AND DIGNITY (BUILD)

On October 5, 1971, a source, who has furnished reliable information in the past, advised a meeting was held at Salem Church, Buffalo, New York, during the evening of October 4, 1971 by Buffalo Chapter Youth Against War and Fascism (BC, YAWF), Peoples Coalition for Peace and Justice (PCPJ), and Build, Unity, Independence, Liberty, and Dignity (BUILD) where plans were completed for arranging a demonstration against Vice President SPIRO AGNEW, who was scheduled to speak at the Statler Hilton Hotel in Buffalo, New York on October 7, 1971.

The Buffalo Chapter, Youth Against War and Fascism (BC, YAWF), is the youth group of the Buffalo Branch, Workers World Party (WWP). The national headquarters of the WWP is located in New York City, New York.

YAWF is the youth group of the Workers World Party (WWP).

The Buffalo Branch, Workers World Party, is part of the National Workers World Party and follows the aims and objectives of the Workers World Party. The Workers World Party was formed in 1959 and generally calls for support of the Peoples Republic of China, however, has more recently indicated that a peaceful solution to recent Sino-Soviet border disputes is in order.

BUFFALO, NEW YORK, OCTOBER 7, 1971
SPONSORED BY BUFFALO CHAPTER YOUTH
AGAINST WAR AND FASCISM (BC, YAWF)
AND BUILD, UNITY, INDEPENDENCE, LIBERTY,
AND DIGNITY (BUILD)

The WWP was founded in 1959 by individuals who disagreed with policies of the Socialist Workers Party (SWP). The WWP dissidents advocated unconditional support of the Soviet Union and the building of a revolutionary party geared to the overthrow of capitalism. More recently the WWP has called for peaceful solutions to Sino-Soviet disputes.

The PCPJ, in a press release, dated March 1, 1971 described itself as being headquartered at 1209 Vermont Avenue, Northwest, Washington, D.C. and consisting of over 100 organizations which are raising non-violent civil disobedience to combat the issues of rascism, poverty, repression, and war.

BUILD is a Buffalo, New York Civil Rights Group.

On October 7, 1971, SAs of the FBI observed approximately 250 to 300 young persons assemble at Niagara Square, Buffalo, New York. The group assembled at approximately 6:00 p.m. Banners and placards carried by demonstrators set forth the following slogans: "End the War, Rascism, and Repression", "Avenge the Attica Prisoners", "Agnew and Your Rich Pals, Freeze Your Profits, Not Our Wages", "Self Determination For The Black Communities." Some of these banners set forth the letters YAWF and PCPJ.

Speakers at these meetings were introduced as representatives of Buffalo Chapter YAWF, BUILD, Prisoners Solidarity Committee (PSC), and PCPJ.

A second source, who has furnished reliable information in the past, advised on August 18, 1971 that PSC is a committee within YAWF which was recently formed for the purpose of taking up the cause of "political prisoners" throughout the United States.

BUFFALO, NEW YORK, OCTOBER 7, 1971,
SPONSORED BY BUFFALO CHAPTER YOUTH
AGAINST WAR AND FASCISM (BC, YAWF)
AND BUILD, UNITY, INDEPENDENCE, LIBERTY,
AND DIGNITY (BUILD)

One of the speakers at this demonstration was [redacted] who referred to himself as a member of the "Buffalo Five."

[redacted] was arrested with four others on August 21, 1971 after illegally entering the Draft Board at Buffalo, New York. He was indicted by a Federal Grand Jury on September 30, 1971 charged with violations of Title 18, United States Code, and Title 50, United States Code. b6 b7C

[redacted] referred to recent disturbances at Attica Prison, Attica, New York saying he was present at Attica when bullets were fired by officers entering the prison to free hostages. He stated the incident recalled to his mind the plight of the American Indians in the United States, and he remarked people in the United States live with a monster of repression.

One [redacted] a speaker at this meeting, representing an organization which he referred to as "Ad Hoc Committee to Free Attica Prisoners" stated he intends to bring a "revolution" in the United States and that he advocates violence. He stated he did not mean by his remarks to incite violence, but he believed in defending himself against perpetrators of violence and he desires to change our political system.

[redacted] On August 23, 1971, a third source, who has furnished reliable information in the past, advised [redacted] attended the third Venceremos Brigade (VB) with a contingent from Buffalo, New York. b6 b7C

On November 30, 1970, Source One, who has furnished reliable information in the past, advised [redacted] had participated in some of the activities of the Niagara Liberation Front (NLF) in Buffalo, New York.

BUFFALO, NEW YORK, OCTOBER 7, 1971
SPONSORED BY BUFFALO CHAPTER YOUTH
AGAINST WAR AND FASCISM (BC, YAWF)
AND BUILD, UNITY, INDEPENDENCE, LIBERTY,
AND DIGNITY (BUILD)

The Venceremos Brigade was formed in June, 1969, by a coalition of New Left organizations to encourage American youth to travel to Cuba in defiance of a ban on travel to that country by the United States Department of State. The ostensible purpose of the travel was to assist the Castro regime in the harvesting of sugar cane and other agricultural products and to give young Americans the experience of living in a revolutionary communist country.

The NLF was organized in July, 1970, principally among the youth, as a coalition of New Left-type groups in the Buffalo, New York, area whose stated purpose is to bring new people into collective-type units to deal with the need for revolution in America.

An individual introduced as [redacted] of BUILD stated eighty percent of the prisoners in jails are blacks and prisons are concentration camps for blacks. He stated that recent wage-price freezes in the United States favor the rich and discriminate against the poor and he denounced Vice President AGNEW as an instigator of such discrimination. b6 b7C

[redacted] who stated she represented PSC of YAWF appealed for donations from listeners to support Attica prisoners.

During the above demonstration, a group of approximately 25 to 30 counter-demonstrators carrying placards and banners under the name of Young Americans For Freedom (YAF) marched around the perimeter of the crowd. These banners and placards read "Canisius YAF", "Students For Agnew" and "Amherst YAF Wants Agnew."

VISIT OF VICE PRESIDENT
SPIRO T. AGNEW
TO NEW ORLEANS, LOUISIANA,
NOVEMBER 28, 29, 1971

A representative of Secret Service, New Orleans, Louisiana, advised that Vice President Spiro T. Agnew is scheduled to arrive at the New Orleans International Airport between 3:00 PM and 5:00 PM CST on November 28, 1971, and will then travel directly to the Royal Orleans Hotel where he will stay.

Vice President Agnew is scheduled to attend and speak at a dinner of the American Medical Association which is presently holding a convention in New Orleans. This speech will be on the evening of November 28, 1971, at the Rivergate Convention Hall. The Vice President is expected to leave New Orleans sometime between 12:00 PM and 2:00 PM CST on November 29, 1971.

On November 26 and 27, 1971, three confidential sources, who have furnished reliable information in the past and who are familiar with New Left and similar activity in the New Orleans area, advised that no information had come to their attention regarding any demonstrations protesting Vice President Agnew's visit to New Orleans.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

ENCLOSURE

On November 28, 1971, a Special Agent of the New Orleans Office of the Federal Bureau of Investigation (FBI) observed Vice President Agnew arrive at the New Orleans International Airport at 3:29 PM. The Vice President held a news conference and then proceeded by motorcade to the Royal Orleans Hotel. No demonstrators or protestors were observed at the airport or hotel.

At approximately 8:00 PM the Vice President left the Royal Orleans Hotel by car and traveled to the Rivergate Convention Hall.

Spot checks at the Royal Orleans Hotel and the Rivergate Convention Hall on the evening of November 28, 1971, and at the hotel on the morning of November 29, 1971, were made; however, no pickets or demonstrators were observed.

On November 30, 1971, a representative of Secret Service, New Orleans, advised that Vice President Agnew had departed the New Orleans International Airport at approximately 12:45 PM on November 29, 1971. Prior to the arrival of the Vice President at the airport, an anonymous call had been received that there was a man with a gun in the general area of the Vice President's plane. Investigation by Secret Service subsequently identified this individual as an off-duty officer of the Jefferson Parish, Louisiana Sheriff's Office, who was armed and in the company of a "fag."

DURING MEETINGS WITH DRAKE STAFF, MOVEMENT REPRESENTATIVES, UNDER LEADERSHIP OF [redacted] STAFF MEMBER, NEWMAN COMMUNITY CENTER, HAVE PROPOSED THAT ABOUT TWENTY DRAKE STUDENTS REPRESENTING THE MOVEMENT BE ALLOWED TO STAND UP IN THE DRAKE AUDITORIUM AT BEGINNING OF THE VICE - PRESIDENT'S SPEECH AND REMAIN STANDING THROUGHOUT IT DISPLAYING PLACARDS AND BLACK ARM BANDS PROTESTING THE VIETNAM WAR DEAD.

b6
b7C

UNIVERSITY OFFICIALS HAVE ADVISED THEY WILL NOT TOLERATE SUCH INTERFERENCE WITH THE VICE - PRESIDENT'S SPEECH AND ADVISED IF THEY INSIST ON GOING THROUGH WITH IT, DRAKE UNIVERSITY WOULD OBTAIN AN INJUNCTION AGAINST SUCH ACTIVITIES.

SUBSEQUENTLY, [redacted] PROPOSED THAT THE MOVEMENT STUDENTS IN HALL BE ALLOWED TO STAND UP AT THE BEGINNING OF THE SPEECH, NOTE THEIR PROTEST, AND THEN SIT DOWN. THIS PROPOSAL ALSO REJECTED BY DRAKE UNIVERSITY.

IN VIEW OF DISRUPTIVE PROPOSALS OF THE MOVEMENT, DRAKE

OFFICIALS INSTITUTED TIGHT CONTROLS OVER ISSUANCE OF TICKETS TO DRAKE STUDENTS FOR THE VICE - PRESIENT'S SPEECH. IN ADDITION DRAKE SECURITY FORCES ARE BEING SUPPLEMENTED BY TWELVE TO FOURTEEN DES MOINES POLICE DEPARTMENT OFFICERS. THE AUDITORIUM HOLDS APPROXIMATELY EIGHT HUNDRED PERSONS; HOWEVER, BALCONY NOT TO BE USED AND A FIGURE OF SIX HUNDRED WAS BASIS FOR ISSUING TICKETS.

[redacted] WAS HEARD TO STATE THAT HE HAD TOLD THE DRAKE STUDENTS INVOLVED IN THE MOVEMENT THAT THEY SHOULD MAKE THEIR TACTICS LESS VIOLENT AND MORE THEATRICAL IN ORDER TO MAKE THEM MORE EFFECTIVE AND TO OBTAIN MORE NATIONAL NEWS INTEREST. HE WAS HEARD TO STATE THAT ONE OF THE SUGGESTIONS HE HAD MADE TO THE STUDENTS WAS THAT THEY PAINT THEIR FACES WHITE.

b6

[redacted] ALSO STATED THE DUE TO THE TIGHT TICKET CONTROL BEING EXERCISED BY THE DRAKE AUTHORITIES, IT WOULD BE DIFFICULT TO GET MANY STUDENTS INSIDE THE AUDITORIUM FOR THE SPEECH. HE NOTED AT THIS TIME THERE WOULD ONLY BE SIX TO EIGHT PEOPLE INSIDE THE AUDITORIUM FROM THE MOVEMENT.

VISIT OF VICE PRESIDENT
SPIRO T. AGNEW TO
NEW ORLEANS, LOUISIANA,
APRIL 24-25, 1972

On April 21, 1972, information was received from a representative of Secret Service, New Orleans, that Vice President Sprio T. Agnew is scheduled to arrive at the New Orleans International Airport on the morning of April 24, 1972. He is scheduled to go to the Roosevelt Hotel to give a luncheon speech before the American Road Builders Association Convention.

During the afternoon of April 24, 1972, Mr. Agnew will fly to Shreveport, Louisiana, where he is scheduled to give a speech on the evening of April 24, 1972. He will return to New Orleans on the same evening and will stay at the Royal Orleans Hotel and is scheduled to leave New Orleans about noon on April 25, 1972.

On April 21, 1972, three confidential sources, who have furnished reliable information in the past and who are familiar with various phases of New Left activity in the New Orleans area, advised that no information had come to their attention regarding any demonstrations protesting the visit of Vice President Agnew to New Orleans.

On April 25, 1972, a representative of Secret Service, New Orleans, advised that Mr. Agnew had arrived at noon on April 24, 1972, at the New Orleans International Airport. He traveled directly by motorcade to the Roosevelt Hotel, where he spoke before the previously-identified convention. He was at the Roosevelt Hotel from about 12:30 PM until 2:00 PM when he went to the Royal Orleans Hotel, where he was staying.

ENCLOSURE

This representative of Secret Service further advised that, during the time that Mr. Agnew was at the Roosevelt Hotel, there were nine individuals picketing in front of the entrance to the hotel carrying anti-war signs.

Mr. Agnew left New Orleans at about 3:10 PM and flew to Shreveport, Louisiana, where he gave a speech, and returned to New Orleans at approximately 10:00 PM.

On the morning of April 25, 1972, Mr. Agnew had breakfast at Brennan's Restaurant and then departed New Orleans International Airport at approximately noon.

No incidents or demonstrations were observed or received relating to Mr. Agnew's visit other than the nine pickets at the Roosevelt Hotel.

The purpose of Mr. Agnew's visit to Shreveport, Louisiana was that he had been invited by the Ambassador Club, which is the sponsoring organization for Holiday in Dixie, an annual festival held in Shreveport, Louisiana. Mr. Agnew spoke upon his arrival at Barksdale Air Force Base, Bossier City, Louisiana, and later on attended a social gathering of prominent Republicans in the Shreveport area.

August 22, 1973

The caller on August 18, 1973, made the following statement:

"This Spiro Agnew's gonna (or gotta) be murdered. You get the picture?" Upon hearing this, stated, "No I don't think I follow that part." The caller said, "What do you mean you don't?" The caller also said, "I think that we can pull it off and get that God damn Agnew destroyed. You know what happens, don't you?" b6 b7C

advised there was no other mention of Agnew and the caller changed the subject and rambled on about other inconsequential matters and made frequent reference to a which the caller must have believed him to be.

The stated that this caller made reference to the fact that he was New Jersey, near New Jersey, and on one occasion another individual got on the telephone line and stated he was an attorney, the brother of New Jersey.

My Name is [redacted] b6 b7C

On February 27th 1975 I was To found to be Competant to stand trial by the Medical staff here at Springfield, Missouri. And I will Be returned to the U.S. Pent. at Leavenworth Kansas, in a week or two.

I think it would be in the Ingt of Justice ~~to~~ if You would dismisse the Charges That are pending on me.

I have a family who needs me very much. If you remember back to the Watergate days, When Mr. Nixons And Hes Buddies where all given Pardons, Because their family's where suffering. Well what about My family. do You think they are any different than, the family's

of the Watergate Bunch. My family has money also, and we can put that money to use.

Mr. Stanley it would be in your Best interst if you would dismisse the Charges now pending against me.

It could be arraged that a large sum of money be placed in your Bank account once a year for a ten year period, and you would have no more money worries again. You Will Be Contacted By a [redacted] — "attorney at Law" — who will discusse the details With you at that time. [redacted] is a well respected man and is well known nationaly. GENERAL INVESTIGATIVE DIVISION

This concerns the attempted assault on Vice President Agnew during demonstration, Columbus, Ohio, 5-9-72, where he was attending a fund-raising dinner for the Republican Party. A rock was thrown at the vehicle carrying the Vice President which cracked the window behind his head; no injuries sustained.

Attached relates results of investigation to identify assailant. A brick weighing about five pounds located in area where incident occurred recovered which may be missile and brick being forwarded to FBI Laboratory.

Pictures obtained by Columbus, Ohio, news media being obtained for review to determine if any photograph would identify assailant.

Most demonstrators refused to talk to Bureau Agents, being extremely belligerent and antagonistic.

FBI sources among demonstrators believed attempted assault was spontaneous and not part of planned demonstration.

Vigorous investigation continuing to identify unknown subject.

SUBJECT: UNKNOWN SUBJECT; ATTEMPT TO ASSAULT VICE-PRESIDENT SPIRO AGNEW DURING DEMONSTRATION, COLUMBUS, OHIO, MAY 9, 1972; ASSAULT OF VICE-PRESIDENT OF UNITED STATES; DESTRUCTION OF GOVERNMENT PROPERTY

During the appearance of Vice-President Agnew in Columbus, Ohio, on 5/9/72, demonstrators gathered near his vehicle and apparently someone threw a missile at the limousine causing a fracture in the rear window. An FBI investigation was immediately initiated under the Presidential Assassination Statute and the Cincinnati Office requested that the broken window be examined by the FBI Laboratory.

b6
b7C

The Bureau was subsequently advised that the limousine had been flown to Japan for use by the Vice-President in his appearance there. Arrangements were made through SA [redacted] U. S. Secret Service liaison to advise the Bureau when the limousine had been returned to Washington, D. C.

Yesterday afternoon the Bureau was advised that the limousine was available for examination at the U. S. Secret Service garage at 1310 L Street, N.W. SA Richard W. Flach of the Physics and Chemistry Section conducted a preliminary examination of the break in the window and photographs were taken. It is the intent of the Secret Service to replace this window and arrangements were made to make the window available to the Laboratory for detailed examination following its removal.

Q2 Rear window of automobile

Result of examination:

The impact on Q2 appears to have come downward at a slight angle from the vertical on the slanted window and from a direction behind the left rear side of the automobile.

The crushed glass and cone of the impact area are characteristic of a low velocity object. No metal smears, no brick particles, no concrete particles or other materials were found which would indicate or identify the object impacting the glass. Dust particles and black specks from the coating on the tape on the glass were all that were found at the impact area.

Several demonstrators were subsequently identified and interviewed. Local and state and Federal authorities were immediately contacted and liaison has been maintained regarding this matter. U.S. Secret Service retained custody of the vehicle following damage to the window and placed tape over the damage. This tape was forwarded to the FBI Laboratory and particles embedded in the tape were determined to be quartz and dust. No metal particles or smudges, and no brick or concrete particles were found. The object which struck the window could not be determined by an examination. Crime scene search conducted in the area of incident, and half of a paving brick located. Brick forwarded to FBI Laboratory for examination.

An examination was made of the area on and adjacent to 20th Avenue, north of Lausche Building, Ohio Expositions Grounds, which located a half paving brick in the grass area at the south edge of 20th Avenue between Gate 1 and Gate 14 at a spot opposite junction of 20th Avenue and a gravel street that dead ends into 20th Avenue from the north. The half brick was 9 feet, 3 inches from the pavement of 20th Avenue, 7 feet, 7 inches from a fence at the north end of the Lausche Building, and 4 feet, 2 inches east of a large brace post that slants to a large utility pole planted south of the above fence.

Grass beneath the half brick was alive and had just begun to wilt, indicating that this item had not been in this position for a very long period of time.

The half brick was photographed in position as discovered, then placed in a cellophane envelope and removed as possible evidence.

A 1971 Cadillac Fleetwood sedan was examined at Columbus Fire Department Fire Station #3, Fourth and Fulton Streets. The vehicle was identified by Special Agent [redacted], Vice President Protection Division, United States Secret Service, as Vehicle # SS 232 X.

Agent [redacted] advised the above vehicle is the one in which Vice President SPIRO AGNEW was a passenger on the evening of May 9, 1972, when an unknown missile, projected by an unknown subject, struck the upper right portion of the rear window, causing a fracture of the glass contained therein. Agent [redacted] advised that the damaged portion of the glass was temporarily covered with black plastic electrical tape to make it less conspicuous.

b6

The black tape was removed and photographs were taken with a Bessler Topcon Camera, #4617332, using 35 mm Kodak Plus-X Pan film (PX 135-36) under available light conditions.

The black tape, when removed to expose the damaged area of the window, was noted to retain a fragment of glass and a small amount of powdered substance from the fractured area. The tape, with fragments adhering to its surface, was obtained and retained.

Agnew In Ohio, Predicts 'Solution'

By WARREN D. WHEAT
Columbus Bureau Chief

COLUMBUS Ohio — President Nixon will not permit the United States to be degraded or demeaned in Southeast Asia, even if it means personal sacrifice on his part, Vice President Agnew told Central Ohio Republicans at a $125-a-plate fund-raising dinner here Tuesday night.

The dinner was attended by more than 1975 Republicans from 34 Ohio Counties.

"He is going to stay with this problem, and he is going to solve it," Agnew said.

Agnew said the President's decision to take steps to cut off supplies to North Vietnamese troops was the act of a "consummate statesman."

The Vice President was introduced by Barbara Bouckaert, Cincinnati, president of the Ohio League of Teenage Republican Clubs.

"Unlike would-be Democratic candidates, Agnew is not a follower of youth — he is a leader," Miss Bouckaert said.

"Because he stands up for what he believes is right, and will not give in to the forces of radicalism, we respect him," she said.

Vice President Agnew was silent on one of the major political issues of the day in Ohio, unity in the state party organization.

President Nixon has kept faith with commitments made by his predecessors in South Vietnam, while undergoing a constant barrage of criticism from former supporters of the war, both in Congress and in the news media, Agnew said.

Agnew attracted anti-war demonstrators throwing potatoes and rocks. A hurled object hit the rear window of Agnew's official limousine as he neared the state fairgrounds building. Riding in the rear seat of the car, the Vice President was not injured.

OSU Lawyer Criticized For Anti-FBI Talk

By JOHN SWITZER
Of The Dispatch Staff

The U.S. Attorney in Columbus says it is "outrageous" and "incredible" that an Ohio State University lawyer, paid by taxpayers, advised students not to help the FBI.

U.S. Atty. William Milligan criticized Robert R. Twohig Jr. Saturday for advice students got when the FBI started investigating to find who threw a rock at Vice President Spiro Agnew's car last Tuesday at the Ohio State Fairgrounds.

Twohig, 29, of 1265 E. Broad St., later in the week was arrested on charges of second degree rioting and disorderly conduct growing out of the Thursday night near-riot in the OSU area. The disturbance started with a protest against the war in Vietnam.

THE ROCK-THROWING incident occurred as Agnew arrived for a $125-a-plate Republican fund raiser and passed a group of protesters.

Twohig, supervising attorney for the OSU Law Clinic, advised protesters not to answer questions from FBI agents investigating the rock-throwing.

"I am shocked if that is his advice," said Milligan.

"The law enforcement system depends on witness testimony to determine guilt or innocence," he said.

"WITHOUT WITNESS testimony the whole criminal justice system would collapse. It that what he wants?" Milligan asked.

He termed Twohig's advice as "outrageous" and "incredible".

Twohig said "the FBI is inquiring way beyond who threw the rock.

"They are apparently interested in the political motives and beliefs of those they are questioning.

"It's the kind of investigation the FBI makes when it is after political prosecution and when they are building dossiers, and I have told them (students) not to become involved in the dossier mechanism," he said.

TWOHIG SAID that questions by agents into who threw the rock are legitimate. "They begin on that basis but go beyond," he said.

Twohig is also a defense attorney for former OSU Black Studies Director Charles Ross who was charged by city officials with interfering at Linden-McKinley High School during disturbances there last spring.

by Steve Conliff

The first high Nixon Administration official to make a major public appearance following Nixon's announcement of the mine-blockade of N. Vietnam was Vice Pres. Spiro T. Agnew. Agnew spoke at a $125-a-plate Republican Party fundraising dinner, attended by such notables as Judges Schull & Fais, Mayor Moody & Safety Director Chupka, in the Lausche Bldg. on the Ohio State Fairgrounds. Several hundred OSU area residents had the privilege of being the first demonstrators in the nation to get a crack at Agnew after Nixon added international piracy & brinkmanship to his administration's crimes against humanity.

The Indochina Coalition, which called for the anti-Agnew demonstration, had been holding discussions, rallies & marches since the resumption of saturation bombing of N. Vietnam. From the 50 people who'd attended the first rival rally, the anti-warriors had grown by Agnew to perhaps 300, & along the march route many others joined up.

Nixon & Agnew are notorious for their tight, paranoid security. Around half the people you see at most Nixon & Agnew speeches are one variety or another of police. Typically, demonstrators are halted & beaten several blocks away, unless Nixon & Agnew want a few let close enough so they can denounce them as a threat to the fruits of imperialism. Leaders of the Indochina Coalition had cautioned the crowd not to expect to get close enough to Agnew to smell the odor of decaying shit & offal that accompanies him everywhere, & had worried about a massacre under the overpasses on 17th. But when the crowd got to the Lausche Bldg, there wasn't a cop in sight, & we were able to surround the building & even walk up & touch it.

The dinner had been postponed for an hour, in the hopes demonstrators would tire & go home. We didn't, & as fat GOP heavies, in dinner jackets & furs, arrived to eat the flesh & drink the blood of a million murdered Vietnamese, the demonstrators formed a People's Blockade, & then forced the Republican elite to walk a gauntlet of People's Wrath.

These Republicans were the Ruling Class--local office holders, backers whose contributions finance Nixon & Agnew's continued stay in office, corporate power-brokers who receive the profits generated by the S.E. Asian War & worldwide imperialism. $125 is one and one-half times the average annual income of people in India. $125 would feed one person in Bangla Desh for 3 years. Or it would buy half a machinegun. Blood money. These pigs fairly reeked of carnage.

& they got a small taste of what's in store for them as they wormed their way thru the angry mobs surrounding each entrance. They were abused, screamed at, jostled & spat upon. They fucking deserved it.

Finally the state police arrived to clear entrances. They performed perfunctorily, their hearts obviously not in their work.

Anon, Agnew, sealed in his bullet-proof limousine, arrived & slithered in the back door. About 20 people got close enough to scream at Agnew. He & his goon squad were nonplussed. The demonstrators caucused & decided we'd won & it was time to split.

Next thing we all knew, they were announcing that a thrown rock or potato had broken Agnew's rear windshield. The FBI swarmed over the OSU area & interrogated over 20 people, promising to nail the rock or potato thrower for attempted assassination of the Vice President. Some points ought to be made:

1) No one saw anything thrown at Agnew's car; people who saw him disembark & enter the Lausche Bldg. say neither he nor his goons acted as if an attempt had just been made on Spiro's so-called life;

2) Altho a big stink was raised over the alleged incident, reporters were not permitted to see or film the supposedly-broken windshield --even tho, had the incident actually occured, photographs would have made excellent GOP propaganda.

3) the Vice President of the United States rides in a car with bulletproof, shatter-proof windshield; how in the hell could a rock or [illegible] break, crack or dent bullet-proof, shatter-proof glass?

In reality, of course, the incident was fabricated to give the FBI an excuse to harass & attempt to [illegible] state local government [illegible] Many of those who were attempted to [illegible] in warrants issued shortly after the seizure of 15th & High; in fact, only one of those named in the first 10 or so warrants was not [illegible] ed by the National Guard.

3 times that week--in Ohio & Hawaii--demonstrators got close enough to Agnew to embarrass him. Agnew has charged that security was lax, upon orders from the Democratic Governors of those states, in order to embarrass him. He's probably right. The FBI, a notorious Republican Party front group, got a measure of revenge, & the local GOP power structure --Moody, Chupka, Schull et. al.--began exacting their revenge Friday morning, with the arrests of Margaret Sarber & John Miernik.

[redacted] Special Agent in Charge, Operations and Logistics, United States Secret Service (USSS), 1800 G Street, Northwest, Washington, D.C. (WDC), advised that he was riding in the car following the Vice-president's limousine. One or two minutes before the arrival of the limousine at the Lausche Building, Fairgrounds, Columbus, Ohio, a group of demonstrators began throwing miscellaneous objects, i.e., rocks, bottles, etcetera, at the limousine. He observed four or five of these objects fly over the car and one which appeared to be a rock struck the rear window. He was unable to pick out any individual from the crowd who threw the missile and stated that any identification would have to have been made by the local Police on the scene.

He felt the bulletproof glass prevented the shattering of the window since the object appeared quite heavy. The limousine is still en route to Japan but is due back in WDC on or about May 18, 1972. At that time the USSS Laboratory will replace the glass and conduct an examination to determine what type of object struck it. To the best of his knowledge photographs of the window were taken at Columbus, Ohio, either by the USSS or the Federal Bureau of Investigation.

[redacted] Assistant Special Agent in Charge, Office of the Vice-president, Executive Office Building, Washington, D.C., advised he was riding in the Vice-president's limousine when demonstrators jumped over a cyclone fence barricade 40 feet from the car. Numerous objects were thrown at the car from the crowd but only one actually hit the car. It sounded to him like either a heavy rock or possibly a heavy round metal object. The first thing that came to his mind was a shot put. This resulted in a two inch chip in the upper right corner of the rear window.

Due to confusion at the scene he later determined no one from the United States Secret Service (USSS), local Police, or Ohio Highway Patrol observed the individual who threw the object. He authorized photographs to be taken at the scene and advised that when the limousine returns from Japan the USSS Laboratory will examine the glass.

Q2 Rear window of automobile

Result of examination:

The impact on Q2 appears to have come downward at a slight angle from the vertical on the slanted window and from a direction behind the left rear side of the automobile.

The crushed glass and cone of the impact area are characteristic of a low velocity object. No metal smears, no brick particles, no concrete particles or other materials were found which would indicate or identify the object impacting the glass. Dust particles and black specks from the coating on the tape on the glass were all that were found at the impact area.

Investigative period of instant report and Cincinnati report of SA [redacted] 6/13/72, overlaps. This is due to difficulty in locating source for debriefing following demonstration at which incident occurred 5/9/72. b6 b7C

LEADS:

CINCINNATI

AT COLUMBUS, OHIO

Will maintain contact with local and Federal officials and informants to identify and interview persons present during demonstration at Lausche Building on May 9, 1972.

Continue to locate and interview all persons identified as being present at demonstration.

INFORMANTS:

On May 7, 1972, [redacted] advised that the Indochina Coalition had a meeting on this evening at the Wesley Foundation, Columbus, Ohio, which was attended by approximately forty persons. [redacted] chaired the meeting. [redacted] advised those persons present that a student strike at OSU, scheduled for 5/8/72, by the IC should be cancelled. He stated that the majority of students at OSU did not seem to be ready for a strike at this time and an attempt by the IC to b6 b7C b7D

promote one might polarize students against the war protest.

The major topic of discussion during this meeting was the scheduled appearance of the Vice-President of the United States, SPIRO AGNEW, at the Lausche Building, Ohio State Fairgrounds, 5/9/72. The group discussed various ways to protest his appearance. It was generally agreed to conduct a rally at OSU to gather support for the protest at 4:30 P. M., 5/9/72, and then march to the Lausche Building. Once at the Lausche Building, demonstrators would then harass individuals who paid $125 to attend the political dinner. Means of harassment discussed during the meeting was to block traffic in the parking areas, letting air out of guests' tires and possibly throwing animal blood on persons attending. The "Columbus Free Press" photographers would take photographs of those attending and would publish these photographs in future copies of the underground newspaper. It was also discussed that the dinner might be interrupted by telephoning bomb threats or threats that arsenic or LSD had been placed in the food.

This source also advised that the Indochina Coalition discussed methods of self-protection for the demonstrators if they had a confrontation with police.

On 5/8/72, [redacted] advised that the rally to protest the war in Vietnam, scheduled for today by the Indochina Coalition, was cancelled due to rainy weather. This source advised that the IC is continuing to plan for a demonstration protesting Vice-President AGNEW's visit on 5/9/72. b7D

On 5/9/72, [redacted] advised that the Indochina Coalition organized and led a rally on 5/9/72, to protest Vice-President AGNEW's appearance at the Lausche Building. Approximately three hundred (300) persons rallied at OSU

and marched to the Lausche Building where they confronted persons entering to attend the political fund raising dinner. Demonstrators shouted obscenities at the dinner guests and at times spit on them and threw objects at them, such as eggs and small stones. This source advised that demonstrators dispersed after the Vice-President's limousine arrived at the Lausche Building and word was passed among the demonstrators that the vehicle had been hit by a rock apparently thrown by one of the demonstrators.

On 7/12/72, [redacted] observed photographs of individuals involved in the demonstration, 5/9/72, protesting the appearance of Vice-President SPIRO AGNEW at the Ohio State Fairgrounds, Columbus, Ohio. Source identified the following individuals from the photographs:

ASSASSINATION SCOOP

WE KNOW THIS WOULD NEVER COME TO LIGHT IF SENT TO THE PARTIES INVOLVED. MOREOVER, IT WOULD PROBABLY NEVER EVEN COME TO THEIR ATTENTION. THIS IS AN EXCLUSIVE STORY PERTAINING TO THE COMING ASSASSINATIONS OF PRESIDENT NIXON, VICE PRESIDENT AGNEW, THEIR FAMILIES, ARTHUR BURNS AND ALL OTHER MEMBERS OF THE FEDERAL RESERVE EXCEPT ANDREW BRIMMER, PLUS [redacted] b6 b7C

THE REASONS: (1) OUR COSTLY, INFLATIONARY, NO-WIN WAR IN ASIA

(2) DISREGARD FOR THE CREW OF THE PUEBLO AND OTHER PRISONERS CURRENTLY IN NORTH KOREA AND NORTH VIETNAM

(3) OUR SELLOUT NEAR PERU OF AMERICAN FISHERMEN

(4) DISREGARD FOR THE LIVES OF THE AMERICAN PLANE CREW SHOT DOWN OUTSIDE COASTAL KOREAN WATERS

(5) OUR FRIENDS IN CUBA SUFFER AS WE SEEK TO AID THEM AGAINST UNITED STATES RESISTANCE

(6) CESSATION OF

THE FIGHT AGAINST INFLATION, FOR POLITICAL EXPEDIENCY. NOW, WHILE PRETENDING TO FIGHT INFLATION, THE PRINTING PRESSES IN WASHINGTON ARE WORKING AROUND THE CLOCK TURNING OUT DEVALUING FIAT MONEY LACKING BACKING IN GOLD OR SILVER, AT AN UNPRECEDENTED RATE, AS YET UNKNOWN TO THE GENERAL PUBLIC. THEY CURRENTLY LIE ABOUT THE AMOUNTS TO HIDE DEBTS AND GIVE THE ILLUSION THAT ALL IS WELL WITH THE ECONOMY. EUROPEAN AND ASIAN NATIONS ARE, THEREFORE, PLANNING A BREAK WITH THE UNITED STATES DOLLAR BECAUSE UNITED STATES POLICY WILL CAUSE A BREAKDOWN OF THE INTERNATIONAL MONETARY SYSTEM. WE WOULD HAVE ACCEPTED OUR MASSIVE LOSSES IN THE STOCK MARKET AND FAILURE OF OUR BROKERAGE FIRMS IF THEY SERVED THE PURPOSE OF AGAIN CREATING A STABLE VALUABLE DOLLAR. NOW WE CANNOT.

(7) FINALLY, AND MOST IMPORTANT, OUR BROTHERS IN ISRAEL NOW FIND TREACHERY IN THE UNITED STATES

EAST. NIXON IGNORES ARAB VIOLATIONS AND ISRAELI PLEAS FOR ARMS IN SEEKING THE IMAGE OF A STATESMAN, PRIOR TO THE ELECTIONS.

NIXON WILL NOT SURVIVE HIS CURRENT TERM IN OFFICE. THESE COWARDLY CONSPIRATORS AGAINST FREEDOM AND THE CONSTITUTION ARE DESTINED TO GO. WE ESTIMATE IT WILL TAKE THE LIVES OF AT LEAST FORTY TWO OF US TO ACCOMPLISH THE TASK, BUT THIS MATTERS LITTLE. WE HAVE SEEN THE BEST OF OUR YEARS AND LIFE MUST HAVE A PURPOSE.

FOR THOSE WHO EVENTUALLY WILL WONDER, THE CONTENTS OF THIS LETTER SHOULD CLARIFY THE ISSUE OF WHY CERTAIN INDIVIDUALS MUST AND WILL DIE. On August 24, 1970, a letter was delivered to the "Miami Herald" editorial offices located at 1 Herald Plaza, Miami, Florida. The envelope was addressed to the Editor, Editorial Division, Miami Herald, Miami, Florida, and was postmarked August 23, 1970, P.M., at Daytona Beach, Florida. The envelope bore the return address of R.P.O., 124 Wayne, Daytona Beach, Florida. The envelope and the enclosed letter were handprinted in ink in capital block style letters. The letter in the envelope read as follows:

"ASSINATION SCOOP

"We know this would never come to light if sent to the parties involved. Moreover, it would probably never even come to their attention. This is an exclusive story pertaining to the coming assassinations of President Nixon, Vice President Agnew, their families, Arthur Burns and all other members of the Federal Reserve except Andrew Brimmer, plus [redacted]

RE: UNKNOWN SUBJECTS, also known as

"(5) Our friends in Cuba suffer as we seek to aid them against United States resistance

"(6) Cessation of the fight against inflation, for political expediency. Now, while pretending to fight inflation, the printing presses in Washington are working around the clock turning out devaluing fiat money lacking backing in gold or silver, at an unprecedented rate, as yet unknown to the general public. They currently lie about the amounts to hide debts and give the illusion that all is well with the economy. European and Asian nations are, therefore planning a break with the United States Dollar because United States policy will cause a breakdown of the International Monetary System. We would have accepted our massive losses in the stock market and failure of our brokerage firms if they served the purpose of again creating a stable valuable dollar. Now we cannot.

"(7) Finally, and most important, our brothers in Israel now find treachery in the United States Plan for peace in the Middle East. Nixon ignores Arab violations and Israeli pleas for arms in seeking the image of a statesman, prior to the elections.

"Nixon will not survive his current team in office. These cowardly conspirators against freedom and the Constitution are destined to go. We estimate it will take the lives of at least forty two of us to accomplish the task, but this matters little. We have seen the best of our years and life must have a purpose.

"For those who eventually will wonder, the contents of this letter should clarify the issue of why certain individuals must and will die. Moreover, die they will, for we now possess every conceivable means necessary to accomplish our goal. Thank God our children may awaken to a new era free of cowardice and corruption.

