While at the White House on other matters, I mentioned to Kenneth O'Donnell the information we had received concerning the Blauvelt family genealogy which indicated that Durie Kerr married John F. Kennedy, the son of the one-time Ambassador to England. O'Donnell stated that this genealogy had previously been brought to his attention and that necessary action had been taken to set the record straight as this reported marriage to John F. Kennedy was patently false.

As a matter of interest, O'Donnell advised that the President as a young man had known Miss Kerr and had dated her but there had never been any question of marriage.

Dear Mr. Hoover:

The attached enclosure was delivered today in a parcel of books sent to me from [redacted] It was a shocking piece of material. After studying it carefully, I came to the conclusion that either the book "THE BLAUVELT FAMILY GENEALOGY" had been tampered with during its set-up or else the photostat had been faked. I can detect no differences, however, in the type face.

I did notice that while other entrants of this family during this generation are given birth dates, those entries concerning the "evolving" of Durie and her mother are given none.

I noted, also that entry (11, 301 and 11, 302) are missing from this page. However on the page 884 I noticed that the numbers skip from (12, 413) to (12, 419) followed with (12, 427) and then skip again to (12, 440). At first I thought these skips were made to insert the damaging message. It entered my mind that the deleted parts might have been used to manufacture the inserts. This could have been done in the font before a mold was made. But it became too much of a puzzle for me and so I decided to turn this matter over to a real expert.

Before I came to this decision, I wrote a letter to Congressman John Rousselot, and asked him to check to see if such a book existed in the Congressional Library. It was my thought then that this was an attempt to smear the F. B. I. and the President. It is my thought now that a trap has been set for not only the President and your Bureau but also to involve a patriotic group. Some patriotic people will jump at just such straws for ammunition. It is the one and only concession I will make to Senator Fulbright's views.

No possible good can come of the circulation of such material and it can only worsen public opinion against patriotic organizations. I have no knowledge of who is responsible for the original work on this. Perhaps [redacted] might tell me if I were to ask. It seems more important to get this material into your hands as soon as possible.

There is such a concern as Edwards Brothers at 1745 South State Street in Ann Arbor, Michigan as per a 1953 directory of Business and Industry. A Mr. J. W. Edwards was listed as Chairman of the Board and Mr. Joseph W. Edwards was then President.

Do these "Connivers" have super-human guidance that they can lay their plans so far in advance and make them pan out? I am so weary with the very small work that I do, it is inconceivable to me how you endure your responsibilities. May our good Lord rest and abide with you always.

JOHN'S OTHER WIFE . . .

There has been much speculation and puzzlement concerning the rumor that Jacqueline Bouvier Kennedy is the second wife of John Fitzgerald Kennedy, a member of the Roman Catholic Church and currently President of the United States of America. Many, many people insisted that there had been a previous marriage which had ended either in divorce or annulment. However, it seemed that all documentary substantiation had been destroyed or suppressed. Cited were the cases of a "disappearing issue" in the "Saturday Evening Post" and the suppression of certain genealogical records held by the Daughters of the American Revolution.

Perhaps overlooked was the privately printed "Blauvelt Family Genealogy," which contains, on page 884, the record of that previous marriage of John Fitzgerald Kennedy.

Reproduced on this sheet are photocopies of the title page and page 884 of "The Blauvelt Family Genealogy."

"For there is nothing covered, that shall not be revealed; neither hid, that shall not be known. Therefore whatsoever ye have spoken in darkness shall be heard in the light; and that which ye have spoken in the ear in closets shall be proclaimed upon the housetops." (St. Luke 12: 2, 3.)

Information is that upon the death of Louis Blauvelt, the books on the Blauvelt Genealogy were confiscated by the F. B. I.

SUBJECT: [REDACTED]

THE BLAUVELT FAMILY GENEALOGY

Reference my memorandum 4-16-62 captioned "William Worthy, Jr., IS - Cuba," which concerned article written by Worthy in February, 1962, issue of "The Realist" attacking the Director. This memorandum sets forth pertinent information in our files concerning [REDACTED] "The Realist," as well as information concerning this magazine itself:

[REDACTED]
 During December, 1958, [REDACTED] sponsored by the so-called "Libertarian Center," New York City, and his topic was "The Pertinence of Atheism to Social Struggles." He [REDACTED] Libertarian Center in August, 1959. Bufiles show that the Libertarian Center is connected with the Libertarian League which publishes the periodical "Views and Comments," identified as an anarchist publication which advocates a system of no government and no money.

During December, 1960, [REDACTED] participated in a tour of Cuba sponsored by the pro-Castro Fair Play for Cuba Committee.

Concerning "The Realist," review of February, 1962, issue as well as a previous issue available in our files reveals that this publication carries various articles of a radical and sensational nature many of which are devoted to advocating "free sex" and which are degrading. For example, February, 1962, issue includes article advocating premarital sex relations for 17-year-old girls.

The October, 1958, issue of "The Realist" included critical comments by Krassner of the Director's book "Masters of Deceit." Krassner ridiculed the belief that communism was caused by lack of faith and took the occasion to denounce religious groups in general.

The Blauvelt Family Genealogy

JOHN'S OTHER WIFE . . .

There has been much speculation and puzzlement concerning the rumor that Jacqueline Bouvier Kennedy is the second wife of John Fitzgerald Kennedy, a member of the Roman Catholic Church and currently President of the United States of America. Many, many people insisted that there had been a previous marriage which had ended either in divorce or annulment. However, it seemed that all documentary substantiation had been destroyed or suppressed. Cited were the cases of a "disappearing issue" of the "Saturday Evening Post" and the suppression of certain genealogical records held by the Daughters of the American Revolution.

Perhaps overlooked was the privately printed "Blauvelt Family Genealogy," which contains, on page 884, the record of that previous marriage of John Fitzgerald Kennedy.

Reproduced on this sheet are photocopies of the title page and page 884 of "The Blauvelt Family Genealogy."

"For there is nothing covered, that shall not be revealed; neither hid, that shall not be known. Therefore whatsoever ye have spoken in darkness shall be heard in the light; and that which ye have spoken in the ear in closets shall be proclaimed upon the housetops." (St. Luke 12: 2, 3.)

Information is that upon the death of Louis Blauvelt, the books on the Blauvelt Genealogy were confiscated by the F. B. I.

I spoke with the Attorney General and informed him of the information we had received concerning the current dissemination of the so-called "Blauvelt Family Genealogy" and that, of course, there was no truth whatsoever mentioned on the item being distributed that books on the Blauvelt genealogy had been confiscated by the FBI. The Attorney General said that he, of course, was aware of the rumors which had been circulated concerning this genealogy and that this was the vilest kind of slander of the President. He asked if we could look into the matter and see if we could determine who was responsible for disseminating this material.

After returning to the office I noted the newspaper item in the "New York Mirror" for June 16, 1962, in Lee Mortimer's column which indicates the Secret Service is working overtime to track down the source of the story that the President had been married previously.

ACTION TO BE TAKEN:

Before instituting any investigation ourselves concerning this matter, it is believed the Liaison Section should check with Secret Service and determine whether in fact that agency is currently investigating this matter.

BACKGROUND:

Indiana, forwarded a letter dated 6-7-62, with a copy of "The Blauvelt Family Genealogy" as an enclosure. She reported having received this enclosure unsolicited with a parcel of books sent to her by Illinois. The Genealogy was reported to have been published in 1957 by Edwards Brothers, Ann Arbor, Michigan, after being compiled by Louis L. Blauvelt between 1926 and 1956.

Enclosure alleges a prior marriage of President John F. Kennedy to a member of the Blauvelt family. The reverse side of the enclosure bears the typed notation that books of the Blauvelt Genealogy were confiscated by the FBI upon the death of Louis Blauvelt.

REVIEW OF BUFILES:

Bufiles reflect many references to Edwards Brothers Publishers, Inc., Ann Arbor, Michigan. File reviews indicate numerous business transactions between that firm and various communist satellite nations. Bufiles indicate J. W. Edwards to be head of the company but do not show subversive references for a Joseph W. Edwards in the Michigan locale.

Further review of files at Bureau discloses various references

to Illinois.

Information noted indicated Pro-American Information Bureau held in Chicago 11-6-59. Person by that name "Nationalist Unity Conference" in Chicago.

Bufiles do not reflect identifiable record of correspondent, "The Blauvelt Family Genealogy" or Louis L. Blauvelt.

The purpose of this memorandum is to set forth additional information concerning an alleged marriage to Durie Kerr by President Kennedy. Secret Service is cognizant of the distribution of "The Blauvelt Family Genealogy," but is conducting no investigation.

Information regarding this genealogy was originally furnished to Mr. O'Donnell at the White House on September 22, 1961. At that time, he advised that this had previously been brought to his attention, and necessary action had been taken to set the record straight as this reported prior marriage was patently false. Mr. O'Donnell did indicate that the President as a young man had known Miss Kerr and had dated her but there had never been any question of marriage.

On June 4, 1962, the Attorney General and Mr. O'Donnell were advised that an article had appeared in the May, 1962, issue of "The Thunderbolt," official organ of the National States Rights Party (NSRP), captioned, "KENNEDY'S DIVORCE EXPOSED! Is Present Marriage Valid? - Excommunication Possible." The New York Office has now furnished a leaflet, purportedly a reprint of a portion of "The Blauvelt Family Genealogy," obtained from a New York City detective operating in an undercover capacity in the Fighting American Nationalists, a "hate group" with headquarters in Washington, D. C. The leaflet was obtained at the office of the Christian Educational Association (CEA), Union, New Jersey. The detective advised that the CEA furnished a copy of the leaflet to the NSRP, another "hate group" in Birmingham, Alabama. The NSRP published a portion of the leaflet in the May, 1962, issue of their paper, "The Thunderbolt." The information furnished by the detective supplements that previously furnished to the Attorney General regarding the article in "The Thunderbolt," and this new information is being furnished the Attorney General in the attached letter. SAC Foster of the New York Office advised on June 25, 1962, that no additional information has been received regarding this matter.

An individual in Chicago forwarded to the Bureau by letter dated June 7, 1962, a copy of "The Blauvelt Family Genealogy" which was received by the individual with a parcel of books sent by [redacted]

Memorandum C. A. Evans to Mr. Belmont
Re: "THE BLAUVELT FAMILY GENEALOGY"

leaflet, "Information is that upon the death of Louis Blauvelt, the books of the Blauvelt Genealogy were confiscated by the FBI." Bureau files contain no information regarding Louis Blauvelt nor confiscation of any books. This information was called to the Attorney General's attention by me on June 20, 1962, at which time the Attorney General indicated he was familiar with the rumors being circulated and asked if we could look into this matter and see if we could determine who was responsible for disseminating this material.

The attached item in the "New York Mirror" dated June 16, 1962, Lee Mortimer's column, indicates the Secret Service is working overtime to track down the source of the story that the President has been married previously. Liaison Supervisor Bartlett contacted James J. Rowley, Chief, U. S. Secret Service, on June 25, 1962, who advised he is familiar with "The Blauvelt Family Genealogy" and the article in Lee Mortimer's column, but that actually no investigation is being conducted by Secret Service regarding this matter.

OBSERVATIONS:

To conduct open inquiries to determine who is responsible for disseminating this material would serve only to spread a story which the Attorney General has labeled the "vilest kind of slander of the President." With regard to the typed notation on the leaflet received from Chicago regarding the confiscation of books by the FBI upon the death of Louis Blauvelt, we would normally take steps to refute this and admonish persons responsible. Any contact with leaders of this "hate group," however, would only furnish them with additional ammunition with which to slander the FBI.

ACTION:

Attached for approval is a letter to the Attorney General setting forth information received by the Bureau subsequent to my conversation with him on June 20, 1962.

For your information, captioned individual forwarded, under postmark 6-21-62 and without cover letter, a copy of the May, 1962, issue of "The Thunderbolt," in which appears on page one an article alleging a prior marriage of President Kennedy to one Durie Malcolm, which fact has been suppressed from the press.

THE BLAUVELT FAMILY GENEALOGY

Correspondent forwarded a letter to the Bureau dated 2-8-62 in which he expressed anti-Semitic views. His feelings were expressed so strongly on this subject the letter was not acknowledged. (63-0-10998) wrote the Bureau again on 4-1-62 expressing equally bitter feelings against Catholics. He specifically criticized Kennedy's religious preference and inquired how many Knights of Columbus were in the FBI. On 4-10-62, acknowledgment was forwarded over Miss Gandy's signature informing him of the confidential nature of data in our files and stating we have no records reflecting religious preferences of our employees. (94-1-20733-175) "The Thunderbolt" is backed by the National States Rights Party which is violently anti-Semitic and anti-Negro. It has previously been brought to the Bureau's attention that this publication publishes vicious and malicious lies and it frequently refers to Bureau Agents as being "frame artists," "slimy race mixers," and "mangey dogs." The National States Rights Party is subject of current Bureau investigation. ~~(100-6623)~~

105-66232

The May, 1962, issue of "The Thunderbolt" containing the article captioned "Kennedy's Divorce Exposed! Is Present Marriage Valid? Excommunication Possible" has previously been brought to the Bureau's attention. Copies of this item were made available to the Attorney General and to the White House by the Bureau on 6-4-62.

RECOMMENDATION:

That the attached communication from not be acknowledged.

BLAUVELT FAMILY GENEALOGY.

Compiled between 1926 and 1956, pub. 1957 by The Association of Blauvelt Descendants; Sponsored by The Blauvelt -- Demarest Foundation Inc., and individual subscribers. Library of Congress Catalog. Card, No., 56-10936.

p. 884. Eleventh Generation (12,427):

"DURIE (Kerr) MALCOLM, (mother) Isabel O. Cooper, (no.) 11,304). We have no birth date. She was born Kerr, but took the name of her stepfather. She first married Firmin Desloge IV. They were divorced; Durie then married F. John Bersbach. They were divorced and she married third, John F. Kennedy, son of Joseph P. Kennedy, one time Ambassador to England."

Were Blauvelts Jewish?

Now, for the first time, "The Thunderbolt" publishes on this page the exclusive story of the official family tree report on Durie Malcolm, (Kennedy's first wife.)

This document on Mrs. Kennedy's family tree is quoted from the "BLAUVELT FAMILY GENEALOGY" and is an official record in the Library of Congress. Mrs. Kennedy has in the past been married to Mr. Firmin Desloge, IV, and Mr. F. John Bersbach. Now the great question is, WHY HAS THIS VITAL INFORMATION BEEN SUPPRESSED BY EVERY SINGLE NEWSPAPER, MAGAZINE, WIRE SERVICE AND T.V. NETWORK IN AMERICA? This information is known to these 'news' media, but they are suppressing the story on purpose. There is a gigantic plot to propagandize the American people

The purpose of this memorandum is to recommend that additional information received concerning the captioned matter be forwarded to the Attorney General.

My memorandum of 6/27/62 (copy attached) advised that the May, 1962, issue of "The Thunderbolt," official organ of the National States Rights Party, carried an article indicating that President Kennedy had been previously married to one Durie Kerr. Attached to my memorandum was a letter to the Attorney General giving him that information and advising he would be furnished any additional information received.

On 6/27/62 Mr. O'Donnell at the White House furnished a memorandum distributed by [redacted] Massachusetts, [redacted]

[redacted] memorandum names organizations and individuals he alleges have been active in disseminating the above information. [redacted] states that over 100,000 copies of a "folder" containing this information have been disseminated during the month of June, 1962.

On 6/27/62 we received a report from Secret Service disclosing an interview with [redacted]

[redacted] furnished Secret Service a copy of a publication entitled "The Realist," dated March, 1962. Bureau files indicate this magazine carries various articles of a radical and sensational nature, many of which are devoted to advocating "free sex" and which are degrading. The February, 1962, issue includes articles advocating premarital sex relations for 17-year-old girls. The March, 1962, issue of "The Realist" repeats the allegation concerning President Kennedy's alleged prior marriage and also states that, according to an unidentified Washington correspondent, Senator Barry Goldwater (R-Arizona) has been "systematically spreading the rumor around the country." According to [redacted] the editor of "The Realist" received the story through the owner of the publication from Max Lowenthal, the author of the grossly slanted book published in 1950 entitled "The Federal Bureau of Investigation."

ACTION:

EX 100

25 JUL 27 1962

Attached is a letter to the Attorney General summarizing the current information received and furnishing one copy each of the memorandum referred to the Bureau by Mr. O'Donnell and the Secret Service report and a copy of the March, 1962, issue of "The Realist." In

addition there is attached to the letter a memorandum containing information concerning Lowenthal, organizations and individuals mentioned in the material received from Mr. O'Donnell and the Secret Service. The memorandum indicates our files show that some of the organizations are "hate groups" and that some of the individuals mentioned belong to such groups.

The Attorney General

June 28, 1962

PERSONAL

Director, FBI

"THE BLAUVELT FAMILY GENEALOGY"

My letter of June 4, 1962, furnished to you information that "The Thunderbolt," official organ of the National States Rights Party, in its May, 1962, issue contained an article captioned, "KENNEDY'S DIVORCE EXPOSED! Is Present Marriage Valid? - Excommunication Possible."

On June 20, 1962, Assistant Director Courtney A. Evans advised you that an individual had forwarded to this Bureau a copy of "The Blauvelt Family Genealogy," which apparently was furnished to our source by [REDACTED]

[REDACTED] in the Chicago area. At that time you asked Mr. Evans if we could determine who was responsible for disseminating this material.

A source of this Bureau has now furnished a leaflet, purportedly a reprint of a portion of "The Blauvelt Family Genealogy," published by the Association of Blauvelt Descendants. This leaflet, which is attached, indicates that this document is on file in the United States Library of Congress, Catalogue Number 56-10936. The source advised that a copy of this leaflet was obtained from the Christian Educational Association in Union, New Jersey, and that this association had furnished a copy to the National States Rights Party. It was a portion of this same leaflet that was utilized in the May, 1962, issue of "The Thunderbolt," about which you were advised in our letter of June 4, 1962. The Christian Educational Association is headed by Conde McGinley, who publishes the vitriolic hate sheet, "Common Sense." Information in Bureau files regarding McGinley has previously been furnished to the Department. The National States Rights Party is an anti-Negro, anti-Semitic group with headquarters in Birmingham, Alabama.

At the conclusion of the leaflet, the statement is made "Information is that upon the death of Louis Blauvelt, the books of the Blauvelt Genealogy were confiscated by the FBI." The files of this Bureau contain no information concerning the confiscation of such books nor in connection with Louis Blauvelt.

The Attorney General

In Lee Mortimer's column in the "New York Mirror," June 16, 1962, he states "Secret Service working overtime to track down the source of the story printed in a Jacksonville paper last week that JFK had been married once before. The family considers it so ridiculous they won't even bother to deny it." James J. Rowley, Chief, United States Secret Service, advised a representative of the Bureau on June 25, 1962, that they are not conducting investigation concerning this matter.

No open inquiries are being made regarding this matter, but we will furnish to you any information received through established sources.

PERSONAL

Director, FBI

"THE BLAUVELT FAMILY GENEALOGY"

My letter dated June 28, 1962, furnished you information concerning the above-captioned matter with advice that additional information received through established sources would be furnished to you.

The Honorable P. Kenneth O'Donnell, Special Assistant to the President, furnished a memorandum prepared by [redacted] Massachusetts, which includes the names of four organizations which are distributing a four-page "folder" entitled "The Blauvelt Family Genealogy." The memorandum indicates that although dissemination of the "folder" is confined temporarily to "hate groups on the extreme right" more than 100,000 copies have been distributed in June, 1962.

There is enclosed herewith a copy of the report of an investigation conducted at New York City on June 20, 1962, by the United States Secret Service concerning this matter. This report discloses that [redacted]

[redacted] furnished a copy of the March, 1962, issue of "The Realist." A copy of this publication, which is also enclosed, contains an article entitled "The Story Behind the Rumor on President Kennedy's First Marriage." The article contains data apparently extracted from "The Blauvelt Family Genealogy" concerning the alleged marriage of John F. Kennedy to Durie Kerr. The article states an unidentified Washington correspondent has asserted that Senator Barry Goldwater has been "systematically spreading" the rumor around the country. As indicated by the United States Secret Service report, [redacted] furnished information concerning the background of individuals associated in various capacities with "The Realist." The story was furnished, according to [redacted] by Max Lowenthal, the author of the grossly slanted book published in 1950 entitled "The Federal Bureau of Investigation," to the owner of "The Realist."

Also enclosed herewith is a copy of the document received from Mr. O'Donnell together with a memorandum setting forth information contained in the files of this Bureau concerning the various organizations and individuals mentioned in the document and in the enclosed United States Secret Service

Noted NEWS - SUN article "Lake Bluff's Daniels Expects JFK 'Call' in July 12ths issue. I suppose after all the hard work you and your associates have put-in to support JFK, quite naturally, you feel it an honor to anticipate an appointment from the man himself.

While you wait [redacted] I have something you might like to ask JFK, that is, if you dare.....and I doubt that you'll dare, but at least, you and your family can toss it around in private conversation. Ofcourse, you may already know this tid-bit of information and are being discreetly silent, but I can assure you, the news is traveling quite fast!

The interesting tid-bit is, that our Country's first professed Catholic president was first married to Durie Malcom, March 1940 in Oyster Bay, Mass. Durie is formerly of Lake Forest, Illinois. JFK was her third (3rd) husband. By-the-way, Durie's second (2nd) husband lives in nearby Winnetka. Reportedly, Durie and JFK received a Mexican divorce and she is presently married to a man name [redacted] by Joe Kennedy, the president's father in Florida.

Gossip, you say? Unfortunately [redacted] there is documentation in the Library of Congress, etcetera.....

Here are acouple of points you no doubt realize but to refresh your memory...(1) The Catholic Church does not allow divorce...(2) The Catholic Church does not approve of their members marrying a divorced person of which Durie had been married and divorced twice...(3) Very few Catholics including several of our States do not acknowledge Mexican divorces. In Italy, a Catholic who divorces and remarries is considered a Bigamist and liable to arrest and imprisonment...a recent example is [redacted]

By Catholic standards, are Jackie and JFK legally married? Are Catholics and non-Catholics who voted for this professed Catholic supporting a Bigamist president, [redacted] illegitimate? It behooves one to question what other deceit the "master" has been up to since his election?

Thank you for your attention.

should violence be met with violence?

by John C. Lowry

This is a true story. I experienced part of it. It is about a little town called Monroe, just twenty miles south of Charlotte, in the state of North Carolina, one of the original thirteen colonies.

Recently I visited Bill Mahoney, one of the Monroe Freedom Riders, to read through the extensive notes he kept on the activities there. We talked for many hours about our experiences and I was strongly reminded of the town's mood by a phrase of Bill's: "A railroad slices through Monroe, cleaving the town in two, and the pieces fall back into place; one black, one white." That's the way Monroe is; sharp, precise, brutal. Racial tension is the commonplace, harmony the rare.

This story doesn't belong only to the Freedom Riders; we didn't make the town, it's been there for a long time.

Monroe first began to be a thorn in the side of North Carolina's 'liberal' reputation in 1958 with the advent of the "kissing case." Two little boys, both colored, seven and nine years old,

The following is extracted from The Blauvelt Family Genealogy—A Comprehensive Compilation of the Descendants of Gerrit Hendrickson (Blauvelt) 1620 to 1687, who came to America in 1638. The Library of Congress lists the publisher as the Association of Blauvelt Descendants. The book was compiled by Louis L. Blauvelt, and was published in Hillsdale, New Jersey in 1957. On page 884, listed under Eleventh Generation, there appears:-

*Space Flights Pose Old Query:
Just How Much Can a Man Take?*

—headline

New York Post

March 15, 1962

The calm, proficient performances of Col. John Glenn both in outer space and back home again in Cape Canaveral, Washington, D.C., New York and points west have been a veritable *Battle Hymn of the Republic* at a time when the nation's space effort was more swan song than ballad.

If nothing else, Col. Glenn is a magnificent testimonial to the stability of the great American Midwest, Sinclair Lewis and Sherwood Anderson notwithstanding. He is solid stuff. In complete command of his faculties. Good sense of humor, too. Still, the question—as posed by the *Post's* headline above—persists. Just how much can a man be expected to take?

Certainly the problems of outer space are not confined to the *New York Post*. On March 23rd, the serenely objective columns of the *New York Times* contained information that

From an announcement by the Western Institute of Group Psychotherapy, Inc.:

"Therapeutic Techniques of Marital Fighting—Dr. George R. Bach from Beverly Hills, California, will conduct this workshop for professional colleagues interested in the fields of preventive mental and community health, psychotherapy and marriage counseling.

"This conference will take one full day and will serve as an introduction to the principles and techniques of Therapeutic Aggression, as applied in psychotherapy with married and pre-marital couples. . . .

"Dr. Bach will present his clinical technique of Therapeutic Fight Training for Married and Pre-Marital Couples in individual and group psychotherapy. This 'Fight Training' provides overly aggressive (hatefilled) and overly passive (fearful) partners with constructive ways of making and maintaining fight-contact with each other. . . .

"The registration fee of \$20 will cover all costs of the program, including coffee, lunch, and one copy of Dr. Bach's 'Fight Training Manual' with bibliography of studies on aggression."

From the January, 1962 issue of The Thunderbolt, extreme right-wing monthly:

"Mr. Jerry Dutton . . . Decatur, Ga., is shown here with his well trained police dog. Negroes have a great fear of dogs and NSRP (National States Right Party) Youth Leader Jerry Dutton is going to start his own K-9 Corps in the Atlanta area. Mr. Dutton has led numerous picketings against school mixing recently."

From the Bulletin of the neo-Nazi National Renaissance Party:

"In order to properly expose the numerous front groups set up by Jewish finance to mislead the American public, we should like to briefly analyze the following Conservative organizations:

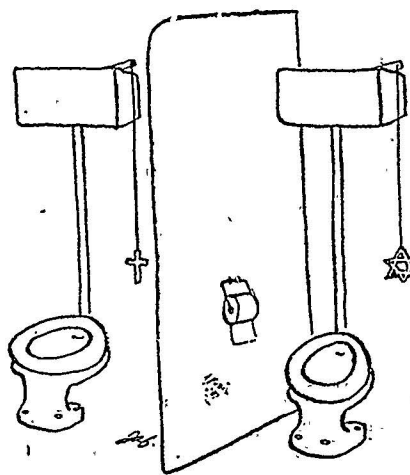

"1. The Christian Anti-Communist Crusade—This organization is directed by an Australian Jew, Dr. Fred Schwarz, who grosses over One Million Dollars per year by terrorizing gullible Gentile patriots concerning the horrors allegedly committed by Communist governments in Eastern Europe, Cuba, and China.

