I. ALLEGATIONS OF EMIL JULIUS KLAUS FUCHS

During the course of interviews in May and June of 1950, by Assistant Director HUGH H. CLEGG and Special Agent ROBERT J. LAMPHERE, of EMIL JULIUS KLAUS FUCHS, who was convicted in London, England, for furnishing the Soviet Union with atomic energy information, FUCHS stated that during the period he was in England, from September, 1933 until sometime in 1941, he was aware that an underground section of the German Communist Party was operating in England. FUCHS stated he was considered a member of this section of the German Communist Party and that he was aware that the subject was regarded as the head thereof during this period. In May of 1941, when he accepted employment as a scientist on atomic energy research, he decided to furnish information regarding this research to the Soviet Union and in order to carry out this plan, in the latter part of 1941, he made contact with the subject. FUCHS stated he had previously been in contact with the subject and knew of his contacts in refugee circles, particularly with German Communists. At the time of the contact with the subject, FUCHS advised him of his desire to furnish information to the Soviet Union and the subject subsequently arranged a clandestine contact with an individual known to FUCHS at the time by the name of "ALEXANDER". FUCHS has since identified "ALEXANDER" as SIMON DAVIDOVITCH KREMER, who in 1942, was the Secretary of the Military Attache's staff at the Soviet Embassy. \$ u

FUCHS further alleged that in September of 1945 in Los Alamos, his Soviet contact gave him instructions for the carrying out of a meeting when he returned to England, and in July of 1946, after his return to England, he was fearful of utilizing the contact because of the publicized espionage activities of ALAN NUNMAY, the British scientist. Late in 1946, FUCHS decided to utilize some other method of reestablishing contact with the Soviet Intelligence Service and he, therefore, decided to attempt to recontact the subject; however, he learned the subject had in the meantime returned to Germany. \$ u

Dear Sir:

ReBulet May 10, 1950.

Investigations of subjects to date has revealed that they are very active in the Progressive Party of Illinois and in the Chicago Tenants Action Council, both of which are alleged to be Communist controlled or infiltrated. SAX subscribes to the DuSable (Chicago) edition of "The Worker" and HALL has apparently been in contact with known Communists. His wife definitely has been in contact with known Communists. Their actions in behalf of the Progressive Party and the Chicago Tenants Action Council have revealed a disregard for adverse publicity and there appears to be nothing of a covert nature in their current activity.

In view of this information, it appears likely that neither HALL nor SAX is presently engaged in surreptitious espionage work. Although it is realized that there may be exceptions, past investigations of espionage cases have revealed that [REDACTED]

Dr. EDWARD TELLER, as was previously reported, recommended HALL for graduate studies at the University of Chicago.

It is noted that Mrs. AUGUSTA H. TELLER, wife of EDWARD TELLER, advised Special Agent J. JEROME MAXWELL on February 14, 1950 that she had known EMIL JULIUS KLAUS FUCHS while he was at Los Alamos, New Mexico, and that she had gone on a vacation trip to Mexico with Mr. and Mrs. RUDOLPH PEIERLS and FUCHS in the latter part of November, 1945. Mrs. TELLER further advised she had seen FUCHS in Chicago in 1947 and that he had had Thanksgiving dinner at her home.

On February 21, 1950, Mrs. TELLER advised that she believed FUCHS had also been at her home on another occasion.

Dr. EDWARD TELLER advised that he had first met FUCHS at Los Alamos in 1944 and stated that he had had several contacts with him and that during the summer of 1949 he saw FUCHS in London on several occasions and spent several hours with FUCHS in FUCHS home.

On March 13, 1950, Confidential Informant T-43, a representative of another governmental agency conducting security and intelligence investigations, advised that he had learned from a confidential source.

