PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee THEODORE L. GUNDERSON Title SPECIAL AGENT

Rating Period: from 3/31/63 to 11/8/63

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
- + Outstanding (exceeding excellent and deserving of special commendation).
 - E Excellent.
 - ✓ Satisfactory (good or very good).
 - Unsatisfactory.
 - O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

SUBJECT: SA THEODORE L. GUNDERSON *no movement per movement and noted*
 Supervisor - Employees Security and Special Inquiry Section

 EOD 12-10-51; GS-13, \$11,880
 RE: PROMOTION

ALL INFORMATION CONTAINED
 HEREIN IS UNCLASSIFIED
 DATE 3-24-92 BY SP-Scifeg

SA Gunderson has been recommended for Grade GS-14 promotion based on his excellent supervisory performance and Mr. W. V. Cleveland advised the comments of his 1963 Excellent annual performance report are still applicable. Mr. Evans and Mr. Belmont's Office concurred in this recommendation.

SA Gunderson entered on duty as an Agent 12-10-51, was promoted to Grade 12 on 10-19-58 and Grade 13 on 7-23-61. He served as a Relief Supervisor in the field and on 3-22-60 was transferred to the Investigative Division. He was transferred to the newly created Special Investigative Division 2-10-61 and was temporarily assigned to the Training Division from 7-9-62 until 10-24-62 serving as New Agents' Counselor. On the latter date he reported to the Inspection Division as a Permanent Inspector's Aide and served in this capacity until 11-12-63 when he was reassigned to the Special Investigative Division where he is currently assigned to the Security Forms Processing Unit. He has an outstanding attitude, tackles his assignments with enthusiasm and vigor, his paper work is carefully prepared and shows a comprehensive knowledge of Bureau regulations. His overtime performance has been satisfactory.

SA Gunderson has been Censured twice, by letters dated 3-21-61 and 11-9-62, since his assignment to the Seat of Government and were for failure to advise his superiors of information regarding allegations of corruption on the part of certain public officials within the Houston Division and for inadequately discharging his New Agents' Counselor duties, it being noted one Agent under his supervision failed to return certain Bureau property and this would have been prevented had SA Gunderson been more alert, respectively. On the other hand, he has been Commended on 6 occasions, the latest being on 10-26-62 for the excellent manner in which he had handled his over-all responsibilities as a New Agents' Counselor.

The Director saw SA Gunderson on 10-13-59 and stated he made an excellent appearance and rated him above average. The Director thought he had possibilities for advancement to greater responsibilities. On 10-21-59 he was interviewed by the Screening Committee which concluded he made an excellent appearance, his personality was marked by intelligence, alertness, forcefulness, confidence, ambition, tact, loyalty and industry, he was very anxious to advance and he should receive early consideration for administrative advancement.

Under present policy, Seat of Government Supervisors are eligible for Grade GS-14 promotion consideration upon completion of 2 years continuous full-time supervisory experience with 5 years in Grades 12 and 13. SA Gunderson presently meets this requirement. The censures directed to him have been noted and it is felt this action is offset by lapse of time, and his otherwise over-all excellent record. In view thereof, and in view of his commendations, qualifications for further administrative advancement and the excellent manner in which he is apparently performing his duties at the present time, it is felt that favorable action concerning his promotion is warranted.

RECOMMENDATION:

That SA Gunderson be promoted to Grade GS-14.

SUBJECT: FBIRA FIELD DAY AND PICNIC
QUANTICO, VIRGINIA
SATURDAY, 6/13/64

Theodore L. Hubbard *Henry L. Sloan*

The FBIRA Field Day and Picnic was held at the Quantico Firearms Range last Saturday, 6/13/64. The weather was excellent and the usual fine crowd was in attendance. The program this year included the crowning of a queen, [Redacted] of the Laboratory Division; a crowd-pleasing firearms demonstration by SAC Sloan and his staff narrated by Supervisor in Charge of Firearms Training George Zeiss; a model plane demonstration by the Northern Virginia Radio Club; a fine show by the U. S. Marine Corps band and drill team from the Marine Barracks here in Washington, D. C.; and a stirring finale featuring the landing of troops by helicopter and a simulated assault on an enemy position. The Marine Corps also demonstrated the various uses in rescue work, equipment transportation, etc. of their helicopters and had many items of equipment on display.

The entire program was enthusiastically received by the assembled Bureau personnel, their families and their guests. At the beginning of the program, Major General R. C. Mangrum, Acting Commandant of the Marine Corps Schools at Quantico, spoke at the invitation of SAC Sloan and highlighted the spirit of cooperation and teamwork between the FBI and the Marine Corps. Also present at the invitation of SAC Sloan were Brigadier General L. W. Walt and Lieutenant General [Redacted] U. S. Marine Corps.

There were many games and contests participated in by the large number of the younger set in attendance which were presided over by perceiving Bureau personnel who enabled most, if not all of the participants, to become "winners" and take home a small prize. From the demeanor of the crowd throughout the day the occasion was thoroughly enjoyed by all and were it not for the most unfortunate and odd accident after the termination of the day's scheduled activities wherein [Redacted] the wife of SA [Redacted] of the Special Investigative Division, suffered a fractured arm (this has been made the subject of a separate memorandum) I would term the event a complete success.

Memorandum to Mr. Rosen

Holroyd in charge of physical arrangements; SAC Sloan, Supervisor in Charge of Firearms Training George Zeiss and the entire Quantico complement of firearms instructors who put on an excellent demonstration; SA Carl W. Earl Shaw and [redacted] in charge of publicity; SA John W. Marshall in charge of tickets; and SA [redacted] in charge of transportation. b6

ACTION:

(1) It is recommended that appropriate letters of commendation be given the persons named in the preceding paragraph for their outstanding efforts in making the 1964 Field Day and Picnic a success.

**PERFORMANCE RATING GUIDE
FOR INVESTIGATIVE PERSONNEL**

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee Theodore L. Gunderson Title Special Agent, GS-14
 Rating Period: from 4-1-64 to 3-31-65

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

RATE ITEMS AS FOLLOWS:

- + Outstanding (exceeding excellent and deserving of special commendation).
- E Excellent.
- ✓ Satisfactory (good or very good).
- Unsatisfactory.
- O No opportunity to appraise performance during rating period.

Guide for determining adjective ratings:

1. "Outstanding" adjective rating requires (A) that all elements be "+" and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

SA Gunderson assisted in the inspection of the General Investigative Division 6/2/65 to 6/23/65 and subsequently did a great deal of work in connection with the preparation of the summary report and other paper work. He was assigned to review the work of the General Crimes Unit and to correlate the review of the Criminal Section and other administrative assignments.

Gunderson is a thoroughly experienced Aide, having served in the recent past on the assignment of Permanent Aide on the Inspection Staff. He is an experienced Bureau supervisor who performed his duties in an excellent fashion. Gunderson's inquiring nature, coupled with his intelligent, energetic, conscientious and objective approach made him a very definite asset to the inspection team. He furnished a suggestion concerning realignment of cases from the Bank Robbery Unit to the General Crimes Unit, as well as a suggestion concerning rearrangement of space in the Criminal Section. His work required a bare minimum of supervision.

This Agent presents an outstanding personal appearance and has a warm, friendly personality. He is interested in administrative advancement and his potential in this regard is considered excellent. He is not completely available for such advancement at this time due to the illness of his *[Redacted]* son. This is considered only a temporary situation and is the only condition restricting his complete availability.

During the evening of 5/5/65, [redacted] Maryland, who is a member of the same church as SA Gunderson ([redacted] Presbyterian Church USA) called at the home of SA and Mrs. Gunderson. She stated she has been an admirer of Martin Luther King, Jr., for some time and has been incensed at the Director ever since he called King a "liar." She was advised by SA Gunderson that Mr. Hoover's word is unimpeachable and any statements made by him about any subject matter, including King, are factual.

She then rambled incoherently about how the FBI was not fulfilling its responsibilities in the Civil Rights field. She was advised that the FBI investigates Civil Rights allegations based on statutes passed by Congress and details concerning our investigations are furnished to the Department of Justice for possible prosecution and further consideration.

Throughout the conversation with [redacted] it was apparent to both SA and Mrs. Gunderson that she had been drinking. At various times she became extremely emotional and on two occasions she cried. Although she appeared upset and angry at the beginning of the conversation, she was calm and stated she was satisfied that the matter had been straightened out in her mind before she left. The morning of 5/6/65, she recontacted Mrs. Gunderson at home and apologized for the statements she had made the previous evening.

It is a known fact that [redacted] has been [redacted] on at least three occasions and she reportedly has been [redacted] in the past. She is obviously a very disturbed person.

SA Gunderson has been an Elder in the Presbyterian Church since 1959 and an active member of the Session of the [redacted] Presbyterian Church USA since 1961. During the last few months this Church has been

By separate memo it has been recommended that ASAC Joseph V. Baker, New Haven Office, be transferred to serve as ASAC in the Columbia, South Carolina, Office which is expected to be opened approximately 12/1/65 and it is necessary to replace him. The purpose of this memo is to recommend that SA Theodore L. SA Theodore L. Gunderson entered on duty 12/10/51, is in grade GS-14, \$14,660, 36 years old, married with four children, has a BS Degree and was born in Colorado Springs, Colorado. Gunderson served in four field offices prior to reporting to the Seat of Government (SOG) as a Supervisor in the Investigative Division on 3/22/60. He was then assigned to the Special Investigative Division 2/10/61 on its creation. He reported to the Permanent Aides Staff of the Inspection Division on 10/24/62 and performed duties as a Permanent Aide until his transfer to the Special Investigative Division 11/12/63. Gunderson's services have been above average. Since being assigned to SOG he has been censured on two occasions, the latest 11/9/62. On the other hand he has been commended on eight occasions, the latest 10/26/64. Gunderson was rated "Excellent" in his latest annual performance rating 3/31/65 with comments that he was interested in, available for and had excellent qualifications for future administrative advancement. Gunderson was last seen by the Director 10/13/59. The Director stated Gunderson made an excellent personal appearance, seemed to be intensely interested in his work and he rated Gunderson above average. The Director further stated he thought Gunderson had possibilities for advancement to greater responsibilities. Gunderson previously indicated that his [redacted] son [redacted] was suffering from [redacted] and he had requested at one time that consideration be given to his remaining in the Washington, D. [redacted] can be handled by other doctors in other areas of the country. Accordingly, Gunderson stated that he is now available to fill the needs of the Bureau wherever his services are desired. As of 8/31/65 (latest figures available) the New Haven Office had 1552 investigative matters pending with 59 Agents assigned. Gunderson's weight and overtime are satisfactory.

SA Theodore L. Gunderson has been transferred to New Haven as Assistant Special Agent in Charge and plans to depart from the Bureau as of the close of business November 5, 1965. In addition, SA Arthur W. Wells has been instructed to report to the Training Division November 1, 1965, for assignment as counselor for a New Agents' Training Class.

The work of the Employees Security and Special Inquiry Section continues high and only one unit of the Section has shown a decrease in work, and actually this decrease is only in the estimate of cases to be received this fiscal year. Personnel of this unit have already been decreased by 1 supervisor and 1 clerk. An increase of work is expected in all other units. In the Special Inquiry Unit the work load is currently heavy and in addition the White House has indicated that 200 additional cases will be received in the immediate future. In 4 other units the heavy increase in work load will be due to the expansion of military efforts occasioned by hostilities in Vietnam and increased hiring by established agencies. It has already been announced in the press that the Defense Department plans to hire more than 108,000 additional civilians over the next several months.

INSPECTOR H. L. EDWARDS *h.l.*

Analysis of personnel and work loads in the Employees Security and Special Inquiry Section during the current inspection disclosed the present complement to be adequate and necessary. With respect to the Security Form Processing Unit and Case Review - Civil Service Commission Unit, which are the two affected by these transfers, the work load of the former has increased substantially since the last inspection and that of the latter has remained substantially the same. It is anticipated that these work loads will increase quite heavily over the next several months because of hostilities in Viet Nam and additional clearances which White House has indicated it will request. In view of these circumstances, replacements for SAs Gunderson and Wells appear to be justified and the positions cannot be filled from within the Division by reassignment of other supervisory personnel. This information was furnished to Mr. Hyde in Mr. Mchr's Office.

MEMORANDUM FOR MR. TOLSON

On October 11, 1965, I saw Special Agent Theodore L. Gunderson of the Special Investigative Division, who was under orders of transfer as Assistant Special Agent in Charge at New Haven. Mr. Gunderson makes a mature and excellent personal appearance, and I would rate him above average. I think this Agent has the potential for assuming additional responsibilities.

I stressed to him his responsibilities as Assistant Special Agent in Charge of the New Haven Field Division.

I commented to him that I noted the New Haven Office had several classes of cases in excess of 7% delinquency and this should be given attention.

I told Mr. Gunderson I noted the Agents in the New Haven Office in September were closing only 10.8 cases per Agent and I would like to see the production increased.

I told Mr. Gunderson I noted the New Haven Office for the first two months of the current fiscal year when compared with a similar period of the previous fiscal year had dropped 42% in convictions and this was a serious matter and should be given immediate attention.

I pointed out to Mr. Gunderson that the Agents in the New Haven Office were spending 15% of their time in the office in August and this should be given immediate attention as I considered this excessive.

I discussed with him generally the matter of informant coverage, stressing the importance of quality criminal informant coverage and domestic intelligence informant coverage.

I stated I noted the overtime for the New Haven Office averaged two hours and thirty-seven minutes per day in August, and while I would like to see the overtime kept to approximately two hours a day, I realized that in view of the volume of work and the constant additional legislation which is being passed by Congress giving us additional responsibilities, we could not always keep it down to two hours a day, but that whatever overtime was necessary, I wanted it to be equitably shared by all the Agents in the New Haven Office.

Memorandum for Mr. Tolson

October 25, 1965

I stressed to Mr. Gunderson the imperative necessity of recruiting additional qualified Agents. I told him I noted the New Haven Office had recruited only three new Agents since January 1, 1965, and this should continue to receive intensive attention.

I also called his attention to the necessity for keeping the pressure on in the Criminal Intelligence Program and discussed with him the problems existing in the New Haven Office.

I pointed out to Mr. Gunderson that there were 23 unsolved violations of the Federal Bank Robbery Statute in the New Haven Office and every effort should be made to bring about solutions.

Very truly yours,

J. E. H.

SUBJECT: SA THEODORE L. GUNDERSON, GS-14, EOD: 12-10-51
 SA ARTHUR W. WELLS, GS-14, EOD: 7-23-51
 Employees Security and Special Inquiry Section
 Special Investigative Division
 PERSONNEL MATTER

SA Theodore L. Gunderson has been transferred to New Haven as Assistant Special Agent in Charge and plans to depart from the Bureau as of the close of business November 5, 1965. In addition, SA Arthur W. Wells has been instructed to report to the Training Division November 1, 1965, for assignment as counselor for a New Agents' Training Class.

The work of the Employees Security and Special Inquiry Section continues high and only one unit of the Section has shown a decrease in work, and actually this decrease is only in the estimate of cases to be received this fiscal year. Personnel of this unit have already been decreased by 1 supervisor and 1 clerk. An increase of work is expected in all other units. In the Special Inquiry Unit the work load is currently heavy and in addition the White House has indicated that 200 additional cases will be received in the immediate future. In 4 other units the heavy increase in work load will be due to the expansion of military efforts occasioned by hostilities in Vietnam and increased hiring by established agencies. It has already been announced in the press that the Defense Department plans to hire more than 108,000 additional civilians over the next several months.

ADDENDUM
INSPECTOR H. L. EDWARDS

Analysis of personnel and work loads in the Employees Security and Special Inquiry Section during the current inspection disclosed the present complement to be adequate and necessary. With respect to the Security Form Processing Unit and Case Review - Civil Service Commission Unit, which are the two affected by these transfers, the work load of the former has increased substantially since the last inspection and that of the latter has remained substantially the same. It is anticipated that these work loads will increase quite heavily over the next several months because of hostilities in Viet Nam and additional clearances which White House has indicated it will request. In view of these circumstances, replacements for SAs Gunderson and Wells appear to be justified and the positions cannot be filled from within the Division by reassignment of other supervisory personnel. This information was furnished to Mr. Hyde in Mr. Mchr's Office.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

Name of Employee Theodore L. Gunderson Title Special Agent, GS-14
Rating Period: from 4-1-65 to 11-5-65

RATING GUIDE AND CHECK-LIST

Notes: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

RATE ITEMS AS FOLLOWS:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining objective ratings:

- "Outstanding" adjective rating requires (A) that all elements be + and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning; and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

Guide for determining objective ratings:

1. "Outstanding" adjective rating requires (A) that all elements be + and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

SUMMARY

Officials: Charles E. Weeks, SAC since 3/23/62; Joseph V. Baker, ASAC 10/19/64 to 11/7/65; Theodore L. Gunderson, ASAC since 11/8/65. Last inspection: 1/22 - 2/10/65.

Physical Condition and Maintenance - Excellent (Last Inspection - Very Good). Office conveniently located in downtown New Haven; occupies entire fifth floor of eight-floor bank building. Space secure, adequate, well organized and neatly maintained. Minor housekeeping delinquencies ordered corrected. Resident Agencies (RAs) satisfactorily maintained. Automotive fleet adequate, utilization satisfactory and improved over last inspection. No safety defects noted in 23 automobiles inspected. Efforts being continued to locate more suitable automotive storage in one RA. Automobile operating and repair costs well below average, and decreased since last inspection.

Investigative Operations - Good (Last Inspection - Good). Case load 2/28/66, 1710 (1581 active), increase over last inspection. Delinquency 4.9%, 2/28/66, below average and has been for last 7 months. Accomplishments for fiscal year (FY) 1965, ahead in all categories except fines, savings and recoveries which were 13% down. For first 8 months current FY New Haven is substantially ahead in fines, savings and recoveries; ahead in fugitives and automobiles recovered, but convictions are down 35% although prospect of meeting last year's record by end of FY exists and Inspector stressed need for all-out effort. Five substantive errors detected (handled separately), above average. Since last inspection office solved 23 of 40 new violations and 4 of 23 old violations of Bank Robbery Statute. 24 still unsolved - renewed vigor stressed. Criminal Informant Program very good with numerical strength and accomplishments up since last inspection. Need for quality informants on matters in our jurisdiction emphasized. Memo for Mr. Tolson
Re: Inspection - New Haven Office

~~CONFIDENTIAL~~

Work load steadily increasing. Supervisory case load high, SAC 913, ASAC 797 cases as of end of 2/66. Inspector feels third desk warranted to promote efficiency and minimize risk of essential programs suffering from overload on current desks. SAC has withheld recommending third desk because of space limitations but will now give matter priority attention. Last 12 months case load per Agent consistently above Bureau average; case closings slightly below. Time in office for three months preceding inspection (15.5%) - above average for comparable offices. Need to reduce stressed. Voluntary overtime high, but equitably shared. Form errors slightly below field average. Chief Clerk's Office functioning smoothly. Stenographic and typing production 5.1 pages per hour well above field average, types low. Travel costs below Bureau base; communications costs above Bureau base due to increase in bank robberies and surveillances in outlying areas. Need for economy stressed. Improperly opening Bureau applicant cases; instructed to close and follow Bureau instructions. Accounting type work handled by non-accountants not properly recorded, instructed to correct. Minor errors noted in daily reports and number three (locator) cards, none affecting fringe benefits. Misfiled index cards and form errors below field averages.

Personnel Matters - Very Good (Last Inspection - Good). Personnel complement 89 (58 Agents, 31 clerks) 3/14/66. Clerk-Agent ratio 53.4% (field average 64%). As of last inspection had 61 Agents, 31 clerks. Agent complement adequate. Office instructed to expedite efforts to fill recently approved stenographic position and recently vacated clerk position. SAC requested one additional stenographer and one clerk but Inspector instructed SAC to re-evaluate after currently approved vacancies filled. One Agent on limited duty following major surgery - justified. Morale excellent.

Bureau Applicant Recruitment - Fair (Last Inspection - Note Rated). 5 Agent applicants entered on duty since the last inspection; 31 favorably recommended; none entered on duty October or November, 1965, after one per month quota established. Office recruited 2 Agents in February, 1 in March and has 1 appointed for June class. 4 clerks entered on duty since last inspection; 38 favorably recommended. No clerks entered on duty since quota of 8 established February, 1966. Office has extensive recruitment program in operation. Numerous clerical and Agent applicants in various stages of processing. Need for Bureau applicants, Agent and clerical, impressed upon SAC and ASAC personally, and all personnel at conferences.

Contacts - Very Good (Last Inspection - Very Good). 24 SAC contacts; increase of 4 since last inspection. Need exists for quality contacts in New London area. Public appearances increased over comparable period last inspection; more emphasis on television and radio appearances stressed. Good prospects exist in these media. National Academy program active. Bridgeport, one of larger cities in Connecticut, lacks current National Academy representation. SAC following. Police training and liaison programs effective. Press relations generally favorable; however, not contacting "Hartford Times" newspaper, critical of Bureau in past. All persons met

by Inspector and staff expressed high regard for Director, Bureau and New Haven Office personnel, including U. S. Attorney J. O. Newman and Assistant U. S. Attorney [redacted]. Newman expressed wish FBI reports would follow format of evidence to be produced rather than having each interview on separate page, but Inspector reminded him such would invade U. S. Attorney's area of responsibility and he agreed, concluding that our reports are complete and promptly submitted. No problem appears to exist but SAC was alerted for help in future dealings.

RECOMMENDATIONS:

1. SAC Charles E. Weeks, GS-15 @ \$20,595, aged 58, nonveteran, not on probation, 11th office as SAC. He is seasoned SAC and makes an excellent mature personal appearance, is effective in his contacts with the public and employees. He is knowledgeable of Bureau policies, and effectively handles SAC duties. He has shown leadership qualities and is a firm, fair administrator. Four substantive errors on his desk (failure to confirm U. S. Attorney's opinion, no interview log, identifying potential informant in body of report, and delayed reporting). No SAC culpability on first three as first handled by relief supervisor; second, the interview log prepared but not filed; third error detectable only by detailed file review and SAC relied on top-grade experienced Agent who was primarily responsible. May be culpability on fourth; Agent not available for explanation due to death of mother and injury to wife. SAC will submit his explanations with Agent (will be handled separately). Continue as SAC. If approved, attached letter summarizing findings should be forwarded.

2. ASAC Theodore L. Gunderson, GS-14 @ \$15,696, nonveteran, not on probation, at New Haven since 11/8/65; first office as ASAC. One substantive error detected on his desk for which relief supervisor responsible. Gunderson has excellent personality, fine appearance, is highly enthusiastic, congenial and has respect of subordinates, is highly knowledgeable and is rapidly grasping his new responsibilities. Has excellent potential with more experience. Continue as is.

3. Recommendations concerning other personnel being handled separately.

Attention: J. Edgar Hoover, Director

Dear Sir:

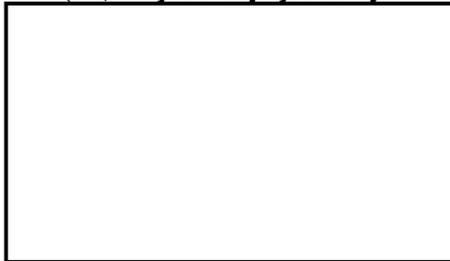

Recently I was Chairman of the Distinguished Service Award Evening of the Milford Chapter of the Junior Chamber of Commerce. This Evening is one of the highlights of our year.

We were very pleased and fortunate indeed to have as our guest speaker Mr. Theodore Gunderson of your New Haven Office.

I am writing to you directly to express our satisfaction because we were so impressed with Mr. Gunderson and his speech. This was demonstrated remarkably by the comments among the members after the meeting.

Once again permit me to express our appreciation in having Mr. Gunderson as our guest speaker.

Very truly yours,

Title: Assistant Special Agent in Charge

EOD: 12/10/51

Grade: GS-14 at \$15,696

Non-Veteran

h SAC WEEKS:

Gunderson is the Assistant Special Agent in Charge and has so served since last November. This is his first assignment as ASAC and he has adapted to it extraordinarily well. He presents a very fine appearance and gives the impression of a very progressive, young, professional man. Enthusiasm and energy are outstanding characteristics as well as a well controlled disposition and even temperament. He has readily gained respect of other employees and fitted into the office and into the position quickly. He is undoubtedly capable of continued progress and the assumption of ever greater responsibilities. I would rate his qualifications for advancement as being outstanding.

RADIOGRAPHIC REPORT

A PA and lateral film of the chest demonstrate no significant bony abnormalities. The heart is normal in size and configuration. The left lung is clear. There is slight asymmetry to the right hemithorax, with a nodular density high in the apex. This is probably related to the transverse process of T2, but may represent a tiny old granuloma in the apical segment of the right upper lobe. For this reason, apical lordotic film is recommended.

**ALL INFORMATION CONTAINED

The purpose of this memo is to consider ASAC Theodore L. Gunderson of the New Haven Office for promotion from grade GS-14 to grade GS-15. His SAC Charles E. Weeks is in grade GS-16.

ASAC Theodore L. Gunderson entered on duty 12/10/51, is in grade GS-14, \$16,675, 38 years old, married with four children, has a BS Degree and was born in Colorado. He has served as ASAC in New Haven (his first office as ASAC) since 11/7/65 and during that period he has not been censured. In letter of 3/1/67 his SAC recommended that Gunderson be promoted to grade GS-15 pointing out that he has supervised security and applicant work in the office in a most competent manner and has proved his ability to handle men as well as cases. The New Haven Office was last inspected in March, 1966, and received the following ratings: Applicant Recruitment Matters - Fair; Investigative Operations - Good; Administrative Operations, Personnel Matters and Contacts - Very Good; Physical Condition and Maintenance - Excellent. The Inspector commented at that time that ASAC Gunderson had an excellent personality, was highly enthusiastic and had the respect of subordinates. He was highly knowledgeable and rapidly grasped his new responsibilities. The office was rated fair in Applicant Recruitment Matters since only five Agent applicants entered on duty since the last inspection which was conducted in January and February, 1965. No clerical employees had entered on duty since the quota of eight per month was established in February, 1966. A check of New Haven's current applicant recruitment effectiveness reflects that the office has recruited 8 Special Agent applicants since March, 1966 which is a very satisfactory record. However, since that same date it has only recruited 19 clerical applicants as compared to its quota of 44 over that same period. This reflects that the New Haven Office has failed to meet its obligations in the clerical applicant recruitment field. This matter is under the direct supervision of ASAC Gunderson. Gunderson was last seen by the Director on 10/11/65 and the Director stated Gunderson made a mature and excellent personal appearance and he rated Gunderson above average. The Director thought Gunderson had the potential to assume additional responsibilities.

REC-140 67-493471-168

Even though ASAC Gunderson appears to be developing well as an ASAC, in view of the failure of the New Haven Office to compile a satisfactory clerical

applicant recruiting record over an extended period, it is not felt that ASAC Gunderson should be reallocated at this time. As of 2/28/67 the New Haven Office was up in three of the four statistical categories, namely, +2% in convictions, +24% in fugitives apprehended and +11% in automobiles recovered. It was down 98% in fines, savings and recoveries.

RECOMMENDATION:

That ASAC Theodore L. Gunderson not be reallocated from grade GS-14 to grade GS-15. He should be reconsidered in a period of 90 days and the record of the New Haven Office should be specifically checked concerning applicant recruiting at that time.

NEW HAVEN

ASAC Gunderson has now been assigned to this division for well over one year and has performed exceptionally well in handling the duties of ASAC. He has supervised the security work of this office as well as the applicant work and certain miscellaneous classifications in a most competent manner and has proved his ability to handle men as well as cases.

He will soon be attending In-Service and I believe the time has come to recommend him for a grade raise to GS-15 and request Bureau's consideration for such action.

MEMORANDUM FOR MR. TOLSON

JUL 10 1967

On March 20, 1967, I saw Assistant Special Agent in Charge Theodore L. Gunderson of the New Haven Field Division, who was in Washington to attend the Advanced Security - Espionage In-Service Training Class. (Mr. Gunderson makes a substantial, excellent appearance, and I would rate him above average.)

I discussed with him generally the work in the New Haven Field Division and particularly the fact that the New Haven Office had three classifications of cases in excess of 7% delinquency, which should be promptly corrected.

I also expressed to him the hope that the Agents of the New Haven Office would be closing not less than 13 cases per Agent per month.

I inquired of him as to the statistical accomplishments of the New Haven Office for the first eight months of the current fiscal year when compared with a similar period of the previous fiscal year which showed a drop of 98% in fines, savings, and recoveries. He explained this was due to a very large recovery of \$26,000,000 in the previous fiscal year. I stressed to him the imperative need of intensifying our work in order that the statistical accomplishments of the Bureau may be kept ahead of the previous fiscal year.

I told Mr. Gunderson I noted the Agents in his office were spending 14.8% of their time in the office and the Security Agents were spending 34.8% of their time in the office. I stated I thought this was excessive and steps should be taken to reduce the time spent in the office.

I stressed the value of informant coverage in all fields of our work, and the necessity for the intensification of the development of top level informants.

I told Mr. Gunderson I noted that the New Haven Office had been inspected last March and that inspection resulted in the office being rated

Good in Investigative Operations and Fair in Bureau Applicant Recruitment. I stated Good, of course, was unsatisfactory in my estimation, and I hoped in the next inspection which will be coming shortly, the office would at least not be below Very Good in any of the ratings given by the Inspectors.

I told Mr. Gunderson I noted that the New Haven Office in February averaged two hours and thirty-nine minutes overtime per day, which, while excessive, was necessary in view of the shortage of personnel and the increase in work. I stated, however, that whatever overtime was performed, it must be equitably shared by all Agents if they were to receive fringe benefits.

I spoke to Mr. Gunderson about the importance of antiracketeering work in his field division in view of the fact that a number of La Cosa Nostra members live in Connecticut even though they may be attached to "families" in Rhode Island, New York, and New Jersey.

I pointed out that the New Haven Office had only two convictions in the fiscal year 1965 in antigambling matters, no convictions in fiscal 1966, and only one conviction so far in the current fiscal year. I stated that the New Haven Office must intensify its efforts in this area.

I criticized the New Haven Office for its poor showing in the recruiting accomplishments since I noted that since July 1, 1966, they had recruited only five Special Agents and only seventeen clerks against a quota of twenty. I stated this phase of work in the New Haven Office must be given more intensive effort.

I told him I noted the New Haven Office had 9 robberies, 8 burglaries, and 1 larceny pending unsolved under the Federal Bank Robbery Statute, which is undesirable and should be given prompt attention.

I stressed the importance of being alert as to Ku Klux Klan activities that may develop in Connecticut and also to be alert to the renewed drive of the Communist Party to recruit youth in the organization.

[Handwritten signature]

The purpose of this memo is to recommend that ASAC Theodore L. Gunderson of the New Haven Office be promoted from Grade GS-14 to Grade GS-15. SAC Charles E. Weeks is in Grade GS-16.

ASAC Theodore L. Gunderson entered on duty 12/10/51, is in Grade GS-14, \$16,675, 38 years old, married with four children, has a B.S. degree and was born in Colorado. He has served as ASAC in New Haven (his first office as ASAC) since 11/7/65 and during that period he has not been censured. In letter of 3/1/67 his SAC recommended that Gunderson be promoted to GS-15, pointing out that he has supervised security and applicant work in the office in a most competent manner and has proved his ability to handle men as well as cases. The New Haven Office was last inspected in March 1966, and received the following ratings: Applicant Recruitment Matters - Fair; Investigative Operations - Good; Administrative Operations, Personnel Matters and Contacts - Very Good; Physical Condition and Maintenance - Excellent. The Inspector commented at that time that ASAC Gunderson had an excellent personality, was highly enthusiastic and had the respect of subordinates. He was highly knowledgeable and rapidly grasped his new responsibilities. The office was rated Fair in Applicant Recruitment Matters since only five agent applicants entered on duty since the last inspection, which was conducted in January and February 1965. No clerical employees had entered on duty since the quota of eight per month was established in February 1966. A check of New Haven's current applicant recruitment effectiveness reflects that the Office has recruited 8 Special Agent applicants since March 1966, which is a very satisfactory record. It should be noted that the clerical applicant quota was recently removed from New Haven since the expenditure of agent time was not worth the results achieved. An analysis reflected that during the past three months, 2200 agent hours had been expended with negligible results. It was further noted that Connecticut is a very industrialized state and there is employment in the home area available to most individuals. Gunderson was last seen by the Director on 3/20/67 and the Director stated Gunderson made a substantial, excellent appearance and the Director rated him above average. As of 2/28/67 (the latest figures available) the New Haven Office

was up in three of the four statistical categories; namely, +2% in convictions; +24% in fugitives apprehended and +11% in automobiles recovered. It was down 98% in fines, savings and recoveries, but this was due to a very large recovery of twenty-six million dollars in the previous fiscal year.

Guide for determining adjective ratings:

1. "Outstanding" adjective rating requires (A) that all elements be + and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

INSPECTION - NEW HAVEN OFFICE
INSPECTOR T. J. JORDAN
MAY 4 - 19, 1967

SUMMARY

Officials: Charles E. Weeks, SAC since 3/23/62; Theodore L. Gunderson, ASAC since 11/8/65. Last inspection 3/3 - 16/66.

Physical Condition and Maintenance - Excellent (Last Inspection - Excellent). Office conveniently located in downtown area; occupies entire fifth floor of 8-floor bank building. Space adequate, secure, neatly maintained, and well organized. Minor house-keeping delinquencies ordered corrected. Resident Agencies (RAs) satisfactorily maintained. Automotive fleet adequate, utilization satisfactory and improved over last inspection. No safety defects noted in 24 of 48 automobiles inspected. Instructions given to locate suitable automobile storage space for 2 RAs. Automobile operating and repair costs below average. Automotive accidents decreased (10 to 3). Employee held responsible in one. Defensive driving stressed.

Investigative Operations - Very Good (Last Inspection - Good). Case load 4/30/67 1953 (1849 active), substantial increase from last inspection 1710 (1561 active). Delinquency (5/1/67 - 4.8%) slightly above field average. Slightly above field average 9 of 14 months since last inspection. Case load per Agent above field average every month and case closings per Agent above field average 12 of 14 months since last inspection. Accomplishments first 10 months fiscal year 1967 up in 3 statistical categories, down in fines, savings and recoveries. Three substantive errors detected - below field average (handled separately). Since last inspection 12 of 14 new bank robberies solved (85.7% solution rate). Six of old robberies solved; 2 of 10 bank burglaries and 2 of 6 bank larcenies solved (25% solution rate, larceny and burglary). Twenty-three violations remain unsolved - specific suggestions offered. Criminal Informant Program rated very good. Sizeable increase in numerical strength and accomplishments since last inspection. Concentration on developing informants in statistic-producing classifications stressed. Nine La Cosa Nostra members in territory. New Haven utilizing 3 Top Echelon informants and 14 targets under development. One gambling conviction - 3 indictments pending current fiscal year. More emphasis needed on Criminal Intelligence Program to produce gambling convictions and develop quality top-echelon informants. Security Informant Program very good; coverage effective. Limited Communist Party activity - adequate coverage afforded. Racial situation relatively quiet - substantial increase in ~~11/1/66~~ sources. No civil rights deadlines missed; applicant and fugitive deadlines missed below average.

Memo Felt to Tolson

Re: Inspection - New Haven Office

Administrative Operations - Very Good (Last Inspection - Very Good). 3-desk office; case load high on each desk but equitably distributed. Chief Clerk's Office operating efficiently; form errors slightly higher than field average and up since last inspection; percentage of misfiled index cards slightly below office of comparable size and improved since last inspection. Stenographic production higher than last year and substantially above field average. Typing production below field average and below last inspection. Instructions issued to improve. Errors in 93 (Locator) cards and daily reports higher than last inspection - none affecting fringe benefits. Time in office for 3 months preceding inspection (14.1%) above average for comparable offices but down from 15.5% last inspection. Voluntary overtime high at 2'41" for 3-month period but equitably shared.

Personnel Matters - Very Good (Last Inspection - Very Good). On 5/5/57 personnel complement was 93 (58 Agents, 35 clerks) and clerk-Agent ratio 60.3% - below field average - justified. Complement adequate but not excessive. SAC agrees. No Agents overweight, or unavailable. One Agent on probation for carelessness in discharging a firearm. Morale appears high.

Applicant Recruitment Matters - Very Good (Last Inspection - Fair). Applicant recruitment efforts were analyzed in detail in view of poor results obtained over last few years. Inspection findings indicate recruitment programs afforded much attention in manpower and time. Lack of results directly attributed to high employment rate in Connecticut due to aircraft and insurance companies. For these reasons, Bureau excused New Haven from quota requirements on 4/1/57. However, 8 SA applicants were recruited and entered on duty since last inspection and 4 additional SA appointments currently outstanding. Twenty-one clerical applicants also recruited since last inspection. SAC instructed to continue efforts.

Contacts - Excellent (Last Inspection - Very Good). Twenty-six SAC contacts (24 last inspection). Fourteen developed by SAC. Geographic coverage and quality excellent. ASAC acquainted with all contacts. Liaison and National Academy programs effective. Police training schools increased over last year. Speech, radio, and television programs effective with complete territorial coverage obtained. Fugitive publicity receiving wide dissemination. Relations with U. S. Attorney, Federal and state officials cordial and effective. Comments of all individuals contacted by Inspection Staff indicate most favorable image of FBI in New Haven territory.

RECOMMENDATIONS:

(1) SAC Charles E. Weeks, GS-16 at \$22,755, aged 59, nonveteran, not on probation, 11th office as SAC, at New Haven since 3/23/52. Makes excellent, mature personal appearance and is particularly effective in contacts with the public and law enforcement officials. He is a knowledgeable and capable administrator who readily accepts responsibility and has excellent leadership qualities. He is a seasoned SAC who is effectively

Re: Inspection - New Haven Office

discharging his responsibilities. One substantive error detected on his desk involved failure to utilize warning and waiver form and failure to prepare interview log. SAC not considered culpable as error detectable only by detailed file review and SAC relied on experienced Agent who was primarily responsible.

(2) ASAC Theodore L. Gunderson, GS-15 at \$18,157, nonveteran, not on probation, at New Haven since 11/8/65; first office as ASAC. Makes excellent personal appearance, has pleasant personality and exhibits businesslike manner. He is a loyal employee who has capably supervised diversified classifications on his desk. One substantive error detected on his desk involved extensive delay in reporting pertinent information to the Bureau in a security matter. Although handling a volume desk ASAC culpable in not detecting extensive delay. SAC states ASAC has excellent qualifications for eventual advancement to the position of SAC. Inspector feels he needs additional experience. Continue as ASAC; however, in view of his culpability for the substantive error on his desk it is recommended he be censured. If approved, attached letter will serve to advise him.

Guide for determining adjective ratings:

1. "Outstanding" adjective rating requires (A) that all elements be and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

1. PERSONAL APPEARANCE AND PERSONALITY:

ASAC Gunderson makes an excellent personal appearance. He dresses in fine taste and is always exceptionally well groomed. He is pleasant, agreeable, confident and most effective in personal contact.

2. ABILITY TO PARTICIPATE IN RAIDS AND DANGEROUS ASSIGNMENTS:

Has not had an opportunity to participate in such assignments in current rating period other than in supervisory capacity. However, he has previously proven himself completely qualified to work the most dangerous of assignments, being calm, level-headed and quick in his reactions.

3. LIMITATIONS ON AVAILABILITY; PHYSICAL LIMITATIONS AFFECTING PERFORMANCE; AND SICK LEAVE INFORMATION:

He is available for any assignment and has no physical limitations.

4. TYPE OF CASES OR WORK HANDLED AND APPRAISAL OF OVER-ALL PERFORMANCE, INCLUDING ABILITY TO HANDLE COMPLICATED INVESTIGATIVE MATTERS AND SUPERVISION REQUIRED:

As the ASAC, Mr. Gunderson has complete responsibility for the security and applicant squads of the division together with related administrative functions. He is charged with the supervision of the radio work and its personnel, the Name Check Program, Photographic Laboratory, the supervision of the Steno Pool, automobiles, technical equipment and numerous other time consuming matters. He accepts added responsibility without question, maintains his equanimity in delicate, potentially explosive situations where definite and positive decisions are called for. In the past year racial riots, threatened bombings, together with continuing, tense racial unrest situations have given him ample opportunity to exhibit leadership qualities and he has earned the respect of his co-workers as well as of many important contacts. He is fortunate, also, in having the ability to delegate responsibility and the knack of assessing the abilities of those best suited to work specific assignments. He is an excellent public speaker and a dozen highly complimentary letters of appreciation have been received concerning his presentations. One of these communications, sent to the Director, stated that ASAC Gunderson is an outstanding representative of the FBI and certainly reflects the finest attributes of the Bureau. Mr. Gunderson supervises and directs complicated investigations on a daily basis and his work does not require supervision. He acts as the Agent in Charge in the absence of the SAC and handles criminal matters with dispatch and with the obvious indication that he is keeping abreast of the constant changes in this work too. He has

Att: ASAC Theodore L. Gunderson
c/o Federal Bureau of Investigation
510 Trust Company Building
205 Church Street
New Haven, Connecticut

Theodore Gunderson, age 39, was examined on December 19, 1967. He has had episodes of discomfort and slight pain in his right hip over the past two years. At the present time he is not having any trouble with the hip. Past medical history is non-contributory.

On examination the patient walks with a good gait and does not limp. There is full range of painless motion of the dorso-lumbar spine. There is a full range of painless motion of the right hip. There is no tenderness. Neurological examination is within normal limits.

X-rays taken at the West Haven Veterans' Administration Hospital on October 4, 1967 were reviewed. These show a slight amount of calcification slightly below the level of the greater trochanter of the right femur and a small radiolucency in the neck of the femur which probably represents a cartilaginous rest.

Diagnosis: The patient probably has had mild trochanteric bursitis and tendinitis of the right hip.

No specific treatment is involved at this time. I should not expect any disability as a result of the findings and the patient may perform his usual duties.

Very truly yours,

INSTRUCTIONS TO EMPLOYING AGENCY

1. **Who must file.**—All employees not excluded by law or regulation from insurance coverage, including those who have previously waived coverage, are required to complete and file Standard Form 176-T. Employees who are in the service on February 14, 1968, as well as those who are appointed after that date but before April 14, 1968, must file the form.
2. **Automatic cancellation of previously filed waivers.**—All "Waivers of Life Insurance Coverage" (SF 53) on file are automatically canceled as of the first day of the first pay period beginning on or after February 14, 1968. Payroll offices are to begin regular insurance deductions on the automatic cancellation date for employees who do not file a new waiver, i.e., those who do not check box C of SF 176-T, on or before that date.
3. **Employees failing to file.**—If an employee does not return a completed SF 176-T, contact him and urge him to do so even if he does not want optional insurance (he will, of course, be automatically covered for regular insurance). If he still fails to file SF 176-T by April 14, 1968, or 31 days after appointment, whichever is later, file one for him as of that date; mark box B, and note in the space provided for his signature "employee contacted—failed to elect optional insurance." See note 2 below.
4. **Review of completed forms.**—(a) Review both copies of the SF 176-T for legibility, completeness, and consistency. Reconcile with the employee any obvious major

- discrepancy such as a mark in more than one box.
- (b) If the employee marked box A or box C, make sure the Statistical Stub is complete. Then detach and mail stubs, in a bundle, weekly to:
Office of Federal Employees' Group Life Insurance
(Statistical Study)
4 East 24th Street
New York, New York 10010
 - (c) If the employee marked box B, detach and destroy the stub.
5. **Date of receipt and effective date.**—(a) Stamp date of receipt by employing office in the space provided for this purpose on both the Original and the Duplicate.
(b) The effective date is determined from the table below.
 6. **Disposition of forms.**—(a) File the Original SF 176-T in the official personnel folder in all cases.
(b) Any necessary payroll change, with effective date, may be posted in the space reserved on the Duplicate for employing office.
(c) The Duplicate may be destroyed, if no payroll action is required, or after the requirements of the agency's payroll system have been met.
 7. **Use of SF 176-T.**—SF 176-T "Election, Declination, or Waiver of Life Insurance Coverage" should not be used after the initial filing period (after April 14, 1968). A revised edition will be available for use after that date.

TABLE OF EFFECTIVE DATES

DATE SF 176-T RECEIVED BY EMPLOYING OFFICE	EMPLOYEE'S DECISION	EFFECTIVE DATE (IF NO WAIVER, SF 53, IN EFFECT)	
		OF DECISION	OF DEDUCTIONS
On or before February 14, 1968.	Elects optional (in addition to regular) (box A). Declines optional (but not regular) (box B). Waives regular (so ineligible for optional) (box C).	Coverage effective February 14, 1968. Declination effective February 14, 1968. Waiver effective last day of pay period in which February 14, 1968 falls.	Deductions begin 1st day of 1st pay period beginning on or after February 14, 1968. Deductions stop last day of pay period in which February 14, 1968 falls.
After February 14 but not later than April 14, 1968.	Elects optional (in addition to regular) (box A). Declines optional (but not regular) (box B). Cancels previously elected optional (but not regular) (box B). Waives regular (so ineligible for optional) (box C).	Coverage effective on date of receipt. Declination effective on date of receipt, but employee loses automatic optional protection on February 14, 1968. Cancellation effective last day of pay period in which received. Waiver effective last day of pay period in which received.	Deductions begin 1st day of 1st pay period beginning on or after date of receipt. Deductions for optional stop last day of pay period in which received. Deductions stop last day of pay period in which received.

- NOTES: 1. Because regular insurance coverage and deductions are automatic unless waived (by checking box C), A and B elections do not affect regular insurance effective dates.
2. An employee for whom the agency files SF 176-T because he failed to file is deemed to have declined optional, but not regular, insurance.
3. An employee with an uncanceled waiver (SF 53) on file cannot be insured any earlier than the first day he is in duty and pay status in a pay period beginning on or after February 14, 1968; filing of an SF 176-T before that date will not cancel an SF 53 any earlier. Deductions begin the day he becomes insured.
4. The effective date of regular (and optional) insurance coverage for an employee who has been on leave without pay for more than 1 year is the first day he is in pay and duty status. Deductions are effective the same day.

Dear Mr. Gunderson:

By letter of April 23, 1968, your office was instructed to resubmit background information concerning nine individuals who were under investigation and it was indicated therein that this material should be furnished to the Bureau by May 10, 1968. This was not done and, furthermore, the Bureau was not informed that the deadline would not be met and why it would not be met.

Since this matter was under your supervision, it was your responsibility to insure compliance with existing Bureau instructions. You did not do this. Accordingly, you will be expected to afford more efficient supervision to such problems in the future so that similar derelictions may be avoided.

APRIL 18 - MAY 2, 1968

SUMMARY

Officials: Charles E. Weeks, SAC since 3/25/62; Theodore L. Gunderson, ASAC since 11/7/65. Last inspection: 5/4-19/67.

Physical Condition and Maintenance - Very Good (Last Inspection - Excellent). Office conveniently located in downtown commercial building. Space, including that of Resident Agencies, neatly maintained and secure. Minor housekeeping delinquencies ordered corrected. Proposed replacement or refinishing of furniture in one Resident Agency found not justified. 19 of 47 automobiles inspected, no safety defects. Auto storage secure. Efforts being made to locate suitable storage in 2 Resident Agencies. Fleet adequate; not excessive. Automotive operating and repair costs below average. Accidents decreased (8 to 5); no employee responsible.

Investigative Operations - Very Good (Last Inspection - Very Good). Racial situation quiet except for organized picketing of New Haven downtown stores. Nation of Islam, Hill Parents Association and Black Caucus, militant Negro organizations, and Minutemen all active. Racial informant coverage much improved since last inspection but more coverage needed, especially in ghetto areas of major cities where potential for violence exists. Specific instructions issued.

Case load 4/30/68 - 2205 (2107 active), substantial increase from last inspection (1955 cases; 1849 active). High case load and case closings per Agent; delinquency above average 9 of 11 months since last inspection. Accomplishments for first 10 months of fiscal year (FY) 1968 up in 3 categories -- down 22% in convictions. 4 substantive errors detected -- slightly below field average (handled separately). Criminal Intelligence and Interstate Gambling Activities Programs rated very good with 9 La Cosa Nostra members identified and aggressive penetration through 5 top-echelon informants. One gambling conviction thus far in FY 1968; 10 subjects under indictment for anti-gambling violations, of which 4 have entered pleas of guilty and now awaiting sentencing. Solution rates of 41% in bank robberies and 33% in burglaries and larcenies represent decline since last inspection. 34 violations remain unsolved. Specific instructions in overall program and suggestions in individual cases made for improvement. Criminal Informant and Security Informant Programs both rated very good. Communist Party activity limited -- coverage adequate. Missed applicant, civil rights and fugitive deadlines all below average.

Memo for Mr. Tolson
Re: Inspection - New Haven Office

Administrative Operations - Very Good (Last Inspection - Very Good). New Haven 3-desk office - justified and work equitably distributed. Chief Clerk's Office functioning efficiently. No delinquency in pending work but increased backlog of project work. Form errors below average and misfiled index cards slightly above. Stenographic production above average -- no delinquency; retypes well below average. Substantial reduction in errors in daily reports and #3 (Locator) Cards -- none affecting fringe benefits. Trends involving incomplete execution of forms and incorrect filing practice ordered corrected. Confidential expenditures and imprest fund closely controlled. Time in office slightly above average -- ordered reduced. Overtime essential, productive and equitably shared.

Personnel Matters - Excellent (Last Inspection - Very Good). On 4/24/68 complement was 98 (63 Agents, 35 clerks). When one additional authorized clerical position filled, clerk-Agent ratio will be 57.1% -- below average. Present complement adequate and not excessive -- SAC agrees. No Agents on limited duty, unavailable, overweight or on probation. Morale appears excellent.

Applicant Recruitment Matters - Very Good (Last Inspection - Very Good). Although nonquota office, New Haven has recruited 17 clerks since last inspection and 7 Special Agents, with one additional appointment outstanding. SAC instructed to maintain aggressive recruitment program and to bring eligibility list up to full strength.

Contacts - Excellent (Last Inspection - Excellent). 24 SAC contacts (26 last inspection) plus 7 others under development provide valuable, diversified services. 9 developed by present SAC. All have been met by ASAC. Police training, National Academy and liaison programs effective. Excellent trend in improving use of radio and television media. Press relations favorable; cordial and effective relations exist with Federal and civic officials, including U. S. Attorney. FBI image very high in New Haven territory.

RECOMMENDATIONS:

1. SAC Charles E. Weeks, GS-16 @ \$23,778, aged 60, nonveteran, not on probation, 11th office as SAC, at New Haven since 3/25/62. Makes excellent, mature personal appearance; is capable, knowledgeable administrator having strong leadership qualities and outstanding ability in contacts with public and law enforcement officials. One substantive error on SAC's desk -- not culpable (handled separately). Continue as SAC. Attached for approval is letter summarizing inspection findings.

Memo for Mr. Tolson
Re: Inspection - New Haven Office

2. ASAC Theodore L. Gunderson, GS-15 @ \$19, 630, aged 39, nonveteran, not on probation, at New Haven since 11/7/65; first office as ASAC. Makes excellent appearance; is energetic, aggressive and conscientious administrator. One substantive error detected in case under his supervision -- ASAC not culpable. Potential for advancement is excellent, but additional experience as ASAC believed desirable before promotion to SAC. Continue as ASAC.

3. Recommendations concerning other personnel handled separately.

With respect to the handling of this matter by SA [redacted] my recommendations are clearly stated in referenced New Haven letter of 5/27/68.

Re: C. F. Kuck

I have carefully reviewed administrative handling of deadline matters on the ASAC's desk with ASAC GUNDERSON. His procedures in this regard have proven effective in the past. In this particular instance, the tickler was not reset after the matter was initially brought to the attention of SA [redacted]. I have admonished him in this regard and instructed that every effort should be made in the future to prevent a reoccurrence of this situation.

b6

In view of the tremendous volume of work handled on the ASAC's desk, including high number of deadline matters, and since I have admonished ASAC GUNDERSON, it is not felt administrative action is necessary in this regard.

Memorandum

TO : SAC, NEW HAVEN

FROM : ASAC THEODORE L. GUNDERSON

SUBJECT: AGITATOR INDEX
NEW HAVEN FILE: 157-722

DATE: 6/5/68

This memorandum is being written to explain supervisory inadvertence concerning failure to forward form FD 397's by SA [redacted] on individuals in the Agitator Index within the prescribed date and for his failure to submit FD 205 (delay letter) when he realized the deadline could not be met.

b6

It should be noted as of 5/31/68, the ASAC's desk on whom these matters are supervised had a total investigative matters pending of 795 cases of which approximately 90 were deadline matters. During the month of May, 144 cases were supervised on this desk wherein a deadline was involved.

Because of the extensive number of deadline matters handled on this desk, I am always careful to insure appropriate ticklers are set in order that I can closely follow cases with the agents on my squad. Concerning this particular case, the tickler was set and the matter appropriately brought to the attention of SA [redacted] well in advance of the deadline date. Through inadvertence this tickler was not reset and therefore the matter was not brought to my attention at a subsequent date. I was therefore under the impression this deadline had been met.

b6

In the future I will make every effort to insure the initial Bureau deadline is met and where this is not possible appropriate FD 205 (delay letter) is submitted to the Bureau. I will also make every effort to insure appropriate ticklers are reset where necessary in order that the matter can be closely followed with the agent.

ASAC Gunderson is scheduled to attend a two-day conference beginning 12-9-68, at the Bureau concerning police training matters and their relation with racial matters including extremists and violence. This will enable our field instructors to be of greater assistance in connection with training of law enforcement agencies. The holding of these conferences has been approved by the Director.

The instructions which were issued were that the office selected, in this case New Haven, would insure that one of those attending would be the supervisor of racial matters. In the New Haven Division, these matters are on the desk of ASAC Gunderson and accordingly, he is the logical person to attend.

ASAC Gunderson has advised that he has nothing of importance which he wishes to discuss with the Director and accordingly, will not request an appointment with the Director while he is at the Bureau on the conference days. He will, of course, be immediately available if the Director should wish to see him. Mr. Gunderson last saw the Director on 3-20-67. In this connection, it is noted that on 3-26-68, the Director saw SAC Weeks of the New Haven Office and discussed office operations with him.

SUGGESTION It is suggested the Bureau adopt uniform phraseology regarding details in letterhead memoranda submitted under Racial Matters, Bombing Matters, Assaulting the President, and Anti-Vietnam Demonstrations, as pertains to dissemination to U. S. Secret Service, appropriate military intelligence agencies and other organizations. Current Bureau instructions concerning this under the above-described captions are at variance.

Current practice or rule (Include manual citation as well as facts)
(See attached Sheet)

Advantages of suggestion and capital savings (include basis for estimate)
This suggestion would insure uniformity throughout the field in handling dissemination of information to other agencies as it pertains to statements regarding same contained in letterhead memoranda. It would eliminate so-called exceptions to the rule and should provide greater efficiency in matters of this type.

Disadvantages of suggestion
There are no known disadvantages of the suggestion.

(The use by the United States of my suggestion shall not form the basis of a further claim of any nature by me, my heirs, or assigns upon the United States. I understand that I will be considered for any justified award only if my suggestion is adopted within two years after submission.)
 Mr. Mrs. Miss Theodore L. Gunderson
Assistant Special Agent in Charge

Recommendations and comments of Division Head
I believe this suggestion will facilitate matters for Agents who handle a wide diversity of cases.
G. B. Weeks
Signature and Title **Special Agent in Charge**

(Do not write in this space - for Bureau use only)

Current practice or rule (Include manual citation as well as facts)

Racial Matters: Manual of Instructions, Section 122 b, page 11, states where information is received in connection with racial violence, immediately advise the Bureau of full facts by expeditious means as well as appropriate law enforcement agencies local office of Army Intelligence, the U. S. Attorney, and Secret Service. Thereafter prepare and submit pertinent data to the Bureau in form suitable for dissemination (normally letterhead memorandum), including the names of the agencies notified. Data concerning the identity of the individuals advised and the time and the date should be recorded in the field office case file. This does not provide for including the latter information in the LHM itself.

Bombing Matters: Manual of Instructions, Section 23, pages 2 and 4, states upon receipt of information concerning bombing matters, the Bureau, local office of military intelligence and U. S. Secret Service, should be immediately advised of the facts. Thereafter, in connection with any bombing or attempted bombings (there are some exceptions concerning attempted bombings), immediately prepare a LHM disseminating same to U. S. Secret Service by Form FD 376. Original and one copy of this form should be forwarded to the Bureau enclosing a copy of the LHM transmitted.

Threats Against the President of the United States and Other Persons

Protected by the Secret Service: Manual of Instructions, Section 134 B, page 5, states when information is received concerning above caption, immediately notify the Bureau, U. S. Secret Service, other local, state or Federal agency having legitimate interest. Thereafter prepare LHM incorporating the facts and including the date and exact time information furnished, identities of individuals to whom information given, and the identity of the FBI employee furnishing the information to the respective agencies involved. Forward copies of the LHM to Secret Service and other Federal, state and local agencies.

Demonstrations Protesting U. S.

Intervention in Vietnam: Current Bureau instructions require that all information developed regarding above-described demonstrations be submitted to the Bureau by teletype for immediate dissemination to the White House and other interested Government agencies, followed by LHM for routine dissemination to the intelligence community. (SAC Letter 68-20 (C)).

NH 66-3236

In submitting LHM regarding such demonstrations, the results should be disseminated locally to appropriate government agencies and to local law enforcement agencies. Guide for determining objective ratings:

1. "Outstanding" adjective rating requires (A) that all elements be + and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

DECLASSIFY ON: 25X

1. PERSONAL APPEARANCE AND PERSONALITY:

ASAC Gunderson is a tall, well built individual, who dresses in excellent taste. He is friendly, personable; is always immaculately groomed, and is most impressive in personal contact.

2. ABILITY TO PARTICIPATE IN RAIDS AND DANGEROUS ASSIGNMENTS:

He participates in dangerous assignments both actively and in a planning capacity and is especially well equipped in this capacity, with considerable activity in current rating period.

3. LIMITATIONS ON AVAILABILITY; PHYSICAL LIMITATIONS AFFECTING PERFORMANCE; AND SICK LEAVE INFORMATION:

He is available for any assignment and has no physical restrictions.

4. TYPE OF CASES OR WORK HANDLED AND APPRAISAL OF OVER-ALL PERFORMANCE INCLUDING ABILITY TO HANDLE COMPLICATED INVESTIGATIVE MATTERS AND SUPERVISION REQUIRED:

Mr. Gunderson is the ASAC and supervises the security work in this office. However, he has in the course of the year supervised all types of criminal violations as he relieves on the desk of the SAC periodically, and on such occasions demonstrated skill and adeptness in their handling. He is charged with numerous administrative functions encompassing such matters as the Name Check Program, physical condition and maintenance, sources of information, contracts and vouchers and position description matters, the Steno Pool and the Investigative Clerk. He has accepted his ever increasing work assignments willingly and aggressively and, particularly, during this past year the build-up in the Minute Men, Black Panther and New Left Movements have been demanding. He is demonstrating excellent leadership qualities, handling assignments with good judgment and authority and obtaining cooperation of the men. His work does not require supervision and he constantly supervises and plans complicated investigations and techniques. He is an outstanding Bureau speaker and approximately twenty letters have been received praising his speaking ability. He authored a suggestion in August, 1968, dealing with uniformity in the dissemination of information to other agencies. The Director advised him that his proposal was being evaluated by interested divisions. He is constantly aware of the Applicant Recruiting Program and has made this the subject of many of his talks, particularly on radio. ASAC Gunderson has an enormous amount of energy and drive, is most ambitious, and anxious to advance in the Bureau's service.

INSPECTION - NEW HAVEN OFFICE
R. D. ROGGE, INSPECTION STAFF
3/4 - 18/69

XEROX
JUL 10 1979

SUMMARY

Officials: Charles E. Weeks, SAC since 3/25/62; Theodore L. Gunderson, ASAC since 11/7/65. Last inspection: 4/18 - 5/2/68.

Physical Condition and Maintenance - Very Good (Last Inspection - Very Good). Office conveniently located in downtown commercial building. Space secure and well maintained. Minor housekeeping delinquencies ordered corrected. Resident Agency space well organized, neatly maintained and secure. 25 of 49 autos inspected -- no safety defects. Auto storage secure; operating and repair costs well below average. Fleet adequate, not excessive. Accidents decreased (5 to 4); one employee held responsible. Defensive driving stressed.

Investigative Operations - Very Good (Last Inspection - Very Good). Racial situation relatively quiet, but potential for trouble evident in expanding incursion of hate groups. Black Panther Party, Black Coalition, Hill Parents Association and Nation of Islam all active in territory. Racial informants and liaison source coverage improved since last inspection but still not adequate for effective penetration. Ghetto coverage also is improved but greater coverage needed. Firm instructions issued to achieve adequate coverage.

Case load 2/28/69 - 2393 (2238 active), up from last inspection (2205 cases; 2107 active). Delinquency above average each of 9 months since last inspection. Case load per Agent consistently above average but monthly case closings below. Statistical accomplishments Fiscal Year (FY) 1968 up in all categories; for first 8 months FY 1969 up in 3 categories -- down 20% in convictions. 4 substantive errors detected -- slightly above field average (handled separately). Solution rates of 44% in bank robberies and 24% in burglaries and larcenies occurring since last inspection represent slight decline overall. 43 unsolved violations remain. Instructions issued in program and suggestions in specific cases made to improve solutions. Criminal Intelligence and Interstate Gambling Activities Programs rated very good with 10 La Cosa Nostra members identified and penetration being made through 5 top-echelon informants with 13 targets under development. No gambling convictions thus far FY 1969 but 4 subjects currently under indictment. Criminal and Security Informant Programs both rated very

Re: Inspection - New Haven Office

good. Communist Party activity limited with coverage adequate but greater coverage needed in Minutemen and Students for a Democratic Society. No missed applicant or civil rights deadlines; missed fugitive deadlines equal to field average.

Administrative Operations - Very Good (Last Inspection - Very Good). New Haven 4-desk office (4th desk approved 2/69 for 90-day trial period) -- work load equitably distributed. Chief Clerk's Office functioning effectively with personnel assigned; project work backlogged. Form errors slightly above field average; misfiled index cards below. Stenographic production above average and retyped pages below; stenographic delinquency 4 of past 6 months due to heavy work load. Failure to register confidential mail detected (handled separately). Time in office high at 16.5% -- ordered reduced. Overtime essential, productive and equitably shared.

Personnel Matters - Excellent (Last Inspection - Excellent). As of 2/28/69 complement 103 (66 Agents and 37 clerks). Agent complement increased by 3 during inspection in connection with intensified drive against organized crime. SAC requested 2 additional clerks to handle increased work in Chief Clerk's Office (approved separately). Resultant clerk-Agent ratio of 56.5% well below field average. No Agents overweight, unavailable, on limited duty or on probation. Morale appears high.

Applicant Recruitment Matters - Fair (Last Inspection - Very Good). Since last inspection office has recruited 10 clerks; failed to meet quota in each of 5 quota months since quota set (9/68). Office censured 11/68 for such failure. 5 Agents recruited since last inspection; failed to meet Agent quota (set 9/68) 2 of 5 quota months. Need stressed to intensify recruitment of qualified applicants for Seat of Government and to bring local eligibility list up to strength.

Contacts - Excellent (Last Inspection - Excellent). 24 SAC contacts (24 last inspection) furnish valuable, diversified services with wide geographic coverage (10 developed by SAC). Speech, liaison, police training and National Academy programs effective. Relations with press, Federal and civic officials, including U. S. Attorney, favorable. U. S. Attorney voiced objection to Inspector to language used in protesting to Department his lack of cooperation in election laws case -- set straight by Inspector (handled separately). All persons contacted spoke highly of Director, FBI and New Haven personnel.

RECOMMENDATIONS

1. SAC Charles E. Weeks, GS-16 at \$26,640, aged 61, nonveteran, not on probation, 11th office as SAC, at New Haven since 3/25/62. Weeks is dedicated, knowledgeable administrator who makes excellent mature appearance. He discharges his responsibilities in effective manner and is qualified to remain as SAC. Three substantive errors detected on his desk. One involved delayed reporting in bank robbery case (write-up attached) in which SAC deemed culpable for not following case

Memorandum to Mr. Tolson
Re: Inspection - New Haven Office

Agent more closely. SAC not culpable in other two. Censure recommended for substantive error in which SAC culpable. If approved, attached letter will advise him of this action and of the inspection findings.

2. ASAC Theodore L. Gunderson, GS-15 at \$21,098, aged 40, nonveteran, not on probation, at New Haven since 11/7/65; first office as ASAC. Gunderson is hard-working, mature and capable administrator. He makes excellent businesslike appearance and approaches work with vigor, aggressiveness and enthusiasm. Demonstrates excellent potential for advancement. Based on experience, Inspector believes Gunderson capable of handling ASAC position in large office or SAC in small office.

3. Recommendations concerning other personnel handled separately.

① SAC WEEKS:

Gunderson is ASAC and is now thoroughly experienced in Bureau administration and ready, able and desirous of accepting advancement. He is thoroughly prepared for the position of SAC. He is youthful, athletic and in general presents a most businesslike, agreeable appearance. He has supervised every type of matter arising in the field, both investigative and administrative and in this has demonstrated good judgment, enthusiasm and a vital concern for the interests of the Bureau. His particular field has been in all types of security cases including racial matters and in the applicant field. He is an excellent speaker and comments on his appearances have been uniformly favorable. He has shown ability to direct and supervise personnel with even-handed judgment and I have only the most favorable view of his prospects for the future.

Re: Fred Gunderson

Mr. Fred Gunderson had extensive nasal surgery in November of 1966 for nasal polyps, sinusitis, and septal deviation. His postoperative course was uneventful. My follow up examination on December 2, 1968 showed his nose to be in satisfactory condition and there was no visible obstructive polyps or sinus disease. No further operation was advised. I suggested that he be rechecked in two years. I believe that he is able to perform strenuous work.

Sincerely yours,

Dear Mr. Hoover:

I deeply appreciate your letter of June 5, 1969, concerning the cooperation received by the New Haven Office of the Federal Bureau of Investigation from the personnel of my office.

I would be remiss, however, if I did not reciprocate by telling you how your New Haven Office, and more particularly those agents acting under the supervision of the Assistant Special Agent-in-Charge Ted Gunderson, cooperated in securing any and all information and providing services far beyond the reach of my jurisdiction under normal circumstances.

As I have written to you in the past, I feel that I am both privileged and pleased to work with agents of the Federal Bureau of Investigation. This type of cooperation by and between members of the law enforcement community will always assure successful prosecution.

With warm personal regards, I am,

This recommends ASAC Gunderson be considered for re-assignment to the Inspection Division.

Gunderson, born 11-7-28, entered on duty 12-10-51 as a Special Agent. He is married and has four children. He is currently serving as ASAC in the New Haven Division, having been in this position since 11-7-65. His 1969 annual performance rating was Excellent, and he is a qualified firearms instructor.

In August, 1968, the excellent work performed by the New Haven Division came to my attention in connection with the arrests of five Minutemen by the Connecticut State Police. These arrests resulted from information furnished the New Haven Division by a Bureau informant. Since August I have followed closely the security work performed under the direction of ASAC Gunderson. Currently, New Haven has a total of five double agents operating against foreign intelligence security agencies; three Russians, one Polish, and one Albanian. Of interest is the fact that on 7-16-69 New Haven, under Gunderson's supervision, interrogated and broke a Polish intelligence agent. This agent admitted being dispatched to the U. S. by Polish Military Intelligence. He furnished samples of secret writing materials, details concerning methods used by Polish intelligence to transmit information back to Poland, and targets of Polish intelligence such as penetration of the U. S. military forces and the electronics-computer field. (S)

JUL 10 1969 the racial field, also under Gunderson's supervision, New Haven is moving ahead in the development of informants. As an example, in the last two months this office has increased the number of their racial informants by three. During the past year New Haven has developed ten additional ghetto-type informants.

Following the murder of a Black Panther member on 5-21-69, New Haven instituted a vigorous, incisive investigation under the direction of Gunderson to ascertain facts concerning the murder, persons responsible, and to locate and bring to trial these individuals. As a result of these efforts, three Black Panther

leaders were arrested and a number of items of evidence seized, including a taped recording of a kangaroo court held by the Black Panther Party prior to the murder of its member. As a result of these efforts, Gunderson received an incentive award for his outstanding leadership in a matter of vital concern to the Bureau in the racial field.

RECOMMENDATION:

This is the type of leadership and aggressive thinking we need in the field today. In view of the above, I strongly recommend that ASAC Gunderson be considered for reassignment to the Inspection Division preparatory to his designation as an SAC. It should be noted that on the occasion of the last inspection of the New Haven Office in March, 1969, the Inspector described ASAC Gunderson as one who demonstrates excellent potential for advancement and capable of handling an ASAC position in a large office or an SAC position in a small office.

Dear Mr. Hoover:

I have just returned from the annual Retraining Session of the Connecticut Chapter, National Academy Associates, with our Council member, Special Agent in Charge Charles Weeks.

I do not want to let the occasion pass without complimenting you and your organization on the superior presentation given by Special Agent [Redacted] on "Current Problems in the National Security Field". He and Special Agent Ted Gunderson gave a complete, if worrisome, description of the national problem and local specifics. By general agreement, it was the most comprehensive analysis of a timely topic.

In connection with two separate commendation matters submitted under date of 7/22/69 by the New Haven Office involving security and intelligence operations supervised by ASAC Gunderson, Special Agent in Charge Weeks telephonically advised Number One Man D. F. X. Callahan as follows on 7/28/69:

ASAC Theodore L. Gunderson is recommended for an incentive award for his close, enthusiastic supervision, strong leadership and outstanding industry in directing the Agents in work of this office in the development of the double agents and sources of information under his supervision. In addition, it is pointed out that in the tenure of ASAC Gunderson, during which time he has supervised security-type cases in the New Haven Office, four double agents have been developed, and at the same time he has continued supervision of a double agent previously developed. Three of these are in the Russian field, one in the Romanian field and one in the Polish field. There have been numerous other successful security cases developed under his supervision including work on the Minutemen, Black Panther Party, and outstanding espionage investigation conducted on behalf of the Navy. This type of leadership should be recognized by an incentive award.

(S) Attention of Bureau is directed to case captioned " [redacted] b1
(S) IS - PO," Bufile [redacted] New Haven file [redacted] C

(S) [redacted] He identified [redacted] b1
(S) [redacted] Wethersfield, Conn., a Polish National who entered the
(S) U. S. [redacted] as a Polish espionage agent working for Z-II. After
(S) extensive background investigation was conducted, [redacted] was interviewed
(S) by SAs EDWARD R. WHALEN and [redacted] The
(S) interview lasted approximately four hours and was extremely tedious b6
and involved. Subject's cover story was not broken in spite of b7C
repeated efforts on the part of the interviewing agents. He
emphatically denied that he was or had been active as a Z-II
espionage agent and steadfastly denied knowing an individual named
(S) [redacted] Washington, D. C., b1
who had been identified as subject's principal in the U. S. He
insisted that this accusation was completely unfounded and advised
that his entire future is concerned with raising of his family in
this country. S

(S) Agents were cognizant of the fact that he had already filed for a visa
[redacted] b1

(S) [redacted] Subject was advised that when he returned to this country
he would be reinterviewed and he must decide at that time whether or
not he desired to live in the U. S. or Poland, inferring that we knew
he was an espionage agent, that he was not being truthful and severe
action could be taken against him at some time in the future, if he
refused to cooperate. S

(S) Upon subject's return, he was recontacted on [redacted] by SAs WHALEN b6
and [redacted] and asked if he had made up his mind concerning this b7C
matter. Subject stated he desired to remain in this country and not b1
(S) return to Poland and at that time admitted he had been recruited for an
espionage assignment in the U. S. by Z-II [redacted] S

(S) Subject stated before he returned to this country in [redacted] b1
he decided to admit his involvement in intelligence activities to the
FBI. Based on the initial interview by Bureau agents he felt he had
no choice. He stated the approach made by these agents in the first
instance was instrumental in changing his mind, particularly the fact
that he must choose between aligning himself with Poland or the U. S.
He advised he was reluctant in the first instance to confess his
involvement with Z-II because he has numerous close relatives residing
in Poland and also because he was afraid he would be placed in prison
and possibly executed. S

~~SECRET~~

~~SECRET~~

RESULTS OF INTERVIEW

(S) [redacted] received his training in Warsaw, Poland, prior to entering the U. S. in late [redacted]. This included indoctrination in dead drops, secret ink, use of radio and training in surveillance, including making and losing a surveillance. He was instructed to locate in [redacted] area after his entry into the U. S., obtain employment [redacted].
(S) [redacted] X

b1

After entering the U. S., he was recontacted by Polish Intelligence and given additional assignments. At that time he was instructed to [redacted].
(S) [redacted] X

b1

(U) In view of the excellent manner in which this case was handled, the subject has displayed a willingness to cooperate with the FBI as a double agent. §

(U) Both interviews by SAs WHALEN and [redacted] required considerable foresight, planning and preparation in an effort to insure success. The greatest obstacle to overcome in breaking subject's story was his concern for the safety of his immediate relatives who reside in Poland and a previous threat to use force against him by a Z-II agent if he did not cooperate with Polish intelligence. He also was concerned about the possibility of being imprisoned in the U. S. if his activity became known to the FBI. §
b6
b7C

RECOMMENDATION

(S) The successful interview of [redacted] was a direct result of conscientious, exhaustive and intelligent preparation and interrogation of this individual resulting in the developing of a double agent in the Polish intelligence field. SAs [redacted] and WHALEN did an outstanding job in this regard and SAC recommends incentive award for each. §
b6
b7C

b1

ASAC THEODORE L. GUNDERSON was also instrumental in the preparation and planning of both interviews and followed and supervised the matter closely. The successful conclusion of this case can be directly attributed to ASAC GUNDERSON's leadership and supervisory abilities. SAC recommends incentive award for ASAC GUNDERSON.

~~SECRET~~

~~SECRET~~

DIFFICULTIES ENCOUNTERED

(S) Initial interview of [redacted] was forced upon agents due to the fact that subject was scheduled to leave the U. S. on vacation in Poland within a few days after initial information was received by New Haven, This interview was conducted in great depth placing emphasis on detail and accuracy. Agents were hampered by the fact that [redacted] cover story was "perfect" and only two items of information were known to them, namely, subject's cryptonym and the fact that he was working for [redacted] Washington, D. C. S

b1

(S) Agents went over subject's military background and were unable to break subject's cover story. [redacted]

b1

(S) [redacted] Agents continued to question subject concerning his recruitment which he strongly and continuously denied. S

(U) Subject was forcefully advised that his recruitment was known and that he would have to make a decision concerning his future; whether he desired to remain in the U. S. and become a citizen, or whether he preferred to return to Poland. Finally subject was told that if he desired to return to the U.S. he would be reinterviewed upon his return concerning his recruitment and his complete cooperation would be necessary. Subject stated that he wished to think over the matter and that he intended to return to the U. S. at which time he would contact the interviewing agents. S

(S) Subject was reinterviewed upon his return to the U. S. and immediately set up several obstacles concerning recruitment by Polish Military Intelligence. One obstacle presented during initial interview was the fact that subject maintained a sophisticated and almost "cocky" attitude toward interviewing agents. This attitude was almost "patronizing" on the part of the subject but was gradually overcome by patient and objective interrogation, specifically by not accepting subject's denials. Subject's confidence and feeling of security were amplified by the fact that he had worked and remained undetected for almost six years in the U. S. This obstacle was overcome by the agents who continually advised subject his activities had been under observation since his arrival in the U. S. [redacted] Also, subject's sense of "security" was broken down by the agents who stressed his inability to obtain his citizenship because of his foreign intelligence involvements, thus causing subject concern as to his future. S

b1

~~SECRET~~

~~SECRET~~

(U) It is noted the interviewing agents did not have enough incriminating information to break story of subject and he was broken only through skillful and well-planned interrogations. The successful conclusion of these interviews and ultimate admission by subject of his being an agent for Polish Intelligence was the direct result of intensive and penetrative interrogation by the interviewing agents. As the interview progressed, subject's cover story was gradually broken. In a number of instances it was pointed out to him that he had made several inaccurate statements. After approximately four tense hours, subject indicated he had not been truthful. He broke when he was faced with information that the FBI was aware of his connections with Z-II and of his cryptonym name [redacted] Finally subject asked for time to "think the thing over." He was told this was not possible. He then stated that he had a number of relatives in Poland [redacted] He stated for these and other reasons he was hesitant to cooperate with the FBI. S

(S) Again after considerable interrogation and the persuasive efforts, he stated that he would cooperate and it was at this time that [redacted] started to tell the complete story about his connections with Z-II. S

RESULTS OF INTERVIEW

(S) [redacted] admitted to having been recruited by Z-II just prior to his arrival in the United States [redacted] He stated that the recruitment came about as a result of his applying for a passport to come to the U. S. He stated he was given extensive training by Z-II, mostly in the use of dead drops, parole and counter parole, instructions in secret writing and manner in which he would be contacted by Z-II in the U. S. He was also given an accommodation address in Poland and information as to how to submit communications to this accommodation address. He was advised prior to his arrival in the U. S. that his main mission would be to gather information [redacted]

Upon his return to Poland [redacted] he was again in contact with Z-II and given additional instructions and assignments. [redacted] also furnished information concerning his contacts in the U. S. and his [redacted]

As a result of the interview, subject has expressed complete willingness to cooperate in any way possible with the FBI. He stated he desires to remain in the U. S. permanently [redacted] as soon as possible. He will assist the FBI as a double agent. ~~S~~

(S)

With regard to problems which were most difficult in overcoming, the greatest obstacle involved subject's reluctance to admit his activity as a Polish agent for fear of the safety of [redacted] relatives who presently reside in Poland. At the time he was initially recruited by Z-II, Polish agents stated, "we can always find you in the U. S. and you have many relatives in Poland." Another obstacle which had to be overcome by the Agents was the fact that subject was under the impression that he would immediately be placed in jail and possibly shot if he admitted he was an espionage agent. ~~S~~

RECOMMENDATION

The successful interview with [redacted] was a direct result of conscientious, exhaustive and intelligent preparation and interrogation of subject which resulted in the development of valuable information to the FBI and the development of subject as a double agent in the Polish intelligence field. SAs BOOTH, [redacted] and [redacted] each did an outstanding job in this regard. SAC recommends incentive awards for each. ~~S~~

(S)

ASAC THEODORE L. GUNDERSON was also instrumental in the successful handling of this matter. He was directly involved in the preparation and planning stages prior to the interview and was also responsible for the successful conclusions in the case through his guidance and leadership abilities. SAC recommends incentive award for ASAC GUNDERSON.

