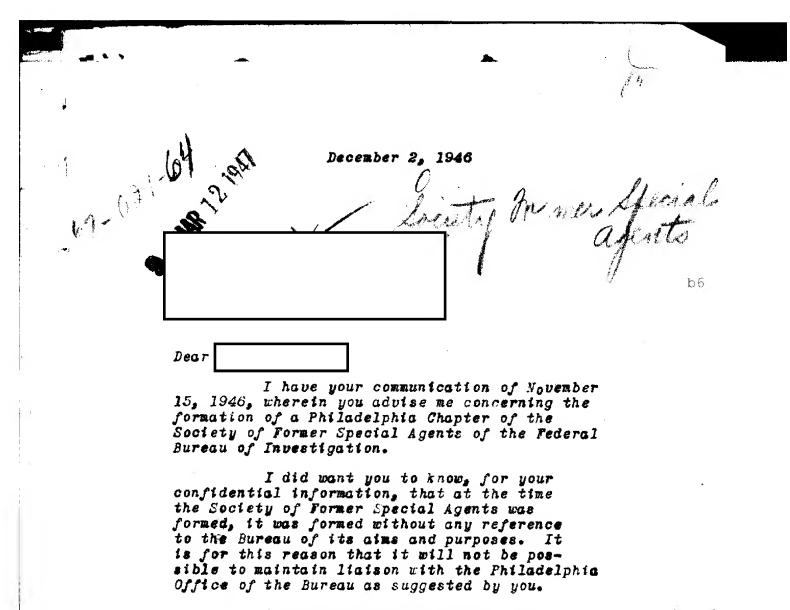

"The A. C. L. U. holds, of course, that the FBI had no more legal standing in the case than Emperor Norton's horse. So its big guns are aimed FBI-ward. Meanwhile, JUAN LOPEZ <u>CONCHOLO</u>, born on the Chase Ranch near Corona, California, May 13, 1921, is dead. Word reached here from Mexico in August that--wanted originally in connection with a Mexican jailbreak killing--he had again tried to escape the calabozo and they had to shoot him."

The foregoing is furnished for the Bureau's information, and no action is contemplated by this office.

Very truly yours, Harry M. Kimball

I am sorry I cannot advise you more favorably in connection with this matter.

i ŵ

With best wishes,

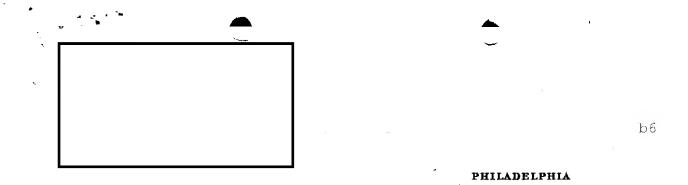

I am writing you to ask you your attitude in regard to the Society of Former Special Agents of the Federal Bureau of Investigation. I joined this Society about 4 months ago, and at the present time am active in the Philadelphia chapter which has just been formed and which I was instrumental in forming. We are holding our first business meeting on December 3rd.

There are thirty-five members of this chapter, some of whom I am sure you know personally;

I am personally very much interested in this chapter and in the men in it, because as you know I was very much attached to the Bureau and what it stands for. We hope to be able to accomplish something as a group in participation in civic affairs, and are not interested in just having monthly meeting of social purposes.

Could there be my Intact between the Society and the Philadelphia office? Would it be desirable to have the members of the local chapter as sources of information or confidential informants so that they could be called on if necessary in time of endrgency to perform some duty? Have you ever considered have the print of the endrgency (which might be set up thru the Society) which would continue in the practice of firearms and be available in times when it was needed?

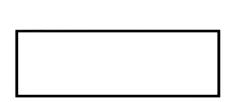

- 2 -

I and the other members of the Philadelphia Chapter will be extremely interested in your reply to these questions. One more question which is trivial; could a copy of the Investigator be sent to the various chapters throughout the country. Naturally I am interested only in Philadelphia.

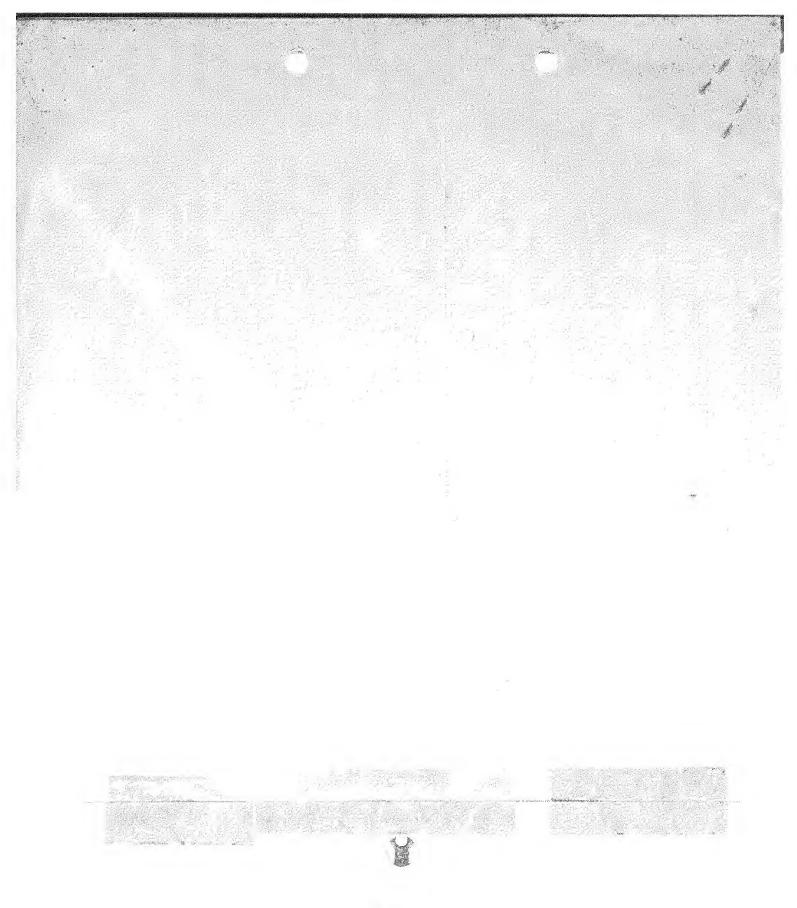

Hoping you are well, and that I shall have the opportunity of seeing you again sometime in the future,