"THE SOCIETY FOR THE CONSTITUTION AND A PATRIOTIC AMERICA "

Investigation in this matter is predicated upon the receipt of information on August 24, 1970, from [redacted] Managing Editor at the "Miami Herald", Miami, Florida. [redacted] advised that a letter apparently threatened the lives of President RICHARD M. NIXON, Vice President SPIRO T. AGNEW, and ARTHUR BURNS, a member of the Federal Reserve, had been received earlier that morning in the U.S. mails. He advised he would make the letter available to the Miami Office of the FBI.

FEDERAL BUREAU OF INVESTIGATION

1. Date 9/3/70

[redacted] Managing Editor, "Miami Herald," at Herald Plaza, Miami, Florida, made available a letter which had been received earlier that day at the Herald Office.

The letter had been received in the regular U.S. mail delivered to the "Miami Herald" and was opened there in the normal course of business.

The letter arrived in a handprinted envelope which was addressed to the editor, Editorial Division, Miami Herald, Miami, Florida, and bore the return address of R. P. O., 124 Wayne, Daytona Beach, Florida. The envelope bore a 6¢ postal stamp and had been postmarked August 23, 1970, p.m. at Daytona Beach, Florida. The letter received in the envelope was a three-page handwritten communication, the first page of which is entitled "Assination Scoop" and ends "...(6) Cessation of." The second page is headed, "Page number 2" and ends "...in the middle." The third page is headed "Page number three" and ends "...The Society for the Constitution and a Patriotic America." It was noted that the letter seemed to be in the format of a newspaper article reporting events which were to take place in the future.

While the "Miami News" receives a great deal of correspondence no correspondence has previously been received from the Society for the Constitution and a Patriotic America, and R. P. O. of 124 Wayne, Daytona Beach, Florida, does not correspond regularly with the paper. No record is kept of persons who write to the "Miami News" nor is such correspondence maintained by the paper after it is used in a subsequent edition.

No further information concerning this matter was available.

By report dated August 31, 1970, the FBI Laboratory, Washington, D. C., advised that the above described items had been searched through the Anonymous Letter File without effecting identification.

[redacted] North Versailles, Pa., furnished the following information:

She had received a letter from her son, [redacted] who is presently residing with her daughter, at [redacted] Alma, Michigan, 48801, in his handwriting, which she thought of interest to the Federal Bureau of Investigation.

She stated that her son had not discussed the interview by FBI agents concerning threatening letters to the Nixon Theater and other individuals and he had not seemed at all worried about the matter.

She recalled a meeting in the winter of 1970-71, of [redacted] and her son at their residence. She believed that the meeting was the same day as the radio broadcast by one of the Nazi leaders.

Her son was presently disassociated with the National Socialist White Peoples Party and attending school in Michigan. His grades were good and she hoped he will stay away from the Party.

She furnished the handwritten letter from her son to herself and several other letters, and was explained the proposed use of her son's letter, and that it could possibly be used at a later date against him in court, and she stated that she understood this could possibly happen.

She furnished no further information.

Results of examination:

Due to unexplained variations in the comparable handwriting, it was not determined whether the writers of Q12 and Q13 prepared any of the questioned writing received in the instant matter or in the case entitled "Threat to Blow Up U.S. Supreme Court Building, 4-5-71, BM" or in the case entitled "Plot to Bomb Holy Rosary Church, Brushton, Pennsylvania, 3-15-71 EID-RM"

During May and June of 1971, continuing efforts have been made to develop suspects in this matter with the U.S. Postal Inspector, U.S. Secret Service, Police Department, Alcohol, Tobacco, and Firearms Division, all Pittsburgh, Pa., as well as the McKeesport, Duquesne, and Homestead Police Departments. Contact with these agencies during this period failed to develop any information as to the writer of the letters involved.

No logical suspects to date have been developed.

Re: [redacted]

Enclosed for the Bureau is original and two copies of a threatening letter received by the Cleveland Office along with envelope, for the consideration of the Extortion Section.

On 12/17/70, enclosed letter was received from Postal Inspector [redacted] who had had the letter referred to him by a postal employee who noticed the obscene notations.

On 12/18/70 the facts of this matter were discussed with AUSA [redacted] Eastern District of Ohio, in whose opinion this letter did not constitute a violation of existing Extortion statutes as it was not addressed to an individual, and the threats made in the context of the letter were vague and non-specific. As a result, Cleveland is conducting no further investigation in this matter.

Result of examination:

It was concluded that the writing on Q6 through Q18 was prepared by the writer of items Q1 through Q5, previously submitted in this matter.

It was found that the stamps on Q6, Q7, Q10, and Q17 were torn from a roll or rolls of stamps.

The paper making up Q13 through Q15 most closely resembles Spiral-type notebook paper.

The Manila envelopes, Q6, Q7, and Q10 contain printing on the reverse sides "HYTONE CLASP No. 1190 9 x 12." Information available in the FBI Laboratory indicates HYTONE is a mark used by Westab, Incorporated, Hulman Building, Dayton, Ohio 45402; however, there is no specific reference to the HYTONE printing as indicated on these Manila envelopes.

It was not possible to identify any of the questioned writing on the submitted items with that of any known individual.

This is the case wherein subject, a Negro female, age [redacted] sent several anonymous obscene threats through the mail received by our Cleveland Office on 1/6/71 against the Director, President Nixon and Vice President Agnew. Two of these communications contained kitchen knives. A subsequent letter on 1/7/71 to our Cleveland Office referred to the prior letters, identified herself and furnished her Cleveland address. Upon interview she readily admitted sending these communications and stated in fact she would kill the Director, the President, and Vice President if she had the opportunity. Her background indicates she has experienced psychiatric problems. In addition, she indicated affiliation with the Black Panther Party in Cleveland.

Attached reports the decision of the U.S. Attorney, Cleveland, as concurred in by the Department to charge her with two Postal violations (injurious article as nonmailable; libelous matter on envelope) (Title 18, Sections 1716 and 1718). A bench warrant was issued on 1/12/71 and she was taken into custody without incident by Bureau Agents at her employment on 1/13/71. Currently lodged at the Cuyahoga County Jail, Cleveland, in lieu of $15,000 bond with hearing date continued. Secret Service in Ohio and national headquarters, Washington, have been advised.

You will be advised of the disposition of Q19, K1 and the "ALSO SUBMITTED" material separately. Appropriate photographs of the submitted items Q19 and K1 are retained.

Rerep SA Raymond J. Michel dated 3/31/71.

Enclosed with rerep were two copies of FD-376 in which Items 1 and 4 were checked as reasons for dissemination to Secret Service. In connection with Item 4, it is not clear that subject is a U. S. citizen or resident who has defected from the U. S. to countries in the Soviet or Chinese Communist Bloc and returned. It would appear that Item 4 is checked in error and that Item 3 should have been checked. In the event FD-376 as submitted to the Bureau is correct, by return mail submit clarification; and if not, in the same manner submit corrected FD-376 and insure that dissemination to U. S. Secret Service, Cleveland, is appropriately corrected.

In the future investigative and supervisory personnel in your office should be cautioned as to the necessity of correctly advising Secret Service as to the reasons information is being disseminated to their service.

USA GEORGE BEALL, BALTIMORE, ADVISED THIS DATE THAT IRS HAS BEEN CONDUCTING AN EXTENSIVE INVESTIGATION IN THIS MATTER FOR OVER SIX MONTHS. THE INVESTIGATION IS BASICALLY AN IRS MATTER, HOWEVER, THE INVESTIGATION HAS DEVELOPED OTHER POSSIBLE FEDERAL VIOLATIONS, INCLUDING THE BRIBERY STATUTE. USA BEALL STATED THAT IN VIEW OF THE FACT THAT IRS HAS CONDUCTED EXTENSIVE INVESTIGATION OVER A CONSIDERABLE PERIOD OF TIME, HE DID NOT FEEL THAT IT WOULD BE LOGICAL OR WARRANTED FOR THE FBI TO ENTER THE INVESTIGATION AT THIS TIME. HE POINTED OUT THAT THE INVESTIGATION IS STILL BASICALLY A TAX MATTER AND PERHAPS THE BEST VIOLATIONS, IF ANY, WOULD BE IRS VIOLATIONS.

BALTIMORE WILL MAINTAIN LIAISON WITH USA.

This morning at 8:15 USA GEORGE BEALL requested that the Bureau make available SA J.R. PEARCE with the Philadelphia Division to do some polygraph work in relation to this case. He said he was talking last evening with Attorney General RICHARDSON and Assistant Attorney General PETERSON in Washington, D.C. and that PETERSON had mentioned PEARCE's ability and said that this request should be made of the Bureau.

This proposal was discussed with Assistant Director ROBERT GEBHARDT, who in a return telephone call, said to proceed with arranging to have SA PEARCE travel to Baltimore in furtherance of Mr. BEALL's desire.

SA PEARCE was contacted at Philadelphia, and after being briefed on the above, said he would proceed to Baltimore this afternoon for a conference with SA [redacted] and USA BEALL. PEARCE said in conversation with BEALL he determined that two men BEALL once interviewed are LESTER MATZ and JEROME B. WOLFF.

At 9:40 a.m. today, Chief U.S. District Judge EDWARD S. NORTHROP called this office and said that he was very concerned regarding the possibility of a listening device of some sort being planted in the grand jury room where testimony is being given in this matter. He was particularly concerned relating to the many newsmen who are covering the situation. He requested that a "sweep" be made by technicians of this office to be certain that no listening device has been planted in the vital areas of the postal building.

SA's [redacted] were dispatched to the Judge's Chambers for a conference relating to this matter.

ON DATE 8/10/73, GEORGE BEALL, U.S. ATTORNEY, BALTIMORE, MARYLAND, IDENTIFIED INDIVIDUALS WHO HE WANTED TO BE QUESTIONED UTILIZING POLYGRAPH TECHNIQUE AS LESTER (NMN) MATZ AND JEROME BENJAMIN WOLFF.

ON EVENING OF 8/10/73, A CONFERENCE WAS HELD IN THE OFFICES OF USA BEALL AND AUSA RONALD S. LIEBMAN WAS PRESENT. NO DETAILS WERE FURNISHED SA PEARCE AT THIS TIME BUT ARRANGEMENTS WERE MADE FOR INTERVIEW OF WOLFF ON MORNING OF 8/11/73.

ON 8/11/73, USA BEALL AND ASSISTANT LIEBMAN FURNISHED DETAILS OF PART OF THEIR INVESTIGATION TO SA PEARCE. THEY ADVISED THAT THEIR INVESTIGATION TO DATE WAS HANDLED PRIMARILY BY INTERNAL REVENUE SERVICE AND BY THE USA'S STAFF IN BALTIMORE AND INVOLVED ALLEGED BRIBES, KICKBACKS AND OTHER POSSIBLE CRIMINAL VIOLATIONS, HOWEVER, THE OVERALL INVESTIGATION ORIGINATED AS A TAX MATTER BEING INVESTIGATED BY INTERNAL REVENUE SERVICE. IT WAS STATED THAT WOLFF, AS WELL AS LESTER MATZ, ARE BOTH COOPERATING AND HAVE BEEN GRANTED USAGE IMMUNITY. WOLFF AND MATZ'S PROSECUTION AT THIS TIME WAS NOT CLARIFIED. PART OF THE

BRIEFING OF SA PEARCE 8/11/73 INCLUDED THE PARTS PLAYED BY WOLFF, A FORMER COMMISSIONER OF ROADS FOR THE STATE OF MARYLAND DURING PERIOD THAT SPIRO AGNEW WAS GOVERNOR, AND ALLEGATIONS THAT VICE PRESIDENT SPIRO AGNEW HAD RECEIVED KICKBACKS. INDICATIONS WERE THAT WOLFF HAD BEEN "THOROUGHLY DEBRIEFED" AND PRIMARY THRUST OF POLYGRAPH EXAMINATION WAS TO DETERMINE IF WOLFF HAD BEEN TRUTHFUL TO DATE.

ON 8/11/73, WOLFF, IN PRE-POLYGRAPH INTERVIEW, FURNISHED HIS PART IN THE OVERALL ALLEGED CONSPIRACY INVOLVING BRIBERY AND KICKBACKS AND DIVULGED THAT HE HAD KNOWLEDGE OF PAYOFFS BUT HAD NOT DIRECTLY PAID ANY BRIBES OR KICKBACKS TO THE VICE PRESIDENT. HE IDENTIFIED LESTER MATZ AND OTHERS AS PERSONS KNOWN TO HIM WHO HAVE MADE DIRECT PAYMENTS OF BRIBES AND/OR KICKBACKS TO THE VICE PRESIDENT.

ON 8/11/73, WOLFF WAS ASKED ONE SERIES OF QUESTIONS USING POLYGRAPH TECHNIQUE WHICH AS POINTED OUT WAS TO ASCERTAIN THE TRUTHFULNESS OF HIS INFORMATION FURNISHED USA IN BALTIMORE.

[redacted] IN POST-POLYGRAPH INTERVIEW, WOLFF SAID THAT [redacted] b7E

[redacted] IN FURTHER QUESTIONING BY SA PEARCE, HE ADMITTED THAT THERE WAS ADDITONAL INFORMATION WHICH MAY BE FALSE INVOLVING LESTER MATZ. AT THIS POINT, USA BEALL AND HIS ASSISTANT, LIEBMAN, QUESTIONED WOLFF AND OBTAINED SOME NEW ADMISSIONS, DETAILS OF WHICH ARE UNKNOWN TO SA PEARCE. IT IS NOTED THAT WOLFF APPEARED REPRESENTED BY COUNSEL AND THAT COUNSEL WAS IN ON THIS QUESTIONING. WOLFF WAS IN SUCH AN EMOTIONAL STATE THAT POLYGRAPH EXAMINATION WAS NOT CONTINUED, IT WAS THE DESIRES OF USA AND WOLFF'S ATTORNEY THAT HE BE GIVEN ADDITIONAL TIME TO FURNISH OTHER DETAILS WHICH HE HAD NOT DISCLOSED PRIOR TO THE POLYGRAPH EXAMINATION.

ON 8/12/73, LESTER MATZ WAS INTERVIEWED AND AFFORDED POLYGRAPH EXAMINATION. MATZ, AS WELL AS WOLFF, IS REPRESENTED BY ATTORNEY [redacted] OF BALTIMORE. b6 b7C

BA 58-483

PART OF THE BRIEFING OF SA PEARCE BY USA BEALL INCLUDED ALLEGATIONS THAT MATZ HAD PAID DIRECTLY TO SPIRO AGNEW VARIOUS SUMS OF MONEY INCLUDING ONE 20,000 PAYMENT IN THE OFFICE OF THE GOVERNOR OF MARYLAND AT BALTIMORE, MARYLAND IN JUNE OR JULY, 1968. THIS REPRESENTED FIVE PER CENT OF CONTRACTS HELD BY MATZ, A CONSULTING CIVIL ENGINEER, AND INVOLVED CONTRACTS HE HELD WITH THE STATE OF MARYLAND. THE STANDARD PATTERN OF ALLEGED KICKBACKS INVOLVING VARIOUS LOCAL AND STATE OFFICIALS IN MARYLAND AND INCLUDING SPIRO AGNEW WAS TO OBTAIN THREE TO FIVE PER CENT KICKBACKS FOR EACH CONTRACT THAT WERE GIVEN TO "CONSULTING ENGINEERS". CONSULTANTS DO NOT HAVE TO MAKE A BID ACCORDING TO STATE REGULATIONS AND CONTRACTS WERE AWARDED TO THOSE INDIVIDUALS WHO WERE WILLING TO KICKBACK THE DESIGNATED AMOUNT. MATZ, ON 8/12/73, WAS ASKED ONE SERIES OF QUESTIONS WHICH WAS REPEATED. GENERALLY OVERALL, HIS CHARTS DO NOT INDICATE DECEPTION. THERE IS A SLIGHT REACTION TO RELEVENT QUESTION

b7E

[redacted] THESE REACTIONS DO NOT NECESSARILY INDICATE DECEPTION AND REACTIONS MAY BE CAUSED BY THE MAGNITUDE OF THE QUESTIONS THEMSELVES.

IN THE SECOND SERIES OF QUESTIONS, THERE WERE INDICATIONS OF POSSIBLE DECEPTION TO TWO QUESTIONS, BOTH RELEVENT, [redacted] b7E

[redacted] THESE LATTER REACTIONS WERE BROUGHT TO THE ATTENTION OF THE USA AND THEY HAVE INTENTIONS TO QUESTION MATZ FURTHER IN THIS REGARD.

USA AND ASSISTANTS ARE EXTREMELY COMPLIMENTARY OF THE POLYGRAPH TECHNIQUE IN THIS MATTER. THEY ADVISED THEY HAD BEEN DIRECTED TO UTILIZE POLYGRAPH BY HENRY PETERSEN, HEAD OF THE CRIMINAL DIVISION, U.S. DEPARTMENT OF JUSTICE. IMPORTANCE OF TECHNIQUE IS PIN-POINTED WHEN IT IS NOTED THAT MATZ FURNISHED ADDITIONAL DETAILS FOR APPROXIMATELY TWO HOURS ON MORNING OF 8/12/73 THAT HE HAD NOT PREVIOUSLY GIVEN GOVERNMENT ATTORNEYS AND

THROUGHOUT PRE-POLYGRAPH INTERVIEW AND POST-POLYGRAPH INTERVIEW, MATZ CONTINUED TO RECALL SPECIFIC INSTANCES WHICH MAY BE OF BENEFIT IN THIS INQUIRY.

THE ABOVE INFORMATION IS BEING BROUGHT TO THE ATTENTION OF THE BUREAU TO MAKE MATTER OF RECORD THAT POLYGRAPH EXAMINATION HAS BEEN CONDUCTED; MORE DETAILS LATER DIRECTLY REPORTING RESULTS OF POLYGRAPH EXAMINATIONS WILL BE FORWARDED BUREAU INDEPENDENTLY.

AT CONCLUSION OF POLYGRAPH INTERVIEWS 8/12/73, USA BEALL ADVISED THAT JEROME WOLFF HAD BEEN PHYSICALLY SPENT AS A RESULT OF THE POLYGRAPH INTERVIEW, PROVING THAT HE HAD BEEN DECEIVING TO SOME DEGREE. WOLFF, WITH THE ENCOURAGEMENT OF HIS ATTORNEY, IS RETURNING ON 8/13/73 TO FURNISH WHAT IS DESCRIBED AS COMPLETE DETAILS OF PREVIOUSLY UNDISCLOSED INFORMATION TO THE USA AND HIS STAFF. USA BEALL ADVISED THAT HE DESIRED THAT WOLFF BE REINTERVIEWED USING POLYGRAPH TECHNIQUE ON TUESDAY, 8/14/73, TO VERIFY THE TRUTHFULNESS OF INFORMATION FURNISHED BY WOLFF TO DATE. WOLFF WILL BE REINTERVIEWED UTILIZING TECHNIQUE UACB 8/14/73.

BA 58-483

INTERVIEWEES WOLFF AND MATZ BOTH SIGNED FD 328 (CONSENT TO INTERVIEW WITH POLYGRAPH) PRIOR TO BEING INTERVIEWED AND SIGNED IN PRESENCE OF THEIR ATTORNEY.

USA AND ASSISTANTS, BALTIMORE, EXTREMELY GUARDED IN DISSEMINATION OF INFORMATION CAPTIONED MATTER. USA'S OFFICE FEARS POSSIBLE LEAK OF INFORMATION INVOLVING VICE PRESIDENT WOULD BE INJURIOUS TO THEIR CONTINUING INVESTIGATION AND REQUESTS THAT FBI HANDLING BE ON NEED TO KNOW BASIS.

WOLFF has been a resident of Maryland for about 25 years.

WOLFF first met SPIRO T. AGNEW in approximately 1958 or 1959 when AGNEW was a member of the Board of Appeals which heard such matters as zoning. During this period WOLFF was Assistant Director of Public Works handling mainly sanitation engineering assignments and later was Chief Engineer in which capacity he testified before the Appeals Board. In approximately 1962 when AGNEW was elected County Executive in Baltimore County, Md., which position is roughly equivalent to being a Mayor, WOLFF was working as Chief Engineer for Public Works, Baltimore County. Approximately six months after AGNEW went in office, WOLFF entered business as a Consulting Engineer. His friendship with AGNEW continued. He said that he knew he would get county engineering consulting jobs but furnished no details. He left his position with the county because of adverse publicity in the press indicating that while he held the county job, he was also doing consulting work for the State of Maryland. Up until March 1, 1967, WOLFF continued to be self-employed as a consulting engineer.

On March 1, 1967, at the behest of SPIRO T. AGNEW, he became Commissioner of the State Road Department for the State of Maryland. WOLFF said that there had never been an extremely close personal relationship between he and AGNEW but they had been friends over the period of time described above. He volunteered that to date AGNEW had never asked him directly for any money. During the period that WOLFF was in private business himself, he gave payments of approximately five percent of the contracts for which he was hired as a consultant and had "an awareness" that some of the kickbacks were going to AGNEW.

In March 1967, while head of the State Road Department in Maryland, which position he held until February of 1969, the following situation existed. Shortly after taking the position of State Road Commissioner, I.H. "BUD" HAMMERMAN, approached WOLFF and told him that an arrangement was to be made involving him, WOLFF, to work out "patronage" with consultants that were doing business with the State. HAMMERMAN said he would

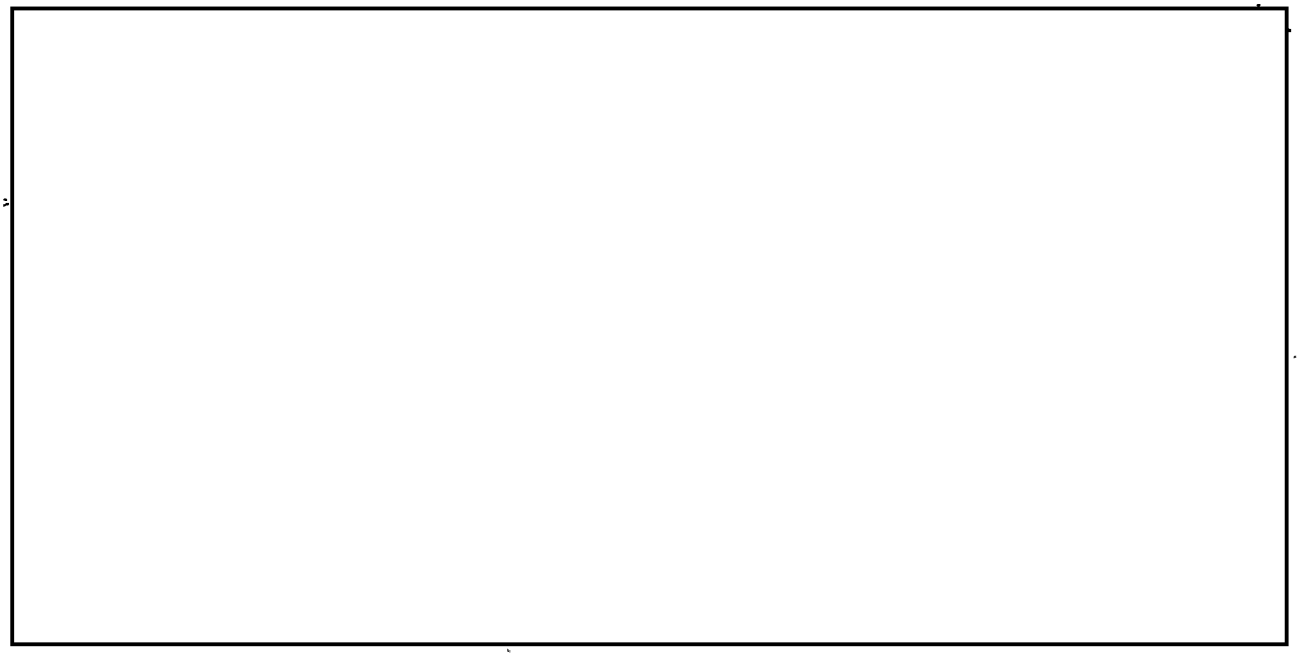

handle the situation himself because it was "delicate", and they could not afford to have anyone else involved. WOLFF knew there was an extremely close relationship between AGNEW and HAMMERMAN. The result was that consulting firms that were to be under contract for consulting projects for the State would kick back five percent of their fee. HAMMERMAN would make the collection, one-third of the amount collected would go to WOLFF, one-third to HAMMERMAN and one-third to AGNEW. However, this was in a very short period changed so that AGNEW was to get 50 percent and 25 percent was to go to HAMMERMAN and 25 percent to WOLFF. There were eight to 10 engineering firms contributing or kicking back in this manner. WOLFF figured that he personally received in kickbacks, approximately $35,000 to $40,000 and said that AGNEW should have gotten about $75,000 during the period. He said when he left the office of State Road Commissioner that this type of situation stopped. He said LESTER MATZ and [redacted] who are known to him, are people that he knew that were paying kickbacks directly to AGNEW and knew this because HAMMERMAN told him so. WOLFF said that the reason consulting firms were set up to kick back in the above-described manner was because they did not have to submit a bid.

b6
b7C

WOLFF advised that he had been the Staff Science Advisor on the Staff of Vice President AGNEW from February 1969 until May of 1970, when he left and returned to again enter in private business. He said that he is currently the president of Greiner Environmental Systems, Inc., Consulting Engineers, One Village Square, Baltimore, Md. 21210, phone 301-323-8100.

On 8/11/73, WOLFF was afforded polygraph examination which was directed towards ascertaining if he had furnished any false information in regards to alleged corruption and kickbacks to date. This was the direction of the inquiry as requested by the U.S. Attorney in Baltimore.

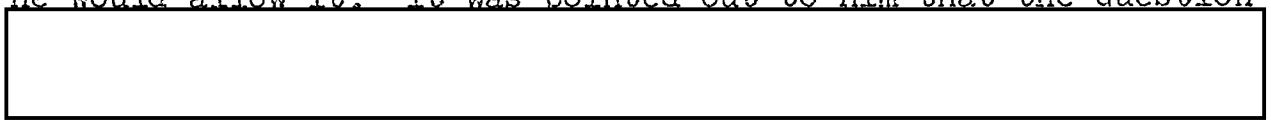

The relevant questions and their answers in the Series were as follows:

There was an extremely strong emotional reaction to Question 3, showing WOLFF was practicing deception. In the overall verification in Question 11, there is again a strong emotional response. There is also emotional response to Question 9 indicating that WOLFF was withholding information about the kickback set up. b7E

USA BEALL and First Assistant RONALD LIEBMAN were advised that WOLFF was not being truthful in his claim that he has not intentionally given the Government any false information about the corruption investigation that they are heading. It was suggested that the same series of questions be re-run and then other tests continue. When SA PEARCE returned to the room where WOLFF was located, WOLFF was visibly upset. He said that he knew he had not done well. He said he could "feel" the reactions occur. At this point he volunteered that he had not furnished all the details involving monies that he received personally because he feared prosecution for Federal tax violation.

WOLFF was told that the examination, which apparently he and his attorney wanted to have, could continue as quickly as he would allow it. It was pointed out to him that the question

[redacted] b7E At this point he said there was some information involving LESTER MATZ. At this point the USA, First Assistant, and WOLFF's personal attorney, privately interviewed him further, and, accordingly, SA PEARCE does not know what revelations were made other than that of money and the indications are there was other information regarding LESTER MATZ that needed to be disclosed or that there had been false information furnished regarding MATZ. WOLFF, during the brief period that he was talking to SA PEARCE, was visibly upset and in such an emotional state that it was no longer possible to continue polygraph examination.

On 8/12/73, LESTER MATZ, accompanied by his attorney, [redacted], appeared at the offices of the Federal Bureau of Investigation in the presence of his attorney. He signed form FD-328, Consent to Interview with Polygraph. MATZ in pre-polygraph interview furnished the following information and description:

Name:	LESTER (NMN) MATZ
Sex:	Male
Race:	White
Residence:	2811 Marcie Drive, Baltimore, Md.
DOB:	1/30/24 at Baltimore, Md.
Height:	5'10"
Weight:	190 pounds
Education:	Bachelor of Science - Civil Engineering, 1949 - John Hopkins University
Marital Status:	Married - [redacted]
	Children: [redacted]
Military Service:	1943 - 1945, Combat Engineers, rank - Corporal Serial Number 13 18 5475 (?)
Employment:	Matz, Childs, and Associates, 1020 Cromwell Bridge Road, Baltimore, since 1956 - Consulting Engineers

b6 b7C

MATZ furnished the following background information:

MATZ first met SPIRO T. AGNEW in around 1961 at which time AGNEW was a member of an Appeals Board in Baltimore area,

which handled - among other things - zoning appeals. As a consultant, periodically MATZ testified before this Board. During the period he also knew J. WALTER JONES as a social acquaintance. During the period 1962 - 1966, MATZ never gave any money as a direct kickback. He gave a $500 political contribution to AGNEW when AGNEW was to run for position as County Executive. Payments were made between 1962 and 1966 to JONES and MATZ has no doubt that part of the money given JONES during this period was in turn given in part to AGNEW. He said at a Christmas outing in 1962, AGNEW made a statement to the effect, "We've got to make money right after the election". AGNEW in November 1962, was elected County Executive for the County of Baltimore. During one meeting where he, JONES and AGNEW were present, AGNEW said, You are not an engineer, but "the engineer". It is assumed that the implication being that AGNEW knew that MATZ would work and make kickbacks to JONES and ultimately to AGNEW.

During the period 1962 to 1966, MATZ said that he gave five percent of his consulting contracts to JONES. He said that he personally was involved in collecting other monies which was delivered to JONES, and accordingly, did not like the idea that he had to make kickbacks on his firm's contracts. He said during the period 1967-68, when AGNEW was Governor, he had to kick back five percent when he was a consultant involving designs. He gave back 2½ percent for survey type of consultation and 1/8 percent of the fee on other types of consultation. He said on June 17, 1968, at 2:00 p.m., he met SPIRO AGNEW in the office of the Governor in Baltimore, Md., and turned over to him $20,000 cash which was the first occasion that he gave AGNEW money directly. He said here that AGNEW never asked for money. He said there was absolutely no doubt that he and AGNEW knew it was kickbacks for State contracts he had taken. He said as a matter of fact all of the kickback money that he personally paid was kickbacks on his fees where he was a consultant. Further, that all of the contracts were federally funded. He said he wanted to pay the $20,000 cash because he wanted to "get the credit myself". He said that the next payment he recalled was in around February 1969, when he personally went to the temporary office of the Vice President in the basement of the White House and turned over to AGNEW what he thought was $11,000, and told AGNEW that this completes my obligation. He then said that his personal notes indicate that the amount was $9,500, however, his personal recollection of the amount was that it was $11,000. He believed that the money consists of all $100 bills. He said

AGNEW was appreciative of receiving the money..

MATZ said that in the spring of 1971, he turned over $2,500 to J. WALTER JONES in AGNEW's office. He went on to say that his firm had two $50,000 contracts to advise what was the best way to dispose of a Government installation in Suitland, Md. The $2,500 was a kickback on one $50,000 fee. He never paid the other kickback fee on the remaining $50,000. The plan that he was submitting was for GSA. He said he personally can't recall if he gave JONES the money in AGNEW's office or in an alcove.

In May of 1972 he was asked to make campaign contribution to the Presidential Campaign by one [redacted] during a luncheon at the Orchard Inn. He said that at a Bar Mizvah for the son of I.H. "BUD" HAMMERMAN, AGNEW was present and he told him that he wanted to give him the money directly and AGNEW's answer was that MATZ could say, "Tell them you gave at the office". He later went to the Executive Office Building of AGNEW and gave him $1,500 in cash. He said he has no proof but he believes the money went into AGNEW's pocket and added that he has never seen any political contribution list giving him credit for making this contribution. He said that he may have given other smaller amounts in between but he really didn't recall the details. He said one reason he believed that he had given money was because later AGNEW invited him to fly in the Vice President's personal plane to Florida to witness the blast-off of "Moon Shot II".

b6
b7C

On 8/12/73, MATZ was asked the following relevant questions in Series I:

[redacted]

b7E

[redacted]

b7E

This test was thereafter repeated in the exact same sequence. In regards to Question 3, there is a very slight reaction, not necessarily indicating deception. As a matter of fact there is more reaction to Question 4, [redacted] or? answered Yes. There is also a slight reaction to Question 5 and Question 7, dealing with payments to AGNEW. Again the reactions are not necessarily deceptions and may be reactions to the magnitude of the questions themselves. There is a moderate reaction to Question 9 which indicates there probably are some details regarding kickbacks that MATZ has not disclosed at the present time.

In Series II, the relevant questions with their answers are as follows:

[redacted]

b7E

[redacted]

During this question MATZ began to talk briefly and was later to explain he just remembered something he wanted to bring to the attention of the prosecuting attorney. b7E

[redacted]

There are indications that MATZ is practicing deception in regards to Question 5. There is something specific bothering him that he has not disclosed which deals with the origin of the idea to give cash kickbacks directly to AGNEW. There is a like reaction to Question 7 indicating that MATZ has other information about kickback money going to AGNEW that he has not at this time told about. The overall verification - Question 11 - shows a reaction indicating that MATZ knows that he has not necessarily answered truthfully to all of the questions in the test.

In the post-polygraph interview which was very brief, MATZ advised SA PEARCE asfollows:

In regards to Question 9, Series I, and Question 3, Series I, he said that he had a thought come into his mind. He stated he and his partner had an envelope in which cash was stored for purposes of having cash available to pay kickbacks. He said that he took about $2,000 on one occasion and that his partner didn't know it and he had the intention to put it back but he never did. He stated that in regards to Question 5 dealing with the payment of $20,000, he said the thought occurred to him that the payment he believed was actually July 1968 rather than June 1968 as he had previously told SA PEARCE. He was emphatic and stated he actually made the payments and would never change that statement.

The observations indicating possible deception to Questions 5 and 7, Series II, were brought to the attention of the Government attorneys who indicated they will question MATZ further in regards to this.

Both MATZ and WOLFF could logically be interviewed further utilizing polygraph techinque to verify certain points that they have furnished information about. Future polygraph

examinations will depend on additional briefings by the polygraph operator.

polygraph examination of JEROME BENJAMIN WOLFF and LESTER MATZ.

On the evening of 8/10/73, in the office of U.S. Attorney GEORGE BEALL, a conference was held with SA PEARCE and SA [redacted] Present at this conference was the USA and his assistants, RONALD S. LIEBMAN, [redacted] and BARNET D. SKOLNIK. The USA and his staff advised that they did not want to disseminate any information to any agents other than SA PEARCE. They indicated that the thrust of the polygraph examination so far as they were concerned was to ascertain if WOLFF and MATZ had furnished false information to date. AUSA [redacted] advised that the USA's Office did not want any additional information; that both defendants had been "thoroughly debriefed". There was a discussion as to how the FBI was going to handle reporting the results of their examination. It was specifically stated that the USA's Office did not desire any FD-302. SA PEARCE asked if there was some type of memorandum available that he could review to get the necessary background to conduct the polygraph examination. This was not provided. It was indicated that neither MATZ nor WOLFF at that time had appeared before a Federal Grand Jury and information they had provided was not a typed memorandum, but was contained in notes of the USA's Staff.

b6
b7C

In a private meeting with the USA and his Assistant, LIEBMAN, SA PEARCE was advised of the highly sensitive nature of the inquiry. He was advised that there were "only a few people" who knew of all the details. He was advised that he had been specifically requested to conduct the polygraph examinations of MATZ and WOLFFon the specific request of HENRY PETERSON, Head of the Criminal Division, U.S. Department of Justice. SA PEARCE was advised that the overall investigation of this corruption had been started as a result of Internal Revenue tax inquiries into figures in the Baltimore area, but that the IRS even knew "precious little" about the revelations learned by the USA's staff to date. Arrangements were made to have one or both of the defendants available for interview by SA PEARCE in the office of the FBI in Baltimore on the morning of 8/11/73.

On the morning of 8/11/73, USA BEALL and his Assistant, LIEBMAN, appeared at the Baltimore Office of the FBI. They were apologetic about not discussing their inquiry in the presence of other than SA PEARCE. SA PEARCE advised them that they had a reluctance to talk in the presence of other FBI Agents, however, a great deal of information about their inquiry appeared in the press. AUSA LIEBMAN said that the information in the press was not coming from the office of the USA in Baltimore. The USA and LIEBMAN were told that SA PEARCE would not report the results of his interview, utilizing polygraph, in any other than ordinary method. It was explained that results of polygraph examinations are prepared in memorandum form and disseminated to the Bureau, to the office conducting the investigation, and to appropriate file in Philadelphia where SA PEARCE is assigned. It was agreed that this would be satisfactory.

At this point, in a private conference, USA BEALL and his Assistant, LIEBMAN, furnished the following background in regards to their inquiry:

(It is interesting to note that the enclosed article in the "Philadelphia Inquirer" outlines most of the information that was disseminated to SA PEARCE by the USA's Staff 8/11/73.)

JEROME BENJAMIN WOLFF was identified as a Consulting Engineer associated with the firm Greiner Environmental Systems, Inc., Consulting Engineers, who are subjects of investigation by the U.S. Attorney's Office in Baltimore. WOLFF met the Vice President of the United States in the early 1960's, at the time AGNEW was a member of a zoning board. In 1967 when AGNEW was elected Governor of Maryland, AGNEW appointed WOLFF as Chairman of the State Roads Department. WOLFF is cooperating with the U.S. Attorney's Office and alleging that payoffs had been made to the Vice President during the period of time that AGNEW held offices in Maryland. WOLFF has not furnished information that he gave AGNEW any money directly indicating a fraudulent payment of money to AGNEW on the part of WOLFF. WOLFF, however, has participated in paying off, and has received money as a result of payoffs. He has furnished information about a bond issue around 1967 and of accompanying AGNEW to a stock brokerage firm in New York where it was learned that this firm - Smith, Barney and Company, were the individuals that did most of the work in

large bond issues and indicates that this knowledge resulted in a Baltimore firm, Alex, Brown and Company, giving a kickback of unknown amounts and overall that AGNEW must have started the request for kickback because he learned that Brown did little to earn their fee in a bond issue.

