MR. JOHN JR. GREENWALD

FOIPA Request No.: 1371095-000 Subject: EPSTEIN, HEDY

Dear Mr. Greenwald:

Records responsive to your request were previously processed under the provisions of the Freedom of Information Act. Enclosed is one CD containing 430 pages of previously processed documents and a copy of the Explanation of Exemptions. This release is being provided to you at no charge.

Please be advised that additional records potentially responsive to your subject may exist. If this release of previously processed material does not satisfy your information needs for the requested subject, you may request an additional search for records. Submit your request by mail or fax to – Work Process Unit, 170 Marcel Drive, Winchester, VA 22602, fax number (540) 868-4997. Please cite the FOIPA Request Number in your correspondence.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. <u>See</u> 5 U.S. C. § 552(c) (2006 & Supp. IV (2010). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

For questions regarding our determinations, visit the <u>www.fbi.gov/foia</u> website under "Contact Us." The FOIPA Request Number listed above has been assigned to your request. Please use this number in all correspondence concerning your request. Your patience is appreciated.

You may file an appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, Suite 11050, 1425 New York Avenue, NW, Washington, D.C. 20530-0001, or you may submit an appeal through OIP's FOIAonline portal by creating an account on the following web site: <u>https://foiaonline.regulations.gov/foia/action/public/home</u>. Your appeal must be postmarked or electronically transmitted within ninety (90) days from the date of this letter in order to be considered timely. If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal." Please cite the FOIPA Request Number assigned to your request so that it may be easily identified. You may seek dispute resolution services by contacting the Office of Government Information Services (OGIS) at 877-684-6448, or by emailing <u>ogis@nara.gov</u>. Alternatively, you may contact the FBI's FOIA Public Liaison by emailing <u>foipaquestions@ic.fbi.gov</u>. If you submit your dispute resolution correspondence by email, the subject heading should clearly state "Dispute Resolution Services." Please also cite the FOIPA Request Number assigned to your request so that it may be easily identified.

Sincerely,

was told that no apartment would be available for rental until November, 1974. Ms. Epstein attempted to rent an apartment herself on the afternoon of September 10, 1974, using an alias, The resident manager informed Ms. Epstein that the Ambassador Apartments had 90% black residency and asked her if she would be bothered by this fact. When Ms. Epstein said that she was not concerned that she would be living among black tenants, the resident manager showed her several apartments that were available for immediate rental. At that time the resident manager informed her that the owners of the apartment were attempting to convert the complex into an allfemale residence and had not rented to males for the last two months. Later the same day Ms. Epstein called the resident manager of the Ambassador Apartments and informed her that it was a violation of the Fair Housing Act to refuse to rent apartments to males on the basis of sex. The resident manager reacted in a hostile manner, eventually hanging up the phone.

The subject, Ambassador Apartments, is a twelve story complex located at 5250 Delmar Street, St. Louis, Missouri. Ms. Epstein reported that it is owned by the subject, Metrix, Inc., W. Main Street, Belleville, Illinois, a corporation incorporated under the laws of Illinois.

In keeping with the recent amendments to the Fair Housing Act, 42 U.S.C. 3601 <u>et seq.</u>, making it now illegal to discriminate on the basis of sex in the rental of apartments, please conduct the following investigation to determine whether the subjects are engaging in a pattern or practice of discrimination in violation of the Fair Housing Act:

b6 b7C 5

Please verify the ownership of the subject, Ambassador Apartments, and obtain the name and addresses of the registered agent for service of process, the president, and the directors of the owners if a corporation, or the name and address of any individual owner.

II.

Please conduct the interview outlined in Item 2 of Attachment A, including an investigation as to whether the subject discriminated against the victim on the basis of sex.

III.

Please conduct the interview outlined in Item 4 of Attachment A, omitting paragraph (d). Please include an investigation as to the sex of the individuals described in paragraphs (a)-(c); (e) and (n) of Item 4.

With regard to paragraph (e), please obtain the requested information for the number of applications since April 1, 1974, if less than twenty. */

With regard to paragraph (f), please also ascertain the approximate rate of turnover and the percentage of males moving out in comparison to this total rate.

*/ Ms. Epstein reported to this office that the ownership of Ambassador Apartments changed in April, 1974.

With regard to paragraph (k), please also ascertain whether the sex of an applicant is requested on the application sheet or card. In addition, please ascertain whether the sex of an applicant is noted on an application for rental in cases in which the name of an applicant is ambiguous so as not to reveal his or her sex, and if so, please obtain representative copies of such applications.

With regard to paragraphs (g) and (i), please conduct the investigation to cover male applicants as well as black applicants.

VI.

Please conduct the interview described in Item 5 of Attachment A.

V.

Please conduct the investigation described in Item 6 of Attachment A.

With regard to paragraph (g), please add the words "or males" after "black persons." In addition, please determine if there are any limitations emposed upon male visitors or tenants by apartment rules.

With regard to paragraph (i), please add the words "or male" after "black".

With regard to paragraph (j), please add the words "or sex" after the phrase "without regard to race or color." VI.

With regard to paragraph (d) of Item 8, please determine also whether there are any limitations imposed upon male visitors or tenants by apartment rules.

on the basis of sex.

1. Interview the complainant, if other than the victim, for full details of his complaint, including the names of the subject, victim and any others with knowledge of the alleged discriminatory acts.

2. Interview the victim to obtain the following information:

> (a) Please obtain full background information, including his address, telephone number at home and at work, age, race, religion or national origin (as relevant to his allegations), his occupation, place of employment, length of time employed, family income, educational background, marital status and size of family living at home, and such other background data as may appear to be pertinent.

(b) Obtain full details of all dealings the victim has had with the subject or any of his agents, including all oral or written communications with these persons, the date and time such communications were made, the nature of the alleged discriminatory act, the names and addresses of the persons who were involved, and the victim's description of what was said or done.

(c) If the allegation relates to discrimination in the terms of rentals, i.e., if black persons claim they were quoted higher rates than are quoted to white persons for a similar unit, ascertain the rental rates and the amount of the security deposit quoted to the

177-3047. (IENCLOSURE)

interviewee and determine why the interviewee believes the rates to be discriminatory; also, please determine the number of bedrooms requested, size of apartment shown to interviewee, location of apartment shown (ground floor or above), and whether the unit contains a balcony, patio, fireplace or other feature (such as utilities furnished by the management) which would affect the rental rate.

(d) Determine from the victim the reason or reasons the subject or his agents gave for refusing to rent or deal with him.

(e) Ascertain the names and addresses of any witnesses to the incident.

(f) Obtain copies of any pertinent written materials or documents that the victim may have in his possession, such as copies of application forms for the subject housing, copies of purchase agreements or applications for financing, advertising materials dealing with the subject housing, or correspondence between the subject and the victim.

3. Obtain details of any complaint made by the complainant or victim with any local, state or federal agency concerning the same incident of housing discrimination. From the specific agency involved,

- 2 -

. . . ·

please secure copies of any complaints about any building or complex, etc., owned or managed by the subject, as well as the names of all obvious victims and complainants and the results of that agency's investigation and action taken on each complaint.

4. Please interview the owner, resident manager or other appropriate representative of the owner to secure his version of the facts resulting in the complaint, and to obtain the following additional information:

> (a) Please determine the name, address, race and position or function of every person and organization having an ownership interest in, or participating in the management of, the building or complex in question.

(b) Determine the name, address, number of units, age and type of buildings, and number of tenants by race (including the date the first non-white moved in) of every residential building or apartment complex owned by the owners or any of them, or managed by the managers or any of them.

(c) Please determine the number of tenants by race at the subject building or complex, and the name and address (dwelling or apartment number, etc.) of each non-white tenant. Also, ascertain the range of rent for each type of unit, including information as to whether the rental rate is affected by features such as patio, balcony, location (ground floor or above), and all other factors which would determine the rental rate.

- 3 -

•

5

(d) If a trailer park is involved, also ascertain the total number of spaces, the number of units owned by the subject and the tenants. Ascertain the conditions of occupancy (utilities, lease, rent, race, number of occupants, etc.), race of tenants, and address of each non-white tenant.

(e) Please determine the name, race, address, date of application and action taken in the applications of the last twenty applicants for a dwelling at the subject building, complex, etc. Please also secure the name, race, and address of every non-white applicant for the past two years (or of the last twenty black applicants, if there have been so many during a shorter period).

(f) Ascertain the number and type of vacant dwellings that were available at the time of the incident involved, the average number of vacancies per month and the duration of such vacancies.

(g) Please ascertain the rents charged at the complex where the incident occurred for each type of apartment, features which affect the rental rate, the approximate rate of turnover, and the approximate number of applicants, by race, per year. If there are no black or other minority tenants or very few, determine why the interviewee believes this to be so. (h) Ascertain whether and the degree to which management acquires new tenants through the recommendation and recruitment by existing tenants and through the acceptance of walk-in applicants for apartments, and full details as to the existence or nonexistence of such policy.

(i) Please determine if instructions were given to resident managers when the managers were hired regarding the rental of dwellings or spaces to blacks or other minority members; whether any changes occurred in these instructions, and if so, when; if the interviewee was ever advised by a manager of black applicants or of blacks who inquired, and if so, determine how the situation was handled and the results of the applications or inquiries. Also, ascertain whether interviewee has a specific policy concerning renting to blacks or other minority members, and, if so, ascertain the details of the policy and if it has changed, when and why the change was made.

(j) Please ascertain all criteria and qualifications prospective tenants must meet (credit rating, salary, marital status, race, children, deposit, written application, and the like), and a complete description of all procedures for becoming a tenant, including all steps from initial inquiry to moving in. Determine if the manager's subjective impression of the applicant plays any part in the decision to rent an apartment. If so, please determine specifics. (For example, are

(k) Ascertain whether any racial or other codes, such as a small "c"*/ or "XX"**/or other mark, appears on the application sheet or card to designate the race of the applicant. If so, inspect as many of the records as possible and obtain copies of a representative number.

(1) If a credit, employment, prior landlord, or other check is or has been in use, please obtain full details as to what check is made, whether check is made for all applicants or merely some and whether the same check is made as to all applicants. If a check is conducted in some but not all cases, or if a different check is conducted in some cases then in others, please determine all criteria on which the decision as to what, if any, check should be made. Please determine what check was made for the last ten black applicants and the last ten white applicants who reached this stage in their application. If a form is used for the various types of checks, please obtain copies of each.

*/ Often used for "colored."

 $\frac{**}{$ XX has often been used in the industry as a symbol for blacks.

If the subject advertises. (m) please secure details of the media used and copies of representative advertisements. If possible, obtain the entire page of the publication in which a written advertisement appears. If different media are used for different properties, please determine which properties are advertised in which media, and the general racial characteristics of the properties so advertised and of the neighborhood in which they are located (white, black, transitional, etc.). Determine whether the rental or other property is listed with any rental agency, brokerage firm or multiple listing service, and, if so, obtain the name, and address of such agency, firm or service.

(n) Please ascertain the number of employees by race and job position at each building or complex and identify any maintenance or other personnel who reside in the building.

(o) From personal observation and from interviews with the owner and the manager, ascertain whether a fair housing poster, which is required by the Department of Housing and Urban Development, is displayed in each rental office of the subject.

5. Please interview all persons who witnessed any dealings or conversations (which are the subject of this investigation) between the victim and the subject to obtain information similar to that requested to be obtained from the victim in Part 2 of this memorandum.

- 7 -

6. Please secure responsive interviews from five former employees and at least five present employees of the subject (giving preference to those who had rental or employment responsibilities, and including some non-white employees if possible) to obtain the following information:

8

(a) Determine how the apartments are advertised and how vacancies are made known to potential tenants. For example, are present tenants encouraged to locate or recommend potential tenants, are newspaper advertisements used, and if so, when, etc. Determine what proportion of applicants are referred by present tenants and whether such applicants are given any kind of preference.

(b) Determine the normal procedure followed from the time a potential tenant first contacts the rental agent or manager until the time the person is either rented an apartment or not rented an apartment. This should include the use of application forms, credit checks, necessity for references, procedures for verification of income or employment, etc.

(c) Determine the criteria used by a rental agent or manager in deciding whether to rent to a particular applicant. For example, is the manager given any discretion in the selection of tenants; if so, how is it used and is it reviewed by the owner. Obtain copies of any written or published criteria. (d) Ascertain the extent to which the manager or the rental agent was instructed about the rental of apartments by the owner. If any of the instructions were in writing, obtain copies.

^**3** a

(e) Determine whether the owner instructed or discussed with him the effect of the federal Civil Rights Act of 1968 or of any state or local fair housing act or regulation on the operation of the apartments. If so, please obtain details and the dates of such events. If exact dates are not known, please determine if such instructions or discussions occurred at about the same time as the passage of the acts.

(f) For those managers or rental agents who were employed by any of the subjects at the time of the passage of the 1968 Act (April 1968), or its general effective date (January 1, 1969), or at the time of the passage or effective date of a state or local Fair Housing Act, please determine the effect of such legislation on the operation or management of the apartments and the extent of any discussions with the owners concerning the changes.

(g) Please determine whether the interviewee is aware of any policy or procedure followed in the taking and processing of applications from, or rental of apartments to black persons which was different from that used in the case of others. This includes any statements or instructions the interviewee received in this regard, even though a particular interviewee did not necessarily follow those instructions. Also, determine if the interviewee is aware of any limitations on the use of facilities (pool, recreation areas, etc.) that may be imposed on black tenants or if there is any limitation on white tenants having black guests, etc.

(h) Please determine whether a credit check is conducted in the case of each applicant, whether the same procedures are used in each case, and by whom the check is conducted. If a check is not always made, or if different procedures are followed, please determine what criteria are used to decide how a particular applicant will be checked. Determine how many of the last 20 black applicants and how many of the last 20 white applicants were subjected to a full credit check.

(i) Please determine if the interviewee is aware of the identity of any black applicants who inquired about or applied for rental and if so, whether such applicants obtained an apartment. If they were not rented an apartment, obtain the reasons for not renting. Also, please obtain the names and addresses of all such persons (both successful and unsuccessful applicants) known to the interviewees, determine the number of units in

each apartment managed by each interviewee and ascertain the highest number of apartments rented to blacks at any one time at each such apartment complex.

- 11 -

(j) Determine if the apartment rental office contains or has contained a sign or notice which indicated the existence of a policy of renting to persons without regard to race or color and if, in any way, the existence of such policy was known to the community.

7. Please secure responsive interviews from at least five black tenants of the trailer park, apartment building or complex in question (if there are so many) and from at least five rejected black applicants as to all of their dealings with the subject. Please include the following information:

> (a) Ascertain how the interviewee learned of the subject dwellings and why he decided to apply or inquire at the subject dwellings.

(b) Determine how many times he went to the rental office, what was said, the manner in which he was received and the attitude, name and position of the person with whom he spoke.

(c) Determine if, in fact, the interviewee knew of a vacancy, and if so, the basis of that knowledge.

(d) Ascertain the type of information requested or sought by the persons in the office, such as credit references, names of employers, former addresses, etc.

(e) Determine the reason given to the applicant why he was not rented a dwelling, or if he was rented a dwelling, ascertain the length of the waiting period.

(f) Determine if the interviewee threatened to complain, or did complain, to a fair housing group, a lawyer, or a governmental agency because of any aspect of his dealings with the subject. If so, obtain details.

8. Please secure responsive interviews with ten present white tenants for the following information:

(a) Please obtain the information requested in Part 7, above.

(b) Please determine their understanding of the subject's policy or practice with regard to the rental of apartments to black persons or to other minority persons. If they have an understanding of the policy or practice, please determine the factual basis for it.

(c) Please determine if the interviewee is aware of any instance when a black or other minority person was not rented an apartment and the reasons for the failure to rent, if known. (d) Determine if interviewee has ever been advised by a representative of the subject about any rules which may pertain to entertaining black guests in the apartments, black guests using the pool or other recreational facilities, or any other matter which may indicate a policy or practice based on race or color.

(e) Please determine whether the interviewee was told that blacks or other minority persons were not rented apartments there, kept out, etc. If so, secure details concerning those who were present, the dates, exactly what was said, and whether such conversation occurred when the interviewee was seeking an apartment at the subject building or complex, or after he moved in.

In order to determine whether the subjects are engaging in a pattern or practice of discrimination in violation of the Fair Housing Act of 1968, 42 U.S.C. §3601 <u>et seq</u>. please conduct the following limited investigation.

Ι

Please interview Mrs. Hedy Epstein, and obtain the information described in item 2 of Attachment A. Mrs. Epstein may know of other individuals who have recently had dealings with the subjects. If so, please interview these individuals also.

*/ A recent amendment to the Fair Housing Act of 1968, effective August 22, 1974, prohibits discrimination in the provision of services in connection with the sale or rental of a dwelling because of sex. 42 U.S.C. §3604(b). This could, therefore be a violation even if it was not racially motivated.

Please interview the owner or other appropriate representative of Whittaker Enterprises and obtain the following information:

1. Please determine the nature and type of the business operation, whether a partnership, corporation, and if incorporated, the corporate name, date and state of incorporation, business address and location of all offices. Obtain the name, race and address of the principle stockholders.

2. Please determine the name, address, race, sex and position or function of every person and organization having an ownership interest in, or participating in the management of, the subject.

3. Please determine the nature of the business conducted by Whittaker Enterprises in the housing area. Is it limited to the sale of house trailers, or does the firm also own or manage rental property or sell homes? In the event that the subject owns or manages more than 20 apartment units, please obtain the information described in item 4, parts (b), (c), (g), (1) and (n) of Attachment A.

4. Please determine the number of trailers sold by the subject in the last year, and the number of fixed houses, if any, sold by the subject in that period.

5. Please determine the name and current address of each of the last ten black persons and each of the last ten white persons who purchased trailers through the subject. For each sale, please determine the location of the trailer at the time it was sold, including the name of the trailer park, if any. If the interviewee knows, please determine the approximate racial composition of each named trailer park.

6. If the interviewee is please continue the interview to obtain the information requested in item III below.

b6 b7C Please interview two former employees of Whittaker Enterprises, (selecting, if possible, individuals with sales responsibilities) and present employees, to obtain the following information:

III

4 00

1. Background information, including full name, current address and telephone number, age, race, occupation, and past and present place of employment.

2. The dates during which the interviewee was employed by the subject and a description of his job and duties there. If the interviewee is no longer employed by the subject, please determine whether he left the job voluntarily or was fired. If he left voluntarily, what reason did he give the company for leaving? If he was fired, what explanation was given?

3. A detailed description of the procedures followed for obtaining listings. Is there a formal or informal procedure for obtaining listings through referrals from the management of trailer parks? If so, what trailer parks provide such referrals and what procedure is used? Was the interviewee ever instructed to screen prospective pur chasers for compliance with occupancy requirements of any trailer park? If so, please determine the name and location of the park or parks involved and the details of the instructions given. If no specific instructions were given, please determine whether the interviewee ever obtained informally an understanding as to requirements at any parks, and obtain details.

Please determine the interviewee's belief as to the racial composition of all trailer parks in which he has sold trailers. Has he ever been told or otherwise acquired an understanding that minority group members would not be welcome at any park? If so, please obtain details. Is the interviewee aware of any instance in which a member of a minority group has purchased or attempted to purchase a trailer, and been discouraged or prevented from occupying it because of his race? If so, obtain details, including the name and address of the individuals involved if the interviewee has that information.

b6 b7C In your interview with _____ please ascertain at this point what he meant by his statement to _____ that "there might be problems with the owner of the land" and what information this belief was based on.

IV

Please re-contact the victim, ______ and ascertain her reason for believing that ______ was cooperating with ______ in excluding blacks from the trailer park. In addition, please obtain a copy of the letter she received on August 8, 1974 indicating that for sale signs could no longer be displayed in the park.

V

With regard to the subject Brookside Development Corporation, in order to supplement the preliminary investigation please re-contact and obtain the information requested in items 4(a), (b), (1), (m) and (n). In addition, please obtain the names and addresses of the last 20 applicants, the approximate number of units that change occupancy per year through sale of the trailer by the owner, and the number that change through removaloof the trailer and replacement by another.

VI

With regard to the subject Brookside Development Company, please conduct the investigation requested in item 6 of Attachment A, except limit the number of interviews to no more than two present employees and two former employees.

ATTACHMENT A

1. Interview the complainant, if other than the victim, for full details of his complaint, including the names of the subject, victim and any others with knowledge of the alleged discriminatory acts.

2. Interview the victim to obtain the following information:

> (a) Please obtain full background information, including his address, telephone number at home and at work, age, race, religion or national origin (as relevant to his allegations), his occupation, place of employment, length of time employed, family income, educational background, marital status and size of family living at home, and such other background data as may appear to be pertinent.

(b) Obtain full details of all dealings the victim has had with the subject or any of his agents, including all oral or written communications with these persons, the date and time such communications were made, the nature of the alleged discriminatory act, the names and addresses of the persons who were involved, and the victim's description of what was said or done.

(c) If the allegation relates to discrimination in the terms of rentals, i.e., if black persons claim they were quoted higher rates than are quoted to white persons for a similar unit, ascertain the rental rates and the amount of the security deposit quoted to the

ECOND 177- 2-17-2

interviewee and determine why the interviewee believes the rates to be discriminatory; also, please determine the number of bedrooms requested, size of apartment shown to interviewee, location of apartment shown (ground floor or above), and whether the unit contains a balcony, patio, fireplace or other feature (such as utilities furnished by the management) which would affect the rental rate.