"Dr. Schwarz serves his co-racials admirably by stating as follows: 'There are a number of organizations that advance the theme that Communism is a Jewish conspiracy. They deceive many sincere people. We must repudiate this concept entirely. Communism is a conspiracy of dedicated atheists and recruits from all races and nationalities.'

"Obviously this foreign Jew would not be allowed to conduct his multi-million dollar campaign in America without the tacit support of the Federal Government and Jewish Finance, both of which desire to stir up hatred against Russia, China and Cuba while diverting our attention from pressing problems at home. Roosevelt solved his economic difficulties by permitting Jewish refugees to cry up a holy war against Hitler. . . ."

From a graffiti scrawled at the 86th Street subway station:

LUCKY LUCIANO WAS A FASCIST SUPREMACIST.

From a glass-encased notice in the Ladies' lavatory at Nathan's restaurant in Coney Island:

From the Permanent Record form for Atlanta, Ga. high schools:

"Pledge: I will not and have not after March 15 . . . while a student in a High School in Atlanta, Georgia, become a member of any organization except one which has been approved by the Board of Education."

From a press release sent out by National Airlines:

"A planeload of 86 Cuban refugees seeking resettlement in New Jersey will arrive in Newark on May 1. . . . The flight is being sponsored by the United Presbyterian Church of the

Synod of New Jersey, in cooperation with Church World Service. . . .

"The New Jersey Presbyterians have a unique kinship to the Cuban Presbyterians since the Cuban Presbyterian Church was established initially as a home mission under auspices of the New Jersey Presbyterian Senate. Cuba is, in effect, the ninth Presbytery of New Jersey.

"There are eight Presbyteries within New Jersey. They are Jersey City, Elizabeth, Monmouth, Morris and Orange, Newark, New Brunswick, Newton and West Jersey."

From the brochure of a Pennsylvania manufacturer:

"XLT homogeneity is assured by automatic equipment developed specially to produce reliable units. Any resistor deviating markedly from group performance is rejected, even though it performs better than the lot."

From *The Bomb* (original title: *Formula for Death*) by Fernand Gigon:

"[Albert] Einstein's secretary has told us how the scientist progressively lost his faith in mankind as his strength waned. During the war, when he wrote to the U.S. Government that his calculations were such as to make an atomic bomb a possibility, and that he visualized the uses to which such a bomb could be put, he made one stipulation when offering his help. Once the first bomb was made and ready for trial, he said, representatives of Germany and Japan, observers from neutral countries, and, of course, the chiefs of staff of the principal allied powers, should meet on a desert island in the Pacific. The atomic bomb would be exploded before this gathering of experts, and the explosion would be such that the immediate capitulation of the enemy would surely follow. Thus vast numbers of human lives would be saved and we would enter an era of peace.

"The Government gave Einstein this promise, voted credits of more than two thousand million dollars to the laboratories, and then President Roosevelt died. The Pentagon, anxious to see the war ended, neglected the promises made to the great scientist and looked for a target in the centre of Japan. Einstein felt extremely strongly about this betrayal. His peace of mind disappeared. This also affected Professor Oppenheimer, who refused to work on the hydrogen bomb. But the White House had its own reasons. Einstein grew increasingly apprehensive when he realized the use to which the Governments of the world were putting his discovery. One day, surveying his life's work, he said: 'If I had only known, I would have been a locksmith.'"

PRESIDENT KENNEDY'S DIVORCE EXPOSED

Riding For A Fall

Are They Legally Married?

Kennedy Suppresses Truth

There has been so much controversy over the Blauvelt Genealogy which is available to the general public in the Library of Congress that it became too much for the Kennedy family. On May 14th Bobby Kennedy arrogantly sent his Justice Department agents over to the Library of Congress and removed these revealing documents. Actually he had no authority to make such a shocking move. Every document in the Library of Congress belongs to the American People. These documents are for public consumption and cannot in any way be classified 'secret'. Yet, the President's brother takes it upon himself to remove this book exposing his brother's first wife. As late as June 19, the chief of the Photoduplication Service in the Library

of Congress, Mr. Donald C. Holmes has been issuing form letters refusing to send photo copies of page 884 of the Blauvelt Genealogy. He uses the excuse that the Blauvelt Genealogy material is 'defamatory' and THE MATTER IS THAT IT IS IMPOSSIBLE FOR HIM TO MAKE COPIES BECAUSE THE GENEALOGY HAS BEEN LEGALLY REMOVED FROM THE LIBRARY. He is simply covering up, on direct orders from the

Kennedys. It has been reported to this office that the "Saturday Evening Post" once carried an article mentioning Kennedy's first marriage. The Kennedy family got wind of it before press time and moved in and forced the removal of this material from the Post. Other articles were then quickly substituted in its place. Kennedy's agents have been going up and down the country side stealing records, destroying society columns in Oyster Bay which mentioned the wedding, perhaps their agents have now destroyed the divorce records. But truth will win out. The Kennedys refuse to make a public statement on this matter. It is possible that once they feel enough records have been destroyed, and the past history of Kennedy's life has been completely shown, they will then be in a position to issue a denial. But their great fear is in not knowing just what new bit of evidence we will come up with next. There must be witnesses, and others with first hand knowledge. We will keep searching, and all our readers are themselves investigators, the hunt goes on. The Kennedy image is now on a very shaky pedestal.

First Wife Evades All Questions

Durie Malcolm has been contacted numerous times by phone. She refuses to either admit, nor deny the divorce story. The same with John F. Kennedy. They seem

to feel that if they can maintain silence, along with their enforced press control, that these stories will eventually die out.

Kennedy Divorce News Bulletins

CONGRESSMAN CHARLES A. HALLECK:

"This statement has been circulated in Washington for several months and pretty thoroughly checks out, but no one has been able to document it."

CONGRESSMAN H.R. GROSS:

"Richard Nixon knew of this divorce, but refused to use it!"

N.S.R.P. NATIONAL CHAIRMAN, NED DUPES:

"It has been reliably reported to me from a source in Texas that Kennedy received a Mexican divorce. The hunt for the records is now going on."

COLUMBIA, S.C. ATTORNEY:

"Sometime ago one of our people went up to Washington and obtained practically the same data as set out on your front page about the Blauvelt family. Their account shows that there were children by the first marriage and were informed that the book had now been removed from the shelf of the Library of Congress but they could not find it." *****

QUESTIONS THE AMERICAN PEOPLE DEMAND KENNEDY ANSWER

- (1) In what Church or other manner did your first marriage take place?
- (2) Did the Catholic Church have the above information before performing your second marriage?
- (3) Why have you and your family gone to such extreme lengths to keep this entire story secret?
- (4) Where did you receive your divorce?
- (5) Were there any children by your first marriage, and what has become of them?

Issue #42 of "The Thunderbolt" was the first newspaper in America to break the Kennedy divorce story into print. Since that time four other newspapers have had the courage to print it. "The Thunderbolt" let the Kennedy skeleton out of the closet and the dust hasn't settled yet. We have received long distance phone calls from all over America for more information. Daily newspapers have contacted us, as well as three calls from U.P.I. Much more is known now and the story is still breaking fast. Here are the latest news items:

1) John F. Kennedy reportedly married Durie Malcolm in Oyster Bay, Mass., in March of 1940.

2) After their divorce she married Mr. Thomas Shevlin. She has been living in Palm Beach and Long Island. (The property they now live on in Palm Beach is owned by Joseph P. Kennedy - the President's father.)

3) She refuses to discuss the divorce with reporters. No one is allowed to bring the question up at Kennedy's press conferences.

4) Compilers of the Blauvelt Genealogy refuse to talk.

5) On Monday, May 21st (after "The Thunderbolt" exclusive hit the streets) Bobby Kennedy sent Justice Department agents to the Library of Congress where they removed the now famous "Blauvelt Genealogy." (Photostat appears on this page, made before the Kennedy family began burning books and destroying documents. STATEMENT BY PEIRRE SALINGER.)

"This is for guidance, but not for publication. The listing of Durie Malcolm's husbands is in incorrect order."

(Editors Comment: Mr. Salinger if you have something to say and it is not for publication - do not let "The Thunderbolt" get hold of it.) It is reported that Kennedy was her second husband and not her third. Mr. Salinger seeks to confuse the issue, without directly,

The President of the United States is our number one public official. He is one man who cannot afford to keep a scandalous past secret. The American people have the right to know all the facts about their President. We also know that Kennedy won the election only 10,000 votes. It is also a known fact that he made much of his religion which enabled him to switch many thousands of normally Republican Catholics into the Democratic column. THE CATHOLIC PEOPLE OF AMERICA DEMAND TO KNOW IF THEY HAVE BEEN DECEIVED? The Catholic Church does not allow divorce. The Catholic Church does not approve of their members marrying a divorced person in the first place. Also, very few Catholics (and many of our states) do not recognize Mexican divor-

ces. In Italy a Catholic who divorces and remarries is considered a Bigamist and can be arrested and imprisoned. (Note the case of Sophia Loren and her husband, under arrest in a similar case.) It is widely recognized that full knowledge of these facts by American Catholics would send most of them into the Republican or Third-Party voting column in the 1964 election.

Even the election of little 'baby' brother, Ted Kennedy to the U.S. Senate, could be effected. Bobby Kennedy also might not be able to go after the Democratic Presidential nomination in 1968, when his brother would be forced to step down because of the two term limit for Presidents holding office. The Kennedy Divorce scandal now actually threatens the dynastic plans of the entire Kennedy family.

Mr. President, your brothers Justice Department agents may be able to steal public documents and burn books, but that will not put a damper on the growing demand of the American people for some frank answers to these vital questions. How can we respect, or be loyal to a President who is trying to cover up, and re-write his past for the sake of political expediency. We want the truth. The Catholic people who voted for you because they believed you to be a 'good' Catholic also deserve to know the truth. We want a man who we can point to as being good, honorable, truthful and decent. Someone our Children can grow up admiring and also imitate. We feel that you and your family are trying to pull a gigantic hoax over the American people. Truth can never be crushed. It may be covered up for a while, silenced and put aside. But it will come back to haunt you and eventually shake your political hold upon the high-

This editor has been warned that John Fitzgerald Kennedy has a terrible temper, and woe be unto anyone who dares 'cross' our master in the White House. People have told us of all kinds of terrible things which would befall us if we printed the Kennedy divorce story. To date we have not heard one single peep out of the White House. It is indeed as quiet as a tomb. Where is the 'infant terrible'? The silence in this case has become deafening. We all know that such embarrassing matters will not be allowed to be brought up at Kennedy's press conferences. Pierre Salinger only allows 'nice' questions to be asked of his highness. The American people are sick and tired of such behavior. We want some straight from the shoulder answers. If Kennedy is not prepared to face the Citizens of this nation with the truth in this matter, he had better be prepared to step down (and take his entire family with him) and let someone else take over the highest office in the land.

Dear Mr. Hoover:-

Blauvelt Family Genealogy

This all began very innocently with my hearing that President Kennedy had been previously married according to the Blauveltdt Geneology. I wrote to the President because I felt that if this were not true his name should not be besmirched.

One thing led to another. To satisfy myself I secured a copy of the page in question.

The information also came to my attention that the F.B.I. has played a part in this..Here is the wording, "Information is that upon the death of Louis Blauvelt, the books on the Blauvelt Geneology were confiscated by the F. B. I. "

I would be very grateful to hear whether this is true or not.

Last, but not least, keep up the good work you have been doing these many years!...We are grateful!.... This also applies to your concern about the inroads of Communism.

Cordially yours.

On 8/8/62, SA C. P. Hartley of the Special Investigative Division requested comparison of the typewriting on four envelopes previously submitted to the Laboratory, designated Q1 through Q4, with the typewriting on a gummed label on a larger envelope, designated Q5, and with comments resembling typewritten notations, appearing on opposite sides of a printed sheet, designated Q6, entitled "The Blauvelt Family Genealogy." The comments on one side begin "Information is that..." ending "...by the F.B.I." and on the other side begin "We feel this..." ending "...your entire membership."

It was determined in the Laboratory that the typewriting on Q5 was not prepared on the same typewriter used to prepare the typewriting on Q1 through Q4. It was also determined the comments on Q6, previously mentioned, which have the appearance of typewriting, were not prepared from typewriting originating from the typewriters used to address Q1 through Q5.

Q1 through Q6 were returned to SA Hartley. SA Hartley was telephonically advised of these findings.

ACTION:

This memorandum should be forwarded to the Employees Security and Special Inquiry Section of the Special Investigative Division for appropriate handling.

JOHN'S OTHER WIFE . . .

There has been much speculation and puzzlement concerning the rumor that Jacqueline Bouvier Kennedy is the second wife of John Fitzgerald Kennedy, a member of the Roman Catholic Church and currently President of the United States of America. Many, many people insisted that there had been a previous marriage which had ended either in divorce or annulment. However, it seemed that all documentary substantiation had been destroyed or suppressed. Cited were the cases of a "disappearing issue" of the "Saturday Evening Post" and the suppression of certain geneological records held by the Daughters of the American Revolution.

Perhaps overlooked was the privately printed "Blauvelt Family Geneology," which contains, on page 884, the record of that previous marriage of John Fitzgerald Kennedy.

Reproduced on this sheet are photocopies of the title page and page 884 of "The Blauvelt Family Geneology."

Information is that upon the death of Louis Blauvelt, the books on the Blauvelt Genealogy were confiscated by the F. B. I.

During recent weeks the Bureau has sent to the personal attention of the Attorney General several communications containing information received regarding "The Blauvelt Family Genealogy." This material which is being disseminated by so-called "hate groups" concerns the alleged previous marriage of the President to Durie Kerr.

Information received by the Bureau indicates the publication "The Thunderbolt," official organ of the National States Rights Party has disseminated portions of the genealogy together with allegations that the President received a divorce in Mexico and that Durie Kerr is presently living on property in Palm Beach, Florida, owned by the President's father. In our letter to the Attorney General dated 8/6/62, we furnished information received from [redacted]

[redacted] Minnesota, indicating that portions of "The Thunderbolt" publication are allegedly being duplicated for an unknown client by a Photostat concern in St. Paul, Minnesota. According to [redacted] who furnished this information on a confidential basis, the company allegedly duplicating this material checked with its attorney before accepting the order to make certain there was no illegal action involved.

On the evening of 8/16/62, the Attorney General's secretary called regarding the material which has been furnished to the Attorney General concerning this matter. The secretary advised that the Attorney General had asked if the FBI could ascertain on a discreet basis the name of the so-called "unknown client" as well as the name of the Photostat concern in St. Paul, Minnesota. The secretary was specifically asked whether the Attorney General had in mind open inquiries and she specifically stated that the Attorney General wanted no open inquiries but asked the Bureau to handle this discreetly on a personal basis. She pointed out this request was coming from the Attorney General who had a personal interest in this.

ACTION:

In view of the specific request from the Attorney General, the Minneapolis Office has been requested to attempt to discreetly obtain the information requested by the Attorney General. They have been instructed that no open inquiries of any type are to be made.

PRESIDENT KENNEDY'S DIVORCE EXPOSED

Riding For A Fall

Are They Loosely Married?

Kennedy Suppresses Truth

There has been so much controversy over the Blauvelt Genealogy which is available to the general public in the Library of Congress that it became too much for the Kennedy family. On May 14th Bobby Kennedy arrogantly sent his Justice Department agents over to the Library of Congress and removed these revealing documents. Actually he had no authority to make such a shocking move. Every document in the Library of Congress belongs to the American People. These documents are for public consumption and cannot in any way be classified 'secret'. Yet, the President's brother takes it upon himself to remove this book exposing his brother's first wife. As late as June 19, the chief of the Photoduplication Service in the Library

Kennedys. It has been reported to this office that the "Saturday Evening Post" once carried an article mentioning Kennedys first marriage. The Kennedy family got wind of it before press time and moved in and forced the removal of this material from the Post.

Other articles were then quickly substituted in its place. Kennedys agents have been going up and down the country side stealing records, destroying society columns in Oyster Bay which mentioned the wedding, perhaps their agents have now destroyed the divorce records. But truth will win out. The Kennedys refuse to make a public statement on this matter. It is possible that once they feel enough records have been destroyed, and the past history of Kennedy's life has been revealed, they

will then be in a position to issue a denial. But their great fear is in not knowing just what new bit of evidence we will come up with next. There must be witnesses, and others with first hand knowledge. We will keep searching, and all our readers are themselves investigators, the hunt goes on. The Kennedy image is now on a very shaky pedestal.

First Wife Evades

All Questions

Durie Malcolm has been contacted numerous times by phone. She refuses to either admit, nor deny the divorce story. The same with John F. Kennedy. They seem

to feel that if they can maintain silence, along with their enforced press control, that these stories will eventually die out.

Kennedy Divorce News Bulletins

CONGRESSMAN CHARLES A. HALLECK:

"This statement has been circulated in Washington for several months and pretty thoroughly checks out, but no one has been able to document it."

CONGRESSMAN H.R. GROSS:

"Richard Nixon knew of this divorce, but refused to use it!"

N.S.R.P. NATIONAL CHAIRMAN, NED DUPES:

"It has been reliably reported to me from a source in Texas that Kennedy received a Mexican divorce. The hunt for the records is now going on."

COLUMBIA, S.C. ATTORNEY:

"Sometime ago one of our people went up to Washington and obtained practically the same data as set out on your front page about the Blauvelt family. Their account shows that there were children by the first marriage and were informed that the book had now been removed from the shelf of the Library of Congress but they were by insistence."

QUESTIONS THE AMERICAN PEOPLE DEMAND KENNEDY ANSWER

- (1) In what Church or other manner did your first marriage take place?
- (2) Did the Catholic Church have the above information before performing your second marriage?
- (3) Why have you and your family gone to such extreme lengths to keep this entire story secret?
- (4) Where did you receive your divorce?
- (5) Were there any children by your first marriage, and what has become of them?

Issue #42 of "The Thunderbolt" was the first newspaper in America to break the Kennedy divorce story into print. Since that time four other newspapers have had the courage to print it. "The Thunderbolt" let the Kennedy skeleton out of the closet and the dust hasn't settled yet. We have received long distance phone calls from all over America for more information. Daily newspapers have contacted us, as well as three calls from U.P.I. Much more is known now and the story is still breaking fast. Here are the latest news items:

1) John F. Kennedy reportedly married Durie Malcolm in Oyster Bay, Mass., in March of 1940.

2) After their divorce she married Mr. Thomas Shevlin. She has been living in Palm Beach and Long Island. (The property they now live on in Palm Beach is owned by Joseph P. Kennedy - the President's father.)

3) She refuses to discuss the divorce with reporters. No one is allowed to bring the question up at Kennedy's press conferences.

4) Compilers of the Blauvelt Genealogy refuse to talk.

5) On Monday, May 21st (after "The Thunderbolt" exclusive hit the streets) Bobby Kennedy sent Justice Department agents to the Library of Congress where they removed the now famous "Blauvelt Genealogy." (Photostat appears on this page, made before the Kennedy family began burning books and destroying documents. STATEMENT BY PEIRRE SALINGER.

"This is for guidance, but not for publication. The listing of Durie Malcolm's husbands is in incorrect order."

(Editors Comment: Mr. Salinger if you have something to say and it is not for publication - do not let "The Thunderbolt" get hold of it.) It is reported that Kennedy was her second husband and not her third. Mr. Salinger seeks to confuse the issue, without directly.

The President of the United States is our number one public official. He is one man who cannot afford to keep a scandalous past secret. The American people have the right to know all the facts about their President. We also know that Kennedy won the election only 10,000 votes. It is also a known fact that he made much of his religion which enabled him to switch many thousands of normally Republican Catholics into the Democratic column. THE CATHOLIC PEOPLE OF AMERICA DEMAND TO KNOW IF THEY HAVE BEEN DECEIVED? The Catholic Church does not allow divorce. The Catholic Church does not approve of their members marrying a divorced person in the first place. Also, very few Catholics (and many of our states) do not recognize Mexican divor-

EDITORS WARNED OF KENNEDY'S TEMPER- THE INFANT TERRIBLE

ces. In Italy a Catholic who di-
vorcees and remarries is consider-
ed a Bigamist and can be arrest-
ed and imprisoned. (Note the
case of Sophia Loren and her hus-
band, under arrest in a similar
case.) It is widely recognized that
full knowledge of these facts by
American Catholics would send
most of them into the Republican
or Third Party voting column in
the 1964 election.

Even the election of little 'baby'
brother, Ted Kennedy to the U.S.
Senate could be effected. Bobby
Kennedy also might not be able
to go after the Democratic Presi-
dential nomination in 1968, when
his brother would be forced to
step down because of the two
term limit for Presidents holding
office. The Kennedy Divorce scan-
dal now actually threatens the
dynastic plans of the entire Ken-
nedy family.

Mr. President, your brothers
Justice Department agents may be
able to steal public documents
and burn books, but that will not
put a damper on the growing de-
mand of the American people for
some frank answers to these vital
questions. How can we respect,
or be loyal to a President who is
trying to cover up, and re-write
his past for the sake of political
expediency. We want the truth. The
Catholic people who voted for you
because they believed you to be
a 'good' Catholic also deserve to
know the truth. We want a man
who we can point to as being good,
honorable, truthful and decent.
Someone our Children can grow
up admiring and also imitate. We
feel that you and your family are
trying to pull a gigantic hoax over
the American people. Truth can
never be crushed. It may be cov-
ered up for a while, silenced and
put aside. But it will come back
to haunt you and eventually shake
your political hold upon the high-

This editor has been warned
that John Fitzgerald Kennedy has
a terrible temper, and 'woe be
unto anyone who dares 'cross'
our master in the White House.
People have told us of all kinds
of terrible things which would be-
fall us if we printed the Kennedy
divorce story. To date we have
not heard one single peep out of
the White House. It is indeed as
quiet as a tomb. Where is the
'infant terrible'? The silence in
this case has become deafening.
We all know that such embarrass-
ing matters will not be allowed
to be brought up at Kennedy's
press conferences. Pierre Salin-
ger only allows 'nice' questions
to be asked of his highness. The
American people are sick and
tired of such behavior. We want
some straight from the shoulder
answers. If Kennedy is not pre-
pared to face the Citizens of this
nation with the truth in this mat-
ter, he had better be prepared to
step down (and take his entire
family with him) and let someone
else take over the highest office
in the land.

Burlet 8-14-62, containing a copy of the folder entitled "The Blaubein Family Genealogy." Copies of this folder have been forwarded to the Bureau from other field divisions and citizens in the country. It apparently is receiving wide dissemination through such groups as indicated in the attached memorandum prepared by [REDACTED]

[REDACTED] Massachusetts, which is being furnished for your confidential information.

The Bureau is conducting no investigation; however, all information contained in Bureau files concerning the organizations and individuals allegedly responsible for the dissemination of the folder has been furnished under personal cover to the Attorney General with advice that he will be kept advised concerning new information received in this matter.

The attached document prepared by [REDACTED] was furnished confidentially to the Bureau by the White House. Bureau files indicate that [REDACTED] has been described by various newspapers in the New England area as an individual who engages in exposing "hate groups" in America. Information has been received in the past indicating he has made representations that he is supported by the FBI. He was contacted by representatives of this Bureau and admonished to refrain from making such representations. He emphatically denied making such representations and insisted he quoted from the publication "Masters of Deceit" and other publications. He said that he did not in any manner attempt to claim endorsement by the FBI.

JOHN'S OTHER WIFE . . .

There has been much speculation and puzzlement concerning the rumor that Jacqueline Bouvier Kennedy is the second wife of John Fitzgerald Kennedy, a member of the Roman Catholic Church and currently President of the United States of America. Many, many people insisted that there had been a previous marriage which had ended either in divorce or annulment. However, it seemed that all documentary substantiation had been destroyed or suppressed. Cited were the cases of a "disappearing issue" of the "Saturday Evening Post" and the suppression of certain geneological records held by the Daughters of the American Revolution.

Perhaps overlooked was the privately printed "Blauvelt Family Genealogy," which contains, on page 884, the record of that previous marriage of John Fitzgerald Kennedy.

Reproduced on this sheet are photocopies of the title page and page 884 of "The Blauvelt Family Genealogy."

"For there is nothing covered, that shall not be revealed; neither hid, that shall not be known. Therefore whatsoever ye have spoken in darkness shall be heard in the light; and that which ye have spoken in the ear in closets shall be proclaimed upon the housetops." (St. Luke 12: 2, 3.)

Information is that upon the death of Louis Blauvelt, the books on the Blauvelt Genealogy were confiscated by the F. B. I.

The August, 1962, issue of "The Thunderbolt," official organ of the National States Rights Party, carries a front-page article captioned "Kennedy's First Wife Flies to Switzerland." The article states that President John Kennedy's alleged first wife, Durie (Kerr) Malcolm has decided to take a vacation in Switzerland to get away from the many requests for interviews about her former marriage to the President.

The article states that Walter Winchell in his July 25, column announced that "the woman involved admits once dating the man (JFK) and he admits that too." It further states that Winchell said on August 1, "Seven months ago we were told that if anyone 'dared' to even hint at it, 'they would be dealt with' - naturally, this sort of threat is enough to send a newspaperman chasing it down. The story was that JFK was married before he wed Jackie; that Papa Joe and friends had all records destroyed, that it no longer can be located in the Library of Congress, where it once appeared, etc.... A Washington columnist alleged that somebody was paid \$10,000 to remove it from the records."

The article further identifies one of Durie Kerr's alleged former husbands and states there are additional clues and avenues from which to trace down witnesses to the marriage. It suggests that the Nation's press and enterprising young reporters go to work to get "the story of the year" as "this is Kennedy's Achilles heel." The article concludes on the note that pressure is building up, and the President cannot afford to remain silent much longer.

We are not conducting any investigation concerning this matter; however, all information concerning its dissemination is being furnished to the Attorney General at his request, under personal cover. Information concerning the allegations was originally furnished to Mr. O'Donnell at the White House on September 22, 1961. At that time, he advised he was aware of the allegations and had taken necessary action to set the record straight as the reported marriage was patently false. Mr. O'Donnell did indicate that the President as a young man had known Miss Kerr and had dated her, but there had never been any question of marriage.

ISSUE NO. 44

AUGUST, 1962

NSRP Protests Outlawing Of Prayer

Kennedy's First Wife Flies To Switzerland

President Kennedy's first wife, Durié Malcolm, has decided to take a vacation in Switzerland from the many requests for interviews about her former marriage to President John F. Kennedy. The two were married when J.F.K. was in his twenties. It was a rough and rocky road which ended in divorce. Kennedy waited until he was in his mid-thirties before he married his present wife. The reason for all the mystery is that Kennedy knows that if all this ever gets out to the general Catholic community, he and his entire family are dead politically for all time.