Identified as being "bagmen" i.e. making the actual collection and distribution in kickbacks and bribes, was (1) J. WALTER JONES, a real estate operator and close associate of AGNEW, and (2) I.H. "BUDDY" HAMMERMAN, a mortgage bank, both of Baltimore, Md. Also identified as paying directly to AGNEW was LESTER MATZ. It was indicated that sometime around 1963, JONES and HAMMERMAN were at odds and resulted in MATZ ultimately making payments directly to SPIRO AGNEW. WOLFF ultimately was told, once he was Commissioner of Roads, that engineering firms would give kickbacks and WOLFF would get a third, HAMMERMAN, who was to make the collections, would get a third, and AGNEW would get a third. This was later changed so that AGNEW allegedly received 50 percent of the kickbacks and HAMMERMAN 25 percent and WOLFF 25 percent. WOLFF stayed on as Road Commissioner until 1969 at which time he joined the personal staff of AGNEW, who had been elected Vice President, and remained about 16 months on AGNEW's staff as a Science Adviser. This supposedly ended the corrupt relationship involving kickbacks and so forth handled by HAMMERMAN and WOLFF. WOLFF left the White House Staff of the Vice President and returned to the Baltimore area where he again entered into business of being a consulting engineer. An important piece of evidence, according to the USA, was a list prepared by one [redacted] listing the amounts of fees paid specific engineers, which was requested by AGNEW after he had become Vice President. This list in substance, would show the amount of money that AGNEW should have received and would let AGNEW know what he had remaining that should be given to him. WOLFF was interviewed briefly in pre-polygraph interview which will be included in the enclosed memorandum reporting the results of the polygraph.

b6
b7C

On 8/11/73, after WOLFF had been afforded polygraph examination, background information regarding LESTER MATZ was furnished SA PEARCE by USA BEALL and his assistant, LIEBMAN.

The gist of this background information was that LESTER MATZ, prior to 1966, when AGNEW was the County Executive (Mayor) of Baltimore, MATZ began making payments to J. WALTER JONES of kickback from three to five percent of the total of his contracts he received. MATZ is also a Consulting Engineer. In 1966-67 MATZ had not made payments of kickbacks until it was to the point he owed approximately $20,000. JONES was pushing MATZ for a payment and MATZ, because of the large sum involved, arranged to pay AGNEW the $20,000 cash in person. He arranged to obtain this cash so that it would appear legitimate, by floating a complicated loan with an associate of MATZ named [redacted] for $30,000. This $20,000 cash payment was alleged to have been directly made to AGNEW while he was Governor of Maryland, in his office space in Baltimore, Md., in July of 1968. (The prosecutors believe the time frame is July 16 - 28, 1968.) In around February 1969, after AGNEW had been installed as the Vice President of the United States there was some remaining kickback money that had not been paid and MATZ went to the Vice President's office in Washington, D.C., and turned over $11,000 to the Vice President. It was said that he returned to the Baltimore area and made comments to his partner, "I just paid off the Vice President of the United States". There were other meetings after this where MATZ saw AGNEW and he gave small amounts of money, roughly equalling $5,000. There was a contract held by MATZ involving a government job in Suitland, Md., in which MATZ was involved. He put up part of the money and turned over to the Vice President in the Executive Office Building in Washington, D.C., $2,500.

b6
b7C

MATZ, on 8/12/73, during pre-polygraph interview, furnished more detail than is outlined which will be included in the polygraph report enclosed herewith.

By way of information, it is reported that the USA was extremely pleased with the results obtained by the polygraph because he is receiving substantial additional information, apparently very valuable to him, as a direct result of the polygraph. It is also pointed out that when the interviewees were beginning to make new admissions, SA PEARCE for the most part was not present and the U.S. Attorney, First Assistant LIEBMAN, and the defendants attorneys, would have private meetings where the disclosures were made to the prosecuting staff.

SA PEARCE was told by USA BEALL that as a result of the polygraph examination of WOLFF, he was questioned closely by his attorney for several hours on the night of 8/11/73 and arrangements were made for him to meet with the prosecutor's staff on the morning of 8/13/73 to clarify previous information furnished and to furnish additional information. MATZ learned of this through the defendants attorneys, noting that the same attorney handles both the defendants, and as a result, on his arrival at the FBI Office, Baltimore, 8/12/73, had his recollection prodded and furnished details of previously undisclosed information for about three hours. Again this was furnished to the prosecutors with MATZ having his attorney present. The details of information learned was out of the presence of SA PEARCE; however, the USA on the afternoon of 8/12/73, in a complimentary fashion, said there had been at least 17 different corruption matters brought to their attention by MATZ on the morning of 8/12/73.

Polygraph charts, questions, and Consent to Polygraph Interview forms are being incorporated into PHfile 58-641.

USA AND ASSISTANTS, BALTIMORE, EXTREMELY GUARDED IN DISSEMINATION OF INFORMATION CAPTIONED MATTER. USA'S OFFICE FEARS POSSIBLE LEAK OF INFORMATION INVOLVING VICE PRESIDENT WOULD BE INJURIOUS TO THEIR CONTINUING INVESTIGATION AND REQUESTS THAT FBI HANDLING BE ON NEED-TO-KNOW BASIS.

On 9/27/73, Mr. GEORGE BEALL, United States Attorney, Baltimore, Maryland, telephonically contacted SAC THOMAS H. FARROW and advised that three CBS newsmen were being detained by U. S. Marshal's, Baltimore, at his request since there was some question that the newsmen appeared to be filming inside the room where the Special Grand Jury was sitting in the AGNEW investigation.

Mr. BEALL stated that the newsmen were on the roof of the Knickerbocker Building which is directly across the street from the U. S. Post Office Building taking pictures of the Grand Jury window. He stated that this was brought to his attention when jury members as well as a Grand Jury witness became disturbed over the picture taking of the newsmen. Mr. BEALL stated that if the newsmen were actually filming inside the Grand Jury room this could be a possible violation of Title 18, Section 1508. He requested that agents of the Baltimore Office contact him at his office prior to obtaining the film used by the newsmen and after viewing the film he would make a decision as to any violation.

Make Agnew Plea-Bargaining Transcripts Public: Beall

The sealed transcripts of two plea-bargaining sessions by former Vice President Spiro T. Agnew should be opened to the public, according to George Beall, who was U.S. Attorney when the incidents occurred.

Mr. Beall, who is now in private practice, said the documents detailing the sessions which led to Agnew's resignation October 10, 1973, should be released "for historical purposes" and "made available to the public at the earliest opportunity."

Judge Walter E. Hoffman, the presiding judge in the Agnew case, told the American Bar Association last Friday at a vention in Montreal that he no objection to releasing the transcripts of negotaitons between Justice Department lawyers and Agnew's attorneys.

Two Sides Must Agree

Judge Hoffman said, however, that both federal prosecutors and Agnew would have to agree to make the documents public.

Mr. Beall said he spoke Monday to Henry J. Peterson, who was chief of the Justice Department's Criminal Division when Agnew resigned. Mr. Beall said Mr. Peterson reminded him that Agnew's lawyers had opposed an effort in January, 1974, to make the transcripts public.

Mr. Beall said he also talked with Judah Best, one of Agnew's lawyers in the case. Mr. Best said that he wants to see if a transcript of the sessions was ever made before commenting on their possible release.

"I have been personally interested in attempting to insure that a transcript of the proceedings would be preserved for historical purposes and that such a transcript be made available to the public at the earliest opportunity," Mr. Beall said.

There was no comment from Agnew's office in Crofton, Md., about releasing the transcripts.

Agnew pleaded no-contest to a single charge of tax evasion stemming from an elaborate construction industry kickback scheme while he was Baltimore county executive, governor and vice president.

Opening Agnew file called hard

BY ROBERT A. ERLANDSON

Maryland's chief federal prosecutor said yesterday that it would be extremely difficult to comply with a judge's ruling that certain files relating to the tax-evasion conviction of Spiro T. Agnew be made public.

Jervis S. Finney, United States attorney for Maryland, said it would be "tremendously difficult, to the point of impossibility" to extract the specific Agnew records from the mass of documents relating to the continuing investigation into Maryland political corruption.

Judge June L. Green, in a surprise oral ruling Monday in U.S. District Court in Washington, said the Justice Department must release the files within 10 days. She made the ruling at an informal status conference on a suit brought by two George Washington University law students under the Freedom of Information Act.

Bruce E. Titus, the lawyer who represented the Justice Department at the meeting with Judge Green, said the judge is expected to deliver a written order on the matter today.

Mr. Titus said any decision to appeal her ruling would be made only after receipt of the order, and that it would be made by the solicitor general's office, which represents the government in civil suits against it.

It is the first such case involving the conviction of Agnew and his resignation as Vice President.

Both Mr. Finney and his predecessor, George Beall, the man who launched the nearly three-year-old investigation, opposed the release of the material.

The complexity of the overall investigation would make it impractical to pull out the documents relating solely to the one charge at this point, they indicated. The records of the Agnew investigation are maintained in the U.S. attorney's office here, Mr. Finney said.

When Agnew resigned October 10, 1973, and pleaded no contest to the single tax charge, the government placed in the court record—as part of the plea bargain—a 40-page exposition of allegations that Agnew had taken thousands of dollars in kickbacks between 1962 and 1972 when he was Baltimore county executive, Governor of Maryland and Vice President.

The supporting information for that aspect of the case, beyond what is public record, apparently would be excluded from Judge Green's decision.

In their suit, filed July 29, Roy J. Baldwin and Bruce Feder, the students, representing themselves, argue that the "investigatory" phase of the Agnew case ended with his no-contest plea to evading $13,551 in 1967 income taxes, his conviction and $10,000 fine.

Jeffrey Axelrad, chief of the Justice Department's Freedom of Information section, said Judge Green's decision came unexpectedly during an informal meeting called to set dates on two motions pending in the suit.

According to excerpts from the Justice Department's transcript of the meeting with Judge Green, she requires "disclosure of the items that the government would make as a prima facie showing against the defendant, and those things are a matter of public record or they should be a matter of public record . . . not, certainly, a disclosure of all of the things they had, but what only was sufficient to uphold their case at that time."

Judge Green said the government may withhold Agnew investigation files that do not relate specifically to the tax-evasion charge. But she said the Justice Department must provide the students with a detailed list of those files within 45 days to justify their continued secrecy.

Mr. Finney said the students' complaint was filed with him and that he has discussed it Mr. Axelrad and Mr. Titus, who represent his office in the case. "The issue here involves the initial interpretation of a far-reaching federal statute," Mr. Finney said.

Mr. Beall said he was unaware that the suit had been filed until a reporter called him yesterday about Judge Green's ruling.

"I haven't talked to anyone nor have I been asked about it by the Justice Department or the U.S. attorney's office," Mr. Beall said. "It would be a very difficult job to try to define what is investigatory, evidentiary, informational or some other category," the former chief prosecutor said.

In addition, Mr. Beall said, "the situation is complicated by the ongoing investigation and the pendency of related indictments."

Mr. Beall apparently was referring to the indictment of J. Walter Jones, the wealthy Annapolis and Towson banker and real estate man who was one of Agnew's closest associates and who was described by a federal prosecutor in court as an Agnew "bagman" for pay-offs.

Mr. Jones, who has pleaded innocent to the nine-count indictment charging that he extorted an illegal campaign contribution from the Singer Company on the promise of future favorable government treatment through Agnew's influence, is scheduled for trial early next year.

The Associated Press reported that a spokeswoman for the former vice president said Agnew would not comment on the case.

U.S. told to justify Agnew files

By ROBERT A. ERLANDSON

A federal judge in Washington has formally ordered the Justice Department to deliver to her within 45 days an itemized list of files in the Spiro T. Agnew tax-evasion investigation that it wants kept secret and she demanded "detailed justification" for their continued secrecy.

In the same order, Judge June L. Green, of the United States District Court, directed disclosure within 10 days of material that established the government's grounds for leniency that found Agnew to resign as Vice President and plead to conspiracy-to-tax evasion two years ago yesterday.

Judge Green's order came in a Freedom of Information Act suit brought by two George Washington University Law School students, Roy J. Baldwin and Bruce Feder.

The two students requested "any and all materials" in the government's possession pertaining to the Agnew investigation and tax conviction.

The government opposes release of the information on grounds the investigation of Maryland political corruption that began in December, 1972, is in progress and disclosure of the files could jeopardize that probe.

In the past, Judge Green said, courts have afforded broad protection to law enforcement investigatory files, even when cases were closed. The 1974 amendments to the Freedom of Information Act, however, indicate an intention to limit non-disclosure of closed files, she said.

"However, as equally clear in the law as is the sensitivity with which this court should handle investigatory documents is the dictate that the government may not rest on conclusory allegations to support its claimed exemptions [from disclosure]. This is particularly true where the case was closed immediately after the plea," Judge Green said.

In addition to Agnew, two county executives and a number of minor figures have been convicted and the investigation is continuing. The special grand jury conducting the probe met yesterday for the third day this week and is expected to do the same next week.

Agnew himself was not available for comment. A secretary at his Crofton office said he was vacationing at an undisclosed location.

Bruce Titus, of the Justice Department, and Jervis S. Finney, the U.S. attorney for Maryland, said they are considering Judge Green's order with an eye to appealing it to block disclosure of anything not already public. The appeal decision will be made through the solicitor general's office.

In the plea bargain that led to Agnew's conviction and $10,000 fine, the government placed in court records a 40-page exposition of allegations that Agnew had taken thousands of dollars in kickbacks for contracts between 1962 and 1972, when he was Baltimore county executive, Governor and Vice President.

Try Again, Spiro

Spiro T. Agnew, who used to call the headlines home, was back on Page 1 last week throwing into the air a double-handful of dirt and dust. The crime of breaking the law that he had sworn to uphold was, he now says, only just one crime; the resignation in disgrace from the vice presidency right after saying he would never resign followed some unspecified "crushing blow". Evidently Mr. Agnew estimates the life span of a generation of newspaper readers at two years. Experienced newspaper people give the public credit for a somewhat longer memory than that, and more intelligence as to right and wrong.

If Mr. Agnew seeks rehabilitation in the eyes of fellow-Marylanders, fellow-Republicans, fellow-cheaters and noncheaters, there is a proven though slow way to go about it. That way does not include bellyaching, weaseling and trying to distort the clear and plain historical record. What it does include is living an open, useful, upright life. Americans tend to stress the here and now in any case. A reformed criminal with an honest desire to instil honesty in voters and future voters, officeholders and future officeholders, is in an excellent position to inspire by his living, day-to-day example.

Many of Mr. Agnew's old constituents hope that he will yet acknowledge reality and, in time ahead, take the high road.

Agnew 'rehabilitation' angers his prosecutor

George Beall, the former United States attorney who prosecuted Spiro T. Agnew, is angry over the former vice president's statements charging the government's case against him "rested entirely" on the testimony of persons seeking to save their own necks.

Mr. Beall, who resigned as prosecutor for Maryland last spring, characterized Agnew's statements last week to the Associated Press as the start of a "rehabilitation campaign," one the prosecutors said they foresaw after allowing Agnew to plead no contest to a single charge of tax evasion and resign from office on October 10, 1973.

Mr. Beall said, however, that despite Agnew's public denials, a 40-page brief filed by the prosecutors detailing a pattern of kickbacks accepted by Agnew while he was Baltimore county executive, governor and vice president stands as the public record of Agnew's involvement.

"I categorically deny the rest," Agnew told the Associated Press in an interview last Thursday after admitting to the tax evasion count. "Some day when the various court cases are over, I'll be able to speak freely," he said.

Agnew charged that "the government's case for extortion, bribery and conspiracy rested entirely on the testimony of individuals who had already confessed to criminal acts and who had been granted partial immunity in exchange for their testimony against me."

Mr. Beall, however, said that anyone wanting to know how strong the case against Agnew was should read the 40-page exposition. "Who will speak out?" Mr. Beall asked. "How many people will examine the record? The record is there."

Mr. Beall said Agnew's statements cast doubt on the former prosecutor's abilities as a lawyer. "It hurts me. It really depresses me. I try to be as objective as possible, but I cannot be," he said.

Not Just Another Norfolk Lawyer

Spiro T. Agnew has announced plans to come to the rescue of American conservatism by sponsoring an "Education for Democracy" foundation. Perhaps that means he will soon travel the country offering himself as living proof that permissive courts are letting crooks go free. Actually, it was not a liberal judge but a conservative one, Walter E. Hoffman, of Norfolk, Virginia, who set Agnew free. Judge Hoffman's comments at the time make a point conservatives ought to recall before linking their destinies with Mr. Agnew. The judge said he let Mr. Agnew go free out of a conservative respect for the institutions of the United States. Mr. Agnew still shows his disdain for those institutions by belittling the serious crime to which he pleaded no contest. He is free today because he used the high office of the Vice Presidency to save his hide. Since Mr. Agnew has chosen to bring it up, let's review that record.

The Department of Justice had put together a good enough case of bribery, extortion and conspiracy against Mr. Agnew to go before a grand jury for an indictment, but at the time, the fate of the President was in doubt. It was deemed imperative to remove a suspected felon from the line of succession. Mr. Agnew knew that some in the Justice Department would do anything to get him out of office. So he plea bargained his position of high trust away to keep out of jail. He admitted guilt to one count of tax evasion. Had he been "just another Norfolk lawyer," said Judge Hoffman, he would have had to serve time.

So Mr. Agnew went out of public office the way he came in, taking personal advantage. That motive dominated his every political move up the ladder from zoning official to Vice President. For him to say now he will go before the people "to take up the fight against the revolutionaries who are intent on destroying the strengths of our great country" is either a joke or an obscenity.

According to press reports, Mr. Agnew is associating himself with conservatives linked to the Indiana magazine *The Alternative*. That is one of the liveliest, best written, best edited journals of ideas and politics we know. It serves the conservative cause well. But if it is getting ready to take on the the Agnew morality, the Agnew philosophy, not to mention the Agnew rhetoric, it can only sabotage its own service to conservatism.

Agnew Sued For Kickback Money

By Frank Kauffman

A suit has been filed in Anne Arundel County Circuit Court asking that former Vice President Spiro T. Agnew and two former associates be forced to repay about $80,000 in kickbacks they allegedly received from consulting engineers seeking state contracts.

The class action suit filed yesterday by three Montgomery county taxpayers complained that Agnew and his former associates, Jerome B. Wolff and I.H. (Bud) Hammerman 2d, defrauded the state of the money during Agnew's term as governor from 1967 to 1969.

Meanwhile, a request was filed in U.S. District Court here yesterday seeking a show cause order to revoke Agnew's probation, which is to expire Sunday. Agnew pleaded no contest to one count of tax evasion October 10, 1973, and was fined $10,000 and placed on unsupervised probation for three years.

Federal Judge Roszel C. Thomsen scheduled a hearing for Friday on the probation revocation request filed by Sam Polur, a lawyer who lives in Miami. The lawyer contends that Agnew's probation should be revoked mainly because the former vice president has been acting as a foreign agent in his business dealings with Arab countries.

[Agnew said he plans to sell his house in Crofton and move to Palm Springs, Calif., sometime next spring.

[He said he has not yet put his home here on the market but is negotiating for the purchase of a home in the area where his good friend Frank Sinatra resides.]

The state legal action, an outgrowth of a law student research project at George Washington University in Washington, generally follows allegations contained in the summary of evidence against Agnew that federal prosecutors presented when the former vice president resigned from office.

Mr. Wolff was chairman-director of the State Roads Commission under Agnew and later an aide to the vice president. Mr. Hammerman, an investment banker and friend of the former vice president, pleaded guilty in 1974 to a tax charge under a plea bargaining arrangement.

The suit alleges that the three men entered into an agreement in 1967 under which Agnew and Mr. Wolff would award state contracts and Mr. Hammerman would solicit money from the engineers. The three would split the money collected, Agnew receiving half, according to the suit.

Agnew has consistently denied that he received kickbacks, maintaining that the payments were political contributions. However, he admitted in his no-contest plea that he received some money in 1967 that was not expended for political purposes.

According to the court complaint, Agnew received the money from the time he became governor in 1967 up until 1972 when he was vice president. As a result of the kickbacks, the suit claimed, the state paid higher fees for the engineering work, thus increasing the tax burden on Maryland residents.

The suit asks that Agnew and the other defendants be required to account for the money they received and "be compelled to make restitution of such sums to the state of Maryland."

Reina Chassy, a Kensington (Md.) woman and one of the three persons who brought the suit, said, "I think it's a very important thing that politicians should be held accountable for what they do while in public office. It's as simple as that." The other plaintiffs are John A. McMillen and Suzanne Saul, both of Chevy Chase.

The suit, according to William A. Dobrovir, the Washington lawyer who filed the action, stems from a student project at George Washington University Law School that also has resulted in a court action seeking public disclosure of all documents in the Agnew case.

That Freedom of Information Act case is still pending before a federal judge in Washington, who last year ordered the Justice Department to turn over documents for her inspection.

The federal court action against Agnew was the second in less than a week brought by the Miami lawyer. Mr. Polur Thursday brought a $2 million damage suit against Agnew and Education for Democracy, Inc., a foundation headed by the former vice president, alleging that Agnew was unlawfully concealing his dealings with the Arabs.

Suit Asks Return Of $80,000 Bribes To Agnew, Friends

By ROY GREGORY
Staff Reporter

ANNAPOLIS — A taxpayers' suit has been filed in Anne Arundel County Circuit Court here demanding that about $80,000 in bribes received by Spiro T. Agnew, Jerome B. Wolff and I.H. Hammerman II be returned to the state of Maryland.

Three Marylanders, John A. McMillen, of Chevy Chase; Reina Chassy, of Kensington, and Suzanne Saul, of Chevy Chase, initiated the suit. They are being represented by attorney William A. Dobrovir, of Washington.

In the allegations filed in the suit, it was charged that "the defendants are under an equitable duty to account for and make restitution to the people of the state of Maryland for all such money received."

It was also alleged that "the attorney general of the state of Maryland, the state's chief law enforcement officer, has declined to proceed against the defendants for imposition of a constructive trust, for an accounting and for restitution or for any other relief."

The court papers stated that the defendants were bringing the action "as taxpayers themselves and, as a class action, on behalf of all other Maryland taxpayers."

The plaintiffs said in their suit that the defendants' influence in the award of certain state engineering contracts increased the costs of said contracts to the state and directly and specially imposed pecuniary loss on the plaintiffs and all other taxpapers.

The court papers state that Agnew was governor of Maryland from Jan. 25, 1967 until Jan. 7, 1969, at a salary of $25,000 per year.

The court papers stipulated that in the spring of 1967, Agnew, Wolff and Hammerman "entered into an agreement whereby Wolff would inform Hammerman as to which engineering firms were to receive non-competitive contracts with the state.

"Hammerman would contact these engineering firms to solicit payments from them in consideration for their receiving of the contracts."

Hearing Set In Suit Against Agnew Here

U.S. District Judge Roszel C. Thomsen has set a hearing for noon Friday on a temporary restraining order that seeks to prevent a show cause order why the three-year probation period for former vice president Spiro Agnew should not be revoked.

A 17-page show cause suit was filed in federal court here Sept. 28 by a Miami, Fla., attorney which asserts Agnew failed to return to the Chief of Protocol a number of valuables including various items of jewelry given him by Mid-East potentates while Agnew was vice president.

The suit also seeks to recover from Agnew $325,000 in damages for Agnew's alleged "promotion of divisiveness, discord and weakness amongst the American people . . . (through) his legal progeny 'Education for Democracy, Inc.'"

Another $1 million in punitive damages from Agnew and the Education for Democracy publication also is sought in the suit.

Agnew's three-year unsupervised probation term expires Sunday. It was imposed Oct. 10, 1973, by U.S. Judge Walter E. Hoffman at the time Agnew resigned his office and pleaded nolo contendere (no contest) to one count of income tax evasion.

According to the suit filed by attorney Sam Polur, who asserted he was filing as attorney pro se (for the public in general), Agnew received diamonds and pearls from the crown prince of Saudi Arabia, a set of rubies and pearls for Mrs. Agnew from the crown prince of Kuwait, a diamond studded gold sheathed dagger from the king of Saudi Arabia and a custom made set of diamond shirt studs and tie clasps from the king of Morocco in violation of the Foreign Gifts and Decorations Act.

The suit also contends Agnew has secret ties to Arab nations and, because of the gifts, continues to work with and for those nations including the Organization of Petroleum Exporting Countries.

Spiro Moving To California

CROFTON — Spiro Agnew said today he plans to sell his home in the Indian Hills subdivision near Annapolis and move to Palm Springs, Calif., sometime next spring.

The former vice president said he has not yet put his Anne Arundel County home on the market officially, but that he already is negotiating for the purchase of a home in Palm Springs, where his good friend Frank Sinatra resides.

"Judy and I have always wanted to live out there after I retire, and we just decided to do it now," he said.

But Agnew said he would maintain his office here and planned to live for at least three or four months of the year in his Ocean City condominium.

"Actually, my office is anywhere there's a telephone," Agnew said, "so there's really not much point in moving it."

The former vice president purchased the condominium in Ocean City two years ago.

He built his home in Indian Hills shortly after he resigned as vice president, paying a price reportedly around $100,000.

Judge Delays Action On Suit Against Agnew

By MARK BOWDEN
Staff Reporter

U.S. District Judge Roszel C. Thomsen turned down a request Friday to take action against former Vice President Spiro Agnew before his three-year probation period ends Sunday.

Judge Thomsen heard Florida attorney Sam Polur argue that Agnew had violated his probation by failing to return items of expensive jewelry given him by Mideast potentates when he was vice president.

The judge ordered Polur's allegations forwarded to the U.S. Justice Dept. for preliminary investigation.

Polur filed a $1.32 million suit alleging Agnew committed criminal acts by failing to return the jewelry, and that he has promoted the cause of foreign governments through his writings and his organization, "Education for Democracy Inc."

Thomsen presided over a hearing attended by Agnew's attorney, W. Lee Harrison, Polur and deputy U.S. Atty. for Maryland Paul R. Kramer. Although Agnew's probation ends Sunday, he will remain under the jurisdiction of the federal court for five years — the maximum probation period he could have gotten when he pleaded *nolo contendere* to tax evasion charges Oct. 10, 1973, before U.S. Judge Walter E. Hoffman.

"Plaintiff in this civil case has made allegations some of which if proved in this case or otherwise shown to be true, might justify this court taking appropriate action," Thomsen said. "At present, however, these are mere allegations . . ."

Harrison convinced the judge to let him review any federal recommendations that could result in criminal proceedings against Agnew before the statement was made public. He promised Agnew would attend any future hearing if the Justice Dept. determined action is warranted.

"Mr. Agnew did not run away from a panzer division at Bastogne. I can assure you he won't run from Mr. Polur," Harrison said.

According to Polur, Agnew received diamonds and pearls from the crown prince of Saudi Arabia, a set of rubies and pearls for Mrs. Agnew from the crown prince of Kuwait, a diamond-studded dagger from the king of Saudi Arabia and a custom-made set of diamond shirt studs and tie clasps from the king of Morocco. Under the Foreign Gifts and Decorations Act, those presents were to have been returned to the U.S. Chief of Protocol, Polur said.

U.S. probe of Agnew's conduct set

Inquiry is ordered after suit alleges probation breach

By ROBERT A. ERLANDSON

A federal judge yesterday ordered a Justice Department investigation of allegations by a New York lawyer that former Vice President Spiro T. Agnew has violated his probation.

However, Judge Roszel C. Thomsen rejected the lawyer's request that Agnew's probation, which expires tomorrow, be revoked immediately.

Judge Thomsen noted that even though the probation will expire, Agnew could have received a maximum of five years' probation and, therefore, the court retains jurisdiction in the case for two more years.

The allegations are included in a $2 million civil suit brought by Sam Polur, a lawyer from New York who now lives in Miami.

They allege generally that Agnew violated probation through retention of expensive gifts from Arab leaders until several months after his resignation, continued dealings with the Arabs as an unregistered foreign agent and use of Education for Democracy, a foundation he now heads, as a pro-Arab, anti-Israeli propaganda instrument.

Judge Thomsen's order for the investigation, or at least a review of the file if the Justice Department has already checked Agnew's activities, will not affect the expiration tomorrow of Agnew's three years' unsupervised probation.

Judge Walter E. Hoffman placed Agnew on the probation and fined him $10,000 October 10, 1973, the day Agnew resigned as Vice President and was convicted of income tax evasion on a no-contest plea.

Agnew was not in court yesterday. He was represented by W. Lee Harrison, a Towson lawyer, who told Judge Thomsen that Agnew was in New York "on a business trip."

Judge Thomsen declared that any allegations of probation violation are a criminal matter that bear no connection with Mr. Polur's civil suit and so must be considered separately.

The government was represented by Paul E. Kramer, deputy United States attorney for Maryland, who said the government assumed "no position" with regard to Mr. Polur's allegations in the civil suit. Mr. Kramer was accompanied by Patrick Glyn and Larry Gregg, of the Justice Department's criminal division.

Mr. Harrison asked that the results of the Justice Department investigation be sealed "to prevent exploitation," including through the press, of Agnew's personal life and business activities.

Judge Thomsen noted that, if the Justice Department finds merit to the allegations and recommends some action, it will have to be made public, and that if the department concludes there is no action required, that will close the matter.

He directed Mr. Kramer and the Justice Department to make the report to him personally and not to make anything public until he has seen the report and discussed it with Mr. Harrison and the government lawyers.

Mr. Polur objected to what he called a "veil of secrecy" being drawn over the matter, arguing that it was just such secrecy that led to the Watergate scandal and to other government abuses of recent years.

He asserted that as a top American official, Agnew was privy to national security information and other secret information. Mr. Polur said, "Is he selling secrets? I don't know," and suggested that Agnew should be in court, under oath, "to explain what he's doing, whether he's getting paid."

Mr. Polur said that if Agnew "is receiving money from these Arab countries he should tell the people of the United States."

If Agnew were similarly involved with the Soviet Union or China, the lawyer said, there would be a national outcry, and he suggested that the former Vice President's relations with Arab countries should not be considered differently.

"First Amendment rights are trampled every day in this country," said Mr. Polur, who declared that the "American people have a right to know."

Judge Thomsen adhered to his ruling, and told Mr. Polur that he would not allow the use of the Justice Department report "to provide discovery in your civil suit."

Mr. Harrison said he was not suggesting a "veil of secrecy, but only protection" until it has been determined whether Agnew violated probation.

He said he has known Agnew for 40 years. He said Agnew "didn't run from panzer divisions at Bastogne, and he won't run from Mr. Polur." The lawyer said Agnew will meet Mr. Polur's suit directly in court.

Agnew has announced that he plans to sell his home near Annapolis and move to Palm Springs, Calif., next spring.

Judge Thomsen said that if Mr. Polur's allegations are proved either in the civil case or through some other means, the court might be justified in considering some action on Agnew's probation. But he said that, with the exception of a reference to Agnew's disbarment, the charges Mr. Polur makes are "mere allegations" at present.

The judge said that, even though Judge Hoffman did not require appointment of a probation officer in Agnew's case—and though any allegations of violations would be investigated that way normally—a court can act on information brought to it from any source, and for that reason he directed the Justice Department to investigate.

In addition to Mr. Polur's suit in U.S. District Court, there is another suit pending against Agnew in Anne Arundel county Circuit Court. Three Montgomery county residents have filed suit against Agnew and his former associates, Jerome B. Wolff and I. H. (Bud) Hammerman 2d, charging that they defrauded the state of $80,000 in a kickback scheme during Agnew's term as governor from 1967 to 1969.

Agnew's Probation Up, But He's Not Off Hook

By Horace Ayres

Although his probation expires this weekend, former Vice President Spiro T. Agnew is not completely off the hook of his tax evasion conviction three years ago.

A federal judge, after hearing complaints made by a private citizen in a civil suit here, asked the Justice Department yesterday to investigate and recommend whether any action should be taken under the three-year probation granted when Agnew resigned the vice presidency and pleaded no-contest to a single tax evasion charge.

While completion of the three-year unsupervised probationary term granted October 10, 1973, is imminent, Judge Roszel C. Thomsen, of U.S. District Court, said the court still has the authority for two additional years to act against any violation alleged to have occurred before tomorrow.

Judge Walter F. Hoffman, specially assigned to the case from the Eastern District of Virginia, imposed the probation and a $10,000 fine under a plea bargain in which the government agreed not to prosecute allegations outlined in a 40-page exposition of evidence that Agnew, while Baltimore county executive, Maryland governor and U.S vice president, accepted kickbacks from architects and engineers working on public projects.

The latest action came as a result of a motion filed earlier this week by Sam Polur, a member of the New York bar now living in Miami, claiming that Agnew violated probation by not reporting gifts of expensive jewelry received from Arab potentates while he was still vice president and by not registering since then as an agent for foreign powers.

Mr. Polur also claimed Agnew's business dealings with Arab nations since leaving office may have endangered national security, because he had access as a member of the National Security Council while vice president to top secret defense information.

Judge Thomsen said Mr. Polur "has made allegations, some of which if proved in this case or otherwise shown to be true, might justify this court in taking appropriate action."

The allegations, the judge said, "are made by the plaintiff in a civil suit in which he seeks to obtain more than $1 million damages from the defendant Agnew. They are not supported by a convincing affidavit or affirmation."

"The court concludes that it should not take any action in the criminal case at this time, except to request the Department of Justice to investigate the allegations and to recommend to this court whether the court should take any action in the criminal case, and if so what action," Judge Thomsen said.

Paul R. Kramer, deputy U.S. attorney for Maryland, said after hearing the judge's request that it is possible a full investigation might not be necessary, that a review of records might be sufficient for the Justice Department's report to the judge.

Although the government is not a party to Mr. Polur's civil suit and Mr. Kramer said at the outset of yesterday's hearing that Justice was taking no position on the issue, he and two department representatives from Washington attended at Judge Thomsen's request.

W. Lee Harrison, Agnew's attorney in the matter, asked that the department's report be sealed to prevent "exploitation" by the press, but the judge directed instead that the report be presented to the court for review before it is entered in the public record of the case.

Mr. Polur, who says he owns two city blocks of real estate in Miami, asked the court to consider revoking the former vice president's probation for failing to report that in 1971 he or members of his immediate family had received gifts from foreign government leaders.

Among the gifts listed were diamond shirt studs and tie clasps decorated with

golf balls and tees from the king of Morocco, a diamond-studded, gold-sheathed dagger from the king of Saudi Arabia, "multiple diamond and pearl jewelry" from the crown prince of Saudi Arabia, and, through his wife, a set of pearls and rubies from the crown prince of Kuwait.

Mr. Polur contended Agnew's probation was "a nullity" when granted, because those gifts had not been disclosed and turned over the the Treasury Department as required for all such presents over $50 in value, and that the former vice president continued in violation for an additional six months by not reporting them until April, 1974.

Agnew probation ends amid plans to move to Calif., 2 lawsuits

By ROBERT A. ERLANDSON

Spiro T. Agnew, the only vice president of the United States ever to resign under criminal charges, today ends his three years of unsupervised probation, but he is far from out of the public eye.

• Judge Roszel C. Thomsen, in U.S. District Court, ordered the Justice Department on Friday to examine a New York lawyer's allegations that Mr. Agnew violated his probation. The judge refused to revoke the probation, ruling that even though it expires today, the court retains control of the case for two more years because five years' probation is the maximum Mr. Agnew could have received.

• Sam Polur, the lawyer, is suing Mr. Agnew for $2 million damages, alleging that the former vice president is acting as an unregistered agent for Arab countries and that he is using the Education for Democracy foundation he now heads as a pro-Arab, anti-Israeli political vehicle.

• Three Montgomery county residents have filed an $80,000 suit in Anne Arundel County Circuit Court against Mr. Agnew and his former associates Jerome B. Wolff and I. H. (Bud) Hammerman seeking to recover money the three men allegedly received in kickbacks while Mr. Agnew was governor from 1967 to 1969.

• Mr. Agnew has announced that he will sell his home near Annapolis and move to Palm Springs, Calif., next spring. Apparently he will live near his good friend, Frank Sinatra, at whose recent, latest wedding Mr. Agnew was a guest.

There will be no formal action to conclude the probation, according to Francis P. Tunney, the chief federal probation officer for Maryland.

"The case simply will be closed out; it is no different from any other unsupervised case," he said, adding, "We have had no problem with Mr. Agnew, and the only things we know about his activities are what we read in the newspapers."

There has been considerable information to read about Mr. Agnew's globe-trotting and other activities—including his disbarment, his publication of a novel and an outburst of anti-Zionism—since just after 2 P.M. October 10, 1973.

That was when Mr. Agnew entered Courtroom No. 3, on the fifth floor of the federal Courthouse, and pleaded nolo contendere to a charge of evading $13,551.47 in income tax for 1967. Simultaneously, a telephone call to the secretary of state's office activated the letter of resignation he had submitted before the trip to Baltimore.

Judge Walter E. Hoffman told Mr. Agnew, "As far as the court is involved, the defendant is on trial for willful evasion of income taxes for the calendar year 1967, which charge is a felony in the eyes of the law. He has entered a plea of nolo contendere, which, so far as this criminal prosecution is concerned, is the full equivalent of a plea of guilty."

Judge Hoffman fined Mr. Agnew $10,000 and set the period of unsupervised probation.

Subsequently, according to informed sources, Mr. Agnew settled his civil tax liabilities for other years in which the government alleged that he accepted kickbacks from consultants for Baltimore county, state and even federal contracts.