(d) Determine from the victim the reason or reasons the subject or his agents gave for refusing to rent or deal with him.

(e) Ascertain the names and addresses of any witnesses to the incident.

(f) Obtain copies of any pertinent written materials or documents that the victim may have in his possession, such as copies of application forms for the subject housing, copies of purchase agreements or applications for financing, advertising materials dealing with the subject housing, or correspondence between the subject and the victim.

3. Obtain details of any complaint made by the complainant or victim with any local, state or federal agency concerning the same incident of housing discrimination. From the specific agency involved.

- 2 -

• • •

Ŷ.

please secure copies of any complaints about any building or complex, etc., owned or managed by the subject, as well as the names of all obvious victims and complainants and the results of that agency's investigation and action taken on each complaint.

3

4. Please interview the owner, resident manager or other appropriate representative of the owner to secure his version of the facts resulting in the complaint, and to obtain the following additional information:

> (a) Please determine the name, address, race and position or function of every person and organization having an ownership interest in, or participating in the management of, the building or complex in question.

(b) Determine the name, address, number of units, age and type of buildings, and number of tenants by race (including the date the first non-white moved in) of every residential building or apartment complex owned by the owners or any of them, or managed by the managers or any of them.

(c) Please determine the number of tenants by race at the subject building or complex, and the name and address (dwelling or apartment number, etc.) of each non-white tenant. Also, ascertain the range of rent for each type of unit, including information as to whether the rental rate is affected by features such as patio, balcony, location (ground floor or above), and all other factors which would determine the rental rate. (d) If a trailer park is involved, also ascertain the total number of spaces, the number of units owned by the subject and the tenants. Ascertain the conditions of occupancy (utilities, lease, rent, race, number of occupants, etc.), race of tenants, and address of each non-white tenant.

4

(e) Please determine the name, race, address, date of application and action taken in the applications of the last twenty applicants for a dwelling at the subject building, complex, etc. Please also secure the name, race, and address of every non-white applicant for the past two years (or of the last twenty black applicants, if there have been so many during a shorter period).

(f) Ascertain the number and type of vacant dwellings that were available at the time of the incident involved, the average number of vacancies per month and the duration of such vacancies.

(g) Please ascertain the rents charged at the complex where the incident occurred for each type of apartment, features which affect the rental rate, the approximate rate of turnover, and the approximate number of applicants, by race, per year. If there are no black or other minority tenants or very few, determine why the interviewee believes this to be so. (h) Ascertain whether and the degree to which management acquires new tenants through the recommendation and recruitment by existing tenants and through the acceptance of walk-in applicants for apartments, and full details as to the existence or nonexistence of such policy.

(i) Please determine if instructions were given to resident managers when the managers were hired regarding the rental of dwellings or spaces to blacks or other minority members; whether any changes occurred in these instructions, and if so, when; if the interviewee was ever advised by a manager of black applicants or of blacks who inquired, and if so, determine how the situation was handled and the results of the applications or inquiries. Also, ascertain whether interviewee has a specific policy concerning renting to blacks or other minority members, and, if so, ascertain the details of the policy and if it has changed, when and why the change was made.

(j) Please ascertain all criteria and qualifications prospective tenants must meet (credit rating, salary, marital status, race, children, deposit, written application, and the like), and a complete description of all procedures for becoming a tenant, including all steps from initial inquiry to moving in. Determine if the manager's subjective impression of the applicant plays any part in the decision to rent an apartment. If so, please determine specifics. (For example, are

- <u>5</u> -

managers free to accept or reject applicants because of hair styles, neatness, age or type of car, etc.)

(k) Ascertain whether any racial or other codes, such as a small "c"*/ or "XX"**/or other mark, appears on the application sheet or card to designate the race of the applicant. If so, inspect as many of the records as possible and obtain copies of a representative number.

(1) If a credit, employment, prior landlord, or other check is or has been in use, please obtain full details as to what check is made, whether check is made for all applicants or merely some and whether the same check is made as to all applicants. If a check is conducted in some but not all cases, or if a different check is conducted in some cases then in others, please determine all criteria on which the decision as to what, if any, check should be made. Please determine what check was made for the last ten black applicants and the last ten white applicants who reached this stage in their application. If a form is used for the various types of checks, please obtain copies of each.

*/ Often used for "colored."

 $\frac{**}{XX}$ has often been used in the industry as a symbol for blacks.

- 6 -

(m) If the subject advertises, please secure details of the media used and copies of representative advertisements. If possible, obtain the entire page of the publication in which a written advertisement appears. If different media are used for different properties, please determine which properties are advertised in which media. and the general racial characteristics of the properties so advertised and of the neighborhood in which they are located (white, black, transitional, etc.). Determine whether the rental or other property is listed with any rental agency, brokerage firm or multiple listing service, and, if so, obtain the name, and address of such agency, firm or service.

(n) Please ascertain the number of employees by race and job position at each building or complex and identify any maintenance or other personnel who reside in the building.

(o) From personal observation and from interviews with the owner and the manager, ascertain whether a fair housing poster, which is required by the Department of Housing and Urban Development, is displayed in each rental office of the subject.

5. Please interview all persons who witnessed any dealings or conversations (which are the subject of this investigation) between the victim and the subject to obtain information similar to that requested to be obtained from the victim in Part 2 of this memorandum.

7 -

6. Please secure responsive interviews from five former employees and at least five present employees of the subject (giving preference to those who had rental or employment responsibilities, and including some non-white employees if possible) to obtain the following information:

> (a) Determine how the apartments are advertised and how vacancies are made known to potential tenants. For example, are present tenants encouraged to locate or recommend potential tenants, are newspaper advertisements used, and if so, when, etc. Determine what proportion of applicants are referred by present tenants and whether such applicants are given any kind of preference.

(b) Determine the normal procedure followed from the time a potential tenant first contacts the rental agent or manager until the time the person is either rented an apartment or not rented an apartment. This should include the use of application forms, credit checks, necessity for references, procedures for verification of income or employment, etc.

(c) Determine the criteria used by a rental agent or manager in deciding whether to rent to a particular applicant. For example, is the manager given any discretion in the selection of tenants; if so, how is it used and is it reviewed by the owner. Obtain copies of any written or published criteria.

- 8 -

ه د ر خ (d) Ascertain the extent to which the manager or the rental agent was instructed about the rental of apartments by the owner. If any of the instructions were in writing, obtain copies.

(e) Determine whether the owner instructed or discussed with him the effect of the federal Civil Rights Act of 1968 or of any state or local fair housing act or regulation on the operation of the apartments. If so, please obtain details and the dates of such events. If exact dates are not known, please determine if such instructions or discussions occurred at about the same time as the passage of the acts.

(f) For those managers or rental agents who were employed by any of the subjects at the time of the passage of the 1968 Act (April 1968), or its general effective date (January 1, 1969), or at the time of the passage or effective date of a state or local Fair Housing Act, please determine the effect of such legislation on the operation or management of the apartments and the extent of any discussions with the owners concerning the changes.

(g) Please determine whether the interviewee is aware of any policy or procedure followed in the taking and processing of applications from, or rental of apartments to black persons

- 9 -

which was different from that used in the case of others. This includes any statements or instructions the interviewee received in this regard, even though a particular interviewee did not necessarily follow those instructions. Also, determine if the interviewee is aware of any limitations on the use of facilities (pool, recreation areas, etc.) that may be imposed on black tenants or if there is any limitation on white tenants having black guests, etc.

(h) Please determine whether a credit check is conducted in the case of each applicant, whether the same procedures are used in each case, and by whom the check is conducted. If a check is not always made, or if different procedures are followed, please determine what criteria are used to decide how a particular applicant will be checked. Determine how many of the last 20 black applicants and how many of the last 20 white applicants were subjected to a full credit check.

(i) Please determine if the interviewee is aware of the identity of any black applicants who inquired about or applied for rental and if so, whether such applicants obtained an apartment. If they were not rented an apartment, obtain the reasons for not renting. Also, please obtain the names and addresses of all such persons (both successful and unsuccessful applicants) known to the interviewees, determine the number of units in

- 10 -

each apartment managed by each interviewee and ascertain the highest number of apartments rented to blacks at any one time at each such apartment complex.

(j) Determine if the apartment rental office contains or has contained a sign or notice which indicated the existence of a policy of renting to persons without regard to race or color and if, in any way, the existence of such policy was known to the community.

7. Please secure responsive interviews from at least five black tenants of the trailer park, apartment building or complex in question (if there are so many) and from at least five rejected black applicants as to all of their dealings with the subject. Please include the following information:

> (a) Ascertain how the interviewee learned of the subject dwellings and why he decided to apply or inquire at the subject dwellings.

(b) Determine how many times he went to the rental office, what was said, the manner in which he was received and the attitude, name and position of the person with whom he spoke.

(c) Determine if, in fact, the interviewee knew of a vacancy, and if so, the basis of that knowledge.

- 11 -

(d) Ascertain the type of information requested or sought by the persons in the office, such as credit references, names of employers, former addresses, etc.

(e) Determine the reason given to the applicant why he was not rented a dwelling, or if he was rented a dwelling, ascertain the length of the waiting period.

(f) Determine if the interviewee threatened to complain, or did complain, to a fair housing group, a lawyer, or a governmental agency because of any aspect of his dealings with the subject. If so, obtain details.

8. Please secure responsive interviews with ten present white tenants for the following information:

(a) Please obtain the information requested in Part 7, above.

(b) Please determine their understanding of the subject's policy or practice with regard to the rental of apartments to black persons or to other minority persons. If they have an understanding of the policy or practice, please determine the factual basis for it.

(c) Please determine if the interviewee is aware of any instance when a black or other minority person was not rented an apartment and the reasons for the failure to rent, if known.

(d) Determine if interviewee has ever been advised by a representative of the subject about any rules which may pertain to entertaining black guests in the apartments, black guests using the pool or other recreational facilities, or any other matter which may indicate a policy or practice based on race or color.

(e) Please determine whether the interviewee was told that blacks or other minority persons were not rented apartments there, kept out, etc. If so, secure details concerning those who were present, the dates, exactly what was said, and whether such conversation occurred when the interviewee was seeking an apartment at the subject building or complex, or after he moved in.

b6 . b7C

The Lake Saint Louis development, located between Interstate 70 and U.S. Highway 40 in O'Fallon, Missouri, is

participate in the

day-by-day business at the development's main office located on the premises.

The development consists of approximately 1200 residential lots, about one-third acre in size, of which 500 have been sold, all to white persons. The lots are priced from \$5,999.00 to \$25,000.00, with the average sale price being \$10,000.00. One black man reportedly entered a sales contract for a lot, but a few days later asked the subject to be relieved of his contractual obligation, which was done.

All initial sales of lots from the developer are handled by the developer's sales force.

Procedures used to solicit prospective purchasers include (1) free promotional dinners, (2) telephone solicitations, (3) mass mailings, and (4) advertising in newspapers and on billboards, television and radio.

With respect to the promotional dinners, the subject mails out unsolicited invitations. After the meal a movie about the subject's development is shown, the representative attempts to interest the invitees to visit the development. advised that the company gave no instruction to telephone solicitors to treat Negro telephone contacts any differently than white contacts. The company wanted the telephone solicitors to telephone in neighborhoods where the level of income might allow the person contacted to make payments on a lot. Payments on a lot may run \$100.00 per month. The Lake Saint Louis Investment Corp. finances over half of the lot purchases. This company's only criteria for a purchaser is a satisfactory credit report.

stated the sales force is presently about 8 full-time men, and in the summer months it is about 12 full-time salesmen, with 2 or 3 more who are parttime.

was the only black person who contracted to purchase a lot; ______later asked to be relieved from the contract, and this was done.

sales manager of the Lake Saint Louis development, advised our attorney on December 11. 1969, that he was first employed by Lake Saint Louis in September 1969, having previously been a salesman with other resort land development companies. He set up the telephone solicitation procedure at Lake Saint Louis in the following manner. Eight or ten females were employed to telephone persons who were selected from the Hanes and Polk City Directory. Although told the solicitors to call only persons making \$10,000 to \$12,000 a year, it was allegedly up to the individual solicitors to select the geographic area and streets in

b6 b7C

> b6 b7C

b6 b7C

> b6 b7C

which to place phone calls seeking to interest the persons contacted in receiving further information. From 70 to 100 leads a day are thus developed. If the person contacted seemed interested, sometimes a public relations man from the development visited the person at home and tried to interest the person in visiting the development. Other contacts were merely mailed an informational brochure and an invitation to visit the development. At the development the interested person is steered to one of the salesmen who attempts to sell a lot. Salesmen also handle persons who come through the gate at the development without either an invitation or a prior appointment.

6

The telephone solicitation program operated for 4 months and then was temporarily suspended during December 1969, to be restarted on January 1, 1970.

We need to determine (1) to what extent did other employees make representations such as those by that Negroes are discouraged from buying lots or visiting the development, (2) was the discriminatory conduct suggested by company supervisors, or, if known to company supervisors, was it condoned by them, (3) were there other ways in which Negroes were treated differently than whites, either in solicitation or the terms and conditions of sales, and (4) what steps have been taken to overcome the effects of past discriminatory conduct.

Please conduct a preliminary investigation to determine the facts relative to the above four topics. In particular, please

1. From interviews of the subject's sales force employees and of former employee and from interviews of at least five other present and former sales employees, please determine

a. Their backgrounds, including full name, address, telephone number, age and race, and how long they have worked for Lake Saint Louis;

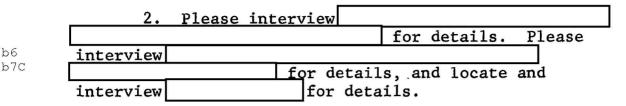

b. The instructions they have for dealing with potential purchasers, what the criteria are for purchasers, e.g., age, income, sex, marital status, education, race, or property ownership, how they determine these factors, and what action they take on them;

c. What statements they have made to prospective customers regarding whether the owners would tolerate Negroes at the development, whether the development discourages Negroes or sells to Negroes, or whether in other ways Negroes are kept out of the development; if so, the names and addresses of such persons, and the dates of such conversations;

d. What instructions have they received, from whom, and when, regarding how they should deal with Negroes;

e. Whether they have had any appointments to visit Negroes in their homes, or meet Negroes at the development, the names and addresses of the Negroes involved, and what the result of the appointment was;

f. The names and addresses of all other present employees in the sales force and persons who left the sales force since January 1969.

3. Please ascertain whether the persons handling the solicitation of persons for dinners have sent invitations to Negroes for the dinners, and whether Negroes have attempted to attend the dinners, and, if so, whether the Negroes were treated differently than white persons. Please identify and interview five Negroes either who were invited to a dinner or who attempted to attend, for details of the treatment they received. If Negroes have attended the dinners, please ascertain their names and addresses.

Interview for details. 4. Determine from 5. from the subject's sales force personnel, or from other logical sources, whether other Negroes have been in contact with the subject development, and interview not less than five such additional Negroes to determine

> The identities of the subject's a. employees who were dealt with, and the dates and manner (e.g., phone calls, home visit, dinner, visit to the development, etc.) of the contact.

b. The results of such contact.

6. Please obtain responsive interviews from the seven telephone solicitors listed in Appendix A, and determine

> Their background, including full name, a. address, telephone number, age, race and how long they have worked for the company in that capacity.

b. The instructions they have for dealing with potential customers, what the criteria are for selecting the areas to be telephoned, the streets and blocks thereof comprising localities solicited in the past and at present, and a description of the records made of the areas telephoned.

c. What are the criteria for making an appointment for a salesman or representative, e.g., age, income, sex, marital status, education, race, or property ownership, how do they determine the facts, do they note such facts, and what action do they take on them.

d. Are notes made of all persons contacted (e.g., marks on a cross-reference telephone directory), of persons deemed interested or disinterested, and of appointments made for salesmen; and, if any, a description of same. Are records made of the names of persons rejected for contact, and if so, give the number, by race, of those rejected and those for whom appointments were made. Identify the names and addresses of Negroes rejected.

e. Whether any reference or note is made of the fact that a person contacted is a Negro or is possibly a Negro, such as, for example, the marking of "double x" on cards of possible Negro contacts.

f. Whether any bonus or financial incentive exists whereby solicitors obtain additional pay for contacting a potential purchaser, and if so, is the bonus made available for black as well as white potential customers.

g. What instructions have they received, and from whom, regarding how they should deal with Negroes.

7. Please identify and interview five former telephone solicitors for the same information as requested in paragraph 6 herein.

By letter this date we have notified attorney above, that we have made an investigative request.

> 8. Please identify and obtain responsive interviews from five Negroes rejected by the subject through its telephone solicitation program.

Later that evening, at 9:30 P.M. Hedy Epstein phoned indicating that we are still interested. However this is a very busy time of the year for us, and we would have to postpone a visit until after the first of the asked if he could contact us then. I agreed, also suggestyear. b6 ing that I might call him. I then asked him if the couple who sat at the b7C dinner table with us had come out to Lake St. Louis and purchased a lot. at first was not sure who I was talking about, and I could not remember their names either. After describing the counle and stating that they were the only ones sitting at our table, recalled their name. November 11, 1969

7:00 p.m.

Hedy Epstein attended a free dinner given by Lake St. Louis as per invitation, postmarked October 28, 1969. (Invitation attached).

Approximately 40-50 people attended this affair. Seating arrangement was six guests plus one Lake St. Louis representative per table. At our table was only one other couple and Lake St. Louis representative (His Card Attached).

After the meal a movie, produced by Rene[®] Chouteau Film <u>Co., was shown</u>. The narrator was was there in person. Following are some direct quotes

from the narration:

"----- Lake St. Louis is built for people who want to get away from the chaos and pollution of the city------"

"----- Lake St. Louis is covered by protective covenants to enhance the neighborhood------"

has a security system to give property owners complete protect- . ion------

Later, hedy Epstein asked "Do you have any Negroes living at Lake St. Louis?" , "No". Hedy Epstein;" Do you sell to Negroes?" (Smilžing) "No, we're tricky". Without my prodding him, he continued: "We show them our most expensive lots and if need be, even boost the price".

I asked him what was meant by "Restrictive Convenats?" explained that this refers to fencing for yard, construction of detached buildings from main building, etc.

· I then told him I wanted to come back to a question A raised yesterday evening. The question has to do with their selling to Negroes. I repeated what he told me yesterday, i.e. That they would show Negroes the most expensive lots, etc. what would they do if a Negro said he liked the lot and the price is right? : "I have to say this guardedly. It is our intention to keep from having to sell to them". I asked him if he could tell me how they can do this. _____: "There are ways of discouraging them even after they have selected a lot". ''There are to be careful what I say -- but being a private community, we're in a better position to control it. We've never even had to show a lot to Negores so far. When we quote the price, they leave because it's more than they can afford". I repeated my question: "What would they could afford it." <u>"Well, in that case</u> I guess we'd have to sell to them because of the federal law. But really, you have nothing to worry about because as I said before we've never even had to show a lot to a Negro".

The Civil Rights Division has advised they had received complaints of racial discrimination in the solicitation of prospective buyers of residential lots at Lake St. Louis, O'Fallon, Missouri. A complainant alleges statements made by representatives of Lake St. Louis discourage Negroes from purchasing lots by showing them only the most expensive lots. FEDERAL BUREAU OF INVESTIGATION

Thereafter he furnished the

following information:

He has been employed since by the Lake Saint Louis Investment Corporation as a commission salesman selling improved lots at the Lake Saint Louis development. The selling price of the lots ranged from \$7,000 to \$25,000 each. The present track of land consists of approximately 1200 improved lots. Of this number approximately 650 have been sold. There is another track to be opened during 1970 which will also consist of 1,200 lots. He advised he is a salesman who stays on the premises and attempts to sell lots to those coming to the development. The main source of advertising is through newspapers and radio. Telephone solicitations have been used in the past, however, so far as sales are concerned they have been unsuccessful. He related that the company has no policy pertaining to negroes and he has received no instructions to handle negroes any differently than caucasians.

He stated he himself has no discriminatory statements or practices concerning negroes and he is only interested in making a living since he is on a commission basis and would sell a lot to anyone interested in buying one. He advised that any buyer can utilize any financing plan available to him or else the Lake Saint Louis Investment Corporation will finance the unpaid balance of the lot.

advised that negroes seldom dome to the development and he assumes the vast majority of them are financially unable to purchase a lot. He states that while other salesmen have shown lots to negroes, he himself has not had an opportunity to do so. He states he does not

was interviewed at the Sales Office of Lake Saint Louis Estates. He was advised of the identity of the interviewing Agents and the nature of the interview. He was advised of his rights and waived them as reflected on an executed Warning and Waiver Form.

