26 September 2014

Mr. John Greenwald

Reference: F-2014-02189 / FBI FOI/PA #1224176-000

Dear Mr. Greenwald:

In the course of processing your 28 September 2013 Freedom of Information Act (FOIA) request, submitted on behalf of The Black Vault, to the Federal Bureau of Investigation (FBI) for a copy of FBI File 62-HQ-80750, the FBI located CIA information and referred it to us on 25 July 2014 for review and direct response to you.

We reviewed the material and determined that one document can be released in segregable form with deletions made on the basis of FOIA exemptions (b)(1), (b)(3), and (b)(5). A copy of the document is enclosed.

Additional material was determined to be currently and properly classified and must be denied in its entirety on the basis of FOIA exemptions (b)(1), (b)(3), and/or (b)(5). Exemption (b)(3) pertains to information exempt from disclosure by statute. The relevant statutes are Section 6 of the Central Intelligence Agency Act of 1949, as amended, and Section 102A(i)(1) of the National Security Act of 1947, as amended. An explanation of exemptions is enclosed. As the CIA Information and Privacy Coordinator, I am the CIA official responsible for this determination. You have the right to appeal this response to the Agency Release Panel, in my care, within 45 days from the date of this letter. Please include the basis of your appeal.

Sincerely,

A handwritten signature in cursive script, reading "Michele Meeks".

**Intelligence Research and Development Council
Minutes of the 18 May 1988 Meeting**

1. An Executive meeting was held by the members of the Intelligence Research and Development Council (IR&DC) at 1300 hours on 18 May 1988, in room 3E869, the Pentagon. The following principals or representatives were present: [redacted]

(b)(3)

- Dr. Robert Duncan (Chairman), Director, Defense Research and Engineering
- Mr. James Hirsch, Central Intelligence Agency
- Dr. Jack Vorona, Defense Intelligence Agency
- [redacted], National Security Agency
- Mr. Jimmie Hill, Office of the Secretary of the Air Force
- LTG Edward Heinz, Director, Intelligence Community Staff
- Mr. Thomas Handel, Office of Naval Intelligence
- CMDR Edmond Pope, Department of the Navy
- Mr. Bruce Zimmerman, Department of the Army
- LTC James Beal, Department of the Air Force
- Mr. William Bayse, Federal Bureau of Investigation
- Mr. Charles Hawkins, Deputy Assistant Secretary of Defense (Intelligence)
- Dr. Craig Fields, Deputy Director (Research), Defense Advanced Research Projects Agency

(b)(3)

2. Dr. Duncan opened the meeting by stating that the DDCI had indicated that the DCI and he would like the Council to focus more on tracking emerging technologies and be less concerned with budgetary issues. In addition, Dr. Duncan noted that the DDCI would like the Council to take on the responsibility for making the Intelligence Community more aware of technologies which may be available and which may have application within the Intelligence Community. Dr. Duncan stated that the Council can obtain insights into technology developments from areas outside of the Intelligence Community such as Defense, DOE, NASA, industry and academia, as well as from the members of the Council. He indicated that the Council has the responsibility to continue to provide technical advice for the DCI and the DDCI. [redacted]

(b)(3)

3. Dr. Duncan introduced Dr. John Birely of Los Alamos National Laboratory. Mr. Birely spoke concerning their various research programs. He also stated his purpose is to emphasize the notions of solving problems using technology the same approach which is stressed at Los Alamos. [redacted]

Explanation of Exemptions

Freedom of Information Act:

- (b)(1) exempts from disclosure information currently and properly classified, pursuant to an Executive Order;
- (b)(2) exempts from disclosure information, which pertains solely to the internal personnel rules and practices of the Agency;
- (b)(3) exempts from disclosure information that another federal statute protects, provided that the other federal statute either requires that the matters be withheld, or establishes particular criteria for withholding or refers to particular types of matters to be withheld. The (b)(3) statutes upon which the CIA relies include, but are not limited to, the CIA Act of 1949;
- (b)(4) exempts from disclosure trade secrets and commercial or financial information that is obtained from a person and that is privileged or confidential;
- (b)(5) exempts from disclosure inter-and intra-agency memoranda or letters that would not be available by law to a party other than an agency in litigation with the agency;
- (b)(6) exempts from disclosure information from personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of privacy;
- (b)(7) exempts from disclosure information compiled for law enforcement purposes to the extent that the production of the information (A) could reasonably be expected to interfere with enforcement proceedings; (B) would deprive a person of a right to a fair trial or an impartial adjudication; (C) could reasonably be expected to constitute an unwarranted invasion of personal privacy; (D) could reasonably be expected to disclose the identity of a confidential source or, in the case of information compiled by a criminal law enforcement authority in the course of a criminal investigation or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source; (E) would disclose techniques and procedures for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law; or (F) could reasonably be expected to endanger any individual's life or physical safety;
- (b)(8) exempts from disclosure information contained in reports or related to examination, operating, or condition reports prepared by, or on behalf of, or for use of an agency responsible for regulating or supervising financial institutions; and
- (b)(9) exempts from disclosure geological and geophysical information and data, including maps, concerning wells.
