Dear [REDACTED]

[REDACTED] left his paradise a few days ago and spent a little time with us here in Seattle. While he was here I tossed out for his consideration an idea some of us in the XFBI here have been mulling over. [REDACTED] suggested that we solicit your views.

As you know the XFBI Society through the years has always studiously avoided endorsing or taking a stand one way or the other on any question or situation. Many have thought that as citizens in our communities we have ample opportunities to engage in civic affairs of various kinds. The Society has always maintained its position as a "social and friendship" group except for its support of the Director and the Bureau in matters of legislation, etc. Some of our local members - who have supported this view in the past - now wonder in the light of national and world conditions whether we should continue to be deliberately uninvolved. We have in mind of course the threat to our free enterprise system from the communist world.

The two films "Communism on the Way" and "Operation Abolition" have created a storm of controversy in this part of the country and I suppose to a greater or lesser degree elsewhere. In spite of extremely poor production and content they have roused the man in the "middle" and on the "right" to the threat of communism to our way of life.

As an example, another former agent and I showed the film "Operation Abolition" to a Methodist mens group in [REDACTED] recently. In the question period following they kept us for an hour and a half and we had to break away then. The first questions were about the film but they were soon about communism, how communists gain control of organizations, how they infiltrate into labor unions, how they recruit members etc.

The reason they asked so many questions was because as former agents they had confidence in our knowledge of the subject. We wonder if as former agents we are unaware of how much we know about communism and how little the average citizen knows but would like to know. We feel that former agents could fill a real need in this area and would like to do so if they had a "track" to run on.

We feel such a "track" could be a movie film sponsored by the XFBI Society and produced by professional people generally along the line of the old March of Time series. It would have to be carefully researched for accuracy. It should do two things: (1) sell free enterprise beginning with the Declaration of Independence and (2) show the threat of communism to this way of life. ~~I personally believe that "anti-communism" only would fall far short of a proper goal.~~ As you know you don't sell Schenley products by running down your competition and we won't sell America by being anti-communist only.

As you probably know the Society has been approached in the past by a TV network with the idea of producing a series of shows based on actual cases handled by the Bureau. The offer was for us to supply the facts from cases that we had worked on and they would supply the writers. The Society for furnishing such facts would receive a substantial sum for its Foundation. This was turned down cold, and rightly so I'm sure, on the ground that the information we had in our possession was gained through a confidential sort of employment and was not really ours to give - and furthermore it could be the cause of some embarrassment to the Bureau.

I am sure the same objection would be raised against the film we have suggested UNLESS the Director would say that he would not object to its production from public sources of information. The principal purpose of this letter is to get your thinking as to what the Director's reaction would be to such a proposed film and program on the part of the Society. Is there any way the idea could be sold to him? We certainly could not expect any endorsement for obvious reasons but if he would say, "I have no objections, period" I feel sure we could sell the idea to our convention at Denver in October.

This question has been posed to a number of people here in Seattle who are not Society members, "Suppose the organization of former special agents of the FBI produced a film on Americanism and the threat of communism to our way of life - do you think it could be a valuable contribution to our country?" You would be amazed, Nick, at the reactions - at least I was. "I'll see that you can show it in every school

in the city." "I'll make 15 phone calls to some fellow Rotarians and I'll help you raise at least \$10,000 for its production." "It would be terrific!" "I'm sure you would have more calls for a showing than you would be able to handle." These are some of the answers I received.

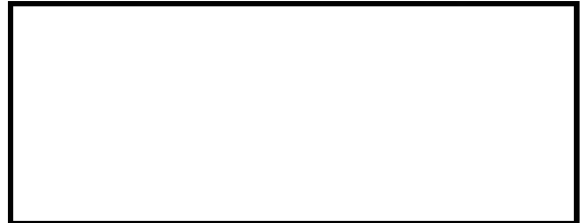

The other day I ran across this - "Surely to be men of our time, to be alive in the fullest sense of the word, implies a willingness not only to stand up and be counted but also to engage in some activity in which we believe." There is no group outside the government who could do more for our country than we could do and should do.

Kindest personal regards.

Sincerely,

b6

Dear [redacted]

I am sorry that an accumulation of other matters has prevented the acknowledgment of your letter of April 27th. I can see that [redacted] and you have been cogitating and you raise some very interesting questions.

First of all, I would not presume to speak for the Bureau. I think that in due time if you want to pursue these matters, that either [redacted] or you should communicate with the Directors. However, for what it is worth, I have no hesitancy in passing on my own views.

As for the Society of Former Agents changing the policy of not endorsing or taking a stand on questions or situations, I think that this policy is well founded and the only exception to it should be when a special situation arises wherein the Society comes to the support of the Bureau or the Director. In this I think the Society has an implicit duty because after all even though the membership has no official connection, you cannot get away from the fact that they have a responsibility to maintain its reputation by their acts as an organization and as individuals.

If the Society was to change its policy then this would be the first step in what might become a chain reaction because if the national organization speaks out on numerous situations, then it would only be a matter of time before State and local chapters will be speaking out and before long confusion will reign.

As for the subject of Communism there is no question but that a tremendous amount of educational work needs to be carried out constantly in this area.

I quite agree that the two films have created a storm of controversy. Unfortunately this need not have been the case had a little more foresight, restraint and planning been employed at the time the films were put together. The film "Operation Abolition" had an opportunity of becoming one of the most potent expose of Communism that we have had in a long time but unfortunately it was marred by taking certain scenes out of sequence and by becoming a vehicle for individual members of the Committee.

There is a lot to be said for a movie film which could be sponsored by the Society but here again a lot of problems come up and unless a topnotch job could be done, which would be foolproof in every respect, more harm might result than good. Should this be pursued then I think the script should be submitted to the Bureau, not from the standpoint of getting the Bureau's approval, but for giving the Bureau an opportunity of pointing out any deficiencies. I seriously doubt that the Bureau should be asked to approve such a film but both you and I know there is no more expert knowledge in the land than is concentrated in the Bureau.

Frankly I do not know what the Director's reaction would be to a proposed film and program and I would be a little reluctant to put him on the spot by raising the issue. Should you be in Washington and happen to see the Director, then you could feel him out on an informal "off the record" basis, but I certainly would not do it with a formal communication.

It was good hearing from you and I hope that both and you are continuing to prosper and render useful service which is characteristic of your past endeavors.

If I can help at any point along the line, please let me know.

With every good wish.

Sincerely,

b6

Dear [redacted]

Many thanks for your note of May 12, 1961, with which you furnished copies of your correspondence with [redacted] regarding a possible film to be sponsored by the Society of Former Special Agents of the FBI.

b6

The discussion or treatment of ideologies, particularly communism, is extremely difficult to handle and requires a thorough historical background, as well as an up-to-date knowledge of latest developments. You can well understand the great possibilities for embarrassment. Frankly, as you are aware, the Bureau cannot approve or disapprove an independent undertaking of this nature.

With personal regards,

Sincerely,

In May, 1950, 1952, 1959 and 1960, the Director approved permitting the Society of Former Special Agents to visit our facilities in Quantico for a tour and firearms demonstration.

Reynolds called my office on June 13 and in my absence talked with [redacted] about this matter. [redacted] advised Reynolds we would check on the availability of our facilities and let him know. [redacted] has advised that he can handle the group at Quantico without requesting any demonstrations from the U.S. Marine Corps but to limit the affair to a tour and firearms demonstration for the ex-Agents and their families. The June issue of "The Grapevine," official publication of the Society of Former Special Agents, contains on page 14 a picture showing SAC Weeks and ASAC Harrison apparently attending a function of the Southeast Regional Conference of the Society on May 27. Other pictures showing SAC Weeks appear on pages 16 and 28.

The latest instructions to the field are contained in SAC Letter 54-13, dated March 9, 1954. These instructions read as follows: "SAC Letter No. 53-22, Section (G), dated March 24, 1953, instructed that if your office received invitations to attend any functions of the above-captioned group or if field offices were desirous of extending invitations to chapters of the Society to attend FBI functions, such action should not be taken without securing prior Bureau approval.

In view of the fact that Bureau approval would not be given in either case, henceforth you should decline all invitations received from this group and likewise you should not extend invitations to this group to participate in functions of your office."

RECOMMENDATION:

REC-146

Since it is felt that the field already has adequate instructions with regard to the Society of Former Special Agents and since it appears that Atlanta personnel did not attend an official function, it is suggested that no further action be taken.

IN REPLY REFER TO

Mr. John Mohr

[Redacted]

Dear John:

I thought you might be interested in the results of the election in the Society of Former Agents.

As you know, Harold Perry of Summit, New Jersey, the Vice President of C I T, has been President-Elect and will become this year's President. The following have been elected this year:

Gordon Carpenter, Dallas, Texas - President-Elect
John W. O'Brien, Newark, N. J. - Northeast Vice President
✓ James Robey, Birmingham, Alabama - Southeast Vice President
✓ Mahlen R. Gerber, Chicago, Illinois - Northcentral Vice President
George Blue, New Orleans - Southcentral Vice President
✓ Emmett McGaughey, Los Angeles - Western Vice President
Downey Rice, Washington, D.C. - Secretary
✓ Francis Regan, Chicago - Treasurer
✓ John P. Daley, Oradell, New Jersey - Executive Committee

I know that you will be particularly interested in the fact that your friend, Emmett McGaughey, has been elected as Western Vice President.

Hal Kennedy and myself, if all goes well, plan to be at the convention in Denver from October 11th to October 15th. I intend to go to the Broadmoor in Colorado Springs for a week thereafter and probably spend still another week in Colorado. Hal is returning directly to New York after the convention, as there is a possibility he may have to make a trip to Europe.

We do hope to see you when, as and if you come northward. I would like you at that time to meet Hal Perry, who is now the President of the Society.

With best wishes, I remain

Bob Rainold called me from New Orleans at 4:20 p.m., 10-5-61. He is currently the President of the ex-Agents Society and will remain in that capacity for approximately four more weeks until the incoming President takes over.

Rainold told me that his Society was incensed over the scurrilous column of John Crosby in the "New York Herald Tribune." He intends having a wave of letters written to Publisher Jock Whitney protesting Crosby's column and setting the "Herald Tribune" straight. A number of the letters will ask that Crosby's contract be canceled with the "Herald Tribune." b6

Rainold asked that the Director be advised of this action being taken by the Former Agents Society. I told him that the Director would definitely be advised of this fact.

Dear Mr. Hoover:

Reference is made to our recent correspondence relative to the article written by the columnist, John Crosby, which appeared in the New York Herald Tribune and other papers throughout the United States.

As you may know, the annual Convention of the Society of Former Special Agents of the Federal Bureau of Investigation, Inc., was held in Denver, Colorado, on October 12-14, 1961. I am pleased to advise you that two resolutions were unanimously adopted at the General Membership Meeting on October 14, 1961, which are self-explanatory and copies of which are enclosed herewith.

Aside from the sentiments expressed in the resolutions permit me to say that the members in attendance at the Meeting were sincerely disturbed about the unwarranted and scurrilous attack upon you, and I am certain that the publishers of the newspapers in which Mr. Crosby's article appeared will receive many letters of protest relative thereto from our individual members.

RESOLUTION

WHEREAS, the members of the Society of Former Special Agents of the Federal Bureau of Investigation, Inc., in Convention assembled at Denver, Colorado, October Twelve through Fourteen, Nineteen Hundred and Sixty One, know that the New York Herald Tribune of October Two, Nineteen Hundred and Sixty One, carried an article by John Crosby entitled "The FBI's Commercial"; and

WHEREAS, it is the definite conviction of the members of the Society of Former Special Agents that the aforesaid column of John Crosby is scurrilous in character, and unjustly critical of an honored, devoted, and outstanding public servant, and the extremely reputable government agency he leads; and

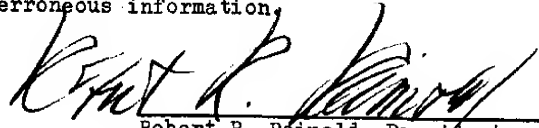

WHEREAS, it is the further and definite conviction of the Society's members that the aforesaid article by John Crosby contains mis-statements, inaccuracies, half-truths, and displays on the part of the author a lack of knowledge of governmental functions and of the responsibilities of the various government agencies which is so deplorable that publication of such an article constitutes an affront to the intelligence of the readers of the New York Herald Tribune and of those other papers which published this article; and

WHEREAS, the article of John Crosby twists and misrepresents, makes inferences and draws conclusions without basis, with the obvious objective of directing unwarranted and unsupported criticism upon the Federal Bureau of Investigation and its Director, J. Edgar Hoover;

BE IT, THEREFORE, UNANIMOUSLY RESOLVED, that John Edgar Hoover, Director, Federal Bureau of Investigation, be informed: That it is the conviction of the members of the Society that the statements of John Crosby are unwarranted and without basis in fact, and convey inferences and conclusions which are erroneous; and

That it is the further conviction of the members of this Society that the aforesaid article by John Crosby is contrary to, and not reflective of, the feelings of the American People, but it is consistent with the criticisms of the Federal Bureau of Investigation and its Director originating with those whose activities and writings are contrary to the best interest of the United States;

That a copy of this Resolution be directed to the publisher of the New York Herald Tribune, and to the publishers of all newspapers which carried the aforesaid article by John Crosby, in order that these publishers, though it is recognized they have no control over the writings of such syndicated columnists, will nevertheless be made aware of the strong feelings of the Society of Former Special Agents of the Federal Bureau of Investigation, Inc., with respect to this article by Mr. Crosby, and the definite intention of the Society to speak out at every opportunity against the publication of such erroneous information.

Dear "Boss": *John D. ...*

I recently attended the X Agents convention in Denver as a delegate from Mississippi and have been elected chairman of the Miss. X Agents for the year 1961 - 62.

Society of Former FBI Agents

Bob Rainold (President of X Agents Society) had asked me to speak in favor of the X Agents taking an active part in fighting communism instead of just passing a resolution damning it.

I did and it stirred up somewhat of a tempest. Not one of the objectors offered us anything we could do and [redacted] who is still in the Govt. said we were not qualified. I agree that as a body we are not all qualified but as long as we stick to the record (Masters of Deceit, Senate & House records I personally think we can do a good job of awakening the people.

I personally cannot see fear of making mistakes as a reason for giving up the fight. Joe McCarthy made many mistakes yet about a year or so ago [redacted] when he thought he was talking to a closed audience in Europe that the CPUSA was just then recovering from McCarthy.

b6

I am sure Joe would like to have this statement engraved on his tombstone.

In the course of the debate I pointed out that the FBI could not do anything to stop the advance of communism in Laos, Berlin or South Vietnam and frankly some people who should know better are doing it or getting credit for doing it. *14848-382*

Fulbright was quoted as saying we give the FBI all the money it wants to fight communism in the USA.

I also pointed out the fight was a political one and must be settled in that field, that the politician is a leader but unless his constituents told him where they wanted to go he would take the line of least resistance - further that we must awaken the people.