The following background information is set forth concerning EDWARD TELLER and Mrs. AUGUSTA HARKANYI TELLER:

EDWARD TELLER was born June 15, 1908 at Budapest, Hungary. He was naturalized on March 4, 1941 at Washington, D. C. He was employed as a physicist by the University of California at Los Alamos, New Mexico from April 1, 1943 to January 31, 1946 at which time he terminated his employment and went to the University of Chicago. He continued to be a consultant of the University of California at Los Alamos and in this capacity visited Los Alamos at frequent intervals until July, 1949 at which time he returned to Los Alamos as the Associate Director for weapon development at the University of California.

Atom Scientist's Passport Seized, U.S. Bars Lecture Trip to France

Prof. Edward M. Corson, 42-year-old research physicist, said yesterday that the State Department had taken up his passport, presumably because he had publicly expressed faith in Dr. Klaus Fuchs.

Fuchs is the German-born British subject convicted in London recently of giving atomic energy secrets to the Russians.

Professor Corson said he has been a consultant for the Atomic Energy Commission and a physicist for the Armour Research Foundation at Chicago. He has been staying at the Statler Hotel waiting to sail for France to lecture at the French Academy of Science. He said he was questioned by the Federal Bureau of Investigation last week, "not for the first time."

Wednesday night, he said, he went out and did not return to his hotel room until 4 o'clock yesterday morning. He said he was met then by a State Department special agent, who took his passport "with no explanation."

Professor Corson said the State Department appeared to have based its suspicions on a letter he wrote about Fuchs to the magazine Physics Today. This letter was written after Fuchs' arrest but before his confession, while Professor Corson was Fulbright Exchange Professor at the University of Edinburgh, Scotland.

In the letter Professor Corson

said he had worked with Fuchs on the Manhattan Project and had written to Prof. Sir John Cockcroft, Director of the Harwell Laboratories, where Fuchs had worked, expressing faith in him.

Professor Corson also said in his letter that he had sent Fuchs in Bow Street Jail, London, the following telegram:

"Have written Cockcroft. Naturally do not believe the accusations. If I can be of any service call on me."

The letter said Professor Corson received the following reply:

"Thank you. There is nothing you can do. The evidence will change your mind."

In the letter Professor Corson explained that he first thought Fuchs might have been guilty of some indiscretion but "not treason -- this was unthinkable."

"I learned too late," he added, "that Fuchs had long been a fanatical Communist."

In Washington the State Department said it had lifted the passport because it did not consider Professor Corson's trip "in the public interest."

News spokesmen for the F. E. C. and the Atomic Energy Commission declined comment. Commission records show Professor Corson worked on the Manhattan Project at Oak Ridge, Tenn., from 1943 to 1946, and was a consultant at the Brookhaven, L. I., National Laboratory from 1947 to 1949.

**You cannot go,
atom man told**

Mr. Edward M. Corson, Chicago atomic scientist who had publicly expressed faith in Dr. Klaus Fuchs, British physicist convicted of passing atomic secrets to Russia, was prevented from leaving New York for France yesterday.

The State Department had impounded his passport because his trip "would not have been in the national interest."

Mr. Corson cabled an offer of his services to Fuchs at Bow-street.

It was announced in London that Dr. M. H. LaPryce, aged 37, Wykeham Professor of Physics at Oxford University, had agreed to be responsible for the technical supervision of the theoretical physics division at Harwell, Berks.

The position was held by Dr. Fuchs formerly.

INSURANCE RECORDS

The records of the home office of the Equitable Assurance Company, New York City, revealed that SLACK has an ordinary life policy, No. 12877992. Photographs of the handwriting of SLACK, as appearing in the files of the Equitable Life Assurance Company, were obtained.

RICHARD MARLOE BRIGGS, was: Richard Milburn Briggs,
Richard Daniel Briggs

Investigation of this individual is predicated upon information furnished by HARRY GOLD, admitted Soviet espionage agent and a contact of Doctor EMIL KLAUS FUCHS. GOLD has stated that subject SLACK furnished him with information from several sources, including information from Eastman Kodak Company, between the fall of either 1940 or 1941 and Christmas, 1943.