The charge against Mr. Agnew was brought through a criminal information filed by George Beall, the U.S. attorney, and brother of Senator J. Glenn Beall, Jr. (R., Md.). This meant Mr. Agnew had waived his right to indictment by a grand jury, because a felony charge was involved.

At the same time, the prosecutors submitted—as part of the plea bargain by which Mr. Agnew was spared imprisonment—a 40-page exposition of the evidence of a decade of venality in public office from Baltimore county executive to governor and finally, even as vice president.

Most of the spectators in the crowded courtroom were caught by surprise. They had expected to attend a hearing on motions to quash subpoenas obtained by Mr. Agnew for several newsmen in his attempt to learn the sources for their reports about the investigation of corruption in Baltimore county.

The investigation had led first to a tax charge against William E. Fornoff, the

county administrative officer, who later testified that he was the bagman for the indicted—and convicted—Dale Anderson, who succeeded Mr. Agnew as county executive. And it had led finally to the investigation of Mr. Agnew himself.

The case reached its climax—with Mr. Agnew thundering denunciations of the prosecutors, once it became known that he, too, was under investigation, and proclaiming his determination to fight to the end—as the Watergate scandal was beginning to engulf President Nixon, for whom Mr. Agnew had spent more than four years as an alliterative hatchet man, denouncing the many Nixon-Agnew "enemies."

When the fateful moment arrived, Elliot L. Richardson, then U.S. Attorney General, appeared in court for the government in the Agnew case. He had opposed the demands by the Maryland prosecutors that Mr. Agnew be jailed as an example to other public officials in favor of an expedient resolution that would most rapidly get the man out of his place "a heartbeat away" from the presidency.

In his statement to Judge Hoffman asking that Mr. Agnew not be imprisoned, Mr. Richardson said the government might have insisted on pressing forward with an indictment charging Mr. Agnew with bribery and extortion. "To have done this, however, would have been likely to inflict upon the nation serious and permanent scars," he said.

Mr. Agnew, on the other hand, despite agreeing to accept the felony conviction and the public disclosure of the government's evidence against him, has since proclaimed that it was all lies and that he was innocent of any wrongdoing. (The government's evidence was detailed by four men who were part of the kickback scheme, either sharing in the proceeds or paying.)

The men who provided the information were Mr. Wolff, the former chairman-director of the State Roads Commission, and Mr. Hammerman, a Baltimore mortgage banker, who said they collected and shared in the pay-offs, along with two engineers, Lester Matz and Allen Green, who said they paid off Mr. Agnew, including in the vice presidential office.

Mr. Agnew made a major disclaiming effort recently during a round of television appearances to promote his book, "The Canfield Decision," a novel of political intrigue and romance involving a vice president.

He said he wrote the novel because he was "too bitter" at the time to write his memoirs, on which he now says he hopes to begin work this year.

Mr. Agnew has continued to blame most of his troubles on the press, and denounced what he termed "Zionist influences" in the media. One network host fell right into the trap when he asked, apparently seriously, "Where did they [the press] go wrong, Mr. Agnew?"

He also said that he would "probably not" choose a political career if he had the opportunity to relive his life, and that he would not advise young people to go into politics.

Again he blamed the media for it, saying "it's just open season on politicians."

In a subsequent interview, with George Baumann, of WJZ-TV, Baltimore, however, Mr. Agnew said "the system"—which he was accused of exploiting—is "corrupt," and that big campaign contributions are often given with strings attached, to give the contributors leverage later over the officials they help to elect.

"I think I did something wrong because the whole system is wrong," he conceded.

Soon after his resignation, Mr. Agnew sold his mansion in Kenwood, a Washington suburb, reportedly at a substantial profit because of improvements made at government expense, and moved to a large new house just outside Annapolis.

He also founded, in a building off the Village Green in Crofton, a firm called Pathlite, Inc., which is apparently some type of consultant operation, because Mr. Agnew soon reappeared on the international scene, primarily in dealings with Arab leaders he had met during his vice presidency.

Another reported immediate post-resignation venture was with a promoter, Walter J. Dilbeck, Jr., in a real estate venture involving a Kentucky coal mine sale to Japanese interests and an attempt to interest Middle Eastern oil barons in investing in a large recreational community at Lake Barkley, in Kentucky.

Mr. Dilbeck said in an interview in December, 1974, with the Louisville *Courier-Journal* that he expected Mr. Agnew to "make millions" from their partnerships and that he was paying the former vice president $100,000 a year for four years.

However, two months later, in February, 1975, the whole thing fell through in a welter of charges and counter-charges as Mr. Agnew announced that he was terminating the deal and that Mr. Dilbeck had defaulted on a final $25,000 installment of his year's salary.

Mr. Dilbeck, who pleaded innocent in May in Indianapolis to charges of filing false income tax returns, declared that Mr. Agnew had exploited him. "I haven't received a dime from him and he's taken $5,000 from me. I gave him a free ride. Everybody knew he was broke when I hired him. He got a lot of real connections out of this deal and I got the problems."

If Mr. Agnew was "broke," as Mr. Dilbeck claimed, it did not show in the former vice president's living style, which remained as high as before his conviction. He continued to hob-nob with many of the friends he had made during his political hey-day, particularly Mr. Sinatra.

Last summer, the Anti-Defamation League of B'nai B'rith accused Mr. Agnew of using for political purposes Education for Democracy, a tax-exempt educational foundation he took over in November, 1975.

Mr. Agnew denied that the foundation was a political organization, but Larence Peirez, the league's civil rights chairman, declared, "What Agnew continues to spew out are his usual twisted half-truths—pro-Arab, anti-Israeli, anti-news media."

There have been reports lately, however, that Mr. Agnew has been making overtures to American Jewish leaders in an effort to placate them and somehow convince them that, once again, it was all a mistake.

Other threads of the Agnew case are still hanging on, three years after the explosive moment of conviction:

• Mr. Hammerman, the wealthy mortgage banker who admitted to acting as Mr. Agnew's bagman during his governorship, is still awaiting court action on his guilty plea to a tax charge. A federal appeals court overturned his 18-month sentence on grounds that it violated Mr. Hammerman's plea bargain, but the plea itself still remains to be acted upon.

Mr. Green did not appeal and served part of his one-year sentence.

• Mr. Wolff and Mr. Matz lost their attempts to use the federal grants of immunity from prosecution they received—in exchange for their testimony against Anderson—to prevent the State Board of Registration for Professional Engineers and Land Surveyors from disciplining them. That discipline, which could include revocation of their licenses, is still pending.

• On November 3, J. Walter Jones, the wealthy Baltimore and Annapolis real estate developer and banker who was described in court by a prosecutor as "Agnew's bagman," is scheduled to go on trial before Judge R. Dorsey Watkins, in U.S. District Court, on charges that he conspired and extorted a $10,000 campaign contribution from the Singer Company on a promise that the firm would receive government contracts through Mr. Agnew's influence.

Attorney Wants Agnew Jailed, Seeks To Quiz Him In Court

By ELLISON MOSS
Staff Reporter

Wealthy Florida attorney Sam Polur wants former Vice President Spiro T. Agnew not only to go to jail for the few remaining days of Agnew's probation period but also wants him to testify in federal court proceedings as to why Agnew's probation should not be revoked.

Polur argued Monday before Senior U.S. District Judge Roszel C. Thomsen that once Agnew's lawyer, W. Lee Harrison of Towson, had introduced several letters concerning Agnew into evidence during a show cause hearing held to determine if the probation revocation hearing should be held, "then that's opening the door to every letter Agnew wrote while vice president."

He said he should be allowed to examine Agnew at length.

Thomsen said he would reserve ruling on the matter and on whether to hold the revocation hearing pending a decision of a panel of the U.S. Fourth Circuit Court of Appeals as to whether Thomsen should defend himself in showing that his court had jurisdiction in Agnew's probation revocation hearing.

Polur said he had filed a special mandamus action against Thomsen at 4:45 p.m. Friday in Richmond, where the appellate court sits.

Thomsen, obviously angered by the last-minute filing, chided Polur, saying, "I'm not going to make any rulings on anything today — if I'm allowed to by the court of appeals after the mandamus action you have filed against me."

Agnew, who resigned the vice presidency Oct. 10, 1973 after pleading no contest to a single charge of income tax evasion, was told the plea was an equivalent of guilty, fined $10,000 and placed on three years of unsupervised probation.

Agnew Ruling Put Off By Thomsen

By Lee Baylin

Federal Judge Roszel C. Thomsen yesterday put off ruling on allegations that former Vice President Spiro T. Agnew violated his probation while an appeals court decides if Judge Thomsen has the power to hear the case.

Meanwhile, Judge Thomsen held a hearing where Department of Justice and federal probation officials formally stated their recommendations that no action be taken in the Agnew case.

The probation question arose as part of a civil suit brought by Sam Polur, a lawyer who is admitted to practice in New York and lives in Miami, who is seeking damages against Agnew because of the former vice president's activities in Education for Democracy, Inc., a group that promotes the conservative political philosophy.

Mr. Polur contends that Agnew committed a criminal violation by not registering as an agent for a foreign government with the Justice Department when Education for Democracy adopted pro-Arab stands, and by failing to turn over some gifts from foreign governments until after he left office.

Paul R. Kramer, deputy United States attorney, told Judge Thomsen that the Justice Department concluded that Agnew, who was given a three-year probation term October 10, 1973, after pleading no contest to tax evasion charges, was not required to register and there was no more than a "technical" violation of the gift act, which is considered administrative and not criminal.

Judge Thomsen said he would delay ruling on the matter until the U.S. Fourth Circuit Court of Appeals in Richmond rules on a claim by Mr. Polur that he does not have jurisdiction in the case because the Justice Department did not conduct a full investigation.

DO NOT DESTROY-PENDING LITIGATION

Lawyer charges U.S. gave Agnew unlawful 'amnesty'

The Miami lawyer who brought a $1 million civil suit against former Vice President Spiro T. Agnew 10 days before his probation expired last fall charged at a hearing in U.S. District Court yesterday that the Justice Department had improperly granted "amnesty" to Mr. Agnew in determining infractions of his probation did not require its revocation.

But Senior Judge Roszel C. Thomsen, who had ordered the investigation of Mr. Agnew's post-conviction conduct, refused to make any rulings on the contentions of Sam Polur, the lawyer, because he had been informed that three judges of the U.S. Fourth Circuit Court of Appeals, in Richmond, were considering Mr. Polur's appeal of prior rulings in the case.

Mr. Agnew's lawyer, W. Lee Harrison, also appeared at the hearing yesterday and produced documents detailing the former Vice President's gift of memorabilia and papers, including gifts from foreign leaders, to the University of Maryland. "Mr. Agnew never got his hands on them," he said.

The Justice Department report, made public March 3 by Judge Thomsen, considered only Mr. Agnew's conduct after his no-contest plea to tax evasion charges on October 10, 1973. It determined that he had committed an administrative, not a criminal, violation of the Foreign Gifts and Decorations Act by not immediately handing over to the State Department presents from foreign leaders.

The report, which was begun during the Ford administration but was approved by Griffin B. Bell, the new Attorney General, found that Mr. Agnew had not violated the Foreign Agents Registration Act by his failure to register his organization, Education for Democracy, Inc., as a "foreign agent."

The report said Justice Department officials had met with Mr. Agnew and other Education for Democracy, Inc., officers January 14, and had also inspected the group's financial and membership records. Mr. Polur had alleged in his suit that the group was a lobby and propaganda agent for Arab nations, citing Mr. Agnew's publicized dealings with Arab oil producers, and said the former vice president might be transferring national security information to them.

Judge Thomsen had scheduled yesterday's hearing to decide whether he should accept the Justice Department report. He reserved judgment on the arguments presented.

The judge yesterday first called on Paul R. Kramer, a deputy U.S. attorney, who repeated his previous opinion that there was insufficient reason to revoke Mr. Agnew's probation. He emphasized to Judge Thomsen that the review had been conducted by career Justice Department officials, who consulted the State Department on the former vice president's conduct regarding the gifts.

Paul R. Falconer, the court's deputy probation officer, also informed the judge that although Mr. Agnew had been tardy in turning over many of the gifts, he should not be penalized by rules that do not spell out exact deadlines.

But Mr. Polur, whose suit prompted the review, said the Justice Department had usurped the power of others, including the president, in granting Mr. Agnew an "amnesty," saying that its investigation had failed to put Mr. Agnew under oath and fully check out his various charges.

He complained that he had not been asked to testify during the review, and questioned the Justice Department's reliance on Mr. Agnew's records, terming them unreliable.

"The Justice Department accepted the word of a disbarred attorney, a convicted former vice president, a man who accepted food parcels for 15 years," Mr. Polur charged. "Because of this whitewash he will be free to deal and travel with Arab potentates in clear violation of the security of the United States."

But when Judge Thomsen asked him point-blank if he had personal knowledge to support his charges, Mr. Polur said he knew only of the purported violations regarding gifts.

Mr. Harrison, appearing at his client's direction, said that according to a list compiled by the General Services Administration, even the U.S. attorney for Maryland, Jervis S. Finney, was among Mr. Agnew's benefactors.

Mr. Finney once gave Mr. Agnew a red T-shirt, Mr. Harrison said.

According to the deed, Mr. Agnew's papers and personal memorabilia were transferred to the university in April, 1974, and became university property on January 21, 1977. The former vice president was allowed to add or remove items

from the collection, which is stored in several hundred boxes.

Mary Boccaccio, the university archivist, said yesterday that while Mr. Agnew had never visited the collection, which is stored in McKeldin Library, Mrs. Agnew and an administrative aide had come several times, most recently in January, and removed and inserted various items.

"Anything they wanted to, they could take back," Miss Boccaccio said, adding that lists of the boxes' contents were haphazard at best. "Each time they took things, we tried to make a full accounting for the records—say if they took six plates or two golf clubs—but we have no completely accurate records."

Miss Boccaccio said she believed none of the jewels and works of art that form the basis for much of Mr. Polur's suit had been removed by Mrs. Agnew and that she had only gone through boxes containing many of her husband's hastily packed personal effects.

INFORMATION CONCERNING

At 9:55 a.m. today Director Kelley called me concerning the Baltimore teletype of 8/8/73 wherein it was stated that IRS has been conducting a tax investigation relative to captioned matter as a result of which some allegations of bribery and fraud were uncovered. This is the case in which Vice-President Spiro Agnew has been mentioned.

U. S. Attorney, Baltimore, does not believe it to be logical at this time for the FBI to become involved and pointed out the investigation is still basically a tax matter. The extensive investigation by IRS has been conducted for over six months. Mr. Kelley inquired as to whether the FBI was on "sound ground" in not becoming involved in the investigation with respect to the potential violations within our primary jurisdiction such as bribery. I explained to Mr. Kelley it has been basic FBI policy to permit another Governmental agency such as IRS to continue their tax investigation including the investigation of a violation within our primary jurisdiction if such allegation is an outgrowth of their original investigation. Normally, we accept such a situation without any consultation with the headquarters of the agency involved or the Department of Justice.

In view of the personalities involved in this matter, however, we did on 8/8/73, contact the Office of the Assistant Attorney General, Criminal Division. We were advised by the Deputy Assistant Attorney General, Criminal Division, that Henry Petersen, Assistant Attorney General, Criminal Division, had stated this is strictly an IRS matter; the IRS has been investigating this for months; and the bribery allegation evolving from this investigation should be handled by IRS. It was suggested that we establish close liaison with the U. S. Attorney and this has been done. Petersen stated he is not requesting any FBI

Attached advises of contact with United States Attorney (USA) Beall, Baltimore, regarding the investigation being conducted by the Internal Revenue Service (IRS) involving prominent political figures in the Baltimore area and in which Vice-President Spiro T. Agnew has been mentioned. USA Beall advised investigation is basically an IRS matter, however, other possible Federal violations have been developed including the Bribery statute. USA Beall does not believe it to be logical at this time for the FBI to become involved and pointed out that the investigation is still basically a tax matter.

Deputy Assistant Attorney General John Keeney of the Department advised 8/8/73, he conferred with Assistant Attorney General Henry E. Petersen, Criminal Division, and stated this is strictly an IRS matter, the IRS has been investigating this for months and the bribery evolving from this should be handled by IRS. Petersen suggested liaison should be established with USA Beall and this has been done. Keeney advised that Petersen stated he is not requesting any FBI investigation in this matter.

Baltimore is maintaining liaison with USA Beall.

investigation at this time in this matter.

Mr. Kelley and I discussed this matter and I advised Mr. Kelley it was my belief that the FBI was definitely on sound ground at this point. Mr. Kelley suggested the possibility of a letter being directed to IRS in this regard. I advised Mr. Kelley it was my view that we should send a letter to the Attorney General with copies to Assistant Attorney General Petersen confirming the information we received from the U. S. Attorney's Office in Baltimore; the U. S. Attorney's opinion as to the conduct of this investigation; the contact on 8/8/73 with the Criminal Division and Mr. Petersen's opinion; and, finally, the fact that we were directing a letter to the Commissioner of IRS advising IRS of the opinion of Mr. Petersen but that the FBI stands ready and able to be of assistance to IRS in conducting any investigation relative to matters normally within the FBI's investigative jurisdiction which are uncovered as a result of the basic tax investigation.

Mr. Kelley agreed with this procedure and instructed the letters be prepared immediately. I told him this would be done.

ACTION: The necessary letters are being prepared pursuant to Mr. Kelley's instructions.

Honorable Donald C. Alexander
Commissioner

Department of the Treasury
Washington, D. C. 20224

Dear Mr. Alexander:

This is to advise that on August 8, 1973, a representative of this Bureau discussed the current investigation being conducted by the Internal Revenue Service (IRS) and the United States Attorney's Office, Baltimore, Maryland, with Deputy Assistant Attorney General John C. Keeney, Criminal Division, Department of Justice. This investigation concerns various politically prominent individuals in the Baltimore, Maryland, area, as well as Vice President Spiro T. Agnew.

As a result of this discussion, Assistant Attorney General Henry E. Petersen has advised that the investigation is strictly a matter for IRS and that any bribery allegation evolving from the investigation will be handled by IRS. Mr. Petersen also stated he was not requesting any FBI investigation regarding this matter at this time. However, he suggested liaison be established with the United States Attorney's Office in Baltimore, Maryland, and this has been done.

The FBI stands ready and able to be of assistance to IRS in conducting any investigation relative to matters normally within the FBI's investigative jurisdiction which may be uncovered during the tax investigation being conducted by IRS.

The Attorney General

NOTE: The investigation involving prominent political figures in the Baltimore, Maryland, area, as well as Vice-President Spiro T. Agnew has been handled since its inception by the IRS. It started out as a basic tax investigation; however, during the ensuing months, information has been developed indicating there are possibly other Federal violations involved including the Federal Bribery statute. The 8-9-73, edition of "The Washington Post" on page A17, sets forth the text of USA George Beall's letter to the Vice-President's attorney, Judah Best. This letter clearly sets forth the statutes under which the investigation is being conducted, and they are Title 18, Section 371 (Conspiracy), Section 1951 (Extortion), and Section 1952 (Extortion and Bribery). Section 1951 is commonly known as the Hobbs Act, and Section 1952 is the statute covering Interstate Transportation in Aid of Racketeering. While this letter sets forth that the investigation is not limited to these statutes, Beall's letter did set forth these statutes as the main ones in addition to certain criminal provisions of tax laws. At the instructions of the Director, letters are being furnished to the Department and the Commissioner of IRS setting forth the opinions we have received regarding this matter.

INFORMATION CONCERNING

At 8:58 a.m. today ASAC Ed Foley, Baltimore Office, called. He advised he had been contacted by U. S. Attorney George Beall concerning captioned matter. (This is the tax case being handled by IRS involving prominent political figures in the Baltimore, Maryland, area including Vice-President Spiro Agnew. As an outgrowth of the tax case, several other potential federal violations within the FBI's jurisdiction have been uncovered. The U. S. Attorney (USA) and Assistant Attorney General Petersen have instructed IRS should continue the investigation in view of the complexity of the case and the length of time it has been under investigation.)

Foley advised USA Beall stated he had talked to Attorney General Richardson and Assistant Attorney General Petersen the night of 8/9/73, and requested the use of an FBI polygraph operator in interviewing at least two persons and possibly four persons on the morning of 8/10/73 in Baltimore. Attorney General Richardson and Assistant Attorney General Petersen, according to Beall, not only gave their authority, but Petersen specifically suggested SA Joe Pearce of our Philadelphia Office, a qualified polygraph operator. (Pearce was used in the Watergate investigation and apparently Petersen was impressed with the results in that instance.)

Since time was of the essence, I advised ASAC Foley at 9:25 a.m. to comply with the USA's request and that he, Foley, should make the necessary arrangements for the arrival of SA Pearce. In the event Pearce was unavailable, he should contact Assistant Director White of the Laboratory for the identity of an alternate Agent to administer a polygraph.

At 2:35 pm on 8-14-73, SA J. Robert Pearce, polygraph operator, our Philadelphia Division, telephonically contacted Section Chief Long to advise that the continuing polygraph interview of Jerome Benjamin Wolff at Baltimore was rescheduled for Thursday, 8-16-73, at Baltimore by United States Attorney (USA) George Beall. SA Pearce advised that this delay of continuing polygraph was brought about by the fact that the first polygraph examination afforded Wolff by SA Pearce at Baltimore on 8-11-73, stimulated the recollection of Wolff and he had further revelations to make before the USA, Baltimore. SA Pearce further advised that Assistant Attorney General (AAG) Henry E. Petersen, Criminal Division, was personally going to interview Wolff and he would possibly need the results of the first polygraph examination.

AAG Petersen was contacted by Section Chief Long and Mr. Petersen confirmed the fact that he would personally interview Wolff at Baltimore on 8-15-73, and would need the results of the first polygraph examination as conducted by SA Pearce. AAG Petersen requested that these results be afforded the top most security and be hand delivered to USA Beall at Baltimore this date.

SA Pearce was instructed to have these results hand delivered to the USA in Baltimore this afternoon and he stated he would handle this matter.

The investigation in this matter is being conducted by the Internal Revenue Service as this has been an ongoing tax matter for several months. The polygraph examination given by our Agent was at the specific request of AAG Petersen and approved by the Director.

The prosecutor's staff upholds bold tradition

By THEODORE W. HENDRICKS

The bold young idealists who work under George Beall at the United States attorney's office here are part of a tradition of tackling political corruption head-on.

They have gone after senators, congressmen and top political figures with an almost revolutionary fervor and a singleness of purpose eliciting national attention.

Last week, the investigation of corruption in Maryland politics reached the second highest office in the nation and rattled a Republican administration already much shaken.

Young prosecutors might be expected to be zealous in seeking strict enforcement of political corruption laws, but few federal districts in the nation have been as successful in gaining convictions under these statutes as the U.S. attorney's office in Maryland.

In recent years, the office has successfully developed cases against A. Gordon Boone, a former Democratic speaker of the House of Delegates; Thomas F. Johnson, a former Eastern Shore Democratic congressman, and Daniel B. Brewster, former Democratic United States senator.

Some find an intriguing irony in the fact that Mr. Beall, a Republican, is in charge of the investigation. He is a member of a notable Maryland GOP family—brother J. Glenn Beall, Jr., is a senator and their late father, J. Glenn Beall also was a senator.

The key to the success which the U.S. attorney's office here has enjoyed appears to result from a clear recognition among those who work there that the federal statutes are strong in the area of political corruption and a strong sense of responsibility, indeed an eagerness, to prosecute violators. Consider the characteristics of this office:

• Young men who work in the

tional corruption in the political system. Native Marylanders, and Baltimoreans, some of them grew up close to state's political system.

Each case brought by former Senator Joseph D. Tydings, a Democrat, when he was a federal prosecutor here, by Stephen H. Sachs, a Democrat, during his term as Maryland's U.S. attorney and by Mr. Beall, has dealt with crimes long condoned.

As these prosecutors tried to say again and again, the old way of conducting political business will be sharply questioned under the criminal statutes and no office holder will be immune from prosecution.

Politicians who accept cash and assert they are getting legal fees should be prepared to explain this fully. The collection of money for political expenses is already under FBI scrutiny in numerous cases.

Grief in political circles

Transfer of money that can be prosecuted as a bribery case is another matter that has caused grief in political circles.

Although Mr. Beall might have chosen any number of young men in his office to begin a new probe of political corruption in December, 1972, he admits that he was fortunate to persuade Barnet D. Skolnik, a Democrat, to return to the office and take charge of the probe.

Mr. Sholnik, 33, is a 1962 cum laude graduate of Harvard College and a 1965 graduate of Harvard Law School. While at the law school, he joined a student group to represent indigent defendants in Boston law courts.

After serving in the Justice Department, Mr. Skolnik was persuaded to join the Baltimore federal prosecutor's office under Mr. Sachs.

As one of his first cases, he assisted Mr. Sachs in the retrial of former Representative Johnson. But the next major case caused him a crisis of conscience that almost ended his career as a prosecutor.

Mr. Sachs wanted Mr. Skolnik to join him in the prosecution of the famous "Catonsville Nine," charged with burning draft records in Catonsville.

According to Mr. Skolnik, he considered the Vietnam war "obscene" and supported at least some types of protest.

But he was finally persuaded to join in the prosecution by Mr. Sachs, who pleaded that such a protest should have a full airing before the courts and the defendants should be allowed to have their say.

Mr. Sachs later developed the same idea in his often-quoted final argument in the case, in which he insisted that protesters must consider the risk because most people are convinced that civil order must continue to exist.

By twist of fate—probably to be attributed to his legal ability—Mr. Sachs is now representing a key figure in the current probe.

Mr. Sachs represents William B. Fornoff, a Democrat, former administrative officer in Baltimore county who has pleaded guilty to a negotiated tax charge and is providing important state's evidence.

Other former members of the federal prosecuting team have also emerged as attorneys for persons under fire.

Prince Georges bribery case

These include Arnold M. Weiner, Benjamin R. Civiletti, Norman P. Ramsey, Joseph H. H. Kaplan, and many others.

Mr. Skolnik later led the prosecution of Jessie S. Baggett, a Democrat, former Prince Georges county commissioner, and Ralph D. Rocks, a contractor, on bribery charges.

Mr. Skolnik also handled the prosecution of former Representative John Dowdy, a Texas Democrat. Mr. Dowdy has appealed his conviction on bribery charges.

After these prosecutions, Mr. Skolnik left the United States attorney's office to join the presidential campaign of Senator Edmund S. Muskie (D., Maine). He rejoined the office under Mr. Beall in September, 1972.

Also included in the prosecuting team is Russell T. Baker, Jr., 31, a 1960 graduate of the Gilman School and a magna cum laude graduate in 1969 of Harvard Law School who spent his honeymoon with the Peace Corps in Ethiopia.

Mr. Baker has gained a reputation as

BA 58-483
PH 58-641

a vigorous questioner of witnesses taken before the grand jury in the current probe. Witnesses have complained that this view that contractors should not make political contributions for favors would make "the system become unstuck."

Mr. Baker is the son of a Baltimore real estate developer. He spent a year as a law clerk for Chief Justice Warren E. Burger before joining the prosecutor's office in 1971.

Mr. Baker was also a law clerk for Circuit Court Judge Harrison L. Winter after his graduation from law school.

The youngest member of the team concerned with the current probe is Ronald S. Liebman, 29, a 1969 graduate of the University of Maryland Law School and a former law clerk to Judge R. Dorsey Watkins, the former chief judge of the Federal Court in Baltimore.

Refused to allow signing

Mr. Beal began his prosecuting career in 1970 amid a landmark controversy which involved attempts to bring corruption charges against Victor Frenkil, head of Baltimore Contractors, Inc.; Senator Russell B. Long (D., La.), and former Representative Hale Boggs (D., La.).

Although the case had been developed by Mr. Beall's predecessor, the new prosecutor agreed that the charges should be brought out of the special federal grand jury.

However, John N. Mitchell, then United States Attorney General and Mr. Beall's boss, refused to allow the indictment to be signed by the federal prosecutor and the matter died.

Despite this setback, Mr. Beall vowed to continue the tradition of investigating the old-time ways of conducting political business and attempt to purge the political system through the best traditions of American law.

Mr. Beall has consistently refused to discuss the outlines of the current probe or well aware of the furor that he is causing in political circles.

For the expressions of surprise and outrage that follow and the dramatic revelations that attend the unraveling of a probe into political corruption, Mr. Beall had one comment.

"It's the tradition here," he said.

In Agnew Land, Corruption Is Rife

By SAUL FRIEDMAN

TOWSON, Md.—An abundance of architectural and engineering firms cluster around the courthouse of this suburban bedroom community.

Towson, the seat of Baltimore County, stretches from the Chesapeake Bay to the Pennsylvania border. And in the last 20 years, its population, budget, and need for roads, bridges, and public buildings have nearly tripled.

With such growth, architects and engineers have found great opportunities for work. And along with the work, which is dispensed by public officials, has sometimes come corruption.

Employes for at least 15 of these firms, and others in and around Baltimore city, have provided federal investigators and a grand jury with details of how the pattern of corruption has worked.

They described a pattern of payoffs to public officials—Democrats, Republicans and nonpartisans—that was almost like paying due in return for a share of the contracts.

The pattern of payoffs became so widespread that a federal prosecutor told Knight Newspapers in June: "It's been a way of life . . . a regular part of doing business."

That way of life, according to information recently supplied to investigators, may now have involved Vice President Spiro T. Agnew, who began in Baltimore County politics as a member of its zoning appeals board, then went on to become county executive and governor of Maryland.

Agnew has firmly insisted on his innocence. But one and possibly two of his close associates in Baltimore County

have been giving damaging information to investigators.

And U. S. Attorney George Beall of Baltimore has notified Agnew that he is under investigation for possible violations of conspiracy, tax fraud, extortion, and bribery statutes.

A former federal prosecutor says it has long been common knowledge in Baltimore County and surrounding areas that kickbacks were part of the contracting business.

"Some of the people who paid really believed there was nothing wrong—that expenses to help public officials operate their offices, or campaign contributions, were legal," he said.

One of the prosecutors currently involved in the investigation scoffed recently at the possibility that contractors believed the payments were innocent.

For by that time, U. S. Internal Revenue Service investigators and witnesses had given him information that the payoffs had gone to "all levels" in Maryland government, including officials who did not have to run for roffice, and in years when there were no election campaigns.

The investigation turned to something more solid than industry gossip last December when one consulting engineer outlined to investigators how money was set aside for payoffs.

The payoff money was hidden in the books of firms as business expenses, loan payments, or bonuses to employes.

That information smacked of possible tax fraud, and a team of IRS agents, which now numbers more than 20, began combing through the accounts of consulting engineers and architects.

Consulting engineers and architects were particularly vulnerable to payoff demands from public officials. Because they provide "professional services," they are usually hired through negotiation, without competitive bidding

And the architect or the public official for whose department the work is being done, usually appoints the engineers—mechanical, electrical, civil, or structural—as the consultant in the design of a struture.

The grand jury has information indicating that consultants were obliged to kick back a set percentage of their profit on each contract.

And investigators also have information that consultants and other contractors joined in payoffs unconnected with specific contracts, but in order to have assurances that they would be hired as engineers and subcontractors when their turn came.

Armed with figures from the contractors' books, IRS agents and prosecutors got admissions from accountants and employes that some of the business expenses, loan payments and bonuses were phony.

Employes said they never received the Christmas bonuses shown on the books, or that they were required to return them to employers.

At first, the investigation focused on the current Baltimore County executive, Dale Anderson, a Democrat. Anderson's nonpartisan, career administrative officer, William Fornoff, decided to cooperate with prosecutors in return for leniency.

Fornoff pleaded guilty to a relatively minor tax charge on June 4. He admitted that he had been a conduit for the payoffs to "another county official," presumably Anderson.

Fornoff went further, it was learned, and named other contractors in on the payoffs. That information, plus testimony from employes, and figures turned up by the IRS, focused attentio non the heads of leading consulting firms—including several who are close to Agnew — Lester Matz and John Childs, of Matz, Childs & Associates, and Jerome B. Wolff, a former Agnew aide who quit the Vice President's office to become president of Greiner Environmental Systems Inc.

Maryland has a strong county government system outside cities like Baltimore. In his bailiwick, the county executive is very powerful. He runs the police, public works, permits and licenses, and traffic engineering departments, among others.

As the county prospered and public as well as private construction boomed, Agnew gathered around him Democrats and Republicans, political and business associates,

PH 58-641

especially among consulting engineering firms, contractors and real estate promoters. Their wealth grew during Agnew's administration.

They included Wolff, Matz Childs and J. Walter Jones, who quickly became wealthy in real estate ventures, and I. H. (Bud) Hammerman, a mortgage banker.

They and other contractors and real estate promoters became Agnew's biggest boosters when he ran for governor in 1966 and won because Democrats declined to support their candidate.

They helped raise money for his gubernatorial campaign, and, according to the Baltimore Sun, they helped finance a political fund—called the "Executive Assembly"—that Agnew used for political expenses when he was governor.

Although many members ostensibly are Democrats, they have continued to contribute to Agnew in his national campaigns.

After Agnew became governor, the Baltimore County consultants figured in large state contracts, like the new Chesapeake Bay Bridge, which ended up costing $60 million above the original $70 million estimate, and the proposed Baltimore Harbor bridge, both designed by the parent company of Wolff's firm.

On Friday, the General Services Administration, which supervises the construction and operation of government buildings, issued a report indicating that Baltimore County firms have been getting a greater share of federal business since 1969.

Wolff's firm, which is only about two years old, was retained earlier this year as a subcontractor for an old-line Baltimore city firm to do an environmental statement on a building project for a fee of $158,243.

Matz, Childs, beginning in 1970, has been hired as a subcontractor - consultant for three jobs totalling $89,000. In addition, the firm got (not through GSA) a Washington subway contract worth $663,000

Jones, Matz, Childs, and Agnew were partners in a 1966 land purchase near the site of the Chesapeake Bay Bridge (Agnew withdrew after it became publicly known). Jones has prospered in industrial park, shopping center, apartment complex and government building developments.

Last year Jones was chairman of the Maryland Finance Committee to Re-elect the President.

The leaders of the state's Democrats for Nixon-Agnew were W. Dale Hess, who is close to Democratic Gov. Marvin Mandel, and Harry W. Rodgers 3d.

Within the last two years, Hess and Rodgers, executives in an insurance company, purchased one of Baltimore County's leading consulting firms—a prime contractor in many state projects.

This re-interview was scheduled for Thursday, 8/16/73 and was canceled by AAG Petersen in view of developments as discovered by the interview of Wolff by AAG Petersen at Baltimore on 8/15/73.

SA J. Robert Pearce advised that the above information was given to him by U. S. Attorney (USA) George Beall and USA Beall advised that AAG Petersen was extremely pleased with the FBI participation in the polygraph examination. USA Beall further advised that it could possibly be two weeks before the re-scheduled polygraph interview of Wolff.

SA Pearce advised that he is proceeding to Knoxville for a polygraph examination on a Bureau case but he will, however, be on a standby basis in the event that USA Beall requests his presence in Baltimore.

The investigation in this matter is being conducted by the Internal Revenue Service as this has been an ongoing tax matter for several months. The polygraph examination given by our Agent was at the specific request of AAG Petersen and approved by the Director.

BALTIMORE COUNTY, MARYLAND
SPIRO T. AGNEW, VICE PRESIDENT
INFORMATION CONCERNING

This is to set forth an analysis of an 8/27/73 article by Bill Richards appearing in "The Washington Post" (attached) captioned "Witness Said to Pass Lie Test." Much of the data in the article has not been available to the Bureau or its personnel and in other instances statements in the article appear to have been made by persons not familiar with FBI terminology and policy.

On 8/11 and 12/73 SA J. Robert Pearce of our Philadelphia office, at the request of the Attorney General, Assistant Attorney General Petersen, and U. S. Attorney Beall, Baltimore, appeared in Baltimore and asked Jerome Wolff and Lester Matz a series of questions using the polygraph technique. The following observations are made with respect to various comments appearing in the attached article.

1. The article states a key Government witness in the special Federal investigation of Vice President Spiro T. Agnew passed an FBI lie detector test.

In the use of a polygraph it has been long standing FBI policy that our operators do not make an absolute judgment that a person passed or failed to pass the examination. Our operators must qualify their conclusions to the effect that there was or was no indication of deception on the part of the person afforded the examination. In addition, within the Bureau we refer to it as a polygraph and not a lie detector.

2. The article states that the FBI polygraph test showed that Agnew associate Jerome Wolff was telling the truth.

ENCLOSURE

SA Pearce, who afforded Wolff the polygraph examination, states he asked Wolff a series of questions which enabled Wolff to refresh his recollection as to information not previously furnished to the Government prosecutors. At this point SA Pearce left the

room and the questioning of Wolff was continued by U. S. Attorney Beall and his assistant, Liebman. Details of the questioning of Wolff and new admissions are unknown to SA Pearce. It should be noted that Wolff was represented by counsel and that counsel was in on the questioning.

3. This article, based on a "Time" magazine story, reports that U. S. Attorney Beall had asked other prospective witnesses to take similar tests.

The initial request to our Baltimore office on 8/9/73 by Beall was to have SA Pearce afford at least two and possibly four persons* a polygraph examination on the morning of 8/10/73. Other than this, the Bureau has no knowledge of Beall's plans for affording other persons the polygraph. As previously indicated, Pearce afforded only two persons, Wolff and Matz, the examination on 8/11 and 12/73. * IDENTITIES NOT DISCLOSED TO FBI.

4. The article continues that "Time" reported that Federal investigators had obtained a diary from Wolff showing payoffs in 1967 and 1968 that were reportedly turned over to Agnew and that sources contacted by "The Washington Post" have confirmed the existence of a businessman's date book, which listed dates of meetings with Agnew.

