- The enclosed material is from the main investigative file(s), meaning the subject(s) of your request was the focus of the investigation. Our search located additional references, in files relating to other individuals, or matters, which may or may not be about your subject(s). Our experience has shown such additional references, if identified to the same subject of the main investigative file, usually contain information similar to the information processed in the main file(s). As such, we have given priority to processing only the main investigative file(s) given our significant backlog. If you would like to receive any references to the subject(s) of your request, please submit a separate request for the reference material in writing. The references will be reviewed at a later date, as time and resources permit.
- See additional information which follows.

Sincerely,