Rev. Potito launches petition

Petition For Ten Million Names Being Circulated

NSRP National Organizer Rev. Oren F. Potito has announced that some 30,000 Christian Americans have signed petitions to restore prayer in the Public Schools and the campaign is quickly spreading.

In recent weeks many Americans have seen 12 members of the NSRP Youth Movement on the streets of St. Petersburg taking signatures and passing out Thunderbolts.

After the Supreme Court ruling banning prayers in the public schools, Rev. Potito immediately set up the NSRP, National Christian Congressional Committee with its main purpose being to secure some 10,000,000 names for Prayer in the Schools and curb the power of the Supreme Court.

A brief rundown on the members of the Supreme Court shows why they ruled as they did. Justice Hugo Black is the longest Judge on the Court and was appointed to this post in 1937, having no past judicial experience and he accepted an award from the Communist Southern Conference for Human Welfare right after his appointment. Justice Douglas, who is now on a speaking tour of Jewish Israel meetings, was also appointed while having no former judicial experience. Douglas in his great zeal to appease the Jews in every way, went so far as to order a stay of execution for the Communist Jewish spies the Rosenbergs after the Supreme Court

2 Want the facts? Want to spike rumors? Want to learn the truth about prominent personalities? Write Walter Scott, PARADE, 733 Third Ave., New York 17, N.Y. Your full name will be used unless otherwise requested. Sorry, the volume of mail received makes personal replies impossible.

Q. I have received in the mail alleged photostats of a Louis Blauvelt family genealogy. These photostats from the Blauvelt family book allegedly prove that President John F. Kennedy was once married to a much-married Durie Malcolm. Once and for all, will someone please tell me and the American public the truth?—F. P., Palm Beach, Fla.

A. The genealogical item in question has three errors: 1) Miss Malcolm's first two marriages are listed backwards; 2) Despite the fact that the book was published in 1956, it makes no mention of the fact that Miss Malcolm has been married since 1947 to Mr. Thomas Shevlin of Palm Beach, Fla., and 3) Miss Malcolm was never married to John F. Kennedy.

[redacted] went on to state that the document reflects that a member of the family known as DURIE (ph) had been married three times, and that her third marriage was to JOHN F. KENNEDY, son of JOSEPH P. KENNEDY, one time Ambassador to England.

[redacted] stated this document, addressed to "Communist Daily Worker, New York", was received from a woman from Meadville, Pennsylvania.

Information received by the informant reflected that [redacted] was puzzled over the document and he and [redacted] jokingly made comments concerning it and JACQUELINE KENNEDY.

It might be noted that by letter dated 6/19/62, captioned "National States Rights Party, Racial Matters", the New York Office transmitted to the Bureau a pamphlet entitled, "The BLAUVELT Family Genealogy", which pamphlet had recently been

A confidential informant,* who has furnished reliable information in the past, advised that [redacted]

He stated he has prepared 1,250 copies, 500 copies of which he furnished to one individual and 500 copies to another individual, neither of whom he identified. ENCLOSURE

Reference is made to Bureau telephone call to Minneapolis and Minneapolis telephone call to Bureau, both August 17, 1962.

Enclosed for the Bureau are an original and three copies of a letterhead memorandum concerning the preparation of captioned publication.

For the Bureau's information, the information was obtained on behalf of this office by Chief of Police LESTER E. MC AULIFFE (NA), St. Paul, Minnesota. MC AULIFFE used the pretext of having heard a number of rumors to the effect that the Johnsen Photocopy Company had printed some defamatory material concerning President KENNEDY. He conducted the inquiry as if it were merely a matter of passing interest on his part. He indicated that he had previously heard that the firm had printed scurrilous material concerning the President.

The Minneapolis Office recognizes that the information contained in the enclosure is inconsistent with the information contained in Minneapolis letter of July 30, 1962 wherein it was stated that according to [redacted]

[redacted] the article was reportedly prepared by a photostat concern on order for an unknown client after the firm had first consulted an attorney.

"THE BLAUVELT FAMILY GENEALOGY"

Set forth in this memorandum is information contained in the central files of the Federal Bureau of Investigation concerning the publications mentioned in a letter reportedly prepared by David K. Stacey, editor of the publication "Grace and Race."

"Kingdom Digest"
Dallas, Texas

The publication "Kingdom Digest" is the successor of the publication "The New Order," published by Dr. John Alvin Lovell. In 1943, an investigation was conducted concerning "The New Order" and Dr. John Alvin Lovell at the request of Mr. Wendell Berge, former Assistant Attorney General. That investigation disclosed Dr. Lovell reportedly was anticommunist, anti-Negro, anti-Catholic and anti-Jewish. The results of that investigation were furnished to the Department of Justice in 1943 under the caption "The New Order, Dr. John Alvin Lovell, Security Matter." (100-95338)

"Showers of Blessing"
Denver, Colorado

In 1954, it was reported to this Bureau that the publication "Showers of Blessing" was published by Reverend William L. Blessing, who at that time had the business address of 160 Irving Street, Denver, Colorado. Mr. George A. Mosteller, Superintendent of the Denver Division, Headquarters of the United States Post Office Inspection Service, advised that Reverend Blessing was known to him as a "supernationalist, a trouble-maker, and rabid anti-Semite." "The Blauvelt Family Genealogy"

"Marilyn R. Allen Letters"
Salt Lake City, Utah

In 1950, this Bureau was furnished a four-page letter reportedly prepared and signed by Marilyn R. Allen, P.O. Box 2243, Salt Lake City, Utah, bearing the slogan "For Christ and Freedom in America" and captioned "Replying to 'A Measure of Freedom' by Arnold Forster of the Jewish Anti-Defamation League: A Condensation of the Book by that Title Appearing in Look Magazine Dated April 11, 1950." In this letter the writer claims to be anti-Semitic. Miss Allen is also the author of a pamphlet entitled "Confusion Compounded," which severely criticizes the Director's book "Masters of Deceit." The theme of the criticism is that the Bureau is a tool of Jewish elements and that "Masters of Deceit" is a "whitewash" of the Jewish groups in the United States. (105-9879-27)

"The Cross and the Flag"
Los Angeles, California

A source of this Bureau advised on May 4, 1960, that "The Cross and the Flag" is the monthly official publication of the Christian Nationalist Crusade and Party (National Political Committee), P.O. Box 27895, Los Angeles, California, published by Gerald L. K. Smith. The source also advised that the Christian Nationalist Crusade was organized in St. Louis, Missouri, in 1947 and that from the parent Christian Nationalist Crusade subsidiary organizations, including the Christian Nationalist Party of America, have developed. The source also advised that these organizations all reflect in their literature the imprint of their chief organizer and director, Gerald L. K. Smith, whose basic argument has been that this nation, traditionally Christian, and racially segregated, is threatened by anti-Christian and racially "mongrelizing" forces such as communism and internationalism, all dominantly motivated by international Jewry which controls this country financially and politically; and that these organizations are not membership organizations, but represent followers who contribute to them or subscribe to their literature.

Additional information concerning Gerald L. K. Smith and the organization Christian Nationalist Crusade was furnished to the Civil Rights Division of the Department of Justice on July 2, 1962, under the caption "Christian Nationalist Crusade."

"First National Rightist Directory"
Los Angeles, California

The files of this Bureau indicate that the "First National Rightist Directory" consists of a listing of over 2,000 organizations by name and address which reportedly have in common the fact that "they all represent a protest of some sort to prevailing 'leftist' political and/or social trends. For this reason and this reason alone, they are objectively grouped together in this volume as 'rightist'." This directory was distributed and copyrighted in 1962 by The Noontide Press, P.O. Box 713, Sausalito, California. No additional pertinent information concerning the publication or The Noontide Press is contained in the files of this Bureau.

The files of this Bureau contain no identifiable information concerning the publications "Keeping the Record Straight," Glendale, Arizona; "America in Danger," Englewood, Colorado; and "Voice of Liberty," Decatur, Georgia.

WHAT ABOUT DAVID K. STACEY...???

David K. Stacey is an Ordained Minister who has been active in Non-denominational circles for over ten years. After being raised in a good Baptist home, he served in Korea where he received the Wonderful Experience of the Baptism of the Holy Spirit. With the Quickenings of the Spirit the Bible became a new book, tho' he had read it since his early youth. He then began ministering to the Koreans when off duty and with a group of Pentecostal GI's helped buy materials for a church which the Koreans built. Since his return, his ministry has been to the groups of Truth-seekers of Independent churches throughout the West Coast and Southwest states. He has been writing on religious subjects for some five years and is the editor of "GRACE AND RACE".

LOVE, AND "HATE"

IS IT "HATE" to tell the Anglo-Saxon, Spanish, American Indian, AND KINDRED Peoples that THEY ARE THE TRUE ISRAELITES - the people to whom the Scriptures were mainly written...? If this be the case, then the Bible, the Mormon church, and many other churches, are Guilty of "HATE"!

IS IT "HATE" to Expose the Asiatic Khazar "jews" as being False "jews", Liars, and thus NOT YAHVEH'S "CHOSEN" People or even Israelites...? If such be the case, let us consider YAHSHUA THE MESSIAH (Called Jesus Christ) - for HE is our Example of LOVE in Manifestation; YAHSHUA called these False "jews"; "Serpents, Generation of Vipers", "Whitened Sepulchers" - Outwardly Appearing Righteous unto men, but Within - "Full of dead bones" - "Full of Hypocrisy and Iniquity". Read it in Matthew 23.

OUR LOVING SAVIOUR in Matt. 23;15 called the False "jew" Scribes and Pharisees, "Hypocrites" and "Children of Hell", but saved a Stronger Epithet for the "Proselite" (Convert to Judaism).. "WOE UNTO YOU" ("jews") - "for ye compass sea and land to make one Proselite, and when he is made, ye make him TWOFOLD MORE THE CHILD OF HELL THAN YOURSELVES".! These "Prosellites" include Judaized "christians" and other races who will sell out their own Race for the "Antichrist" "jew", thus the "jew" "uses" these well-meaning (?) "Prosellites" for their own Destruction! Many Americans, Israelites, have been Judaized - Brainwashed!

AFTER HIS RESURRECTION ("Father Forgive Them" etc.) we read in Rev. 2;9 and 3;9 where LOVE Names The Enemy again; "I know the Blasphemy of them which SAY THEY ARE JEWS, AND ARE NOT, BUT ARE THE SYNAGOGUE OF SATAN". YAHSHUA was not an Effeminate, Antichrist-lover as many present Him...

THE "JEWS" KILLED YAHSHUA THE MESSIAH AND DENY HIM TO THIS DAY and fulfill every "antichrist" scripture (1Thes. 2;15: 1Jn. 2;22 etc.). Our Master tells us that he will "SLAY" these "ENEMIES, which would NOT that I (YAHSHUA) should Reign Over Them". Luke 19;12-27.

YAHSHUA WAS NAILED TO THE TREE shortly after He Drove the Moneychangers out of the temple. OUR EXAMPLE IN WORD AND DEED used a SCOURGE to drive them out and Turned Over Their Tables! Lincoln was a similar victim.. John 2;15. WHO "inspired" (?) our Usurious, Unconstitutional, Babylonish Money Slave System -- The "jew", of course! He MANIFESTED LOVE! Rev. 18;13. The Financial Babylon which covers this planet will soon FALL.

IS IT "HATE" to Advocate Repatriation of the Negroid peoples - the Only Peaceful SOLUTION of the "jew" Promoted and Financed Racial PROBLEM...? A "jew" has always headed the NAACP, and they are even more Prominent on the board of directors than they are in Kennedy's "jew" Frontier — and It Is Loaded! Voluntary Repatriation was desired by Lincoln and Jefferson, but it was squelched by selfish money interests even as the Great Negro Leader, Marcus Garvey, was squelched. Where are the Marcus Garvey's to Truly Care for the Negroe's Future Welfare? The Politicians only want votes - the Negroid-jew vote elected Kennedy (jews 9 to 1 K.).

THINK OF THE BLESSING the Negroe could be to his own people in Africa! THINK OF THE OPPORTUNITIES for the Advanced Negroe in Africa as leaders! Think of the mutual trade prosperity that would develop. Makes Sense, doesn't it? Sure! And it WILL COME TO PASS - Isa.13;14! There is an Inward Desire in all peoples to go where Yahveh wants them. Deut.32;8. We (The U.S. Govt.) can Provide Free Transportation; Help Financially 'till Negroes are settled; Help with Surplus Foods etc., and Help with supplying Equipment. Is this "HATE" or SANITY...?

"THE LATEST SCANDAL"
COMMUNICATION MEDIA EXPOSED I

"THE LATEST SCANDAL" really isn't the Latest, nor is it "Scandal" -- unless you take it that way... It isn't the "latest", for a small segment (at least) of the Press and Public have known of our President's Divorce for some time... John F. Kennedy's Divorce isn't "Scandalous" except for the fact that most Americans are just now hearing about it!

WHY DIDN'T OUR "FREE" PRESS AND COMMUNICATION MEDIA INFORM THE PEOPLE BEFORE THE ELECTION...? WHY DON'T THEY INFORM THE PEOPLE NOW...? I am informed that the "SATURDAY EVENING POST" planned to carry an article mentioning Kennedy's First Marriage, but the Kennedy family got wind of it before press time and moved in and forced the Removal of this material. A nearby Editor tells me that at least one publisher Did Carry The Divorce Story BEFORE The Election, but it was SQUELCHED! How much money passed hands...? How much money does the present "complete silence" on Mr. Kennedy's Divorce cost the "Kennedy Klan"...?

NIXON KNEW, but refused to use Kennedy's Divorce (or his Catholic religion) against him in the election campaign. This "Politician's Agreement" (i.e. Nixon wasn't man enough to do so...) may have cost Nixon the Honor of being President.. "Six of one and a half-dozen of the other" seems to fit the election, but since the false "jews" (Rev. 2;9 & 3;9) voted 9 to 1 for Kennedy, I must consider Nixon "the better man" tho' I equally. Despise both parties - the Democrat and Republican - both are Corrupt.

Personally, I DO NOT HOLD KENNEDY'S DIVORCE AGAINST HIM nor his first woman, Durie (Kerr) Malcolm (now Mrs. Thomas Shevlin of Palm Beach and Long Island. The property they live on in Palm Beach is reportedly owned by Joseph P. Kennedy - the President's father..). Divorce is a "Blessing in Disguise" for many who were never Divinely Joined in the first place - regardless of ceremony, law, or any church involved. He and Jackie may not be any more Divinely joined than he and Durie were. In John 4:18. our Saviour. YAHSHUA the Messiah. said unto the woman at

the well; "- then hast had FIVE husbands: (man) and he whom thou now hast IS NOT THY Husband: (man).. "Churches" and "Priests" and Ceremonies. DO NOT JOIN TWO PEOPLE WHOM YAHVEH (Gen. 2;24) HATH NOT JOINED FROM THE BEGINNING.. This is HIS DOING, not man's. Gen. 5;2. In the Ages to come, "they which shall be accounted worthy to obtain that Age, and the resurrection out of dead ones, NEITHER MARRY, NOR ARE GIVEN IN MARRIAGE": "NEITHER CAN THEY DIE ANY MORE"... Ceremonies will be done away with... Luke 20;35. Divine Order will prevail.

From the July Issue of "THE THUNDERBOLT" (P.O.Box 723, Birmingham, Ala) which contains a Photostat copy from "The Blauvelt Family Genealogy", we find the following: "(12,427) DURIE, (Kerr), MALCOM, (Isabel O. Cooper, 11,304). We have no birth date. She was born Kerr, but took the name of her stepfather. She first married Firmin Desloge, IV. They were divorced. Durie then married F. John Bersbach. They were divorced, and she married, third, John F. Kennedy, son of Joseph P. Kennedy, one time Ambassador to England. There were no children of the second or third marriages." Library of Congress, Catalog Card, No. 56-10936.

What will the so-called "holy" Catholic church do about their fair-haired boy, Kennedy... They have been so strict on Divorce... Did they know about the First marriage? The Divorce? WHY THE SILENCE...? By what authority has Bobby Kennedy sent Justice (?) Department agents to the Library of Congress and REMOVED these revealing documents...? Every document in the Library of Congress BELONGS TO THE AMERICAN PEOPLE!

As I have stated above, I am not against the Divorce principle -- It is the SUPPRESSION OF TRUTH PRINCIPLE OF THOSE IN HIGH PLACES that I am against. Kennedy is included only because he is a PUBLIC OFFICIAL and is ashamed to tell the American people of his past. Wonder if a visit to the Pope would clear his conscience...? Maybe he doesn't have any faith in that confession bunk...? Why don't he HUMBLY ASK YAHVEH TO FORGIVE him, TELL THE PEOPLE THE TRUTH, and let the chips fall where they may. I certainly wouldn't hold it against him then, nor would most of the American people. The Forgiveness of our "jew"-money-minority CONTROLLED PRESS AND COMMUNICATIONS MEDIA will require them to "Bring forth Fruit (action, deeds) meet for Repentance"... Matt.3;8.

Kennedy and the present Administration have MUCH MORE TO REPENT OF than Suppression of Truth. His "jew" Frontier is loaded with "jews" and Negroes. Washington, D.C. is about 75% colored; its public schools are about 80% colored (This because many are sending their children out to schools in nearby states). Our UNITED STATES IS KANASSEH Nationally.. WE ARE AN ISRAEL NATION - A "SHEEP" NATION. Matt.25;31-. MOST OF OUR PEOPLE ARE ISRAELITES - The Anglo-Saxon (Isaac-sons Gen.21;12, Heb.11;18, Hos.1;10); The American Indian and Spanish are of Israel Origin, yet we, the Majority, are being Manipulated by the Negroid-"jew" Minority, who are not Israelites by Blood-line or Faith!

The "jews" of today are Not The Old Testament Israel Peoples: They are Not of the Tribe of Judah: They are Not Israelites: They are not even SEMITES (of Shem)! They are of KHAZAR Origin! They ARE the Antichrist people. Rev.2;9 & 3;9, 1 Jn.2;18, 2Jn.7 etc.etc. (For details ask or write for "GRACE AND RACE", Vol.1, No.1, which covers this subject, or you may contact me any time I am not on evangelistic calls.) They are "Tares", "Seed of the Serpent", "of the Wicked One" and will be cut off when Yahshua the Messiah returns. Eventually they will be saved as Reincarnated Israelites who have Put on Immortality. All will be saved, but EVERY MAN in his Own Order. No "jew" or Negro will attain Immortality as a "jew" or Negro, for Immortality is an Israel message to Israelites.. Rom.9;3,4; Rev.7;4 etc.etc.

The Canaanite "jews" unleashed "Communism" on the world and are out to Destroy the White Races in general and Christians in particular. They will not succeed. We Will BURY Them! Ez.39;11-. The Administration is presently putting A PREMIUM ON NEGRO ILLIGITIMACY under their child welfare set-up. All this to strengthen the Negroid-minority vote which now swings elections. Negroes will soon be Repatriated.. Isa.13;14. At present they are increasing 38% faster than the White Israel population! After the Great HOUSECLEANING things will be REVERSED: "HE shall cause THEM THAT COME OF JACOB TO TAKE ROOT; ISRAEL SHALL BLOSSOM AND BUD, AND FILL THE FACE OF THE WORLD WITH FRUIT". Isa.27;6. Men who carry the SEED OF ISRAEL will even have extra women for the generation after the house-cleaning. "SEVEN WOMEN" shall take hold of ONE MAN (Isa.4;1) for there will "be FEW MEN left" (Isa.24;6). The Early Mormons, Israelites, had the right idea after all... It shall be again... Amen, so be it...

Today I read that "Of the 1,478 cities which have daily papers, there are only 61 with competitive papers"; Consider the S.I. Newhouse Empire which recently bought both of New Orleans morning and evening papers. This "jew" outfit has the "Denver Post" and many others. "Jews" are in controlling position of UP and AP news sources. A "jew", Pierre Salinger, is our President's mouth (Newsmen are restrained at press conferences on Divorce questions).

JUDAISM NOR CATHOLICISM CAN STAND THE LIGHT OF TRUTH ON THEIR EAST OR PRESENT, thus they must Control the Communications Media! We have a few Catholics on our local paper, even as many other papers, but the "jews" have the Big Radio and TV networks in their control: Leonard Goldenson, ("jew") Chairman of ABC; William S. Paley (Palinsky, "jew") Chairman of CBS; Robert Sarnoff, ("jew") Chairman of NBC — all under the FCC which has as Chairman, Newton N. Minow, a "jew"! The antichrist beast is here!

A representative of the Police Department, Farmington, New Mexico, has made available to the Bureau two documents. One is a letter reportedly prepared by David K. Stacey at Farmington, New Mexico, captioned "'The Latest Scandal' Communication Media Exposed!" The other document is captioned "What About David K. Stacey?" The first document makes reference to the alleged prior marriage of President Kennedy to Durie Kerr and asks the question why our "free" press and communication media did not inform the people of the alleged marriage before the election. He states the Saturday Evening Post planned to carry an article on the subject and the Kennedy family forced the removal of the article.

Stacey further states that former Vice President Nixon refused to use the story which cost him the election. In addition, the document alleges that Kennedy and the administration have much more to repent of "than suppression of the truth" and states that his "Jew" frontier is loaded with Jews and Negroes. The document concludes with a list of publications which are reportedly "good, independent sources of present-day truth."

The second document gives some background information concerning Stacey stating that he is an ordained minister who has been active in nondenominational circles and has served in Korea where he received the "wonderful experience of the baptism of the Holy Spirit." Since his return from Korea he has written on religious subjects and is the editor of "Grace and Race."

Our files contain no identifiable information concerning Stacey or his publication "Grace and Race." The representative of the Farmington, New Mexico, Police Department advised that his department has received a number of complaints concerning the dissemination of "propaganda" by Stacey.

Bureau files indicate that the majority of the publications listed as "sources of present-day truth" are issued by anti-Semitic or "hate" groups, including the "Marilyn R. Allen Letters." Marilyn R. Allen is the author of "Confusion Compounded" which contains criticism of "Masters of Deceit." The theme of the criticism is that the Director is the tool of Jewish elements and that "Masters of Deceit"

is a "whitewash" for the Jewish groups in the United States. Details concerning this matter were included in a memorandum from Mr. M.A. Jones to Mr. Nease dated 10-10-58, concerning "Masters of Deceit" which is attached. To insure the Attorney General has complete background information concerning Marilyn R. Allen, he is also being advised of her scurrilous attack on "Masters of Deceit."

ACTION:

Attached is a letter to the Attorney General enclosing a copy of each of the two documents together with a memorandum containing information in Bureau files concerning the publications listed by Stacey as "sources of present-day truth."

Ed Guthman, Special Assistant to the Attorney General for Public Information, telephoned late Friday, September 21, 1962. He said that he had received an inquiry from the "New York Times" concerning an article which that paper had published following the "Newsweek" disclosure as to the Blauvelt family genealogy, which contains an allegation the President was married prior to the marriage to his present wife.

Included in the information published in the "New York Times" article was that distribution of this genealogy in the area of Holyoke, Massachusetts, had been handled by the Valley Paper Company, which had sent it out to a select mailing of "patriots." The Valley Paper Company is now threatening to sue the "New York Times" for libel.

In addition, it was alleged this mailing was handled for the company by a [redacted] According to the "New York Times," this information was reportedly obtained by them from White House Press Secretary Salinger, who in turn said he received it from the Justice Department.

Guthman wanted to know whether we, in fact, had disseminated such information to the White House so that he would be in a position to make an appropriate recommendation to the Attorney General.

After checking, Guthman was informed that rather than our disseminating this information to the White House, it was the other way around and the White House had sent the information to us. As a matter of fact, the information was contained in a memorandum reportedly prepared by a [redacted] Massachusetts. It was apparently given to Kenneth O'Donnell at the White House, who sent it on to us by routing slip dated June 26, 1962. The only

My dear Mayor:

Your letter of September 21, 1962, has been received.

With respect to the statement attributed to the FBI in the article which appeared in the September 24th issue of "Newsweek" magazine, I am sure you will recall the policy of this Bureau of not making evaluations nor drawing conclusions as to the character or integrity of any organization, publication or individual as explained to you in my letter of January 18, 1962. However, in order to clarify this matter further, your attention is invited to the hearings conducted by the Committee on Un-American Activities, United States House of Representatives, regarding the publication "Common Sense." It was discussed in that Committee's "Preliminary Report on Neo-Fascist and Hate Groups" dated December 17, 1954. It is suggested that you may desire to communicate with that Committee to obtain a copy of its report.

Letter to Honorable G. D. Varn

NOTE: By letter of 1-11-62 Mayor Varn congratulated the Director on his Criss Award speech. He indicated he was active in the John Birch Society and inquired about the National Council of Churches and a report prepared by Dan Smoot who was a Special Agent of the FBI from 3-23-42 until 6-15-51. He was advised of our policy with respect to our commenting on publications, etc., as mentioned above, as well as the confidential nature of FBI files. He was also given the usual reply about the length of service of former Agent Howard D. Smoot. The only information in Bureau files on him of a possible derogatory nature revealed that he attended and was subsequently elected an officer of the Citizens Council of Bamberg, South Carolina. Considerable research has been conducted in the "Common Sense" file and there is no indication that the FBI has publicly made any statement characterizing "Common Sense" as "the vitriolic hate sheet, Common Sense." When receiving inquiries about this publication, when appropriate, and after stating that the FBI does not characterize publications, etc., we have referred individuals to the HCUA's report as indicated above. This report describes "Common Sense" as a "hate group" which published "some of the most vitriolic hate propaganda ever to come to the attention of the Committee." Our files reveal "Common Sense" was so characterized because of its vicious anti-Semitic statements. The article in "Newsweek" magazine of September 24, 1962, on page 86 is captioned "The Blauvelt Campaign." Numerous memoranda have been submitted in connection with this publication's charge that President Kennedy was once married to a Durie Kerr. A copy of this item is attached.

Kennedy's Divorce Exposed!

Is Present Marriage Valid?

The Blauvelt Campaign

Ever since the heyday of yellow journalism, the sense of responsibility of the American press has been more censured than praised. For political profit or for readers' pennies, sensation has often triumphed over reliability.