He related he has been employed since as a commission salesman for Lake Saint Louis Development Corporatin selling improved lots at Lake Saint Louis Estates.

stated that he is on the premises awaiting indviduals who are interested in seeing the development and possibly purchasing a lot. The price range of the lots are \$7,000 to \$25,000 each. The company has never issued orders or instructions that negro potential purchasers should be treated any differently than caucasians, and he himself has never discriminated in attempting to discourage a megro from purchasing a lot. He related that the percentage of negroes coming to the development is quite small in relationship to caucasians, however, he has shown lots to negroes and could recall one of them, of Brentwood, Missouri, being interested, however,

advised that in the past the company has given dinners and invited potential customers to dinner plus a movie and a sales presentation and he has attended these dinners and talked to those in attendance. He related the company sent out invitations and he was merely instructed to attend

advised that he is strictly on a commission and is interested in maintaining a living for himself and his family and would gladly sell a lot to anyone having a required down when and being old enough to enter into a sales contract. He advised that he only makes house calls when invited to do so by potential customers as the great majority of his time is spent on the premises where the lots and development are shown.

following information:

He is single and has been employed as a commission salesman since by the Lake St. Louis Investment Company, selling improved lots at Lake St. Louis. He is employed on the premises of Lake St. Louis and shows prospective lots purchasers the development. He advised that the company has never instructed him to show any different treatment to a Negro prospective buyer in comparison to a white purchaser. He, himself, has never used any discriminatory practices.

He advised that in showing the lots, he takes the prospective buyers throughout the development and points out to them lots selling for the lowest price, as well as the more expensive lots. He has also shown lots to Negroes, and they have always been welcome to the development.

He advised that all lot owners are entitled to the use of the club and its facilities, as well as the golf course.

He stated that he has never made any house calls since this is handled by public relations men employed by the company.

He advised that a record of other salesmen and former salesmen would be on file at the Administration Building.

She indimid cated that she had received no company instructions for dealing with customers other than to read a prepared text over the phone, and set up appointments for public relations personnel to meet with potential bayers. She said that she set up interviews for all persons called who indicated they would like a company personnel representative to call. advised that the criteria used for selecting areas to be called was the general income level of different sections of St. Louis. She said those areas were called where it was fult individuals living there could afford to purchase the property which was being offered for sale. She said that they did not call low property value areas because people living there could probably not afford to buy land in the development. She said some of the areas she could specifically recall calling were Clayton, Creve Cour and Florissant, although she indicated that canvassing was conducted throughout St. Louis County.

b6 b7C advised that the Haines Directory was used as a source for names and telephone numbers, and that each of the girls who did the seliciting received pages torn from the directory and were instructed to call all the names on each page. indicated that the only criteria used to determine if an appointment wold be set up with a company personnel man was whether or not the person contacted wanted to be contacted. She emphasized that appointments were made for anyone who showed interest regardless of race or color. She stated that she specifically recalled that one of the persons whom she had called asked her if the fact he was Negro would prevent him from buying property. She said she answered him "No." She advised that later when she thid the sales manager, ______ about the incident, he told her that she had answered correctly and that passes to visit the property must be issued to all persons interested by virtue of state law. She said he advised her that no discrimination could be practiced in the handling of property transactions.

stated that no record was kept of persons disinterested in the property other than the crossing out of their names on the Haines Directory pages. She said that if a person was interested, an appointment card would be made out in duplicate; one to go to the company public relations representative, and one to be retained in the office. If after a personal call by a public relations man the party was disinterested, both copies of the card were destroyed. However, according to if the party showed enough interest to pay a personal visit to the development, three copies of the pass were made; one was given to the potential customer, one was sent to the development in O'Fallon. went on to say that if an individual showed no interest in the property for sale, that no further record was maintained other than the fact that their name was crossed off on the directory page. She said that if a person indicated an interest and desired a public relations representative to make a personal call, the girl doing the soliciting would make out an appointment card in duplicate. She advised that the original of the appointment card was routed to a public relations representative and that the carbon was filed. She said that she did not know how the paperwork was routed from that point.

advised that she never received any company instructions to put any marks whatsoever on the appointment card which might indicate the race of the individual who was being called. She said that even if she had received such instructions she would not have carried them out because in her opinion all persons should be treated in the same manner, regardless of whether they are white or Negro. She added that she did not recall if she has specifically made any appointments for Negroes, because at the time she was not concerned with what the prospect's race might be. She said her only interest was to insure that an appointment was set up with each and every person who indicated a desire to visit the Lake St. Louis property.

advised that she recalled hearing something about a bonus which might be available at certain times if a given call one of the solicitors made resulted in a sale. She said, however, that by the time the bonus plan was in effect, she was working in the Confirmation Section and no longer doing any soliciting. She said that she never received a bonus, but that she believes it would have been paid based on an individual's purchasing the property, whether or not that person was Negro or white.

again stated that she received no instructions regarding how she should deal with Negroes, nor did she hear anyone else receiving instructions condoning discriminatory practices. She said that as far as she knows, the only factor determining whether or not an individual purchased property at Lake St. Louis was that individual's interest in the property and ability to pay for the lots which were being offered for sale.

She and her husband received a call from the Lake St. Louis Development Company, presumed to be from an office would like passes to visit the girl, asking if the Lake St. Louis Development. As best as she can recall, this was before November, 1969, possibly October. Thereafter, two young men came to their residence after dark, presumably to bring them passes to visit the development. One of the men who was not clean shaven and slight of build, was apparently in training as he said probably no more than two words during the entire visit. The other man, who was clean cut in appearance, medium build with the same deep, brown, thick hair, did all of the talking. He outlined the advantages of the Lake St. Louis Development and what was planned for the development. In addition, he stressed privacy, pointing out that no one could enter the development without passes as it would be under guard. He also indicated there were certain restrictions, although he never was specific as to these restrictions.

She at this point had the definite impression that what the man was trying to say was that it would be restricted as to Negroes, although he did not say this. She at this point lost her temper and told the man that some of their best friends were Negroes and they would not want to live at a place where they would have to be concerned about neighbors harassing the Negro guests.

As she recalls, she specifically teld the man that they had Negro friends and asked could these Negro friends visit them if they lived there. It is her recollection that the man, after a pause, indicated that he supposed that Negroes could visit the _______ if such were therfriends but indicated that if Negroes did come out to the development they would probably want to use some of the development facilities, such as the swimming pool, which desire would create a problem for the _______ Her recollection is that she indicated to the man this would not be a problem

His recollection is that in November, 1969, he and his wife received an invitation to attend a promotional dinner from the Lake Saint Louis Development Company and that did accompany him to this dinner. After arrival they were placed with two other complets at a table.

Following the dinner company salesman ________ pulled a chair up to their table and began discussing with the various couples, not all at the same time, the development. We does not know the identity of the other two couples. He does recall that one couple was of Jewish extraction, and this particular couple must have attended another dinner or had been out to the line Saint Louis area previously because they were very knowledgeable about the proceedings and the development.

At no time while attending this digner or during any other negotiation with the company did he over hear any discussion regarding the selling of lots to Negrons, nor did he hear any discriminatory statements. furnished the following information:

She and her husband received an invitation to a promotional diamer being sponsored by the Lake Saint Louis Development Company. It is her recollection that this promotional dinner which she and her husband did attend was in November, 1969. As she recalls there were two other couples at their table, and although introductions were exchanged, she is unable to recall the identities of the other couples.

Following dinner a development company salesman pulled up a chair to the table and discussed the development, not with all couples at one time. At no time during this dinner did she over hear any conversation regarding selling or not selling development lots to Negroes, nor did she hear any discriminatory remarks. She does not recall any Negroes having been in attendance at this dinner.

a Negro, furnished the following information;

<u>Re is employed</u> as the Approximately a year age he received in the mail an advertisement concerning the sale of lots at Lake St. Louis located at O'Fallon, Missouri. He filled out the advertisement and mailed it and shortly thereafter, a white male, who identified himself as a representative of Lake St. Louis, called at his residence and interested him in purchasing a lot at Lake St. Louis. The salesman showed him literature and photographs and invited him to see the development in person. He was given a pass to the premises, and he and his wife went to the development a week later. He was treated very courteously and a salesman, different. from the one who called on him, showed them the development and pinted out to them lots ranging in price from \$7,000 to \$25,000. He was also advised that any lot purchaser would have the use of the club facilities and the golf course. He stated that the lots were more expensive than he could afford, and the salesman then attempted to interest him in renting one of the apartments located at the establishment.

He advised that he did not wish to be so far from his employment and decided against living at Lake St. Louis. However, since this time, he has received a number of calls from the salesman again attempting to interest him in the purchase of a lot.

advised he certainly was not discriminated against and his contact with the company was completely cordial and pleasant.

furnished the following information:

In October, 1969, a female called his home, apparently canvassing, regarding the Lake St. Louis Development, and made an appointment to talk with

The girl, appearing to be of Italian extraction, attractive and about 30 years old, came to his home and discussed the Lake St. Louis Development, and he presumed she was a salesman. Because of interest, ______ gave the girl \$5 for a pass to the development, which was to be refunded when visiting the development.

Increasing, he and his wife drove to the development on a Sunday, accompanied by a caucasian comple who are friends. His \$5 was refunded to him.

A salesman drove them around the development in his 1961 Chrysler and showed them a number of lets which varied in price from about \$20,000 to \$25,600 for lakefront lots, to about \$11,000, which was the cheapest and was at the extreme back of the development away from the lakes.

All personnel with whom he was in contact were extremely cooperative and cordial. We observed or heard nothing whatever which might indicate any discriminatory practices or policies at the Lake St. Lowis Development. He related that to the contrary a company representative, after their visit to the site, has called him a number of times trying to talk him into buying a lot in the development.

He is unable to recall identities of any of the company representatives with whom he was in contact and knows of no other Negro families who were contacted.

NOTE:

Prior investigation previously conducted in February, 1970, concerning the alleged discrimination of the basis of race against Negroes in soliciting for prospective purchasers and in marketing real estate lots. Subject subsequently advised the Department that they dia instruct all employees not to discriminate in the future, and if an employee did so, he could be fired. Later, however, an employee did sell real estate to a Negro and the employee was fired from his position allegedly because he had sold the property to a Negro. Department has now requested to determine full facts concerning this matter.

Please conduct the following additional, limited investigation:

1. Please obtain copies of written statement and any letter written from the subject regarding his termination, and interview him for details, determining, among other matters, the following:

> (a) His job experience prior to working at Lake St. Louis, the dates of his employment at Lake St. Louis, his job duties and responsibilities including names of any persons supervised, the names and addresses of other employees in his or a similar job category, and the names and addresses of his immediate supervisors and of all persons affiliated with subject who were involved in the incidents which resulted in his termination;

(b) Full details of all dealings with black persons, including names and addresses of all black prospects, whether or not these persons purchased, and if not, the reasons therefor;

b6 b7C telephone

(c) Names and addresses of all black persons, if known, who

(i) bought lots from the subject;

(ii) rented apartments at the development;

(iii) inquired about buying or renting;

(iv) have been employed as telephone solicitors;

(v) have been employed in jobs dealing with sales;

(d) Names and addresses of at least ten former salesmen or public relations representatives, if known.

2. Please identify and interview for details the black persons involved with and determine:

(a) How did they become aware of lots at the subject development (e.g., telephone solicitation, newspaper, other owner, etc.), and what were the dates of all contacts with the subject's personnel, who were those personnel, and what was said during each contact. Inquire particularly about any contacts with persons with more management responsibility than

(b) The identity of any other blacks who have been contact with the subject about lots (or apartments) and the result of the contact, if known.

3. Please identify and obtain responsive interviews from five other black persons who have been in contact with the subject about possible purchases, and determine:

(a) Details of contacts with the subject;

(b) Whether the interviewee was solicited by telephone, or by other means, to inquire about lots;

(c) The interviewee's knowledge of any other black persons who may have been in contact with the subject development, and the identity of such persons.

4. Please identify and obtain responsive interviews from five present and five former employees who deal or dealt with sales, and determine:

> (a) Full identifying data, dates of employment with the subject, description of employment responsibilities, and identity of supervisor(s);

(b) Number of persons, by race, whom the interviewee has:

(i) solicited;

(ii) shown property at the subject development;

(iii) sold property;

and identify, if possible, the names and addresses of persons in these categories who are black.

(c) The interviewee's understanding of the subject's practices up to the time of the first contact by this Department (December 10, 1969), regarding applying the same solicitation techniques, the same efforts to show property, the same conditions and terms of sales, and the like, to black persons as was applied to white persons. Determine the facts, if any, upon which the interviewee bases his understanding. What is the interviewee's understanding in regard to the same practices since December 10, 1969, and what facts, if any, are the basis for that understanding.

 (d) Is the interviewee aware of any complaints
 formal or informal, written or oral, regarding differences in treatment for black persons, and if so, please determine the details.

5. Please interview an appropriate representative of the subject regarding the subject's version of reasons behind the termination of Please also determine the number of lots sold, by race of purchasers, since December 10, 1969. Determine the number of lots remaining unsold. Inquire if the company has made any efforts, by insertion of appropriate references to open housing in advertisements, or by notice to the Urban League, NAACP, or the like, to communicate to the black community that blacks would be welcome. Determine the number of new employees hired since December 10, 1969, by race, for each job category.

In recalling the incident surrounding his discharge, advised that he talked with his former supervisor who had some time before this advised him if he wanted to sell to colored to take them away from the main gate and the preferred lots so people would not see them.

Land Salesmen being present outside the office when he returned with a Negro male buyer:

advised he has shown lots to only a few blacks and the only one he sold lots to was He had no names or addresses available for other black prospective buyers and the reason he felt blacks did not buy was because of the way they were handled as he has outlined in his statement. Elaborating on this advised that each salesman was listed on statement. a board at the office and when a black prospect arrived at the site, he was either told to drive aroundunassisted by a salesman, or if a salesman showed him around, the salesman would get another turn with a white prospect at a sale before his name was moved to the bottom of the board. This notation system provided equal opportunity for each salesman to get a sale. It was understood among the salesmen that a black prospect did not count as a turn.

addresses of present and former Land Sales Representatives:

Suggested handling of any black clientele : Any black nice or is told to drive around the property himself (a huge development, impossile for the new nisitor to find their may around) and to see if there is amplying he likes. He's given no information as to price scale, subdivided areas, property unbold os available etc Then, if the customer persists, the saleman is to show him something very high-priced about presumeably aut of his sange. Lots are priced to 25,00 When a white person enters the reisetor's center, a solesman meets him and shows him the lake project. Under no ciscumstances are they to drive around themselves. The Tour ended (approx. 30 minutes) the nisitors are asked to enter the sales office. On October 18 1970; entered the nusitor's center at Lake St. Fours and stated his interest in buying a lot. I showed him an expensive piece of property and he then asked for something available in a lower price sange. (There have vade in the paper claiming there are lots to be had for as lettle as 5,995.) I showed him a 7,000. lot - he asked if the price sould be discounted somewhat (a common practice at Lake St. Louis). A requested this of our sales manager who sequeed. FROM THE DESK OF

November 4, 1970

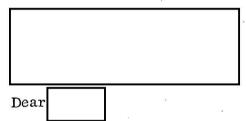

Would you get in touch with me either by phone or in person at your earliest opportunity.

LAKE SAINT LOUIS

POST OFFICE BOX 160 O'FALLON, MISSOURI • 63366 • 739-1318 November 9, 1970

Enclosed please find a check for your commission due you at this time in the amount of \$2354.28.

The reason for the discharge was solely because it was evident that you were unable to work with the other salesmen and be part of the team. And it was also apparent that your interest did not lie at Lake Saint Louis and, therefore, I felt it wise to terminate your connection with Lake Saint Louis rather than to create problems with the balance of the Sales staff. You were discharged solely because I felt in my capacity as Sales Manager that you were not reaching the potential which I feel must be met by each and every salesmen on our staff.

b6

b7C

Nevertheless, the company and I are so disturbed by your allegations that we are prepared to offer you employment once again as a land salesman on exactly the same terms under which you worked prior to your discharge. If you should decide to re-enter the employ of Lake Saint Louis Investment Corporation, you will, of course, be expected to meet whatever standards and goals are set for all salesmen.

I want to emphasize to you that it is the policy of the company to comply fully with the Fair Housing Act of the United States and to offer properties for sale or lease to anyone regardless of race, creed, or national origin.

You are further advised that the two lots sold to the family in question are or will be conveyed to that family in the ordinary course of business in accordance with the contract which they signed, and we will be happy to have them as land owners at Lake Saint Louis.

He advised most of these units are rented and he is unaware of any Negro tenants. He further stated there are seven model villas, which he stated were rather expensive, located at the development, however, no villas have been sold. He stated he understood there were some Negro land owners at Lake St. Louis, however, he could not provide a definite number.

In response to the method of solicitation and stated that Lake St. Louis has always advertising, operated under an open house policy, and that lots and residential properties were available to any qualified buyer with no regard to race, color or creed. stated that up until December, 1969 or the first part of January, 1970 the company employed a staff of telephone solicitors, however, it was determined this method of solicitation was non-productive and was discontinued. He stated the company has not inserted any specific references in their advertising to communicate directly to the black community. However, he stated the company advertised through mass media channels such as newspaper, radio and television which encompasses all prospective buyers regardless of race, color or creed.

denied that the company practices any discrimination toward Negroes or any other minority race and stated under the open house policy, has he understands it, the company will sell to anyone who is financially cualified. further advised although he is not closely associated with the sales aspect of the business, he has the understanding that a person wishing to purchase a lot will appear at the site and be shown around by a salesman. The procedure the salesman is to follow would be to greet prospective buyer, explain location and price range of lots available, and to give prospective buyer a tour of the site. advised that during the past two and om-half years he has and approximately 40 to 50 properties at Lake St. Louis. He estimated that approximately she per cent (1%) of all prospective customers belong to minority groups. He estimated he personally has shown ten prospective customers of minority groups properties at Lake St. Louis. As a sales mager,

explained part of his responsibilities included reviewing a sales contract before it would be accepted by Lake St. Louis. He advised he never personally reviewed a contact made with a member of a minority group in his depedity as sales manager. explained that the sales manager has the authority to immediately accept on a conditional basis an offer made by any presective customer. After the offer is accepted by the sales manager, the problems of obtaining financing, ste., are handled by other staff members.

handled prospective customers questions concerning the ownership of Lake St. Louis property by minority groups on an economic basis, that is would explain that if a member of a minority group could afford to purchase property in that area he could buy it and would in all likelihood have no detrimental effect. to the neighborhood properties. However, did point out to prospective customers that because of the price schedules very few members of minority groups would be in an economic position to purchase property at Lake St. Louis. To knowledge, there has never been any difference in solicitation or prices quoted to meabers of minority groups.

stated he was indirectly mane of

complaints lodged against Lake St. Louis by minority groups. He said he had no personal knowledge, but that he had heard from various sources that a former salamen from Lake St. Louis has stated no properties were to be sold to Negroes. advised that to his knowledge, six individuals of minority groups presently own property at Lake St. Louis. Of these, three are flightenes, one is an East Indian, one is Chinese and one is Negro. advised that sold the property to the Negro, was the saleman for the Chinese purchase. and was the salesman for the purchase by the Filipinos. could not recall who had been the salesman for the Indian purchase. was unable to recall the names of any of the approximately ten individuals who were members of minority groups that he had discussed Lake St. Louis property with. He also was unable to recall the names of any individuals of minority groups who are presently owners of property at Lake St. Louis, but advised that it would not be difficult to obtain their names through records of Lake St. Louis.

explained the system of salesments rotation in serving prospective customers at Lake St. Louis. The rotational system was known as the "Up board". stated that the "up beard" was a magnetic board with the name of each salesman on it. The salesman at the top of the list had the opportunity to serve the next customer at Lake St. Louis. When he returned from his tour with that customer he placed his name at the bottom of the 'up board". explained that the system was based upon giving each salesman an equal opportunity to serve clients. According anyone that could buy was considered a "turn". to A person under 21 years of age was not considered a "turn" and the salesman at the top of the "up board" did not need to place his name at the bottom of the board. also

b6 b7C

b6 b7C stated the term "double X" was the salesmens slang expression for a Negro customer, however, according to a Negro customer was considered to be a "turn" unless for some reason the Negro customer was not considered to be "a buying unit". FEDERAL BUREAU OF INVESTIGATION

was advised of the identities of the interviewing Agents as well as the fact that he was being interviewed regarding a possible Federal violation regarding discrimination in housing by his present employer, Lake St. Louis Investment Corporation. was then furnished a form entitled Interrogation; Advise of Rights which he read, stated that he understood and signed.

advised that he has been employed as a salesman by the Lake St. Louis Investment Corporation since June, 1968. At that time he was hired by who was the sales manager for that company. When he first took the job at Lake St. Louis explained the company's sales policy td and showed him around the property. No mention was made by or by subsequent sales managers or by the owner of the property, about any specific policy the company had toward sales to Hegroes. advised that as far as he is concerned he tries to sell to Negro@customers as hard as he tries to sell to white customers. Their race is immaterial to him and as far as he is concerned it is immaterial to the company.

advised that Lake St. Louis advertises its property by means of newspaper advertisements, television commercials, and road signs. They do not employ telephone solicitors at this time although they did employ solicitors during the winters of 1968 and 1969. folt that telephone solicitation was not an effective marketing practice and this is the reason he feels the company does not use this.

stated that he talks to approximately 20 potential customers per week and that of this 20 he actually shows property to about 10 per week. Over the period of a year stated that he sells property to approximately 1% of those that he shows property to. This would be approximately l sale per week. He stated that he has shown property to approximately 3 or 4 Negro persons over the past 6 months but that he has not sold property to any of these persons. He felt that the reason none of these persons bought was because they could not afford the property. He was unable to recall the names or addresses of any of the Negro persons that he

stated that Lake St. Louis' policy toward sales to Negroes is the same as its policy toward whites and that is to try as hard as possible to sell them property. He has noted no difference in this policy in the entire time that he has been employed theres.