NY 65-15330

o/s [He stated that from his association with SLACK he ascertained that SLACK had probably been put in contact with the Soviets by a friend named "DICK", last name unknown, now deceased, who was a "radical".

Among material seized from GOLD'S residence was a folder labeled "DICK BRIGGS". The folder contained about sixty pages of material relating to various chemical processes dealing with the handling of urea and, in part, with a discussion of film processing and tests at Eastman Kodak Company. The paper discussing urea was stapled together with a typewritten cover sheet reading "February, 1942. The report and data attached to this sheet have been assembled from the effects of the late R. BRIGGS and are being submitted in that they may be of some value."

Pursuant to Syracuse Resident Agency teletype dated June 11, 1950 the following information was transmitted by letter dated June 12, 1950. There was enclosed with this letter a surveillance photograph of ABRAHAM BROTHMAN, which photograph was taken February 22, 1950 and is an excellent likeness of him as he appears at this time. Additional photographs of BROTHMAN and MIRIAM MOSKOWITZ were also submitted with this letter.

ADMINISTRATIVE PAGE CONT'D.

Following is a summary of the activities of BROTHMAN, as originally reported by ELIZABETH BENTLEY. BENTLEY has stated that about May, 1940 JACOB GOLOS, now deceased, a known Soviet agent, introduced her to BROTHMAN who at that time, according to BENTLEY, resided in Nassau County, New York. BENTLEY said BROTHMAN was then employed at the Republic Steel Company, Pittsburgh, Pennsylvania, as an engineer. Actually, BROTHMAN was then employed by the Republic Chemical Machinery Company, 154 Nassau Street, New York City, and, according to Selective Service records, in 1940 BROTHMAN was residing at 41-08 42nd Street, Sunnyside, Queens, New York, which might also be referred to as Long Island City. BENTLEY said GOLOS told her BROTHMAN could furnish her with certain blueprints. She stated that in the summer of 1940 until about the fall of 1940 she met with BROTHMAN about ten times in New York City and obtained from him certain blueprints. On some occasions she claims that BROTHMAN would give the blueprints to GOLOS and at other times to her. Usually, she stated, she would meet BROTHMAN at the Mosler Safe Company, Fifth Avenue and 32nd Street, New York City, after which they would go to dinner and BROTHMAN would make available the blueprints. On several occasions, she stated, GOLOS would make copies of these blueprints furnished by BROTHMAN and then the originals would be returned to BROTHMAN. BENTLEY was not certain what the blueprints contained. BENTLEY stated that in about the fall of 1940 GOLOS became "disgusted" with BROTHMAN and indicated to her that he was turning BROTHMAN over to someone else (some other Soviet superior).

Upon interview by Bureau Agents on May 29, 1947 in his office, Room 1212, 29-28 41st Avenue, Long Island City, New York (Queensbridge Plaza area), BROTHMAN stated that in 1938 or 1939 a man whom he identified later in the interview from a photograph as JACOB GOLOS, came into his office at the Republic Chemical Machinery Company, which company was then associated with the Hendrick Manufacturing Company, Carbondale, Pennsylvania. GOLOS at that time, according to BROTHMAN, told him that he had contacts with the Russian Government and that he was in a position to get contracts from the Russian Government for BROTHMAN if BROTHMAN would turn over to him blueprints of certain products BROTHMAN was working on at that time. BROTHMAN maintained that these blueprints were his own property and that they were, for

NY 65-15330

ADMINISTRATIVE PAGE CONT'D.

the most part, of shafts, vats, and other equipment necessary in the operation of a plant manufacturing chemicals.

According to BROTHMAN, GOLOS visited his office on several occasions and some time following GOLOS' original visit GOLOS introduced him to an individual whom BROTHMAN stated he knew only as "HELEN" (ELIZABETH BENTLEY). BROTHMAN claimed he was under the impression that "HELEN" was a secretary to GOLOS. GOLOS told BROTHMAN that "HELEN" would in the future obtain the blueprints which BROTHMAN previously had been accustomed to turn over to GOLOS.