I told her this organization was started by two former Agents who had gone into the private detective business, that so far as we could ascertain their motive was to get former Agents around the country spotted so they could be called on for services, and that I thought this would be something the AG would not want to do.

1947 Goal - 1,500 Members

Dear Member:

inc.

Your Society during the past year has greatly increased in membership. We have the opportunity of greater strength by increasing our membership.

Notwithstanding the constant growth in membership there are large numbers of potential members who should be in the Society. Your membership committee is interested in making the Society 100% representative of the former Agents of the F.B.I., consistent with the existing high standards of membership.

Many of our members have shown an excellent spirit of cooperation in continually selling the organization to prospective members. All of us can, however, make additional effort to enroll eligibles, and your Membership Committee requests you personally as your Society goal for 1947 earoll at least one additional member.

We are enclosing a blank application. Please sign your name as sponsor and forward this application to a former Agent of the Bureau who is not yet a member of the Society.

Sincerely yours,

Searche GILBERT H. MEYER motored Chairman, Membership Committee

TEERAL BUHEAU OF I

June 5, 1947

Dear Member:

Bill Seery has referred to me a letter which he recently received from Ed Gebben who is attached to the Office of The Provost Marshal at Tokyo, Japan. Mr. Gebben in his letter indicates that that office is very desirous of recruiting Bureau trained personnel for service in the Far East. As some of our members may be interested in the employment possibilities described by Mr. Gebben I am quoting his letter which is gaite comprehensive in describing the nature of the openings.

"There are openings at the present time for positions in CAF-9, CAF-11, and CAF-12. The salaries for these classifications, including the twenty-five per cent overseas differential, are \$5,187.00, \$6,127.50, and \$7,381.50. Depending upon the educational qualifications, length of service in the Bureau, and other pertinent factors, the Civilian Personnel Section in Washington makes the final determination as to the salaries awarded to various applicants.

The Criminal Investigation Division of the Office of The Provost Marshal is charged with the investigation of all major criminal violations throughout the Far East Command. Living conditions in Japan at the present time for American Civilians are very pleasant and expenses are exceptionally low. Quarters and food are furnished by the Army and the total cost for both per month averages from \$45 to \$60. Married employees who are in positions rated at CAF-12 and above are permitted to bring their families to Japan and are assigned appropriate quarters. Employees who do not have their families with them are quartered in hotels which are clean and have all up-to-date facilities. With the exception of men's suits, overcoats, and several other items, the Post Exchange here in Tokyo is able to supply practically anything desired. It is necessary for an applicant to agree to remain here for a period of two years, barring emergencies. In the event an employee breaks his contract during the first year, he is required to pay his own fare to Japan and return. If the contract is broken during the second year, the employee must pay his return fare to the United States.

This letter, of course, is strictly personal and is not intended in any way to be an official recruitment. I know you will appreciate this fact and will make certain that no applicant receives the impression that this is to be construed as a definite offer of employment. Anyone who is interested can communicate with me by cable or letter at the following address:

> Mr. Edward J. Gebben Office of The Provost Marshal GHQ, FEC, APO 500, c/o PM San Francisco, California"

If you are interested in the above opening, please send me a copy of the letter you address to Ed Gebben for my files.

Sincerely,

Jerome F. Carney Chairman, Placement Committee

The Truth About the Directory By BOB DICK

The annual directory or membership roster was recently mailed to all members. The directory is a good example of how fast the Society has grown. It is provided that the Secretary of the Society should publish the Directory annually and until recently it was to be published in October of each year. As the membership grew it became more and more difficult to prepare and it became more bulky. Due to the fact we handle the Grapevine we probably had a good many remarks to make about the directory. We claimed we could save the Society money on the printing, While Mr. Worthington was still Secretary forms were sent out to members for directory information. This was to be in sometime around September 1946. If the directory was published then it would have been almost obsolete by the time it reached the members because all officers, committees, etc. changed in November 1946. It was decided to hold it up so the recent information could be put in it. The annual meeting was not held until December 1946. Then came Xmas holidays & other things to delay it. Mr. Morse Conroy, the new secretary, was entirely blameless for the delay. We assume all responsibility for the delay with a few extenuating circumstances some of which were beyond our control. Regardless of that which has past, your recent directory although recording about three times as many members and other additional information cost the Society about the same amount as the preceding one. We don't know what you thought of it, but we hope you liked it.

In respect to future directories we would like to inform that it is now provided that the directory be published the first of each year or January first. The printer who did the work on the directory has held all the names in lead and assures the writer that he can save us at least \$150. on the printing of it if we will tell him now that he will print it this coming year. The cost of paper is an element that enters into the amount to be saved. This would hold down the cost of the directory to approximately five or six hundred dollars. All that would be necessary is to remove names that have dropped out of the Society and add the new names. Also set up the new officers, committees, etc. We are trying to get this before the Executive Committee for a decision, but we believe it is our duty to inform the members.