Salesmen at Lake St. Louis use what ______ referred to as an "up board". This meant that each salesman takes turns in handling persons who visit Lake St. Louis to look at the property. When a visitor drives past the guard onto the property this is considered an "up". Even if that person turns around and drives off the lot the salesman who was "up" loses his turn. The only way that a salesman does not lose his "up" is if he can determine that a prospect is under 21 years of age because in Missouri those persons can not legally purchase property. ______ advised that a person's pace has no effect on whether a salesman loses his "up" or not.

after being advised of the identities of the interviewing Agents and the nature of the investigation was advised of his rights by Special Agent which he waived as shown on an executed Waraing and Waiver Exm.

He stated he has been associated with the Lake St. Louis Investment Corporation for about one and one-talf years, however, he was a part time employee until June, 1970 and that he has been a full time land salesman since that date. He said he has no other duties with the company and that his immediate supervisor is who is the Marketing Director for the company.

stated that during his employment with the company he has solicited only approximately fifteen persons, all acquaintances, that that all but one were white. He said the one person not white was (phonetic) who he stated was a former St. Louis. co-worker of his at Missouri. He stated he could not recall residence, but did recall his telephone mumber to be JAckson 2-3139. He said however, did not purchase any property at the development. He recalled his sales during his employment to be about twenty lot sales to white persons, one lot sale to an Oriental, and no lot sales to Negroes. He stated he has displayed property to several hundred white persons, to five to ten Orientals, and to five to ten Negro persons, however, does not recall the identity of any of the Negroes or Orientals.

with the company he was not advised one way or another by any of his superiors as to how he should handle persons of minority groups. He recalled, however, that during June, 1970, at the time he accepted full time employment with the company, he was required to sign a form which stated in effect that he would not discriminate in any way against anyone in the display or sale of property at Lake St. Louis.

stated that to his knowledge he has not, nor does he have any information of anyone ever being discriminated against because of race, religion or national origin in the Lake St. Louis Development.

He advised that although the company has no policy in regard to the method of selessen taking turns with potential customers, the selessen themselves have agreed that single persons, people under 21 years of age, people who already own property at Lake St. Louis and black persons would not be counted as a "turn" and they would, therefore, be eligible to display property to the next person coming into the development. He said he could not state whether or not his boss was aware of the agreement between the salesmen regarding "turns".

advised that every potential customer who wished to purchase property at Lake St. Louis was treated equally and that, in fact, he said he remembered signing a statement to the effect that he would not practice any discrimination whatsoever.

He also advised that he has been showing approximately five lots a week to customers since he has been employed, but that none of these potential prospects were Negro. He stated that at no time had he even so much as talked to a potential buyer who was Negro, although he said other salesmen had shown lots to Negro customers. He stated as far as he personally is concerned, he is on a straight commission basis, and therefore, would sell property to whoever would buy. He stated that during the tenure of his employment at Lake St. Louis he has sold four or five lots.

by which customers are assigned to the various salesmen:

He stated that the salesmen each day wait together in the "ready room" and that their names are placed in order on a board. He advised that as a customer pulls into the parking lot the salesman whose name is at the top of the board goes out to greet the customer and that the salesman's name is then placed on the bottom of the list after he has shown property to the prospect. He stated that if an individual under the age of 21, who was obviously not going to be an eventual purchaser, came to the sales office and talked to the salesman, that salesman was permitted to place his name at the top of the list again after the person departed. He stated that he had never heard of the term "double X" in connection with referring to Negro prospects. He further stated that Negroes were treated as any other customer and that the salesmen who spoke to Negroes or showed Negroes about the property were not permitted to place their name at the top of the list, as they would have done if the customer were under 21 and not a potential buyer.

was advised of the identity of the interviewing agent, the nature of this investigation, and of his rights as shown on a warning and waiver form. He orally waived his rights and advised as follows:

was employed for a period of as sales director for the Lake St. Louis Estates Company and Lake St. Louis Investment Corporation at O'Fallon, Missouri, from August 15, 1969, until he resigned on his own volition October 15, 1970. He resided at in O'Fallon, Missouri, while so employed. He resigned his position because the company drastically cut his sales commission as well as cutting the commissions of the salesmen who worked under his direction.

of his former employer concerning discrimination in housing. He is not personally aware of the complainant in the matter.

is aware that who formerly worked as a salesman under his direction at lake St. Louis, has been discharged by the company. does not possess detailed information regarding the reason for dismissal, inasmuch as was dismissed after resigned from the company.

does not believe that is correct in his allegation that anti-Semitism contributed to dismissal, inasmuch as is also a member of the Jewish faith and he detected no animosity open the part of the management or fellow employees.

recalls suffered in inries in an automobile accident about three months before discharge. After recuperating from his injuries did not appear to possess the zeal and initiative for selling which he formerly possessed and his sales records reflected a decline

in sales. It is believed this fact contributed to the decision of the management to let go.

At no time did ________instruct ________io take black prospects away from the main <u>gate so people</u> could not see them, and he did not instruct ________io steer black prospects away from preferred lots. All salesmen work on a commission basis, and if a client had the money, it made no difference what his color, creed, or national origin may have been. Lots were sold to people of Chinese, Japanese, and East Indian origin. The East Indian clients were of very dark color.

believes the allegations of racial discrimination made against his former employers may have began with a refusal of the management to allow a Negro preacher to bring his entire church group out to the lake development for a church picnic. Although he could not be positive, believes the preacher was a from the St. Louis, Missouri, area, and salesman may have handled the contact with It is recalled the Reverend made an appointment to view some property, and arrangements were made to have bring his wife to the lake for a breakfast. Before keeping this appointment, made the request for the use of the lake for a church picnic and his request was refused. was advised he could bring another couple as his guests for the breakfast at no charge, but the grounds were not suitable for a picnic group. did not purchase any lots.

In reflecting on this matter, ______ is of the opinion some cutside groups may have been seeking to set up some feeling of racial discrimination. For instance, the company office received several telephone calls from a person claiming to be

The general public was informed of lots for sale at Lake St. Louin through advertising. hy radie, newspaper, television, and roadside signs. _______ recalls some of the newspaper ads indicated the lake area was an open housing city without discrimination as to color. Buring the time was employed at Lake St. Louis, the company caused each employee, whether in sales of cin r other departments, to sign a letter indicating that they had been instructed by the management they would not discriminate against anyone because of color.

At one time the sales staff engaged in a "In Home" sales program. In this program a list was obtained of telephone numbers of persons known to live in moderate or wealthy income areas who might be able to afford to purchase lots in the development. These people were contacted by telephone. regardless of their race, and interviews were set up to call on these people in their homes. Although these were a few lots selling for about \$5,995, most of the lots in the lake area averaged from \$7,000 to \$25,000. Further, the average home built in the area ran about \$45,000. Apartments in the area rented from about \$165 to \$285. Condominiums were priced from \$50,000 to \$60,000. The economics of the matter dictated that the sales crew attempt to attract people with money who could afford to buy the lots and build their homes. These people were contacted regardless of their race. The "In Home"

did not hire any black salesmen during his tenure as sales manager simply because none applied for work. Advertisements in area papers ran continuously for salesmen with no specifications as to race. If a qualified black salesman had applied, he would have been hired. The company has black people employed, but ______ was not in charge of any hiring except for the sales personnel. He has no knowledge of the hiring criteria in other departments of the company. Due to the fact the lake area is some 35 miles from St. Louis, Missouri, many black people may have refraited from seeking jobs that far from town.

All clients were treated courteously without regard to their race. Saturdays and Sundays were when most visitors appeared at the lake area, and salesmen took turns showing the visitors around in order of their arrival. When visitors arrived at the gate, they were ushered into a theater to view movies, depicting the development of the lake area and describing the advantages of living there. They were turned over to the salesmen after viewing the movies and taken in cars for a tour of the lake areas and shown available lots. Potential customers were then brought to _________to close the deal. It is recalled that there were always two or three black couples making tours. Depending on the interest shown by the prospects, the time <u>spent to</u>uring the area would vary from 20 to 40 minutes.

recalls several Negro families came to the area and were shown lots. After viewing the lots, they were brought to a point of closing the deal when they often stated they needed more time to think about the purchase and would call back. Most of these individuals did not call or contact the office again. Names of the black prospects are not recalled from memory by ______, and he cannot recall the names of blacks who did purchase lots.

2 -

On Friday of the same week, a black checker from Freedom of Residence went to the subject to inquire about vacant one bedrooms. The checker talked to who told the checker that there were no available one bedrooms, but told her to call back in a few days. As the black checker was leaving, Hedy Epstein, white, arrived to inquire whether there were any vacant one bedrooms. told her that they had a vacant one bedroom, and told Epstein that he had just been talking to a "colored gir1" (the black checker). said that they had to rent to blacks, but that they were trying to keep the number of "blacks" down. He related that he tried to keep the blacks together, that he put black tenants in the east and west sections, and that he was trying to keep one court all white.

The building contains 80 units. According to the University City occupancy permit records, there are approximately 30-35 black tenants residing there. The building is owned by the Lewis and Clark Company, 9953 Lewis and Clark Boulevard, 731-7010.

To determine whether the subject is engaging in a pattern or practice of denying apartments to blacks on account of race or of steering black tenants to particular sections of the building in violation of the Fair Housing Act, please conduct the following limited investigation.

1. Please interview the manager of the University Square Apartments, _____ to obtain the following information:

> A) Obtain responsive answers to the following questions in Attachment A: 4(c); 4(e); 4(f) (the relevant time period would be March 1-10, 1974); 4(g); 4(h); 4(i); 4(j); 4(k) (in addition to the markings listed, applications have been marked to

designate race by putting a tear in the application form at a designated place or putting a paper clip with a small piece of paper on the application form); 4(1); 4(m) (also please determine whether the subject runs a continuous ad or only places ads when there is an actual vacancy); and 4(0).

2. Please interview appropriate persons at Lewis and Clark to obtain the following information:

A) Obtain responsive answers to the following questions from Attachments A: 4(b);
4(e) (Obtain this information for all buildings owned or managed by Lewis and Clark) 4(i);
4(j); 4(1); 4(m); 4(n); 4(o).

3. Please interview four former and four present employees of Lewis and Clark who have been employed at any building they own or manage to obtain responsive answers to the questions included in paragraph No. 6 from Attachment A. Please include interviews with at least two persons who have been involved with the rental, maintenance, or management of the University Square Apartments and at least two former resident managers at other apartments owned or managed by Lewis and Clark. In addition to the questions contained in Paragraph 6, please determine the following:

> A) Determine whether prospective tenants make application for specific apartments or whether they make a general application and are assigned a particular apartment by the management.

B) Determine whether the interviewer was instructed or knew of a policy or practice of assigning black tenants to particular section of an apartment complex or to particular apartments within the complex. 4. Please interview five present black tenants at University Square and five black applicants who were rejected at University Square or other apartments owned or managed by Lewis and Clark to obtain responsive answers to the questions contained in Paragraph 7.

4

A) Determine from all present black tenants at University Square whether they believe it is a policy of the management to assign blacks to particular sections of the apartment complex. Also please determine whether the interviewee knows of any meetings held by black tenants with regard to the practice of assigning blacks to particular sections or whether the interviewee is aware of any complaints which have been made to the management with regard to such a policy.

B) Please determine whether the interviewee has ever requested the manager to move to another apartment within the complex, and if so, whether this request was granted. Determine the type of apartment the interviewee requested to move into, such as two bedroom, downstairs apartment, in another section of the complex, etc.

5. Please interview five present white tenants at University Square Apartments to obtain responsive answers to the questions contained in Paragraph 8 of Attachment A.

> A) In addition to the questions asked in 8(e), please determine whether the interviewee was ever told that black tenants would be assigned to a particular section of the building.

ATTACHMENT A

1. Interview the complainant, if other than the victim, for full details of his complaint, including the names of the subject, victim and any others with knowledge of the alleged discriminatory acts.

2. Interview the victim to obtain the following information:

> (a) Please obtain full background information, including his address, telephone number at home and at work, age, race, religion or national origin (as relevant to his allegations), his occupation, place of employment, length of time employed, family income, educational background, marital status and size of family living at home, and such other background data as may appear to be pertinent.

(b) Obtain full details of all dealings the victim has had with the subject or any of his agents, including all oral or written communications with these persons, the date and time such communications were made, the nature of the alleged discriminatory act, the names and addresses of the persons who were involved, and the victim's description of what was said or done.

(c) If the allegation relates to discrimination in the terms of rentals, i.e., if black persons claim they were quoted higher rates than are quoted to white persons for a similar unit, ascertain the rental rates and the amount of the security deposit quoted to the

1274

interviewee and determine why the interviewee believes the rates to be discriminatory; also, please determine the number of bedrooms requested, size of apartment shown to interviewee, location of apartment shown (ground floor or above), and whether the unit contains a balcony, patio, fireplace or other feature (such as utilities furnished by the management) which would affect the rental rate.

(d) Determine from the victim the reason or reasons the subject or his agents gave for refusing to rent or deal with him.

(e) Ascertain the names and addresses of any witnesses to the incident.

(f) Obtain copies of any pertinent written materials or documents that the victim may have in his possession, such as copies of application forms for the subject housing, copies of purchase agreements or applications for financing, advertising materials dealing with the subject housing, or correspondence between the subject and the victim.

3. Obtain details of any complaint made by the complainant or victim with any local, state or federal agency concerning the same incident of housing discrimination. From the specific agency involved,

• 2

please secure copies of any complaints about any building or complex, etc., owned or managed by the subject, as well as the names of all obvious victims and complainants and the results of that agency's investigation and action taken on each complaint.

4. Please interview the owner, resident manager or other appropriate representative of the owner to secure his version of the facts resulting in the complaint, and to obtain the following additional information:

> (a) Please determine the name, address, race and position or function of every person and organization having an ownership interest in, or participating in the management of, the building or complex in question.

(b) Determine the name, address, number of units, age and type of buildings, and number of tenants by race (including the date the first non-white moved in) of every residential building or apartment complex owned by the owners or any of them, or managed by the managers or any of them.

(c) Please determine the number of tenants by race at the subject building or complex, and the name and address (dwelling or apartment number, etc.) of each non-white tenant. Also, ascertain the range of rent for each type of unit, including information as to whether the rental rate is affected by features such as patio, balcony, location (ground floor or above), and all other factors which would determine the rental rate. (d) If a trailer park is involved, also ascertain the total number of spaces, the number of units owned by the subject and the tenants. Ascertain the conditions of occupancy (utilities, lease, rent, race, number of occupants, etc.), race of tenants, and address of each non-white tenant.

(e) Please determine the name, race, address, date of application and action taken in the applications of the last twenty applicants for a dwelling at the subject building, complex, etc. Please also secure the name, race, and address of every non-white applicant for the past two years (or of the last twenty black applicants, if there have been so many during a shorter period).

(f) Ascertain the number and type of vacant dwellings that were available at the time of the incident involved, the average number of vacancies per month and the duration of such vacancies.

(g) Please ascertain the rents charged at the complex where the incident occurred for each type of apartment, features which affect the rental rate, the approximate rate of turnover, and the approximate number of applicants, by race, per year. If there are no black or other minority tenants or very few, determine why the interviewee believes this to be so. (h) Ascertain whether and the degree to which management acquires new tenants through the recommendation and recruitment by existing tenants and through the acceptance of walk-in applicants for apartments, and full details as to the existence or nonexistence of such policy.

Please determine if instructions (i) were given to resident managers when the managers were hired regarding the rental of dwellings or spaces to blacks or other minority members; whether any changes occurred in these instructions, and if so, when; if the interviewee was ever advised by a manager of black applicants or of blacks who inquired, and if so, determine how the situation was handled and the results of the applications or inquiries. Also, ascertain whether interviewee has a specific policy concerning renting to blacks or other minority members, and, if so, ascertain the details of the policy and if it has changed, when and why the change was made.

(j) Please ascertain all criteria and qualifications prospective tenants must meet (credit rating, salary, marital status, race, children, deposit, written application, and the like), and a complete description of all procedures for becoming a tenant, including all steps from initial inquiry to moving in. Determine if the manager's subjective impression of the applicant plays any part in the decision to rent an apartment. If so, please determine specifics. (For example, are

- 5

managers free to accept or reject applicants because of hair styles, neatness, age or type of car, etc.)

(k) Ascertain whether any racial or other codes, such as a small "c"*/ or "XX"**/or other mark, appears on the application sheet or card to designate the race of the applicant. If so, inspect as many of the records as possible and obtain copies of a representative number.

(1) If a credit, employment, prior landlord, or other check is or has been in use, please obtain full details as to what check is made, whether check is made for all applicants or merely some and whether the same check is made as to all If a check is conducted in applicants. some but not all cases, or if a different check is conducted in some cases then in others, please determine all criteria on which the decision as to what, if any, check should be made. Please determine what check was made for the last ten black applicants and the last ten white applicants who reached this stage in their application. If a form is used for the various types of checks, please obtain copies of each.

*/ Often used for "colored."

 $\frac{**}{for}$ XX has often been used in the industry as a symbol for blacks.

(m) If the subject advertises, please secure details of the media used and copies of representative advertisements. If possible, obtain the entire page of the publication in which a written advertisement appears. If different media are used for different properties, please determine which properties are advertised in which media. and the general racial characteristics of the properties so advertised and of the neighborhood in which they are located (white, black, transitional, etc.). Determine whether the rental or other property is listed with any rental agency, brokerage firm or multiple listing service, and, if so, obtain the name, and address of such agency, firm or service.

7 -

(n) Please ascertain the number of employees by race and job position at each building or complex and identify any maintenance or other personnel who reside in the building.

(o) From personal observation and from interviews with the owner and the manager, ascertain whether a fair housing poster, which is required by the Department of Housing and Urban Development, is displayed in each rental office of the subject.

5. Please interview all persons who witnessed any dealings or conversations (which are the subject of this investigation) between the victim and the subject to obtain information similar to that requested to be obtained from the victim in Part 2 of this memorandum. 6. Please secure responsive interviews from five former employees and at least five present employees of the subject (giving preference to those who had rental or employment responsibilities, and including some non-white employees if possible) to obtain the following information:

8 -

(a) Determine how the apartments are advertised and how vacancies are made known to potential tenants. For example, are present tenants encouraged to locate or recommend potential tenants, are newspaper advertisements used, and if so, when, etc. Determine what proportion of applicants are referred by present tenants and whether such applicants are given any kind of preference.

(b) Determine the normal procedure followed from the time a potential tenant first contacts the rental agent or manager until the time the person is either rented an apartment or not rented an apartment. This should include the use of application forms, credit checks, necessity for references, procedures for verification of income or employment, etc.

(c) Determine the criteria used by a rental agent or manager in deciding whether to rent to a particular applicant. For example, is the manager given any discretion in the selection of tenants; if so, how is it used and is it reviewed by the owner. Obtain copies of any written or published criteria. (d) Ascertain the extent to which the manager or the rental agent was instructed about the rental of apartments by the owner. If any of the instructions were in writing, obtain copies.

(e) Determine whether the owner instructed or discussed with him the effect of the federal Civil Rights Act of 1968 or of any state or local fair housing act or regulation on the operation of the apartments. If so, please obtain details and the dates of such events. If exact dates are not known, please determine if such instructions or discussions occurred at about the same time as the passage of the acts.

(f) For those managers or rental agents who were employed by any of the subjects at the time of the passage of the 1968 Act (April 1968), or its general effective date (January 1, 1969), or at the time of the passage or effective date of a state or local Fair Housing Act, please determine the effect of such legislation on the operation or management of the apartments and the extent of any discussions with the owners concerning the changes.

(g) Please determine whether the interviewee is aware of any policy or procedure followed in the taking and processing of applications from, or rental of apartments to black persons

0

which was different from that used in the case of others. This includes any statements or instructions the interviewee received in this regard, even though a particular interviewee did not necessarily follow those instructions. Also, determine if the interviewee is aware of any limitations on the use of facilities (pool, recreation areas, etc.) that may be imposed on black tenants or if there is any limitation on white tenants having black guests, etc.

(h) Please determine whether a credit check is conducted in the case of each applicant, whether the same procedures are used in each case, and by whom the check is conducted. If a check is not always made, or if different procedures are followed, please determine what criteria are used to decide how a particular applicant will be checked. Determine how many of the last 20 black applicants and how many of the last 20 white applicants were subjected to a full credit check.

(i) Please determine if the interviewee is aware of the identity of any black applicants who inquired about or applied for rental and if so, whether such applicants obtained an apartment. If they were not rented an apartment, obtain the reasons for not renting. Also, please obtain the names and addresses of all such persons (both successful and unsuccessful applicants) known to the interviewees, determine the number of units in

- 10 -

each apartment managed by each interviewee and ascertain the highest number of apartments rented to blacks at any one time at each such apartment complex.

(j) Determine if the apartment rental office contains or has contained a sign or notice which indicated the existence of a policy of renting to persons without regard to race or color and if, in any way, the existence of such policy was known to the community.