Thereafter, and as related by BENTLEY, BROTHMAN claimed he met "HELEN" on about a dozen occasions during 1938-1940. BROTHMAN recalled on the occasion of this interview that sometime in 1940 "HELEN" stopped coming to his office and another individual named HARRY GOLD came to see him, stating that he represented GOLOS. Thereafter, according to BROTHMAN'S story in 1947, GOLD, whom he knew then to live in Philadelphia, made many trips to New York to obtain blueprints from BROTHMAN to be delivered to GOLOS. BROTHMAN placed the date of the last such trip by GOLD to see him for this purpose as being in late 1941 or early 1942.

Also in this interview in 1947 BROTHMAN stated upon questioning that he had become acquainted with GOLOS "possibly because GOLOS knew of his firm through advertising in various chemical magazines." He emphatically stated this was the only possible way that GOLOS would get in touch with him and denied that anybody had ever sent GOLOS to him. BROTHMAN then stated it was a common practice in the engineering field to turn over blueprints to various individuals in an effort to obtain contracts. He also stated this was his sole purpose in turning over the blueprints to GOLOS, namely, that GOLOS had represented to him that he was in a position to obtain contracts for BROTHMAN from the Russian Government.

BROTHMAN admitted he had submitted various contracts to the Soviet Government Purchasing Commission and to the Amtorg Trading Corporation but that he had never obtained any contracts from either of these two agencies,

BROTHMAN admitted membership in the Young Communist League

NY 65-15330

ADMINISTRATIVE PAGE CONT'D.

at Columbia University in 1933, but stated that he did not attend any Communist Party meetings as of 1947, nor was he actively engaged in any Communist Party affairs.

Upon questioning, BROTHMAN stated that at the time the Canadian espionage case broke in 1946 he began to suspect that GOLOS might have been engaged in espionage activities as of 1940. Later, before a Grand Jury on July 23, 1947, BROTHMAN reiterated the above story regarding his relationship with BENTLEY, GOLOS and GOLD. GOLD also appeared before this Grand Jury on July 31, 1947 and told a story which generally conformed to the one related by BROTHMAN.

In recent interviews with BROTHMAN, namely, on May 15, 16 and 22, 1950, BROTHMAN repeated the story furnished the Agents in 1947 and the Grand Jury later in 1947, as set forth hereinbefore. The results of these recent interviews are set forth on pages 10 through 14 of the report of SA Joseph C. Walsh, Jr., in the case entitled "HARRY GOLD, with aliases," dated May 29, 1950 at New York, two copies of which were furnished the Albany Office.

For the further assistance of the Syracuse Resident Agency there were enclosed photostatic copies of the following dated teletypes in the following captioned cases:

Teletype from Philadelphia to the Bureau and New York dated June 4, 1950, entitled "ABRAHAM BROTHMAN; ESPIONAGE - R."

Teletype from Philadelphia to the Bureau, Washington Field and New York dated June 6, 1950, entitled "HARRY GOLD, was; ESPIONAGE - R."

Teletype from New York to the Bureau and Philadelphia dated June 9, 1950, entitled "HARRY GOLD, was; ESPIONAGE - R."

Teletype from Philadelphia to the Bureau and New York dated June 12, 1950, entitled "HARRY GOLD, was; ESPIONAGE - R."

As will be seen from perusal of these teletypes, the stories

NY 65-15330

ADMINISTRATIVE PAGE CONT'D.

as told by BROTHMAN and GOLD to Agents and the Grand Jury regarding the origin of their association were completely fabricated. It now appears that BROTHMAN and GOLD, on May 29, 1947, got together between interviews and on the insistence of BROTHMAN, GOLD told the Agents and later the Grand Jury that he had first met BROTHMAN through GOLOS when, as a matter of fact, according to GOLD now, he was originally sent to BROTHMAN by SAM (SEMEN SEMENOV). It also appears that BROTHMAN was being contacted by an individual connected with Amtorg several years before BENTLEY or GOLOS or GOLD started to contact him.