BACKGROUND:

By letter to Director dated 2-14-62, Harold Perry, President of captioned Society advised the Society is celebrating its 25th anniversary this year. A special anniversary issue of the "Grapevine," official publication of the Society, is planned and Mr. Perry requested that the Director furnish a message to the membership for inclusion in this issue. Mr. Perry advised that messages from other persons would be included in the issue and that "we have every reason to believe that President Kennedy will provide us with a message for the special issue." A copy of the January, 1962, issue of the "Grapevine" was enclosed with Mr. Perry's letter and is attached hereto.

Re: HAROLD PERRY

difficulties with certain segments of the organization. In 1958, some members of the Society in California issued political pamphlets endorsing a Mr. Alan Cranston for state political office. These pamphlets were headed "Ex-FBI Agents for Cranston for Controller." SAC, Los Angeles vigorously protested to appropriate Society personnel the use of the Bureau's initials in a political campaign. This matter was brought up at the 1958 National Convention of the Society at San Francisco but no action was taken to ban its use of the Society's name in promoting political campaigns. It was apparent, in this instance, that the former Agents were attempting to cash in on the Bureau's name in connection with the candidacy of Alan Cranston. It was reported during this period that the Board of Directors of the Society had voted to preclude any use of the name of the association in any political activities.

b6 In March, 1959, [redacted] contacted Warner Brothers to determine if the Society could sponsor a premier of the "FBI Story" at Dallas, Texas, in connection with its annual convention in October, 1959. Inquiry with the studio disclosed that there was no intention to allow the Society to use the film in connection with their convention and this was considered a presumptuous action on the part of the Society [redacted]

The Society has strongly supported the Bureau in recent smear campaigns directed against the Director and the Bureau. In this regard the 1958 President of the Society, Frank J. Holmes, Bethesda, Maryland, initiated a letter to all members alerting them to the campaign of the "New York Post" to smear the FBI and the Director.

The South Atlantic Chapter of the Society, Jacksonville, Florida, passed a resolution in April, 1959, to obtain local press assistance in counteracting the smear campaign against the Bureau.

In October, 1961, the Society's annual convention adopted a resolution denouncing a scurrilous attack by John Crosby in his column appearing in the "New York Herald Tribune." This resolution was sent to the "New York Herald Tribune" and published and carried Crosby's syndicated column. It was also indicated at that time by Robert Hammond, New Orleans, Louisiana, President of the Society, that many letters would be sent to the "New York Herald Tribune" refuting Crosby's statements and demanding the cancellation of Crosby's contract with the newspaper.

The Society commended the Director with a presentation of a testimonial scroll in December, 1960. At other national conventions resolutions have been adopted expressing admiration and respect for the Director and attesting to the cordial relationship felt by the Society for the Bureau.

OBSERVATION:

Since our recent relations with the Society have generally been cordial it is believed that a statement by the Director expressing his good wishes to the Society on its 25th anniversary would be appropriate.

ADDENDUM: 3/1/62 ELR:jrb

A thorough review of the files reflects that the Director furnished a statement to the Editor of "The Grapevine" in October, 1954, in connection with the first national convention of the Society of Former Special Agents. This statement was innocuous and was addressed "to the former Special Agents of the FBI" as opposed to being addressed directly to the members of the Society of Former Special Agents; therefore, it did not imply any recognition of this Society itself.

It is recommended that attached letter with statement be sent to Mr. Harold M. Perry, President of the Society.

EX-FBI AGENTS ASSEMBLE HERE

Society Chapter Leaders in Executive Session

Chapter presidents and committee chairmen of the Society of Former Special Agents of the federal bureau of investigation from nine Southern states, gathered here Friday in executive session at the Royal Orleans hotel.

The meeting was one of five regional meetings the society will hold prior to its 25th annual convention scheduled next October in Minneapolis, Minn., said Harold M. Perry of New York city, national president.

He said 4200 former FBI special agents belong to the social and fraternal society.

The society has 76 chapters in the nation, Perry said.

Those who addressed the closed meeting included Perry, New Orleans district attorney Jim Garrison, a member of the New Orleans chapter of the society, George Blue, regional vice-president, and Robert Rainold, immediate past national president.

States represented are Arkansas, Colorado, Oklahoma, Texas, Wyoming, Kansas, Missouri, Mississippi and Louisiana.

MEMORANDUM TO ALL OFFICERS AND FORMER OFFICERS OF THE SOCIETY *File*
PM

A writer for a national magazine has expressed interest in the Society and thinks an article might be written about it on this, its 25th Anniversary. He has asked me if I could gather some background material for him, and I am turning to you for help. What he is looking for, specifically, is anecdotes and incidents that would illustrate the practical (rather than the purely social) usefulness of the organization to its members. I am sure that there must be many examples in your memory of times when you called on a member in another city for help or information that might not have been easily available -- or perhaps not available at all -- through any other organization.

The more dramatic and colorful the incident, of course, the better. And, it need not necessarily have involved you personally, as long as you are sure of its authenticity. It would be preferable if names could be used, but these can be omitted if you prefer.

Many thanks for your assistance. Kind regards and best wishes from all.

Sincerely,

Harold M. Perry

[redacted] is a former Special Agent who represents the Society matters here in Washington.

[redacted] told [redacted] is contemplating the naming of a National Committee on Communism. Re: SOCIETY OF FORMER SPECIAL AGENTS

ADDENDUM: (CDD:geg) 6-7-62

The Executives Conference on 6-7-62 considered the above recommendation. The Conference was in unanimous agreement that this action be taken; however, it was clearly specified that former Agent [] be told, as well as [] that the FBI, in furnishing this information, is definitely not approving or endorsing the so-called ex-Agents' Committee on Communism. The Conference was also of the opinion that we should diplomatically advise [] to "stop, look and listen" inasmuch as such a committee could be both detrimental to the ex-Agents Society and particularly to the reputation of the FBI. This reasoning was advanced inasmuch as there is a possibility that the ex-Agents' committee might in some manner recommend undesirable books or else get into a controversy through the medium of omitting books. b6

Reference is made to [] to DeLoach memorandum dated 8-10-62.

Mr. Perry, by letter 8-8-62, indicated a desire to see the Director in early September, 1962, when he returns to Washington. Referenced memorandum sets out details of recent correspondence with Perry concerning his request to see the Director. His letter of 8-8-62 was acknowledged by Miss Gandy on 8-15-62 with assurance that this matter would be brought to the Director's attention upon his return. Perry, a former Special Agent, EOD [] resigned []
[] We have had cordial correspondence with him.

The following is a run down on information in our files concerning the Society of Former Special Agents of the FBI, Inc. The Society is a loosely knit social and fraternal organization. Our recent relations with it have generally been good and the Society has strongly supported the Bureau and the Director against recent smear campaigns. In this regard, the 1958 President of the Society, Frank J. Holmes, Bethesda, Maryland, initiated a letter to all members alerting them to the campaign of the "New York Post" to smear the FBI and the Director. b6

The South Atlantic Chapter of this Society, Jacksonville, Florida, passed a resolution in April, 1959, to obtain local press assistance in counteracting the smear campaign then in progress against the Bureau.

In October, 1961, the Society's annual convention adopted a resolution denouncing a scurrilous attack against the Bureau by Joan Crosby in his column appearing in "The New York Herald Tribune." This resolution was sent to "The New York Herald Tribune" and other papers which carried Crosby's syndicated column. The Society's president at that time, Robert Rainold,

New Orleans, also informed us that many letters would be sent by members to the "Herald Tribune" refuting Crosby's statements and demanding the cancellation of Crosby's contract with the newspaper.

The Society presented a testimonial scroll to the Director in December, 1960, and several resolutions have been adopted by the organization expressing admiration for the Director and the Bureau.

We have also experienced some trouble with the Society. In 1958, some members in California issued pamphlets endorsing a candidate for state office which were headed "Ex-FBI Agents for Cranston for Controller." This improper use of the Bureau's name was brought up at the Society's 1958 national convention but no action was taken to ban such practice. It was reported, however, that the Society's Board of Directors, during this period, did vote to preclude use of the Society's name in political activities.

In March, 1959, the Society's publicity chairman contacted Warner Brothers regarding sponsorship of a premiere of the "FBI Story" in Dallas, Texas. Warner Brothers refused to consider this matter and termed this inquiry presumptuous. b6

In June, 1962, [redacted] former Special Agent [redacted] [redacted] Society in Washington, D. C., advised [redacted] was contemplating formation of a National Committee on Communism. Its function would be to review books and articles on communism with a view to publishing an appropriate bibliography in the Association's monthly magazine for information of the members. [redacted] furnished the names of the prospective Committee members and inquired as to whether we had information bearing on their suitability to serve. Three of the prospective members were determined to be in disfavor with the Bureau because of their unsavory activities. This information was furnished to [redacted] by [redacted] was also advised that the Bureau felt the formation of this Committee was a very poor idea. [redacted] subsequently advised he had contacted [redacted] concerning this and the whole thing was going to be held in abeyance and threshed out at the next Board of Directors meeting. Nothing further has been received concerning this particular matter.

// A personnel brief concerning Harold M. Perry is attached.

That this matter be brought to the Director's attention upon his return in order that he may indicate whether he desires to arrange an appointment with Perry.

By letter to Miss Gandy dated 8-8-62, captioned individual referred to Miss Gandy's letter of 8-6-62 in which he was advised that the Director would be out of the city during the entire month of August. It is noted that the incoming states that Perry would wait to see the Director inasmuch as the matter he desired to talk about is personal.

b6

Bufiles reflect that Perry's desire to see the Director was initially contained in his letter 4-6-62 when he sent Mr. Hoover a copy of his organization's 25th Anniversary Membership Directory. He noted in this letter that he hoped to have the opportunity to stop by the Director's office to personally tell him about their 25th Anniversary Convention to be held in Minneapolis in October, 1962. On 7-24-62 Perry wrote the Director indicating that he would like an appointment to see Mr. Hoover on 8-6-62. This letter was acknowledged on 7-30-62 noting that the Director was in a travel status and would not be in Washington on that date. Perry again wrote the Bureau on 8-1-62 and reiterated his desire to obtain an appointment with the Director; however, this letter was acknowledged by Miss Gandy on 8-6-62 at which time your (Mr. DeLoach's) services were offered. added to the mailing list to receive "The Investigator"; however, his request was cordially declined on 7-5-62 in view of budgetary limitations.

b6 We have had generally good relations with the Society in the past, and the Society has strongly supported the Bureau against smear campaigns recently. However, in 1958 some members of the Society in California issued a political pamphlet endorsing candidates which were headed with the statement, "Ex-FBI Agents for Cranston for Controller." In March, 1959, the Society's [redacted] contacted Warner Brothers in an effort to sponsor a premier of the "FBI Story" at Dallas, Texas, in connection with their annual convention in October of that year. At the time, this action on the part of the Society was considered a presumptuous act, but it was determined that Warner Brothers had no intention of allowing them to use the film as they desired. It is noted that on 3-6-62, the Director furnished a statement to the Society to be used in the 25th Anniversary issue of their publication, "Grapevine."

OBSERVATIONS:

From previous correspondence with Perry, it is possible his desire to speak personally to the Director may pertain to his organization's 25th Anniversary Convention in Minneapolis during October, 1962. He may also be attempting to improve relations with the Bureau inasmuch as in the past we have experienced some difficulties with certain segments of the Society as mentioned above.

RECOMMENDATIONS:

1. That the attached letter be sent to Mr. Perry.
2. That this matter be brought to the Director's attention upon his return so that he may indicate whether he desires to arrange an appointment with Perry.

By letter 9-6-62, Perry invited the Director to attend the Silver Anniversary Convention of the Society of Former Special Agents of the FBI, Inc., to be held in Minneapolis on October 4-6. By letter 9-11-62, the Director declined this invitation.

By letter 9-13-62, Mr. Perry has asked if the Director would send him a telegram to be read on the occasion of this Anniversary. He indicates that the telegram could be directed to him at the Radisson Hotel on October 5th or 6th.

The Society of Former Special Agents of the FBI, Inc., has supported the Bureau and the Director in the past. On 3-6-62, at Mr. Perry's request, the Director furnished a statement to the Society for use in the 25th Anniversary issue of their publication, "Grapevine." We have had cordial correspondence with Perry since his resignation from the Bureau on 10-25-44.

On several occasions in July and August of this year he has requested to see the Director and was advised of the Director's travel status.

It is felt that the Director may wish to furnish a message to this group on its Silver Anniversary. Accordingly, a letter so advising Mr. Perry has been prepared. A congratulatory telegram addressed to Perry at the Radisson Hotel has also been prepared, and upon approval by the Director should be returned to the Crime Research Section to be sent to him on October 5, 1962.

SUBJECT

FORMER SPECIAL AGENTS SOCIETY

Former Special Agent [redacted] now employed by the [redacted] came by my office Saturday, September 15, 1962, at 11 AM.

[redacted] told me he was leaving on Monday, September 17, 1962, to go to Chicago to attend a meeting of the executive body of the Former Agents Society. He stated that one of the items on the agenda was the discussion of a possible "library" in which the Former Agents Society would recommend books, films, tape recordings, etc. on communism. [redacted] mentioned he was very much against this idea, particularly in view of the fact a number of the ex-Agents had in mind recommending the works of [redacted] the House Committee on Un-American Activities, [redacted] and other individuals and organizations of which there was some doubt as to the quality of their information.

[redacted] told me that [redacted] of the Society, was on his side and planned to argue against the establishment of such a library.

We discussed generally the fact that regardless of whether these men have left the Bureau or not, the general public still accepts them more or less as FBI employees when they are identified as ex-Agents. [redacted] stated that his strongest argument was that recognition of the works of [redacted] et al. would imply that the FBI was backing such speeches, articles, films, etc. I told him he was 100% correct in his assumption and that he should attempt to get this point across in a very diplomatic manner.

[redacted] intends to argue the point that ex-Agents should become civic leaders in their own communities rather than attempting to be experts on communism. He told me of his familiarity with the Director's new book, "A Study of Communism," and in fact plans to sell the ex-Agents society on the idea that they should push this book in their own communities.

Dear Mr. Hoover:

See - T of Form - FBI Agent

This will acknowledge receipt of your letter dated September 11 in which you have indicated that you cannot attend our Silver Anniversary Convention in October. Needless to say, I as President am disappointed, as well as our total membership, but we understand thoroughly your situation.

There is a favor I would like to ask of you, subject ofcourse to your approval. Would you be willing to direct a telegram to me as President of the Society while our convention is in session -- October 4-6 -- in which you can extend your greetings on the occasion of our Silver Anniversary. I can read this wire at the Banquet on Saturday night and I can guarantee it would add a great deal to our very important evening. I will leave this request with you for your consideration and if you approve, the wire can be directed to me at the Radisson Hotel in Minneapolis on the 5 or 6 of October.

Once again our best wishes to you and the Bureau from all of us in the Society.

Dear Mr. Hoover:

I am sure that you have been advised through your associates in the New York field office of our general concern related to the [redacted] case. When this matter was called to my attention early last week, I immediately advised [redacted] to tell you that our Society stands ready to help you and the Bureau in any way possible. It is indeed gratifying to know that this man was not a member of our Society, and for that I am relieved.

This letter will put into the record our willingness to come to the aid of the Bureau should there be a need for our services in this regard in the future. We were very much disturbed by the statements made by this former agent.