7. Please secure responsive interviews from at least five black tenants of the trailer park, apartment building or complex in question (if there are so many) and from at least five rejected black applicants as to all of their dealings with the subject. Please include the following information:

> (a) Ascertain how the interviewee learned of the subject dwellings and why he decided to apply or inquire at the subject dwellings.

(b) Determine how many times he went to the rental office, what was said, the manner in which he was received and the attitude, name and position of the person with whom he spoke.

(c) Determine if, in fact, the interviewee knew of a vacancy, and if so, the basis of that knowledge.

(d) Ascertain the type of information requested or sought by the persons in the office, such as credit references, names of employers, former addresses, etc.

(e) Determine the reason given to the applicant why he was not rented a dwelling, or if he was rented a dwelling, ascertain the length of the waiting period.

(f) Determine if the interviewee threatened to complain, or did complain, to a fair housing group, a lawyer, or a governmental agency because of any aspect of his dealings with the subject. If so, obtain details.

8. Please secure responsive interviews with ten present white tenants for the following information:

(a) Please obtain the information requested in Part 7, above.

(b) Please determine their understanding of the subject's policy or practice with regard to the rental of apartments to black persons or to other minority persons. If they have an understanding of the policy or practice, please determine the factual basis for it.

(c) Please determine if the interviewee is aware of any instance when a black or other minority person was not rented an apartment and the reasons for the failure to rent, if known. (d) Determine if interviewee has ever been advised by a representative of the subject about any rules which may pertain to entertaining black guests in the apartments, black guests using the pool or other recreational facilities, or any other matter which may indicate a policy or practice based on race or color.

(e) Please determine whether the interviewee was told that blacks or other minority persons were not rented apartments there, kept out, etc. If so, secure details concerning those who were present, the dates, exactly what was said, and whether such conversation occurred when the interviewee was seeking an apartment at the subject building or complex, or after he moved in.

the following incidents of possible racial discrimination:

1. A black couple, inquired about an apartment at the Town and Country Apartment in Brentwood, Missouri, which is managed by the subject, in January 29, 1971. The resident manager sent them to the Michelson's office to file an application, but when they arrived there they were told the apartment in question had been rented to an earlier applicant. A white couple acting as checkers for FOR, approached

the same resident manager on February 3, 1971, and were told, in effect, that the black couple had been discriminatorily denied the apartment. See the attached FOR newsletter of March, 1971 for further details.

2. On July 12, 1971, at 10:00 a.m., Mrs. Hedy Epstein called the subject's office and was told there were no vacancies for two bedroom units at Town and Country Apartments, but that there would be one on August 1. One-half hour later,

a black woman acting with FOR, went to the complex. She was told there were no vacancies in the two bedroom size, that there would be one vacancy on August 1, but that it was rented. Ten minutes later a white person acting as a FOR checker

inquired at the complex, and apparently was given different information from what was given.

3. In June and August, 1971 and on September 7 and 8, 1971, was told by the assistant manager at University Park Apartments, that there were no vacancies in one bedroom units. On September 8, Hedy Epstein was told by that there was a vacancy in the one bedroom size and to come out and look at it. On September 9, a white checker with FOR

was shown and offered a one bedroom unit by Additional details are contained in the attached letter from Hedy Epstein dated September 17, 1971.

Mrs. Epstein further advised that she has in the FOR files written accounts of further details of most if not all of the persons involved in the incidents related above. She also will search the FOR files for further accounts of other possible discriminatory incidents. Finally, she added that she believes that M-REIT's properties managed by the subject may be subjected to a quota of black tenants. She also stated that she has reason to suspect that black tenants at one of the subject's complexes are either relegated to use, or do use, only one of the four swimming pools there. Please conduct the following preliminary investigation:

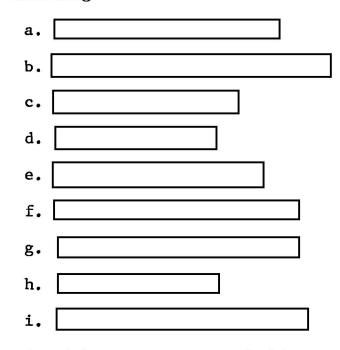

1. From interview of Miss Hedy Epstein or other appropriate representative of FOR, please secure details of other incidents, if any, of possible racial discrimination by the subject. Please identify all probable

witnesses. Please secure copies of prepared statements, or of handwritten notes, if such reflect a coherent story. Please determine from Mrs. Epstein any further details concerning incidents referred to in the attachments to this request.

2. Please interview for their respective accounts of dealings with the subject and knowledge of its operations, all black applicants, and all white and black checkers, including:

j. Other persons revealed by Mrs. Epstein and by your investigation.

Please include in your interviews of these persons the times and dates of all contacts with the subject's agents and employees, the language of the inquiries and responses thereto, the location or identity of any apartment shown, and a description of how any waiting list works. Please also inquire about any other knowledge

or information of possible unequal treatment in other areas of the subject's operations.

3. From interview of appropriate representative of the subject, please determine:

a. The identity, including race, of owners of the subject, and the identity of officers.

b. Since it is possible that the subject manages numerous smaller buildings, please obtain the name, address, number of units, and number of black and of white tenants for each apartment complex owned or managed which has more than 25 units in the total complex, including such information for the four complexes owned by M-REIT. (Murray Rubit wrote that there were 93-100 blacks in M-REIT buildings.) For units of 25 or less, please identify the block and street where located, and the number of white and black tenants thereon (in this regard the approximate percentage will suffice, in the absence of exact figures).

c. A description of general standards for rejecting applicants, and a description of specific standards (credit, income, age, marital, etc.), at the Town and Country Apartments, University Park Apartments, and any other complexes as to which alleged incidents are reported.

d. A description of the steps through which an applicant is processed.

e. How any waiting lists work at the complexes involved in the known complaints. g. The identity of resident managers and assistants (regardless of whether or not such persons are employed by the subject or by the owner).

h. The number of persons, by race, who during the last ten years have been employed as resident managers, assistant managers, and rental managers (or assistants) in the central office. Please identify eight such persons.

i. What instructions, written or oral, have been given to employees and agents regarding treating black persons to no stricter standards than white persons. Obtain copies of any written instructions.

j. The name of each job category of employees, and the number of persons in each category, by race. If any minority group persons are said to have supervisory responsibilities, what is the number of employees supervised, by race.

4. From responsive interviews of four former resident managers, assistant resident managers or rental managers or assistants in the central office, please determine:

a. Identifying data, including race, the dates of employment and a description of duties and responsibilities, and the complex(es) where employed.

b. The average number of persons who (i) inquired, and (ii) filled out an application or took similar steps.

c. The number of black persons who inquired and who applied, and identifying data regarding these black persons. If any black applicants were rejected, what were the reasons.

d. The number of minority group tenants.

e. What markings, codings, records, notes or memoranda were made, if any, regarding an applicant's race.

f. What discussion did the interviewee have with other employees or supervisors regarding particular black applicants, or about what steps to take in handling black applicants. Did the question of use by blacks of swimming pools and other facilities arise?

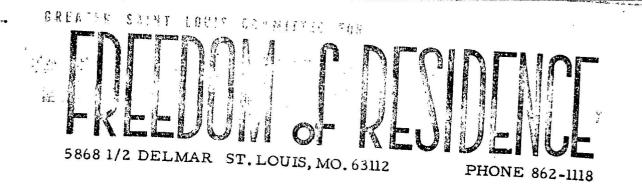

g. What inquiry or complaints were made by tenants regarding possible new black tenants? Did the interviewee believe that black tenants would be unwelcome at the complex? What did the interviewee believe was the management's view of how well a black tenant would fit in.

h. What complaints were made concerning alleged racial discrimination.

i. What were the reasons the interviewee no longer works for the subject.

5. Please interview the resident managers (and the assistant managers, as appropriate) at the four M-REIT complexes and at the Town and Country Apartments, to determine the matters set out in paragraphs 4a through 4g above.

Notes by Redy Epstein from investigation of racial integration in M-REIT

Properties, St. Louis, April, 1971.

<u>4/15/71</u> Hedy Epstein visited Spanish Gardens to speak to the manager, She indicated that there are 336 and that only one is rented to a black family. This black family has lived there since . soon after ______ took over. Soon after the new company took over, the "Black Panthers" came and rented an apartment. After one week they were out again. They just wanted to check if they discriminated. When Epstein questioned this, ______ said, well maybe it was not the Black Panthers, but it was something like that...oh it was ______ or one of his people. Well now they know we don't discriminate and we have had no more problems. The new company was concerned and wanted to have a black tenant because it would look bad if cut of 336 apartments, none were rented to blacks. But now we have nothing to worry about, noone can expect you to go out on the street and pick them up and bring them in here.

4/22/71 Epstein visited Cross Keys Apartments and spoke to manager there. She would not give her name. She indicated that out of 264 apartments 9 are rented to blacks. She has less trouble with these black tenants than with some of her other tenants.

4/22/71 Epstein visited Pere Orleans Town House Apartments and spoke to Assistant Manager. There are 176 apartments and when Epstein asked if any blacks live there, responded: About 3 or 4, let me look on the list. I just made up a list. After consulting the list, she informed me that there were 4 families there, they had 8 children. One had 4 children, one family had 2 children and the others had one child each.

4/22/71 Epstein visited University Park Apartments and spoke to Manager. When asked if any blacks live there, responded: Yes, we have quite a few. In response to how many are there, she said: "We don't keep a list, but they are quite nice." (384 apts.)

(Note: _____ has a friend who lives in University Park Apartments. She said it seems to her that the blacks who live there, live in a particular area. This area abuts Hiway 70 and is near the manager's apartment.

GREATER ST. LOUIS COMMITTEE FOR FREEDOM OF RESIDENCE 3/71 5368 Delmar Blvd: St. Louis, Mo. 63112 852-1118 NEWSLETTER In our last newsletter we briefly listed some individual case histories. This time we way take one of these case histories & describe it in more detail. The case in question conwho attempted to rent's 2 ER apt. in Brentwood 18 t Michelson Rity. The residential manager showed them an apt. & then sent the Es down to Michelson office to file an application. When they arrived at the Michelson office they : told that the apt. they had seen, had been rented to an earlier applicant. b7C his point FOR was contacted by We sent a white couple, acting as checkers, to rtain availability of an apt. The residential manager showed them an apt. & then voluned the following information: "...living here in Brentwood is nothing like living in the City...of course, I don't know how much longer we can hold out here. The other day a 'colored' couple came here. I showed them an apt. which already had an application pending on it, but did neither . tell them about nor show them another vacant apt. As soon as I sent them to the lichelson office I phoned the office & told them about it, because we had to act fast. The lady in the downtown office usually has to have her boss approve applications, towever, in view of this situation she had to act fast & approved the pending applicaion herself in the boss' absence. When the 'colored' couple came they were told that he apt. they had seen was already rented. They were not told about the other vacant pt. "hich had no application pending on it ... The 'colored' couple also asked if I culd babysit for their child, but I wouldn't sit with a 'colored' child ... " hite checkers also were sent to the Michelson office & applied for the apt. At this point intacted of Mchelson-Rity., shared with him all that had transpired. After checked out the situation for himself, he claimed that no discrimination had occurr, another recount of events, finally egreed that both his residential manage office staff had acted in a discriminatory manner & sgreed to rent to family. have been living there since mid-February 1971. a relating all this because of Michelson Rity. is the "-Reit (Mutual Real Estate & Investment Trust) properties located in the metropolitan St area, & we know that quite a few of you have purchased M-Reit shares over the years & therefore this will be of particular interest to those of you who are shareholders. -Loon Rity. is one of the oldest & largest slum property owner &/or management companies . Louis. This fact has been brought to the attention of of b6 t à to several of M-Reit's national board members by FOR on numerous occasions. We also b7C that be removed from his position, but all to no avail. 11 M-Reit's local because according to "he's doing a good Oh yes, is doing a "good job" all right. From our contact with him, we hat he has difficulty renting to blacks in M-Reit's supposedly integrated apt. building emple: In cerly summer 1970 when a couple wanted an apt. in a 384 unit apt. complex, by M-Reit ______said "no" because the complex had 20% black occupancy & therefore h" black tenants. In checking, we found there were only 8 black tenants at the time. his was pointed out to he stated that this couple consisted of a black husband & e wife & the residents of this complex were "not yet ready" to accept such a couple. et that M-Reit has not decued it fit to us to believe that M-Reit really do not believe in the company's origina. y of the situation was sent to to illustrate once more how blatantly 20n discriminates. (Note: This property is not M-Reit owned, but Michelson managed) conver in part reads as follows:

We are enclosing a copy of a newspaper ad which appeared in the February 10, 1971 edition of the b6 Baden News Press. This was brought to our attention b70 by _______ who is black, phoned the newspaper. He asked to speak to the editor; he spoke to a lady, but was not able to ascertain either her name or her position with the paper. She told him that the paper is not responsible for the wording of any advertisement. _____ Ehen phoned the number listed in the ad., The man he spoke to also would not give him his name, but did say he was the owner of the building, and indicated that the neighbors were not ready to accept black people in their area.

In checking the reverse directory, we noted that be is listed at that address and phone b7c b7c

We were wondering whether your office would want to take action against the paper? If not, we might. Please advise.

C. Please determine the number of persons who have applied for an occupancy permit since the Housing Code was enacted.

D. Please determine the number of black persons who have applied for occupancy permits since the Housing Code was enacted. (If the interviewee is unaware of the race of the applicants, please interview the person to whom the prospective resident actually makes application for the occupancy permit to determine the race of the persons applying for permits.) Please ascertain how many black persons applied for a permit prior to May, 1972, the date the code was amended to require 70 sq. ft. sleeping space per person, and how many black persons have applied for occupancy permits since May, 1972.

E. Please determine the number of persons who have been denied occupancy permits since the Housing Code was enacted and the reasons the permits were refused. Please obtain the name and address of all black persons who have been denied an occupancy permit and the reason for the denial.

F. Please obtain the names and addresses of all persons who have obtained an occupancy permit within the last year.

G. Please determine whether any person has obtained an occupancy permit when there was less than 50 sq. ft. per person in every room occupied for sleeping purposes (50 sq. ft. requirement applicable if permit applied for before May, 1972) or when there was less than 70 sq. ft. per person in every room occupied for sleeping purposes (70 sq. ft. requirement applicable if permit applied for after May, 1972). If any variance has been obtained, please obtain the name, address, and race of each person who obtained an occupancy permit even though they did not meet the existing requirements for sleeping space. Please determine whether any type of special application to waive the existing requirements was made, to whom such application was made, and the person(s) who determines whether the permit should be granted.

H. Please determine whether there are any procedures for obtaining any type of variance from any of the requirements of the Housing Code, and, if so, whether any variance of any type has ever been obtained and the person(s) who determines whether a variance should/should not be granted.

Housing and Urban Development (HUD) Office, 210 North 12th Street, St. Louis, Missouri, telephone was advised of the identity of the interviewing Agent and that she was being interviewed concerning a possible federal violation regarding discrimination in housing. She was advised information she furnished may be used in a court of law.

advised that she remembers being contacted by a who asked her if she felt the owner of an apartment building was asking for too high of a salary to qualify prospective tenants for his complex. She advised that stated that the owner of the complex where he was applying wanted monthly salary to be five times that of one month's rent. She advised that she remembers telling that even though what the owner was asking seemed a bit high, he was following a very strict guideline or a rule of thumb which is being used by apartment owners for rental of apartments.

She advised that she told ______ that if he felt he was being in any way discriminated against, he should pursue this by contact with St. Louis Freedom of Residence. She stated that she made no record of this contact by ______ and never heard from ______ again regarding the matter.

advised that she had nothing further to advise regarding the above incident.

white female, was advised of the

identity of the interviewing Agents and the nature of this investigation. She provided the following information:

advised that she believed it was in 1973 or 1974 that she lived at Tiffany Townhouse Apartments for approximately five months. She stated that after she had moved in after approximately two months she was asked by the owner, _______ to move from his apartment complex. She advised that one day while her niece's daughter and her daughter were at her apartment,

came to the apartment and told them they would have to leave and that he was going to send her an eviction notice. She advised a few days later ______ came back to her apartment and tried to hand her a paper which she refused to accept asking her to sign an eviction notice. She stated since she refused to accept it, he tried to get her daughter to take possession of it and he was unsuccessful.

She advised that ______ then took her to court. She advised that prior to the case appearing on the docket, there was a settlement between her attorney and ______ attorney wherein it was agreed that she would move out and would give her one month's rent and her security deposit and he let her stay in the apartment until she found another place to live. She advised that she found out that ______ did give her an excellent recommendation, stating that she paid her rent on time and had good credit to his knowledge.

advised that while she lived at Tiffany Apartments she did have a lot of visitors and her former son-in-law, who was black, had come to her apartment on three or four occasions and she had called the police to have him removed from the apartment or arrested, as he was causing trouble at her apartment.

advised that he did not feel that he could supply the names or addresses of each non-white tenant as he felt that this would be an invasion of their privacy and he would be in violation of the recent Privacy Act passed.

advised that he did not feel that he could supply the names, races, addresses, dates of applications or actions taken on applications for the last 20 applicants for the apartment complex as he felt it would be an invasion of privacy for him to do so. He stated that for the same reason, he could not supply the names, races, or addresses of non-white applicants for the last two years.

that at the time made application in November of 1975 there were approximately three or four vacancies. He advised that he carries an approximate five percent vacancy rate at all times and that he has no idea as to how to determine the duration of each vacancy.

advised that the approximate turnover is 25 percent and that he has never kept track of applicants in regard to how many by number and has no way of knowing what race the applicants are as they are not indicated on the application. ______ advised that he has had black applicants but has no idea as to the approximate number.

advised that very rarely do they get a new tenant as a result of a recommendation by a present tenant. They advised that they would welcome any such referrals, but most applicants come by walk-ins. advised that he does encourage recommendations by tenants and he pays \$25.00 for any recommendation if the tenant recommended moves advised that his manager is given instructions in. to show anyone, regardless of race, the available apartments and to write up an application if they desare to rent. He advised that he has told his managers to say that it would take approximately two weeks for confirmation, and that they should contact the office for the status of their application. advised that no special instructions were given regarding blacks, as he told his manager to treat everyone the same.

qualifying of a tenant for residency:

After receiving the application, reviews the credit record listed, and he follows the procedure closely that the tenant's net income must be five times his monthly rental rate. He stated that he trys not to take tenants with children seven years old and up due to the fact that his apartments do not have large courtyards, and he never takes more than two children in one family. He stated that it is his policy that upon completion of an application, the prospective tenant must make a check out for a deposit which is the security deposit equivalent to one month's rent before the application can be processed. He advised also that the prospective tenant must be employed and that the term of his present employment or past employment is a factor.

advised that verification of the application is made by himself. He advised that after receiving the application, he checks credit and employment, if he feels it necessary, and after doing so, he notifies the tenant that they have been approved and can move in after paying the first month's rent and signing a one-year lease. He advised that makes no personal judgment of any kind and is never asked for his personal judgment regarding the applicant as he determines their qualifications strictly as to whether they can pay their rent.

advised that all checks are confirmed by himself and the only checks after verifying the salary are regarding other points on the application which he questions. He advised that he does not use any type of credit company but instead calls banks, employers and previous landlords. He advised that he makes the same kind of checks on all applicants, be they black or white. He advised that he uses no type of forms when contacting institutions to verify an application, but instead makes personal telephone calls.

advised that he does not advertise in any newspaper or on any television or radio. He advised that he does place ads for his apartments in Apartment Cinema, 6516 Clayton, Clayton, Missouri, which is a small booklet put out in the City of St. Louis listing various apartments available. He advised that if Apartment Cinema sends out an individual and he becomes a tenant, pays a small commission to this service if the tenant moves in.

white male, was advised of the identity of the interviewing Agents and the nature of this investigation. furnished the following information regarding his knowledge of Tiffany Townhouse Apartments while he was manager from February, 1973, to May 23, 1975.

He advised that the apartments were not advertised while he was manager but were placed with Cinema Apartment Service, which referred prospective tenants to the apartment complex for rental. He advised that there were some referrals, how many is unknown, and most tenants came from walk-ins.

He advised that when a prospective tenant came to his apartment, he would show the vacant apartment. If the prospective tenant seemed interested, he was given an application to fill out and told that the application would be forwarded to the owner for review and verification which would take approximately 10 days.

He advised that he makes no judgment regarding who should or should not fill out an application as all persons wishing to fill out an application do so and all applications are reviewed by the owner. He advised that he played no part in the selection or qualifying of tenants.

He advised that the only instructions he was given by the owner was to show everyone apartments that were vacant and to supply an application for them to fill out.

advised that he received no instructions regarding the Civil Rights Act of 1968 or any state or local fair housing act regulations as he made no decisions regarding who would be tenants.