Reinterview with BROTHMAN is anticipated in the immediate future.

It should be added that in connection with the statement by GOLD as set forth in the teletype of June 12, 1950 from Philadelphia, to the effect that GOLD met BROTHMAN first in BROTHMAN'S automobile and that SAM had furnished GOLD with BROTHMAN'S license number, BENTLEY had the following to say in a recent interview:

BENTLEY stated that after GOLOS returned from Philadelphia in late 1940, he instructed her to tell BROTHMAN on the occasion of her next meeting with him that BROTHMAN was going to be turned over to a new contact. BENTLEY stated GOLOS never turned over any of his contacts unless he had been specifically instructed to do so by his superiors. Following this conversation with GOLOS, she stated she met BROTHMAN at a pre-arranged meeting, brought him to Paddy's Clam House on West 34th Street, New York City, and informed him of GOLOS' request. She claims BROTHMAN became adamant and it was necessary for both BENTLEY and GOLOS to see BROTHMAN at a subsequent time, after which she, BENTLEY, ceased to see him anymore.

BENTLEY said that the change-over (of contacts) was effected by obtaining the license number of BROTHMAN'S automobile and requesting him to park his car and remain in it on Eighth or Ninth Avenue in uptown Manhattan. At a specific time the new contact would come by, get into the car, and talk to BROTHMAN, accepting any material he had. She also recalled that after a month or two after she ceased to see

NY 65-15330

ADMINISTRATIVE PAGE CONT'D.

BROTHMAN, he called her and informed her he had lost touch with his new contact. She relayed this information to GOLOS and heard nothing more about it. Her impression was that GOLOS was able to rehabilitate the contact.

It will also be noted that GOLD arranged a meeting between SAM (SEMENOV) and BROTHMAN at the Hotel Lincoln, New York City, in late 1942 or early 1943.

BROTHMAN, in all interviews, has denied that GOLD was ever in his home. GOLD, however, states that he has been in BROTHMAN'S home. In this connection it should be noted that BROTHMAN for the past several years has lived at 41-08 42nd Street, Sunnyside, Queens, New York, which is within five minutes' drive of the Queens Plaza area. He lives there with his wife, NAOMI METT BROTHMAN, who is Russian born, and his two children. BROTHMAN was married on June 15, 1937 and admittedly "does not get along with her." BROTHMAN also rents or owns a summer home in Peekskill, New York.

Of further possible interest is the fact that while testifying before the Grand Jury in 1947, BROTHMAN stated that after graduating from Columbia in 1933 he did research work in a laboratory of his own for about three years. From about 1936 to 1938 BROTHMAN stated, he worked for the Ansbacher-Siegle Company. Thereafter he became employed at the Republic Chemical and Machinery Company and the Hendrick Manufacturing Company, 154 Nassau Street, later 114 East 32nd Street, and later at 30 Church Street, all New York City. The dates of this last employment were from 1938 to July, 1942.

From July, 1942 to about August, 1944 BROTHMAN was employed as a chemical engineer in the firm of the Chemurgy Design Corporation, 420 Lexington Avenue, (Graybar Building, 43rd Street). In August, 1944 he organized the A. Brothman and Associates, a firm of consulting engineers. His original partners were JULES KORCHIEN, OSCAR J. VAGO, EMIL Z. BARISH and GERHARD N. WOLLAN. The original address of this firm was 114 East 32nd Street, New York City. BARISH and WOLLAN, and finally VAGO and KORCHIEN left BROTHMAN between the years August, 1944 and June, 1948. All of the above-named individuals have been subjects of SECURITY MATTER - C investigations by the New York Office.