Again warmest regards.

Honorable J. Edgar Hoover
Director
Federal Bureau of Investigation
9th and Pennsylvania Avenue, N. W.
Washington, D. C.

Dear Mr. Hoover:

Each year the January meeting of the Washington Chapter of the Society of Former Agents of the FBI honors former Agents who are now members of Congress or are in high Government positions. This year is no exception, and we anticipate a large attendance at this meeting which will be held on January 17, 1963, at the National Housing Center, 1625 "L" Street, N. W. Cocktails will be served from 6:30 p.m. to 7:30 p.m., and dinner will be served at approximately 7:30 p.m. While the meeting is an informal one, it gives the Washington Chapter members an opportunity to renew friendships made while serving in the FBI and an opportunity to recognize their former associates now serving their country as elected officials.

The Washington Chapter would be very much honored if you or your designee might be able to attend this meeting as our guest. I know I speak for all former Agents in the area in extending this invitation, and we hope that your work will allow the attendance of either you or your representative.

REC-137

029-430

If you find it possible to accept this invitation, it would be appreciated if you could advise me at the below listed address some time prior to the meeting.

Let me take this opportunity to speak for all Society members in expressing our admiration and support of the Bureau and its work. We are extremely proud of our former association with the Bureau, and we offer our complete support to you and to the Bureau in any way possible.

Sincerely,

Charles W. Kane
Chairman, Washington Chapter

While I appreciate your thoughtfulness and would enjoy the opportunity of being with you, [redacted] and your other associates on this occasion, prior commitments will preclude me from accepting your kind invitation. Also, the pressure of official business prevents me from designating one of my assistants to attend this meeting. I am sorry it is not possible to give you an affirmative response but know you will understand. You have our best wishes for a most enjoyable and successful meeting.

**SOCIETY OF FORMER SPECIAL

REQUEST FOR DIRECTOR TO AUTOGRAPH
FOUR COPIES OF "A STUDY OF COMMUNISM"**

By letter dated 11-16-62 captioned individual noted that in a previous letter from the Director, Mr. Hoover had indicated a willingness to autograph a few copies of his book for top management members of his company. He noted that he had sent four copies of the book to the Bureau and listed the names to whom he desired them to be autographed.

INFORMATION IN BUFILES:

The letter referred to by correspondent was sent to him on 8-27-62 in answer to his communication requesting the Director to autograph copies of his new book for himself and two officials in his organization, [redacted]

The Director noted in his acknowledgment that if Perry would send the books, he would be glad to autograph them for him. The two officials mentioned in Perry's previous communication were [redacted]

It is noted that Perry has not requested a copy of the book to be autographed to him in his current communication; however, he has added the names of two individuals not previously mentioned in this matter, [redacted]. Based upon available information, [redacted] was not identifiable in Bufiles, and there was only one reference to [redacted] in that he was listed in "Poor's Register of NOV 28 1962 Directors and Executives" for [redacted]

RE: HAROLD PERRY

A check of the [redacted] "Poor's Register of Directors and Executives" reflects Perry and the individuals named in his communication are officials of the [redacted]
[redacted]
[redacted]

Although [redacted] middle initial is reflected in "Poor's Register," it is not being used on the autograph card inasmuch as Perry did not use it in his autograph request. Perry's middle initial is being used in the outgoing inasmuch as it has been used in prior correspondence.

It is noted that Perry sent a get well card to the Director postmarked 11-17-62 for the members of the Society, and it was acknowledged by the Director on 11-21-62. Therefore, he is aware of the Director's absence and it is felt his current incoming should be acknowledged by an In-Absence type reply advising him that the books will be autographed and forwarded to him upon Mr. Hoover's return. No cover letter will be needed to transmit the books when autographed.

RECOMMENDATIONS:

(1) That the attached In-Absence type letter be sent to Mr. Perry.

(2) That upon the Director's return, the books should be autographed and forwarded without cover letter to Mr. Perry. The books should be returned to the Crime Research Section for mailing.

Dear Mr. Hoover:

Last Thursday, the Society of Former ~~FBI~~
Special Agents had 168 members present at our annual
"Congressional Night" meeting. I wish you could have been
present because every speaker from the "Hill" without
exception, made a statement about how much he owed to you
and to the ideals for which you stand. They also said
that we, as former agents, must continue to live up to
the same standards expected of us when we were Special
agents.

I have given a lot of thought to
what they said and then decided it was too bad someone
didn't tell you about those speeches-hence this letter.
Another reason for writing this- during the evening someone
remarked that you had not been seen at your usual lunch
and dinner places and we wondered if you were ill. After
many uneasy moments, I telephoned your office the next
morning and was very happy to learn that you were in good
health and on the job.

I understand the national headquarters
and Washington chapter of Former S.A. have written to advise
you that we are all against Jack Levine and anyone like him.
I want to add that I stand 100% behind you. If, by any chance,
there is anything I can do or if I can be of assistance in
any manner, rest assured that you can depend on me. The
years I worked for you give me my proudest memories.

MEMORANDUM FOR MR. TOLSON

On January 16, 1963, I saw [redacted] a former Special Agent [redacted] the ex-Agents Association.

[redacted] stated he wanted me to know that the ex-Agents Association was desirous at any time of taking such action as might be appropriate in connection with the [redacted] matter. He made the suggestion that a statement might be issued by the President of that Association and himself indicating complete confidence and support in the present administration of the Bureau and denouncing the vilification which has been indulged in by [redacted]

I told [redacted] I appreciated his attitude in this matter and that I felt at the present time no action should be taken as it seemed that [redacted] was becoming more and more irresponsible and was really, through his own actions and fantastic statements, discrediting himself even with some individuals who might be desirous of lending him support.

[redacted] also stated the next annual convention of the ex-Agents Association would be held in Los Angeles from October 10 to 12, 1963, and he, [redacted] for the same. They will hold this convention at the Ambassador Hotel. [redacted] stated he was desirous of having me appear at one of the luncheon meetings, speaking to the ex-Agents and their wives. He anticipates there would be approximately 600 ex-Agents in attendance. I told [redacted] it was impossible for me at this time to make any commitments so far ahead; that I was making very few speeches anyway in view of the demands on my time at the office. [redacted] asked that the matter be kept in a pending status and he would talk with me later in the year to see if I could work out my plans so that I might be able to accept the invitation. I told him this would be agreeable.

Mr. Carpenter, [REDACTED]

[REDACTED] and currently President of the Society of Former Special Agents, is in Washington today on business and dropped by to see me and renew acquaintances. Carpenter makes an excellent personal appearance and describes himself as a conservative. He has an extremely high regard for the Director and the Bureau. He said after taking care of his business in Washington today he planned on going to New York tomorrow where he is attending a meeting of the Executive Committee of the Society.

b6

Carpenter said he had no problems to take up with the Bureau but he did want the Director and the Bureau to know that if at any time he or the Society could be of any assistance to the Bureau all we had to do was to let him know. He said he also wanted the Director to know that the vast majority of the members were 100 per cent behind the Director and the FBI. He said he realized there were a small number in the Society who were not friends of the Bureau and he regretted that there wasn't some means in the Society to get rid of such individuals. I told him one such member which I had in mind was [REDACTED] who is in Minneapolis and whom I considered to be one of the most vicious members of the Society today.

I also discussed with Carpenter the activities of former Special Agents [REDACTED] and he said their actions were regrettable and that if we know of any way in which the Society could help we should let him know. I thanked him for the offer.

Dear Mr. Hoover:

We are so proud of the rapidly increasing interest in the
Library dedicated to you in the American Freedom Center.

I was approached by [redacted] a member
of the Association of Former Special Agents of the Federal Bureau of
Investigation. He told me they were interested in sending a letter to
their 5,000 members asking that each one send a book on Communism
from his personal library, or five dollars to purchase a book for the
Library.

We, of course, are genuinely appreciative of the fine ges-
ture on his part and thought it a most attractive suggestion.

I would like your comments on this matter and would be
delighted to have your viewpoint.

Dear Mr. Hoover:

I have just returned from California and while there, learned from [redacted] of your inability to address the Society of Former Special Agents of the Federal Bureau of Investigation Convention in October of this year. I am deeply disappointed. When I was elected President of this organization last year, the first hope I expressed was that this might be the year that you would bring a message to our group.

Be assured of our continued devotion to you and the Bureau and may we hope that the time will come when you will honor us with your presence.

With best wishes, I am

Very truly yours,

Dear Mr. Hoover:

I would like to express the appreciation of the Washington Chapter of the Society of Former Agents of the F.B.I. for our visit to Quantico on 11 May 1963. About 135 members and their children participated in the visit and observed the firearms demonstration. I am certain that all thoroughly enjoyed it. Special Agent in Charge Sloan and his Staff were excellent hosts and made our visit one to be remembered.

Your kindness in allowing this annual visit to Quantico is most appreciated. If our organization can ever be of assistance to you or the F.B.I., please do not hesitate to call upon us.

ReBuairtel 8/22/63.

I did attend a meeting of Former Special Agents on 6/11/63. Attendance was a spur of the moment occasion resulting from a suggestion by [redacted]

[redacted] and a good contact of this office. I had been trying to pay an official call on Governor ROMNEY, but his busy schedule during the Legislative Session together with my own schedule had precluded our getting together. I had requested [redacted] whenever I could see the Governor.

[redacted] on 6/11/63, told me the Governor was going to attend the meeting of Former Agents in Birmingham, a suburb of Detroit, that evening, and that this would be a good opportunity to get together. I advised [redacted] I had not planned to attend the meeting since I am not a member.

Shortly thereafter the Detroit Chapter Chairman, ED BOVICH, called me, advised he had received a call from the Governor's office, that Governor ROMNEY would definitely be at the function that evening, and that the Governor expected to see me there also. ED BOVICH urged me to attend.

In view of the circumstances, I deemed it wiser to accept than to call the Governor's office and advise I would not be able to be present. I attended therefore; it was fortunate that I did since Governor ROMNEY immediately said we could both consider this an official visit. I was not called upon for any remarks.

The Bureau will be consulted prior to my accepting any other such invitations.

By memorandum dated August 21, 1963, captioned as above, from [REDACTED] to Mr. DeLoach, it was pointed out that former Special Agents [REDACTED] were competing for the position of President-elect of the Society of Former Special Agents. The memorandum set forth summaries of the Bureau careers of [REDACTED] and it was shown that [REDACTED]

Emmett McGaughey called me today and stated that he wanted the Director to know that tomorrow, September 13, 1963, former Special Agent [REDACTED] will be announced as the new President-elect of the Former Agents Society.

Mr. McGaughey also stated that the New York headquarters of the Society has an old photograph of the Director which is about two feet by three feet. McGaughey stated he would like to get a current photograph of the Director and, of course, would deeply appreciate it if the Director would personally autograph it. He said, if possible, he would like to receive one of the colored Autrey photographs of the Director if any are available. He said he wanted the Director to know that the photograph would be hung in a beautiful gold frame in the national headquarters. As you know, McGaughey takes office as President for the forthcoming year at the Society's annual convention in Los Angeles on October 11 and 12, 1963. Mr. McGaughey was informed that his request would be brought to the Director's attention.

RECOMMENDATION:

In view of the fact that the Society in recent years has been cooperating with the Bureau and the elected officers have been cordial and friendly, I would like to suggest that the Director simply autograph one of his large colored photographs to be presented to Mr. McGaughey for hanging in the national headquarters of the Society.

As you recall, the Society of Former Special Agents has commissioned sculptor Philip Kraczkowski to do a life-size bust of the Director from which four bronze busts will be cast. The Society also commissioned a miniature bust which will be cast in silver and bronze. The inscription on the plaque on the base of the life-size bust has been previously approved. A plaque will also be mounted on the base of each miniature, and we feel the following inscription is appropriate:

J. Edgar Hoover
Director, FBI
40th Anniversary
May 10, 1964
Commissioned by
Society of Former SA's FBI

b6

In addition, it is customary for a brochure to accompany each piece of commissioned sculpture describing the subject, sculpture, and sculptor. Brochures describing a Civil War medal and a western sculpture by Mr. Kraczkowski are attached for your information. There are also attached a proposed manuscript and a rough design for the brochure accompanying the Director's bust. We propose the brochure to be an offset fold over in burnished gold with a white band across the center bearing the Bureau seal in black and the Director's signature. The inside of the brochure will set forth a brief biographical sketch of the Director, a photograph of the sculpture, and a few comments concerning the reason for its commission. The back of the brochure will carry a short sketch of the sculptor. The attached rough indicates the manuscript paragraph endings.

Dear Mr. Hoover:

On behalf of the Dallas Chapter of the Society of Former Special Agents, I wish to extend heartfelt congratulations to you for your keen personal efforts in effecting the prompt and superb solution of the Sinatra kidnapping case.

The effective work done by the Bureau personnel was certainly timely and was the ideal answer to at least one individual in Los Angeles whose tendency to shoot off his mouth at the wrong time is well known to many of us.

Respectfully,

Emmett McGaughey, President of the Society of Former Special Agents of the Federal Bureau of Investigation, Inc., and who is known to the Director on a first-name basis, has sent in a brochure on captioned Foundation.

This brochure points out that this Foundation came into existence on 5-31-57, when the officers of the Society signed a trust agreement creating the Foundation. Article II of this trust instrument contains the language: "The earnings of the Trust Fund and so much of the principal as the Trustees from time to time shall deem appropriate shall be used - for contribution to recognized tax exempt organizations, or to deserving widows and children of the deceased members, or to needy living members of the Society of Former Special Agents of the Federal Bureau of Investigation, Inc., for relief of human suffering, advancement of science, education and cultural arts." There is a further provision that none of the activities shall be considered as carrying on propaganda or otherwise attempting to influence legislation or the election of public officials.

Over \$100,000 has been contributed to this Foundation by former Agents and other individuals since it first came into being. These funds have been invested by the Trustees. They have authorized grants totaling over \$42,000, for the benefit of some 37 individuals who reportedly were in dire financial straits.

About the Foundation

The Former Agents of the F B I Foundation came into existence on May 31, 1957, when the duly elected officers of the Society of Former Special Agents of the Federal Bureau of Investigation, Inc., signed a trust agreement creating the Foundation. The preamble to the trust instrument contains the following language - "Whereas the Society and its members are desirous of contributing generally to the public welfare through the alleviation of suffering, the advancement of science, education and cultural arts and the promotion of our traditional way of life -" In furtherance of these purposes, the following language is contained in Article II of the trust instrument "The earnings of the Trust Fund and so much of the principal as the Trustees from time to time shall deem appropriate shall be used - for contribution to recognized tax-exempt organizations, or to deserving widows and children of the deceased members, or to needy living members of the Society of Former Special Agents of the Federal Bureau of Investigation, Inc., for relief of human suffering, advancement of science, education and cultural arts" The trust instrument further provides that none of the activities shall be considered as carrying on propaganda or otherwise attempting to influence legislation or the election of public officials.

To implement the purposes of the Foundation, the Society made a small initial contribution. Since that date, over \$100,000 00 has been contributed by Former Agents and other individuals. The funds received have been invested by the Trustees.