He advised that to his knowledge there were no policies or procedures that were different for the processing or rental of an apartment to a black person from any other

person nor was he given any instructions regarding this. He advised that there were no regulations as to the use of facilities by any black person who was a tenant. He stated he has no idea as to what procedure was followed regarding checks made on applications of prospective tenants. He advised that he has no idea as to what action was taken on any application submitted other than if they were accepted as tenants. He advised that he does not know any of the names of the black tenants who applied and had been turned down and he was never informed of the reason they were turned down. He stated that there were approximately a total of 10 black tenants while he managed the apartments. He advised that while he was manager there was no sign or notice which indicated to prospective tenants existing policy of renting with regard to race or color.

a Negro, advised he and his wife and daughter moved into his present apartment five years ago. They had lived in St. Louis, Missouri, and desired to move into St. Louis County. He and his wife began searching for an apartment in the County and after looking at numerous apartments, decided the Tiffany Apartments were the most attractive at the price range which they could afford.

He and his wife went to the rental office on only one occasion. They were cordially greeted by the manager, name not recalled, and filled out an application. He recalled the application inquired of his present residence, his employer and his current salary. There were other questions on the application which he could not recall. A week after filling out the application, they were called and advised there was an apartment available for them. He did not know or recall if there was a vacancy at the precise time he executed the application but even if there had been a vacancy, he would have needed at least a week to prepare for themove of his household furnishings.

advised he had no complaint whatsoever concerning his treatment as a prospective or current tenant. He advised there are other Negroes living in the apartment complex and they have made no complaint to him concerning discrimination.

Negro, residing at

advised she, her husband, and infant son occupy a two-bedroom apartment, paying \$185 monthly rent which includes water. She advised that in early November 1973, just prior to their marriage, she and her husband began seeking a two-bedroom apartment in St. Louis County. They looked at numerous apartments and happened to be driving by the Tiffany Townhouse Apartments and noted that they appeared to be desirable and in a good location. They stopped at the manager's office and were cordially greeted by the manager,

He told them there were two apartments presently available and immediately showed them one which had just been redecorated and was immediately available. They decided to take the apartment. Her intended husband told him that they were to be married within a month. Her husband made application for the apartment and paid a deposit, the amount she could not recall. ______ mentioned that it would be a week or two before the application could be processed. The application inquired as to where her husband worked, his salary and former places of residence.

Shortly after filling out the application, her husband was notified the application was approved and he could move in. He moved in just prior to the Thanksgiving holiday 1973 and they were married two weeks later.

advised they have always been treated fairly and cordially by the management and she has no complaint whatsoever concerning discrimination.

was contacted at her residence and the identity of the interviewing Agent and the purpose of the interview was made known to her. is a white female. She provided the following information:

She learned of the complex from Apartment Cinema and decided to apply at the complex because it was the cheapest and she needed an apartment immediately as she was living in a hotel with her daughter. She advised that she had just recently arrived from Germany.

She had gone to the manager's office on two occasions and each time was received in a very friendly manner. She does not know the name of the manager.

She did know of a vacancy in the complex and she learned of this vacancy through Apartment Cinema.

The application requested information pertaining to several credit references, employer and former addresses.

She was told one day after she made application that she could rent the apartment. She advised that she informed the manager that she needed the apartment as soon as possible as she was living in a hotel with her daughter. The manager told her that normally it would take up to 10 days but he would make an exception in her case.

She is not aware of any policy or practice with regard to the rental of apartments to black persons or other minority persons. She is not aware of any instances when a black or other minority person was not rented an apartment. She was never advised by a representative of the complex about any rules pertaining to entertainment of black guests in the apartments and black guests using the pool or other recreational facilities or any other matter which may indicate a policy based on race or color. She was never told that blacks or other minority persons were not rented apartments in the complex.

IX. REJECTED BLACK TENANTS

February 11, 1976 Date of transcription

In mid September 1975 she was looking for an apartment and happened to notice a sign indicating apartments for rent at the Tiffany Townhouse Apartments in Berkeley, Missouri. She went in and made application to rent an apartment and she was shown one of several vacant apartments by a man who appeared to be a brand new manager. This man, who was a white male, did not appear very sure of himself and obtained a tenant who was currently residing in the apartments to come over.

is not sure of the reason why the tenant came over but he seemed to have some influence over the The tenant was white. After manager. completed the application, the manager looked it over and then told her it did not appear she had sufficient income and that she would not be eligible to rent the apartment. She listed her income as \$377 per month which included her salary from her employment at She said the rent plus some Social Security benefits. for the apartment she was interested in was \$180 a month. She wrote out a check for \$180 and left it with her application. About two weeks later received a call from a man at the Tiffany Townhouse Apartments who did not appear to be the manager she had talked to. The man told her he was returning her check in the mail and that he was sorry she could not rent the apartment. When she asked why he mentioned that it was because she had children. The fact was she only had one child, which she listed on the application. She had earlier recalled seeing many small children at the She did not have any further conversation with apartments! the man and her check was returned by mail without any other correspondence included.

1 In October 1975 she rented her current apartment where she is paying \$175 a month rent and had no trouble at all.

stated that the application she submitted to the Tiffany Apartments was very complete, including references, credit, and everything requested. She said she did not make any complaints to the Tiffany Townhouse Apartments or any governmental agency concerning her rejection. She said when she was first rejected on the apartment she was disappointed because she really liked the apartment but she did not think too much about Later, after she gave it more thought, she felt it. there could well have been a racial motive in not being leased the apartment. In talking with some friends, she was also told by the freinds that she might as well forget those apartments and although race was not mentioned, she also got the opinion that it was a general feeling that blacks were not welcome at the apartments.

victim's neighborhood but were not shown this particular house. Interview those persons for details of their dealings with Paddock Realty Company.

3 -

> (a) full background, including her address, telephone number at home and at work, age, race, religion or national origin (as relevant to her allegations), her occupation, place of employment, length of time employed there, family income, educational background, any record of arrests or convictions, marital status and size of family living at home, and such other background data as may appear to be pertinent.

(b) obtain full details of all dealings the victim or any member of her family has had with the subject or any of his agents, including all oral or written communications with these persons, the date and time of such alleged discriminatory act, the names and addresses of the persons who were involved, and the victim's description of what was said or done.

(c) obtain copies of any pertinent written materials or documents that the victim may have in her possession, such as FHA appraisals, written offers by the agents to purchase the victim's property and any other correspondence between the subject and the victim.

(d) obtain the names of the real estate agents who offered to purchase victim's property for speculative purposes, made any statements about the changing character of the neighborhood and that property values will decline with the passage of time.

(e) ascertain the racial composition of the neighborhood and, if the property involved is in a racially changing area, ascertain when and the manner in which the change occurred, as well as the real estate companies active in the area.

3. Obtain details of any complaint made by the complainant or victim with any local, state or federal agency concerning the same incident of housing discrimination. From the specific agency involved, please secure copies of any complaints about any apartment building owned or managed by the subject, as well as the names of all obvious victims and complainants and the results of that agency's investigation and action taken on each complaint.

4. Please interview the owner, resident manager or other appropriate representative of the owner to secure his version of the facts resulting in the complaint, and to obtain the following additional information:

(a) the nature of the business, i.e., partnership, corporation, etc.

(b) please determine the name, address, race and position held of all persons who have an ownership or management interest in the subject firm.

(c) a complete description of the business operation of the firm, including the location of each branch or office and date each opened, the geographical territory covered by the firm, a list of each employee, including name, address, race, position held, the dates of employment, and whether he is a full or parttime employee. Specifically ascertain the number of sales persons employed. (d) determine whether the subject firm is a member of any local, state, or national real estate organization or participates in a multiple listing service. Secure all details.

(e) please determine the company policy, if any, since January 1, 1968, concerning not being the first real estate company to sell a house in a white neighborhood to a Negro. If such a policy existed, determine the policy regarding sales to Negroes in white areas after other Negroes moved into the area, and whether the company has any limitations or restrictions in regard to houses being shown to blacks. Ascertain whether the company accepts listings from white persons who indicated that they will not rent or sell to blacks or other minority persons. If so, determine whether these listings were made available to Negroes or were made available to Negroes or were coded in order to determine the owner's racial preferences. Obtain full details of any notations or codes of possible racial significance ("C", "N", "B", "X", etc.) and obtain copies of records containing such information.

(f) determine the advertising policies of the firm including frequency of advertisements and media employed, such as newspaper, radio, etc., and whether the same listings are placed in black newspapers as in newspapers of general circulation, and, if not, why are such ads not placed in the black media. Also ascertain whether the firm uses the same or different telephone number for different newspapers. Obtain a copy of all advertisements.

(g) ascertain the details of the company's system of maintaining the names of prospective purchasers, that is, a prospect card file or other system used to record telephone contacts and maintain general information on each prospect. In this connection ascertain whether each salesman maintains a listing book.

(h) determine the means of which the firm obtains the listings of the houses it sells and the approximate percentage of its overall listings that is obtain by each method. Also determine if agents are paid a bonus for obtaining certain types of listings.

(i) are salesmen instructed to show black prospective purchasers homes in allwhite areas only if the prospect requests such areas? If a black prospect has not preference for a home, or merely indicates an interest in living in a certain area, where is he likely to be shown homes? Are sales agents free to use their judgment in selecting a home, or area they believe the prospect will be attracted to, and if so, what considerations are usually made in reaching their decision (nearness to schools and work, racial composition of area, public transportation)? Are black buyers more likely to be shown and sold homes in all-white areas closer to changing areas than in an area where there are currently no blacks?.

(j) in order to determine whether the subject is more active in black or changing areas than in white areas, ascertain what percentage of its listings are in white areas, black areas and changing areas. (k) ascertain whether the subject owns or manages any apartment complexes and, if so, the name, location, size, identity of resident manager and the racial composition of each such complex.

5. Interview the salesmen named by or other relative as having approached them with low offers to purchase the property involved for the information requested in paragraph 6 below and for their version of the facts relating to the complaint.

6. Interview two present salesmen in addition to those described in question 5 above and two former salesmen of the subject for the following information:

> (a) please determine the length of time he has been engaged in the real estate business; the firms he has worked for; dates of employment and reason for leaving; the length of time he worked for the subject firm; the office or branch he worked in and as to the former salesmen, the reason they left the employ of the firm.

(b) obtain a complete description of the subject's sales policies to minority group members, including whether he was instructed by representatives of the firm to show homes to blacks only in black or changing areas, and to whites only in white areas; the extent of discriminatory practices by individual sales agents; whether he ever received instructions to treat black buyer or sellers differently from white ones and, if so, from whom he received these instructions and full details of the instructions; whether the firm used a dual set of listing books for white and black buyers, and if so, secure details.

(c) determine whether the firm's policies have changed since 1968 concerning the sale of real estate to minority persons and, if so, obtain a complete description of the old and new policies and the reasons for the change.

(d) ascertain the types of solicitation used by the firm to obtain listings (in racially changing areas, all-white or all-black areas) and the types of solicitation for home listings engaged in by the interviewees.

(e) determine whether the interviewee was ever the first real estate agent to sell a house to a black in an all-white area. If so, obtain the name and address of the black buyer and the date of the transaction.

On June 6, 1970, in response to a newspaper applied for an apartment at 5522 advertisement Delmar, St. Louis. b6 b7C On June 6, 1970, he went to 5522 Delmar seeking

an apartment for his wife (at that time out of town) and himself. He was required to go to the main office of Supreme to apply; he left a \$96 deposit. His application for an apartment was subsequently turned down, and no reason given. When he asked why, he was told to write a letter. Apparently, Supreme neither answered the letter nor returned his \$96 deposit.

contacted Freedom Of Residence (FOR) in mid-June. On June 16, 1970, Mrs. Epstein went to the building at 5522 Delmar and there filled out an application form. She listed correct information except for (a) her address, and (b) her husband's job. For her husband's employment, she listed information identical

She created a non-existent firm, M & M Engineering Company for her husband's employer, and gave as its address the building next to FOR's. Mrs. Epstein did not leave a \$96 deposit, claiming she did not have her checkbook with her.

Supreme sent a letter to the ficticious M & M Engineering Company, but due to a foul up, it was returned to Supreme rather than taken next door to Mrs. Epstein. Mrs. Epstein then called Supreme, which had not yet received the rejected letter. She then had a young man from FOR call and pretend to verify her husband's employment. Shortly thereafter, Mrs. Epstein talked with someone at Supreme who indicated that, with the verification of her husband's employment, the apartment would be theirs as soon as Supreme received a check for \$96.

Armed with this information, Mrs. Epstein and went to Supreme on June 20, 1970. They were referred by a

(these two are apparently among those who run Supreme). Both made up a variety of excuses including such items as "we don't rent to people who have only been employed for six months," "we don't rent to persons employed either by the Human Development Corp. or by the Post Office, as both groups are unreliable." When Mrs. Epstein pointed out that Supreme had been willing to rent to her and her husband in spite of a totally ficticious job, they threatened suit for fraud, etc.

They finally consented to rent the apartment wanted to him, but only if Mrs. Epstein, having given her husband's correct address and employment, would co-sign the application. Supreme promised to attempt to verify the information Mrs. Epstein gave concerning her husband during the week beginning June 22, and if this checked out, they would let take the apartment if Mrs. Epstein co-signed the lease.

Please contact the appropriate representatives of Goralnik Realty, 1825 North 19th Street, St. Louis, Missouri, and C. G. Investment Company of the same address, and obtain the information described in item 4 of Attachment A. */

In connection with paragraph (c) of item 4, we have been informed that rents for current tenants at Westfield and Meadowbrook have recently been increased for the purpose of driving out black tenants currently residing in those complexes, but that new tenants (who would be white, since black applicants were to be rejected) would be charged a lower rent. Therefore, please determine whether rents at any complexes owned by the subjects have been increased in the last six months and, if so, please determine the rates before and after the increase and ascertain the subject's reasons for increasing the rents. Also, please determine whether it is the policy at any complex to charge incoming tenants a lower rent than is being paid by current tenants of comparable apartments, and, if so, obtain details and ascertain the subject's reason for this practice.

In connection with paragraph (f) of item 4, we have information concerning four black applicants who applied at the Westfield Apartments between June and August of this year. One applied on or about July 18 and another applied on August 16. Specific dates for the other applications are unknown. Therefore, please determine the number and type of vacancies at the Westfield Apartments during this period and on these specific dates.

For your information in connection with paragraph (i) of item 4, subsection 8 of the consent decree in United States v. Goralnik**/required that employees of C. G. Investment Company

 $\frac{*}{Please}$ do <u>not</u> inform any representative of the subjects of the source of the complaint.

**/ A copy of which is attached.

be informed of the decree and of that company's nondiscriminatory policy. This requirement applied to all employees who dealt with applicants or handled applications between September 1971 and November 1973. Goralnik Realty was not a party in that case, therefore the requirement did not apply to employees of that company.

In connection with paragraph (j) of item 4, we have been informed that Goralnik Realty recently stopped accepting children at the Westfield and Meadowbrook-Midland complexes for the purpose of discouraging black applicants. Therefore, please determine whether the policy with regard to children has been changed at any complex within the last six months, and whether such a change occurred at or about the same time as any rent increase noted in connection with paragraph (c) of item 4. Also, please determine the reason for the change, and whether any exceptions are ever made to the rule.

In connection with paragraph (k) of item 4, our information is that resident managers were instructed to draw a circle in pencil around the words "form A" which appear at the top of the application sheet to indicate that the applicant is black. We have the names of four black applicants at the Westfield apartments whose forms were so marked. They are who who applied on August 16. applied on or about July 18. who applied between and June and August, specific dates unknown. Since the instructions to the resident managers specified that the circles be drawn in pencil, it is possible that they have been erased. Therefore, please inspect the originals of the forms to determine whether such erasure has occurred.

In addition to the information requested in item 4, we have been informed that two black tenants. at the Westfield complex and dat the Meadowbrook-Midland complex, were recently evicted under circumstances which suggest that a factor motivating the eviction was a desire to get rid of black tenants. Therefore, please ascertain the subject's

policy with regard to evictions. Who makes the decision to institute eviction proceedings? Is the decision automatic when a rent payment is late, or is each case considered individually? What factors are considered? Please obtain the following information concerning the last ten black tenants and the last ten white tenants evicted.

(1) Please obtain the name and current address (if available) of each tenant.

(2) Please determine the reason for the eviction.

(3) Please ascertain the length of time the tenant had resided in apartments managed by the subject prior to the eviction, and determine his record for the payment of rent during that time.

(4) Please determine whether any factors not involving rental payments were considered in the decision to evict. Obtain details of any complaints against the tenant by other tenants, resident managers, or others.

For purposes of comparison, please determine whether other tenants in complexes managed by the subject have delayed making, or failed to make rental payments or have been the subject of complaints and have not been evicted. Please determine the identities and races of any tenants who currently have outstanding balances more than three weeks*/ overdue against whom eviction proceedings have not been instituted, and determine the reason for the failure to institute eviction proceedings in each case. We have information that _______ a white tenant at the Meadowbrook-Midland complex may be in this category.

b6 b7C

^{*/} a black tenant at the Westfield Apartments, received an eviction notice on July 20 after having failed to make the payment due July 1. She had written a letter to the management, explaining that the rent would be late.

II

Please interview five present and five former employees of each subject and obtain the information described in item 6 of Attachment A. We have been informed*/ that the resident manager of the complex owned by ______ (the C. G. Investment Company) adjacent to the Meadowbrook-Midland complex owned by ______ may have been given instructions to discriminate, but would be unwilling to provide information for fear of retaliation.**/ Please include this individual as one of the current employees of the C. G. Investment Company to be interviewed. ______ former employees of Goralnik Realty have already been interviewed telephonically by this Division.

In connection with paragraph (e) of item 6, as noted previously, the subject C. G. Investment Company was required by section 8 of the consent decree<u>***/</u> entered in <u>United States</u> v. <u>Goralnik</u> to inform all employees with rental responsibilities of a policy of nondiscrimination. This included informing such employees of the provisions of the decree and obtaining a signed statement from each employee to the effect that the employee was familiar with the provisions thereof. September 24, 1971 and November 1973. Therefore, please determine whether present and former employees interviewed who were employed by C. G. Investment Company during this period received notice and signed statements in compliance with this decree.

In connection with paragraph (j) of item 6, the consent decree in <u>United States</u> v. <u>Goralnik</u> required the posting of a nondiscrimination notice in the rental office of each apartment complex owned by C. G. Investment Company. Therefore, please determine whether such signs are still posted or have been removed since the decree was dissolved.

III

Please interview five black tenants at apartment complexes operated by each of the subjects and obtain the information described in item 7 of Attachment A. In addition to the information there requested, please determine when the interviewee moved into the apartment complex, the type of apartment he lives in, the rent he currently pays, whether this has been increased in the last six months, and, if so, by how much. Also, please determine whether the interviewee has ever been threatened with eviction or otherwise asked or encouraged to move out, and, if so, obtain details.

IV

Please obtain interviews with at least five rejected black applicants for apartments at complexes operated by each of the subjects and obtain the information described in item 7 of Attachment A. We are aware of four black applicants at the Westfield complex, owned by Goralnik Realty. These are

Please secure interviews with at least ten white tenants at apartment complexes operated by each of the subjects. In order to check on the allegation that rents at Westfield and Meadowbrook were raised to drive out black tenants, but that new (white) tenants were charged lower rents, please select some new tenants who have moved in since the beginning of July of this year, and determine what type of apartment they have and what rent they pay. For purposes of comparison, please also interview tenants who have lived in similar apartments for a longer period of time and determine what rent they pay and whether this was recently increased, and, if so, by how much. In addition, for each interviewee, please obtain the information described in items 7 and 8 of Attachment A.

V

ATTACHMENT A

1. Interview the complainant, if other than the victim, for full details of his complaint, including the names of the subject, victim and any others with knowledge of the alleged discriminatory acts.

2. Interview the victim to obtain the following information:

> (a) Please obtain full background information, including his address, telephone number at home and at work, age, race, religion or national origin (as relevant to his allegations), his occupation, place of employment, length of time employed, family income, educational background, marital status and size of family living at home, and such other background data as may appear to be pertinent.

(b) Obtain full details of all dealings the victim has had with the subject or any of his agents, including all oral or written communications with these persons, the date and time such communications were made, the nature of the alleged discriminatory act, the names and addresses of the persons who were involved, and the victim's description of what was said or done.

(c) If the allegation relates to discrimination in the terms of rentals, i.e., if black persons claim they were quoted higher rates than are quoted to white persons for a similar unit, ascertain the rental rates and the amount of the security deposit quoted to the

171 - 3017.

ENCLOSE

interviewee and determine why the interviewee believes the rates to be discriminatory; also, please determine the number of bedrooms requested, size of apartment shown to interviewee, location of apartment shown (ground floor or above), and whether the unit contains a balcony, patio, fireplace or other feature (such as utilities furnished by the management) which would affect the rental rate.

(d) Determine from the victim the reason or reasons the subject or his agents gave for refusing to rent or deal with him.

(e) Ascertain the names and addresses of any witnesses to the incident.

(f) Obtain copies of any pertinent written materials or documents that the victim may have in his possession, such as copies of application forms for the subject housing, copies of purchase agreements or applications for financing, advertising materials dealing with the subject housing, or correspondence between the subject and the victim.

3. Obtain details of any complaint made by the complainant or victim with any local, state or federal agency concerning the same incident of housing discrimination. From the specific agency involved,

- 2 -

please secure copies of any complaints about any building or complex, etc., owned or managed by the subject, as well as the names of all obvious victims and complainants and the results of that agency's investigation and action taken on each complaint.