But for the last sixteen months, virtually every major newspaper, magazine, and wire service in the U.S. has refused to publish a sensational report—familiar to hundreds of thousands of Americans and millions of Britons—about the President of the United States. They have spiked the story despite what appears at first glance to be "documentary evidence" and despite scattered publication of it—or hints at it—by hate groups and gossip columnists.

The "story" falsely alleges that before he married Jacqueline Bouvier in Newport, R.I., on Sept. 12, 1953, John F. Kennedy was secretly married to a two-time divorcee.

Beginnings: The story first appeared in a beatnik Greenwich Village magazine of slight circulation, "The Realist," dated March 1962, and headlined "The Story Behind the Rumor About President Kennedy's First Marriage."

It next turned up in an anti-Semitic, anti-Negro Alabama hate sheet called "The Thunderbolt." Under a headline KENNEDY'S DIVORCE EXPOSED! IS PRESENT MARRIAGE VALID? EXCOMMUNICATION POSSIBLE, the "official White Racial organ of the National States Rights Party" charged the President was "secretly divorced" before he married Jacqueline Bouvier.

In June it appeared in another racist sheet, The Winrod Letter, published in Little Rock, Ark., by the Rev. Gordon Winrod, son of a Kansas Fascist, the Rev. Gerald Winrod, indicted under the Sedition Act during World War II. The same month it appeared in a Tennessee weekly, and in July was broadcast over radio station WAIL in Baton Rouge, La.

A story on this broadcast was moved by one wire service, United Press In-

ternational, on July 24, 1962, and was promptly killed three hours later. The UPI log of July 28, 1962, said "a thorough investigation by UPI... completely disproved reports of a previous marriage by President Kennedy." Last month United Features columnist Henry Taylor distributed a column on the "marriage," branding it false. The syndicate sent a "kill" order, and only one paper ran the story.

No one of these stories, nor all of them together, achieved any national circulation, because the same "evidence" had been found wanting by a dozen national news organizations—ranging from The Chicago Tribune to The New Republic, including NEWSWEEK, Time, The Washington Post, The Washington Star, the Cowles papers, The New York Daily News, Scripps-Howard, The New York Times, The New York Herald Tribune, and U.S. News and World Report.

The story first reached a national audience two weeks ago (Sept. 2) when the Sunday supplement Parade, distributed in 70 newspapers, published a letter from a Palm Beach, Fla., reader asking "once and for all, will someone please tell me the truth" about reports of a previous marriage by the President.

Parade said the rumors were false. The British press then front-paged them.

Then last week, the aging dean of keyhole columnists, Walter Winchell, reprinted the Parade item in his syndicated column and asked: "Why hasn't the White House debunked it?"

Tenth Generation: What was the basis of the rumors that so intrigued Winchell and the hate sheets? The "evidence" is contained in one paragraph on page 884 of an obscure, privately printed family history, "The Blauvelt Family Genealogy," written by a member of the tenth generation, Louis L. Blauvelt, who died at 82 a year before the book was published in 1957. Contrary to published reports, the book is readily available—and in unusual demand—in the Library of Congress, the New York City Public Library, and elsewhere. In tracing the history of the Blauvelts, who migrated

from Holland in 1638, one entry under the eleventh generation reads:

(12,427) DURIE, (Kerr), MALCOM, (Isabel O. Cooper, 11,304). We have no birth date. She was born Kerr, but took the name of her stepfather. She first married Firmin Desloge, IV. They were divorced. Durie then married F. John Bersbach. They were divorced, and she married, third, John F. Kennedy, son of Joseph P. Kennedy, one time Ambassador to England. There were no children of the second or third marriages.

The third "marriage" never took place.

The only mystery is why Louis L. Blauvelt, in his confused chronology, said that it did. The answer may well lie in Blauvelt's family records, now in the custody of his daughter, Mrs. William K. Smith of East Orange, N.J. Blauvelt kept documentation for every entry in his book. Under the entry for the alleged marriage to "John F. Kennedy," there is only an old clipping from a Miami gossip column, reporting Miss Malcolm and young Jack Kennedy had been seen in a restaurant right after World War II.

One Blauvelt in-law described the entry to NEWSWEEK as "just one colossal mistake." He said: "It was likely that the old man formed the idea in his head, seeing that clipping, and the family hadn't had anyone famous for a long time."*

President Kennedy and Miss Malcolm (now, and since July 1947, married to socialite Thomas Shevlin of Palm Beach and Newport) have denied the story privately. They have been reluctant to issue a public denial for fear of giving it further circulation.

In addition, scores of reporters, working independently before the story was ever publicly printed, have found no evidence to support Blauvelt's statement. In fact, they found this addi-

*By remarkable coincidence, the Blauvelt family last weekend was gathered, 125 strong, in Upper Saddle River, N.J., for its annual reunion. The executive committee recommended the item not be discussed in any language except what was in the book.

tional evidence proving him inaccurate:
►Miss Malcolm's maiden name was Malcolm, not Malcom.

►She first married Bersbach, then Desloge, not vice versa.

►She married Shevlin before a Justice of the Peace in Fort Lee, N.J., in July 1947—five months after divorcing Desloge, ten years before the Blauvelt Genealogy was published—and yet this marriage was not even noted in the genealogy.

This evidence kept the story out of the responsible American press. But irresponsible groups keep printing it to this day, thus putting the President into a position where he is damned if he denies the story and damned if he doesn't.

His dilemma is even more acute since information in files of the FBI and Secret Service indicates that other organizations have been distributing hundreds of thousands of specially photostated, four-page folders entitled "The Blauvelt Family Genealogy."

A major distributor is the Christian Educational Association, headed by Condé McGinley, publisher of what the FBI calls "the vitriolic hate sheet, Common Sense." Others include Right Brigade, described by the Cleveland police department as a "crackpot" organization and headed by Allen Paul Steiger, an early organizer of the John Birch Society in Cleveland, and the Valley Paper Co., of Holyoke, Mass., whose mailings are handled by Hubert W. Kregeloh, an associate editor of "American Opinion," the magazine published by Robert Welch Jr., founder of the John Birch Society.

'What Is the Law?' In Washington, many congressmen—and such organizations as the American Gold Star Mothers—have received folders mailed anonymously from Wilmington, Del., and hand-stamped: "Why the furor to confiscate records on President John F. Kennedy's first marriage?" The same mailings contained a typewritten note: "We feel this information is too important to be suppressed. Have your own negatives made, and distribute copies to your entire membership."

One woman wrote the White House to report that she found copies of "The Underbolt" where she worked—at Republican Party headquarters in Salt Lake City, Utah.

"What is the law that allows these people to disgrace the country?" she asked. Like many another confused citizen who has written the White House, she received a simple reply: "The President has been married only once—to his wife, Jacqueline Kennedy."

The President and Mrs. Kennedy—celebrated their ninth wedding anniversary last week—are philosophical about the "Blauvelt campaign." They realize that it is motivated by extremist groups and circulated for political purpose.

National Monument

Vincent Van Gogh sold his paintings for a pittance during his lifetime. Now, 72 years after his death, the government of his native Holland has decided to devote an entire museum to his work and will buy 150 paintings and 400 sketches from the artist's nephew, Dr. Vincent Willem Van Gogh, son of the painter's brother and benefactor, Theo. The collection, which will be brought together in Amsterdam, has been on loan to various Dutch galleries and museums for more than 30 years, and includes, besides Van Gogh's work, letters from Vincent to Theo, and Theo's collection of 150 French paintings. The cost to the Dutch today: \$5 million.

Moment of Tranquility

The American painter Arthur Bowen Davies was celebrated for pictures of beautiful, boneless nymphs posturing rhythmically in idyllic landscapes. Then suddenly, in 1912, he descended from his comfortable old ivory tower to promote the most "modern" art of his

Burne-Jones and the pre-Raphaelites.

Davies himself never made it as a modern artist. His efforts at cubism produced only a superficial appliqué of crosshatches on his famous Aphrodites, and he soon gave that up to return to his usual sylvan hills and dales. He dabbled in pseudo-scientific theories of art, and worked out an elaborate mumbo jumbo which he called the "lift of inhalation"—he claimed that the excellence of Greek art was attributable to the healthy gulps of fresh air that all Greek figures were supposedly shown inhaling. He even retouched hundreds of his earlier paintings to give them a chesty quality. Eventually he withdrew from New York and went to Italy, where he died in 1928 at the age of 66.

Despite Davies' oddities (and conservatism), he was a logical choice to lead the artists who put on the Armory Show—he liked cubism, he was successful, and he had the ear of such wealthy New York collectors as Miss Lizzie P. Bliss, Gertrude Vanderbilt Whitney, Benjamin Altman, and Mrs. Cornelius J. Sullivan. Furthermore, Davies was independent of the fusty National Academy of Design, and he had a puritanical respect

time. For a year, Davies enthusiastically rummaged the studios of New York and Paris to assemble the famous Armory Show of 1913. The show startled (and outraged) visitors to New York's 69th Regiment Armory, who gasped at their first glimpses of cubism and abstraction, including six works by Davies.

This week 84 of Davies' paintings, water colors, tapestries, and small bronzes are on exhibition at New York's Whitney Museum in a retrospective show marking the centennial of his birth. Spread out is his familiar, mystical world, with the nymphs, his famous "Unicorns," and many reminders of the artists who influenced him—Ryder, Botticelli, Blake,

for hard work, along with the administrative ability of a precise executive. If he missed the straight and narrow path of cubism as a painter, as a collector he was on the right track. His own collection included work by Braque, Léger, Picasso, and Gris.

Of Davies' show at the Whitney, curator John Gordon writes in the catalogue: "At a time when we are bombarded by the bold and noisy experiments of one direction or another of contemporary art, this exhibition provides us with an opportunity to enjoy the work of a rare and gentle romantic visionary. His tranquil and nostalgic statements... are an oasis in twentieth-century art."

NOTE: We have been furnishing the Attorney General with copies of "The Thunderbolt" which carry articles concerning the allegation of the President's marriage to Durie Kerr. The current issue of "The Thunderbolt" answers the story appearing in the September 24, 1962, issue of "Newsweek" and asks why the President himself has not denied the marriage. "The Thunderbolt" predicts that evidence will turn up at a later date to confirm this story.

BACKGROUND:

By letter of 9-24-62, the above-captioned individual referred to a quotation attributed to the Director which characterized "Common Sense" as a "vitriolic hate sheet." According to McGinley, this was in connection with a recent lengthy story about the reported marriage of President Kennedy which appeared in the Blauvelt family genealogy which was carried by the "New York Times." McGinley makes the absurd statement that the quotation attributed to the Bureau is inconsistent with the Director's views and knowledge of what "Common Sense" advocates and disseminates. He also states that if the Director does refer to "Common Sense" as a "vitriolic hate sheet," it is unfair to an organization dedicated to the same objectives as the FBI. After attempting to prove in his own illogical manner that "Common Sense" is not a hate sheet, McGinley asserts that Congressman Walter would be glad to advise the Director about how often he has been called upon to deny that the House Committee on Un-American Activities (HCUA) ever smeared "Common Sense" and the circumstances which rumors to this effect have been circulated "without any justification or basis in fact for that smear." McGinley feels that the FBI will render a disservice to the Nation by allowing itself to be identified as an organization which smears individuals and organizations and states that "Common Sense" deserves to be defended not defamed by the FBI. McGinley hopes to hear from the Director to this effect.

INFORMATION IN BUFILES:

Bufiles reveal that Conde McGinley is a prolific writer of hate-type literature, principally of anti-Semitic and anti-Negro nature. He is known to be most cooperative with the Nationalist Action League which has been cited by the Department of Justice as a Fascist organization.

publicly made any statement characterizing "Common Sense" as such. However, when receiving inquiries about this publication and when appropriate after first stating that the FBI does not characterize publications, organizations or individuals, we have referred individuals to the HCUA report entitled "Preliminary Report on Neo-Fascist and Hate Groups" dated 12-17-54, which dealt with the hearings conducted by that Committee regarding the publication, "Common Sense," and other hate-type literature. Despite McGinley's claim that Congressman Francis E. Walter has denied that the HCUA ever smeared "Common Sense," the above referred to Committee report reveals that Francis E. Walter was a member of that Committee and that on page ten under the caption "The Hate Group, 'Common Sense'" states as follows: "Growth of the hate group in recent years is exemplified by the publishing endeavors of Conde J. McGinley and his son, C. J. McGinley, in Union, N.J. The McGinleys, senior and junior, operate as the Christian Educational Association, for the purpose of publishing a semimonthly paper, Common Sense, as well as a mass of individual printed matter. Common Sense represents itself as 'the Nation's anti-Communist paper.' Subscriptions are sought from 'loyal and patriotic Americans' in order to 'help save our Republic.' Such patriotic claims provide poor disguise, however, for some of the most vitriolic hate propaganda ever to come to the attention of the committee."

In connection with the Blauvelt family genealogy, it is noted that numerous memoranda have been submitted in connection with this publication's charge that President Kennedy was once married to Durie Kerr.

RECOMMENDATIONS:

(1) The Director not dignify McGinley's communication with a personal acknowledgement.

(2) The attached inabsence letter be forwarded to McGinley to merely inform him that his communication has been received.

JOHN'S OTHER WIFE

There has been much speculation and conjecture concerning the rumor that Jacqueline Bouvier Kennedy is the second wife of John Fitzgerald Kennedy, a member of the Roman Catholic Church and currently President of the United States of America. Many people insisted that there had been a previous marriage which had ended either in divorce or annulment. However, it seemed that all documentary substantiation had been destroyed or suppressed. Cited were the cases of a "disappearing issue" of the "Saturday Evening Post" and the suppression of certain genealogical records held by the Daughters of the American Revolution.

Perhaps overlooked was the privately printed "Blauvelt Family Genealogy," which contains, on page 884, the record of that previous marriage of John Fitzgerald Kennedy.

Reproduced on this sheet are photocopies of the cited page and page 884 of "The Blauvelt Family Genealogy."

"For there is nothing covered, that shall not be revealed; neither hid, that shall not be known. Therefore whatsoever ye have spoken in darkness shall be heard in the light; and that which ye have spoken in the ear in closets shall be proclaimed upon the housetops." (St. Luke 12: 2, 3.)

Information is that upon the death of Louis Blauvelt, the books on the Blauvelt Genealogy were confiscated by the F. B. I.

PRIOR MARRIAGE OF JOHN F. KENNEDY?

Dear Sir: *Bluntly & fairly general*

I have read with interest the story in today's Los Angeles Times, of the alleged prior marriage of John F. Kennedy, of which I had heard many months ago, and the alibi which you are building up to discredit the story. Nice try! but you'll have to produce something more convincing.

We can ignore your criticisms of the story has having been circulated by "hate groups". Anyone who dares to write the truth automatically becomes, to you, a "hate group". Where else can we get at the truth? Surely not from News Week, and the rest of the falsifying press of the country. Use of this phrase to discredit the story automatically brands your alibi as coming from Roman Catholic seditious in whose vocabulary it originated.

You list the many newspapers which "investigated" the story and stamped it as false. Why wouldn't they. The lot of you have backed Kennedy. You found no fault with him for committing treason to the Constitution in gaining the election by fraud, for treason to the Constitution is the daily stock in trade of our seditious press. But this story about your "fair haired boy" leaves you with egg all over your silly faces, which is unendurable, so you would be bound to deny it, true or untrue.

So you found only one little clipping in the files! What became of the rest of the documentation? Would not destruction of this documentation be the first step in the conspiracy of concealment? Surely a writer technically skilled in research, who had established a reputation for integrity and honest reporting, having no reason for falsification, especially in 1956 when Kennedy was not a candidate for president, would now suddenly rely upon unconfirmed rumor, or upon one tiny newspaper clipping, nor become so careless and dishonorable as to falsify an entry on the record! He is more to be believed than the lot of you. Why did not someone in the family protest at the time the book was published, or when Kennedy became a candidate for president, or since that fraudulent election? We can assume that the Kennedy Clan had enough millions to bribe vital witnesses.

Naturally, Roman Catholic Kennedy would say that he has been married only once, for Rome would not recognize this escapade as a marriage, but as adultery or as a boyish prank. And what became of the official records of marriage, if any, or of annulment or divorce proceedings? If neither annulled nor by divorce, in US courts, would he not now be a bigamist? What has Mrs. Kennedy to say about all of this? This is an official public matter. May we not hear from her?

What has J. Edgar Hoover to say about this alleged deception of the people of the United States by this "self-styled" executive? Should not Hoover and the FBI, rather than the press, have made this investigation? You will remember that Bobby Boy Kennedy took out after Hoover's scarp, and then was called off. Could it be that Hoover knew where this body was buried? If so, does he not become an accessory to the deception?

I am submitting a copy of this letter to the Chairmen of the Senate and House Judiciary Committees for a formal investigation, including subpoena of all principals, and of all records, including the files of newspapers participating in the alleged "investigation". This is public business, not solely yours.

Very truly yours,

To All Editors

The untrumor of the year will not stay debunked because readers from the 50 states keep pounding this desk daily with photostats of the genealogy of a family named Blauvelt. These are usually accompanied by jottings to wit: "Why don't you get with it? Here it is in black and white and you keep saying it can't be documented."

We were the first to reject the undocumented, unproved reports that President Kennedy had been married before. Many months ago we turned over advance information to the U.S. Secret Service that the story would break in scandal-type magazines, political and otherwise. We were confirmed. Anti-Catholic, Anti-Democrat and Anti-Administration writers and other publications (none of them reputable or reliable) brazenly featured it on their front pages. Daring the principals to sue and prove its untruth.

We cautioned all concerned: "It could be a forgery." Don't forget that Hitler, Mussolini and Stalin, in their anti-Semitic campaigns, had most of the world believing that the Protocols of Zion (shown in photostats) were true. But British, American and French Intelligence (the greatest in the world) eventually exposed them as forgeries. We added that Nazi Intelligence agents were so clever—British Intelligence, British Banks and Britishers never knew that a lot of their paper money was counterfeited, printed by Nazi forgers, during the war.

The genealogy photostats alleging the secret marriage of JFK are being widely circulated. But there is no proof that anyone (as of now) can find of a marriage as the Blauvelt genealogy reports.

Here are background details covering the alleged "marriage" notation in the Blauvelt Family Genealogy—and what this column was able to dig on it—right up to date. The book is listed as The Blauvelt Family Genealogy (and is described as "A Comprehensive Compilation of the Descendants of Gerrit Hendrickson Blauvelt, 1620-1687, Who Came to America in 1638"). It was compiled by Louis L. Blauvelt during a period of 30 years from 1928 to 1958. He was 79 at the time of his death in '58. He has a daughter, Helena Louise, who is the wife of William Keys Smith. Mr. Smith is keeper of the files and the source of the current material on the Blauvelt Family Genealogy. He lives at 74 Renshaw Ave., East Orange, N.J. Phone number: Orange 4-5502. His business number is Orange 5-8900. The Blauvelt Association published the Blauvelt Genealogy from which the whole tempest reaped.

In answer to letters mentioning "Huguenot Society" the col'm went there several times to see if they have copies of the license certificate re: marriage of JFK and Durie Malcolm. She is now Mrs. Thomas Shevlin of Palm Beach. The other day the Huguenot Society gave us this answer: "There is no marriage certificate on record or copies of same on record in files here. Evidently the woman is not a Huguenot or a descendant of a Huguenot—and since she's not, we do not have any such certificate here."

Louis Blauvelt (a reporter who knew him described him as a personable eccentric) was doing the genealogy mostly himself—compiled over a long period of time—sort of a hobby with him. The association (which sounds important) is in reality a very loosely drawn group—most of whose family members are dead. The committee formed to sponsor the genealogy is dissolved—and according to Smith (the keeper of the records) interest was lost in the project by the family group after the death of Louis Blauvelt.

It is conceded that Blauvelt's method of compiling notes was very slipshod. There are pencilled notes many years old. Little slips of papers and bits which were never substantiated. Some of the information he gathered was hearsay—thru society sources, family sources, etc. According to Mr. Smith there are other inaccuracies in the book, but they have never taken on the significance of the Kennedy "marriage" notation.

Referring to the Kennedy notation, Mr. Smith disclosed that he checked out the source material—and said it was not very well organized...It was kind of a hodge-podge...What he found—was a handwritten note...There was a reference to "John F. Kennedy," going around with the girl—but no marriage memos...Based on this specific part, he (Smith) sent a letter to White House Press Secretary Salinger saying there was no evidence in the source material (or the notes of Louis Blauvelt) to support the notation in the genealogy...So when Pierre Salinger is asked about it he never answers directly—he just reads the letter to the questioner.

The publishing method used by Blauvelt indicates the peculiar pattern of ineptness associated with the whole work...Blauvelt would send the material over on typed sheets—to a printing firm called Edwards Brothers on Riverside Drive in New York...This firm hired an outside firm to do the job—on photo-offset...They would then return the proofs to Blauvelt for proof-reading...He would read them and tell them to go ahead...This was the only proof-reading done on the book...Only 300 copies of the Blauvelt Genealogy were distributed...Smith (keeper of those files) did not expect there would be another edition...The chances are very slim, he said...Because the plates "are not in very good shape."

The first time anybody noticed the JFK "thing" was about a month after the election...A Republican group had come upon it and began to check its accuracy...They never established it and dropped it...Subsequent to this, Mr. Smith has had approximately 100 journalists, magazine writers, wire-service people and other pests calling him...To all, he explains that he's had phone conversations with Pressed Salinger and has sent Salinger the letter discussed above...Mr. Smith has often reminded—that he is no position to confirm or deny the Kennedy "marriage" notation.

Conferees checked out state and court records in Chicago... What they found is that Durie Kerry Malcolm (a Blauvelt by blood) married John Bersbach, April 3, 1937, divorced him in 1938—married Firmin Desloges Jan. 2, 1939, divorced him in 1947...On July 11, 1947, she married Tommy Shevlin and they are living today in Palm Beach at 1102 North Ocean Boulevard. They also dwell in St. Louis.

If you study the record of Mrs. Shevlin's marriages you can see it would be all but impossible to squeeze in an extra husband during the period when it was most likely to be done.

Summarizing it: Reliable newspapermen have questioned Salinger about it—and others have fincombed the towns and places where such a marriage might have occurred. They found nothing...It is the old story of trying to squelch a rumor with dignity...The implication that Salinger gives—is that it would not be dignified for the President of the United States to make a direct answer to this kind of gossip. This is a correct position. Conclusion: There is utterly no evidence to substantiate the story.

The Press and the Gossips

Newsweek Runs Down a Vicious Rumor A13

The magazine Newsweek, in this week's edition, will carry, in its Press Section, the following report on a story first brought to the attention of The Washington Post in August of 1961. Inquiry at that time convinced the editors that the report was groundless. Recent revival of the rumor has brought it to public attention and made notice of it seem advisable.

EVER SINCE the heyday of yellow journalism, the sense of responsibility of the American press has been more censured than praised. For political profit or for readers' pennies, sensation has often triumphed over reliability.

But for the last 16 months, virtually every major newspaper, magazine and wire service in the United States has refused to publish a sensational report—familiar to hundreds of thousands of Americans and millions of Britons—about the President of the United States. They have "spiked" the story despite what appears at first glance to be "documentary evidence" and despite scattered publication of it—or hints at it—by hate groups and gossip columnists.

The "story" raises allegations that before he married Jacqueline Bouvier in Newport, R. I., on Sept. 12, 1953, John F. Kennedy was secretly married to a two-time divorcee.

Beginnings: The story first turned up in a beatnik Greenwich Village magazine of slight circulation, The Realist, dated March, 1962, and headlined, "The Story Behind the Rumor About President Kennedy's First Marriage."

It next turned up in an anti-Semitic, anti-Negro Alabama hate sheet called The Thunderbolt. Under a headline, "Kennedy's Divorce Exposed! Is Present Marriage Valid? Excommunication Possible," the "official white racial organ of the National States Rights Party" charged the President was "secretly divorced" before he married Jacqueline Bouvier.

IN JUNE it appeared in another racist sheet, The Winrod Letter, published in Little Rock, Ark., by the Rev. Gordon Winrod, son of a Kansas Fascist, the Rev. Gerald Winrod, indicted under the Sedition Act during World War II. The same month it appeared in a Tennessee weekly, and in July was broadcast over radio station WAIL in Baton Rouge, La.

A story on this broadcast was moved by one wire service, United Press International, on July 24, 1962, and was promptly killed three hours later. The UPI log of July 28, 1962, said, "a thorough investigation by UPI completely disproved reports of a previous marriage by President Kennedy." Last month United Features columnist Henry Taylor distributed a column on the "marriage," branding it false. The syndicate sent a "kill" order, and only one paper ran the story.

No one of these stories, nor all of them together, achieved any national circulation, because the same "evidence" had been found wanting by a dozen national news organizations—ranging from The Chicago Tribune to the New Republic, including Newsweek, Time, The Washington Post, The Washington Star, the Cowles Papers, The New York Daily News, Scripps-Howard, The New York Times, The New York Herald Tribune, and

U. S. News and World Report.

The story first reached a national audience two weeks ago (Sept. 2) when the Sunday supplement Parade, distributed in 70 newspapers, published a letter from a Palm Beach, Fla., reader asking "once and for all, will someone please tell me the truth" about reports of a previous marriage by the President.

PARADE SAID the rumors were false. The British press then front-paged them.

Then last week, the aging dean of keyhole columnists, Walter Winchell, reprinted the Parade item in his syndicated column and asked: "Why hasn't the White House debunked it?"

Tenth Generation: What was the basis of the rumor that so intrigued Winchell and the hate sheets? The "evidence" is contained in one paragraph on page 884 of an obscure privately printed family history, "The Blauvelt Family Genealogy," written by a member of the tenth generation, Louis L. Blauvelt, who died at 82 a year before the book was published in 1957. Contrary to published reports, the book is readily available—and in unusual demand—in the Library of Congress, the New York City Public Library, and elsewhere. In tracing the history of the Blauvelts, who migrated from Holland in 1638, one entry under the eleventh generation reads:

(12,247) DURIE (Kerr), MALCOM (Isabel O. Cooper, 11,304). We have no birth date. She was born Kerr, but she took the name of her stepfather. She first married Firmin Desloge IV. They were divorced. Durie then married F. John Bersbach. They were divorced, and she married, third, John F. Kennedy, son of Joseph P. Kennedy, one time Ambassador to England. There were no children of the second or third marriages.

The third "marriage" never took place.

The only mystery is why Louis L. Blauvelt, in his confused chronology, said that it did. The answer may well lie in Blauvelt's family records, now in custody of his daughter, Mrs. William K. Smith of East Orange, N. J. Blauvelt kept documentation for every entry in his book. Under the entry for the alleged marriage to "John F. Kennedy," there is only an old clipping from a Miami gossip column, reporting Miss Malcolm and young Jack Kennedy had been seen in a restaurant right after World War II.