The Trustees of the Foundation are composed of the following officers of the Society: The President, immediate Past-President, President-Elect, Secretary and Treasurer. The Trustees serve without compensation and meet four times a year.

The United States Treasury Department has granted to the Foundation an exemption from federal income taxes as an organization described in Section 501 (c) (3) of the Internal Revenue Code of 1954, as an organization operated exclusively for charitable purposes. Therefore, gifts to the Former Agents of the F B I Foundation are tax-exempt as a charitable contribution.

What it does

The Trustees of the Foundation have authorized grants totaling over \$42,000 00. These funds were expended for the benefit of some 37 individuals who, for one reason or another, were in dire financial straits. In one instance, a Former Agent and his wife were about to be ejected from their home. A rare disease had prevented his holding a steady job for nearly five years. In another case, a Former Agent had suffered financial reverses and after his death, his widow did not have the money for funeral expenses. Another Former Agent had had his eleventh operation when application was made to the Foundation for assistance. Similar explanations could be given for every one of the grants.

HOW IS AN APPLICATION FOR ASSISTANCE MADE?

Applications for assistance should be directed to the Trustees of the Foundation and should be mailed to Society Headquarters in New York. Answers to such requests will be expedited if a full explanation is given. Otherwise, time will be required for the Trustees to make an investigation. The obvious questions should be answered, such as, the correct name and address of the person seeking assistance, marital status, members of the family, nature of the profession or business, if any, social security benefits, or other income, if any, list of outstanding obligations or bills, some indication of the amount of the grant requested. In other words, sufficient information for the Trustees to make a decision.

What you can do

HOW YOU CAN HELP

CASH CONTRIBUTIONS

You can demonstrate your interest in the work of the Foundation by making regular or periodic gifts. Your contribution is tax-deductible. Why not make the Foundation a regular part of your annual charitable giving?

INSURANCE

You may make the Foundation the primary or contingent beneficiary of policies of insurance that you own. Some individuals have designated the Foundation beneficiary of their Society Group Life Insurance.

SECURITIES

Securities such as common stock or bonds are easily transferable and may be considered as a tax-free gift to the Foundation. Such gifts may have significant tax advantages.

Securities should be properly transferred or endorsed and then mailed or delivered to Former Agents of the F.B.I. Foundation, Mezzanine Floor, Statler-Hilton Hotel, 7th Avenue and 33rd Street, New York, New York 10001.

WILLS (TESTAMENTARY DISPOSITION)

A gift or bequest to the Foundation can be made by incorporating such a wish in your last will and testament. For example, "I give, devise and bequeath the sum of \$_____, or, (describe specific bequest if other than cash) to the Board of Trustees of the Former Agents of the F.B.I. Foundation, and their successors, to be used in accordance with the provisions of the trust indenture agreement creating said trust fund, and for the general purposes set forth therein".

The testator, that is, the person making the will, is urged to advise the Foundation if such a testamentary disposition has been provided.

MEMORIALS

Many contributions have been received in the form of memorials to the memory of deceased Former Agents. These have come from Chapters as well as individuals. Such a contribution is an ideal remembrance of lasting value.

DEAR FELLOW SOCIETY MEMBER:

YOU WILL FIND ENCLOSED A BROCHURE DESCRIBING THE FOUNDATION WHICH IS THE WORK OF HAL PERRY AND HIS COMMITTEE. IT IS SUGGESTED YOU READ THIS CAREFULLY BECAUSE THERE HAS BEEN A GREAT DEAL OF "MYSTERY" CONCERNING THE FOUNDATION AND, THIS BROCHURE IS A POSITIVE EFFORT TO LET YOU KNOW WHAT A WONDERFUL THING IT IS AND THE GREAT GOOD IT ACCOMPLISHES. THE ONLY THING THAT LIMITS ITS ABILITY TO DO MORE GOOD IS ITS SIZE, AND WE ARE MOST ANXIOUS TO SEE IT GROW SO THAT WE CAN DO EVEN MORE FOR OUR FELLOW MEMBERS WHEN UNFORTUNATE CIRCUMSTANCES ARISE. THE FOUNDATION IS A DEFINITE, POSITIVE EFFORT ON THE PART OF OUR SOCIETY TO "TAKE CARE OF OUR OWN" WHEN FATE HAS TEMPORARILY TURNED AGAINST ONE OF OUR MEMBERS.

YOU WILL BE PLEASED TO KNOW THAT THE CEREMONIES IN WASHINGTON HONORING THE DIRECTOR, WHEN YOUR NATIONAL OFFICERS PRESENTED HIM WITH A BRONZE BUST, WENT VERY WELL INDEED. HARVEY FOSTER AND THE MEMBERS OF HIS COMMITTEE DID AN EXCELLENT JOB OF ORGANIZATION AND FOLLOW-THROUGH ON THE PROJECT. WE WERE PLEASED AND PROUD TO PARTICIPATE IN THIS HISTORICAL OCCASION HONORING J. EDGAR HOOVER ON HIS 40TH ANNIVERSARY AS DIRECTOR OF THE F.B.I. FULL DETAILS WILL BE MADE THE SUBJECT OF A FORTHCOMING COMMUNICATION SO THAT THOSE OF YOU WHO ARE DESIROUS OF OBTAINING A MINIATURE OF THE BUST WILL GET FULL INFORMATION.

THE EXECUTIVE COMMITTEE MET IN WASHINGTON FOLLOWING THE ABOVE CEREMONIES ON MAY 8 AND 9, AND THE REPORTS SUBMITTED BY THE COMMITTEE CHAIRMEN WERE MOST ENCOURAGING. THE CHAPTER MANUAL, WHICH HAS BEEN UNDER PREPARATION FOR SOME TIME, WILL BE IN THE HANDS OF THE INDIVIDUAL CHAPTERS WITHIN THE NEXT 90 DAYS. THESE SHOULD PROVE OF GREAT HELP TO CHAPTER OFFICERS IN AIDING THEM TO RUN CHAPTER AFFAIRS EFFICIENTLY, AND TO HOLD INTERESTING AND ENTERTAINING MEETINGS. ALL THIS SHOULD BE OF REAL VALUE TO OUR SOCIETY BY STRENGTHENING CHAPTER ACTIVITIES AND GIVING US ADDITIONAL PARTICIPATION IN THE SOCIETY AT THE CHAPTER LEVEL.

THERE WERE FIFTEEN CHAPTER CHAIRMEN OR REPRESENTATIVES IN ATTENDANCE AT THE SOUTHEAST REGIONAL MEETING HELD IN WASHINGTON AT THE SAME TIME AS THE EXECUTIVE COMMITTEE MEETING. JUDGE HUGH MACMILLAN CONDUCTED AN EXCELLENT MEETING, AND THERE WAS MUCH ENTHUSIASM AND SPIRIT EVIDENT ON THE PART OF THOSE ATTENDING. THE RESULTS OF THIS MEETING WILL MAKE THEMSELVES FELT THROUGHOUT THE ENTIRE REGION AS THE CHAPTER MEETINGS ARE HELD AND THE CHAIRMEN REPORT ON THE PROCEEDINGS IN WASHINGTON.

THE NORTHEAST REGIONAL MEETING WILL BE HELD IN NEW YORK ON JUNE 8---THIS WILL COMPLETE THE SERIES AND ALL FIVE REGIONS, COMPRISING CHAIRMEN FROM ALL CHAPTERS IN THE UNITED STATES, WILL HAVE HELD MEETINGS TO DISCUSS SOCIETY AFFAIRS AND THE MEANS OF STRENGTHENING OUR ORGANIZATION. IT IS THE INTENTION OF YOUR OFFICERS TO STRIVE TO "DELIVER A BETTER PRODUCT" TO THE MEMBERSHIP IN THE SERVICES AND PUBLICATIONS AVAILABLE TO YOU BY THE SOCIETY.

THE CONVENTION TO BE HELD IN NEW YORK CITY, OCTOBER 1, 2, AND 3, IS ATTRACTING REGISTRANTS IN EVER INCREASING NUMBERS---WELL OVER 200 HAVE SENT IN THEIR REGISTRATION FEES. THE FUNCTIONS PLANNED AT THE WORLD'S FAIR, PLUS OTHER EVENTS, WILL MAKE THIS ONE OF OUR BEST CONVENTIONS TO DATE. DUE TO THE SCARCITY OF HOTEL SPACE, IT IS STRONGLY RECOMMENDED THAT YOU REGISTER AS SOON AS POSSIBLE IN ORDER TO INSURE YOUR BEING IN THE HEADQUARTERS HOTEL.

FINALLY, AND MOST IMPORTANT, YOU WILL FIND TWO LETTERS ENCLOSED WHICH ARE SELF-EXPLANATORY REGARDING THE ATTACK ON THE DIRECTOR IN THE MAY 22 ISSUE OF LIFE. IF YOU WISH TO WRITE A LETTER OF YOUR OWN TO THESE PEOPLE, YOU ARE URGED TO DO SO PROMPTLY.

KINDEST REGARDS,

Attached is the rough prepared by Exhibits Section of the brochure that is to accompany the miniature busts of the Director. The design, manuscript and printing of the brochure on color stock have been previously approved by the Director; however, he indicated that he desired to sign the brochure. The design provides space for the Director's signature below the Bureau seal. As you recall, the brochure is an offset fold-over. The words "Federal Bureau of Investigation" on page 2 can be read under the edge of the first page. The completed fold of the brochure will thus have the Bureau seal, Director's signature and Director, Federal Bureau of Investigation.

Dear Deke:

I am enclosing a sample brochure which the Society is contemplating using to notify only its members of the availability of miniature busts of Mr. Hoover. Before it is sent out by the Society, we wanted you to have a look at it so that if you had any thoughts on it, we could make whatever changes or corrections are necessary.

b6

You will note that the Society does not intend to solicit other than its own members. In order to be sure that we have a good photograph for the brochure to make this up in a more professional form, I wonder if you would be kind enough to send me two photographs of the miniature bust the same as you had previously furnished Emmett McGaughey, with the exception that we would like the bust to appear as actual size. We can then place this picture on the front of the brochure with a note to the effect that it is actual size.

Hope this finds you in the very best of good health.

Sincerely,

P.S. I am assuming that you will notify the F.B.I. employees of the availability of the miniatures to them.

John Edgar Hoover was born January 1, 1895, in the District of Columbia. He was educated in the public schools of the District of Columbia and received Bachelor of Laws and Master of Laws degrees from The George Washington University. He holds honorary degrees from 18 colleges and universities.

Mr. Hoover entered the Department of Justice in 1917, and on May 10, 1924, he was appointed Director of the Federal Bureau of Investigation. He has been admitted to practice law before the United States Supreme Court. Mr. Hoover is a member of many national and statewide law enforcement associations and fraternal organizations. He has authored three books, "Persons in Hiding," 1938, "Masters of Deceit," 1958; and "A Study of Communism," 1962.

Mr. Hoover has been the recipient of many awards and citations for outstanding and distinguished service to the United States and the causes of freedom, justice and liberty.

As a tribute to Mr. Hoover's 40 years of inspired leadership of the Federal Bureau of Investigation and American law enforcement, Philip Krackowski was commissioned by the Society of Former Special Agents of the Federal Bureau of Investigation to do a life-size bust in clay of Mr. Hoover for the casting of four bronze busts.

Mr. Krackowski was also commissioned to do a miniature bust in clay in order that the past and present personnel of the Federal Bureau of Investigation might obtain a miniature commemorating this historic event in Mr. Hoover's life and this milestone of dedication to democratic ideals. Each of these miniatures is an outstanding example of the sculptor's art, hand-wrought to express appreciation to Mr. Hoover for his outstanding contributions to the peace and security of the United States during his direction of the

Each member is aware that the Society commissioned and presented to Mr. J. Edgar Hoover a life size bronze bust on the occasion of his 40th Anniversary as Director of the F.B.I. At the time this presentation was conceived, it was believed that many past and present F.B.I. employees would like to have a memento of this occasion and their service under Mr. Hoover.

To satisfy this desire, the sculptor, Mr. Philip Kraczkowski, and long time F.B.I. friend William O. Sweet, both of Attleboro, Massachusetts, conceived of a miniature bust of Mr. Hoover which Mr. Kraczkowski has created and which is now available.

Mr. Kraczkowski first sculpted the miniature in clay during Mr. Hoover's sittings for the life size bust. When completed, it was exhibited to Mr. Hoover and F.B.I. officials.

Bronze and silver miniatures will be individually cast from the clay original. Each casting will be poured by hand, hand chased and finished by the sculptor. It will then be mounted on a walnut block with a cast plaque identifying the occasion of Mr. Hoover's anniversary and that the bust was commissioned by the Society of Former Special Agents of the Federal Bureau of Investigation. Each miniature will be numbered, with a limited edition cast in bronze and a restricted edition in sterling silver, both of which will become collectors' items. The numbers will be assigned based on order of receipt of the orders. It is also intended that the names of all who secure a miniature, together with the numbers of their miniature will be inscribed in a bound volume for presentation to Mr. Hoover. Comparable bronze miniatures of Mr. Kraczkowski's would sell in Art Shops for a great deal more. Of course, there will be no commercial sale of the miniatures of Mr. Hoover. Other than this notice to our members only, there will be no solicitation for their sale by the Society.

The bronze miniature will be available to members of the Society, F.B.I. employees, and F.B.I. National Academy Graduates at \$40.00 each. The cost for individuals, not falling into one of these three categories, is \$69.00. They can be ordered ~~through the Society and the Society reserves the right to decline the order of anyone not a member~~ ~~or a present F.B.I. employee.~~ The miniature in sterling silver will be available at \$200.00. There will be a \$1.50 charge for postage, insurance, and handling on the miniatures.

Philip Kraczkowski, who created the miniatures, as well as the life size bust, is a noted American sculptor. He was born in 1916 in New England and has spent the majority of his life there. He entered the Rhode Island School of Design in 1936 and studied under the famous sculptor, John Howard Benson. Mr. Kraczkowski is the creator of the Dag Hammarskjöld medalion, the Benjamin Franklin Hambleton-Baylor University medalion, the Frederick LeFeinberg award bronze for the American Helicopter Society at Smithsonian Institution, the Official Lincoln's Emancipation Proclamation Medal to President of the United States, the Kennedy-Johnson gold medalion presented to the Vice-President of the United States; the Kennedy-Day gold medalion presented to the Postmaster General of the United States at the Smithsonian; Charles M. SUBJECT :

MINIATURE BUSTS OF DIRECTOR
SALE BY SOCIETY OF FORMER SPECIAL AGENTS

Former SAC [redacted] by letter of 6-17-64 to you (Mr. DeLoach), enclosed a sample brochure which the Society is contemplating using to notify its members of the availability of the miniature bust of Mr. Hoover which was prepared in connection with the Director's 40th Anniversary. [redacted] advised that prior to preparing this brochure, he desired you to review it for any suggested changes or corrections.

[redacted] stated that the Society does not intend to solicit other than its own members, and he requested that the Bureau furnish him two actual size photographs of the miniature bust for use in the brochure. He stated that the photograph will be placed on the front of the brochure with a note to the effect that it is presented in its actual size. [redacted] also noted that he assumes you will notify FBI employees of the availability of the miniatures to them.

b6

REVIEW OF SAMPLE BROCHURE:

The brochure mentions briefly ^{the} presentation of the life-size bronze bust to the Director, the creation of the miniature bust for former and present FBI employees and summarizes background data concerning the sculptor, Mr. Philip Kraczkowski.