4. Please interview the owner, resident manager or other appropriate representative of the owner to secure his version of the facts resulting in the complaint, and to obtain the following additional information:

> (a) Please determine the name, address, race and position or function of every person and organization having an ownership interest in, or participating in the management of, the building or complex in question.

(b) Determine the name, address, number of units, age and type of buildings, and number of tenants by race (including the date the first non-white moved in) of every residential building or apartment complex owned by the owners or any of them, or managed by the managers or any of them.

(c) Please determine the number of tenants by race at the subject building or complex, and the name and address (dwelling or apartment number, etc.) of each non-white tenant. Also, ascertain the range of rent for each type of unit, including information as to whether the rental rate is affected by features such as patio, balcony, location (ground floor or above), and all other factors which would determine the rental rate.

- 3 -

(d) If a trailer park is involved, also ascertain the total number of spaces, the number of units owned by the subject and the tenants. Ascertain the conditions of occupancy (utilities, lease, rent, race, number of occupants, etc.), race of tenants, and address of each non-white tenant.

(e) Please determine the name, race, address, date of application and action taken in the applications of the last twenty applicants for a dwelling at the subject building, complex, etc. Please also secure the name, race, and address of every non-white applicant for the past two years (or of the last twenty black applicants, if there have been so many during a shorter period).

(f) Ascertain the number and type of vacant dwellings that were available at the time of the incident involved, the average number of vacancies per month and the duration of such vacancies.

(g) Please ascertain the rents charged at the complex where the incident occurred for each type of apartment, features which affect the rental rate, the approximate rate of turnover, and the approximate number of applicants, by race, per year. If there are no black or other minority tenants or very few, determine why the interviewee believes this to be so. (h) Ascertain whether and the degree to which management acquires new tenants through the recommendation and recruitment by existing tenants and through the acceptance of walk-in applicants for apartments, and full details as to the existence or nonexistence of such policy.

(i) Please determine if instructions were given to resident managers when the managers were hired regarding the rental of dwellings or spaces to blacks or other minority members; whether any changes occurred in these instructions, and if so, when; if the interviewee was ever advised by a manager of black applicants or of blacks who inquired, and if so, determine how the situation was handled and the results of the applications or inquiries. Also, ascertain whether interviewee has a specific policy concerning renting to blacks or other minority members, and, if so, ascertain the details of the policy and if it has changed, when and why the change was made.

(j) Please ascertain all criteria and qualifications prospective tenants must meet (credit rating, salary, marital status, race, children, deposit, written application, and the like), and a complete description of all procedures for becoming a tenant, including all steps from initial inquiry to moving in. Determine if the manager's subjective impression of the applicant plays any part in the decision to rent an apartment. If so, please determine specifics. (For example, are

- 5 -

managers free to accept or reject applicants because of hair styles, neatness, age or type of car, etc.)

(k) Ascertain whether any racial or other codes, such as a small "c"<u>*</u>/ or "XX"<u>**</u>/or other mark, appears on the application sheet or card to designate the race of the applicant. If so, inspect as many of the records as possible and obtain copies of a representative number.

(1) If a credit, employment, prior landlord, or other check is or has been in use, please obtain full details as to what check is made, whether check is made for all applicants or merely some and whether the same check is made as to all applicants. If a check is conducted in some but not all cases, or if a different check is conducted in some cases then in others, please determine all criteria on which the decision as to what, if any, check should be made. Please determine what check was made for the last ten black applicants and the last ten white applicants who reached this stage in their application. If a form is used for the various types of checks, please obtain copies of each.

*/ Often used for "colored."

 $\frac{**}{}$ XX has often been used in the industry as a symbol for blacks.

(m) If the subject advertises, please secure details of the media used and copies of representative advertisements. If possible, obtain the entire page of the publication in which a written advertisement appears. If different media are used for different properties, please determine which properties are advertised in which media, and the general racial characteristics of the properties so advertised and of the neighborhood in which they are located (white, black, transitional, etc.). Determine whether the rental or other property is listed with any rental agency, brokerage firm or multiple listing service, and, if so, obtain the name, and address of such agency, firm or service.

(n) Please ascertain the number of employees by race and job position at each building or complex and identify any maintenance or other personnel who reside in the building.

(0) From personal observation and from interviews with the owner and the manager, ascertain whether a fair housing poster, which is required by the Department of Housing and Urban Development, is displayed in each rental office of the subject.

5. Please interview all persons who witnessed any dealings or conversations (which are the subject of this investigation) between the victim and the subject to obtain information similar to that requested to be obtained from the victim in Part 2 of this memorandum.

- 7 -

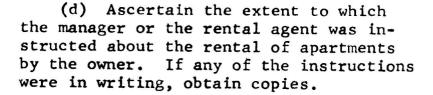

6. Please secure responsive interviews from five former employees and at least five present employees of the subject (giving preference to those who had rental or employment responsibilities, and including some non-white employees if possible) to obtain the following information:

- 8 -

(a) Determine how the apartments are advertised and how vacancies are made known to potential tenants. For example, are present tenants encouraged to locate or recommend potential tenants, are newspaper advertisements used, and if so, when, etc. Determine what proportion of applicants are referred by present tenants and whether such applicants are given any kind of preference.

(b) Determine the normal procedure followed from the time a potential tenant first contacts the rental agent or manager until the time the person is either rented an apartment or not rented an apartment. This should include the use of application forms, credit checks, necessity for references, procedures for verification of income or employment, etc.

(c) Determine the criteria used by a rental agent or manager in deciding whether to rent to a particular applicant. For example, is the manager given any discretion in the selection of tenants; if so, how is it used and is it reviewed by the owner. Obtain copies of any written or published criteria.

(e) Determine whether the owner instructed or discussed with him the effect of the federal Civil Rights Act of 1968 or of any state or local fair housing act or regulation on the operation of the apartments. If so, please obtain details and the dates of such events. If exact dates are not known, please determine if such instructions or discussions occurred at about the same time as the passage of the acts.

(f) For those managers or rental agents who were employed by any of the subjects at the time of the passage of the 1968 Act (April 1968), or its general effective date (January 1, 1969), or at the time of the passage or effective date of a state or local Fair Housing Act, please determine the effect of such legislation on the operation or management of the apartments and the extent of any discussions with the owners concerning the changes.

(g) Please determine whether the interviewee is aware of any policy or procedure followed in the taking and processing of applications from, or rental of apartments to black persons

- 9 -

which was different from that used in the case of others. This includes any statements or instructions the interviewee received in this regard, even though a particular interviewee did not necessarily follow those instructions. Also, determine if the interviewee is aware of any limitations on the use of facilities (pool, recreation areas, etc.) that may be imposed on black tenants or if there is any limitation on white tenants having black guests, etc.

(h) Please determine whether a credit check is conducted in the case of each applicant, whether the same procedures are used in each case, and by whom the check is conducted. If a check is not always made, or if different procedures are followed, please determine what criteria are used to decide how a particular applicant will be checked. Determine how many of the last 20 black applicants and how many of the last 20 white applicants were subjected to a full credit check.

(i) Please determine if the interviewee is aware of the identity of any black applicants who inquired about or applied for rental and if so, whether such applicants obtained an apartment. If they were not rented an apartment, obtain the reasons for not renting. Also, please obtain the names and addresses of all such persons (both successful and unsuccessful applicants) known to the interviewees, determine the number of units in

each apartment managed by each interviewee and ascertain the highest number of apartments rented to blacks at any one time at each such apartment complex.

(j) Determine if the apartment rental office contains or has contained a sign or notice which indicated the existence of a policy of renting to persons without regard to race or color and if, in any way, the existence of such policy was known to the community.

7. Please secure responsive interviews from at least five black tenants of the trailer park, apartment building or complex in question (if there are so many) and from at least five rejected black applicants as to all of their dealings with the subject. Please include the following information:

> (a) Ascertain how the interviewee learned of the subject dwellings and why he decided to apply or inquire at the subject dwellings.

(b) Determine how many times he went to the rental office, what was said, the manner in which he was received and the attitude, name and position of the person with whom he spoke.

(c) Determine if, in fact, the interviewee knew of a vacancy, and if so, the basis of that knowledge.

- 12 -

(d) Ascertain the type of information requested or sought by the persons in the office, such as credit references, names of employers, former addresses, etc.

(e) Determine the reason given to the applicant why he was not rented a dwelling, or if he was rented a dwelling, ascertain the length of the waiting period.

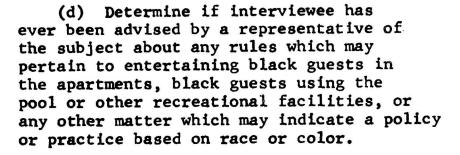

(f) Determine if the interviewee threatened to complain, or did complain, to a fair housing group, a lawyer, or a governmental agency because of any aspect of his dealings with the subject. If so, obtain details.

8. Please secure responsive interviews with ten present white tenants for the following information:

(a) Please obtain the information requested in Part 7, above.

(b) Please determine their understanding of the subject's policy or practice with regard to the rental of apartments to black persons or to other minority persons. If they have an understanding of the policy or practice, please determine the factual basis for it.

(c) Please determine if the interviewee is aware of any instance when a black or other minority person was not rented an apartment and the reasons for the failure to rent, if known.

(e) Please determine whether the interviewee was told that blacks or other minority persons were not rented apartments there, kept out, etc. If so, secure details concerning those who were present, the dates, exactly what was said, and whether such conversation occurred when the interviewee was seeking an apartment at the subject building or complex, or after he moved in.

Airtel SAC, St. Louis Re: Park Ridge Apartments

NOTE: This is a new matter. Department requests investigation based on receipt of complaint from victim, black, who alleged subject discriminated against her when she made application for an apartment. She filed a suit against subject which is still pending. Subsequently, checkers also reported alleged acts of racial discrimination by subject. Department requests a limited investigation to interview at least 33 individuals; therefore, a 28 day deadline is given to assure time for completion.

Watson SUBJECT: Company, Anchor Building Company, Ferguson, Missouri - Subject b6 b7C - Victim Discrimination in Housing TITLE VIII, CIVIL RIGHTS ACT OF 1968 On October 16, 1973, Ms. Hedy Epstein (white), a member of the Freedom of Residence organization in St. Louis, Missouri, telephoned the Department to relate a complaint of alleged discrimination made to her b6who is black, and who organization by b7C subsequently filed suit against the A. D. Watson Company for racial discrimination in June or July of 1973 in federal district court for the eastern district of Missouri. That suit is still pending. The complaint alleged that in January 1973, telephoned the Park Ridge Apartments regarding a one-bedroom apartment for June. She was told it was too b6 early to request an apartment. She returned in March, and filled out an application. However, was never contacted by the rental agents. She subsequently filed suit. After suit was filed, Ch Black (bona fide) client of F.O.R. went to Park Ridge to inquire about the availability of a one- or two-bedroom apartment. He was shown a waiting list of about forty names and was told he must Curled SHC, Sho RCG: MA RCG: MA 2/22/14 give a \$150.00 or \$155.00 deposit to get on the list. b7C

Subsequent to these events, F.O.R. sent out checkers to the Park Ridge Apartments. (black), the first checker, was told there was a waiting list of thirty-three persons for the one- or two-bedroom apartment. He was given an application form and was told he could take it home to fill out. There was no mention of a deposit to Ms. Epstein then proceeded to go into the rental office at Park Ridge after had left. However, a white couple (not checkers) went in before her to request an apartment. Ms. Epstein overheard their conversation with the manager, (described as a white woman in her early twenties with bleached blonde hair). This white couple was told they could move into a two-bedroom apartment on October 15, 1973.

After the couple left the office, Mrs. Epstein proceeded with her check and was told by the manager that there would be a two-bedroom apartment available in November 1973, and that there were several one bedroom apartments currently available. The manager did not mention a waiting list to Ms. Epstein.

Another checker (white), was also offered a one-bedroom apartment at Park Ridge. (black) also acted as a checker, but his experience with the subject is unknown.

The company that owns or manages Park Ridge is A. D. b6 b7C

b6 b7C

ATTACHMENT A

1. Interview the complainant, if other than the victim, for full details of his complaint, including the names of the subject, victim and any others with knowledge of the alleged discriminatory acts.

2. Interview the victim to obtain the following information:

> (a) Please obtain full background information, including his address, telephone number at home and at work, age, race, religion or national origin (as relevant to his allegations), his occupation, place of employment, length of time employed, family income, educational background, marital status and size of family living at home, and such other background data as may appear to be pertinent.

(b) Obtain full details of all dealings the victim has had with the subject or any of his agents, including all oral or written communications with these persons, the date and time such communications were made, the nature of the alleged discriminatory act, the names and addresses of the persons who were involved, and the victim's description of what was said or done.

(c) If the allegation relates to discrimination in the terms of rentals, i.e., if black persons claim they were quoted higher rates than are quoted to white persons for a similar unit, ascertain the rental rates and the amount of the security deposit quoted to the interviewee and determine why the interviewee believes the rates to be discriminatory; also, please determine the number of bedrooms requested, size of apartment shown to interviewee, location of apartment shown (ground floor or above), and whether the unit contains a balcony, patio, fireplace or other feature (such as utilities furnished by the management) which would affect the rental rate.

(d) Determine from the victim the reason or reasons the subject or his agents gave for refusing to rent or deal with him.

(e) Ascertain the names and addresses of any witnesses to the incident.

(f) Obtain copies of any pertinent written materials or documents that the victim may have in his possession, such as copies of application forms for the subject housing, copies of purchase agreements or applications for financing, advertising materials dealing with the subject housing, or correspondence between the subject and the victim.

3. Obtain details of any complaint made by the complainant or victim with any local, state or federal agency concerning the same incident of housing discrimination. From the specific agency involved, please secure copies of any complaints about any building or complex, etc., owned or managed by the subject, as well as the names of all obvious victims and complainants and the results of that agency's investigation and action taken on each complaint.

4. Please interview the owner, resident manager or other appropriate representative of the owner to secure his version of the facts resulting in the complaint, and to obtain the following additional information:

> (a) Please determine the name, address, race and position or function of every person and organization having an ownership interest in, or participating in the management of, the building or complex in question.

(b) Determine the name, address, number of units, age and type of buildings, and number of tenants by race (including the date the first non-white moved in) of every residential building or apartment complex owned by the owners or any of them, or managed by the managers or any of them.

(c) Please determine the number of tenants by race at the subject building or complex, and the name and address (dwelling or apartment number, etc.) of each non-white tenant. Also, ascertain the range of rent for each type of unit, including information as to whether the rental rate is affected by features such as patio, balcony, location (ground floor or above), and all other factors which would determine the rental rate.

3

(d) If a trailer park is involved, also ascertain the total number of spaces, the number of units owned by the subject and the tenants. Ascertain the conditions of occupancy (utilities, lease, rent, race, number of occupants, etc.), race of tenants, and address of each non-white tenant.

(e) Please determine the name, race, address, date of application and action taken in the applications of the last twenty applicants for a dwelling at the subject building, complex, etc. Please also secure the name, race, and address of every non-white applicant for the past two years (or of the last twenty black applicants, if there have been so many during a shorter period).

(f) Ascertain the number and type of vacant dwellings that were available at the time of the incident involved, the average number of vacancies per month and the duration of such vacancies.

(g) Please ascertain the rents charged at the complex where the incident occurred for each type of apartment, features which affect the rental rate, the approximate rate of turnover, and the approximate number of applicants, by race, per year. If there are no black or other minority tenants or very few, determine why the interviewee believes this to be so. (h) Ascertain whether and the degree to which management acquires new tenants through the recommendation and recruitment by existing tenants and through the acceptance of walk-in applicants for apartments, and full details as to the existence or nonexistence of such policy.

(i) Please determine if instructions were given to resident managers when the managers were hired regarding the rental of dwellings or spaces to blacks or other minority members; whether any changes occurred in these instructions, and if so, when; if the interviewee was ever advised by a manager of black applicants or of blacks who inquired, and if so, determine how the situation was handled and the results of the applications or inquiries. Also, ascertain whether interviewee has a specific policy concerning renting to blacks or other minority members, and, if so, ascertain the details of the policy and if it has changed, when and why the change was made.

(j) Please ascertain all criteria and qualifications prospective tenants must meet (credit rating, salary, marital status, race, children, deposit, written application, and the like), and a complete description of all procedures for becoming a tenant, including all steps from initial inquiry to moving in. Determine if the manager's subjective impression of the applicant plays any part in the decision to rent an apartment. If so, please determine specifics. (For example, are

• 5

managers free to accept or reject applicants because of hair styles, neatness, age or type of car, etc.)

(k) Ascertain whether any racial or other codes, such as a small "c"*/ or "XX"**/or other mark, appears on the application sheet or card to designate the race of the applicant. If so, inspect as many of the records as possible and obtain copies of a representative number.

(1) If a credit, employment, prior landlord, or other check is or has been in use, please obtain full details as to what check is made, whether check is made for all applicants or merely some and whether the same check is made as to all applicants. If a check is conducted in some but not all cases, or if a different check is conducted in some cases then in others, please determine all criteria on which the decision as to what, if any, check should be made. Please determine what check was made for the last ten black applicants and the last ten white applicants who reached this stage in their application. If a form is used for the various types of checks, please obtain copies of each.

*/ Often used for "colored."

**/ XX has often been used in the industry as a symbol for blacks.

If the subject advertises. (m) please secure details of the media used and copies of representative advertisements. If possible, obtain the entire page of the publication in which a written advertisement appears. If different media are used for different properties, please determine which properties are advertised in which media, and the general racial characteristics of the properties so advertised and of the neighborhood in which they are located (white, black, transitional, etc.). termine whether the rental or other property is listed with any rental agency, brokerage firm or multiple listing service, and, if so, obtain the name, and address of such agency, firm or service.

(n) Please ascertain the number of employees by race and job position at each building or complex and identify any maintenance or other personnel who reside in the building.

(o) From personal observation and from interviews with the owner and the manager, ascertain whether a fair housing poster, which is required by the Department of Housing and Urban Development, is displayed in each rental office of the subject.

5. Please interview all persons who witnessed any dealings or conversations (which are the subject of this investigation) between the victim and the subject to obtain information similar to that requested to be obtained from the victim in Part 2 of this memorandum. 6. Please secure responsive interviews from five former employees and at least five present employees of the subject (giving preference to those who had rental or employment responsibilities, and including some non-white employees if possible) to obtain the following information:

> (a) Determine how the apartments are advertised and how vacancies are made known to potential tenants. For example, are present tenants encouraged to locate or recommend potential tenants, are newspaper advertisements used, and if so, when, etc. Determine what proportion of applicants are referred by present tenants and whether such applicants are given any kind of preference.

(b) Determine the normal procedure followed from the time a potential tenant first contacts the rental agent or manager until the time the person is either rented an apartment or not rented an apartment. This should include the use of application forms, credit checks, necessity for references, procedures for verification of income or employment, etc.

(c) Determine the criteria used by a rental agent or manager in deciding whether to rent to a particular applicant. For example, is the manager given any discretion in the selection of tenants; if so, how is it used and is it reviewed by the owner. Obtain copies of any written or published criteria. (d) Ascertain the extent to which the manager or the rental agent was instructed about the rental of apartments by the owner. If any of the instructions were in writing, obtain copies.

(e) Determine whether the owner instructed or discussed with him the effect of the federal Civil Rights Act of 1968 or of any state or local fair housing act or regulation on the operation of the apartments. If so, please obtain details and the dates of such events. If exact dates are not known, please determine if such instructions or discussions occurred at about the same time as the passage of the acts.

(f) For those managers or rental agents who were employed by any of the subjects at the time of the passage of the 1968 Act (April 1968), or its general effective date (January 1, 1969), or at the time of the passage or effective date of a state or local Fair Housing Act, please determine the effect of such legislation on the operation or management of the apartments and the extent of any discussions with the owners concerning the changes.

(g) Please determine whether the interviewee is aware of any policy or procedure followed in the taking and processing of applications from, or rental of apartments to black persons

9

which was different from that used in the case of others. This includes any statements or instructions the interviewee received in this regard, even though a particular interviewee did not necessarily follow those instructions. Also, determine if the interviewee is aware of any limitations on the use of facilities (pool, recreation areas, etc.) that may be imposed on black tenants or if there is any limitation on white tenants having black guests, etc.

(h) Please determine whether a credit check is conducted in the case of each applicant, whether the same procedures are used in each case, and by whom the check is conducted. If a check is not always made, or if different procedures are followed, please determine what criteria are used to decide how a particular applicant will be checked. Determine how many of the last 20 black applicants and how many of the last 20 white applicants were subjected to a full credit check.

(i) Please determine if the interviewee is aware of the identity of any black applicants who inquired about or applied for rental and if so, whether such applicants obtained an apartment. If they were not rented an apartment, obtain the reasons for not renting. Also, please obtain the names and addresses of all such persons (both successful and unsuccessful applicants) known to the interviewees, determine the number of units in each apartment managed by each interviewee and ascertain the highest number of apartments rented to blacks at any one time at each such apartment complex.

(j) Determine if the apartment rental office contains or has contained a sign or notice which indicated the existence of a policy of renting to persons without regard to race or color and if, in any way, the existence of such policy was known to the community.