DIFFICULTIES ENCOUNTERED

(S) When agents pressed [redacted] for specific details, he continually pleaded "misunderstanding", stating he did not understand English very well. Interviewing agents rephrased questions continuously in Polish and eventually obtained accurate answers and won over subject's confidence. Subject's fear of repression on the part of Polish officials was discussed by interviewing agents and he was convinced that the welfare and the well-being of his family could be insured through established security procedures already utilized by the FBI. S

(S) The greatest obstacle to overcome was subject's profound and sincere fear for the safety of his [redacted] relatives, still living in Poland. The interviewing agents overcame this obstacle by continually assuring the subject that his safety and the safety of his relatives was paramount. Gradually subject was convinced that any information he furnished would be properly concealed and that his name would not be used in an open matter. He was also advised that he would not be used or forced to work as a double agent until [redacted] could be assured. S

(U) A second obstacle concerning the immediate imprisonment of the subject if he were to admit his recruitment was overcome by the agents relying on a positive approach rather than a negative approach, i.e., fear, threats, pressure. This procedure was followed throughout the interview by the agents who consistently reiterated the positive and beneficial advantages rather than the negative, which led directly to his submission to cooperation with the FBI. The skillful use of known information and the insinuation that much more was known concerning the subject by the FBI was instrumental in overcoming the difficulties pointed out above which resulted in the subject agreeing to cooperate and assist the FBI. S

(U) Above all, the persistent use of the Polish language to refute subject's denial of recruitment, his continual pleas of misunderstanding, and the truth of his cover story, resulted directly in his eventual breakdown and complete confession of Z-II activities. S

ASAC supervises security and racial matters and is skilled in handling criminal violations as he relieves on desk of SAC in latter's absences. He has supervisory responsibility for numerous administrative functions including Buplans, confidential fund, Name Check Program, Position Description Matters, the stenographic pool and miscellaneous time consuming matters. His racial assignments have been particularly demanding and tense in past year, requiring round-the-clock awareness and leadership, which he affords unstintingly. He has had to cope with ever mushrooming demands on agent and clerical time requiring almost constant shuffling of assignments due to inadequate manpower and sheer volume. He meets his responsibilities capably, with good humor, and a willingness and an ableness to take on ever increasing duties. Excellent Bureau speaker and NHD has received approximately 15 letters praising his abilities, both as a public speaker and police instructor. Police Chief addressed commendatory letter to Director 6/69 concerning investigation involving "Kangaroo Trial" and murder of a Black Panther Party member, resulting in arrest of nine BPP members. ASAC shared prominently in this commendation. He is aggressive in pursuit of applicants through his speeches, spot radio announcements throughout state and in TV appearances.

INSTRUCTIONS TO EMPLOYING AGENCIES

1. *Who must file.*—SF 176 must be filed by—

- a new employee who is not excluded by law or regulation from insurance. This includes one with prior Government service that ended before February 14, 1968, and for whom no SF 176-T is on file.
- an employee appointed to a nonexcluded position following service during which he was ineligible for insurance.
- an employee desiring to change his insurance coverage.

Give a *new employee* copies of SF 176 and SF 176-A when he reports for duty and ask him to return the completed SF 176 showing his election promptly (preferably before the end of the first day period) but in no case later than 31 days after his appointment date.

An employee with prior Government service in a non-excluded position from which he was separated after February 14, 1968, will have an SF 176 (or SF 176-T) on file in his official personnel folder. This election, declination, or waiver remains in effect, and he is accordingly insured, or not insured, in his new employment. He is not required to file a new SF 176.

Until his election, declination, or waiver can be verified, make deductions based on his statement concerning earlier insurance coverage in his "Declaration of Appointee" (SF 61).

An employee with newly acquired insurance eligibility (e.g., one transferred or converted from an excluded to a nonexcluded position or status), must be given the same opportunity to complete an SF 176 as a new employee.

An employee desiring to change his insurance may at any time file an SF 176 declining his optional insurance or waiving his regular (and optional, if any) insurance.

An employee who is under age 50 may also request a cancellation of a waiver of regular insurance or a declination of optional insurance any time after it has been in effect one year. The employee is first required to submit a "Request for Insurance" (SF 51). If the Office of Federal Employees' Group Life Insurance approves the SF 51, notify the employee and ask him then to submit an SF 176 showing his election.

2. *Employees failing to file.*—If a new employee (or newly eligible employee) does not promptly return a completed SF 176, contact him and urge him to do so even if he does not want optional insurance. (He will, of course, be automatically covered for regular insurance.)

If he still fails to file an SF 176 within 31 days after appointment (or after becoming eligible), file one for him as of that date; mark box **B**, and note in the space provided for his signature "employee contacted on (date)—failed to elect optional insurance."

3. *Review of completed SF 176.*—Review both copies of the SF 176 to see that it is legible, complete, and correct. If employee waives (marks box **C**) it is advisable to contact him and ascertain whether this expresses his intention or is an error on his part.

4. *Date of receipt and effective date.*—Stamp date of receipt by employing office in the space provided for this purpose on both the original and the duplicate. The date of receipt automatically determines the effective date as shown in the table below.

5. *Disposition of SF 176.*—File the original SF 176 in the official personnel folder in all cases. The duplicate may be destroyed if not needed for payroll purposes or after the requirements of the agency's payroll system have been met.

Optional coverage cannot become effective unless the employee is in duty and pay status and also returns an SF 176, showing an election of optional insurance, to his employing office within the 31-day period. If approval of SF 51 expires, new SF 51 must be submitted to OFEGLI.
 2. An employee for whom the agency files SF 176 because he failed to do so is deemed to have declined optional, but not regular, insurance.
 3. The effective date of regular (and optional, if not declined) coverage for an employee who has been on leave without pay for more than 12 months is the first day he is in pay and duty status. Deductions are effective the same day.

Dear Mr. Gunderson:

Thank you for the suggestion that steps be taken to obtain more information from the Department of State in certain instances. After consideration, it has been decided this proposal should not be adopted. This procedure would assist us in handling our responsibilities; however, the fact that such matters lie within the province of another agency and are governed by a policy of reciprocity militates against such action.

I appreciate the interest you displayed in submitting your idea to me.

SUGGESTION
Consideration be given to suggesting to the U. S. State Department that Soviets in addition to furnishing travel plans also furnish State Department as much detailed information as possible re general purpose of their trips without necessarily going into the identities of their contacts. It is doubtful the State Department will ask them specifically for their contacts, however, the general purpose of their trip could be helpful in determining purpose of same to a given area or territory. ~~C~~

Current practice or rule (include manual citation as well as facts) Soviet diplomats who travel beyond the immediate area of Washington, D. C., are required to notify U. S. State Department of routes taken, date of departure, and return to the WDC area and the exact place of lodging each night they are away.

Advantages of suggestion and annual savings (include basis for estimate)
Recently two Soviets were surveilled by NHD by six agents and three cars for a half day before it was determined reason for their trip to Hartford, Conn., area was to participate in a travelog by an airline company. Had New Haven known this, it would have prevented utilization of manpower since this office had an established source in the airlines who could have provided coverage of the Soviets. ~~C~~

Annual savings cannot be estimated by New Haven Division, however, a savings in valuable man-hours would be realized.

Disadvantages of suggestion

None known.

RACIAL INFORMANT CONFERENCE
January 26-27, 1970

A 3-day Racial Informant Conference is being held by the Domestic Intelligence Division as indicated above. Among those listed to attend are ASAC Theodore L. Gunderson of the New Haven Office and ASAC William C. Maupai of the Albany Office. These have responsibility for supervision of racial informant matters on their desks and, accordingly, are the logical individuals to attend from their offices.

The conference will be only for 2 days, will be in the Old Post Office Building and will occupy the full time of those in attendance.

In view of his schedule, the Director may wish to indicate whether he desires to see either of these ASACs when they report for this conference.

Dear Mr. Gunderson:

During the inspection of the New Haven Office an Internal Security case under your supervision was found to have received little attention since it was received in June, 1969.

You advised that this case was assigned to a Resident Agent who has been on sick leave since the latter part of May, 1970, suffering from exhaustion and nervous tension. You have taken proper action in having the case reassigned for proper handling but you are being censured for excessive delay in taking supervisory action to correct the situation.

I will expect more aggressive handling of your supervisory responsibilities in the future.

Very truly yours,

INSPECTION - NEW HAVEN OFFICE
INSPECTOR JAMES L. STARTZELL
MAY 21 - JUNE 5, 1970

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
EXCEPT WHERE SHOWN

SUMMARY

Officials: Charles E. Weeks, SAC since 3/25/62; Theodore L. Gunderson, ASAC since 11/7/65. Last inspection: 3/4 - 18/69.

Physical Condition and Maintenance - Very Good (Last Inspection - Very Good). Headquarters space extremely crowded. General Services Administration in process of obtaining excellent new space in downtown commercial building. Minor house-keeping delinquencies ordered corrected. Space of Resident Agencies neat, well maintained and secure. Older cars inspected -- no safety defects. Auto storage secure; operating and repair costs continue below average. Request to retain five older cars scheduled for disposal justified and being handled separately. Accidents increased (4 to 5); no employees held responsible. Defensive driving stressed.

Investigative Operations - Very Good (Last Inspection - Very Good). Racial situation extremely volatile. Influx of Black Panther Party (BPP) members and other extremist groups protesting pending state murder charges against BPP leaders. New Haven territory is focus of BPP propaganda, rallies, threats and demonstrations. Other active black extremist groups are the Black Student Union, Nation of Islam and Blackstone Rangers. Coverage improved since last inspection; however, office instructed to further expand racial informant and racial ghetto coverage.

Case load 5/31/70 - 3085 (2903 active); up from last inspection (2393 cases; 2238 active). Delinquency above average each of 14 months since last inspection. Case load per Agent consistently above average but monthly case closings below average. Statistical accomplishments Fiscal Year (FY) 1969 up in 3 categories; down 26% in convictions; first 11 months FY 1970 up in 2 categories -- down 2% in convictions and 4% in cars recovered. 3 substantive errors detected -- below field average (handled separately). One administrative trend noted and corrected involving office not advising border offices of Selective Service fugitives residing in Canada. Solution rate for bank robberies increased from 44.4% to 85.7% and from 24% to 36.8% in burglaries and larcenies occurring since last inspection. 32 unsolved violations remain. Suggestions made to improve solution rate. Criminal Intelligence and Interstate Gambling Activities Programs rated very good, with 4 top-echelon informants

(U) and 21 targets under development. Added concentration ordered on coverage of La Cosa Nostra groups which appear to influence certain crime activities in Division. No gambling convictions FY 1969, one thus far FY 1970. Criminal and Security Informant Programs both rated very good. Communist Party membership has increased slightly but coverage adequate. Currently operating 5 double agents and 6 potential double agents in the espionage field. Instructions issued to supplement coverage of militant student agitators. No missed applicant or civil rights deadlines; missed fugitive deadlines below field average. ~~(C)~~ ↑

Administrative Operations - Very Good (Last Inspection - Very Good). New Haven 4-desk office (request for fifth desk during inspection approved separately). Chief Clerk's Office operating effectively; pending work and project work above field average and above last inspection; specific instructions issued to bring more in line with field average with filling of existing vacancies; form errors and misfiled index cards below field average. Stenographic production slightly above field average and retyped pages considerably below average; stenographic delinquency 6 of past 6 months. Ordered to correct. Voluntary overtime equitably shared, necessary and productive. Time in office below average.

Personnel Matters - Very Good (Last Inspection - Excellent). As of 5/22/70 authorized complement 144 (93 Agents and 51 clerks, as compared to 66 Agents and 37 clerks at time of last inspection). Complement increase due primarily to increase in racial and New Left investigations. SAC instructed to expedite filling of clerical vacancies. Agent complement adequate but not excessive. No Agents overweight. 3 Agents on limited duty -- productive, retention justified. No Agents on probation. Morale appears excellent.

Applicant Recruitment Matters - Fair (Last Inspection - Fair). 13 Agents recruited since last inspection; 3 more than quota and 8 more than previous inspection period. 11 clerks recruited against overall quota of 52. Monthly quota of 4 (cancelled April, 1970) missed in all quota months. Office censured October, 1969, for failing to meet clerical quotas of preceding 3 months. Office has been substantially below its clerical quota for several months. 3 full-time Agents on recruiting instructed to continue until clerical vacancies of New Haven Office filled and eligibility list up to strength. Need for active participation by all employees stressed.

Contacts - Excellent (Last Inspection - Excellent). 22 SAC contacts (24 last inspection) furnish valuable, diversified services with wide geographic coverage (10 developed by present SAC). Speech, liaison, police training and National Academy programs effective. Relations with press, Federal and civic officials, including U. S. Attorney, favorable. All persons contacted spoke highly of Director, FBI and New Haven personnel.

Speaking of [redacted] he goes to Lake Placid in two weeks for the sessions attended by all incoming district governors and the following week he goes to the Rotary International Convention in Atlanta. When questioned about this whirlwind activity [redacted] comment was, "That's only the beginning!" *Program Chairman*

Last week we heard what many have called one of our best programs ever when [redacted] President of Central Connecticut State College, talked about colleges and students and their collective problems. An excellent speaker, [redacted] of his own college's relations with its students - If students expect freedom they must respect the rights of others to similar freedoms. As we have all seen in the last few days, campus troubles are much more complex today than the goldfish eating and "Pantie Raids" of the years some of us remember. He stated that perhaps he is fortunate in his institution that most of the students there have well-defined goals in the field of education and they tend to relate to their purpose in attending college and avoid aimless rumblings and trouble-making situations. *b6*

(S) [redacted] Realizing the potential, the probable interest the Soviets would have in this individual, SA McCarthy initiated investigation to develop him as a double agent. Informant was subsequently contacted to determine his cooperativeness and it was learned that although he had been in contact with the Soviets, no intelligence approach had been made by them. Informant continued periodic contacts with Soviet representatives through the coaxing of SA McCarthy [redacted]. In the interim, SA McCarthy through guidance and counsel, furnished advice and a number of suggestions on the manner he should conduct himself with the thought that eventually the Soviets would either make an intelligence approach or suggest possible defection. (U) The greatest obstacle SA McCarthy had to overcome involved maintaining informant's interest and insuring he continued to contact the Soviets even though he was hesitant in doing so and also was reluctant to become involved. On a number of occasions, informant told SA McCarthy his efforts were unproductive, fruitless, and he could see no reason for these continued social contacts with the Soviets. Even though informant lost interest, SA McCarthy was successful in rekindling this interest on a continuous basis. (S)

(U) Another problem was insuring that the informant conducted himself in his contacts with the Soviets in such a manner that they did not become suspicious of him as an FBI double agent. This was also handled through continuous and discreet guidance by SA McCarthy. (S)

b7C

On [redacted] above captioned case was opened by SA [redacted] This action was taken because SA [redacted] realized the importance of developing coverage of activities of this violent and revolutionary-type organization in the State of Connecticut.

Source, a Negro, male, was not a member of the BPP at that time, however through direction and guidance he was successfully admitted in membership and since then has been considered a trusted and active Panther. In addition to providing information on local BPP activity, including details of the meetings, identity of members and information concerning funds, finances, travel, etc., informant has also furnished extensive information on a national and international level. In a number of instances he was the first informant in the country to provide such information, 85-90% of which was later verified through other informants and sources throughout the U.S. (u)

b6
b7C

There were several obstacles SA [redacted] had to overcome. The first involved reluctance on the part of the informant to cooperate. SA [redacted] overcome this through repeated and well-planned contacts and interviews with him. Although informant was reluctant for a period, eventually SA [redacted] gained his confidence and informant began to trust him. (u)

b6
b7C

The next obstacle was to direct informant's activities in such a manner that the Panthers would recruit and accept him as a member and thereafter provide him assignments and information which would assist FBI in coverage of Panther activities. This obstacle was overcome by SA [redacted] again through well-planned and carefully prepared contacts with informant and by providing him with detailed instructions as to course of action he should take to gain confidence of the Panthers. (u)

It should be noted during development of informant, [redacted] [redacted] [redacted] (u)

The third and final obstacle involved handling this informant in such a manner as to insure his personal safety which continues to be a problem. Informant has been extremely valuable in obtaining and providing FBI with delicate and sensitive information, mainly through his own initiative, i.e., being at the appropriate place at the right time, and being able to obtain sensitive and delicate information from them through discreet questioning of the Panthers. In addition to recommending SA [] for incentive award, SAC also recommends ASAC Theodore L. Gunderson, who supervised this case. (S) [redacted] was recruited by [redacted] as a potential informant against the BPP. The guidance and efforts of ASAC Gunderson in supervising and assisting the handling Agent of [redacted] enabled this informant to obtain membership in the BPP and become a trusted and active member of this dangerous organization. This informant now is in a position to furnish extremely valuable information concerning BPP activities. Our most potent weapon against [Soviet intelligence] and domestic extremist organizations such as the BPP is the development of quality informants such as these two informants. ASAC Gunderson's efforts in these cases is exemplary and appropriate recognition for his accomplishments should be given to him.

By separate memorandum it has been recommended that ASAC Arnold C. Larson, Philadelphia Office, be transferred to the Inspection Division. This is to consider ASAC Theodore L. Gunderson, New Haven Office, as a replacement for Larson in Philadelphia.

ASAC Gunderson entered on duty 12-10-51 and is in Grade GS 15, \$25,174. He is 41 years of age, married with four children, has a Bachelor of Science Degree, and was born in Colorado. He served as an agent in four field offices, as well as in one resident agency, prior to his transfer to the Seat of Government as a Supervisor on 3-22-60. Thereafter, he served in the Investigative, Special Investigative, Training, and Inspection Divisions. This included a tour as a Permanent Inspector's Aide. He was designated ASAC in New Haven on 11-7-65. Since that time he has been censured on three occasions, the last on 6-17-70 as an inspection detected a case under his supervision had not received proper attention. On the other hand, he has been commended on three occasions, two of which were through his SAC, and has received four cash awards. The incentive awards have been for his outstanding work in connection with Espionage and Racial Matters and in this regard Mr. Sullivan has advised that he considers Gunderson to be outstanding with excellent potential for advancement. The Director last saw Gunderson on 3-20-67 and stated he made a substantial, excellent appearance and rated him above average. He was rated Excellent on his last performance report which shows that he is interested in, available for and considered to have outstanding qualifications for administrative advancement. His weight and overtime are satisfactory.

The statistical accomplishments for the New Haven Office at the end of the last fiscal year showed them to be up in all four categories. At the end of the first month of the current fiscal year New Haven is down substantially in three of the four categories; however, it is considered this situation would definitely improve in due time. During the last inspection of the New Haven Office, completed in 7/70, the office was rated Excellent in

Contacts, Very Good in Physical Condition and Maintenance, Investigative Operations, Administrative Operations and Personnel Matters, and Fair in Applicant Recruitment Matters. This latter rating was given due to the fact that the office had not met its quota of clerks for the Seat of Government for several months. It is noted that New Haven had a quota of four clerks per month from January through March which was thereafter removed due to the extreme difficulty in recruiting clerks in the Connecticut and New York area. However, since 1-1-70 New Haven has recruited nine clerks and two agents with two additional agent appointments outstanding.

The Philadelphia Office is substantially larger than New Haven; Philadelphia having 324 employees and 5973 cases whereas New Haven has 141 employees and 2967 cases. It is felt additional experience in a larger office will benefit Gunderson prior to his being considered for further administrative advancement.

RECOMMENDATION:

That ASAC Theodore L. Gunderson be transferred from New Haven to Philadelphia as ASAC at no change in grade or salary.

ASAC currently supervises the racial desk and until the latter part of June, 1970, when another supervisory desk was instituted, he was responsible for all security supervision. He is extremely capable in the handling of all types of violations including all varieties of criminal matters due to his periodic assignment on the desk of the SAC during the latter's absences. He has shown exceptional initiative in both investigative and administrative operations. Mr. Gunderson is an unusually energetic and ambitious man who consistently attacks his problems vigorously and with good humor. He is completely rounded and developed and totally qualified for positions of greater responsibility. He has successfully directed Bureau operations during the past several months in connection with the Black Panther Party activities and trial in New Haven together with attendant publicity, bomb threats and voluminous liaison work and reporting. The Police Chief in New Haven singled him out in commending Agent performance in an extremely tense situation which could have culminated in an explosive racial confrontation. Handwritten signatures and initials, including "S. T. ...", "Philadelphia", and "New Haven".

By letter to the Director, September 9, 1970, [redacted] Connecticut State's Attorney, was highly commendatory regarding the performance of New Haven Office personnel in connection with the successful completion of the murder trial involving [redacted] New Haven Black Panther. On September 18, 1970, [redacted] was sentenced to a term of 12-15 years for his part in the torture murder of ALEX RACKLEY.

b6
b7C

[redacted] stated that the successful prosecution in this case could be directly attributed to the assistance his office received from ASAC Theodore L. Gunderson (now assigned Philadelphia Division) and the agents operating under his direction. [redacted] also made specific reference to the outstanding performance of SAS [redacted] and [redacted] (now assigned Baltimore Division).

b6
b7C

Our participation in this case began in May, 1969, when Unlawful Flight to Avoid Prosecution process was obtained regarding [redacted] and three other Black Panthers involved in the torture murder of ALEX RACKLEY, and which ultimately resulted in their apprehension by the Bureau. The [redacted] trial began on June 9, 1970. From the inception of this trial and on a daily basis until it was successfully concluded, ASAC Gunderson and SAS [redacted] and [redacted] were in constant communication with State's Attorney [redacted] as well as representatives of the Connecticut State Police and the New Haven Police Department Intelligence Division, which had investigative jurisdiction and responsibility. They provided the State authorities with timely background and advance intelligence information developed in the course of our investigation of the Black Panthers in connection with prospective defense witnesses, trial strategy and attempts on the part of the Panthers to disrupt the judicial processes. This involved extremely close coordination with numerous other field offices, particularly Boston, New York, Detroit and San Francisco, which produced invaluable information for State's Attorney Markle in planning and developing effective strategy toward the successful prosecution of this case. In this respect we were able to provide Mr. Markle with detailed summaries and pertinent data regarding prospective defense witnesses. The performance of ASAC Gunderson and SAS [redacted] and [redacted] involved a great deal of night as well as weekend work, performed at considerable personal sacrifice.

b6
b7C

It is noted that prior to the inception of the [redacted] trial, [redacted] of Yale University was widely quoted in the press to the effect that he did not believe that a Black Panther could receive a fair trial in the State of Connecticut. Following [redacted] conviction and sentencing, [redacted] comments in this respect were widely repudiated in the press on a national level. It is believed that the outstanding performance of the agents mentioned above in providing guidance as well as timely intelligence data to the State's Attorney's Office as well as the local police agencies, was materially responsible for the orderly and well-planned prosecution, as well as a prime factor in overcoming attempts on the part of the Black Panthers and their sympathizers to disrupt the judicial processes.

b6
b7C

The successful completion of the [redacted] trial and subsequent sentencing has had a disruptive effect on the overall operation of the Black Panthers in this area.

b6
b7C

I believe that the performance of ASAC Gunderson and SAS [redacted] and [redacted] is worthy of recognition in the form of incentive awards.

Re: [REDACTED]

FBI File #95-165645

I would personally like to take this means to thank you for the outstanding assistance your Bureau has rendered my department and the City of Chester, Pa., in the solution of the most vicious crime I have ever experienced.

My letter to you dated 12/4/70 sets forth only a narrative of such a crime.

In this regard Special Agent [REDACTED] of your Media, Pa., office, a person whom I and others consider to be one of the most competent fingerprint instructors I have ever known in my 29 years of law enforcement, assisted my department, namely on his own time in the development of latent prints which brought about the solution of this crime.

b6
b7C

In-addition, Mr. Jamieson and Mr. Gunderson of your Philadelphia office were thoughtful enough to personally make arrangements to allow my department to hand carry evidence in this matter to the FBI Laboratory. The courtesy afforded my men by your laboratory technicians is most commendable.

The Identification Division worked in an expert manner on the evidence, as we feel additional arrests are forth coming. Our investigation leads us to believe the subject of this case is responsible for additional assaults on citizens of our community.

The many rich comments by citizens of the City of Chester as to the solution of this crime, are extremely favorable.

Again many thanks for your cooperation in this matter and others in the past.

If ever I, or my department can be of assistance to your Bureau, do not hesitate to call on us.

Very truly yours,

Sir:

I am amazed that a man in your position would in good conscience criticize the FBI, and more particularly Director John Edgar Hoover.

I have 20 years' service in this organization, am presently serving as Assistant Special Agent in Charge of the Philadelphia Division, and am more than qualified to render an opinion as to the effectiveness of the FBI and the great work of Mr. Hoover.

Your attempts to create the impression to the American public that FBI employees work only to better the Director's image is completely false and without foundation. I have been involved in many thousands of investigations with hundreds of FBI Agents and employees, from towns the size of Grants, New Mexico, to New York City, and in every instance the goal of all was to conduct a thorough and logical investigation. Our work has always been completely objective, and without bias or prejudice. I don't know of one instance where an ulterior motive or goal was involved.

Through Mr. Hoover's leadership we hire the finest personnel available, demand the highest standards, and thereafter expect and receive the best effort possible from each. Because of this we are the finest organization in the history of the world, with an esprit de corps second to none. Our employees are completely loyal to the Director, and we are all thankful for his leadership.

You did a great disservice to your country, and more important

provided aid and comfort to our enemies in making your recent press release. I haven't seen an anonymous letter yet that was worth reading. The purported letter from ten FBI Agents should have been thrown in the wastebasket where it belongs.

I am at a loss to understand why you, a United States Senator, feel impelled to waste your time criticizing an organization of the calibre of the FBI, when there are many organizations more deserving of your kind attention and close scrutiny.

Sincerely,

S/ Wendell L. Ford

My dear Senator Hruska:

Since I was last in contact with you I have been transferred to Philadelphia. I trust you are in good health. Of course I have been following you through the press, particularly the papers I receive from Omaha and Lincoln.

Enclosed is a copy of a letter I wrote to your colleague Senator George S. McGovern. I am deeply concerned about the adverse publicity Mr. Hoover and the FBI have received lately, and distressed to think that a United States Senator would become involved in this matter. I am sure there is nothing you can do concerning Senator McGovern, but possibly you can help in some other manner.

I personally feel it is time someone defended Mr. Hoover and the FBI. Possibly the Senate, President, Attorney General, or your Party could issue a statement or proclamation publicly endorsing Mr. Hoover and the work of his organization. Certainly the integrity of our great Nation can in part be directly attributed to the leadership Mr. Hoover has provided the FBI through the years.

I know you enjoyed the past football season. It is great being Number One. [redacted] recently contacted me concerning several boys in Eastern Pennsylvania, and in fact [redacted] visited us in February during a recruiting trip. We should have another great season this Fall.

THEODORE L. GUNDERSON
ASAC, PHILADELPHIA
REQUEST TO TESTIFY
CITY COURT, MAY 4, 1971

ASAC GUNDERSON has received a request to testify, City Court, Philadelphia, 5/4/71, in connection with an incident which he witnessed at 13th and Market Streets, Philadelphia, Pa., on 10/9/70.

For the information of the Bureau, at approximately 8:00 p.m., that date, while walking from the office to the railroad station, downtown Philadelphia, GUNDERSON noticed a crowd gathered on Market Street, approximately 75 feet from 13th Street, Philadelphia, Pa. As GUNDERSON approached the area he noted that two men were fighting, while approximately 25 persons formed a ring around the individuals and stood and watched. One of the persons involved in the fight was in his early 20's, and the other appeared to be in his late 40's. As soon as GUNDERSON arrived at the area he stepped into the ring and successfully broke up the fight. Both individuals appeared to be content to discontinue the quarrel, however a young male in his early 20's came from the crowd and stepped up to GUNDERSON, swearing at him and telling GUNDERSON to mind his own business. GUNDERSON then replied to the individual that if they continued to fight, one of the two would probably be hurt. The individual who confronted GUNDERSON was very adamant and continued to curse, telling GUNDERSON to mind his own business, and using numerous obscenities.

At this-point GUNDERSON realized that the crowd watching the fight was obviously hostile. It was also noticed that the person who confronted GUNDERSON was with half a dozen other young males who supported him. Although GUNDERSON was armed, as a matter of good judgment and discretion and to avoid a more serious

incident, he did not identify himself as an FBI Agent, and did not expose his weapon. At this point GUNDERSON left the area and proceeded to the nearest store and called the Police Department.

A Squad Car arrived a few moments later, however in the interim the older man involved in the fight had thrown the younger person into a plate glass window, and his hand was seriously cut. The older man left the scene before the police car arrived, and the younger man, who apparently was dazed, was taken by the Squad Car to the hospital.

If permission is given for GUNDERSON to testify, he will testify as to the above series of events. However, of additional significance to the Bureau it should be noted that the younger of the two men involved in the fight was a Negro, and the older man was white. Of the crowd of 25 persons, approximately 18 to 20 were young Negro males, and in fact the person from the crowd who confronted GUNDERSON and insisted that the fight continue, was a young Negro, and the other five or six companions were also Negro. It was very obvious at the time that had GUNDERSON identified himself and exposed his weapon, there could have been a very serious racial incident. The fact that the two men who were fighting were white and Negro, and that the crowd was predominantly Negro, will not be volunteered. No statements will be made by GUNDERSON on the stand concerning the fact that the crowd was predominantly Negro, to eliminate the possibility of criticism of GUNDERSON and the FBI regarding possible racial matters.

UACB GUNDERSON will testify in accordance with above on 5/4/71.

Three handwritten signatures in black ink are located at the bottom of the page. The signatures are stylized and appear to be initials or names of individuals involved in the document's preparation.

MR. L. PATRICK GRAY, III
Acting Director
Federal Bureau of Investigation
Washington, D. C. 20535

Dear Director Gray:

I must add my comments to those being expressed concerning the July 12th hijack of a National Airlines plane in Philadelphia. I have read, and heard, of the criticism as well as the praise of the manner in which your department controlled the situation. I consider myself fortunate in having been in a position to overhear the police communications during the entire incident and believe that Police Commissioner [redacted] and your Agent Gunderson did an admirable job.

Unfortunately, most criticism results from a limited knowledge of the facts. It took a great deal of courage, experience and "guts" for [redacted] and Gunderson to make the decisions they made and act as they did, knowing how many lives were at stake and the position they would have been in if even one individual had been killed by the hijackers just to show that they meant business. I wonder how many critics and others would have been capable of thinking and acting as intelligently and rapidly as [redacted] and Gunderson did, under the circumstances and for as many hours as was necessary.

The critics have no idea what went on behind the scenes. Nor, do they realize that your job is not only to protect the hostages and personnel, but at the same time make every effort to defeat the plan and thus discourage future attempts. They don't realize how easy and justifiable it would have been for your Bureau and the Philadelphia Police to simply accede to the demands. Unfortunately, they also don't realize that such submission simply encourages

Mr. L. Patrick Gray, 3rd
Federal Bureau of Investigation

others to try the same and somewhere along the line there will be an extreme tragedy. Similarly, they forget about the "psychos" who injure or kill people even though their demands have been met.

As a security officer for many years I know that quite often innocent lives are placed in jeopardy. This is an unavoidable fact of life which leads to the basic question for the conscientious police official: how do I handle this so as to endanger the fewest number of people, yet foil the attempt if possible?

I have nothing but praise and commendation for the judgment and professionalism with which Commissioner [redacted] and his people, and Agent Gunderson and his staff handled this matter.

Very truly yours,

[redacted]

SUBJECT: INVESTIGATIVE RESPONSIBILITIES
CRIME ABOARD AIRCRAFT MATTERS

Theodore L. Gunderson

Reference is made to memorandum 7/17/72 wherein it was recommended and approved that the ASAC and Hijacking Coordinator of the Philadelphia Office be debriefed at FBI HQ relative to events occurring in the hijacking of a National Airlines plane at Philadelphia 7/12/72.

JUL 16 1972

On 7/21/72, ASAC Gunderson and Hijacking Coordinator [Redacted] met with Inspectors Richard J. Gallagher and Henry A. Schutz and SAs Donald T. Perrine and [Redacted] at FBI HQ. The events of the hijacking of 7/12/72 were thoroughly discussed and it was emphatically impressed upon ASAC Gunderson and SA [Redacted] that the FBI has complete jurisdiction and ultimate responsibility in the handling of hijackings. They were advised that the FBI must exercise complete control. ASAC Gunderson stated that Philadelphia Police Commissioner [Redacted] was on the scene when he arrived and common sense dictated that he could not gracefully remove the Commissioner from the immediate area. Gunderson stated that the Commissioner acknowledged that the FBI was in complete command and he remained with ASAC Gunderson in order to maintain complete control over all personnel under the Commissioner's jurisdiction. Gunderson stated that both the Commissioner and Mayor of Philadelphia have been very complimentary of the FBI's handling of the matter. He stated that at no time was there any interference by any local agency that affected the handling of this hijacking.

~~ALL INFORMATION CONTAINED

SUMMARY

Officials: William A. Sullivan, SAC since 9/19/72; Theodore L. Gunderson, ASAC since 9/13/70. Last inspection: 12/8 - 21/71.

Physical Condition and Maintenance - Very Good (Last Inspection - Very Good). Office continues to occupy 4th and 5th floors of downtown commercial office building. Space is old and somewhat congested but maintained in a secure, orderly, and businesslike manner. Office scheduled to move in May, 1973, to new quarters on 8th floor of new U. S. Federal Building, presently under construction, in downtown Philadelphia. Resident Agency (RA) space well organized and neatly maintained. Security of Bureau space and sensitive material stressed. Firearms range adequate and secure. Representative number of Bureau automobiles inspected -- no safety defects. Office reducing fleet by 6 - suggestions made by Inspector to improve utilization and distribution of fleet between headquarters and RAs. Automotive repair and operating costs above field averages - instructed to improve, stressing economy of operations and suggestions made to lower costs. Accidents increased from 12 to 19 since last inspection - 5 employees held responsible. Defensive and safe driving stressed with emphasis on employee safety. Technical equipment being utilized only on authority of SAC and is properly maintained. No delinquency detected in the operation and maintenance of radio equipment.

Investigative Operations - Very Good (Last Inspection - Very Good). Case load 12/31/72 - 6727 (6227 active) up from last inspection - 6492 (5899 active). Case load and closings per Agent above averages of offices of comparable size. Delinquency consistently above average - instructed to reduce. Statistical accomplishments up in all categories in Fiscal Year (FY) 1972 and first 6 months of FY 1973. Eight substantive errors detected (handled separately). Errors involved failure to index alias and modify a subject's record in NCIC; failure to place stop with Bureau of Public Debt; failure to enter alias into NCIC and submit

supplemental fugitive form letter; failure to promptly prepare and submit a complaint form and results of interviews; failure to make prompt inquiry, develop facts and discuss them with U. S. Attorney (USA); failure to submit travel data on an extremist; failure to initiate investigation in Crime on Government Reservation case; and failure to notify complainant in writing of USA's opinion as required.

Broad, self-initiated investigations conducted in Top Ten Fugitive cases which receive close SAC and supervisory attention. Missed applicant, civil rights and fugitive deadlines above field averages; office instructed to correct this deficiency by affording closer attention to all deadline matters. 78% (131 of 169) of violations of Bank Robbery Statute solved FY 1972 as compared to 87% (184 of 212) in FY 1971 -- 58 of 91 violations solved current FY (64%). Specific instructions made to assist in the solution of individual cases and to facilitate the administrative handling of such matters. Bank robbery convictions up substantially in FY 1972 (122 versus 87 in FY 1971); 87 convictions recorded thus far current FY. Outstanding accomplishment record of one Agent handling bank robbery matters noted and called to SAC's attention for suitable recognition (handled separately).

Criminal Intelligence and Interstate Gambling Activities Programs rated excellent. 122 La Cosa Nostra (LCN) members in territory. LCN "Boss" Angelo Bruno still incarcerated, but considering relinquishing position. Upstate Pennsylvania LCN "family" still headed by Russell Bufalino. 38 convictions recorded first 6 months FY 1973 (36 convictions total for FY 1972). 28 additional subjects convicted but not yet sentenced and 86 more awaiting prosecutive action. Most prevalent type gambling handled by Philadelphia concerns sports betting and numbers or lotteries. 63 gambling-type cases ordered closed by Inspector. Continued emphasis encouraged in the selectivity of cases for investigation and case load to be maintained within manageable proportions to concentrate manpower on most important cases and objectives.

Instructed to insure that those investigations warranting Title III coverage are closely followed and to proceed with search warrants on other matters where probable cause already exists. Office to follow local police and court action concerning pornography matters in view of stepped-up drive to combat problem where local authorities show little concern. 40 quality top-echelon informants (1 an LCN member) represent increase of 11 since last inspection. 146 targets now under development compared to 42 at last inspection. Selectivity of targets encouraged to afford priority in developing additional LCN member sources.

~~CONFIDENTIAL~~

Memorandum to Mr. Felt
Re: Inspection - Philadelphia Office

~~CONFIDENTIAL~~

Criminal Informant Program (CIP) rated very good. 122 criminal informants (down 1), 291 potential criminal informants (up 72 from last inspection) - analysis shows overall quality of sources has declined slightly but program in process of rebuilding. Accomplishments attributable to CIP up in but 3 of 8 categories. Office encouraged to improve the quality and accomplishments of its sources.

Communist Party (CP) membership increased by 17 since last inspection; CP and its youth group, the Young Workers Liberation League (YWLL) were very active during the past year and YWLL plans massive membership drive during 1973. Office instructed to take advantage of YWLL membership drive to obtain additional sources. Specific suggestions made to assist in the identification of the only CP member not yet identified.

Security Informant Program and Extremist Informant Program both rated very good; RA coverage improved through imaginative, aggressive development program, while high-level coverage proved effective against violent activities of the Jewish Defense League. Office instructed to afford a high priority to development of additional sources in all extremist groups. Extremist situation is relatively calm but undercurrents of raised tension exist which could erupt into civil disorder as result of large number of extremist groups located in territory.

Relatively small Cuban and Chinese population; 6 pro-Chinese Communist groups in area lack member informant coverage; suggestions made relative to their development. No soviet or satellite establishments. Instructions issued to increase number of interviews of visitors to Soviet-bloc countries as method of developing double agents. Two undercover agents being operated in highly effective manner. Both considered justified. (C)

Aircraft Hijacking Plan current and well organized. Suggestions made to further streamline master plan. Specific suggestions made to effect early apprehension of three Bureau fugitives.

Administrative Operations - Very Good (Last Inspection - Very Good). Philadelphia 15-desk office (including night supervisor) - justified; work load equitably distributed with establishment of 2 additional desks in March, 1972. 5 established and 2 newly authorized Resident Agencies covering approximately 25,596 square miles with estimated population of 4.95 million. Negotiations continuing for space to house the two newly authorized RAs at State College and Newtown Square, Pennsylvania. Considering economy of operations, statistical accomplishments, population and area covered, all present RAs justified.

Re: Inspection - Philadelphia Office

~~CONFIDENTIAL~~

Special Agent Accountants assigned Philadelphia considered adequate and are afforded assignments to upgrade individual accounting qualifications. Chief Clerk's Office functional but pending and project work well above field averages. Increased emphasis to be placed on file destruction program. Form errors above field average and number of misfiled index cards low. Files and exhibits (evidence) properly and securely maintained, although in some instances Agents not submitting evidence promptly after acquired. Improvement ordered. Stenographic production consistent with field average and office has had stenographic delinquency since November, 1972, due to shortage of personnel and volume of Title III transcriptions. Specific suggestions made to cut down on clerical time expended by stenographic personnel and expiration of "freeze" will permit hiring of authorized replacements. Bureau-approved odd-hour shifts justified. Confidential and Imprest Funds adequate for operations; no discrepancies detected in audits.

Undesirable administrative trends detected and corrected involved instances of failure to commence same-day investigation on Theft from Interstate Shipment cases; improper preparation of interview report forms in criminal informant matters; failure to properly record contacts with extremist informants; and not promptly submitting required forms in security informant matters. Overtime productive, necessary and equitably shared.

Personnel Matters - Good (Last Inspection - Very Good). Total complement 1/5/73 - 384 (232 Agents with additional ASAC under transfer to office and 151 clerks). Currently there are 12 clerical vacancies, 10 of which are in stenographic pool which has been a major factor in office stenographic delinquency since November, 1972. Vacancies to be filled promptly. Authorized complement of clerks is 151 which SAC and Inspector agree is adequate but not excessive. SAC requested 19 additional Agents; however, analysis by Inspector determined only 9 additional Agents are considered justified (approved separately). Morale high. One Agent on limited duty - justified. No Agents on probation, overweight or unavailable. SAC, ASAC and supervisors performing on-the-spot supervision to provide necessary training and leadership. Work-related injuries decreased since last inspection (7 - 4). Commendations and Incentive Awards Programs utilized by supervisory staff when special recognition merited.

Since last inspection, 17 Agents applicants recruited. No appointments currently outstanding. 147 clerical applicants entered on duty at FBIHQ during period January - November, 1972 (quota 165) - monthly quota of 15 missed in 7 of 11 months. Office instructed to take more aggressive approach in clerical applicant recruiting for FBIHQ and to fill clerical vacancies in Philadelphia Office. Full participation by all employees stressed. Need for qualified applicants among all Americans emphasized.

Memorandum to Mr. Felt

Contacts - Excellent (Last Inspection - Excellent). 25 SAC contacts (12 in headquarters city and 13 in RAs) - 24 at last inspection; furnish valuable and diversified services. SAC, newly assigned, has not had opportunity to meet all contacts to date. Encouraged to do so promptly. Speech program, including radio and television, productive with variety of groups and widespread geographical coverage achieved. Liaison and National Academy programs effective and police training program providing wide coverage throughout Division. Relations with civic and business leaders, Federal officials, and press cordial and effective. Persons contacted spoke highly of FBI and Philadelphia personnel.

28. GENERAL COMMENTS CONCERNING APPLICANT This Applicant made a very good appearance. He has a pleasing personality, a good voice, and answered the questions propounded to him in an intelligent manner. He appears older than his age and definitely indicates that he is a responsible individual. At the present time he is working as a salesman for the Hormel Company and earns \$4,000 a year plus commissions. He seems to be aggressive and interested in getting ahead. It is to be noted that this Applicant has submitted with his application, a letter to the Director pointing out that he does not meet the basic requirement age, but that he is considered by most people to be 26 or 27 years of age. I believe that he does appear to be 25 or 26. It is felt that his age should not act to his detriment. It is noted that the Applicant's draft status is 4-A because of the fact that he is the only son of a Gold Star mother. He stated that he has no physical defects. It is believed that he has the potentials of becoming a better than average Agent and therefore he is being recommended favorably. Investigation is being instituted.

Director:

Gentlemen:

I am under the basic requirement of being twenty-five years of age but most people consider me to be twenty-six or twenty-seven.

If a person has the outward appearance of being twenty-five and can fulfill the many other requirements, why shouldn't he be considered for a position?

If at all possible, I would like to be considered as an applicant.

Yours very truly,

AIR MAIL

Dear Mr. Gunderson:

You are hereby offered a probationary appointment as a Special Agent Employee in the Federal Bureau of Investigation, United States Department of Justice, in Grade GS10, with salary at the rate of \$5500 per annum less six per cent deduction for retirement purposes. Since this appointment is probationary for a period of one year after which time it will become permanent, it is to be understood that it will be necessary for you to demonstrate during your probationary period your fitness for continued employment in the Federal Bureau of Investigation. All salaries are subject to the necessary Federal Withholding Tax. You will also be allowed your expenses of travel in accordance with existing regulations when absent from official headquarters, which will be fixed at Washington, D. C., effective upon your entry on duty and thereafter changed in accordance with your field assignments. You should proceed to Washington, D. C., at your own expense in order to assume your official duties.

XEROX
JUL 9 1979

It is also understood that you are to proceed on orders to any part of the country that the exigencies of the service may require. You should therefore arrange your personal matters before taking oath of office so that you will be able to accept assignment to any part of the country where your services may be needed.

It will be necessary for you to undergo a rigid physical examination immediately upon your reporting to Washington for duty. In the event the physical examination reflects that you are not capable of performing strenuous duties, or that your color vision or vision is not normal or that you have any defect which might interfere with your use of firearms, this appointment will be cancelled. For your information, this Bureau's standards require uncorrected vision of no less than 20/40 in one eye and 20/50 in the other eye, corrected with glasses to normal vision of 20/20.

You should notify this office at once if this appointment is accepted. If it is not accepted immediately it will be cancelled. Should you accept, you are directed to report for oath of office and assignment to Room 633, Old Post Office Building, 12th Street and Pennsylvania Avenue, Northwest, at 9:00 A. M. on December 10, 1951.

Your assignment during the ~~fourteen~~ weeks, ~~six~~ days per week training period will be at Washington, D. C., and Quantico, Virginia. No per diem is paid while in Washington; however, the period of training will include approximately one week at the FBI Academy at Quantico, Virginia, where a per diem of \$4.80 will be allowed. It will not be possible for the wives and families of appointees to be domiciled at Quantico during the period of training.

You should provide yourself with the following: 1 navy gray shirt and one pair of navy gray trousers for use on the firearms range; two pairs of white wool socks; one pair of gray athletic trunks, preferably with elastic waist; one athletic supporter; one gray sweat shirt; one pair of gym shoes, either high or low (avoid black composition rubber soles that will mark floors); one pair of slippers for shower room use (if klaks or clogs are preferred they should have rubber soles). You may bring these items with you or they may be purchased in Washington after your arrival. You should also bring an adequate supply of business type clothing.

Due to limited parking space, Agents are not permitted to take automobiles to Quantico. Storage space charges for automobiles in Washington are approximately \$1.25 per day.

Storage space for luggage at Quantico is likewise limited, and it is therefore desired that only a limited amount of clothing be brought by the Agent.

Before reporting for duty, you should provide yourself with sufficient funds to enable you to live for at least one month before receiving your first salary check.

In the event you accept this appointment, it will be necessary that you sever all business connections prior to your entry on duty.

You should also read carefully and closely the enclosed letter setting forth certain conditions under which the appointment is accepted and, if the conditions are thoroughly understood, it is requested you sign and return the letter to this office immediately.

If you have been placed on notice by any armed service that you are about to be ordered to active duty therein, please advise this Bureau so that your appointment may be cancelled. Cancellation will eliminate considerable inconvenience inasmuch as the Bureau does not attempt to secure the deferment of new and thus inexperienced personnel.

This appointment, which should be considered strictly confidential and given no publicity, should be presented when

Mr. Theodore L. Gunderson
Dearborn, Michigan

you report for oath of office. However, if the date on which you report to this Bureau immediately follows your employment in another Federal Agency, you should advise the Personnel Office of that Agency prior to entry on duty in this Bureau.

Sincerely yours,

SUBJECT: THEODORE LEE GUNDERSON
BUREAU APPLICANT--SAE

The Writer was fairly well acquainted with the Applicant during the 3 year period from 1946 until 1949 when a member of the Sigma Alpha Epsilon fraternity at the University of Nebraska, Lincoln, Nebraska. The Writer was several years older than the Applicant and also was not very active in fraternity affairs during this time and therefore was not well acquainted with the Applicant and only knew him in connection with fraternity activities. However, the Writer can recall that the Applicant was of excellent reputation amongst his fraternity brothers, and was a good-looking, clean-cut individual of excellent habits and apparent high ideals who was very popular on the University of Nebraska campus. He was very well spoken and had a sincere straightforward approach to people which made him one of the first to be called on by the fraternity to meet visitors or rushee's.

Although, as has been heretofore stated, the Writer was not closely acquainted with the Applicant, the Writer knows nothing derogatory concerning the Applicant and knows no reason why he would not make a good special agent.

I have known Theodore Gunderson for five years through our association as students at the University of Nebraska and members of the same social fraternity.

Mr. Gunderson was a leader both on the campus and in the fraternity and was extremely well respected and liked by all who came in contact with him. His personality and ambition are of the highest order.

I am sure that he would be an employee who would do justice to the Federal Bureau of Investigation.

This form should be checked for holding of office, pension, suitability in connection with any record of recent discharge or arrest, and particularly for the following:

(1) *Identity of appointee.*—It is the duty of the appointing officer to guard against impersonation and to determine beyond reasonable doubt that the appointee is the same person whose appointment was authorized. The appointee's signature and handwriting are to be compared with the application and/or other pertinent papers. If the appointee qualified in a written examination, the signature on this form should be compared with the signature on the declaration sheet, which was signed in the examination room. His physical appearance may be checked against the medical certificate. The appointee may also be questioned on his personal history for agreement with his previous statements.

(2) *Age.*—If definite age limits have been established for the position, it should be determined that applicant is not outside the age range for appointment. Until such determination is made, the appointment may not be consummated.

(3) *Citizenship.*—The appointing officer is responsible for observing the citizenship provisions of (1) the Civil Service Rules and (2) appropriation acts. Form 61 constitutes an affidavit for both purposes and is acceptable proof of citizenship status in the absence of conflicting evidence. In doubtful cases the appointment should not be consummated until clearance has been secured from the certifying office of the Civil Service Commission.

(4) *Members of Family.*—Section 9 of the Civil Service Act provides that whenever there are already two or more members of a family serving under probational or permanent appointment in the competitive service, no other member of such family is eligible for probational or permanent appointment in the competitive service. The appointments of persons entitled to veteran preference are not subject to this requirement. The members-of-family provision does not apply to temporary appointments. Doubtful cases may be referred to the appropriate office of the Civil Service Commission for decision.

NOTE.—Before he can be appointed, an applicant for a Federal position must meet certain requirements over and above the requirement that he be able to do the work he is employed to do. On the attached form you are to swear (or affirm) that you meet those requirements. In addition, there are certain restrictions upon your conduct as a Federal employee. They are set forth on this sheet. You should familiarize yourself with these restrictions and be guided by them. *Detach this portion of the form and retain it for your information and guidance.*

I. INFORMATION ABOUT APPOINTMENTS

Persons selected from competitive registers will receive either a temporary or a probational appointment.

For persons receiving a probational appointment, the first year of service is a probationary period unless a shorter period is fixed for the position by the Civil Service Commission. Satisfactory completion of probation is required for absolute appointment.

The completion of probation is required when a person who is reinstated or transferred has not previously completed a probationary period.

Persons receiving probational appointments are included under the Civil Service Retirement Act.

Appointments specifically limited to 1 year or less are usually considered temporary appointments.

For excepted appointments, a trial period may be required at the discretion of the employing agency.

II. MEMBERS-OF-FAMILY RESTRICTION

Except for persons entitled to veteran preference, no person may be probationally appointed to a position in the competitive service if there are two or more members of his family already serving in the competitive service under probational or permanent appointments. A family is defined by the Attorney General as persons who live under the same roof with the head of the family and form part of his fireside. When they branch out and become heads of new establishments, they cease to be part of the old family. Minors do not establish another family merely by living at an address different from that of their parents. An appointment is illegal if the appointee is disqualified by the members-of-family restriction.

III. APPOINTMENTS ARE SUBJECT TO INVESTIGATION

All probational appointments, reappointments, reinstatements, conversions to competitive appointments, inter-agency transfers, and certain temporary appointments are "subject to investigation" for an 18-month period. During this period, the Civil Service Commission has authority to instruct an agency to separate an employee for any of the reasons given below except that the Commission's authority is not limited by the 18-month period in cases described under Items 4, 5, and 8 below. The condition "subject to investigation" expires automatically at the end of 18 months of service unless an appeal on loyalty matters is pending. However, an employing agency may remove an employee for any of the reasons given below at any time.

Any of the following reasons constitutes sufficient cause for the removal of an employee from the service:

1. Conduct or capacity of such a nature that removal will promote the efficiency of the service.
2. Physical or mental unfitness for the position he holds.
3. Criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct.
4. Establishment of the fact that the employee has made intentional false statements or engaged in deception or fraud in examination or appointment.
5. Refusal to furnish testimony to the Civil Service Commission or its authorized representatives in regard to matters inquired of arising under the Civil Service Act, Rules, and Regulations.
6. Habitual use of intoxicating beverages to excess.
7. Reasonable grounds exist for belief that the person involved is disloyal to the Government of the United States (see Section IV).

8. Any legal or other disqualification which makes the applicant unfit for Federal employment.

IV. SUBVERSIVE ACTIVITY AND AFFILIATION

Section 9A of Public Law 252, 76th Congress, approved August 2, 1939, otherwise known as the "Hatch Act," provides:

"(1) It shall be unlawful for any person employed in any capacity by any agency of the Federal Government, whose compensation, or any part thereof, is paid from funds authorized or appropriated by any act of Congress, to have membership in any political party or organization which advocates the overthrow of our constitutional form of government in the United States.

"(2) Any person violating the provisions of this section shall be immediately removed from the position or office held by him, and thereafter no part of the funds appropriated by any act of Congress for such position or office shall be used to pay the compensation of such person;"

Executive Order 9835 of March 21, 1947, provides:

"1. The standard for the refusal of employment or the removal from employment in an executive department or agency on grounds relating to loyalty shall be that, on all the evidence, reasonable grounds exist for belief that the person involved is disloyal to the Government of the United States.

"2. Activities and associations of an applicant or employee which may be considered in connection with the determination of disloyalty may include one or more of the following:

'a. Sabotage, espionage, or attempts or preparations therefor, or knowingly associating with spies or saboteurs;

'b. Treason or sedition or advocacy thereof;

'c. Advocacy of revolution or force or violence to alter the constitutional form of government of the United States;

'd. Intentional, unauthorized disclosure to any person, under circumstances which may indicate disloyalty to the United States, of documents or information of a confidential or nonpublic character obtained by the person making the disclosure as a result of his employment by the Government of the United States;

'e. Performing or attempting to perform his duties, or otherwise acting, so as to serve the interests of another government in preference to the interests of the United States;

'f. Membership in, affiliation with or sympathetic association with any foreign or domestic organization, association, movement, group or combination of persons, designated by the Attorney General as totalitarian, Fascist, Communist, or subversive, or as having adopted a policy of advocating or approving the commission of acts of force or violence to deny other persons their rights under the Constitution of the United States, or as seeking to alter the form of government of the United States by unconstitutional means."

The appointing officer will make available to you the list of organizations proscribed by the Attorney General upon your request.

Various appropriation acts contain a provision prohibiting the use of appropriated funds to pay the salary or wages of any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence. These acts provide that an affidavit shall be considered prima facie evidence that the person making the affidavit does not advocate, and is not a member of an organization that advocates, the overthrow of the Government of the United States by force or violence. These acts provide further that any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence and accepts

employment the salary or wages for which are paid from any such appropriation shall be guilty of a felony, and, upon conviction, shall be fined not more than \$1,000 or imprisoned for not more than 1 year, or both, and that this penalty shall be in addition to, and not in substitution for, any other provisions of law.

The affidavit referred to above is one of those to which you are required to swear (or affirm) on the attached page.

V. STRIKING AGAINST THE FEDERAL GOVERNMENT

Various appropriation acts provide that no part of the funds appropriated therein shall be used to pay the salary or wages of any person who engages in a strike against the Government of the United States or who is a member of an organization of Government employees that asserts the right to strike against the Government. Such acts provide further that any person who engages in a strike against the Government, or who is a member of an organization of Government employees that asserts the right to strike against the Government, and accepts employment the salary or wages for which are paid from any such appropriation, shall be guilty of a felony and, upon conviction, shall be fined not more than \$1,000 or imprisoned for not more than 1 year, or both, and that this penalty shall be in addition to, and not in substitution for, any other provisions of law.

One of the affidavits on the attached page to which you are required to swear (or affirm) pertains to this provision against striking against the Government.

VI. HOLDING STATE OR LOCAL OFFICE

Federal employees are prohibited from accepting or holding an office or position under State, territorial, county, or municipal governments. There are certain specific exceptions. They are published in Civil Service Commission Form 1236. Before any person appointed to the Federal service accepts or continues to hold any office or position under a State or local government, the matter should be presented to the appropriate authorities of the agency in which he is employed for a decision as to whether he properly may accept or continue to hold such office or position.

VII. POLITICAL ACTIVITY

The terms of the act of August 2, 1939 ("Hatch Act"), as amended, prohibit officers and employees in the executive branch of the Federal Government from using official authority or influence for the purpose of interfering with an election or affecting the result thereof. Further, such officers and employees are prohibited from taking any active part in political management or in political campaigns. These prohibitions apply not only to permanent employees, but also to temporary employees, employees on leave of absence with or without compensation, and substitute employees during the period of active employment. Political activity identified with any political party in any election is prohibited.

Some of the forms of forbidden political activity are:

1. Serving on or for any political committee, party, or other similar organization.
2. Soliciting or handling political contributions.
3. Serving as officer of a political club, as member or officer of any of its committees, addressing such a club, or being active in organizing it.
4. Serving in connection with preparation for, organizing, or conducting a political meeting or rally, addressing such a meeting, or taking any other active part therein except as a spectator.
5. Engaging in political conferences while on duty, or canvassing a district or soliciting political support for a party, faction, or candidate.
6. Manifesting offensive activity at the polls, at primary or regular elections, soliciting votes, assisting voters to mark ballots, or helping to get out the voters on registration or election days.
7. Acting as recorder, checker, watcher, or challenger of any party or faction.
8. Serving in any position of election officer, in which partisanship or partisan political management may be shown.
9. Publishing or being connected editorially or managerially with any newspaper generally known as partisan from a political standpoint, or writing for publication or publishing any letter or article, signed or unsigned, in favor of or against any political party or candidate. (Ownership entirely disassociated from editorial control and managerial activities limited entirely to business management would not be regarded as being within this provision.)
10. Becoming a candidate for nomination or election to office, Federal, State, or local, which is to be filled in an election in which party candidates are involved.

11. Distributing campaign literature or material.

12. Initiating or circulating political petitions, including nomination petitions.

13. Assuming political leadership or becoming prominently identified with any political movement, party, or faction, or with the success or failure of any candidate for election to public office.

General statements as to certain activities which are considered as permissible on the part of Federal officers and employees:

1. *Voting.*—The direct language of the law specifically provides that all such persons retain the right to vote as they may choose.

2. *Expression of opinions.*—The right to express political opinions is reserved to all such persons.

NOTE: This reservation is subject to the prohibition that such persons may not take any active part in political management or in political campaigns.

3. *Contributions.*—It is lawful for any officer or employee to make a voluntary contribution to a regularly constituted political organization, provided such contributions are not made in a Federal building or to some other officer or employee within the scope of the act referred to above.

4. *Political pictures.*—It is lawful for any officer or employee to display a political picture in his home if he so desires.

5. *Badges, buttons, and stickers.*—While it is not unlawful for an officer or employee to wear a political badge or button or to display a political sticker on his private automobile (except where forbidden by local ordinance), it is felt that it is inappropriate for any public servant to make a partisan display of any kind while on duty, conducting the public business.

6. *Penalties.*—Persons appointed to positions in the Executive branch of the Federal Government are warned that the penalty for an established violation of the above-mentioned political activity prohibitions is immediate removal from the service.

VIII. OFFENSES WHICH ARE PUNISHABLE BY FINE OR IMPRISONMENT

Certain other statutes prohibit Federal officers and employees from engaging in various activities under penalty of fine or imprisonment, or both. The activities prohibited by such statutes relate to such matters as political assessments, political coercion and discrimination, and purchase and sale of office. The text of these statutes is set forth in Civil Service Commission Form 1236.

Some of the activities prohibited under penalty of fine or imprisonment, or both, are as follows:

1. Solicitation or receipt of political contributions by one officer or employee from another.
2. The giving or handing over of a political contribution by one employee to another.
3. Solicitation or receipt of political contributions in a Federal building by any person, whether or not an employee of the Government.
4. Solicitation or receipt by any person of political contributions from any person receiving any benefit under any act of Congress appropriating funds for relief.
5. Solicitation or receipt of anything of value, either for personal reward or as a political contribution, in return for the use of, or the promise to use, influence to secure an appointive office under the United States.
6. Payment, or the offer of payment, for the use of influence in securing an appointive office under the United States.
7. Promising employment, compensation, or other benefit made possible by act of Congress as consideration or reward for political activity.
8. Discrimination by an officer or employee in favor of, or against, another officer or employee on account of political contributions.
9. Depriving any person on account of race, creed, or color, or political activity, of compensation or other benefit made possible by any act of Congress appropriating funds for relief.
10. Disclosure for political purposes of any list or names of persons receiving benefits under an act of Congress appropriating funds for relief and the receipt of such a list for political purposes.

IX. PROHIBITION AGAINST DISCRIMINATION

Appointing officers are required by the Civil Service Rules to act on all personnel matters "solely on the basis of merit and fitness and without regard to political or religious affiliations, marital status, or race."

X. INSTRUCTION OF APPLICANTS

Officers and employees of the Government are prohibited from instructing or teaching with a view to the special preparation of any person for civil-service examinations.

Counselor [] reports: Agent Gunderson is 23 years of age, 6' tall, and weighs 155 pounds. He presents an above average appearance and exhibits good taste in the selection of his clothing. He is mature, has a friendly conversational personality, and experiences no difficulty in meeting people. His conversations are varied and interesting. Gunderson's assimilation of material presented is slightly below average and he has been advised to make an effort to improve his spelling. He is not ill at ease when speaking before the class and his questions are intelligent. His attitude toward the Bureau is good and he has accepted criticism in good favor. It is believed that he should become an average Agent with average supervision.

b6

Mr. [] states: This man makes a very impressive appearance, and a very impressive approach. Despite the fact that he is but 23 years of age, he is much more impressive than many of the older and more experienced trainees. His conversation is cordial and enthusiastic. It is felt that in a very short time, he will be definitely above average in his contact ability. It is believed that after he gains a little experience he will make a better than average representative of the Bureau in the field. He should have no difficulty in doing average or better work under ordinary supervision.

Gunderson has no personal problems, can be assigned to any office.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
- ✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
- No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

Re: THEODORE L. GUNDERSON
SPECIAL AGENT (E)

Agent Gunderson is medium in stature, presents a good personal appearance, is neat and conservative in dress, and has a friendly personality. He has a youthful appearance due to his twenty-three years of age. He appears to be average in aggressiveness, force, initiative, and resourcefulness for a new Agent.

Agent Gunderson is located in the headquarters city, arriving in this Division from New Agents' Training School on March 25, 1952 and has just completed his two weeks' assignment with an older Agent. He will be assigned cases in the general criminal classification and deadline applicant cases. Due to his just arriving in this office, he has not had an opportunity to dictate as of the preparation of this report. He likewise has not been utilized as a witness since his arrival. He appears to be in good physical condition and has informed me he is available for general or special assignment.

This Agent is not capable of handling involved types of Bureau cases, however, he appears to be energetic and anxious to progress, and I believe that with additional experience and proper supervision he will be able to progress satisfactorily along these lines. He has not been utilized on dangerous assignments or physical surveillances. His contacts with local law enforcement officers since his arrival here have been extremely limited but, due to his general make-up and personality, I believe he will make satisfactory contacts in this connection. He appears to be loyal, devoted and enthusiastic.

This Agent operates an automobile in a satisfactory manner but does not take shorthand and utilizes a typewriter with the hunt and peck system.

I have noted nothing thus far to indicate any administrative or executive ability on the part of this Agent, however, I feel he will progress in a satisfactory manner.

In my opinion this Agent is entitled to the rating of Satisfactory in GS-10.

Re: THEODORE L. GUNDERSON
SPECIAL AGENT (E)

This special sixty day performance rating report is being submitted on SA(E) Theodore L. Gunderson who arrived in Mobile from New Agents Training School on March 25, 1952.

Agent Gunderson is medium in stature, presents a very good personal appearance, is neat and conservative in dress, and has a friendly pleasing personality. He has a youthful appearance but is businesslike. I believe he is average in aggressiveness, force, initiative, and resourcefulness for an Agent with his limited experience.

Agent Gunderson continues to be located in the headquarters city where he has been assigned cases in the general criminal classification and deadline applicant cases, all of which he has handled in an efficient manner for an Agent with his length of experience in the Bureau. His headquarters are being changed effective immediately to the Resident Agency at Union Springs, Alabama. He is rated by the stenographers in this office as a very good dictator.

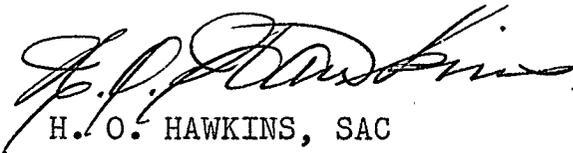

This Agent has experienced the usual problems for a new Agent in the preparation of reports, however, he has continued to improve in this connection. He has not had an opportunity to testify before the U. S. Commissioner, U. S. Grand Jury or U. S. District Court, however, he has presented several cases to the U. S. Attorney. It is anticipated he will be afforded an early opportunity to testify before all Federal judicial bodies in the immediate future. He appears to be in excellent physical condition and has informed me he is available for general or special assignment.

Agent Gunderson is not capable of handling involved types of Bureau cases, however, he is extremely energetic and anxious to progress; and I believe that with additional experience, proper guidance and supervision, he will progress satisfactorily along these lines. He has not been utilized on any major dangerous assignments though he has assisted in the apprehension of one Bureau fugitive. This Agent's firearms scores appear to be above average for an Agent with his limited

experience and I believe that with additional experience and confidence he will be able to be utilized on dangerous assignments. He has not operated on any physical surveillances. This Agent appears to make satisfactory contacts with local law enforcement officials and, with additional experience and the gaining of confidence, I believe he will progress along these lines also. He appears to be loyal, devoted and enthusiastic, is amenable to discipline, gets along well with other employees and I believe will develop into a better than average Agent.

Agent Gunderson turns out a large volume of work for a new Agent and is conscientious in connection with the meeting of deadlines. He organizes and initiates his work and investigations in an average manner and requires no more than the average amount of supervision for an Agent with his limited experience. Agent Gunderson has not been responsible for the development of any confidential or potential confidential informants and has been recorded with the development of only two sources of information as of the preparation of this report.

I have noted nothing to indicate any administrative or executive ability on the part of this Agent.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
- ✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
- 0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

Re: THEODORE L. GUNDERSON
SPECIAL AGENT (E)

Agent Gunderson is medium in stature and presents a very good personal appearance. He is neat and conservative in dress and has a friendly, businesslike personality. He presents a youthful appearance but due to his businesslike attitude, this is not noticeable in his contacts. He is above average in aggressiveness, force, initiative and resourcefulness for an agent with his limited experience.

Agent Gunderson has been assigned to the resident agency at Union Springs, Alabama, during the major portion of the rating period. He has been investigating cases in the general criminal, deadline applicant and minor security classifications, which work he has performed in a very satisfactory manner for an agent in his grade. He is rated by the stenographers in this office as a very good dictator. He has from time to time, however, experienced some difficulty in connection with the preparation of his memoranda and reports, but he has been making steady progress in this regard. He has testified on numerous occasions before the U. S. Commissioner and on one occasion before the Federal Grand Jury but to date has not testified in U. S. District Court. He has been given moot court training and received the rating of very good. Due to the nature of his assignments, he should be afforded an early opportunity to testify in the U. S. District Court. He appears to be in excellent physical condition and has informed me that he is available for general or special assignment.

Agent Gunderson produces a large volume of work for an agent with his experience. He is conscientious in connection with the meeting of deadlines. He organizes and initiates his work and investigations in an average manner and requires no more than the average amount of supervision for an agent with his experience.

Agent Gunderson has been responsible for the development of two approved criminal informants, six potential informants and eight sources of information, and I feel that his work in this regard has been definitely above average for an agent with his limited experience (S) (u)

Due to Agent Gunderson's lack of experience, he is not considered capable of handling involved types of Bureau cases at this time. He is, however, extremely energetic and anxious to progress, and with additional experience and supervision, he should

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

be able to assume added responsibilities. He has not been utilized on any major dangerous assignments, but he has apprehended four Bureau fugitives and assisted in the apprehension of two others. He has performed satisfactorily on physical surveillances. From observation of this agent at firearms training and his general make-up, I would not hesitate to utilize him on dangerous assignments under proper supervision.

Agent Gunderson appears to make satisfactory contacts with local law enforcement officials, and is well liked and respected by persons with whom he comes in contact. He appears to be loyal, devoted and enthusiastic. He is amenable to discipline and gets along well with the other employees. With additional experience he should develop into a better than average agent.

I have noted nothing to indicate any administrative or executive ability on the part of this agent.

In my opinion Agent Gunderson is entitled to the rating of Satisfactory in GS-10.

I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. It is respectfully requested that this Agent's headquarters be changed from Mobile, Alabama to Union Springs, Alabama. This request is being made in order that he may replace SA THEODORE L. GUNDERSON, who is departing on transfer from the Mobile Division to Knoxville on or before 12/15/53.

As of this date there are 75 cases and 7 leads pending in the Union Springs Resident Agency with only two Agents assigned, namely Senior Resident Agent ROBERT EDWARD LEE and SA THEODORE L. GUNDERSON who is, as before stated, leaving on transfer.

b6

From a review of Agent personnel file and my observation of him, I believe he can satisfactorily perform in that Resident Agency. It is requested that this change of headquarters be expedited in order that it may obviate the necessity of sending an Agent to Union Springs on a per diem basis.

Re: THEODORE L. GUNDERSON
SPECIAL AGENT (E)

CLASS. & EXT. BY SP 3TEK/AHR
REASON-FCIM II, 1-2.4.2 2
DATE OF REVIEW 10-4-89

This special performance rating is being prepared in view of Agent Gunderson's transfer from the Mobile Division to the Knoxville Division.

Agent Gunderson is medium in stature, presents a very good personal appearance, is neat and conservative in dress, and has a friendly businesslike personality. He is above average in aggressiveness, force, initiative, and resourcefulness for an Agent with his experience.

Agent Gunderson (has continued to be assigned to the Resident Agency at Union Springs, Alabama,) during this rating period. (He has conducted investigations of general criminal, deadline applicant and minor security type cases.) His work has been performed in a very satisfactory manner.) He is rated by the stenographers in this office as a very good dictator. (His memoranda and reports at this time are prepared in such a manner as to require no more than the average amount of supervision) for an Agent with his experience.

Agent Gunderson (has testified on numerous occasions before the U. S. Attorney, on two occasions before the U. S. Grand Jury and on two occasions in U. S. District Court.) I am informed he makes a good witness. He appears to be in excellent physical condition and has informed me (he is available for general or special assignment.)

Agent Gunderson (produces a large volume of work,) is conscientious in connection with the meeting of deadlines, organizes and initiates his work and investigations in an above average manner, and requires no more than the average amount of supervision for an Agent with his experience.

Agent Gunderson (has been responsible for the development of two approved criminal informants, six potential criminal informants and eight sources of information.) I believe his work in this regard has been definitely above average for an Agent with his experience. (S)(u)

Due to his lack of experience, Agent Gunderson has not been assigned involved types of Bureau cases. He has,

however, apprehended numerous fugitives and assisted in the apprehension of others, and, from my observation of him at firearms training, (I would not hesitate to utilize him on a major dangerous assignment under proper supervision.) He has performed satisfactorily on physical surveillances.)

Agent Gunderson (has made excellent contacts with local law enforcement officials in the territory where he has been assigned.) I have talked with numerous officers from this territory and he appears to be very well liked and respected by the persons with whom he has come in contact. He appears to be loyal, devoted and enthusiastic. He is amenable to discipline and gets along well with other employees. With additional experience, he should develop into a better than average Agent.

I have noted nothing at this time to indicate any administrative or executive ability on the part of this Agent.

In my opinion Agent Gunderson is entitled to the rating of Satisfactory in GS-10.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee THEODORE L. GUNDERSON Title Special Agent (E)
 Rating Period: from 12/15/53 to 3/31/54

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
- + Outstanding (exceeding excellent and deserving special commendation).
 - ✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
 - Unsatisfactory.
 - No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

RE: THEODORE L. GUNDERSON
SPECIAL AGENT (E)

TRANSFER PERFORMANCE RATING 8/11/54

This rating is submitted in view of Agent GUNDERSON's transfer to New York, his third office, to which he will report on 8/30/54. He is 25 years of age, married with no children, and in Grade GS-10 @ \$5,750 per annum. Offices of preference are set forth as Los Angeles, San Francisco and San Diego.

In the interim since the last annual performance rating, this Agent (has been principally employed at Oak Ridge, Tennessee, on a road-trip basis out of headquarters city.) There he has handled a large number of cases and leads on AEA matters and assisted in an occasional criminal investigation, apprehension or surveillance in headquarters city.) He is a most conscientious workman. (He carefully plans his investigations, deftly executes them, and is meticulous in his reporting, requiring less than average supervision.) (His dictation rating) by the stenographic staff is "very good."

Agent GUNDERSON is personable, (makes a very favorable impression upon those contacted both in law enforcement, public and public officials.) He has been described to me as tactful, understanding and sympathetic in situations requiring diplomacy and careful handling. Agent GUNDERSON voluntarily contributes many hours of overtime in order to equitably share in the work load of this office.

It would seem that Agent GUNDERSON (has made excellent progress for one of his limited tenure in the Bureau.) It is indicated that he possesses a better than average prospect for future development, both along investigative and administrative lines. (No restriction has been placed by him on transfer for general or special assignment.) He is available for advancement in the Bureau's service and appears to possess a better than average potential in this regard.) His rating is "Satisfactory" in GS-10.

This employee entered on duty as a Special Agent in Grade GS-10 on 12-10-51. He is available for special and general assignment, and is being considered for reallocation to Grade GS-11.

On 3-25-52 he reported to Mobile, his first office of assignment. His daily average overtime for the remainder of that month was 30 minutes, with no travel time.

On his 1952 annual performance report he was rated SATISFACTORY.

On 5-27-52 he was rated SATISFACTORY. His daily average overtime for August, 1952, was 3 hours 13 minutes with 1 hour 36 minutes with no travel overtime.

On 3-31-53 he was rated SATISFACTORY. His daily average overtime for April, 1953, was 2 hours 19 minutes with 1 hour 7 minutes travel overtime.

On 12-14-53 SAC Shanklin rated him SATISFACTORY and stated that he was above average in aggressiveness, force, initiative and resourcefulness. His work had been performed in a very satisfactory manner.

On 3-31-54 SAC Soucy rated him SATISFACTORY and commented that in the short period that he had been in that office he had indicated an ability to operate under considerable deadline pressure, but his production had been no more than average as to quality and quantity. He had performed a considerable amount of overtime work without regard to the regular duty hours.

On 8-11-54 SAC Alden rated him SATISFACTORY and commented that he was a most conscientious workman. He carefully planned his investigations, deftly executed them, and was meticulous in his reporting, requiring less than average supervision. His dictation was very good. He made a very favorable impression upon those contacted both in law enforcement and public circles. It was felt that he had made excellent progress. It was also felt that he had a better than average prospect for future development, both along investigative and administrative lines. He was available for advancement in the Bureau's service.

On 12-8-54 SAC Kelly rated him SATISFACTORY and said he was cooperative, loyal and amenable to suggestions and had demonstrated an ability to handle his work

FDH:afv

with slightly less than average supervision. He had devoted a large amount of his own time in order to alleviate the workload of that office. He had demonstrated that he had an admirable enthusiasm for his duties. He was an excellent dictator. He was considered capable of participating in raids and dangerous assignments. He was rated Outstanding on the elements of Personality, Attitude, Resourcefulness, Forcefulness, Planning ability, Industry.

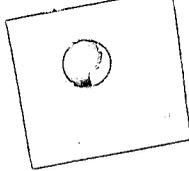

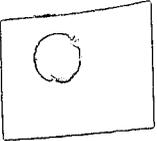

RECOMMENDATION: This Agent completed three years of service on 12-10-51. The comment made on 3-31-54 that his production had been no more than average as to quality and quantity, has been noted. However, on 8-11-54 his SAC reported that he carefully planned his investigations, deftly executed them, and required less than average supervision. In view thereof, and in view of other very favorable comments in his reports, it is recommended that he be reallocated to Grade GS-11, \$6140 per annum, at this time.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185. So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

While SA Gunderson was attending In-Service training recently he was interviewed by a Bureau representative. SA Gunderson advised that he is interested in foreign assignment and intends to take up the study of a foreign language so that he may be considered for such assignment some time in the future. He also indicated that he was interested in administrative advancement and would appreciate receiving Inspector's Aide training some time in the future when the Bureau felt he was qualified.

SA Gunderson presents a very good personal appearance, has a good personality, and is a good conversationalist. It is noted from a review of his personnel file that he has not been recommended as yet for administrative advancement. In this respect you should observe the work performance of SA Gunderson very carefully for the next ninety days and submit a special performance rating specifically commenting as to his future potential for advancement along administrative lines. In the meantime if you feel he is qualified and if an opportunity arises you should assign some administrative-type duties to him so that you can better judge his potential along that line. The special performance rating should be submitted to reach the Bureau no later than December 10, 1955.

Special Agent Gunderson attended In-Service training from August 22 through September 2, 1955. He had asked to see the Director and when he was advised that the Director was not in town he said he would like to talk to someone in the Administrative Division. I interviewed Mr. Gunderson on September 2, 1955.

Gunderson (advised that he had requested to see the Director so that he could pay his respects and let the Director know that he intended to make the Bureau his career and that he was proud of the fact that he was a Special Agent of the FBI. He advised me that he is interested in foreign service and inquired as to the qualifications for consideration for assignment outside of the country.) I discussed the Bureau's policy with regard to foreign assignment and Mr. Gunderson indicated that he intended to take up the study of the Spanish language so that sometime in the future he might be considered for assignment to a Spanish-speaking country.)

(He also indicated that he was interested in advancing along administrative lines in the Bureau and would appreciate an opportunity to be trained as an Inspector's Aide sometime in the future whenever the Bureau felt that he was qualified for such training.)

493 471-45

Mr. Gunderson entered on duty December 10, 1951, and is presently in grade GS-11, \$6605 per annum. He is 26 years of age, married, and has no children. He has a Bachelor of Science Degree and his offices of preference are Los Angeles, San Francisco, and San Diego. He presents a very good personal appearance, has a good personality, appears to be well read, and expresses himself in an excellent manner. His services to date may be considered slightly above average although not outstanding. He has not been recommended for administrative advancement by his various SACs. He is completely available for assignment wherever his services may be needed.

RECOMMENDATION

I recommend that SA Gunderson receive Inspector's Aide training as soon as an opportunity presents itself and that in the meantime his record be carefully watched to ascertain if he should be afforded administrative and supervisory training in the field. In this respect I suggest the attached letter be directed to the New York Division requesting the SAC to watch the progress of this Agent and afford him administrative duties in the event he appears qualified for such training.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

THEODORE L. GUNDERSON
SPECIAL AGENT - GS - 11
SPECIAL PERFORMANCE RATING
DECEMBER 9, 1955

~~CONFIDENTIAL~~

SA Gunderson presents an excellent personal appearance, is in good physical health with one exception noted below, has been rated satisfactory in firearms and is capable of participation in raids and dangerous assignments.

(U) Since assignment to the NYO, SA Gunderson ~~has~~ been investigating contact cases in the Satellite and Yugoslav Espionage Section. He has handled more than an average amount of work with an average amount of supervision. While he has not developed any security informants, SA Gunderson is aware of the need for such informants in the security field. He has been rated an excellent dictator by stenographers of the NYO. ~~(U)~~

SA Gunderson has taken an abnormal amount of sick leave during the rating period, and this has been occasioned by seasonal asthmatic attacks he has suffered since arriving in New York. He is bothered by this condition particularly during late September, October and November. He has advised that he is taking regular and continuous treatment for this condition from his own doctor and stated that his condition during the Fall of 1955 was much improved over his condition during the same period in 1954.

SA Gunderson has expressed an ardent enthusiasm for his work and has given freely of his own time in order to handle the work load and reduce the delinquency in the NYO. He has expressed a desire for advancement along administrative lines, and it is felt that with further training and experience he will become qualified to handle administrative responsibilities.

SA Gunderson is entitled to the rating of satisfactory.

ReBulet 9/8/55.

There is attached herewith the original of a Special Performance rating of SA GUNDERSON.

SA GUNDERSON has advised that he is still interested in foreign assignment; however, he is not presently taking any courses in a foreign language. He advised that he had enrolled in a Spanish class but had become dissatisfied with the slowness of the class and had, therefore, discontinued this study.

With regard to the abnormal sick leave commented on in the narrative portion of the performance rating, it should be noted that from 1/1/55 until 12/1/55, SA GUNDERSON had taken a total of 125 hours sick leave. A good deal of this time was taken so that he might be afforded treatment by his own physician for his asthma condition.

It should further be noted that on 12/2/55, SA GUNDERSON was afforded an annual physical examination at USAD, 90 Church Street, NY, and the results of this physical examination will be forwarded to the Bureau when they are received at the NYO.

There is attached hereto Report of (Medical Examination of captioned agent received in this office on 12/19/55.) It is noted that during the original examination on 12/2/55 (a diagnosis of Asthma, severe "etiology" was made. (A supplementary allergy consultation was held with SA GUNDERSON at the U. S. Army Dispensary on 12/12/55 and appears to have confirmed the diagnosis of asthma with the additional comment that the history is not suggestive of etiologic agent other than ragweed, but this would account for attacks through September and October. It is further noted that the U. S. Army Dispensary recommended: (1) More complete allergic workup (2) And/or transfer to dry and, if possible, warm climate (i.e. Arizona, New Mexico, Texas, Southern California, etc.).)