One Blauvelt in-law described the entry to Newsweek as "just one colossal mistake." He said: "It was likely that the old man formed the idea in his head, seeing that clipping, and the family hadn't had anyone that famous for a long time."

PRESIDENT KENNEDY and Miss Malcolm (now, and since July, 1947, married to socialite Thomas Shevlin of Palm Beach and Newport) have denied the story privately. They have been reluctant to issue a public denial for fear of giving it further circulation.

In addition, scores of reporters, working independently before the story was ever publicly printed, have found no evidence to support Blauvelt's statement. In fact, they

found this additional evidence proving him inaccurate:

Miss Malcolm's maiden name was Malcolm, not Malcom.

She first married Bersbach, then Desloge, not vice versa.

She married Shevlin before a justice of the peace in Fort Lee, N. J., in July, 1947—five months after divorcing Desloge, 10 years before the Blauvelt Genealogy was published—and yet this marriage was not even noted in the genealogy.

This evidence kept the story out of the responsible American press. But irresponsible groups keep printing it to this day, thus putting the President into a position where he is damned if he denies the story and damned if he doesn't.

His dilemma is even more acute since information in files of the FBI and Secret Service indicates that other organizations have been distributing hundreds of thousands of specially photostated, four-page folders entitled "The Blauvelt Family Genealogy."

A major distributor is the Christian Educational Association, headed by Conde McGinley, publisher of what the FBI calls "the vitriolic hate sheet, Common Sense." Others include Right Brigade, described by the Cleveland Police Department as a "crackpot" organization and headed by Allen Paul Steiger, an early organizer of the John Birch Society in Cleveland, and the Valley Paper Co., of Holyoke, Mass., whose mailings are handled by Hubert W. Kregeloh, an associate editor of American Opinion, the magazine published by Robert Welch Jr., founder of the John Birch Society.

~~What is the Law?~~ In Washington, many Congressmen and such organizations as the American Gold Star Mothers, have received folders mailed anonymously from Wilmington, Del., and hand-stamped: "Why the furor to confiscate all records on President John F. Kennedy's first marriage?" The same mailings contained a typewritten note: "We feel this information is too important to be suppressed. Have your own negatives made, and distribute copies to your entire membership."

One woman wrote the White House to report that she had found copies of "The Thunderbolt" where she worked—at Republican Party headquarters in Salt Lake City, Utah.

"What is the law that allows these people to disgrace the country?" she asked.

Like many another confused citizen who has written the White House, she received a simple reply: "The President has been married only once—to his wife Jacqueline Kennedy."

The President and Mrs. Kennedy—who celebrated their ninth wedding anniversary last week—are philosophical about the "Blauvelt campaign." They recognize that it is motivated by extremist groups and circulated for political purpose.

Newsweek adds, in a footnote, that "By remarkable coincidence, the Blauvelt family last weekend was gathered, 125 strong, in Upper Saddle River, N. J., for its annual reunion. The executive committee recommended the item not be discussed in any language ~~except~~ what was in the book."

The Press and the Gossips

Newsweek Runs Down a Vicious Rumor

The magazine Newsweek, in this week's edition, will carry, in its Press Section, the following report on a story first brought to the attention of The Washington Post in August of 1961. Inquiry at that time, convinced the editors that the report was groundless. Recent revival of the rumor has brought it to public attention and made notice of it seem advisable.

EVER SINCE the heyday of yellow journalism, the sense of responsibility of the American press has been more censured than praised. For political profit or for readers' pennies, sensation has often triumphed over reliability.

But for the last 16 months, virtually every major newspaper, magazine and wire service in the United States has refused to publish a sensational report—familiar to hundreds of thousands of Americans and millions of Britons—about the President of the United States. They have "spiked" the story despite what appears at first glance to be "documentary evidence" and despite scattered publication of it—or hints at it—by hate groups and gossip columnists.

The "story" falsely alleges that before he married Jacqueline Bouvier in Newport, R. I., on Sept. 12, 1953, John F. Kennedy was secretly married to a two-time divorcee.

Beginnings: The story first turned up in a beatnik Greenwich Village magazine of slight circulation, The Realist, dated March, 1962, and headlined, "The Story Behind the Rumor About President Kennedy's First Marriage."

It next turned up in an

U. S. News and World Report.

The story first reached a national audience two weeks ago (Sept. 2) when the Sunday supplement Parade, distributed in 70 newspapers, published a letter from a Palm Beach, Fla., reader asking "once and for all, will someone please tell me the truth" about reports of a previous marriage by the President.

Magazine Discusses Kennedy Marriage Story

An unsubstantiated report that President Kennedy had been married and divorced before his marriage to Jacqueline Bouvier in 1953 was brought to public attention today in a Newsweek Magazine story saying that responsible newspapers had refused to publish it.

The report, based on an obscure genealogy of a family named Blauvelt that proved inaccurate in other respects too, first came to the attention of The Star and several other newspapers more than a year ago.

Thorough checking by Star reporters as well as those for many other newspapers failed to unearth any substantiation for the report.

The President has refused to dignify the report by issuing any public denial. Such a denial would have given circulation to the story. But it has been made clear that he considered the matter libelous.

Genealogy's Entry

The story stems from publication in 1957 of "The Blauvelt Family Genealogy" by Louis L. Blauvelt, who died at 82 a year before publication of his book. One entry in the book reads:

"(12,427) Durie (Kerr) Malcom (Isabel O. Cooper, 11,304).

"We have no birth date. She was born Kerr, but took the name of her stepfather. She first married Firmin Desloge, IV. They were divorced. Durie then married F. John Bersbach. They were divorced, and she married, third, John F. Kennedy, son of Joseph P. Kennedy, one-time Ambassador to England. There were no children of the second or third marriages.

"The only child of Firmin V. Desloge and Durie, (Kerr) Malcom (12,427) was: 12,462 Durie, born . . ."

No Records Found

Reporters trying to check out the story have found no record of any marriage license being issued, any marriage certificate or divorce proceedings pertaining to the reported Kennedy marriage to "Durie."

They also found several other errors in the entry.

Durie Malcom was first married to Mr. Bersbach, and then Mr. Desloge, not as reported in the genealogy book. She was married to Thomas Shevlin of Palm Beach and Newport in 1947, five months after divorcing Mr. Desloge, according to Newsweek. This was 10 years before publication of the genealogy book.

The only documentation found in the files of the compiler of the genealogy was an old clipping from a Miami gossip column reporting that Miss Malcom and Mr. Kennedy had been seen together in a restaurant soon after World War II. Mr. Kennedy does not deny that he knew Miss Malcom.

"Hate Sheets" Used It

Newsweek brought the story of how responsible newspapers had refused to publish the sensational but unsubstantiated report out into the open, but several so-called "hate sheets" had published it.

One was an anti-Catholic, anti-Semitic, anti-Negro publication in the South, called "The Thunderbolt," which used the story under a headline saying: "Kennedy's Divorce Exposed! Is Present Marriage Valid? Excommunication Possible."

In July, a question about the rumor was asked during a broadcast over a radio station in Baton Rouge, La. The United Press International put a story about the broadcast on its wires, but "killed" the story three hours later. The UPI inter-office log of July 28, 1962, Newsweek reported, said "thorough investigation by UPI . . . completely disproved reports of a previous marriage by President Kennedy."

unless otherwise requested. Sorry, the volume

Q. I have received in the mail alleged photostats of a Louis Blauvelt family genealogy. These photostats from the Blauvelt family book allegedly prove that President John F. Kennedy was once married to a much-married Durie Malcolm. Once and for all, will someone please tell me and the American public the truth?—F. P., Palm Beach, Fla.

A. The genealogical item in question has three errors: 1) Miss Malcolm's first two marriages are listed backwards; 2) Despite the fact that the book was published in 1956, it makes no mention of the fact that Miss Malcolm has been married since 1947 to Mr. Thomas Shevlin of Palm Beach, Fla., and 3) Miss Malcolm was never married to John F. Kennedy.

Q. Is it true that Hayley Mills and her family plan to leave England and move to the U.S.?—Karen Liquidari, Syracuse, N.Y.

A. No. They come to Hollywood when Hayley is making a film. Their home, however, remains England.

Q. What is the nationality and religion of Lawrence Welk?—Mrs. F.R., Barkhurst, St. Louis, Mo.

A. Welk was born in Strasburg, North Dakota, in 1903. He is a member of the Roman Catholic church.

Q. "Peaches" Browning — involved with "Daddy" Browning in a scandal of the 1920s—is she still alive?—Louis Delino, Madison, Wis.

A. Peaches Browning is dead.

Q. Are cut-price airplane tickets available in Europe?—George Thomas, Hempstead, N.Y.

A. Main areas for under-the-counter sale of cut-price air tickets are the Middle East, South America, and Africa.

Q. Would you please tell me if John Wayne's picture, The Alamo, was a success or flop?—Robert Hempler, St. Louis, Mo.

A. The film received fair notices, will eventually show a profit, hasn't to date.

Q. There is an expression which roughly goes like this: "I cried because I had no shoes until I met a man who had no feet." I would appreciate the source.—Alan Gibb, Braintree, Mass.

A. The quotation comes from an ancient, anonymous Chinese proverb.

ENCLOSURE

PRESIDENT KENNEDY'S Divorce

The Blauvelt Family Genealogy

JACKIE is Kennedy's second wife. President Kennedy was previously married to Durie (Kerr) Malcolm. Kennedy's first wife was married twice...President Kennedy was her third husband. See the photostat below.

President Kennedy's present marriage almost broke up in 1956 according to Frank Kluckhohn in his book, *America Listen*. Father in law Joseph Kennedy offered Jackie one million dollars to stay with his son.

Fraud and deception continues to boil to the surface.. How long will the American people sleep. Is it not time to raise our Voices before the Kennedy Clan becomes the Kennedy Monarchy???

JOHN'S OTHER WIFE . . .

There has been much speculation and puzzlement concerning the rumor that Jacqueline Bouvier Kennedy is the second wife of John Fitzgerald Kennedy, a member of the Roman Catholic Church and currently President of the United States of America. Many, many people insisted that there had been a previous marriage which had ended either in divorce or annulment. However, it seemed that all documentary substantiation had been destroyed or suppressed. Cited were the cases of a "disappearing issue" of the "Saturday Evening Post" and the suppression of certain genealogical records held by the Daughters of the American Revolution.

Perhaps overlooked was the privately printed "Blauvelt Family Genealogy," which contains, on page 884, the record of that previous marriage of John Fitzgerald Kennedy.

Reproduced on this sheet are photocopies of the title page and page 884 of "The Blauvelt Family Genealogy."

"For there is nothing covered, that shall not be revealed; neither hid, that shall not be known. Therefore whatsoever ye have spoken in darkness shall be heard in the light; and that which ye have spoken in the ear in closets shall be proclaimed upon the housetops." (St. Luke 12: 2, 3.)

In 1960, shortly after Nixon became the Republican candidate, he was handed the following documented story about John F. Kennedy. It was a photostatic copy of an item in:

"The Blauvelt Family Genealogy," compiled by Louis L. Blauvelt, and published by "The Association of Blauvelt Descendants." It bears the "United States Library of Congress Catalog Card No. 56-10936." The following item was photostated from page 884 of the book:

"(12,427) DURIE, (Kerr), MALCOM, (Isabel O. Cooper, 11,304). We have no birth date. She was born Kerr, but took the name of her stepfather. She first married Firmin Desloge, IV. They were divorced. Durie then married F. John Bersbach. They were divorced, and she married, third, John F. Kennedy, son of Joseph P. Kennedy, one time ambassador to England. There were no children of the second or third marriages."

This reveals that this man who poses as a devout Catholic, this pious man, who, ostentatiously never misses a Mass, has through the years been making a mockery of his Church—has secretly smashed the most sacred canon of his Church.

Re Los Angeles airtel dated 9/12/62.

Transmitted herewith for the completion of the Bureau's files are two photostatic copies of the August, 1962 News-Bulletin published by the Cinema Educational Guild, Inc., P.O. Box 46205, Cole Branch, Hollywood, which was written by MYRON C. FAGAN, National Director.

This bulletin, No. 92, was made available to the Los Angeles Division by Mr. EUGEN HARRIS, Public Relations Director, Screen Actors Guild, 7750 Sunset Boulevard, Los Angeles.

Bulletin No. 92, page 20, sets forth additional information concerning President JOHN F. KENNEDY under the caption, "More About JFK's First Marriage."

On page 23, paragraph 2, it is noted FAGAN makes an allegation that on or about May 22 (1962) the Attorney General ordered FBI Agents to the Library of Congress with instructions to remove the file copy of the "Blauvelt Family

Therefore, we investigated -- and found the story to be somewhat in error ... the KENNEDYs had 'rigged' the files of the Library, so as to make it appear that the book was no longer available, to wit."

"Originally, the book was on file in the 'Library of Congress -- Annex, Room 5009-A, Genealogy Division.' Therefore, one would expect to find the book indexed under E in that room. But after searching through not only all the BLAUVELTS, but the HENDRICKSONS and COOPERS (other direct ancestors), and not finding it, she was about to give up the search, when she was 'tipped off' and directed to the Index Box marked 'from DR-DZ' and there she found an Index Card marked CS71.B6476...1957. 'DURIE Family and BLAUVELT Family Genealogy.'"

"The clerk at the desk, when our investigator made her request for the book, was astounded -- and momentarily speechless. She finally produced the book, but would not permit it to be taken out of the room -- nor would she permit any photos or photostats of any parts of the book...obviously, she had been 'INSTRUCTED!'"

The photostatic copies of the News-Bulletin are being furnished to the Bureau for information.

The Blauvelt Campaign

Ever since the heyday of yellow journalism, the sense of responsibility of the American press has been more censured than praised. For political profit or for readers' pennies, sensation has often triumphed over reliability.

But for the last sixteen months, virtually every major newspaper, magazine, and wire service in the U.S. has refused to publish a sensational report—familiar to hundreds of thousands of Americans and millions of Britons—about the President of the United States. They have spiked the story despite what appears at first glance to be "documentary evidence" and despite scattered publication of it—or hints at it—by hate groups and gossip columnists.

The "story" falsely alleges that before he married Jacqueline Bouvier in Newport, R.I., on Sept. 12, 1953, John F. Kennedy was secretly married to a two-time divorcee.

Beginnings: The story first appeared in a beatnik Greenwich Village magazine of slight circulation, "The Realist," dated March, 1962, and headlined "The Story Behind the Rumor About President Kennedy's First Marriage."

It next turned up in an anti-Semitic, anti-Negro Alabama hate sheet called "The Thunderbolt." Under a headline KENNEDY'S DIVORCE EXPOSED! IS PRESENT MARRIAGE VALID? EXCOMMUNICATION POSSIBLE, the "official White Racial organ of the National States Rights Party" charged the President was "secretly divorced" before he married Jacqueline Bouvier.

In June it appeared in another racist sheet, "The Winrod Letter," published in Little Rock, Ark., by the Rev. Gordon Winrod, son of a Kansas Fascist, the Rev. Gerald Winrod, indicted under the Sedition Act during World War II. The same month it appeared in a Tennessee weekly, and in July was broadcast over radio station WAIL in Baton Rouge, La. A story on this broadcast was moved from the wire to the United Press In-

ternational, on July 24, 1962, and was promptly killed three hours later. The UPI log of July 28, 1962, said "a thorough investigation by UPI . . . completely disproved reports of a previous marriage by President Kennedy." Last month United Features columnist Henry Taylor distributed a column on the "marriage," branding it false. The syndicate sent a "kill" order, and only one paper ran the story.

No one of these stories, nor all of them together, achieved any national circulation, because the same "evidence" had been found wanting by a dozen national news organizations ranging from The Chicago Tribune to The New Republic, including NEWSWEEK, Time, The Washington Post, The Washington Star, the Cowles papers, The New York Daily News, Scripps-Howard, The New York Times, The New York Herald Tribune, and U.S. News and World Report.

The story first reached a national audience two weeks ago (Sept. 2) when the Sunday supplement Parade, distributed in 70 newspapers, published a letter from a Palm Beach, Fla., reader asking "once and for all, will someone please tell me the truth" about reports of a previous marriage by the President.

Parade said the rumors were false. The British press then front-paged them.

Then last week, the aging dean of keyhole columnists, Walter Winchell, reprinted the Parade item in his syndicated column and asked: "Why hasn't the White House debunked it?"

Tenth Generation: What was the basis of the rumors that so intrigued Winchell and the hate sheets? The "evidence" is contained in one paragraph on page 884 of an obscure, privately printed family history, "The Blauvelt Family Genealogy," written by a member of the tenth generation, Louis L. Blauvelt, who died at 82 a year before the book was published in 1957. Contrary to published reports, the book is readily available—and in unusual demand—in the Library of Congress, the New York City Public Library, and elsewhere. In tracing the history of the Blauvelts, who migrated

from Holland in 1638, one entry under the eleventh generation reads:

(12,427) DURIE, (Kerr), MALCOM, (Isabel O. Cooper, 11,304). We have no birth date. She was born Kerr, but took the name of her stepfather. She first married Firmin Desloge, IV. They were divorced. Durie then married F. John Bersbach. They were divorced, and she married, third, John F. Kennedy, son of Joseph P. Kennedy, one time Ambassador to England. There were no children of the second or third marriages.

The third "marriage" never took place. The only mystery is why Louis L. Blauvelt, in his confused chronology, said that it did. The answer may well lie in Blauvelt's family records, now in the custody of his daughter, Mrs. William K. Smith of East Orange, N.J. Blauvelt kept documentation for every entry in his book. Under the entry for the alleged marriage to "John F. Kennedy," there is only an old clipping from a Miami gossip column, reporting Miss Malcolm and young Jack Kennedy had been seen in a restaurant right after World War II.

One Blauvelt in-law described the entry to NEWSWEEK as "just one colossal mistake." He said: "It was likely that the old man formed the idea in his head, seeing that clipping, and the family hadn't had anyone famous for a long time."*

President Kennedy and Miss Malcolm (now, and since July 1947, married to socialite Thomas Shevlin of Palm Beach and Newport) have denied the story privately. They have been reluctant to issue a public denial for fear of giving it further circulation.

In addition, scores of reporters, working independently before the story was ever publicly printed, have found no evidence to support Blauvelt's statement. In fact, they found this addi-

tional evidence proving him inaccurate: ~~Miss Malcolm's maiden name was Malcolm, not Malcom.~~

►She first married Bersbach, then Desloge, not vice versa.

►She married Shevlin before a Justice of the Peace in Fort Lee, N.J., in July 1947—five months after divorcing Desloge, ten years before the Blauvelt Genealogy was published—and yet this marriage was not even noted in the genealogy.

This evidence kept the story out of the responsible American press. But irresponsible groups keep printing it to this day, thus putting the President into a position where he is damned if he denies the story and damned if he doesn't.

His dilemma is even more acute since information in files of the FBI and Secret Service indicates that other organizations have been distributing hundreds of thousands of specially photostated, four-page folders entitled "The Blauvelt Family Genealogy."

A major distributor is the Christian Educational Association, headed by Gendé McGinley, publisher of what the FBI calls "the vitriolic hate sheet, Common-Sense." Others include Right Brigade, described by the Cleveland police department as a "crackpot" organization and headed by Allen Paul Steiger, an early organizer of the John Birch Society in Cleveland, and the Valley Paper Co., of Holyoke, Mass., whose mailings are handled by Hubert W. Kregeloh, an associate editor of "American Opinion," the magazine published by Robert Welch Jr., founder of the John Birch Society.

"What Is the Law?" In Washington, many congressmen—and such organizations as the American Gold Star Mothers—have received folders mailed anonymously from Wilmington, Del., and hand-stamped: "Why the furor to confiscate all records on President John F. Kennedy's first marriage?" The same mailings contained a typewritten note: "We feel this information is too important to be suppressed. Have your own negatives made, and distribute copies to your entire membership."

One woman wrote the White House to report that she found copies of "The Thunderbolt" where she worked—at Republican Party headquarters in Salt Lake City, Utah.

"What is the law that allows these people to disgrace the country?" she asked.

Like many another confused citizen who has written the White House, she received a simple reply: "The President has been married only once—to his wife, Jacqueline Kennedy."

The President and Mrs. Kennedy—who celebrated their ninth wedding anniversary last week—are philosophical about the "Blauvelt campaign." They recognize that it is motivated by extremist groups and circulated for political purpose.

"Pres. Kennedy attended "pink" Harvard University, read the book "Keynes at Harvard," and later attended "The London School of Economics" headed by the staunch Communist, Harold Laski.

"Also, Pres. Kennedy has made it known that he wants to "Establish a Dictatorship in America," which would mean "America would be through as a free country."

The Attorney General has been advised that no investigation has been conducted. The enclosed publication contains information concerning President Kennedy's alleged first marriage and states that publication received letters from friends of the Kennedy family stating "It made Rose (Jack's mother) very unhappy; however, she (Rose) looked on the marriage as just 'one of Jack's youthful escapades' which she was sure 'wouldn't last long - and it didn't.'" It was also indicated that the statement that "Bobby Kennedy" ordered the FBI to remove the genealogy from the Library of Congress was erroneous. The Attorney General has been

The first enclosure is one with which the Bureau is quite familiar. It is one, however, dressed up with Bible quotations and an appeal to the readers to send the information to "your church people."

JFK'S FIRST MARRIAGE AND DIVORCE

AUG. 1962

No. 2) In 1960, shortly after Nixon became the Republican candidate, he was handed the following *documented* story about John F. Kennedy. It was a photostatic copy of an item in:

"*The Blauvelt Family Genealogy*," compiled by Louis L. Blauvelt, and published by "The Association of Blauvelt Descendants." It bears the "*United States Library of Congress Catalog Card No. 56-10936*." The following item was photostated from page 884 of the book:

"(12,427) DURIE, (Kerr), MALCOM, (Isabel O. Cooper, 11,304). We have no birth date. She was born Kerr, but took the name of her stepfather. She first married Firmin Desloge, IV. They were divorced. Durie then married F. John Bersbach. They were divorced, and she married, third, John F. Kennedy, son of Joseph P. Kennedy, one time ambassador to England. There were no children of the second or third marriages."

This reveals that this man who poses as a devout Catholic, this *pious* man, who, *ostentatiously* never misses a Mass, has through the years been making a mockery of his Church—has *secretly* smashed the most sacred canon of his Church.

 Page 17 of the material prepared for the Director sets forth the background on "The Blauvelt Family Genealogy" matter. This memorandum sets forth the circumstances involved in more detail with emphasis on the latest information available.

In September, 1961, as the result of a report from an informant, we advised Special Assistant to the President, P. Kenneth O'Donnell, regarding the existence of "The Blauvelt Family Genealogy" in the Library of Congress which alleges that the President was previously married to one Durie Kerr. Mr. O'Donnell stated that the President dated Miss Kerr when he was a young man, but the allegation of marriage is a patent falsehood, and action had been taken to set the record straight.

We have conducted no open investigation but have furnished the Attorney General with both background and other information we have received.

The official publication of the National States Rights Party, "The Thunderbolt," has been the principal media of dissemination of "The Blauvelt Family Genealogy." Several members of Congress have reportedly received copies of the genealogy; and denial of the allegation has recently appeared in several prominent publications, including "Time" and "Newsweek" magazines.

The story apparently was first published in "The Realist", dated March, 1962, a magazine devoted to articles of a sensational nature. It was then given wide circulation by the National States Rights Party through its publication, "The Thunderbolt." Additional publication was made by similar groups.

The story first reached a national audience on September 2, 1962, when the Sunday supplement, "Parade," of "The Washington Post" published a letter from a Palm Beach, Florida, reader asking if there

was any truth to the allegation. "Parade" said the rumors were false and the British press then frontpaged the story. Walter Winchell reprinted the "Parade" item and asked, "Why hasn't the White House debunked it?"

The September 17, 1962, issues of "The Washington Post" and "The Evening Star" carried articles on the story stating the allegation had been brought to their attention more than a year ago and that inquiries by their reporters and those of other national news organizations had convinced them that the rumors were groundless.

The September 24, 1962, issue of "Newsweek" states the story is false and that the President and Mrs. Kennedy are "philosophical" about the "Blauvelt campaign" and recognize it as being motivated by extremist groups and circulated for political purposes.

The September 28, 1962, issue of "Time" magazine carries a two-page story on the genealogy in which it states that a few days ago Durie Kerr (Shevlin) herself for the first time denied the whole story in detail, stating, "It is absolutely false and ridiculous." It concludes with the statement that the White House has received hundreds of letters concerning the authenticity of the genealogy as it pertains to the alleged marriage and each inquirer is advised the President has been married once - to his wife, Jacqueline Kennedy.

Ed Guthman, Special Assistant to the Attorney General for Public Information, advised on September 21, 1962, that he had received an inquiry from the "New York Times" concerning an article which that paper had published following the "Newsweek" story on the genealogy. The article included information to the effect that the distribution of the genealogy in the area of Holyoke, Massachusetts, had been handled by the Valley Paper Company, which company is now threatening to sue the "New York Times" for libel.

In addition, it was alleged this distribution was handled for the Valley Paper Company by [redacted] and, according to the "New York Times," this information was reportedly obtained by them from White House Press Secretary Salinger, who in turn said he received it from the Department of Justice. Actually, this information had been received by the Bureau from the White House and was contained in a memorandum reportedly prepared by a [redacted] Massachusetts. Upon receipt of this information, we checked Bureau files and forwarded information concerning the Valley Paper Company and Kregeloh to the Attorney General. Guthman advised that nothing further need be done,

V.

The Beginnings. The whole story, ever, had its fascinating aspects from the very beginning, combining a dry-as-dust search through records along with the discovery of some eminently flesh-and-blood personages, especially Durie Malcolm.

The Blauvelt genealogy, printed under the auspices of the Association of Blauvelt Descendants and sold at \$30 a copy, was the work of a quiet and patient man named Louis L. Blauvelt. By occupation he was a skilled General Electric tool-maker in Bloomfield, N.J. By preoccupation he was the family historian—and he spent 35 years compiling his tome. He recognized the possibility of error in his preface. Wrote he: "There no doubt will be errors in this work. For the most part these will be the fault of imperfect information that has come to me from one source or another. For this I cannot be blamed, unless it is for accepting it at all."

Louis Blauvelt died in 1959, at the age of 79, just two years after his genealogy was published.