Pension Refund Bill Signed By Truman

The 80th Congress passed the Jones bill permitting Federal employees with less than ten years' service to withdraw their money from the Civil Service Retirement Fund. This is the only major piece of legislation to get through.

The U. S. Civil Service Commission issued the following statement on the Jones law:

"Thousands of former Federal workers who left the government with less than 10 years' civilian service to their credit and whose contributions to the Civil Service Retirement Fund have been held in trust for return to them in the form of an annuity at retirement agent, can now withdraw their money under a law signed by President Truman on July 30. Present employees who may leave the government in the future after having served less than ten years are likewise included.

"Because government employees are not eligible for unemployment compensation benefits, the new law will aid many former government workers who have been laid off and who desire a refund of their retirement deductions to help tide them over until they secure other employment, or assist them in returning to their home State.

"Persons who wish to make application for refund of retirement deductions should contact the agency in which last employed, the Civil Service Commission in Washington, or any one of the Commission's fourteen regional offices and obtain a copy of Form 3005, "Refund of Deductions," A completed Form 3005 should be mailed by the former employee directly to the Commission's Retirement Division in Washington. It is expected that most refund claims of this nature can be paid off within thirty days of the time the form is submitted to the Commission,

"Blanks can be obtained by mail."

Mowry Presents Our Defense By JOHN L. MOWRY, Atty.

Re: Your topic in the "RELEASE" under the caption "THIS ISSUE." I shall advise Wayne forthwith that you need a vacation. Why? Well Dick I never in my life saw so many words, words, and more words when in fact all you really wanted to do was swear and then to top it off you didn't even get around to actually swear. You should either come back to Iowa and drive one of those damned no account Missouri mules for a few hours or else I should come back to N. Y. and give you elocution lessons. For the next issue my release is as follows:

PROUD PAPA AGAIN

Mr. and Mrs. Robert W. Dick, Belleview Terrace, West Orange, N. J., announce the arrival of a son, David Bruce on the 4th day of April, 1947. Members of the Society are happy to know that "Bob" is not as old as he has represented. All is forgiven by members critical of not having received the "Grapevine" at an earlier date.

Did you read the article in the Saturday Evening Post about two months ago entitled "There are no ordinary men in Iowa" by Wilbur Schramm? Well if you didn't it is now a matter of record that the only ordinary people are those that come from Missouri. That has been my contention for years.

Two Society Members Investigate Communism

U. S. Representative Thomas, Chairman of the Un-American Activities Committee announced the appointment of H. A. Smith, Chief Investigator and A. B. Leckie, Asst. Chief of a staff to investigate Communism in Hollywood, California. Both Smith and Leckie are active members of the Los Angeles Chapter.

Your Grapevine

This is the second issue of the month to month issue. As we prepare it the stuff seems very dull. There is news of interest in every city where we have a Chapter. We are dependent on you for the items. We are interested in the every day happenings to members such as new jobs, marriages, deaths, births, success and promotions. We should receive 200 items a month. It is your move!

PHILA. NEWS

By WILLIAM J. CLOTHIER, 2d.

Ray Cowan resigned two months ago from the

Savannah Field Division. Ray is single and at present looking for a position in the Phila. area.

The Chapter had a spring outing at the Oak Terrace Country Club near Willow Grove on June 6th. Twenty two attended with several bringing their wives and girl friends. Jack Warnes came all the way from Wilmintgon with his wife and Bill Lorry was the chief entertainer recalling some anecdotes from the Bureau.

Sam Blaskey has a new arrival in the family, a baby girl as does Randy Rosenbaum.

Walt Knecht has resigned from the Continental Distilling Corp. and has set himself up in the practice of law in the Crozer Bldg.

Dick and Sue Levy are on their way to California for several weeks vacation—Oakland to be exact. Dick is head of our membership committee.

Gus Schermerhorn has just been admitted as a partner in the law firm of Fox & Fox in Norristown,

Spence Wood is now the business manager of the Nittinger Ford Agency in Philadelphia.

Max Chaffetz has also changed jobs and is now with Richland Food products in Richland, Pa.

Bob Bentley is no longer with us, having left for New York. Charlie Dickey has gotten a promotion with the Scott Paper Co. and is now in New York permanently,

Twelve Hundred Reporters Sleep By GENE WARD

One night recently Mrs. Bob Dick heard her husband mumbling in his sleep. He was restless so she turned on the light and was startled by the harrassed look on Bob's face. She awakened him and asked what was troubling him. "The Grapevine," he replied, "I can't get it out of my mind for a minute. All I hear is 'when are we going to get a Grapevine, Bob' or 'you should write an article on so and so.' The fellows don't seem to realize what a job the getting out of an issue is or else they wouldn't be constantly on my tail. I can't write up all that stuff myself."

"Now don't fret about it. You can't do anything about it at 3 A.M., can you, so get it out of your mind" said Mrs. Bob. He went down to the kitchen and had a couple of ears (yes ears) of corn (Bob's from Iowa, you know) and went back to bed. Bob slept well the rest of the night, soothed by his wife's understanding and advice and anesthetized by his favorite vegetable.

Next morning at breakfast Mrs. Bob said "Why don't you do something about this Grapevine complex you're burdened with. What's the set-up, how it is that you have to carry the whole responsibility yourself. I thought the Society has 1200 members."

Between gulps of coffee Bob explained. "You see, we have what has been designated as a "Publications' Committee' which consists of about 30 fellows all over the country who are SUPPOSED to send me news items, articles and other material regularly for the Grapevine. In addition the individual members could and should keep me supplied with items of interest about themselves and other ex-Agents. We should have the best newsgathering force in the country. Despite this, the amount of material I receive is pitiful."