This Report of Medical Examination certifies that GUNDERSON is qualified for duty.

The Bureau has been advised previously that it has been necessary for SA GUNDERSON to take an abnormal amount of Sick Leave since September, 1955 in order to undergo treatment for this asthma condition by his own physician.

There is attached hereto the original of a letter dated December 28, 1955 from GUNDERSON's personal physician, DR. [redacted] Street, Jackson Heights, Long Island, in which he describes treatment afforded SA GUNDERSON since September, 1955 and in which he states that while he has facilities for doing further tests, he does not feel they will serve any useful purpose in this case. This letter further states that Dr. [redacted] believes GUNDERSON would be greatly benefited by moving to a drier, warmer climate, which he recommends.

b6

SA GUNDERSON has advised me that he personally does not desire a transfer at this time. He has purchased a home here and is willing to continue his assignment in NYC. He has restated his availability for general or special assignment wherever the Bureau service requires. He has noted that his condition is

It is noted that SA GUNDERSON's current offices of preference are Los Angeles, San Francisco and San Diego. He has now advised that in view of the recommendations of the U. S. In view of the recommendations of the U. S. Army Dispensary, NYC, set forth in the attached Report of Medical Examination and the recommendation of SA GUNDERSON's personal physician, Dr. [redacted] set forth in the attached letter dated 12/28/55, it is the recommendation of this office that the Bureau give consideration to effecting a transfer of SA GUNDERSON to an office in a dry and, if possible, warm climate in line with the above recommendations. There appears to be no immediate urgency in this matter as further severe attacks are not anticipated until approximately September, 1956. SA GUNDERSON is continuing treatment with Dr. [redacted] and in the event of a material change in his condition the Bureau will be further advised.

In the event the Bureau sees fit to transfer this Agent it is requested that a replacement be furnished this office.

To Whom It May Concern:

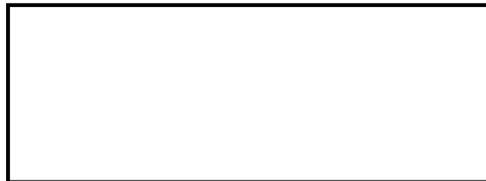

Tests for pollen on Ted Gunderson indicated strong sensitivity to giant and short ragweed, spring grasses and house dust.

Desensitization was begun for these allergens in Sept., 1955. His asthmatic attacks were definitely improved after this was begun, but he still continued to have attacks.

I have the facilities for doing further tests, but I do not feel that they will serve any useful purpose in this case. I do not believe that he has any food allergy. I believe it is the pollens, plus upper respiratory infections, which cause his difficulty.

I have no doubt but that he would be greatly benefited by moving to a drier, warmer climate. I strongly urge this, if it could be arranged.

PHYSICAL CONDITION

SAC, New York, by letter 12/29/55 transmitted official Government Report of Physical Examination concerning SA Gunderson and a letter from Gunderson's private physician, both of which reflect that he has a severe asthmatic condition. Government examiner, private physician and SAC recommend transfer of SA Gunderson to a warm, dry climate. Physical examinations while SA Gunderson assigned to Mobile and Knoxville made no reference to asthmatic condition. He was transferred to New York 8/27/54 and has since received three official physical examinations, the last being on 12/2/55. All reflect asthmatic condition. Gunderson has been under constant treatment by private physician during this period. Since August, 1954, he lost 20 pounds in weight and has taken 113 hours sick leave due to this condition. Private physician advised further tests and treatment would serve no useful purpose.

107-493471-50

SA Gunderson has not requested transfer and has advised his SAC he would be perfectly willing to remain in New York regardless of his condition. He has an excellent attitude and his service record is satisfactory. Gunderson was born in Colorado, attended school in Nebraska and Iowa, and was living in Michigan at the time he entered on duty. He had previously listed his offices of preference as Los Angeles, San Francisco and San Diego. In view of the recommendation of the Government examiner and his private physician, he has now listed his offices of preference as Phoenix, Dallas and Oklahoma City. He is 89th on the Office of Preference List for Phoenix, 90th for Dallas, and 44th for Oklahoma City. In addition, there are numerous Agents in the New York Office with greater seniority than SA Gunderson who have listed these offices as their preference. For example, there are 16 desiring Phoenix, 24 desiring Dallas, and 6 desiring Oklahoma City. Although he did not list Albuquerque, a check reveals that he would be 32nd on the list for

Albuquerque and there are 7 in New York ahead of him on this list.

The New York Office delinquency is 13.45%, Phoenix 10.44%, Dallas 14.95%, Oklahoma City 8.66% and Albuquerque 12.20% compared with the field-wide average of 12.18%.

In addition to the above, Gunderson's name would appear 18th on the El Paso Office of Preference List, 153rd on the Houston List, 44th on San Antonio, 159th on San Diego, and 233rd on Denver. There are numerous New York Agents with greater seniority desiring these offices also.

We have no request for additional personnel for any of the offices listed with the exception of Albuquerque. While SAC Bryce was at the Seat of Government recently for two-day conferences he advised me that he could use one or two Agents to good advantage if there were any available.

SA Gunderson's wife is expecting a child the latter part of this month. In view of his asthmatic condition and the fact that he is required to take excessive sick leave, it appears to the best interests of the Bureau to afford SA Gunderson a transfer.

RECOMMENDATION:

That SA Gunderson be transferred to the Albuquerque Division with the understanding that his departure will be delayed until his wife is able to travel.

SPECIAL AGENT
TRANSFER TO ALBUQUERQUE

DATE: 1/26/56

~~PERSONAL & CONFIDENTIAL~~

ReBulet 1/20/56, which transferred captioned agent from the NYO to the Albuquerque Office.

It was noted therein that this transfer may be delayed until his wife is able to travel.

This is to advise that [redacted] is under the care of Dr. [redacted] Hempstead, NY. On 1/25/56, Dr. [redacted] advised SA GUNDERSON that the birth of their baby is anticipated on or about [redacted] next. He stated that [redacted] would probably be able to travel to Albuquerque from six to eight weeks thereafter. He stated that at this time he is unable to set a definite date for departure inasmuch as it is dependent upon her physical condition at the time of the 6 week postnatal examination.

In view of the above, it is difficult to set a specific date of departure, although it is anticipated that SA GUNDERSON will depart this office on or about 3/17/56 and arrive in Albuquerque, New Mexico approximately 3/24/56, UACB.

The Bureau will be advised of the date of birth of the GUNDERSON child and will be further advised of the exact travel date as this information becomes available from Mrs. GUNDERSON's doctor.

SA GUNDERSON has advised me that he is directing a personal letter of appreciation to the Director in connection with this transfer.

~~PERSONAL AND CONFIDENTIAL~~

SUBJECT: SANTA FE RESIDENT AGENCY
ALBUQUERQUE DIVISION

DECLASSIFIED BY SP3TER/HR
ON 10-4-79

As the Bureau is aware, on November 22, 1955, SA CLARENCE L. CRANDALL, formerly Senior Resident Agent of the Santa Fe, New Mexico, Resident Agency, departed on transfer to the Phoenix Office. The position of Senior Resident Agent at Santa Fe has been vacant since that date.

At the present time, there is one Agent assigned at Santa Fe, namely, [redacted] and in order to keep the Resident Agency work current, it has been necessary to handle a portion of the work out of the Los Alamos Resident Agency and a portion of it on a road trip basis out of the headquarters city. The case load in this resident agency normally requires the assignment of two men. It must also be borne in mind that Santa Fe is the capital of New Mexico and the Agent assigned there necessarily will have to maintain liaison with the Governor's Office.

b6

The Bureau's attention is called to the fact that by letter dated January 20, 1956, SA THEODORE L. GUNDERSON was transferred from the New York Office to this office. His estimated date of arrival at Albuquerque is March 24, 1956. This office knows nothing about GUNDERSON's background other than the fact that he is apparently being transferred to Albuquerque because of his wife's health. It would be both economical and facilitate matters a great deal if it were possible to transfer Mr. GUNDERSON directly to the Santa Fe, New Mexico, Resident Agency to fill the vacancy of Senior Resident Agent, provided, of course, he is qualified for such an assignment. Taking into consideration the apparent poor health of his wife, it should of course be considered that Santa Fe is some 2,000 feet higher in altitude than Albuquerque with a slightly colder, damper climate since it is located in the mountains. It might be that because of his wife's health, he could not take an assignment at Santa Fe.

If we fill this vacancy out of the present personnel of the Albuquerque Division, it is going to require the transfer of at least one Agent and possibly two, depending on where we take the man from to fill the vacancy. For this reason, I think it would be worthy of consideration at this time to make a determination as to whether GUNDERSON could handle the assignment at Santa Fe.

The Special Agent in Charge, New York, is therefore requested to submit his views to the Bureau as to whether GUNDERSON will qualify as a Senior Resident Agent on the basis of efficiency and work performance, bearing in mind his work will be in the State Capital. If in the opinion of the SAC, New York, GUNDERSON is qualified to handle this assignment, it is suggested that the SAC, New York, also discuss the situation with GUNDERSON as to whether the condition of his wife's health would permit his assignment at Santa Fe.

For the assistance of the SAC, New York, the bulk of the work load in Santa Fe is Atomic Energy Act - Applicant or Employee cases and criminal, with a very small volume of security-type work.

In the event the comments of the SAC, New York, are favorable with respect to assignment of GUNDERSON at Santa Fe, the Bureau is requested to transfer him to that Resident Agency as Senior Resident Agent. I would appreciate this matter receiving early attention so that in the event SA GUNDERSON is not qualified for this assignment from either a performance or family situation standpoint, I can take immediate steps to fill this vacancy from the present personnel of this office.

I realize that this procedure is a departure from established practice but I feel that it is worthy of consideration from an economy standpoint.

~~SAC, Albuquerque~~

February 9, 1956

Director, FBI

SANTA FE RESIDENT AGENCY
ALBUQUERQUE DIVISION

Reurlet February 6, 1956, concerning the possible assignment of Special Agent Theodore L. Gunderson, who is under transfer from the New York Division to your division, to the Santa Fe Resident Agency. You pointed out that the climate at Santa Fe is slightly colder and damper than the climate in Albuquerque and noted that because of Special Agent Gunderson's wife's health he might not be able to take the assignment at Santa Fe.

For your information, Special Agent Gunderson is suffering from a severe asthmatic condition and his physician recommended his transfer to a warm, dry climate. For this reason he was ordered under transfer to Albuquerque.

Under the circumstances, the Bureau does not feel that Special Agent Gunderson should be assigned to Santa Fe, and you should make another recommendation in this respect.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185. So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

This performance rating is submitted in view of SA GUNDERSON's transfer from the NY Office to the Albuquerque Office.

(U) SA GUNDERSON presents an excellent personal appearance, is in good physical health with one exception noted below, has been rated satisfactory in firearms, and is capable of participation in raids and dangerous assignments. Since assignment to the NY Office, SA GUNDERSON has been investigating contact cases in the Satellite and Yugoslav Espionage Section. He has handled more than an average amount of work with less than average amount of supervision. While he has not developed any security informants, SA GUNDERSON is aware of the need for such informants in the security field. He has been rated an excellent dictator by the stenographers of the NY Office. (C) (u)

SA GUNDERSON has not taken an abnormal amount of sick leave during this rating period, but during the prior rating period did take an abnormal amount of sick leave which was occasioned by seasonal asthmatic attacks he has suffered since arriving in New York. It is noted that he is bothered by this condition particularly during the months of September, October and November.

In view of this condition, it has been recommended by his attending physician that he live in a warm, dry climate. For this reason, SA GUNDERSON should be considered unavailable for general assignment, but available for special assignment wherever the needs of the service require.

SA GUNDERSON has expressed an ardent enthusiasm for his work and has given freely of his own time in order to handle the work load and reduce the delinquency in the NY Office. He has expressed a desire for advancement along administrative lines, and it is felt that with further training and experience he will become qualified to handle administrative responsibilities.

When asked where he was employed, [redacted] stated he was an organizer for the American Federation of State, County and Municipal Employees (AFL-CIO), 321 Broadway, Room 202, New York 7, New York. SA GUNDERSON asked him where his home was and he stated he had always been a "drifter" but went to the University of Nebraska from Philadelphia, Pa. He indicated that after he left Lincoln, Nebraska, he entered the service and after his discharge he attended Cornell University, Ithaca, New York.

The conversation was terminated shortly thereafter and as SA GUNDERSON and [redacted] were departing, [redacted] asked SA GUNDERSON to visit him at his office sometime. He stated, "Of course, I am a security risk and you will be placing your job in jeopardy."

NY file 121-1887-16, page 4, reflects that on 8/4/43, G-2 advised that "the Association of Workers in Public Relief Agencies has always been under the sway of Communists."

NY file 121-1887-16, page 4, reflects that [redacted] Department of Public Welfare, NYC, advised on 2/17/43, that the United Public Works was first known by the name "Home Relief Bureau and Employees Association" when organized in 1924. This was an independent union as was its successor, "The Association of Workers in Public Relief Agencies." According to [redacted] in 1935 or 1936 the CP decided that their purpose would be better served if their labor groups were affiliated with the American Federation of State, County and Municipal Workers of America, American Federation of Labor.

NY file 121-8392-17, page 9, reflects that [redacted] stated in 1943, that the American Federation of State, County and Municipal Workers of America had consistently followed the "Communist Party line" since its inception, and has been controlled by known Communists.

The files of the NYO fail to reflect any information re [redacted].

The above is being furnished for the information of the Bureau, Albany, Omaha and Philadelphia as the possibility exists that [redacted] is a missing SI subject. No investigation is being conducted at this time by the NYO.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- Outstanding (exceeding excellent and deserving special commendation).
- Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
- No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185. So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

THEODORE L. GUNDERSON
Special Agent, GS-11
March 31, 1956

PART I - GENERAL COMMENTS

SA GUNDERSON reported to the Albuquerque Division from New York on March 22, 1956.

Because of his short tenure here, I have not had an opportunity to evaluate his performance and my comments are based on the performance ratings received by him during the rating period in the New York Office.

He presents a very good, well groomed personal appearance and has a pleasant personality. While assigned to the New York Office, he was assigned to investigate contact cases in the Satellite and Yugoslav Espionage Section where he handled more than average amount of work requiring an average amount of supervision. (U) (C)

During the period from March 31, 1955, to December 9, 1955, SA GUNDERSON took an abnormal amount of sick leave which was occasioned by seasonal asthmatic attacks. He was bothered by this condition particularly during late September, October and November. Aside from this condition, there are no limitations on his physical condition which interfere with his performance.

He was rated satisfactory in firearms and capable of participating in raids or dangerous assignments. On the basis of comments by his previous supervisors, it appears that he is capable of handling complicated investigative matters under proper supervision.

He has not participated in the Bureau's Incentive Awards Program during the rating period.

In view of SA GUNDERSON's asthmatic condition, it has been recommended by his attending physician that he live in a warm, dry climate and for this reason, SA GUNDERSON should be considered unavailable for general assignment except in an office covering such a locality but he is available for special assignment wherever the needs of the services require.

3. Participation in Informant Programs

(U) [While assigned to the Satellite and Yugoslav Espionage Section of the New York Office,] SA GUNDERSON did not develop any security informants but he was aware of the need of such informants in the security field. Since his arrival here, he has not had an opportunity to participate in any of the informant programs. (C)

4. Testifying Experience and Ability

During the rating period, SA GUNDERSON has not testified before any judicial or quasi-judicial bodies because of the nature of his assignment in the security field. During prior rating periods, he has testified on several occasions before U. S. District Courts, Federal Grand Juries, U. S. Commissioners, and on two occasions in State Court.

While I have had no opportunity to rate his performance as a witness, from his general poise, demeanor and conversation, I would judge that he would make a satisfactory witness.

5. Disciplinary Action

Not applicable.

6. Accounting Information

7. Police Instruction

Reference is made to Buairtel dated 5/9/56 wherein it was reflected the synopsis and details of the report of SA THEODORE L. GUNDERSON dated 5/5/56 at Albuquerque were not in accord.

As will be noted from these explanations, this was an oversight on the part of all concerned and, as SA indicates, the phraseology utilized did not mean to indicate that the employee's wife had a record at the Los Alamos Police Department. While the Bureau's observation is correct and a definite error has been noted herein, since the employee's wife did not have a record at the Los Alamos Police Department and such fact was reported in the details of the report, it is therefore recommended that no further administrative action be taken; however, an error has been scored against each of the personnel involved in the error folder.

ATOMIC ENERGY ACT - EMPLOYEE

FACTS:

The synopsis of the report of SA Theodore L. Gunderson submitted at Albuquerque, New Mexico, dated 5/5/56, reflected that the employee and his wife had a record at the Los Alamos, New Mexico, Police Department. The details of the report reflected the employee had a record at the police department but the employee's wife did not.

The Albuquerque Office was instructed to advise whether the synopsis or the details of the report was correct. The SAC Albuquerque advised that the employee's wife did not have a record at the police department and, therefore, the synopsis of the report was incorrect.

SA [REDACTED] who reviewed the records of the Los Alamos Police Department and submitted roughdraft synopsis and details for inclusion in the report to be dictated by SA Gunderson, stated he meant to state that the records of the Los Alamos Police Department were reviewed for the employee and his wife and information concerning the employee was set forth. SA [REDACTED] states that in the future care will be taken to avoid the recurrence of such errors.

b6
b7C

SA Theodore L. Gunderson states that in compiling the insert roughdrafts from the Los Alamos Resident Agency for dictating his report he failed to note the discrepancy between the synopsis and details as submitted by SA [REDACTED]. SA Gunderson also assures that care will be used in the future to avoid the recurrence of such errors.

SA H. L. McConnell, who approved SA Gunderson's report, regrets he did not notice the discrepancy between the synopsis and details.

SA Gunderson's report was corrected prior to dissemination.

RECOMMENDATIONS OF SAC, ALBUQUERQUE

The SAC, Albuquerque states that this incident was an oversight on the part of all concerned and while the Bureau's observation is correct that a definite error has been noted herein, since the employee's wife did not have a record at the Los Alamos Police Department and such fact was reported in the details of the report, he recommends that no further administrative action be taken; however, an error has been scored against each of the personnel involved.

Re Bureau airtel dated 5/9/56 advising that synopsis and details in report of SA THEODORE L. GUNDERSON dated 5/5/56 do not agree.

This case was reassigned to SA GUNDERSON on 4/2/56. The case involved investigation at Los Alamos, Santa Fe, and Sandia Base, New Mexico. SA GUNDERSON conducted the investigation at Sandia Base and upon receipt of inserts from two Resident Agencies, compiled the report for typing and submission to the Bureau.

In preparing the report for the stenographic pool, the inserts of the Resident Agencies, both synopses and details, were assembled by SA GUNDERSON. In making this preparation, SA GUNDERSON failed to note that there was a discrepancy in the synopsis and details as submitted by the Los Alamos Resident Agency.

SA GUNDERSON acknowledges that he should have noted this discrepancy and hereby assures that more care will be used in the future to avoid the re-occurrence of such errors.

Dear Mr. Gunderson:

Although the Atomic Energy Act - Employee cases concerning [redacted] were reassigned to you on April 2, 1956, you failed to promptly observe that appropriate investigative leads for the Los Alamos Resident Agency had not been set out. If you had afforded these matters sufficient attention such delinquencies would have been detected by you.

In the future you will be expected to exhibit greater care and closer attention to detail in the performance of your official duties.

Re Buairtel 5/11/56 captioned [redacted]
[redacted] Bufile 116-154440), et al, wherein the Bureau
advised several delay letters had been submitted in the cases captioned
in that air tel due to a delay in the receipt of mail from the Resident
Agency. The Bureau desired to know what action had been taken by this
office to prevent recurrence of such delays in the future, to fix re-
sponsibility and make recommendations concerning administrative action
if warranted.

Reference is made to AQ air tel of 5/16/56 captioned same as
reference Buairtel wherein the Bureau was advised with respect to the
four captioned cases that the leads in these cases had never been for-
warded to the Los Alamos Resident Agency and that the Agent to whom the
cases were originally assigned was on leave and that on or about 5/31/56,
explanations would be obtained from him, namely, SA [redacted]
and the Agent to whom they had been reassigned, namely, THEODORE L.
GUNDERSON.

Further reference is made to Bureau air tel of 5/23/56 in the
cases captioned [redacted] Bufile 116-

afforded in this case until 4/27/56, it being noted the case was in this
office from the date of the receipt of the original Bureau letter which
was dated 3/7/56.

Enclosed herewith are memorandums of explanation from SA's

and the volume of cases being handled at that time by SA [REDACTED], the fact that leads in these cases were not forwarded to Los Alamos was overlooked on his part, and he was of the impression that all leads in these cases had been sent to the various Resident Agencies.

SA GUIDERSON, having newly arrived at this office at the beginning of April, 1956, was in the process of learning the procedures in handling these cases and due to the great volume that was reassigned to him from SA [REDACTED] who was designated to go to Los Alamos to assist in handling the great volume of cases in that area, assumed that when the cases were reassigned to him that the leads had been set forth.

b6
b7C

As to the reason why no investigative attention was given the case concerning [REDACTED] until 4/27/56, it is to be noted that this was one of many cases this office had received and was, so to speak, at the "tail end" of a great volume of cases and attention was not afforded it immediately because of the many cases which had a prior deadline.

Under the circumstances as outlined above, it is my recommendation an administrative action be taken.

ERROR:

In early May, 1956, delay letters were received from Albuquerque in captioned cases giving as the reason for delay "delay in receipt of mail from Resident Agency" and setting the deadlines up from three to seven days for that reason. By airtel 5/11/56, Albuquerque's attention was directed to these cases and that office was requested to advise what action had been taken to prevent recurrence of such delays, and the SAC was instructed to fix responsibility and make recommendations for administrative action where warranted. Three of captioned cases were opened on 3/7/56, deadlines 5/7/56. The other was opened on 3/9/56, deadline 5/8/56.

As one of the Agents involved was on annual leave, explanations in this matter were delayed until his return. The SAC has now advised that, upon checking, it was determined that there was no delay in the receipt of the mail from the Resident Agency, but that what actually happened was that the leads to be covered in the Resident Agency were not furnished to the Resident Agency by Albuquerque, which fact was not discovered until the deadline had almost expired. It was then necessary to set the leads out and have them covered in the Resident Agency.

The SAC advises that the four cases involved were originally assigned to SA [redacted] upon their receipt in Albuquerque around 3/10/56. On 4/2/56, these cases were among approximately 65 applicant cases reassigned from [redacted] to SA Theodore L. Gunderson.

b6
b7c

The SAC states that prior to 2/20/56, leads were set out to Resident Agencies by having lead sheets prepared in the Chief Clerk's Office. After that date the Albuquerque Office changed that policy. Under the new procedure lead sheets were not typed out instead, the case was routed to the Headquarters City Agent who reviewed all references and then forwarded appropriate leads to the Resident Agency. On 3/12/56, this procedure was changed and reverted back to the old procedure which was in effect prior to 2/20/56.

The SAC states that due to the above change in procedure and the volume of cases being handled at that time by [redacted] the fact that leads in these cases were not forwarded to the Los Alamos Resident Agency was overlooked by [redacted] and that he was of the impression that all leads in the cases had been sent to the Resident Agency.

b6
b7c

DHY:ews/dls
(6)

The SAC states that Gunderson, having newly arrived at that office in April, 1956, was in the process of learning the procedure and handling of these cases, and he assumed that when the cases were reassigned to him the leads had been set forth to the Resident Agency.

On one of these four cases, [redacted] Albuquerque was also requested to explain why no investigative attention was afforded the case until 4/27/56 (which was detected upon receipt of Albuquerque report), when case was in Albuquerque Office from the date of the receipt of Bureau letter dated 3/7/56. The SAC states that this was one of many cases that office had received and was, so to speak, "at the 'tail end' of a great volume of cases" and attention was not afforded it immediately because of many cases which had a prior deadline.

b6
b7C

All of the four cases involved were delayed for approximately two weeks past the deadline date due to the fact that the leads were not furnished to the Resident Agency until almost the deadline date.

The SAC states that SA [redacted] and SA Gunderson were fully aware of the system in effect of setting out leads to Resident Agencies and that it was purely an oversight on [redacted] part that the leads were not sent to Los Alamos.

The SAC recommends no administrative action concerning SA [redacted] and SA Gunderson.

COMMENTS OF SPECIAL INQUIRY SECTION:

b6
b7C

The error in this instance caused four cases to be delayed two weeks. The error does not go to the merits of the investigation and there has been no embarrassment to the Bureau as AEC is not waiting to put these people to work as they all have clearances and have been working. SA [redacted] is aware of his error and advises he will make every effort to prevent a recurrence. Therefore, censure is not warranted in this matter.

Concerning the [redacted] case where no investigative attention was afforded the case until 4/27/56, (deadline 5/7/56), it is noted that the number of the Atomic Energy cases in Albuquerque was extremely high and increased from 394 in January to 489 in February, and to 521 in March. It is entirely possible that the deadline in this case would have been met, even though no investigative attention was given the case until 4/27/56, had the appropriate leads been set out to Los Alamos at the proper time. Under the circumstances no administrative action is recommended for SA Gunderson in that case.

Field supervisor had no responsibility for error as responsibility for setting out leads and advising Bureau of delay that of agent to whom case is assigned.

It would appear that the reason for delay given by Albuquerque, "Delay in receipt of mail from Resident Agency," was a deliberate fabrication, but such is not the case. Upon inquiry by Albuquerque of the Resident Agency, concerning all cases with approaching deadlines of the same date, the Resident Agency advised that all cases with deadline dates the same as the cases in question, had been completed and sent on in to Albuquerque on 5/2/56. Therefore, Albuquerque believed that the mail had been delayed, and the Resident Agency was not aware that the cases had not been received as inquiry was made on the basis of deadline dates rather than on the basis of each individual case.

ADDENDUM OF THE ADMINISTRATIVE DIVISION:

6/28/56 *WJH* bak

It is recommended that SA be censured for the failure on his part to insure that investigative leads were set out for the Los Alamos Resident Agency it being noted these four cases were assigned to him from March 10, 1956, to April 2, 1956. It is also recommended that SA Gunderson be censured for his failure to promptly observe that leads were not set out for Los Alamos in view of the fact that the four cases were reassigned to SA Gunderson on April 2, 1956. It is also recommended that SAC Johnson, Albuquerque, be censured for the inefficient functioning of the Albuquerque Office with respect to these four cases.

Rebuairtel to Albuquerque 5/11/56, requesting letters of explanation for the above cases. Re Albuquerque airtel to the Director 5/16/56, advising that letters of explanation would be submitted upon the return of SA [REDACTED] [REDACTED] from annual leave.

The above cases were among approximately 65 applicant type cases reassigned from SA [REDACTED] to SA THEODORE L. GUNDERSON on 4/2/56.

SA GUNDERSON had been recently transferred to the Albuquerque Division and at the time was of the opinion that all leads for these 65 cases had been disbursed to Resident Agents.

It was not until after the leads from the Los Alamos Resident Agency failed to arrive at Headquarters City that SA GUNDERSON discovered the leads had never been forwarded to these agents.

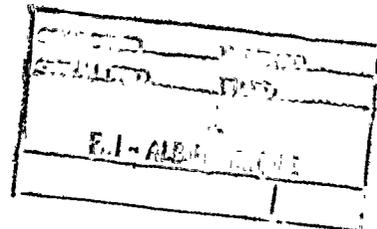

These leads were then furnished to the Los Alamos Resident Agency, their investigation was expedited, and reports were submitted.

No investigation was conducted from 4/2/56 until 4/27/56, because of the great volume of work and pressing deadlines from cases with prior Bureau deadlines.

SA GUNDERSON regrets this oversight and in the future will make every effort to prevent a recurrence of this incident.

SAC JOHNSON: SA GUNDERSON has potentiality for and is recommended for administrative advancement. He is presently assigned to the Headquarters City where he has handled security, applicant and criminal-type investigations. He is comparatively young in the Bureau's service but is aggressive, enthusiastic, and handles his assignments with intelligence. He makes an excellent, well-groomed personal appearance. His work normally requires very little supervision. SA GUNDERSON was censured twice in June, 1956, one instance for a discrepancy between the details and synopsis in an AEA report and in the second instance for failing to promptly observe that investigative leads in an AEA case for a Resident Agency had not been set out. These instances are not truly representative of his work performance. He has been afforded lecture-type supervisory training and practical desk work training and clearly demonstrated a good knowledge of the Bureau's procedures, good judgment, initiative and ability to handle administrative-type work. He was transferred to this office because of an asthmatic condition. This has corrected itself, however, and he is completely available for general and special assignment. He is definitely interested in administrative advancement. He needs additional field experience but I believe has potentiality for long range development as an SAC.

RATING: SATISFACTORY

: SA Gunderson, recommended by SAC Johnson for consideration for administrative advancement, is in his 4th office of assignment at Albuquerque and is assigned primarily to applicant investigations; he has previously had both criminal and security investigative experience. SA Gunderson is 28 years of age, 6 feet, 174 pounds, makes a very good appearance, has good personality and approach. He has a B.S. degree in business from the University of Nebraska, is married and has 1 child. He advises that he is completely available for transfer and is interested in administrative advancement. He has had limited training in administrative type work in Albuquerque. SA Gunderson appears to have at least average potentials for advancement; however, he has no outstanding qualities which would appear to justify a recommendation for advancement at this time and it appears that he would benefit from additional investigative experience.

Dear Mr. Gundersen:

JUL 17 1979

I am most pleased with the excellent results which have been realized in connection with the operation on February 2, 1957, concerning a confidential matter.

You and your fellow agents demonstrated considerable resourcefulness and ingenuity in the development of a highly confidential source of information of interest to the Bureau in the security field. Recognition and commendation are certainly due you.

(U) As the Bureau is aware this office took over the surveillance of captioned subjects on January 29, 1957, and had them under surveillance until they were taken over by the Phoenix Office on February 4, 1957. My purpose in writing this letter is to request commendation for certain personnel of this Division who operated on this surveillance. C

(U) In initiating the surveillance the Washington Field Office called attention to SAC Letter 55-53 (F) which deals with certain equipment possibly in possession of the Soviets and WFO requested immediate notification to the Bureau of any information concerning the possession or use of equipment mentioned in this SAC Letter. C

On Friday, February 1, 1957, the following Agents, operating as a second surveillance team took over the surveillance from other Albuquerque Agents with SA [Redacted] in charge of the squad: SA's THOMAS J. SMITH, THEODORE L. GUNDERSON, D. ARTHUR BYRNES, JR., DARWIN B. BARE and [Redacted]

(U) On February 2nd, both ASAC GEBHARDT and I joined the surveillance team at Grants, New Mexico. Subjects continged traveling west and stopped for the night at Gallup, New Mexico. While there, the surveillance Agents were able to develop an anonymous source which advised them that the subjects were carrying in their possession a motion picture camera, a Russian-made Sarki 35 millimeter camera, a pair of binoculars, and voluminous maps and tourist-type information concerning New Mexico and Arizona which they had been gathering during their travels. This source also advised the Agents of the itinerary that the subjects intended to follow and gave the Agents an idea of places in New Mexico and Arizona where the subjects intended to spend the night, the exact routes they would travel. (U) RE: [REDACTED] C

IS-R, ET AL

(U) the estimated dates of arrival at each place, and confirmation of their return reservations by plane out of El Paso on February 13. C ↑

(U) Prior to the development of this source, both the El Paso Office and this office, as well as the Phoenix Office which was taking over the surveillance, had been extremely concerned over what appeared to be a leather camera case which had been constantly carried by the subjects on their person at all times and which, although it appeared to contain a camera, could very well have contained equipment of the type mentioned in the SAC Letter referred to above. This was of particular concern inasmuch as subjects had not been observed taking any pictures up to that point. Thus, the source was able to solve the question as to the contents of this particular leather case and was also able to state definitely that subjects did not have in their possession any equipment of the type mentioned in referenced SAC Letter unless this equipment was being actually carried on their persons, which, of course, is a possibility. C

(U) The development of this source required alertness, ingenuity and aggressiveness on the part of the Agents involved and I frankly feel that each of the Special Agents named above is deserving of individual commendation. C

I realize this was a squad operation where each man had to play his part and play it well but each of these men operated with such smoothness and efficiency as individuals in the entire squad operation that I feel each of them deserves an individual letter of commendation from the Director rather than a letter of commendation being sent to the office.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

THEODORE L. GUNDERSON
Special Agent
GS 11, \$6605
March 31, 1957

PART I - GENERAL COMMENTS

SA GUNDERSON presents an excellent personal appearance and has a very engaging personality. He is assigned to the headquarters city where, during the rating period, he has had assignments in both the security and applicant fields. He also served as a relief in a Resident Agency where he handled a considerable volume of criminal work. In all three types of work, he has produced an above average volume and I was particularly pleased with the results he achieved in the Resident Agency on criminal investigations. His attitude and enthusiasm are outstanding. In recent months, while assigned to applicant-type work during the period when the office was receiving a heavy volume of these type cases, he voluntarily contributed a great deal of his own time to keeping his work current and keeping abreast of Bureau deadlines. He has the ability to handle complicated investigative matters and is qualified to participate in raids and dangerous assignments. He is excellent on surveillance work and works well under pressure.

SA GUNDERSON was bothered by an asthmatic attack in a prior office of assignment - New York, but since coming to Albuquerque, he has had no difficulty whatsoever along these lines and feels that his difficulty was perhaps not a true asthmatic condition. He is completely available for general and special assignment wherever the needs of the service require.

He has not participated in the Incentive Awards Program during this rating period.

By letter dated July 25, 1956, the Albuquerque Office was commended for achieving a splendid record of statistical accomplishments for the fiscal year 1956; SA GUNDERSON participated in this record and shared in this commendation. On February 14, 1957, the Albuquerque Division was commended for achieving a record of no delinquencies for the preceding month and SA GUNDERSON shared in this commendation. On February 20, 1957, he was commended individually for the excellent results he and other Agents realized in connection with a confidential operation on February 2, 1957, wherein SA GUNDERSON's resourcefulness and ingenuity in the development of a highly confidential source provided information of interest in the security field. ~~(u)~~

RE: SA THEODORE L. GUNDERSON

From an over-all work performance standpoint, I consider SA GUNDERSON to be definitely above average in his present grade and entitled to an excellent rating.

PART II - SPECIFIC COMMENTS

- 1. Justification for Any Minus Ratings Given N. A.
- 2. Experience and Ability as Inspector's Aide N. A.
- 3. Participation in Informant Programs

By reason of the nature of his assignments during the rating period, he has not had a great deal of opportunity to contribute to the informant programs of the office; however, during the periods when he worked on security work or criminal work, his contribution has been satisfactory and he has demonstrated that he is fully cognizant of the importance of these programs.

4. Testifying Experience and Ability

Again, by reason of the nature of his assignments during the rating period, he has had very little opportunity to testify before the required judicial or quasi-judicial bodies. He has testified on one occasion before the U. S. Commissioner. During prior rating periods, he has testified on numerous occasions before U. S. District Courts, Federal Grand Juries, U. S. Commissioners and on two occasions before State Courts. He is rated as a satisfactory witness.

5. Disciplinary Action

On June 5, 1956, SA GUNDERSON was censured for a discrepancy between the details and synopsis of a report he prepared in an AEA-E case. On June 29, 1956, he was censured in connection with failing to promptly observe that appropriate investigative leads for a Resident Agency had not been set out in a group of AEA-E cases which were reassigned to him toward the latter part of the investigative period. Both of these delinquencies on SA GUNDERSON's part occurred during a period when the office was handling a large volume of AEA-E cases and I feel that the delinquencies noted herein are not truly representative of his normal work performance. I have taken it into consideration and feel that he is still entitled to an excellent rating.

SA GUNDERSON is interested in and immediately available for administrative advancement. He is a very enthusiastic and aggressive investigator, gives freely of his own time on investigative assignments and has demonstrated an aptitude for supervisory work. He was afforded supervisory training of a lecture type and has been given the opportunity to work on both of the desks for short periods of time. In so doing, he has demonstrated a good knowledge of Bureau policies and procedures for handling desk matters. His judgment is sound and mature and I feel that he definitely does possess potentialities for administrative advancement, looking toward long-range development as an SAC. *dec*

SUGGESTION #558-57

Section 19 (Applicant Matters) Manual of Instructions, presently states that subheadings such as birth, education, employment, references and associates, neighborhood, credit and criminal, miscellaneous, should be used in the details of applicant reports when practicable. Atomic Energy Commission (AEC) Form AEC-1 (Personnel Security Questionnaire) and Civil Service Commission (CSC) Form 86 (Security Investigation Data for Sensitive Position) require that the person to be investigated list personal history data as to residence, birth, education, etc., on their forms but not in the order in which the subheadings are set out in the Manual of Instructions.

SA Theodore L. Gunderson, Albuquerque, has suggested that when preparing AEC-Applicant or Employee reports (116) the subheadings used as to residence, birth, education, etc., be set out in the same order as they are set out in the questionnaire used by AEC. Gunderson states that if this were done it would be easier to compare the completed investigation as reflected in our reports with the questionnaire as executed by the applicant or employee and such would result in a savings of Agent and supervisory time in preparing assembling and proof-reading 116-Applicant-type reports. The exact amount of savings which would result from this suggestion cannot be stated at this time. The SAC, Albuquerque believes this suggestion has merit and should be adopted.

The Special Inquiry Section notes that the Manual of Instructions, as pointed out above, allows for the use of subheadings in reports, but it is not mandatory as to the order in which the subheadings should be used. The suggestion that all offices use subheadings in the order recommended presupposes one office will conduct all the investigation which is not true in the majority of cases and further that each office participating in the investigation is in possession of a copy of the questionnaire which also is not true. Therefore, the use and order of subheadings should be regarded as within the discretion of a particular field office commensurate with the nature and volume of the information to be reported. In view of the above no recommendation is made as to the adoption of this suggestion.

~~7 - NOT RECORDED~~ It should be kept in mind, however, that if this suggestion is given further consideration it should be considered in connection with all applicant-type investigations conducted by the Bureau and not restricted to the 116-AEC applicant-type reports.

SUGGESTION

It is suggested that the sub-topics of the details of 116-Applicant type reports be set forth in the same chronological order as the applicant's personal history on the PSQ.

Current practice or rule (Include manual citation as well as facts) **There is no rule in the Manual of Instructions regarding the chronological order of sub-topics in 116-Applicant type reports. The PSQ, as used by the AEC, sets forth sub-topics in the following order: Residences, Date and Place of Birth, (Education, Foreign Countries Visited, Employment, Organi-**
Advantages of suggestion **(zation Membership, Relatives, References, Arrests. Sub-topics of 116-Applicant type reports are set forth as (follows: Birth, Education, Employment, References, (Neighbors and Acquaintances, Credit, Criminal, Miscellaneous. (It is suggested that Vol. 2, 19C8D of the Manual of (Instructions be reviewed.**

It would be easier to compare the completed investigation as reflected in the FBI reports with the PSQ as executed by the applicant or employee. This would be a saving of agent and supervisor time in preparing, assembling and proofreading 116-Applicant type reports.

Disadvantages of suggestion

There are no disadvantages realized.

Annual Savings (Show basis for estimate) **Estimated annual savings for the above suggestion is not realized by SA GUNDERSON since he has no way of knowing the agent and supervisory time used in preparing, assembling and proof-reading 116-Applicant type reports under the present conditions as compared with those suggested above.**

SUGGESTION #559-57

Section 19 (Applicant Matters), Manual of Instructions, states all applicant-type reports must contain a concise synopsis in accordance with the details of the report.

SA Theodore L. Gunderson, Albuquerque, has suggested that a complete synopsis be eliminated in 116-Atomic Energy Act, applicant-type cases where the investigation was favorable, and that a standard synopsis such as "Investigation conducted by Albuquerque, Santa Fe, Los Alamos and Clovis, New Mexico, favorable," be accepted; however, where adverse information is developed regarding the individual being investigated or relatives, a complete synopsis be used. It is alleged that such a practice would result in economy in stenographic and supervisory time in reading reports and conserve on paper. It is also alleged that such a standard synopsis would conserve in Agent time in reviewing files, that is, whether or not a 116-Applicant report was favorable using a minimum amount of reading. The estimated savings if this suggestion were adopted cannot be specifically fixed. The SAC Albuquerque states this is an excellent suggestion and recommends adoption since it would save considerable investigative, clerical and supervisory time.

The Special Inquiry Section feels that there is no such thing as a standard synopsis and that this suggestion is inconsistent with the definition and purpose of a synopsis as stated in the Manual of Rules and Regulations; namely, that the synopsis is to be a clear and concise summary in chronological order of the important facts reported.

There is no more reason to emasculate the synopsis of Atomic Energy Applicant reports than to do so in any other applicant-type investigation and further, there is no more reason to do so in an applicant-type investigation than in any other type of investigation the Bureau conducts.

Memorandum for Mr. Rosen

The synopsis of a report is of great value to anyone reviewing a file at any future date, and we are constantly reviewing our files. The synopsis of a report saves a great deal of time in locating a report in which a particular piece of information is reported. Without the synopsis, unless you know the city in which a particular event occurred, you have to review every report in the file to locate that in which you are interested.

A synopsis also serves as a check on the details. We are constantly calling to the field's attention omissions of information in the details which are reported in the synopsis, and we are also constantly calling to the field's attention discrepancies between the synopsis and the details.

The agent should report the facts and should not draw the conclusion in a synopsis that the investigation is "favorable." We allowed this sort of reporting previously and we found that what some of our agents considered to be "favorable" was truly remarkable and was far from actually being favorable.

What we want in these investigations is a thorough, searching, complete investigation, intelligently and succinctly reported. The suggestion is completely unsound and basically dangerous.

RECOMMENDATION:

That no change be made in the present reporting of Atomic Energy Act - Applicant cases.

ADDENDUM BY TRAINING AND INSPECTION DIVISION: 5/13/57 - ceh

Training and Inspection Division agrees with the above. It is recommended that the suggestion not be adopted. No further action is necessary as Mr. Gunderson has been thanked for his suggestion.

SUGGESTION

It is suggested that complete synopsis be eliminated on favorable 116-Applicant type cases. If an investigation is favorable, it is suggested that a standard synopsis such as "Investigation conducted at Albuquerque, Santa Fe, Los Alamos and Clovis, New Mexico, favorable" be accepted. When adverse information is obtained regarding the applicant or the applicant's relatives, it is suggested the usual complete synopsis be used.

Current practice or rule (Include manual citation as well as facts) The details of all 116-Applicant type cases are synopsisized reflecting the complete investigation as set forth in the details. See Vol. 2, Sec. 19C 8b, Manual of Instructions.

Advantages of suggestion

This would save agent time in preparing and dictating reports. It would save stenographic time in typing and supervisory time in reading reports. It would save paper. Such a synopsis would enable a Special Agent reviewing references in closed files to determine whether or not a 116-Applicant type report was favorable with a minimum of reading.

Disadvantages of suggestion

The synopsis on favorable 116-Applicant type investigations would not furnish complete information from the details of the report.

Annual Savings (Show basis for estimate)

The estimated annual savings is not realized by SA GUNDERSON, since he has no way of knowing the volume of favorable 116-Applicant type investigations conducted by the FBI. It is believed a savings in personnel time and usage of paper would be substantial.

SUGGESTION

SA Theodore L. Gunderson

It is suggested that the AEC be requested to add space on the PSQ asking the applicant or employee of 116-Applicant type cases information as to whether or not he or she has been divorced and, if so, the person from whom divorced, the date and place of same. The present PSQ does not provide space for this. This information is usually obtained through investigation or it is noted the applicant or employee has listed an ex-spouse among his or her relatives on the PSQ. Usually there is no further explanation regarding this ex-spouse. This almost always necessitates an interview with the applicant or employee to obtain this information, and many times requires sending a communication to another field division requesting that the divorce be verified. The possibility exists that divorces in the past have not been verified as the agents conducting the investigation were not

Current practice or rule (Include manual citation as well as facts) cognizant of same.

The PSQ used today does not provide space for information regarding divorces. See Manual of Instructions, Volume 2, 19B3d, for information regarding verification of divorces.

Advantages of suggestion

This would eliminate unnecessary interviews by Special Agents, thus saving agent time and operating expenses. It would eliminate many unnecessary outgoing and incoming communications in field divisions, thus saving clerical, stenographic and supervisor time. It would also eliminate unnecessary use of paper.

Disadvantages of suggestion

There are no disadvantages realized except that new PSQs would have to be printed.

Annual Savings (Show basis for estimate)

The estimated annual savings of the above suggestion is not realized by SA GUNDERSON since he has no way of knowing the number of divorces which have to be verified in 116-Applicant type investigations.

SUGGESTION #557-57

Reference is made to a memorandum from Mr. Callan to Mr. Rosen dated May 13, 1957, advising that SA Theodore L. Gunderson of Albuquerque had suggested that the Atomic Energy Commission (AEC) be requested to amend its personnel security questionnaire in order to provide information indicating date and place of divorce. The memorandum recommended that Liaison discuss this suggestion with the AEC and the Civil Service Commission (CSC) for their attitude relative to this suggested change on application forms.

On May 17, and May 21, 1957, this was discussed with Mr. [redacted] of the Investigations Division of CSC. They both agreed that this suggestion would be of assistance both to the FBI and the CSC in conducting background investigations. Mr. [redacted] recalled that he had a note to propose this change when the next supply of application forms (CSC Forms 85 and 86) were printed. He stated this change would be incorporated into the new printing but he did not know specifically when the new printing would be.

On May 17, and 20, 1957, Liaison discussed this suggestion with [redacted] of the Division of Security, AEC. They both agreed that this suggestion had considerable merit and the next printing of the personnel security questionnaires by the AEC scheduled for November, 1957, will include the following: "If divorced, give date and place."

ACTION:

This memorandum should be furnished to the Training and Inspection Division for appropriate action. Training and Inspection Division recommends that the enclosed letter be sent to SA Gunderson advising of the adoption of his suggestion.

SUGGESTION #557-57

Atomic Energy Commission (AEC) Form AEC-1 (Personnel Security Questionnaire) and Civil Service Commission (CSC) Form 86 (Security Investigation Data for Sensitive Position) presently furnished the Bureau in connection with applicant-type investigations require that the individual to be investigated, if divorced, list his or her ex-spouse and present address if known. These forms do not require that the individual furnish details as to date and place of divorce.

Section 19, Manual of Instructions, which deals with applicant investigations states that any doubt concerning an applicant's marital status should be resolved by recourse to records if possible; also to verify divorce when feasible, ascertaining cause of action.

SA Theodore L. Gunderson, Albuquerque, has suggested that the AEC be requested to amend its Personnel Security Questionnaire in order that the applicant will provide information as to whether he or she has been divorced and, if so, the person from whom divorced and date and place of divorce.

As pointed out above, both AEC and CSC forms presently require information concerning a divorced spouse and the portion of the suggestion to be considered at this time is whether the form should provide information as to the date and place of divorce. Furthermore, if this suggestion is adopted it should not be confined to cases in the 116 classification but should apply to all applicant-type investigations conducted by the Bureau.

SA Gunderson states that at the present time information concerning date and place of divorce is usually obtained through investigation, including interview with the applicant and many times requires sending communications to other field divisions for the purpose of checking divorce records. Gunderson states that having the necessary information included on the application forms would eliminate unnecessary interviews and save Agent time, communications, administrative, and operating costs, the amount of which cannot be definitely fixed. The SAC, Albuquerque doubts whether we are

justified in asking for an amendment to the forms on this basis and he recommends against adoption of this suggestion. It has been the experience of the Special Inquiry Section in the past that a considerable number of divorce records have been found in the areas of the applicant's residence or employment without difficulty, however, there have been instances where additional investigation has been conducted in this respect.

It is felt that since there was a possibility of additional savings in investigative time and operating expenses, this amendment to AEC and CSC applicant forms should be developed.

RECOMMENDATIONS:

1. It is recommended that this memorandum be routed to the Liaison Section in order that the AEC and CSC may be contacted and their attitudes be secured relative to the suggested changes on the application forms. In the event AEC and CSC concur as to the soundness of the suggestion it should be ascertained whether these agencies will amend their forms and the effective date of such amendment. However, we must be careful that they do not destroy large stockpiles and justify their action as being at the request of the FBI. It should be made clear that we are merely suggesting a change of some possible benefit in the preparation of future supplies of such forms.

2. If AEC and CSC agree to amend their forms no manual change is necessary because existing instructions require that divorce records be checked where feasible.

ADDENDUM BY TRAINING AND INSPECTION DIVISION: 5/13/57 - ceh

Training and Inspection Division agrees with the above. If recommendations are approved, Training and Inspection Division should be advised of the outcome of this suggestion, so that further action may be taken if necessary.

ATTN: PERSONNEL SECTION

SUBJECT: THEODORE L. GUNDERSON
Special Agent

This office is in need of an additional Relief Supervisor, and after a careful analysis of the personnel assigned to the office and the results of a relief supervisory training program which we held in the office, I have selected SA THEODORE L. GUNDERSON as the best qualified candidate.

SA GUNDERSON makes an excellent personal appearance; he is alert, enthusiastic and loyal, and is very definitely interested in an is available for administrative advancement. He had demonstrated a good knowledge of Bureau policy and procedures and I was well pleased with the way he handled desk matters during the short period of training afforded him. I feel that his judgment is sound and mature and that he does possess potentialities for administrative advancement, looking toward long-range development as an SAC.

The Bureau is therefore requested to approve SA GUNDERSON as a Relief Supervisor of this office qualified to sit on both the desks of the SAC and ASAC. On receipt of Bureau approval for SA GUNDERSON as a Relief Supervisor, he will be immediately afforded a five-day training period on the desks in the presence of the regular supervisor in accordance with SAC Letter 56-25.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
- E Excellent.
- ✓ Satisfactory (good or very good).
- Unsatisfactory.
- 0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

This special report of performance rating is occasioned by my transfer from the Albuquerque Division.

SA GUNDERSON continues to be assigned to the Headquarters City, working exclusively on security matters and internal security investigations. He is aggressive, intelligent, and hard working. He achieves good results. The comments appearing in his performance rating of March 31, 1957 are still applicable.

By letter dated May 29, 1957 the Bureau advised SA GUNDERSON, that on the basis of a suggestion made by him, the Atomic Energy Commission had indicated they would revise the Personnel Security Questionnaire to include information suggested by SA GUNDERSON.

By letter dated July 18, 1957 the Bureau commended the Albuquerque Division for having shown increases in all categories of statistical accomplishments for the fiscal year 1957. SA GUNDERSON contributed substantially to this achievement during a period when he was relieving in a Resident Agency.

During this rating period, on June 12, 1957, SA GUNDERSON was approved as a relief supervisor of this office. He handles his supervisory duties in a conscientious and thorough manner. He is interested in and available for administrative advancement, and definitely possesses potentialities for advancement in the administrative field.

Theodore L. Gunderson

RECOMMENDATION FOR INDIVIDUAL LETTERS
OF COMMENDATION

b6

Remytel 9/11/57, advising the subject was taken into custody on the evening of 9/10/57, and an authorized complaint had been filed charging this subject with a violation of the Extortion Statute.

The purpose of this letter is to recommend letters of commendation for Agents of the Albuquerque Office and letters of appreciation for Officers of the Albuquerque Police Department for what I consider a most outstanding job in surveilling and covering the payoff and taking the subject into custody despite exceedingly difficult circumstances.

As the Bureau is aware, the victim received a letter dated 8/4/57, instructing that she take \$200.00 to the Bowery Bar on 1st Street on Saturday, 9/7/57, at 10:00 P.M. She was threatened in this letter unless she comply. The Bowery Bar is one of the most disreputable bars in the City of Albuquerque located in the immediate area of the skidrow section of Albuquerque. The payoff on 9/7/57 was of course covered. However, the subject did not appear.

On 9/9/57, the victim received a phone call instructing that the payoff be made at the Sunshine Theater in downtown Albuquerque at 8:00 P.M., on 9/10/57 by leaving the money under the second or third seat in the 15th row from the front. She was further instructed that if the second or third seat, 15th row was occupied, she was to sit elsewhere in the movie house and wait until the person sitting there left the theater. She was then to move to the designated seat and leave the money and then leave the theater.

Due to the similarities of instructions, the Bureau's attention was called to the case captioned "UNSUB; [redacted] [redacted] - VICTIM; EXTORTION" Bufile 9-30109.

By teletype of 9/10/57, the Bureau advised that the individual who wrote the extortion note in captioned case was the same individual who wrote the note in the above mentioned case.

As the Bureau can appreciate, in covering a payoff particularly when the victim decides to leave \$200.00 in currency in a movie house, is extremely difficult and requires well thought out plans and a multitude of man power to effectively cover it. In the first place, the movie house is dark, which requires Agents to be very close to the scene in such a way that they can observe the package after it is left, and at the same time not be made by the subject. In the second place, it is not always possible, in a crowded movie, to have the Agents covering the payoff obtain the most ideal seats to effectively cover the payoff. Thirdly, there are a multitude of people in a movie house, particularly in this instance, since the Sunshine Theater is the largest theater in Albuquerque and usually shows first-run movies as it did on the night of 9/10/57, and with so many people in the theater there are many contingencies that one might expect and must plan for.

The Albuquerque Police Department, of course, was cognizant of this case since the victim involved had requested police protection from them. The Bureau knows that the Albuquerque Police Department is a most cooperative Police Department with the Chief of Police being PAUL SHAVER, NA, and the Assistant Chief being [REDACTED] NA. Several Officers of the Albuquerque Police Department were utilized by this office in covering the payoff for these reasons.

b6
b7c

In setting up the plans for the coverage, it was not known of course when the subject would attempt to obtain the money. It was possible he might attempt to take the money from the victim as she left her home, while she was enroute to downtown Albuquerque, while she was walking from her car to the movie house, as she was entering the movie house, if the designated seat was occupied, when she sat down somewhere else in the theater or actually after the money was left at the designated seat. These possibilities were of course taken into consideration in setting up the plans to cover this case.

The overall supervision, planning, on the spot direction and supervision was afforded this case by ASAC ROBERT E. GEBHARDT as I was ill with the flu and was on sick leave.

Assignments of the various Agents and Officers involved in this case were as follows:

SA [] was designated to ride in the rear of the victim's car on the floor in the back seat from her home to downtown Albuquerque and return.

SA [] and Albuquerque Police Officer [] were designated to surveil the victim in a Bureau car from her home to downtown Albuquerque and return.

A Bureau car was spotted in downtown Albuquerque in the area during the day so that as the victim approached the area of the Sunshine Theater, the Bureau car, previously spotted, could be moved so that the victim could park her car and not have a long way to walk to the theater thus cutting down on the possibility of someone snatching the money from her while enroute to the theater.

SA PAUL L. DORRIS was assigned to surveil her at a discreet pace as she proceeded from her car to the theater and, at the same time, she was under constant observation by SAS ROBERT J. WIRTH and FRANK FOREE, JR., from across the street and down the block from her.

SA FINIS I. PARRISH was assigned to a position where he could observe her when she turned the corner of the block in which her car was parked and proceeded towards the theater entrance.

There are two exits in the Sunshine Theater which lead into an alley. This alley and exits were covered by SAS [] and [] in a Bureau car and these Agents were joined by Albuquerque City Police Officer [] who had previously assisted in the surveillance of the victim from her home to downtown Albuquerque.

SA THOMAS J. SMITH was assigned to take moving pictures of all individuals entering and leaving the theater between 7:00 P.M. and 9:00 P.M. He was situated on the second floor of the Albuquerque National Bank directly across from the Sunshine Theater. Officials of the Albuquerque National Bank were most cooperative in this regard. SA SMITH, in addition, had a walkie-talkie with him.

SA PAUL L. DORRIS and SA FINIS I. PARRISH had Bureau cars available on the streets in their immediate assigned places. Lt. [] of the Albuquerque Police Department, was assigned with SA FINIS I. PARRISH.

SA D. ARTHUR BYRNES, JR., was assigned to the radio in the FBI Office to correlate all transmissions.

On the inside of the theater, SA [redacted] to whom this case was assigned, had a position in the front of the balcony in such a way that he could observe the second and third seats in the 15th row from the front continuously. He was equipped with a shoulder transmitter and, for the information of the Bureau, this worked most effectively. SA [redacted] was able to keep the Agents, outside the theater in the Bureau cars, advised of all activity at all times.

b6
b7C

SAS [redacted] were assigned to the second and third seats in the 16th row, while SA [redacted] was assigned to the end seat in the last row. Albuquerque City Police Officer [redacted] was assigned to the end seat in the last row on the opposite side of the theater.

b6
b7C

SA THEODORE L. GUNDERSON was dressed in the uniform of an usher and acted as such throughout the entire operation. This activity was made possible through the cooperation of the management of the Sunshine Theater. SA GUNDERSON was therefore in a position to be continually patrolling the theater.

SA [redacted] was assigned to the third seat in the 15th row from the front.

b6
b7C

ASAC GEBHARDT took a position between the last row of the theater and the 15th row from the front.

In view of the instructions of the subject which made it questionable as to whether the second seat in the 15th row would be available when the victim arrived in the theater at 8:00 P.M., it being noted the third seat was occupied by SA [redacted], it was decided to have someone in on the operation take the designated seat and the victim was advised, when she arrived in the theater the designated seat would be occupied. However, at exactly ten minutes after 8:00 P.M., after she arrived at 8:00 P.M., the person occupying this seat would leave the theater at which time she could then take her appropriate position. Albuquerque City Police Officer [redacted] was therefore used for this purpose. On leaving the theater, he teamed up with SA DORRIS.

b6
b7C

The Agents and Officers who had assigned positions inside the theater entered the theater at approximately 6:30 P.M. to make certain that by 8:00 P.M. they would be in their

assigned positions. By entering the theater this early, they were able to be in their positions designated by 8:00 P.M.

The victim cooperated very well and she took the envelope, previously prepared by us, and put the money in and sealed it. The envelope was attached to a string. She was instructed that as she placed the envelope under the designated seat, she was to pass the end of the string to SA [redacted] who was then in the seat right beside her. She had previously had an opportunity to see and talk to [redacted] so that she would recognize him even in the darkness of the theater.

b6
b7C

The victim complied with the subject's instructions and entered the theater at 8:00 P.M., passed directly to the front, counted 15 rows back of course realizing that the designated seat would be occupied when she reached the 15th row. She then took the position as instructed between the designated seat and ASAC GEBHARDT so that at all times there would be Agents behind her in the theater. At 8:10 P.M. promptly, Albuquerque City Police Officer [redacted] left the theater at which time the victim proceeded to the designated seat. She immediately placed the envelope under the seat and handed the end of the string to SA [redacted]. She left the Sunshine Theater at 8:15 P.M. and proceeded home without incident.

b6
b7C

At approximately 9:45 P.M. there was a break in the movie and the house lights went on. Just before the movie started again, captioned subject sat down in seat number one of the 15th row. Immediately upon sitting down, he started acting suspiciously in that he was looking around and appeared to be trying to see under the seat of seat number two. As pointed out previously, SA [redacted] by use of the shoulder type transmitter, was able to keep all Agents and Officers in on the operation, outside of the theater, advised of the activity of this subject.

b6
b7C

Shortly after the movie started again, some patrons entered the 15th row at which time SA [redacted] and the subject had to stand and SA [redacted] immediately noted, as did the other Agents immediately adjacent, that the subject looked under the seat of the designated seat and as a matter of fact appeared to bend down as if he were going to grab the envelope, then hesitated and sat back down. SA [redacted] advised that shortly after this, he began to feel a little pull on the string and out of the corner of his eye, he was able to observe the subject moving the envelope with his feet from under seat number two under his own seat. He

b6
b7C

continued this maneuver several times bending down as if he were going to pick up the envelope, but on each occasion, sitting up straight. Eventually he had the envelope directly under his own seat to the extent that SA [] had to extend his arm across the back of seat number two because the string was taut.

The subject was then observed by SA [] to take his left foot and move the envelope from the floor up his right leg with his left foot. As he did so, the string became tighter and tighter until eventually he realized that the envelope was attached to the string. He immediately dropped the envelope at which time SA [] stood up which was the signal to the rest of the Agents that the subject had made a grab for the envelope.

SA [] and ASAC GEBHARDT proceeded down the aisle immediately and took the subject in custody ably assisted by SA [] and SA [] SA [] when he saw the subject was in custody, immediately retrieved the envelope containing the money.

The subject was ushered out of the theater without incident or commotion and, of course, SA PARRISH, in a Bureau car, was already pulling up in front of the theater as he had been advised by SA [] that the subject had been taken into custody. As he was being led from the theater by SA [] and ASAC GEBHARDT, the subject gave a little physical argument, however, he was taken to the Bureau car without difficulty. As he approached the car, although he said nothing, he stiffened out, placed his head against the car and refused to get in. Sufficient force was exercised by ASAC GEBHARDT and SA [] in placing him in the car. He was immediately cuffed and searched right there and then the car proceeded to the Albuquerque FBI Office.

For further information of the Bureau, it is interesting to note that the victim received a telephone call at 7:00 P. M. on the night of the payoff from the subject wherein he asked her if she fully understood the instructions. She replied in the affirmative and proceeded to relate to him what she was going to do. He told her that she was wrong in sitting in the extreme right side of the theater since he wanted her to sit on the right side of the center section of the theater. This, of course, necessitated getting word to the Agents already in position to re-align themselves in the position instructed by the subject. This was accomplished without mishap primarily due to the communication system set up, and the activities of SA GUNDERSON who was utilized to good advantage in his usher uniform.

I believe that this operation culminated in success because each Agent and each Police Officer performed their assigned duties in a most capable manner. It is realized that there were 16 Agents involved in this operation and three Police Officers, but I firmly feel that it was because each one performed his duty in a highly satisfactory manner that the subject was taken into custody under most difficult circumstances. It is, therefore, my recommendation:

1. That individual letters of commendation be forwarded to each Agent mentioned above for their part in this operation.
2. That individual letters of appreciation be forwarded to each Albuquerque City Police Officer mentioned above.
3. That a letter of appreciation be forwarded to Chief of Police PAUL SHAVER, NA, advising him of the excellent cooperation of the above named Officers and thanking him for the cooperation of his Department.

THEODORE LEE GUNDERSON
Special Agent

A review of the monthly overtime reports submitted by your office reflects that for the period July, 1957, through November, 1957, the average daily voluntary overtime of SA Gunderson has been consistently below that of the Albuquerque Office for each month.

It is your responsibility to see that all agents assigned to your office assume their equitable share of the work load and that any necessary overtime is equitably distributed insofar as possible. You should advise whether any particular reason exists for the comparatively low overtime of SA Gunderson during the above period.

Dear Mr. Gunderson:

The attention of the Inspector was directed during the recent inspection of the Albuquerque Office to delinquencies chargeable to you in Interstate Transportation of Stolen Motor Vehicle cases while you were serving in a supervisory capacity. In a case involving [redacted] in which Albuquerque was the office of origin you approved a communication dated December 14, 1957, reflecting that prosecution had been declined but you failed to have an auxiliary office notified. Also, in a case involving a 1950 Chevrolet, Motor Number [redacted] you received a communication dated October 14, 1957, indicating a possible violation within the Bureau's investigative jurisdiction; however, you failed to initiate any investigation. 67-

DATE OF REVIEW 10-15-89

ReBulet 1/28/58, reflecting that a review of this Agent's overtime for the period of 7/57 through 11/57 indicates that his average daily voluntary overtime is consistently below the office average.

I was concerned over the necessity for the Bureau having to inquire about SA GUNDERSON's overtime inasmuch as I consider GUNDERSON to be the finest young prospect in the Albuquerque Office for administrative advancement in the Bureau. He is one of the three relief supervisors and is the regular relief on the ASAC's desk. He is relatively young, is vigorous and is interested in and available for advancement in the Bureau. I feel he has the talent and ability to so advance. For these reasons I have delayed answering this letter to satisfy myself as to his exact position in the work picture in the Albuquerque Office.

My inquiries have indicated that SA GUNDERSON had a child born on [redacted] and his wife was ill both before and after the birth of the child, which accounts to a considerable extent for his relatively low overtime in September, October and November of 1957. I have prepared a breakdown of his overtime, work load and delinquency from July, 1957 through March, 1958 and I feel that the picture is very favorable to SA GUNDERSON. For the period covered by this survey, I find that while GUNDERSON's overtime was a few minutes less than office average that his personal case delinquency was consistently considerably below the office delinquency and for four months he had no delinquent cases. In March of 1958 his average overtime per day was 3 hours five minutes and he had no delinquency for that month. SA GUNDERSON's principal work is security and he carries a normal case load and handles a full-time informant. His work load, in addition to the necessary time he spends on the desk as relief supervisor, puts him above the average for actual work load.

I feel that although his overtime has been below the office average that his work production, his attitude and ability mitigate against the factor of the overtime. It is my feeling that SA GUNDERSON, through hard work and careful planning, is handling his share of the responsibilities as far as the over-all work picture in the Albuquerque Office is concerned.

SAC, BURTON: SA GUNDERSON was involved in a substantive case write-up in the Albuquerque inspection. SA GUNDERSON in my opinion is the brightest prospect among the Agents in the Albuquerque Office for consideration for administrative advancement. He desires to advance in the Bureau and I feel that he definitely has the ability, temperament, attitude and personality to entitle him to consideration for such advancement. I feel he has a definite talent for administrative work and he has served very satisfactorily as a relief supervisor from the time I have been in Albuquerque. His present assignment is to security work and he handles organizations. *ake*

S. F. PHILLIPS, INSPECTION STAFF: (SA Gunderson is a very alert, enthusiastic, conscientious individual. He is very neat and has a pleasant personality. He is in his fourth office of assignment. His past experience has been in both the criminal and security fields. He was last transferred from the New York Office because of an asthmatic condition; this transfer was not at his request.) He has a BS degree in Business Administration, two children and owns his own home in Albuquerque.) He indicated a genuine interest in administrative advancement and stated he would desire a Seat of Government assignment although he does not know how the climate in D. C. would affect him. In November 1956 SAC Johnson, then at Albuquerque, advised the Bureau that Gunderson had advised him that since his, (Gunderson's) arrival in Albuquerque, he had not been bothered by any asthmatic attacks and that Gunderson felt he might not have been suffering from a true asthmatic condition. Gunderson wanted to be considered completely available for special and general assignment wherever the needs of the Bureau required.) Since the last inspection SA Gunderson was commended on one occasion in connection with the operation concerning a confidential matter. He also submitted three suggestions to the Bureau one of which was adopted. He has been serving as a relief supervisor for the past eight months and from my contacts with him I am inclined to agree with the SAC that Gunderson has better than average potential for long-range development, not withstanding the substantive write-ups in which he has been involved.)

SA Gunderson was involved in two case write-ups in the matters, "UNKNOWN SUBJECT: 1950 Chevrolet, [redacted] ITSMV," and "UNKNOWN SUBJECT, wa. [redacted] ITSMV." In the [redacted] matter, Gunderson as a relief supervisor approved an airtel advising one office of an AUSA's opinion declining prosecution which resulted in the closing of the investigation. Gunderson failed to note that there was a lead outstanding in another office which was his responsibility, inasmuch as Albuquerque was origin. Investigation conducted by the second office was limited in nature and it is questionable as to whether a copy of the airtel approved by Gunderson would have been received in time to prevent the second office from conducting the unnecessary investigation.

In the other ITSMV matter Gunderson, while serving as the relief supervisor, initialed for the 26-0 file correspondence indicating a possible ITSMV investigation without any effort to verify the alleged theft in Albuquerque or the recovery in the Oklahoma City Division (origin). Gunderson explained that at the time he considered the case border line and not worth him spending the time in checking it out. His error in judgment had no

delaying effect in the investigation by Oklahoma City which separately initiated investigation at about the same time, based on a letter from the National Automobile Theft Bureau. Gunderson's error did, however, cause a delay in the investigation by the Albuquerque Office.

SA Gunderson exhibited a fine attitude in accepting the criticism directed by these two write-ups. He was orally admonished and there is no doubt but that these write-ups will have a salutary effect.

RECOMMENDATION: Censure for his failure to have investigation initiated in the ITSMV matter concerning the 1950 Chevrolet.

S. F. PHILLIPS, INSPECTION STAFF: This is a pending case, Oklahoma City origin, opened by the Albuquerque Office December 16, 1957, upon receipt of report of SA ALLEN G. WEST, dated December 11, 1957, at Oklahoma City. Case was assigned to SA PAUL L. DORRIS, December 16, 1957, and reassigned to SA NATHAN O. BROWN January 14, 1958. This case is supervised by ASAC ROBERT E. GEBHARDT.

FACTS

By letter dated October 14, 1957, a copy of which was directed to the Albuquerque Office and which was received by the Albuquerque Office October 16, 1957, the National Automobile Theft Bureau, (NATB), Denver, Colorado, advised that a 1950 Chevrolet, Belair, [redacted] had been stolen at Albuquerque, New Mexico, in August, 1957. NATB requested to be advised if the Albuquerque Office had any record of the car being stolen from Albuquerque. This letter further states that instant 1950 Chevrolet had been in possession of one [redacted] who had stated car left at Fay's Truck Stop, Albuquerque, and that when he returned car was missing. NATB, Denver, enclosed with their letter a copy of a letter dated October 7, 1957, written by the Calvert Fire Insurance Company, Baltimore, Maryland, to NATB, Denver, Colorado, advising instant 1950 Chevrolet had been recovered at Minco, Oklahoma.

b6
b7c

The report of SA ALLEN G. WEST, dated December 11, 1957, at Oklahoma City, received by the Albuquerque Office December 13, 1957, reflects that the Oklahoma City Office initiated an investigation with respect to

the 1950 Chevrolet on the basis of information furnished by NATB, Oklahoma City, on October 17, 1957. This report states that inquiry at Minco, Oklahoma, disclosed that the 1950 Chevrolet had been recovered abandoned at Minco, Oklahoma, sometime in August, 1957, by [redacted] City Marshal, Minco, Oklahoma. The report further relates that [redacted] Agent of the Calvert Fire Insurance Company, Lawton, Oklahoma, had advised [redacted] in the middle of November, 1957, that instant 1950 Chevrolet had been stolen in Albuquerque, New Mexico. The report of SA WEST sets forth a lead for the Albuquerque Office to determine whether or not instant 1950 Chevrolet was stolen and if there were any known suspects.

b6
b7c

ERRORS NOTED

Both the NATB letter of October 14, 1957, and the copy of the letter of the Calvert Fire Insurance Company, Baltimore, Maryland, were initialed by Relief Supervisor THEODORE L. GUNDERSON and placed in the Albuquerque #26-0 file as serial #728 and #728A without any attempt being made to check with the Albuquerque Police Department or other local law enforcement agencies to determine if there was a stolen report on the 1950 Chevrolet.

It is noted that while the NATB letter of October 14, 1957, and the letter of Calvert Fire Insurance Company of Baltimore, Maryland, contained information indicating an ITSMV violation, no communication was directed to the attention of the Oklahoma City Division by the Albuquerque Office advising of the reported recovery of instant 1950 Chevrolet at Minco, Oklahoma.

EXPLANATIONS DESIRED

Explanation is desired from SA THEODORE L. GUNDERSON as to the reason why the communication from NATB, Denver, dated October 14, 1957, was placed in the #26-0 file without any effort being made through the Albuquerque Police Department and other local law enforcement agencies to verify the theft of this 1950 Chevrolet which would have been the logical action to take in view of the NATB request.

Explanation is also desired from SA THEODORE L. GUNDERSON as to why no communication was directed to the Oklahoma City Office advising of the information which NATB, Denver, had furnished implying that a car had been stolen at Albuquerque, N.M., and had been recovered at Minco, Oklahoma. Cognizance is taken of the fact, as revealed in the Oklahoma City report, that that office became aware of this matter on October 17, 1957. However, this fact was not known to the Albuquerque Office on October 16, 1957, when the NATB letter was received and the logical action for Albuquerque, at that time, would have been to have advised the Oklahoma City Office.

Comments are requested from SAC G. C. BURTON and ASAC ROBERT E. GEBHARDT.

SA THEODORE L. GUNDERSON:

I have noted the Inspector's analysis of this situation and in retrospect it appears that an investigation should have been instituted. However, at the time this matter came to my attention, I felt in my judgment there was a question as to whether the Bureau should expend time in checking what I considered, at that time, a border-line case. I did not feel at the time that investigation was warranted and, therefore, placed the matter in the zero file. I will endeavor to exert good judgment in the future and feel that an error in judgment of this type will not occur again.

ASAC ROBERT E. GEBHARDT:

It appears in this instance a question of judgment on the part of the supervisor is involved. I feel, after discussing this matter at length with Mr. GUNDERSON, that he considered the matter most seriously and did not act precipitously. I believe he could have used better judgment in the action taken and I am certain that he will do so in the future.

SAC, G. C. BURTON:

I have discussed this matter with SA GUNDERSON and ASAC GEBHARDT. I feel strongly that this was not a thoughtless or careless error on the part of SA GUNDERSON. I am quite certain that GUNDERSON's decision was based on a knowledge of the facts and a sincere conviction that the facts, as they stood at the time, constituted a matter that should be placed in the 26-0 file. I am certain he will use better judgment in the future.

S. F. PHILLIPS, INSPECTION STAFF: This is a pending case, opened by the Albuquerque Office 11/7/57 upon receipt of a letter from the San Francisco Office dated 11/6/57, and assigned to SA [redacted]. This case is supervised by ASAC ROBERT E. GEBHARDT.

FACTS

By letter dated 11/6/57 directed to the Albuquerque Office with a copy for the Portland Office, the San Francisco Office advised that records of the Butte County Sheriff's Office, Chico, California substation reflected that [redacted] Trader Ben's Used Car Lot, Chico, California, reported that an unknown subject, using the name [redacted] had stolen a 1940 Cadillac sedan, [redacted], 1957 California license [redacted] on 9/5/57.

[redacted] advised upon interview that an individual using the name [redacted] came to his used car lot 9/5/57 accompanied by a person named [redacted] and a woman who was introduced as [redacted] was reportedly driving a blue 1949 Oldsmobile sedan with a Texas license plate.

b6
b7c

[redacted] stated the unknown subject using the name of [redacted] offered to trade his 1949 black Oldsmobile for a 1940 Cadillac sedan, [redacted] requested the individual named [redacted] to go and get his 1949 black Oldsmobile so that it could be inspected. [redacted] departed with his companions but returned within several minutes driving a 1949 black Oldsmobile sedan, [redacted], 1957 Oregon license [redacted]

[redacted] stated he offered to trade his 1940 Cadillac for the black 1949 Oldsmobile for \$25.00 cash but [redacted] told him the title certificate to the Oldsmobile was in Marysville, California. [redacted] suggested to [redacted] that he "get in the car" and obtain the title certificate. [redacted] related that he had already made out the application to change the title of the 1940 Cadillac from himself to the unknown subject as [redacted] and had placed this application on the windshield of the Cadillac. [redacted] advised that he left [redacted] and his two companions and on returning a few minutes later discovered that the black Oldsmobile had been left on his car lot and the 1940 Cadillac

was missing. [redacted] delayed reporting the theft for several days as he thought [redacted] had mistakenly taken the 1940 Cadillac to go and obtain the title papers to the 1949 Oldsmobile. [redacted] informed on 10/26/57 he had received a letter from one [redacted] Alamogordo, New Mexico, stating that the Cadillac had been left on his premises. [redacted] said he was not acquainted with [redacted]. The San Francisco letter further sets out that a Deputy Sheriff at Chico, California had ascertained through the Oregon State Police that the 1949 black Oldsmobile left on [redacted] used car lot was registered to [redacted] Weston, Oregon, and that [redacted] had sold this car to the Powell Motors, Milton Freewater, Oregon, who had reportedly sold the car to [redacted] address unknown.

b6

Leads were set out in the San Francisco letter of 11/6/57 for the Portland Office to make inquiry at Powell Motors, Milton Freewater, Oregon, for information that would aid in identifying the unknown subject and for the Albuquerque Office to interview [redacted] Alamogordo, New Mexico, for information to identify the unknown subject and report recovery value.

b6
b7C

On 12/2/57 the San Francisco Division directed an airtel to the Albuquerque Office advising that the Butte County Sheriff's Office, Oroville, California, desired to know if the FBI intended to prosecute subject and if not, that the Butte County Sheriff's Office would continue to "work" the case.

By airtel dated 12/14/57 prepared by SA [redacted] and approved by relief supervisor THEODORE L. GUNDERSON the Albuquerque Office advised San Francisco that the 1940 Cadillac had been located on the streets of Alamogordo, New Mexico 12/7/57 being driven by [redacted]

b6
b7C

Inquiry of [redacted] determined they had obtained the 1940 Cadillac from [redacted] brother of [redacted] whose whereabouts were unknown. Mr. [redacted] claimed he had been in communication with officials of Trader Ben, Chico, California, in an effort to purchase and obtain title to this vehicle. The Albuquerque Office further informed that the facts of the case had been discussed with the AUSA, Albuquerque, who had declined prosecution in view of the questionable merits of an Interstate Transportation of Stolen Motor Vehicle violation. The Albuquerque Office informed that a closing report would be submitted and requested San Francisco to advise the owner of the vehicle's location and to inform the Butte County Sheriff's Office, Oroville, California, they could continue to "work" the case.

On 12/31/57 the Portland Division in a letter directed to the Seattle Office with a copy for the Albuquerque Office, received Albuquerque 1/3/58, reported the results of investigation at Milton Freewater, Oregon, and set out additional leads for the Seattle Division to conduct investigation to identify [redacted]

b6
b7C

ERRORS NOTED

(1) No copy of Albuquerque airtel 12/14/57 to San Francisco was designated for the Portland Office requesting Portland to discontinue investigation in view of the fact the AUSA, Albuquerque, had declined prosecution. This airtel was prepared and dictated by SA [redacted] and approved by SA GUNDERSON.

(2) It is noted that the Portland Division continued investigation in this case and on 12/31/57 submitted an RUC letter setting out leads for the Seattle Division. This communication was received Albuquerque 1/3/58 and was routed to SA [redacted] by SA DARWIN B. BARE. Seattle was not advised to discontinue until 2/7/58 when this matter was brought to the attention of the Albuquerque Division.

b6
b7C

EXPLANATIONS DESIRED

Explanation is desired from SA [redacted] for failure to advise the Portland Office to discontinue investigation on 12/14/57.

Explanation is desired from SA [redacted] for failure to advise the Seattle Division to discontinue investigation upon receipt of Portland letter to Seattle dated 12/31/57 setting leads for the Seattle Office.

Explanation is desired from SA THEODORE L. GUNDERSON who approved Albuquerque airtel to San Francisco dated 12/14/57 for failure to note that there was a lead outstanding at Portland; thus requiring that the Portland Office be advised to discontinue investigation.

b6
b7C

Explanation is desired from SA DARWIN B. BARE who routed Portland letter of 12/31/57 to SA [redacted] for failure to note that leads had been set out in this communication for Seattle in an investigation where the AUSA, Albuquerque, had already declined

prosecution on 12/12/57 which made additional investigation unnecessary and which required prompt action in notifying Seattle to discontinue investigation.

Comments are requested from ASAC ROBERT E. GEBHARDT and SAC GEORGE C. BURTON.

SA

I have carefully noted the Inspector's comments. Continuous efforts have always been made by me to properly administer and handle my cases. The instance wherein I sent the above referenced airtel to San Francisco is not recalled by me nor do I remember the reason for not furnishing this information to Portland. It was only through inadvertence that I failed to advise the Seattle Division to discontinue investigation upon the receipt of Portland letter 12/31/57.

I sincerely regret this oversight and am confident this will never occur again.