The miniatures, according to the brochure, will be hand cast in bronze in a limited edition and in sterling silver in a restricted edition, both of which will become "collectors' items. Each miniature will be numbered with numbers assigned on the basis of receipt of orders. The brochure indicates that it is the intention of the Society to include the names and numbers of those purchasing the miniatures in a bound volume for presentation to Mr. Hoover. It states there will be no commercial sale and that other than the brochure to Society members, there will be no solicitation by the Society.

RESEARCH

OVER

[redacted] to DeLoach
RE: MINIATURE BUSTS OF DIRECTOR

It was noted that the brochure states that bronze miniatures will be available to members of the Society, FBI employees and FBI National Academy graduates at \$40 each. Persons ^{not} in these categories will be charged \$60 for the miniatures and the Society reserves the right to decline the order of anyone not a Society member or an FBI employee. The sterling silver miniatures will be available at \$200 and, in all instances, there will be a \$1.50 postage and handling charge.

On the back page of the brochure is set out the address to which orders are to be mailed and sample order blank for Society members for the bronze miniature at \$41.50 or the sterling silver at \$201.50. There is also a sample order blank for persons other than Society members for the bronze at \$61.50.

b6

OBSERVATIONS:

[redacted] noted in his letter that there will be no solicitation other than to Society members and it appears, therefore, that the non-Society order blank in the brochure will be for handling purchases through the Society members for outside persons. This amounts to a rather peculiar device for making the busts available to almost anyone who knows a former Special Agent.

Handling of the sales in this manner by the Society gives a commercial aspect to the availability of these miniatures which is undesirable. It is felt, therefore, that the miniatures should be available only to present FBI employees and Society members in good standing. This would not only preclude outside persons from purchasing through the Society but would preclude miniatures being made available to FBI National Academy graduates as indicated in the brochure. This is in line with the official brochure prepared for use at the time of the presentation of the life-size bust to the Director, which states in part that the sculptor was "commissioned to do a miniature bust in clay in order that the past and present personnel" of the FBI may obtain miniatures.

RECOMMENDATION:

That attached letter over your (Mr. DeLoach's) signature be sent to [redacted] enclosing two actual size photographs of the miniature bust, and informing that we desire to have the sample brochure changed to reflect that miniatures will be made available only to Society members and present FBI employees.

Quite a promotion

June 26, 1964

Dear 

Thanks for your letter of June 17th, which enclosed the sample brochure. I have reviewed the brochure and noted some changes which you may wish to consider in making the miniature busts available.

We do not, of course, want a commercial aspect to enter into this project. Therefore, I feel that the availability of the miniatures should be limited to present FBI employees and members of the Society in good standing. This would be in accord with a statement which appeared in the brochure accompanying the life-size bust presented to Mr. Hoover, i. e. "Mr. Kraczkowski was also commissioned to do a miniature bust in clay in order that the past and present personnel of the Federal Bureau of Investigation might obtain a miniature commemorating this historic event in Mr. Hoover's life..."

b6

In order for your new brochure to meet these criteria, I suggest that you consider making certain changes in it to conform with the penciled notations I have made on the attached sample. After final plans for this project and the brochure itself have been approved, we will then take

SUBJECT : MINIATURE BUSTS OF DIRECTOR
SALE BY SOCIETY OF FORMER SPECIAL AGENTS

Reference is made to [REDACTED] to DeLoach memo of 6-25-64, captioned as above, which advised that former SAC [REDACTED] had submitted to you a sample brochure which the Society of Former Special Agents of the FBI contemplated using to notify its members of the availability of copies of the miniature bust which was prepared for Mr. Hoover in connection with his 40th Anniversary.

The brochure indicated that bronze miniatures would be available not only to Society members and FBI employees but to FBI National Academy graduates and other persons who might wish to order a miniature through members of the Society.

To preclude a possible commercial aspect lending itself to the availability of these miniatures, it was recommended that [REDACTED] be advised that we desired to have the sample brochure changed to reflect that miniatures would be made available only to Society members and present FBI employees. A letter over your (Mr. DeLoach's) signature to [REDACTED] was approved suggesting that the availability of the miniatures be limited as indicated above. b6

Subsequently, [REDACTED] called you and requested that they be allowed to indicate in the Society's brochure that the miniatures would be made available to National Academy graduates and certain other persons very friendly to the Bureau on the basis of orders placed through Society members. [REDACTED] stated that, if approved by the Bureau, miniatures would be made available through the Society only to National Academy graduates in good standing. You indicated that consideration would be given to [REDACTED] request.

Inasmuch as [REDACTED] has indicated that the availability of these miniatures, with regard to National Academy graduates and others, will be closely controlled to insure that only National Academy men in good standing and close friends of the Bureau will have access to them, it is believed that we should raise no objections to his proposal.

In his letter of 6-22-64, to McGaughey, [redacted] agrees with the Wainwright article in "Life" magazine, stating that it "represents the feeling of the silent rank and file membership of the FBI, now working as SA's." SAC Winterrowd, New York Office, advised me today that Assistant Director Malone and the four Special Agents in Charge in New York have received invitations to attend a cocktail party during the convention of the Former Agents Society in New York City. They are asked to bring their wives with them.

Winterrowd stated that the invitations apparently stemmed from former SAC [redacted] and other former Bureau Agent personnel who occupy responsible positions in the New York area. As you know, Emmett McGaughey is the outgoing president of the Society and he, along with [redacted] and some others, has been endeavoring to establish a closer rapport with the Bureau. They, of course, would be very interested in having some Bureau personnel attend some of their social functions.

b6

Standing instructions to the field at the present time are to the effect that Bureau personnel are not to accept invitations to any function of the Society unless prior Bureau approval is received.

only for this one party. or
I would like to suggest that under the circumstances Mr. Malone and the four Special Agents in Charge of the New York Office be permitted to attend social functions of the Society to which they might be invited. If you agree, I will advise Mr. Malone accordingly.

A letter from Emmett C. McGaughey, President of the Society of Former Special Agents of the FBI, to you dated 10-9-64, revealed that McGaughey had mentioned that the Director is going to meet with Fran Keogh, Secretary of the Society, when she comes to Washington in 10 days or so (from the date of the letter). McGaughey pointed out that Miss Keogh has done a truly remarkable job and is a very fine person. McGaughey indicated he hoped that Miss Keogh had the opportunity to meet you when she comes to see the Director. McGaughey stated that Miss Keogh would call Miss Gandy for an appointment and would have her picture taken with the Director for the "Grapevine" (publication of the Society of Former Special Agents). Emmett McGaughey is well known to the Director on a first-name basis, and he met Mr. Hoover on October 5th while he was in the city following the Convention of the Former Special Agents held in New York City. Set forth below is a brief resume of information in Bufiles regarding Keogh.

b6

On 2-23-51 [redacted] a former Special Agent, contacted the Bureau and made arrangements for Fran Keogh and two friends, [redacted] to take a tour of Bureau facilities. Pursuant to the arrangements made they were taken on tour.

On 8-2-50, SAC, Albany, advised he had received a call from the Division of Corporations, Department of State, Albany, New York, concerning an Application for Articles of Incorporation which had been filed for the "Ex-FBI Associates, Incorporated." According to the application, the organization had as its purpose the conducting of investigations and the making of investigations of all types and possible plant protection surveys.

[redacted] Due to the use of "FBI" in the name of the organization, the Division of Corporations felt that in the public interest the Articles of Corporation should not be approved and they were not.

RECOMMENDATION:

For the Director's information in the event Miss Keogh requests an appointment to see him when she is in Washington, apparently this week.

The Honorable J. Edgar Hoover
Director, Federal Bureau
of Investigation
Washington, D. C.

Dear Mr. Hoover:

The Washington Chapter of the X-FBI's on January 28, 1965 honored in the Caucus Room of the Cannon Office Building ex-agents who are now members of Congress and Presidential Appointees. The affair represented 400 local members and was attended by our national officers and executive committee and other members throughout the United States.

We were very pleased to have as an honored guest, Mr. Cartha D. DeLoach. Although he was not scheduled to speak, J. Patrick Coyne, called upon him for a few remarks. You should know, at the risk of my embarrassing Mr. DeLoach, he received standing applause as he approached the microphone. For approximately five minutes, he reminded the former agents of their life long obligation to you and to the FBI for the excellent training and reputation they received from their FBI association. Half the remarks were devoted to you and the fact you will be our Director for many years to come. We were pleased to hear we will be fortunate in continuing to enjoy your vigorous leadership, your competent administration, and your backing up of your personnel when controversy arises. Mr. DeLoach's remarks brought the entire audience to its feet in a spontaneous, prolonged, standing ovation, a rare demonstration of enthusiasm and loyalty.

Please accept our thanks for allowing Mr. DeLoach to appear at our "Congressional Night."

**SOCIETY OF FORMER SPECIAL AGENTS

SAC EARL BROWN AND SA [REDACTED]**

An article on page 21 of "The Grapevine," June, 1965, issue, indicated that Special Agent [REDACTED] and you attended the Spring meeting of the Cleveland Chapter of the Society of Former Special Agents of the FBI which was held at the Hotel Carter on April 23, 1965.

SAC Letter number 53-22 dated March 24, 1953, instructed that if your office received invitations to attend any function of the above-captioned group or if field offices were desirous of extending invitations to chapters of the Society to attend FBI functions, such actions should not be taken without securing prior Bureau approval.

b6

As these instructions were not meticulously adhered to, they were reiterated in SAC Letter number 54-13 dated March 9, 1954, at which time it was stated "In view of the fact that Bureau approval would not be given in either case, henceforth you should decline all invitations received from this group and likewise you should not extend invitations to this group to participate in functions of your office."

Mr. Leonard Viner, Chairman of the local chapter of the Society of Former Special Agents, has contacted you and inquired if consideration could be given to arranging for a father-son visit to Quantico for the members of the Washington chapter of the Society. He advised that this group would include approximately 100 to 200 persons and that if such a visit could be arranged, his organization would like to schedule it for either May 29th, June 5th or June 12th, all of which are Saturdays. Mr. Viner indicated that the group would also contain 12, possibly more, orphans, and he emphasized that any consideration that could be given to arranging the tour will be greatly appreciated.

b6

The members of the Washington chapter visited Quantico on similar outings in 1950, 1952, 1959, 1960, 1961 and 1963. Generally from 100 to 200 chapter members and their families have attended. The trips have included a tour of the FBI Academy, a luncheon, which is paid for by the chapter members, and a firearms demonstration in the afternoon. The members have been most enthusiastic about these outings and it has been a real treat for their families. We have received numerous letters from the members after each visit complimenting the Bureau on its fine facilities at Quantico and the outstanding firearms demonstrations.

Leonard Viner is a former Bureau Agent who EOD [] and resigned []. We have had very cordial relations with him since his resignation and he has been most cooperative with the Bureau. Viner has done an outstanding job with the local chapter of the Society of Former Special Agents and he is 100 percent pro-Bureau. His father, the late Harry Viner, was a close friend of the Director's.

It is to be 'off limits' to all others including FBIRA Field Day and picnics, ex-agents' picnics and to be used only for official training..."; therefore, it must be recommended that this group not be afforded a tour of Quantico.

The Honorable J. Edgar Hoover
Director, Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover.

The Washington Chapter of the Society of Former Special Agents of the Federal Bureau of Investigation is holding a dinner dance in the Palladium Room of the Shoreham Hotel the evening of Thursday, October 7, 1965. Approximately 250 ex-agents and their wives will be present for this annual meeting at which time I will be going out of office and Robert Newby will be installed as the new Chairman.

It is our desire you will be our guest and we would be delighted if you would honor us by being our speaker.

If for any reason it is impossible for you to attend, we hope you will consider allowing Mr. Cartha D. DeLoach to attend in the same capacity. Mr. DeLoach was extremely well received at our Congressional night and, in my opinion, did much to maintain excellent relationship between the Washington chapter, the National Society, and its "Alma Mater."

IN REPLY REFER TO

Mr. John Mohr

Dear John:

The official count of the ballots for the election in the Society will continue until the first of October. However, there is expected to be very few votes that will arrive between now and October 1st. The voting this year will be the largest number we have ever had. We received 2191 ballots, which of course did not include votes in all races. It appears at this moment that the successful candidates are as follows:

b6

President Elect - Frank Regan, Chicago
Northeast Vice President - Charles Severs, New York
North Central Vice President - Keith Carter, Omaha
Southeast Vice President - Dale S. Thompson, Washington, D.C.
South Central Vice President - Tony Reeder, Denver
Western Vice President - Jim Ellsworth, Los Angeles ✓
Executive Committee - Charles Noone, Washington, D.C.
Treasurer - Fred Vechery - Washington, D.C.
Secretary - Walter Dence, Miami

There are only two races in which there could be any change. There is only a difference of 5 votes in the South Central region and this certainly could change very easily. There is a 60 vote difference in the race for Treasurer and this, of course, might change but it is not likely.

The results are not official and are not known to anyone except [redacted] and myself, and I would appreciate it if you would make no disclosure of the results and don't compliment Jim Ellsworth until the official date. If there is any change, I will let you know.

[redacted] this week on a little vacation. They will be back on Monday. [redacted] are going to the convention in Louisville as are myself. We hope to have our usual good time.

With best wishes, I remain

My dear Judge:

I have been informed of your call to FBI Headquarters on December 3rd and your conversation with Mr. DeLoach, wherein you extended a cordial invitation for me to be principal speaker at the National Convention of your Society at St. Louis, Missouri, on September 21, 1966.

Your thoughtfulness in inviting me to participate in this event is indeed appreciated, and I assure you this is something I would very much like to do. Regrettably, the pressure of official commitments has heavily restricted my ability to accept additional out-of-town commitments and I, therefore, will not be able to be with you on this occasion.

Please let me take this occasion, however, to wish you a most enjoyable and productive meeting.

INVITATION FOR DIRECTOR TO SPEAK

On Friday afternoon, December 3, 1965, Honorable Robert L. Floyd, (Attorney at Law) new National President of the Ex-Agents Society, telephoned Mr. DeLoach in the Director's absence and extended a most cordial invitation for the Director to be principal speaker at the 1966 Annual Convention of the Society at St. Louis, Missouri, on 9-21-66. Floyd advised that they were so desirous of the Director's honoring them at this event that he and Society Vice-President John W. Floyd was informed that the Director would certainly be most grateful for this invitation but that it was very doubtful that he could do this. By airtel of 3-24-66 SAC Houston advises that an invitation he has received to address the monthly meeting of captioned chapter of the ex-Agents society on Friday, May 13, 1966, in Houston. He points out that this chapter includes three SAC Contacts of the Houston Division, as well as a large number of other prominent citizens holding responsible positions in the Houston area. He feels it would materially benefit future operations of the Houston Office to accept this invitation. He observes there has been no difficulty with the Houston Chapter and notes that members of this group have frequently assisted the Bureau in its investigations.