"Well," said Mrs. Bob as she buttered another piece of toast, "what are you going to do about it?"

"We're having a meeting of New York Members of the Committee today to see if we can cook up some "That's fine, now perhaps you'll get more rest, enjoy your meals and maybe put on a little weight." Mrs. Bob handed him the keys for the car and he dashed out to the garage.

The horns of the dilemma were seized by Bob Dick, Bill Rooney, Bob Dore and Gene Ward at Miller's Restaurant and given a terrific shake. Result: Bob will channel all items received on the same subject to one or another of the above who will edit them. An abbreviated version of the Grapevine will be issued monthly. When material received warrants, a full size edition, similar in form to the previous issues will be prepared and printed. The monthly issues will contain gossip, rumbles, etc., small articles of interest regarding the members. The larger edition will contain the longer articles, pictures, etc. The main advantage of the new idea is that with frequent publication, the news will not lose it's current interest.

'Of course, this will not solve the principal drawback which has made the job of Editor so difficultand that is failure on the part of each member to take a personal interest in the Grapevine. The members in the larger cities have much more opportunity for gathering news items than those in smaller towns. However, if each member would send in only one item each month without fail we'd have enough material for a Grapevine every week.

As the occasion arises write short memos on items you think will be of interest. On the first of each month dictate (if you are lucky enough to have a steno) a resume of what you've collected and send it along. Longhand will do—unless you write in Sanskrit or Cuneiform—but in any event, send something at least once a month.

Lets' really cooperate to have a Grapevine we will be proud of. At least it will eliminate a gripe and let Bob Dick get some sleep.

Would You Like To Be A Boy Scout

Probably you were a Boy Scout at one time. Anyway you know they do a good turn every day. They say nothing will make you younger or give you more of a zest for living than to do a good deed often.

Here is how you can do it-a member up until June 1, 1947 was spending 90 per cent of each day in bed. He is Mr. Joseph E. Bayliss at 310 Johnston Street, Sault Ste Marie, Michigan. Why not a cheering line to him.

Incidentally if you think you are down and beat listen to this-Joe in spite of a long illness is hoping and planning to attend the Annual Meeting in November. A great spirit for a man who has been on his back for almost two years.

G-Man JAMBOREE

When FBI alumni toss a party, their shop talk runs like a movie script

New YORK CITY detective who had worked with Federal agents during the war was out strolling with a fellow sleuth in mid-town Manhattan one recent evening. Outside a hotel he suddenly clutched his friend's arm.

"Watch it!" he muttered. "There's something big cooking. The lobby is full of <u>Man</u>" The two slid into a near-by door-

The two slid into a near-by doorway — ready to help out with a shot or two if needed. But a half-hour later, when the fireworks still had not started, they cautiously entered au whe hotel. The G-Men were there, is all right — but they had parked their me 'Aguns for good. They were simply un delaxing at a meeting of the Society. The Society's sectors of the FBI.

The Society of "^{UW} semble a college reunion – except that when "Old Grads" guffaw about the "time Jim missed," they're talking about a bank robber, not a field goal.

There's no immoderate drinking at meetings: safe habits acquired during years with the Bureau seem to have a way of sticking. Members never indulge in judo, one of their blonde night-club hostess. She was the girl friend of a swindler the FBI wanted badly. The agents believed that if they could find out where she lived they could lay hands on him. Barnes gave his profile and expense account a brisk two-week workout - but he trailed her to a different building every night.

One Sunday he was maneuvering a baby carriage out the front door of the Jackson Heights home where he lived with his wife when he suddenly found himself face to face with the swindler's blonde - on her od's home. It turned out that she lived if the flat above his own!

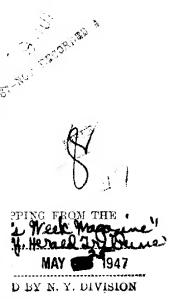

A sharp-eyed, mercurial little man we'll call Logan, fresh out of the Bureau, still chuckles over his easiest chase.

Cross-Country Trail

IN HIS attempts to disguise himself, a fugitive had grown a mustache and had his features altered by plastic surgery. Then, to top off the job, he zigzagged across the country a few times.

Nevertheless he left an obvious trail — of gin rickeys. He drank nothing else, always ordered threequarters gin and the juice of one lemon. No bartender ever forgot him.

Members of the Society indulge in occasional good-natured laughs at the expense of the Bureau. A hard-

former specialties; and instead of rogues'-gallery photos, they pass around the latest snapshots of their own junior G-Men.

"No Names, Please!"

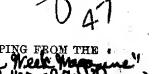

It's not hard to persuade them to talk about their adventures, but they insist on anonymity. Some of the most desperate criminals in the country have good reason to remember them with hatred — and they see no point in advertising their present whereabouts.

One, a matinee-idol type whom we shall call "Barnes," likes to tell how he played the role of California playboy in New York to keep tabs on a looking, red-haired former agent, now a business-protection expert, recalls an amusing incident. It all started when the FBI decided to send two skilled accountants to examine the books of a bank official who was under suspicion for embezzlement.

Somehow the protection agent, who prefers to be known as "Jackson," and another agent — both completely ignorant of accounting — were assigned the task.

"We're going to go over your books." they told the official. They were still trying to figure out how.

"Is this what you're looking for?" the man asked, pulling a loose brick from the wall. In the hole lay the

missing funds: \$35,000 in large bills. But instead of praise, headquarters wired a complaint that the agents were moving too fast and should have completed the accounting to make the case legally airtight.

The Society was formed 10 years ago when a dozen ex-manhunters got together to keep alive the "memories of pleasures enjoyed and adversities shared." Now they number about 1,400, scattered around the country in 15 chapters. The New York branch alone boasts 200 members.