SA THEODORE L. GUNDERSON: The Inspector's comments have been carefully read. Due to the large volume of mail handled by me in the past, I do not recall approving Albuquerque airtel to San Francisco 12/14/57. Extensive efforts have always been made by me to thoroughly and carefully review correspondence while acting in the capacity of a relief supervisor. This was most certainly an oversight which I deeply regret. Please be assured every effort will be made to prevent a re-occurrence of this in the future.

SA DARWIN B. BARE: The Inspector's comments have been carefully noted. On 1/3/58, I assisted on the ASAC's desk due to the absence of the SAC. Due to the large volume of mail on the desk, I do not specifically recall handling the Portland letter to Seattle on 12/31/57. However, it has always been my policy to review the files as carefully as possible while handling the mail. I apparently saw Albuquerque airtel of 12/14/57, to San Francisco which indicated the AUSA had declined prosecution and the case was being closed.

b6
b7c

I deeply regret this oversight and will make every effort to prevent any re-occurrence of this nature.

ASAC ROBERT E. GEBHARDT:

It is extremely regretted that this error has occurred. Obviously, a closer review of the file and closer attention to details would have prevented this occurrence. I have instructed the various personnel involved to be extremely cautious in the future to make certain no office is conducting any unnecessary investigation. However, I have from time to time, and I note the SAC has also instructed the various relief supervisors and weekend supervisors to be most meticulous in handling mail. The agents likewise have been instructed to supervise each and every case assigned to them very closely. I am certain an error such as this will not occur again.

SAC G. C. BURTON:

It is regretted that this error occurred. The supervisors and agents have been constantly alerted to closely review files handled on the desk and the cases assigned to them respectively so that errors such as this will not occur. I will endeavor to make certain through constant instruction and supervision that an error of this type will not occur again.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be actually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

PART I - GENERAL COMMENTS

SA GUNDERSON presents a neat and well groomed appearance and takes pride in his appearance. He has a very pleasing personality, is effective in contacting persons with whom he comes in contact. He is assigned to security work and is a relief supervisor. He is able to handle complicated Bureau investigations with the exception of accounting. He operates well in connection with raids and dangerous assignments and I find that his ability along these lines is very satisfactory. He is capable of leading such assignments. There are no limitations upon his availability and he is obviously in good physical health.

By letter dated May 29, 1957 the Director commended SA GUNDERSON inasmuch as a suggestion he made had been accepted.

By letter dated July 19, 1957 the Director commended the SAC in Albuquerque and each employee who contributed for the increase in all categories of statistical accomplishments for the fiscal year just ended.

The Director, by letter dated September 23, 1957, commended the Agents of the Albuquerque Office who assisted in the extortion case involving [redacted] and others. SA GUNDERSON participated in this investigation.

b6
b7c

SA GUNDERSON is assigned to security work and is largely concerned with the investigation of the Young Socialist League in Albuquerque. He is handling an informant that is being qualified to become a full time Security Informant. He is the relief supervisor and relieves on both desks when necessary. I believe that SA GUNDERSON is a bright prospect for administrative advancement in the Bureau. He is energetic and ambitious, accepts responsibility readily and is gaining in stature and knowledge of over-all Bureau policy. He works carefully, applies himself well and in general, in my opinion, is a valuable young Bureau Agent.

SA Gunderson entered on duty as an Agent in Grade GS-10 on 2-10-51, and was promoted to GS-11 on 1-2-55. He is available for special and general assignment and is being considered for GS-12 promotion.

On 3-31-55, 12-9-55 and 3-31-56 he was rated SATISFACTORY.

On 6-5-56 he was CENSURED in view of a material discrepancy which existed between the details and synopsis of facts in a report concerning an Atomic Energy Act - Employee case. On 6-29-56 he was CENSURED for his delay in setting out appropriate investigative leads in four Atomic Energy Act - Employee cases.

On 3-31-57 and 9-6-57 he was rated EXCELLENT. He was approved as a Relief Supervisor 6-12-57. He was COMMENDED on 2-20-57 and 5-29-57.

By memorandum dated 1-23-58 he was passed over for GS-12 promotion in view of his censures dated 6-5-56 and 6-29-56, and in view of his failure to equitably share in the work load of the Albuquerque Office. His overtime as compared with the office average was as follows:

	SA Gunderson		Albuquerque
July, 1957	1' 36"	XEROX	2' 22"
August, 1957	2' 25"	JUL 9 1979	2' 56"
September, 1957	1' 29"		2' 35"
October, 1957	1' 40"		2' 14"
November, 1957	1' 32"		2' 39"
December, 1957	2' 29"		2' 13"

b6

In answer to the Bureau's inquiry as to why his overtime was low the SAC advised that SA Gunderson had a child born on [redacted] and his wife was ill both before and after the birth of the child, which accounted to a considerable extent for his relatively low overtime in September, October and November, 1957. A survey reflected that this Agent's overtime was a few minutes less than the office average for the previous months, however, his personal case delinquency was consistently considerably below the office delinquency and for four months he had no delinquent cases. His work load, in addition to the necessary time he spent on the desk as relief supervisor, put him above the average for actual work load. The SAC felt although his overtime had been below the office average that his work production, his attitude and

FDH/dar (2)

3/10/58

ability mitigated against the factor of the overtime. It was also felt that this Agent, through hard work and careful planning, was handling his share of the responsibilities as far as the over-all picture in the Albuquerque Office was concerned. His overtime since December, as compared with the office average was as follows:

	SA Gunderson	Albuquerque
January, 1958	2' 16"	2' 21"
February, 1958	2' 26"	2' 39"
March, 1958	3' 04" +	2' 34"
April, 1958	2' 50" +	2' 45"
May, 1958	2' 44" +	2' 40"

By letter dated 3-17-58 he was CENSURED as the result of an Albuquerque inspection for delinquencies chargeable to him in two Interstate Transportation of Stolen Motor Vehicle cases while he was serving in a supervisory capacity.

During the May, 1958, recheck inspection of the Albuquerque Office Inspector Malone stated he was a good looking young man, enthusiastic about his work and was most anxious to advance in the Bureau. He handled a fair share of the work in the office and his attitude was excellent. While his interest and enthusiasm toward advancing was most commendable, it was believed he should have additional field experience as a relief supervisor before being considered for a Seat of Government assignment.

By letter dated 6-10-58 APPRECIATION was expressed to him for a suggestion he submitted. This was not adopted.

On his 1958 annual performance report SAC Burton rated him EXCELLENT.

RECOMMENDATION: In view of the recent letter of censure directed to him on 3-17-58, it is recommended he be passed over at this time to be reconsidered for GS-12 promotion in October, 1958.

SUGGESTION #782-58
Made by SA Theodore L. Gunderson
Albuquerque Division

SUGGESTION: That a code word such as "DESTOLE" be used to replace the phrase "Will determine if stolen and if stolen locate and interview owner." Suggested code word to be used in airtels and teletypes in Interstate Transportation of Stolen Motor Vehicle cases when setting forth leads on a possible stolen car.

PRESENT PRACTICE: Suggester states that above statement, or one similar to it, is used by agents in setting forth leads on possible stolen automobiles.

ADVANTAGES STATED: Suggester states that the code word would save typing time and possibly communications costs.

OBSERVATIONS: Investigative Division recommends unfavorably. A check on a suspected stolen automobile must be handled by teletype. The minimum charge is for three minutes and most teletypes of this nature are shorter than three minutes. In addition, it is probable that most offices use shorter phraseology such as "determine status."

Records and Communications and Training and Inspection Divisions agree with Investigative Division that the suggestion should not be adopted.

RECOMMENDATION: That the suggestion not be adopted. No further action is necessary as SA Gunderson has been thanked by letter for submitting his suggestion.

SUGGESTION

It is suggested that a code word for "Will determine if stolen and if stolen locate and interview owner" be adopted. An example would be DESTOLE.

Current practice or rule (include manual citation as well as facts) Current practice among SA's working 26 type cases is to use the above statement or one similar at the end of a TT or airtel in setting forth a lead on a possible stolen car.

Advantages of suggestion

Since almost every ITSM case involves the sending of an airtel or TT the above suggestion would eliminate the typing of thousands of words per year throughout the FBI by our stenos. In addition there would probably be a material savings in money by eliminating such phraseology in teletypes.

Disadvantages of suggestion

The writer knows of no disadvantage to such a suggestion.

Dear Mr. Gunderson:

Thank you very much for your suggestion which was received at the Bureau on June 6, 1958, concerning the use of a form for maintaining a record of stop notices. You will be interested to know that similar proposals have been previously considered and the Bureau concluded that they should not be adopted due to certain disadvantages which were noted.

Although your suggestion is not being placed into effect in this instance, I do want to take this opportunity to express my appreciation for the interest which prompted you to submit your observations.

NOTE: SA Gunderson proposes the use of a form for recording stop notices. He proposes that the form be maintained as a "floating serial" to contain pertinent data concerning the stops, such as date stop placed, with whom, by which field division, the serial number of the correspondence in which the stop is reflected. Suggester states that information concerning the stop could be easily found without the necessity of reviewing the file to determine this information.

NOTE: (continued)

Similar suggestions (#476-57, 493-57 and 613-58) were previously considered and not adopted. Memorandum Q. Tamm to Mr. Tolson dated 4/18/57, re Suggestion #476-57, which proposed that a form be used to supplement present regulations concerning placing, maintaining and removing stop notices, noted that present procedure of handling stops has worked satisfactorily. There is no real burden in reviewing files for outstanding stops as a file contains not more than 10 serials on the average. Agents are required, in closing a file, to review the file completely and among other things cancel all outstanding stops. The Bureau has been opposed to floating serials because each time a serial is added to the file, the floating serial must be removed, the new serial inserted and the floating serial again placed in file. SUGGESTION It is suggested a new form be adopted. This form would be used by the office of origin and placed on top of all serials in a file in which stops are placed. It would not be serialized but used in the same manner as present form FD 237 is now used in informant files.

This form would be used by the office of origin to control stops placed by all offices concerning a given case.

When a stop was placed by an auxiliary office the auxiliary office would notify the office of origin. The supervisor of the office of origin would make appropriate notations on this form (date placed, with whom, by which field division, serial where stop located, etc.)

When a stop was no longer necessary the supervisor of the OO could look at this form and determine immediately what offices should be notified. (continued)

Current practice or rule (Include manual citation as well as facts) When an auxiliary office places a stop the OO is notified to advise this office when the stop is no longer needed. The communication advising the OO of the stop is placed in the OO file. Sometimes, (continued)

Advantages of suggestion Stops placed for a given case would be available to the OO at all times thus eliminating a file review for this information. Control of all stops placed would be improved considerably.

Disadvantages of suggestion

The writer knows of no disadvantage to such a suggestion.

SUGGESTION, Con't.

This form could also be used for stops placed by the OO within its own division. It would act as a double-check against the present "stop card box" system now used for stops placed within a field division.

CURRENT PRACTICE OR RULE, Con't

when the file is several volumes thick this correspondence becomes "buried." A complete file review is necessary by the OO to locate one or all stops placed by an auxiliary office.

For stops placed within a field division a stop card is made and placed in a stop card box only in that division where the stop is placed.

RECOMMENDATIONS AND COMMENTS OF DIVISION HEAD

Since the Bureau already has a system concerning stops, if operated the way it should operate, there should be no necessity for the suggestion as made by SA GUNDERSON. A file review is normally necessary by origin in any event to make certain all auxiliary offices are notified of the subject's apprehension or dismissal of process, etc., etc. A tickler is maintained in auxiliary offices to review all stops from time to time. When this review is made, inquiry can be made as to the necessity of a stop if a question arises as to whether that stop has been overlooked by origin. In summary, therefore, I do not see the necessity for this additional form or administrative device; however, the suggestion is being brought to the attention of the Bureau for its consideration.

SAC BURTON: SA GUNDERSON is assigned to headquarters city. He handles security work, largely organizational and is an approved relief supervisor. He is relatively young in the Bureau but has progressed remarkably well. His attitude is excellent. He works hard and is sincere about advancing in the Bureau. I feel he definitely has the ability to so advance.

INSPECTOR JOHN F. MALONE: SA Gunderson, age 30, is married and has two children. He is a good looking young man, enthusiastic about his work and most anxious to advance in the Bureau. He handles a fair share of the work in the office and shares equitably in the overtime. His attitude is excellent. On 3/17/58, SA Gunderson was censured in the case of [redacted]. He approved a communication dated 12/14/57 reflecting that prosecution had been declined but failed to have an auxiliary office notified.

SA Gunderson has been acting as a relief supervisor for approximately seven months.

While his interest and enthusiasm toward advancing is most commendable, it is believed that he should have additional field experience as a relief supervisor before being considered for a Seat of Government assignment.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

SA GUNDERSON makes an excellent appearance. He is 6' tall and weighs 164 pounds. He dresses neatly and gives the appearance of a successful young businessman. He has a very pleasing personality which enables him to get along very well with the public, with police officers and with other employees in this office. At the present time he is assigned mainly security matters, which he handles in an excellent fashion. He has a very good knowledge of the Bureau's security work and is interested in this field. He can handle any type of investigation, except accounting matters, regardless of their complexity, with very little supervision. He has had raid assignments, both as raid leader and participant. He functions quite well in this capacity. There is no limitation to his availability either for special or general assignment. There is no physical limitation effecting his work. He keeps himself in excellent shape.

SA GUNDERSON is a relief supervisor and fills in periodically on the desk of the Special Agent in Charge. I have noted his work in this regard and found him to be an intelligent, careful and meticulous supervisor.

He has participated in the Bureau's suggestion program and has submitted two suggestions during the rating period. These suggestions indicate a good knowledge of the Bureau's work and an excellent attitude in attempting to suggest means of greater efficiency.

Under date of 7/30/58 the Director commended Agents in this office who participated in the investigation and apprehension of [redacted] subject of a Unlawful Flight to Avoid Custody - Highway Robbery case. It was stated that the smooth and effective discharge of this operation can be ascribed to the competent manner in which each man carried out his individual assignment. SA GUNDERSON participated in this investigation and apprehension.

IN-SERVICE TRAINING
CALENDAR YEAR 1959

Re airtel dated 11/1/58 to All Field Offices.

There is not yet hereafter information and justification concerning specialized training recommended for Agents from this office who are due for In-Service training during 1959.

SA THOMAS L. GUNDERSON

It is recommended that SA GUNDERSON be given Inspector's Aid training in conjunction with his In-Service training during the calendar year 1959. He has no physical restrictions which would limit his ability to handle any assignments, special or general. He has not been subject to severe administrative action in the recent past, however, it is noted that by letter of March 17, 1958 he was censured for delinquencies in two Interstate Transportation of Stolen Motor Vehicle cases while he was serving in a supervisory capacity. These are taken into consideration in making this recommendation. SA GUNDERSON is mature and makes an excellent personal appearance. He is interested in receiving and using the training recommended. He is capable of appearing before groups and representing the Bureau. At the present time he spends the majority of his time handling security cases. In addition he spends some time as a relief supervisor on the SAC and ASAC desks. He is above average and is interested and available for administrative advancement. He has been recommended for such advancement. He is available for special and general assignment anywhere. He offers excellent potential for and is interested in further progress in the Bureau.

SA MAURICE J. KELLY

RE: IN-SERVICE TRAINING

training in 1959. This man has no physical restrictions limiting his ability to function on any Bureau assignment. It is noted that he has worn glasses since 1944 and on the date of his last physical examination, September 24, 1958, his right eye was 20/30 and his left eye was 20/40. These both have been corrected to 20/20 with glasses. He has not been subjected to severe administrative action in the recent past. He is mature and makes a very good appearance. He is interested in receiving and using this training. He is capable of appearing before groups and it is believed would make a good instructor. He has been in the Bureau since February 5, 1951 and has had a good well rounded experience. I have noted an above average ability in contacting police and law enforcement officers. SA KELLY has had sound training at the Bureau in May-June, 1958 and handles any sound work necessary in this office. In addition, he has been able to aid the radio men on occasion, inasmuch as he is qualified in this area. I also have had occasion to observe him lecturing to Agents in our regularly scheduled conferences. In these he has handled himself very well. I feel that he would make a very good Police Instructor.

SA EUGENE C. PETERSON

It is recommended that SA PETERSON receive Inspector's Aid training in conjunction with his regularly scheduled In-Service training during the fiscal year 1959. SA PETERSON has no physical restrictions which would limit him in any Bureau assignment. He has not been subject to severe administrative action in the recent past. He is mature, makes an excellent appearance and is interested in receiving the training recommended. He is thoroughly capable of appearing before groups as a speaker or as an instructor. He has had a well rounded background of Bureau experience. He is above average in all aspects of current Bureau standards and has a good Bureau record. He is interested in and available for administrative advancement and it has been recommended that he be considered for such advancement. He is available for special and general assignment anywhere the Bureau wants to utilize his talents. He is an excellent potential for and is interested in further progress in the Bureau.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
- E Excellent.
- ✓ Satisfactory (good or very good).
- Unsatisfactory.
- 0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

PART I - GENERAL COMMENTS

SA GUNDERSON makes an excellent appearance. He is tall, well built and dresses neatly and conservatively. He gives the appearance of a successful young professional man. He has an excellent personality which is effective in his contacts with the public, law enforcement officers and fellow employees. He has the ability to handle complicated investigative matters (except accounting) with a minimum of supervision. During the rating period he has participated in raids, arrests and other dangerous assignments, both as a raid leader and as a participant. As a raid leader he functioned very capably. There is no limitation on his availability either general or specific and there are no physical limitations effecting his performance.

Under date of July ³⁰, 1958, the Director commended agents of this Division who participated so ably in the investigation and apprehension of [redacted] subject of an Unlawful Flight to Avoid Custody - Highway Robbery case. SA GUNDERSON was one of these Agents.

b6
b7c

Under date of August 14, 1958, the Director commended this office for the accomplishment of having no delinquency in investigative matters for the month of July, 1958. SA GUNDERSON aided in this accomplishment. It is noteworthy also that this office had no delinquency in investigative matters for the months of January and February, 1959. SA GUNDERSON aided in this accomplishment.

Under date of June 10, 1958 SA GUNDERSON was thanked by the Director for suggestions which he submitted proposing changes, which, in his opinion, would aid Bureau procedures.

During the rating period SA GUNDERSON's assignments have been, for the most part, in the security field. However, he is relief supervisor and acted in this capacity on both the SAC and ASAC desk. His over-all performance during the rating period has been excellent.

RE: SA THEODORE L. GUNDERSON

SA GUNDERSON is very ambitious to progress in Bureau service. He is intelligent, an extremely hard worker and is loyal to the Director. He welcomes additional responsibility, is gaining in stature, experience and maturity and appears to be the type which should advance rapidly from an administrative and executive standpoint in the Bureau.

PART II - SPECIFIC COMMENTS

1. Justification for Any Minus Ratings Given N.A.
2. Experience and Ability as Inspector's Aide N.A.
3. Participation in Informant Programs

At the present time this man has one security informant and one potential security informant assigned to him. These he has developed and is working very capably. He is thoroughly cognizant of a hard hitting productive informant program and takes every opportunity to attempt to develop the same. (u)

4. Testifying Experience and Ability

During the rating period SA GUNDERSON worked almost exclusively in security work. Hence, there was no opportunity for him to testify as a witness before Federal judicial bodies. However, in the past he has testified in U. S. District Court, before the Grand Jury and the U. S. Commissioner on a number of occasions. In view of his intelligence, his ability to assert himself, I feel sure that he would be an excellent witness.

Mr. Theodore L. Gunderson
Federal Bureau of Investigation

Dear Mr. Gunderson:

XEROX
JUL 9 1979

Thank you very much for the three suggestions which you submitted regarding report writing procedures, one dated May 5, 1959, and two dated May 6, 1959.

With regard to your suggestion recommending that a letter be used instead of a report in certain cases involving a violation of the Interstate Transportation of Stolen Motor Vehicle Statute, the Bureau desires that a report be submitted to assure a more detailed record and for purposes of supervision.

Concerning your idea that Laboratory reports be sent to the field offices in sufficient quantity for inclusion in reports, the Bureau previously gave careful consideration to the same idea and concluded that it should not be adopted in view of the disadvantages which were noted. As the same objections apply to your suggestion, favorable action is not being taken on this idea.

Your other suggestion proposing that additional material be included in the appendix of certain reports is being studied and you will be further advised in the event it is adopted. Your thoughtfulness in submitting these ideas for consideration is very much appreciated.

Sincerely yours,

J. Edgar Hoover

NOTE: SA Gunderson suggests that in routine Unknown Subject cases involving ITSMV, the office of origin submit a letter to Bureau instead of a report, giving brief facts and statistics. This would be undesirable practice since this is a violation where Bureau wants detailed records and reports also afford better chance to supervise investigations. SA Gunderson also proposes that 10 copies of all Laboratory reports be furnished to requesting office so they can be used as inserts in reports. This idea has been considered previously and rejected (Suggestion #1187-59) because it usually is not possible to tell in advance how many copies of Laboratory report would be needed and present rules require setting out verbatim only pertinent parts of such reports. Suggested procedure would be wasteful and inefficient. SA Gunderson's third idea is that characterizations of individuals necessary in certain reports be set out in the appendix as is done with characterizations of organizations and publications. This idea being considered by Domestic Intelligence Division.

**SUGGESTION #1217-59
SUBMITTED BY SA THEODORE L. GUNDERSON
ALBUQUERQUE OFFICE**

SUGGESTION: In applicant and security-type reports, suggested that characterization of individuals not be set forth in details of report but be attached to report as an appendix. Further suggested that T symbols not be used, but that sources of information be referred to as "confidential sources."

PRESENT PROCEDURE: Characterization of an individual is set forth in details of report. Characterization of organizations and publications are set forth as an appendix to the report.

ADVANTAGES STATED: Save time in preparing report by eliminating necessity of showing T symbols. SA Gunderson also feels the suggestion would establish continuity in reading reports.

OBSERVATIONS: SAC, J. H. Williams, Albuquerque, recommends favorably.

Domestic Intelligence and Training and Inspection Divisions recommend unfavorably. Characterization of individuals would normally not consist of more than 2 or 3 lines in a report. Characterization of organizations and publications are much more lengthy and offices are permitted to type this information on stencil and run off supply of copies for use whenever needed. A copy of the characterization is attached to the report as an appendix when the organization or publication is mentioned in the report. To adopt this procedure to apply to individuals would tend to detract from the reading and digesting of the report if the reader was constantly referred to the appendix section for information.

Further, Gunderson's idea of eliminating use of T symbols does not appear to be of any advantage as the identities of the sources of information would have to be set forth in the cover pages of the report and further identified with the specific individual concerning whom he furnished information.

RECOMMENDATION: That suggestion not be adopted. No further action necessary as SA Gunderson has been thanked for his suggestion.

SUGGESTION
When the subject is not identified in a routine 26-type case and all logical investigation is conducted, it is suggested the Office of Origin submit a letter, instead of a report, to the Bureau marked "Attention: Statistics Section." This letter would give a brief summary of the facts involved in the case. The following is an example of such a letter: "1958 Ford, MN 58KC85649A, 1959 Texas license L/M 1425 stolen Dallas, Texas, 4/19/59, recovered by the Albuquerque Police Department, Albuquerque, N.M., on 4/25/59, in running condition. Auto examined by Bureau Agents, no pertinent evidence located. MN not changed. All logical investigation conducted. No suspects developed."
(continued next page)

Current practice or rule (include manual citation as well as facts)
The Office of Origin to submit a closing report setting forth the complete facts of the case including investigation conducted by the auxiliary offices (M of I, II-60-2)

Advantages of suggestion and annual savings (include basis for estimate)
This suggestion would eliminate assembling and submitting thousands of reports to the Bureau each year. It would save Bureau stenographers many hours of work. It would help eliminate a possible storage problem at the Bureau.

The writer is unable to estimate the annual savings.

Disadvantages of suggestion
There are no disadvantages since these reports are normally read at the Bureau on a selective supervision basis.

Recommendations and comments of Division Head
The principal purpose of closing reports in this type of 26 case is to record the statistics. This can be done as readily by the form noted in this suggestion. For clarity it could be marked statistics to flag it for Bureau attention. Proper field supervision plus periodic inspection checks should provide adequate safeguard (next page)

FD 302's and SF 64's would still be utilized, but not furnished to the Bureau. If the subject was later identified, a report could then be assembled. Of course, any unusual circumstances would necessitate a report.

RECOMMENDATIONS AND COMMENTS OF DIVISION HEAD:

against inadequate investigation. Suggestion has distinct merit. Recommend adopting it.

SUGGESTION

It is suggested the FBI Laboratory report form be revised and after completion of requested examination, ten copies of this report be submitted to the Field Division so it can be inserted directly into investigative reports. If more than ten copies are needed, the Field Division would then reproduce the report.

Current practice or rule (include manual citation as well as facts)

Pertinent information from FBI Laboratory reports are reproduced by the Field Division "verbatim" for inclusion in investigative reports (Manual of Rules and Regulations, Sec. 4, 2b(9)(b))

Advantages of suggestion and annual savings (include basis for estimate)

This suggestion would eliminate reproducing Laboratory reports by the Field Division. It would eliminate a large volume of unnecessary typing by Bureau stenographers.

The writer is unable to estimate the annual savings.

Disadvantages of suggestion

The writer recognizes no disadvantages to this suggestion.

RECOMMENDATIONS AND COMMENTS OF DIVISION HEAD

Such reporting procedure as suggested falls into the same category as the present use of FD 302's and SF 64's. Since the report must be prepared in the Laboratory anyway, its preparation for reporting and inclusion of additional copies suitable for inclusion in a report would create no additional work for Bureau personnel and would save much field stenographic transcription time. It would also promote uniformity by having these inserts supplied in final form by the employees doing the work and by the employees who probably would testify in court. Although the suggestion involves revision of the form on which the Laboratory report is submitted, it has definite advantages. Recommend its adoption.

It is suggested in applicant and security reports that documentations of individuals be placed in alphabetical order on the appendix page. It is further suggested T symbols not be used in these documentations but the concealed sources be referred to as "a confidential source." The identity of the source would be set forth in the cover page to the report. When an individual is mentioned in the details of a report, a notation such as "See appendix page for characterization of [redacted] could be used.

Advantages of suggestion and annual savings (include basis for estimate)
This suggestion would establish and maintain continuity in the reading of these reports. All information contained in the details would refer specifically to the subject. T symbols are unnecessary in documentations since the confidential sources furnish information concerning an associate of the subject and not the subject. This suggestion would eliminate the use of these T symbols. By eliminating these T symbols, reports would be easier to prepare, particularly long reports. They would be easier to dictate, type, proof-read and correct. The writer is unable to estimate the annual savings.

Disadvantages of suggestion
The writer recognizes no disadvantages to this suggestion.

SUBJECT: THEODORE LEE GUNDERSON
 Special Agent
 Relief Supervisor
 Albuquerque Office
 EOD 12-10-51; GS-12, \$8330
 Non-Veteran; Not in Reserve
 Not On Probation

The following is a brief, concise summary of SA Gunderson's record for the Director's use. He reported for the Administrative School for a period of twelve days which commenced today, 10-12-59.

SA Gunderson entered on duty 12-10-51 and was assigned to the Mobile Office. On 5-27-52 his headquarters were fixed at Union Springs, Alabama and on 12-14-53 he was transferred to Knoxville. He served in the New York Office from 8-27-54 until his transfer to Albuquerque on 3-22-56, his present office of assignment. On 6-12-57 he was approved as a Relief Supervisor. He presently is in grade GS-12, which promotion he received on 10-19-58, and is receiving \$8330 per annum.

He is 30 years old, married and has three children. He holds a Bachelor of Science Degree from the University of Nebraska.

Memorandum dated 9-8-55 from Mr. Clayton reflects that he had requested to see the Director so that he could pay his respects and let the Director know that he intended to make the Bureau his career and that he was proud of the fact that he was a Special Agent of the FBI. By letter of 9-6-55 the Director expressed his regrets for not being able to see him while he was attending In-Service training. He also indicated that he was interested in advancing along administrative lines and would appreciate an opportunity to receive Inspector's Aide training. By memorandum of 12-9-58 his SAC recommended him favorably for Inspector's Aide training during his next in-service. It is to be noted that SA Gunderson is to be held over for such training 10/23 and 24/59.

During his career he has received three letters of Censure, they are: 6-5-56 wherein a material discrepancy existed between the details and synopsis of facts of a report in an Atomic Energy Act - Employee case; 6-29-56 inasmuch as four Atomic Energy Act - Employee cases which were reassigned to him on 4-2-56, wherein he failed to promptly observe that appropriate investigative leads for the Los Alamos Resident Agency had not been set out and, 3-17-58 since the attention of the Inspector was directed during a recent inspection to delinquencies chargeable to him in Interstate Transportation of Stden Motor Vehicle cases while he was serving in a supervisory capacity.

He has received three letters of Commendation, they are: 2-20-57 in view of the excellent results which had been realized in connection with the operation on 2-2-57, concerning a confidential matter; 5-29-57 in view of the fact that of the three suggestions he submitted on 5-1-57 the Bureau concluded that two of them should not be adopted, but had acted favorably on the third which concerned the Atomic Energy Commission's personnel security questionnaire. This questionnaire would be revised to include the information he suggested and was scheduled for printing in November, 1957, and, on 7-28-58, through ASAC Gebhardt, for his participation in the investigation and apprehension of [redacted] b6 [redacted] subject of an Unlawful Flight to Avoid Custody-Highway Robb b7C case. He also has received three letters expressing Appreciation for suggestions he submitted. These letters are dated 6-10-58, 6-12-58 and 5-21-59. In this latter instance, of the three suggestions he submitted, two were not adopted, but the third which proposed that additional material be included in the appendix of certain reports was still being studied at that time. (This suggestion was subsequently not adopted.)

He was rated Excellent on his 1957, 1958 and 1959 annual performance reports. On 3-31-59 SAC J. H. Williams stated he made an excellent appearance, had an excellent personality and was effective in his contacts. He had the ability to handle complicated investigative matters with a minimum of supervision. During this rating period his assignments had been, for the most part, in the security field. He was a Relief Supervisor and had acted in this capacity on both the SAC and ASAC's desks. He was very ambitious to progress in the Bureau, was intelligent, an extremely hard worker and was loyal. He welcomed additional responsibility was gaining in stature, experience and maturity and appeared to be the type which should advance rapidly from an administrative and executive standpoint. At present he had one Security Informant and One Potential Security Informant assigned to him. He was completely available for and interested in administrative advancement. It was felt that he was completely qualified, taking into account his experience, ability, personality and appearance. He had an excellent attitude toward his work, was ambitious and thoroughly loyal. He was the type which very well represented the Bureau as an ASAC or SAC.

His daily average overtime for the past six month period was reflected as follows: April, 1959, 2 hours 8 minutes; May 2 hours; June 2 hours 25 minutes; July 2 hours 37 minutes; August 2 hours 56 minutes and September 2 hours 24 minutes.

Since 1-19-59 he has Phoenix and Albuquerque listed as his offices of preference.

SA Gunderson of the Albuquerque Field Division was interviewed by the Screening Committee on October 21, 1959, for the purpose of determining his administrative qualifications. The Committee consisted of W. S. Tavel, H. L. Edwards, and W. C. Sullivan. The Committee concluded that Mr. Gunderson does have the necessary qualifications for administrative advancement.

Mr. Gunderson makes an excellent personal appearance. He is tall, with clean-cut features and an athletic build. He is within the desirable weight limits. He dresses well and showed fine poise and posture and tact. He informed the Committee that his health today is excellent although at one time in the past he did have some trouble with asthma. He stated this has now left him completely.

Mr. Gunderson's personality is marked by intelligence, alertness, forcefulness, confidence, ambition, tact, loyalty, and industry. He informed the Committee that he is extremely anxious to advance administratively. Mr. Gunderson said he has no personal or family problems which would in any way interfere with his being placed in constant travel status or being assigned to any administrative post. Mr. Gunderson displayed a marked confidence in his ability to handle administrative work. He predicated his confidence on education, general background, and varied experiences in the Bureau. He now serves as a relief supervisor in the Albuquerque Office and said he likes this work and has been able to gain quite a bit of useful experience while so serving. Prior to coming into the Bureau he won an oratorical contest and states he would like very much to represent the Bureau in speaking or lecturing assignments. He also likes contact work and has done some of the general nature in the field and believes he was effective in this type of work.

Memorandum to Mr. Mohr
Re: SA Theodore Lee Gunderson

Mr. Gunderson made it very clear to the Committee that the Bureau is his career and he is especially anxious to advance administratively to get started in this direction as soon as it is possible for him to do so in accordance with the needs of the Bureau.

Mr. Gunderson was interviewed by the Director on October 13, 1959. The Director said that he makes an excellent personal appearance and seems interested in his work; and, further, the Director rated him above average. The Director said he believes this Agent has possibilities for advancement to greater responsibilities:

It is believed that because of this Agent's fine personal appearance, his strong interest in advancing administratively and his satisfactory record in the Bureau early consideration should be given to having him reassigned to the Seat of Government as a supervisor.

RECOMMENDATION:

That early consideration be given to reassigning SA Gunderson to the Seat of Government as a supervisor.

SAC WILLIAMS: Personnel write-up being submitted inasmuch as SA GUNDERSON has been involved in a substantive write-up.

He makes an excellent appearance, being tall, well built, neatly dressed and of easy manner. He has the ability to handle complicated investigative matters (except accounting) with a minimum of supervision. During the rating period he has been handling mainly security investigations. A good part of his time has been spent on both the SAC and ASAC desks as a relief supervisor. He is thoroughly capable of participating in raids, arrests and other dangerous assignments, both as a leader and as a participant. There is no limitation on his availability and no physical limitation effecting his performance. His over-all performance has been excellent.

Under date of May 21, 1959, the Director thanked him for three suggestions which he had submitted on report writing procedures.

Under date of August 17, 1959, this office was commended for various suggestions advanced during a seminar held by Inspector WILLIAM C. SULLIVAN. SA GUNDERSON contributed to these suggestions.

Rating: Excellent

INSPECTOR J. E. McMAHON:
(11-2-59)

SA Gunderson is 30 years of age, married and has three children. He exhibits a very straightforward and businesslike

manner and makes a very good impression. He has been at Albuquerque, his fourth office of assignment, since March, 1956. At the time he was assigned to Albuquerque he suffered from an asthmatic condition but he states he has not suffered any recurrence since 1956 and is completely available for any assignment. He has been a relief supervisor for over

two years and is definitely interested in administrative advancement in the Bureau's service. During the inspection, SA Gunderson was involved in two substantive case write-ups. In the case entitled "[redacted] aka., et al, Crime on Government Reservation - Burglary," Bufile 70-29880, Albuquerque file 70-1132; SA Gunderson, as relief supervisor on desk of ASAC Oliver T. Mansfield, approved a report prepared by SA Allen F. Rust dated 6-4-59 which contained the results of 8 interviews with potential witnesses or suspects. The results of the 8 interviews were recorded on the proper forms (SF-64 or FD-302). The interviews were conducted on 4-6, 7, and 8-59. All 8 interviews were dictated (rough drafted) on 4-10-59 but the date of transcription for all 8 interviews was 6-1-59, a lapse of 52 days between the date of dictation (rough draft) and the date of transcription. SA Gunderson stated he recalled the above derelictions on the part of SA Rust and informed SA Rust that in the future there should be no delays in submitting the results of interviews. SA Gunderson stated that these delinquencies could not be corrected by him, as relief supervisor, and he therefore approved SA Rust's report. SA Gunderson should have secured an explanation from SA Rust but he neglected to do so. In the case entitled "Unknown Subjects; 1953 Ford Tudor, [redacted] 1959 Texas license [redacted], ITSMV," Albuquerque file 26-8028, SA Gunderson, as relief supervisor on the desk of ASAC Oliver T. Mansfield, approved an outgoing airtel dated 7-13-59 which was prepared by SA [redacted] and which contained leads to contact the owner of the stolen car and verify the theft. This outgoing airtel was sent out 18 days after the receipt of a complaint on 6-25-59 from the Hobbs, New Mexico, Police Department, reporting the location of the abandoned car. This airtel was the first communication in the case and was the basis for opening a new case file. SA Gunderson stated he had no knowledge of the case until he approved the outgoing airtel dated 7-13-59 at which time he detected the delay, called it to the attention of SA [redacted] and determined that SA [redacted] had conducted the investigation promptly. SA Gunderson stated he did not obtain an explanation from SA [redacted] because there was no investigative delay and because the owner had prior knowledge of the recovery of his car as the owner's insurance company already arranged to recover the car. SA Gunderson should have secured an explanation from SA [redacted] for the above-described delay.

RECOMMENDATIONS:

1. It is recommended that a letter of censure be sent to SA Gunderson for his failure to take appropriate action with respect to the above-mentioned two

errors which he detected while acting as relief supervisor. If approved, Administrative Division will handle.

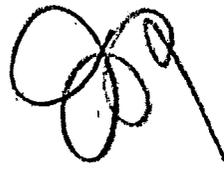

2. Recommendations concerning administrative action with respect to SAs Allen F. Rust, to whom the CGR-Burglary case was assigned, and [redacted] to whom the ITSMV case was assigned, are being handled separately.

b6

3. Explanations were not obtained from ASAC Oliver T. Mansfield who supervises cases in the CGR and ITSMV categories inasmuch as he did not approve the pertinent communications in these cases. However, Mansfield has over-all supervisory responsibility for these cases. He should have instructed SA Gunderson as to the proper manner of handling errors detected while acting as relief supervisor. Recommendations concerning administrative action with respect to ASAC Mansfield being held in abeyance and will be handled in connection with the inspection summary.

4. SOG supervisory responsibility with respect to the CGR-Burglary case being handled separately.

*No action
J. Mansfield
11/16*

5. There is no SOG supervisory responsibility with respect to the ITSMV case as the errors mentioned above could only be detected by a review of the field office file.

INSPECTOR JAMES E. McMAHON: This is a pending case, Albuquerque office of origin, opened and assigned to SA [redacted] and supervised by ASAC Oliver T. Mansfield.

b6

Investigation was initiated in this case on June 25, 1959, based on information furnished to SA [redacted] on June 25, 1959, by the Hobbs, New Mexico Police Department, to the effect that captioned automobile was found abandoned in Hobbs, New Mexico, having been reported stolen at Del Rio, Texas, on April 12, 1959.

The car was examined on June 25, 1959, at which time certain items, including names and addresses possibly pertinent to the investigation, were located. Neighborhood inquiry and interview of police officer locating abandoned automobile was conducted on June 29, 1959 and June 30, 1959. Interview on June 30, 1959, with [redacted] dispatcher, Hobbs Police Department, reflected the vehicle was recovered by an insurance adjuster on June 26, 1959.

b6
b7C

A file was opened on this case on July 13, 1959, on the basis of an airtel dated July 13, 1959, reflecting results of investigation conducted on June 25, 29 and 30, 1959, and setting forth leads to San Antonio and Dallas concerning verification of theft, interview of owner and other pertinent interviews.

The airtel was approved by SA Theodore L. Gunderson, relief supervisor on the ASAC's desk.

Part II, Section A, 6A of the Manual of Rules and Regulations states, "The employee receiving the complaint must

complete Form FD 71 (complaint form) immediately. However, the preparation of the complaint form is not necessary in those instances in which immediately upon receipt of the complaint a teletype or airtel is sent out the same day . . ."

Concerning the handling of ITSMV cases, the Agent's Handbook, Part III, Chapter 44, page 113 sets forth in substance that it is the responsibility of the recovery office to see that the owner is notified immediately of the recovery and location of a stolen car.

Explanations are requested from the following:

SA

b6
b7c

1) Why he did not execute a complaint form setting forth the basis for a new case based on information received from the Hobbs Police Department on 6/25/59 concerning this abandoned stolen car,

2) Why there was a delay from June 25, 1959 to July 13, 1959 in setting forth leads to verify theft of this automobile and to locate and interview owner.

SA THEODORE L. GUNDERSON

Why he approved the outgoing airtel dated July 13, 1959, reflecting a delay of 18 days opening a new case without obtaining an explanation for this delay.

Comments of ASAC Oliver T. Mansfield and SAC John H. Williams requested.

[REDACTED]
(10/13/59)

1. It is my practice to execute a complaint form immediately upon receipt of information setting forth the basis for a new case in instances where an airtel or teletype is not immediately submitted. However, in this instance, the complaint indicated that Officer [REDACTED] had additional information including possible suspects. Consequently, it was felt additional investigation and an interview with [REDACTED] elaborating on the complaint, might identify the suspects and provide the basis for a comprehensive airtel. Examination of my daily reports reflects that this case received continuous attention but for an expedite kidnaping matter in Clovis, New Mexico, on June 26, 1959. Several unsuccessful attempts were made to locate [REDACTED] for interview but he was unavailable for interview until June 30, 1959. After [REDACTED] was contacted, to round out the original complaint and information to this point had failed to identify any suspects, an airtel was dictated and submitted that same afternoon. It was felt that the mail service afforded this airtel would bring the case to the attention of the office as quickly as a complaint form submitted at that time.

Similar matters will be watched closely to prevent any delay in notifying the office of the receipt of new cases.

2. As noted above, the opening airtel was dictated and mailed on June 30, 1959, after rounding out the original complaint. I did not prepare a faster communication because I was aware that the insurance company had made arrangements to come after the car on behalf of the owner, indicating the owner knew where the car was, and because recovery of the car occurred approximately 2½ months after the theft.

I realize the necessity of notifying owners promptly of the recovery and location of a stolen car and will redouble my efforts in this regard.

ASAC MANSFIELD:
(10/13/59)

Explanation of Relief Supervisor GUNDERSON, who initialed this communication on the desk, will be submitted upon his return from In-Service, approximately October 27, 1959.

In the future, efforts will be redoubled to prevent any repetition of instances such as this.

SAC WILLIAMS:
(10/13/59)

This will be closely followed.

SA GUNDERSON:
(10/27/59)

I had no knowledge of this case until 7/13/59, when I signed the initial outgoing airtel containing above noted error. It was immediately detected by me; however, this was the type of error which could not be corrected. I reviewed SA [] daily report and determined he had worked on this case 6/25, 26 and 29/59. His daily report of 6/30/59, reflected he dictated this airtel while in the resident agency on this day. b6
b7C

A stop was immediately placed for SA [] with the Albuquerque switchboard operator. When he called the office on 7/14/59, I discussed this case with him. This is substantiated by the telephone log of 7/14/59. It shows SA [] was contacted in connection with Albuquerque file 26-8028, instant case. SA [] explained the reason for this delay as is set forth in his explanation. b6
b7C

I didn't request a memo of explanation on 7/13/59, since a review of SA [] daily report indicated he had been conducting continuous investigation in this matter and I wanted to discuss it further before taking such action.

While talking to SA [] on 7/14/59, I learned the owner had already been notified (the insurance company picked up the automobile 6/26/59, the day after the case was referred to the agent.) For this reason and since the automobile had been abandoned 2½ months, I did not feel his actions affected the merits of the case. Furthermore, the Bureau had not been embarrassed due to any delay in notifying the owner. b6
b7C

SA [] was advised that in the future such delays could not be tolerated.

SA [] is an extremely sincere and conscientious first-office agent. I felt an oral reprimand was sufficient in this instance because of the type of man involved.

b6
b7c

It was obvious that he recognized his error. He informed me that in the future he would handle these matters more promptly.

INSPECTOR J. E. MC MAHON: This is a pending case, Albuquerque origin, opened April 6, 1959, and assigned to SA ALLEN F. RUST since its inception. It is supervised on ASAC OLIVER T. MANSFIELD's desk.

On the night of April 5, 1959 the contractor's office, Kirtland Air Force Base, New Mexico, was burglarized and a typewriter, check protector, dictaphone and box of office records were stolen. Subject RICO was arrested April 6, 1959, by the Albuquerque Police Department attempting to pass a forged check. RICO admitted the above burglary. An authorized complaint was filed on April 7, 1959 charging [redacted] with burglary on a government reservation. He was indicted by a Federal Grand Jury on August 24, 1959, and is awaiting trial.

b6
b7C

In connection with the investigation of this case the report of SA ALLEN F. RUST dated June 4, 1959, approved by Relief Supervisor THEODORE L. GUNDERSON includes the results of eight interviews with individuals who are potential witnesses or suspects. These interviews were reported on SF 64s and FD 302s. The name of the person interviewed, the date of interview, date of dictation and date of transcription are as follows:

Name	Date of Interview	Date of Dictation	Date of Transcription	Days Between Dictation & Transcription

Forms reflecting all of the above interviews were dictated by SA ALLEN F. RUST.

SAC letter, 57-63 (A), page two, paragraph three, dated November 5, 1957, states that "Common sense makes it clear the interview report forms and memoranda subject to production in court must be dictated as promptly as reasonably permitted by the circumstances of the investigation. Unnecessary delays in dictation might subject the Bureau to the charge of attempting to avoid production of documents through the delayed report." Same SAC letter, page two, paragraph one, states, "In the case of so-called rough drafts, the date on which the rough draft is prepared is the date of dictation." Manual of Rules and Regulations, Part II, Section 4C, paragraph thirteen, reflects, "Date of dictation must be within five

working days of the action." SAC letter 59-27 (H), page six, paragraph three, dated April 21, 1959, states that, "Some offices still are failing to realize that when an FD 302 or SF 64 has been rough drafted or put on a machine belt it becomes a part of the office dictation and must be off the books within five working days (excluding time necessary for mail to arrive at office from Resident Agencies)."

Chief Stenographer Mrs. [redacted] advised no records are now available to determine when the results of the above interviews were received in the stenographic pool for transcription or whether they were received in the form of rough drafts, on a machine belt, or as dictation. Inasmuch as there has been no stenographic delinquency during the past year, Mrs. [redacted] stated she believes they were submitted in rough draft form or on machine belts. A check of the office records showed no stenographic delinquency since the last inspection.

b6

EXPLANATIONS

SA ALLEN F. RUST is requested to explain reasons for delay between the dates of dictation and dates of transcription on all of the above listed forms.

Relief Supervisor THEODORE L. GUNDERSON is requested to explain the reason for failing to detect the above delinquencies.

Comments of ASAC OLIVER T. MANSFIELD and SAC JOHN H. WILLIAMS are requested.

SA RUST:
(10/14/59)

All of the SF 64's and FD 302's listed above were rough drafted by me within three days of receiving the information. It was my interpretation of the regulation set out in SAC Letter 57-63 (A) that to record by rough drafting or dictating promptly after interviews complied with Bureau instructions. Any lack of compliance on my part was strictly unintentional. I did not turn in these rough drafts for transcription since this was quite an active case and the typed rough drafts I intended to utilize during the succeeding investigation.

SAC Letter 59-27 (H) sets forth the regulation that rough drafts must be turned in and be off the stenographers' books within five days. This was brought to my attention at a conference shortly after its receipt by this office. At this time I was aware that the rough drafts in my possession should be transcribed, but I was nearly ready to dictate a report except for a few remaining leads which I expected to complete right away and include in the report. One of these leads was to reinterview subject [redacted] in a last attempt to recover the stolen property. It was not possible to get to Santa Fe, where the subject had been transferred, during this week because of the press of other work, (88-979, an I.O. case, and 52-1083, another fugitive case). During this time, however, other leads were covered, (May 1 - 7, 1959). I was assigned to a Police Firearms School in Farmington from May 12 - 15, 1959, and that took care of practically one week, during which time [redacted] was returned to Albuquerque by the United States Marshal. [redacted] was interviewed on May 18, 1959.

b6
b7c

Immediately thereafter, I undertook to assemble and prepare material for dictation of a report, but was delayed by necessary investigation in an active (46-511) case during May 21 - 27, 1959, and a Firearms School on May 28, 1959. The report was finally dictated on May 29, 1959, at which time the rough drafts in my possession were given to the stenographer.

There was no intentional failure to comply with Bureau regulations. It is noted that this shortcoming has not occurred since. I am well aware of the Bureau regulation involved and this shall not happen again. It is noted that the delay on my part did not embarrass the Bureau nor did it effect the outcome of the case. Subject [] on October 2, 1959, changed his plea to guilty and was sentenced to four years, on the same date, in United States District Court at Albuquerque.

ASAC MANSFIELD:
(10/14/59)

SA GUNDERSON, who approved instant report, is at a Specialized In-Service. His explanation will be submitted on his return on October 27, 1959.

The matter of proper dictation and transcription of FD 302's and SF 64's has been repeatedly called to the attention of all personnel. The matter will be afforded even closer attention in the future.

SAC WILLIAMS:
(10/14/59)

This matter will be followed closely to prevent recurrence.

SA GUNDERSON:
(10/27/59)

I specifically recall reading report of SA ALLEN F. RUST dated June 4, 1959. It was lengthy, and since it contained several errors, was returned to him for corrections. I recall the delinquencies described above; however, these were the type of errors which could not be corrected. All delinquencies noted by me were called to the attention of SA RUST. Where possible, these errors were corrected.

In discussing this case with SA RUST, he was informed that in the future there should be no delay in submitting and transcribing FD-302's and SF-64's.

SA GUNDERSON assisted me in the inspection of the El Paso Office from 1/11/60 to 1/21/60, and in the inspection of the Denver Office from 1/21/60 to 2/4/60. This was his first inspection assignment.

During both inspections, SA GUNDERSON conducted Fugitive Deadline Surveys, and also analyzed missed applicant deadlines and the FBI applicant recruiting program. He participated in the file reviews and handled various administrative assignments. His work in these categories was conscientious and indicated a good deal of imagination. As a specific example of this latter point, SA GUNDERSON contributed a total of five suggestion memoranda during the two inspections.

SA GUNDERSON's paper work was well planned and clearly written, and he thoroughly researched problems throughout the entire assignment. He exhibits a high degree of enthusiasm and appears genuinely interested in doing the best job possible.

SA GUNDERSON is a very personable, well-built man, who dresses neatly at all times. He is a relief supervisor in Albuquerque and is completely available. He is interested in administrative advancement and it is felt that his potential is excellent and will be further enhanced by additional experience as an aide.

Mr. Rosen has indicated that a replacement will be necessary for SA who was transferred to New York. was assigned to the Deserter Desk with one other supervisor. The case load on this desk was 1223 cases and apprehensions on the desk increased from 1880 during six-month period ending 6-30-59 to 2081 during six months ending 12-31-59.

I feel SA Gunderson would be an excellent choice for this assignment. He entered on duty 12-10-51. He is in grade GS-12, \$8330, 31 years old, married with three children and has a Bachelor of Science Degree. He has served in several field offices and has not been censured since March, 1958. He has been commended several times, attended the Administrative School in October, 1959, and on 10-13-59 the Director stated that Gunderson made an excellent personal appearance, rated him above average and thought that he had possibilities for advancement to greater responsibilities. He was interviewed by the Screening Committee which recommended he be given early consideration for assignment to the Seat of Government. He was transferred to Albuquerque in 1956 due to an asthmatic condition but Gunderson advised the Screening Committee that this condition has completely cleared up and his physical examination in December, 1959, does not reflect any difficulty in this regard. He is within desirable weight limits. He assisted on two inspections in January and February, 1960, and the Inspector noted he was conscientious and indicated a good deal of imagination, his paper work was carefully planned and well written and Inspector thought his potential for administrative advancement was excellent.

RECOMMENDATION:

That SA Gunderson be transferred to the Investigative Division at no change in grade or salary.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

PART I - GENERAL COMMENTS

ALL INFORMATION CONTAINED

EXCEPT WHERE SHOWN
OTHERWISE

SA GUNDERSON makes an excellent appearance. He is tall, well built and dresses neatly and conservatively. He has an excellent personality and gets along well with the public, law enforcement officers and fellow employees. He can handle complicated investigations (except accounting) with a minimum of supervision. He can participate in raids, arrests and dangerous assignments, both as a leader and as a participant. There is no limitation on his availability either general or specific and no physical limitation effecting his performance.

Under date of August 17, 1959, the Director commended this office for suggestions advanced during a seminar which was held by Inspector WILLIAM C. SULLIVAN. SA GUNDERSON participated in this.

This man's voluntary overtime for December, 1959 was 2 hrs. 20 minutes per day; for January, 1960 it was 4 hours 44 minutes per day and for February, 1960 it was 2 hours 24 minutes per day.

During the rating period he has handled a road trip out of headquarters which encompassed investigations of all types, mainly criminal. In addition, he was a relief supervisor which job he handled in an excellent fashion.

His over-all performance was excellent.

This man is very ambitious, intelligent, hard working and loyal to the Bureau. He welcomes additional responsibility and is rapidly gaining in stature and maturity.

During the rating period SA GUNDERSON submitted three suggestions for improving Bureau efficiency. Under date of May 21, 1959 he received a letter from the Director thanking him for these suggestions.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee Theodore L. Gunderson Title Special Agent
 Rating Period: from 3/22/60 to 6/10/60

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
+ Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

Dear Mr. Rosen:

I want to commend, through you, the Special Agents of the Investigative Division who so capably conducted the tours of the FBI for members and guests of the American Bar Association during its annual meeting.

These agents did an outstanding job in conducting these tours. The many commendatory remarks received clearly indicate that their enthusiastic and skillful efforts resulted in our guests having a more personal glimpse into our operations and reflected most favorably upon the Bureau. Please convey my sincere thanks to all who assisted.

Dear Mr. Gunderson:

I am indeed pleased to commend you for the outstanding attitude you exhibited in reporting for duty today despite the extremely hazardous travel conditions.

You demonstrated a most exemplary devotion to the work of the FBI in considering your services so essential that, in spite of an announcement that all Federal Government agencies would be closed, you reported for duty. I certainly appreciate your dedicated efforts and I want you to know I have instructed that a copy of this letter be placed in your personnel file.

SA Gunderson has been in grade GS-12 since 10-19-58, he has been assigned to the Seat of Government as a Supervisor since 3-22-60 and is eligible to be considered for promotion to GS-13. His file has been carefully reviewed and it is noted that he was CENSURED on 6-5-56, inasmuch as he submitted a report which contained a discrepancy between the synopsis and the details; on 6-29-56, for his failure to observe that leads were not set out; on 3-17-58, for his failure to initiate an investigation; and 3-21-61, for failure to take proper action to call the attention of his superiors to information which had been submitted by the Houston Office regarding allegations of corruption on the part of certain public officials within that division. He was COMMENDED on 5 occasions.

His record, otherwise does not appear sufficient to offset the administrative action taken against him.

RECOMMENDATION:

That SA Gunderson be reconsidered for promotion to GS-13 in July, 1961.

UNITED STATES GOVERNMENT

Memorandum

TO : Mr. Parsons

DATE: 3/16/61

FROM : C. A. Evans

SUBJECT: CORRUPTION AT BEAUMONT, TEXAS

PURPOSE

Theodore L. Gunderson

This is submitted to furnish details concerning the handling of information with respect to the vice probe currently being conducted in Beaumont, Jefferson County, Texas.

DETAILS

The Houston Division on 12/22/60 submitted a letter reviewing vice conditions in the Beaumont - Port Arthur, Texas, area and advised that the House General Investigating Committee, Texas Legislature, was conducting hearings with respect to this situation as of that time. In that same communication Houston advised that Internal Revenue Service (IRS) in Beaumont was conducting an investigation concerning the alleged payoffs in this area. Houston informed the Bureau that all-out efforts were being expended from that division to remain on top of the situation.

On 1/12/61 the Houston Division advised of additional progress concerning these hearings which included allegations that numerous police officers and public officials who were responsible for enforcement of the laws in this area had received excessive amounts of money from unidentified sources which most of them claimed were anonymous campaign contributions. Houston advised that they were continuing to follow this situation in order to be fully advised of all developments, and have regularly advised Bureau of developments in February and March.

As indicated above, IRS was actively investigating this situation. In addition, Houston has advised that IRS Agents were present during the hearings concerning the receipt of alleged graft payments by public officials. Since IRS was fully cognizant of this situation on a local level, no dissemination was made at the Seat of Government to national headquarters of IRS.

67-493471-110

The Bureau has conducted no training schools for the Beaumont Police Department during the past six months. On 12/1/60 a lecture on the jurisdiction and services of the FBI was given to a police-recruit class of this department as a result of a request from Assistant Chief of Police Bauer (National Academy Graduate) who was subsequently appointed Chief after the hearings exposed his predecessor. The Bureau is not at the present time scheduled for any police training at the Beaumont Police Department.

Memorandum to Mr. Parsons
Re: Corruption at Beaumont, Texas

ACTION TO BE TAKEN

Even though IRS was fully advised of the existence of this situation on a local level and no violation within our primary jurisdiction has occurred, nevertheless, in keeping with our expanded Criminal Intelligence Program, this is the type of situation which the field should be on top of and exploring through active investigation long before it is publicized. To that end there is attached for your approval an airtel to all SACS instructing that such investigation be conducted and the information be reported for immediate dissemination to the appropriate agencies on the national level.

ADDENDUM

This matter was handled at the Bureau by Supervisor Theodore L. Gunderson. The handling of this matter has been discussed with him. He now recognizes that this matter should have been brought to the Director's attention as information was received from the Houston Division, even though the information was primarily from public sources.

Gunderson is one of our newer supervisors, having been transferred to the Bureau on 3/22/60. He entered on duty as a Agent 12/10/51 and was assigned to the Mobile, Knoxville, New York City and Albuquerque divisions prior to his transfer to the Seat of Government. His decision not to bring the information received from the Houston Division to the attention of his superiors was erroneous and it is recommended he be censured for this delinquency.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee Theodore L. Gunderson Title Special Agent
 Rating Period: from 4/1/60 to 3/31/61

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
~~+~~ Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
~~✓~~ Satisfactory (good or very good).
~~-~~ Unsatisfactory.
~~0~~ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

PART I GENERAL COMMENTS

SA Gunderson has been assigned to the Special Investigative Division where he has been handling matters pertaining to the Criminal Intelligence Program during the entire rating period.

SA Gunderson presents a fine personal appearance. He has a pleasant personality and has been found to be effective in his contacts with Bureau officials and other supervisors.

In supervising criminal intelligence matters SA Gunderson has handled voluminous teletypes, airtels and reports which have required a considerable background and research with respect to activities relating to crime and corruption throughout the country. This has been accomplished with less than normal supervision. His memoranda alerting Bureau officials to a course of action and his communications to the field have been uniformly concise and complete.

SA Gunderson has attended Administrative School and is a qualified tour leader.

In a general letter the Director on 9/8/60 commended a number of Special Agents in the Investigative Division who capably conducted tours of FBI facilities for members and guests of the American Bar Association during its annual meeting. SA Gunderson was one of those Agents who assisted in handling these tours.

By letter dated 12/12/60 SA Gunderson was commended for his outstanding attitude in reporting to duty despite extremely hazardous travel conditions on that date.

During the rating period SA Gunderson used 108 hours of sick leave as a result of periods of illness or injury. On 6/6/60 he suffered an eye injury. On 8/22/60 he took sick leave in connection with a flu type illness requiring convalescence at his home. On 10/19/61 SA Gunderson was hospitalized with streptococcus. In each of these cases of illness or injury SA Gunderson was under a doctor's care.

Mr. Theodore L. Gunderson
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Gunderson:

You were very derelict recently in failing to take proper action to call the attention of your superiors to information which had been submitted by the Boston Division regarding allegations of corruption on the part of certain public officials within that division. Under existing circumstances, you should have recognized the significance of this material and your failure to see that it was furnished to appropriate Bureau officials was most serious.

In the future, you will be expected to demonstrate better judgment in the performance of your duties and to make certain you are not again responsible for such a shortcoming.

Very truly yours,

J. Edgar Hoover

PURPOSE

To recommend reallocation for Gunderson from Grade GS-12 to Grade GS-13.

DETAILS

Gunderson entered on duty as an Agent on 12/10/51. He has served in four field divisions prior to his current assignment at the Seat of Government. Gunderson was reallocated to Grade GS-12 on 10/19/58 and is currently in that grade with an annual salary of \$9,215. In his past three annual performance ratings he has received an adjective rating of excellent. On 6/26/61 Gunderson weighed 166½ pounds, which for a man 5'11½" tall with a medium build places him within the desirable weight range. His overtime from December through May is the following: December, 1960 - 2:26, January, 1961 - 2:08, February, 1961 - 2:48, March, 1961 - 2:22, April, 1961 - 3:24 and May, 1961 - 3:02. He exceeded the section average on four of these six months.

On 3/21/61 Gunderson was censured for failure to call to the attention of superiors information concerning corruption on the part of public officials in Texas. This action was commented upon in his annual performance rating of 3/31/61. By memorandum dated 3/28/61 Gunderson was considered for reallocation to Grade GS-13, at which time action was deferred on the reallocation and it was recommended that he be reconsidered for promotion to Grade GS-13 in July, 1961. Gunderson has accepted criticism of his handling the matter in Texas in the proper spirit and has developed a thorough knowledge of his assignments. He is extremely loyal and conscientious.

ACTION

In view of the comments set forth above, it is recommended that Gunderson be favorably considered for reallocation from Grade GS-12 to Grade GS-13.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee Theodore L. Gunderson Title Special Agent
 Rating Period: from 4/1/61 to 6/28/61

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:
+ Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

During his Bureau career he has been CENSURED on four occasions, 6-5-56, for a discrepancy in a report; on 6-29-56, for failure to observe that leads were not set out; on 3-17-58, for his failure to initiate an investigation; and on 3-21-61, for failure to take proper action to call the attention of his superiors to information which had been submitted by the Houston Office regarding allegations of corruption on the part of certain public officials within that division. He has been COMMENDED on five occasions and APPRECIATION has been expressed to him for suggestions which he has submitted on three different occasions.

Dear Mr. Gunderson:

JUL 9 1979

I have received your suggestion that as two of our manuals are revised certain references be placed at the top of each page. I am indeed pleased to advise you that a modified version of your proposal is being adopted in that the Manual of Rules and Regulations will be numbered in a similar fashion to the way the Manual of Instructions is numbered at present.

I want to thank you for giving me the benefit of your observations in this matter.

Sincerely yours,

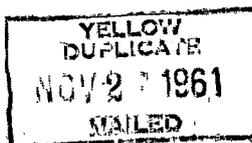

1 - Mr. Evans

(5) (Suggestion #320-62 dated 11/16/61)

NOTE: Suggests that as the pages of the Manual of Instructions and Manual of Rules and Regulations are replaced, subletters and subnumbers be printed at the top of each page, stating the exact location of the data on that particular page. Suggester feels this would greatly facilitate reviewing our manuals. The Manuals Desk, Training and Inspection Division, has

(OVER)

carefully considered this suggestion and recommended the section number and first subletter be added to the top of pages of the Manual of Rules and Regulations as they are revised. It was felt to go beyond this would involve a tremendous amount of additional work and would take up space needed, in some instances, for the caption of the page. It should be noted the Manual of Instructions is printed in this manner at the present time. Additionally, the two sections (105 K and 87 D) of the Manual of Instructions which are exceptionally long have been provided with a Table of Contents as an aid in locating material. On approval, this letter will serve as authority for the Manuals Desk to take the appropriate action.

#320-62

Date 11-16-61

To: Director, FBI

From: SA Theodore L. Gunderson

Division of Assignment: Investigative

SUGGESTION That hereafter as the pages in the Manual of Instructions (M of I) and Manual of Rules and Regulations are replaced, subletters and subnumbers be printed at the top of each page, stating the exact location of the data on that particular page. For example, instructions in kidnaping investigations regarding Agents being established in the home of the victim are set forth on page 16 in the M of I, Volume 3, Section 66 E 6. Subletter E is printed on page 5 of this section while subnumber 6 under E is on page 16, described above. This suggestion would place the subletter and subnumber at the top of page 16, i.e., "Section 66 E 6, Kidnaping."

Current practice or rule (include manual citation as well as facts)
Currently the section of the Manual and the substantive violation or administrative procedure are the only information printed at the top of each page. Page 16 described above contains the caption "Section 66 - Kidnaping."

Advantages of suggestion and annual savings (include basis for estimate)
This would greatly facilitate reviewing our Manuals. Currently if it is necessary to quote or refer to the above section, the person handling this has to thumb back from page 16 to page 5 in order to locate the subletter under which the information is set forth. Under the suggested procedure the data would be printed at the top of each page thus eliminating this inconvenient and time-wasted maneuver. Because of the number of personnel in the FBI who frequently have to refer to our Manuals, it is felt over a period of time this suggestion would save an extensive number of man hours. There are no monetary annual savings realized from this suggestion.

Disadvantages of suggestion The only disadvantage would be having the data printed at the top of each page. It is not advocated that this be handled immediately but that the desired information be placed at the top of the new amended pages that are printed hereafter. Eventually all pages in our Manuals would contain this information.

(The use by the United States of my suggestion shall not form the basis of a further claim of any nature by me, my heirs, or assigns upon the United States. I understand that I will be considered for any justified award only if my suggestion is adopted within two years after submission.)

Mr. Mrs. Miss Theodore L. Gunderson SA
Signature and Title of Suggester

Recommendations and comments of Division Head
This suggestion would be helpful but it is not necessary. It would impose additional work on the preparation of manuals and the amount of time expended would not be compensated with the gain to be realized. Recommend against adoption.

SUBJECT: SPECIAL INVESTIGATIVE DIVISION
MOVE TO FIRST FLOOR

XEROX

JUL 9 1979

Theodore L. Gunderson

We have just completed our move to the first floor of the Justice Building from our previous quarters on the fourth floor of the Justice Building and the Old Post Office Building. The major part of this move was made on Saturday, August 12, 1961. I was impressed with the wholehearted manner in which all of the personnel of this Division participated in this move. The supervisors as well as the clerical employees displayed a very cooperative and commendable attitude in effecting the move.

This move, of course, required considerable advance planning in order that the move could be carried out with a minimum of problems. The major part of the extensive planning was handled by Supervisor [redacted] of the Employees Security and Special Inquiry Section, whose administrative ability, particularly with reference to detailed planning, was clearly demonstrated. [redacted] was assisted by Supervisor [redacted] also of the Employees Security and Special Inquiry Section. Both of these supervisors spent many hours of their own time in drawing up the detailed plans in connection with the placement of our various units in our new quarters. In addition, both of these men were present during the actual physical move, spending many hours on Saturday and evenings.

In connection with the planning and effecting of the move, I would also like to note that [redacted] and [redacted] clerical employees, assisted appreciably during the planning stages and voluntarily put in several hours during the actual physical move.

In addition to the above, the following supervisors voluntarily reported for duty on Saturday, August 12, and during the evenings following in order to actively participate in the actual move of the Special Investigative Division to its new quarters.

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

Name of Employee Theodore L. Gunderson Title Special Agent

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
~~+~~ Outstanding (exceeding excellent and deserving of special commendation).
~~E~~ Excellent.
~~✓~~ Satisfactory (good or very good).
~~-~~ Unsatisfactory.
~~O~~ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

SUBJECT: COUNSELOR FOR NEW AGENTS' CLASS - 7/16/62

X TRAINING AND TUTORING DIV.

The purpose of this memorandum is to select a Seat of Government Supervisor for assignment as Counselor of the New Agents' Training Class which convenes 7-16-62.

SA Theodore L. Gunderson, Special Investigative Division, is being recommended for this assignment. It is not possible at this time to determine the exact size of this class; however, it is anticipated that one Counselor will be sufficient. In the event it is subsequently determined that two Counselors will be necessary an additional Counselor will be selected.

SA Gunderson EOD 12-10-51 and is in Grade GS 13, \$10,635. He is 33 years of age, married with three children and has a Bachelor of Science Degree. He had experience in four field offices prior to his assignment to the Seat of Government and served as a relief supervisor in the Albuquerque Division. He has had well-rounded experience in the Bureau having handled criminal, security and applicant type matters. He has been assigned to the Seat of Government since 3-22-60 and is presently assigned as a Supervisor in the Criminal Intelligence and Organized Crime Section of the Special Investigative Division. Since his assignment to the Seat of Government his services have been generally satisfactory; however, censured 3-21-61 for failure to advise supervisors of certain information submitted by a field division. During this same period commended once and twice through his Assistant Director. Rated Excellent on his 1962 annual performance rating and comments indicate he has been performing in a most capable manner. He is completely available, interested in and considered to have excellent qualifications for administrative advancement. His overtime has been satisfactory during the past six months. The Director saw him on 10-13-59 and stated he made an excellent personal appearance, seemed to be intensely interested in his work and the Director rated him above average. The Director also thought that this agent had possibilities for advancement to greater responsibilities. He was interviewed by the Screening Committee on 10-21-59 which Committee recommended that early consideration be given to reassigning SA Gunderson to the Seat of Government as a Supervisor. SA Gunderson appears well qualified to serve as Counselor for the New Agents' Training Class.

At approximately 11:00 p.m., Monday, August 13, 1962, Mrs. Gunderson telephonically contacted me at home and advised that her husband Theodore L. Gunderson had an accident at home at approximately 9:00 p.m., same date. She advised that Mr. Gunderson was outside of the house when he thought he heard a telephone ring and ran through the glass patio door which was closed at the time. She stated that because he had received several cuts they immediately proceeded to Hadley Hospital, 4601 Nichols Avenue, S. W., Washington, D. C., where the doctors took 33 sutures in order to close the several wounds of Mr. Gunderson. Mrs. Gunderson stated that she would probably leave Mr. Gunderson at the hospital overnight but as yet she was not certain. She was asked if there was anything which the Bureau could do to assist in this matter and she stated there was nothing at this particular time.

At 8:00 a.m. on 8/14/62, I telephonically contacted Mrs. Gunderson at home, telephone number HI 9-8204, address - 5105 Toby Drive, Washington 22, D. C., for the purpose of determining Counselor Gunderson's condition and to make arrangements for visiting him at the hospital. Mrs. Gunderson stated that she had brought Counselor Gunderson home at approximately midnight on 8/13/62.

I spoke to Mr. Gunderson and he stated he felt in good health and that he could probably make it into work today without too much difficulty. He was advised that due to his condition it probably would be to the best interest of the Bureau if he did take at least one day of sick leave in this connection, which he said he would do.

The duties of Counselor Gunderson are being handled by me on 8/14/62 and should Gunderson require additional sick leave these duties will continue to be handled by me or other counselors until his return to duty.

A vacancy presently exists on the Permanent Aide Staff of the Inspection Division due to the transfer out of SA August Kayne, and it is necessary to replace him. SA Theodore L. Gunderson would be a suitable replacement.

SA Theodore L. Gunderson entered on duty 12/10/51, is in grade GS 13, \$11, 150, 33 years old, married with three children, has a B. S. degree and was born in Colorado Springs, Colorado. Gunderson served in four field divisions prior to being assigned to the Seat of Government in the Investigative Division 3/22/60. He was re-assigned to the Special Investigative Division on its creation 2/10/61. He has had well-rounded Bureau experience, having handled criminal, security and applicant-type matters. He was selected to serve as Counselor of New Agents' Class #2 and reported to the Training Division on 7/9/62 for such assignment. He will complete these duties on 10/19/62. Since serving as Counselor, he has performed in an above-average fashion and both Assistant Director Malone and Inspector Edwards have commented favorably upon his performance. He was last censured on 3/21/61 for failure to advise his superiors of certain information submitted by a field division. He has been commended on three occasions since that date, the latest being 7/24/62 for assistance in connection with an accident in which two agents were involved. He was seen by the Director on 10/13/59. The Director stated Gunderson made an excellent personal appearance, seemed to be intensely interested in his work and he rated him above average. The Director further stated he thought this agent had possibilities for advancement to greater responsibilities. He was rated Excellent in his latest performance rating, 3/31/62, with comments he was interested in, available for and considered to have excellent qualifications for administrative advancement. He was interviewed by the Screening Committee on 10/21/59 and the Committee recommended that he be considered at an early date for further administrative advancement. Gunderson's weight and overtime are satisfactory.

SUBJECT: SA THEODORE L. GUNDERSON
 TRAINING DIVISION
 COUNSELOR FOR NEW AGENTS' CLASS #1
 EOD 12/10/51
 GS-13 @ \$ 11,150
 COMMENDATION

Memorandum

The purpose of this memorandum is to recommend that SA Theodore L. Gunderson be commended by the Director for his outstanding performance as a Counselor for New Agents' Class #1, which completed training on 10/19/62.

SA Gunderson is presently assigned to the Inspection Division as a Permanent Inspector's Aide. He has completed a tour of duty as Counselor of New Agents' Class #1. Prior to that time he was assigned as a Supervisor in the Special Investigative Division. The New Agents' Class handled by SA Gunderson was in session from 7/16/62 - 10/19/62. A total of 36 of 37 Agents completed the training. SA Gunderson reported to the Training Division on 7/9/62, one week before the class convened, for the purpose of orientation. SA Gunderson's leadership of the class and the guidance which he gave them during the fourteen weeks of training is evidenced by the fact that four of the Agents assigned to his class were the recipients of letters of commendation from the Director. Three of the letters of commendation were received in connection with the investigation of an automobile accident at Quantico, Virginia, in which two of the Agents assigned to his class were injured. The driver of the automobile, a serviceman, was completely at fault. One of the letters of commendation to an Agent of New Agents' Class #1 was for his alertness in discovering an abortion ring operating in Washington, D. C.

SA Gunderson insisted on rigid discipline during the course of training and was looked up to by each and every class member. He took particular pride in demanding the best from each one of the Agents in his charge. He made sure that each and every class member was fully indoctrinated as far as Bureau policies and procedures are concerned.

Memo to Mr. Mohr
Re: Theodore L. Gunderson

He was particularly outstanding in his ability to assist the new Agents in their report writing problems and in their firearms training. He took it upon himself to tutor these Agents on his own time during the evening hours. He was helpful to his Agents in assisting them to prepare cards containing those necessary items regarding physical descriptions of subjects and suspects and the materials necessary for taking signed statements.

SA Gunderson was called upon to handle various phases of instruction during the course and he demonstrated his teaching ability in an extremely fine manner. He had a thorough knowledge of the subject matter and was able to present the material in an excellent fashion.

SA Gunderson was commended by the Director for having achieved a "possible" score while taking his administrative firearms training.

SA Gunderson carried out his assignment in an outstanding manner for a period of fourteen weeks, setting an outstanding example for class members to follow, and for this reason it is being recommended that he be commended by the Director.

RECOMMENDATIONS:

1. That SA Gunderson be commended for the outstanding way in which he carried out his assignment as Counselor of New Agents' Class #1.

2. That this matter be referred to the Administrative Division for writing a letter of commendation.

Mr. Theodore L. Gunderson
Federal Bureau of Investigation
Philadelphia, Pennsylvania

Dear Mr. Gunderson:

The attention of the Bureau has been directed to a recent instance wherein you failed to adequately discharge your duties while serving as Counselor for a New Agents' Training Class. In this regard, one of the Agents under your supervision failed to return certain Bureau property which you had given him, and this could have been prevented had you been more alert in carrying out your duties.

REC-145 67-49341-131

In the future, therefore, it will be incumbent upon you to handle your assignments in a more responsible manner and with greater thoroughness so that there will be no basis to again direct criticism of this nature to you.

Very truly yours,

Reference is made to memorandum 11/3/62, Casper to Mohr, pointing out that SAs [REDACTED] and Smith, members of New Agents' Class #1 (7/16 - 10/19/62), shared a furnished apartment in Washington while in training school and after they departed, expendable Bureau property, including a hypothetical report, was found in desk drawers in the room previously occupied by them. Explanations have been obtained from SAs [REDACTED] Smith and Gunderson. These are attached herewith and are summarized below.

The expendable Bureau property which was found by two employees of the Files and Communications Division included a typed report by Clarence L. Smith, Jr., reflecting a hypothetical investigation devised for New Agents' Training. Two other forms utilized by new Agents during their training, which had penciled notations regarding bank robbery case and a list of items to be included in the synopsis of a report, and numerous other unused forms were found. The report, which has SA Smith listed as the author, contains red penciled notations of the Class Counselor showing that the report had been corrected and evaluated. The Training Division instructions require that corrected rough draft reports, when they have served their purpose are to be returned to the counselor for destruction. In no instance is a new Agent permitted to retain such corrected reports.

SA CLARENCE L. SMITH, JR.

SA Clarence L. Smith Jr. stated that the reports of practice problems were turned in after they were reviewed in class. He stated that late in the afternoon he asked Mr. Gunderson if he

could get his report and look over a couple of details which were not entirely clear with the understanding that the report was to be returned. SA Smith explained that Counselor Gunderson had permitted him to have the report with a comment that it was to be returned and advised that Gunderson resumed his conversation with other members of the class. SA Gunderson had probably already checked this report as having been turned in. This was late in the day, according to Smith, and he did not have time to compare his report with the Handbook before the end of class that day. Smith stated that he must have taken the report to his room at 2034 20th Street, Northwest, Washington, D.C., and inadvertently misplaced it, later thinking that he had returned it to the counselor's office. He stated that it was his custom to carry forms necessary for preparation of the reports to his room and work on them in the evenings and on weekends and, therefore, had reason to believe that the forms which were inadvertently left in the room were his, as well as the notations on the practice bank robbery case.

He stated that he had been cautioned about the necessity for protecting the Bureau forms used and that the room occupied by him was checked before he vacated it, but that obviously this was not done thoroughly enough. Smith stated that he must assume total responsibility for the materials inadvertently being left in the room and that he is not able to transfer blame to the Class Counselor, Gunderson, or to his roommates, [redacted]. He continued that he shall attempt to use his inadvertence as a building block in the Bureau rather than a stumbling stone.

b6

S. [redacted]

SA [redacted] acknowledged the fact that he resided at 2034 20th Street, Northwest, Washington, D. C., along with fellow Special Agents Smith and [redacted]. He stated that on occasion blank forms with which to complete assigned report writing problems were brought to their room. At the time of vacating the room, it was checked thoroughly to make sure that no Bureau property was left behind. Several blank forms were left in a desk drawer. [redacted] stated that deficiencies of the nature which were brought to his attention would not occur again.

b6

SA [redacted]

SA [redacted] acknowledged residing in an apartment at 2034 20th Street, Northwest, Washington, D. C., while in training school as a new Agent. He stated that the material found in a desk located in the room did not belong to him. He explained that the whole time that they occupied the apartment he, [redacted] used the chest of drawers and night table on his side of the room, while Smith and [redacted] used the desk and chest of drawers on their side of the room. At no time during his

Re: SA [redacted]

occupancy of this room did he utilize the desk. He kept all of his belongings in the night table and chest of drawers on his side of the room. Prior to vacating the apartment, he explained that he went through the night table and the chest of drawers on his side of the room and cleared out all of the material which belonged to him including Bureau property, equipment or supplies and removed same at the time he vacated the apartment. He stated that the apartment was vacated by all three men at the same time on the morning of the last day of class, October 19, 1962.

SA THEODORE L. GUNDERSON

SA Gunderson, currently assigned to the Inspection Division, was the Counselor for New Agents' Class #1. In his explanation SA Gunderson stated that on numerous occasions throughout the training course, he instructed the class to protect Bureau property at all times and to insure that no papers, Training Documents, or Bureau material were left in buses, restaurants or lost during the travel of these new Agents throughout the Washington area. In fact, the last day the class was in session, SA Gunderson gave explicit instructions to the new Agents to assure there were no papers, Bureau property or other materials left in their motel rooms or boarding houses when they departed for their new office of assignment. In addition, according to Gunderson, on numerous occasions during the training course Bureau officials cautioned the class concerning the protection of Bureau property.

Gunderson explained that the fictitious training reports executed by new Agents, corrected by the counselor, and returned to the class for information and assistance, in each instance were returned to the counselor for destruction after being reviewed by the new Agents. SA Gunderson stated that he maintained an administrative check-off list for the 252 reports written by class members during the training course, and in no instances was an Agent allowed to maintain any of this material. SA Gunderson could offer no explanation as to how SA Smith came into possession of his corrected report.

EVALUATION

SA Gunderson was one of the more meticulous class counselors we have had in the New Agents' Training Program and from the explanations furnished above it would appear that he had already checked SA Smith's report as being turned in. In order to insure that SA Smith fully understood the corrections, he permitted Smith the possession of the report with full understanding that Smith was to return this report to him. SA Gunderson was the class counselor for thirty-six new Agents and during the entire fourteen weeks kept a close administrative check on all materials and activities of the Agents under his charge. The duties of a class counselor are multitudinous and this situation certainly points up the need for the tightest control by the counselors on all of the materials handled by new Agents.