OBSERVATIONS:

While it has continued to be an existing Bureau policy to decline such invitations, it is noted that recent relations with the ex-Agents society have been most satisfactory and this group has vigorously rallied to the Bureau's support when attacked by unsympathetic forces. Official Bureau contacts with this group have been occasionally handled with specific prior approval when it would appear to the Bureau's advantage to do so and, in fact, Mr. DeLoach recently spoke before this group with the Director's express approval. It would appear advantageous to continue to examine each specific request on its merits and that it would be desirable to permit SAC Houston to accept the instant invitation.

RECOMMENDATION:

Attached letter be sent SAC Houston permitting his acceptance of an invitation to address the Houston Chapter of the Society of Former Special Agents of the FBI, May 13, 1966.

RE: SPEECH MATTER
HOUSTON DIVISION

I have received a request from the Houston Chapter of the Society of Former Special Agents of the FBI, Inc., to deliver an address to that group's monthly meeting to be held Friday, 5/13/66, in Houston.

A review of the files of the Houston office fails to detect any information that would cause acceptance of such invitation to be undesirable. In addition, this group includes three SAC Contacts of the Houston Division and a large number of other individuals who are prominent in this area and who hold very responsible positions. I feel it would materially benefit this office in its future activities to accept this invitation and for me to deliver a speech to this group. It should be noted that on a number of occasions many of the former Special Agents of the FBI now living in Houston Division have been of assistance to us in our investigations, and there is no indication of any instance where they have failed to co-operate completely with us.

It is recommended that this appearance be approved by the Bureau. If this approval could be received on or before 4/1/66 it would be appreciated and would facilitate programming.

My dear Judge:

I received your letter of June 13th and
want to thank you for your thoughtfulness in writing.

With respect to your inquiry, my state-
ments, as contained in the December 21, 1964, issue
of "U. S. News and World Report" accurately reflect
my views on promotion from within regarding the FBI.
I have always tried to maintain a chain of command
throughout the service, both in our field service and
at Headquarters in Washington, D. C., during the time
I have been Director of the FBI. Promotions through
this chain of command have been from within the service,
and you will note, therefore, that I have always been an
advocate of promotions from within based on merit.

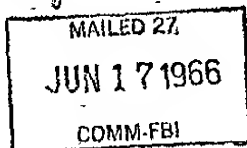

On the same date that Congressman H. Allen
Smith introduced his bill, March 10, 1966, Congress-
man Samuel L. Devine of Columbus, Ohio, a former Special
Agent of this Bureau, introduced H. R. 13507. The pro-
visions of this bill are identical with those of the bill of
Congressman Smith, and I am enclosing a copy of it for

I appreciate the article which appeared in The Grapevine and want to thank you for the kindness.

Today when the various ideologies are running away at our freedom and the true American way of life it seems fitting that we should be reminded of our forefathers by perpetuating their lofty goal for liberty and the pursuit of happiness. That is why I am reading along the "Liberty Collection" booklet with the wish that it may become a part of the Library of the Society of Former Special Agents of the FBI.

I want to thank Fran Keogh so much for her kind and well earned still and then over and over. I've been pretty low for several weeks and they helped me very much. I went into the hospital on March 4 and was operated on the next day. I just was to be in a minor condition and would keep me confined five days at the most. I said I was in the hospital for two weeks and the day after I got out I came down with the flu. They say it was my red hair fighting spirit that got me through.

To Fran Keogh on her 50th anniversary with the Society I offered congratulations and wish that God will bless her with health and happiness. She has given so much to others I'm sure God will give some back to her.

I have moved my Law Offices from my old downtown Kansas City address to a new office building at 9th and State Lane. This is a very convenient being just 15 minutes from my home in Grandview, Missouri. I suffered a severe heart attack on December 31 and have been unable to work since that date but hope to be able to return to work during May. The local chapter of the Society certainly was thoughtful and kind to me during my stay at Research Hospital.

Crocker Named Chief Judge, For New California District

Veteran Jurist Selected by Colleagues on Federal Bench To Serve in Sacramento Area

U.S. District Judge Myron Don Crocker (1940-46), of Fresno, California, has been

appointed as Chief Judge of the new Eastern District of the United States in California. He was elected at a meeting of the three judges of the new district.

Judge Sherill Halbert, who has presided over the Federal Court in Sacramento for 12 years and is senior in the district, had declined the appointment and urged the selection of Judge Crocker. The new Eastern District was formed as a result of Congressional action earlier this year and will go into operation officially in mid-September. The three judges in the district are Judge Crocker, Judge Halbert and Judge Thomas J. McBride.

Crocker and McBride are classmates, having graduated from the University of California Law School in 1940. Born in Pasadena, Judge Crocker has lived most of his life in the San Joaquin Valley. He is a former Superior Court judge in Madera County. Prior to that he was Assistant District Attorney and in private practice from 1946 to 1951, and from 1952 to 1958 was Judge of the Justice Court at Chowchilla, Calif., where he resides. He was appointed U.S. District Court Judge at Fresno in 1959 by President Eisenhower.

Judge Crocker was active in the Fresno Chapter of the Society until

it was dissolved a few months ago, and attended both the San Francisco and Los Angeles Conventions of the Society.

William E. Sawyer (1942-45), of 1542 Deer Path, Mountaineer, N.J., returned in mid-April from an around-the-world trip he made for Johnson & Johnson, surgical and hospital supply manufacturers, of New Brunswick, N.J.

Bill is director of Merchandising Services for the company and visited numerous distributors of Johnson & Johnson products during this three-month tour. In addition, he spoke at a number of business conferences.

Returning to the job on April 18, Bill found a healthy backlog of correspondence to catch up with.

Floyd Serving as Sheriff Of Dade County, Florida

**Accedes to Governor's Plea By Taking Temporary Post
As Chief Law Enforcement Officer of Populous Area**

The busiest man in the Society, President Robert L. Floyd of Miami, Florida, became even busier late last month when he was appointed as Interim Sheriff of Dade County by Florida Governor Haydon Burns.

Floyd replaced suspended Sheriff T. A. Buchanan who was removed by Governor Burns after the Dade County Grand Jury had indicted him on two counts of perjury and five of election fraud. Buchanan denied the charges and will go on trial in June.

Former Mayor of Miami and a

former Circuit Court judge, Floyd was sworn into the powerful police job on April 27 at ceremonies attended by more than 40 judges, court officers, newsmen and members of his family, including his wife, Rose Marie, his daughter and three sons, his mother and mother-in-law.

Praised by Governor Burns in announcing appointment of Floyd, Governor Burns stated that the former FBI Special Agent will have the "fullest cooperation" of the Chief Executive's office and other state law enforcement agencies in running the Dade County Sheriff's office.

"I have selected Bob Floyd on the basis of his knowledgeable qualifications as a law enforcement officer, jurist and one of Dade County's most respected and most responsible citizens," Governor Burns declared.

The appointment was made on April 24, four days after the Grand Jury indictments against Sheriff Buchanan.

'Unquestioned Integrity'

The Governor stressed that the integrity of Floyd, who also has served as Mayor of Miami and as a Dade County legislator, is "unquestioned and beyond reproach."

Burns added that Floyd, now a partner in the law firm of Frates, Faye, Floyd and Pearson, took the job "at great personal sacrifice to himself."

He asserted that Floyd will have "full responsibility to operate and direct the Sheriff's office," and said that he had known and worked with Bob for almost 20 years, beginning in the late 1940's when the two were

mayors of Miami and Jacksonville, respectively.

"I was astounded," Floyd said of his call from Burns. "I am reluctantly accepting this assignment, but Dade County has been good to me and my family. And when the Governor of the State calls upon a citizen for service, it is difficult—if not impossible—to say no."

Hopes to Finish Work in June

He said that he expects to terminate his work as Sheriff by June 1. His first job, he said after being sworn in, will be to evaluate the operations of the Sheriff's office and to consider the Grand Jury report which stated organized gambling exists only because its money buys protection.

Circuit Court Judge Byrd Duke administered the oath of office to Floyd at the ceremonies at the Dade County Court House. Following the ceremonies, the new Sheriff went directly to the Sheriff's offices where

he began to "get acquainted with the staff" and to check on the various procedures.

Society President Floyd, 48, has called Miami his home since his boyhood. He was born at Cincinnati, Ohio on January 4, 1918 but moved to Miami in 1925 and graduated from Miami Senior High and the University of Florida. He took his law degree at Washington College of Law, Washington, D. C. and joined the FBI on July 10, 1939.

Was City's Youngest Mayor

In 1945 he resigned from the Bureau to enter private law practice. Soon he was launched into politics. On November 27, 1947, he was elected Mayor of the City of Miami. He was only 29 years of age and the youngest Mayor in the city's history. In 1951 and 1953 he served two terms in the Florida Legislature and then served for eight years as a Circuit Court Judge. He resigned on

Floyd's Appointment Hailed By Dade County Newspapers

The appointment of Society President Robert Lester Floyd by Florida Governor Haydon Burns as interim Sheriff of Dade County was widely hailed in Miami, Florida.

The Miami News editorially stated "That Robert L. Floyd is the new sheriff of Dade County is good news. Not before in the history of our county has a man of such preferred experience worn the sheriff's badge. Mr. Floyd has spent most of his adult years in some pasture of the law. Mr. Floyd, by his presence and industry in the Sheriff's office, should be reassuring to the population of Dade County."

'Governor is Lucky'

In an adjoining news article, the Miami News pointed out that "Governor Burns is a very lucky man. In Robert L. Floyd he has a man whose credentials for Sheriff are simply unbeatable."

"For Floyd is simultaneously today not only the respected president-elect of the Dade County Bar Association but the national president of the prestigious Society of Former Special Agents of the FBI."

"Personable, with a square chin and a gift for candor, Bob Floyd is one of Miami's best-liked civic figures. When he resigned his \$19,000-a-year Dade Circuit judgeship in January 1963, Floyd said quite frankly he could make more money in private practice."

"I can't afford the luxury of being a judge," he quipped at the time. "Floyd, father of four children, joined a boyhood friend, William Fiates, and Peter Fay in their law firm now in the Concord Building."

"At the time he had just concluded eight years on the Circuit Court bench. He ran for that job first in 1954 against opposition and then was re-elected, with no opponents in 1960."

Energetic Campaigner

"As a candidate around Miami,

Robert L. Floyd

Floyd was noted as an energetic young man who believed in taking his case to the people.

"After six years of service as an FBI Agent in cities from Washington to Norfolk, Floyd resigned and returned to his boyhood home of Miami to practice law in October, 1945."

"His first campaign was two years later—for mayor of Miami. Floyd won and became the city's youngest mayor in history at 29."

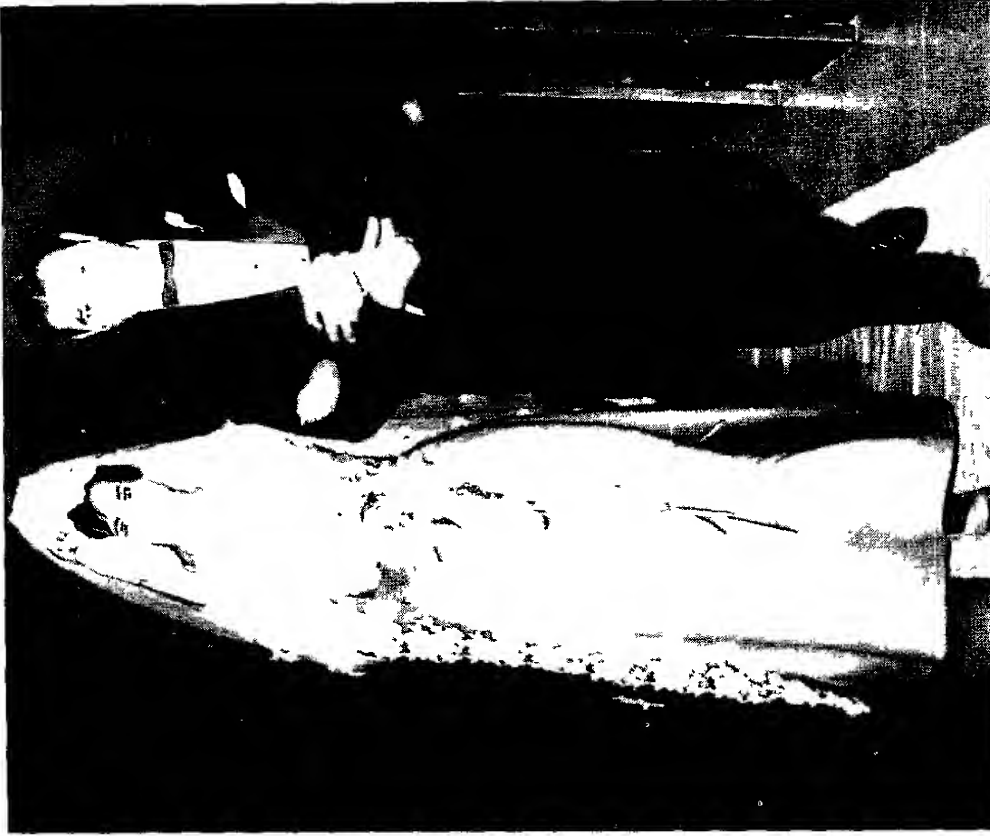

Weekly Radio Reports

"He began a custom of making weekly radio reports to the public of what was happening at City Hall. A lot was going on—including the firing of City Manager Dick Danner over the outraged objections of Floyd and Commissioner Peirine Palmer."

"Floyd had the last laugh. All three commissioners who rammed through the firing of Danner, an ex-FBI Agent, found themselves washed up in Miami politics."

Honored by Jaycees

"The doughty Floyd was selected in 1949 as one of the 10 outstanding

young men in the U. S. by the United States Junior Chamber of Commerce.

"Floyd moved on to be elected to the Florida Legislature for two sessions, 1951 and 1953, where he was promptly named outstanding first term representative. Floyd also

staged a successful battle to pave the way for Miami's to vote on a potential merger with Dade County.

"Today, busy attorney Floyd resides with his wife, Rose Marie, and children Robert II, Edward, Rose and James at 6800 S.W. 68th Street."

Jim Ellisworth introduced President Floyd who, he said, entered the Bureau after leaving Law School and served from 1941 to 1945. Following his Bureau service, Bob was elected Mayor of the City of Miami at the age of 29 and was the youngest in Miami's history. He later served in the Florida State Legislature and then served as a Circuit Court judge. He resigned from the bench in 1963 and is now in private practice of law in Dade County.

At President Floyd's request, each Chapter chairman introduced himself and gave a brief biographical sketch. Bob commended the group on a 100 percent attendance.

President Floyd explained that he personally requested Miss Keogh to attend all Regional Conferences this year since she has been able to answer first hand many of the questions asked by delegates from the various regions.

Purpose of Conferences

He said that the purpose of the Regional Conferences is to bring together at the chapter level the various members of the Society. From these meetings, chapter chairmen can return to their home organizations with information as to what the Society is doing and what other chapters are doing.

Through this communication, President Floyd said, it is hoped to achieve these objectives:

- 1 Improve the image and stature of the Society
- 2 Establish a strong esprit de corps
- 3 Increase membership, and
- 4 Improve chapter activities.

fourth to be held to date, others having previously been held at Washington, D C, St Louis and Minneapolis. The final one, for the Northeast Region, was scheduled for New York City on May 19.