Some of them have carved out big jobs for themselves in tivil life. One is chairman of the New York State Liquor Authority, another accounting manager of General Foods Corporation. A former chief of the FBI is assistant general manager of the National Board of Fire Underwriters, and one agent has advanced to director of employment of American Airlines.

Ex-Agents at Work

NEARLY every field of endeavor is represented at the Society's meetings. Its national president, formerly special agent in charge of the Denver district, is a public-relations man. There's also an automobile dealer, a football coach, a city manager and a radio news commentator — together with nine policemen, a crime-commission director and even a casketmaker.

Many find that their Justice Department know-how comes in handy. Dne, warden of a Texas Federal correctional institution, was thankful for his top-notch training in gunplay when seven desperate criminals tried a break. He was seriously wounded, but three of the prisoners were killed and one sent to the hospital.

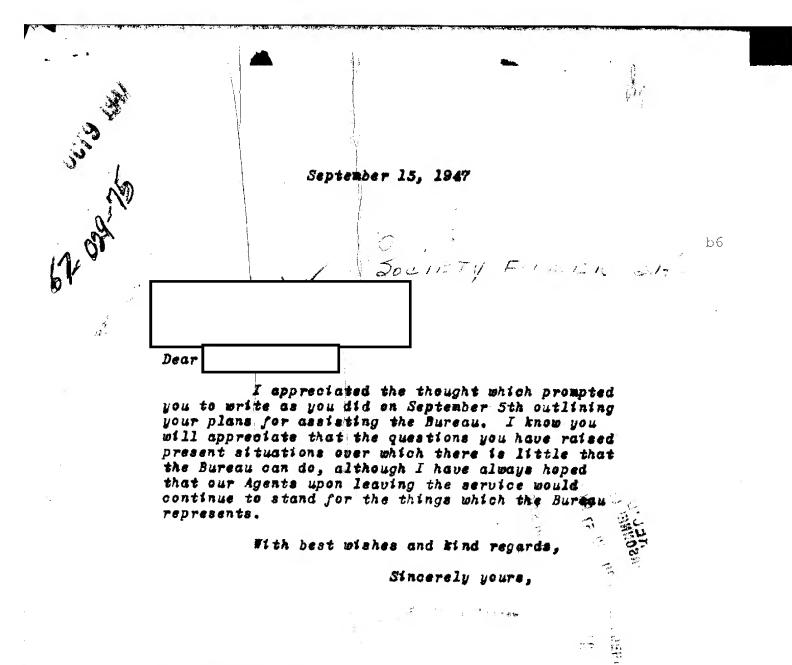

``Brain and Brawn''

ONE of the Society's chief aims is to help place ex-agents in industry or other jobs where their FBI experience will be useful. It maintains an employment committee which scientifically ferrets out openings requiring a G-man's well-known combination of brain and brawn. Most of the agents who seek its aid are lithe, keen, muscular men. Average age: 35. But there is one member who resigned from the Service 'way back in 1912.

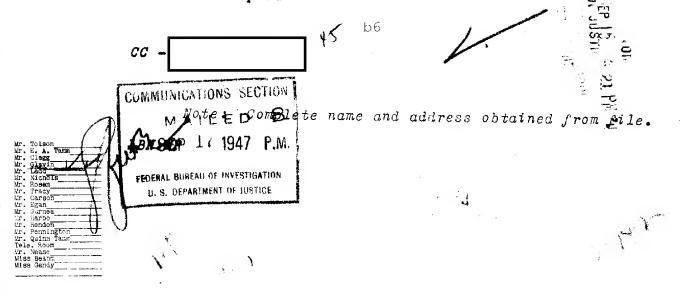

Right now, the ex-agents feel pretty pleased that the FBI can finally square accounts with someone they had dead to rights for a long time but couldn't touch for the time being. During the war, the Burcau had proof that a certain individual had acted as an enemy agent without registering as required by law. An arrest would have tipped off the enemy that we had broken one of his codes.

At the Society's meetings, there is plenty of lighthearted good-fellowship. But behind it there is always a serious note. Members seldom talk about it; but there is the feeling that if the country ever needs trained Federal agents in a hurry, they will answer to the last man. The End

For some time I have tried to devise a plan to effectively join the Society of Former Special Agents of the FBI with the Bureau in a way

not requiring Congressional action; yet permitting Bureau supervision and control of the mutual effort. There seems to be a simple, practical way to reach this objective. It is to acquaint you with it that I am writing.

If the members of the Society could be welcomed by you to act under you local Special Agent in Charge as a"Gast of Gharacters" in the simulated enactment of the crime problems the Bureau uses to train local or rural police departments there would be a natural rejoining of FBI present and former Special Agents.

I believe the public would assume in oute natural that you would continue to utilize the skill and experience of your former Special Agents in adding the part of witnesses, suspects and fugitives in Bureau supervised simulated crime problems being solved by police departments as part of the National Police Academy training plan.

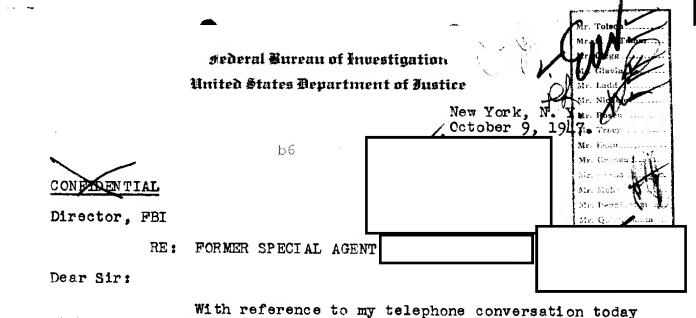

The public would expect that former Special Agents would make the problem more realistic and would offer a real test for the publice by keeping the "play" on a scientific plane instead of making of it an anateur theatrical on the part of those who have had no Burean training. The public in knowing the problem to be Bureau conceived and controlled that the "cast" was being directed by the Special Agent in Charge representing you would follow the "chase" with the same avid interest it how realize the stories.