Memo to Mr. Mohr

Re: SAs [redacted] Smith, Gunderson

In spite of the fact that New Agents' Class #1 was under tight control during their fourteen weeks of training, this situation was permitted to happen and therefore, the following recommendations are made:

RECOMMENDATIONS:

1. That SA Clarence L. Smith, Jr. be severely censured and placed on probation for failure to afford proper security to expendable Bureau property. If approved, to be handled by the Administrative Division.

2. That SA [redacted] be censured for failure to afford proper security to expendable Bureau property in that he shared the desk with SA Smith and is also responsible for leaving this material in the room. If approved, to be handled by the Administrative Division.

3. That SA Theodore L. Gunderson be censured for allowing SA Smith to have his report for study without setting up an administrative check to have the material returned. If approved, to be handled by the Administrative Division.

4. That no administrative action be taken with regard to SA [redacted] who shared the apartment, but who nevertheless did not utilize the desk wherein the material was found.

INSPECTION DIVISION

I met and welcomed the above-captioned individuals, who recently reported to the Inspection Division for assignment.

I pointed out to them that they should feel free to come to me with any problems that they had at any time, either official or personal. These employees were cautioned in regard to their appearance. They were instructed to maintain a businesslike, well-groomed appearance at all times.

I pointed out the necessity of maintaining information which they come upon in the Inspection Division in strict confidence, both inside and outside the Bureau.

I discussed with them the need for thorough, penetrative, objective inspections. I pointed out it was not the objective of an inspection to be bogged down in minutiae, but rather it was our responsibility as Inspectors to detect substantial weaknesses in a field office and take appropriate corrective action before it built up into a major incident. I advised that in my opinion it would be necessary for an Inspector to personally review a considerable number of files as well as personally check into various key administrative aspects of the office to insure that the personnel were adequately fulfilling their responsibilities.

I informed them that an Inspector should be able to sense the possibility of major trouble from small telltale signs which are prevalent in offices that are not being operated in accordance with Bureau standards and that they should then thoroughly explore these potential areas of weakness in order to obtain the full facts of the situation.

I discussed with these men the necessity for accuracy in conducting surveys and inspections. I informed them that as Inspectors we were in the position of calling derelictions to the attention of other employees and, therefore, it was

absolutely necessary for us to maintain the highest possible degree of accuracy ourselves.

Messrs. DeFord, Murphy and Gunderson were also cautioned about the fact that members of the Inspection Staff must follow all Bureau rules and regulations in meticulous fashion because if they compromise themselves in any way, they obviously cannot be very effective.

All three of these employees appear to be very enthusiastic about their new assignment.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.
 Rate items as follows:
+ Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

Name of Employee THEODORE L. GUNDERSON Title Special Agent

Rating Period: from 4-1-62 to 3-31-63

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
- + Outstanding (exceeding excellent and deserving of special commendation).
 - E Excellent.
 - ✓ Satisfactory (good or very good).
 - Unsatisfactory.
 - 0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

SA THEODORE L. GUNDERSON
ANNUAL PERFORMANCE RATING

PART I -- GENERAL COMMENTS

During the first part of the rating period from 4-1-62 to 7-9-62, Mr. Gunderson was a supervisor in the Special Investigative Division, assigned to the Criminal Intelligence and Organized Crimes Section, handling supervision of hoodlum cases on the West Unit. His services were rated excellent for this portion of his performance. On 7-9-62 he reported as a Counselor for a New Agents Training Class and served until the class was completed on 10-19-62. For these duties he was commended by letter from the Director dated 10-26-62 and his services were characterized as excellent. For the remainder of the rating period, Mr. Gunderson has been serving as a Permanent Inspectors' Aide.

As a permanent Aide, SA Gunderson assisted in the final few days of the Baltimore inspection, the complete inspections of Philadelphia, Washington Field, New York, San Francisco and Los Angeles. In Baltimore and Philadelphia his services were rated very good. His chief shortcoming there was his unfamiliarity with the mechanics of inspections which was to be expected. He did, however, exhibit great interest, enthusiasm, industry, excellent team work, availability for extra assignment, and he worked rapidly. In the Washington Field Office he handled a number of assignments, most noteworthy of which was a survey of the Criminal Intelligence and Gambling Programs. This was excellently done and resulted in giving Washington Field a number of valuable suggestions and a basis for their future planning in this important area. In New York he handled some security squad analyses and was credited with developing information contributing materially to the reorganization of the New York Security Division. In San Francisco, he participated in a very difficult inspection which required a great deal of sustained effort on the part of the Inspection Staff and he demonstrated the same creditable attitude of willingness and team work. In Los Angeles he handled the analysis of one squad and participated in the analysis of another squad, plus inspecting a resident agency and handled other miscellaneous assignments. His services here were rated excellent and he shared in the credit for having conducted the inspection of a large, fast-moving office in record time with less than the normal staff of Aides.

T.L.G
Initials

Over-all, Mr. Gunderson's performance as a Permanent Inspectors' Aide has been excellent, and with additional experience which he is getting with each new assignment, there is no question but what he will demonstrate capacity for still further administrative advancement.

Mr. Gunderson presents an excellent appearance, is serious minded, vigorous, energetic, enthusiastic, and completely cooperative. His varied field experience, supplemented by his experience at the Seat of Government supervising important programs in the field, equips him particularly well for the work of an Inspector's Aide. To date his assignments on inspections have involved work in all five major categories of a field inspection and has included sharing in the preparation of an inspection summary and letter. He has had administrative firearms training. SA Gunderson is fully qualified to handle the most complicated investigative matters and is fully qualified to participate in raids or dangerous assignments. Mr. Gunderson had his annual physical examination during the rating period which indicated no defects or limitations and he is well within the weight limits.

PART II -- SPECIFIC COMMENTS

1. Justification for Any Minus Ratings Given: Not Applicable.
2. Experience and Ability as Inspector's Aide: See Part I, General Comments.
3. Participation in Informant Programs: Not Applicable.
4. Testifying Experience and Ability: Not Applicable.
5. Disciplinary Action: During the rating period Mr. Gunderson, by letter dated 11-9-62, was censured for inadequately discharging his duties as a Counsellor for a New Agents' Training Class. In this regard, one of the agents under his supervision failed to return certain Bureau property which had been given to him and which could have been prevented had Mr. Gunderson been more alert in carrying out his duties. He has taken this disciplinary action in good grace. This has been taken into consideration in this current rating.
6. Accounting Information: Not Applicable.
7. Police Instruction: Not Applicable.

TLG
Initials

8. Sound Training: Not Applicable.
9. Resident Agents: Not Applicable.
10. Foreign Language Ability: Not Applicable.

11. Administrative Advancement: Mr. Gunderson is interested in, and completely available for administrative advancement. His current assignment as an Inspector's Aide is a reflection of the Bureau's recognition of his capability for additional advancement. He should receive considerably more inspection experience in depth in the various major categories of field inspections before being considered for further advancement. Based upon his performance to date in inspection work, he unquestionably has excellent potential for long-range administrative advancement.

Purpose of this memorandum is to recommend that SA Theodore L. Gunderson, presently serving as a Permanent Inspector's Aide in the Inspection Division, be rotated from that division to serve as a supervisor in the Employees Security and Special Inquiry Section, Special Investigative Division. By separate memorandum dated 10/29/63 it was recommended that a replacement be furnished to that section, such replacement being occasioned by the recent loss of two supervisors. Addendum of the Inspection Division dated 11/5/63 agreed that such replacement was justified.

SA Gunderson reported to the Inspection Division on 10/24/62. Since reporting he has served on 14 inspections and has performed his inspection duties in a most capable fashion. Assistant Director Gale stated that he is a well-experienced and competent Aide who has handled all phases of field inspections. He feels Gunderson has developed to the point where he can be profitably rotated from the Permanent Aide Staff. SA Gunderson was rated Excellent in his most recent annual performance rating dated 3/31/63. He continues to be interested in administrative advancement and possesses excellent potential for such.

RECOMMENDATION:

That SA Theodore L. Gunderson be transferred from the position of Permanent Inspector's Aide in the Inspection Division to that of supervisor in the Employees Security and Special Inquiry Section, Special Investigative Division, at no change in grade or salary.

On May 31 and June 1, 1973, Inspector Gunderson underwent a thorough physical examination because of the fact there was evidence he was bleeding internally. This examination was conducted by XEROX [redacted] in Oklahoma City, Oklahoma, where Inspector Gunderson was on an inspection assignment.

JUN 10 1973

b6

[redacted] advised, as a result of the physical, that Inspector Gunderson was suffering from a duodenal ulcer judging from indications and scars, although the doctor could not say positively from the X-Rays. Inspector Gunderson, on June 14, is to undergo another series of tests to see if the bleeding has stopped and at that time a determination will be made of future prognosis of this matter. In the meantime he is on a very strict diet for the next six weeks, and thereafter will be on a strict diet for the next five years. The doctor indicated that based on the results of the examination if Inspector Gunderson follows this diet for the next five years he will be completely cured.

SUBJECT: PERSONNEL CHANGES

Pursuant to my telephonic discussion with you on 9-21-73 the following are the 3 existing SAC vacancies together with the identities of the individuals recommended to fill them. The SAC vacancies in question are Memphis, Mobile and Savannah. Recommended replacements are Inspectors Theodore L. Gunderson, William M. Mooney and ASAC J. T. Sylvester, Jr., respectively. With regard to Gunderson and Mooney, Assistant Director Jacobson has advised that from the standpoint of seniority on the Inspection Staff as well as ability these would be his 2 top-rated Inspectors. From the standpoint of case load and the number of personnel assigned to each office Memphis and Mobile are practically identical; however, it is felt that Memphis is the more active office of the 2 and thus Gunderson is being recommended for that vacancy in view of his extensive experience as an ASAC as opposed to Mooney who has had no experience as an ASAC. Background information concerning the recommended candidates is as follows:

2/12

Inspector Theodore L. Gunderson entered on duty 12-10-51, age 44, married, 4 children and is in Grade GS-15. He served in 4 field offices prior to reporting to FBIHQ 3-22-60. He subsequently reported to New Haven as ASAC 11-7-65 and served in the same capacity in Philadelphia from 9-13-70 until 3-26-73 when he reported to the Inspection Division as an Inspector. He was rated Excellent in his last annual performance rating. Gunderson is recommended to fill the vacancy existing in Memphis. 7-3443-2208

Inspector William M. Mooney entered on duty 2-26-51, 49 years of age, married, 10 children (5 living at home) and is in Grade GS-16. He served in 2 field offices prior to reporting to FBIHQ 1-17-55. He has served continuously at FBIHQ since that date, having been assigned to the Domestic Intelligence Division and the Training Division. He was designated Inspector-No. 1 Man of the Training Division 6-29-72 and served in this capacity until 2-5-73 when he reported to the Inspection Division in his present capacity. He was rated Excellent in his last annual performance rating. Mooney is recommended to fill the vacancy existing in Mobile.

Memorandum to the Director
Re: Personnel Changes

ASAC J. T. Sylvester, Jr., entered on duty 7-14-41, age 59, married with 4 children and is in Grade GS-15. Sylvester has had a wealth of experience having served in 5 offices as an ASAC since 6-27-55. He has been the ASAC in Savannah since 8-11-72. In recommending that Sylvester be promoted to the position of SAC it is recognized that such action is not entirely in keeping with our Career Development Program wherein ASACs report to the Inspection Staff and then as vacancies occur in the field they are assigned to fill these vacancies. Also, we would not be setting a precedent since similar action has been taken in the past where we elevated ASACs to the position of SAC without first serving as an Inspector. The last such situation occurred when we made Elmer Linberg SAC in Jackson after having served in the position of ASAC in the same office. In that case SAC Roy Moore was transferred from Jackson and prior to this transfer had been on several extended special assignments away from the office and during that time Linberg had done an excellent job in functioning in the dual capacity of SAC and ASAC. Many times in the past Sylvester has served for extended periods as the acting SAC of an office and in each instance did a highly commendable job. Moreover, in further justification of this recommendation I think it will have a salutary effect on some of our older employees who will note your willingness to recognize such employees for promotion when their record clearly indicated that such action is warranted. Sylvester is being recommended for the SAC vacancy in Savannah and thus if you approve, there will be no transfer involved.

RECOMMENDATIONS:

1. That Inspector Theodore L. Gunderson be transferred to Memphis as SAC.
2. That Inspector William M. Mooney be transferred to Mobile as SAC.
3. That ASAC J. T. Sylvester, Jr., be designated SAC of the Savannah Office.

EMPLOYMENT AGREEMENT

As consideration for employment in the Federal Bureau of Investigation (FBI), United States Department of Justice, and as a condition for continued employment, I hereby declare that I intend to be governed by and I will comply with the following provisions:

(1) That I am hereby advised and I understand that Federal law such as Title 18, United States Code, Sections 793, 794, and 798; Order of the President of the United States (Executive Order 11652); and regulations issued by the Attorney General of the United States (28 Code of Federal Regulations, Sections 16.21 through 16.26) prohibit loss, misuse, or unauthorized disclosure or production of national security information, other classified information and other nonclassified information in the files of the FBI;

(2) I understand that unauthorized disclosure of information in the files of the FBI or information I may acquire as an employee of the FBI could result in impairment of national security, place human life in jeopardy, or result in the denial of due process to a person or persons who are subjects of an FBI investigation, or prevent the FBI from effectively discharging its responsibilities. I understand the need for this secrecy agreement; therefore, as consideration for employment I agree that I will never divulge, publish, or reveal either by word or conduct, or by other means disclose to any unauthorized recipient without official written authorization by the Director of the FBI or his delegate, any information from the investigatory files of the FBI or any information relating to material contained in the files, or disclose any information or produce any material acquired as a part of the performance of my official duties or because of my official status. The burden is on me to determine, prior to disclosure, whether information may be disclosed, and in this regard I agree to request approval of the Director of the FBI in each such instance by presenting the full text of my proposed disclosure in writing to the Director of the FBI at least thirty (30) days prior to disclosure. I understand that this agreement is not intended to apply to information which has been placed in the public domain or to prevent me from writing or speaking about the FBI but it is intended to prevent disclosure of information where disclosure would be contrary to law, regulation or public policy. I agree the Director of the FBI is in a better position than I to make that determination;

(3) I agree that all information acquired by me in connection with my official duties with the FBI and all official material to which I have access remains the property of the United States of America, and I will surrender upon demand by the Director of the FBI or his delegate, or upon separation from the FBI, any material relating to such information or property in my possession;

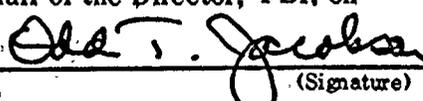

(4) That I understand unauthorized disclosure may be a violation of Federal law and prosecuted as a criminal offense and in addition to this agreement may be enforced by means of an injunction or other civil remedy.

I accept the above provisions as conditions for my employment and continued employment in the FBI. I agree to comply with these provisions both during my employment in the FBI and following termination of such employment.

Re: United States v. [redacted]
(Charge - Aircraft Piracy)

Dear Mr. Kelly:

On June 19, 1973, following a four week jury trial, [redacted] defendant in the above criminal case, was convicted on both counts of a two count indictment charging him with aircraft piracy. The case arose from a skyjacking of two National Airlines 727 Jet passenger aircrafts last July 12 and 13, 1972. On those dates two men, one of them [redacted] seized, in succession, two National Airlines Jets and caused the payment of a ransom of \$500,000.00. In order to secure the payment of this ransom, the skyjackers held as hostage a flight crew of seven plus 111 passengers.

Upon payment of the ransom, the skyjackers, as the result of negotiations with the FBI, released the passengers, but continued to hold the flight crew hostage. At this time, the skyjackers took the second of the two jets and flew from Philadelphia to Texas, where they ultimately surrendered to the FBI. During

the skyjacking, which lasted 23 hours from beginning to end, three of the male crew members were injured, two receiving serious fracture injuries and the third receiving a gunshot wound to the leg.

The trial of this defendant was protracted and at times required the full resources of the Bureau. The success which we are able to report is due to the thorough investigation of this case by Bureau Field Offices in Philadelphia, Baltimore, Washington, Houston, and New York. Indeed, it is with particular pleasure that I report that the investigation and trial support furnished to my Assistants by the FBI were outstanding and in the finest traditions of law enforcement. Memo for Mr. Jacobson

During our heated discussion last weekend she mentioned she was going to attempt to have me admitted to a mental institution (I assure you she has absolutely no grounds) and also mentioned that she was going to involve the FBI. I have no idea what she could possibly be talking about when she says she will involve the Bureau. However, if she volunteers any information during the forthcoming weekend trips home or I learn what her intentions might be, you will be so advised. She has ordered me out of the house; however, I refused to leave until I officially go to Memphis, my new assignment, because it is obvious she could then charge me with abandonment.

I am in the process of locating a reputable attorney and intend to take the steps necessary to protect myself, the Bureau and my children. I feel the children are my primary concern and under no circumstances will I refuse to support them regardless of the outcome of this matter.

The Bureau will be kept advised of any further developments.

At the present time we have 4 supergrade vacancies. The purpose of this memorandum is to recommend that the below-listed employees be promoted at this time to fill these 4 vacancies:

SAC Joseph T. Sylvester, Jr. was designated as such 9-25-73. Under our current policy we usually have an employee serve a 90-day trial period prior to promoting him. This, as you know however, is a very unusual case. Sylvester, prior to being promoted to the position of SAC in Savannah, served as an ASAC in 5 different offices for a period of about 18 years. During that period on many, many occasions he served as the agent in charge. In fact, when in New Orleans it is recalled that he was in charge of the office for a long period of time during the critical illness of the incumbent SAC. Moreover, Sylvester has been in charge of the Savannah Office in excess of 2 months since the prior SAC departed the first week of September for his new assignment. It is believed that the unusual circumstances relating to Sylvester warrant an exception to our general policy of having a person wait for 90 days.

SAC Theodore L. Gunderson, was designated as such 9-25-73. He is scheduled to depart for Memphis, his office of assignment, on 11-15-73. While he has not served a 90-day trial assignment, as one of the two senior Inspectors on the Inspection Staff he was entitled to GS-16 consideration on that basis. Therefore, promotion for Gunderson at this time would not be an exception to our existing policy.

If the above two recommendations relating to Sylvester and Gunderson are approved, it should be noted that then all of our SACs will be in supergrades.

SA [redacted], Chief of the Recording Section, Identification Division, has occupied this particular position since 12-12-71. He was precluded from consideration to GS-16 because of the restrictions of the Whitten Amendment, having been promoted to GS-15 on 4-16-72; thus the earliest possible date that [redacted] could have been considered for promotion to GS-16 would have been 4-16-73

Memorandum to Mr. Callahan
Re: Supergrade Promotions

[] entered on duty 10-9-50, is 49 years of age, rated Excellent in his last annual performance rating. Assistant Director Thompson strongly recommends [] for promotion at this time. b6

SA [] is currently Chief of the Communications Section, Files and Communications Division. He has been in this position since 2-22-71. However, it wasn't until 6-7-73 that it was officially determined that his section be approved as an organizational unit deserving the rank of Section and that his responsibilities justified a GS-16. [] entered on duty 3-5-51, was promoted to Grade GS-15 6-13-71 and he was rated Outstanding in his last annual performance rating. Assistant Director Marshall recommends [] for promotion at this time. b6

There are no Section Chiefs not already occupying a supergrade who have served longer in that capacity than [] and [] b6

RECOMMENDATIONS:

That the above-mentioned employees be promoted to GS-16 at this time.

Dear Mr. Kelley:

In connection with your layover in Memphis on February 10, on your return to Kansas City from Birmingham arrangements have been made for you and Mrs. Kelley to relax in the private hospitality room of Delta Airlines at Memphis International Airport.

XEROX

Several employees currently assigned to Memphis have worked for you either here or in other Divisions. This is a small group, and if it would not be an imposition on you and Mrs. Kelley, they, and in some instances their husbands and wives, would like to say hello to you during your brief stopover between planes. If you approve, the following is our plan:

My secretary, [redacted] and I shall meet the plane and escort you and Mrs. Kelley to the hospitality room, where the following employees will be waiting to say hello. By each name, I have indicated the office where you knew each, and in certain instances other information which might be helpful.

Dear Mr. Gunderson:

While there should be no need to bring the following to your attention, recent revelations in more than one office have indicated that possibly some "double standards" do exist as concerns field executives and Special Agent personnel.

You are reminded that rules and regulations pertaining to #3 cards, operation of FM two-way radios in Bureau cars (in and out of service transmissions), use of Bureau cars for official purposes only and not converted to employee's personal use, and maintenance of Auto Record forms (FD-73) are applicable to all SACs and ASACs, as are all Bureau regulations.

You should insure your ASAC reads this letter.

Sincerely yours,

C. M. Kelley

UNTIL RECENTLY, the familiar face of the late J. Edgar Hoover was still the first thing a visitor saw upon entering the Memphis office of the Federal Bureau of Investigation.

Hanging on the wall behind two receptionists, the framed photograph was an unavoidable sight, the steely eyes deepset within the bulldog features and seemingly watching everyone who passed by that eighth-floor corner of the Federal Building.

Meanwhile, a similar ~~of~~ photo of Clarence M. Kelley—the man who succeeded the legendary Hoover as director of the

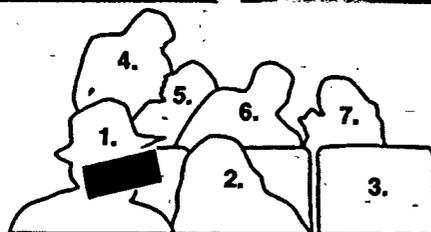

Special Agent in Charge Ted Gunderson opens the door to his FBI office in the Federal Building. Publicity shy under the longtime leadership of the late J. Edgar Hoover, the bureau now pursues a different image. It has even relaxed its strict Hooverian dress code. Stenographers like Mary Ann Seibert now wear miniskirts to the office.

Is The Bible Taboo In The Jury Room?

DIST. ATTY. Flintlock, with what seemed an open and shut case against Slugger McDoon, was still taking no chances that the man accused of murder might get off. So, when he learned a Bible was delivered to one of the jurors after they'd been locked up the night before, Flintlock asked for a mistrial.

"McDoon's trial must halt immediately," he contended. "State law prohibits printed material

being supplied jurors during a murder trial, and the Holy Bible is printed material, the same as legal tomes, or girlie magazines, for that matter."

"That statute is only to keep newspapers and such out of the jury room, but meditating over a favorite Bible passage certainly won't influence a juror's deliberations one way or the other," the defense counsel answered. "Moreover, if we stop now it may be months until this case can be

reset, and that'll deprive my client of the speedy trial every accused is entitled to."

Is bedtime scripture reading taboo for a murder jury?

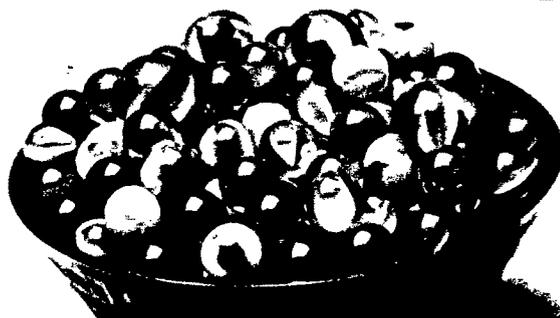

Yes. The minds of jurors trying one accused of crime, a Washington court reminded, must be kept free of any outside influence which might conceivably affect their verdict. Therefore, the

statutory prohibition against printed matter being supplied jurors during a murder trial should be enforced without exception for kind, quality or purpose within this broad category, including the Bible. "There are numerous instances in the Bible of slayings and other matters. If read and dwelt upon while the jury is reviewing a case, they can have an influence," the court concluded.

Friendly, Neighborhood FBI

By James G. Andrews

FBI—hung on a wall to one side of the outer office, even though it commanded prominent display in adjacent areas.

That has since been changed. Kelley's picture now has been moved to Hoover's old spot, so that the new director's face is the first thing seen by all who enter there.

THAT IS APPROPRIATE, because the new FBI chief has done a great deal already to assert his leadership in the organization. And his influence is readily ob-

servable in FBI circles nowadays.

Some office girls now walk around in mini-skirts. For that matter, so may some agents, too, since Kelley has lifted the long-time Hoover ban on women special agents. In fact, although Memphis has no female agents, a total of 27 are working in others of the 59 regional offices around the country, from a total of 8,650 agents.

And Kelley himself, the former head of the Memphis office, now holds regular press conferences to discuss departmental doings.

This new openness is part of an over-all attempt to shape a "new image" for the FBI among the American press and public—an image less CIA and more friendly, neighborhood cop. To that end, men like 45-year-old Ted Gunderson, special agent in charge of the Memphis office of the FBI, are following their new leader. Not only are they showing a willingness to share everything from their golf scores to operational procedures, they are actively encouraging publicity for the first time.

Though still bound by certain restrictions—regarding specific current cases or the identification of agents active in field work—the FBI men, like their rules, seem more relaxed.

"Mr. Hoover was kind of semi-conservative in his approach; insofar as exposure to the public was concerned," says Gunderson. "I don't want this to indicate I'm critical of Mr. Hoover, because in my book he was a very dynamic, great American. But Mr. Kelley is more progressive and with the times, I feel, and with regard to public relations and contact with the press, probably has given us a little more exposure than we've ever had. I think that's good, because a lot of people really are unaware of just

what the FBI is and what it does."

GUNDERSON REFLECTS both the old and new images of the FBI. His haircut is of military neatness, right out of the 1950s, but now he may show up at the office in a red-and-white printed shirt and a fashionable blue denim suit.

"We've become a little more relaxed in these areas," he says. "You would never have caught me wearing a suit like this a few years ago. And I've got a whole closetful of white shirts at home I don't wear any more.

"Conservative, stylish boots are acceptable footwear. I wear them myself a lot of the time. We don't wear those platform or stack heels, but that's just a matter of common sense. You couldn't chase a guy down an alley, wearing platform shoes.

"The hair-length code has been eased a little bit, and mustaches are permitted. But no beards are allowed."

Gunderson speaks in machine-gun bursts of no-nonsense syllables, the words zipping past the big cigars he smokes in public and the chaws of tobacco he favors in the privacy of his home or office. And he has the unmistakable air of rugged authority.

"If I spot someone around the office putting on a little weight, I tell him to take it off," he says, smiling. "There's no penalty if they don't. They just do, that's all. I guess you could say we're a quasi-military operation in that respect."

He keeps a pair of binoculars in his office, and he jokingly admits he may occasionally use them "to watch boats coming up the Mississippi." But he says there is little time for such diversions, and his secretary, Betty Norworth—who was Clarence Kelley's secretary when he was in Memphis—bears out her new boss.

"Mr. Gunderson moves at a tremendous pace, all the time," she says. "I keep trying to convince him this is the lazy South, but I haven't had much luck so far."

GUNDERSON IS a Westerner, born in Colorado, graduated from the University of Nebraska with a degree in business and economics. Shortly after graduation, he joined the FBI.

"That was under the modified program in 1951, during the Korean War," he says. "At that time, they had lifted the requirement which said FBI agents must have either a degree in law or accounting. Nowadays, that program is in effect again, in that we are taking men who have three years' experience in an executive or supervisory capacity or who have four-year, accredited degrees with a science background or a background in certain languages.

"There are other requirements, too, of course. An applicant must be at least 5-foot-7, for example. That includes the women. We get some pretty good-sized girls. And every applicant undergoes a thor-

ough investigation into his background and the backgrounds of his immediate family."

Would-be agents also must take written, oral and physical exams, he adds, and they must survive an extensive training program at the FBI Academy in Quantico, Va. A year's probationary period follows, before they officially become special agents.

Once they make it, few quit, Gunderson says. Nor are many fired, although tales have been told of the FBI punishing or pressuring agents in the past by transferring them constantly or assigning them to remote sectors of the country.

"I never heard of that," Gunderson says. "Every agent gets transferred a lot and winds up in some remote places, based on the needs of the bureau and the agent's ability and qualifications. That's all part of the job."

HE OFFERS himself as proof. In his 23 years as an FBI man, he has worked in places like Mobile, Knoxville, New York City, Albuquerque and at headquarters in Washington. He has dealt with crimes ranging from gambling to

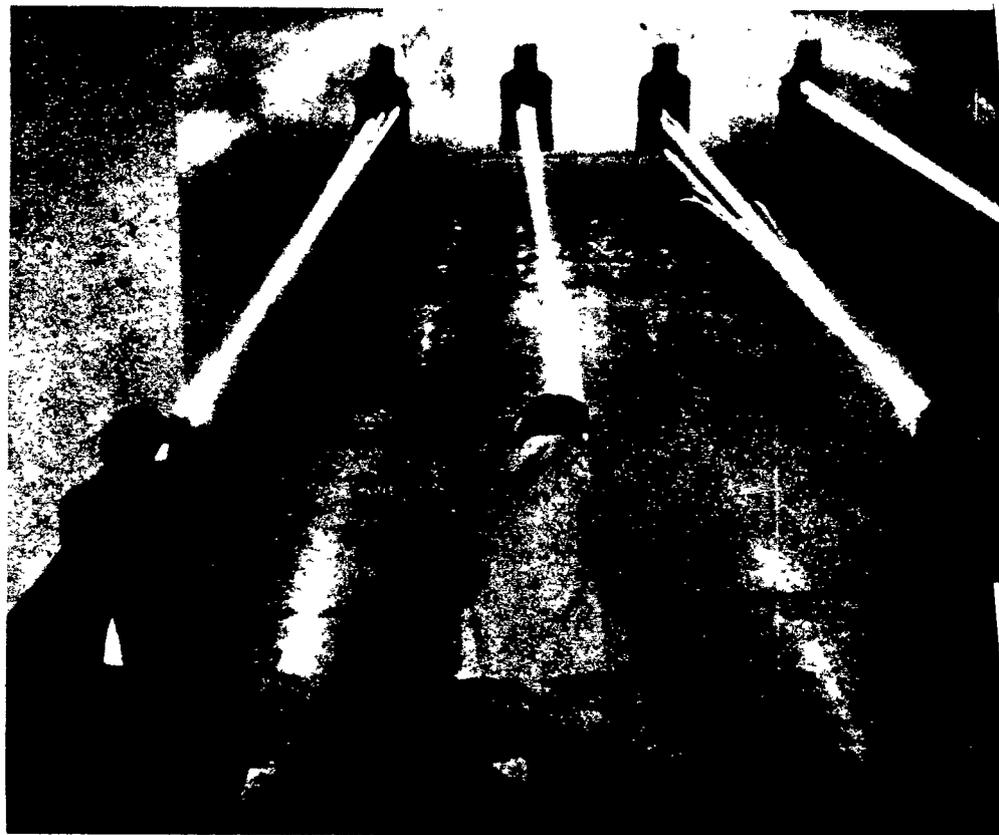

espionage, armed robbery to murder.

He was in Phenix City, Ala., in the days when that town's massive crime clean-up took place. He and another agent once apprehended a "10 most wanted" criminal. He once talked a pair of skyjackers into releasing 113 passengers held hostage in Philadelphia. In the course of his work, he has met men like Henry Kissinger and Gen. Alexander M. Haig. And, like any law-enforcement official, he has made his share of enemies.

"I have had my life threatened several times by an extremist group in New Haven, when I was assistant-special agent in charge there. I'm not at liberty to reveal the name of the group, but I'll say this: We put them out of business in New Haven."

His four children still live in Philadelphia with their mother. Gunderson and his wife are in the process of getting a divorce, he says, frankly. But he displays a father's pride in his offspring.

"My daughter is an honor student in high school. My boys are all athletes. In fact, I messed up my shoulder pretty good last November, playing football with

"We shoot defensively, only when we feel lives are in danger," says Special Agent Hale. "But when we shoot, we shoot to kill." As a gauge of how well agents shoot, trace the paths of their tracer bullets through the targets of their Federal Building pistol range."

them. That has affected my golf swing, but I did shoot an 84 the other day. Usually, I shoot 90 to 95."

His golfing is restricted to occasional weekend play, thanks to the crime rate in Memphis, which—just as it is everywhere else—is increasing rapidly.

"Memphis isn't as bad as a lot of other places," he says. "But there's enough going on here to keep us very, very busy."

THE FILES of all the cases handled by Memphis area FBI agents—including those at resi-

dent agencies in Nashville, Jackson, Columbia, Dyersburg and Clarksville—fill row after row of shelf space in a big room near Gunderson's office.

These records are kept 20 years, and their contents are open only to duly authorized individuals under the federal dissemination program, says Gunderson.

"Nobody else ever sees them. It's different with wiretapping material. If we are tapping your phone, you're going to find out about it. The law says we must notify you no longer than 90 days after termination of the tap, and

Much of the mystery in the business of buying real estate is concerned with the clearing of the title, before it can be transferred from one party to another, and the charges made for this. These expenses are normally lumped together under the heading of "closing costs." The buyer is usually only too aware of these closing costs. A good real estate man will explain in detail what these charges are for, and why each service is important to a prospective buyer.

When you use TERRY REAGOR Co., Realtors, 3109 S. Mendenhall Rd., 363-1443 you will find us most anxious to explain all the necessary details such as closing costs to you. to raise his hands above his head. If he does so, all is well. If not, then the training the FBI agents receive in marksmanship and self-defense comes into force.

Special agent Ben Hale, a 39-year-old native of Altheimer, Ark., is firearms instructor at the Memphis office and is well known for his shooting skill, according to Gunderson.

"I was on a talk show once, here in Memphis," Gunderson says, "and this kid called in and asked, 'Who's the best shot in the FBI?' I kidded him and said, 'Well, son, the best shot is Mr. Kelley, and I'm right up there,' but then I said, 'No, I'll give you a serious answer—the best shot at the Memphis FBI office is Ben Hale.' Then the kid said, real proudly, 'That's my daddy!' And it was, too."

But Hale is coldly clinical when it comes to his craft.

"Agents carry pistols at all times when they're on duty, and most carry them off-duty," Hale says. "They are issued 38-caliber Smith & Wessons or Colts, but they may purchase their personal pistols, if they want to. A lot carry 357 magnums."

As for heavier artillery, the FBI arsenal contains shotguns, teargas guns and the new M-16s, which have replaced the Thompson submachine gun for FBI agents.

"The M-16 is a lot lighter," Hale says. "Its shells have a high velocity, and they can practically tear a man's arm off when they hit him."

BUT IF AN FBI man's aim is accurate, the shots will never hit the arm.

"We shoot defensively, and only when we feel our lives or the lives of others are in danger," says Hale. "But when we shoot, we shoot to kill. There's too much danger if you don't. If you try to hit a man's arm or leg instead of his chest, you're shooting at a smaller target and might miss. You might even hit an innocent bystander that way."

FBI agents have at least eight "shoots" (marksmanship competitions) a year. Some are held at the Academy in Quantico, where firing ranges include a mock village with "friendly" and "non-friendly" pop-up targets. Some are held at outdoor ranges in the Memphis area, some at the indoor range in the basement of the Federal Building.

"We can only shoot on that range after 4:30 in the afternoons, though," says Hale. "There's an office right next to it, and they wouldn't like it too much if we were shooting while they were trying to work."

Hale offers firearms instruction to other law-enforcement officers throughout the territory, too, as part of an expanded program of cooperation between the FBI and local agencies.

THE FBI still asks newspapers not to print the names of agents in the field, for security reasons, but under the new image policy,

Gunderson briefs a part of his staff. He runs his office with an air of quiet authority and, despite the new relaxations, is quick to admit that the FBI is "a quasi-military operation."

these men are now available for interviews.

The self-defense instructor in the Memphis office is from Minnesota. He taught mathematics and physical education for 3½ years to fifth-graders and sixth-graders, before joining the FBI. The pay (beginning agents get \$16,727.80 per year, including guaranteed overtime) was one thing that attracted him. Another lure was the opportunity to travel. Not so attractive was the work schedule.

"Including the overtime, we work at least 10½ hours a day, five days a week," he says. "And there's an awful lot of extra duty. I have a wife and two children, and one year I missed all three of their birthdays, plus my anniversary, because I was working."

He is 28 and has the wholesome good looks of a short-haired Glen Campbell, much like the young agents on the TV series, The FBI. Like many of his fellow agents, he watches that show from time to time.

"I just wish all our cases broke that fast and we could wrap them up," he says. "What the TV series doesn't show is all the hours you spend sitting in the cold all night long watching a particular location, or getting eaten up by mosquitos and not catching anybody or breaking any case."

Being an FBI agent is a special thing to the young man, he says, well worth the restrictions the

job places on an individual. Things like not drinking excessively, not picking up females in bars, not having emotional outbursts in public—in short, anything less than exemplary conduct, at all times.

"I don't think that's so much a problem," he says. "Really, that's no more demanding on a person than he should be, anyway. The only thing that can be a problem at times is that you can't discuss current cases with your friends and neighbors, when everyone's talking about their jobs."

"When that happens, you just have to learn to be a good listener."

Even though you're also trying to be a friendly, neighborhood agent. ●●●

IN FACT, there is very little in evidence to suggest that the offices house a super crime-fighting organization—just a “10 Most Wanted” poster display here, and there a display of sketches of famous felons captured or killed by FBI men in the past, men like John Dillinger, ‘Pretty Boy’ Floyd and Memphis’ own ‘Machine Gun’ Kelly.

And there are such interesting little touches to be seen about the office as a bulletin board featuring—just below a picture of Donald Duck on a flyer advertising Walt Disney’s Magic Kingdom Club—a notice advising anyone “interested in ordering china products with the FBI seal” to contact the person in charge of that detail.

The one place which definitely suggests the serious side of the job is a locked room in the center of the office area. This is the arsenal, and here are kept the tools of the law-enforcement trade.

While the FBI regards itself as an “investigative agency,” its most publicized moments always have come during gun battles with desperate criminals. And such battles have increased in frequency in recent years.

“Actually, only 25 agents have been killed, in the history of the FBI,” says Gunderson. “There is good reason for this, though, in that we minimize the danger by using highly trained personnel and by being highly cautious in organizing an arrest. We always cut off any means of escape before we let the criminal know we’re there.”

The FBI also waits until it has a solid case built up against someone to arrest him, rather than arresting anyone “on suspicion.” That patience pays off in a near-perfect court record, Gunderson says.

“Last year, we got convictions in more than 97 per cent of our cases that were presented to the courts. That’s a pretty good average.”

OFFICIAL FBI procedure in making an arrest is to identify one’s self and order the suspect

Re: Inspection - Memphis Office

Fraud and Embezzlement case, and excessive delay in dictating Interview Report Form. Missed fugitive deadlines (4.1%) below field average (5.04%), which is improvement over last inspection when office above field average. No missed applicant deadlines and one civil rights deadline missed - well below field average. 21 of 30 violations (70%) of Bank Robbery Statute solved during FY 1974, exceeding field average of 59%. Long-range solution rate is 70%, which equals the field average. Overall Bank Robbery Program characterized as being aggressive and well administered. Continuous attention given Top Ten Fugitive cases.

Criminal Intelligence and Interstate Gambling Activities Programs rated good. No convictions in organized crime matters recorded since last inspection, and no subjects awaiting prosecution. No La Cosa Nostra in territory. Most prevalent type gambling in area concerns bookmaking in sports events and numbers operation. Office has several cases under investigation which should produce prosecutive results. Aggressive investigation emphasized in gambling matters and penetration of local organized crime factions stressed. Memphis has not utilized Title III installations since last inspection and suggestion made to consider use of this investigative aid. One additional Agent assigned to organized crime matters will concentrate on prostitution investigations. Selectivity of cases stressed with emphasis on those with prosecutive potential. Top-Echelon (TE) Informant Program well administered with one TE (same as last inspection) and 10 targets under development (increase of 7). Development of additional TEs and targets stressed. Criminal Informant Program (CIP) rated very good; 59 CIs (up 3 from last inspection); 111 PCIs (up 6). Statistical accomplishments attributable to CIP up in 6 of 8 categories. Informant quality down slightly, but increased numbers will permit future upgrading.

(U) No apparent threat in Division from pro-Chinese Communist, Cuban, Arab or Israeli groups, and cooperative individuals and sources in position to cover activities if detected. Communist Party, USA (CPUSA) membership increased slightly (6 to 8) since last inspection and active. While informant coverage existent, need for additional member informants stressed. Security investigations of individuals need close attention as result of revisions of Manual of Instructions and certain weaknesses pointed out. Other than CPUSA and its front groups, no significant subversive organizations active in Division. [Suggestions set out concerning potential Soviet satellite double agent operation.]

Security informants (SIs) producing and well handled; SI Program rated very good. Extremist Informant Program rated good. Nation of Islam (NOI) active in Memphis and Nashville with inadequate informant coverage in Nashville noted. Emphasis given to develop sources and identify all NOI members in territory. Klan activities minimal; well covered by sources.

Memorandum to Mr. Callahan
Re: Inspection - Memphis Office

~~CONFIDENTIAL~~

Aircraft Hijacking Plan well organized. Specific suggestions made to facilitate location of a Fugitive Deserter; a Fugitive Selective Service Violator, and an Unlawful Flight to Avoid Confinement - Escape Fugitive. Suggestion also made to reopen closed Extremist case to identify subject with objective to develop as source.

Administrative Operations - Very Good (Last Inspection - Very Good). Memphis 3-desk office - justified; work load equitably distributed. Five established RAs and two-man RA at Cookeville, Tennessee, approved by Bureau 2/25/74 (space not yet available), and will eliminate one road trip. One road trip from Headquarters and two from Nashville RA justified as well as RAs considering economy of operations, statistical accomplishments, population and area covered.

Special Agent Accountants assigned Memphis adequate and are afforded assignments to upgrade individual qualifications. Work pending not excessive.

Chief Clerk's Office well lighted, operating efficiently and productively. Pending work slightly below field average and marked improvement from last inspection. Zero days of project work attributable to cooperation of all Headquarters personnel resulting in saving of closed file space. Form errors under field average, but slightly higher than last inspection. Number of misfiled index cards above group and field averages. Files and exhibits properly maintained. Stenographic production below group and above field averages. Retypes below group and field averages. Typing errors above group and below field averages. Stenographic delinquency reported in 8 of 11 months since last inspection due in part to stenographic vacancies. Suggestions made to reduce delinquency. Bureau-approved odd-hour shifts justified. Imprest and Confidential Funds audited and being handled in accordance with instructions. Undesirable trends detected involved failure of Resident Agents to promptly initial original Interview Report Forms (FD-302s) and return to Headquarters City for filing, and failure to consider interview of security subjects prior to closing cases administratively. Overtime productive, necessary and equitably shared.

Personnel Matters - Very Good (Last Inspection - Very Good). Total complement 102 (62 Agents, 40 clerks); authorized complement at time of last inspection 100 (61 Agents, 39 clerks). Inspector considers Agent complement of 62 adequate but not excessive. SAC has pending request for two additional Agents for Nashville RA (handled separately). Since last inspection Training Technician position approved establishing authorized clerical complement of 40. Inspector and SAC agree that clerical complement of 40 is adequate but not excessive.

SAC, ASAC and Supervisor performing on-the-spot supervision to provide necessary training and leadership. No Agents on limited duty or unavailable for transfer. Two work-related injuries compared to one at time of last inspection - safety stressed.

Memorandum to Mr. Callahan
Re: Inspection - Memphis Office

Commendations and Incentive Awards Programs utilized by supervisory staff when recognition warranted.

Since last inspection 2 Special Agent applicants recruited and 36 clerical applicants entered on duty at FBI Headquarters. During quota months 27 applicants entered on duty compared to established quota of 30. Successful recruitment among minority groups noted.

Contacts - Excellent (Last Inspection - Excellent). 13 SAC contacts (8 in Headquarters City and 5 in RA territories) furnish valuable and diversified services. This represents an increase of two since the last inspection. Speech program, including radio and television, productive with good variety of groups reached and wide geographical coverage. Liaison and National Academy (NA) programs effective with satisfactory reservoir of NA candidates available. Police training program effective and diversified with increase in all categories, particularly in number of schools and hours of instruction. Relations with Federal, State, local officials and news media very favorable. Persons contacted, including U. S. Attorneys, spoke highly of FBI and Memphis personnel - relations excellent.

He is well known to outside contacts, is an effective and capable administrator who can handle additional responsibility. He is interested in and completely available for administrative advancement. He has respect of his subordinates. One substantive error in case supervised by ASAC - not culpable.

PERSONNEL MATTER *(C)*

JUL 10 1979

DATE: 10/17/74

On this date, my attorney in Norristown, Pennsylvania, advised my divorce became final on 10/15/74. The divorce was uncontested and resulted in no embarrassment to me or to the Bureau.

A further hearing will be held in Pennsylvania for the purpose of setting the amount of child support to be paid monthly. Due to my ex-wife's being a legal resident of Pennsylvania and my being a legal resident of Tennessee, it will be necessary for a subsequent hearing to be held in a court in Tennessee. The hearing in Tennessee cannot take place until after the hearing in Pennsylvania. Since I am now voluntarily contributing more than \$1000 per month for the support of my ex-wife and children, and since I expect the Courts to make a substantial reduction in this amount, I am anxious to be available for the hearing in Tennessee. For this reason, I respectfully request that I not be considered for a transfer out of the Memphis Office until after this matter is resolved in the courts. I am, of course, completely available for transfer wherever and whenever the Bureau might need my services; however, it would be of great benefit to me to remain in one place until this matter can be finally resolved.

The Bureau will be kept fully advised.

Dear Ted:

I enjoyed reading the articles from the Commercial Appeal and Press-Scimitar covering your recent remarks at the workshop sponsored by the American Association of Retired Persons in Memphis.

Your advice to senior citizens and others who frequently are crime victims was excellent, and the newspaper coverage should increase public awareness that the FBI is interested in crime prevention as well as crime detection.

REC-43

11-11-74-271

I particularly liked your statement that the burglar "leaves behind a latent sense of danger that transcends the dollar loss. He has robbed the victim of a sense of ease and confidence in the home environment." I believe this is more true than ever in today's society when so many of our elderly citizens do not have the means to install protective devices. The right to feel secure in one's own home is one of our most precious freedoms.

I feel confident that you succeeded in letting these people know the FBI is concerned about their welfare.

Elderly Persons Target of Crime

Ted L. Gunderson, agent in charge of the Memphis FBI office, today offered tips on self-defense for citizens, especially the elderly who are the victims.

Speaking to a workshop sponsored by the American Association of Retired Persons at Lewis Center, 1188 N. Parkway, Gunderson said a person should be alert to situations and circumstances surrounding him.

"By using diligence and common sense, you can protect yourself and your property," he said.

Gunderson offered these tips:

"Install a chain-type safety lock, a safety or dead bolt lock, and a peephole and use them."

"Never admit someone you do not know personally."

"A woman living alone should not advertise the fact. Use only your last name and initials in the telephone directory, on your mailbox and on your door."

"When answering the telephone at your home, it is better to say 'hello' rather than identify yourself by name. Do not furnish information to unknown callers."

"When leaving your place of residence, make sure all doors and windows are locked. Your residence should always give the ap-

pearance that it is occupied."

The workshop, one of a series, was held to warn about the dangers of crime to elderly Memphians.

The first workshop was held yesterday at River-view-Kansas Community Center, 1891 Kansas.

Gene Banton, director of the Metro Law Enforcement Planning Agency, said 262 (or 34 per cent) of the 763 cases of larceny from a person in Memphis last year were against persons over 54 years old.

These cases include fraud and other swindle games to which officials said older persons are more susceptible.

Twenty (or 59 per cent) of the 34 pigeon drops were against elderly persons, Banton said. Police said a pigeon drop generally involves a con man telling the victim he has found money and will split it with him if he puts up some of his own money to show "good faith." The con man then disappears with the victim's money. Many victims do not report the crime because of embarrassment or other personal reasons.

Another free public workshop session is scheduled for tomorrow at Christian Brothers College auditorium, East Parkway and Central,

Elderly Get Brunt Of Criminal Acts, FBI Agent Says

The typical elderly victim of crime, contrary to popular belief, is struck by burglars at his single-family home or duplex, the head of the Memphis office of the FBI said yesterday.

"This is contrary to a popular notion that most crimes against the elderly occur in apartments and public housing developments," said Ted Gunderson, agent-in-charge of the Federal Bureau of Investigation in Memphis.

Gunderson, speaking yesterday at a crime prevention program at the Lewis Center for Senior Citizens, said: "Of all persons who become targets of a criminal act, the elderly usually suffer the most."

Here, in part, is the composite crime described by Gunderson:

The victim lives in a single-story frame house built about 40 years ago. The security hardware is antiquated.

The neighborhood is racially mixed, with some homes in disrepair and a couple of homes near the stage of abandonment.

The offender, between 17 and 21, pries open the front door during daylight hours and ransacks the house. He is fearful and carries a pistol stolen in an earlier burglary. If interrupted and cornered, he

would be dangerous.

By the time the burglar departs, he will cost his victim \$127 in cash and property, not counting physical damage to the home.

"But more important," Gunderson said, "he leaves behind a latent sense of danger that transcends the dollar loss. He has robbed the victim of a sense of ease and confidence in the home environment."

Gunderson suggested that the elderly band together in volunteer groups under the guidance of police to fight crime.

He made specific recommendations for security measures such as the installation of safety locks and wariness of strangers wanting to enter the home.

Gunderson suggested other procedures:

- A woman living alone should not advertise the fact and should, rather, use only her last name and initials on the door, mailbox and in the telephone directory.
- When answering your home telephone, do not give your name or furnish information to unknown callers. If the caller asks what number he has reached, ask him what number he was calling, but do not tell him your number.
- When leaving your home for more than a day, arrange to stop all deliveries and have a friend pick up your mail. Remind your friend to check your doorknob because a favorite trick of burglars is to hang advertisements on doorknobs and check back in a day or two.
- Do not put your name and address on your house keys. If you lose your keys, have the locks changed at once.

Do not leave notes on your door. Expect thieves to look for your keys in the mailbox and under the doormat.

• When driving at night, use well-traveled streets whenever possible and keep your doors locked and windows closed as much as is practical.

• If you notice another car following you, go straight to a police station or an open business to call police.

• Keep in mind that if your car is stolen, the thief will have whatever else you leave in the car such as credit cards.

• When your car is disabled, raise the hood and tie a white handkerchief to the antenna. Sit inside the car with the doors locked until help arrives. Be wary of accepting rides with strangers.

• Never open your wallet in such a way that a stranger can see your identification or how much money you are carrying.

• If you should be a victim of an attacker or a thief, press charges against him. Criminals cannot be stopped if they are not punished.

The crime prevention program, which is open to the public, is scheduled to resume at 10 this morning at Christian Brothers College Auditorium.

The three-day program, which ends today, is sponsored by the Memphis chapters of the American Association of Retired Persons and the Retired Teachers Association.

SUGGESTION
The Bureau is requested to consider preparation of a booklet or pamphlet describing, possibly through illustrations, the latest methods that should be considered by Agents in the search of a residence or building wherein may be hiding a fugitive, possibly armed and dangerous. Included in this booklet should be considerations for entry into rooms, attics and other secluded spots where an Agent may receive instant fire. A portion may be devoted to the stopping of moving vehicles. Also included should be any current thinking on searching of prisoners and handcuffing same.

Current practice or rule (include manual citation as well as facts) It is recognized that a limited part of the above suggestion is covered in the Defensive Tactics book, but possibilities in the above-described areas are constantly changing and these possibilities should be graphically portrayed for Agent personnel.

Advantages of suggestion and annual savings (include basis for estimate)
If adopted, each Agent would have in booklet form a training aid which could be easily referred to on a moment's notice in the event that a difficult arrest situation is anticipated.

Disadvantages of suggestion
None

(The use by the United States of my suggestion shall not form the basis of a further claim of any nature by me, my heirs, or assigns upon the United States. I understand that I will be considered for a justified award only if my suggestion is adopted within two years after submission.)

Dear Ted:

Thank you very much for the suggestion regarding the preparation of a particular type of investigative aid for use by our Special Agents. After consideration, it has been decided this action is not warranted because of the various disadvantages involved and the fact that such a pamphlet could not possibly cover every type of arrest or raid which might be involved in our operations.

Although favorable action was not taken in this instance, I appreciated having the benefit of your thoughts on this matter.

stopping of moving vehicles. Also included should be any current thinking on searching of prisoners and handcuffing same.

FBI Academy, Quantico, opposed adoption pointing out that it is an established fact that every arrest and/or raid is different, that no two are exact alike and because of numerous possible variables which face our Agent personnel on a nationwide basis, the idea does not have merit. Every raid, per se, should be well planned and, in most cases, this plan should be reduced to writing similar to a military operations order. This concept has and is being taught to our Agent personnel who attend Special Weapons and Tactics (SWAT) training.

The concept of incorporating all of the many variables and/or possible situations into a training aid to be carried by each of our Agents would be tantamount to giving them a primer, which, by its very nature, would be as large as the Manual of Rules and Regulations. Just the fact that a police officer could see our Agent personnel referring to such a primer would very definitely indicate our Agents have not even received the most rudimentary training in the techniques and mechanics of arrest. Further, if such a booklet were put out, it could not possibly come close to covering each situation and if the Agent could not find the solution in the book, he might lose all of his confidence. Finally, if such a booklet were lost and fell into the wrong hands, the possible embarrassment through publication in the news media, as well as the criminal element becoming totally aware of our tactics, could be disastrous. Due to these views, Training Division recommends the idea not be approved.

Dear Ted:

I have received your suggestion that Senior Resident Agents in the larger resident agencies be permitted to issue news releases with the concurrence of the Special Agent in Charge. Consideration has been afforded this proposal and it has been decided our current regulations in this respect should remain in effect to insure uniformity, authenticity, accuracy and simultaneous distribution to all interested news media.

The interest and thoughtfulness you displayed in submitting your idea to me are indeed appreciated.

SUGGESTION
Current instructions regarding news releases be amended to permit Senior Resident Agents (SRAs) in larger Resident Agencies (such as Nashville, Tennessee; Hartford, Connecticut, etc.) at the discretion of, and with the concurrence of, the SAC, to issue routine news releases in their name.

Current practice or rule (include manual citation as well as facts)
The Manual of Rules and Regulations, Part II, Section 6, Page 1c, instructs all news releases made by Field Offices should be issued over the name of the SAC.

Advantages of suggestion and annual savings (include basis for estimate)
The SRA is known locally as the FBI Agent in charge of that particular area covered by his Resident Agency. He is normally the first person contacted for information relative to the FBI or matters being worked in that area by the FBI. The SAC, while he is known as being in charge in the Division is a more remote individual who often either cannot be contacted easily or is not as cognizant of the general information relative to a particular case such as the place of incarceration of a subject, the date and time of hearing, the names of prosecutors handling the matter, etc. The issuing of routine news releases by the SRA would enhance the image of both the FBI and the SRA in the larger Resident Agencies.

Disadvantages of suggestion
None known.

(The use by the United States of my suggestion shall not form the basis of a further claim of any nature by me, my heirs, or assigns upon the United States. I understand that I will be considered for any justified award only if my suggestion is adopted within two years after submission.)

Dear Mr. Kelley:

Last evening, the Mid South Chapter of the Bank Administration Institute (BAI) was honored to have Mr. Ted L. Gunderson, Special Agent in Charge of the Memphis Office, Federal Bureau of Investigation, as our guest speaker. Mr. Gunderson represented your Bureau in a very strong and effective manner. His topic of "Case Histories of Bank Fraud and Embezzlement" was both interesting and informative. It is somewhat of an understatement to say that he was well received.

I am certain that I am expressing the thanks to the FBI for the entire banking community that was present for the meeting. Your office needs to be proud of agents like Mr. Gunderson that represented you so well.

Very truly yours,

SUMMARY

Officials: Theodore L. Gunderson, SAC since 11/26/73; Patrick Joseph Deery, ASAC since 4/19/74 (replaced Inspector Stanley S. Czarnecki, Inspection Division). Last inspection: 3/18 - 29/74.

Physical Condition and Maintenance - Excellent (Last Inspection - Excellent). Office located in Federal Building in downtown Memphis. Space is well maintained, secure, clean, and functional. Office has 6 Resident Agencies (RAs), only one of which (Nashville) was inspected due to budgetary considerations. Nashville RA maintained in secure, neat and orderly manner and is scheduled to move to newly constructed space in same Federal Building 4/75. No safety defects detected in representative number of Bureau automobiles inspected; repair and operating costs below field averages. Automobile accidents decreased from 3 to 2 since last inspection; one employee held responsible. Defensive driving stressed.

Investigative Operations - Very Good (Last Inspection - Very Good). Case load 1/31/75 - 1850 (1759 active); down from last inspection - 1984 (1898 active). Active pending cases per Agent (33.6) above group and field averages (28.4 and 28.1 respectively) in each of the last 12 months. Cases closed per Agent above field and group averages each of last 12 months.

Statistical accomplishments first 8 months of Fiscal Year (FY) 1975 down 5% in convictions and 20% in fugitives apprehended; up 227% in fines, savings and recoveries. **Memorandum to Mr. Callahan
Re: Inspection - Memphis Office**

Top-Echelon Criminal Informant Program (TECIP) rated very good. Two TE informants and 4 TE targets compared to 1 TE and 10 TE targets last inspection. Although number of targets has decreased, coverage has produced significant results especially for local law enforcement. Since last inspection office credited with one conviction in organized crime and, based on information furnished by Memphis informants, local authorities made 16 raids resulting in 60 arrests and 11 convictions.

Criminal Informant Program (CIP) rated very good. 61 CIs (up 1); 119 potential CIs (up 7). Informant accomplishments above in 6 of 8 categories first 7 months of FY 1975. Extremist and Security Informant Programs rated very good. Coverage adequate. No Foreign Counterintelligence Assets.

Specific case suggestions made to assist in locating a fugitive; to disseminate information to other agencies concerning a foreign extremist, and to improve administration of Ascertaining Financial Ability cases. One case accomplishment write-up suggesting commendation for Agent who identified and located bank robbery subject.

Administrative Operations - Good (Last Inspection - Very Good). Memphis 4-desk office - justified; work load equitably distributed. Six established RAs; 3 road trips, two out of Nashville RA and one out of Headquarters City. All justified.

Special Agent Accountants (SAAs) assigned Memphis adequate. One SAA being afforded assignments to upgrade accounting rating. Suggested consideration be given to reassignment of SAA to Nashville RA when vacancy occurs.

Chief Clerk's Office operating efficiently. Number of index cards misfiled below field average. Pending work below field average. Stenographic production below group and equal to field averages. Retypes below field and group averages. Confidential Fund properly administered. Fund believed inadequate and FBIHQ considering increase in authorized amount. Imprest Fund adequate and properly administered. Recommendations made to further improve administration of both funds.

Two undesirable trends detected and ordered corrected. One involved failure to include caution statement in outgoing communications. The other involved failure to promptly acknowledge in writing receipt of Federal Housing

Memorandum to Mr. Callahan
Re: Inspection - Memphis Office

Administration Matter cases from another Government agency and a failure to follow the U. S. Attorney for prosecutive opinion regarding these cases.

Personnel Matters - Very Good (Last Inspection - Very Good). On-board complement 2/21/75 - 100 (60 Agents, 40 clerks). Authorized complement last inspection - 102 (62 Agents, 40 clerks). Inspector concurs with SAC that 60 Agents are adequate. Since last inspection clerical authorized complement increased by 1. SAC feels 2 additional clerks needed for overall total of 43 (handled separately).

SAC, ASAC and one supervisor performing on-the-spot supervision. Recently approved supervisor has not had opportunity to so perform. No Agents unavailable, overweight, on probation or on limited duty. One clerk on probation. One work-related injury, decrease of 1 since last inspection. Safety stressed.

No Special Agents recruited. 31 clerical employees recruited, 27 for FBIHQ since last inspection (quota during period - 10). Need to increase minority representatives for office clerical staff stressed. Office instructed to update New Agents' Training Program.

Contacts - Excellent (Last Inspection - Excellent). Public relations program highly effective. Public speaking program reaching large number of persons and broad cross-section of groups. Television and radio appearances effective. Open house held for employees and families, contacts and Government officials. FBI National Academy Program and selection of applicants excellent. Liaison effective. Police training program adequate. Persons contacted by Inspector, including U. S. Attorneys, were cordial and spoke highly of Bureau and Memphis Office.

RECOMMENDATIONS

1. SAC Theodore L. Gunderson, GS-16, aged 46, first office as SAC. He is a very effective leader, makes an outstanding personal appearance and is well regarded by office personnel as well as public and Federal officials. Continue as SAC. SAC Gunderson advised he is completely available for administrative advancement including transfer. No substantive errors found in cases under SAC's supervision. Attached for approval is communication to SAC advising him of inspection findings which includes reason for downgrading Administrative Operations from Very Good to Good.

Memorandum to Mr. Callahan
Re: Inspection - Memphis Office

2. ASAC Patrick Joseph Deery, aged 50, second office as ASAC. He makes an excellent appearance and is an affable, friendly individual. SAC states that he is qualified for administrative advancement and Inspector concurs. Continue as ASAC. One substantive error detected in cases under his supervision (copy attached). This error concerned the failure of the case Agent to submit a photograph to an auxiliary office with a communication approved by ASAC Deery setting forth a lead to apprehend the subject in a deserter - fugitive case, even though a photograph was available in file. The auxiliary office arrested the wrong subject in this case and a photograph may have precluded this error. SAC recommends no censure inasmuch as ASAC was severely admonished and reprimanded. Inspector disagrees and feels that this was a serious error which should have been detected as ASAC Deery had ample opportunity to review the file. It is recommended that ASAC Deery be censured. Attached for approval is a letter of censure to ASAC Deery.

3. Recommendations concerning other personnel handled separately.

The purpose of this memo is to recommend that Theodore L. Gunderson, currently assigned as SAC, Memphis, be designated SAC, Dallas, to fill the vacancy brought about by the pending retirement of J. Gordon Shanklin effective 6/27/75. Several candidates were considered in arriving at the above decision; however, it is believed that Gunderson has both the experience and ability to function effectively as SAC in Dallas. It is to be noted that Gunderson is currently assigned to a Group IV Office and Dallas is a Group II Office.

Theodore L. Gunderson, SAC, Memphis, EOD as SA-12/10/51, GS-16, age 46, divorced, 4 children, Bachelor of Science degree. Gunderson served for eight years in the Field before assignment to Headquarters in 1960. At Headquarters, he served in the General Investigative, Special Investigative, Training and Inspection Divisions. He was designated ASAC, New Haven, 11/7/65; was subsequently transferred to Philadelphia as ASAC 9/13/70; and was designated a full Inspector, Inspection Division, 3/25/73. He reported to Memphis, his first office as SAC, 11/19/73 where he is currently assigned. Gunderson has performed in a most competent manner since taking over the SAC responsibilities at Memphis. He is considered to be an effective leader, makes an outstanding personal appearance, and is well regarded by office personnel as well as public and Federal officials. He received an Outstanding on his annual performance report for the period ending 3/31/75. In view of his above-average performance as SAC in Memphis, it is believed that he has the ability to take on additional responsibilities in a larger office such as Dallas.

RECOMMENDATION:

That Theodore L. Gunderson, SAC, Memphis, be transferred to Dallas and designated SAC of that office effective upon the departure of the present incumbent, transfer to be effected at no change in grade or salary at this time.

FBI DIRECTOR WELCOMED BACK TO MEMPHIS
Ted Gunderson, right, special agent in charge of the Memphis office of the FBI, welcomes FBI Director Clarence M. Kelley, who held Gunderson's position from 1960 to 1961. Kelley, who is recovering from skin cancer surgery, wore his arm in a sling as he addressed sheriffs from throughout the U.S. meeting in Memphis today.

FBI Director Expects Crime To Increase Throughout '70s

FBI Director Clarence M. Kelley says he is not optimistic that the nation's crime rate will do anything but continue to go up throughout the rest of the 1970s.

Kelley, in Memphis today to address the 35th annual National Sheriffs Association Conference at the Holiday Inn-Rivermont, said Americans should not expect to see a decrease in the crime rate until there is a decline in the U.S. population. He said no such decline is anticipated during the remainder of this decade.

"There are expectations that in the early 1980s, due to a decline in the population in the era, there possibly will be a decrease in crime," said Kelley.

But he added that even with such a population decline, the crime rate could continue to increase unless there are substantial changes in the American judicial system and unless there is a greater awareness on the part of the public for the need for more effective police forces.

"I think things need to be done now if we expect to ever see a crime rate drop," he said. "Fortunately, some things are being done, but we are going to need many more courts and prosecutors in the years ahead."

Kelley also called for more cooperation among local, state and federal law enforcement agencies.

He said serious crimes in the U.S. increased by 115 per cent in the last decade.

He said the "vital alliance" needed to stem the tide necessitates cooperation at all levels.

"No single agency is so self-sufficient that it is beyond the need for assistance," he said.

Kelley, special agent in charge of the Memphis FBI office from 1960-61, said the 17 per cent rise in crime in the U.S. in 1974 was due partly to the spill-over of crime from the suburban and rural areas, where crime went up 20 per cent.

He said this was more reason for cooperation among "all levels" of law enforcement.

The FBI laboratory is trying to expand its cooperative role, according to Kelley, by performing examinations for agencies other than the bureau. "I am proud of the FBI's role in cooperation," he said.

Another success, due to cooperative practices, Kelley said, is the eight-year-old National Crime Information Center. He said the computer program now contains more than five million active records on crimes and criminals and handles more than 186,000 transactions a day, serving all 50 states.

Kelley said as an FBI member and former Kansas City, Mo., police chief he has seen the cooperative process from both directions and "I assure you that I intend

to do all I can to keep this path to success a two-way street."

Among the 1,400 delegates in attendance at the four-day conference are Peter Pitchess, sheriff of Los Angeles County and Bill Lucas, the first black sheriff of Wayne County (Detroit), Mich.

Pitchess, serving his fourth four-year term in one of the world's largest sheriff departments (7,600 men), said the country is suffering from what he calls "a violent violence, people killing for no good reason."

In Los Angeles County, Pitchess said, the most serious problem is the rise in crimes like murder and assaults. "Frankly, I don't know what causes it — if I did I might have a better job," said the former FBI agent.

He said the proliferation of handguns in America is partly to blame. "I think

there should be a curb on handguns, because this violence has become an impersonal thing," Pitchess said.

While acknowledging Los Angeles County's reputation for sensational crimes like the Charles Manson murders, Pitchess said he felt that area has suffered less from violent crimes recently than some areas, but that "we get the publicity for them because we're the entertainment capital of the world."

He said Houston led the nation in murders in 1974 and Northern California recorded "far too many."

"Pretty soon people in the large metropolitan areas will become inured to the violent crimes and unfortunately, they'll accept it, as they already have in New York and Chicago," Pitchess said.

Gov. George Wallace of Alabama will address the conference tomorrow night at 7:30 and Norman A. Carlson, director of the U.S. Bureau of Prisons, will speak at 10 a.m. tomorrow.

G-Man Parts From Stereotype

And City

By MICHAEL LOLLAK

Ted Gunderson began his working career by selling hams "on the streets of Detroit." Since then he's recruited for the University of Nebraska Cornhuskers, and he's spied on spies.

In between, he arrested one of the nation's 10 most-wanted criminals, outwitted two desperate skyjackers and investigated the Mafia — that is, "La Cosa Nostra."

Gunderson is an FBI agent who chews four brands of tobacco, is "a hacker" on the golf course (handicap 16) and beams over his daughter's selection as queen of her senior prom.

And his willingness to talk about those things is one of the reasons the mood has changed at the FBI's Memphis office since October, 1973. That's when Gunderson was appointed agent in charge here, bringing with him the outgoing manner — even to the press — that distinguished him from the old stereotypes.

The most fitting tribute to the 46-year-old agent would be from the agents under his command. And none will offer even an off-the-record criticism of Gunderson. "He's one of the most aggressive and decisive agents I've ever worked under. He can make decisions in the hard

spots," one agent said last week after learning Gunderson has been promoted to agent in charge of the FBI's Dallas office. Gunderson leaves Friday.

"We're going to hate to lose him. Due to his whole attitude, our rapport with the local law enforcement agencies, police and sheriff's department, has increased two-fold. And cooperation with the locals is invaluable to the FBI," the agent said.

Gunderson's openness generally tends toward staunch defense of the FBI and its personnel, including former director J. Edgar Hoover. "I'm sorry he is not here to defend himself. I feel when all the facts are available, he will go down as one of the great

Americans of our times. His praise is equally effusive for current director, Clarence Kelley.

As for the agency itself, criticism leveled at the FBI in recent months can probably be attributed to a general change in attitude and greater emphasis than ever before on privacy. Incidentally, no one is more concerned about protecting the rights and privacy of the individual than the FBI.

Gunderson says counterintelligence programs of the '50s and '60s against extremist groups "were very productive and in many instances directly responsible for neutralizing some of these groups, including the Black Panthers and the Ku Klux Klan."

Watergate criticisms, he says, are totally unwarranted since "we had nothing whatsoever to do with the incident. We were responsible for identifying the Watergate conspirators and furnishing our reports to appropriate prosecutors. In essence, we were a pillar of strength in the Watergate matter and never should have been criticized in the first place."

Gunderson's unwavering defense of the agency follows 24 years of service, which began after graduation from the University of Nebraska. With a degree in economics, he thought he "should get in on the ground floor of a reliable business," so he started selling hams, Spam and chili con carne for Hormel in Detroit. "A friend of mine got a job with the FBI about that time, and I decided if he could do it I could, too. Six weeks later I was in training school.

"Selling hams was all right, but I love this job. I'm on call 24 hours a day. I don't go anywhere where I can't be reached. If I go out to somebody's home, I leave a number where I can be reached."

Gunderson is divorced, so his social life isn't as public as some of his views. But his friends include Sheriff Roy Nixon, Police Chief W. O. Crumby, Liberty Bowl Association director Bud Dudley and the president of a major Memphis department store.

Surveying some of the high points of his career, he particularly recalls service in the organized crime and racketeering section of the FBI at Washington.

"La Cosa Nostra — it's the official name of the Mafia — exists. Gambling is probably its biggest enterprise, followed by drugs and prostitution," says Gunderson.

His openness is somewhat strained by the subject, but he says the FBI "busts it up every time we get the chance. We don't let any situation linger any longer than we have to." In organized crime, political and judicial corruption is a fact of life, he says.

As assistant agent in charge of the FBI's New Haven, Conn. office, Gunderson was in charge of extremist group inquiries. When a Black Panther leader said he was "going to get me," Gunderson recalls, "we conducted simultaneous interviews with every Black Panther member in the state of Connecticut at 7 a.m. one morning. That scared them off."

His spying experience was in New York where Gunderson was assigned to espionage activities against "Soviet satellite agents,"

spies from Poland, Rumania, Yugoslavia, to name a few. "My main goal was to identify their American contacts. It was mostly an intelligence-type operation."

Gunderson's football recruiting activities are confined to off-duty hours. "I spot for coaches at the University of Nebraska (where Gunderson was on the hamburger squad or B team)." His best effort for the alma mater was recruiting two high schoolers, one from New York and one from Bridgeport, Conn. — both now members of the Cornhuskers squad.

In leaving, Gunderson says: "I've loved this city, I've enjoyed working here, and I've never seen the rapport that exists between our agency and the local law enforcement agencies anywhere else."

Despite recent criticism of the Federal Bureau of Investigation, Ted L. Gunderson, special agent in charge of the Memphis FBI office, said the American people can be assured of the integrity and unbiased efficiency of the FBI.

In remarks prepared for delivery today at City Councilman Ed McBrayer's Dutch Treat Luncheon at the Quality Inn, Brooks Road, Gunderson said criticism of the FBI has largely been based on misunderstanding.

He said misunderstandings have led to recent criticism of the FBI in three areas: solicitation or misuse of information concerning members of Congress, involvement in Watergate and unconstitutional counterintelligence activities in the 1960s and 1960s.

Information on congressmen is maintained by the FBI in Washington, Gunderson said, but such files exist only because they relate to an investigation, a background

check, correspondence with the congressman or unsolicited information from the public.

"It is the policy of the FBI to solicit information concerning members of Congress only when there is investigative jurisdiction to justify it," he said. "Unsolicited information received from time to time is appropriately retained for record purposes," but, he added, "is never used to influence the judgment or actions" of congressmen.

Gunderson said that tapes made of conversations between former President Nixon and his advisors clearly show the integrity of the FBI.

The transcripts show that the FBI was not involved in Watergate coverup activities and was not compromised, Gunderson said.

He said the FBI's only involvement was in the Watergate investigation which led to indictments and convictions and indicates "from the very outset of the Watergate

investigation that the FBI was the one pillar of strength and integrity the conspirators feared most desperately.

On the subject of counterintelligence operations, he said these activities were designed to neutralize various extremist leaders, individuals and groups which were "undermining our democratic system" — often through threats or acts of violence.

Gunderson said a recent study of these FBI counterintelligence programs has been made by FBI Director Clarence M. Kelley. The study, he said, reveals that "FBI employees involved in these programs acted entirely in good faith and within the bounds of what was expected of them by the President, the attorney general, the Congress and the American people."

He said for the bureau "to have done less under the circumstances would have been an abdication of its responsibilities to the American people."

Agent Defends Roles Of FBI

Ted L. Gunderson, agent in charge of the Memphis office of the Federal Bureau of Investigation said yesterday the agency has been "tried and convicted without due process of law" by recent criticism of its files on congressmen, involvement in counterintelligence and Watergate.

He spoke to about 35 persons at City Councilman Ed McBrayer's district hearing luncheon yesterday at Bob's Lounge.

He said the complete facts on the agency's files on public officials and the FBI's counterintelligence activities have not been released. He said the Watergate transcripts show the FBI was not involved in the break-in or under political control.

"They (the transcripts) tell us that from the very outset of the Watergate investigation the FBI was the one pillar of strength and integrity the conspirators feared most desperately," he said.

Gunderson said charges that the FBI is soliciting information about members of Congress and misusing its files to influence Congress is "erroneous and without any basis in fact."

He said the FBI does not seek information on political leaders except when they are being considered for an executive or judicial branch position in the government. He said a background check is made before a nomination is made.

Gunderson said the FBI was involved in counterintelligence activity during the 1950s and 1960s when "extremists and terrorist groups were actively involved in undermining our democratic system."

He said the FBI made efforts to disrupt the groups' plans and activities but these actions were approved by the then-attorney general and the White House.

He said the FBI's activities helped bring about a "favorable change" in this country.

Dear Joe:

I hope I am not being prematurely familiar, but unless I am mistaken you and I were on counter desk in Washington during the period of 1968-1970. You were with the Bureau and I was a senior trial attorney with the General Crimes Section of the Criminal Division of the Department of Justice.

In any event welcome to Memphis and I hope the renewal of an old friendship. I read of your coming and thought you might like the clipping of you and your predecessor.

Ted did wonders for the Bureau here in opening the attitude and approach. As a result the Bureau now enjoys very strong local support, a benefit created recently. The Memphis office is an effective, warm, hard working office. I cannot emphasize enough the effectiveness of the agents being community involved and community leaders, having observed the conflicts encountered when I came. You will enjoy working here I believe and find your personnel highly professional.

All of your predecessors have enjoyed the relationship with Memphis State University and I invite you to participate too. As a starter can we set a lunch, racquetball game, swim, or such with you or you and an agent or two. Please allow me to introduce you on campus also. We would like to set up a speaking opportunity with the Speakers Forum too. I'll brief you on this later.

I offer my assistance to you in your relocation in any way that may help. Please call if I may assist. You may be assured I'll touch base when you arrive.

Dear Director Kelly:

You are of course aware of the great value, ability and character of Ted Gunderson, as is evidenced by his recent promotion. As a previous senior trial attorney with the United States Department of Justice, I must, however, call several additional items to your attention.

Ted and his predecessor were invaluable as natural, relaxed, concerned and effective Special-Agents-In-Charge. The climate among the people in Memphis when I arrived in 1970 was one of distrust, concern and limited cooperation toward the Bureau. My students were openly hostile toward the Bureau and United States Department of Justice. The Special-Agents-In-Charge of the last few years, particularly Ted, and his relaxed, changing image style have caused the Memphis attitude to move one hundred eighty degrees to favorable and trust.

EXP-PROC
JUN 24 1975

I now have first year students pursuing a course of law with the intention of becoming agents. My students are no longer hostile but now receptive and open toward the Bureau. In the midst of recent investigations and political problems, the Bureau because of these approaches and truthfulness, drew applause even where students disagreed. The conservative community is restored in its confidence and likes the new attitude.

I can only applaud the Memphis Office and hope the new attitude of being a participating and concerned part of the community with a job to do fairly and effectively is a continued policy. Ted brought justice, compassion and effectiveness in law enforcement back to Memphis.

EX-105 REC-33 94-56581-19

Ted will be physically replaced but missed as a natural part of the Memphis scene. I am proud of my past and present association with Justice and offer my assistance should I ever be of value to you.

Sincerely yours,

SUBJECT: THEODORE L. GUNDERSON
SPECIAL AGENT IN CHARGE
DALLAS OFFICE
PROMOTION MATTER

The purpose of this memorandum is to recommend that Theodore L. Gunderson, SAC, Dallas Office, be reallocated from Grade GS-16 to Grade GS-17.

SAC Gunderson arrived in the Dallas Office 6/22/75. The duties involved in his present assignment warrant Grade GS-17 and, since he has served ninety days in his present position in a very satisfactory manner and has been in Grade GS-16 since 11/13/73, there is nothing to preclude reallocation to Grade GS-17 at this time.

RECOMMENDATION:

That SAC Theodore L. Gunderson, Dallas Office, be promoted from Grade GS-16 to Grade GS-17 at this time.

In order for me to properly state my case, I need information regarding Mr. Gunderson's income and per diem from the beginning of the year 1973 until the present time.

I also need to know the total amount of reimbursement for realtor and closing costs paid by the Bureau for the sale of our home on September 3, 1975.

Can you help me? If not, can you advise me as to how I may obtain this information? Thank you for your consideration.

M. J. Kelly

Dear Mr. Kelley,

In April 1974, after almost five years as a Special Agent, I resigned from the Bureau to pursue a career in journalism. I am now a newsman with The Associated Press in Dallas.

Recently I had an opportunity to appear on a television panel show and interview Ted Gunderson, the SAC in Dallas. Ted's comments on the show were frank, direct and open. Ted came well prepared, having obviously spent time researching material to answer possible questions from the three panel members. He did shy away from the difficult questions. He was honest with all the newsmen throughout the show.

This letter is written strictly from my personal reactions, as a former agent and current member of the news media. The Bureau is to be commended for having personnel such as Gunderson who can answer questions without having to hide behind the bureaucratic shield. A continuation of the more open policy, instituted by you, can only improve the quality of the Bureau and its relationship with the American people.

In the October 1973 edition of the FBI Law Enforcement Bulletin, you said, "The police and the press have an overriding public duty to establish the integrity of their performance by the thoroughness and impartiality of their inquiries." With more people as open and frank as Ted Gunderson, then perhaps the suspicion with which the police and the press often view each other may be diminished.

SUBJECT: LITIGATION SAC THEODORE L. GUNDERSON-PLAINTIFF
VS. [Redacted] DEFENDANT

As the Bureau is aware, Plaintiff and Defendant were divorced 10/15/74. Prior to and subsequent to divorce, the Defendant removed from the GUNDERSON residence, Collegeville, Pennsylvania, all jointly owned property, consisting of 13 rooms of antiques plus other items, valued at approximately \$35,000. In addition, Defendant refused to help pay bills incurred by both when they were living as man and wife. At the time of the divorce, these bills totalled approximately \$17,000.

As a result of Defendant's actions, SAC GUNDERSON has initiated a law suit, hoping to claim one half the value of the jointly owned property and recovery of monies equal to one half of the outstanding debts at the time of the divorce.