Surviving Blauvelt family members say that "Uncle Louis" was a meticulous researcher and record keeper. For each entry in his genealogy, he kept an index card that referred to the source of his information. The card on Durie Malcolm cites only a letter from Howard Ira Durie of Woodcliff Lake, N.J. Howard Durie says his letter was "conversational" merely stated that he had seen a society column which noted that Durie Malcolm and Jack Kennedy had attended football games together in Miami in 1947.

Blauvelt's daughter, Mrs. William Smith, insists that her father "wasn't sloppy in his work. He worked very hard and conscientiously on this genealogy. He cross-referenced, and was very thorough. But, she says, "I have no idea where the item about a Durie-Kennedy marriage came from. My father must have made a mistake." He was indeed slipshod in the paragraph in question. He spelled Durie's maiden name *Malcom* instead of *Malcolm*, reversed her first two marriages, and neglected to mention that for a decade before the publication of his genealogy she had been Mrs. Thomas Shevlin.

Bouquets & Corsages. Durie was born on Dec. 30, 1916 to Mr. and Mrs. Fred Kerr. By the time she was four, her mother had been divorced and was married to George H. Malcolm, a wealthy Otis Elevator Co. executive. Durie grew up in Chicago's suburban Lake Forest, attended Virginia's Chatham Hall, was a member of the Chicago Junior League. Slim and attractive, she was popular at parties in the early '30s at the Racquet Club, the Service Club, and as a charity-fashion-show model.

Durie's debut in 1934 occurred at an outdoor dance on the family estate, where, society columns recorded, there was "half a ton of gorgeous bouquets and corsages," and "Dede" was "radiant, with golden-brown hair, blue-green eyes and a sunny smile." At the age of 20, on April 3, 1937, in a Presbyterian ceremony, she married John Bersbach, grandson of Judge Theodore Brentano, onetime Minister to Hun-

gary. They honeymooned in a yacht off Florida, tried to settle down in Lake Forest.

The marriage lasted only 14 months. Recalls Bersbach, now a Chicago printing executive: "You know how these divorces are. Somebody testified that they saw me slap her twice. Actually, I've never slapped a woman in my life. She was a darn attractive girl, very vivacious, but she liked to bounce around." The divorce was granted on June 11, 1938.

Just four months later, Durie became engaged to Firmin Desloge IV, scion of an old, wealthy Roman Catholic family in St. Louis. They were married on Jan. 2, 1939, at the winter home of her parents in Palm Beach. After a Nassau honeymoon, they lived in St. Louis for eight years, had one child, also named Durie.

Routine Charges. This marriage ended in divorce on Jan. 24, 1947, based on charges of "general indignities" that are routine in Missouri. Durie claimed that Desloge was "cold and indifferent," refused to take her "to places of amusement," told her that "he did not love her, that he did not want to live with her, and that he wished she would leave him."

Not quite six months later, Durie married Thomas H. Shevlin, son of a famed Yale football end (1902-05) and wealthy Minneapolis lumberman, Thomas Leonard Shevlin. The marriage, at Fort Lee, N.J., on July 11, 1947, was Shevlin's second. His first wife, Lorraine, was the daughter of Pasadena Socialite Princess Laura Orsini; she had first been married to Robert McAdoo, son of President Wilson's Treasury Secretary. She is now married to Kentucky's Republican Senator John Sherman Cooper, and is a good friend of President and Mrs. Kennedy's. In divorcing Shevlin, Lorraine was ultimately granted a lump settlement of \$525,000.

The younger Shevlin prepped at the Hill School, attended Yale only briefly. Says a relative: "Tommy might have been at Yale a week—not even long enough to get his golf clubs unpacked." He worked briefly in the family lumber business, skippered a PT boat during World War II. A friend of the late Ernest Hemingway, Shevlin is an avid big-game hunter, polo player, deep-sea fisherman and golfer. Durie and Tom Shevlin now own a white colonial mansion across North Ocean Boulevard from the Joseph P. Kennedy estate in Palm Beach.

Oscar for Romance. Durie had known the Kennedy family even before moving to Palm Beach; she dated young Joseph P. Kennedy Jr. before the war. No one is now inclined to reminisce on how long she and Jack knew each other, but they dated each other in the winter 1946-1947.

At that time, Kennedy was 29, a freshman Congressman and an eminently eligible bachelor. Durie was 30, separated and soon to be divorced from Desloge. The two were linked romantically in at least one society column. Wrote the New York World-Telegram's Charles Ventura on Jan. 20, 1947: "Jack (John F.) Kennedy, who won the Navy's highest award for heroism

(12,427) DURIE (Kerr) MALCOLM (Isabel O. Cooper, 11,304). We have no birth date. She was born Kerr, but took the name of her stepfather. She first married Firmin Desloge, IV. They were divorced. Durie then married F. John Bersbach. They were divorced, and she married, third, John F. Kennedy, son of Joseph P. Kennedy, one time Ambassador to England. There were no children of the second or third marriages.

This brief item appeared in a 1957 book that belongs on any alltime worstseller list: *The Blauvelt Family Genealogy*. It was one of some 25,000 capsule biographies, taking up 1,100 pages, of the descendants of Gerrit Hendricksen (who later became known as Blauvelt), a Dutchman who helped settle New York in 1638. Yet it was to set off a great search—one that tried to distinguish between fact and fiction, between records and rumors. For in its deadpan way, the item plainly said that John Kennedy had been married secretly to someone before he wed Jacqueline Bouvier Kennedy.

Declining to Deny. Just who first spotted the paragraph about Family Member No. 12,427 remains unknown. But around the spring of 1961, photostatic copies of the page from *The Blauvelt Family Genealogy* began to be passed around. The person showing the page usually knew no more than was printed on it, and, depending on who he was, he either accepted it as fact or thought it a good joke. News-men heard about it and, understandably, became curious. The best, fastest, most direct way of checking seemed to be by asking the parties involved: President Kennedy and Mrs. Durie Malcolm Bersbach Desloge Shevlin.

Both sides declined to deny. White House Press Secretary Pierre Salinger even put his refusal to comment off the record. Durie Malcolm, now Mrs. Thomas H. Shevlin, either scoffed at the whole thing as too "ridiculous" to discuss or dismissed queries with the comment: "I'm bored with this." The White House reasoning, no doubt, was that a categorical denial would acknowledge the story and get it into print, whereas off-the-record "no comments" would leave it in a vague limbo where it might eventually die.

All this only whetted interest. In the absence of forthright denials, the story—and the rumors—grew. Last March, *The Realist*, a shabby Greenwich Village periodical, published the fact of the Blauvelt genealogical entry as an "exposé." So, a bit later, did Birmingham's anti-Semitic, anti-Negro circular, *The Thunderbolt* ("The White Man's Viewpoint"). So, in June, did *The Winrod Letter*, a pamphlet put out by the Rev. Gordon Winrod of Little Rock. Racist organizations in the South and crackpot groups everywhere photostated these pieces and sent them out as junk mail by the scores of thousands; it is estimated that at least 100,000

were received by mailbox holders in Massachusetts alone.

Beyond Crackpots. By last July, the whole affair had become a subject for widespread conversation—and speculation—throughout the U.S. It had gone far beyond crackpots. U.S. journalists were in a dilemma: if they did not check and it was true, they would look foolish; if they checked too hard on an obvious phony, they were running the risk of smearing the President. British newsmen, perhaps recalling how they had been criticized for suppressing the news about Edward VIII's romance with Wallis Warfield Simpson, now privately chided the U.S. press for

staying silent. Last Sept. 2, recognition in a mass U.S. publication was given for the first time to the fact that the question even existed. The Sunday supplement Parade (circ. 10 million) published a reader's letter asking about the truth of the Blauvelt genealogical item; Parade's answer was a flat refutation. London's huge Sunday papers, including the respectable Sunday Telegraph and Observer, promptly picked up the Parade question-and-answer as a way of getting the story into print.

By this time, it was plain that the lid would not stay on much longer—if, indeed, it was still on at all. And it was natural that the White House might want the "official" version to break in the friendliest possible fashion. As it happened, Philip Graham, proprietor of *Newsweek* and the *Washington Post*, is a good Kennedy friend. Last week, just after Graham returned from a trip to Europe, his publications broke the story. It denied, on its own responsibility, that Kennedy and Durie Malcolm had ever been married.

by swimming through a sea came to rescue two of his PT boat crew, has just been voted another outstanding decoration. Palm Beach's cottage colony wants to give [him] its annual Oscar for achievement in the field of romance . . . giving Durie Malcolm Desloge the season's outstanding rush. The two were inseparable at all social functions and sports events. They even drove down to Miami to hold hands at football games and wager on the horses. Durie is the daughter of the George H. Malcolms of Palm Beach and Chicago. She is beautiful and intelligent. Tiny obstacle to orange blossoms is that the Kennedy clan frowns upon divorce."

"Environment of Strangers." In 1948, shortly after Durie's marriage to Shevlin, ex-Husband Desloge filed suit contesting her custody of the only daughter of their marriage. He charged that Durie had "failed to give said child motherly love and affection by reason of extended absences," was raising the girl "in an environment of strangers," and "was being courted by various and sundry men" before her marriage to Shevlin. An out-of-court agreement split the custody.

Mrs. Henry Huelskamp, who was the child's nurse at the time, says that Durie met Jack Kennedy in the winter of 1946-1947 in Palm Beach. No admirer of Durie, she recalls that Durie was then being "squired" by "at least three or four other eligible men." Mrs. Huelskamp derides the notion of any marriage. Says she: "We didn't see enough of him to give me the idea that anything like that could have happened. She was very frank with me, and after all I have eyes, and it doesn't strike me that she was very much interested."

"Absolutely False." Just a few days ago, Durie Shevlin herself, for the first time, denied the whole story in detail. Vacationing with her husband at the Grand Hotel e la Pace in Montecatini, Italy, she said: "It's absolutely false and ridiculous. I'm not even sure how the story began. I've been married to Mr. Shevlin for 15 or 16 years, and previously I was married for a short time to John Bersbach and then to Firmin Desloge, by whom I had a daughter who's 20 now. I know the President's family well and have known him for a long time, and saw him years ago at Palm Beach and once went with him and his family to an Orange Bowl game in Miami. I've rarely seen him since." She said that she has never discussed the Jack-and-Durie matter with the Kennedys because "it's too embarrassing."

By now, thousands of people have asked for the most accessible copy of *The Blauvelt Family Genealogy*—in the local history and genealogy reference room of the Library of Congress; hundreds of others have examined a copy in the Washington headquarters of the Daughters of the American Revolution. The White House, in turn, has had hundreds of inquiries as to the authenticity of the paragraph.

To each inquirer goes a carefully worded reply. "The President," it says, "has been married only once—to his wife Jacqueline Kennedy."

Mr. J. Edgar Hoover,
Federal Bureau of Investigation,
Department of Justice,
Washington, Dist. of Col.

~~EXP. PROC.~~

36 SEP 27 1962

Dear Mr. Hoover,

In connection with their recent lengthy story on the reported marriage of President Kennedy which appeared in the Blauvelt family genealogy, The New York Times stated that the Federal Bureau of Investigation stated that COMMON SENSE was a "vitrolic hate sheet."

In view of your knowledge of what COMMON SENSE advocates and disseminates, the description of COMMON SENSE as reported by The New York Times and attributed to your bureau is inconsistent with your views on the identical subjects.

If your bureau does refer to COMMON SENSE as a "vitrolic hate sheet" in public statements for the press, it is eminently unfair to an organization dedicated to the same objective to which the bureau and yourself devote so much of your attention and efforts.

COMMON SENSE is no more a "hate sheet" than the Federal Bureau of Investigation is a "hate bureau." Things equal to the same thing are still equal to each other and it is a fact that COMMON SENSE feels exactly as your bureau does about communism.

REC-8

Because COMMON SENSE does not discriminate due to the race, religious profession or national origin of those who qualify as communists by their attitudes or activities, against communists by whatever names they seek to camouflage themselves, COMMON SENSE is smeared upon the slightest provocation as well as without provocation.

OCT - 3 1962
COMM-FBI

COMMON SENSE is a "hate sheet" when discussing communism and in too many instances not "vitrolic" enough. If more media for mass-communication spoke out against communism like COMMON SENSE, your bureau could direct its activities in other directions without detracting from the security of the nation.

For your information, COMMON SENSE has never printed one word on the reported marriage of President Kennedy to his marriage to his present wife.

Mr. J. Edgar Hoover,

September 24, 1962.

Congressman Walter will be glad to inform you how often he has been called upon to deny that the House Un-American Affairs Committee ever smeared COMMON SENSE and the circumstances under which rumors to that effect have been circulated for many years without any justification or basis in fact for that smear.

The control of the media for mass communication by those sympathetic towards objectives inimical to the basic philosophy upon which this nation was founded and erected into the greatest political structure ever to grace the face of this earth, faces those who wish to fight communism with a problem.

The Federal Bureau of Investigation will render a disservice to the nation by allowing to go unchallenged attempts to identify the bureau in the eyes of the public with smears against individuals and organizations equally dedicated with the bureau in the fight to turn back the tide of communism which threatens to sweep across this nation after it has flooded the world.

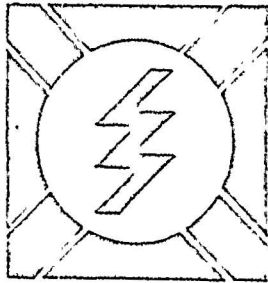

This is the time for all right-thinking citizens of the United States of America to bury the hatchet - but not in each other's heads. This is the time for fighting back-to-back, not for back-biting. The Federal Bureau of Investigation of the Department of Justice of the United States of America should not allow itself to be MISquoted to serve the ominous and iniquitous objective of our common enemy.

Until the nation "hates" communism more than it "loves" making MORE money and having MORE fun the posture of our country will remain with one foot in its grave and the other on a banana peel. Any little shove may push us off-balance. That is the day history will record as the anniversary when the United States of America became the Soviet Union's largest satellite.

COMMON SENSE deserves to be defended not defamed by the Federal Bureau of Investigation and we hope that we will hear from you to that effect, and remain

Respectfully and sincerely,

Kennedy's Divorce Exposed!

Is Present Marriage Valid?

The Blauvelt Campaign

Ever since the heyday of yellow journalism, the sense of responsibility of the American press has been more censured than praised. For political profit or for readers' pennies, sensation has often triumphed over reliability.

But for the last sixteen months, virtually every major newspaper, magazine, and wire service in the U.S. has refused to publish a sensational report—familiar to hundreds of thousands of Americans and millions of Britons—about the President of the United States. They have spiked the story despite what appears at first glance to be “documentary evidence” and despite scattered publication of it—or hints at it—by hate groups and gossip columnists.

The “story” falsely alleges that before he married Jacqueline Bouvier in Newport, R.I., on Sept. 12, 1953, John F. Kennedy was secretly married to a two-time divorcee.

Beginnings: The story first appeared in a beatnik Greenwich Village magazine of slight circulation, “The Realist,” dated March 1962, and headlined “The Story Behind the Rumor About President Kennedy's First Marriage.”

It next turned up in an anti-Semitic, anti-Negro Alabama hate sheet called “The Thunderbolt.” Under a headline KENNEDY'S DIVORCE EXPOSED! IS PRESENT MARRIAGE VALID? EXCOMMUNICATION POSSIBLE, the “official White Racial organ of the National States Rights Party” charged the President was “secretly divorced” before he married Jacqueline Bouvier.

In June it appeared in another racist sheet, The Winrod Letter, published in Little Rock, Ark., by the Rev. Gordon Winrod, son of a Kansas Fascist, the Rev. Gerald Winrod, indicted under the Sedition Act during World War II. The same month it appeared in a Tennessee weekly, and in July was broadcast over radio station WAIL in Baton Rouge, La.

A story on this broadcast was moved by one wire service, United Press In-

ternational, on July 24, 1962, and was promptly killed three hours later. The UPI log of July 28, 1962, said “a thorough investigation by UPI . . . completely disproved reports of a previous marriage by President Kennedy.” Last month United Features columnist Henry Taylor distributed a column on the “marriage,” branding it false. The syndicate sent a “kill” order, and only one paper ran the story.

No one of these stories, nor all of them together, achieved any national circulation, because the same “evidence” had been found wanting by a dozen national news organizations—ranging from The Chicago Tribune to The New Republic, including NEWSWEEK, Time, The Washington Post, The Washington Star, the Cowles papers, The New York Daily News, Scripps-Howard, The New York Times, The New York Herald Tribune, and U.S. News and World Report.

The story first reached a national audience two weeks ago (Sept. 2) when the Sunday supplement Parade, distributed in 70 newspapers, published a letter from a Palm Beach, Fla., reader asking “once and for all, will someone please tell me the truth” about reports of a previous marriage by the President.

Parade said the rumors were false. The British press then front-paged them.

Then last week, the aging dean of keyhole columnists, Walter Winchell, reprinted the Parade item in his syndicated column and asked: “Why hasn't the White House debunked it?”

Tenth Generation: What was the basis of the rumors that so intrigued Winchell and the hate sheets? The “evidence” is contained in one paragraph on page 884 of an obscure, privately printed family history, “The Blauvelt Family Genealogy,” written by a member of the tenth generation, Louis L. Blauvelt, who died at 82 a year before the book was published in 1957. Contrary to published reports, the book is readily available—and in unusual demand—in the Library of Congress, the New York City Public Library, and elsewhere. In tracing the history of the Blauvelts, who migrated

from Holland in 1638, one entry under the eleventh generation reads:

(12,427) DURIE, (Kerr), MALCOM, (Isabel O. Cooper, 11,304). We have no birth date. She was born Kerr, but took the name of her stepfather. She first married Firmin Desloge, IV. They were divorced. Durie then married F. John Bersbach. They were divorced, and she married, third, John F. Kennedy, son of Joseph P. Kennedy, one time Ambassador to England. There were no children of the second or third marriages.

The third “marriage” never took place.

The only mystery is why Louis L. Blauvelt, in his confused chronology, said that it did. The answer may well lie in Blauvelt's family records, now in the custody of his daughter, Mrs. William K. Smith of East Orange, N.J. Blauvelt kept documentation for every entry in his book. Under the entry for the alleged marriage to “John F. Kennedy,” there is only an old clipping from a Miami gossip column, reporting Miss Malcolm and young Jack Kennedy had been seen in a restaurant right after World War II.

One Blauvelt in-law described the entry to NEWSWEEK as “just one colossal mistake.” He said: “It was likely that the old man formed the idea in his head, seeing that clipping, and the family hadn't had anyone famous for a long time.”*

President Kennedy and Miss Malcolm (now, and since July 1947, married to socialite Thomas Shevlin of Palm Beach and Newport) have denied the story privately. They have been reluctant to issue a public denial for fear of giving it further circulation.

In addition, scores of reporters, working independently before the story was ever publicly printed, have found no evidence to support Blauvelt's statement. In fact, they found this addi-

*By remarkable coincidence, the Blauvelt family last weekend was gathered, 125 strong, in Upper Saddle River, N.J., for its annual reunion. The executive committee recommended the item not be discussed in any language except what was in the book.

tional evidence proving him inaccurate:
 >Miss Malcolm's maiden name was Malcolm, not Malcom.

>She first married Bersbach, then Desloge, not vice versa.

>She married Shevlin before a Justice of the Peace in Fort Lee, N.J., in July 1947—five months after divorcing Desloge, ten years before the Blauvelt Genealogy was published—and yet this marriage was not even noted in the genealogy.

This evidence kept the story out of the responsible American press. But irresponsible groups keep printing it to this day, thus putting the President into a position where he is damned if he denies the story and damned if he doesn't.

His dilemma is even more acute since information in files of the FBI and Secret Service indicates that other organizations have been distributing hundreds of thousands of specially photostated, four-page folders entitled "The Blauvelt Family Genealogy."

A major distributor is the Christian Educational Association, headed by Condé McGinley, publisher of what the FBI calls "the vitriolic hate sheet, Common Sense." Others include Right Brigade, described by the Cleveland police department as a "crackpot" organization and headed by Allen Paul Steiger, an early organizer of the John Birch Society in Cleveland, and the Valley Paper Co., of Holyoke, Mass., whose mailings are handled by Hubert W. Kregeloh, an associate editor of "American Opinion," the magazine published by Robert Welch Jr., founder of the John Birch Society.

"What Is the Law?" In Washington, many congressmen—and such organizations as the American Gold Star Mothers—have received folders mailed anonymously from Wilmington, Del., and hand-stamped: "Why the furor to confiscate all records on President John F. Kennedy's first marriage?" The same mailings contained a typewritten note: "We feel this information is too important to be suppressed. Have your own negatives made, and distribute copies to your entire membership."

One woman wrote the White House to report that she found copies of "The Thunderbolt" where she worked—at Republican Party headquarters in Salt Lake City, Utah.

"What is the law that allows these people to disgrace the country?" she asked.

Like many another confused citizen who has written the White House, she received a simple reply: "The President has been married only once—to his wife, Jacqueline Kennedy."

The President and Mrs. Kennedy—who celebrated their ninth wedding anniversary last week—are philosophical about the "Blauvelt campaign." They recognize that it is motivated by extremist groups and circulated for political purpose.

National Monument

Vincent Van Gogh sold his paintings for a pittance during his lifetime. Now, 72 years after his death, the government of his native Holland has decided to devote an entire museum to his work and will buy 150 paintings and 400 sketches from the artist's nephew, Dr. Vincent Willem Van Gogh, son of the painter's brother and benefactor, Theo. The collection, which will be brought together in Amsterdam, has been on loan to various Dutch galleries and museums for more than 30 years, and includes, besides Van Gogh's work, letters from Vincent to Theo, and Theo's collection of 150 French paintings. The cost to the Dutch today: \$5 million.

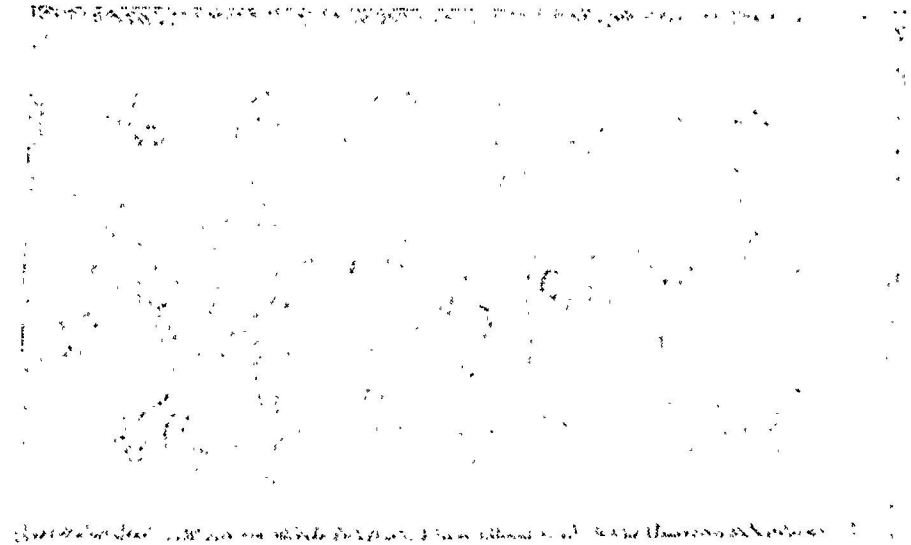

Moment of Tranquility

The American painter Arthur Bowen Davies was celebrated for pictures of beautiful, boneless nymphs posturing rhythmically in idyllic landscapes. Then suddenly, in 1912, he descended from his comfortable old ivory tower to promote the most "modern" art of his

Burns, Jones and the pre-Raphaelites.

Davies himself never made it as a modern artist. His efforts at cubism produced only a superficial appliqué of crosshatches on his famous Aphrodites, and he soon gave that up to return to his usual sylvan hills and dales. He dabbled in pseudo-scientific theories of art, and worked out an elaborate mumbo jumbo which he called the "lift of inhalation"—he claimed that the excellence of Greek art was attributable to the healthy gulps of fresh air that all Greek figures were supposedly shown inhaling. He even retouched hundreds of his earlier paintings to give them a chesty quality. Eventually he withdrew from New York and went to Italy, where he died in 1928 at the age of 66.

Despite Davies' oddities (and conservatism), he was a logical choice to lead the artists who put on the Armory Show—he liked cubism, he was successful, and he had the ear of such wealthy New York collectors as Miss Lizzie P. Bliss, Gertrude Vanderbilt Whitney, Benjamin Altman, and Mrs. Cornelius J. Sullivan. Furthermore, Davies was independent of the fusty National Academy of Design, and he had a puritanical respect

time. For a year, Davies enthusiastically runmaged the studios of New York and Paris to assemble the famous Armory Show of 1913. The show startled (and outraged) visitors to New York's 69th Regiment Armory, who gasped at their first glimpses of cubism and abstraction, including six works by Davies.

This week 84 of Davies' paintings, water colors, tapestries, and small bronzes are on exhibition at New York's Whitney Museum in a retrospective show marking the centennial of his birth. Spread out is his familiar, mystical world, with the nymphs, his famous "Unicorns," and many reminders of the artists who influenced him—Ryder, Botticelli, Blake,

for hard work, along with the administrative ability of a precise executive. If he missed the straight and narrow path of cubism as a painter, as a collector he was on the right track. His own collection included work by Braque, Léger, Picasso, and Gris.

Of Davies' show at the Whitney, curator John Gordon writes in the catalogue: "At a time when we are bombarded by the bold and noisy experiments of one direction or another of contemporary art, this exhibition provides us with an opportunity to enjoy the work of a rare and gentle romantic visionary. His tranquil and nostalgic statements . . . are an oasis in twentieth-century art."

JOHN'S OTHER WIFE . . .

There has been much speculation and puzzlement concerning the rumor that Jacqueline Bouvier Kennedy is the second wife of John Fitzgerald Kennedy, a member of the Roman Catholic Church and currently President of the United States of America. Many, many people insisted that there had been a previous marriage which had ended either in divorce or annulment. However, it seemed that all documentary substantiation had been destroyed or suppressed. Cited were the cases of a "disappearing issue" of the "Saturday Evening Post" and the suppression of certain genealogical records held by the Daughters of the American Revolution.

Perhaps overlooked was the privately printed "Blauvelt Family Genealogy," which contains, on page 884, the record of that previous marriage of John Fitzgerald Kennedy.

Reproduced on this sheet are photocopies of the title page and page 884 of "The Blauvelt Family Genealogy."

"For there is nothing covered, that shall not be revealed; neither hid, that shall not be known. Therefore whatsoever ye have spoken in darkness shall be heard in the light; and that which ye have spoken in the ear in closets shall be proclaimed upon the housetops." (St. Luke 12: 2, 3.)