67-6

The Society would be doing a law enforcement service; and for this reason I intend to make mention of the plan on September 11th, when the annual meeting of the Society takes place at New York, N.Y. The time is too short to expect you to express an opinion in this regard which I might make known to the membership for its guidance and consideration, assuming that you would permit me to know you opinion. I do Nowever offer the idea as one having merit, and hope that if you find it acceptable I may be allowed to help promote it within the Society either of a national or a local chapter level, and the second

with reference to my telephone conversation today with Assistant Director W. R. Glavin, there is enclosed copy of a letter dated October 7, 1947, addressed by former Special Agent in Charge Edward L. Conroy to Mr. Gilbert H. Meyer, Chairman of the Membership Committee of the Society of Former Special Agents of the FBI. In accordance with my conversation with Mr. Glavin, I mentioned this matter to who is a former Special Agent and with whom we are on very close terms due to the fact that he attends the said that as a member of the Executive Committee of the Society he would see that under no circumstances would be admitted to membership, and that it would not even be necessary for him to give a reason. truly УÇ 40 QUANSE THE TA 939112 EDWARD SCHEIDI SAC D. THIS BRIEFCASE FOR HIRE By John Vincent

What does an Ex-G man do after he has turned in his manuals, taken the weight of that .38 off his hip and turned out to graze in other pastures? Apparently former agents are as agile and versatile as a cat flung from a second story window--always managing to land on their feet and likely as not the better for their experience. Whether the jump was from Special Agent to Bank President or farmer, the change seems to have been accomplished with ease.

Just what kind of jobs do they fill? Well, an analysis of 881 members (more than an ample crosssection by any standard) shows that lawyers, like Abou-Ben-Akhem, lead all the rest with 322. Forty per cent lawyers is a pretty heavy concentration. The U.S. Government had 103 or 12% in various agencies. Besides these big groups there were 55 accountants, 39 private investigators and 19 in industrial or labor relations. Seventeen are in department store protection or personnel work and 13 in banking. After that there is a general scattering, including all kinds of jobs. There are meat brokers, musicians, writers, stock brokers, auctioneers, hotel managers, college professors and coaches. Believe it or not, there are two presidents of casket companies. There is a V.P. of a candle company. They are in oil, lumber, chemicals, food, steel, motors and just about every product you can think about.

They are all over the world and maybe in a later issue we can have a roll call from our overseas brethren.

TENTH ANNIVERSARY

We believe this issue of your Grapevine needs some explanation but before giving that, we wish to extend our sincere appreciation to all those members who cooperated to make it possible. When the Executive Committee asked that we publish a special issue to commemorate our tenth anniversary, we agreed, realizing that we were assuming a responsibility because of past experi-ences. Due to our overzealousness to make this issue possible, we probably extended ourselves to be assured of having sufficient material. We had then a very definite idea for this issue. The responses to our inquiries were tremendous and necessitated our abandoning our original plan. As usual, when you abandon one plan for another, you run into difficulties which we believe we have overcome except in one or two instances.

We have attempted to bring

you in pictures, the men who have led and assumed the responsibility for the Society's success during the first ten years of its existence; publicity to members in every part of the country, with the thought that many of you will recognize old friends and associates, which certainly should give you a sense of satisfaction and pleasure. We believe it will cause many of you to know the membership better and the individuals by sight instead of name only.

The Publications Committee extends its congratulations to all the officers of the Society and to the Chairmen and members of all committees who served during the past ten years.

New officers will have been elected when this reaches you and the Grapevine takes this opportunity on behalf of the Society members to extend congratulations.

BOB DICK, EDITOR GRAPEVINE

60 JOHN STREET, ROOM 1202 New York City 7, New York

Dear Member:

With all due respect to the previous Chairmen and the fine tradition established TOI DEA for enjoyable evenings the new Chairman of the Program Committee Edward E. "Ted" Conroy (whom we had to hog tie to accept the appointment) has surpassed all expectations for a program for the evening of Wednesday, February 4, 1948 which will be remembered for a long time to come. This quarterly dinner and meeting of the Society being held at the Hotel Martinique, 32nd Street and Broadway, New York City is to be different. It is frankly deaigned to encourage more members to attend, although the cost is a little more it is well worth it.

In order to allow the members to renew old friendships in a covivial manner cocktails, etc. will be served as usual at 6 P.M. in the Oak Room. Dinner will be served at 7 P.M. in the Gold Room. The charge for the dinner and all that goes with it including gratuities will be \$5.00.

The dinner is designed to attract the male appetite, to wit:

Iced Double Tomato Juice		Pea Soup with Croutons
Gorned Beef & Cabbage	and	Boiled Potatoes
Apple Pie a la Mode	\backslash	Coffee

as an innovation beer in pitchers is being served with the dinner.

Because of the excellent entertainment at hand the business end of the meeting will be conducted during the meal as opportunity permits.

For entertainment Ted Conrov has secured the services of one of the finest choral groups in the United States, who have performed in Madison Square Garden as well as many other well named places. We are to hear the voices of the New York Fire Department Glee Club composed of a double quartet and musician. It was only by appealing personally to the Honorable Frank J. Quayle that it was possible to secure this entertainment. Anyone attending the dinner will be bound to sing their praises.