NY 65-15330

ADMINISTRATIVE PAGE CONT'D.

Since June, 1948 BROTHMAN has had as his partner MIRIAM MOSKOWITZ, formerly his secretary and presently his paramour. BROTHMAN'S offices are still at 29-28 41st Street, Long Island City, New York.

The following is a physical description of BROTHMAN, obtained from official records and from observation and interrogation:

By letter dated June 13, 1950 the following information was furnished to the Syracuse Resident Agency regarding JACOB GOLOS:

ELIZABETH BENTLEY advised that she was introduced to JACOB GOLOS, as TIM, in 1938-1939. GOLOS was the Secretary of World Tourist, Inc., as of 1940. According to BENTLEY, GOLOS operated as the Head of an espionage group in Washington, D. C. from 1938 to 1943. GOLOS died in New York City on November 27, 1943.

GOLOS introduced ABE BROTHMAN to ELIZABETH BENTLEY in May, 1940.

It is to be noted that Selective Service records reveal

NY 65-15330

ADMINISTRATIVE PAGE CONT'D.

that in 1940 BROTHMAN resided at 41-08 42nd Street, Long Island City, New York, telephone IRonsides 6-7769.

9/5 [In connection with the investigation of GAIK OVAKIMIAN, a known Soviet agent, a surveillance was instituted in December, 1940. On January 18, 1941 OVAKIMIAN contacted a person identified as JACOB GOLOS. There were several subsequent contacts on the part of these two individuals until May 5, 1941 when OVAKIMIAN was arrested by Agents of the New York Office. They made no contact after this arrest. OVAKIMIAN departed from the United States on July 23, 1941.

ELIZABETH BENTLEY further advised that FRED ROSE, a subject in the Corby Case, spent about ten days in New York City in 1943 and most of that time he spent with JACOB GOLOS.

By letter dated June 13, 1950 photographs of OVAKIMIAN were submitted to the Philadelphia Office to exhibit to GOLD,

9/5 [Enclosed with the letter of June 12, 1950 to the Syracuse Resident Agency were photographs of OVAKIMIAN and GOLOS for possible use in the interview of SLACK.

It is to be noted that OVAKIMIAN is possibly identical with UNSUB FRED, GOLD'S third espionage superior. GOLD met FRED in late 1937 or early 1938 in New York City.

9/5 [The true name of JACOB GOLOS was JACOB RAISIN. He was known to WILLIAM REMINGTON and MARY PRICE as "JOHN;" to ROBERT MILLER as JOHN FRIEDMAN. REMINGTON, PRICE and MILLER are the subjects of investigation in connection with the SILVERMASTER Case,

GOLOS was also known in 1922 - 1924 as "DAVIS."

New York teletype to the Bureau, Philadelphia, Albany and the Syracuse Resident Agency dated June 12, 1950, entitled "HARRY GOLD, was; ESPIONAGE - R," referred to the Philadelphia teletype dated June 12, 1950 which mentioned that GOLD stated that BROTHMAN claimed to have a superior several years before ELIZABETH T. BENTLEY, who worked at the

NY 65-15330

ADMINISTRATIVE PAGE CONT'D.

Amtorg Trading Corporation, was an Armenian and was replaced by a Russian. GOLD stated that this individual had an Armenian name, possibly beginning with "S" or "K". The New York teletype pointed out that this individual may be identical with GAIK OVAKIMIAN, an Armenian and a known Soviet agent. It was especially noteworthy that since OVAKIMIAN was a Doctor of Chemistry and worked at the Amtorg Trading Corporation the same time as SEMEN SEMENOV, he, OVAKIMIAN, possibly recruited RICHARD M. BRIGGS and ALFRED DEAN SLACK, who were also chemists.