Plaintiff's attorney, [Redacted] Norristown, Pennsylvania, advises his equity case against Defendant is scheduled for Wednesday, 1/28/76 at Norristown, Pennsylvania, 9:15 a.m. There is a possibility the case will be continued for a day or so.

SAC GUNDERSON will proceed to Norristown, Pennsylvania for a 9:00 a.m. appointment with his attorney 1/27/76, and will remain in the Norristown area until case is adjudicated, UACB.

Dear Ted:

As we enter the Holiday Season, I extend to you and your staff my sincerest best wishes for a truly joyous Christmas and a New Year filled with success and happiness.

From travels both in the United States and in foreign countries, I have found our personnel to be efficient, enthusiastic and interested in doing the best possible job. I am grateful to each and everyone of you for your good work and your outstanding efforts. The past year has been one filled with professional triumph and personal loss for many of us in the FBI family. It is during times of trial, as well as sorrow, that we all find how close we in the FBI are and how nearly we approach being a true family. It is this sense of closeness that makes the FBI what it is, and from which I derive great satisfaction and pride in being the Director.

We have many reasons to be proud of our accomplishments in the months past and, with the fine people we have and a firm intent to fulfill our responsibilities to the best of our ability, I am confident we will make 1976 an outstanding year for the FBI.

With warmest best wishes and kindest personal regards to all,

Sincerely,

ROUTE TO D.O. FOR SIGNATURE

Dear Mr. Kelley:

Today, before members of the Optimist Club of Fort Worth, TEXAS, appeared Ted L. Gunderson, Special Agent in Charge of the Federal Bureau of Investigation in Dallas, Texas. He made a tremendous impression on our club, which is the largest Optimist Club in the world.

Some 200 men heard Mr. Gunderson tell the story of the FBI in clearest terms. He was articulate, forthright, knowledgeable, dynamic and inspiring. His remarks were greeted with hearty "amens" throughout his talk.

We hope very much that it will be possible for Mr. Gunderson to appear before our club again some day. All Americans need to hear what he, and others of his ilk, have to say.

May his kind increase, and may the FBI be forever granted the type of climate necessary for the organization to do its best job in the interest of real Americans. The great record of the FBI speaks for itself.

Thank you very much for your consideration.

As Bureau is aware, I proceeded to Philadelphia for law suit against my ex-wife 1/28/76. Court was scheduled at 9:00 AM. However, after my arrival there it was postponed until 2/20/76. I have since returned to the Dallas Division but I shall proceed to Philadelphia to testify on that date. There will be no embarrassment to the Bureau as I am only attempting to obtain one-half the value of our material possessions. My ex-wife has previously taken these into her possession.

**Memorandum to Mr. Callahan
Re: Inspection - Dallas Office**

Five substantive errors detected and brought to the attention of pertinent personnel (handled separately). Two case suggestion write-ups prepared; one concerning additional investigation in counterintelligence operation; the other concerning additional investigation in fugitive case. One case accomplishment write-up prepared in Theft from Interstate Shipment case.

Criminal Informant Program (CIP) rated good. 76 CIs (117 CIs last inspection); 122 potential CIs (261 last inspection). Informant statistical accomplishments down in 4 of 8 categories for first 6 months FY 1976. Need to increase quality of informant information stressed.

Top-Echelon Criminal Informant Program (TECIP) rated very good. Currently operating 5 TE informants (7 last inspection); 7 TE targets (10 last inspection) currently under development. Extensive coverage in gambling matters produced two Title III installations in organized crime matters. TECIP coverage of fencing matters has been expanded. 6 organized crime convictions; none last inspection and 2 individuals awaiting prosecution. Expansion of TECIP coverage in RA territories encouraged.

Security Informant (SI) Program rated good. Two SIs (2 last inspection); 2 potential SIs (9 last inspection). Decrease in potential SIs due to implementation of Foreign Counterintelligence Asset (FCIA) Program. Development of member informants in subversive organizations stressed. FCIA Program rated good. One Operational Asset and 14 Informative Assets. Need for quality Assets and strengthening of administrative handling of cases stressed.

Extremist Informant (EI) Program rated very good. Two EIs (4 last inspection); 3 potential EIs (5 last inspection). EI Program coverage consistent with level of activity.

Administrative Operations - Good (Last Inspection - Good). Dallas 7-desk office - justified. SAC proposing realignment of squads to further implement "Use of Personnel" concept. Inspector concurs that this can be accomplished by restructuring current 7-desk approach. SAC instructed to advise Bureau of any proposed realignment. 10 of 11 RAs and 3 road trips justified. One RA (Paris) in process of being closed. SAC instructed to closely follow work load in 3 RAs for 90 days to determine if continuation of present personnel complement justified. Analysis of accounting matters disclosed reduction in complex accounting matters and office in position to make 2 Special Agent Accountants available to other Divisions. SAC agrees.

**Memorandum to Mr. Callahan
Re: Inspection - Dallas Office**

Chief Clerk's Office well organized and operating effectively. Percentage of misfiled index cards below field average. Pending work above and stenographic production and retypes slightly below field averages.

Audit of Field Support Account revealed Account insufficient to meet needs of office. Office has requested increase. Audit of Imprest Fund determined Fund adequate and properly maintained.

Administrative write-up prepared which involved investigative delays and reporting deficiencies of one Agent in 8 separate investigative matters (handled separately).

Four undesirable trends detected and ordered corrected: (1) failure to properly maintain interview log and advice of rights forms; (2) improper opening of Interstate Transportation of Stolen Property cases; (3) improper opening of Crime Aboard Aircraft matters; and (4) failure to properly use Computerized Criminal History File of National Crime Information Center in Interstate Transportation of Stolen Motor Vehicle matters.

Four suggestions made concerning (1) improvement of narcotics dissemination program and establishment of Narcotics Accomplishment File; (2) installation of new door and locks on informant file room; (3) installation of functional motor control unit on NCIC terminal; and (4) use of check list in developing personality assessment data concerning representatives of hostile intelligence services.

Personnel Matters - Good (Last Inspection - Excellent). Personnel complement last inspection - 207 (131 Agents, 76 clerks). Current on-board complement - 198 (124 Agents, 74 clerks). Inspector and SAC agree Agent complement of 124 and clerical complement of 76 are adequate but not excessive.

Three Agents on limited duty and 5 Agents unavallable - justified. 4 personnel on probation. Six work-related injuries reported (1 last inspection). Safety stressed.

SAC and supervisory staff instructed to participate more actively in on-the-spot supervision.

Administrative write-up prepared on New Agents' Training which

Memorandum to Mr. Callahan
Re: Inspection - Dallas Office

involved failure to provide prescribed training and indoctrination (handled separately). Nine Agents recruited and 16 clerical employees entered on duty at FBIHQ since last inspection. Recruitment of minority personnel stressed. Suggestion made to improve Career Board effectiveness.

Contacts - Excellent (Last Inspection - Excellent). Office enjoys favorable relations with news media. Liaison with police and other agencies well organized and effective. Selection of FBI National Academy candidates from Dallas Division excellent with 18 pending candidates. Police training effective. All persons contacted by Inspector, including two U. S. Attorneys, U. S. District Judges, law enforcement and Government officials and executives in private industry, spoke favorably regarding the FBI and personnel of Dallas Office. Office is actively participating in Crime Resistance Program.

RECOMMENDATIONS

1. SAC Theodore L. Gunderson, GS-17, aged 47, second office as SAC. He is personable and makes an excellent appearance. SAC Gunderson is a loyal, dedicated, and effective leader. Continue as SAC. Gunderson advised he is available without restriction for promotion, including transfer. During the inspection SAC Gunderson was the subject of an administrative write-up (copy attached) which involved his failure to adhere to Bureau instructions regarding field training of Agents in their initial office of assignment. This deficiency is considered serious and reflects on his performance as a Special Agent in Charge. Consequently it is felt he should be censured for his failure to comply with Bureau regulations and instructions. Letter censuring SAC Gunderson is attached for approval. Also attached is communication to SAC enclosing copy of summary of inspection findings.

2. ASAC Glenn D. Rosenquist, GS-15, aged 47, first office as ASAC. He is sincere, conscientious administrator but lacks sufficient experience in relatively new assignment to be considered for advancement at present time. No substantive errors detected in cases supervised by ASAC. He stated he is available for transfer or promotion without restriction and is interested in administrative advancement. Continue as ASAC.

3. Recommendations concerning other personnel handled separately.

SUBJECT: SAC THEODORE L. GUNDERSON
 Dallas Office
 EOD 12-10-51; GS-17, \$37,800
 Age 47; Divorced - 4 Children

The following is a summary of Mr. Gunderson's record for the Director's use.

The last adverse administrative action taken against him was a censure on 2-5-76, which was a result of the inspection of the Dallas Office when it was determined that he failed to adhere to Bureau instructions regarding field training of Agents in their initial office of assignment. He has been **COMMENDED** on numerous occasions and has received many **INCENTIVE AWARDS**, the most recent being on 4-12-76 in the amount of \$450 in recognition of his outstanding performance for the period from 4-1-75 to 3-31-76.

He last met with the Director on 3-1-74 in Kansas City.

DURING THE INSPECTION OF THE DALLAS OFFICE, 1-12-76 to 1-23-76, Inspector E.N. Best commented that he was personable and made an excellent appearance. The Inspector felt he was dedicated and made an effective leader and that he should continue as the SAC. He advised that he was available without restriction for promotion or transfer. PURPOSE: The purpose of this memorandum is to recommend that Robert E. Kent, SAC, Albany, be transferred to Detroit to fill the SAC vacancy in that office. Should there be some reason why SAC Kent is not selected, then it is recommended that Theodore L. Gunderson, SAC, Dallas, be transferred as SAC, Detroit.

POLICY: Lateral transfer of SACs is not a matter within the province of the Career Development Board and recommendations of this nature are submitted by the Associate Director for the Director's consideration.

DETAILS: Robert E. Kent, EOD 11/15/51, age 51, married, two children, has Bachelor of Arts degree, GS-16. He served in three field offices prior to his assignment to Headquarters 9/9/66. While at Headquarters he served in the Special Investigative, Inspection, and former Crime Records Division. He was subsequently assigned to Minneapolis as ASAC where he served for approximately two years before being assigned to Philadelphia in the same capacity. He served in Philadelphia for a little more than one year, reporting to the Inspection Division as a full Inspector 8/26/74. He reported to Albany as SAC 1/20/75, his current assignment. An inspection of the Albany Office was just completed, which was very favorable. SAC Kent received an Outstanding rating on his annual performance report for the period ending 3/31/76.

Theodore L. Gunderson, EOD 12/10/51, GS-17, age 47, divorced, four children, Bachelor of Science degree. Gunderson served in four field offices prior to assignment to Headquarters in 1960. At Headquarters he served in the General Investigative, Special Investigative, Training and Inspection Divisions. He was designated ASAC, New Haven, 11/7/65, and subsequently transferred to Philadelphia as ASAC 9/13/70. He was designated a full Inspector, Inspection Division, 3/25/73 and served in that capacity until 11/19/73 when he reported to the Memphis Office as SAC. He served

PERSONNEL CHANGES**

in Memphis until 6/22/75 when he reported to Dallas as SAC, his current assignment. An inspection of the Dallas Office was conducted in January, 1976, as a result of which he was censured for his failure to adhere to Bureau instructions regarding field training of agents in their initial office of assignment. He received an overall rating of Outstanding for his performance during the year ending 3/31/76.

In addition to the above two SACs, three other current SACs, namely, Donald T. Sullivan, Jackson Office, John W. O'Rourke, Portland Office, and Thomas J. Emery, New York Office, were considered; however, as mentioned above, it is believed that SAC Kent is best suited for the assignment of SAC, Detroit, at this time with SAC Gunderson as second choice.

RECOMMENDATION:

That Robert E. Kent, SAC, Albany, be transferred to Detroit as SAC and elevated to Grade GS-17 upon arrival in Detroit. Should this recommendation be approved, SAC Kent will be contacted in accordance with recently approved policy to determine if there are any problems affecting his availability for transfer at this time.

Dear Mr. Kelley:

I returned from annual leave and received a letter dated July 27, 1976, from my ex-wife, [redacted], who resides in [redacted]. I believe it is necessary to discuss the contents of this letter with you.

b6

I hesitate to bother you, however, she is making further unreasonable demands upon me for increased child support and if I do not comply with her demands, she is threatening to make statements to you which she thinks will affect my career.

It is indeed tragic and unfortunate some people marry in an attempt to establish a relationship which never had the possibility of success from the beginning, and ours was such a relationship. We endured a difficult relationship for many of the usual reasons, such as to stay together, in the best interest of the children, even though the community of living together as man and wife had terminated. Needless to say, such a relationship is emotionally trying on all involved, and bitterness and rancor became a part of our daily existence, creating a situation where a logical solution to our many problems became impossible.

REC-144 67-493471-313

When I was transferred to the Inspection Staff in April, 1973, my wife advised she would not move from Philadelphia and follow me to my first office of assignment as SAC. She subsequently filed for

14
*ack 9/9/76
 cmk/prop*

3-PH

divorce, which was granted on October 15, 1974.

For many reasons, a property settlement could not be reached, and it was necessary for us to litigate this aspect of the divorce. Since I was living in the State of Tennessee, the matter of permanent child support was heard in Memphis, Tennessee court, and after hearing all of the evidence, the court advised the sum of \$174.50 was a just and fair amount for me to pay for the support of my three children under the age of 18. I continued to pay the sum to my wife until my daughter entered college in the fall of 1975, when I began to pay her college expenses directly and reduced the sum sent to my wife by one third. In addition, I have agreed to and have paid other incidental expenses which any responsible parent would be expected to pay for his children. The nature of the division of our personal property was in litigation until February 20, 1976. Briefly, I did not surrender any of my retirement benefits, and accepted all of our mutual debts, approximately \$18,000, and she received property and cash in the amount of \$71,000.

I have found most aspects of the divorce are, at best, unpleasant, and the subtle realities which follow are hard for both parties to accept. In my case, it has been extremely difficult for me to accept the children's change in attitude toward me, but I have come to accept the reality that I am a father in absentia and looked upon by them more as a figure to provide support rather than advice. In my wife's case, the reality there was a just and reasonable settlement of our mutual assets has been impossible for her to accept, and even though the court has ordered support for our children, she cannot accept the fact they did not order support for her. I personally believe she did not, at the time she filed for the divorce, have any understanding that someday she would have to support herself, and now the time has arrived when she must seek self-support. She cannot face this reality and believes she can intimidate me by threats into supporting her through the guise of increased child support.

I will continue to fulfill my responsibilities

as a father and will pay child support in accordance with court order and other matters which I deem necessary. I have hoped the years of our bitterness and details of our domestic problems would never have to be a bother to anyone in the Bureau, however, if my wife forwards any material or information to you in an attempt to embarrass me, I hope you will understand the spirit in which she sends it and recognize the ultimate purpose is to blackmail me into providing personal support for her which the courts and her lawyers have told her she is not legally entitled to receive.

I assure you my personal problems in no way interfere with my performance of duties, and I will keep you personally advised if anything occurs which could reflect upon my reputation or be of potential embarrassment to the Bureau.

Hope you are feeling better.

Sincerely,

Ted L. Gunderson

Dear Mr. Kelley --

The latest fiasco involving the gifts, etc., tops anything I have heard. In talking to the public and the local news media I have learned they are sympathetic to you & feel the allegations are ridiculous. One friend, Tom Johnson, with the Dallas Times Herald was particularly incensed & as you are aware immediately ran a most favorable editorial. I'm having another editorial run in the Dallas Morning News. In addition the radio has contacted me & I have given our side of the story to several radio stations. I'm also appearing on a 30" Q & A show Sunday on channel 8 Dallas & will be given an opportunity to set the facts straight. Based on the reaction here I feel this situation will involve a reaction in our favor.

One point I feel should be explored involves [redacted] with the Dept. I am wondering if he isn't in violation of the Privacy Act.

Hang in there -- all of us in Dallas are behind you including a vast majority of the local citizenry.

I have been served with a subpoena to appear in the Domestic Relations Court, Dallas, Texas, 9:30 a.m., 12/17/76, to answer to a claim made by my ex-wife that I am in arrearage of my child support and also to raise the amount which I am paying each child on a weekly basis.

I am not in arrearage of any child support and although my ex-wife has been requested by the Domestic Relations office and the local District Attorney's office to furnish an affidavit supporting her claim of arrearage and she has not done so.

The matter of support of my two minor children is under negotiation and there appears to be no difficulty in settling the matter through the local courts.

At the present time there is nothing to indicate there should ever be any embarrassment to the Bureau regarding the hearing of this matter. *493477-320*

The above is being submitted for information. At the conclusion of the hearing I will advise of its outcome. *17*

PURPOSE: To advise of results of captioned seminar and to set forth further recommendations for future seminars of this type. Also, to advise of preparation of a major case check list package for distribution to the Field, SAC - ASAC.

SYNOPSIS: Captioned seminar was conducted at Quantico, Virginia, 11/1-6/76. Attendees advised seminar was very worthwhile. As a result of seminar evaluation discussions, it was determined more emphasis should be placed on (1) detailed discussions on the mechanics of major case management; (2) organization of a command post; (3) organization of a Chief Clerk's Office during a major case; (4) discussions on major cases which would apply to smaller FBI Offices in general; and (5) hypnosis and other recent techniques generally not known to attendees. Less emphasis should be placed on FBI Laboratory matters. The seminar generally concluded that there was a need for future seminars of this type for SAC and ASAC level managers. A detailed major case check list and pocket guide is being prepared for distribution to Field management personnel, SAC - ASAC. A list of attendees is attached.

RECOMMENDATIONS: (1) That a major case management seminar be conducted on a yearly basis, as a minimum, to further inform and educate SACs and ASACs in the details of managing a major case particularly in a smaller Field Office.

Memoirandum Cooke to Gallagher
Re: MAJOR CASE MANAGEMENT SEMINAR

DETAILS: A major case management seminar was conducted in Quantico, Virginia, 11/1 - 6/76. Headquarters Supervisors, ASACs and SACs in attendance unanimously agreed that the seminar was very worthwhile. As a result of a discussion evaluating the seminar, it was determined that more emphasis should be placed on detailed discussions regarding the mechanics of major case management. The organization of a command post and of a Chief Clerk's Office was also determined to need more emphasis and more discussion as well as other techniques being developed by the FBI with which Field managers may not be thoroughly familiar such as hypnosis, psycholinguistics, etc. This seminar included many topics during the week and as a result only three and four-hour blocks were allocated to certain discussions regarding major case mechanics. It was felt that more time should be spent on these subjects and less time on such things as Laboratory matters for which there was allocated a three-hour block of instruction. This should be cut to one hour while the one-hour block on hypnosis should be increased to three hours. Seminar attendees were of the opinion that a major case in a large Field Office could generally be handled by the personnel in that Field Office without external help from other Offices, because of the large number of personnel in a bigger Office. Therefore, discussions on major case handling should be more detailed in regard to the smaller Office, since this type Office definitely has the requirement for increased external assistance from FBIHQ as well as other Field Offices. This is where the main problem exists with regard to management.

The seminar also concluded that because of the extensive amount of knowledge gained during this particular seminar, FBIHQ should plan on at least one seminar of this type yearly, as a minimum. Attendees unanimously agreed that ASACs, SACs and key FBIHQ personnel should attend the seminar, and Field Supervisors should not be included because of the requirement for informality and space considerations at the FBI Academy. Attendees generally felt that the informality of the seminar greatly enhanced discussions as well as the group being billeted to the same floor of the dormitory and dining together in the staff dining room. This continual exposure with a small group allowed a constant, free flow of ideas mainly regarding major case operations, and incidentally on other Bureau operational subjects.

Memorandum Cooke to Gallagher
Re: MAJOR CASE MANAGEMENT SEMINAR .

A loose-leaf binder approximately the size of the present Inspector's manual will be prepared covering all facets of a major case investigation and will serve as a guide and "check list" for an SAC or ASAC handling a major case. Additionally, a laminated coat-pocket-size card with very general headings will also be prepared to further serve as a reminder to a major case manager.

Mr. Theodore L. Gunderson
Federal Bureau of Investigation

Dear Ted:

Your suggestion has been received regarding the transfer of Special Agents under certain circumstances. Under our present policy, if there is an existing need for an Agent in a particular division, this need is met by means of an office of preference transfer, when possible, with the Government assuming the expense. After evaluation, it is believed this procedure should be continued.

Although favorable action was not taken in this instance, the interest which you expressed by submitting your idea to me is indeed appreciated.

Sincerely yours,

Clarence M. Kelley

NOT RECORDED

Mr. Theodore L. Gunderson
Federal Bureau of Investigation

NOTE: Suggests that, because of an apparent decrease in domestic security type cases and since it appears there will be an excess of Agents in some of our larger field divisions, a system be devised, based on seniority and office of preference requests, which would provide for transfer of Agents from these divisions at their own expense. The Planning and Inspection Division states that if transfer of an Agent from one division to another was permitted without an existing need for that Agent we would merely be transferring an excessive manpower problem from one division to another. If there is an existing need for an Agent in a particular division, this need should be met by means of an office of preference transfer when possible with the Government assuming the expense. Finance and Personnel Division states that should some of our larger offices which have had extensive work in domestic security cases declare a certain number of Agents surplus we will have to be most circumspect in making transfers due to the fact that these transfers would have a tremendous impact on our budget at a time when we are trying to curtail expenses as much as possible. In view of foregoing, Training Division recommends that suggestion not be approved. Views attached.

SUGGESTION
Because of an apparent decrease in domestic security type cases, it appears there will be an excess of Agents in some of our larger Field Divisions. This excess could be used to advantage in other Field Offices. It is realized the transfer of these Agents could involve hundreds of thousands of dollars which I am sure have not been covered in our appropriations. It is suggested a system be devised based on seniority and Office of Preference requests which would provide for transfer of Agents from these Divisions at their own expense, if they so desire.

Current practice or rule (include manual citation as well as facts)
Transfers are currently being paid for by the Government.

Advantages of suggestion and annual savings (include basis for estimate)
This would provide more flexibility and movement of manpower at no expense to the FBI.

Disadvantages of suggestion
It would cost the individual Agents money from their pocket for transfer; however, this would be their decision.

(The use by the United States of my suggestion shall not form the basis of a further claim of any nature by me, my heirs, or assigns upon the United States. I understand that I will be considered for any justified award only if my suggestion is adopted within two years after submission.)

Mr. Donald ~~W.~~ Moore, Jr.
Assistant Director

Dear Don:

I would like to inform you what an outstanding speech SA Tony Schiappa authored entitled, "Wanted, Caring Adults," which Director Kelley gave before the Dallas Salesmanship Club on January 27, 1977.

The nature of the audience response was extremely enthusiastic and complimentary, not only on how articulate Director Kelley was, but equally important how salient the content of the speech was in relation to their continuing program involving the younger generation who have a record of behavioral problems.

The articulation of the problem of juvenile crime and Mr. Kelley's subsequent feelings regarding a possible solution were well received by the members of the organization, which has spent over 50 years of concerned effort in dealing with the problem of wayward juveniles.

Through the appearance of Mr. Kelley, before this group of outstanding civic leaders and the content of his speech, the Dallas Office of the Federal Bureau of Investigation was a direct beneficiary as their esteem of the Federal Bureau of Investigation could not be held higher by this important group and that was directly through the efforts of Mr. Schiappa. Please relay my commendations to him.

Mr. Clarence M. Kelley
Director
Federal Bureau of Investigation
Washington, D.C.

Dear Mr. Kelley:

All of us enjoyed your visit in Dallas. When I returned to my office, I received a call from [redacted] who was the Program Chairman for the Dallas Assembly and he advised your speech and question and answer session was one of the best received programs the Dallas Assembly has had in years.

He stated all members were enthusiastic and felt they should become more involved in assisting local and all other law enforcement agencies in their fight against crime. [redacted] advised the group has in the past dealt with more sophisticated and esoteric problems of the community and as a result of your speech realized they had ignored their vital and necessary responsibility to law enforcement in general.

The Dallas FBI benefited greatly from your appearance and I think the ultimate fall-out may very well be that the civic leaders of Dallas will get behind Chief [redacted] legislative program and if they come in strong for it, maybe Texas law enforcement will statutorily be on par with the other 49 states. REC-142

Thanks once again for coming to Dallas and please relay my regards to Mrs. Kelley. Tell Mrs. Kelley I apologize for being unproductive in my attempts to get you to Mass. FEB 23 1977 36

I previously forwarded the enclosed editorial to [redacted]

Sincerely,

Let Kelley stay

PRESIDENT CARTER, inheritor of a multitude of issues, could relieve himself and the country of one by permitting FBI Director Clarence Kelley to finish his term in deserved dignity.

Clarence Kelley is competent, dedicated and determined to return the Federal Bureau of Investigation to past heights of respect in the law enforcement area.

To politicize the FBI picture by pushing for Kelley's departure before his announced retirement date of Jan. 1, 1978, could do disservice to the country.

Kelley, since replacing the late J. Edgar Hoover, has steadily brought the FBI out of the forest of questioned Hoover practices that brought criticism. He is a qualified law enforcement man and is bringing FBI morale back to high level.

In a Dallas speech Thursday, Kelley referred to goals he seeks to

achieve "in the last year of my service." He will not quit. To push him out at this point would only bring on a new confrontation this country does not need.

Atty. Gen. Griffin Bell, who himself weathered a sizeable storm to get his confirmation, had defensively said at the Senate hearings that he would replace Kelley "before too long."

Why?

It could only bring on charges, already made in the Senate hearings, that the new Carter administration is trying to bring the FBI back under the sway of partisan political influence.

There are no charges against Kelley. Some just want him out so the new Carter broom can make a clean sweep. It is an unnecessary and unwise move. Leave the man, and the FBI, alone.

Mr. Clarence Kelly, Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C. 20530

Dear Mr. Kelly:

I am writing to commend to you the work of the special agent in charge of your Dallas, Texas office, Mr. Ted Gunderson. I have a statutory responsibility to report for possible prosecution certain violations of federal criminal statutes affecting Production Credit Associations in this Farm Credit District. Because of this, I have had frequent contact with Mr. Gunderson. I have found him to be most helpful, most understanding, and most sympathetic. He has often gone out of his way to help us. Additionally, he has been kind enough to provide the services of some of his agents to speak to gatherings of Production Credit Association presidents and employees about the F.B.I.'s responsibility and function in investigating these violations.

But perhaps the most commendable thing I can say about Mr. Gunderson is his sincere willingness to do the right thing. There have been a small number of occasions in which investigations have been delayed because of an extreme workload or forgetfulness of an individual agent. In those few cases when I have commented upon this to Mr. Gunderson, he has readily admitted any shortcomings and accepted responsibility for them. I appreciate this attitude immensely.

Mr. Gunderson is a consummate professional and I am sure that all of those who come in contact with him frequently must appreciate him as I do. He is a credit and tribute to the Federal Bureau of Investigation.

Sincerely,

Dear Director Kelly:

Recently we were honored to have Ted Gunderson, the agent in charge of the FBI in Dallas, deliver an outstanding talk to the Methodist Men's Retreat held on behalf of the North Texas Conference of the Methodist Church. This Conference represents 125 churches composed of 150,000 members in the northern section of Texas.

The group was highly impressed with Ted Gunderson's talk about the support of the Federal Bureau in assisting Christians' responsibility toward crime. His talk was received so enthusiastically that an hour passed before they would let him stop.

As responsible lay people, the Methodist men of the North Texas Conference of the United Methodist Church want to express to you our thanks and appreciation for Mr. Gunderson's part in our program, and say to you that he reflects not only great credit upon himself but brings great credit, acceptance and understanding to the FBI.

Sincerely,

Dear Mr. Kelley:

Gunderson, Thorton

As you are aware we just finished our first inspection under the new procedure. There is no question, it is by far more effective, realistic and productive than the "old" routine.

Instead of making an issue of form errors it provides Headquarters and the SAC a realistic picture of the overall operation and procedures of the Division and is extremely effective in furnishing us information concerning our manpower needs, and problems. Glad you and some of our other leaders at the Bureau had enough foresight to initiate these new proceedings.

I might add [redacted] and Roger Young both did an excellent job as your representatives.

Sincerely,
Ted

PERSONNEL MATTER

The Director instructed that it be determined if there is any indication that the Department of Justice is pursuing an inquiry into the conduct of SAC Gunderson while he was ASAC in New Haven in regard to a civil suit alleging improprieties in conjunction with the investigation of the Black Panther Party.

A review of SAC Gunderson's personnel file and contact with Deputy Assistant Director Thomas M. Johnson, Office of Professional Responsibility, reveals that the Department has not undertaken any criminal investigation concerning this matter and apparently has no intention to do so due to the ambiguities of the allegations and the statute of limitations. Mr. Johnson's letter to Mr. Shaheen of the Department dated July 7, 1977, sets forth the Bureau's position in regard to this matter. (copy attached)

67-493471-334

REC-21

Inquiry with Deputy Assistant Director James Farrington, Legal Counsel Division, determined that SAC Gunderson has not been subpoenaed to testify before the New Haven Police Board nor has he been deposed by any party to the hearings being conducted by the Board. However, SAC Gunderson is a party in his official capacity and as an individual to the civil suit filed by ACLU attorneys in U. S. District Court of the District of Connecticut. SAC Gunderson has categorically denied the knowledge of wiretapping by the New Haven police or ever having been in the particular location while the alleged wire-tapping was taking place or where there was any equipment which was being used for wiretapping. SAC Gunderson's teletype to the Director and New Haven dated June 29, 1977 (attached) sets forth his denial of any specific knowledge of illegal wiretapping by the New Haven Police.

[REDACTED] WANTED TO KNOW IF IT IS TRUE. I REPLIED IT IS NOT TRUE AND [REDACTED] OBVIOUSLY WAS MISTAKEN IN HIS RECOLLECTION. I POINTED OUT ALTHOUGH THE AVERAGE FBI SUPERVISOR SUPERVISED 350-400 CASES, DURING THE HEIGHT OF THE BLACK PANTHER PARTY (BPP) ACTIVITY IN NEW HAVEN IN 1968-1969, I WAS WORKING 16-18 HOURS DAILY AND SUPERVISED OVER 1200 CASES, INCLUDING DOMESTIC SECURITY AND FOREIGN ESPIONAGE MATTERS. I ALSO STATED I RARELY LEFT MY DESK AND CAN ONLY RECALL VISITING THE POWELL BUILDING, WHICH IS WHERE THE WIRETAP MACHINES WERE REPORTEDLY LOCATED, ON TWO OCCASIONS. ONCE DURING THE BPP RALLY WHEN THE POLICE DEPARTMENT HAD SOME PHOTOGRAPHIC SURVEILLANCE EQUIPMENT IN A ROOM OVERLOOKING THE NEW HAVEN GREEN AND ON THE OTHER OCCASION I RECALL CONTACTING FORMER CHIEF OF POLICE JIM AHERN, WHO HAD AN OFFICE IN THAT BUILDING. I ADVISED DURING THIS PERIOD WE WERE ACTIVE IN A NUMBER OF FAST-MOVING AND INVOLVED PROBLEMS AND EVERY MORNING REPRESENTATIVES FROM THE NEW HAVEN POLICE, CONNECTICUT STATE POLICE AND [REDACTED] DISTRICT ATTORNEY, MET IN THE FBI, NEW HAVEN OFFICE, TO EXCHANGE INFORMATION RECEIVED BY EACH AGENCY OVER THE

GLOSSA AND [REDACTED] WORKED CRIMINAL MATTERS.

I ALSO POINTED OUT TO [REDACTED] THERE WOULD HAVE BEEN NO REASON FOR US TO BE CONCERNED ABOUT POSSIBLE NEW HAVEN POLICE DEPARTMENT TELEPHONE TAPS SINCE WE HAD OUR OWN TELEPHONE TAP ON BPP HEADQUARTERS, WHICH HAS BEEN PUBLICLY REVEALED IN THE PAST.

b6

DURING MY CONVERSATION WITH [REDACTED] I ASKED IF THERE ARE ANY RECORDS OF THESE WIRE TAPS AND IF SO, DOES THE RECORD ALLEGEDLY SHOW I HAD KNOWLEDGE OF THIS? HE STATED THERE WERE SOME INDEX CARDS KEPT OVER A PERIOD OF SEVERAL YEARS WHICH ARE BEING REVIEWED BY THE POLICE BOARD. officers were to testify concerning FBI Agents' knowledge
of the wiretaps being conducted by the New Haven Police
Department. With regard to your instructions that we reopen
our investigation concerning knowledge on the part of inst

SAC Dugan, New Haven Office, was immediately advised
and stated One Xerox copy of the testimony of various testimony
forwarded to officers of the New Haven Police Department
forwarded (who allege FBI Agents were present in the
wireroom where the wiretaps were being
monitored.

Much of the testimony does not concern the FBI

TO : THE DIRECTOR

DATE: 8/9/77

FROM : R. G. HEILD

SUBJECT: PERSONNEL CHANGE *Los Angeles Field Office*

PURPOSE: To recommend replacement in the position of ADIC, Los Angeles for Robert E. Gebhardt, who is retiring effective 9/23/77.

POLICY: Recommendations concerning the filling of vacancy in the ADIC position originate in the offices of the Associate Director or the Director.

RECOMMENDATION:

That SAC Theodore L. Gunderson, Dallas Office, be transferred to the Los Angeles Office and designated Assistant Director in Charge of that Office at no change in grade or salary at this time.

approved - To be designated as Senior Special Agent in Charge - AD designation to be dropped - 153-5364

DETAILS: ADIC, Los Angeles Office has submitted his application for retirement to be effective 9/23/77, and it is necessary to replace him. It is being recommended that SAC Theodore L. Gunderson, Dallas Office, be transferred to Los Angeles and designated ADIC. SAC Gunderson and SAC, Detroit Robert E. Kent, were both considered for this position. Deputy Associate Directors Adams and McDermott both felt that SACs Gunderson and Kent were fully qualified for the position. Mr. McDermott recommended SAC Kent as first choice and SAC Gunderson as second; Mr. Adams felt they were equally qualified. I feel both are fully qualified but that SAC Gunderson is somewhat better qualified due to greater experience as ASAC and SAC. SAC Gunderson received outstanding performance ratings for the past three years, and during inspection of the Dallas Office (4/25-5/11/77) his administration of the Dallas Office was found to be exemplary. Dear Ted:

I join your great host of friends in Texas on expressing regret that you are leaving Dallas, for a nice promotion to Senior Special Agent In Charge F.B.I., Los Angeles.

I want to specifically thank you for the very fine cooperation and day to day assistance we have enjoyed in NATB from working with your personnel.

Additionally, I personally am indebted to you for the wonderful support and assistance you gave me in our mutual endeavors in the Texas Police Association.

We dislike seeing you "move on" for personal reasons, but we recognize the importance of the future both to you and the F.B.I.

You are being "promoted" now and I'm sure you will be again and again.

Congratulations and very best wishes.

Dear Ted:

As a former U.S. Attorney who is on the other side of the docket, I look on your leaving to go to Los Angeles with mixed emotions. I know that it is a promotion, but I feel a personal loss and a loss to law enforcement in this area because of your transfer.

In the short period of time that you have been in Dallas, you have made a number of significant cases and contributions to Texas law enforcement.

It was a pleasure working with you as well as on the other side of the docket. I hope that we cross in the future and if you are ever in Fort Worth, I shall be disappointed if you don't drop by for coffee.

Dear Mr. Kelley:

[redacted] of the Liberty Bowl Annual Football

Classic, Memphis, Tennessee, called me on August 30, 1977, and mentioned he had heard of my transfer to Los Angeles, California. [redacted] asked if it would be possible for me to be the Liberty Bowl representative with the Pac-8 Conference. The position does not involve any remunerations, but is honorary in nature. As the Liberty Bowl Pac-8 representative, I would attend football games on occasion and incidental to this would meet and talk with presidents of these schools, the athletic directors, coaches and other school officials. I would not indicate to the school officials any preferences on the part of the Liberty Bowl in choosing one school over another for the annual classic, but would merely operate in a public relations capacity and report my opinions back to the Liberty Bowl on a confidential basis concerning the performance of the football teams in that conference. I would not in any way be involved in a controversial situation or problem.

Dear [Redacted]

Thank you for your letter concerning Ted Gunderson who, although doing a good job in Dallas, I thought could do a greater service as Special Agent in Charge of Los Angeles. You will find that Jim Abbott is a fine person and I am confident he will be able to serve well in his new capacity. He assisted me here in Washington on one very sensitive investigation and proved his worth as far as I am concerned.

Please give my regards to [Redacted] and I are planning on being at the convention and hopefully we will have the opportunity to see you both.

You were kind in mentioning my tour of duty so favorably and I join with you in the feeling that Judge Johnson will probably maintain a high degree of performance so needed by the Bureau.

Dear Clarence:

Re: Theodore L. Gunderson
Special Agent in Charge, Dallas

Although we were all delighted to learn of Ted Gunderson's fine recognition in being transferred to Los Angeles, all of us who have had the privilege of knowing him here will miss him very much. Ted has done an outstanding job in both law enforcement and civil involvement and has gained many friends for the Bureau at a time, I think all of us will agree, we needed. We will look forward to assisting James A. Abbott when he arrives here in "Big D."

[redacted] joins me in sending our best wishes to you and Mrs. Kelley and hope that we get to see you both in Kansas City in late September. I am sure that in many ways you are looking forward to less rigorous days ahead.

Again, I would like to express my thanks for the tremendous leadership you have exerted during your tour as Director and wish for you the best of success, good health and pleasant living in the days ahead.

I have never had the pleasure of meeting Judge Johnson, the Director designate, but hope that all of us can continue to maintain the same degree of interest in the Bureau in the days ahead that we enjoyed in the past.

PURPOSE:

To respond to the Director's request that this matter be researched and that he be advised.

~~_____~~ XEROX
AUG 28 1979

SYNOPSIS AND DETAILS:

On September 9, 1977, Associate Director Held referred to me the attached letter sent by SAC Gunderson to the Director dated September 2, 1977. The Director noted on SAC Gunderson's letter, "Research and advise please - I feel he would have to be gone quite a bit and doubt the advisability."

The Director's inquiry requires a consideration of questions of ethics, Bureau policy, and law. The ethical question is whether an SAC should enter into an arrangement whereby he will benefit personally and directly and there is potential that FBI jurisdiction could involve him in an investigation of the activity in which he plays a contributing role. One difficulty in making a judgment in that regard is estimating the probability that the FBI would investigate some aspect of the activity. In this instance, there appears to be potential investigative jurisdiction in 18 USC 224 "Bribery in Sporting Contests" and 18 USC 1084 "Interstate Transportation of Wagering Information." The Director may want to discuss this concern with the SAC before making his decision whether to approve participation in the activity by the SAC.

The Bureau policy question is whether the arrangement is sufficiently beneficial to the FBI to justify allowing the SAC to undertake the activity during working hours or to limit his availability during nonworking hours. To aid him

Memo Legal Counsel to the Director
Re: Proposed Service by SAC Ted L. Gunderson as
Liberty Bowl Pac-8 Representative

in considering this balance, the Director may want to have the SAC specify the amounts of time to be spent and the working hours that will be involved.

The legal question concerns the conflict of interest law, 18 USC 208 and the Attorney General's regulations, 28 CFR, Part 45 "Standards of Conduct." A criminal conflict of interest could occur if the SAC becomes involved in an FBI investigation in a particular matter which, to his knowledge, he has a financial interest or an organization with whom he is negotiating or has any arrangement concerning prospective employment as a financial interest. Should an FBI investigation begin involving the Conference, the teams, coaches, or other personnel of the Liberty Bowl, the SAC would have to consider disqualifying himself from acting as SAC in that investigation in order to avoid possible violation of the statute. This consideration does not present a legal bar to the SAC from accepting the position but it is a factor that should be known to the Director and understood by the SAC in making the decision.

The Attorney General's regulations generally prohibit acceptance of gifts, entertainment, and favors and similar gratuities from one whose interests may be substantially affected by the performance or nonperformance of the employee's official duty. However, exceptions are provided to allow acceptance of lunches or dinners of nominal value on infrequent occasions, acceptance of unsolicited promotional material of nominal intrinsic value, and receipt of reimbursement for actual expenses for travel and subsistence for which no Government payment or reimbursement is made. In this last exception, there is a limitation that prohibits an employee from accepting "excessive personal living expenses, gifts, entertainment or other personal benefits." In view of the detailed statements in these regulations, the Director may wish to consider a full statement of the gratuities to be received by the SAC in making his decision.

Finally, the Director's note indicated his concern that the SAC "would have to be gone quite a bit and doubt the advisability." There is attached a list of the teams in the Pac-8, their locations, and the 1977 game schedule. The list indicates that two teams are located in Los Angeles and that their home games from September 30 would afford an opportunity to see all of the other Conference teams

Memo Legal Counsel to the Director
Re: Proposed Service by SAC Ted L. Gunderson as
Liberty Bowl Pac-8 Representative

at least once. The Director may wish to consider whether the SAC's participation may be limited to Los Angeles or whether he might be required to travel to other places in order to see the other teams.

RECOMMENDATION:

That the Director consider the several factors described in making his decision.

AT DALLAS, TEXAS
NOVEMBER 22, 1963

ROBERT P. GEMBERLING

Retired Special Agent
Federal Bureau of Investigation
(FBI)

THE LECTURE

Mr. Gemberling, at the direction of the Special Agent in Charge of the Dallas FBI Office, coordinated the FBI's investigation from its inception until his retirement in 12/76. He made investigative assignments; reviewed the results for accuracy, completeness and thoroughness; insured new leads were assigned and covered; and organized the material into reports to FBI Headquarters and subsequent dissemination to the Warren Commission.

Mr. Gemberling is available for lectures at colleges and before civic and professional groups after January 1, 1977.

For approximately 2 hours, including 20 to 30 minutes for questions, Mr. Gemberling's analysis will reveal facts — not fiction; truth — not theories; in a direct, common sense, non-political approach to a most controversial issue. He will cover, among other aspects, the following:

- 1) Scope of FBI's investigation.
- 2) Warren Report and its conclusions.
- 3) Anti-Warren Report Theories.
- 4) Political Probes.
- 5) Motives of Lee Harvey Oswald.
- 6) Should the case be reopened?

COST OF LECTURE

A fee of \$1,500 plus round trip first class air fare or its equivalent. Where use of personally owned or rental car is necessary, rate of 20¢ per mile will be charged. Reduced fee for multiple bookings in same week within approximate 100 mile radius:

\$1,250 each for 2 bookings;

\$1,000 each for 3 or more bookings.

TO ARRANGE FOR LECTURE

Contact Mr. Gemberling at 7106 Clemson Dr., Dallas, Texas 75214, telephone (214) 348-3906, indicating first and second choice of time and date. Upon acceptance, contract will be forwarded for approval and signature.

REC-107

October 25, 1977

Mr. Theodore L. Gunderson
Federal Bureau of Investigation
Los Angeles, California

Dear Ted:

I appreciate your letter of October 12th and was pleased to see that you followed up by a call to Chief [redacted]. I recently talked with a friend of mine named [redacted] who incidentally met you outside the "LA Times" building on the day we made our call there, and he said that he had been queried considerably by [redacted] and his staff about the means whereby a police department can be evaluated. [redacted] is a writer who on occasion writes for the Times and specializes in law enforcement matters. Apparently the "LA Times" is planning on making a strong review of the department, but did not have the background to determine just how they should proceed.

b6

Thank you for the writeup and for having passed on to me the comments of [redacted]

b6

I am sure that you will continue in your enjoyment of your new assignment and if I come there after the first of the year I want you to have dinner with [redacted] and me.

Sincerely,

(s) Clarence

DETAILS:

In referenced airtel received at FBIHQ early morning of 3/16/78 Minneapolis Office advised that during investigation into an extortion - interstate obscene or harassing telephone call case entitled [redacted] - Victim; "allegations of possible misconduct on the part of SAC Gunderson were disclosed. [redacted] a resident of Minneapolis, Minnesota, personally appeared at the Minneapolis FBI Office on 1/3/78 and advised her [redacted] Margaret Spadaro, wife of the subject, was found shot to death on 11/26/77 at the Spadaro's residence in [redacted] California. Local authorities investigated the death and ruled suicide.

b6
b7c

[redacted] continued that approximately two weeks after the death, she began receiving long-distance telephone calls from the subject who insisted he should receive his wife's expected inheritance now. [redacted] allegedly advised victim [redacted] that if she was not included in the will, she would not live long and she considered this a threat on her life. The facts of this extortionate matter were discussed with Assistant U. S. Attorney, Minneapolis, who advised that although the extortion case was extremely weak at this point, he was of the opinion further investigation was warranted. Based upon the Assistant U. S. Attorney's opinion, a recorder was installed on the victim's telephone with victim's consent on 1/9/78 to monitor calls; however, no specific threats were intercepted. This recording device was removed on 2/10/78.

Memorandum to The Director

Re: ALLEGATION OF POSSIBLE MISCONDUCT
INVOLVING SAC THEODORE L. GUNDERSON
LA DIVISION

During one conversation between victim [redacted] and subject [redacted], subject stated he had a friend who is the head of the FBI who knew the subject's deceased wife, Margaret, and that this FBI head had been divorced five years ago. On 3/14/78 victim was recontacted and made available handwritten notes made during telephonic conversations with [redacted]. Notes bore dates 1/9/78 through 2/28/78. A notation on 1/12/78 reflects "FBI. Ted - chief. Friend will stay at apartment until May." Another notation on 1/19/78 reflects ". . . head of the FBI for West Coast. Ted Gunderson is from Minneapolis, had blind date for him. Made a fool of himself with the girl. Lonely - crying." Further on in the notes of the same day, 1/19/78, it was noted "FBI carried 38s and FBI head Gunderson talked about it with him. He is divorced. Out on date. Girlfriend had a bad time." Victim's notes consisted of eleven pages and deal with personal family problems including death of Margaret Spadaro.

b6
b7C

Subject [redacted] is employed by the [redacted], California. At the time of victim Margaret Spadaro's funeral, father of Margaret Spadaro observed subject [redacted] inject an unknown substance between his fingers with a syringe. FBI Los Angeles indices are negative regarding [redacted].

b6
b7C

I telephonically contacted the Los Angeles Division on 3/16/78 with instructions that a statement be obtained from SAC Gunderson regarding these non-specific allegations of personal misconduct. You will be kept advised of any pertinent developments in this matter.

Toward the end of November, 1977, I received a phone call from an individual who identified himself as [REDACTED], California. He said he was a [REDACTED] in the Washington, D. C. area, and one of his students was Mr. BUCK REVELL, FBI Headquarters. [REDACTED] claimed he was a close personal friend of REVELL, and REVELL told him to call me on his arrival in California. [REDACTED] was very cordial, polite, and advised sometime over the Christmas holidays he and his wife would like to have me for dinner. I stated I would be more than pleased to accept his invitation.

The first part of January, 1978, I received a second phone call from [REDACTED]. He sounded depressed and subsequently volunteered his wife had died unexpectedly over the holiday season, which was the reason he did not extend the invitation. I asked if there was anything I could do, and he replied he would enjoy having dinner some evening. I informed him because of his tragedy it would probably be good therapy if I arranged for a female escort. A lady whom I am dating arranged for one of her friends to join us, and the four of us had dinner. This was the first time I had ever met him. Naturally during the course of our conversation various aspects of each of our lives were discussed, but there was no conversation of a personal nature. He mentioned he may have to move from his apartment, and I advised him if he needed a place to stay in an emergency he would be more than welcome to stay at my condominium until he could find suitable living accommodations.

b6

I have not seen him since that evening. However, approximately three weeks ago he called and asked for the name of an attorney in the Long Beach area. At that time he stated [REDACTED] Long Beach, where he was [REDACTED] had dismissed him without adequate cause and he planned to sue. I provided him with the names of three attorneys who have excellent reputations in the Long Beach area, but advised I would not recommend anyone in particular.

Re Bureau airtel 3/9/78, and Bureau teletype 4/28/78.
In accordance with referenced communications, my rating
period is 10/1/77 - 3/31/78.

My overall responsibilities include general admin-
istration of the Division, daily supervision of major
investigations, and coordination of, as well as active
personal participation in, programs of public addresses,
law enforcement relations, and public relations. I make
final determinations within the Division on matters relating
to personnel, policy, procedure, and/or administrative
changes. These responsibilities evolve in the Bureau's
second-largest Field Office, which operates with an annual
budget of approximately \$21½ million and encompasses a
jurisdictional population in excess of 14 million, with 14
resident agencies, 228 clerical and support personnel, and
approximately 450 Special Agents which includes four SACs
and 25 supervisors. Prior to my transfer to Los Angeles in
September, 1977, I performed the same duties as Special Agent
in Charge of the Dallas Division.

During instant rating period, my voluntary overtime
averaged three hours and 47 minutes per day. I delivered
14 public addresses, made 61 radio appearances and 180
television appearances. My public addresses were delivered

before such groups as the Federal Bar Association, the Los Angeles Area Chamber of Commerce, the American Airlines Management Association, and various chapters of the Society of Former Special Agents of the Federal Bureau of Investigation. My radio appearances included interviews, discussions, and commentaries on virtually every radio station in the Los Angeles basin; at least two were aired on national networks. My television appearances have ranged from such area-popular TV shows as the SAM YORTY and MICHAEL JACKSON Shows to interview by ROY NEAL, NBC, which was broadcast nationally. Additionally, I have participated in numerous public appearances such as press conferences, panel discussions, and service organization meetings. I have exerted a tremendous effort, via a variety of channels, to counteract locally adverse publicity the Bureau has recently received from the media. My efforts have extended from numerous supervisory and all-Agent conferences to direct contact with the media itself. The response has been impressively favorable, in terms of both numbers and the supportive and complimentary nature of messages received. I have personally responded to all such messages. In addition to various lesser honors, I was recipient of the Southern California Law Enforcement Man of the Year Award for 1977, presented by the AFL-CIO Metal Trades Council of Southern California.

I have further coordinated successful efforts toward creation and implementation of an FBI/DEA Task Force, now functional, and a joint effort with the Office of the U. S. Attorney to delineate viable and specific prosecutive guidelines, also presently operational.

A sampling of typical investigations which I have actively supervised during the rating period includes:

1. The most successful anti-fencing operation in the nation's history, with 256 federal arrests and savings/recoveries exceeding 42 million dollars.
2. An undercover pornography/extortion investigation with indictments of five major organized crime figures and considerable national publicity.

Last week a KPOL Commentary cited the arraignment of three former FBI officials, and the quiet vigil of support by 1,000 Special Agents of the FBI in Washington, D. C.

KPOL noted these activities took place on Hitler's birthday; compared statements of FBI Agents to those of Hitler's SS troops; and mentioned Hitler executed six million Jews.

In addition to executing six million Jews, Adolph Hitler inaugurated World War II with his 1939 invasion of Poland, established the Nazi Party, became an absolute dictator, dehumanized his followers, condemned thousands of women and children to death, hated religion, and -- in a word -- became a curse to decent people everywhere. His bloody SS troops were notorious for having neither fear nor compassion. His concentration camps were rampant with torture, murder, and corruption.

KPOL's comparison by innuendo of Hitler and his SS troops to the FBI is unbelievable.

It is degrading to KPOL as well as the FBI.

It is unworthy of rebuttal.

NEWS RELEASE

INFORMATION BUREAU • 974-4211 • 24 HOURS A DAY

OPERATION "TARPIT"

256 persons have been arrested in the most successful anti-fencing operation in the nation's history. A combined force of Los Angeles County Sheriff's Deputies and agents of the Federal Bureau of Investigation have been cooperating in the operation since July 1, 1976. To date, they have saved and recovered property and contraband worth over 42 million dollars.

Those arrested face both local and federal charges for receiving stolen property and interstate transportation of stolen property. Other arrests made as a result of the lengthy investigations included robbery, grand theft and sales of narcotics.

Details of the long and complicated operation were discussed during a news conference today at the Hall of Justice. Ted L. Gunderson, Senior Special Agent in charge of the Los Angeles Office of the Federal Bureau of Investigation, and Sheriff Peter J. Pitchess said that they expect more arrests to be made as more cases are concluded.

Sheriff Pitchess attributed the success of the operation to "an effective use of skilled undercover personnel from

(OVER)

participating agencies, a sensible use of reliable informants and a sharing of information developed by all law enforcement agencies. It was a 'joint venture' in every sense of the word.

"We think we have injected one monstrous note of uncertainty into everyone who engages in the 'fencing' business. To keep them nervous, we should add that we expect the arrest figures to rise to close to 300.

"We were able to mount the operation through the assistance of Mr. James Golden, Director of the Enforcement Division of the LEAA, whose agency provided a \$450,000.00 grant.

"To appreciate how successful we have been, there were 47 similar operations in 35 cities throughout the country in recent years. These operations netted, collectively, almost 74 million dollars. This single operation accounts for an additional 42 million in savings and recoveries bringing LEAA's national program total to 116 million dollars.

Sheriff Pitchess and Senior Special Agent Gunderson also indicated that beneficial side-effects develop from such an effective operation. Many active "fences" restrict or stop operations, causing burglars and thieves to take more risks in disposing of their stolen property--frequently increasing their chances of arrest. Also, the undercover officers develop extensive information on a multitude of illegal activities that is passed on to other law enforcement agencies to act upon.

Dear Mr. Thomas:

On January 13, 1978, your newspaper printed an editorial entitled "The Corruption of J. Edgar Hoover." In that editorial you underscored your membership in a small parade of those given to denigrating the dead and disrespecting the civil rights of Special Agents of the FBI. One particularly offensive line referred to the FBI's grim chronicle of illicit spying, burglaries and other violations of civil liberties."

On April 18, 1978, the Times printed another editorial, this one headlined "Propriety, Not Politics." There was a familiar and unpleasant echo in the reference to the FBI's "long chronicle of illegal spying, mail openings and other violations of civil liberties." The latter editorial added, "The record is too thoroughly documented to be disputed."

The matters to which your editorials make reference are indeed under dispute. "Indictment" and "conviction" are not interchangeable terms; and no FBI Agent has ever been convicted of illicit spying, illegal burglaries, or violations of anybody's civil liberties. A respected metropolitan newspaper with the circulation of the Times has the responsibility, perhaps more than anyone else, to speak truthfully and to preserve the civil liberties of the accused by assuming innocence until and unless guilt is legally established. FBI Agents are entitled to justice, too.

Your unfortunate and repetitious printing of opinion as fact may be satisfying to some in beleaguering the Federal Bureau of Investigation, but it does considerable damage to

present efforts to clarify legal issues. If the FBI's investigative reporting system allowed for capricious reflection of unsubstantiated allegations similar to those in your two editorials, the jails of this country would be filled with innocent persons.

These editorials also do a disservice to three men accused of conspiring against the Weather Underground, terrorists and bombers who respect the civil liberties of nobody.

FBI Chief Here Advocates New Rules On Wiretapping

Theodore L. (Ted) Gunderson is special agent in charge of the FBI office in Los Angeles. The 27-year bureau veteran supervises the activities of 500 agents in seven Southern California counties. He was interviewed by staff writer Gerry Wilson.

Question: On April 10th former FBI director, L. Patrick Gray III, and two retired FBI officials were indicted on charges of civil rights violations for ordering surreptitious break-ins during a bureau search for members of the radical Weather Underground. What was your reaction to these indictments?

Gunderson: A: Well, off course, I cannot make any statements because this is our system. This is the way we operate. The attorney general of the United States and the Department of Justice feel, based on an analysis of the situation, that there has been a possible violation of the federal law by top FBI officials. It was presented to the grand jury and the grand jury indicted them.

Q: Does this disturb you?
A: I'm not going to say whether it's right or wrong at this point. I do feel that we do need these techniques against this element of society. But I think that there is an interesting point here. These men were using the techniques of wiretap, surreptitious entry and mail openings to protect society against an element that was trying to destroy our society basically. I'm not going to say in this case it's necessarily true because the case has not been adjudicated yet. But it's interesting that we are not being allowed to use it against an element that's trying to destroy the very document (the Constitution) that they are standing behind.

Q: Almost 70 other FBI agents and officials also face some disciplinary action for taking part in surreptitious entries, mail openings and unauthorized wiretaps or failing to respond fully to questions about these methods.

A: Well, let me say this, the full details are not available to me and I had nothing to do with the administrative inquiry into the matter or the investigation or the allegations and I don't think I'm in a position to really comment on it. But as I said I do feel that we need these techniques and I think that somebody should give us authority to use them. (But) there is another point I would like to make. Mr. Mark Felt (who was No. 2 man under Gray and one of those indicted) was on TV and he pointed out that there was no criminal intent on the part of our people when they use these techniques, which I think is pretty significant. So this will probably be their defense.

Q: You said "someone" should give the FBI the authority to use these techniques. Who do you feel, should give you this authority? Congress?

A: About 85 percent of our work is handled through statutes passed by Congress. Congress says, if you have these elements it's a federal violation and the FBI investigates. Now in the domestic security area Congress has never said to us; all right, these are the elements you investigate under these circumstances and you have the authority to do or use certain techniques. So we have set up our own guidelines with the approval of the Department of Justice. We have used these techniques (wiretaps, surreptitious entries, mail openings) against this element of society which advocates the overthrow of the government of terrorist acts.

Q: Then you believe that Congress has, perhaps, fallen down on the job when it comes to providing the FBI with firm guidelines on operating procedures?

ADVOCATES NEW RULES
ON WIRETAPPING

A: I'll tell you very frankly that I think Congress has stumbled and fumbled and failed to give us the leadership we've needed. There are some members of Congress who I'm sure would like to have given us this authority but Congress, very frankly, has dragged its feet for years. We had the post-Watergate investigations and, in fact, at one time 10 of them (congressional Committees) were investigating us. As an outgrowth of these investigations, we still have not been given statutes which would give us the authority to use these techniques or tell us when we can or cannot use them. The matter is now being studied by the Senate Intelligence Committee, which I understand will set up guidelines in this area. Whether or not it's adequate, I don't know. We'll have to have a wait-and-see attitude in that regard.

Q: How do you determine who should be put under surveillance?

A: Well, you have two areas here. Let's talk about pre-Watergate area and then the post-Watergate area. Prior to Watergate, if an individual advocated the overthrow of the government or voiced an expression of violence against society or belonged to an organization that did, we could investigate them with limited restrictions. We checked them out and then if as a result of our investigation they really were not considered violent elements we closed them (the investigations). If they continued to attend meetings of groups that advocated the overthrow of the government, we would convert it to full-scale.

Q: And now?

A: Right now, the criteria for investigating an individual is still in two categories. They advocate the overthrow of the government or, two, they advocate violence against society or they belong to these groups. But they just about now have to be involved in an overt act before we can investigate them which cuts down considerably in our potential for developing intelligence information.

Q: So has the FBI cutback its number of investigations?

A: In June of 1970 we had over 2,000 individuals under investigation in the domestic intelligence security field. As of June of 1977 we had 946. In 1974 we had 154 organizations under investigation and June of 1977 we had 17 under investigation, so we have dropped back considerably in our investigative thrust against this element. I would have to say maybe there was a little overreaction in the past, maybe we were a little overzealous overaggressive.

Q: Along the same lines, you've said in the past that J. Edgar Hoover was perhaps overzealous in his dealings with Martin Luther King and his movement. Did Hoover outlive his effectiveness?

A: I think Mr. Hoover was a great American, one of the great men of our

time. I've told the press that. He was a man of extremely strong principles and dedication and a man who thoroughly believed in our democratic system in spite of some of the criticism you may have heard. He was director of the FBI for 48 years. I frankly think that in his later years, although he was effective in his own best interest, it would have been better if he had resigned maybe three or four years prior to his death.

Q: The present FBI director, William H. Webster, was a federal judge in St. Louis before his appointment. Do you have any objection to a non-FBI man heading the bureau?

A: Not if he's capable, qualified, honest and dedicated, a man of strong principle and character and has the experience to handle the job — I don't care who takes it. We do need good leadership. If he falls in these categories then we're all for him and we'll back him 110 percent.

Q: What are your impressions of Webster so far?

A: I'm impressed. I think he looks like a real solid individual.

Q: Has he made any noticeable changes in policy?

A: No. I think it's too early for policy to change. Besides, I think Mr. Kelley (Webster's predecessor) had made a number of changes in our internal structure, and policy to streamline our operation. I think that Mr. Webster will probably continue along the same lines. I don't anticipate any great changes.

Q: Has morale fallen among FBI personnel in the post-Watergate years?

A: The morale of the men and women at the FBI is very high. I've never seen a morale problem in my 27 years in the FBI in spite of all the criticism, that has been directed at us in the last five years. We are on occasion perturbed because a vast majority of it, I'd say ninety-five percent of the criticism that has been leveled at us is unsubstantiated, unfounded and unwarranted.

Q: That doesn't upset you?

A: It does upset us to an extent, and we are all ready to go out and fight a little harder and do a better job. But it has not affected our morale at all. The fact that I've seen this printed and heard it on the radio and T.V. hasn't affected me at all because it's not true. The morale of the men and women in the Los Angeles division has been as high as it can possibly be, I think. If you don't believe me you can ask some of the men.

Q: There has been talk of a growing Mafia — or, as you would say, organized-crime — presence in Southern California. How serious is it?

A: Well, there is an organized-crime element certainly in California. This is a very affluent section of our country, a lot of population here, and they have operated with limited success. One of the reasons why they've had only limited success is because of the outstanding law enforcement at all levels in this state. This element (organized crime) can not operate unless there is police corruption and they can, say, buy off an officer or a cheap two-bit politician here or there. They are making every effort they can to penetrate this area and invest their money in so-called legitimate enterprises. They are also actively involved in illegitimate enterprises. We have a well-organized program directed against this element.

Q: Do you have other areas of concern in Southern California?

A: We have a number of priorities. One (as I mentioned) is organized crime. Two is foreign counterintelligence. Foreign counterintelligence includes espionage directed by foreign nations against our own nation. This area, particularly Southern California, has over 50 percent of the nation's defense contracts so we know that they are here. We are involved in some operations at the present time against this element. Another area of concern is white-collar crime. And the fourth area which is rather unusual in other parts of the nation, is bank robbery.

Q: What do you see as the greatest weakness in the U.S. system of justice?

A: There are several weaknesses. I'm not going to criticize them because no country's ever devised a better judicial system. But I'd say, number one, when the criminals are allowed to commit a crime and be back out in the streets and not be punished in accordance with the crime, it allows them to commit more acts of violence against society. So, I think that we need tougher laws, longer sentences on habitual criminals. I can see where somebody can make a mistake. Sure, give them a chance. But when somebody commits three, four, five crimes I think we ought to put them behind bars and keep them there forever.

Q: Ever since Watergate, the FBI has had to face a great deal of criticism. Its image has been tarnished. Do you think the bureau will be able to regain the respect of the American people?

A: I think basically the American public still has the confidence in us that they have always had. I don't think we have a problem with our credibility. I think when someone explains to the American public, our authority for using wiretap, they can understand. When we also tell the American public that we use them only against that element that advocates the overthrow of the government, they understand. I give a lot of speeches and talk to a lot of people, and I find that the people that do not have confidence in the FBI are a very, very slim minority.

'We are not above the law'

In your editorial of April 12, "Not above the law" you complimented us by noting "the Federal Bureau of Investigation is deservedly the most highly regarded law enforcement institution in the country." We thank you. I feel the vast majority of Americans concur.

However, the opening series of suppositions in the editorial are patently specious. To "suppose" that the FBI would infiltrate an innocuous organization and conduct an in-depth investigation on the advice of a single informant is inaccurate. Your "League of Concerned Citizens" is a far cry from an extremist group dedicated to bombings, assassinations, and revolutionary acts against society. Therefore, the FBI would have no reason for, nor interest in, monitoring the calls or examining the files of such an organization.

The Weather Underground, upon which the editorial is premised, have these radical goals of violent revolution; the FBI's mandate is to protect society from them. We have done so, according to a presidential directive and without benefit of guidelines from Congress for over 40 years.

To launch the investigation described by you would certainly require substantiated, corroborated data. To suggest that the FBI would be so shallow and frivolous as to participate in the activities you "suppose" on the basis of the information you "suppose," goes beyond the bounds of Monday morning quarterbacking. It is damaging by innuendo.

We are not above the law. But let's be fair and realistic. Please don't accuse the Federal Bureau of Investigation by supposition and implication of slapdash, completely unfounded citizen harassment. If you feel our agents in the past have been over-zealous or over-aggressive in the use of surreptitious entry or monitored phone calls with such groups as the Weather Underground, bear in mind that the assessment is being made in the 1970s. These incidents took place during the 60s to early 70s when not-so-innocuous groups such as the Weather Underground were fighting the establishment with bombs and bullets.

You described former FBI Agent John Kearney as a "flunky." To so label a Special Agent of the FBI, whose daily responsibilities are immense and complex, is unfair.

It is also perhaps unwise to discuss, even editorially, "the bureau's illegal entry" without use of the traditional journalistic "alleged." An indictment is not a conviction, and no FBI Agent has ever been convicted of an illegal entry, a burglary, or violating a person's civil liberties. As usual, innocence should be presumed until guilt is legally established.

Federal Bureau Of Investigation Defended

By ALEX PURTEE
Staff Writer

The Federal Bureau of Investigation has been wrongly accused of illegal activity according to the head of the FBI in Los Angeles.

Theodore L. Gunderson was in Palm Springs recently to visit the local FBI office. He reflected on charges against the organization by the news media, citizens and special groups.

The FBI has been accused of illegal activity because of its use of wiretaps, opening mail and entering surreptitiously.

Gunderson admits the FBI used these tactics but that they were ordered by a higher level of government. He said that in 1936 Franklin D. Roosevelt ordered that the FBI protect the internal security of the country, but no guidelines were set.

"We've been unjustly criticized in regard to our techniques," Gunderson said. "We have authority from two sources. One, statutes passed by Congress. This involves criminal work. The other is presidential directives. In the first category there's no problem. In the second, it involves the internal security of the nation.

"There were never any guidelines. We were told to protect the nation from within. Nobody set up any guidelines except our own. We should have had Congressional guidance. Now there is some Congressional guidance.

Much of the criticism has come from activity conducted in the early '60s when there was a stronger revolutionary element in this country than exists today," Gunderson said.

He justifies that work and said the FBI curbed much crime because of it. Gunderson added that the wiretaps, mail opening and surreptitious entry were used against those who advocated violence against society and in overthrow of the government.

"We don't feel we were wrong in using these techniques through presidential directives," he said. "If we had not taken an aggressive approach in the early '60s when they took over college campuses, bombed, people got killed, and millions of dollars of property were lost, the loss would have been greater than it was."

"We broke the backs of these revolutionary groups such as the Black Panthers," he added.

Noting that no FBI person has ever been found guilty of illegal activity while working for that organization, Gunderson said, "I don't know of any activity when we were unlawful. I feel in some cases we were a little overly zealous or maybe aggressive."

What about a report that the FBI placed a tape recorder under Dr. Martin Luther King's hotel bed to find him out for what he was doing?

"We had a legal justification to investigate Dr. King," he said. "One of his top advisors had been identified as a Communist."

Gunderson said the element that has wanted to overthrow the government has always been present but that the Vietnam War gave this element a cause. He added that the element still exists today.

What about the present opinion of the FBI?

"I don't think there is a rift between the public and the FBI," he said. "I think the vast majority of the public feels we have done the right thing . . . We've lost some credibility. Our image has been tainted but not as great as the press has indicated. A recent survey has revealed that the American public has more confidence in the FBI than any agency in the country, including Congress and Senate. We have more than 5,000 applications and 300 openings."

He said the main emphasis by the FBI today is in the areas of organized crime such as pornography, white collar and foreign counter-intelligence. Gunderson, wearing a blue blazer, gray slacks and a flag pin, was casual, open and joked.

"Should have worn my red, white and blue tie for you," he said.

What does he think of former FBI Director J. Edgar Hoover?

"I think Hoover was one of the greatest men of our time," Gunderson said. He added that nothing should overshadow the good he did for the country.

Then Gunderson came up with some statistics.

"Many millions of crimes go unreported each year, however, in 1976 there were over 11.25 million serious crimes and, of these, over a billion were violent crimes," he said, reading the figures off a small card. In 1976 compared with 1975, overall property crimes increased 1 per cent and violent crimes decreased 4 per cent, he added. From 1972 to

1976, narcotics arrests have increased 39 percent.

Gunderson said that it took 19 months for the FBI to find Patty Hearst because some of the techniques the FBI had used were questioned as to legality, Gunderson said.

He speculated that the Hillside Strangler in Los Angeles would have already been found if the organization were able to use these techniques today.

"The future's bright," Gunderson said. "I think judge (Gordon) Webster will be an outstanding director."

I think we're beginning to overcome the adverse publicity. People are beginning to see the importance of a good law enforcement agency.

"Not one FBI agent has ever been convicted of a felony in regard to his responsibilities. In this country you're innocent until proven guilty."

FBI's Top Man in L.A. — A New Image

Gunderson Reflects Openness Policy but Defends Bureau's Past

BY ROBERT RAWITCH
Times Staff Writer

At his going-away party when he left Dallas, Theodore L. (Ted) Gunderson was described as the "All-American Kid" and given a red, white and blue golf bag as a present.

He arrived in Los Angeles a little more than two weeks ago armed with two letters from golf pros, one stating that Gunderson has a handicap of two and the other asserting a 32 handicap.

"It just depends who I'm playing which one I show them," he says with a robust laugh, adding that his "honest" handicap is 24.

How often he will be able to get out on the links is a question, however, because the 49-year-old Gunderson has immersed himself in his new assignment as head of the 500-agent FBI office in Los Angeles.

Gunderson presents a sharp contrast to his predecessors here.

Reflective of the more open image of the FBI fostered by its current director, Clarence M. Kelley, Gunderson is anxious to talk about the

bureau—not only its strengths but also past indiscretions.

Dressed in a gray-checked suit and a white, button-down collar shirt, he puffs frequently on a large cigar and says he'll discuss almost anything. And he does.

On disclosures in recent years of noncourt-ordered wiretaps, surreptitious entries and mail openings used by the FBI in the 1950s and 1960s to monitor political dissidents, Gunderson says he defends the bureau's actions "based on the problems of the times."

Such tactics were used, he said, during a period when extremist groups were "dropping bombs around the country, killing people. Terrorists were responsible for millions of dollars of destruction in property."

Gunderson said the controversial FBI tactics were responsible for "breaking the backs of a number of extremist groups" on the left and the right.

Gunderson maintains the FBI be-

lieved it had the authority for such actions on the basis of presidential directives and other instructions dating back to 1936 when President Franklin D. Roosevelt charged the FBI with protecting the internal security of the country.

Noting that FBI chief Kelley has publicly stated that agents may in some past instances have been overzealous in such activities, Gunderson said he believes that the FBI should be able to conduct wiretaps in cases potentially involving the internal security of the country.

"We've been charged with protecting the internal security since 1936 and we're now in the 1970s and nobody has told us how to do it," he said.

"... They've told us what not to do, but not what to do."

Gunderson, who lives in Sherman Oaks, says the way to restore the faith in the FBI that some people may have lost "is just to continue to do an outstanding job.

"The best thing we can do is just

produce results for the American public," he continued. "We can do it. We have been doing it. But unfortunately our results have been overshadowed with the criticisms."

Gunderson said despite what may seem to be his hardline views on wiretapping and his strong patriotic feelings, "I'm a great civil libertarian."

"I believe in equal rights for women and for minorities and for anybody in our system," he said, noting he hopes to increase in particular the number of women special agents in Los Angeles.

There are 70 female agents nationally and five in Los Angeles.

Gunderson indicated he does not favor lowering requirements in any way to bring in more minorities or women into the FBI and, once hired, everyone is treated the same.

"Any female who works for me," he said, "she is going to do exactly what the men do. If they are hired to be agents that is what I expect them to be."

Women have been eligible to be agents only since 1972 when former FBI Director L. Patrick Gray III reversed a longstanding Hoover prohibition.

Gunderson added that one woman in particular who worked for him in Dallas "was as good as any man in the office."

Gunderson praised the late FBI director J. Edgar Hoover as "one of the great men of our century." But he also credited current director Kelley with streamlining the FBI by elimin-

ating some of Hoover's antiquate policies and helping to restore confidence in the bureau in the aftermath of the Watergate scandals that touched on the FBI's independence.

Of President Carter's nominee to succeed Kelly, U.S. Dist. Judge Frank Johnson, Gunderson would only say, "I like what I hear about him."

Gunderson said he sees no need to make any major changes in the operation of the Los Angeles bureau, which he described as having the reputation of being one of the top bureaus in the nation.

He said he envisions an increasing trend toward "targeting" individual "hotbeds" or areas of crime and zeroing manpower and other resources in to solve the problem.

He expressed the hope that something would be done to equalize the sentences imposed for white-collar crimes compared to other offenses.

"It perturbs me that a person can go in and rob a bank of \$1,500 and be sentenced to 10 years in prison and another individual can embezzle say \$500,000 and be placed on probation," Gunderson said.

Like nearly all other law-enforcement officials, he was also critical of what he considers a weakness in the criminal justice system which allows "habitual criminals to continually be released back on the streets."

Gunderson has spent virtually his entire adult life in the FBI, joining as a special agent in Mobile, Ala, in 1951.

He criticizes system's treatment of 'habitual criminals.'

18 months after graduating from the University of Nebraska with a degree in economics.

A self-described "pretty good" halfback at his high school in Lincoln, Neb., he tried out for but never made the university football team.

Like most career FBI agents, Gun-

derson has moved all around the country for assignments during his nearly 26 years with the bureau.

After his stint in Mobile, he was a field agent in Knoxville, Tenn., New York and Albuquerque. In 1960 he was assigned to Washington, D.C., and held various administrative posts until going to New Haven, Conn., in 1965 as the assistant special agent in charge of the office, the number two post.

Later assignments took him to Philadelphia, Washington, D.C., again and then the top spots in FBI bureaus in Memphis, and Dallas. He has extensive experience in combatting espionage and organized crime.

One of Gunderson's only regrets about coming to Los Angeles is that USC doesn't play Nebraska in football this year. He doubts that he will be able to get away during his first few hectic months in his new job to see his alma mater play at least one game.

FBI criticism unfounded, says new L.A. chief

'We had authority — and did the job'

Q and A

Ted L. Gunderson feels a bit uncomfortable having an office with a bathroom and a shower. It's a bit too extravagant for the 49-year-old Gunderson, who became agent in charge of the Los Angeles office of the FBI Sept. 26.

With his straightforward approach, Gunderson is trying to dispel the image that many may hold of an FBI agent. He's a large man who chews tobacco, smokes cigars and occasionally displays a sense of humor. He describes himself as a "frustrated jock" who on previous FBI assignments has recruited football players for his alma mater, the University of Nebraska.

He joined the FBI in 1951 and has served throughout the nation. His last assignment was as agent in charge in Dallas, Texas. He earns \$47,500 per year but says he doesn't have much time to spend it because he puts in long hours, has been divorced and has no family.

Gunderson has 500 agents working for him in seven Southern California counties, including 14 in the Long Beach FBI office, which covers Long Beach, Bellflower, San Pedro, Compton, Wilmington and the port area. He was interviewed in his West Los Angeles office by Independent, Press-Telegram staff writer Mark Gladstone.

Q. What will be the effect on the FBI of U.S. District Judge Frank Johnson withdrawing his nomination to succeed Clarence Kelley as director of the FBI? (Johnson has been ill and withdrew his nomination last week.)

A. I don't think it will have any great effect on the FBI . . . Of course Mr. Kelley's done an outstanding job and he's leaving. We have to accept that. I think 99 percent of us were pleased with the appointment of Judge Johnson . . . and I think we need a man of his character and integrity and leadership qualities.

Q. But isn't there some effect when the Carter administration spent a number of months looking for a successor to Kelley and they finally found someone and now it appears that it won't be until February that a new person is picked?

A. No, I don't think it has affected us. It hasn't affected me. It hasn't affected the L.A. division. Now if a person is appointed to that job later on and he's not the caliber of person that he should be — and I have confidence in the attorney general that he will be — say, if he isn't, then we will be affected.

Q. What about the status of any federal investigations into the city government of Long Beach?

A. I don't know anything about that. (Later an FBI spokesman said the term of the federal grand jury that had investigated allegations about city government has expired and nothing more is expected to happen at the present time.)

Q. My image of the FBI through the years was of anti-communism. How true is that image today?

A. Back in the '30s we broke up the old gangs, Baby Face Nelson, Machine Gun Kelly, Ma Barker. Then in the '40s we had the German Bund . . . and we broke them and they were ineffective, we neutralized them. Then along came the Communist Party . . . and we did a pretty good job on them . . . and then in the '50s you also had the Ku Klux Klan on the other side. We're not prejudiced one way or the other.

They were violent to society and we neutralized them . . . we did a job on them and along came the (Black) Panthers and we did a job on the Panthers. And, you see, during this whole period we were involved with these techniques: surreptitious entries, electronic surveillance, mail openings. Sure we were involved in them. We did a job. Now, today after the Panthers we had the SDS underground . . . and the Minutemen . . .

Q. How would you describe the morale of the FBI now compared to when you became an agent in 1951?

A. I don't see any decrease in the morale in the organization; I never have. I think, and of course I'm speaking from personal knowledge, we've been criticized quite severely since 1972 . . .

Q. Well, is the morale different now than when J. Edgar Hoover was still alive and running the FBI? Hoover was one of the most esteemed persons . . .

A. Dynamic, automatic. There's no question about it.

Q. Then there was a period of L. Patrick Gray, William Ruckelshaus, then Kelley . . . did I forget someone? The FBI went from being considered the pinnacle of law enforcement, and now the public seems to have a different attitude.

A. Right. There's a very good reason for that. It's because of the post-Watergate investigations, the congressional committee investigations . . . As far as I'm concerned — and the majority of FBI personnel I've been around — the criticism that has been leveled at us has been unsubstantiated in many instances unfounded. The people who have criticized us have failed to understand our problem.

Q. Which is?

A. Which is, number one, we have our authority from statutes passed by Congress, that's one source. Two, presidential directives. About 85 percent of our work is these statutes passed by Congress. About 15 percent is through presidential directives. In 1936 President Roosevelt said, "FBI, protect the internal security of the nation." Here we are in 1977, we're still doing that. . . . Nobody's told us how to do it . . .

The surreptitious entries — I prefer that terminology versus burglaries — the wiretaps, the mail openings, these actions were all taken based on a need at the time. They were taken on presidential directives. They were taken on authority . . . and yet the criticism has been (against the) FBI. The Department of Justice was aware of these actions we took back in the '50s and '60s, these techniques — which I like to use rather than actions. The White House was aware of these techniques, Congress was aware of these techniques.

This terminology, "the abuse of power" — perhaps we've been a little overzealous on occasion in some of these areas, but at the time we felt we were doing the right thing and we had to take that action in order to neutralize these groups (that advocated violence and the overthrow of the government).

Q. Would there be any particular instance of overzealousness in a particular area?

A. . . . I'm not going to say, "In my opinion we were overzealous." I'm going to say there were instances where we've been accused of being overzealous, like it's a written fact that they say we were overzealous with Martin Luther King . . . I don't think Mr. Hoover had a personal vendetta against Martin Luther King. We had ample justification.

Q. Where would you draw the line on deciding to put a group under surveillance?
Q. On a day-to-day level you can't have much affect on that (the system). Isn't that frustrating?

A. I don't think we should investigate these organizations, but we should investigate groups that advocate violence against society or the government... Many of these people went into these anti-war organizations and were in leadership capacities so we had the appearance of investigating the whole organization.
A. It frustrates the devil out of me... when I was on the street I can remember arresting one guy three times for the same crime. This was not street crime. It was a Marine deserter.

Q. Besides judges, are there other things that bother you?

A. Another area that particularly bothers me is graft and corruption, particularly at the public level, the crooked politician, the crooked cop.
Q. How much of your work involves intelligence cases?