Information is that upon the death of Louis Blauvelt,
the books on the Blauvelt Genealogy were confiscated
by the F. B. I.

Washington, D. C.

Gentlemen,

○ A friend of mine claims and has proven by means of "The Blauvelt Family Genealogy, 1957 " that the late John F. Kennedy, 35th President of the U. S. and Durie Kerr Malcolm were husband and wife.

I remember reading of this in a back issue of "Time Magazine". I also recall "Time" reporting a denial by the F. B. I. of this marriage.

If it is possible, would you please send me information as to how I could obtain a copy of this F. B. I. investigation and help me to clear up a great deal of confusion that now exists at my place of employment.

Enclosed is a stamped self-addressed envelope, please find.

Thank you.

Sincerely yours,

Why the furor to confiscate
ALL RECORDS on President
John F. Kennedy's FIRST marriage?

The Blauvelt Family Genealogy

JOHN'S OTHER WIFE . . .

There has been much speculation and puzzlement concerning the rumor that Jacqueline Bouvier Kennedy is the second wife of John Fitzgerald Kennedy, a member of the Roman Catholic Church and currently President of the United States of America. Many, many people insisted that there had been a previous marriage which had ended either in divorce or annulment. However, it seemed that all documentary substantiation had been destroyed or suppressed. Cited were the cases of a "disappearing issue" of the "Saturday Evening Post" and the suppression of certain genealogical records held by the Daughters of the American Revolution.

Perhaps overlooked was the privately printed "Blauvelt Family Genealogy," which contains, on page 884, the record of that previous marriage of John Fitzgerald Kennedy.

Reproduced on this sheet are photocopies of the title page and page 884 of "The Blauvelt Family Genealogy."

"For there is nothing covered, that shall not be revealed; neither hid, that shall not be known. Therefore whatsoever ye have spoken in darkness shall be heard in the light; and that which ye have spoken in the ear in closets shall be proclaimed upon the housetops." (St. Luke 12: 2, 3.)

Information is that upon the death of Louis Blauvelt, the books on the Blauvelt Genealogy were confiscated by the F. B. I.

"Pres. Kennedy attended "pink" Harvard University, read the book "Keynes at Harvard," and later attended "The London School of Economics" headed by the staunch Communist, Harold Laski.

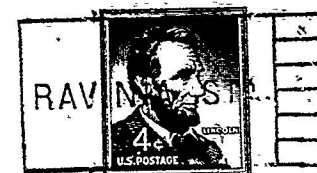

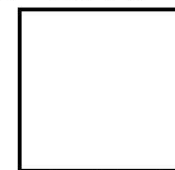

"Impeachment of Kennedy would automatically lead to Congressional investigations of the Council on Foreign Relations-of our State Department-of all Federal Agencies-of UNESCO-and finally the Unconstitutional United Nations!!

"Also, Pres. Kennedy has made it known that he wants to "Establish a Dictatorship in America," which would mean "America would be through as a free country."

The above is being furnished to the Bureau for whatever action is desired. A photostat of enclosed matters is being furnished the local office of the United States Secret Service and that office was advised of the facts in this matter the same day it was received by the Chicago Office.

UWF PLOT AND JFK PLOT ARE TWIN

Part One

By MYRON C. FAGAN

This issue contains reprint of July 1949 "News-Bulletin," which unmasked the UWF plot it also contains prima facie evidence of JFK first marriage and divorce.

No. 92

PREFACE

In our preceding issue ("*News-Bulletin*" No. 91), in which we published, *verbatim*, Kennedy's horrifying "*Disarmament*" plot, entitled "*Dept. of State Publication 7277*," we frequently stressed that that entire "*Disarmament*" plot is in all intents and purposes exactly the same as the "*United World Federalists*" treasonous "RESOLUTION" which we (CEG) forced rescission by the California Legislature (*and 24 additional states*) in March 1950. We also referred to the "*News-Bulletins*" we issued at that time, which alerted the people in California to demand that rescission. Since we issued "*News-Bulletin*" No. 91, we have been deluged with requests for those early issues. Moreover, we have received a number of letters from various parts of the nation, in which the writers simply cannot believe that Kennedy would attempt to revive a plot which already had been exposed and officially denounced as "TREASON."

Obviously, those early "*News-Bulletins*," particularly the one containing the official announcement of the rescission, would serve as irrefutable proof. Unfortunately, all those old issues are now out of print. Therefore, this issue and the following one will be devoted to reprints of same. This issue is a reprint of the July-August 1949 "*News-Bulletin*," entitled "REDS BEHIND WORLD FEDERALISM."

In addition, the final pages of this issue will contain further *prima facie* evidence of John F. Kennedy's first marriage and divorce.

FOLLOWING IS THE REPRINT

On Monday, July 27 (1949), in Sacramento, I ran headlong into a scheme that out-Machiavellis Machiavelli, and which is beyond any doubt inspired and oriented by Moscow.

This nefarious scheme is camouflaged by the phony, *but very appealing*, promise of eternal World PEACE. Hatched in the State of California, if you please, and dubbed the "*California Plan*," this new scheme calls for a "ONE WORLD FEDERATED GOVERNMENT," in which our United States would become merely a unit with just about as much importance and potency in the world of nations as tiny Finland has in Europe's family of nations. If that scheme goes through, *dear God forbid*, we would have to give up

our Navy and our Army, retaining just enough to "police" our territory — in exactly the same proportions as a State Police Department . . . We would have to surrender our Atom Bomb — which is the ONE most important thing they are after . . . Our Stars and Stripes would become a mere State Emblem — and an International Flag would be hoisted above it . . . and our National Anthem would be replaced by an International Anthem.

In short, we would become merely 149 million voters — a 7 per cent minority — in a world body of TWO BILLION voters . . . if there would be a vote at all!!!

This super-Machiavellian scheme was concocted — and RAIL-ROADED through the California Legislature — by a gang of would-be America-Wreckers who call themselves the "UNITED WORLD FEDERALISTS." The name of the man who devised "THE CALIFORNIA PLAN" and supervised its secret passage by the California Legislature is one ALAN CRANSTON, whose personal background is studded with pro-Communist proclivities. Before I am through I will PROVE that UWF was founded and created and (*behind a facade of so-called respectable names*) is being directed by a gang of known Reds and Pinks of all hues!

SHALL WE DIE IN OUR SLEEP

I first became aware of the existence — and the vicious objective — of the UWF in February 1947, when a motley crew of so-called Americans assembled in Asheville, North Carolina, for the brazenly avowed purpose of nullifying our CONSTITUTION and outlawing our DECLARATION OF INDEPENDENCE. However, I had at that time already dedicated myself to the job of awakening America to the Red Menace in Hollywood — *which I assure you is a full time job all by itself* — and I gave the UWF only a passing thought . . . I assumed that the very audacity of their intended treason would quickly bring about their destruction by other good and alert Americans. But — *apparently* — one hundred and forty-eight million and nine hundred and ninety thousand of our 149 million Americans are still soundly asleep at the switch. This fact was brought home to me by an Editorial by E. F. Tompkins in the "Los Angeles Examiner" on Sunday, April 10, 1949, which, while it practically repeats what I have stated above is worth repeating — if only to establish that I am not alone in my appraisal of the UWF plot . . . The Editorial reads, in part, as follows:

"SHOULD WE ABANDON OUR FREEDOM?"

"Hardly observed by the vast silent majority of the American people, a spreading and seductive movement is progressing across the country to REPEAL THE DECLARATION OF INDEPENDENCE and TO NULLIFY THE CONSTITUTION OF THE UNITED STATES.

"The UNDECLARED objective is to be accomplished by establishing a form of one-world government based upon the existing organization of the 'United Nations.' If the enterprise succeeds, this country would be required to abrogate its national sovereignty. Eventually, we would be compelled to MERGE OUR CITIZENSHIP WITH ALIEN AND DISTANT RACES, who do not share our language, our customs, our principles of law, our traditions of individual liberty or our ancestral experiences in the arts of qualifications of democracy.

"Obscure in its origin, the movement was initiated some years ago by Robert Lee Humber, a lawyer of Greenville, North Carolina, who formulated a proposal, for submission to State Legislatures, to 'declare that all people of the earth should be united in a world federation.' Since the formation of the 'United Nations,' the movement has been carried further by new organizations. One of the most active groups is the 'UNITED WORLD FEDERALISTS, INC.,' headed by Cord Meyer, Jr., which has a GLOBAL prospectus Another group is 'FEDERAL UNION, INC.,' which as a beginning would recombine the United States into the obsolete British Empire. . . . Still another group would start with an 'ATLANTIC UNION' and progressively include all of Europe, the Americas, Asia, Africa and Australasia. . . . Then there is the 'AMERICAN ASSOCIATION For the UNITED NATIONS,' of which former Under-Secretary of State Sumner Welles is honorary President.

"Since the movement was instituted by Mr. Humber — way back yonder and down in Dixie — the Legislatures of SEVENTEEN STATES have been deluded into adopting formal 'RESOLUTIONS' favoring 'limited world government!' . . . which is the basic idea. But developing this basic idea further, the UWF has devised a new 'model' RESOLUTION for the Legislatures DIRECTLY SEEKING A CHANGE IN OUR FEDERAL CONSTITUTION and calling upon Congress to summon a national constitutional convention for the purpose.

"Furthermore, the UWF has established local propoganda chapters in 600 communities and colleges; has won the support of the pretentious American Academy of Political and Social Science; and has under way a \$500,000 'expansion campaign' to 'transform the UNITED NATIONS into a limited world government.'

"The danger is growing imminent. The Legislatures of 36 states can compel Congress to call a constitutional convention for that purpose; and nearly half of the requisite number of states have already sanctioned, in effect, this procedure which would ultimately result in their own political extinction. . . . The old and defunct 'League of Nations' was an attempt at 'limited world government' which started in the travails of one global war and expired in the bloodshed and anarchy of another. Now the existing UNITED NATIONS, with its 200 or more commissions and councils, is developing into A SCHEME OF WORLD SOCIALISM, sustained chiefly by American tax-payers and providing notably a sheltered haven for foreign espionage and intrigue in this country.

"Experience thus proves that a 'LIMITED' system of world government must either dissolve itself in disappointing futility or else become UNLIMITED government over ALL the diverse people of the earth.

"Under such a system — the American people would no longer be permitted to write their own tariffs or immigration laws, or to regulate their own banking and currency practices, for the free movement of goods and persons across national boundaries is an essential idea of world government; International monetary controls have already been set up in the UNITED NATIONS; and Congress has already scuttled our protective tariff system and repealed the statutes prohibiting Asiatic immigration. . . . Under such a system — our natural resources, and the fruits of our productive free enterprise, could be exhaustively looted for the benefit of covetously less able and less industrious populations elsewhere. . . . Under such a system — American labor would have to compete at home and abroad with alien pauper labor and the American standard of living would vanish. . . . Under such a system — we would have to share our privileges of citizenship with the aborigines of Africa and the hordes of the Orient, and in the end be overwhelmed by their migrations

"We could maintain no national defense without the express consent of foreign powers . . . Our Flag would cease to command respect, our institutions would become degraded and an American would never again inherit the pride of our ancestors in being AN AMERICAN! ! !"

(NOTE:—Mr. Tompkins made that prediction in April 1949 in his appraisal of the UWF treasonous RESOLUTION—NOW read Kennedy's "DISARMAMENT" plot in News-Bulletins Nos. 90 and 91. . . . what the UWF failed to achieve Kennedy is determined to accomplish! MCF.)

I SEE RED!

After reading the Tompkins startling disquieting article, I promptly began to dig deeper into the background of the "United World Federalists, Inc.," — *especially as to its founders*. I never accept these organizations at face value, because when the RED hue of a Founder or an Officer is exposed that individual promptly disappears from their letterheads and literature and is replaced by a "respectable" name. I will cite a *very recent* example of that technique:

In our April-May (1949) "News-Bulletin" we exposed that both Dr. J. Eugene Harley and Mary J. Workman, President and Secretary, respectively, of the Los Angeles Chapter of the "American Association for the United Nations" are notorious REDS. An "election" was promptly arranged and both Harley and Miss Workman were "replaced" by individuals who, on their "face," are not suspect to the unwary citizen. Hence, the *face value* of an organization means nothing to me. . . . I've heard skunks called wood-pussies, but I've noticed that both smell the same.

BACKGROUND OF UWF

The ill-omened birth of the UWF occurred in Asheville, North Carolina, on February 21, 1947. On that day all the groups in America that were organized to *clamor* for "world federalism" assembled in that city. This conference was called the "First National Congress of World Government Organization," the purpose being to merge all of them into one over-all organization. There were sixteen such groups under various names. Five of them were merged into one major organization, now known as: "UNITED WORLD FEDERALISTS" — and their announced objective is "World Government with Limited Powers Adequate to Prevent War." . . . SO THEY SAY !!!

In addition to the merger of the five groups, the general session of the convention coordinated the platform and interlocked the activities of all the world government organizations in America *so that all would drive at the same objective from different directions*.

The Executive Council of this newly organized over-all organization, (UWF), thirty in number, was elected at that Asheville conference. This Executive Council was empowered to elect officers, select an Advisory Board, appoint Honorary Directors, etc., etc. . . . Chet Huntley, then a CBS News-Analyst in Los Angeles, was appointed Director of Radio!

FORTY-TWO REDS ORGANIZED UWF

To remove even an infinitesimal doubt that the UWF is Communist inspired in its very inception, I will *name* the REDS who gathered in Asheville on that day to organize this *new approach to unwary Americans into surrendering to this obvious Communist plot*. There were over 300 "*delegates*" present, but I will name only the most notorious ones — we won't waste space on the *small fry*. All of these names have been — *most of them still are* — affiliated with UWF as Organizers, Sponsors and/or Directors:

Stringfellow Barr, Chas. G. Bolte, James B. Carey, Albert Einstein, Serge Koussevitsky, Vito Marcantonio, Jerry Voorhis, James P. Warburg, Byrl A. Whitney, Cass Canfield, Norman Cousins, Norman Corwin, Raymond Swing, Carl Van Doren, Mark Van Doren, Clifton Fadiman, Robert Sherwood, Sholem Asch, William Rose Benet, EMANUEL CELLER, Waldo Frank, Robert Lee Humber, Thomas Mann, Lewis Mumford, Robert St. John, Prof. Harlow Shapley, Senator Glen H. Taylor, Walter Wanger, A. Philip Randolph, Culbert L. Olsen, Van Wyck Brooks, Mary Ware Dennet, Upton Sinclair, Rex Stout, Rex Tugwell, Rev. David DeSola Pool, George S. Kaufman, Varian Fry, Bishop G. Ashton Oldham, Elmer Rice, Frederick L. Schuman, etc., etc.

Each of the above named has been an Organizer, Sponsor, Director and active worker in at least 5 to 50 other FLAMING RED FRONT ORGANIZATIONS — name ANY Red Front and you will find most of them in its Directorate . . . and these are the individuals who used the word PEACE to organize the UWF !!!

It would be very illuminating if the FBI could be prevailed upon to show from their files how many of these UWF organizers are also secret members of the Communist Party!

THE TECHNIQUE OF THE REDS

At this point, a comparison of the methods or operations decided upon by the UWF with the Moscow official techniques becomes very significant!

NOTE:—Even in those early years I had become aware of the "COUNCIL ON FOREIGN RELATIONS," but I had not done an research of its true background and objectives. Thus I was only vaguely aware that the UWF and other "organizations" of that ilk were CFR FRONTS, and I

was "crediting" all such treason to Moscow. Of course, we now know that every such act is an integral feature of the over-all INTERNATIONALISTS-COMMUNIST ONE-WORLD CONSPIRACY. MCF.)

We cannot do better than cite the structure of the "American Association for the United Nations" as a pattern.

"Local Chapters are to be set up under the jurisdiction of City and State branches wherever possible, otherwise directly under the National Central Headquarters. Provision is to be made for Members-at-Large in communities where there are no organized Chapters. Each Chapter is to develop and train speakers and make them available for Women's Clubs, College and University Fraternities and Sororities, PTA groups, Men's Service Clubs, etc. All Chapters are to organize "Study Groups" within, and whenever possible, under the sponsorship of these various Clubs and Organizations. The Speakers are to arrange special study meetings in their homes, and/or in the homes of influential Social and Civic leaders."

Now let's examine the UWF's Bag of Tricks — as taken *verbatim* from their Charter and By-Laws.

TECHNIQUE OF THE UWF

"Local Chapters are to be set up under the jurisdiction of State Branches, wherever possible, otherwise directly under the corporation itself. Provision is made for members-at-large in communities where there are no organized chapters. The governing body of the United World Federalists is to be the General Assembly; a representative assembly of all members is to meet at least once each year. In between meetings of the Assembly, the corporation is to be governed by the Executive Council.

"Each chapter is to create and train a corps of effective speakers and make them available to Women's Clubs, Church organizations, University, College and High School Clubs and Societies, Men's groups, Parent-Teacher groups, etc. Special efforts to be directed at all Church groups, stressing the word Peace as our motive. Wherever possible, induce Ministers to lend their names to chapter boards."

(Note:—In other words, their theory is that if they succeed in deluding and hypnotizing your pastor, he, in turn, will anesthetize you and all the members of his congregation.)

"All chapters are to create Study Groups within the various Church and Civic organizations, and, wherever possible, under the sponsorships of the Churches and the various Organizations. In addition, the speakers are

to hold home meetings in their own homes, or the homes of Community leaders."

Close examination of the structures of "*The League of Women Shoppers*," "*the American League for Peace and Democracy*," "*The American Peace Crusade*," "*American Peace Mobilization*," "*American Youth Congress*" — all blazing Red Fronts, discloses a startlingly striking similarity . . . ditto the "*Christian and Jewish Brotherhood*" hoax!

"GIVE ME THE YOUTH OF A NATION" . . . Stalin!

The UWF further decided that *student* chapters are to be organized and are to have the status of local chapters, to be under the immediate direction of a National Student Council — *but, the Executive Council would make all decisions in the student field and control all student chapter activities.* In other words, the National Student Council is the taskmaster set up *by the Reds behind the Executive Council . . . the Student Chapters are the stooges — and the student members just so many "knuckle-headed" pigeons.* This Student Council consists of 35 members — 10 from Colleges; 6 from High Schools; 4 from *preparatory schools*, and 15 unspecified. Bearing in mind Stalin's orders to "*capture the Youth of the Nation*," it will not be surprising to find some of those "*unspecified*" 15 assigned to the Kindergartens — and nurseries . . . No Red Front organization, with the possible exception of Gene Kelly's "*Youth Section of the Communist Progressive Party of America*," is making as determined an effort to capture "*Young America*" as the UWF . . . and they are *meeting with great success !!!*

THE PLOT

A statement of policy was drafted at the Asheville Convention. Boiled down, it declared for a One-World Government with so-called "*limited powers adequate to prevent war*," expressing the theory that "PEACE" is not merely the absence of war, but the presence of justice, law and order; that world peace can be created and maintained only under *world law* sufficiently strong to prevent armed conflict between nations; that, while endorsing the efforts of the "*United Nations*" to bring about a world community favorable to peace, the UWF will work to *transform the UN into a One-World Government.*

Thus, the UWF brazenly declares itself an anti-Nationalist organization — and, in particular, *anti-United States Nationalist*. It would surrender our Armed Forces and our Sovereignty to the UN. *This was actually acknowledged by an OFFICIAL of the UWF at the hearing before the Senate Judiciary Committee in Sacramento on June 27!*

Their “policy” further states: “This Federal (UN) World Government (in which we would be a 149 million voice against TWO BILLION!) will make laws relating to natural resources; international trade; transportation; currency and many similar matters. For it is quarrels between nations about these bread-and-butter questions which will go on causing wars forever, unless you and all other world citizens give a law-making body higher than any national government the power to settle them.”

To give you a clear idea of what kind of power they intend to achieve, I will quote from a book entitled “PEACE OR ANARCHY,” authored by Cord Meyer, Jr., President and Co-Founder of the UWF. After he outlines how the UWF will *disarm* and transform the United States into a province within their Federated World Government, *under complete control of that government*, he states on page 171 of that book, that “*once having joined the One-World Federated Government no nation could secede OR REVOLT. . . . because with the Atom Bomb in its possession the Federal Government police would blow that nation off the face of the earth!*”

This is a statement IN PRINT by the man who is using the word PEACE to induce us to give up our Sovereignty, our Freedom, our Army, our Navy—AND OUR ATOM BOMB . . . and in the same breath he, *the official voice of UWF*, bluntly informs us that if we fall for their scheme *and then discover our mistake* we could never secede — and if we would try to revolt we would be blown off the face of the earth *by our own surrendered Atom Bomb!*

Note:—Now read Kennedy's present “DISARMAMENT” plot in “News-Bulletin No. 91 — and see for yourself how it parallels the UWF's “RESOLUTION” plot in 1949. MCF.

THEY SEDUCE CALIFORNIA LEGISLATURE

On March 24, 1949, a “RESOLUTION” *prepared by the UWF*, known as “Resolution 26”, was passed UNANIMOUSLY by the California Assembly — and, *after strenuous opposition*, was approved

ed by the Senate 23 to 9. Only one word can describe the method employed to get that "RESOLUTION" passed — that word is: "RAILROADED! The UWFers themselves acknowledged that fact with gleeful chortles and statements that "*Resolution 26*" was rushed through the California Legislature before anybody knew "*what it was all about*" But that was a slight exaggeration. What they should have said was: "*Before anybody outside of the California Legislature knew what it was all about.*"

Now to describe the method they employed to railroad "RESOLUTION 26" through the Legislature: Under the supervision of Alan Cranston, the UWF's "BIG WHEEL" in Northern California, they canvassed all the members of the Legislature. The answer was *unanimously* an emphatic NO! The dismayed Cranston scurried to Paul Smith, Editor of the San Francisco Chronicle, and laid his problem before him. Smith hied himself to Sacramento for "*a few words*" with one Artie Samish.

CZAR OF CALIFORNIA

Artie Samish is a behemoth of a man. Outwardly exuding great good nature, his hugely fat body shakes like a vat of jello when he laughs. Artie is a professional Lobbyist, but the mere word "*Lobbyist*" in the case of Artie is as great an understatement as saying that Toscanini is an orchestra leader. Artie is the Master of the Master-Lobbyists. Artie openly boasts that he can *pass* a Bill or a Resolution, or KILL it, before you can say abracadabra — *and THAT is no understatement*. He has publicly boasted that he "*carries the California Legislature around in his small change pocket.*" Artie's pet "*client*" is the Liquor Industry — and his "*slush fund*" from that "*client*" is *positively* without limit. He also Lobbies for Bus Companies, Oil Companies, the Motion Picture industry, Race Tracks — and for anybody who can pay \$25,000.00 — *but no less than* \$25,000.00 — to a million he also is the ANTI-DEFAMATION LEAGUE's official "*Hatchet-Man*" in Sacramento. His power in Sacramento is far greater than the power of any Governor in the past decades, and has been so acknowledged by Governor Warren — but it is best exemplified by a statement made by Artie himself: "*To hell with the Governor of California, I'm the Governor of the Legislature!*" This is the man Paul Smith turned to when Cranston informed him that the UWF RESOLUTION had been pronounced "*a dead duck*" by every Legislator he had buttonholed.

"Artie," said Smith, "I need a favor. I've got a little Resolution I want put through, but the boys are playing hard to get — can you help me out?"

"What's the little Resolution, baby?" . . . "Baby" is Artie's pet name for those he likes.

"It's to support a World Federated Government," replied Smith.

"What's a World Federated Government?" asked the puzzled Czar of California.

"Here," Smith proffered a copy, "read it and you'll know."

"Never mind," hastily assured Artie, eyeing the document warily — Smith uses big words and Artie's education has been a limited one, not much beyond kindergarten. "If you want it passed, baby, it'll be passed — but it'll take some *do re mi*."

Smith assured him that he'd get all the "*do re mi*" he'd need — and on March 24 it was passed UNANIMOUSLY by the Assembly — many of whose members had previously shied away from it with holy horror! ! !

By March 31 a few members of the Senate became aware of the heinous intent of "RESOLUTION 26" and put up a strenuous opposition, but with Samish cracking the whip, it was approved by the Senate 23 to 9.

Gravely alarmed, the 9 who voted against the "Resolution" took steps toward reconsidering it. That was brought up on April 6 — and was defeated 22 to 13. Thereupon a new RESOLUTION, known as RESOLUTION 36, was introduced by Senator Hugh Donnelly to rescind RESOLUTION 26 — and was defeated!

In a confidential Special Bulletin to their members, the UWF gloatingly described the blackjacking methods they employed to defeat RESOLUTION 36. Lack of space in this issue prevents a detailed analysis of their methods — it will be given special attention in our next issue . . . but in their boasting they reveal how closely they hew to the Moscow-directed Commie techniques. Their description of one particular method they employed to "pressure" wavering Legislators into supporting their treason-packed "RESOLUTION" is definitely criminal under our laws and may prove to be the very boomerang that will alert the entire nation. Action is now being taken to bring that out into the open before our next issue goes to press!

THE VALIANT!

When the fight against Communism in America is finally won, and the valiant ones who made the victory possible will be count-

ed, the name of Jack B. Tenney will ride high on the list.

Armed with a vast knowledge of Red objectives and Red methods, Senator Jack B. Tenney used up a lot of midnight oil during 1948 preparing several anti-Communist Bills which, *had they been enacted into Laws, would have cleaned Communism out of California — AND HOLLYWOOD — with the effectiveness of an Atom Bomb* and made the State of California the symbol for all America. By the same token, there would have been no UWF "Resolution 26." When first submitted, early in 1949, the Senate passed all those Bills unanimously and practically all the Assemblymen assured Tenney that they would vote for those Bills. Well, then Tenney went to Honolulu, so he wasn't in Sacramento when the Federalists *railroaded* their "Resolution 26" through both Houses. But when Senator Donnelly and his Co-Americans launched their fight against that "*give away America*" Resolution Tenney promptly jumped in with them. When he did that he signed a personal political death-warrant with every one of those "*give away America*" Senators and Assemblymen — *and, of course, with Artie Samish!* When his anti-Communist Bills came before the Assembly *sixty-seven* out of the *total eighty* who had promised an "*aye*" vote voted against them! At the same time the cry went up "*Get Tenney! ! !*" "*Drive Tenney out of politics! ! !*"

LEADERS OF THE PACK

The leaders in the attack on Tenney in the upper house were: Senators Gerald J. O'Gara, George Miller, Jr., H. E. Dillinger, and Harry E. Drobish. In the Assembly, Sam Collins, Speaker, took the lead, with John B. Cooke, Ernest R. Geddes, George Collins, Jr., Lester A. McMillan, and Thomas A. Maloney, *sponsor of "Resolution 26,"* promptly swinging into line behind him. *But the real knifer-in-the-back was Sam Yorty!* The chief reason they gave for their gang-up on Tenney was that he had used the funds allotted to the Committee to "*build himself*" up with the public. This was proved false very quickly. The second *given* reason was that Tenney had committed rank heresy by exposing a Red taint in several of his colleagues. Well, now, let's analyze the latter reason — *and go beyond it.*

IN THE SPIRIT OF JUDAS!