Two of the most prominent persons in New York City are to address you; they are personally known to most of the members of the Society. These two men prosecuted in Federal Court practically every important violation during World War II. They are the Hon. James B. M. MoNally, formerly U.S. Attorney for the Southern District of New York presently Justice of the Supreme court of the State of New York and the Hon. Harold Kennedy formerly U.S. Attorney and presently U.S. District Judge for the Eastern Disprict of New York. These fine gentlemen whom so many of us hold with af-fection were always most cooperative with the **FAD**. They are both brilliant speakers and will have messages which will be well worth hearing. Everyone present will enjoy being in their company. being in their company.

in their company. $\zeta \in \mathcal{D}^{-}$ The business of holding a dinner is somewhat involved. The Hotel must know several days in advance how many will be in attendance and the Society is obligated to pay for the number of dinners ordered. Please cooperate and promptly fend in your check to the Secretary at the above address. If you find that you and attend let us know in advance of the dinner and your money will be refunded. 5 Loghing Logward to seeing you at one of the best attended dinners in the history of the Society.

NOVEMBER 1947 RELEASE

TON MCDADE

SOCIETY FORMER SPECIAL AGENTS OF THE FEDERAL BUREAU OF INVESTIGATION

INC

UNDEVELOPED LEADS

By Tom McDade

Arthur R. Heckerman writes from Cincinnati for twenty-five membership applications. Remember, Arthur, all applicants must be over twelve years of age and you are not allowed to sell chicken inspector badges to the pledges.

Among the papers and letters sent me by Eran Keogh for this copy was one sheet with the following terse but unrelated notes:

"Mr. H. A. Lewis of Somerville, "assachusetts, is laid up with a broken leg.

"Fred Ayer, Jr., has gone to Greace.

"Jim Mahan and Bill Moir have left Drayton's Pony Police.

"Jim is starting out to build his own law practice in Cambridge."

I don't know if there is any connection between Lewis' injury and Fred's flight to Greece, but don't get a broken leg near any of Spence Drayton's boys, they just shoot you out of hand.

Milton Dickerson is teaching law and accounting at Michigan State College. Milt, if any of your students want to do accounting research, just drop me a line at General Foods and I'll pass them some of the problems that are bothering me.

Is there a bounty on new members? Boh Erskine sent the names of 31 ex-agents to whom application blanks have been sent. Besides working for the Chevrolet Motor Division of G.M. in Los Angeles, Bob has an interest in a local sporting goods store which he says will ship anywhere. How about one of these Chevvies, Bob?

Charlie LaFrance transferred out of New Orleans to Dallas notes that in another month the ponies would be running in N.O. It descn't seem a dozen years ago that Charlie and I grabbed Jack Ferkins, Baby Face Nelson's pal, in a north side restaurant in Chicago. We practically held up the restaurant to get him and shortly after we got to the Bankers Building office with

him, Perkins' friend began to call up to find out if he had been arrested or kidnaped by hoodlums. There waan't much brief case carrying on the old Jodil squad.

From Stan Collins in Adron, we received a blotter bearing his name and business address and a picture of a pin-up citie who would give the Vargas girl a run for her money. We couldn't figure out the connection between the illustration and the plug to use firms advertising but we suppose it will come under the heading of goodwill.

Back in the days when the Beaux Arts Apartments in New York were not out of bounds to Bureau agents, there was a "Tavern" in the neighborhood where the barkeep knew as many agents as the SAC. It was a cozy spot until the No. 1, 2 and 3 boys discovered you could round up a squad for a late job a lot quicker by calling there than trying the numbers the boys left at the office. Mike, the barkeep, got rather attached to many of the boys and in one of his more sentimental moments he concocted a drink which he named a "Special Agent." The recipe as given to my by one who certifies to its accuracy runs as follows:

> jigger of Italian Vermouth
> jigger of French Vermouth
> jigger of whiskey
> Dash of Bitters
> Stir well with cracked ice, strain and serve in Cocktail glass.

My informant tells me that Mike says the drink was well named-it was smooth and spoke with authority. He later added a companion drink called an "S.A.C." For the recipe, he would refer you to the one above and just tell you to double all portions.

Reading the agony column of the New York Herald Tribune the other day (Sherlock Holmes got his best leads from the agony column). I ran across the following add:

> Beautiful Virgin Islands only 9 hours from N.Y. Complete info appears in The Beachcomber. Airmail \$2 for years subscription. Box 509, St. Thomas, V. I."

This add was just below one selling a course in hypnotism. Brother Maas who edits the Beachcomber would do well to steal some of the appeal in the hypnotism add which promises to develop you into an influential and dominant perconality and train you to influence others and break habits.

I pored over the picture of the swearing in of H. A. Smith, investigator for the House of Representatives Un-American Activities Committee at the hearing on the firm industry. It looked awfully like Brother H. Allen Smith of Los Angeles whom I recall in the Nashville office in 1936. We had one exciting night when Smith, an accountent named Leonard, a couple of county police and myself raided a farm and captured Howard Douglas Vice, leader of a gang of liquor hijackers. Vice was returned to Tennessee where he had escaped jail while awaiting trial for murder and for which he was later given life sentence.

Serving with a Congressional Committee must be a trial after a Bureau training. The difficulties of testifying before a battery of klieglights and

Society Former Special of the

Federal Bureau of Investigation

movie cameras are bad enough. Added to this, there seems to be preference for opinions rather than facts and the questions of the witnesses are usually "What do you think?" instead of "What do you know?" Good luck, Smitty, don't let the arc lights dazzle you and remember you still have to try him after you catch your man.