7. Please secure responsive interviews from at least five black tenants of the trailer park, apartment building or complex in question (if there are so many) and from at least five rejected black applicants as to all of their dealings with the subject. Please include the following information:

> (a) Ascertain how the interviewee learned of the subject dwellings and why he decided to apply or inquire at the subject dwellings.

(b) Determine how many times he went to the rental office, what was said, the manner in which he was received and the attitude, name and position of the person with whom he spoke.

(c) Determine if, in fact, the interviewee knew of a vacancy, and if so, the basis of that knowledge.

(d) Ascertain the type of information requested or sought by the persons in the office, such as credit references, names of employers, former addresses, etc.

(e) Determine the reason given to the applicant why he was not rented a dwelling, or if he was rented a dwelling, ascertain the length of the waiting period.

(f) Determine if the interviewee threatened to complain, or did complain, to a fair housing group, a lawyer, or a governmental agency because of any aspect of his dealings with the subject. If so, obtain details.

8. Please secure responsive interviews with ten present white tenants for the following information:

(a) Please obtain the information requested in Part 7, above.

(b) Please determine their understanding of the subject's policy or practice with regard to the rental of apartments to black persons or to other minority persons. If they have an understanding of the policy or practice, please determine the factual basis for it.

(c) Please determine if the interviewee is aware of any instance when a black or other minority person was not rented an apartment and the reasons for the failure to rent, if known. (d) Determine if interviewee has ever been advised by a representative of the subject about any rules which may pertain to entertaining black guests in the apartments, black guests using the pool or other recreational facilities, or any other matter which may indicate a policy or practice based on race or color.

(e) Please determine whether the interviewee was told that blacks or other minority persons were not rented apartments there, kept out, etc. If so, secure details concerning those who were present, the dates, exactly what was said, and whether such conversation occurred when the interviewee was seeking an apartment at the subject building or complex, or after he moved in.

to that he did not feel that could afford the apartment on his salary with the credit payments of approximately \$100 that he was making. He stated also advised that he figured that it would cost him approximately \$65 in utilities and that with this if did not feel he could be accepted as a tenant. advised that also advised him that it was his policy that the tenants' monthly net income must be five times that of his monthly rental.

TI

advised he had no written communications other than his check and application he filled out at the apartment complex.

advised he felt that due to the fact that he stated on his application that he was paying \$45 rent a month ___felt that while living in the city of St. Louis that possibly he could not manage his money to move to such an expensive apartment so fast ... He stated that asked a lot of personal questions regarding how he was going to furnish his apartment as he had one less room of furniture that the apartment he was applying for. He advised that he had discussed the matter of moving with on about three occasions from November 9, 1975 to Dewember 16, 1975, when it was determined that there was no possible way be would be moving into the apartment. He advised then returned his deposit check of \$185.

advised that he did not feel the deposit or the rent was raised due to the fact that he was black, as he felt that the rental rate for a two-bedroom townhouse apartment was proper. He stated that all apartments at the complex were on the same level and no utilities were furnished except water and trash. He stated that the apartment he was whown did have a balcony. _________ advised that all correspondences were with ________ by telephone and no written correspondence was made.

advised that he did contact the Department of Housing and Urban Development (HUD) and talked to a on November 27, 1975. He advised that he asked her if the way was figuring whether or not he qualified for the apartment was proper or if he was figuring too strictly in his guidelines as far as salary requirements. He stated he was advised by t hat was figuring by the guidelines which are set up by HUD and passed on to apartment owners that a tenant should make about five times what his monthly rent is. He stated that was following these rules very did advise that closely from what he had told her.

advised that on November 4, 1975, he and his wife also called Wyndhurst Townhouse Apartments to seek information regarding possible rental. He stated he and his wife on November 5, 1975, went to the Wyndhurst Apartments and were given a key by the manager to look at the townhouse apartment that was available. He advised that when they returned they filled out an application and were advised that they would be contacted within approximately 10 days. He stated on November 15, 1975, he and his wife stopped at the townhouse apartments to see what the status of the application was and they were advised by the manager's wife, that the application had been forwarded to the owner for review. He advised that on November 18, 1975. his wife called and talked to inquiring as to the status of their application. He stated his wife advised that they wished to move in within the near future or as soon as possible. She stated that advised that she would have to check the application and be right back. When came back to the telephone she stated she checked the application and it did not appear that they would be getting an apartment until at least December 1, 1975, and did not know if there would be any available in January, 1976. She advised that if they wanted to find anything immediately they should possibly look somewhere else as no apartments would be available in the immediate future. Was asked to keep their application on file as they may be interested in January, 1976.

advised that during this time he had been in contact with HEDDIE RPSTEIN, St. Louis Freedom of Residence, and she stated she would look into this matter. He stated that in the first week of December, 1975, he called and talked to and asked about their application and the possibility of renting an apartment. He stated he was told that they had changed their policy and children by were no longer accepted. He advised that he did not feel this was right as he had already filled out his application stating he had one child so he contacted the St. Louis Open Housing who referred them to various apartments in the city. He advised that St. Louis Open Housing contacted him several days later and advised that apparently Wyndhurst Apartments had changed their requirements and that they do accept children only when they had a large number of vacancies as they wanted to limit the number of families with children.

advised that he was told by EPSTEIN sometime later in December, 1975, that she had sent out a tester who said he was married with one child and that the manager, advised him that since his child was so young be could be accepted as a tenant. He advised that his wife was instructed on that same date in December, 1975, to call and ask about their application and if there was an apartment available. said that his wife handled most of the paperwork and that she would call when she came in. She advised that he said that a credit was being checked and at that time she stated she checked with the credit bureau and no credit check has been made on her or her husband's account.

after she had hung up called back and said that he had checked her application out to be reviewed by his wife and found that their application had been approved and an apartment was available for them to rent. He advised that she should come out with a check for the deposit and first month's rent and that they can move within a couple of days. She advised that she hung up the phone.

advised that they had already secured an apartment by this time anyway.

advised that the rent rate and deposit seemed to be reasonable for what they were getting in regards to their apartment. He advised he had asked for the same accommodations, two bedrooms, as he had had at the Tiffany Townhouse Apartments.

He advisediable the was never told that he was rejected as a tenant and then after several calls he was finally accepted. He stated that there were not witnesses to any of the transactions that occurred between himself or his wife with the above-mentioned apartment owner or managers. He advised that in this case there was also no written communications involved.

advised that the only people he contacted in this incident were those mentioned above, St. Louis County Open Housing regarding change of qualifications regarding children at Wyndhurst Apartments.

advised that he had nothing further to add regarding the above incidents.

many applications there were a year as the managers take all applications and there would be no way for him to know the races of the applicants. He advised that his managers acquire tenants mainly through walk-ins and referrals from other tenants. He stated that to the best of his knowledge very few tenants are acquired through referrals.

advised that he advised his managers the following information regarding restal of apartments. He stated that he required the applicant's one-week salary should be the rent for the month; that he preferred one child per family and if only one vacancy was open, no children; if there are three or four vacancies one child per family and if there were a number of vacancies accept applications with two children, but no more. He advised that he has never advised his managers concerning black applicants for rental of an apartment. He stated that everyone is treated the same after they have been qualified to fill out an application. He advised that the qualification to rent his apartment is as stated above and that the steps his managers are requested to take are as follows:

Managers are requested to ask questions to see if the applicant meets the qualifications as stated above; if they do meet qualifications application is given to them to be filled out. He stated before they leave the applicant is given a business card with the manager's name, address and telephone number so that they can call back at any time to request the status of their application. He advised that the only check made by the is to verify that the person is employed where they say they are employed and if possible their salary. He advised that after this is done the application goes to the bottom of the stack of applications on file of qualified tenants and as an apartment comes available the applicant is called and advised that the application has been approved and that they should come out to the apartment complex, fill out na lease agreement and pay a deposit. He stated that upon moving in the rent is paid. He advised that applications are handled on a first come first served basis only.

He stated that the manager is not allowed to make judgement as to race, color or creed and are to accept applications if applicants qualify. He stated that only employment verifications are made after applications are filled out and this is done on everyone, black and white.

advised that upon receipt of the application from potential tenants and if their credit was in good standing, she would review the application and a deposit of \$150 and the first month's rent or a portion thereof was required from the tenant at that point.

advised that they were instructed by the owner of the apartments not to rent to singles or to persons with over two children under the ages of 3 or 5 years old or anyone with large dogs. advised that the owner never said anything to them about renting to blacks and told her everyone was equal as far as he was concerned if they qualified financially. further stated she does not remember if the owner ever discussed the Civil Rights Act of 1968 with her and her husband, but she and her husband are familiar with discrimination laws. further advised to her knowledge the owner has never discriminated against any minorities as far as renting an apartment to them, and certainly she and her husband have never used any discrimination in renting apartments.

advised that there are a total of 104 apartments at the Wyndhurst apartment complex, and the highest number of apartments ever rented to blacks at one time was probably around 15 apartments in 1974. advised that the apartment complex has no recreation areas such a a pool, tennis courts, playground, etc.

explained that a credit check is conducted on each applicant and the same procedures are used for each applicant, and she believed that the credit check was made through Commercial Credit of St. Louis, Missouri. She advised that only one credit application and only one application for rental was used for each tenant regardless of their race. advised that she does not remember anyone ever being turned down once their credit rating was received and it was determined that the applicant had a qualifying credit rating.

supplied the foolowing information:	

She advised that while she and her husband managed the Wyndhurst Apartments from the time they were built to 1970, most of their advertising was in the St. Louis Post Dispatch, and most applicants were from those advertisements. She advised that those who were referred by tenants were probably a very low percentage of potential tenants. She advised that she probably did give preference to persons who were referred by tenants as these individuals were usually very good tenants and they had a recommendation who said they would be a good tenant.

She advised that the normal procedure that was followed for a potential tenant when first contacting her was to show them an apartment to see if they were interested, and if they were interested she would see if they met the qualifications for a person who could live at the apartments. She advised that these qualifications were not more than two children in a family, must have a certain income, amount she cannot recall, and it depended on the amount of vacancies whether or not singles were taken. She advised that the application was filled out by the potential tenant and then a check must be written for a security deposit prior to processing of the application. She advised that she would next call St. Louis Credit Bureau and ask them to run a check on the potential applicants credit and she would supply them with the other information on the application to check out employment and previous residence. She advised that this sometimes took 15 days or longer. She stated that after the credit check was completed the owner was notified and he made the final decision regarding the tenants moving in.

b6 b7C She advised that due to the fact that the Credit Bureau was taking so long in processing applications required for prospective tenants, the owner, was contemplating cancelling this type of check.

She advised that as she stated above the criteria used by herself for deciding if an applicant qualified was based on number in family and income.

She advised that the only instructions she was given by the owner when a potential tenant appeared was to give them an application to fill out and turn it over to the St. Louis Credit Bureau for a background check. She advised that this was done in all cases.

She advised that at the time the Civil Rights Act of 1968 was passed came to their apartment. brought written information regarding the regulations as set out and read these regulations to them. He advised them they should follow them strictly and that they should supply applications to all qualified tenants be they black or white. She advised that she could not remember the exact date that gave them this information, but believes it was in the middles of 1968. She advised that as a result of the Civil Rights Act of 1968 being passed their operations were not changed regarding the accepting of applications or the rental of apartments to potential tenants. She advised that their procedure that they had been following was complying with the regulations as described in the Civil Rights Act of 1968.

advised that there was no special policy or procedure in the taking or processing of applications for rental of apartments to black persons or white persons. She advised that as a matter of fact they were told to be especially courteous and helpful to any potential black tenants and to make them feel welcome as a tenant. She advised that there were no instructions regarding limitations for the use of apartment facilities, or any limitations on white tenants having black guests.

She advised the same credit procedure was used for black and white tenants when applying for rental of

apartments. She advised that as long as she was manager at the apartments all blacks who had filled out applications and deposited security deposits were never rejected, and acquired rental of the apartment. She advised that there were approximately four units per building and believed there were just a little over 100 units at the Wyndhurst Townhouse Apartments. She also advised that there were approximately three black families living at the apartments while she was manager. She advised that there was no sign displayed at her office, which was her apartment, indicating existence of a policy of renting to persons without regard to race or color.

advised that while she was manager of the Wyndhurst Apartments that there were probably no more than a total of ten black applications for rental of the apartments, and she advised that the reason there were probably not more black tenants at the time they managed was due to the fact that the potential black tenant did not follow up on their application with a security deposit which was required of all tenants.

white female. was contacted at her residence, advised of the identity of the interviewing Agent and the purpose of the interview. then provided the following information concerning the circumstances of her renting an apartment at the Wyndhurst Townhouses. She stated that she had known for some time and recently contacted him concerning the apartments that he was managing. She stated that she had known of the apartments for some time and did not recall exactly how she had first learned She contacted at his office and indicated of them. that she would very much like to rent an apartment and obtained an application at that time. She stated she went back a total of three or four times to the rental office and was extremely cooperative on each occasion.

The application was normal and the usual type used for apartment rentals. It asked questions such as credit, previous residences, etc. There was a short waiting period, probably several weeks, exact time unrecalled, before an apartment was vacant. She stated at no time did she threaten to complain to any housing group nor did she complain to anyone about her treatment, which she felt was very good.

At no time did she hear of any racial discrimination in regard to apartment rentals to blacks or any minority group. She was told at no time that she could not entertain blacks on the premises nor was she told that they were not allowed to use any of the facilities. To her knowledge, no individual has been turned away or been discriminated against because of their race, color or national origin.

In conclusion, stated that if she had known there were so many blacks living in the apartments when she initially made application, she never would have done so.

Re:

NOTE: Previous investigation conducted in 1970 and 1971 at request of Department concerning allegation received that subject discriminates against blacks in the soliciting the sale of real estate lots. It was believed that nondiscriminatory agreement had been reached with subject, however, Department advises evidence indicates they continue the alleged discrimination. We are now asked to conduct additional limited investigation to bring subject within purview of the Fair Housing Act of 1968.

Form DJ-150 (Ed. 4-26-65) UNITED STATES GOV NMENT PARTMENT OF JUSTICE Memorandum EC 1972 TO DATE: : Acting Director Federal Bureau of Investigation DLN:FES:JLP:moc FROM : David L. Norman My Assistant Attorney General DJ 175-42-4 Civil Rights Division b6 SUBJECT: d/b/a Lake St. Louis b7C Estates Company, and Lake St. Louis Investment Corporation, Lake St. Louis, O'Fallen, Missouri - Subject; Mrs. Hedy Epstein - Complainant Discrimination In Housing CIVIL RIGHTS ACT OF 1968 Subj CIRclard Reference is made to the report of Special Agent dated February 9, 1971, your St. Louis b6 Field Office File #SL 177-8 in the above-styled matter. b7C Subsequent to said report, it was agreed between the Department and the subject that subject's employees would acknowledge in writing a statement to the effect that the company's policy is not to discriminate on the basis. of race, color, religion or national origin with respect to any aspect of housing, and any act of discrimination would result in dismissal. As additional affirmative steps to offset the continuing effects of subject's prior conduct it was recommended that subject advertise as an "open housing" developer, that "open housing" policy letters be forwarded to local organizations interested in fair housing (i.e. NAACP, Urban League), and that any solicitation efforts must include solicitation of black persons as well as white persons. b6 It b7C was requested at that time that the Department be advised as 18 DEC 26 1972

to the current number of black and white purchasers, the boundaries of areas, if any, solicited, and the racial composition of such areas, and that subject submit similar information again after a six-month interval.

Copies of employee statements have been received but there has been no evidence of compliance with other recommended affirmative steps.

Additional complaints of discrimination were received against subject. Most recently (Fall 1972) a large revolving color poster with all white caricatures advertising Lake St. Louis was observed by Department employees in the St. Louis airport in the vicinity of the car rental agencies and baggage claim area. In addition to the above, Division attorney, secured a brochure (November, 1972), Lake St.

Louis - A Great Place to Live, which depicted only white persons enjoying the development facilities. A copy of the brochure is attached.

These two most recent instances of subject's advertisements, in addition to being in contrast to prior Department recommendations, are inconsistent with HUD Advertising Guidelines for Fair Housing which states in policy statement C (2) Guidelines For Use of Human Models:

> Human models in photographs, drawings, or other graphic techniques may be used to indicate racial inclusiveness. If models are used in display advertising campaigns, the models should be clearly definable as reasonably representing both majority and minority groups in the metropolitan area. Models, if used, should indicate to the general public that the housing is open to all without regard to race, color, religion or national origin, and is not for the exclusive use of one such group.

b6 b7C - 2 -

The guidelines further state that:

All advertising of residential real estate for sale or rent can contain on Equal Housing Opportunity logotype, statement or slogan as a means of educating the home seeking public that the property is available to all persons regardless of race, color, religion or national origin.

In view of the above most recent indication of subject's advertising techniques please conduct the following limited investigation to determine if subject is engaged in a continued pattern or practice of resistance to the enjoyment of those rights secured by 42 U.S.C. 3601 <u>et seq.</u>

Before contacting any of the persons to be interviewed please contact subject's attorney, St. Louis, Missouri, concerning this request. In previous contact with subject, it was requested by Lake St. Louis and Company, that subject's attorney be present at interviews obtained from himself and his employees. This request should be honored for all interviews with employees who are in a "managing agent" capacity, and all reasonable doubts should be resolved in favor of the presence of counsel.

In order to determine such affirmative action, if any, taken by subject which may have not been brought to our attention, as well as its present general operational status, please interview the President and Sales Manager or other appropriate official and request the following information:

A. The name of purchaser, address, race date of purchase, lot price, lot size and location (defined in terms which could be plotted on a flat map if necessary) of all lots sold by subject within the past 12 months. If there are blacks who purchased prior to 12 month period, please obtain the above requested information on these purchasers.

B. Please interview all black purchasers up to 10 and question them as to their dealings and experiences with subject.

C. What methods, if any, have been employed by subject in the past 12 months to solicit prospective purchasers.

1. If any of these methods involve contacting individual persons, please determine what method is used to obtain the names of persons whom they contact and what record is kept of people contacted.

2. If any of these methods involve advertising through newspapers, billboards, television or radio, please ascertain the names of the newspaper(s), radio stations, billboard location(s) in which such advertisements appear. Also obtain representative copies of such advertisements that are available.

D. The name, race, job title and date of employment of each employee of subject company.

E. As to apartments owned by subject, please determine the total number of units, their price range, the name and address of all black occupants, the length of their occupancy and the monthly rent of their apartments.

F. Obtain the name, race, job title, length of employment, date of employment termination of all those persons who have terminated their employment with subject within the past 24 months.

G. Please secure responsive interviews with at least fifteen former employees who engaged in some aspect of solicitation, sale or rental who have terminated their employment with subject in the last 24 months, to obtain the following information: */

1. Their backgrounds, including full name, address, telephone number, age and race, and how long they had worked for Lake St. Louis, description of employment responsibilities, and identity of supervisor;

2. The instructions they had for dealing with potential purchasers, what the criteria was for purchasers, e.g., age, income, marital status, education, race, or property ownership, how they determined these factors, and what action they took on them;

^{*/} Please interview all black former employees so identified. Also determine from black employees if they receive different responsibilities or opportunities than their white counterparts.

3. What, if any, statements they have made to prospective customers regarding whether the owners would tolerate blacks */ at the development, whether the development discouraged blacks or sells to blacks, or whether in other ways blacks are kept out of or differently treated in relation to the development, whether blacks have free access to all development facilities (golf course, swimming pool, etc.).

4. What instructions have they received, from whom, and when, regarding how they should deal with blacks.

5. The number of persons, by race, whom or to whom the interviewee has:

(a) solicited

(b) shown property at the subject development

(c) sold property or rented property(apartments) (i) location of property(ii) price of property

(d) been contacted by concerning the subject property and identify, if possible, by name and address, all persons in these categories who are black and the result of such contacts.

 $[\]frac{*}{}$ For purposes of this request, any information about discrimination based on race should be elicited under this category even if victims are not black.

6. What methods are used to make contact with prospective buyers.

7. Are notes made of all persons contacted, of those who contact subject, of persons deemed interested or disinterested, of appointments made by and for salesmen, if so, a description of same and who keeps such records. Are records made of names of persons rejected for contact sale or rental, if so, obtain names and addresses of blacks rejected. Ascertain reason for rejection.

8. Whether reference or note is made to the fact that a person contacted or makes contact is black, if so, what references and notations are made.

9. Whether there have been any changes in procedure for dealing with blacks since January, 1971, if so, explaint such changes.

10. If the interviewee is aware of any complaints, oral or written, alleging unfair treatment of blacks by anyone against and person(s) connected with subject company. If such complaints exist, obtain full details and responsive interviews from those involved.

11. Is the interviewee aware of any present employees of subject who have knowledge or information to the effect that discrimination is being practiced. If so, please identify each present employee with such information and interview him, Counsel for defendant should be present if the employee is in a "managing agent" capacity. H. Please contact the following persons and obtain responsive interviews:

1. Two black persons from each category listed in the above paragraph G5 to determine with whom they dealt with while in contact with subject company; the method by which they came to contact or were contacted by subject; the location and price of property shown them, purchased or rented; whether they requested to see the property shown them and were they satisfied with what was made available to them, as well as, the treatment they received by subject. Do they have knowledge of other blacks who fall within these four categories, if so, obtain names and addresses.