The Bureau has no knowledge of the existence of a diary or businessman's date book. It is noted, however, that an article appearing in the "Evening Star" 8/20/73 carries a comment that "The New York Daily News" said yesterday that Beall reportedly has obtained a diary listing political kickbacks. The News in a story citing unnamed authoritative sources said the diary was kept by former Agnew Aide Jerome Wolff. A UPI release on 8/19/73 states that U. S. Attorney Beall has obtained a diary kept by Jerome Wolff, former Aide to Vice President Agnew listing under-the-table kickbacks to Maryland political figures by contractors and consultants while Agnew was Governor of that State in 1967 and 1968, the New York Daily News reported Sunday.

5. The article states that Wolff could not be reached last night for comment and that both the FBI and the U. S. Attorney's office refused to comment on the magazine's report.

On the evening of 8/26/73 Inspector J. E. Herington, Press Office, received a call from Bill Richards of "The Washington Post" concerning the "Time" article. Herington advised Richards he had not seen the "Time" article and had no comment.

6. The article states that Wolff was asked to take the lie detector test after a visit to Baltimore ten days ago by Assistant Attorney General Henry E. Petersen.

The Bureau has no knowledge as to when Wolff was requested to take the polygraph examination. Assistant Attorney General Petersen advised Section Chief Long that he would personally interview Wolff at Baltimore on 8/15/73 and would need the results of the polygraph examination as conducted by Pearce* Other than this we have no knowledge that Petersen had spent two days with Beall reviewing the case against Agnew and that he had questioned witnesses in this case. *NOT FURNISHED TO HIM BY F.B.I..

7. The article states it was learned yesterday that Paul Gaudreau, President of a Baltimore architecture firm who had been granted immunity, had been asked to take the lie detector test.

We have no knowledge concerning this comment.

8. The article states it was not known whether Lester Matz, the Baltimore engineering consultant, who has been given immunity, has been asked to take a similar test.

As previously indicated, Matz was afforded a polygraph examination by SA Pearce on 8/12/73.

9. The article points out that during his visit to Baltimore, Petersen went over much of the material that Beall and his investigators have gathered in their nine month investigation into corruption in Baltimore County.

The Bureau has absolutely no knowledge concerning this comment.

10. According to the article Petersen also questioned Matz about his allegations that he personally gave money to Agnew.

We have no knowledge concerning this remark.

11. According to the article, sources have said that Matz has told investigators that he turned over $2,500 to Agnew.

We have no knowledge with reference to this comment. It is noted, however, during the polygraph examination of Matz by SA Pearce on 8/12/73 he was asked the question [redacted] b7E

OBSERVATIONS

The FBI, other than affording the two polygraph examinations noted herein, has conducted no investigation in this matter and has not come into possession of the details of the investigation which has been conducted by the Internal Revenue Service in conjunction with the U. S. Attorney's Office in Baltimore, Maryland. It is quite conceivable that leaks reported by the press may be attributed to the various witnesses and/or their attorneys. Witness Said to Pass Lie Test

By Bill Richards
Washington Post Staff Writer

A key government witness in the special federal investigation of Vice President Spiro T. Agnew passed an FBI lie detector test concerning his charges that he had passed to Agnew money extorted from Maryland engineering and architectural consultants, according to Time magazine.

The FBI polygraph test, which usually is not considered admissible evidence in court, showed that Agnew associate Jerome Wolff was telling the truth when he told federal investigators he passed money extorted from consultants directly to Agnew when he was Maryland governor, the magazine reports.

Time also said that U.S. Attorney George Beall had asked other prospective witnesses in the Baltimore investigation to take similar tests.

The magazine also reported that federal investigators had obtained a diary from Wolff showing payoffs in 1967 and 1968 that were purportedly turned over to Agnew.

Sources contacted by The Washington Post have confirmed the existence of a businessman's datebook, which listed dates of meetings with Agnew. The sources could not say, however, whether the datebook contained any information other than a list of meeting dates.

JEROME WOLFF
. . . former Agnew aide

Wolff was Agnew's appointed chairman of the Maryland State Roads Commission during that time and was responsible for approving all consulting contracts for state roads.

Woff subsequently became president of Greiner Environmental Systems, Inc., one of Maryland's largest consulting firms. The same prosecution team probing the Agnew allegations last week secured a 39-count grand jury indictment for bribery and extortion against Dale Anderson, the county executive of Baltimore County. One of the eight consulting firms listed in the indictment as giving kickbacks to Anderson is Greiner Environmental Systems, Inc.

Wolff could not be reached last night for comment, and both the FBI and the U.S. attorney's office refused to comment on the magazine's report.

Wolff was asked to take the lie detector test, Time said, after a visit to Baltimore 10 days ago by Assistant U.S. Attorney General Henry E. Petersen. Petersen spent two days reviewing the case against Agnew with Beall and questioned at least one of the three government witnesses who have been granted limited immunity.

Attorney General Elliot L. Richardson has said he will make the final decision on whether to seek an indictment from the federal grand jury against Agnew.

It was learned yesterday that Paul Gaudreau, president of a Baltimore architecture firm who has been granted immunity, has not been asked to take a lie detector test.

It is not known whether Lester Matz, a Baltimore engineering consultant who has also been given immunity, has been asked to take a similar test.

During his visit to Baltimore, Petersen went over much of the material that Beall and his investigators have gathered in their nine-month investigation into cor-

ruption in Baltimore County. Agnew served as Baltimore County executive from 1963 to 1967, and as Maryland governor from 1967 to 1969.

Petersen also questioned Matz about his allegations that he personally gave money to Agnew. Sources have said that Matz has told investigators that he turned over $2,500 to Agnew.

Agnew has vehemently denied that he accepted kickbacks from consultants for state or federal work, calling the allegations "damned lies."

It is not known whether Petersen also spoke with Wolff and Gaudreau, but both of the consultants have been cooperating fully with the investigators.

Lie detector tests are not ordinarily allowed as courtroom evidence during a trial unless both sides agree to their presentation. However, the same rules do not apply to a grand jury, where no judge sits and the ground rules for evidence are considerably looser.

If Richardson approves, the federal prosecutors are expected to begin presenting their case against Agnew to the grand jury after Labor Day.

Communications directed to the Attorney General and Mr. Donald C. Alexander, Commissioner, Internal Revenue Service (IRS), were dated August 9, 1973, and were for the purpose of summarizing the FBI's efforts to determine if there was any FBI responsibility with respect to the possible Federal violations. It was pointed out in these communications that the FBI stands ready and able to be of assistance to the IRS in conducting any investigation relative to matters normally within the FBI's investigative jurisdiction, which may be uncovered during the tax investigation being conducted by IRS. The original and one copy of these communications were sent to the Attorney General and Mr. Alexander. One carbon copy of the communication to the Attorney General was forwarded to the Deputy Attorney General, and one copy was forwarded to the AAG, Criminal Division. It is presumed that these communications are presently in possession of the indicated officials within the Department of Justice and IRS.

A copy of each of these communications is maintained in the FBIHQ file and tickler copies are maintained by Assistant Director Robert E. Gebhardt and Supervisor [redacted] These copies are being afforded maximum security and access has been restricted to them on a need to know basis only.

FROM : Director, FBI

SUBJECT: DALE ANDERSON, COUNTY
EXECUTIVE, BALTIMORE COUNTY
MARYLAND
SPIRO T. AGNEW, VICE PRESIDENT
INFORMATION CONCERNING

In accordance with your request, I am setting forth a chronology of FBI participation in this matter, as well as individuals who reviewed pertinent documents, and the security provided these documents.

Who called Skolnik? What precipitated the call?

On August 7, 1973, Assistant United States Attorney (AUSA) Barnet D. Skolnik, Baltimore, Maryland, advised our Baltimore Office that the Internal Revenue Service (IRS) has been conducting an investigation for several months concerning alleged corruption, kickbacks and income tax matters by Baltimore County officials. Skolnik further stated this is a continuing investigation by IRS and was very reluctant to discuss the matter in detail. The inquiry was made of Mr. Skolnik by our Baltimore Office in order to ascertain if FBI had jurisdiction.

Who did Beall talk to?

On August 8, 1973, United States Attorney (USA) George Beall, Baltimore, advised our Baltimore Office that investigation was being conducted by IRS involving prominent political figures in the Baltimore area and in which Vice President Spiro T. Agnew has been mentioned. USA Beall advised investigation is basically an IRS matter; however, other possible Federal violations have been developed including the Bribery statute. USA Beall did not believe it to be logical for the FBI to become involved and pointed out the investigation is still basically an income tax matter.

Who did Keeney call?

On August 8, 1973, Deputy Assistant Attorney General John Keeney, Criminal Division of the Department of Justice, advised he conferred with Assistant Attorney General Henry E. Petersen, Criminal Division, and Mr. Petersen stated this is strictly an IRS matter, the IRS has been

investigating this for months and the bribery evolving from this should be handled by IRS. Mr. Petersen suggested that liaison should be established with USA Beall and this was done. Mr. Keeney further stated that Mr. Petersen advised he is not requesting any FBI investigation in this matter at this time.

who was liaison?

Communications were prepared and transmitted to the Attorney General and Mr. Petersen, as well as Donald C. Alexander, Commissioner of IRS, regarding these conversations.

What were these communications? Where are originals and copies

On August 10, 1973, Assistant Special Agent in Charge (ASAC) Edward F. Foley, Baltimore Office, advised USA Beall contacted him and stated that Attorney General Richardson and Mr. Petersen contacted him (USA Beall) on the night of August 9, 1973, and requested the use of an FBI polygraph operator in interviewing at least two persons and possibly four persons on the morning of August 10, 1973, in Baltimore. Attorney General Richardson and Mr. Petersen, according to USA Beall, not only gave their authority, but Mr. Petersen specifically suggested Special Agent J. Robert Pearce, of our Philadelphia Office who is a qualified polygraph operator, to conduct the necessary interviews. ASAC Foley was instructed to comply with USA Beall's request and to make the necessary arrangements for the arrival of Special Agent Pearce.

The polygraph examination was given to Lester Matz and Jerome Benjamin Wolff at Baltimore on August 11-12, 1973, by our polygraph operator, Special Agent Pearce. Special Agent Pearce, on August 12, 1973, synopsized the results of the polygraph interviews and reported this in teletype form. The teletype was hand delivered in a sealed envelope to the Bureau on August 12, 1973. The teletype was prepared at Baltimore and was reviewed by Supervisor [redacted] and ASAC Edward F. Foley at that time, and later was reviewed by Special Agent in Charge (SAC) Thomas Farrow. The teletype was also reviewed by case Agent [redacted] at Baltimore, and he personally hand delivered this in a sealed envelope to the Bureau.

what is this?

was clerical assistance required?

b6
b7C

At FBI Headquarters, this envelope was personally opened by Section Chief Richard E. Long and the teletype was reviewed by Section Chief Long, Supervisor [redacted] Assistant Director Robert E. Gebhardt, Associate Director Nicholas P. Callahan and Mr. Kelley. This teletype was subsequently reviewed by Wayne A. Frankenfield, Number One Man,

Accounting and Fraud Section. This summary teletype was delivered from the Director's Office personally to Assistant Director Gebhardt and then to Section Chief Long. This teletype is presently stored under locked conditions, only accessible to Supervisor [redacted] and Section Chief Long.

Who? Who else in Phil. was involved.

On August 13, 1973, Special Agent Pearce of our Philadelphia Office, prepared a comprehensive memorandum of the results of the polygraph examination and this memorandum was typed by a stenographer of our Philadelphia Office. The memorandum was reviewed by polygraph examiner, Special Agent Pearce, and SAC William A. Sullivan. All Philadelphia copies of this memorandum are maintained in the safe of SAC Sullivan. How many? what control of them?

How many? Copies of this comprehensive memorandum were hand delivered to ASAC Edward F. Foley of our Baltimore Office on August 14, 1973, by FBI personnel. Case Agent [redacted] b6 b7C personally delivered a copy of this memorandum to USA Beall at 9:00 a.m., on August 15, 1973. This comprehensive memorandum was reviewed in our Baltimore Office by case Agent [redacted] Supervisor [redacted] ASAC Foley and subsequently by SAC Thomas Farrow. All copies of this memorandum designated for Baltimore are maintained in the SAC's safe in Baltimore. How many? what control?

This comprehensive memorandum was received at the Bureau and has been reviewed by Supervisor [redacted] Section Chief Richard E. Long and Assistant Director Robert E. Gebhardt. The Bureau's copies are maintained under locked conditions only accessible to Supervisor [redacted] and Section Chief Long. It is noted that a copy of a comprehensive memorandum such as this is usually provided to our FBI Laboratory; however, in this instance, the Laboratory copy is maintained by the Accounting and Fraud Section.

We are continuing to maintain these documents in the utmost secure conditions.

INQUIRY INTO ALLEGATIONS OF
IMPROPER RELEASE OF INFORMATION

This is in reply to your communication of August 27, 1973, requesting lists of personnel who have had responsibilities in connection with the Department's and Internal Revenue Service's (IRS) investigation of Vice President Agnew and other personnel who may have become privy to information developed in that investigation.

The FBI has made no inquries with regard to the Vice President Agnew investigation by the Department and IRS, and has received no requests for any such investigation. We have not been furnished any such information resulting from this investigation and have not become privy to any such material. The only action by the FBI was to afford polygraph examinations to Messrs. Jerome Benjamin Wolff and Lester Matz in Baltimore, Maryland, on August 11 and 12, 1973, by Special Agent (SA) J. Robert Pearce of the Philadelphia FBI office at the request of U. S. Attorney (USA) George Beall, Baltimore; the Attorney General, and Assistant Attorney General Henry E. Petersen.

Preparatory to conducting the polygraph examinations on August 11, 1973, USA Beall and Assistant U. S. Attorney (AUSA) Ronald S. Liebman furnished certain details concerning this investigation to SA Pearce to enable him to conduct meaningful polygraph examinations. The results of the polygraph examinations were received at FBIHQ in two separate communications: a summary teletype dated August 12, 1973, and a comprehensive memorandum dated August 13, 1973, both prepared by SA Pearce.

In responding to your request of August 27, 1973, we are limiting our comments to personnel who had responsibilities in connection with the polygraph examinations, and the preparation of and approval of communications setting forth the results of these examinations. In addition, we are identifying those Bureau employees who may have become privy to information developed during the polygraph examinations.

INFORMATION CONCERNING

At his request I met with Mr. Glen Pommerening, Acting Assistant Attorney General for Administration, Department of Justice, in his office at 2:30 PM, 8/28/73. Also present were his Assistant, Mr. O. T. Berkman, a member of his staff, [redacted], and Mr. [redacted] representing DEA. Mr. Pommerening advised he has received the names of all individuals involved having knowledge of this matter from the Attorney General's Office, IRS, and was expecting later today the full list from AAG Petersen of the Criminal Division and from the U.S. Attorney's Office in Baltimore.

Mr. [redacted] is compiling the full list of individuals to be interviewed and is identifying the scope of the interrogation of those individuals. To handle the interviews Mr. Pommerening advised he would prefer to have an interviewing team made up of one member of his staff and one professional law enforcement officer, which would be supplied by the FBI and the Drug Enforcement Administration. Mr. Pommerening stated there would probably be in the neighborhood of 55 interviews to be conducted initially. In that regard he requested the FBI to furnish five Special Agents to assist on the interviewing teams. He requested that they report for briefing at 11:00 AM today, which briefing time was later changed to 4:00 PM.

b6
b7C

With your concurrence SAC McDermott, WFO, was requested to furnish five mature, experienced WFO Agents who will report to me at 3:45 PM today and I will attend the briefing along with them at the Department. SAC McDermott furnished the following five Special Agents for this assignment: [redacted], John Paul Loomis, and Malcolm G. Mueller.

DATE: October 4, 1973

FROM : Elliot L. Richardson
Attorney General

SUBJECT: Press Inquiries Into the Investigation of Allegations Regarding the Vice President

In a motion and affidavit filed Friday, September 28, 1973, by the Vice President's lawyers, the Department of Justice was accused of conducting "a steady campaign of statements to the press" for the purpose of prejudicing petit or grand jury hearings. I have stated for the record that there is no basis for this assertion.

To be sure that I can continue to give this assurance to all who ask, I am restating my policy concerning press inquiries in this investigation.

No Department employee should answer any press inquiries regarding the Agnew investigation, with the sole exception of official Department responses from the Attorney General or the Public Information Office. This directive applies to questions that are hypothetical, procedural, or substantive in nature.

I want to emphasize, however, that this directive should not be interpreted as an attempt to restrict access of newsmen to officials of the Department. Telephone calls and requests for interviews regarding other Department activities should be responded to in accordance with existing departmental regulations. However, should any question be raised concerning the investigation of the Vice President, I direct you to refer it to the Public Information Office for resolution.

AUG 23 1973

DRAFT
8/23/73

Dear Mr. Vice President:

Thank you for your letter of August 21. I share fully your dismay at the media speculation about the scope and nature of the investigation being conducted by the United States Attorney in Baltimore. Enclosed is a copy of a statement I made on this subject after your press conference on Tuesday.

[I was personally extremely distressed by the Time magazine story to which you referred. Immediately upon learning of the story, I called the Managing Editor of Time to see if he could give me additional information about the so-called "Justice Department sources," without seriously jeopardizing reporters' confidences.]

As you know, a considerable number of people in and out of government are aware of some details of the investigation, since the outlines of the investigation are now known to a number of potential defendants and their lawyers, as well as to select members of my, your, and the White House staff and

ST 8211-24

to certain investigative personnel of the Internal Revenue Service. There seems no fully effective means to stop the cynical, speculative chain reaction of rumor and hypothesis that has been all too evident in recent weeks. We can, however, continue to assure ourselves that those in our employ ~~who have some familiarity with the investigation~~ behave with extraordinary circumspection. This has been my continual instruction to employees of the Department of Justice.

In addition to efforts already under way to try to determine if the Department has been the source of past leaks in this matter, today I have asked the Acting Assistant Attorney General for Administration, who has had no prior involvement in this investigation, to launch a systematic inquiry using any and all departmental resources he sees fit. I have also directed Chief Kelley to cooperate by making available FBI personnel to assist in the inquiry as needed.

I believe ~~that~~ it is in everyone's interest that ~~statements that have been~~ matters recently garbled in the media be clarified. ~~First,~~ As I believe you are aware, the product of the on-going investigation referred to by United States Attorney Beall in his letter to you of August 1 has not yet been taken before a grand jury. Thus, the unfair publicity, that you and I equally deplore, does not consist of leaks of a grand jury proceeding. Leaks of grand jury proceedings are, of course, subject to criminal sanction; but leaks at prior stages of an investigation are not. If any of the leaks in question are from Department of Justice personnel, departmental regulations will apply. They state as follows:

> "At no time shall personnel of the Department of Justice furnish any statement or information for the purpose of influencing the outcome of a defendant's trial, nor shall personnel of the Department furnish any statement or information, which could reasonably be expected to be disseminated by means of public

communication, if such a statement or information may reasonably be expected to influence the outcome of a pending or future trial." Departmental regulations provide a range of administrative sanctions up to and including dismissal.

United States Attorney Beall and I appreciate your past and present offers of cooperation in the investigation. Certainly you should and will be given an opportunity to tell the prosecution all that you wish.

Let me assure you that, as I stated last Sunday and have indicated again this week, I am taking every reasonable step in an attempt to ensure the integrity of the investigative process and to prevent any unfair publicity that may stem from Justice Department sources. Hopefully, other sources will be restrained by the sense of decency and propriety which the present circumstance so obviously demands,

With kindest regards,

Sincerely,

ELR

[redacted] The Jefferson Building, Towson, Maryland, furnished the following information on August 30, 1973, which he believed was relevant to the Department of Justice leak concerning criminal allegations against Spiro T. Agnew.

On August 13, 1973, [redacted] was telephonically contacted by Assistant United States Attorney Ronald Leibman of the office of George Beall, United States Attorney, Baltimore, Maryland. As soon as Leibman identified himself, he asked [redacted] "Do you have a criminal attorney?" [redacted] replied in the negative adding that his brother, [redacted] who is a practicing attorney, has offices across the hall in the Jefferson Building. Leibman responded stating, "I advise you to get a criminal attorney and quick." [redacted] then asked the nature of the problem and was advised by Leibman that it concerned the allegations of kickbacks from consulting firms to Maryland politicians including Spiro T. Agnew. b6 b7C

Within twenty-four hours from [redacted] conversation with Assistant United States Attorney Leibman, [redacted] was telephonically contacted by persons with the Columbia Broadcasting System, Newsweek and the Washington Star-News. [redacted] believed the persons from the news media must have received his name from Assistant United States Attorney Leibman, since it was the first contact [redacted] had with any officials regarding this investigation. [redacted] emphasized the fact that he had not appeared at the United States Attorney's Office, but had only the telephone conversation.

[redacted] expressed concern in the use of the above information as he feared Assistant United States Attorney Leibman may consider some retaliatory measures.

Deputy Assistant Attorney General, Criminal Division. Mr. Keeney advised me that this was also the desire of Mr. Henry Petersen, Assistant Attorney General, Criminal Division, that is to say, the investigation regarding Vice President Agnew is an Internal Revenue Service matter and no investigation is requested of the FBI.

A few days later, exact date unrecalled, Assistant Special Agent in Charge Edward F. Foley of our Baltimore office, contacted me to advise that U. S. Attorney Beall requested that the FBI give polygraph examinations to several indviduals regarding an Internal Revenue Service investigation, and this is going to be done with the complete concurrence and express desires of the Attorney General and Assistant Attorney General Petersen. Subsequent arrangements were made to have Special Agent Pearce of our Philadelphia office report to Baltimore to afford a polygraph examination.

A summary of the polygraph examination was hand carried from Baltimore to FBI Headquarters and personally opened by me. This summary was subsequently reviewed by Special Agent Wayne A. Frankenfield, Supervisor [redacted] Assistant Director Robert E. Gebhardt, and Associate Director Nicholas P. Callahan, and was given to the Secretary to Director Kelley. As far as my knowledge is concerned, these are the only individuals who reviewed this document. Concerning the details of the polygraph examination, this was hand carried from philadelphia to me and was reviewed by myself as well as Supervisor [redacted] and Assistant Director Gebhardt. The summary was delivered from Baltimore to the Extra Duty Supervisor in Division Six.

I personally instructed Special Agent Pearce in Philadelphia to have a copy of the comprehensive results of the polygraph examination delivered personally to U. S. Attorney Beall in Baltimore based upon instructions of Assistant Attorney General Petersen. The two documents are maintained in the utmost secure conditions in a locked file cabinet with keys only available to Supervisor [redacted] and myself. In my absence Mr. Frankenfield has access to these documents. To my knowledge the above enumerated individuals at FBIHQ were the only ones that had access to the results and to which any discussion may have taken place. b6 b7C

Sworn statement of Richard E. Long given at

on September 4, 1973 at [redacted].

The following are my answers to questions relevant to the investigation of news leaks relating to the Department of Justice investigation relating to Vice President Agnew.

1. Have you had any contact, conversation or communication with any member of the press or other news media relative to the investigation? NO

2. Do you know anyone who has had any contact, conversation or communication with any member of the press or other news media relative to the investigation? NO

3. Have you had any contact, conversation or communication with anyone outside the Department of Justice relative to this investigation? NO b6 b7C

4. Do you know anyone who has had any contact, conversation or communication with anyone outside the Department of Justice relative to this investigation? NO

5. Do you have any knowledge of any person in or out of the Department of Justice who may have been responsible for leaking to the press or other news media any information relative to this investigation? NO

IF THE ANSWER TO ANY OF THE FOREGOING IS "YES" GIVE THE DETAILS ON SEPARATE PAGES.

My further statement is as follows:

My first knowledge of any matter regarding an investigation of Vice President Agnew is what was recorded in the public news media. The article mentioned some aspect of bribery. Of course, bribery is a primary investigative responsibility of the FBI. Based upon this, instructions were given by me to Supervisor [redacted] to contact our Baltimore office to determine if the FBI should conduct any investigation. Information came back that the U. S. Attorney in Baltimore advised this is strictly an Internal Revenue Service matter and no investigation of the FBI was desired. This was also the finding of Mr. John C. Keeney,

Final Page

I reviewed the test results at the request of my Section Chief, Mr. Richard E. Long, on or about August 20, 1973. I assume that Mr. Long would also have made the test results available to Messrs. Kelley (Director, F.B.I.), Callahan (Assistant Director, Administrative Division) Gebhardt (Assistant Director, General Investigation Division) ane [redacted] (Chief, Fraud and Bribery Unit).

It is my understanding that the summary results were placed in a sealed envelope and hand-carried from Baltimore to Washington by SA [redacted] of the Baltimore office and given directly to Mr. Long. I believe that the comprehensive results came by registered mail and the envelope was marked to the effect that it was to be opened only by Mr. Long.

The polygraph tests were conducted by SA Pearce of the Philadelphia office of the FBI.

It is my understanding that a copy of the comprehensive test results was also hand-carried by an agent in Philadelphia to the FBI office in Wilmington, Delaware. Here it was turned over to another FBI agent who in turn hand-carried it to the FBI office in Baltimore, Md. and subsequently it was delivered to the office of the U.S. Attorney in Baltimore. I understand this procedure was used so as to assure that the test results would be available in Baltimore for review by Assistant Attorney General Henry Petersen.

IF THE ANSWER TO ANY OF THE FOREGOING IS "YES" GIVE THE DETAILS ON SEPARATE PAGES.

My further statement is as follows:

I am Wayne A. Frankenfield, Assistant Section Chief, Accounting and Frauds Section, General Investigative Divison, FBI.

I have had no WAF personel involvement in the investigation involving allegations against Vice President Agnew other than to review the results of two polygraph tests administered by the Federal Bureau of Investigation. To my knowledge (other than the agent administering the polygraph test S/A Pearce of the Philadelphia field office) no one in the FBI has had any involvement other than to review the results of these same tests.

Prior to this time, to my knowledge, no one in the FBI had any knowledge of the investigation and upon our contact with the United States Attorney's Office, it was ascertained that it was an investigation being conducted by the United States Attorney's Office and the Internal Revenue Service.

The only involvement in this case by the FBI was to conduct a polygraph examination of two individuals, which examination was at the specific request of Assistant Attorney General Petersen and the Attorney General.

I have reviewed the results of the polygraph examination, which were furnished in two communications prepared by SA J. Robert Pearce of the Philadelphia Office of the FBI. The first is a summary dated 8-12-73, and the second is a comprehensive memorandum dated 8-13-73. Both of these items were either hand carried to FBI Headquarters or sent by registered mail and were addressed to Section Chief Richard E. Long to be opened only by Long.

I have no knowledge of anyone furnishing any information to the news media regarding the polygraph examination and while there was a newspaper article appearing in the newspaper during the weekend of 8/25-26/73, it is doubtful that the information contained in the news article came from any FBI employee.

The leaks of information pertaining to this investigation were in operation long before the FBI's limited involvement in this matter and based on this, this would eliminate any FBI employee of leaking the information.

My first involvement in this matter was on the morning of 8-8-73, when I was instructed by Section Chief Richard E. Long to contact the Baltimore Office of the FBI to ascertain whether or not the FBI had any jurisdiction in the ongoing investigation involving Dale Anderson and also allegedly involving Vice President Agnew. This inquiry was based on information which had appeared in newspaper articles that there was a possible bribery violation involved and since the FBI has primary jurisdiction over bribery violations, our contact with the United States Attorney's Office was to ascertain if there was a violation within the FBI's jurisdiction.

September 7, 1973

Honorable Elliot Richardson
Attorney General of the U.S.
Department of Justice
Washington, D.C.

Dear Mr. Richardson:

On July 29, 1971, the then Ass't. Attorney General of the Internal Security Division, Robert Mardian, testified before the House Internal Security Committee, of which I am the ranking minority Member, on the issue of the Federal personnel security program at the Justice Department. This inquiry concerns aspects of that same program and its relationship to the recent leaking of polygraph results in the case of Mr. Jerome Wolff.

As you know, the question of security also involves the element of suitability, and it logically follows that the unauthorized disclosure of privileged information by a Justice Department employee raises questions as to his suitability and possible continued employment. In view of our Committee's jurisdiction in overseeing the Federal security program both at Justice and elsewhere, I would appreciate receiving the results of your investigation as to possible involvement of any Justice Department employee.

Secondly, the quality of polygraph techniques employed at the Justice Department is of interest to our Committee as it relates to the security program. Are proper polygraph procedures as required, for instance, by the Polygraph Command, U.S. Army Military Police School, Fort Gordon, Georgia, followed by Justice in its polygraph testing? In this regard, I would appreciate receiving the following information concerning polygraph techniques at Justice:

1. qualifications of the polygraph examiner or examiners who conduct the tests;

2. a detailed account of the test environment, polygraph procedures and technique utilized, to determine if all proper polygraph test criteria, including recognized intra-chart control procedure, are met;

58-8211-29

ENCLOSURE

3. the use of polygraph question sheets and time logs and data-analysis forms relating to the tests;

4. the use of polygraph charts with correlated tape recording coverage including the total minutes of chart time to allow post-examination synchronization of question zones with tracing reactions or lack of reactions recorded on the charts;

5. the qualifications of additional polygraph examiners who review the overall examination procedures, including information, question formulation and chart interpretation related to this test.

Because of the direct relationship of these questions to the Federal employee security program, your consideration of this request will be much appreciated.

Sincerely,

John M. Ashbrook

My further statement is as follows:

I am a GS-5 clerk checker working in recording and I first became aware of the investigation involving Vice-Pres. Agnew on approximately August 5 - 10 or the first or second week in August. I am not sure of this date. At this time I received approximately 25 pieces of mail, mainly in one envelope KM consisting of 3x5 cards [illegible] abstracts and cards. In handling these pieces of mail, which Miss [redacted] brought

to me. I prepare any abstracts of which consists an original and a carbon. which in turn once completed the original goes to Service Unit and the carbon copy goes to numbering. In doing a piece of ~~KIII~~ mail such as mentioned I take the file # already placed on the mail, the date, the writer or who it came from and the subject of the piece of mail. And place it on an abstract then I briefly skim the mail for things that could tell a person what the mail was about with out giving any pertinent information. As far as making cards I only go by what is indexed on the mail. which is done by a classifier who has seen the mail before I get it and determines whether or not a name should be indexed. After completing KM the necessary abstracts and cards I returned the mail to Miss [redacted]. I then took the abstracts and cards over to a special place in the unit where all abstracts and cards are collected before being date stamped with the date at which they were completed, after being stamped with the approate date the cards are then sent to General Index to be filed and the original abstracts are sent to Service Unit and the carbon copies of the abstracts are sent to Numbering Unit to be filed. I have no idea as to who handled them after sending them to these units. They did come to me in an envelope. b6 b7C

On the second occasion to which Miss [redacted] brought [illegible] them in an envelope and while I was doing the mail she stood by my desk and waited for them to be completed.

Final Page

The mail and cards + abstracts then again go through the same procedure as with the first pieces of mail.

It isn't normal procedure for Miss [redacted] to bring me any mail, but there have been occasions in the past where someone would wish to have a piece of mail completed in a little less time than otherwise where Miss [redacted] would might possibly bring me a piece of mail to be typed.

I have had no prior knowledge to the investigations and have discussed with no one any thing concerning this investigation.

My further statement is as follows:

I am a Special Agent Supervisor in Charge of some of the mail processing operations in the Records Section of the FBI. On or about 8-17-73, Special Agent Supervisor [redacted] gave me several pieces of mail regarding the investigation of Vice President Spiro T. Agnew with the request that it be given restricted handling while being placed on record and then be returned to him in a file to be retained in his custody. This mail consisted of approximately ten pieces including memoranda, airtels, possibly some teletypes, and some newspaper clippings.

I personally carried this mail from unit to unit in the Records Section while it was being placed on record. I waited while

[redacted] in the Routing Unit placed router's block stamps on it without reading it. I left it with Mrs. [redacted] in the Classifying Unit to classify and determine any indexing necessary. She took it to her supervisor, Mrs. [redacted] who contacted me on a classification question which I resolved by a telephone call to [redacted] I left the mail with Mrs [redacted] in the General Index Unit to be searched, a case file number assigned, and to have a main card typed with a minimum of reading and handling by anyone.* I gave the mail to one of the Recording Unit Supervisors to be recorded, which was handled by [redacted] Because of the frequency with which I handle "carry through" mail, I cannot recall which supervisor I gave this particular mail to, but I believe it was Mrs. [redacted] or possibly I had [redacted], Checking Unit supervisor, have it recorded before I had her personally check the mail for filing. I had Mrs. [redacted] file the mail and I then personally hand carried it to Mr. [redacted] The mail was handled in an expedite manner on a need-to-know basis and I did not read it or discuss the contents. SUBJECT: POSSIBLE LEAK OF INFORMATION CONCERNING VICE-PRESIDENT SPIRO T. AGNEW IDENTIFICATION MATTER

On 10/3/73 Mr. [redacted] who is assigned to Special Projects in the office of Acting Assistant Attorney General of Administration Glen E. Pommerening, telephonically contacted the writer to request that certain documents be processed for latent fingerprints in behalf of the Department. Mr. [redacted] related that in regard to the leaking of information concerning Vice-President Agnew, there were suspicions that a female employee in the office of Assistant Attorney General Henry E. Petersen of the Criminal Division was involved in leaks. He said that two phony memoranda had been prepared which either emanated from or were transmitted to Assistant Attorney General Petersen's office and they were interested in determining whether any latents appeared on such documents and if so, if such latents were identical with the fingerprints of [redacted] an employee in Mr. Petersen's office.

b6
b7C

The memoranda to be processed for latents were picked up by a representative of the Latent Fingerprint Section from Mr. [redacted] in Room 1117 of Justice on the afternoon of 10/3/73. A search of the civil files of the Identification Division located the fingerprints of [redacted] nee [redacted] who was born [redacted] in Lawrenceville, Virginia. According to Mr. [redacted] this is the same individual who is presently working in the office of Mr. Petersen.

Processing of the memoranda obtained from the Department revealed no fingerprints of value thereon; however, two latent fingerprints of value were found on one cellophane cover of one of the documents. A comparison of the fingerprints of [redacted] with these latent prints disclosed that they were not identical. The results of the processing and comparison were telephonically furnished to Mr. [redacted] 10/4/73. He was

SUBJECT: Guidance to Sub-Cabinet Members Regarding Agnew SPIRO O

Mr. Agnew met with President Nixon privately yesterday evening in the Oval Office for about 40 minutes. During the meeting, Mr. Agnew informed the President of his decision. The President expressed to the Vice President his deep sense of personal loss and he expressed his appreciation for the Vice President's dedicated service to the Nation over the past four and one-half years and his respect for the Vice President's decision to put the national interest above personal considerations in taking this very difficult action.

The 25th Amendment to the Constitution, ratified in 1967, provides that whenever there is a vacancy in the Office of the Vice President, the President shall nominate a Vice President who shall take office upon confirmation by a majority vote of both Houses of Congress.

President Nixon will promptly begin consultations with appropriate national leaders, both within and outside the Administration with a view to selecting a nominee for the Vice Presidency. President Nixon intends to move expeditiously in selecting a nominee and he trusts the Congress will then act promptly to consider the nomination.

ENCLOSURE

53 NOV 9 1973

October 10, 1973

Statement of Attorney General Elliot L. Richardson delivered in United States District Court for the District of Maryland.

May it please the Court, I am, like every other participant in these proceedings, deeply conscious of the critical national interests which surround them. The agreement between the parties now before the Court is one which must be just and honorable, and which must be perceived to be just and honorable, not simply to the parties but above all to the American people.

From the outset of the negotiations which have culminated in these proceedings, the Department of Justice has regarded as an integral requirement of any agreement a full disclosure of the surrounding circumstances, for only with knowledge of these circumstances can the American people fairly judge the justice of the outcome. One critical component of these circumstances is the Government's evidence. In accordance, therefore, with the agreement of counsel, I offer for the permanent record of these proceedings an exposition of the evidence accumulated by the investigation against the defendant conducted by the office of the United States Attorney for the District of Maryland as of October 10, 1973. Because this exposition is complete and detailed, it is sufficient for present purposes simply to state that this evidence establishes a pattern of substantial cash payments to the defendant during the period when he served as Governor of Maryland in return for engineering contracts with the State of Maryland. Payments by the

principal in one large engineering firm began while the defendant was County Executive of Baltimore County in the early 1960s and continued into 1971. The evidence also discloses payments by another engineer up to and including December, 1972. None of the Government's major witnesses has been promised immunity from prosecution, and each of the witnesses who would testify to having made direct payments to the Vice President has signed a sworn statement subject to the penalties of perjury.

In the light of the serious wrongdoing shown by its evidence, the Government might have insisted, if permitted by the Court to do so, on pressing forward with the return of an indictment charging bribery and extortion. To have done this, however, would have been likely to inflict upon the Nation serious and permanent scars. It would have been the defendant's right to put the prosecution to its proof. The Department of Justice had conceded the power of Congress, once an indictment had been returned, to proceed by impeachment. The Congress could well have elected to exercise this constitutional power. If the Congress chose not to act, the defendant could, while retaining office, either have insisted upon his right to a trial by jury or have continued to contest the right of the Government to try an incumbent Vice President. Whichever of these courses were followed would have consumed not simply months but years--with potentially disastrous consequences to vital interests of the United States. Confidence in the adequacy of our fundamental institutions

would itself have been put to severe trial. It is unthinkable that this Nation should have been required to endure the anguish and uncertainty of a prolonged period in which the man next in line of succession to the Presidency was fighting the charges brought against him by his own Government.

On the basis of these considerations, I am satisfied that the public interest is better served by this Court's acceptance of the defendant's plea of nolo contendere to a single count Information charging income tax evasion.

There remains the question of the Government's position toward the sentence to be imposed. One possible course would have been to avoid this difficult and painful issue by declining to make an affirmative recommendation. It became apparent, however, in the course of the negotiations that without such a recommendation no agreement could be achieved. No agreement could have been achieved, moreover, if that recommendation did not include an appeal for leniency.