47 Pursuant to Albany letter dated June 12, 1950 a photograph of PAVEL PETROVICH MIKHAILOV was sent to the Syracuse Resident Agency by letter dated June 13, 1950. The Albany letter pointed out that GOLD stated that MIKHAILOV might be an individual to whom he turned over information in either Buffalo, Rochester or Syracuse.

o/s [Under date of June 1, 1950 F.B.I. Identification record was furnished to the New York Office regarding ALFRED DEAN SLACK, F.B.I. Number 439135A. Photographs of SLACK were enclosed with the Identification record. A copy of this Identification record was submitted to Albany (Syracuse Resident Agency) by New York letter dated June 9, 1950.

By teletype dated June 2, 1950 Buffalo Office was requested to investigate RICHARD DANIEL BRIGGS, mentioned in Buffalo file 117-3 re ALFRED D. SLACK; AEA, and to obtain a photograph of BRIGGS as possibly identified with unknown Americans number one, three and four. Buffalo was also requested to furnish a photograph to Philadelphia for exhibition to GOLD. It is now known that unknown Americans one, three and four are identical with subject SLACK.

By teletype dated June 2, 1950 Knoxville was requested to check registrations of the Kingsport Inn, Kingsport, Tennessee, for GOLD's registration and to submit the same to the F.B.I. Laboratory. A copy of this teletype was furnished to Albany by letter dated June 9, 1950.

o/s [By teletype dated June 2, 1950 Chicago was requested to check the Bureau of Public Debt for information concerning the present whereabouts of SLACK. By the same teletype the Identification Division was requested to furnish pertinent information from the Identification records regarding SLACK. A copy of this teletype was sent to Albany by letter dated June 9th.

Teletype dated June 3, 1950 to the Bureau, Albany, Philadelphia, Baltimore, Charlotte, and Los Angeles advised that subject's photographs were being forwarded to all offices listed in SAC letter, May 4, 1950, entitled: "ESPIONAGE and INTERNAL SECURITY investigation" (full utilization of Confidential Informants and sources of information) for possible display to contacts listed therein.

ADMINISTRATIVE PAGE CONT'D.

By teletype dated June 13, 1950 the New York Office requested the Newark Office to report and set out leads based on information contained in the following reports, all of which were made at Newark, New Jersey in the case entitled "Communication 9716, UNKNOWN SUBJECTS, PETER DAVID LEVINE - VICTIM; KIDNAPING:"

Report of SA Clyde E. Smith, 2/14/39;
Report of SA J. J. Meehan, 6/7/39;
Report of SA Glen C. Metcalf, 2/21/42.

The report dated February 21, 1942, mentioned above, reflects on Page Three information that after the death of BRIGGS in September, 1939 a "brother-in-law who came from Rochester" came to BRIGGS' residence in Verona, New Jersey and took away all of BRIGGS' personal property and papers. It is suggested, therefore, that the "brother-in-law" is probably subject, SLACK, and that the address book of BRIGGS' probably came into SLACK'S possession at that time. It further appears probable that the folder found in GOLD'S residence containing the information relating to urea and film processing may have also come into SLACK'S possession on BRIGGS' death. This material at a later date was probably furnished to GOLD by SLACK.

At the time BRIGGS was arrested in Florida he signed an authorization permitting this Bureau to make use of his address book and bank book. This authorization bearing BRIGGS' pencilled signature was forwarded to the New York Office by the Miami Office in a letter dated May 30, 1938 in the case entitled "LENAP." Also forwarded by the same letter were five blank sheets of thin typewriting paper found in BRIGGS' suitcase at the time of his arrest. The authorization bearing BRIGGS' signature and the five sheets of typewriting paper have been forwarded by the New York Office to the FBI Laboratory for use in comparison examination.

By teletype dated June 12, 1950 the New York Office advised the Bureau, Albany, Newark and the Syracuse Resident Agency that the address book and bank book belonging to RICHARD M. BRIGGS were mailed by the New York Office to BRIGGS, at 1 East Lincoln Street, Verona, New Jersey, on August 26, 1938.