A. I really can't give you that figure. Number one, I'm not sure, and number two, if I was sure and had the specific figure it would be classified.

Q. To what extent is organized crime infiltrating Southern California?
A. ... I can say this. We are investigating organized crime regardless of its ethnic origin... these people (who) should be serving the public...

Q. Can you say whether it's a majority of the office work?

A. No, not a majority of the office. We have over 500 agents here and certainly a majority of us are involved in criminal investigation, about 85 percent of our work is there. The other 15 percent you can split it up.

Q. Do you think the FBI will regain the stature it had?

A. If we have the right leadership, yes... providing our critics are fair and objective...

Q. Is there more attention given now to white-collar crime than in the past?
Q. What is the principal trait an FBI agent must have?

A. There is. We're devoting nationally about 20 percent of our manpower to white-collar crime.
A. I think under Hoover we had a kind of stereotype individual, the all-American superman type. I think probably today people realize we're a little more human than in the older days.

Q. What do you think is the number one problem you're dealing with, something particularly irksome to you?

A. The one thing that particularly bothers me — for all of law enforcement — is that our judicial system repeatedly lets the habitual criminal back out on the street.

FBI official says TV film on King inaccurate in its views of bureau

By HERB PASIK
Press-Enterprise Staff Writer

PALM SPRINGS — The authenticity of a recently televised movie on the epic struggle of civil rights leader Martin Luther King Jr. and the film's portrayal of the FBI is questioned by a high-ranking FBI official.

"I focused on it intently because I anticipated it would be very critical of us," said Ted Gunderson, a veteran of more than 26 years with the FBI and currently special agent in charge of the bureau's Los Angeles Division.

Gunderson, 49, who was in Palm Springs to discuss administrative matters with the trio of agents assigned here, is in charge of 500 agents and 300 support personnel whose jurisdiction encompasses a seven-county Southern California area with a population of more than 14 million.

He took issue, during an interview, with the way in which the FBI and J. Edgar Hoover, the late bureau director, were portrayed earlier this month in Abbey Mann's film biography of King, contending it was riddled with inaccuracy and in at least one instance was "totally false."

Although recent news disclosures tend to buttress the script's tough treatment of the FBI, Gunderson, who formerly headed the bureau office in Memphis, Tenn., where the late civil rights leader was slain, claims that Hoover was "made to look bad through clever writing, innuendo and acting."

"One statement attributed to Hoover (in the film) that I strongly objected to was when he passed out brochures on King to top government officials," Gunderson said. "He was quoted as saying the reason he was passing them out was to prepare these top officials for the black insurrection."

The brochures to which Gunderson alluded were related to an explosive confrontation in the film between an irate Attorney General Robert F. Kennedy and a vindictive Hoover over Hoover's distribution of transcripts that the FBI had made after bugging King's alleged sexual indiscretions.

"I order you to get them back. And I believe I am your superior," Kennedy barks. "No attorney general has ever said that to me," Hoover replies icily. "No president has ever said that to me."

"As far as the movie itself was concerned," Gunderson said, "there were intimate conversations between Hoover and the assistant (FBI) director and Hoover and Kennedy that no one except those individuals could have been privy to."

He said "one misstatement" in the film was when someone spots two FBI agents watching a civil rights demonstration and remarks, "All the FBI can do is stand around and take notes."

"That's wrong," Gunderson said. "We were very active in the civil rights movement in a very positive manner. We broke the back of the Ku Klux Klan, we placed a number of white racists and terrorists in jail."

"In the movie, the statement was made that they found the bodies of three civil rights workers in Philadelphia, Miss., but no mention was made that the FBI found the bodies and solved the case."

Gunderson said he "strongly objected" to a scene set by Mann in Memphis where, with the civil rights movement in shambles, King's aides presumably discover that young blacks were paid to disrupt a demonstration.

"Who paid you? Who paid you?" an angry Andrew Young (now U.S. ambassador to the United Nations) demands. "The FBI," snarls one youth in reply in the film.

"That's totally false," Gunderson asserted. "Having been the special agent in charge in Memphis, I'm totally familiar with that situation. We did not pay them. We actually were protecting King. I can't give the details involving those two young blacks because it would violate the privacy act, but I know the true circumstances."

Gunderson said the FBI had "an obligation" to investigate communist infiltration into the civil rights movement in the south during King's time because one of the civil right's leader's "top aides was a communist." He said he could not name that aide.

"Communists were very active in the movement in the South," he said, "so naturally we had ample justification for investigating King and the movement."

"I feel King did something that had to be done. We needed to integrate the South, but at the same time that he took this action that resulted in death and injuries and property damage, there was legislation being advocated by Presidents Kennedy and Johnson to integrate the South."

"But King felt obligated to integrate in his manner," Gunderson said. "I'm not being critical of King. He felt he had to, within his conscience, but we don't have any apologies for investigating (King and the movement)."

As for Hoover in general, Gunderson said, "I admire and respect him and feel he was one of the great men of his times. The vast majority of criticism of him is unjust and unfair. Naturally, he made some mistakes, but I don't feel they should overshadow his accomplishments. Any action he took as director was in the best interests of the nation."

Gunderson, a graduate of the University of Nebraska who joined the bureau in 1951 and views his retirement as "right around the corner," said he has not met the new FBI director, William H. Webster, a former federal appeals court judge in St. Louis, who was sworn in Thursday, but he anticipates he will "in the immediate future."

"Everything I've heard about him I like and I'm impressed. We need him badly."

When it was noted that Webster's legal opinions as a judge indicated a concern for individual rights, Gunderson replied, "That's the way it should be. Through the years, we have had the same approach. We have had an outstanding civil rights investigation record, which is very seldom mentioned."

"The problem is whether individual civil rights take precedent over security of the nation. The wiretaps we use were approved by the attorney general and in some instances by the president, and members of Congress, in some instances, were aware of them, but we were doing it in the interest of national security."

The FBI has been shaken by allegedly illegal wiretaps, break-ins and other incidents, but Gunderson said no FBI agents have been convicted of illegal wiretapping.

"Allegedly, we engaged in illegal spying, we have been burglars, but no one has been convicted in court," he said.

"At the time we used those techniques, they were approved by the attorney general. True, John Karney, a New York agent, is under indictment at present on charges of having illegally opened mail and using illegal wiretaps to locate a Weather Underground fugitive. But he has not been convicted, and until such time as he or someone else is, no one can say we're illegal."

"What's happened," Gunderson said, "is that through the press we've been tried and convicted without due process, through careless information, innuendo and loose statements."

The dapper, cigar-chewing bureau career man, who says he will "go any place, any time, before any representative of the media, to tell and talk about the FBI, said he never has heard of so-called "Most Valuable Player" or "MVP" awards that presumably were an unpublicized ritual of the Hoover era.

According to Newsweek Magazine, some FBI agents were privately critical recently of the granting of \$500 to \$1,000 awards for outstanding FBI service.

The magazine said that FBI headquarters officials liberally bestowed the cash awards on themselves, but were stingy in sharing them with their front-line field agents.

"I'll say this," said Gunderson, who spent seven years assigned to FBI headquarters in Washington and about 19 years in the field, "in my career, when I served in the field, I received 10 incentive awards and they were awarded both to headquarters (personnel) and in the field.

"Where an agent does an outstanding piece of work, he is recognized with a cash bonus. For example, I coordinated an aircraft hijacking case for which I received an incentive award, I think I received \$200. I (once) was involved in developing some double agents in the espionage field. I recall receiving incentive rewards of \$150 to \$200 for my participation in those cases."

Gunderson, who only recently took over as head of the bureau's Los Angeles Division, the second largest division in the country, appeared on the Sam Yorty television show a few weeks ago and said he intends to make frequent public appearances "as a spokesman for the FBI in this area."

"It's up to me to do this," he explained. "The other agents can't."

FBI Man's Job Tough, But Not Hopeless Cause

By AL STUMP

Herald Examiner Staff Writer

Silhouetted by searchlights on a rainswept night, National Airline's Flight 496 resembled a 153-foot fort — heavily armed, impossible to attack.

Carrying shotguns, hijackers held captive 120 passengers and crew.

The Boeing 727, seized south of New York City, had been force-landed at Philadelphia's International Airport for refueling, after which one bad break after another had befallen the FBI.

Ted Gunderson, the Bureau's local assistant chief agent, stood on a runway, dripping water and disgust.

When Gunderson and a crisis team had first approached the plane to negotiate, engines suddenly roared and the ship made a high-speed taxi run straight at them. As they ducked, the 727 swerved wildly and ended up against the terminal building.

Then, in quick order, the pilot bailed out a cockpit window, cracking his skull on the concrete; a stewardess thrust her body out an opening to scream, "for God's sake, give them what they want!" and from inside the aircraft a shot was fired.

It was all pandemonium as Gunderson faced his first skyjacking in 21 years with the FBI.

The co-pilot radioed: "They want \$600,000, three parachutes and a second 727 parked nearby for their escape.

"Get it fast, they say, or everybody dies."

To Gunderson's dismay, no other airline would supply one of their available jets for the getaway, which meant a several-hour delay while National flew in a 727 from Miami with the \$600,000.

Nor would any worker roll out a portable airconditioning unit demanded by the gunmen.

So Gunderson, alone, exposed to the gunmen, rolled out the unit and plugged it in.

"When the money arrives, I want the passengers and crew released," he messaged the plane.

His reply was curses and a refusal. Reviewing that 1974 scene today — as the new special agent in charge of the FBI's Los Angeles office — big, wavy-haired Theodore L. Gunderson reflects, "You can't let yourself feel hopeless at a time like that. You also can't try anything dramatic. Make a mistake on a gamble and you've wiped out a lot of people."

Over the years as a field operator, he's been in tight spots in a dozen states. The Philadelphia case he rates the tensest of them all.

Suggestions were made that a picked squad rush the plane. "The hell we will," said Gunderson. "We'll talk to them. And keep talking. We'll stall and try to tire and confuse them."

At 3 a.m., he was still patiently talking.

He pleaded and begged the captors to turn loose the hostages. He switched to toughness: "If anyone in there is hurt, you don't leave here alive. Depend on it."

When the \$600,000 arrived, he walked out and placed it 20 feet from the main hatch. "Your move," he said.

Now the skyjackers, relenting, replied, "We keep the crew when we transfer planes. You can have the others."

Decisions rarely come harder — should he exchange six crew lives for

113? Gunderson winces, these days, when he tells of his answer.

"Okay," he agreed. "Keep the crew. But give me the rest NOW."

With shotguns jammed against the crew, well-shielded from sharpshooters, the gunmen emerged, boarded plane No. 2 with the \$600,000 and chutes and took off.

The freed passengers came out staggering, weeping and cheering — uninjured.

At Lake Charles, Tex., the plane blew tires upon landing and the jackers surrendered in exhaustion. FBI chiefs gave Gunderson a special commendation for getting the job done over nine hard hours with such tactical skill.

Would those parachutes have opened — if used?

Gunderson only smiles, reserving comment.

The Philadelphia affair helped win promotions for the Colorado-born agent and led this winter to directorship of the country's second largest FBI office here. The agency covers seven Southern California counties, with branches scattered from Santa Maria to Pasadena to Palm Springs and with 500 personnel under Gunderson.

***The Bureau's been
under heavy criticism
in the 1970s and
doesn't deserve it.***

At 49, he's been one of the late J. Edgar Hoover's and now FBI director Clarence Kelley's "hot" field operators.

Coming here from running the Dallas office, he's an ex-football halfback who has worked bank shootouts, espionage cases, terrorist activity, organized crime's infiltration and gone underground against the Ku Klux Klan, Black Panthers and other extremist groups.

He's outspoken to a marked degree, sharply in contrast with tactful FBI commanders who preceded him here.

Gunderson's opinions come rapid-fire from behind a haze of cigar smoke:

"The Bureau's been under heavy criticism in the 1970s and doesn't deserve it.

"Witnesses testifying before Congressional committees against us have flat-out lied. And lied again. Critics even have brought in former FBI informants and turned them around to give evidence that wasn't true.

"Civil-rights who scream about our wiretaps, surreptitious entries and mail openings ignore the fact that in 1936 the FBI was told to protect U.S. internal security. Can you imagine what a staggering problem that's been?

"It's now 1977 and no one has come forward with solid ideas on how to accomplish this. Critics are quick to tell us what not to do.

"But there isn't an ounce of solution to rising crime of a serious nature in them."

Admissions by director Kelley that the FBI has been overzealous in some

instances bring this from Ted Gunderson:

"When we had the counterintelligence effort called Cointelpro going in the '50s and '60s, it helped break the backs of people dropping bombs everywhere and wrecking millions of dollars worth of property. Extreme tactics were needed if we were to stop them — both on the left and right, politically.

"We were rapped for that. But by doing the best work possible today, we'll come through this bad spell."

The husky Gunderson, who lives in Sherman Oaks, insists that denunciations of the Bureau after Watergate were unwarranted.

"We had nothing to do with the incident. We were responsible for identifying Watergate conspirators for prosecution. The FBI was a tower of strength here, yet was called all sorts of names."

Sports "nut" Gunderson also reads widely. He says:

"Ex-federal agents who write books 'exposing' their former employer are contemptible.

"The other night I saw a preview of 'The Choirboys', based on a book by one time local police officer.

"It's awful, strictly opportunistic, another case of defaming the law for profit."

(LAPD Chief Edward Davis earlier described 'The Choirboys', as a book as "nothing but vomit.")

Citing a solution rate of well over 80 per cent of bank robberies in Los Angeles — the city which leads the nation in such thefts — Gunderson plans no shakeup of the Bureau. Two goals, however, he has in mind.

Counterespionage efforts will be emphasized, considering that Los Angeles now has more than 40 consulates and that a high percentage of government defense contracts are let here.

Individual "targeting" of crime bosses, rather than "group study", is another objective.

Meanwhile, Gunderson plans to appeal to citizens to support his office and agents, via press, radio and TV.

In Memphis one day, he pursued three bank robbers who held two women clerks as hostages.

While shots by the robbers whizzed around him, he helped pull a wounded policeman to safety.

Then — as in the Philadelphia skyjacking — he talked and talked to the cornered thieves on a bullhorn.

Two surrendered themselves and the hostages and the third killed himself.

His own life he regards as on the charmed side.

He's escaped death threats by the Black Panthers in Connecticut, gunfire in Tennessee, and "hit" men of Soviet spies in New York.

"I plan," says Ted Gunderson, "reaching for another cigar, 'to live to be 103.'"

The FBI pleads its own case well

A quote from your newspaper: "The Justice Department disclosed Wednesday that two FBI agents had been arrested and had lost their jobs last year for shoplifting."

I'm getting a little sick of this, "let's kick the FBI around," attitude from the press and other sources in Washington. What's so newsworthy about stealing in Washington? They have been picking our pockets for years. If it was some other department that had two shoplifters, would it have made the papers? Can you see TASS (The Russian News Agency) disclosing that two KGB agents had been caught stealing?

Thanks to The Herald Examiner for the printing of Ted Gunderson's (agent in charge of FBI in Los Angeles) letter in defense of the FBI Defense that is of remarks you made about the bureau and one of his agents in your editorial "Not above the law" (April 12). Never thought I would see the time the FBI would have to defend themselves in a "Letters to the editor" column in a newspaper. Keep those letters coming Ted, I think you are going to need them. Besides, I like your style.

Dear [Redacted]

I have at hand your articulate and thoughtful letter of April 20, 1978, and want you to know how deeply I appreciate receiving it.

Your remarks regarding my interview with the "Herald-Examiner" were particularly kind. We do need the support of responsible, law-respecting citizens such as you to spur us on to continued vigorous enforcement of the law.

As to the morale of our Agents, I am of the belief that it is good because the job they do is important. That fact makes our work self-rewarding to a large extent and thick-skinned when it comes to unfair or unjustified criticism.

TO : DIRECTOR, FBI

FROM : SAC, LOS ANGELES (66-4542) *F.O.*

SUBJECT: SUPERVISORY ORGANIZATION
LOS ANGELES DIVISION

DATE: 4/26/

XEROX
AUG 28 1979

The purpose of this communication is to re- designate that Special Agent in Charge (SAC) TED L. GUNDERSON as Assistant Director in Charge (ADIC) of the Los Angeles Division of the FBI.

The Director's letter transferring me from Dallas to Los Angeles in September, 1977, advised that I was to serve in the capacity of Senior SAC of this office and would not carry the title of Assistant Director in Charge which was the title carried by my predecessor.

The Los Angeles Division, which is the second largest in the Bureau, is unique in its organizational structure having four SACs and no Assistant Special Agents in Charge (ASACs). Each of our three divisions, Administrative, Criminal-Intelligence, and Organized Crime-White Collar Crime, is headed by a SAC who is assisted by a Coordinating Supervisor designated as #1 Man. Although each SAC is fully aware of his individual role, responsibility, and authority, all of us are frequently placed in the awkward position of having to explain in detail to outsiders the relative position of each. There have been occasions where different newspaper articles appearing in the local press within the same week have identified three different individuals as SAC of the Los Angeles Division. This is a situation which can be very easily rectified by reactivating the title of ADIC or any other title which would specifically identify myself as the ranking official of this division. The Bureau should also be aware that from an operational standpoint, our agreement with General and Pacific Telephone Companies requires that requests for telephone toll records in FCI matters be signed by an individual carrying the title of ADIC. Since September, 1977, it has been necessary for all such requests to be forwarded to FBIHQ.

I request that the Bureau give prompt and favorable consideration to the above recommendation. 2 OCT 10 1978

Theodor Gundersson

Dear Judge Webster:

A colleague of mine in our Southern California area was disturbed by the presentation presented by one of your field FBI agents to the Rotary Club of Redlands.

Despite the obvious efforts of the Attorney General and yourself to change the perception within the Bureau of its obligations to conform to accepted civil rights practices, and to accept liability for unlawful actions, the presentation appeared to the audience to defend a position that the FBI should operate above the law.

The Club is very anxious now to have a presentation from the Justice Department or FBI official who may be better prepared to explain and defend your current thinking. Could you have your staff suggest a few names to us, either from your Washington or Western offices? The date for the presentation would be in July; if you have a Washington official scheduled in the area then it could be ideal.

FEDERAL BUREAU OF INVESTIGATION

OFFICE OF RIGHT AND FINANCE

Los Angeles FO.

Dear Sir:

I have talked to several persons in your office while you were out of office when I called from Los Angeles.

This calls pertains the refusal of the Director of the FBI in Los Angeles Mr. Ted Gunderson, and the United States Attorney [redacted] for the Central District of California to conduct an investigation to my alligat that Evelle Younger, and his Staff, the California Attorney General, have bribed several judges in the State of California.

I believe that both these two officers Gunderson, and [redacted] are in violation of 18 USC 1510, refusing to conduct a criminal investigation.

I have proof based on transcripts and other documents that judges were bribed. I further have logged a complaint that Evelle Younger has offered my former attorney a bribe to join his conspiracy to conceal this scandal trying to deport me with forged documents in violation of 18 USC 1546. For joining such conspiracy he was offered and made a Federal Magistrate in the United States District Court, Central District of California. This bribe in violation of 18 USC 201.

I have brought this scandal to the attention of Allan Cranston the State Senator, Robert Dornan congressman, and Thomas o'Neill, the Speaker, and none are willing to take over the investigation, as the FBI refuses to bring this scandal to light prior to the California elections in November where this Evelle Younger plans to run for Governor of this State.

For reason that nor the FBI, and the Senators are willing to take any action I have addressed myself to Senator Peter Rodino of the Judiciary to see what can be done to break this conspiracy and corruption in the State of California.

By now you have the letter of July 22nd, 1978 of which a copy also went to the President of the United States.

I can be reached by phone in California under [redacted] or by mail via the above address.

Dear Judge Webster:

Thank you for providing this office with copies of the enclosed correspondence and news clippings. I respectfully request that future mailings with controversial enclosures be marked to my personal attention in order that their validity can be established prior to their becoming general knowledge within the office.

I thought you might have an interest in knowing that [redacted] letter is the only depreciatory one we have seen. We have received five laudatory letters, two of which are enclosed for your review. I also received approximately 25 positive and supportive telephone calls and personal commentaries regarding this matter from such prominent people as former Governor Ronald Reagan, Los Angeles Sheriff [redacted] Olympics Committee [redacted] and [redacted] of the Chinese Information Service.

Dear Sir:

I spent the better part of my governmental career in various areas of national intelligence. Some of the best training I received was through the offices of your organization. Although my military rearing precluded naivete I was always able to maintain the FBI on a firm pedestal. Many of my associates are still active and they still have my fullest respect.

The one thing I learned from the FBI was surveillance -- in all forms. Never was I exposed to such amateurish activities described in the attached clippings. Perhaps because of the publicity of recent years the FBI hasn't been able to maintain desired standards. I do not know what in the hell happened out here, but something is wrong.

If is a bad guy and he may well be, then either tail him or harass him into making a move. But for the sake of all I respect, do the damned job with finesse. If the team simply fouled up a multi-agent surveillance, send them back to school and clam up. The key word is "clam". Unfortunately I have made a few tactical boners (but was lucky), but no law of the press requires you to sound off. Agent Gunderson ought to be transferred as soon as this episode dies down. Then he should be reminded that God gave him two eyes, two ears and one mouth -- the latter being a design correction.

FBI Chief in L.A. Attacks Times' Story on Scholar

Reacts to Article Revealing That Visiting UCLA Teacher Was Followed by 'Amateurish' Agents

BY DOYLE McMANUS July 18, 1978
Times Staff Writer

The chief of the FBI's Los Angeles office attacked The Times Monday for publishing a story on Paul Lin, a visiting scholar at UCLA who discovered he was being followed by FBI agents.

"If a bona fide law enforcement agency is conducting an investigation, then I think the American public and press have to assume that it's legitimate," Special Agent Ted L. Gunderson said.

"You have just to take our word for it—if it's our investigation, it's a legitimate surveillance."

But Gunderson refused to confirm or deny that Lin's shadows were FBI men.

"If we are running a pending investigation, we are prohibited from making a statement one way or the other," he explained.

Lin, 58, a Canadian-born history professor from Montreal's McGill University, spent 15 years in China. He arrived in Los Angeles on sabbatical in December, and UCLA hired him as a consultant to explore the possibility of an exchange program with Peking.

On June 10, he first noticed that men in unmarked cars were occasionally following him—but, he said, "they seemed too blatant, too amateurish to be the FBI."

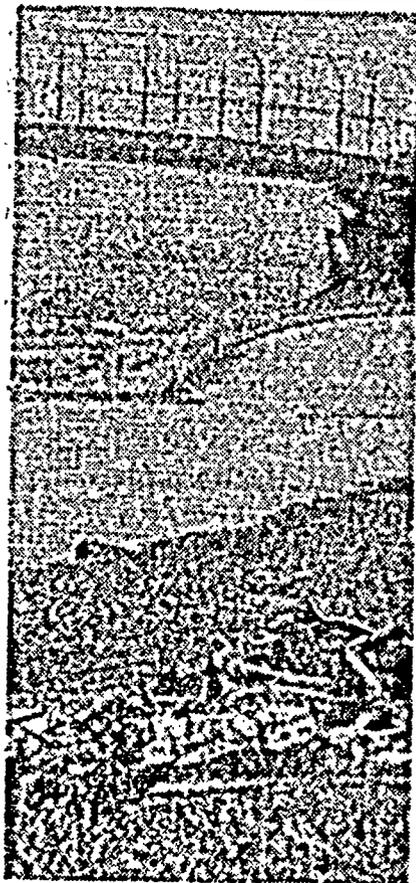

After several fruitless attempts to identify the unknown agents, Lin called a Times reporter, who advised him to make a complaint to the Santa Monica police. Tailed by four unmarked cars plus the reporter—who quickly lost the trail—Lin drove to the police department.

A check of the shadows' license plate numbers revealed them to be law enforcement agents. Sources in Los Angeles and Washington said Lin was under investigation by the FBI's counterespionage section, apparently as a possible Chinese spy.

Lin angrily denied being an agent for any government, and accused the FBI of harassing him. FBI officials, contacted last week by The Times, refused to comment on the case.

Gunderson said he was not afraid that publicity could hinder the investigation, but that it could damage the bureau's image.

"As far as I'm concerned, the article serves no purpose except to possibly embarrass the FBI, which is a first-class law enforcement agency," he charged.

'AMATEURISH' SLEUTHS ARE FBI AGENTS

Visiting UCLA Scholar Picks Up a Tail

BY DOYLE McMANUS

Times Staff Writer

Paul Lin, a visiting scholar at UCLA, is being followed.

From one to four men have openly tailed Lin, his wife and their daughter around Los Angeles intermittently for a month.

At first Lin, a Canadian-born history professor who spent 15 years in Communist China, did not know who was shadowing him.

"They seemed too blatant, too amateurish to be the FBI," he said.

So, Lin says, one day he stopped his car, marched back and asked the man in the car tailing him to identify himself. The man refused.

Next, in a scene straight from the Keystone Kops, Lin and several friends shadowed the shadowers, chasing them with cameras through a terminal at Los Angeles International Airport in a vain attempt to find out who they were.

Finally, the 58-year-old professor from Montreal's McGill University decided to go to the police. He backed his car out of the driveway of his Santa Monica home—and four unknown men jumped into four unmarked cars to follow him.

The professor and his four shadows, themselves tailed by a Times reporter, nearly caused a traffic jam in the parking lot of the Santa Monica police department.

It was there that Lin learned who his "amateurish" shadows were. Their license plate numbers, fed into the state Department of Motor Vehicles computer, came up blank—meaning law enforcement.

They turned out to be the FBI—and they apparently suspected Lin of spying for Peking.

Lin angrily denied being an agent for anybody and accused the FBI of harassing him and his family. He also believes his telephone has been tapped. The FBI is saying nothing.

"It has really been intimidation," Lin's wife, Eileen, said. "This is the first time we ever considered moving to the United States, and the message I get is that we're not wanted."

Paul and Eileen Lin say they don't know why the FBI is tailing them.

Times photo by Larry Bessel

"Everything we've done is out in the open," Lin added.

The FBI's interest in Lin appears natural, for he and his wife lived in China from 1949 to 1964 and still travel to Peking several times a year. Most of his trips are on behalf of U.S. and Canadian companies seeking trade with the Chinese.

One of his recent clients was UCLA, which hired him as a consultant to explore the possibility of exchange programs with Chinese universities.

"There isn't anything secret about what he was doing," UCLA Vice Chancellor Elwin V. Svensen told The Times. "I find it (the FBI investigation) a little bizarre."

The Lins first went to China in 1949 after Prof. Lin finished graduate work at Harvard "to see this great history-making event, to see the transformation of the country," Lin said. He freely acknowledges being an admirer of Mao Tse-tung, but says he has never been a Communist.

"We didn't intend to stay that long, but we found it very exciting. The whole population was almost euphoric

about the possibilities for their country," he said.

But after 15 years, they decided to return to Canada—both to "build bridges" between China and America, and to give their children, who attended Chinese schools in Peking, a grounding in Western culture.

Lin initially was enthusiastic about helping UCLA's bid for an exchange program with China, but now, he says, "I feel like dropping the whole damn thing."

"It sure puts a damper on my enthusiasm for building bridges," he said.

But Mrs. Lin saw at least some silver lining.

"Thank God it turned out to be the FBI," she said. "We didn't know who it was. They could have been hired by the Kuomintang (the anti-Communist party which rules Taiwan) or anybody. At least the FBI is under some kind of control."

"Maybe they'll follow us when we drive up to Vancouver this week," she said with a smile. "That would make it a safe trip."

Dear Mr Gunderson:

Our family was certainly pleased that you spoke out against the Times' article about some Chinese professor saying that the FBI had followed him. We were insulted by the way the paper talked about the F.B.I. and I wrote Mr Wm. F. Thomas, Vice Pres. & Editor, to that effect.

The FBI is respected and appreciated deeply by most Americans and any affront to them is a personal affront to us. We Americans are greatly protected by the FBI so we resent any attempt to discredit them. As you know, we are quick to write our defense of the FBI to Griffin Bell or anyone else.

We are happy that the FBI is beginning to speak out in its own defense and we greatly appreciate what you said in today's paper.

I told Mr Thomas that the Times seemed to be following the mold of the media that Aleksandr Solzhenitsyn described in his Harvard commencement address.

Please accept our grateful thanks to the wonderful F.B.I. for their protection of us and our country.

Dear Ted:

The article in the Los Angeles Times on July 17, 1978 concerning the FBI surveillance of the so-called visiting scholar at UCLA, [redacted] was another example of the Time's "embarrass the establishment, particularly if it's the FBI" policy. Anyone with any sense could see the superficiality and callous disregard for the serious problems of intelligence gathering which face the FBI.

Thus it was gratifying to me to read the Los Angeles Times issue of July 18, 1978 which printed your reaction to the previous article. I particularly realize the delicacy of responding to an article of this nature covering such subject matter, and therefore I am pleased you spoke out with force. We need more of this and less quavering in the face of such vestiges of the "Watergate-type investigative reporting" still being indulged in by some of our leading newspapers. Keep up the good work.

Dear Ted:

I would like to commend through you Special Agent of the San Fernando Valley Resident Agency. SA attended Basic Counter-intelligence School at Quantico, Virginia, from September 11 to October 6, 1978, and his motivation, enthusiasm and willingness to learn was a major factor in the success of the school and served as an inspiration not only to the instructors but the rest of class as well.

b6

In addition, I have been advised that a paper prepared by SA in connection with the school was of the highest caliber and was indicative of the effort, determination and professionalism displayed by him throughout the four weeks.

b6

Please convey to him my thanks for a job well done.

REPLY TO ATTN OF: SAC, LOS ANGELES (66-4542)

SUBJECT: SUPERVISORY ORGANIZATION
LOS ANGELES DIVISION

TO: DIRECTOR, FBI
PERSONAL ATTN.: Judge WILLIAM H. WEBSTER

Gundersen, Theodore L.

Reference is made to communication dated 11/12/78 from ROBERT H. MATHESON, JR., Administrative SAC, Los Angeles, advising of SAC MATHESON's retirement effective 12/17/78.

After considerable thought and analysis, I believe SAC MATHESON should be replaced by a seasoned ASAC; that office should continue to operate with an experienced number one man, both he and the ASAC responsible directly to me.

In all good conscience, however, I am compelled to advise against replacing the other SAC's in this Division with ASAC's through attrition. These are operational Divisions (Criminal-Intelligence and Organized Crime - White Collar Crime), and their investigations are much too intricate and complicated to permit ASAC supervision. The sensitive and often extensive supervision in such investigative areas as political corruption, organized crime, and foreign counter-intelligence make SAC authority and experience mandatory.

In the event the Bureau is giving consideration to replacing these SAC's with ASAC's in the future, I would like to point out the inconsistency of heading 150-men Divisions here with ASAC's when only a handful of Field Offices have as many Agents in their complete structure. Even New Rochelle, a New York satellite office, has an SAC and ASAC with a complement of fewer than 70 Agents.

While I respect the opinion of the Bureau regarding my request that my position be set apart from those of the other SAC's with the designation ADIC, I firmly believe that failure to do so in some way is a mistake which is not in the Bureau's best interests. All four SAC's here are receiving notable publicity, and the previously mentioned confusion on the part of some as to "who's in charge" promises to continue with both the media and the general public. Enclosed are two recent copies of IMPACT which illustrate the problem. Three SAC's are quoted, and a fourth is mentioned a plurality of times.

Since the Bureau decided not to designate the senior official position in Los Angeles as ADIC, I suggest consideration be given to future redesignation of the senior SAC position here as "Chief SAC." You may also wish to consider this designation throughout the Bureau. This term uses law enforcement parlance which is clear to fellow police agencies as well as to the public and media personnel. In multi-SAC offices such as this one, the SAC title could be retained for divisional heads and the traditional ASAC could be designated "Deputy SAC."

It is requested that these suggestions be given prompt consideration.

1/4/79

WMB:sif

SAC, Los Angeles, in an effort to clarify as to "who's in charge" sets forth his opinions concerning whether ASAC's or SAC's should, in the future, head the approximately 150 Agent Divisions at Los Angeles, i.e., the Criminal-Intelligence Division and the Organized Crime-White Collar Crime Division. SAC, Los Angeles, states it would not be consistent to head a 150 Agent operation with an ASAC when only a handful of field offices have as many Agents in their complete structure. SAC, Los Angeles' observations are well taken; however, the question is not so much one of numbers, as to making sure from a management position that suitable, competent leadership is provided.

Administrative Services Division concurs with Criminal Investigative Division that the Los Angeles Division can be appropriately managed by an SAC and 3 ASACs. It is noted SAC, Los Angeles, refers to New York and the organizational structure there, where in the New Rochelle Metropolitan Resident Agency there is an SAC and ASAC.

For comparative analyses, it is pointed out that the New York Division has a target staffing level of 840 SAs and there are 53 supervisors within that division, not counting SSRAs and the ADIC. The Los Angeles Division has a target staffing level of 443 SAs with 28 supervisors, including SAC Gunderson, but not including SSRAs. The uniqueness of New York's organizational structure should not be a prime consideration in attempting to determine the appropriate supervisory structure for Los Angeles.

This matter was considered at FBIHQ at the Executives Conference and referred to the Career Board wherein it was recommended that the SAC, Los Angeles, in the future should consider operating with ASACs rather than SACs to head his 3 divisions. This supervisory structure would be similiar to the WFO current structure where the SAC is assisted by 3 ASACs. WFO has a target staffing level of 394 SAs with 21 supervisors, including the SAC.

RECOMMENDATION: That the Los Angeles Division should be managed by an SAC and 3 ASACs.

Los Angeles letter to Director, 11/30/78
Re: SUPERVISORY ORGANIZATION
LOS ANGELES DIVISION

ADDENDUM, INTELLIGENCE DIVISION, 1/9/79, ABE/bad

The INTD concurs with the recommendation previously made by the Career Board and endorsed herein by the Criminal Investigative and Administrative Services Divisions that the eventual executive structure of the Los Angeles Office should be an SAC and three ASACs. It was the Career Board's suggestion that this executive structure be arrived at by attrition. The recent reassignment of WFO ASAC Joseph V. Corless to Los Angeles as ASAC (GS-16) for Administration is the first step in implementing this change. It should be continued by eventually replacing the two Operational SACs with ASACs. The Administrative ASAC of Los Angeles is the logical executive to be in charge of that office in the absence of the SAC and it would be illogical, and in fact, impossible for this to occur if the two Operational Divisions of that office are headed by SACs.

The INTD is of the opinion that the Foreign Counterintelligence (FCI) Program of the Los Angeles Office, which is in its Operational Criminal/Intelligence Division, can be effectively administered by an ASAC. In fact, it is submitted that given the "public nature" of the SAC position that an ASAC would be able to devote more time to the active management of his investigative program leaving publicity matters to the single SAC.

By structuring Los Angeles' executives as an SAC and three ASACs, it eliminates the problem of "who is in charge" and the confusion that would continue by designating a "Chief SAC" or similar title.

Dear Ted:

X Los Angeles FO

Your memorandum dated November 30, 1978, has been circulated for comment among the members of the Executives Conference. The three divisions most directly concerned, Criminal Investigative, Intelligence, and Administrative Services uniformly believe that the Los Angeles Division can be effectively managed by a Senior SAC and three ASACs. I am aware that you and others in the Los Angeles Office do not believe that the Washington Field Office is an appropriate analog because Los Angeles receives many of the inquiries that would more likely come to Headquarters if originated in Washington. I intend to follow the recommendation of my Conference in this matter but will be watchful for the problems which you have anticipated in your memorandum. I appreciate your contribution to the subject and I value your experience and judgment.

With best wishes,

Dear Judge:

AXIOS, an organization of Greek-American businessmen and professionals, was formed last year in Los Angeles.

Representing a cross-section of some 250,000 Americans of Greek descent in the Southern California area, AXIOS has as its aims to become more involved in the California governmental process, as well as active participation in charitable and community events.

In this connection, we staged an "F.B.I. Nite" on January 9th, and had as your representatives, Ted L. Gunderson, Los Angeles Special Agent in Charge, William D. Neumann, Organized Crime-White Collar Crime Division, and Herbert D. Clough, Jr., Criminal-Intelligence Division, all of whom were splendid.

The Board of Directors has directed me to formally commend them to you and to offer the Bureau our wholehearted support and assistance wherever possible.

Will you please extend to the gentlemen above our highest commendation and appreciation for the job they and your personnel are doing for all of us. Thank you, also, for the outstanding job you are doing for our country.

SPECIAL BULLETIN

The Business Meeting called for January 9, 1979 at the Los Angeles Hilton has been changed to "F.B.I. Nite" with Assistant Director in Charge of the Los Angeles Division, Ted Gunderson, as our guest speaker. (The Business Meeting will be re-scheduled in the near future.)

Mr. Gunderson will be accompanied by other top officials of the F.B.I., past and present, and will give us an inside view of "What's going on in America."

Don't miss this opportunity to meet and greet these dedicated public servants.

Much maligned by some in recent years, the F.B.I. stands today, as always, as a bulwark against crime and subversion in America.

Mr. Gunderson is a "stand-up and be counted" and "call it like it is" law enforcement official.

Please don't miss this one. Each of you is urged to bring a guest.

Remember, the meeting starts with a social hour at 6:30 in the Garden Room East and dinner will be served at 7:30 p.m. Reservations are a must - please call the Executive Director, Hal Marlowe, at 213/877-0011, or return the reservation slip that was enclosed with the previous mailing.

Dear Judge Webster:

Munderson, Theodore L.

Homer called last Thursday regarding my letter to the Los Angeles Herald Examiner published on January 17.

I want you to know I have never said we cannot live within the Attorney General guidelines, nor have I ever intentionally made a public statement contradictory to one of your own. You know I believe in a chain of command and in teamwork. I do not endorse public airing of what might be construed as family differences. I have one hundred percent confidence in your leadership and am totally loyal to you and the FBI.

The editorial to which my letter was a response criticized local law enforcement for inadequate handling of a Beverly Hills demonstration which became violent. It was perpetrated by the Iranian Students Association. Criticism was also directed at the FBI for failure to provide local law enforcement with intelligence information to help the police anticipate and cope with the situation. My letter was intended to underscore the fact that such criticism is unjustified since neither we nor local law enforcement possessed prior intelligence information on the Iranian students.

My letter was a simple and basic defense of law enforcement; feedback resulting from it has been numerically impressive and, with the exception of Homer's criticism, completely positive. As examples, Ted Cooke, Culver City Chief of Police, and [redacted] of the California Highway Patrol, wrote to say the letter was "right on target" and that we need more law enforcement leaders to stand up and speak out when unfair and unjustified criticism is directed toward our profession.

We did know that Iranian students planned an anti-Shah demonstration. But because of lack of informant coverage, we possessed no prior indication of possible violence. The intelligence guidelines appear to make the

(U) assumption that the FBI has existing sources within the Iranian Students Association. This is not the case, although perhaps it should be. In view of this Division's lack of informants within the organization (who would likely have enabled us to foretell the violent acts), our investigations were restricted to preliminary inquiries, that is, mere record checks. C/ ↑

Many of these so-called Iranian students used fictitious names and addresses upon entering this country. Neither we nor the Immigration and Naturalization Service know their true identities. We may never know. Yet, these people flew the hammer and sickle at their headquarters during the Los Angeles convention and committed arson and physical violence at Beverly Hills.

It is also worth remembering that members of the Baader Meinhof, apprehended on international borders, attempted to enter this country with stolen Iranian passports. [redacted] herself utilized one such passport; she was accompanied at the time of her apprehension by an Iranian-born naturalized U. S. citizen. Indeed, we possess current teletypes indicating the possibility that West German terrorists are even now entering this country. It appears their destination is Los Angeles. b6

Your attention is called to the enclosed Los Angeles letter to the Director 1/30/79 which regards the Prairie Fire Organizing Committee, an extremely radical and dangerous group whose members were observed participating in the Iranian students' demonstration in Beverly Hills. The words "Iranian students" keep reappearing as if by magic. And they are but one example in many.

I'm sure you remember the thrice-given Congressional testimony of G. Stuart Knight, Director of the Secret Service (1/13/77, 7/27/77, and 9/21/77). He stated there are U. S. cities where the President is advised not to visit because erosion of law enforcement intelligence has reached the point where actions of radical demonstrators and potential terrorists cannot be predicted.

This was the primary message of my letter to the Herald Examiner. It is unjust to criticize law enforcement for inadequate intelligence when regulations are so restrictive at all levels that adequate intelligence becomes impossible.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

Judge, I am writing honestly, not disrespectfully. I must say in all candor our intelligence situation is in abysmal condition. The European wave of terrorism is obviously now upon our shores and, because we must be reactive to the bomb explosion rather than proactively preventing it, we are ill-equipped to contend with forthcoming violence. As pointed out in the enclosure, individual rights are of utmost importance; but some of our citizens are going to have their individual rights blasted off the face of the earth if our intelligence community does not gird its loins "with the laudable purpose of prevention" rather than collecting evidence afterwards.

I urgently request that you lend an unbiased ear to a field commander who daily witnesses Agent frustration and overcautiousness. These men and women fear they might overstep the guidelines or find themselves powerless to protect their sources from disclosure. Hesitancy is not a historic earmark of a Special Agent of the FBI.

I am compelled to let you know my feelings regarding these important matters. I would be less than honest if I did not.

Warmest regards,

Ted L. Gunderson

The following is the opinion of Los Angeles regarding captioned organization and its operation in the Los Angeles area.

Since the arrests of CLAYTON VAN LYDEGRAF, [redacted]

and [redacted] on 11/19/77, in case captioned "WEATHAPS" (Bureau file 174-7926, San Francisco file 174-1703, Los Angeles file 174-3233), a large contingent of PFOC members have established at least a temporary residence in the Los Angeles area. From 40 to 50 members of the PFOC have attended the trial proceedings of the WEATHAPS matter; the majority of the members are from the San Francisco area. A few former Weatherman fugitives have also been observed at the trial proceedings; [redacted] is one who attends the proceedings on a regular basis.

The PFOC has become active in and has been offering support to a number of other radically-oriented organizations in the area. Its members have been observed participating in the recent Iranian demonstrations in Beverly Hills, California (Bureau file 105-99542, Los Angeles file 199-3, case captioned "IRANIAN STUDENTS ASSOCIATION IN THE UNITED STATES").

The PFOC has also actively supported: (1) "Skyhorse Mohawk Defense Committee", (2) "South African Support Committee," (3) "Southern African Coalition," and (4) "The Carlos Montes Defense Committee." The Skyhorse Committee dealt with the murder of a taxicab driver; the South African Support committee and the Southern African Coalition both speak out against what they claim are CIA backed mercenaries and the White Rulers in Africa; and [redacted] is a brown beret who is on trial for a 1970 arson of a local hotel.

It is apparent that the PFOC has not lessened their activities since the WEATHAPS arrest, and if anything the PFOC has increased activities to gain support from other similar-goal-oriented organizations.

All of the information regarding the PFOC's recent activities have come from local intelligence agencies, and there is much more valuable information available which we cannot accept or report on because of the very limited authority upon which we presently operate, based on the Attorney General's (AG) letter dated July 15, 1977.

According to this authorization for a full field investigation of the PFOC, the only way individual members may be investigated is if it can be shown that they provide material support to members of the Weather Underground (WU) or the Revolutionary Committee (RC). This is like putting the cart before the horse. It is the WU and the RC that have taken credit for numerous bombings over the years. The main thrust of the investigation is to locate and arrest these terrorists. If the FBI knew where the WU or the RC were they could be arrested. If we do not know where the "enemy" is how can we possibly investigate those who aid them in their activities -- we cannot. *Qu*

The PFOC is not organized like a military organization; the members do not have ranks from private to general. Some of the old-time members may have more influence than others, but generally whatever decisions are reached are done so by a collective decision. There are no public announcements of PFOC meetings and activities; it is a closed group with word passed from individual to individual. It is impossible to report on PFOC activities unless you have good informant coverage of the organization, and an informant cannot penetrate the organization until he first gains the trust of one of its members; but based on the present AG guidelines an individual cannot be investigated, so we have gone full circle.

LA 100-85463

~~CONFIDENTIAL~~

A full field investigation of the PFOC is warranted, and at least a limited investigation of all its members as well as a targeted investigation against its more prominent members is needed. & u

The PFOC had a prominent role in the WEATHAPS case. The group knew and approved of the activities of the five defendants. This was knowledge acquired prior to the arrest and not after. Under the present guidelines we have been forced into a reactive position. If a bomb goes off, or an assassination or kidnapping takes place, and we somehow discover the PFOC is involved we will be in square one. Who do we interview? Where do they live?

A similar situation exists in a recent incident in Los Angeles with the Iranian students. Hundreds of Iranians demonstrated against a residence in Beverly Hills, California, wherein the mother of the Shah of Iran was residing. Violence erupted causing many injuries and thousands of dollars in property damage. The FBI, under the guidelines under effect at that time, could not possibly foresee the situation which resulted. Private citizens and public officials, including the President of the United States, were in an uproar wanting explanations as to why this type of thing could occur without prior knowledge by the intelligence community.

Individual rights are of the utmost importance in a free society, but what of the rights of the victims. Los Angeles is at present in a frustrating position and respectfully requests any suggestions. There is a danger here, but our hands are tied.

TO THE DIRECTOR:

Pursuant to your instructions, I contacted Ted Gunderson regarding his "Letter to the Editor" which appeared in the "Los Angeles Examiner" of January 13th (copy attached). During the course of our conversation, it was apparent that Ted was not that familiar with your views on the Department's guidelines. I have sent a personal letter to Ted including public statements, press conference comments, and speeches wherein you have set forth your views on domestic security guidelines. I also furnished him your public statements on the Charter so that he doesn't get off the reservation on this very important subject.

Dear Ted:

I received your letter of February 7 and I appreciate you providing me with your views regarding domestic security guidelines.

I know from time to time concerned views are expressed regarding these guidelines; however, I believe that at this time we are able to work within them and, therefore, no modifications are necessary. I do intend to follow and monitor our domestic security investigations, and you can rest assured if changes become necessary I will recommend such modifications to the Attorney General.

Judge William H. Webster
Director
Federal Bureau of Investigation
Washington, D. C.

Dear Judge Webster:

This will confirm our telephone conversation of last Saturday and my intent to retire from the Federal Bureau of Investigation as of the close of business Friday, April 20, 1979.

I admit to some personal sadness as I retire. When I entered on duty with the FBI more than 27 years ago, I did so with a special pride in becoming a member of the finest investigative and law enforcement agency ever. My original analysis of the Bureau has been underscored and strengthened in a thousand ways over the years; thus, my sadness in leaving the ranks of such a magnificent organization, made up of stouthearted men and women who daily accept awesome responsibility and bravely persevere in its discharge.

In spite of my sadness, I yet have that special pride with which I took my initial oath. I am proud of my career, proud to have had a part in the admirable accomplishments of the Bureau during the historic past three decades.

I shall always have that pride and shall forever cherish my membership in the FBI family. As the poet Browning says, it is "all that I was born to be and do." I mean it most sincerely when I say if I can contribute to the weal of the Bureau in any way in a private capacity, please feel free to call upon me.

Honored I am to have been in a position of leadership in the FBI. And I consider my service in Los Angeles, most ways the flagship of the Bureau, a capstone to my career.

RETIREMENT INFORMATION

Name: **Theodore L. Gunderson**Date: **3-22-79**

APPLICATION

 The "Application for Retirement" will be forwarded by the Bureau to the Office of Personnel Management (OPM) for processing.

DEPOSIT OR REDEPOSIT

Making either a deposit or redeposit is optional. Such amounts are paid directly by you to OPM; therefore, it is possible that you have already made the deposit or redeposit indicated below without the Bureau's knowledge, having dealt directly with OPM. If so, you may ignore this matter now. If not, after a review of the approximate annuity figures shown below, should you decide to make a deposit you should submit a note over your signature to be attached to your Application for Retirement (Standard Form 2801) requesting amount due and you will be given the opportunity to make a lump-sum payment before completion of retirement processing by OPM. An applicant for retirement is automatically given an opportunity to make a redeposit at the time the application for retirement is processed by OPM. OPM desires that an employee not file an Application for Deposit or Redeposit (Standard Form 2803) if retirement is contemplated within six months.

 Not applicable. The deposit you may owe is a payment to the retirement fund to cover a period of service during which no retirement deductions were withheld from salary. Credit is given for service not covered by deductions; however, if the deposit is not paid, your annuity will be reduced each year by 10% of the amount due as deposit. The amount you may owe is approximately \$ _____. The redeposit you may owe is a payment to the retirement fund to cover a period of service for which retirement deductions were withheld from your salary but later refunded to you following your separation from civilian employment. No credit is allowed in the computation of annuity for the period of service covered by the refund unless redeposit is made. The amount you may owe is approximately \$ _____.

ANNUITY

Annuities are computed on full months of service. The estimated annuity below is based on your Bureau service, including 0 year, 5 months, 12 days of accrued sick leave. other civilian Government service and/or military service known to us, totalling 27 years, 8 months, 15 days. OPM makes the official computations and determines whether prior service is creditable, advising you direct the exact amount of your annuity. The figures below are only estimates, and they do not take account of deduction for health insurance coverage. You should receive the first annuity check about 2 months after separating from the Bureau's rolls. Separation for disability retirement cannot be made final until OPM has notified FBI of the approval of your application.

plus annuity for each eligible child.

SEPARATION FROM ROLLS

Since you will cease active duty ceased active duty on 3-30-79 your annuity will commence 4-1-79immediately following the cease active duty date or expiration of sick leave on _____earned through 3-30-79. Item B2 on application changed to should be changed to close of business

retirement and shorten your total length of service.

If retirement is for disability, separation takes effect after the approval of OPM is received by the Bureau or after the expiration of any accrued sick leave, whichever occurs later. Under Internal Revenue Service regulations, some sick pay and disability income is not taxable; thus, you may be able to exclude from Federal income tax liability all or a part of the payments you receive for sick leave used prior to the date your annuity commenced, as well as for annuity received as a disability annuitant. Any such exemption would terminate when you reach normal retirement age. Thereafter, this annuity would be Federal income tax-free until you had drawn as annuity an amount equal to the retirement deductions from your salary while you were working. OPM will advise you of this amount.

If retirement is not for disability, the "sick pay" exclusion is not permissible. Once you have received in annuity as much as was deducted from your salary for retirement purposes, you are subject to Federal Income Tax on the rest. OPM will advise how much was deducted. Only if you were incapacitated and were granted extended sick and/or annual leave for sick leave exceeding thirty calendar days prior to separation for retirement might you qualify for a "sick pay" exclusion for the leave period.

Questions you may have as an annuitant regarding your income tax liability or privileges can be answered by the Internal Revenue Service. Internal Revenue Publication, Comprehensive Tax Guide to U.S. Civil Service Retirement Benefits, may be of assistance to you. Note: You are required to file a Federal gift tax return, Form 709, if you elect a reduced annuity with benefit to surviving spouse. In the usual case it is unlikely any tax will be payable; however, a tax return must be filed.

You should send OPM over your signature any change in address, setting out your CSA (retirement) number.

Following your 4-1-79 annuity date, you will receive a lump-sum payment for your accumulated annual leave in the approximate amount of \$ _____. If it is necessary for you to use annual leave prior to your cease active duty date, the lump-sum payment you receive will, of course, be less. A deduction for Federal income tax has been made from this estimate.

***Based on 2-28-79 computation with the 3.9% cost-of-living increase that was effective 3-1-79, included; this is a greater annuity than that earned as of 3-30-79, and therefore, you do not receive credit for service from 3-1-79 to 3-30-79 for annuity earning purposes.**

FEDERAL EMPLOYEES' GROUP LIFE INSURANCE

- Records show you elected Optional Insurance of \$10,000 and have Regular Insurance of \$ 50,000
 Records show you declined Optional Insurance but are covered by Regular Insurance of \$ _____
 Records show you waived both Regular and Optional Insurance.

You may continue your regular group life insurance coverage following retirement without further cost if you have completed 5 years of creditable civilian service and have been insured under the program for the five years of service immediately preceding retirement (or the date you become eligible for compensation benefits), or the full period(s) of service during which the regular life insurance was available to you, if less than five years, or you may convert your coverage to an individual life insurance policy without being required to undergo a physical examination. Conversion to an individual life insurance policy necessitates paying the usual premium for a person of your age and class of risk. If you decide to convert, the Bureau should be immediately advised. Otherwise, SF-56, "Agency Certification of Insurance Status," will be forwarded to OPM and a copy sent to you. If you elect to continue Regular Insurance coverage, such protection will continue premium free until you reach age 65. At that time coverage will be reduced 75% (at 2% per month) by the time you reach age 68 years and 2 months. The remaining 25% is also premium free for the remainder of life. Optional Insurance of \$10,000, if continued after retirement, will be at full premium cost until you reach age 65. Thereafter, it is cost free for the remainder of life and commencing at age 65 it will be reduced 75% at the same rate as Regular Insurance. The premium cost of Optional Insurance varies as to age. Optional Insurance may be continued after retirement if you continue to pay for it until age 65 provided you keep Regular Insurance. To retain the Optional Insurance requires no action, OPM will deduct the cost from your annuity. You must have had Optional Insurance for 5 years immediately before your retirement (or the date you become eligible for compensation benefits), or if less than five years, for the full period of service during which it was available to you. Optional Insurance may be converted to an individual policy if you are not eligible to continue it or, if you do not wish Optional Insurance to be continued, you may waive coverage at any time by notifying OPM and still keep your Regular Insurance. Following retirement, accidental death and dismemberment benefits no longer exist for either Regular or Optional Insurance. You elected Optional Insurance on _____ . If you desire to convert the Optional Insurance, submit in duplicate a signed statement that you want to convert the Optional Insurance to an individual policy and wish to be informed how to do it.

Note: If the annuity of an insured retired employee is terminated under any applicable law or regulation, his/her regular and/or optional life insurance coverage stops on the date of such termination, with no conversion rights thereafter.

DESIGNATION OF BENEFICIARY, STANDARD FORM 54, FEDERAL EMPLOYEES' GROUP LIFE INSURANCE FILED:

- No. Beneficiary will be in order of precedence used by U.S. Government, i.e., (1) widow or widower, (2) children, (3) parents, etc.
 Yes; beneficiary designated as _____

This designation is being forwarded to OPM and it will remain valid unless changed or canceled. Contact OPM for any change desired following retirement.

FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM

- Records show you elected not to enroll.
 Records show you enrolled in the following plan:
 Government-wide Service Benefit Plan (Blue Cross - Blue Shield)
 Government-wide Indemnity Benefit Plan (Aetna Life Insurance Company)
 Comprehensive Medical Plan
 Special Agents Mutual Benefit Association (SAMBA) (See information below on SAMBA Life Insurance)

Unless you cancel your present health benefits enrollment, you will remain under your health benefits plan after retirement, and your enrollment will be transferred to OPM. The cost of your share of the plan will be deducted from your annuity by OPM.

Enrollment of an employee who dies while he is enrolled "for self and family" continues for his family if at least one family member is entitled to an annuity as the survivor. If the survivor annuitant is the only eligible family member, the retirement system will automatically change the enrollment to "self only."

The original of SF 2810, "Notice of Change in Health Benefits Enrollment," will be forwarded to you by the Bureau at a later date.

SAMBA LIFE INSURANCES - The Group Life Insurance you carry under SAMBA on yourself and dependents to age 22 will continue in force until 1-1 or 7-1 coinciding with or next following the date of your retirement providing you pay the premium semi-annually. However, if premium for this coverage is withheld by payroll allotment, the life insurance ceases as of the date your separation for retirement becomes effective, with a 31-day grace period. If you desire to continue the protection beyond this time, you may do so without a physical examination on you, your spouse, and children under age 22. At age 70 you can continue amounts carried prior to age 70 up to a maximum of \$10,000 on yourself and \$5,000 on your spouse. You may continue the Personal Accident Insurance at the same rates and amounts until you reach age 65 on you and your spouse and unmarried dependent children under age 22. Upon attainment of age 65, you may retain present coverage up to \$50,000 of the Personal Accident Insurance for yourself and your spouse until you reach age 75 with the cost being 18¢ per month per thousand. If you are enrolled under the Disability Income Protection (DIP) (Hospital Income Protection, Long Term Disability Benefit and Pension Supplement), you cannot continue this coverage unless you retire for disability. Benefits may be available under DIP for disability retirements. If you desire to convert or continue any of your present insurance coverages under SAMBA, you should, immediately or no longer than 31 days after retirement, write to SAMBA, Suite 750, 1325 G Street, Northwest, Washington, D. C. 20005. Upon retirement your premium cannot be withheld by payroll allotment and you will be billed on a semi-annual basis on January 1st and July 1st.

SPECIAL ACCIDENT AND TRAVEL INSURANCE (SATI) - The Group Life Insurance you carry under SATI on yourself and dependents to age 21 may be continued after retirement to age 55 with no change in premium or coverage. At age 55, your coverage will be reduced by 5% a year until you reach age 65 or if you retire at age 60, your coverage will be reduced by 10% a year until age 65. This coverage terminates at age 70. You may continue the Accidental Death, Dismemberment and Permanent Total Disability and the Accident Indemnification at the same rates and amounts to age 65 on you and your spouse and your unmarried dependent children from ages 1 to age 24 if residing with and wholly dependent upon you and regularly attending an accredited school or college. Upon attainment of age 65 you may only continue your present coverage of the Accidental Death and Dismemberment up to \$25,000 on you and your spouse until you reach age 75 with the cost being 19¢ per month per thousand. The Accident Indemnification cannot be continued after age 65. The Accident Indemnification claims must be coordinated with any plan under the Federal Employees Health Benefits Program. If enrolled under the SATI Retirement Savings Plan, you should contact Wright & Company regarding options available to you. If you are enrolled under the Long Term Disability (LTD) (In-Hospital Income, Salary Continuation and Pension Supplement), you cannot continue this coverage unless you retire for disability. Benefits may be available under LTD for disability retirements. If you desire to convert or continue any of your present insurance coverages under SATI, you should, immediately or no longer than 31 days after retirement, write to Wright & Company, Suite 1222, 1001 Connecticut Avenue, N. W., Washington, D. C. 20036. Upon retirement your premium cannot be withheld by payroll allotment and you will be billed on a monthly, quarterly, semi-annual or annual basis.

Dear Ted:

Since receiving your letter of March 6, 1979, and intervening telephone conversations, I now understand that you now intend to retire as of March 30th in order to accept a special consulting assignment from the Department of Justice.

I wish I could convey to you how sincerely I appreciate the years of dedicated service which you have given to the Bureau and especially this last year when so much depended upon the support given me by the field commanders. You have done a great deal in a personal way to enhance the justified reputation of the Bureau and I know that you will continue to give it your unswerving support.

I count on our friendship continuing in the years ahead. Warm best wishes,

Sincerely,

INSTRUCTIONS FOR EMPLOYING OFFICES
 ADMINISTRATIVE SERVICES DIVISION

Complete this form upon separation (and conversion to or from an appointment under the Civil Service Retirement System) to provide a cumulative record of creditable service for Civil Service retirement.

Items 1-3 Must agree with SF-50. 11 25 AM '79

Item 4 Number statements in consecutive order.

Item 5 Use FPM Supp. 831-1, Retirement, S-3, Creditable Service, to determine the length and creditability of periods of service. All entries are to reflect verified service documented in the employee's Official Personnel Folder (OPF). If the previous civilian service or military service sections do not apply to the employee, enter "none"; do not leave blank.

Item 6 Complete only for separations and conversions from positions subject to Civil Service retirement deductions, checking the appropriate box as follows: (*Only one box is to be checked*).

None— Check if the employee transfers to another position subject to the Civil Service Retirement System.
Refund Only— Check if the employee fails to meet either of the two general requirements for retirement upon separation: (A) 5 years total civilian service and (B) at least one year of service subject to the Civil Service Retirement System in the two year period preceding the separation ("*one of two*" rule)

Deferred Annuity or Refund — Check if the employee, at separation, meets both of the general requirements for retirement but does not meet any of the sets of conditions for immediate annuity opposite.

Immediate Annuity — Check if, at separation, the employee meets both of the general requirements and any of the sets of conditions for immediate annuity shown opposite.

Minimum Age	Minimum Service (Years)	Special Requirements
62	5	None
60	20	None
55	30	None
Any age	25	Separation must be involuntary without cause or during a major reduction in force as determined by the Civil Service Commission.
50	20	
Any age	5	Total disability; "one of two" rule, above, does not apply.

Item 7 Explain any difference between the amount of creditable service entered for a period of service and the calendar time represented by the "From" and "To" dates entered for the same period, i.e. Excess LWOP, Intermittent Service, or "Time Lost" during military service. Also use this section to clarify any other entries on the form. For example, if the employee had two periods of military service enter "See Remarks" and the amount of total military service in Section 5C and enter the dates of military service under Remarks.

Item 8 The employee is to review and sign the forms during the exit interview or at some other convenient time prior to actual separation. If the employee's signature is not obtained before actual separation, the employee and OPF copies of the form are to be forwarded to the employee for signature. The control copy is to be filed on the right-hand side of the employee's OPF. The material sent to the employee is to include a letter of transmittal which instructs the employee to sign and return the OPF copy and a franked envelope with the agency's return address. If the employee fails to return the OPF copy, the control copy will be retained in the personnel folder. If the OPF copy is returned or if the employee's signature is obtained before separation, the control copy may be discarded.

Items 9-11 The completed forms are to be signed by an authorized agency personnel official, including title, agency name, bureau, division, and mailing address.

NOTE: A current copy of this form is to be filed on the right-hand side of the employee's Official Personnel Folder whenever the folder is transferred between agencies or from an agency to the Federal Records Center, regardless of nature of agency, type of appointment, or reason for separation.

IMPORTANT INFORMATION FOR EMPLOYEE

NOTICE TO RETIRING EMPLOYEE

As a retired employee, your regular life insurance (not accidental death and dismemberment) will be continued without cost to you, provided:

- You do not convert to an individual policy of life insurance; and
- You retire with 12 or more years' creditable service of which at least 5 years are civilian service, or on account of disability; and
- You retire on an immediate annuity.

Your optional life insurance, if you have any (not accidental death and dismemberment), may also be continued, provided:

- You do not convert it; and
- You continue your regular insurance; and
- You have had optional insurance from the time it first became available to you; and
- Your monthly annuity is sufficient, after all other deductions, to pay the full cost; and
- You continue to pay the full cost until you reach age 65 (the cost will be deducted from your monthly annuity check).

Your life insurance as a retired employee will be reduced by 2% each month beginning at age 65 or at retirement, whichever is later. The maximum reduction is 75%.

You may, if you prefer, convert your insurance to an individual life insurance policy in an amount not to exceed your combined regular and optional insurance. Or you may continue your regular insurance free after retirement, if eligible as described above, and convert only your optional insurance. Your employing office will instruct you on the procedure to follow if you want to convert only your optional insurance.

If you are eligible to continue your life insurance as a retired employee, your employing agency has been instructed to attach the ORIGINAL of this form to your application for retirement unless you prefer to convert your regular insurance to an individual policy.

If you receive the ORIGINAL copy of this Certification after you file your application for retirement, and you do not want to convert your regular insurance to an individual policy, forward the ORIGINAL as soon as possible to the agency or office which administers your retirement system. Keep the DUPLICATE copy for yourself. You will be notified by the Civil Service Commission of your insurance rights.

DEATH WITHIN 31 DAYS

Under certain conditions, life insurance is payable if death occurs within 31 days after an employee's group insurance terminates, even though the employee had not applied for conversion. If death occurs within this period, further information concerning possible benefits should be obtained from the agency named in item 9 above.

INSTRUCTIONS TO EMPLOYING AGENCY

COMPLETION OF CERTIFICATION

1. This Certification must be completed in triplicate whenever an employee's insurance terminates for:
 - a. Death.
 - b. Retirement on an immediate annuity with 12 or more years' creditable service, of which at least 5 years are civilian service, or on account of disability. (An immediate annuity is one which begins to accrue not later than 1 month after the date the insurance would normally cease.) In a disability retirement case, do not complete SF 56 until a finding of disability has been officially made and the employee's separation is in order.
 - c. Completion of 12 months in a non-pay status or separation, and the employee is receiving benefits under the Federal Employees' Compensation law, and held unable to return to duty.
 - d. Any other reason, if the employee desires to convert his life insurance, except under the following circumstances:
 - (1) Employee waived or declined on SF 176 (or SF 176-1);
 - (2) If it is known that, within 3 calendar days after the date the insurance terminated, the employee will return to Government service in the same or another position in which he will be eligible to reacquire Federal Employees Group Life Insurance;
 - (3) More than 75 days have elapsed from the date insurance terminated unless specific request is made therefor by the Civil Service Commission or the Office of Federal Employees Group Life Insurance.
2. If insurance terminated on account of death, indicate in item 3(a) whether the employee had filed an Application for Retirement (SF 1801) with the Civil Service Commission.
3. In item 8, give date of Notice of Conversion Privilege (SF 55), except that if this form (SF 56) is issued in lieu of SF 55, give current date. In case of death, leave this item blank.
4. It is important whenever a duplicate SF 56 is issued to replace one which has been lost, that it be clearly marked "DUPLICATE".

DISPOSITION OF CERTIFICATION

1. Death of employee—
 - a. Send duplicate of SF 56 immediately to the Office of Federal Employees' Group Life Insurance.
 - b. Keep the original (preferably in the Official Personnel Folder or its equivalent) for attachment to a claim for death benefits (Form FE 61) when received.
 - c. If no claim is received, send original SF 56, upon request, to the Office of Federal Employees' Group Life Insurance.
 - d. If the deceased employee has a current Designation of Beneficiary (SF 54) on file, the SF 54 must be attached to the original SF 56 when it is sent to the Office of Federal Employees' Group Life Insurance.
2. Retirement of employee—
 - a. If the employee is applying for an immediate annuity with 12 or more years' creditable service (of which at least 5 years are civilian service) or for disability, attach the original SF 56 and current Designation of Beneficiary (SF 54), if any, to the application for retirement and give duplicate of SF 56 to the employee. NOTE: In a disability retirement case where the retirement application has already been sent to the Civil Service Commission, attach the original SF 56 (and SF 54, if any) to the FINAL retirement application (Form SF 806).
 - b. If the employee wants to continue only his regular insurance, have him complete a SF 176 declining his optional insurance. If he wants to convert only his optional insurance, prepare a statement (see below), in duplicate, for him to sign, attach both copies of the statement to the original SF 56, and submit with application for retirement as instructed in 2a above.

Illustrative statement
"I want to continue my regular insurance after retirement but would like additional information on converting my optional insurance."

(Employee's signature)

(Address—print or type)

(Date)

- c. If the employee prefers to convert both his regular and optional insurance to an individual policy, give him the original and duplicate copy of the SF 56. Retain SF 54, if any.
3. If employee is receiving compensation benefits—
 - a. Before answering item 7 contact the local Bureau of Employees' Compensation Office, if necessary, to confirm whether the employee still has optional insurance.
 - b. Have the employee complete appropriate box on reverse side of the original SF 56. Send original SF 56 and current Designation of Beneficiary (SF 54), if any, to the U. S. CIVIL SERVICE COMMISSION, BUREAU OF RETIREMENT, INSURANCE, AND OCCUPATIONAL HEALTH, WASHINGTON, D. C., 20415, and give duplicate copy of SF 56 to the employee.

Mr. Theodore L. Gunderson
Apartment 103

Sherman Oaks, California 91403

Dear Mr. Gunderson:

Public Law 95-521, "Ethics in Government Act of 1978," was passed on October 26, 1978. Title II of this Act, which requires individuals in the executive branch of government to file financial disclosure forms, took effect on January 1, 1979. Among those individuals required to file are employees who occupied, at the time of termination of employment, a position in grade GS 16 or above. Since you meet this criteria, I am enclosing two copies of the form for your use.

This report must be filed on or before the 30th day after termination of employment, provided you have not assumed another position in grade GS 16 or above within the 30-day period. Inasmuch as the forms required for filing were not received in this Bureau until April 19, 1979, the Office of Government Ethics has advised that they should be completed and filed as soon as possible.

Your report should cover calendar year 1978, as well as that portion of 1979, up to the date you retired. When completed, the form should be forwarded to the Personnel Officer, F.B.I., 9th Street and Pennsylvania Avenue N.W., Washington, D. C. 20535.

For your information, each form will be reviewed to insure compliance with applicable laws and regulations concerning conflict of interest. Fifteen days after receipt, each report will be made available to the public, together with a copy of your official position description. This Act prohibits the use of your report by anyone for any unlawful purpose, commercial purpose other than by news and communications media

Based on memorandum Long to McDermott 4/20/79.

LOCAL & STATE

Dear Chief Gates:

Many thanks for the candid remarks in your letter of April 6th concerning Ted Gunderson and the relationship between our respective offices with regard to bank robbery matters.

POLICE DEPARTMENT, CALIFORNIA

I appreciate your concern over the FBI's future role in bank robbery investigations in the Los Angeles area. As you know, the Bureau's mission is changing. Our funds are limited and our responsibilities have increased. We are currently steering our resources toward three priority matters—white-collar crimes, organized crime and foreign counterintelligence. It is estimated that banking institutions have lost three times more money from embezzlement—a white-collar crime—than from robberies. Since Congress has restored over one-half of the proposed \$5.13 million reduction to our Fiscal Year 1979 budget to handle bank robbery investigations, we will be able to continue investigating these crimes in much the same manner as before; however, we must recognize the fact that we are going to have less manpower available if we are to effectively discharge our priority commitments.

I will have a copy of your letter forwarded to Mr. Herbert D. Clough, Jr., our new Special Agent in Charge in Los Angeles, and I know he will be grateful for your pledge of continued support and cooperation. Our success depends a great deal on our ability to work with you in local law enforcement and we look forward to a future of even greater accomplishments.

With every best wish,

Sincerely yours,

William H. Webster

LOCAL & STATE

Mr. William H. Webster
Director, Federal Bureau of Investigation
United States Department of Justice
Washington, D.C. 20535

Dear Judge Webster:

The Los Angeles Police Department has enjoyed a unique and successful relationship with the Office of the Federal Bureau of Investigation in Los Angeles under the able leadership of Special Agent-In-Charge Ted Gunderson. Through his efforts, the Bank Robbery Squad of the Los Angeles Division, FBI, has worked harmoniously with the Bank Detail, Robbery-Homicide Division, of the Los Angeles Police Department.

The concurrent investigative jurisdiction of the FBI and the availability of their vast resources have enabled the Los Angeles Police Department and the FBI to record a clearance rate by arrest of 80 percent over the past five years. This high clearance rate is unparalleled by any other metropolitan law enforcement agency working in concert with the FBI.

The involvement of the FBI in local investigations and their ability to connect criminals to multiple bank robberies clearly expands our investigative capabilities. In 1978 the City of Los Angeles fell victim to 307 bank robberies. Ted Gunderson recognized our continued need for the services of the FBI with bank robbery investigations.

Therefore, I sincerely request that the newly selected Special Agent-In-Charge of the Los Angeles Office be allowed to continue the present policy of maintaining a Bank Robbery Squad.

May I pledge our continued support and full cooperation with the next Special Agent-In-Charge, as well as all members of the Federal Bureau of Investigation assigned to the City of Los Angeles.

Very truly yours,

Ted Gunderson

Dear Sir:

We have received notice from the above-named alleging that the employee has sustained hearing loss due to exposure to hazardous noise at your establishment. To make a determination in the case, we need the information below as noted by check mark.

1. A detailed and chronological description of the type of work performed by the employee and his/her exposure to hazardous noise at your establishment:
- a. Locations or job sites where exposed;
 - b. Decibel level of noise with copy of noise survey report covering each location where the employee worked; and
 - c. Period of exposure, hours per day, days per week.
2. Copy of employee's job sheet, and employment record.
3. Copies of all prior medical examinations pertaining to hearing or ear problems, to include audiograms, if such tests were made.
4. Does your agency have an established policy or procedure for notifying employees when an audiogram discloses a hearing loss? If so, and such policy or procedure is in writing, send us a copy. If not in writing, state how the employee is notified and what the notice consists of.
5. If ear defenders were ever issued this employee, advise:
- a. When and by whom they were issued; and
 - b. The information given the employee by this person as to why they were issued.
6. Was this employee ever notified of the hearing loss by anyone at your agency and that it was possibly employment related? If so, submit substantiating documentation showing what the employee was told, by whom, and the date such information was provided.
7. If employee has been removed from hazardous noise area, give date of last exposure and the pay rate in effect on that date.
8. An official of the agency most complete the reverse of enclosed copies of forms CA-2 and CA-4. *5 2 attached in PU*

Dear Sir:

Dear

The procedures used in the development of hearing loss claims under the Federal Employees' Compensation Act have been revised.

In the past, a claimant was required to arrange for submission of a complete and current medical report describing the nature and extent of hearing impairment. Some reports submitted under this procedure were incomplete or inconsistent, were expensive to obtain and often were submitted only after a long delay. Therefore, the OWCP has adopted new procedures for obtaining such medical evidence.

All unadjudicated hearing loss cases will now first be developed for determination concerning exposure to hazardous noise and timeliness of the claim. If exposure and timeliness are established, the claimant will then be referred to a Board Certified otolaryngologist for a complete otological and audiological evaluation at the Office's expense. Claimants will no longer be required to arrange for submission of such reports.

The Office will not pay for any unauthorized medical examinations arranged for by the claimant. A claimant does have the right to present any evidence, including reports of medical examination, in support of a claim for compensation that has been filed. The cost of any such examination, the presentation of a report of the examination and any incidental expenses will be the claimant's responsibility.

Sincerely,

b6

RE: Theodore L. Gunderson

Information has been requested concerning the exposure of former Special Agent Theodore L. Gunderson to the noise of firearms. He was appointed as a Special Agent on 12/10/51 and retired on 3/30/79.

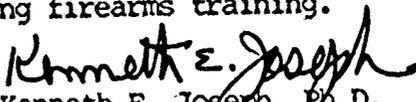

Gunderson attended New Agents' Training during the period 12/10/51 to 3/25/52, and during that period he fired the .38-caliber revolver, .45-caliber Thompson Submachine Gun, 12-gauge shotgun, .30-caliber rifle, and the Federal Gas Gun. He fired approximately 850 rounds of ammunition during the above training period.

From 3/25/52 to 3/30/79, firearms training was afforded to Gunderson and he fired approximately 16,340 rounds of ammunition of various types during that period.

Gunderson attended In-Service in 1953, 1955, 1959, 1962(2), 1967, 1974, and 1979. During this training he fired approximately 3,600 rounds of ammunition of various calibers.

It is to be noted that in 1965 every field office was equipped with ear guards for use of the firearms instructors, and all Special Agents were instructed to continue to use cotton impregnated with petroleum jelly while on the firing line.

On 6/11/74, the use of ear guards (headsets) for Special Agents was made mandatory during firearms training.

TO WHOM IT MAY CONCERN:

RE: NOISE LEVEL TESTS OF FBI
FIREARMS RANGES CONDUCTED
BY THE FBI LABORATORY AT
QUANTICO, VIRGINIA AND
WASHINGTON, D. C.

Because available guidelines to estimate the hearing damage risk associated with impulse noise, such as gunfire, differ from the Maximum Recommended Noise Exposure regulations promulgated under authority of the Occupational Safety and Health Act of 1970 (Federal Register 36 (105), 10518 (May 29, 1971) definitions of measurements made as well as some detail regarding measurement conditions and equipment used are set out with the results of these measurements.

GENERAL BASIS AND DEFINITIONS
FOR MEASUREMENTS CONDUCTED

The tests conducted are based on available literature relating to hearing damage risk associated with impulse noise, such as gunfire, defined as brief noises lasting less than one second. Measurements have been made of two parameters (Peak Pressure Level and B-Duration) of the single impulse from various weapons with various ammunitions under typical and average circumstances.

These two parameters can be related to proposed damage-risk criterion for impulse noise (gunfire), Report of Working Group 57, NAS-NRC Committee on Hearing, Bioacoustics, and Biomedics (CHABA), W. C. Ward et al (July, 1968) also reported by the National Bureau of Standards in "Fundamentals of Noise: Measurement, Rating Schemes and Standards" published by U. S. Government Printing Office Publication NTID 300.15 for the U. S. Environmental Protection Agency (12-31-71). These two parameters are defined as follows:

1. The Peak Pressure Level (P) is the highest instantaneous pressure level (in decibels, Re. $2.0 \times 10^{-5} \text{ N/M}^2$) reached at any time by the impulses, measured at the position of the ear but away from the individual.
2. The Pressure-Envelope Duration or B-Duration is the total time that the envelope of the pressure fluctuations, both positive and negative, are within 20 db of the peak pressure level. Included in this time is the duration of that part of any reflection pattern that is within 20 db of the peak level.

MEASUREMENT TEST CONDITIONS
AND MEASUREMENT EQUIPMENT

OUTDOOR RANGE

Measurements were conducted on the outdoor range of the FBI Academy at Quantico, Virginia, in an open field over grass. Measuring microphones were located in an orientation and at a distance from various weapons to approximate the location of the shooter's nearest ear. Weapons were fired with the shooter removing himself as far as possible from the field of the measuring microphone. Results for each weapon and type of ammunition are the average of several individual firings. Peak Pressure Levels (P) and B-Duration were measured from calibrated photographs of oscilloscope traces, and were checked against simultaneous impulse precision sound level meter measurements.

Equipment used to make these measurements includes Bruel and Kjaer (B&K) Impulse Precision Sound Level Meters type 2209, type 4136 1/4" condenser microphone associated preamplifiers and power supplies and Tektronix Model 564 Oscilloscope with C30 camera. Calibration was done with a B & K type 4220 Pistonphone.

It is felt these measurements represent typical and average sound levels and durations which would occur at the shooters' ears without ear protection for the weapons and ammunitions measured.

RESULTS OF MEASUREMENTS

Outdoor Range

The following measurement results are set out by type of weapon and ammunition and are the average of a number of firings of each. The two measurements given are P (Peak Pressure Level in decibels (db) and B (B-Duration in milliseconds):

1. Weapon: 38 caliber Smith and Wesson Special Revolver with 4-inch barrel
 - (a) Ammunition - 148 grain target load
P - 156 db B - 1.8 msec
 - (b) Ammunition - 158 grain service load
P - 157.7 db B - 1.9 msec

2. Weapon: 38 caliber Smith and Wesson Special Revolver with 2-inch barrel
 - (a) Ammunition - 148 grain target load
P - 159.2 db B - 1.6 msec

3. **Weapon:** Model 870 Remington Shotgun

- (a) **Ammunition - Skeet load**
P - 160.8 db B - 2.9 msec
- (b) **Ammunition - 00 buck shot**
P - 160.3 db B - 3.6 msec
- (c) **Ammunition - rifle slug maximum load**
P - 159.5 db B - 6.3 msec

4. **Weapon:** .308 Remington Carbine Rifle with 150 grain ammunition

- (a) **Open area over grass**
P - 159.6 db B - 2.8 msec
- (b) **On Rifle Deck**
P - 158.3 db B - 5.4 msec

MEASUREMENT TEST CONDITIONS

INDOOR RANGE

Measurements were conducted on the indoor range at FBI Headquarters located in the basement of the Justice Department Building, Washington, D. C. Measurement microphones were located in an orientation and at a distance from the gun to approximate the location of the shooter's nearest ear. The gun was fired at one of the center shooter positions with the shooter removing himself as far as possible from the field of the measuring microphones and with the protective plexiglass screens closed behind the shooter. Results for each type of ammunition are the average of several individual firings. Peak Pressure Levels (P) and B-Durations were measured from calibrated photographs of oscilloscope traces and were checked against simultaneous impulse precision sound level measurements.