I am firmly convinced that in all the circumstances leniency is justified. I am keenly aware, first, of the historic magnitude of the penalties inherent in the Vice President's resignation from his high office and his acceptance of a judgment of conviction for a felony. To propose that a man who has suffered these penalties should, in addition, be incarcerated in a penal institution, however briefly, is more than I,

as head of the Government's prosecuting arm, can recommend or wish.

Also deserving of consideration is the public service rendered by the defendant during more than four and one-half years as the Nation's second highest elected official. He has been an effective spokesman for the Executive Branch in the councils of State and local government. He has knowledgeably and articulately represented the United States in meetings with the heads of other governments. He has participated actively and constructively in the deliberations of the government in a diverse range of fields.

Out of compassion for the man, out of respect for the office he has held, and out of appreciation for the fact that by his resignation he has spared the Nation the prolonged agony that would have attended upon his trial, I urge that the sentence imposed on the defendant by this Court not include confinement.

FOR THE DISTRICT OF MARYLAND

UNITED STATES OF AMERICA :

v. : CRIMINAL NO._____

SPIRO T. AGNEW : (Tax Evasion, T.26, USC §7201)

The United States Attorney for the District of Maryland charges that:

On or about the 23rd day of April, 1968, in the District of Maryland, Spiro T. Agnew, a resident of Annapolis, Maryland, who during the calendar year 1967 was married, did wilfully and knowingly attempt to evade and defeat a large part of the income tax due and owing by him and his wife to the United States of America for the calendar year 1967, by filing and causing to be filed with the District Director of Internal Revenue for the Internal Revenue District of Maryland, at Baltimore, Maryland, a false and fraudulent joint income tax return on behalf of himself and his said wife, wherein it was stated that their taxable income for said calendar year was the sum of $26,099 and that the amount of tax due and owing thereon was the sum of $6,416, whereas, as he then and there well knew, their joint taxable income for the said calendar year was the sum of $55,599, upon which said taxable income there was owing to the United States of America an income tax of $19,967.47.

EXPOSITION OF THE EVIDENCE AGAINST SPIRO T. AGNEW ACCUMULATED BY THE INVESTIGATION IN THE OFFICE OF THE UNITED STATES ATTORNEY FOR THE DISTRICT OF MARYLAND AS OF OCTOBER 10, 1973

INTRODUCTION

The following statement is respectfully submitted to the Court by the Government at the arraignment of Spiro T. Agnew. It constitutes a detailed recitation of the facts and evidence developed by the investigation to date, which establish in part the source of the unreported funds which constitute the basis of the charge filed today. The presentation of this statement in Court today was a material condition, requested by the Department of Justice, to the agreement reached between the Government and Mr. Agnew.

SUMMARY

I. The Relationship of Mr. Agnew, I. H. Hammerman, II and Jerome B. Wolff.

In the spring of 1967, shortly after Mr. Agnew had taken office as Governor of Maryland, he advised Hammerman that it was customary for engineers to make substantial cash payments in return for engineering contracts with the State of Maryland. Mr. Agnew instructed Hammerman to contact Wolff, then the new Chairman-Director of the Maryland State Roads Commission, to arrange for the establishment of an understanding pursuant to which Wolff wold notify Hammerman as to which engineering firms were in line for state contracts so that Hammerman could solicit and obtain from those engineering firms cash payments in consideration therefore.

Hammerman, as instructed, discussed the matter with Wolff, who was receptive but who requested that the cash payments to be elicited from the engineers be split in three equal shares among Agnew, Hammerman and Wolff. Hammerman informed Mr. Agnew of Wolff's attitude; Mr. Agnew informed Hammerman that the split of the cash monies would be 50% for Mr. Agnew; 25% for Hammerman and 25% for Wolff. Hammerman carried that message to Wolff who agreed to that split.

The scheme outlined above was then put into operation. Over the course of the approximately 18 months of Mr. Agnew's remaining tenure as Governor of Maryland, Hammerman made contact with approximately 8 engineering firms. Informed periodically by Wolff as to which engineering firms were in line to receive state contracts, Hammerman successfully elicited from 7 engineering firms substantial cash payments pursuant to understandings between Hammerman and the various engineers to whom he was talking that the substantial cash payments were in return for the state work being awarded to those engineering firms. The monies collected in that manner by Hammerman were split in accordance with the understanding earlier reached: 50% to Mr. Agnew, 25% to Hammerman and 25% to Wolff. An eighth engineer contacted by Hammerman flatly refused to make payments and, instead, complained -- first to his attorney and later to Governor Agnew himself -- about Hammerman's solicitation. Wolff, informed of the complaint, reduced the share of work being awarded to the complaining engineer, but decided not to cut that engineering firm off completely from state work for fear of further exacerbating the situation.

Wolff, as Chairman-Director of the Maryland State Roads Commission, made initial tentative decisions with regard to which engineering firms should be awarded which state contracts. Those tentative decisions would then be discussed by Wolff with Governor Agnew. Although Governor Agnew accorded Wolff's tentative decisions great weight, the Governor always exercised the final decisionmaking authority. Often Wolff would present the Governor with a list of engineering firms competent in Wolff's judgment for a state job, and the Governor would make the final selection of which particular firm would be awarded that job.

Hammerman also successfully solicited, at Governor Agnew's instructio a substantial cash payment from a financial institution in return for that institution's being awarded a major role in the financing of a large issue of state bonds.

II. The Relationship Between Mr. Agnew and Allen Green.

Shortly after Mr. Agnew's election in November, 1966, as Governor of Maryland, he complained to Allen Green, principal of a large engineering firm, about the financial burdens to be imposed upon Mr. Agnew by his role as Governor. Green responded by saying that his company had benefited from state work and had been able to generate some cash funds from which he would be willing to provide Mr. Agnew with some financial assistance. Mr. Agnew indicated that he would be grateful for such assistance.

Beginning shortly thereafter, Green delivered to Mr. Agnew six to nine times a year an envelope containing between $2,000 and $3,000 in cash. Green's purpose was to elicit from the Agnew administration as much state work for his engineering firm as possible. That purpose was clearly understood by Governor Agnew both because Green occasionally expressed his appreciation to the Governor for state work being received by his company and because Green frequently asked for and often received from the Governor assurances that his company would get further state work, including specific jobs.

Between Mr. Agnew's election and inauguration as Vice President, Wolff contacted Green, at Mr. Agnew's instruction, for the purpose of preparing for Mr. Agnew a detailed written computation of the work and fees which had been awarded to Green's company by Governor Agnew's administration. After assisting Wolff in the preparation of such a compilation, Green subsequently met with Mr. Agnew, who noted that Green's company had received a lot of work from Governor Agnew's administration and stated that he was glad that things had worked out that way. Mr. Agnew then went on to complain about the continuing financial burden which would be imposed upon him by his position as Vice President and to express the hope that Green would not stop his financial assistance to Mr. Agnew. To Green's surprise, Mr. Agnew went on to state expressly that he hoped to be able to be helpful to Green with respect to the awarding of Federal engineering contracts to Green's company.

As a result of that conversation, Green continued to make cash payments to Vice President Agnew three or four times a year up to and including December, 1972. These payments were usually about $2,000 each. The payments were made both in Mr. Agnew's Vice Presidential office and at his residence in the Sheraton-Park Hotel; Washington, D C. The payments were not discontinued until after the initiation of the Baltimore County investigation by the U. S. Attorney for the District of Maryland in January, 1973.

III. The Relationship Between Mr. Agnew and Lester Matz.

Lester Matz, a principal in another large engineering firm, began making corrupt payments while Mr. Agnew was County Executive of Baltimore County in the early 1960s. In those days, Matz paid 5% of his fees from Baltimore County contracts in cash to Mr. Agnew through one of Mr. Agnew's close associates.

After Mr. Agnew became Governor of Maryland, Matz decided to make his payments directly to Governor Agnew. He made no payments until the summer of 1968 when he and his partner calculated that they owed Mr. Agnew approximately $20,000 in consideration for the work which their firm had already received from the Governor's administration. The $20,000 in cash was generated in an illegal manner and was given by Matz to Governor Agnew in a manila envelope in Governor Agnew's office on or about July 16, 1968. In handing the envelope to Governor Agnew, Matz expressed his appreciation for the substantial amounts of state work his company had been receiving and told the Governor that the envelope contained the money that Matz owed to the Governor in connection with that work.

Matz made no further corrupt payments to Mr. Agnew until shortly after Mr. Agnew became Vice President, at which time Matz calculated that he owed Mr. Agnew approximately $10,000 more from jobs and fees which the Matz firm had received from Governor Agnew's administration since July, 1968. After generating $10,000 in cash in an illegal manner, Matz met with Mr. Agnew in the Vice President's office and gave him approximately $10,000 in cash in an envelope. Matz informed the Vice President at that meeting that the envelope

contained money still owed to Mr. Agnew in connection with work awarded to Matz' firm by Governor Agnew's administration and that more such monies would be owed and paid in the future. Matz did make several subsequent payments to the Vice President; he believes that he paid an additional $5,000 to Mr. Agnew in cash.

In or around April, 1971, Matz made a cash payment to Vice President Agnew of $2,500 in return for the awarding by the General Services Administration of a contract to a small engineering firm in which Matz had a financial ownership interest. An intermediary was instrumental in the arrangement for that particular corrupt payment.

FULL EXPOSITION

I. THE RELATIONSHIP OF MR. AGNEW, I. H. HAMMERMAN, II AND JEROME B. WOLFF

I. H. Hammerman, II is a highly successful real estate developer and mortgage banker. He has entered into a formal written agreement with the Government, pursuant to which he has tendered his complete cooperation to the Government with respect to the present investigation. Under the terms of this agreement Hammerman will plead guilty to a charge of violating a felony provision of the Internal Revenue Code. As a result of that plea, Mr. Hammerman will be exposed to a maximum sentence of three years in prison. In return, the Government has agreed not to charge Mr. Hammerman with any other crime relating to the subject matter of this investigation and to bring his cooperation to the attention of the Court at the time of his sentencing. The Government has not agreed to make any specific recommendation with respect to the period of incarceration, if any, to which the Government believes it would be appropriate for Mr. Hammerman to be sentenced, and, in particular, the Government has made no representation to Mr. Hammerman that it will recommend to the Court that he be placed on probation.

Jerome B. Wolff is an engineer and also an attorney. He is the President of Greiner Environmental Systems, Inc. Wolff has tendered his complet

cooperation to the Government in the present investigation. The Government has not entered into any agreement with Wolff as to what consideration, if any, he may expect in return for his cooperation, other than the assurance that his own truthful disclosures to the Government will not be used against him in any criminal prosecution.

At the Government's request, both Hammerman and Wolff have executed sworn written statements that recount their relationships with Mr. Agnew. Their testimony, the corroborative testimony of other witnesses, and various corroborative documents, would prove the following:

Hammerman has known Spiro T. Agnew for many years. When Mr. Agnew ran for Baltimore County Executive in 1962, however, Hammerman actively supported his opponent. The day after the election, Hammerman called to congratulate Mr. Agnew and asked to see him. They met in Hammerman's office and again Hammerman congratulated Mr. Agnew on his victory. Hammerman told Mr. Agnew that he knew all campaigns had deficits, and he offered Mr. Agnew a post-election contribution of $10,000. Mr. Agnew refused, but he told Hammerman that he would expect a contribution three times as large when he ran for office again.

Between 1963 and 1966, while Mr. Agnew was the Baltimore County Executive, he and Hammerman developed a close, personal friendship. During this period and continuing up until early 1973, they often discussed Mr. Agnew's personal financial situation. Mr. Agnew complained about it, and told Hammerman that he had not accumulated any wealth before he assumed public office, had no inheritance, and as a public official received what he considered a small salary. Mr. Agnew believed, moreover, that his public position required him to adopt a standard of living beyond his means and that his political ambitions required him to build a financially strong political organization. During the period when he was County Executive, Hammerman entertained him, introduced him to substantial political contributors, and gave him substantial gifts.

At the outset of the 1966 Maryland gubernatorial campaign, Hammerman found himself in a difficult situation. Some of his closest business associates were involved in the Democratic candidates' campaign, but Mr. Agnew insisted that Hammerman choose between them and him. Hammerman decided actively to support Mr. Agnew, contributed $25,000, and raised an even larger amount in campaign funds for Mr. Agnew. Hammerman was one of Mr. Agnew's financial chairmen and devoted considerable time, energy, and money to his campaign. After he became Governor and later Vice-President, Hammerman continued to entertain him, travel with him, and provide him with other financial benefits. These benefits were not related to the monies discussed below.

In the late 1950's, while Wolff was Deputy Chief Engineer and later Assistant Director of Public Works for Baltimore County, Mr. Agnew became a member of the Baltimore County Board of Zoning Appeals. Mr. Agnew and Wolff became acquainted as a result of Wolff's appearances as a witness before the Board.

Wolff left employment with the County approximately six months after Mr. Agnew took office as County Executive. Mr. Agnew and he became good friends between 1963 and 1967 while Wolff was in business as a consulting engineer, and Wolff became an unofficial advisor to him. Mr. Agnew arranged for him to receive contracts from the County. Wolff greatly admired Mr. Agnew, and believed that Mr. Agnew was sincerely attempting, with considerable success, to do a good job as County Executive.

Friends in the consulting business asked Wolff, while Mr. Agnew was County Executive, how much Wolff was paying for the engineering work that he was receiving from Baltimore County. They seemed to assume that he was paying, as it was well known in the business community that engineers generally, and the smaller engineering firms in particular, had to pay in order to obtain contracts from the County in those days. Only a few of the larger and well established firms were generally considered to be immune from this requirement.

It is Wolff's belief, based upon his experience and his understanding of the experience of others, that engineering firms generally have to struggle for 10 to 15 years in order to become established. During this period, and for some time thereafter, they generally make payments--sometimes through middlemen--to public officials at various levels of government throughout Maryland in order to receive public work. Sometimes they reach a point where they are sufficiently established as qualified engineers that they do not generally have to make illegal payments in order to obtain a fair share of the public work.

It was Wolff's belief that a certain close associate of Mr. Agnew's (referred to hereafter as "the close associate" or "the middleman") was his principal middleman in Baltimore County. The close associate courted engineers, developers, and others and bragged a great deal about his relationship with Mr. Agnew. Although Wolff was in a favored position with Mr. Agnew, on two or more occasions while Mr. Agnew was County Executive, the close associate requested money from Wolff in return for contracts Wolff wanted or had obtained from the County. Wolff paid him $1,250 in cash in April 1966, and in addition made a payment to another associate of Mr. Agnew's, ostensibly as legal fees. Wolff's present recollection is that he also made one or two other payments to the close associate.

It was Wolff's belief that another individual also acted as a middleman for Mr. Agnew. Wolff learned from others that a certain Baltimore engineer was paying for work through that other individual. It is Wolff's recollection that in his office, Mr. Agnew once remarked to Wolff that the engineer in question was paying 10% for the work that he received from the County. Wolff inferred from Mr. Agnew's comment that Mr. Agnew was surprised that that engineer was paying as much as 10%, in view of the fact that the going rate was generally 5%. Through

conversations with still another engineer, Wolff learned that he also was making payments for County work.

During Mr. Agnew's 1966 campaign for Governor, Wolff gave him $1,000 in cash as a campaign contribution. Wolff also worked in Mr. Agnew's campaign. Wolff knew that he had a potential personal stake in Mr. Agnew's candidacy, as Mr. Agnew had sometime earlier indicated to him the possibility that he might appoint Wolff as Chairman-Director of the State Roads Commission if Mr. Agnew were elected Governor.

Wolff had first become acquainted with Hammerman during the period when Wolff had been an assistant engineer employed by the Baltimore County Public Works Department. Hammerman considered Wolff to be a brilliant engineer, and Wolff had handled in an efficient manner various problems that Hammerman had had with County agencies in connection with Hammerman's building ventures. A close personal friendship had developed between them. Hammerman had been so impressed with Wolff that he had advised him that if he ever decided to leave County government, Hammerman would retain him as the engineer for his building projects. After Wolff had left County government in 1963 and established his own engineering business, he had done virtually all of Hammerman's engineering work.

After his election as Governor, Mr. Agnew told Hammerman that he intended to appoint Wolff Chairman-Director of the Maryland State Roads Commission. Hammerman objected strenuously because he wanted to retain Wolff's engineering services. Mr. Agnew responded, however, that Hammerman should not be too upset about Wolff's appointment because, Mr. Agnew told Hammerman, "You won't lose by it."

On or about March 1, 1967, Wolff took office as Governor Agnew's appointee as the Chairman-Director of the State Roads Commission. Governor Agnew had Wolff monitor every consulting engineering and construction contract that came through the State. It became obvious to Wolff that, in view of the provisions of State Roads Commission legislation, he would in effect control the selection of engineers and architects for contracts to be awarded by the State Roads Commission, subject only to the ultimate decision-making authority of Governor Agnew.

Shortly after Wolff took office, Governor Agnew asked Hammerman to come to his office in Annapolis, Maryland. At this meeting, Governor Agnew advised Hammerman that there was in Maryland a long-standing "system," as he called it, under which engineers made substantial "cash contributions" in return for State contracts awarded through the State Roads Commission. Governor Agnew referred to the substantial political financial demands that would be made on both himself and Hammerman, and said, in effect, that those who were benefitting (the engineers) should do their share. Governor Agnew said that Hammerman could help him by collecting cash payments from the engineers, and told him to meet with Wolff to set things up.

Hammerman subsequently met with Wolff and told him of the discussion he had had with Governor Agnew. Wolff readily agreed to participate, and suggested that the payments be equally divided among the Governor, Hammerman, and Wolff. Hammerman then met again with the Governor and told him of the suggested division of the payments. Governor Agnew at first replied that he did not see why Wolff should receive any share of the money, but he agreed to a division as long as he received 50% of the total payments. He told Hammerman that he didn't care what Hammerman did with his share.

Hammerman went back to Wolff and told him that Mr. Agnew insisted on 50% of the money and that Hammerman and Wolff should equally divide the rest between themselves. Wolff agreed.

Over the course of the subsequent 18 or 20 months that Mr. Agnew served as Governor of Maryland, the scheme agreed to by Mr. Agnew, Hammerman, and Wolff was fully implemented. Wolff kept Hammerman informed as to which engineers were to receive state contracts and Hammerman kept Wolff informed as to which engineers were making cash payments. It was soon generally understood among engineers that Hammerman was the person to see in connection with State Roads engineering contracts. As a result Hammerman soon found himself meeting with individual representatives of certain engineering firms. They would inform Hammerman of their interest in obtaining state work, and Hammerman would reply that he would see what he could do. In some cases an engineer would specify the particular work in which he was interested; in most cases, the engineer would not specify any particular job. There was no need for Hammerman to make coarse demands or to issue threats because the engineers clearly indicated that they knew what was expected of them. The discussions were generally about "political contributions," but the conversations left no doubt that the engineers understood exactly how the system worked--that is, that cash payments to the Governor through Hammerman were necessary in order for their companies to receive substantial state contracts. The "contributions" were almost always in cash, and many of them were made when there was no campaign in progress. Although Wolff had told Hammerman that "contributions" should average between 3% and 5% of the contract amount, Hammerman did not specify any exact amount to be paid, and accepted any reasonable sum. Sometimes the "contribution" was made when the contract was awarded, sometimes as the engineer received payments on the contract. Sometimes the "contribution" was made in one payment, sometimes in several. When a contract was about to be awarded to one of the engineers who was known to be willing to make payments, Wolff would advise Hammerman that the engineer had been selected for a certain job. Hammerman would then contact the engineer and congratulate him. These congratulations were intended as signals that a cash "contribution" was due, and the engineer would then meet with Hammerman and bring the money.

Pursuant to his understanding with Mr. Agnew and Wolff, Hammerman retained 25% of the payments and delivered to Wolff his 25% share. Hammerman generally held Mr. Agnew's 50% share in a safe-deposit box until Mr. Agnew called for it. From time to time Mr. Agnew would call Hammerman and ask how many "papers" Hammerman had for him. It was understood between Mr. Agnew and Hammerman that the term "paper" referred to $1,000 in cash. Hammerman would tell Mr. Agnew how many "papers" he had, and Mr. Agnew would ask Hammerman to bring the "papers" to him. Hammerman would then collect the cash from his safe-deposit box and personally deliver it to Mr. Agnew in his office in Annapolis or in Baltimore or wherever else Mr. Agnew would designate.

The cash which Wolff received from Hammerman was initially kept in Wolff's home. It was then transferred to two, and later, three safe-deposit boxes, two in Baltimore, and one in Washington. Most of the money was spent on ordinary personal expenses over a period of more than four years. A small portion of it was used by Wolff to make payments to other public officials in order to obtain work for the two consulting firms which he had sold before he had become Chairman of the State Roads Commission, but in which he still had a financial interest. Wolff kept detailed contemporaneous documents on which he recorded the dates, amounts, and engineering firm sources of the monies that he received from Hammerman as his share of the proceeds of the scheme. These records are among a large volume of corroborative documents that Wolff has turned over to the United States Attorney's Office.

The selection process for state roads contracts generally worked in the following manner: usually, based upon previous discussions with Governor Agnew, Wolff would make preliminary decisions with regard to the consulting engineering and architectural firms to be awarded contracts. He would then obtain the approval of the State Roads Commission. Governor Agnew would then make the final decision.

During Mr. Agnew's tenure as Governor of Maryland, Wolff met with him from time to time to discuss the status of various projects and the decisions which had to be made with respect to engineering, management, and sometimes architectural contracts. Wolff generally prepared agendas for these meetings in advance. Governor Agnew appeared to have confidence in Wolff's technical ability and generally accorded substantial weight to Wolff's preliminary decisions as to which consulting firms should be awarded contracts, generally concurring with Wolff's selection. Where important or unique projects were involved, Wolff would present Governor Agnew with a list of several possible firms from which Governor Agnew would select the firm to be awarded the contract. Governor Agnew always had and from time to time exercised the power to make all final decisions.

Several factors influenced Wolff in his own decision-making in the selection process outlined above:

1) It was a basic premise of Wolff's selection process that an engineering firm had to be competent to do the work before it could even be considered for a contract. Any engineering firm which, in Wolff's judgment, was competent to perform a certain assignment might be given consideration.

2) Both Governor Agnew and Hammerman would from time to time ask Wolff to give special consideration to a particular engineering firm, which might or might not be making cash payments, and he would then try to do so. He remembers, for example, that the Governor on one or more occasions asked him to give work to two specific engineering firms. Hammerman also recommended to Wolff presumably because of Hammerman's friendship with one or more particular engineers, that work be given to at least one company that, according to Wolff's understanding, had not made any cash payments.

3) Wolff's decision-making (and he recalls that this was a matter that he discussed with Hammerman in particular) was intended to avoid substantial and noticeable deviations from general fairness--that is, he tried to avoid a situation in which any firm received more or less work than could be justified on a purely legitimate basis. Wolff always viewed the process as one of accomplishing competent public work for the State of Maryland, very similar to that which would have been accomplished if all the selections had been made strictly on their merits, while at the same time serving the mutual ends of Mr. Agnew, Hammerman, and himself.

Wolff believed it was important not to deviate too obviously from the appearance of fairness and even-handedness in his selections of engineers. For example, he became aware--he believes initially as a result of a conversation he had with Governor Agnew--that Hammerman had apparently approached a certain engineer to solicit cash payments in connection with potential state work, and that the engineer had complained to Governor Agnew that state contracts should not be awarded on this basis. The Governor was very upset, as Wolff understood it, because

Hammerman had apparently been especially heavy-handed with the engineer, and apparently because the Governor felt that the engineer might make his complaint public. For these reasons, Wolff continued thereafter to give the engineer's firm some work.

The investigation has also established that the same engineer also complained to his attorney, a close personal friend of Mr. Agnew's, about Hammerman's solicitation. Shortly after the engineer had complained to his attorney, and several months before the engineer complained directly to Mr. Agnew, the attorney met with Mr. Agnew and gave him a detailed account of Hammerman's solicitation and of his client's outrage. He warned Mr. Agnew that Hammerman's activities could undermine all that the attorney believed Governor Agnew was attempting to accomplish. Although he indicated that he would look into the matter, Mr. Agnew never reported back to the attorney. He did several months later meet personally with the engineer, at the attorney's insistence, but the investigation has established that Mr. Agnew did nothing whatever to stop Mr. Hammerman's continuing solicitations of cash payments from engineers in return for state work and that he (Mr. Agnew) continued for several years thereafter to accept his 50% share of those cash payments.

4) The fact that a certain firm was making cash payments was a definite factor in that firm's favor. It was, therefore, accorded special consideration in the decision-making process. Wolff believes that a comparison of the amounts of work given to certain firms before, during and after Governor Agnew's Administration would confirm this.

On the other hand, there were times when a firm was selected for a specific job without regard to whether or not that firm was making cash payments. Some local Maryland firms had outstanding expertise in certain fields of engineering. This made them obvious choices for

certain jobs, whether or not they were making cash payments. Even such firms, however, could never be completely sure that such considerations would be decisive in the decision-making process, so that even some of those companies were vulnerable to solicitations for cash payments.

5) Various other factors worked for or against particular firms or individuals in the selection process. For example, Wolff definitely favored Lester Matz and Allen Green, and their companies, not only because he understood they were making cash payments directly to the Governor, but also because Wolff was receiving money from certain illegal dealings that he had with Matz and Green that did not involve Governor Agnew. Conversely, one engineering firm was disfavored by Wolff because in his view that firm had taken positions contrary to the best interests of the Commission.

The evidence accumulated to date, both testimonial and documentary, establishes that Hammerman obtained, and split with Mr. Agnew and Wolff, cash payments from seven different engineering firms in return for State engineering contracts, and from one financial institution in return for a lucrative arrangement with the State involving the financing of certain State bonds. Those seven engineering firms and the one financial institution will not be named in this statement in order to avoid possible prejudice to several presently anticipated prosecutions. It is worth noting, however, that Hammerman specifically recalls discussing with Mr. Agnew whether or not the particular financial institution would be awarded the lucrative State bond business, and that during that discussion Mr. Agnew commented that the principals at the particular financial institution in question were "a cheap bunch" who "don't give you any money." Mr. Agnew informed Hammerman that he did not intend to award that institution the bond business in question unless a substantial "contribution" were made. Hammerman carried that message to the appropriate person; a substantial cash "contribution" was made; the institution got the bond business.

Hammerman also remembers that, while Mr. Agnew was Governor, Hammerman observed that Allen Green and Lester Matz, two engineers whom he had known for some time, were receiving very substantial amounts of State Roads work. Hammerman mentioned that fact to Wolff and, since he had not received any money from Green and Matz, asked Wolff if he should approach them. Both Green and Matz had indicated to Wolff that they were

making their payments directly to the Governor. Wolff therefore told Hammerman that both Green and Matz were making "contributions" and that Hammerman should "stay away." Hammerman did so.

It is Wolff's understanding and belief that both Green and Matz continued to make cash payments directly to Mr. Agnew after he had become Vice-President. Wolff bases this conclusion on conversations that he has had with both Green and Matz since January, 1969, in which each of them has indicated to Wolff that he had made payments directly to the Vice-President.

At a certain point, which Wolff believes was after Mr. Agnew's election as Vice-President in November, 1968, but prior to his inauguration as Vice-President on January 20, 1969, Mr. Agnew asked Wolff to determine the details of payments that had been made by the State Roads Commission under his administration to the engineering company owned and operated by Allen Green. Wolff then discussed this request with Green, who subsequently prepared a list that he submitted to Wolff. Wolff then prepared a final list, a copy or duplicate of which he gave to Mr. Agnew. When Wolff handed Mr. Agnew the list, they did not discuss it to any extent, according to Wolff's present recollection Mr. Agnew just put it away.

Wolff would testify that much of his understanding concerning Mr. Agnew's actions and reactions to specific situations was inferential, since he and Mr. Agnew did not discuss Wolff's relationship with Hammerman or others or the fact that he and Mr. Agnew were acting, either jointly or individually, in a corrupt manner. Wolff believes his relationship with Mr. Agnew flourished because of their mutual sensitivity to their own positions and their mutual respect for one another. He does recall, however, an occasion on which he was in the Governor's office in the State House. Governor Agnew and he were standing in front of the fireplace after a meeting, and the Governor said to Wolff in substance: "Look after yourself but be careful."

II. The Relationship Between Mr. Agnew and Allen Green

Allen Green is the President and one of the principal owners of Green Associates, Inc., a Maryland engineering company which has, over the years, performed various types of engineering work.

Green has signed a formal written agreement with the Government under which he has agreed to plead guilty to a criminal felony violation of the Internal Revenue Code that will expose him to a maximum sentence of three years in prison. He has given the Government his complete cooperation in this investigation. In return, the Government has promised him that he will not be prosecuted for any offense related to this investigation other than the one to which he will plead guilty, and that at his sentencing the Government will bring his cooperation to the attention of the Court. The Government has expressly refused to promise Green that it will recommend to the Court at his sentencing that he be placed on probation.

At the Government's request, Green has executed a sworn written statement detailing his relationship with Mr. Agnew. Green's testimony, the corroborative testimony of other witnesses, and various corroborative documents would prove the following:

Green has been an engineer in Maryland for 21 years. During this period, he has often made cash payments on behalf of his company in return for various State and local consulting contracts and in order to remain eligible for further contracts. He used cash for the simple reason that checks could have been traced and might have led to the discovery of these illegal payments. These payments formed a pattern over the years and reflected his understanding, based upon experience, of the system in which a firm such as his had to participate in order to insure its survival and growth in the State of Maryland. This system had developed long ago in Maryland and in other States as well. Engineering contracts have not been awarded on the basis

of public bids in Maryland. Instead, the selection of engineers for State Roads contracts has rested exclusively in the discretion of public officials --in Maryland, the Governor and the members of the State Roads Commission. They have had virtually absolute control. There are many engineering companies which seek contracts, but price competition was not allowed under the ethical standards of this profession until October of 1971. Therefore, engineers are very vulnerable to pressure from public officials for both legal and illegal payments. An engineer who refuses to pay can be deprived of substantial public work without effective recourse, and one who pays can safely expect that he will be rewarded.

A few companies developed in time a size, expertise, and stature that insulated them to some extent from this system. One or two developed an expertise, for example, in large bridge design, that other local companies could not match. One or two grew so large and had been awarded so many substantial contracts that the State could not do without their services unless out-of-state consultants were employed. In these ways, a few companies in effect "graduated" in time from the system to a position of lesser vulnerability, and they could afford to resist and perhaps in some instances, refuse to participate. In fact, Green believed that his own company was in recent years in the process of moving into this class.

It was seldom necessary, in Green's experience, for there to be any express prior agreement between an engineer and a public official in Maryland. Under this system, which each State administration perpetuated, the connection between payments and contracts rested on a largely tacit understanding under which engineers knew that if they did not pay, they would not receive very many contracts and that if they did pay, they would receive favored treatment. Therefore, when a politician requested a payment or when an engineer offered one, it was not necessary for anyone expressly to refer to the connection between payments and contracts because everyone understood the system, and could rely upon it without actually talking about it.

Green came to know Spiro T. Agnew in mid-1963 when Mr. Agnew was the County Executive for Baltimore County, Maryland. Although his company received some engineering contracts from the County, Green does not recall making any cash payments to Mr. Agnew or to anyone in his administration during these years. Green cultivated his relationship with Mr. Agnew and occasionally had lunch with him. By 1966, they had developed a closer relationship.

In connection with Mr. Agnew's successful 1966 campaign for Governor, Green gave him approximately $8,000 to $10,000 in campaign contributions. He did so in part because he genuinely admired Mr. Agnew and believed that he would make an excellent Governor. He also knew, however, that Mr. Agnew would be grateful for his support, and he anticipated that Mr. Agnew would express his gratitude by giving the Green company State work if he were elected.

After the inauguration, Green met with Governor Agnew on several occasions in his new offices, usually in Baltimore, but sometimes in Annapolis. At one of these meetings Governor Agnew expressed his concern about the substantial financial obligations and requirements imposed upon him by virtue of his new position. He told Green that as the titular leader of the Republican Party in Maryland, he would need substantial funds in order to support his own political organization. In addition, he believed that he would be called upon to provide financial assistance to other Republican candidates around the State. Furthermore, he complained that it was extremely difficult for a person in his limited financial situation to bear the personal expenses of high public office, in the sense that his new position would require him, he believed, to adopt and maintain a life style that was beyond his means. He said that he had served as County Executive at substantial financial sacrifice because of the small salary and that, although the Governor's salary represented an increase in income, it would still be insufficient to meet the additional demands that he believed his new position would impose upon him. This was neither the

first nor the last occasion upon which Mr. Agnew mentioned to Green his concern about his personal financial difficulties. He had voiced similar complaints while County Executive, and he continued from time to time to mention his personal financial difficulties thereafter.

Green inferred from what Mr. Agnew said, the manner in which he said it, and their respective positions that he was being invited in a subtle but clear way to make payments. He, therefore, replied that he recognized Mr. Agnew's financial problems and realized he was not a wealthy man. Green told him that his company had experienced successful growth and would probably continue to benefit from public work under the Agnew Administration. He, therefore, offered to make periodic cash payments to Governor Agnew, who replied that he would appreciate such assistance very much.

On the basis of Green's experience, he had developed a policy that, where required, he would make payments in amounts that did not exceed an average of one per cent of the fees that his company received on public engineering contracts. This informal calculation included legitimate political contributions as well as cash payments. He knew that many politicians believed that engineers were wealthy and often demanded payments in much greater amounts, frequently five per cent and sometimes higher. Although he believed that some engineers made payments in these amounts, he knew that such percentages were unrealistic, given the economics of the engineering industry. An engineering firm could not, in his judgment, make a profit on public work if payments in these excessive percentages were made. He had come to the conclusion that his company could not afford to pay more than one per cent and, in areas where more was demanded, he had simply refused to pay and had sought work elsewhere.

Therefore, Green calculated, largely in his head, that it would be appropriate for him to make approximately six payments a year to Mr. Agnew in amounts of $2,000, $2,500, or $3,000 each. The exact amount of each payment to Mr. Agnew depended upon the amount of cash available

to Green for such purposes at the time of the payment. After the meeting at which this subject had first been discussed, Green scheduled appointments with Governor Agnew approximately six times a year. At the first such meeting, he handed an envelope to Governor Agnew that contained between $2,000 and $3,000 in cash. Green told the Governor that he was aware of his financial problems and wished to be of assistance to him. Governor Agnew accepted the envelope, placed it in either his desk drawer or his coat pocket, and expressed his gratitude. Over the next two years, they gradually said less and less to each other about each payment; Green would merely hand him an envelope and Governor Agnew would place it in either his desk drawer or his coat pocket with little or no discussion about it.

During these meetings, Green and Governor Agnew would discuss a number of matters, but Green almost always made it a point to discuss State Roads contracts with him. Indeed, Green's principal purpose in meeting with him was always to increase the amount of work that his company received from the State. They would discuss State contracts in general, and frequently, specific upcoming road and bridge contracts in particular. Green would express his desire that his company receive consideration for proposed work and would occasionally ask for specific contracts that he knew were scheduled to be awarded by the State Roads Commission. Green knew from experience and from what he learned from Wolff that Governor Agnew played a substantial role in the selection of engineers for State Roads Commission work. Governor Agnew would often tell him in these meetings that his company could expect to receive substantial work generally, and on occasion, he promised Green specific contracts. On other occasions, however, Governor Agnew would tell Green that a contract had already been or was to be committed to another company.

Green admits that his principal purpose in making payments to Governor Agnew was to influence him to select the Green Company for as many State Roads contracts as possible. Based upon his many years of experience, it was his belief that such payments would probably be necessary and certainly helpful in obtaining substantial amounts of State Roads Commission work.

With one exception (to be related later in this statement), Mr. Agnew never expressly stated to Green that there was any connection between the payments and the selection of the Green company for State contracts. According to Green, the understanding was a tacit one, based upon their respective positions and their mutual recognition of the realities of the system; their relationship was such that it was unnecessary for them to discuss openly the understanding under which these payments were given and received. The circumstances were that Green gave Governor Agnew cash payments in substantial amounts and asked for contracts, and from time to time, Governor Agnew told him that contracts would be awarded to the Green company.

Green paid Governor Agnew approximately $11,000 in each of the years he served as Governor of Maryland (1967 and 1968). Green generated the necessary cash to make these payments through his company by various means that violated the Internal Revenue Code and that were designed to obscure the purpose for which the cash was used.

Green also recalls that during the early part of the Agnew Administration, the Governor occasionally asked him to evaluate the competency of certain engineering companies which he was considering for State Roads Commission work. On at least one occasion, the Governor also asked him if certain companies could be counted upon to provide financial assistance if State work were received.

Under the Agnew Administration, the Green company received substantial work from the Maryland State Roads Commission. It was awarded approximately 10 contracts, with fees approximating $3,000,000 to $4,000,000.

On a few occasions during these years, Green was asked by Jerome B. Wolff if he was taking care of his "obligations" with respect to the substantial State work that the Green company was receiving and Green replied that he was.

Green saw little or nothing of Governor Agnew between his nomination as the Republican candidate for Vice President in the summer of 1968 and the election in November. He made some campaign contributions by check to the Nixon-Agnew ticket in the 1968 election.

In November or December 1968, after Mr. Agnew was elected Vice President, but before his inauguration, Wolff came to Green with a list that he had prepared of the contracts that the Green company had received from the State Roads Commission under the Agnew Administration. Wolff told Green that Governor Agnew had asked him to prepare the list, and Green concluded that the list had been requested and could possibly be used as a means of assessing what he owed to Governor Agnew in return for those contracts. Wolff and Green discussed the contracts and fees and, in effect, bargained about the matter. Green argued that some of the contracts that appeared on the list had in fact been awarded to his company under the Tawes Administration and that the Agnew Administration was simply implementing a contract for which the selection had been made previously. Wolff, however, reminded him that the Agnew Administration could have cancelled at least some of the contracts, or could have awarded portions of the contracts to other firms. Subsequently, Green prepared a revised list of his own and submitted it to Wolff.