Brutus achieved his particular ill-fame when he stabbed the

mortally wounded Caesar in the back of his neck. Caesar had been his great friend and patron. Well, right in our own Sacramento we have a Brutus or two — plus a Judas! Assemblyman Sam Yorty had been a very close friend and political associate of Jack B. Tenney. When the Tenney Bills came through the Senate with flying colors, Yorty told Tenney that it would give him great happiness to sponsor those Bills in the Assembly. Came the day before those Bills were to be submitted. In the interim the Sacramento wolves had howled their howl of "get Tenney" and Yorty solicitously advised Tenney to choose somebody else to sponsor his Bills — *on the theory that it would be political strategy to have someone not identified as a close buddy do the sponsoring!* That, earnestly, assured Yorty, would give him greater freedom in doing *the more important job* of all-out support on the floor. Harold K. Levering took over the sponsorship — *and he did a great job!* Then came Yorty's "once-in-a-lifetime" opportunity. I will describe it in the words of one of the Reporters present at this historic session: "*Sam Yorty, Tenney's friend, whipped out his trusty blade—and sank it deep into Tenney's back!*"

Now, knowing what is at stake, why did this Sammy Yorty stab Tenney in the back? — *actually, however, he sank his dagger into the collective back of his constituents!* ! ! What was his objective? . . . What was his gain?

Mussolini stabbed dying France in the back to achieve an empire . . . Brutus stabbed dying Caesar in the neck in the hope that he would inherit Caesar's power . . . Judas betrayed Christ for thirty pieces of silver. Yorty stabbed Tenney—AND AMERICA—in the back . . . FOR WHAT? . . . and FOR WHOM? *That* is something for his AMERICAN constituents to find out.

(Note:—We all know the story behind Kennedy's firing of Gen. Edwin Walker. Shorn of all phony reasons, Walker was fired because he had banned the "Over-Seas Weekly," more commonly known as the "Over-Sex Weekly," from circulation in U. S. Military installations in West Germany. He banned it after it was established that this pornographic sheet was pro-Communist and was deliberately undermining the morale of the American soldiers — also after it was established that key officials and reporters of the sheet had pro-Communists affiliations. Shortly after Gen. Walker was fired, the Pentagon ordered the ban lifted — it did so after Sam Yorty, at that time a Congressman, applied some kind of mysterious pressures. Why did he do that? I presume, for the same reasons that he knifed Tenney in the back —

and KILLED HIS ANTI-COMMUNIST BILLS IN 1949 . . . Today Sam Yorty is Mayor of Los Angeles — the voters in Los Angeles should know all that. MCF.)

BY THEIR DEEDS SHALL THEY BE KNOWN

Another gentleman who plunged his blade deep into the collective back of his AMERICAN constituents — *and of his State and of his Country* — is Assemblyman Sam Collins. Collins is Speaker of the House. He fancies himself a very important BIG FISH in his little pond. He would resent being told that he is disloyal to the land he lives in — but, then, so did Frederic March and Eddie Robinson scream when *they* were *exposed*. I *won't* say that Collins is a Communist or a Fellow Traveler . . . I don't know. I can only judge him by his deeds . . . and by his deeds he has convicted himself of at least giving plenty of comfort to the REDS. All his attacks on and smears of Tenney were motivated by one overwhelming desire: to abolish the California Un-American Investigating Committee! *The Reds of Hollywood organized "The Committee for the First Amendment" for that very identical objective!* To my distinct knowledge, Sam Collins, and his particular pals in the Assembly, have for years fought tooth and toenail to abolish the "*California Un-American Investigating Committee*." He . . . and his pals . . . couldn't very well *dare* protest against the objectives and the purposes for which the Committee was set up, so they invoked phony charges and a smear campaign against the man who *headed* the Committee — obviously in the hope that by destroying the head they would destroy the body. *And they were grandly supported in their attack by the Communist "DAILY PEOPLE'S WORLD."* By that very token, Sam Collins . . . and his pals . . . have for years *been violently opposing the investigation of Communism in the State of California — and thus AIDING the Communist Conspiracy!* This is amply corroborated in that previously mentioned Communist sheet, "*Daily People's World*," which burst forth on Monday, March 31, 1947, with the following blazing *front page* headline:

"GOP LEADER REFUSES FUNDS FOR TENNEY

"By Doug Ward

"Daily People's World Political Editor

"Sacramento, March 30—Opposition to Senator Jack B. Tenney's State Un-American Committee hit a new high in the legislature today, when Sam

Collins, conservative Republican Assembly Speaker declared emphatically he "will not vote one red cent" for continuing the Committee."

The story goes on in typical Commie style, accusing Senator Tenney of having used the funds of the Committee to "*build himself up politically by smearing . . . or threatening . . . all those who stood in the way of his ambitions.*"

Two weeks later, on April 12, 1947, this same Red sheet came out with another blazing headline:

"GOP LEADER: 'NO FUNDS FOR TENNEY' "

"SACRAMENTO, April 11, — Another influential Republican legislator today joined the ranks of those who will oppose any appropriation for the Tenney State Un-American Committee. Assemblyman Ernest R. Geddes (R. Pomona) said he was in agreement with Republican Speaker of the Assembly Sam Collins that the Committee should not be given 'one red cent.'"

As in the previous article, "*People's Daily World*" quotes Geddes along *exactly* the same line as they had quoted Collins. In both cases the same motive stood out like a beacon . . . "*abolish the California State Un-American Committee.*"

It *may* be just a co-incidence, but those two stories in the "*Daily People's World*" remind me of the high praise Al Capone used to accord certain political figures in Illinois — *who were on his secret payroll.*

On that same front page of the "*Daily People's World*" — right alongside the eulogy accorded Sam Collins for his vituperation of the Tenney Committee — we find a huge four-column headline glowingly praising Communist Eugene Dennis for denouncing our Congressional Un-American Investigating Committee. Is that just another coincidence? . . . *or is there something significant in the fact that these two articles are twin in their support of Communism?*

That was early in 1947. Collins . . . and his pals . . . were unable to destroy Tenney and/or the Committee *at that time.* But they did not give up. They bided their time — for an opportunity which would enable them to line up *overwhelming odds.* That came with "*Resolution 26.*" In March 1949 few people knew very much about the UWF. Nobody had gone to the trouble of investigating and exposing the fact that it (UWF) had been *founded, created and organized by a gang of the most notorious and crafty Reds in America.* Employing their wily Red technique, they railroaded their viciously traitorous "*Resolution 26*" through the California Legislature and — *to our everlasting shame* — brazenly announced it to the world as

the "California Plan." Then, as previously stated, Senator Donnelly and a pitifully few other wide-awake Americans set up "Resolution 36" to rescind the *give-away America* "Resolution 26." Jack B. Tenney roared in to their support. Ah'h! ! ! ! That was the opportunity Collins, Geddes and Yorty had been waiting for! And this time they had the UWF-Samish "captive" Assembly and Senate ready to say "Uncle" — and roll over on command.

As previously said, the American people didn't know that that "Resolution 26" was treason-packed. *But Sam Collins knew . . . Sam Yorty knew . . . all those other Assemblymen and Senators, who fought against rescinding "Resolution 26," knew — and before I am through I will prove that they knew.* I will prove that every individual in the California Legislature who voted *against* rescinding "Resolution 26" was guilty of an act that would have meant death without a trial behind the Iron Curtain.

Anyway, *that* was the opportunity Collins and his particular henchmen had been waiting for . . . "Resolution 26" would enable them to kill two birds with one stone: Tenney, the fighter against the "Give-Away America" conspiracy — Tenney, the exposé of Reds and their activities in California. They used that act of treason ("Resolution 26") as their springboard for an all-out attack on Tenney. *Once again they demanded that the Tenney Committee be abolished!* And — *again* — they charged that Tenney had misused Committee funds for personal objectives. *This time they made the specific charge that Tenney had subsidized — with Committee funds — a News-letter publication called "Alert," and its Editor, Ed Gibbon, to smear those Assemblymen and Senators who opposed his (Tenney's) political ambitions.*

That charge was an utter and complete lie. Those who made the charge knew it was a deliberate lie. Its only purpose was to confuse the public. That lie was the "Iron Curtain" behind which they could scheme and plot and conspire how to kill . . . *not only Tenney — but the California Un-American Investigating Committee — or at least, make it innocuous.*

On Tenney's insistence a Committee was appointed to investigate that charge. *It was quickly proved false — AND SO ANNOUNCED IN THE PRESS! ! !* But the two Sammys and their co-workers shrewdly continued to use that treason-loaded "Resolution 26" as their bludgeon to KILL THE ANTI-COMMUNIST BILLS — *and prevent the rescinding of Resolution 26. And they succeeded! ! !*

And now I will again show who wanted those anti-Red Bills killed—by a direct quote from the official mouthpiece of the Communist Party — the "Daily People's World":

" 'WORLD' LAUDED FOR ROLE IN DEFEATING TENNEY BILLS."

"Los Angeles, July 6, 1949 — The Daily People's World was praised today for its 'excellent coverage' of the campaign which aided in dumping the Tenney bills in the state legislature . . . The praise came in the final report of the Emergency Coordinating Committee to Defeat the Tenney Bills, and was drafted by Philip M. Connelly . . . Connelly directed the campaign for the Committee . . . The report was approved by the Committee's steering committee, consisting of Robert W. Kenney, Daniel G. Marshall, Hugh Macbeth, Sr., Ignacio Lopez, Averill Berman, William B. Elconin and Paul Major . . . After outlining activities of the Committee, which included placing ads in various papers, the report said.

"'Aside from excellent coverage given by the Daily People's World, both to the Los Angeles campaign and to information out of Sacramento . . . the Press was of little assistance in promoting the campaign.

"'The Tenney Bills went down the legislative drain pipe mainly because enough assemblymen were inundated with telephone calls, telegrams and letters to the point where they were convinced that a vote for the Tenney program would be an emphatically unhealthy act — politically, that is.'

"The report noted that the Committee didn't worry too much about delegations to Sacramento, or appearance at legislative hearings on the Bills, but instead urged the people to utilize their time, energies and money in mobilizing the 'voice from home.'"

The UWF employed identically the same Commie method of the *"voice from home"* to make the members of the Legislature *"sit up and say 'Uncle.'"* That method will be exposed in detail in our September issue — *and it will show a criminal exploitation of the United States Mail ! !*

Does that show whom Collins, Yorty, O'Gara and all those others were working for?

Friends, if we, the people of the State of California, allow those men to go back into our Legislature in 1950 we will have no one but ourselves to blame if we finally find ourselves and our children in Communist Prison-Labor Camps — *or worse!* Those men must never be re-elected! We must see to that! The Reds admit they succeeded only because we were asleep. The UWF gleefully chortled that *they* succeeded because we were asleep. But finally we are awake! Anything they can do we can do . . . anything they can achieve we can achieve! We are going to get those anti-Red Bills passed and enacted into laws — *and we are going to get "Resolution 26" rescinded!*

On Friday, June 17, Tenney called me on the phone: "Mr. Fagan," said he, "*we need help. The Reds have ganged up in Sacramento to kill all the anti-Communist Bills and to prevent the rescinding of Resolution 26.*"

Within eight hours we (CEG) sent out *two thousand* telegrams and letters by air-mail and special-delivery to our members here and in the San Francisco-Oakland area, in which we gave them a clear and concise picture of the entire situation, and urged them to *wire and telephone* their Assemblymen and State Senators and demand their support of the anti-Red Bills and "*Resolution 36*" to rescind "*Resolution 26.*" And all our members fully carried out our request—thousands of telegrams and special delivery letters poured into Sacramento during the next three days. So, if your Senator or Assemblyman will tell you that he did not know the importance of the Tenney Bills, or the significance of "*Resolution 26,*" you can tell him he lies. As further proof that each and every one of them *knew* all the facts *in advance*, I will cite, in part, two statements made in the Assembly Room by Assemblyman Don Levering and in the Senate Chamber by State Senator Donnelly.

Mr. Levering was speaking on behalf of the Tenney Bills; after Sammy Yorty had *decreed their death* by sending them to the Rule's Committee — Yorty's Press-quoted words were: "*I am sending them to the Rules Committee to be killed . . . without a further hearing.*" Sam Yorty should have paraphrased Marc Antony with "*Friends, Fellow-Americans, Countrymen, I am here today not to praise anti-Communism but to bury it.*" At least, it would have sounded less hypocritical!

Yorty smashed to smithereens all Assembly rules of procedure with that act. In an eloquent plea, Levering made that all very clear on that day especially in his concluding statement:

In conclusion, he said; "*Let me point out that the name of every member of the House is under a shadow because of our failure to stand up and be counted on this subject. We are being called traitors and cowards because of the honest mistake we have made. You can, and should, correct this mistake by withdrawing these bills from the Rules Committee and placing them before this House for further consideration.*"

Despite that plea the Tenney Bills remained killed! ! !

Now, as to "*Resolution 26*": On March 24, the Assembly . . . *whipped into line by Artie Samish . . .* passed it unanimously 68 to 0. On March 31 it came up before the Senate. As proof that every individual in the Senate Chamber was made fully aware of the treason in that Resolution *on that day* I quote — in part —

from Senator Donnelly's plea for its defeat:

"This resolution would apply to the California delegation in Washington to ratify United States entry into a world government that would take away United States' sovereignty and permit a world army to exist stronger than the army of the United States. This resolution would take away from the United States its sovereign right to maintain an army, navy or air force. . . . How do we know that the power we entrust to this world court (Federal World Government) will not be used against us? . . . There are worse things than war. Slavery is worse. We are speaking for the people of California. I urge you to turn this resolution down."

Despite this eloquent plea — *and knowing what this treason-loaded "Resolution" meant* — the vote was 23 FOR the "RESOLUTION" to give our Country away, 9-AGAINST it. Following are the 9 gallant and true Americans: Senators Abshire, Crittenden, Desmond, Donnelly, Hatfield, Hulse, Mayo, Rich and Sutton.

Following are the 23 Weasel Americans who favor giving up our Sovereignty, our Flag and our Country: Senators Breed, Brown, Hugh Burns, Busch, Coombs, Cunningham, Dillinger, Dorbish, Gibson, Johnson, Judah, Keating, Miller, O'Gara, Parkman, Powers, Regan, Salsman, Swing, Ward, Watson, Weybret and Williams.

On April 6 there was another debate in the Senate to reconsider "Resolution 26," at which time Senator Donnelly again appealed to the patriotism of his Colleagues:

"I'm not foolish enough to believe the legislature in Sacramento can give up our sovereignty. . . . But Article 5 of the Constitution of the United States gives us the power to call a constitutional convention. Do you know that the purpose here is to call a convention to give up our sovereignty?"

He then *emphasized* the fact that this movement to *surrender* all our rights and powers is *Moscow inspired and directed!*

"I can remember the time when nobody would have dared to offer a resolution of this kind. . . . The reason our foes would have us give up our sovereign powers is — we've got the Atom Bomb. I'm glad we have it. It would be better a thousand times that the bomb destroy the world than that we be bound in chains by giving up our liberty and our sovereignty. . . . If we give up our sovereignty, we give up our right to defend ourselves. Already the Communists control not only all the land and peoples behind the Iron Curtain, but almost control France, Italy and many other nations. Would you favor turning over our sovereignty to them? . . . You will say this resolution merely calls for a convention. I'm fearful if you start here, you'll end by giving up our sovereignty to other nations!"

On this occasion Senators Brown, Hugh M. Burns, Dilworth,

Jespersion and Williams joined the original gallant 9. But 22 of our other *great* American State Senators again voted to give our Country away.

Note:—In order to reserve space for our further prima facie evidence of JFK's first marriage and divorce, we will conclude the re-print of the 1949 "News-Bulletin" in our next issue.

MORE ABOUT JFK'S FIRST MARRIAGE

Publication in our "*News-Bulletin No. 90*" of the item in "*The Blauvelt Family Geneology*," which revealed John F. Kennedy's (first) marriage to Durie (Kerr) Malcolm, apparently hit the entire nation like a typhoon. From all parts of the country a wide variety of reactions have constantly been pouring in on us. Many persons, while expressing amazement, accept the revelation without question — only asking for dates and places of the marriage and the divorce; others express doubts due to the lack of dates and places; some refuse to believe the entire story — the more naive ones even insisting that the "*Geneology*" was written after Kennedy was elected, merely to "*smear*" him. That latter contention is, of course, stupid: Louis Blauvelt, the author of record, spent 30 years on his research and compilation. He began in 1926 and completed the job in 1956. It was registered and copyrighted in 1957, and bears the U. S. Library of Congress Catalog No. 56-10936. All that was long before John F. Kennedy was even remotely a candidate for the Presidency of the United States.

As further concrete evidence that there was no ulterior motive for that item, one of Louis Blauvelt's collaborators recalls that Durie's background was compiled in 1943, at which time young Kennedy had no distinctions of his own, that was why he was "*identified*" merely as a son of Joseph P. Kennedy, U. S. Ambassador to Great Britain . . . and now for even more concrete confirmation of the marriage:

We received a number of letters from old friends of the Kennedy family in Massachusetts and Cape Cod. Several of the letters distinctly verified the marriage, all of them stating that it made Rose (Jack's mother) very unhappy. However, she (Rose) looked upon the marriage as just "*one of Jack's youthful escapades*," which she was sure "*wouldn't last long*" — and it didn't.

From Illinois (*the Chicago area*), where Durie was born and lived through her teen years, came more confirmation. It was there that she married her first husband, F. John Bersbach, then President of the Manz Engraving Company. That marriage was a very brief one—from April 1937 to July 1938. Several months later, on January 2, 1939, she married Firmin Desloge IV, a St. Louis resident. That marriage was dissolved one year later—in January 1940. There is some confusion about the date of this divorce—some say it was January 24, 1947, but it has been fully established that the year was 1940. Moreover, Durie was back in her Chicago haunts — *alone* — in February 1940. As added proof, in conversation with a close friend, John Bersbach, Durie's first husband, now living in Winnetka, Illinois, expressed full knowledge of her marriage with Kennedy — but could not recall the actual *dates* of the marriage or of the divorce.

Even more interesting — *and confirming* — are statements made by various of Durie's intimate friends of those years. Pieced together, get the following story:

Durie was born and grew to young womanhood in Lake Forest, Illinois, a Chicago suburb. She worked as a hostess in the Ambassador West Hotel, also in the Drake Hotel, both in Chicago, where she found opportunities to mingle with the Cafe Society and the playboys of the Windy City. She "*went over big*" with the playboys and quickly became a well-known figure at all the Chicago gay night spots. Durie was a very ambitious gal — it was no secret that she was after "*big game*." Whether she decided that her first two husbands weren't "*big*" enough, or broke with them for other reasons is not important. When she married Jack Kennedy, he was just an inconsequential 22 year-old wild-Irish playboy, but he was a son of the fabulously wealthy Joe Kennedy, owner of the Chicago Merchandise Mart. That made him "*big game*." The date of the marriage is vague. Some say it was March 1940, some say it was a later month in that year, but most concur that the knot was tied by a Justice of the Peace. After the break-up with Kennedy, Durie married Tom Shevlin, her present husband, and moved to Long Island, N. Y. . . . we will skip the next few years.

As we know, Joe Kennedy's chief driving ambition was to transform the Presidency of the United States into a Kennedy dynasty. He had centered all his hopes for that objective on Joe, Jr. But young Joe was killed in the early years of World War II. That placed Jack next in line. It was 1946 before he (Jack) took his first step toward the White House; via the House of Representatives. Then came the Senate. And that was when his "*youthful escapades*" with Durie became a grave problem. It was a foregone

conclusion that if that ever came out it would spell FINIS for all of the Kennedy political ambitions. Once Catholics would know that Jack Kennedy is NOT the good Catholic he pretends to be, *that he pulled the wool over the eyes of his Church*, the entire Catholic community would vote for anyone who was running against him. *Yes, sir, that "youthful escapade" had to be erased.* True, quite a few Chicagoans knew about it, but by the time Jack was a candidate for the Senate it was a pretty much forgotten incident. The one great danger was Durie: if she *"talked"* the fat would be in the fire. They had to find a way to keep her silent . . . *the "way" was found.*

One bright and sunny day West Palm Beach cafe society acquired three new members: Tom and Durie Shevlin and Durie's daughter. And where do you think the Shevlins made their home? In a lovely house right on Joe Kennedy's opulent estate . . . indeed, cheek-by-jowl with Kennedy's own lush mansion.

Now, all that happened before the "Blauvelt Family Genealogy" came off the press early in 1957. At \$40.00 per copy, this thousand-plus page book was hardly a candidate for the "best-seller" lists. Actually, it (*ostensibly*) had no interest for anybody other than a Blauvelt descendant. Thus the Kennedys didn't even know of its existence — until they heard the vague rumor that it contained an item revealing his marriage to Durie. And that rumor didn't really begin to gain ground until after Kennedy won the nomination. The dismayed Kennedys promptly went into frantic action. They canvassed every important book store in the nation — *such as would carry a \$40.00 book of this type* — and bought every copy they could locate. All records and documents of the marriage and the divorce they were able to locate were destroyed. The compilers of the book were silenced. Ditto the publishers. Nobody was permitted to bring up the question at any of the Kennedy press conferences. According to Congressman H. R. Gross: *"Richard Nixon knew of this divorce before the campaign, but refused to use it."* Other Congressmen made similar statements. Then it became rumored that some newspapers and other publications, including the *"Saturday Evening Post"* were about to publish the story. None of the Kennedys issued any statements, but Pete Salinger, the White House press agent, did. First of all, he warned:

"This is for guidance, but not for publication. The listing of Durie Malcolm's husbands is in incorrect order."

He concluded his warning with an arrogant and angry threat that *he* would promptly enter a million dollar suit against any publication that would print even one word about the story . . .

How stupid can Salinger be? Even amateur-lawyer Bobby Kennedy can tell him that only the principals, either JFK or Durie, could file a suit.

Then came their next step: Even if all the copies of the "*Blauvelt Family Geneology*" were destroyed, the file copy in the Library of Congress was bound (by law) to be available for anyone who would want to see the item. Well, according to one publication, on or about May 22 of this year, Bobby Kennedy ordered FBI agents to the Library of Congress with instructions to remove that copy from its files. That would have been a criminal act, whether committed by the order of the U. S. Attorney General or even the President. Therefore, we investigated — and found the story to be somewhat in error . . . the Kennedys had "*rigged*" the files of the Library, so as to make it appear that the book was no longer available, to wit:

Originally, the book was on file in the "*Library of Congress — Annex, Room 5009-A, Geneology Division.*" Therefore, one would expect to find the book indexed under B in that room. But after searching through not only all the Blauvelts, but the Hendricksons and Coopers (*other direct ancestors*), and not finding it, she was about to give up the search, when she was "*tipped off*" and directed to the Index Box marked "*from DR - DZ*", and there she found an Index Card marked CS71. B6476 . . . 1957. "*Durie Family and Blauvelt Family Geneology*".

The clerk at the desk, when our investigator made her request for the book, was astounded — and momentarily speechless. She finally produced the book, but would not permit it to be taken out of the room — nor would she permit any photos or photostats of any parts of the book . . . *obviously, she had been "INSTRUCTED!"*

DURIE EVADES ALL QUESTIONS

Durie has been contacted numerous times by phone by reporters and other researchers. She refused to admit or deny the marriage and divorce story. That, of course, is also the case with all the Kennedys. They apparently feel that if they can maintain silence, along with the White House enforced press control, the entire story will eventually die out.

However, I discovered a more effective approach to the lady: I found that she and her present husband have friends in the theatrical profession — particularly Hollywood Stars, Bob Mitchum

among them. I suggested to two or three such individuals that when in Palm Beach they visit with Durie and see what they could learn. Well, as one of them expressed it, she responds to all such questions with "a Mona Lisa" smile — then murmurs that famous line from the old song: "She wouldn't say 'Yes' and she couldn't say 'No'."

However, the pressure evidently became a little too much for her — she finally decided to take a vacation in Switzerland from all requests for interviews about the matter. *She will be in Switzerland for an indefinite period of time.*

And now I will submit a significant thought for the skeptics to ponder: if that item in the "Geneology" is false, one doesn't have to be the President of the U. S. to be able to legally force the compilers of the book to retract — ditto the publishers. Just one joint official statement by JFK and Durie would do it — IF the item is false! Why haven't they done so? Instead they are employing threats and intimidations to suppress the story. WHY!

I will conclude with just one remark with which nobody can take issue — and that is: there is far too much smoke in all this without there being a lot of fire. Sooner or later, the full truth, including the times and places of both the marriage and the divorce will come out.

P.S. Is it true that Joe Kennedy's stroke was brought on by the revelation of that secret marriage and divorce? . . . Both the revelation and the stroke came virtually simultaneously.

He was the twelfth person to add his name to the congressional ballot for the November general elections. The number includes eight incumbent Democrats and three Republicans.

didacy as "the beginning of a movement to save our country" and promised to wage a "courageous" campaign all over Alabama.

**Timing May Be Calculated To Knock
Republicans Out Of House Elections**

"The Thunderbolt" is the first newspaper in America to exclusively announce the strong indications of a forthcoming invasion of Cuba. It has been leaked from unimpeachable sources in the halls of Congress that the date has been set for an all out knock out blow against the Cuban dictator, Fidel Castro. While every Patriot will be happy about this rapidly approaching downfall for the island dictator, another dangerous situation faces us.

The Achilles heel of the Ken-

America out of the business slump and back on its feet, and at the same time allow Kennedyites to sweep into Congress in the November elections on the Anti-Communist bandwagon.

What about Communism in Cuba - IT WILL CONTINUE UNDER THE REIGN OF MIR CARDONA, head of the extreme socialist "Cuban Revolutionary Council" here in the U. S. A. Right wing Cuban Freedom Fighting groups point out that Cardona was in the Castro communist government right after