Gain in Membership

President Floyd reported on various major activities of the Society. He said the total membership should total more than 4,850 by the time of the St. Louis Convention in September. Since the first of the year 80 applications from Bureau retirees had been processed with 20 additional pending

He commended Insurance chairman John O'Brien of Newark, N. J., for having done a great job in developing the Society's new insurance program which goes into effect July 1, 1966. The new Step-Rated Program was recommended as the result of an actuarial study of the membership and Jack O'Brien's negotiations produced rates even lower than those recommended by the independent actuary retained by the Society.

24 Deaths in 1965

Jim Ellsworth furnished the follow-

ing data concerning the current program 24 deaths in 1965 resulted in a deficit of \$1,013; the insurance reserve fund was down to \$18,000, with any other deaths sure to wipe out that amount, nine deaths had been recorded this year up to that time; with the new Step-Rated plan it is expected that the Society in five years again will have a favorable position financially, approximately 2,600 members are currently insured, representing more than 50 percent of the total membership

Executive Services

President Floyd then reported on the activities of the Executive Services Committee whose chairman is Desmond J. Bridges of 50 Spencer Drive, Windsor, Conn. The purpose of this committee is to assist unemployed members to find positions and to help members who might want to make a change in employment. He requested chapter chairman to coordinate this effort nationally by reporting all placement situations to Des Bridges. A cooperative arrangement (Continued on page 40)

Recent Deaths

John C. Welch

John C. Welch, who retired from the FBI some two years ago, died on April 18 at the age of 57. He was ill for less than a week and had undergone surgery. Complications developed and death was caused by peritonitis. Funeral services were held on April 20 and burial was in Calvary Cemetery in Little Rock.

Mr Welch was never able to join the Society because of the serious illness of his wife, Elizabeth (Bobbie) Welch and it was necessary for him to be with her constantly. She died in December and funeral services were held December 30, 1965.

Their only survivor is a son, John C Jr., 14 years old. He will continue to live in Little Rock with friends in order to complete his education at Little Rock Catholic High School. Later it is planned that he move to Canada to live with a maternal aunt and uncle.

Mr Welch served in the Bureau for approximately 35 years. He was a clerk in Washington SOG for many years and was a Special Agent in Memphis and Little Rock. He served as Resident Agent at Little Rock for 16 years and was known by hundreds of Society members.

William J. McNulty

William J. McNulty (1935-40), of 405 Sutherland Road, Trenton, N J, died on April 15 at Mercer Hospital, Trenton, following a short illness.

Mr McNulty, who was 61, was a vice president and attorney for the New Jersey Manufacturers Insurance Company of Trenton.

A graduate of Dartmouth College, he received his law degree from the Boston University Law School. He was a member of the Mercer County, the New Jersey and the American Bar Associations. He was associated with the New Jersey Manufacturers Association since his retirement from the Bureau.

Mr McNulty leaves his wife, Mrs Anne Boyd McNulty, a son, William P. McNulty of South River, N. J. and a grandson, Michael Paul.

Funeral services were held on April 18 at the Ivins and Taylor Funeral Home, 77 Prospect Street, Trenton. Interment was in the Ewing Church Cemetery.

Famed Lecturer Ray Sullivan Dies Suddenly During Tour

Ray Sullivan

Ray E. Sullivan (1941-47), one of the most traveled members of the Society and an internationally-known lecturer, died suddenly of a heart attack on March 26 at Monticello, New York.

Ray and his wife, Madeline, who made their headquarters at Grand Haven, Michigan, were stopping overnight at Monticello during one of his scheduled lecture tours when he was fatally stricken.

Funeral services were held March 29 at the Kinkema-Bartels Chapel in Grand Haven, with the Rev Albert G. Parker 3d of the Presbyterian Church officiating. Burial was in Spring Lake Cemetery, at Spring Lake, Mich.

Michigan State Trooper Mr Sullivan was born in Roulette, Pa. in 1906 and went to the schools there and later at Buffalo, N. Y. where his father was with the local transit company. His first job was as a trooper with the Michigan State Police. He served there 14 years and lectured throughout the State for the police organization. In 1941 he was appointed a Special Agent of the FBI and served at Louisville, Atlanta, Washington, D. C., with SIS in South America, and finally at Chicago.

Ray and his wife, the former Madeline Krueger, were married in Spring Lake, Mich. in 1929. While Ray was with SIS, she was a stenographer at the FBI office at New Orleans.

Canoeed Down Mississippi

After resigning from the Bureau in 1947, Ray and his wife left Chicago by canoe for a seven-month trip

down the Mississippi River to Louisiana, then by inland waterway to Texas. They were at Port Aransas, Texas when they were called back to Michigan by the illness of Mrs Sullivan's mother. Ray and his nephew then took the canoe on another trip to Canada and he was there when the Arabian American Oil Company contacted him about a job he'd applied for.

His first assignment was on the West Coast, then to the Aramco Training Center on Long Island. In 1951 he was assigned to the Training Center at Sidon, Lebanon where he became superintendent. He and Mrs Sullivan remained there until 1957 when the center was closed.

Developed Lecture Program

Returning to the U. S., Mr Sullivan developed a lecture program on the "History of Firearms," in which he traced the development of guns from the earliest weapons to the latest sophisticated pistols. He actually fired each of the guns, using a special two-inch thick steel plate as a backstop.

Since 1957 Ray and Mrs Sullivan had crossed and criss-crossed the country many times on his lecture tours to schools and various clubs and service groups. He was an expert sharpshooter, having been national champion for three successive years. He and Mrs Sullivan traveled first by camper truck and for the past five years made their home on a diesel-powered bus which they fitted up with all the comforts of home, including heat and air conditioning.

Ray delivered as many as three lectures a day and during the past nine years had given several thousand talks.

Mrs Sullivan has returned to Grand Haven, Michigan where she is making her home with her sister, Mrs Charles Nash.

Burstein Among Pioneers In College Security Work

Named Security Officer at MIT in 1956, He Organized Campus Police Force That Won Wide Attention

Among the first Society members to enter the college security field is Harvey Burstein (1948-53), of Larchmont, New York, now president of Harvey Consultants Corporation, 99 West Hawthorne Avenue, Valley Stream, N. Y.

Harvey was appointed Security Officer at the Massachusetts Institute of Technology in August 1956, a position he held until 1961.

Prior to his appointment, most university administrators viewed former Agents a bit dimly. Harvey's first assignment was to supervise guards assigned to the protection of classified projects. He acted in liaison with the Cambridge, Mass. Police who provided a few men for protection generally, on a reimbursable basis.

Organized 21-Man Force

The following year Burstein was asked to survey MIT's needs for a campus police unit. As a result, a uniformed 21-man department, armed and deputized, took over not only protection of the campus generally but also all traffic and parking responsibilities under Harvey's supervision. This was in addition to his job as security chief for the classified areas.

Each man on the MIT Campus Police Force received four weeks of formal training in the classroom and on the range before going on duty. The department also had a station wagon fully equipped as an emergency ambulance, with two-way radio linking it with the Cambridge Police Department.

One of the noteworthy accomplishments was in doing an outstanding job in the security field while at the

Harvey Burstein

same time winning innumerable friends among faculty, staff and students. As a result, the former semi-annual student riots at MIT became a thing of the past.

Yale Became Interested

It was because of this campus esteem for the MIT police force that the late Hugo Blandon, when he was retained by Yale, following a St. Patrick's Day riot at New Haven, sent a man to spend a day studying the MIT system. As a result, X-Agents today are directing security for both Yale and Harvard.

"I know that what we accomplished at MIT," says Harvey, "and the recognition given to us in both 'The Police Chief' and 'Law and Order,' undoubtedly helped to pave the way for a broader acceptance of X-FBI Agents in responsible security jobs on some of our leading campuses."

PHILADELPHIA CHAPTER GIFT—As a memento of his address before the Philadelphia Chapter on March 17, District Attorney Arlen Specter of Philadelphia County received a copy of Society member Louis Cochran's new book, "FBI Man, A Personal History." Chapter Chairman Bob Masters is pictured presenting the Cochran book to District Attorney Specter at the latter's office.

New District Attorney Speaker

At Luncheon of Phila. Chapter

The Philadelphia Chapter had its St. Patrick's Day luncheon at the Union League in that city on March 17. Fifty members and guests were served luncheon in the beautiful library of the famed old building on Philadelphia's Broad Street.

Arlen Specter, the recently-elected District Attorney of Philadelphia County, left a very important courtroom case in order to give a concise summary of his plans and hopes for a more energetic and effective DA's office. Specter is adding a personal touch by personally trying many of the more important cases brought by his office. Although this makes an excessive demand on his time, he told the group that he hopes to continue the practice because in this way he can keep alert to all the problems.

He said that he also hopes to set up a series of yardsticks for his assistant-
ants and in this way cut down the court backlog.

Announcement was made that the Philadelphia group will visit Liberty Bell Race track for an evening of dinner and races on April 19.

Society Programs Reviewed By North Central Delegates

Keith Carter Leads Discussions at Leamington Hotel,
Minneapolis—Meeting Requirements Stressed

The North Central Regional Conference of the Society of Former Special Agents of the FBI was held March 11 at the Leamington Hotel, Minneapolis.

Regional Vice President Keith Carter of Omaha, Nebraska presided but was delayed by weather from being on hand at the opening session. Society President Robert L. Floyd delivered the invocation. He also introduced Society executive secretary Frances Keogh of New York City.

Delegates present were Clayton A. Braathen, Michigan, Robert S. Carney, Minnesota, William O. Gray, Cedar Rapids, A. George Hauer, Cleveland, Alan R. Hawley, Indiana; Joseph Horn, Peoria, Bud Knowles, Dayton, S. William Miller, Cincinnati, George Ostermiller, Omaha, Charles E. Perrin, Chicago, John J. Romann, Milwaukee, Kuno R. Schoder, Springfield, and Harold E. Wonnell, Columbus. Unable to attend were Albert A. Augustine, Des Moines, and Donald J. Berlage, Toledo.

Foundation

President Floyd stated the Foundation was in good condition with assets of more than \$100,000 in stocks and bonds. The Foundation is supervised by Harold M. Perry and Gordon R. Carpenter and currently is serving five deserving cases. In past years the Foundation has received \$4,000 to \$6,000 annually from the insurance program but this income will likely not continue at least during the next few years. Gifts to the Foundation are tax deductible. President Floyd said it would be desirable to get from our members broad participation by small donations and this effort should be made

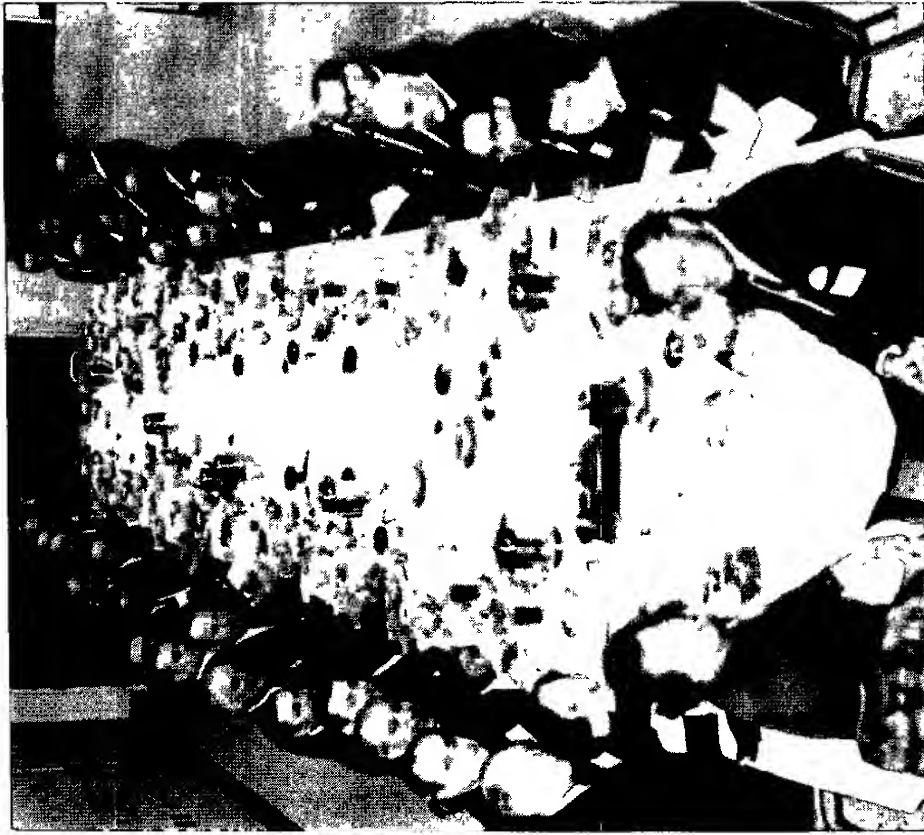

first before seeking gifts outside the Society.

Insurance Program

The Society formerly had a flat rate insurance program with North American Life Insurance Company. This was not working out satisfactorily and we now have a two-year contract on a stepped-up program. Our Society is a social group and not a professional or business type. The new higher rate is more appropriate as our average age is now about 51 which is substantially higher than 10 years ago. However, our rate is still lower than the American Bar Association and many other groups. It was mentioned by Clayt Braathen that some states have set a limit on group insurance that may be carried and it was suggested our insurance chairman should inquire into this and see what effect it may have on our program.

Executive Services

A good discussion was had concerning Executive Services, which has been operating for several years and he was commended for doing a fine job in this important work. Each chapter should have a member designated to conduct the Executive Service work. George Hauer stated Ernst & Ernst operates a recruitment department as a service to their clients and fills about 300 positions a year nationally in the \$15,000 to \$18,000 bracket. He said they were looking for qualified men in accounting and sales and management but were not in the security field. He said he believed there is a need for vocational guidance as many men are inclined to consider positions below their potential. He stated the

mined chairmen that the by-laws require four meetings a year and four copies of minutes be sent to New York. Black and white photos of meetings should be sent to The Grapevine.

Fran Keogh stated the Louisville Chapter paid all expenses of the 1965 convention and delivered a balance of \$4,132 to the Foundation Future Convention sites are '66 St. Louis, '67 Washington, '68 Boston, '69 Chicago.

It was stated National Society members should be contacted for local membership. The by-laws now require chapter members to be national members. The Grapevine now publishes names of new Society members. This may be used by chapters as a source of new local members.

The question was discussed whether the Society or chapters should have additional purposes. Several present stated the present programs of in-

retary of the Society, was introduced and commended upon her "temporary" assignment which has continued for 20 years.

Keith Carter, Regional Vice President, extended greetings to the Minnesota Chapter on behalf of the North Central Region.

Robert L. Floyd of Miami, Florida, National President, reported on recent activities of the Society and gave an inspiring talk on the high standards of Society members. Floyd also introduced Mrs. Floyd, who accompanied him to the meeting.

Fran Keogh stated there are now 341 delinquent members and chapters will be advised of delinquents by May 1.