Sometime thereafter, but still before the inauguration, Green met with the Vice President-elect in his Baltimore Governor's office. He gave Mr. Agnew a payment during the meeting. Mr. Agnew began the conversation by making some reference to the list and indicated that the Green company had received a lot of work from the State Roads Commission. Mr. Agnew said that he was glad that things had worked out that way. He then reiterated that he had been unable to improve his financial situation during his two years as Governor and that although his salary as Vice President would be higher than his salary as Governor, he expected that the social and other demands of the office would substantially increase his personal expenses. For these reasons, he said he hoped that Green would be able to continue the financial assistance that he had been providing

to him over the preceding two years, and, Mr. Agnew continued, he hoped he could be helpful to Green with respect to Federal work. This was the only occasion upon which Green can now recall that Mr. Agnew made any such express statement to him about the connection between payments and favors. Green did not believe that it was necessary expressly to refer to specific favors in return for payments. Indeed, throughout Mr. Agnew's gubernatorial tenure, it had never been necessary to state expressly that Green would receive anything in return for the payments that he had made, because a tacit understanding on this matter was more than sufficient to satisfy Green and to accomplish his purposes.

Green replied by telling Mr. Agnew that he would be willing to continue to be of financial assistance, but that he was not certain that he could continue to make payments in amounts as great as those he had made during the previous two years. Green knew that contracts awarded by the Agnew Administration would generate income to his company over the next several years, and that therefore he could continue to make payments for several years. Green also hoped that his company's Federal work might increase in amount as a result of Vice President Agnew's efforts on his behalf. He did tell Mr. Agnew of one important concern: that the new administration in Annapolis might take credit for, and possibly demand payments in connection with, projects that had actually been awarded to the Green company by the Agnew Administration. Mr. Agnew, however, confidently indicated that he did not believe that would happen.

Green continued to make cash payments to Mr. Agnew after he became Vice President. Payments were made three or four times a year and were personally delivered to Mr. Agnew by Green either in the Vice President's office in the Executive Office Building in Washington, or at his

apartment in the Sheraton Park Hotel in Washington. Green made his last payment during the Christmas season in December of 1972. As Green recalls it, these payments invariably amounted to $2,000 each. As before, the money was always in a plain envelope, and the two men were always alone when the payment was made.

Green particularly recalls the first occasion upon which he paid money to Mr. Agnew in his offices in the Executive Office Building. Green was quite impressed with Mr. Agnew's office and position and felt very uncomfortable about the transaction that was about to occur. In addition, Green had some concern that the conversation between him and Vice President Agnew might be overheard or even taped. For all of these reasons, Green did not believe that it was appropriate or wise to continue to speak of personal financial assistance. Therefore, he stated to the Vice President that this money was part of his continuing and unfulfilled commitment to Mr. Agnew with respect to "political contributions." Thereafter, Green usually made a similar statement when he delivered money to Mr. Agnew in his Executive Office Building offices. Green recalls that on the first occasion he made such a statement to Mr. Agnew, Green raised his eyes to the ceiling in order silently to suggest to Mr. Agnew the reason for the unusual and inaccurate statement.

In 1969 and 1970, Green paid Mr. Agnew $8,000 a year, four payments of $2,000 each in both years. In 1971 and 1972, he paid Mr. Agnew $6,000 a year, three payments of $2,000 each in both years.

In Green's meetings with Vice President Agnew, he frequently asked about Federal engineering contracts for his company, and Mr. Agnew generally indicated to him that he was attempting to be as helpful as he could. Green soon realized, however, that the Vice President did not exercise any substantial control over Federal work, and, in fact, the Green company received only one Federal job during this period.

The payments were discontinued after December 1972, because of the investigation conducted by the United States Attorney's Office into

corruption in Baltimore County, Maryland.

Over the six year period between 1966 and 1972, Green's cash payments to Mr. Agnew totalled approximately $50,000.

III. The Relationship Between Mr. Agnew and Lester Matz

Lester Matz has been an engineer in Maryland for approximately 24 years. He is the President of Matz, Childs and Associates, Inc., and Matz, Childs and Associates of Rockville, Inc., two Maryland engineering companies. John C. Childs is his principal business associate in these two companies. Matz has tendered his complete cooperation to the Government in this investigation. The Government has not entered into any agreement with him as to what consideration, if any, he may expect in return for his cooperation, other than the assurance that his own truthful disclosures to the Government will not be used against him in any criminal prosecution. At the Government's request, Matz has executed a sworn written statement that recounts his relationship with Mr. Agnew. His testimony, the corroborative testimony of Childs and other witnesses, and various corroborative documents, would prove the following:

Between 1956 and 1963, Matz and Childs supplied various engineering services to private developers, principally in the metropolitan Baltimore area. Although they wanted to do as much public work as possible for the Baltimore County Government, they found it extremely difficult to receive any substantial amount of county work. They observed that a relatively small number of engineering companies received most of the substantial county engineering work during these years, and that most, if not all, of these companies were closely associated with County Administration or public officials. They simply could not break into this group, despite their repeated efforts to do so.

They, therefore, welcomed Mr. Agnew's candidacy for Baltimore County Executive in 1962 because they believed that his election would present their company with an opportunity to be one of the few engineering companies that, they believed, would inevitably form around his administration and receive most of the substantial county engineering work. Matz had known Mr. Agnew casually for possibly two years, and during the 1962 campaign, he and Childs made a $500 cash contribution directly to Mr. Agnew.

Prior to the 1962 election, Matz had also worked professionally with one of Mr. Agnew's close associates. Indeed, by this time the three of them (Mr. Agnew, Matz and the close associate) had already begun to develop what would in the next four years become a close personal friendship. Very shortly after Mr. Agnew assumed office as County Executive for Baltimore County, Matz was contacted by the close associate. During this conversation the close associate told Matz that the two of them were going to make a lot of money under the Agnew administration. Although he did not elaborate on this comment, Matz inferred from what he said during this conversation that under the Agnew administration, the two of them could expect substantial favors from the Baltimore County Government.

Shortly thereafter Matz was invited by the close associate to meet with Mr. Agnew. At this meeting there was no specific discussion about payments for county work, but Mr. Agnew told Matz thathe had a lot of "confidence" in his close associate. Matz inferred from what Mr. Agnew said during this meeting that he should work through the close associate and make any payments through him.

After Mr. Agnew became County Executive, the close associate contacted Matz and asked him to prepare a chart which would set forth the amounts of money that could reasonably be expected from engineers on the various kinds and sizes of consulting contracts that the county generally awarded. Matz calculated the profits that could generally be anticipated under the various types of contracts, and he determined that, on the average, 5% of the fee was not unreasonable, although the percentage varied depending on the size and nature of the contract. He gave a copy of the chart to the close associate. The chart showed the expected profit on each type of contract and the percentage that engineers could reasonably afford to pay on it. Matz later showed his retained copy of this schedule to Mr. Agnew in his office and told him that he had given a copy to the close associate. Mr. Agnew looked at the chart and thanked Matz for his effort on the matter. Matz cannot recall today whether Mr. Agnew returne the copy to him.

When Matz gave a copy of this schedule to the close associate, he was told that he would be expected to make payments to the close associate for county contracts. The close associate said that as Matz's company received fees from the County, payments were to be made to him in the appropriate percentages, 5% on engineering contracts and 2-1/2% on surveying contracts. He led Matz to believe that this money would be given to Mr. Agnew. These payments were not described by the close associate as "political contributions"; they were payments made in return for contracts.

Thereafter, Matz discussed this proposition with Childs. They were not surprised that payments would be necessary because it was generally understood that engineers had been making such payments for consulting work in a number of Maryland jurisdictions. They agreed that this would be a satisfactory arrangement. In fact, they were delighted that they would be among the small group of engineers who would be close to the Agnew administration and that they would, therefore, receive their share of the substantial county engineering consulting work. Although the 5% payments were not insubstantial, the company could afford to make them, and Matz and Childs both believed that the payments would make a substantial difference in the amount of work that their company would receive from the county.

During the balance of Mr. Agnew's tenure as County Executive, Matz and Childs would find out what contracts were coming up in the county, and Matz would then contact the close associate to ask him for as many of these contracts as possible. The close associate always seemed well aware of the work to be let, and from time to time, he would advise Matz that his company had been awarded a particular contract. Matz then knew that, under their arrangement, the necessary payments were due, and he would therefore deliver the required cash payments personally to the close associate in the latter's office. On most occasions, Matz placed the necessary cash in plain white envelopes. Usually he paid in installments rather than in one total payment in advance. Matz and Childs believed that even if they had refused to make these payments their company would have received some county contracts, but that, as before, the company would not have received any substantial amount of work. In short, they believed that the payments made a great difference in the amount of work they received.

At first Matz and Childs personally generated the necessary cash to make these payments. As the size of the various cash payments they were making increased, however, they found it necessary to employ other methods by which to generate these cash funds in their company. These methods violated the Internal Revenue Code and were designed to obscure the purpose for which the cash was used.

During the first year or two of the Agnew administration in Baltimore County, the company's county work increased. Matz, however, was not satisfied because he believed that his company was entitled to an even larger share of the county's work due to his reliability in making payments. He told the close associate that he was dissatisfied, and the close associate arranged a meeting with Mr. Agnew. The three men met at Mr. Agnew's house. At this meeting, Matz complained that his company had not received enough county work. Both Mr. Agnew and the close associate promised that they would help the company to receive more county work, and in particular, Mr. Agnew told him that he would speak on Matz's behalf to the appointed county officials who were nominally responsible for the selection of engineers for county consulting contracts.

In the 1966 gubernatorial campaign, Matz and Childs made campaign contributions to Mr. Agnew, in part because they believed that Mr. Agnew would make an excellent Governor. They also, however, had another substantial reason for supporting Mr. Agnew. Under Governor Tawes's administration, their company had not received any substantial amount of work from the Maryland State Roads Commission. They realized that their inability to secure any substantial amount of State work was the result of the fact that they were not among the small group of engineering firms that were closely associated with the Tawes administration and that had received most of the State work awarded by that administration. Both men were therefore excited about Mr. Agnew's candidacy because they believed that if he were to be elected Governor, their company could begin to receive substantial amounts of work from the State Roads Commission by continuing to make payments to Mr. Agnew through his agents.

Several months after the Agnew administration took office, the State Roads Commission began to generate new projects and to award new contracts, and Matz's company began to receive substantial amounts of State work. On several occasions during the spring and summer of 1967, the close associate called Matz and attempted to perpetuate the arrangement under which payments had been made for contracts in the past. Matz was reluctant, however, to continue this arrangement, for several reasons. First, he knew that if he paid Governor Agnew through any middleman, the credit to which he was entitled by virtue of these payments would be somewhat diluted because the middleman himself would receive a substantial portion of the credit. Second, he suspected that the close associate had, without Mr. Agnew's knowledge, retained for himself some of the money that had been paid to him by Matz between 1963 and 1966. Third, he knew that Mr. Agnew believed that the close associate had given him poor advice on certain matters that had resulted in bad publicity and embarrassment to Mr. Agnew.

Sometime early in Governor Agnew's administration, Matz met with Governor Agnew alone in his offices. During this conversation Matz told Mr. Agnew that he believed that the close associate lacked the discretion necessary safely to represent Mr. Agnew's interests and that sooner or later he would lead the two of them into trouble. Therefore, rather than continuing to pay through the close associate, Matz suggested that his company establish a savings account into which he would deposit the money that he owed on State contracts. After Mr. Agnew left office, Matz could pay him the money accumulated in this account, perhaps under the guise of legal fees. Governor Agnew liked the idea, and at a later meeting he referred to the idea again with approval.

These factors and, in particular, these conversations with Mr. Agnew, led Matz to conclude that he could dispense with the close associate and pay Mr. Agnew directly. He therefore told the close associate that he would take care of his obligations directly. Subsequently, however, he abandoned the savings account idea because he feared that it would involve too many records of payments and thereby lead to the disclosures of the scheme. Instead, he decided to make his cash payments to Mr. Agnew directly.

The amount of work that Matz's company received from the State Roads Commission continued to increase substantially, and, on at least one occasion, Matz was asked by Wolff if he was taking care of his "obligations" with respect to his contracts. Matz told Wolff thathe was taking care of his obligations "directly."

Although Matz's company received several substantial State contracts in 1967, he made no payments that year. On the basis of his experience, he assumed that he would have to pay 5% of the fees that his company received from the State on these contracts. The contracts and fees that their company was receiving from the State Roads Commission were much more substantial than those it had ever received before, and Matz and Childs therefore decided that they would defer making payments until after they had received fees from the State.

No payment was made until the summer of 1968, by which time Matz knew that he was behind in his obligations. He was anxious to fulfill them because he wanted to maintain his reputation as a man who could be trusted to fulfill his obligations, in order to ensure that he would continue to receive substantial amounts of work from the State Roads Commission. Although his company was in a financial position to make the large payment that was due, he knew that it would be extremely difficult to generate safely the substantial amount of necessary cash, particularly if he continued to rely exclusively upon his usual methods for generating the money with which to make cash payments.

Sometime in late June or early July, 1968, Matz calculated that he owed Governor Agnew approximately $20,000 on the basis of 5% of the fees that his company had already received from the state. He reviewed this calculation with Childs, who agreed with it. They did not believe that they could safely generate this amount of cash from within the company and, therefore, decided to go outside the company. Matz approached an old client and friend of his who was in a business in which he customarily dealt in large sums of cash. Since Matz knew that he would be receiving substantial fees from the state within the next several months, on which he would owe Governor Agnew approximately an additional $10,000, he told his friend that he needed $30,000 in cash in the very near future. He did not disclose to his friend why he needed this money. They agreed upon the following scheme: Matz's company would by corporate check "lend" his friend $30,000; his friend would then generate $30,000 in cash through his own company which he would return to Matz. The "loan" would be repaid to Matz's company by $1,700 quarterly checks for principal and interest; and Matz would return these "loan repayments" to his friend in cash. This scheme was satisfactory to Matz because his regular procedures were adequate to generate $1,700 in cash on a quarterly basis.

The friend reluctantly agreed to assist Matz in this manner. He immediately generated $20,000 in cash, which he delivered to Matz. Matz showed this $20,000 in cash to Childs before he delivered it to Governor Agnew. The friend promised that he would supply Matz with the additional $10,000 in cash as soon as he could generate it, and he did so within the following several months. Thereafter, the "loan" repayment scheme was implemented.

Matz then called Governor Agnew's office and set up an appointment with the Governor. The meeting occurred in mid-July, 1968. Matz met with the Governor alone in his office and handed him a manila envelope that contained $20,000 in cash. Matz expressed his appreciation for the substantial state contracts that his company had received and told the Governor that the envelope contained the money that his company "owed" in connection with these contracts. The meeting was a very short one and very little else was said.

To the best of Matz's present recollection, he made no further payments for state work to Mr. Agnew while he was Governor of Maryland. During the 1968 national campaign, however, Matz's firm contributed to Mr. Agnew's campaign. He also acted as a fund raiser for Mr. Agnew in 1968. Matz also recalls that at some point in 1967, Governor Agnew called him and asked him to contribute $5,000 to Nelson Rockefeller's campaign for the Republican Presidential nomination, a campaign which Mr. Agnew was then publically supporting. Matz asked if he wanted cash or a check, and Mr. Agnew asked for a check which Matz subsequently sent to him. When Rockefeller later withdrew, Mr. Agnew returned the money to Matz with a letter.

A couple of months after Mr. Agnew had assumed the office of Vice President, Matz decided that it was time for his company to make another payment in connection with contracts that had been awarded by the State of Maryland under the Agnew administration. He was willing to make this payment, even though Mr. Agnew no longer controlled the contracts awarded by the Maryland State Roads Commission, because he wanted to maintain his reputation as a man who would meet his obligations in order to influence Vice President Agnew to assist him in securing federal engineering contracts for his company.

Matz called the Vice President's office in Washington and set up an appointment to meet with Mr. Agnew. On a piece of yellow legal-size paper, Matz calculated the sum then owed to Mr. Agnew for work received by Matz's company from the State of Maryland. He took this piece of paper with him when he went to the Vice President's office. He met with Mr. Agnew, showed him the calculations, and briefly reviewed them for him. He then handed him an envelope, containing approximately $10,000 in cash. Matz told him that the envelope contained the money that his company "owed" in connection with the State Roads Commission contracts that had been awarded under Mr. Agnew's administration in Annapolis. Mr. Agnew placed this envelope in his desk drawer. Matz also told the Vice President that the company might "owe" him more money in the future as these contracts continued to generate fees, and that he would fulfill these obligations. They agreed that Matz was to call Mr. Agnew's secretary when he was ready to make the next payment and to tell her that he had more "information" for Mr. Agnew. This was to be a signal to Mr. Agnew that Matz had more money for him. After this meeting, Matz returned to Baltimore and told Childs of the payment. He also told Childs that he was shaken by his own actions because he had just made a pay-off to the Vice President of the United States. Matz also told Wolff, who was then working or about to begin working on the Vice President's staff, that he had made a direct payment to the Vice President.

Although Matz believes that he made several additional cash payments totalling approximately $5,000 to the Vice President, he never completely fulfilled his obligations to Mr. Agnew with respect to the State Roads Commission contracts, in part because Mr. Agnew had very little, if any influence with respect to federal engineering contracts.

Sometime in late 1970 or early 1971, Matz received a telephone call from the close associate who told him that there was an upcoming federal project and that some or all of the engineering contracts could be controlled by the Vice President. He told Matz that, as usual, he would be expected to make a payment in order to receive a contract. At first, Matz resisted on the ground that he was entitled to this job without a payment by virtue of his prior payments, but the close associate insisted, and Matz agreed to a payment of $2,500.00. Matz asked that the contract be awarded to a certain small company in which Matz, Childs and Associates had an interest, and that small company was later awarded the contract. Thereafter Matz received another telephone call from the close associate, during which they agreed that the payment would be made in the Vice President's office.

Matz contacted the president of the small company and explained that a payment was necessary in connection with the contract. The man at first balked and refused to make any such payment, but he subsequently agreed to participate. An appointment was then made for Matz to meet with Vice President Agnew in the latter's office in Washington. This meeting occurred in the spring of 1971. The evidence is somewhat contradictory as to whether or not the close associate was present at the meeting. Matz placed an envelope containing the $2,500 cash on the Vice President's desk and stated that the envelope contained the money required for the contract. When he left the meeting, the envelope had not been removed from the desk, but moments later Matz reentered the office and noticed that the envelope was gone. Matz received $1,000 from the president of the small company as his contribution to this payment.

In the spring of 1972, the close associate called Matz and asked him for $10,000 for the 1972 Nixon-Agnew campaign. Matz declined. When the close associate continued to press him, Matz complained about these solicitations to Mr. Agnew who told Matz to say that he gave at the office.

This is to recommend that the file pertaining to captioned matter be removed from Room 2252 in the Accounting and Fraud Section and placed in the special file room of the Files and Communications Division.

By memorandum dated 8-14-73, it was recommended that the file in captioned matter be maintained in the Fraud and Bribery Unit of the Accounting and Fraud Section in Room 2252 for security purposes and that all copies of teletypes received in this matter were to be forwarded to the Accounting and Fraud Section to be maintained by that Section.

Since these instructions were set forth, Spiro T. Agnew has resigned as Vice President and the publicity caused by this investigation has dropped considerably. It is believed that the necessity of maintaining this file in Room 2252 of the Accounting and Fraud Section no longer exists and the file should be maintained in the special file room of the Files and Communications Division.

RECOMMENDATION:

That file in captioned matter, together with subfile containing newspaper clippings, be maintained by the Files and Communications Division in their special file room.

ReBAairtel 5-9-74, which enclosed a copy of a letter from USA George Beall, Baltimore, Maryland.

The letter from Mr. Beall requested information as to whether FBI files contain a report to the effect that Spiro T. Agnew, while Vice President of the United States, accepted a cash bribe in the amount of $2,500 and thereafter placed the cash in his desk drawer.

The review of Bureau indices fails to reflect any information regarding former Vice President Agnew pertaining to his acceptance of a $2,500 bribe and placing the cash in his drawer.

Bureau file captioned "Dale Anderson, County Executive, Baltimore County, Maryland; Spiro T. Agnew, Vice President, Information Concerning," Bureau file 58-8211, contains a memorandum prepared by SA J. R. Pearce dated 8-13-73, which sets forth information on page 7 that Lester Matz furnished information that in the spring of 1971, he turned over $2,500 to J. Walter Jones in Agnew's office; however, Matz could not personally recall if he gave the money to Jones in Agnew's office or in an alcove. This is the only reference to an acceptance of $2,500 by Jones and a copy of this memorandum is not only in the possession of the Baltimore Office, but is in the possession of USA Beall.

If not already done, Baltimore should furnish the information to USA Beall.

Re: Spiro T. Agnew/J. Walter Jones

Dear Mr. Farrow:

It has been brought to my attention that FBI files, probably in Washington, contain a report to the effect that Spiro T. Agnew, while Vice President of the United States, accepted a cash bribe in the amount of $2,500. The report suggests that the bribe was offered and received in the Vice President's office in the presence of other persons, one of whom was possibly J. Walter Jones, and that the cash was placed by Mr. Agnew in a desk drawer.

I ask that you make an appropriate inquiry to determine whether such a report about this transaction exists and, if it does exist, that you make arrangements for me to secure a copy. While this office's criminal investigation of Mr. Agnew was effectively terminated on October 10, 1973, by his plea, we have a continuing inquiry into possible criminal conduct by others, including J. Walter Jones. Such a report would be of material interest to us in these other investigations.

Thank you very much for your customary cooperation.

Very truly yours,

George Beall

Ex-Aide of FBI Testified Agnew Was Probed in 1968

By Nicholas M. Horrock

WASHINGTON, Feb. 4 (NYT). —The former No. 3 man in the FBI testified under oath in 1973 that the bureau investigated Spiro Agnew, at the request of President Lyndon Johnson, shortly before the 1968 election.

In the heretofore unpublished testimony, Cartha DeLoach, formerly assistant to the director of the FBI, asserted that shortly before Agnew was elected vice-president, Mr. Johnson asked the bureau to investigate him on a matter of "the gravest national security" and that an investigation was conducted.

The testimony was taken by Sen. Howard Baker jr., R-Tenn., and Senate Watergate Committee staff investigators.

Of the investigation, Mr. DeLoach said: "The reason this was being done was because they felt the Republicans—and this was their [the White House's] statement—the Republicans were attempting to slow down the South Vietnamese from going to the Paris peace talks and they wanted to know whom either Nixon or Agnew had been in touch with from Albuquerque [N.M.] when they visited the city several days prior to that."

Mr. DeLoach said that the late J. Edgard Hoover, the FBI director, authorized an investigation and that the domestic intelligence division of the FBI had obtained the toll-call receipts of persons on Agnew's staff to discover if anyone had called Mrs. Anna Chennault.

Mrs. Chennault, widow of the commander of the Flying Tigers in World War II, was alleged to have been an intermediary between the South Vietnamese and the Republicans.

Sources who worked on the White House staff in 1968 dispute the origins of the investigation. They say it was the FBI that first suggested Republican links to the South Vietnamese.

Mr. DeLoach also said in his testimony that Mrs. Chennault had been the subject of "physical surveillance" by the FBI

According to sources who were with the bureau in 1968, it was Mr Johnson's concern over opponents of his Vietnam policy that resulted in a team of agents being assigned to prepare reports for the White House on any political figures who entered the Soviet Embassy.

Published reports have long noted that the bureau maintained a constant physical surveillance of the embassy and filmed all persons who entered or left.

Testimony Pending

The bureau has declined comment on a number of allegations that it entered into widespread political activity in the last decade for its own purposes or at the behest of Presidents Johnson and Richard Nixon, pending the upcoming congressional testimony of Clarence Kelley, the FBI director.

Mr. DeLoach has denied that he was a protégé of Mr. Johnson's but he has acknowledged that the former president asked him to assume liaison duties with the White House because Mr. Johnson had known him while a senator.

Mr. DeLoach has also acknowledged that Mr. Johnson ordered a direct telephone line to the White House installed in the bedroom of his home.

White House aides from the Johnson era said that an enormous amount of FBI intelligence flowed between 1964 and 1968 and was handled with the utmost secrecy.

Specimens received 7-17-74

Q1 Envelope postmarked "BAYONNE, NJ 07002 1974 JUL 12 A M," bearing printed address "The Jersey Journal 30 Journal Square Jersey City, N.J 07307"

Q2 Accompanying two-page printed message, first page beginning " "- Wanted By ..."

Q3 Second page of accompanying message beginning "10) George Wallace.."

Result of examination:

Q1 through Q3 were not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

A definite conclusion was not reached whether the questioned writing on Q1 through Q3 was prepared by any of the writers of the unidentified questioned writing, known writing or purported known writing on items previously submitted in case captioned "HEARNAP" or case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM", due to the presence of unexplained variations and the lack of sufficiently comparable writing. However, nothing of significance was observed in this comparison.

Q2 and Q3 each bear a watermark reading "ATLANTIC MIMEO BOND". This watermark is registered to the Eastern Fine Paper Company, Incorporated, Division of Eddy Paper Company, Limited, P.O. Box 129, Brewer, Maine. Q1 contains no watermark. Q1 through Q3 contain no indented writing of significance or other characteristics to aid in definitely determining their source. A ten cent U.S. Postal Service stamp, torn from a coil of stamps, is affixed to Q1.

Q1 through Q3, which have been photographed, are being returned separately.

Enclosed for the Bureau is the original and four xeroxed copies of a letter dated 5/14/73, received in the office of Senator WILLIAM PROXMIRE on 5/18/73, and the envelope in which this letter was received.

This letter stated that the writer is going to kill President NIXON, Vice President AGNEW and Senators EDWARD M. KENNEDY and WILLIAM PROXMIRE. The envelope is addressed to Senator WILLIAM PROXMIER, Senate Office Building, Washangton, D.C. 20512, with the return address of 08844 Post Office Box 1000, Leavenworth, Kansas 66048. Postage and fees for this letter paid by the U.S. Department of Justice.

Enclosed for Kansas City, which is designated as office of origin, and Milwaukee are two copies of this same material.

For the information of Milwaukee and Kansas City, referenced Indianapolis reports reflect that in the latter part of April, 1969, threatening letters were mailed from the U.S. Penitentiary (USP), Terre Haute, Indiana, signed by ROY JAMES HUCK and addressed to President NIXON and Senators GAYLORD NELSON, GEORGE MC GOVERN, and EDWARD M. KENNEDY. It was determined that these letters were written by RONALD DEAN KESSENICH using HUCK's prison number. KESSENICH, when interviewed at that time, admitted writing these letters and that he has "had such a thing in mind" and he chose his victims because of their stands on racial issues. He also stated that if he were not confined he "would do more". Rather than act himself, he would "pay someone to kill them". On 6/17/70, KESSENICH appeared for trial Southern District of Indiana, Terre Haute, Indiana and charged with Violation of Title 18, U.S. Code Section 871. Testimony concerning the subject's threats by letter was presented along with results of mental examinations of subject. U.S. District Court Judge JAMES E. NOLAND committed subject under Title 18, U.S. Code Section 4244 for observation until it was determined he was competent to stand trial or the case otherwise disposed of. At that time Assistant United States Attorney [redacted], Southern District of Indiana, confidentially advised that Judge NOLAND implied that even if KESSENICH was convicted he would not receive any consecutive time in addition to his remaining twelve years on a bank robbery conviction.

Although the available known writings of RONALD DEAN KESSENICH, FBI #287 782E, are not sufficiently comparable with the hand printing on specimens Q1 and Q2 for a satisfactory examination, significant characteristics, noted as the result of such examination as could be made, strongly suggest that KESSENICH probably prepared specimens Q1 and Q2. Should further examination be desired in regard to this matter, it is suggested that known hand printing prepared in the wording of specimens Q1 and Q2 be obtained from KESSENICH.

The Bureau file number of the Bank Robbery case referred to in the attached report is 91-27238 in which Las Vegas 91-1182 was office of origin. Q8 Envelope bearing the hand printed address "Senator William Proxmier Senate Office Building Washington, D.C. 20512"

Q9 Accompanying hand printed letter dated 5/14/73, beginning "I'm going to..."

Q10 through Q11 Accompanying two blank sheets of white ruled paper

in a Laboratory report dated 5/25/73 per l addressed to Milwaukee.

A one-page letter and envelope addressed to Congressman Frank Clark, United States House of Representatives, Washington, D.C., were the subject of Laboratory report dated 5/24/73 addressed to Kansas City in the case "Unsub; Frank M. Clark, Member of Congress - Victim; Extortion; Congressional Assassination Statute." These specimens were designated Q1 and Q2 in that case but are being redesignated Q6 and Q7 in the above-captioned case.

It was concluded that the hand printing on Q1 through Q7, submitted previously in this matter, and Q8 through Q18 was prepared by the same person.

The available known writing of RONALD DEAN KESSENICH, FBI#287782E, is not adequate to permit a satisfactory comparison with the questioned hand printing in this matter.

RONALD DEAN KESSENICH, inmate, U. S. Penitentiary, Leavenworth, Kansas (USP-L), #25520-138, was advised of the identity of the interviewing agent and of Special Agent [redacted] U. S. Secret Service. KESSENICH was advised the purpose of the interview was to ascertain his knowledge of a series of threatening letters which may be violations of the Extortion, Congressional Assassination Statute, Bomb Threat Statute, and Threats Against the President of the United States. The Your Rights form and Waiver were given to KESSENICH who read the form and waiver and stated that he understood his rights in this matter. He then executed the Rights and Waiver form.

KESSENICH stated that for several weeks prior to Sunday, May 13, 1973, he had not been feeling good. He was depressed over the Watergate incident, and on Sunday, May 13, 1973, this feeling came to a head. He saw all the higher ups in the White House were covering up everything and this caused him to act. He stated he did not know why, but he wrote a series of ten letters, seven to Washington, D.C., and three to Wisconsin. He wrote seven of these letters on Sunday, May 13, 1973 and three on Monday, May 14, 1973. One of these letters, written on Monday, was sent to Wisconsin. KESSENICH stated that he wrote these letters to people in Washington who were connected with Government and that he obtained the names of the Senators and Representatives at random from an Almanac which the Penitentiary furnishes to inmates. KESSENICH stated that he did not believe he wrote to the President, or to the Vice President. He stated that he had previously been writing Writs and Motions to the Federal Court in Madison, Wisconsin, but they were all denied.

Interviewed on 5/24/73 at Leavenworth, Kansas File # KC 174-1558

by SA [redacted] ENL Date dictated 5/24/73

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Although he was convicted in Nevada, he felt that since he came from Wisconsin, that the Federal Court in Wisconsin had venue in his case. KESSENICH stated that he wrote threatening letters but he does not remember what the threats were exactly, or how he signed them. He stated he does know that he wrote these letters.

He stated that he mailed all of these letters sealed, through the prisoners' mail box (PMB), which allows letters from inmates to go to Government officials uncensored and sealed as long as the inmate's number is on the outside of the envelope. KESSENICH stated that he chose the number of inmate [redacted] as the number to place on the envelope to insure the letter would be sent. He stated that [redacted] happens to live several cells away from him and that this number was chosen at random as he does not have any personal dislike or trouble with [redacted] b6 b7C

The original letter and envelope which were sent to Senator HUGH SCOTT, Washington, D. C., were exhibited to KESSENICH who stated that he wrote the envelope and letter; then placing his initials on the letter and envelope.

An original letter and envelope were addressed to Congressman JAMES COLLINS, and were exhibited to KESSENICH who stated that he wrote them and that he placed his initials on the letter and envelope. A Xerox copy of a letter and envelope, addressed to Senator HERMAN TALMADGE were exhibited to KESSENICH who stated that he wrote the envelope and letter, and placed his initials on these copies. A Xerox copy of a letter and envelope addressed to Congressman CHARLES BENNETT were exhibited to KESSENICH who stated that he wrote them and he placed his initials on them.

KESSENICH stated that he feels he needs medical help, and he wrote these letters to make sure he got medical help as he wants to return to the Medical Center for Federal Prisoners at Springfield, Missouri.

KESSENICH stated he would not hurt the President or Vice President, but he is afraid that he will "flip out" and he can not say what will happen if he were released on the streets. He then added, "I am a good shot with a rifle'" KESSENICH stated he is not able to say what he would do if he got in a depressed mood like he was when he wrote the

letters to the Congressmen and to the people in Madison, Wisconsin.

When asked why he signed the letters with a Swastika, he stated that he was of German nationality and he always admired many of the things that Adolph Hitler had done.

KESSENICH furnished seven pages of handwriting and printing.

[redacted] PhD Psychologist, Medical Health Coordinator, U. S. Penitentiary, Leavenworth, Kansas (USPL), advised that approximately 3:15 Friday, May 18, 1973, Correctional Counselor [redacted] USPL, brought to him inmate RONALD DEAN KESSENICH, USPL #25520-138. KESSENICH was quite agitated and had a sloppy speech and rambling thoughts. He spoke without prompting andstated that he had written ten letters which were threatening over the last week period. When asked what they were, he could not describe the contents of these letters other than that they were threatening. He stated he had done the exact same thing when he was incarcerated at the Federal Prison, Terre Haute, Indiana, and he indicated that he had been sent to the Medical Center for Federal Prisoners, Springfield, Missouri.

At this time, [redacted] was not sure these letters had been written at all and he initially felt that they were a device for KESSENICH to gain attention. He has seen KESSENICH then and on last Tuesday, and he feels that KESSENICH was depressed when he wrote these letters and he did not think of the consequence of his acts. [redacted] feels that KESSENICH knows right from wrong; is capable of assisting in his own defense. During the second contact, that is Tuesday, May 22, 1973, KESSENICH indicated that he had placed another inmate's USPL number on these letters. [redacted] states that the fact he put another inmate's number on these letters indicates that he was rational and had logical thoughts when he wrote these letters.

Re: UNKNOWN SUBJECT;

CONGRESSIONAL ASSASSINATION STATUTE

Specimens received 5/22/73

Q1 A small white envelope bearing hand printed address "Congressmen Frank Clark. House Of Represetives. Congress Of The United States. Washington, D.C. 20512"

Q2 One-page hand printed letter dated 5/14/73 beginning "Dear Sir; This is just to tell you...," and three additional sheets of ruled paper

ALSO SUBMITTED: Letter dated May 16, 1973 addressed to Congressional Liaison Department of Justice Washington, D.C. 20530, by Representative Frank M. Clark 25th District Pennsylvania

Results of the examination:

The hand printing on specimens Q1 and Q2 was searched through the appropriate section of the Anonymous Letter File without identifying it with any of the letters represented therein. Copies will be added to the files for future reference.

The available known writings of RONALD DEAN KESSENICH, FBI #287 782E, consisting of fingerprint card signatures, specimen K1 of the case entitled "Ronald Dean Kessenich; First National Bank of Nevada, Main Office, Third and Carson Streets, Las Vegas, Nevada 6/12/67; BR," (OO: Las Vegas), and specimen K1 of the case entitled "Ronald Dean Kessenich; President Richard M. Nixon - Victim; Senators Gaylord Nelson, George McGovern, and Edward Kennedy - Victims; Extortion; Threats Against the President," (OO: Indianapolis) are not sufficiently comparable with the writings on specimens Q1 and Q2 for a satisfactory examination.

Photographs of specimens Q1 and Q2 have been retained.

Specimens received 5/25/73 from SAC, Washington Field Office

Q8 Envelope bearing the hand printed address "Senator William Proxmier Senate Office Building Washington, D.C. 20512"

Q9 Accompanying hand printed letter dated 5/14/73, beginning "I'm going to..."

Q10 through Q11 Accompanying two blank sheets of white ruled paper

Q12 Envelope postmarked "TAL SERVICE AM MAY 1973," bearing the hand printed address "Clerk of Court. United States District Court. Western District of Wisconsn. Madison, Wisconsin. 53701"

Q18 Accompanying hand printed letter dated 5/14/73, beginning "You Have Only..."

Q19 through Q20 Accompanying two blank sheets of white ruled paper

Result of examination:

Q1 through Q5 in this case were submitted by Milwaukee with a communication dated 5/17/73. These specimens pertained to a threatening letter addressed to the Clerk of Court United States District Court, Western District of Wisconsin, Madison, Wisconsin, and the results of the examination of these items were recorded

in a Laboratory report dated 5/25/73 addressed to Milwaukee.

A one-page letter and envelope addressed to Congressman Frank Clark, United States House of Representatives, Washington, D.C., were the subject of Laboratory report dated 5/24/73 addressed to Kansas City in the case "Unsub; Frank M. Clark, Member of Congress - Victim; Extortion; Congressional Assassination Statute." These specimens were designated Q1 and Q2 in that case but are being redesignated Q6 and Q7 in the above-captioned case.

It was concluded that the hand printing on Q1 through Q7, submitted previously in this matter, and Q8 through Q18 was prepared by the same person.

The available known writing of RONALD DEAN KESSENICH, FBI#287782E, is not adequate to permit a satisfactory comparison with the questioned hand printing in this matter.

Q8 through Q20 were photographed and will be returned separately.

Specimens received September 5, 1973 from Washington Field Office

Q31 Envelope bearing the stamp "Postage & Fees Paid U.S. Department of Justice JUS-434" and typewritten address "Seantor Ted Kenndy. Senate Office Building. Washington, D.C. 200i3."

Q32 Piece of paper bearing hand printing beginning "Dear Mr. Kenndy - I just to tell....."

Q33 Newspaper clipping on sheet of paper beginning "ONE OF THE amazing things....." and photograph of [redacted] with hand printed word "punk"

Request received September 7, 1973 from Kansas City

Request comparison of the letters submitted by the Washington Field Office with the specimens previously submitted in this matter.