Anyone seeing the mame of the Society for the first time must be impressed by the fact that no attempt was made to save words in selecting it. Consisting of eleven words and sixty-two letters, it is longer even than that breathtaking business in Philadelphia which for some hundred years has prospered under the name of "The Pennsylvania Company for Insuring Lives and Granting Annuities."

Several suggestions have been made for shortening the Society name and there is much to be said for a name such as "Society of the F.B.I." in preference to the current title. By the way, has anyone ever heard a longer name than ours?

Gordon R. Carpenter writes from Shedy Shores, Denton, Texas, that he is studying for the Bar examination. Man, oh, man, don't you see what they are paying electricians and corporters these days and they don't know a subpoene duces tecum from a writ of replevin. And by the way, do you?

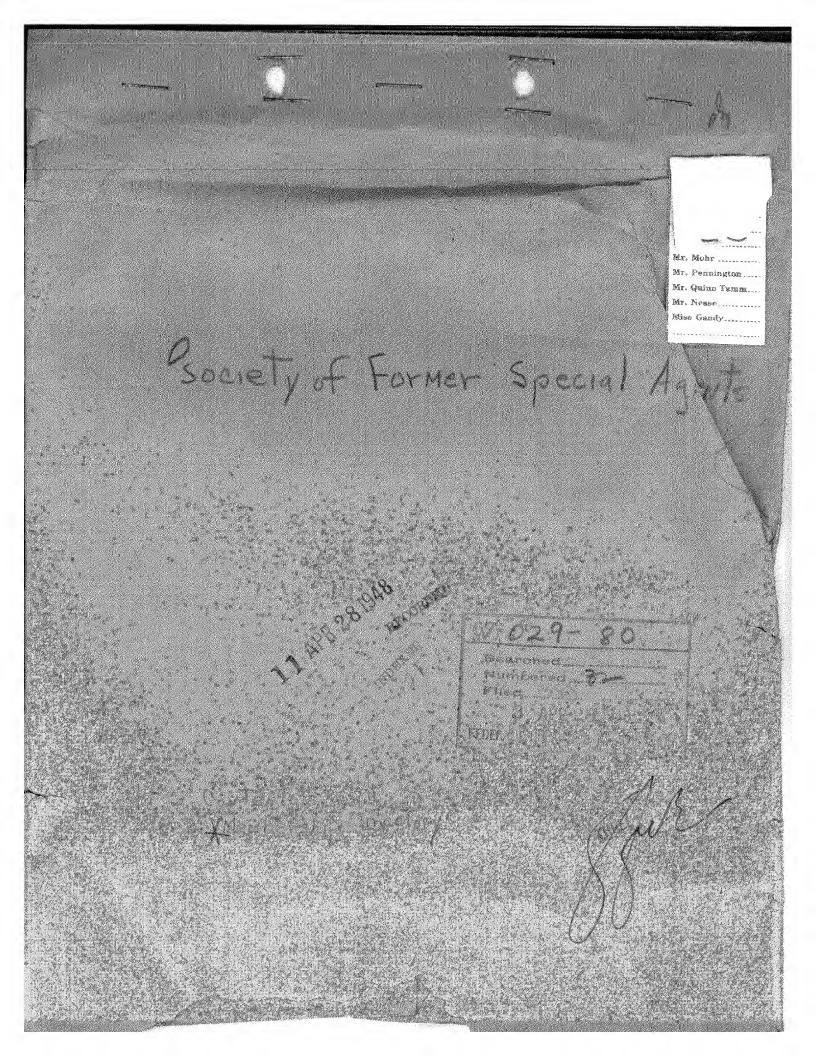

A lot of people wrote in to Pine Street to pay their dues, but that was only as it should be, so we won't list all the names. Maybe next time just the names of those who don't pay.

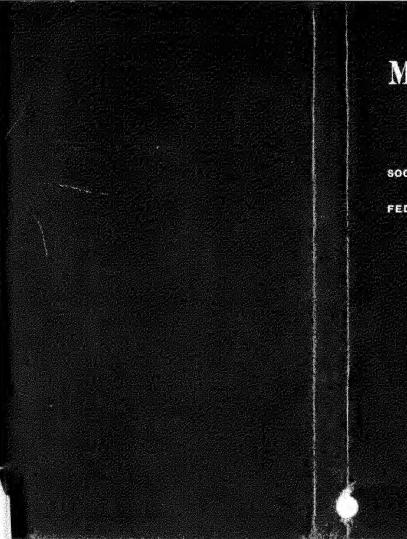

Rey Connell reports from Montclair, New Jersey, on his milk and egg diet. I couldn't tell from your letter whether you were having a new plate fitted or something more serious. Will look forward to seeing you at next meeting.

Lost membership cards seem to be not uncommon. We can't give the boys thirty days like in Bureau days but there should be some penalty, like writing a column for the Grapevine or producing two new members. Daniel O'Mars of Elizabeth is latest offender. Honest, Dan, was it in trousers you left behind when you went out the back window?

Letter received from Bill Moran in Minila, P.I.-dated September 27, 1947. Glad to hear from you Bill, you might look up my good friend Col. Agel M. Tuason, Aviles, Manila, former Chief of Police and now adviser to the president. Col. Tuasm can teach a stranger a lot about police and intelligence work in the Republic of the Philippines.

That is true and the motive behind the sector a worthy one. But to us the real sig-nificance in this action is that over the years our various taw enforcing scencies have been hiding a mutual ground whereby they can bend their efforts into a tremendous and continuous law enforcement push. It's as true between state and federal officers, and be-tween scale and federal officers, as it is be-tween total and federal officers, as it is be-tween total and federal officers. In the last few years we have seen set-tween order a secondarios all law enforc-ing officers association, spring up all own for any in other states. Once there is method as mighty tough for the law violations.