President Floyd thanked the conferees for their cooperation and application to the business of this successful conference. Vice-President Keith Carter also thanked the chapter chairmen and Fran Keogh for participating and contributing to a fine Regional Conference.

Tennessee Chapter to Split Into Three Separate Units

The Tennessee Chapter met at Nashville on March 25 for a dinner meeting. Present were Gene Wager, Chairman; Louis Cochran, Charles Gilbert, Ed Steele, Joe Campbell, W. E. (Bud) Hopton, Scott Alden, Tom Wornack, Bill Cathey, Lee Allen and Clement Wilkes.

The Chairman welcomed two new members from Nashville, Louis Cochran and Ed Steele and said we were losing Ed Stewart, who was going to Georgia.

Chairman Wager gave a report on the Southeast Regional Conference and a report from the National Society.

There was a lengthy discussion on the status of the Tennessee Chapter, particularly whether we should have a Nashville Chapter (Middle Tennessee) as opposed to the present Tennessee (statewide) Chapter, which has been ineffective and inactive for the most part.

A motion was carried that we take the necessary steps through the National Society to re-establish a Nashville (Middle Tennessee) Chapter.

It was further resolved that the Chapter would have four quarterly meetings plus one annual meeting. The annual meeting (only) would be a statewide called meeting with the wives as invited guests. The four quarterly meetings would be held on the fourth Friday in the odd months, January, March, May, (off Summer months) September and November and when practicable. Each of the meetings would be subject to call by the chairman and at each meeting the date and time for the next meeting would be set and the members notified.

The next meeting was set for May 20, 1966.

Bill Cathey said he would canvass the downtown area to find a suitable meeting place.

Chapter Chairman Gene Wager and William Cathey, both of Nashville, attended and led discussion of the future of the Tennessee Chapter as one group. It was the unanimous opinion that the Tennessee Chapter split into three separate Chapters as recommended by the Nashville (Middle Tennessee) meeting held March 25.

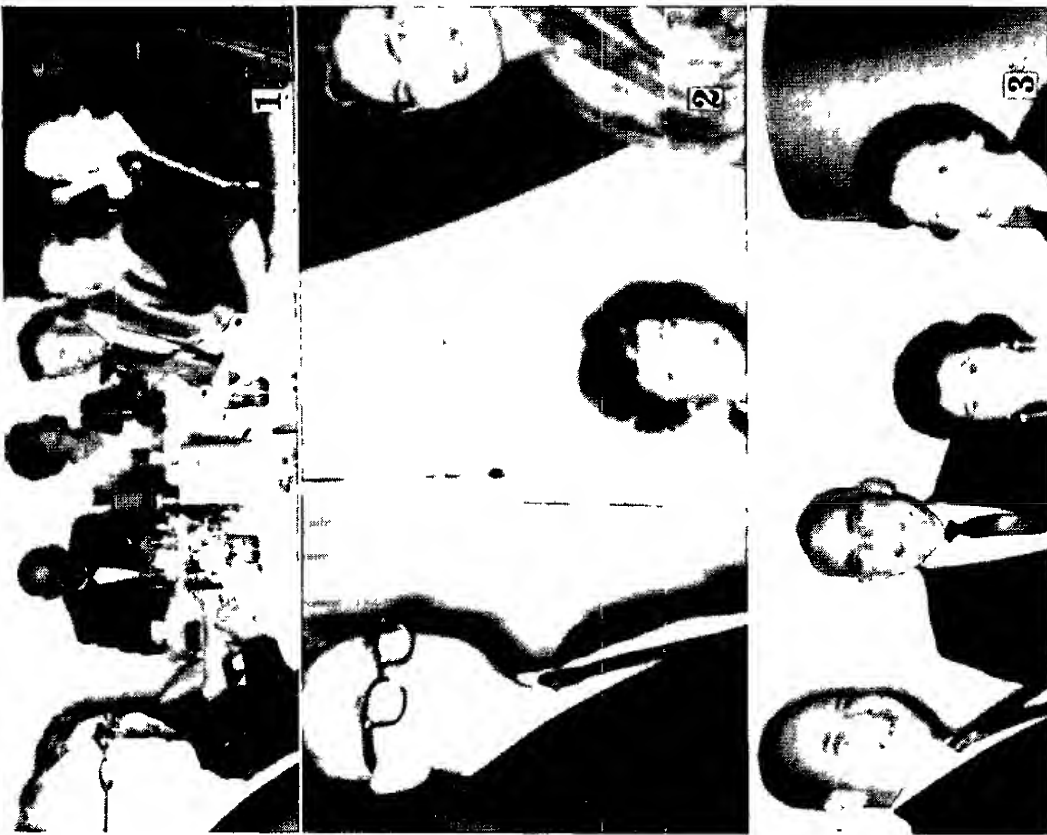

The present Tennessee chairman was instructed to advise National Headquarters that Memphis wished to immediately apply for a chapter as the West Tennessee Chapter. It was also unanimously decided that,

as recommended by the Nashville group, efforts be made to hold one statewide meeting per year to be held in Nashville because of the central location.

ment has been made, Floyd added, with the Executive Placement Division of Ernst and Ernst, a nationally-known accounting firm Foundation

In discussing the Society's Foundation, President Floyd said that it represents an effort to assist former Agents who are in need through illness, accident or misfortune. Because of the delicate nature of the program, no names are publicized. H. Bemis Lawrence, chairman of the Foundation Committee, is studying ways and means to expand the Foundation's resources. The Society has asked that member support the Foundation with donations ranging from \$2 to \$5 but President Floyd feels that outside support also is needed to maintain adequate reserves. Chapter chairmen, he said, assist the Foundation in investigating when necessary, needy cases in then particular areas.

Membership Directory

It was announced that the new Society Membership Directory will probably be in the mails by December 1966. Directory information forms are being sent currently to all members. Miss Keogh reported that several improvements are expected to be incorporated in the 1966 Directory.

The Grapevine

Jim Ellsworth offered a resume of the pertinent data involving the Society's monthly magazine, The Grapevine. He stressed these points: The deadline for publication is the 15th of the month preceding the month of

issue. The Grapevine seeks more articles about individual members and their families, not necessarily of financial achievements but of civic and business activities, articles should be accompanied by black and white photographs whenever possible, chapter chairmen should update their listings in the Chapter Meeting Dates section, and Society policy does not permit publicity in The Grapevine pertaining to X-Agents who are non-members.

Chapter Manual

Miss Keogh reported for the Membership Committee and advised the delegates concerning the procedure necessary for accepting new members into the Society.

The Chapter Manual, which was developed two years ago by Jim Ellsworth, should be in the possession of the chapter secretary and made available to all chapter officers when the need arises. Several chapter chairmen reported they had received excellent help from the Manual. It was suggested also that the Manual should contain samples of the various Society forms.

At Jim Ellsworth's suggestion, each chapter chairman outlined the work of his own chapter. He stressed the importance of having four copies of the minutes of chapter meetings sent promptly to Society headquarters.

Dale Stoops, former Western Vice President, reported that the National Nominating Committee of which he is a member, was scheduled to hold its final meeting on April 15 in New York City.

St. Louis Convention

President Floyd closed the all-day conference by reporting on the highlights of the 1966 St. Louis Convention which will be held from September 21 to 24 at the Chase-Park Plaza Hotel. He said tremendous enthusiasm is building up for this convention and he urged all chapters to give it strong support.

The chairman of the Public Relations Committee, Don Gienshaw, advised that it was planned to circulate to the Chapter members an announcement as to a program by which members can submit material to be coordinated by this committee and passed on to The Grapevine and to other news media. It was announced that some material had recently been made available to the Houston daily papers.

Members present at the meeting were Stanley Baskin, Herb Bellfiass, Bill Butler, Bill Crawford, Don Gienshaw, James Davidson, Al Deere, Bob Edmiston, Wyatt Heard, Ody Jerden, Graham Kitchel, Henry Kiege, Lew La Maste, Larry Larmore, R. B. Miller, Phil Peden, Don Sproul, and Troy Standley.

George V. Flavin (1941-46), formerly a Public Utilities Commissioner in Massachusetts, is now a Hearing Examiner for the Bureau of Hearings and Appeals of the Social Security Administration, 1011 Sixth Avenue, Huntington, West Virginia.

George, who formerly resided at Quincy, Mass., is making his home at 635 11th Street, Huntington.

He reports that Society member J. Gerald Cregan (1939-40), is also a Hearing Examiner at Huntington, while John B. Drury (1934-46), holds a similar post at Charlotte, N. C.

HARD AT WORK IN THE VIRGIN ISLANDS—Society member Robert J. Whelan (1951-59), of Trenton, N. Whelan Firm Installs Walls On Virgin Islands Buildings

The average Society member, if he makes one trip to the Virgin Islands during the Winter, could well consider himself a bit fortunate. Robert J. Whelan (1951-59), of the River Road, Washington Crossing, N. J., has done somewhat better. Since last Fall, he's made some 25 trips. In fact, his family reports he has almost spent more time in the Caribbean this past Winter than he has at home.

Bob, as vice president of the Whelan Manufacturing Company of 50 Brook Street, Trenton, N. J., has been directing the installation of the curtain walls on four middle income apartment houses on Bluebeard Hill in Charlotte Amalie, St. Thomas, Virgin Islands.

The louvered curtain walls were fabricated in the Whelan plant in

Trenton and transported by ship from Port Newark by Sea-Land Service Inc to San Juan, Puerto Rico. From there the containerized cargo was transferred by barge to St. Thomas. Several X-Agents have helped in the project, Whelan reports. Among them are Gerald J. McDevitt (1952-63), in charge of Sea-Land Service security, Jack Spencer of San Juan, Puerto Rico, and Alvin Schlenker of St. Thomas.

Before undertaking the four-apartment building project, Whelan's company had installed the curtain walls in two schools at St. Thomas and St. Croix. The louvered curtain walls Whelan installed permit natural air conditioning by the trade winds that cross the islands. The Whelan Company's contract for the Virgin Islands jobs totaled more than \$500,000.

They sent me some beautiful flowers and get-well cards. In fact, I received many cards from practically every State Union including Alaska and Hawaii and if you could pass this along in The Grapevine I would like to thank all the X-Agents who remembered me.

I certainly enjoyed the last Grapevine and the article about John and Margaret Hough. I had received a card from John and Margaret while I was in the hospital but the details of their experience in The Grapevine were most interesting.

I certainly hope the doctors will tell me I am in good physical shape and able to attend the Society Convention this Fall at St. Louis. I have a lot of friends in St. Louis and in fact at one time was a member of the St. Louis Chapter.

I have had an inquiry from Mrs. R. C. Renneberger as to whether or not it would be possible for her to be placed on the mailing list for The Grapevine.

Ray Renneberger as you know died shortly after retiring from the FBI. Any consideration which you could give to her request would be appreciated.

We have moved father South, about as deep in the South as one can get. We can play golf here just about every day of the year and this in itself is reason enough to move, to say nothing of the multitude of other attractions.

About the first of the year I joined Martin Theaters. We operate about 160 movie theaters principally in the Southeast. In fact we are the largest independent chain of movie theaters in the United States. In addition to this we operate two television stations, a radio station and various other enterprises.

I was interested to note that this year's convention will be in St. Louis. We own the Cinerama Theater in St. Louis so I will be able to combine business with pleasure in attending the convention.

The Executive Services Committee was discussed, and it was recommended that all X-Agents be aware of job openings in the Indiana area for X-Agents and to notify the Com-

[redacted] former Special Agent who entered on duty [redacted] as a Special Agent and resigned [redacted] contacted you, Mr. DeLoach, to advise that captioned organization would be holding their 1967 Annual Convention in Washington at the Shoreham Hotel from 9-26 through 9-30-67. [redacted] this convention, noted that the most prominent session would be at the noon luncheon on Thursday, 9-28-67, at which time some 2,000 participants in this convention would be present. In this regard, he indicated that they were most desirous of having Mr. Hoover speak at this luncheon.

[redacted] further advised that they would greatly appreciate the opportunity to have approximately 500 ex-Agents, their wives and children spend a day at our facilities at Quantico and to observe a shooting exhibition by our instructors there on 9-29-67. He indicated that although they could provide their own transportation, they would like to have us make arrangements for them to have lunch at our facilities, for which they would gladly pay the expenses involved.

[redacted] has indicated he would cooperate with us in having a booth set up at the Shoreham Hotel during the convention, which will be manned by a clerical employee, for the purpose of signing up individuals for tours of FBI Headquarters.

[redacted] indicated that they would be extremely grateful if it would be possible to have approximately 750 tie tags made up for former Special Agents which would contain their fingerprint. He

noted that if the Director saw fit to grant this request, they would furnish us the names of the former Agents and would take care of all expenses involved. In this regard, a check with the Identification Division reveals that this project would necessitate considerable work on the part of Identification Division employees in searching the names of the former Agents. The actual preparation of 750 tie tacs would be a major undertaking and practically impossible to complete by September, 1967.

SUBJECT SOCIETY OF FORMER SPECIAL AGENTS
OF THE FBI
CHICAGO CHAPTER
SPEECH INVITATION

SAC, Chicago has telephonically advised of a speech invitation he has received from Francis A. Regan [redacted]

[redacted] and has been elected as President of the Chicago chapter of the Society of Former Special Agents of the FBI. Mr. Regan, who has been cooperative with the Chicago Office through the years, has contacted SAC, Chicago, to pledge the complete assistance of the Chicago chapter to the FBI in all respects. He voiced the high esteem with which he and his fellow society members hold the Director and the Bureau and inquired whether SAC, Chicago, might be available to address the Chicago chapter of the Ex-Agents society some time this fall to apprise them of the current jurisdiction, problems and accomplishments of the FBI. REC-140 7-466

SAC, Chicago, requests Bureau guidance relative to acceptance of this invitation and points out that the Chicago Ex-Agents chapter contains several SAC contacts who are highly placed and staunch supporters of the FBI such as [redacted]

[redacted] SAC, Chicago, feels it would be highly advantageous for him to accept this invitation as the aforementioned contacts and many other Ex-Agents society members in his area are very well placed to help keep the Bureau alerted to local problems which might relate to the Bureau responsibilities. He recognizes the continued need for all available intelligence in the security, racial and criminal fields. Wick

While several years ago the Ex-Agents society was less selective than they currently are in admitting former Agents to their ranks and there were a few examples of a lack of cooperation from a few of the earlier members of this organization, there have been numerous examples of solid support from this group in recent years. They have particularly rallied to the Bureau's support in repelling attacks on the FBI from subversive and related groups and their leaders have spoken out vigorously in recognition of the Director's leadership in elevating law enforcement in this country. With specific approval in each instance, Bureau representatives have on a few recent occasions addressed gatherings of this

society. Mr. DeLoach handled such an event in Washington, D. C., and SAC, Houston, did so in his city in May of this year. The criteria followed in all such invitations was advancement of the Bureau's best interests and it would appear to be definitely to the Bureau's advantage to authorize SAC, Chicago, to accept this invitation.

RECOMMENDATION:

Attached letter be sent SAC, Chicago, authorizing him to accept a fall speech invitation extended by Mr. Francis A. Regan for participation in a gathering of the Ex-Agents society chapter in Chicago.