Result of examination:

The Washington Field Office submitted Q1 through Q3 in the case "Unsub; Senator J. William Fullbright - Victim; Extortion;" with a communication dated 8/22/73. The examination of these items was reported in Laboratory report dated 8/22/73.

Q1 in the Fullbright case is a typewritten envelope but it was not definitely determined whether the typewriting on this envelope and the typewriting on Q31 was prepared on the same typewriter because of a lack of significant characteristics in this material; however, similarities were noted.

It was not determined whether the hand printing on the Q2 letter in the Fullbright case was prepared by the person or persons who prepared the questioned hand printing in captioned

LMS:jfm
(7)

case because of distortion in the hand printing on Q2. Similarities were noted in the comparison of the hand printing on Q2 in the Fullbright case and the hand printing on Q32. It was not determined whether the hand printing in the Fullbright case and on Q32 was prepared by RONALD DEAN KESSENICH, K1, because of distortion in this material.

Q3 in the Fullbright case contains indented writing but it could not be determined whether this material was prepared by KESSENICH, because the only available known writing of KESSENICH consists of hand printing.

The Fullbright case is being consolidated into captioned case and Q1 through Q3 in that case are being redesignated Q34 through Q36 in this case.

Indented hand printing appears on Q32 and the text of this material is as follows:

> I was involved in the under world 8 years ago, and I came in contact with some pretty Hairy things and now the officials of the Goverment are trying to sentence me forever. First they wrote some letters addressed to Mr. Nixon, and other people and me, the told the D.A. I was the one who wrote them and thats why they have me in court thats not working ther are trying to have me killed. Believe me this is the whole truth. I have found out through my contacts that two under cover agents of the Goverment are moving in. One of men is acting as my so called attorney: [redacted] and the other one is a doctor of your hospital

It was not definitely determined whether the indented hand printing on Q32 and Q33 was prepared by KESSENICH, K1, because of a lack of clarity in the impressions on these specimens; however, similarities were noted.

Q32, Q32 and Q33 were photographed and are returned herewith.

Result of examination:

Specimens Q1 and Q2 were searched through the appropriate sections of the Anonymous Letter File without effecting an identification. Representative copies have been added thereto.

The typewriting on specimen Q1 most closely corresponds to an Olympia type style spaced approximately twelve letters to the inch.

Examination of specimen Q2 disclosed indented writings. However, due to the limited discernible impressions, a readable text was not visible.

Examination of specimen Q3, a blank sheet of lined paper, disclosed the following text:

The following investigation was conducted by SA [redacted] at Springfield, Missouri:

On April 2, 1975, [redacted] Case Worker, Medical Center for Federal Prisoners (MCFP) advised that he was the case worker for RONALD DEAN KESSENICH. He stated that KESSENICH was at the MCFP on March 18, 1975, and was transferred to the U. S. Penitentiary, Leavenworth, Kansas on March 31, 1975. [redacted] advised that KESSENICH was sent to(USPL) U. S. [redacted] advised that he has never heard of an attorney, [redacted] and that KESSENICH never had an attorney by that name represent him while he was at MCFP.

There is no attorney named [redacted] practicing in Springfield, Missouri.

The following investigation was conducted at Washington, D. C.:

KC 174-1558

On April 14, 1975, [redacted] Admissions Office, Superior Court, District of Columbia, advised that [redacted] is not registered to practice law in the District of Columbia.

On the same date, [redacted] Unified Bar, District of Columbia, advised that her files reflect no record for an attorney named [redacted]

On the same date, [redacted] Lawyers Register for the District of Columbia, advised that her files reflect no record regarding an attorney named [redacted]

On the same date, [redacted] Federal Bar Association, Washington, D. C., advised that his files contained no record regarding an attorney by the name [redacted]

AT KANSAS CITY, KANSAS

On May 9, 1975, Assistant U. S. Attorney MONTE BELOT advised that he would not authorize prosecution pertaining to the Bribery-Obstruction of Justice letter KESSENICH sent to Senior Judge ARTHUR J. STANLEY, JR.

A recent hearing was held before Judge EARL E. O'CONNOR, U. S. District Court, Kansas City, Kansas, and in lieu of any other evidence to the contrary KESSENICH was adjudged to be competent to assist in his own defense at the current time.

Assistant U. S. Attorney BELOT advised that with regard to the charges already filed against KESSENICH, he faces a virtually impossible dilemna that the Government psychiatrists have stated KESSENICH was sane at the time he wrote these threatening letters, however a week or two later he was insane. Now he again is sane, no doubt to be found insane prior to trial again. BELOT advised he is seriously contemplating dismissal of the charges in this matter.

Synopsis:

AUSA, WDW, Madison, Wisconsin, declined prosecution.

- RUC -

DETAILS:

By letter dated July 18, 1975, Assistant United States Attorney JOHN R. BYRNES, Western District of Wisconsin (WDW), Madison, Wisconsin, advised he was declining prosecution in this matter and the basis for this decision is as follows:

1. The fact that Mr. KESSENICH is presently incarcerated, and will remain incarcerated for a substantial period.

2. The fact that he was found to be insane shortly after the time these letters were written, and was, therefore, presumably insane at the time he sent the letters.

3. The fact that this matter has been pending now for two years with apparently no repetition of the letter sending.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

U. S. GOVERNMENT PRINTING OFFICE : 1970 O - 406-840

Assistant United States Attorney Byrnes also conferred with the Assistant United States Attorney who handled this case in Kansas City, Kansas, who informed him that his charges there were dismissed because of Mr. KESSENICH's poor mental condition.

Result of examination:

It was not determined whether one or more persons prepared the questioned writing on Q1 through Q8, because this material involves handwriting and hand printing and is not comparable.

It was concluded that the Ronald Dean Kessenich signature on the reverse side of the Q2 letter was prepared by RONALD DEAN KESSENICH, FBI #287782K. KESSENICH'S known writing appears as fingerprint card signatures and on K1 in the case "RONALD DEAN KESSENICH; Bomb Threat; Extortion; Congressional Assassination Statute."

It was not definitely determined whether the remaining questioned writing on Q1 through Q8 was prepared by KESSENICH, because of characteristics which could not be entirely explained on the basis of the available known standards; however, similarities were noted.

The submitted evidence was photographed and will be returned separately.

Dear Mr. Hoover!

Congratulations on your not retiring as F.B.I. Director

I read the article in Fridays N.Y. Daily News and I agree with you that the Communist Party remains a threat to internal security and is planning a new Drive aimed at American Youth, especially the S.D.S. at Colleges which is absolutely the wrong side as there are a radical element that are only there to disrupt and corrupt the Youths at Univ. and Colleges that are there to learn and really want an Education

All these acts of Violence is none short of Brain-Washing Our American Youth and many of these S.D.S. have no intention of attending classes as you see the same faces at every demonstration, riot, fire etc

They at the start were too easy with them the Professors were giving in not knowing how to cope with the situation and Trying to avoid Trouble, they let them get out of hand

After all there has to be an end to this as the S.D.S. would let the others into Classes and all Tests are either delayed or prolonged and that is their Goal or Target S.D.S rebellion. which leads me to the main reason for writing this letter to you Mr. Hoover.

There is a Conspiracy and plot to overthrow the U.S. Govt and the Blacks take over but you better believe it for I am risking my own life to tell you

During the Christmas holidays I was sent by American Girl Agency to work in a Bank the Chemical at 8 st and Broadway the work was General Clerical and on the 7th flr the temporary new Employees sat at long tables, we did not handle any cash or Money but Counted, checked and tabulated Coupons Various Amts LARGE

Naturally we got to know each person at our table and before 9 AM and after our return from lunch until it was time to resume Work we could talk

Next to me usually there was a tall Negro fellow he did his Work very good and he pitched in to help anyone to count a Vast sum if he was through his Work until he was given more by the Supervisor

We ate on the 9th flr and [redacted] as we all called him would sit at our table myself & 2 other Wks [redacted] office and he said he was a Univ. Student at BANK there for 2 wks Work

On Friday Dec 27th after lunch we were back early and [redacted] started to talk to me he said his Father had given him a new 69 Car for Xmas and he was going to drive back to the Univ in Louisiana his old car his Father owned keep, then he started on the subject of Presidents he said they as he was a Negro didn't like Humphrey and he wondered how Nixon was going to be? I said well you have to give him a chance I think he will be alright and for the good of the People [redacted] and I me saying no I don't think so,

thanks as he said we blacks have a plan to overthrow the U.S. Govt. and he said first we are going to assassinate Nixon, then Agnew will take over and they will kill him then automatically [redacted] said Earl Warren would automatically be President and they would rub him out as [redacted] said there 3 names he wrote them 1, 2 and 3rd in pencil & then he erased them [redacted] he said in July, then he changed it & said No by August 69 he is going to get a job for $1 thousand dollars a week he said he was a Junior in College and majoring in a subject that he could qualify for this job at $1 thousand a week

Listening to all this and not interrupting him my thoughts were here is a fellow around 21-22 yrs tall Negro personable, nonchalantly talking to me about overthrowing the U.S. Govt. and their intended plot to Assassinate Nixon, Agnew and Earl Warren just as serious and earnest just like it happened every day as I changed the subject and completely ignored his revelation —

I said Tell me about yourself as I said ~~a minute ago~~ in a minute in the Bronx at Southern on a Scholarship so he said My Parents live in Bklyn, NY and I attend the Southern University in LA, and he then told me how much each relative would give him returning to College plus his work pay about $5 hundred a week

Seit was getting time to resume work and I had a reason to obtain his address to report all this, but later I asked for my address?

I said [redacted] I am from Bklyn, NY also give me your name + address + I'll keep you a card, he said o.k. and wrote on a yellow slip of paper which I still have in his handwriting His name is [redacted]

We were through work at 4:45 PM but at 4 PM [redacted] asked me give me the phone number to call up here & the name of the person to report out as I am not coming back to work next week. Someone spoke up and said to him but you said you were here for 2 weeks? He said I changed my mind. I said to him come back next week we'll miss you. The next week he did not return and at the end of the week, I got very sick over hearing all that gruesome talk besides being frightened & scared at such a horrible plot result I was sick in bed over this for 3 weeks and when I think of it now I am sick all over. I do not know his address in Bklyn, NY. but he did mention he had a Cousin living on Prospect Place, Bklyn, NY number of address or name of Cousin not known as he did not tell it.

Enclosed is a picture of Southern Univ. Students which was in may 1st N.Y. Daily News the Negro picture of an X looks like [redacted] or a reasonable likeness. The part I do not understand is [redacted] in saying the Blacks were going to overthrow the U.S. Govt and Assassinate Pres Nixon, Vice Pres Agnew & Earl Warren & take over and he pitted down eliminate Nixon, Agnew & Warren and I couldn't let on that I was concerned no end or I would have asked what do you think the USA Govt would be doing? and what did he mean by Earl Warren Automatically taking over as Pres? and then as [redacted] said Quote they'll rub out Warren, so it's May now and whatever the plot is from Now to July or Aug Quote Unquote.

It is all in your hands now to do as you see fit. Only for my sake & my Son who is trying to get an Education don't let [redacted] know how you & I [illegible]

Listening to all this and not interrupting him my thoughts were here is a fellow around 21-22 yrs tall Negro personable, nonchalantly telling to me about overthrowing the U. S. Gov't. and their intended plot to Assassinate Nixon, Agnew and Earl Warren just as serious and earnest just like it happened every day so I changed the subject and completely ignored his revelation -

I said tell me about your Univ. as I said I have a son in a Univ. in the Bronx at Fordham on a Scholarship so he said My Parents live in Bklyn, N Y and I attend the Southern University in La, and he then told me how much each relative would give him returning to College plus his work pay = about $5 hundred et

So it was getting time to resume work and I had a ruse to obtain his address to report all this , but later he asked for my address.

I said [redacted] I am from Bklyn, N Y also give me your name and address & I'll drop you a card, he said ok and wrote on a yellow slip of paper which I still have in his handwriting

His name is [redacted]

Southern Univ. Southern Branch [redacted]
Baton Rouge, La 70813

We were through work at 4.45PM but at 4PM [redacted] asked me give me the phone number to call up here & the name of the person to report out as I am not coming back to work next week -

Someone spoke up and said to him but you said you were here for 2 weeks? he said I changed my mind I said to him come back next week, we'll miss you -

b6
b7C

The next week he did not return and at the end of the week, I got very sick over having all that gruesome talk beside being frightened & scared at such a horrible plot result I was sick in bed over this for 3 weeks and when I think of it now I am sick all over I do not know his address in Bklyn, N Y. but he did mention he had a Cousin living on Prospect Place, Bklyn, NY number of address or name of Cousin not known as he did not tell it -

Enclosed is a picture of Southern Univ. Students which was in May 9th N. Y. Daily News the Negro picture of an X looks like [redacted] [redacted] or a reasonable likeness

The part I do not understand is [redacted] in saying the Blacks were going to overthrow the U. S. Gov't. and Assassinate Pres Nixon, Vice Pres Agnew & Warren and I couldn't let on that I was concerned no end or I would have asked what do you think the U S A Gov't would be doing? and what did he mean by Earl Warren Automatically taking over as Pres. ? and then as [redacted] said Quote They'll rub out Warren so its May now and whatever the plot is from now to July or Aug Quote, Unquote

It is all in your hands now to do or act as you see fit - Only for my sake & my Son who is trying to get an Education don't let [redacted] know how you obtained this information!

This report is sent in good faith for the Safety of our Gov't. Officials and the preservance of our wonderful and great Country U.S.A. there is none better Thank you,

Concerned.

Library Cuts

An orderly group of 50 staged an hourlong demonstration outside the library at Fifth Ave. and 42d St. at noon yesterday to protest budget cuts that would force the closing of 32 of the city's 192 library branches and two-day-a-week schedules at 97 other branches.

The proposed cutbacks would trim $4.6 million from the $33.9 million total asked for the next fiscal year by the city's three library systems: the New York Public Library, serving Manhattan, the Bronx and Staten Island, the Brooklyn Public Library, and the Queensborough Library.

or bank on what he turns out doing except on a tentative basis.

This is a lesson that politicians who fancy they can read mind because they have known him so long and so well should h learned long ago. Certainly there was a lesson to remember well Miami Beach last summer when Nixon produced Spiro Agnew as running mate and everybody in the know turned out to be kno nots.

But is Nixon of today really a riddle? The spoilsport politician insist on saying so, but they are the crowd used to the "old politics format, and detest switch-hitters, insisting that the White Hous incumbent stand firmly and consistently on one side of the plate o the other. It confuses them and disturbs them to have a Presiden shift position whenever so inclined.

They cannot understand that there is really no riddle. They are exactly like those ancient Greeks so mentally stifled that they complained that the Oracle of Zeus at Olympia was for the birds, a warbling with a meaningless message.

The fact is that every Nixon shift, every decision that Nixon has come up with that he wasn't supposed to, smoothed over a controversy that had the potential of splitting elements in society. So what he has been doing to the best of his ability is to try to carry out a pledge as President to "bring people together," to unite the country once again.

He explained a plan to fill four balloons with helium and to each balloon he would attach a batch of leaflets with a shoe string tied in a bow knot. Two strings would be utilized on each balloon, one to hold the balloon and guide it, the other one would be tied to the shoe string so that by releasing the guiding string and yanking on the other, the leaflets could be dropped on the ceremony at the Coast Guard Academy. On the morning of June 7, 1972, Special Agents [redacted] and THOMAS M. MURPHY observed [redacted] Regional Coordinator for the Vietnam Veterans Against the War (VVAW) on the campus of Connecticut College, which is across from the United States Coast Guard Academy. [redacted] and four others released four black balloons, which measured five to six feet in diameter. These balloons were attached to a line and on each instance the balloons got away from those holding them and drifted into the sky. During this period Vice President of the United States SPIRO T. AGNEW was present at the Coast Guard Academy Commencement Exercises as the main speaker.

b6
b7C

The VVAW was founded in the Spring of 1967 by six young Vietnam veterans in New York City. At the beginning of 1968, with 600 members, VVAW opened a national office, founded the first GI newspaper "Vietnam GI", and sent close to 500 veterans into the MC CARTHY campaign to beat down the red baiters. After getting gassed at the Democratic Convention in Chicago and caught in the general "down" of the peace movement, VVAW was nearly inactive until the moratoriums in the Fall of 1969. Members of the VVAW led student strikes on major campuses across the country and battled Veterans Administration Hospital authorities over threats to throw amputee Vietnam veterans out for signing anti-war petitions. At present, membership of the VVAW nationally, consists of 8,500 members.

[redacted], was interviewed at the Connecticut Correctional Center, Brooklyn, Connecticut. He was furnished a form captioned "Interrogation/Advice of Rights" by Special Agent THOMAS M. MURPHY, which he read and refused to sign. He agreed to discuss details regarding his arrest by the Connecticut State Police. He stated he had a grenade simulator when contacted by the Connecticit State Police at Coventry, Connecticut, which he obtained at Officer Candidate School (OCS) at Fort Benning, Georgia, when in the Army. He described the grenade simulator as a practice grenade with a charge equal to the contents of four shotgun shells strapped together. The grenade is made of cardboard, has no metal and is not a lethal weapon. He claimed the Army says the grenade simulator has a fifteen meter danger radius, but he believes this is questionable. He would not say where he intended to go or what he intended to do with the grenade simulator, other than he planned to use it in a harmless prank.

He stated that the television and radio newscasts reported that he intended to assasinate the Vice President. He stated he did not expect to see SPIRO T. AGNEW today. He related that he goes to court on Friday and might possibly give his reasons in detail for having the grenade simulator so that he might get out of jail. He described himself as a political prisoner arrested on trumped up charges by the Connecticut State Police. He said that at least a dozen people know the details regarding the harmless prank he intended, but would not disclose their identities.

ACTION TAKEN:

On June 6, 1972, at approximately 1745 hours, while at home, I received a telephone call from SERGEANT [redacted] who was calling from the COAST GUARD ACADEMY in New London.

SERGEANT [redacted] advised me that during the afternoon he had received information that one [redacted] of [redacted] Willimantic, Connecticut, would proceed the next morning, June 7th, to the COAST GUARD ACADEMY, where the Vice-President, SPIRO AGNEW, was to be speaking.

At that time [redacted] would have a grenade launcher in his possession.

SERGEANT [redacted] stated that the informant had told him that [redacted] would be operating a 1961 Red Volkswagon.

A check with the Motor Vehicle Department, revealed that Connecticut Passenger Registration [redacted] on a 1961 Red Volkswagon, station wagon, was listed to [redacted] Willimantic, Conn., held valid operators license, DOB [redacted]

A check of the files at C.S.B.I. revealed arrests for this subject for Trespassing, Discharge of Firearms, Breach of Peace, and Disorderly Conduct.

Troopers were assigned to check the house at [redacted] Willimantic, for the above mentioned vehicle. The vehicle was not observed during the evening or mid-night shift, at that address. At about 6:30 am, I meet with Trooper [redacted] in the City of Willimantic. We made a telephone call to the number listed in the Willimantic phone book to [redacted] at [redacted] The phone had been disconnected the information operator indicated that a new phone [redacted] was listed to the same party at Coventry Road, in Coventry, Connecticut.

At 6:55 am, the above mentioned vehicle was located at a house on Coventry Road, in Coventry. At about 9:30 am, two males were observed entering the car and driving away. The vehicle headed north on Route 32, into the Town of Mansfield, and turned right on North Eagleville Road, towards the University of Connecticut.

ACTION TAKEN: (Cont.)

At that time the vehicle was stopped. I spoke to the operator who identified himself as [redacted] The passenger was also identified later as one [redacted] Coventry, Conn., DOB [redacted]

b6
b7C

I then asked [redacted] the following questions: Where are you going? He answered, To U. Conn. to a Demonstration. I then asked, Then where? He replied, To New London, there is a Demonstration where AGNEW is speaking. I then asked, Do you mind if we look in your car? He said, No, I have nothing to hide - There is nothing there. I then asked, Do you mind if I search you? He said, No, go ahead. I then stated, Do you know that you do not have to let me search you. He said, Yes, he understood. I then asked, Do you know that you do not have to let me search your car. He said, Yes, he understood that as well. I then stated, Do you know that if I find anything I might arrest you? He replied, Yes. I then asked, Do you still agree to let me search you and your car? He said, Yes.

I searched the person of [redacted] and found in his left pocket one (1) Hand Grenade. The Hand Grenade was marked "Simulator Hand Grenade M116A1" Firing Instructions. Remove safety clip from fuse lighter carefully pull off cap until cord is free of container. Grasp the container in throwing hand, wearing a standard issue leather glove, jerk the cord and immediately throw. After five seconds delay, the grenade will explode. Hazard: Dangerous within fifteen feet. Dry leaves and grass may be ignited within a radius of several feet. 04-68.

At that time I placed the accused under arrest for having a dangerous weapon in a motor vehicle, and handcuffed him.

I then continued to search the vehicle and without removing any petitions or any parts of the vehicle located no other weapons.

Date June 13, 1972

[redacted] Coventry, Connecticut, was informed of his rights, as shown by the executed Waiver of Rights form, which he signed and which form was furnished to him by Special Agent THOMAS M. MURPHY. He declined to furnish a signed statement. He furnished the following information:

He resides with [redacted], and his wife on [redacted] Coventry, Connecticut, and is a sophomore student majoring in nursing at the University of Connecticut (UCONN), Storrs, Connecticut. When he awakened the morning of June 7, 1972, he noticed a State Police cruiser on the road at the rear of the property. He thought that they were there as a result of a reported rape that took place in the area, and about which he was interviewed a day or so before. He and [redacted] left the house some time after 9:00 in [redacted] car, and were stopped by the State Police, who had followed them from the house. He stated the police did not tell them the reason for stopping them. The police asked where they were headed and were told that they were going to New London, Connecticut. One of the police officers asked him if he would consent to a search. He stated that he did not feel he had anything to hide and he consented. He stated the other police officer talked to [redacted] He was not able to hear the conversation between the two, however, this police officer searched [redacted] and found a grenade simulator in his pocket and [redacted] was then placed under arrest. He explained that [redacted] was going to use this grenade simulator at a demonstration to be conducted at the Coast Guard Commencement Exercises where the Vice President of the United States was speaking. He explained that the simulator was to be attached to a helium balloon, which had leaflets. A separate line to the balloon would be allowed to ascend and a separate line to the grenade would trip the grenade so that it would go off, thereby releasing the leaflets at the commencement exercises. He stated that [redacted] definitely did not intend to use this grenade simulator to hurt anybody or to throw it at anyone.

He stated that he has been active in the Vietnam Veterans Against the War (VVAW) since the spring of 1970, and has taken part in a number of demonstrations, and at no time has any

SUBJECT: [redacted]
VICE PRESIDENT SPIRO T. AGNEW -
VICTIM
PRESIDENTIAL ASSASSINATION
STATUTE

This is to advise that at 9:20 p.m., 6-7-72, [redacted] Criminal Division, Department of Justice, telephonically contacted Night Supervisor [redacted] concerning captioned individual who allegedly intended to participate in a demonstration against the Vice President at the Coast Guard Academy in Connecticut and who was arrested by Connecticut State Police armed with a simulated grenade. [redacted] advised that his superiors had inquired as to the latest developments in this matter and were interested in determining the following on the part of the subject: Intent to participate; where participation was to take place; intent to use device (simulated grenade), where, when, and against whom; and where the arrest took place.

175-192-8

Night Duty Agent [redacted] New Haven Office, advised at 9:30 p.m., that Bureau Agents had just completed interviewing the subject who was in custody of Connecticut State Police, Brooklyn, Connecticut. Special Agent (SA) [redacted] advised that subject refused to sign a waiver of rights or to furnish a signed statement; however, agreed to discuss circumstances surrounding his arrest by Connecticut State Police. Subject stated he had grenade simulator when arrested by Connecticut State Police which he obtained from Officers Candidate School at Fort Benning, Georgia, while in the Army, describing the simulator as a practice grenade with a charge equal to contents of four shotgun shells strapped together. Subject stated the grenade he had was made of cardboard, contained no metal, and was not considered a lethal weapon; however, U.S. Army claims this device had 15-meter danger radius but in subject's opinion, that was questionable. Subject would not say where he intended to go or what he intended to do with the device but planned to use it as a harmless prank--he would not elaborate.

Memorandum to Mr. Bates
RE: [redacted]

Subject stated television and radio newscasts had indicated he intended to assassinate the Vice President; however, he did not expect to see the Vice President on 6-7-72. Subject related he was going to court on Friday and might possibly at that time give reason for having device in detail.

SA [redacted] advised that subject was arrested in Coventry, Connecticut, which is 38 or more miles from the location of the Coast Guard Academy.

At 9:50 p. m., [redacted] was advised of the above and that members of the Vietnam Veterans Against the War (VVAW) demonstrated in an area across the street from the main entrance to the Coast Guard Academy; however, the Coast Guard Academy commencement exercises were conducted without incident and no arrests were made at the Coast Guard Academy graduation. [redacted] related this was all the information he needed at the time; however, he would like some additional background on the VVAW (subject allegedly a member of this organization) and the ultimate disposition of the device as the Department may desire to know the exact damage such a device would do if exploded. He stated the Department in the past had a case involving a similar device in which a court had ruled it was not a lethal weapon; however, the Department was considering further litigation in this area. [redacted] was advised that he would be contacted in regard to his request.

Bureau Indices contain no pertinent identifiable information on subject; however, FBI Identification Division records contain a civil print under the name of [redacted] (who may be identical with subject) who was fingerprinted on 10-20-67, when entering the U. S. Army.

ACTION: For information and record purposes. This matter being followed closely.

Referenced communication set forth background and description of subject as well as subject's plans to attend Miami Republican Convention demonstration. A photograph of subject and an LHM setting forth the information in the teletype was promised Miami.

The photograph New Haven intended to submit was one taken by the Connecticut State Police, Colchester, Ct., on 6/7/72, during an arrest of the subject. However, it was determined that this photo did not develop.

In view of this and the fact the convention is now over, no LHM is being submitted.

He explained a plan to fill four balloons with helium and to each balloon he would attach a batch of leaflets with a shoe string tied in a bow knot. Two strings would be utilized on each balloon, one to hold the balloon and guide it, the other one would be tied to the shoe string so that by releasing the guiding string and yanking on the other, the leaflets could be dropped on the ceremony at the Coast Guard Academy. On the morning of June 7, 1972, Special Agents [redacted] and THOMAS M. MURPHY observed [redacted] Regional Coordinator for the Vietnam Veterans Against the War (VVAW) on the campus of Connecticut College, which is across from the United States Coast Guard Academy. [redacted] and four others released four black balloons, which measured five to six feet in diameter. These balloons were attached to a line and on each instance the balloons got away from those holding them and drifted into the sky. During this period Vice President of the United States SPIRO T. AGNEW was present at the Coast Guard Academy Commencement Exercises as the main speaker.

b6
b7C

The VVAW was founded in the Spring of 1967 by six young Vietnam veterans in New York City. At the beginning of 1968, with 600 members, VVAW opened a national office, founded the first GI newspaper "Vietnam GI", and sent close to 500 veterans into the MC CARTHY campaign to beat down the red baiters. After getting gassed at the Democratic Convention in Chicago and caught in the general "down" of the peace movement, VVAW was nearly inactive until the moratoriums in the Fall of 1969. Members of the VVAW led student strikes on major campuses across the country and battled Veterans Administration Hospital authorities over threats to throw amputee Vietnam veterans out for signing anti-war petitions. At present, membership of the VVAW nationally, consists of 8,500 members.

[redacted], was interviewed at the Connecticut Correctional Center, Brooklyn, Connecticut. He was furnished a form captioned "Interrogation/Advice of Rights" by Special Agent THOMAS M. MURPHY, which he read and refused to sign. He agreed to discuss details regarding his arrest by the Connecticut State Police. He stated he had a grenade simulator when contacted by the Connecticit State Police at Coventry, Connecticut, which he obtained at Officer Candidate School (OCS) at Fort Benning, Georgia, when in the Army. He described the grenade simulator as a practice grenade with a charge equal to the contents of four shotgun shells strapped together. The grenade is made of cardboard, has no metal and is not a lethal weapon. He claimed the Army says the grenade simulator has a fifteen meter danger radius, but he believes this is questionable. He would not say where he intended to go or what he intended to do with the grenade simulator, other than he planned to use it in a harmless prank.

He stated that the television and radio newscasts reported that he intended to assasinate the Vice President. He stated he did not expect to see SPIRO T. AGNEW today. He related that he goes to court on Friday and might possibly give his reasons in detail for having the grenade simulator so that he might get out of jail. He described himself as a political prisoner arrested on trumped up charges by the Connecticut State Police. He said that at least a dozen people know the details regarding the harmless prank he intended, but would not disclose their identities.

ACTION TAKEN:

On June 6, 1972, at approximately 1745 hours, while at home, I received a telephone call from SERGEANT [redacted] who was calling from the COAST GUARD ACADEMY in New London.

SERGEANT [redacted] advised me that during the afternoon he had received information that one [redacted] of [redacted] Willimantic, Connecticut, would proceed the next morning, June 7th, to the COAST GUARD ACADEMY, where the Vice-President, SPIRO AGNEW, was to be speaking.

At that time [redacted] would have a grenade launcher in his possession.

SERGEANT [redacted] stated that the informant had told him that [redacted] would be operating a 1961 Red Volkswagon.

A check with the Motor Vehicle Department, revealed that Connecticut Passenger Registration [redacted] on a 1961 Red Volkswagon, station wagon, was listed to [redacted] Willimantic, Conn., held valid operators license, DOB [redacted]

A check of the files at C.S.B.I. revealed arrests for this subject for Trespassing, Discharge of Firearms, Breach of Peace, and Disorderly Conduct.

Troopers were assigned to check the house at [redacted] Willimantic, for the above mentioned vehicle. The vehicle was not observed during the evening or mid-night shift, at that address. At about 6:30 am, I meet with Trooper [redacted] in the City of Willimantic. We made a telephone call to the number listed in the Willimantic phone book to [redacted] at [redacted] The phone had been disconnected the information operator indicated that a new phone [redacted] was listed to the same party at Coventry Road, in Coventry, Connecticut.

At 6:55 am, the above mentioned vehicle was located at a house on Coventry Road, in Coventry. At about 9:30 am, two males were observed entering the car and driving away. The vehicle headed north on Route 32, into the Town of Mansfield, and turned right on North Eagleville Road, towards the University of Connecticut.

ACTION TAKEN: (Cont.)

At that time the vehicle was stopped. I spoke to the operator who identified himself as [redacted] The passenger was also identified later as one [redacted] Coventry, Conn., DOB [redacted]

b7C

I then asked [redacted] the following questions: Where are you going? He answered, To U. Conn. to a Demonstration. I then asked, Then where? He replied, To New London, there is a Demonstration where AGNEW is speaking. I then asked, Do you mind if we look in your car? He said, No, I have nothing to hide - There is nothing there. I then asked, Do you mind if I search you? He said, No, go ahead. I then stated, Do you know that you do not have to let me search you. He said, Yes, he understood. I then asked, Do you know that you do not have to let me search your car. He said, Yes, he understood that as well. I then stated, Do you know that if I find anything I might arrest you? He replied, Yes. I then asked, Do you still agree to let me search you and your car? He said, Yes.

I searched the person of [redacted] and found in his left pocket one (1) Hand Grenade. The Hand Grenade was marked "Simulator Hand Grenade M116A1" Firing Instructions. Remove safety clip from fuse lighter carefully pull off cap until cord is free of container. Grasp the container in throwing hand, wearing a standard issue leather glove, jerk the cord and immediately throw. After five seconds delay, the grenade will explode. Hazard: Dangerous within fifteen feet. Dry leaves and grass may be ignited within a radius of several feet. 04-68.

At that time I placed the accused under arrest for having a dangerous weapon in a motor vehicle, and handcuffed him.

I then continued to search the vehicle and without removing any petitions or any parts of the vehicle located no other weapons.

The passenger was searched by Trooper [redacted] and no evidence was found. With the permission of the accused [redacted] the passenger was allowed the vehicle from the scene.

ACTION TAKEN CONTINUED:

The accused was then placed in Trooper [redacted] vehicle for transportation to Troop "K". While enroute he was warned of his Rights and he fully understood them. After being warned I asked him if he was afraid of us, and he said "No". I asked him if he ~~would~~ let us search him because he was afraid or he knew we would search anyhow, and he also said "No". b6 b7C

I then asked him what he was going to do with the grenade, he stated "I was not going to throw it at Agnew, when he was talking". He would not expand on that statement.

The accused was printed and mugged at Troop "K", by Trooper [redacted] and then brought by Trooper [redacted] to the 11th Circuit Court, in Danielson to be presented, after being unable to post bond and after making numerous phone calls to his attorney.

Date June 13, 1972

[redacted] Coventry, Connecticut, was informed of his rights, as shown by the executed Waiver of Rights form, which he signed and which form was furnished to him by Special Agent THOMAS M. MURPHY. He declined to furnish a signed statement. He furnished the following information:

He resides with [redacted], and his wife on [redacted] Coventry, Connecticut, and is a sophomore student majoring in nursing at the University of Connecticut (UCONN), Storrs, Connecticut. When he awakened the morning of June 7, 1972, he noticed a State Police cruiser on the road at the rear of the property. He thought that they were there as a result of a reported rape that took place in the area, and about which he was interviewed a day or so before. He and [redacted] left the house some time after 9:00 in [redacted] car, and were stopped by the State Police, who had followed them from the house. He stated the police did not tell them the reason for stopping them. The police asked where they were headed and were told that they were going to New London, Connecticut. One of the police officers asked him if he would consent to a search. He stated that he did not feel he had anything to hide and he consented. He stated the other police officer talked to [redacted] He was not able to hear the conversation between the two, however, this police officer searched [redacted] and found a grenade simulator in his pocket and [redacted] was then placed under arrest. He explained that [redacted] was going to use this grenade simulator at a demonstration to be conducted at the Coast Guard Commencement Exercises where the Vice President of the United States was speaking. He explained that the simulator was to be attached to a helium balloon, which had leaflets. A separate line to the balloon would be allowed to ascend and a separate line to the grenade would trip the grenade so that it would go off, thereby releasing the leaflets at the commencement exercises. He stated that [redacted] definitely did not intend to use this grenade simulator to hurt anybody or to throw it at anyone.

He stated that he has been active in the Vietnam Veterans Against the War (VVAW) since the spring of 1970, and has taken part in a number of demonstrations, and at no time has any

SUBJECT: [redacted]
VICE PRESIDENT SPIRO T. AGNEW -
VICTIM
PRESIDENTIAL ASSASSINATION
STATUTE

This is to advise that at 9:20 p.m., 6-7-72, [redacted] Criminal Division, Department of Justice, telephonically contacted Night Supervisor [redacted] concerning captioned individual who allegedly intended to participate in a demonstration against the Vice President at the Coast Guard Academy in Connecticut and who was arrested by Connecticut State Police armed with a simulated grenade. [redacted] advised that his superiors had inquired as to the latest developments in this matter and were interested in determining the following on the part of the subject: Intent to participate; where participation was to take place; intent to use device (simulated grenade), where, when, and against whom; and where the arrest took place.

175-192-8

Night Duty Agent [redacted] New Haven Office, advised at 9:30 p.m., that Bureau Agents had just completed interviewing the subject who was in custody of Connecticut State Police, Brooklyn, Connecticut. Special Agent (SA) [redacted] advised that subject refused to sign a waiver of rights or to furnish a signed statement; however, agreed to discuss circumstances surrounding his arrest by Connecticut State Police. Subject stated he had grenade simulator when arrested by Connecticut State Police which he obtained from Officers Candidate School at Fort Benning, Georgia, while in the Army, describing the simulator as a practice grenade with a charge equal to contents of four shotgun shells strapped together. Subject stated the grenade he had was made of cardboard, contained no metal, and was not considered a lethal weapon; however, U.S. Army claims this device had 15-meter danger radius but in subject's opinion, that was questionable. Subject would not say where he intended to go or what he intended to do with the device but planned to use it as a harmless prank--he would not elaborate.

Memorandum to Mr. Bates
RE: [redacted]

Subject stated television and radio newscasts had indicated he intended to assassinate the Vice President; however, he did not expect to see the Vice President on 6-7-72. Subject related he was going to court on Friday and might possibly at that time give reason for having device in detail.

SA [redacted] advised that subject was arrested in Coventry, Connecticut, which is 38 or more miles from the location of the Coast Guard Academy.

At 9:50 p. m., [redacted] was advised of the above and that members of the Vietnam Veterans Against the War (VVAW) demonstrated in an area across the street from the main entrance to the Coast Guard Academy; however, the Coast Guard Academy commencement exercises were conducted without incident and no arrests were made at the Coast Guard Academy graduation. [redacted] related this was all the information he needed at the time; however, he would like some additional background on the VVAW (subject allegedly a member of this organization) and the ultimate disposition of the device as the Department may desire to know the exact damage such a device would do if exploded. He stated the Department in the past had a case involving a similar device in which a court had ruled it was not a lethal weapon; however, the Department was considering further litigation in this area. [redacted] was advised that he would be contacted in regard to his request.

Bureau Indices contain no pertinent identifiable information on subject; however, FBI Identification Division records contain a civil print under the name of [redacted] (who may be identical with subject) who was fingerprinted on 10-20-67, when entering the U. S. Army.

RE: New Haven teletype to Bureau and Miami, 8/16/72.

Referenced communication set forth background and description of subject as well as subject's plans to attend Miami Republican Convention demonstration. A photograph of subject and an LHM setting forth the information in the teletype was promised Miami.

The photograph New Haven intended to submit was one taken by the Connecticut State Police, Colchester, Ct., on 6/7/72, during an arrest of the subject. However, it was determined that this photo did not develop.

In view of this and the fact the convention is now over, no LHM is being submitted.