RESULTS OF MEASUREMENTS

Indoor Range

The following measurement results are for a 38 caliber Smith and Wesson Special Revolver with 4-inch barrel and are felt to represent typical and average sound levels and durations which would occur at the shooter's ears without ear protection on the indoor range. The two measurements given are P (Peak Pressure Level) and B (B-duration in milliseconds):

- 1. **Ammunition:** 148 grain target load
P - 154.4 db B - 23.7 msec
- 2. **Ammunition:** 158 grain service load
P - 156.9 db B - 23 msec

UNITED STATES DEPARTMENT OF JUSTICE

FEDERAL BUREAU OF INVESTIGATION

WASHINGTON, D.C. 20535

To Whom It May Concern:

Re: Theodore L. Gunderson
File #A25-156216

Set forth herein are answers to questions 4, 5, 6, and 7 as requested by the Office of Workers' Compensation Programs (OWCP) per Letter CA-1081 (Rev. June, 1975) dated June 25, 1979.

4. Special Agents of the Federal Bureau of Investigation (FBI) receive triennial government physical examinations up to age 33 and annually thereafter. Since 1962, audiometer tests have been a part of the physical examinations when necessary equipment has been available. Frequently, when audiometer tests show hearing losses, the losses are noted by the examining physician. Special Agents are required to initial the physical examination papers thus constituting an FBI procedure for notifying a Special Agent when he has a hearing loss.

5. On the following indicated dates all Special Agents in Charge were advised in writing of the respective instructions which they were to impart to Special Agents assigned to their office:

May 4, 1954

TRAINING - FIREARMS -- The Bureau desires again to call to the attention of all investigative personnel the necessity of taking precautions to prevent injuries causing impairment of hearing while engaged in firearms training. SACs shall require that all Agents engaging in firearms training use cotton or ear plugs in the ears to prevent injury caused by gun blast. This applies not only to the Agents actually firing but also to those who may be coaching, observing, or otherwise in close proximity to the shooter. These instructions apply to both indoor and outdoor firearms training and to demonstration given by firearms instructors.

Re: Theodore L. Gunderson
File #A25-156216

August 20, 1957

TRAINING - FIREARMS - PROTECTION OF HEARING -- The Bureau desires again to emphasize existing instructions concerning the use of cotton, ear plugs or other protective devices during the course of firearms training. The primary purpose of using such protection is to break the initial shock of the gun blast and prevent it from causing injury which could result in hearing impairment. Advice has been received as regards the use of cotton that it is more effective if it is dampened slightly. The type of protective measure used will be left to the choice of the individual but some such precaution must be used at all times during firearms training not only by the shooter but by coaches, observers, instructors or other individuals in the near vicinity of the shooting.

June 17, 1958

PROTECTION AGAINST HEARING LOSS FROM FIREARMS TRAINING -- A study has been conducted to see if additional protection against hearing loss can be afforded during firearms training. This study was occasioned by the increased number of hearing loss claims being submitted by Agents who based such claims on excessive noise to which they were exposed during firearms training. Studies to date reflect that dry cotton in the ear canals affords insufficient protection. You should immediately make a supply of cotton and Vaseline available so that cotton impregnated with Vaseline may be used during all firearms training periods. By placing Vaseline on the cotton prior to inserting it in the ear canal a much greater degree of protection is afforded against possible hearing damage. You should insure that all Agents are advised of the availability of the Vaseline and cotton and all participating Agents make use of them.

FIREARMS TRAINING - EARMUFFS -- Every field office has been supplied with earmuffs for the use of the firearms instructors in conducting training for your office and in police firearms training schools. These ear protectors are not to be placed on your nonexpendable inventory but each SAC will be held accountable for their proper availability and use. Special Agents receiving firearms training will continue to use cotton impregnated with petroleum jelly while on the firing line.

is to insure these protective hearing devices are being used and that a sufficient number are available in his respective field office. If needed, additional protective headsets should be requisitioned through the Training Division.

6. Pertaining specifically to Mr. Gunderson, the first audiometer test given him at the time of his annual physical examination was on January 27, 1953. The examining report, January 3, 1973, advised Mr. Gunderson had a slight increase in the high frequency acuity, left ear, compared to the previous examinations. This was noted after his July, 1972 exposure to jet engines as #9 of the CA-4 previously advised. The consult examination, March 2, 1978, advised periodic tinnitus. The examining physician noted a moderate high frequency loss probably due to noise exposure on the physical report, March 12, 1979. The Bureau requested a signed statement regarding the wearing of ear protector's on the firing range, February 15, 1973. A copy of Mr. Gunderson's statement is attached.

7. The last date of exposure to firearms for Mr. Gunderson was March 22, 1979. At that time his pay rate was \$47,500 per annum.

MEMO, SAC:

RE: SA THEODORE L. GUNDERSON.

SA GUNDERSON was assigned to work with the writer during a two weeks period beginning March 24, 1952 and ending April 5, 1952.

During the above period, this Agent reviewed files, prepared and dictated reports, conducted interviews, drove a Bureau car and performed other duties of an official nature.

He demonstrated a genuine interest in his work and an ability to handle himself at all times in a businesslike manner.

For a new Agent, SA GUNDERSON displayed a better than average ability in dictating and conducting interviews.

Although this Agent is very young, he nevertheless is well poised and self-confident.

Honorable J. Edgar Hoover,
Director Federal Bureau of Investigation,
Washington, D. C.

Dear Sir:

On numerous occasions, since I first entered office as solicitor and prosecutor for this County in 1947, I have felt an inclination and obligation to express to you my very strong feeling of gratitude for the most considerable cooperation and aid given me by the Federal Bureau of Investigation.

The unusual and splendid help rendered me as solicitor, and to other law enforcement officials of our Courts here, in recent months by Special Agent Fred L. Gunderson prompts me now to expressly thank you and the F.B.I. During the past three months, Special Agent Gunderson has rendered us exceptional assistance in locating and having located for us three fugitives charged in this County and State with Murder in the first degree. [redacted], located in Detroit; [redacted] located in Los Angeles; and [redacted] located in Reading, Pennsylvania, have each been extradited and returned to this County. Cases against each of said defendants will be docketed for trial this month. Over a period of some sixteen months, Special Agent Gunderson has assisted my office, as well as the Sheriff and Sheriff's assistants, and our municipal law enforcement officers on many occasions. Special Agent Gunderson's enthusiasm, earnestness, intelligence and ability are outstanding; and I and many others having the responsibility of law enforcement here are extremely grateful for his accomplishments and aid.

b6

Over these past several years, I and others of us here have been indebted to other Special Agents. These include Special Agent Jack Mumford, formerly in charge of your Mobile office; Special Agent [redacted] presently in charge at Mobile; Special Agent Robert E. Lee, who has contributed substantially in conducting training programs for our police and law enforcement officers, as well as in assisting us in many various investigations; Special Agent [redacted] formerly in this State; and many

others. Such men as these and Special Agent Gundersen have confirmed absolutely my opinion of long standing that the Federal Bureau of Investigation is most efficient of all our various Government Bureaus. I know our Sheriff, H. Ralph Mathews, Jr., our chief of Police, Pal H. Daniel, and all our local law enforcement officers concur altogether in this opinion.

Again thanking you as Director, and, through you, each of the Special Agents named and others for all much needed, meritorious services rendered, I remain

Very truly yours,

SUBJECT: SANTA FE RESIDENT AGENCY
ALBUQUERQUE DIVISION

Reurlet February 6, 1956, concerning the possible assignment of Special Agent Theodore L. Gunderson, who is under transfer from the New York Division to your division, to the Santa Fe Resident Agency. You pointed out that the climate at Santa Fe is slightly colder and damper than the climate in Albuquerque and noted that because of Special Agent Gunderson's wife's health he might not be able to take the assignment at Santa Fe.

For your information, Special Agent Gunderson is suffering from a severe asthmatic condition and his physician recommended his transfer to a warm, dry climate. For this reason he was ordered under transfer to Albuquerque.

Under the circumstances, the Bureau does not feel that Special Agent Gunderson should be assigned to Santa Fe, and you should make another recommendation in this respect.

SPECIAL AGENT THEODORE L. GUNDERSON
GOVERNMENT TRANSPORTATION REQUESTS
(GTRs)

Rebulet to Albuquerque 12/6/56.

Enclosed herewith is GTR #A3,896,792. Also enclosed is return portion of an airline ticket from Alamogordo to Albuquerque, New Mexico and a one-way airline ticket from Albuquerque to Alamogordo.

On October 16, 1956 SA THEODORE L. GUNDERSON issued GTR #A3,896,792 for a round trip airplane ticket, Albuquerque to Alamogordo, New Mexico. On this date he flew to Alamogordo. On October 26, 1956 he drove a Bureau automobile from Alamogordo to Albuquerque since air trip accommodations would not suffice on this date. He returned to Alamogordo on October 29, 1956 driving this Bureau car back to that resident agency.

SA GUNDERSON remained in Alamogordo until November 9, 1956. At this time, rather than use the return portion of the above ticket SA GUNDERSON again drove a Bureau car to Albuquerque since it was necessary that the automobile and the radio therein be repaired. This Bureau car was returned to the Resident Agency at Alamogordo by the regularly assigned agent there at a later date.

It was expected that SA GUNDERSON would return to Alamogordo and thus on November 26, 1956 GTR #A3,896,793 was issued for a one-way trip to Alamogordo.

SA GUNDERSON had planned to use the one way ticket, Albuquerque to Alamogordo issued by GTR #A3,896,793 to travel to Alamogordo and to use the return portion of the ticket issued by GTR #A3,896,792 when returning from Alamogordo to Albuquerque on this trip. Unexpected plans necessitated that the anticipated trip to the Alamogordo Resident Agency in November, 1956 be cancelled.

In the future if GTRs are issued and not used within the month, SA GUNDERSON will enclose the un-used ticket in the monthly expense voucher. This incident will not occur in the future.

No administrative action is recommended.

SAC, BURTON: SA GUNDERSON was involved in a substantive case write-up in the Albuquerque inspection. SA GUNDERSON in my opinion is the brightest prospect among the Agents in the Albuquerque Office for consideration for administrative advancement. He desires to advance in the Bureau and I feel that he definitely has the ability, temperament, attitude and personality to entitle him to consideration for such advancement. I feel he has a definite talent for administrative work and he has served very satisfactorily as a relief supervisor from the time I have been in Albuquerque. [redacted], INSPECTION STAFF: This is a pending case, opened by the Albuquerque Office 11/7/57 upon receipt of a letter from the San Francisco Office dated 11/6/57, and assigned to SA [redacted]. This case is supervised by ASAC ROBERT E. GEBHARDT.

b6

FACTS

By letter dated 11/6/57 directed to the Albuquerque Office with a copy for the Portland Office, the San Francisco Office advised that records of the Butte County Sheriff's Office, Chico, California substation reflected that [redacted] of Trader Ben's Used Car Lot, Chico, California, reported that an unknown subject, using the name [redacted], had stolen a 1940 Cadillac sedan, MN 6320875, 1957 California license CYY 328 on 9/5/57.

[redacted] advised upon interview that an individual using the name [redacted] came to his used car lot 9/5/57 accompanied by a person named [redacted] and a woman who was introduced as [redacted] wife. [redacted] was reportedly driving a blue 1949 Oldsmobile sedan with a Texas license plate.

b6
b7c

[redacted] stated the unknown subject using the name of [redacted] offered to trade his 1949 black Oldsmobile for a 1940 Cadillac sedan, MN 6320875. [redacted] requested the individual named [redacted] to go and get his 1949 black Oldsmobile so that it could be inspected. [redacted] departed with his companions but returned within several minutes driving a 1949 black Oldsmobile sedan, MN 8A100610, 1957 Oregon license 6A 2469.

[redacted] stated he offered to trade his 1940 Cadillac for the black 1949 Oldsmobile for \$25.00 cash but [redacted] told him the title certificate to the Oldsmobile was in Marysville, California. [redacted] suggested to [redacted] that he "get in the car" and obtain the title certificate. [redacted] related that he had already made out the application to change the title of the 1940 Cadillac from himself to the unknown subject, [redacted] and had placed this application on the windshield of the Cadillac. [redacted] advised that he left [redacted] and his companions and on returning a few minutes later discovered that the black Oldsmobile had been left on his car lot and the 1940 Cadillac

was missing. [redacted] delayed reporting the theft for several days as he thought [redacted] had mistakenly taken the 1940 Cadillac to go and obtain the title papers to the 1949 Oldsmobile. [redacted] informed on 10/26/57 he had received a letter from one [redacted] Alamogordo, New Mexico, stating that the Cadillac had been left on his premises. [redacted] said he was not acquainted with [redacted]. The San Francisco letter further sets out that a Deputy Sheriff at Chico, California had ascertained through the Oregon State Police that the 1949 black Oldsmobile left on [redacted] used car lot was registered to [redacted] Oregon, and that [redacted] had sold this car to the Powell Motors, Milton Freewater, Oregon, who had reportedly sold the car to [redacted] address unknown.

b6
b7C

Leads were set out in the San Francisco letter of 11/6/57 for the Portland Office to make inquiry at Powell Motors, Milton Freewater, Oregon, for information that would aid in identifying the unknown subject and for the Albuquerque Office to interview [redacted] Alamogordo, New Mexico, for information to identify the unknown subject and report recovery value.

b6
b7C

On 12/2/57 the San Francisco Division directed an airtel to the Albuquerque Office advising that the Butte County Sheriff's Office, Oroville, California, desired to know if the FBI intended to prosecute subject and if not, that the Butte County Sheriff's Office would continue to "work" the case.

By airtel dated 12/14/57 prepared by SA [redacted] and approved by relief supervisor THEODORE L. GUNDERSON the Albuquerque Office advised San Francisco that the 1940 Cadillac had been located on the streets of Alamogordo, New Mexico 12/7/57 being driven by [redacted]. Inquiry of [redacted] determined they had obtained the 1940 Cadillac from [redacted] brother of [redacted] whose whereabouts were unknown. [redacted] claimed he had been in communication with officials of Trader Ben, Chico, California, in an effort to purchase and obtain title to this vehicle. The Albuquerque Office further informed that the facts of the case had been discussed with the AUSA, Albuquerque, who had declined prosecution in view of the questionable merits of an Interstate Transportation of Stolen Motor Vehicle violation. The Albuquerque Office informed that a closing report would be submitted and requested San Francisco to advise the owner of the vehicle's location and to inform the Butte County Sheriff's Office, Oroville, California, they could continue to "work" the case.

b6
b7C

On 12/31/57 the Portland Division in a letter directed to the Seattle Office with a copy for the Albuquerque Office, received Albuquerque 1/3/58, reported the results of investigation at Milton Freewater, Oregon, and set out additional leads for the Seattle Division to conduct investigation to identify [redacted].

b6
b7c

ERRORS NOTED

(1) No copy of Albuquerque airtel 12/14/57 to San Francisco was designated for the Portland Office requesting Portland to discontinue investigation in view of the fact the AUSA, Albuquerque, had declined prosecution. This airtel was prepared and dictated by SA [redacted] and approved by SA GUNDERSON.

(2) It is noted that the Portland Division continued investigation in this case and on 12/31/57 submitted an RUC letter setting out leads for the Seattle Division. This communication was received Albuquerque 1/3/58 and was routed to SA [redacted] by SA [redacted]. [redacted] Seattle was not advised to discontinue until 2/7/58 when this matter was brought to the attention of the Albuquerque Division.

b6

EXPLANATIONS DESIRED

Explanation is desired from SA [redacted] for failure to advise the Portland Office to discontinue investigation on 12/14/57.

b6

Explanation is desired from SA [redacted] for failure to advise the Seattle Division to discontinue investigation upon receipt of Portland letter to Seattle dated 12/31/57 setting leads for the Seattle Office.

Explanation is desired from SA THEODORE L. GUNDERSON who approved Albuquerque airtel to San Francisco dated 12/14/57 for failure to note that there was a lead outstanding at Portland; thus requiring that the Portland Office be advised to discontinue investigation.

Explanation is desired from SA DARWIN B. BARE who routed Portland letter of 12/31/57 to SA [redacted] for failure to note that leads had been set out in this communication for Seattle in an investigation where the AUSA, Albuquerque, had already declined

b6

prosecution on 12/12/57 which made additional investigation unnecessary and which required prompt action in notifying Seattle to discontinue investigation.

Comments are requested from ASAC ROBERT E. GEBHARDT and SAC GEORGE C. BURTON.

SA

I have carefully noted the Inspector's comments. Continuous efforts have always been made by me to properly administer and handle my cases. The instance wherein I sent the above referenced airtel to San Francisco is not recalled by me nor do I remember the reason for not furnishing this information to Portland. It was only through inadvertence that I failed to advise the Seattle Division to discontinue investigation upon the receipt of Portland letter 12/31/57.

I sincerely regret this oversight and am confident this will never occur again.

SA THEODORE L. GUNDERSON: The Inspector's comments have been carefully read. Due to the large volume of mail handled by me in the past, I do not recall approving Albuquerque airtel to San Francisco 12/14/57. Extensive efforts have always been made by me to thoroughly and carefully review correspondence while acting in the capacity of a relief supervisor. This was most certainly an oversight which I deeply regret. Please be assured every effort will be made to prevent a re-occurrence of this in the future.

SA DARWIN B. BARE: The Inspector's comments have been carefully noted. On 1/3/58, I assisted on the ASAC's desk due to the absence of the SAC. Due to the large volume of mail on the desk, I do not specifically recall handling the Portland letter to Seattle on 12/31/57. However, it has always been my policy to review the files as carefully as possible while handling the mail. I apparently saw Albuquerque airtel of 12/14/57, to San Francisco which indicated the AUSA had declined prosecution and the case was being closed.

I deeply regret this oversight and will make every effort to prevent any re-occurrence of this nature.

ASAC ROBERT E. GEBHARDT:

It is extremely regretted that this error has occurred. Obviously, a closer review of the file and closer attention to details would have prevented this occurrence. I have instructed the various personnel involved to be extremely cautious in the future to make certain no office is conducting any unnecessary investigation. However, I have from time to time, and I note the SAC has also instructed the various relief supervisors and weekend supervisors to be most meticulous in handling mail. The agents likewise have been instructed to supervise each and every case assigned to them very closely. I am certain an error such as this will not occur again.

SAC G. C. BURTON:

It is regretted that this error occurred. The supervisors and agents have been constantly alerted to closely review files handled on the desk and the cases assigned to them respectively so that errors such as this will not occur. I will endeavor to make certain through constant instruction and supervision that an error of this type will not occur again.

FACTS

Gunderson

By letter dated October 14, 1957, a copy of which was directed to the Albuquerque Office and which was received by the Albuquerque Office October 16, 1957, the National Automobile Theft Bureau, (NATB), Denver, Colorado, advised that a 1950 Chevrolet, Belair, MN HAA 1255711, had been stolen at Albuquerque, New Mexico, in August, 1957. NATB requested to be advised if the Albuquerque Office had any record of the car being stolen from Albuquerque. This letter further states that instant 1950 Chevrolet had been in possession of one [redacted] who had stated car left at Fay's Truck Stop, Albuquerque, and that when he returned car was missing. NATB, Denver, enclosed with their letter a copy of a letter dated October 7, 1957, written by the Calvert Fire Insurance Company, Baltimore, Maryland, to NATB, Denver, Colorado, advising instant 1950 Chevrolet had been recovered at Minco, Oklahoma.

the 1950 Chevrolet on the basis of information furnished by NATB, Oklahoma City, on October 17, 1957. This report states that inquiry at Minco, Oklahoma, disclosed that the 1950 Chevrolet had been recovered abandoned at Minco, Oklahoma, sometime in August, 1957, by [redacted] City Marshal, Minco, Oklahoma. The report further relates that [redacted] Agent of the Calvert Fire Insurance Company, Lawton, Oklahoma, had advised [redacted] in the middle of November, 1957, that instant 1950 Chevrolet had been stolen in Albuquerque, New Mexico. The report of SA WEST sets forth a lead for the Albuquerque Office to determine whether or not instant 1950 Chevrolet was stolen and if there were any known suspects.

b6
b7c

ERRORS NOTED

Both the NATB letter of October 14, 1957, and the copy of the letter of the Calvert Fire Insurance Company, Baltimore, Maryland, were initialed by Relief Supervisor THEODORE L. GUNDERSON and placed in the Albuquerque #26-0 file as serial #728 and #728A without any attempt being made to check with the Albuquerque Police Department or other local law enforcement agencies to determine if there was a stolen report on the 1950 Chevrolet.

It is noted that while the NATB letter of October 14, 1957, and the letter of Calvert Fire Insurance Company of Baltimore, Maryland, contained information indicating an ITSMV violation, no communication was directed to the attention of the Oklahoma City Division by the Albuquerque Office advising of the reported recovery of instant 1950 Chevrolet at Minco, Oklahoma.

EXPLANATIONS DESIRED

Explanation is desired from SA THEODORE L. GUNDERSON as to the reason why the communication from NATB, Denver, dated October 14, 1957, was placed in the #26-0 file without any effort being made through the Albuquerque Police Department and other local law enforcement agencies to verify the theft of this 1950 Chevrolet which would have been the logical action to take in view of the NATB request.

Explanation is also desired from SA THEODORE L. GUNDERSON as to why no communication was directed to the Oklahoma City Office advising of the information which NATB, Denver, had furnished implying that a car had been stolen at Albuquerque, N.M., and had been recovered at Minco, Oklahoma. Cognizance is taken of the fact, as revealed in the Oklahoma City report, that that office became aware of this matter on October 17, 1957. However, this fact was not known to the Albuquerque Office on October 16, 1957, when the NATB letter was received and the logical action for Albuquerque, at that time, would have been to have advised the Oklahoma City Office.

Comments are requested from SAC G. C. BURTON and ASAC ROBERT E. GEBHARDT.

SA THEODORE L. GUNDERSON:

I have noted the Inspector's analysis of this situation and in retrospect it appears that an investigation should have been instituted. However, at the time this matter came to my attention, I felt in my judgment there was a question as to whether the Bureau should expend time in checking what I considered, at that time, a border-line case. I did not feel at the time that investigation was warranted and, therefore, placed the matter in the zero file. I will endeavor to exert good judgment in the future and feel that an error in judgment of this type will not occur again.

ASAC ROBERT E. GEBHARDT:

It appears in this instance a question of judgment on the part of the supervisor is involved. I feel, after discussing this matter at length with Mr. GUNDERSON, that he considered the matter most seriously and did not act precipitously. I believe he could have used better judgment in the action taken and I am certain that he will do so in the future.

SAC, G. C. BURTON:

I have discussed this matter
with SA GUNDERSON and ASAC

GEBHARDT. I feel strongly that this was not a thoughtless or
careless error on the part of SA GUNDERSON. I am quite certain
that GUNDERSON's decision was based on a knowledge of the facts
and a sincere conviction that the facts, as they stood at the
time, constituted a matter that should be placed in the 26-0
file. I am certain he will use better judgment in the future.

IN-SERVICE TRAINING
CALENDAR YEAR 1959

Re Bulet dated 12/3/58 to All Field Offices.

There is set out hereinafter information and justification concerning specialized training recommended for Agents from this office who are due for In-Service training during 1959.

SA THEODORE L. GUNDERSON

It is recommended that SA GUNDERSON be given Inspector's Aid training in conjunction with his In-Service training during the calendar year 1959. He has no physical restrictions which would limit his ability to handle any assignments, special or general. He has not been subject to severe administrative action in the recent past, however, it is noted that by letter of March 17, 1958 he was censured for delinquencies in two Interstate Transportation of Stolen Motor Vehicle cases while he was serving in a supervisory capacity. These are taken into consideration in making this recommendation. SA GUNDERSON is mature and makes an excellent personal appearance. He is interested in receiving and using the training recommended. He is capable of appearing before groups and representing the Bureau. At the present time he spends the majority of his time handling security cases. In addition he spends some time as a relief supervisor on the SAC and ASAC desks. He is above average and is interested and available for administrative advancement. He has been recommended for such advancement. He is available for special and general assignment anywhere. He offers excellent potential for and is interested in further progress in the Bureau.

training in 1959. This man has no physical restrictions limiting his ability to function on any Bureau assignment. It is noted that he has worn glasses since 1944 and on the date of his last physical examination, September 24, 1958, his right eye was 20/80 and his left eye was 20/40. These both have been corrected to 20/20 with glasses. He has not been subjected to severe administrative action in the recent past. He is mature and makes a very good appearance. He is interested in receiving and using this training. He is capable of appearing before groups and it is believed would make a good instructor. He has been in the Bureau since February 5, 1951 and has had a good well rounded experience. I have noted an above average ability in contacting police and law enforcement officers. SA KELLY has had sound training at the Bureau in May-June, 1958 and handles any sound work necessary in this office. In addition, he has been able to aid the radio men on occasion, inasmuch as he is qualified in this area. I also have had occasion to observe him lecturing to Agents in our regularly scheduled conferences. In these he has handled himself very well. I feel that he would make a very good Police Instructor.

SA EUGENE C. PETERSON

It is recommended that SA PETERSON receive Inspector's Aid training in conjunction with his regularly scheduled In-Service training during the fiscal year 1959. SA PETERSON has no physical restrictions which would limit him in any Bureau assignment. He has not been subject to severe administrative action in the recent past. He is mature, makes an excellent appearance and is interested in receiving the training recommended. He is thoroughly capable of appearing before groups as a speaker or as an instructor. He has had a well rounded background of Bureau experience. He is above average in all aspects of current Bureau standards and has a good Bureau record. He is interested in and available for administrative advancement and it has been recommended that he be considered for such advancement. He is available for special and general assignment anywhere the Bureau wants to utilize his talents. He is an excellent potential for and is interested in further progress in the Bureau.

Dear Mr. Williams:

The pleasure of anticipation of my new assignment in Hawaii is dampened somewhat by my regrets in leaving the Albuquerque area. The success and achievements of this District Office during the past year have been, in many instances, due to the exceptional cooperation and assistance we have received from your office. I am sure you are aware of my personal gratitude for your support.

I also wish at this time to commend Special Agents Theodore L. Gunderson and Allen F. Rust, both of whom have been closely associated with our counterintelligence and general investigative operations. These agents, with whom we have worked so closely, have been outstanding in professional competence and willing cooperation on those matters in which we have had a mutual interest. I wish, therefore, that you would express my sincere appreciation to them for the help we have received.

Lt. Colonel [redacted] will arrive here on the 6th of August from Hawaii. He will be my replacement as Commander of the 17th District OSI. I know he will enjoy as I have the working relationship with the Albuquerque Field Office of the Federal Bureau of Investigation.

SAC WILLIAMS: Personnel write-up being submitted on SA GUNDERSON, inasmuch as he is being recommended for immediate administrative advancement.

He makes an excellent appearance, being tall, well built, neatly dressed and of easy manner. He has the ability to handle complicated investigative matters (except accounting) with a minimum of supervision. During the rating period he has been handling mainly security investigations. A good part of his time has been spent on both the SAC and ASAC desks as a relief supervisor. He is thoroughly capable of participating in raids, arrests and other dangerous assignments, both as a leader and as a participant. There is no limitation on his availability and no physical limitation effecting his performance. His over-all performance has been excellent.

Under date of May 21, 1959, the Director thanked him for three suggestions which he had submitted on report writing procedures.

Under date of August 17, 1959, this office was commended for various suggestions advanced during a seminar held by Inspector WILLIAM C. SULLIVAN. SA GUNDERSON contributed to these suggestions.

During both inspections, SA GUNDERSON conducted Fugitive Deadline Surveys, and also analyzed missed applicant deadlines and the FBI applicant recruiting program. He participated in the file reviews and handled various administrative assignments. His work in these categories was conscientious and indicated a good deal of imagination. As a specific example of this latter point, SA GUNDERSON contributed a total of five suggestion memoranda during the two inspections.

SA GUNDERSON's paper work was well planned and clearly written, and he thoroughly researched problems throughout the entire assignment. He exhibits a high degree of enthusiasm and appears genuinely interested in doing the best job possible.

SA GUNDERSON is a very personable, well-built man, who dresses neatly at all times. He is a relief supervisor in Albuquerque and is completely available. He is interested in administrative advancement and it is felt that his potential is excellent and will be further enhanced by additional experience as an aide.

Dear Mr. Weeks,

On behalf of the Shelton Jaycees I would like to take this opportunity to thank you for providing us with speakers on the evening of December 16. Special Agents Theodore Gunderson and Lloyd Goodrow both gave very interesting talks, and the question-and-answer period that followed gave everyone a chance to learn even more. If the Bureau is short on manpower it certainly isn't due to a lack of "recruiting" on the part of these two agents!

Please convey our sincere thanks and appreciation to Special Agents Gunderson and Goodrow for their contributions to a most pleasant evening.

BANK ROBBERY
(NH 91-1824)

As you are aware, during late 2/21-22/66, a number of personnel in this division were involved in the investigation of the above-captioned BR. I was on the scene and observed the team-work displayed by all of these individuals. As a result of their dedicated efforts and the exemplary manner in which each carried out his responsibilities, the subject was identified and approximately \$17,000 of the loot was recovered.

I was so impressed with the outstanding performance of these Agents, I felt you should be aware of same.

Dear Sir:

On behalf of this bank, its officers and employees, I want to express our deep appreciation for the cooperation and assistance rendered by members of your agency in solving the distressing problem with which we were faced as a result of a hold-up and robbery of our North Branch at 3:00 P. M. on February 21, 1966.

The efficiency of your men under the able direction of Agent Theodore L. Gunderson is worthy of the highest praise and commendation. We sincerely trust that the promptness in making an arrest in this case may act as a deterrent to others who may be so tempted.

My dear Mr. Gundersen:

On behalf of the members of our Post, may I express our sincerest thanks for appearing as our guest speaker at our recent Post meeting.

You certainly started a few of the more level-headed boys thinking, one of whom was my son. But there is little chance that any of the boys will commit themselves to FBI service while still in high school. The reason for this is that I stress the earning of a college degree above anything else. I am sure you see the wisdom in this.

So although it's hard to gage the success of your speech membership-wise (in our unit at least) the seeds have been sewn and one can never tell when they might sprout.

Alas, had you been able to show some searing scar to our more impressionable members their respect for you would have increased a hundredfold. But I'm in the same boat. During WWII I served with the 82nd Airborne from the Bulge to Austria, and because I wasn't wounded or captured, well I guess the heros are all on TV.

So it was a pleasure meeting you and very good of you to be with us. I am sure you made a few more friends (and future members, I trust) for the FBI.

Sincerely,

Dear Mr. Gunderson:

The reports that I have received indicate that you made quite a hit at our Kiwanis Meeting on July 11. In fact, your talk was so well-received that many of the members have indicated that they would like to have you back to tell us some more. I would certainly favor this, for my only regret is that I did not get to meet you and hear your most interesting presentation. I had an important Committee Meeting in New York that day, and it was essential that I attend it.

Thanks so much for coming to Meriden and presenting such an interesting talk to the Kiwanis Club.

Very truly yours,

Dear Sir:

Forgive me if I do not have your correct title. On behalf of the members of Grassy Hill C.C. I am taking this opportunity to thank you and the dept for our guest speaker Ted Lunderson on Monday July 31. He really acquainted the men of the various dept, which take to form the F. B. I. His specific cases interested all. Many questions were fired at him, as a true investigator he came out flying colors. I can say Ted made many friends for himself and the dept. I noticed he had been invited as a guest player by some of the dept. I hope one day. Thanking you again, I hope one day

Dear Mr. Hoover:

This Department is presently investigating a case involving the "Kangaroo Trial" and murder of Alex Rackley, a Black Panther party member. The investigation has resulted in the arrest of nine members of the Black Panther Party and more arrests are expected.

The New Haven Office of the F.B.I. under the direction of Charles Weeks, Special Agent in Charge, has played an integral part in bringing about these apprehensions. In particular I would like to cite agents [redacted] Lloyd Goodrow, [redacted] and William Glossa. They have provided every assistance possible both in terms of information and material resources. Their enthusiasm, cooperation and skills have tremendously impressed myself as well as other members of the Department. This type of support by your Agency for local law enforcement certainly will have a dramatic impact on the fight against crime.

Dear Mr. Weeks:

We are sorry that illness prevented you from joining us Monday evening. Hopefully, by now, you are well on the road to recovery.

On behalf of the Staff Forum I want to thank you for arranging it so that Ted Gunderson could be with us. I want you to know how much we appreciate his appearance, and I want to report on how well his presentation went.

Ted made quite an impression on our group. Judging from the number of questions he received, both formally and at dinner, he knows he excited our interest on a wide range of issues. I received a number of phone calls yesterday from our members commenting on Ted's talk, all of them specifically referring to his obvious competence and friendliness.

Please extend our thanks to Ted for being with us, and for doing a real fine job on such short notice.

Dear Mr. Hoover;

Thank you for your kind letter of May 16, 1970. It was most considerate of you to take time from your busy schedule to write.

Whatever success we had in containing a potentially dangerous scene can be attributed to the cooperation of various law enforcement agencies.

Special Agent Charles Weeks and his staff worked closely providing equipment, intelligence and counsel. I might add that this is not unusual and represents the nature of the relationship between the New Haven Police Department and the Federal Bureau of Investigation.

Special Agent Weeks is an exceptional man whose overriding concern is the best interest of good law enforcement and justice. This spirit is reflected in each and everyone of his staff, particularly Mr. Ted Gunderson, Mr. Nelson Conover, [redacted] [redacted] Mr. William Glossa and [redacted] who worked very closely with us on this case. b6

It is precisely this type of support and cooperation from agencies such as yours that will bring about the changes so desperately needed in local police departments.

I want to thank you personally and compliment you and your men for the professional assistance rendered to our Department.

Sincerely,

James F. Ahern

RE: State of Connecticut
vs. [REDACTED]

b6
b7C

Dear Mr. Hoover:

On Monday, August 31, 1970, a jury returned a verdict of guilty of conspiracy to murder in the above mentioned matter. Said case dealt with the murder of a Black Panther, who was a suspected police informant, by other Black Panthers.

The successful prosecution can be directly attributed to the assistance received by this office from Assistant Special Agent in Charge, Ted Gunderson and the agents operating under his direction. I would also commend to your attention Special Agents [REDACTED] and [REDACTED] as well as other Special Agents from the New Haven office.

b6

In addition, excellent assistance was received from Special Agents [REDACTED] and [REDACTED] of the Salt Lake City office of the Federal Bureau of Investigation. Agent [REDACTED] was called upon to testify and because of his fine testimony it was not necessary to call Special Agent [REDACTED] to corroborate.

In all instances, the cooperation received by this office by Special Agents of the Federal Bureau of Investigation has been without peer and the same has been deeply appreciated by the office.

With warm personal regards, I remain

Dear Mr Jamieson:

On Tuesday evening, 21 Sep 71, Mr Theodore L. Gunderson, from your office, spoke to a group of about 25 Naval Officers and Enlisted men at the Naval Base. I have since then received many favorable and appreciative comments of Mr Gunderson and the material he presented. We especially appreciate the fact that Mr Gunderson devoted his off-duty time to be with us, particularly since all the officers of the Engineering Company are in a voluntary non-pay status.

It is a pleasure to talk with personnel, in other than military vocations, who are doing a job that can only be described in terms of dedication and patriotism.

On behalf of the members of Engineering Company 4-3, the Security Company, the Intelligence Unit and myself, I extend a note of thanks and appreciation to Mr Gunderson.

I was certainly pleased to note that your division effected a substantial reduction in the number of accidents involving Bureau automobiles during Fiscal Year 1971 as compared with the 1970 fiscal year.

It was a pleasure to have you with us at Kiwanis today, especially with your sense of humor and incidentally the content of your speech. Like I have been told, "If you were not in the file before, you sure are now". I have enclosed a brief resume which will help identify me. My fingerprints are already on file from service with the Navy in WW II, service number 924 84 84.

Nobody takes too much notice until the horses are all out of the barn, and without a soapbox, anyone who stands ready to protect me with his life has my admiration. Too, I was impressed with your alertness, not only with your repartee during our "conversation", but with your alertness, which was very evident during your speech, as you identified sounds and movement in the room. I was very sincere in my admiration for your boss, because as the enclosed article will indicate, I am a moderate, politically, and not of the same frame of mind as Governor Kefauver, Bobby Kennedy.

Thank you again for taking the time to be with us.

Earl Lentz candidate for GOP chairman

LOCK HAVEN — Dr. Earl L. Lentz Jr., of Lock Haven, has announced that he will be a candidate for election as Clinton County Republican chairman in the April 25 primary election.

Dr. Lentz was formerly the chairman during the period of 1963 through 1970, choosing not to seek reelection in 1970, after being elected four times.

In his announcement, Dr. Lentz said, "Since the decision of Sheriff Boyle not to seek reelection as the county chairman was announced, numerous people have suggested that I seek election again. As a strong believer that a strong two-party system produces the best government for all citizens, I will seek to unite all those who believe in the Republican philosophy of government, in order that we may present and elect the very best, most qualified

candidates, to give each citizen the most responsive, efficient government possible.

"In my previous four terms, I believe that I have demonstrated that organization is the key to success,

organization which allows a voice to every person interested in improving government. I seek the help of each person who believes in like manner and would appreciate the support of each voter to accomplish this end."

Dr. Lentz, a life-long Republican and resident of this county, graduated from Lock Haven High School in 1942. After service with the Navy in the Pacific Theatre in World War II, he was graduated from the Pennsylvania State University with a degree in chemical engineering and then from Lincoln Chiropractic College, as a doctor of chiropractic, entering practice in Lock Haven in 1950.

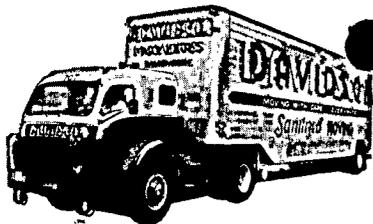

Active in numerous community efforts, he serves as chairman of the Administrative Board of the First United Methodist Church, a member of the Salvation Army Board, Kiwanis

—from page 1

Club of Lock Haven and has worked actively in the United Fund, the Clinton County Industrial Fund, the Red Cross Bloodmobile program, and was a member of the Lock Haven School Board for 12 years, serving the last four as the president of the board.

He served a term as chairman of the board of the Pennsylvania Chiropractic Society and is presently a member of the State Board of Chiropractic Examiners. As far as labels can identify a candidate, Dr. Lentz describes himself as a Bill Scranton-type Republican, a moderate in civil rights and a conservative in fiscal matters.

He resides in Lock Haven, with his wife, the former Dorothy M. Schrock, his son, Bill, a junior at Lock Haven State College, and his daughter, Beth, a senior at Lock Haven High School.

Dear Mr. Jamieson:

We are very sorry you could not attend the annual Motor Carrier Dinner at the Valley Forge Hotel in Norristown, Pennsylvania on February 24, 1972. However, your assistant, Mr. Theodore L. Gunderson was an excellent replacement.

Mr. Gunderson accomplished three things:

1. He gave an excellent speech and provided a very informative question and answer period at the end of his speech. The audience was so interested that several of them followed him to the parking lot to ask further questions in response to his speech.
2. He had the opportunity to speak with one of the members whose son is a special agent with the Bureau in Chicago, Illinois.
3. He had the opportunity to speak to the son of one of our members who wants to direct his education toward a position with the Bureau.

All told, I think it was a very interesting experience for the Norristown Traffic Club and Ted Gunderson.

Dear Director Gray:

I must add my comments to those being expressed concerning the July 12th hijack of a National Airlines plane in Philadelphia. I have read, and heard, of the criticism as well as the praise of the manner in which your department controlled the situation. I consider myself fortunate in having been in a position to overhear the police communications during the entire incident and believe that Police Commissioner [redacted] and your Agent Gunderson did an admirable job.

Unfortunately, most criticism results from a limited knowledge of the facts. It took a great deal of courage, experience and "guts" for [redacted] and Gunderson to make the decisions they made and act as they did, knowing how many lives were at stake and the position they would have been in if even one individual had been killed by the hijackers just to show that they meant business. I wonder how many critics and others would have been capable of thinking and acting as intelligently and rapidly as O'Neil and Gunderson did, under the circumstances and for as many hours as was necessary.

The critics have no idea what went on behind the scenes. Nor, do they realize that your job is not only to protect the hostages and personnel, but at the same time make every effort to defeat the plan and thus discourage future attempts. They don't realize how easy and justifiable it would have been for your Bureau and the Philadelphia Police to simply accede to the demands. Unfortunately, they also don't realize that such submission simply encourages

others to try the same and somewhere along the line there will be an extreme tragedy. Similarly, they forget about the "psychos" who injure or kill people even though their demands have been met.

As a security officer for many years I know that quite often innocent lives are placed in jeopardy. This is an unavoidable fact of life which leads to the basic question for the conscientious police official: how do I handle this so as to endanger the fewest number of people, yet foil the attempt if possible?

I have nothing but praise and commendation for the judgment and professionalism with which Commissioner and his people, and Agent Gunderson and his staff handled this matter.

Dear Joe:

Your letter of July 18 concerning our frightening experience of July 12 at Philadelphia International Airport beat me to the punch.

As soon as I could find the time it was my intention to write you applauding the very professional and very competent performance of Ted Gunderson under the most difficult of assignments. Not only was he constantly concerned about the well-being of all of those whose lives were threatened by the maniacs involved but all against the background approaching harassment by the would-be experts in the grandstand.

Please convey to him my sincere commendations.

We were sorry you could not make our meeting and wish to express our thanks for sending Ted Gundersen in your place. Ted did a wonderful job covering all aspects of the work being done by your department.

I'm sure all members present most thoroughly enjoyed the talk, as could be seen from the questions asked of Ted after the talk; which Ted answered very graciously. It could be seen from the group and the remarks made, that we all concurred, that with such men as Ted we were all in good hands.

Again many thanks for your part in making a wonderful meeting.

Dear Judge Webster:

I am writing to you concerning an article which appeared in the Los Angeles Herald Examiner (copy enclosed).

I feel this article concerning Mr. Ted L. Gunderson was in very poor taste, I became enraged when I read it, as I would about any article of that nature which has attacked a good friend. Gunderson, Theodore J.

When Mr. Gunderson was in charge of the L.A. F.B.I. office, I became angry about the trial of the F.B.I. men who were being prosecuted for the tapping of the telephones of the Weathermen.

After my husband's death, Mr. Gunderson & one of his associates saw that I got back into the world after 10 years of isolation. What is so remarkable about this? I am 80 years old & I can live very comfortably with very little to spare. There was no financial gain possible (as many small minds might suggest).

I happen to know about the background of the activities covered in the article. Ted was & still is 100% F.B.I. He was after information.

I have seen other F.B.I. men express petty jealousies towards Ted, but I have never known him to retaliate. He always says "The truth always wins out even though one's reputation takes a beating."

If everyone in the F.B.I. could measure up to Ted Gunderson's patriotic performance then it can say John Edgar Hoover lives on.

America needs to use Mr. Gunderson's talents & integrity. I know that his friendship has kept a few from trying some fast deals with my affairs.

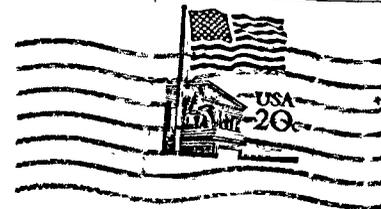

He is a man of integrity, strong will & a personality that creates envy among those not so blessed.

Judge Webster, old age does bring with it an appreciation of integrity, friendship & patriotism. Mr. Gunderson has all three. I am also sure that, judging from Mr. Gunderson's attitude, he has read many of Mary Baker Eddy's books, just as you & I have.

If you're wondering why my handwriting is legible, I am having my niece write this so you can read it.

Best regards,

Ted Gunderson
Once headed office in Los Angeles

Why a private investigator is on the run from FBI

DALLAS (AP) — A retired FBI special agent claims his employer of 27 years has turned on him, blocking his attempts to clear a physician convicted of murdering his family, a newspaper reported yesterday.

Ted Gunderson, now a private investigator, is on the run, living from a suitcase and associating with criminals in a lifestyle that is a stark contrast to his decorated career with the FBI — which included an interview for the agency's top job, the Dallas Morning News said in a copyright story.

"I just don't understand it," Gunderson told the newspaper in an interview at an undisclosed southwestern city.

"I thought they (the FBI) would help me. Instead, they're trying to destroy me," said Gunderson,

who headed FBI offices in Memphis, Dallas and Los Angeles.

Dallas FBI chief Tom Kelly denied that the agency was trying to "destroy" Gunderson. He did confirm that the agency is investigating Gunderson's role in a now-defunct investment firm of which he was president for three weeks in August.

Federal agents are investigating complaints that Dekla International Inc. defrauded clients by taking advance fees or "front money" to provide loans that never materialized. Both of Gunderson's partners in the business have criminal records.

Gunderson claims his troubles stem from his role in the case of Dr. Jeffrey MacDonald, a Greed Beret convicted of killing his wife and two children at Fort Bragg,

N.C.

MacDonald, serving three life sentences at a federal prison in Bastrop, Texas, claimed the trio was killed by a drug-crazed satanic cult.

Gunderson, hired by MacDonald as a private investigator, produced an 1,200-page report detailing a statement from a woman who claimed to have been present when cult members murdered MacDonald's family.

Gunderson claims Dallas FBI agents, acting on behalf of the government, "are doing everything they can" to have him indicted on charges of mail fraud and fraud by wire because the government is not willing to prosecute the people he believes are the real killers of MacDonald's family.

DETAILS:

On 9/8/82, the Dallas Division instituted a Fraud by Wire (FBW) investigation concerning allegedly fraudulent letters of loan commitment being issued by Dekla International of Dallas, Texas. Information from several sources in the banking industry indicates that the letters of loan commitment are drawn on a bank in Amsterdam, the Netherlands. These allegedly fraudulent financial instruments were being purchased with substantial advance fees and were utilized to finance speculative business ventures through American banks.

One of these commitment letters was signed by Ted Gunderson as President of Dekla International. Mr. Gunderson, a former SAC, subsequently resigned as President of Dekla International.

Mr. Helterhoff to Mr. Revell Memorandum
RE: TED L. GUNDERSON

The Dallas Division had previously advised FBIHQ that the case against Gunderson appeared to be weak inasmuch as Gunderson was an officer of captioned enterprise for only six weeks, apparently did not receive any proceeds generated by captioned fraud, and possibly was unaware of any fraudulent activities on the part of other subjects.

However, in late December, 1983, Dallas advised that an evaluation by Dallas and the Assistant U. S. Attorney for the Northern District of Texas (NDT) of the evidence obtained as of that time indicated that Gunderson possessed scienter sufficient to warrant joining Gunderson with other captioned subjects in a bill of indictment charging Mail Fraud, Fraud by Wire and/or Interstate Transportation of Stolen Property. As of February 28, 1984, this matter had not been presented to the Federal grand jury, but Dallas anticipates that presentment will take place in the near future. Dallas will keep FBIHQ informed of pertinent developments in this case as they occur.

DETAILS: The SC Division advises that [Redacted] who had previously cooperated in captioned matter with the FBI, and who had recorded telephone calls to subjects [Redacted] and Ted Gunderson (former FBI SAC), has been arrested and is in the custody of Los Angeles County authorities. Dear Buck:

[redacted] who has been a fan of mine for years, recently called and told me you had written her a letter in response to her letter to Judge Webster. I was not aware of her letter to Judge Webster but am flattered.

In your letter to [redacted] you stated when the F.B.I. investigates a case, it deals in facts, and not in supposition. You also advised in regard to the F.B.I. investigation of me and others that the ultimate goal is to insure those guilty of violating the law are brought to justice.

The F.B.I. also has a responsibility in its investigations to insure that wrongly accused and innocent people are not sent to jail.

When I began my investigation of Dr. Jeffrey R. MacDonald in January 1980, I had no preconceived opinion concerning the case. After reading the court transcripts and other material, I felt there was a possibility he was innocent. I am now convinced of this. My opinion is based on the facts developed during our investigation of more than three years.

In February 1981, a copy of my report was provided to the Department of Justice. I also sent a copy of my report to Judge Webster on March 19, 1982. I wrote several letters to the F.B.I. urging you to discontinue your efforts to discredit me and others and to develop the case in a positive manner.

Instead you interviewed [redacted] and had her retract the statements she gave to [redacted] a retired Fayetteville police officer, and me. You told potential witnesses they should not cooperate with us, and even interviewed a former F.B.I. agent and asked him if he would testify against me concerning my credibility.

Mr. Oliver B. Revell

I am concerned about your investigative approach in this case. You are being duped by [redacted], a Department of Justice attorney. Since when does the F.B.I. conduct an investigation to discredit a private citizen in a matter where another individual has been convicted of a crime and is serving time in prison? This would never have happened in the J. Edgar Hoover days. You have no statutory authorization for an investigation of this type. b6

In my letter to Judge Webster on March 19, 1982, I furnished the results of an F.B.I. interview with [redacted] and me. During the interview, I repeatedly attempted to advised the F.B.I. agents as to why I felt Dr. MacDonald was innocent. I was told the F.B.I. was not interested in this. Throughout the interview they asked us how we obtained these statements, if we promised [redacted] money, a movie, and book contract, etc. b6

Also in my letter to Judge Webster on March 19, 1982, I advised that in my opinion, Dr. MacDonald's Civil Rights had been violated. I also contended there had been an Obstruction of Justice violation. In September 1982, I was informed by the Department of Justice that there was no "prosecutable" Civil Rights violation. An opinion from the Department of Justice concerning a possible Obstruction of Justice violation is pending. I still contend that [redacted] handling of the evidence and other matters strongly indicates such a violation. b6

There has been a great miscarriage of justice in this case. Normally, the conviction of a person by a jury is recognized and acceptable, however, our investigation raises serious doubts.

Don't accept [redacted] word or mine. As a former F.B.I. associate, friend and an experienced investigator, you know I am a reliable and responsible person. b6

We have developed more information since the last volume of my report, however, there is ample material in the reports furnished to you to substantiate my opinion. I challenge you to take my report home, read it, and decide for yourself.

Sincerely,

Ted L. Gunderson

Dear Mr. Gunderson:

Having known and suffered with Jeff MacDonald for years, the article that appeared on February 22 in the L.A. Times was interesting.

We are all aware that there are many innocent people in jail or prison. An acquaintance of mine (LAPD) says that two out of the three drug busts are "plants" and this behavior is loosely defended by the excuse that "its the only way we can nail the bad boys."

Jeff, I believe is a victim of the same bureaucratic callousness that appears all too often.

It interests me that someone with your background and talents would be subject to such stupid and childish pranks - and the irony of billing you for the services!

I and thousands of others, have contributed to Jeff's fight - as he grows older and bitter behind bars.

Isn't this case big enough for a push by the Heffner Foundation or the ACLU? Something is wrong!

Sincerely yours

Making waves—Laurie Jerry, 12, a visitor from chilly New Hampshire, enjoys a spring-like day as she bobs around on a bumper boat at a fun center in Fountain Valley. More of the

Ex-FBI Agent Sues GTE, Charges Office Wiretapping

By DOROTHY TOWNSEND, *Times Staff Writer*

The former head of the FBI's Los Angeles office, Ted L. Gunderson, now a private investigator, has sued General Telephone Co., alleging that his business telephone had been tapped to allow eavesdropping on confidential conversations.

And what's worse, he told *The Times* on Friday, he was billed for the extra service for 20 months before he knew there was a line linking his Westwood office with a telephone answering service on Pico Boulevard.

"I suspect that it's the government [that monitored his telephone calls] in order to discredit me," Gunderson, 57, said in a telephone interview.

The former special agent said he has been "harassed" by federal agencies since 1981 because of his efforts to vindicate Dr. Jeffrey MacDonald, the former doctor and Green Beret who was convicted of murdering his pregnant wife and two daughters in 1970.

Gunderson said he did not know there was a telephone line linking his Westwood office with the Answerall Telephone Answering Service until he asked the phone company last April why his bills were so high.

He said he learned that he had been paying \$42 a month from October, 1983, for the "extra service."

Gunderson's Los Angeles Superior Court suit contends that General Telephone did the wiring without his knowledge or consent, and that Answerall, also named as a defendant, caused the connection to be made "to listen to privileged telephone conversations and gain access to sensitive information concerning [Gunderson] and his client."

According to the suit, he asked the phone company to investigate the parties who had gained illegal access to his lines and General Telephone "failed and refused to

report the eavesdropping to the proper authorities."

A spokesman for General Telephone told *The Times* that in 1983 "we received an order to place the line in service and the company complied." The spokesman said he thought that the order came "from Mr. Gunderson or one of his associates or the answering service."

"Our investigation showed we did receive an order," said David Elfattal, a General Telephone customer relations representative, "but we couldn't determine whether we received it from him or his employee, so we issued him a credit."

Gunderson said Friday that he eventually got a refund of \$973 from the phone company.

The former FBI agent opened his own investigation agency after his 1979 retirement from his government post. He headed the FBI's Los Angeles office for the last two of

his 27 years with the bureau.

He insists that he has been targeted for harassment by government agencies since he turned over to the Department of Justice signed statements of a woman who said she was a member of a satanic cult, some of whom, she said, invaded MacDonald's home and committed the murders.

Ex-FBI man sues GenTel

Says phone tapped — and he got the bills

By ARNIE FRIEDMAN
Daily News Staff Writer

The former head of the FBI's office in Los Angeles has filed a \$10 million damage suit against General Telephone Co., contending his business telephone had been tapped and he later was billed for it.

Ted L. Gunderson, a private investigator, said he believes the government monitored his telephone to try to find something that could discredit his efforts to vindicate Dr. Jeffrey MacDonald, the former Green Beret doctor convicted of killing his pregnant wife and two daughters in 1970.

Gunderson, 57, said he learned of a secret telephone line into his Westwood office after asking

'I'm getting sick and tired of harassment of me by the FBI and Department of Justice'

— Ted L. Gunderson,
former head of FBI's Los Angeles office

General Telephone officials in April why his monthly telephone bills had been so high.

He said he was being billed \$42 a month since October 1983 for a telephone line that extended from his office to a Pico Boulevard address in Los Angeles. Answerall Telephone Answering Service was at that location until September 1984, he said.

Gunderson said General Telephone eventually provided him with a refund of \$973.35. A company spokesman confirmed Gunderson received the refund for the 20-month period that the line was in service.

"Basically, we gave him the benefit of the doubt that he did not place the order or something

like that," said David Elfattal, a customer relations official with the telephone company.

Gunderson's suit, filed Wednesday in Los Angeles Superior Court, accuses General Telephone of installing the line without his consent or knowledge and contends Answerall Telephone Answering Service, now apparently defunct, allowed his business calls to be overheard while it was operating at the Pico site. Efforts to reach officials and employees who were with the service were unsuccessful.

Elfattal said he did not believe the telephone line would have allowed eavesdropping on Gunderson's calls.

Spokesmen for the FBI and U.S. attorney's office said they knew of no wiretaps involving Gunderson.

Gunderson's attorney, Lenita T. Gibson, said the suit seeks to discover whether the government was eavesdropping on Gunderson's telephone and why.

"I strongly suspect it relates to my involvement in the Jeffrey MacDonald case," Gunderson said.

"I'm getting sick and tired of harassment of me by the FBI and Department of Justice."

Officials with the FBI and U.S.

attorney's office would not comment on the Gunderson accusations.

"We have no knowledge regarding these allegations of Mr. Gunderson," said Laura Henry, spokeswoman for U.S. Attorney Robert Bonner in Los Angeles.

Elfattal said it appeared the answering service had ordered the line to Gunderson's office.

The answering service placed an order for him, but what he's contending is he did not discuss placing an order with anybody," Elfattal said.

Gibson said Gunderson's telephone bill during the period in question was being paid by an accountant unaware of the assessment for the second line. Finally, she said, Gunderson looked over his telephone bill and inquired about the high monthly service cost.

Gibson released a copy of a June 11, 1985, General Telephone voucher showing the \$973.35 refund as an "overpayment" on the account.

Gunderson's attorney said she is seeking \$10 million in punitive damages and unspecified general damages for emotional distress, invasion of privacy and negligence.

Gunderson said he has received no replies to letters he sent to General Telephone offi-

cial seeking to learn why the telephone line had been opened without his knowledge or consent.

Gibson said she had discussed sensitive matters in calls to Gunderson while using him for investigative work on cases. "I was quite alarmed when I found out someone may have overheard our conversations," she said.

"All my work is confidential," Gunderson said. "I'm dealing with informants and clients who are involved in very confidential matters of a sensitive nature."

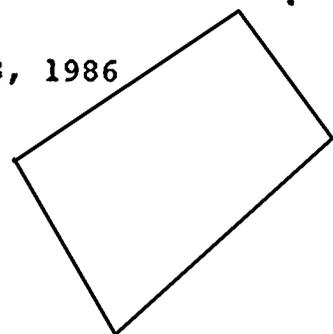

Gunderson headed the FBI's Los Angeles office in 1977-79, when he retired after a 27-year FBI career and opened his own investigations agency.

In 1980, Gunderson began working on MacDonald's case and obtained a statement from a young North Carolina woman supporting the physician's stand that drug-crazed members of a Satanic cult killed his family.

That statement and confessions by five other people, however, have failed to gain MacDonald a new trial for the slayings at Fort Bragg, N.C., that spawned the book and 1984 television movie "Fatal Vision." MacDonald is serving three life sentences at a federal prison in Phoenix.

RE: ALLEGED TAPPING OF TELEPHONE OF
FORMER SAC TED L. GUNDERSON

You requested the facts concerning a
Los Angeles Daily News article dated February 21, 1986,
regarding an allegation there was a tap on the telephone of
former Special Agent in Charge (SAC) Ted L. Gunderson.

Allegedly there was a telephone line installed from
Gunderson's office telephone to Answerall Telephone Answering
Service in Los Angeles. In the newspaper article, Gunderson
denies any knowledge of the line's existence, and is quoted as
saying "I'm getting sick and tired of harassment of me by the FBI
and Department of Justice."

Contact with the Los Angeles Division has failed to
reveal any complaint being filed with the FBI by Gunderson
regarding the matter, nor has any investigation been initiated.
The Los Angeles Division is unaware of anyone being authorized to
tap former SAC Gunderson's telephone lines.

In addition, no information regarding the alleged
telephone tap has been received at FBI Headquarters in the Public
Corruption Unit of the White-Collar Crimes Section which has the
responsibility for interception of communications investigations.

Frederick D. Hess, Director, Office of Enforcement
Operations, Criminal Division, U. S. Department of Justice
advised no requests for court ordered interceptions of telephone
lines of former SAC Gunderson have been received by his office.

NOTE: Mr. GUNDERSON is a retired SAC of the Bureau who has repeatedly made allegations of improprieties on the part of the Bureau in the MAC DONALD case. He wrote to President Reagan on December 31, 1985, repeating the same allegations and asking President Reagan to look into the matter. Fred F. Fielding, Counsel to the President, sent this correspondence to the Deputy Attorney General on February 18th advising that the correspondence was being furnished for whatever action, if any, deemed appropriate and advising of no continuing interest in the matter. The correspondence was forwarded to FBIHQ by Executive Secretariat per Criminal Division, DOJ. SSA [redacted] Fugitive/General Government Crimes Unit, CID, discussed the correspondence with AUSA [redacted] who was a Departmental attorney and worked with the MAC DONALD case and [redacted] was in agreement that it would be inappropriate for the FBI to respond to Mr. Gunderson and he [redacted] would handle the letter. This matter was coordinated with AD Joseph R. Davis, LCD, DAD [redacted], and Section Chief Jeffery S. Jamar, White-Collar Crimes Section, CID, by SSA [redacted]. Pertinent background addressing Gunderson's allegations is attached.

DECLASSIFIED BY 60290

NO deletion per OGA letter 2/23/04

Dear Senator McCain:

I am the former Senior Special Agent in Charge of the F.B.I., Los Angeles, CA Division. I have enclosed a booklet captioned "Satanic Cults - Missing Children", and my letter to Congressman Dan Coats, with enclosures, dated 6/30/87. I have also enclosed an article about Philip Agee that appeared in the New York Post 7/2/87. I prepared and forwarded the above (excluding the New York Post article) to Mr. Coats, and other congressional leaders, because of my concern about the Satanic Cult movement in the United States today.

I have been investigating Satanic Cults for seven years, and have developed extensive information concerning kidnappings (many infants and youngsters), human and animal sacrifices, illicit drug and other criminal activity, etc., by these people. My associates and I have documented that the Satanic Cult movement is involved in a national criminal conspiracy network.

During my contacts with local law enforcement agencies, I have learned that the Federal Government has not been actively involved in investigating Satanic Cults, even though I brought this problem to the attention of the Department of Justice and the F.B.I., several years ago. It was out of concern for this that I recently flew to Washington, D.C. and met with congressional officials and furnished them with the enclosed material.

I had other appointments while on the East Coast, including two television appearances. I noticed the enclosed Philip Agee article while enroute from New York City to Philadelphia, Pennsylvania on 7/2/87.

I am sure that you are aware that Agee, a former C.I.A. agent, published a book which identified C.I.A. agents around the world; some of whom were subsequently murdered (probably as a result of this exposure). Agee is now lecturing throughout the country, apparently without fear of prosecution. Under the circumstances, it is inconceivable that the C.I.A. or Department of Justice would allow him to take advantage of the system he is trying to destroy, without challenging him. He is obviously a turncoat K.G.B. agent who should be in prison.

Senator John McCain
Page Two
July 27, 1987

On the other hand, I can document that the Department of Justice has done everything possible, including blackmail, to prosecute me (see enclosed documents). Since my retirement from the F.B.I., they have had at least four separate investigations of me. It makes me wonder if the long-standing goal of the Soviets to infiltrate our Government agencies has been accomplished, in regard to the Department of Justice.

As a former F.B.I. agent, with more than 27 years of service, who at one time was involved in investigating the Communist Party, U.S.A., and counter-espionage in N.Y.C., I feel more than qualified to ask you to look into this matter.

I also believe that there is a possibility the Soviets are involved to a degree in the Satanic Cult movement in this country.

Thank you.

Sincerely,

TED L. GUNDERSON

AGENDAS

WHY IS THIS MAN NOT IN JAIL?

Philip Agee

PHILIP Agee is back. He said the full-page advertisement in Sunday's New York Times Book Review. And indeed he is. The renegade CIA man — who spent more than a decade traveling from country to country "exposing" alleged CIA agents — has returned to the U.S. to hawk his new book: "On the Run."

Agee, who was described in the same advertisement as a "genuine American hero (and) a role model," entered the country carrying Nicaraguan travel documents — the State Dept. revoked his U.S. passport in 1979. That move was upheld by the Supreme Court two years later in a ruling which noted the nature and purpose of his international travels, and affirmed the U.S. government's absolute interest in restricting them.

Said the high court at the time — quoting from its earlier ruling in *Kennedy v. Mendoza* — "While the Constitution protects against invasions of individual rights, it is not a suicide pact."

This reference to suicide points up a key difference between Agee and other Vietnam era dissidents — including draft-dodgers, deserters and even CIA turncoats: this is someone who goes around the world trying to get people killed.

His first book, "Inside the Company: CIA Diary," included an appendix in which Agee listed the names and locations of all the CIA agents, employes and collaborators he could think of. He went on to make "exposure" a personal crusade

ERIC BREINDEL

and played a key role in the founding of two magazines devoted to identifying alleged CIA agents. Some of the people he named were, no doubt, connected with the agency. Others were not. But this whole business of identifying agents took place at a time when terrorists the world over were murdering people said to have ties to the CIA.

And people who appeared on these various lists were indeed murdered. It would, of course, be impossible — at least in an American courtroom — to prove Agee's complicity without also apprehending the actual triggermen. Moreover, the U.S. government, even now, has good reason not to acknowledge which of the people Agee named were, in fact, affiliated with the CIA.

But make no mistake about it, Philip Agee's activities are a matter of life and death.

That's why, he was expelled from Holland, Great Britain and Belgium at the behest of the U.S. govern-

ment. He lives in West Germany now, and still travels a great deal. His specific knowledge of the CIA is, naturally, way out of date. But he can still show up at conferences in, say, Cuba, or behind the Iron Curtain, and "explain" how the CIA destabilizes governments. It doesn't like.

When the U.S. embassy in Tehran was seized in 1979, he made contact with the Iranian terrorists and urged them to demand CIA documents in exchange for the American hostages. He also volunteered to come to Tehran himself to help analyze the documents. That's when Washington finally acted to revoke his passport.

Agee's attorneys undoubtedly went to some lengths to determine whether he'd be in any legal danger if he returned to the U.S. The fact that he's here — and the Justice Dept.'s declaration

Renegade CIA agent Agee is back in U.S. plugging his book

that there's no outstanding warrant for his arrest — suggests that Washington has found no statute under which to prosecute Agee.

That seems strange. In his books, speeches and articles, he certainly compromised classified information, and made it available to foreign governments. He also vio-

lated the CIA Secrecy Agreement — which he signed upon joining the agency — by publishing material related to his CIA tenure without submitting it for review and approval.

There's something quite galling about watching Agee travel freely about the U.S. — promoting his book on CNN television, and holding forth on foreign policy over National Public Radio — despite everything he's done to harm this country. Observing the spectacle does not engender great confidence in this nation and its free institutions.

To the contrary, this odious sight suggests a country incapable of defending itself against its enemies — if not incapable, even, of recognizing them as such.

Agee's deeds are a matter of public record. It would be interesting to know why he did what he did — whether he was working for the KGB way back when he was still with the agency, or whether he linked up with the International Communist cause only after he jumped ship. But those are ancillary questions.

On the basis simply of what he did publicly during the last 13 years, there must be some way to bring him to account. Has the Justice Dept. really combed the statute books?

FEDERAL GOVERNMENT

Dear Senator McCain:

Your July 31st inquiry of the Department of Justice on behalf of Mr. Ted L. Gunderson, regarding the investigation of "Satanic Cults," has been forwarded to FBI Headquarters and received on September 3rd.

The FBI, as an investigative arm of the Department of Justice, investigates all violations of Federal law falling within our jurisdiction. We do not, however, infringe on the right of either traditional or nontraditional religious groups to participate in activities protected by the First Amendment. If there is evidence that a law coming within our investigative authority has been violated, then the FBI will institute an investigation. Mr. Gunderson may be assured that all allegations of criminal activity by religious cults received by the FBI are carefully reviewed and appropriately addressed.

Mr. Gunderson also mentions his concern that Philip Agee is permitted to travel throughout the country without fear of prosecution for disclosing the names of Central Intelligence Agency Agents. The Intelligence Identities Protection Act was passed subsequent to Mr. Agee's disclosure of the names of covert agents; therefore, Agee is not subject to the provisions of that Act.

Your enclosures are being returned as requested.

Sincerely yours,

Gunderson is a retired (1979) SAC who has repeatedly made allegations of improprieties on the part of the FBI in the Jeffrey McDonald murder case. McDonald was convicted in 1979 for murdering his wife and two children while serving as a physician in the U.S. Army at Fort Bragg, North Carolina. Gunderson was hired as a private investigator following McDonald's trial.

Gunderson was one of the subjects of an Obstruction of Justice investigation initiated in 1982 based upon information provided by Drug Enforcement Administration involving a major methamphetamine laboratory case. One of the subjects was arrested by local authorities while she attempted to plant drugs on a key witness thereby contributing to the arrest and discredit of the witness. The subject claimed she had been recruited by Gunderson and others to discredit the witness. In October, 1983, the U.S. Attorney, Fresno, California, declined prosecution of all subjects in the investigation.

Gunderson was one of several subjects of an Advance Fee/Fraud by Wire investigation initiated in September, 1982, regarding allegations fraudulent letters of commitment were issued through Dekla International (DI), Dallas, Texas, to finance speculative business ventures in the United States with overseas loans. One of the commitment letters were signed by

Los Angeles County Sheriff's Office

Gunderson who served as president of DI for approximately six weeks. Gunderson unsuccessfully participated in efforts to locate funding for clients through contact with foreign financial sources. In June, 1985, the United States Attorney, Northern District of Texas, declined prosecution of Gunderson due to the amount of loss, the relative weakness of prosecutive evidence and related strength of the defenses available.

In December, 1988, Gunderson submitted documents to the FBI for review pertaining to the McDonald murder case. He alleged crime scene and evidence gathering procedures were incomplete and improper; forensic examinations conducted by FBI Laboratory resulted in misidentification and subsequent coverup by Agents and prosecutors in the McDonald murder case. Gunderson was advised in June, 1989, based upon a review of the documents and information he provided, no inconsistencies were found in the prior FBI Laboratory results with regard to the evidence examined.

This response was coordinated with SA CLUI, LCO, who advised the FBI could only vouch for Gunderson's FBI career for purposes of the California statutes.

Mr. Theodore L. Gunderson

The following pertains to the former employment in the Federal Bureau of Investigation of captioned individual.

Theodore L. Gunderson, SSAN 361-16-5843, was appointed a Special Agent of the FBI on December 10, 1951, and served in that capacity until his honorable retirement on March 30, 1979. During his career, he served in several offices, including the Los Angeles FBI Office from September, 1977, to March, 1979.

His services were satisfactory and nothing was known which would reflect unfavorably on his character during the period of employment with this Bureau.

During his tenure as a Special Agent of the FBI, he was given annual medical examinations and he was authorized to carry a firearm. This individual participated in periodic firearms training and he continuously qualified to carry a weapon.

The FBI cannot attest to the present medical fitness and firearms proficiency of this former Special Agent. However, based on his performance during his FBI service, the FBI possesses no information which would preclude granting him the privilege of carrying a concealed firearm in accordance with California Penal Code, Section 12027, paragraph (i) as amended.

Dear Judge Sessions:

The April, 1992 issue of the *National Educator*, a subscription publication, contains an article about the Franklin Credit Union investigation in Omaha, Nebraska. The following information is attributed to me:

This entire matter has been examined and confirmed by the renowned private investigator, Ted Gunderson of Los Angeles, who retired after 28 years in the FBI as senior special agent in charge of the Los Angeles office. Gunderson's probe has revealed a huge coverup by the Nebraska attorney general, the US Attorney and by the FBI itself. He has found that homosexuality and pedophilia are rampant in these agencies.

As soon as I learned about this I called the writer [redacted] and informed him I have never made the above allegations about pedophilia or homosexuality in the Nebraska Attorney, U.S. Attorney General or FBI offices. I also informed him that it would be more accurate to state that there appears to be a coverup by law enforcement officials in the state of Nebraska. He advised he would print a retraction in the May, 1992 issue.

b6

I will furnish you a copy of the retraction as soon as it is available.

Sincerely,

Ted L. Gunderson

JOHN BRUCE CAMPBELL
National Educator Columnist

Many of us think that George Bush's 'Skull & Bones' is the ugliest skeleton in his packed closet. His 45 year membership in that death worshipping, rich men's cult gave us fair warning that, with presidential power, he would sow death and destruction here and abroad.

This has certainly come true with his operations Just Cause and Desert Storm. The year 1993 and beyond may show us the final plans of the Brotherhood of Death.

There is now another clue to his fiendishness. We find it in, of all places, Nebraska, with the collapse there of the Franklin Federal Community Credit Union. Franklin Credit Union, according to charges before the Nebraska State Senate, was a front for CIA covert operations, drug money laundering and embezzlement of government funds. It was also a cover for a child sex ring which procured children for many of the most powerful men

Franklin was promoted and funded by Harold W. Andersen, a member of the Council on Foreign Relations and publisher of the Omaha World Herald. He is a major supporter of the Anti-Defamation League. Andersen persuaded fellow CFR member Drew Lewis, chairman of Union Pacific Railroad, and Clayton

Yeutter, financial director of ConAgra Corp., to fund Franklin, too — supposedly for the benefit of Blacks. Lewis was Treasury Secretary under Reagan. Yeutter was Bush's Agriculture Secretary and chairman of the GOP. It is alleged in the Senate investigation that Union Pacific and ConAgra are both run entirely by homosexuals and pedophiles.

Franklin Credit Union was run by Lawrence King, Jr., a personal friend of George Bush. King was identified by over 80 child victims as the head of a massive child sex, homosexual and pornography racket based in Omaha. Three of them, Eulice, Tracey and Natasha Webb, described to authorities how, in 1985, they were flown regularly to New York and Washington with other children to 'parties' hosted by King. Eulice named George Bush as being in attendance on at least two occasions. All the children were fed into the racket by foster parents who themselves were approved by the corrupt Nebraska Department of Social Services. Most of the children are Blacks whose parents sold them into slavery for drugs. They sold them to the Department of Social Services. The Webb girls ran away from their abusive foster parents and their miserable statements led to the cautious exposure of this vile phenomenon. Eulice was subjected to four polygraph tests and was found to be completely

truthful. These took place in 1985 and 1986, while Bush was still Vice President. Nebraska Senate investigator Jerry Lowe interviewed Eulice on 8 May, 1989 in Omaha and his report, page 9, continues as follows:

"... wanted Eulice, however, Lawrence King told him no. Eulice indicated that she could remember the men grabbing the boys.

"Eulice indicated that she recognized George Bush as coming to the party and that Bush had two large white males with him. Eulice indicated Bush came to the party approximately 45 minutes after it started and that he was greeted by Lawrence King. Eulice indicated that she knew George Bush due to the fact that he had been in political campaigns and also she had observed a picture of Bush with Lawrence King at King's house in Omaha. Eulice also indicated that she recognized some other people who were friends of Mr. King at the party although she could not identify them.

"Furthermore Eulice indicated that at some point after Bush and the two white males who accompanied him came to the party that they left with the black male she identified as

Brandt. Eulice indicated that she never saw Brandt at the party after he left with Bush..."

The sadistic amusements of some of these fiends, as described in the Senate reports, cannot be repeated here; they are too horrifying. Generally, however, their depravities include torture, mutilation and murder of children and infants, according to Shawnetta Moore, who was interviewed in a hospital where she was treated for severe trauma.

A number of people — racketeers, victims, witnesses and an investigator — have been murdered to frighten others into silence. Craig Spence, alleged by the Washington Times in June, 1989 to have taken a group of homosexual prostitutes on a guided tour of the White House, was one. He was King's partner in the child pornography business. Kathleen Sorenson, to whom the Webb girls first told their story about Bush, was murdered shortly thereafter. On 11 July, 1990 the special investigator for the Senate committee, Gary Caradori, was killed when witnesses reported "a bright flash of light and a loud bang" just before his light plane disintegrated and crashed. His eight

year old son died with him. Larry King tried desperately to meet with Bush at a breakfast meeting with Nebraska Governor Orr but was arrested by the Secret Service and taken to the federal mental 'hospital' at Springfield, Missouri and declared mentally incompetent. This was later dropped when he plea bargained his guilt in the Franklin Credit Union collapse. The child sex and murder crimes were not brought up, naturally. This entire matter has been examined and confirmed by the renowned private investigator, Ted Gunderson of Los Angeles, who retired after 28 years in the FBI as senior special agent in charge of the Los Angeles office. Gunderson's probe has revealed a huge cover-up by the Nebraska attorney general, the U.S. Attorney and by the FBI itself. He has found that homosexuality and pedophilia are rampant in these agencies.

Is this America's final disgrace?

Mr. Theodore L. Gunderson

The following pertains to the former employment in the Federal Bureau of Investigation of captioned individual.

Theodore L. Gunderson, 361-16-5843, was appointed a Special Agent of the FBI on December 10, 1951, and served in that capacity until his honorable retirement on March 30, 1979. During his career, he served in several offices, including the Los Angeles FBI Office from September, 1977, to March, 1979 .

His services were satisfactory and nothing was known which would reflect unfavorably on his character during the period of employment with this Bureau.

During his tenure as a Special Agent of the FBI, he was given annual medical examinations and he was authorized to carry a firearm. This individual participated in periodic firearms training and he continuously qualified to carry a weapon.

The FBI cannot attest to the present medical fitness and firearms proficiency of this former Special Agent. However, based on his performance during his FBI service, the FBI concurs that he should be granted the privilege of carrying a concealed firearm in accordance with California Penal Code, Section 12027, paragraph (1) as amended.

NOTE: By letter dated 8/1/91, Lt. [redacted] Office of the Undersheriff, Los Angeles County Sheriff's Office, requested revised memoranda concerning 36 former FBI Special Agents. The revisions involve a concurrence statement as required by the California Penal Code Section 12027 (i). See [redacted] letter to [redacted] Principal Deputy, Office of County Counsel, Los Angeles, California, dated 7/1/91.

The revised statement was reviewed and approved by SA [redacted], Civil Litigation Unit I, Legal Counsel Division.

The authority/guidelines for Executive Agencies Dissemination Unit, IMD, to disseminate information concerning requests of retired Special Agents seeking a weapon's permit pursuant to California Penal Code, Section 12027 as amended is set forth in [redacted] to Mr. Christensen memorandum dated 3/4/91, captioned "Certification Request of Retired Special Agents Seeking Weapons Permit Under California Law, Dissemination of Information."

This matter was also coordinated by Unit Chief [redacted] EADU, IMD, with SA [redacted], Civil Litigation Unit I, and Deputy Assistant Director Thomas A. Kelly, Legal Counsel Division.

This memorandum replaces one dated 5/20/91.

Gunderson is a retired (1979) SAC who has repeatedly made allegations of improprieties on the part of the FBI in the Jeffrey McDonald murder case. McDonald was convicted in 1979 for murdering his wife and two children while serving as a physician in the U.S. Army at Fort Bragg, North Carolina. Gunderson was hired as a private investigator following McDonald's trial.

Gunderson was one of the subjects of an Obstruction of Justice investigation initiated in 1982 based upon information provided by Drug Enforcement Administration involving a major methamphetamine laboratory case. One of the subjects was arrested by local authorities while she attempted to plant drugs on a key witness thereby contributing to the arrest and discredit of the witness. The subject claimed she had been recruited by Gunderson and others to discredit the witness. In October, 1983, the U.S. Attorney, Fresno, California, declined prosecution of all subjects in the investigation.

Gunderson was one of several subjects of an Advance Fee/Fraud by Wire investigation initiated in September, 1982, regarding allegations fraudulent letters of commitment were issued through Dekla International (DI), Dallas, Texas, to

Mr. Theodore L. Gunderson

finance speculative business ventures in the United States with overseas loans. One of the commitment letters was signed by Gunderson who served as president of DI for approximately six weeks. Gunderson unsuccessfully participated in efforts to locate funding for clients through contact with foreign financial sources. In June, 1985, the United States Attorney, Northern District of Texas, declined prosecution of Gunderson due to the amount of loss, the relative weakness of prosecutive evidence and related strength of the defenses available.

In December, 1988, Gunderson submitted documents to the FBI for review pertaining to the McDonald murder case. He alleged crime scene and evidence gathering procedures were incomplete and improper; forensic examinations conducted by FBI Laboratory resulted in misidentification and subsequent coverup by Agents and prosecutors in the McDonald murder case. Gunderson was advised in June, 1989, based upon a review of the documents and information he provided, no inconsistencies were found in the prior FBI Laboratory results with regard to the evidence examined.

This response was coordinated with SA CLUI, LCO, who advised the FBI could only vouch for Gunderson's FBI career for purposes of the California statutes.

When asked if there was any reason why anyone would send him a threatening letter, Gunderson told how a satanic cult out of Washington, D.C. called the Bohemian Grove (BG) has a contract out on him. The BG wants to kill Gunderson to prevent him from exposing that they are behind the terrorist movement. There are approximately 4,000,000 satanic cult members in the United States. BG is headed by the President of the United States. The cult has a poison that will kill someone in 30 seconds and will look like a natural heart attack.

Ted Gunderson, born November 07, 1928, Social Security Account Number 361-16-5843 of 750 Royal Crest #237, Las Vegas, Nevada was interviewed at the United States Postal Service (USPS) office located at 101 Convention Center Drive, Las Vegas, Nevada. After being advised of the identities of the interviewing agents and the purpose of the interview, Gunderson provided the following information:

Gunderson retired from the FBI after 27 years, his last assignment was as Special Agent in Charge (SAC) Los Angeles. Gunderson does not like the FBI because he has provided information on a kidnaping ring and other crimes which have not been investigated by the FBI.

The last 23 or 24 years Gunderson has investigated satanic cults and has worked as a Private Investigator (PI) in Los Angeles, California. Gunderson does not have a license to be a PI in Las Vegas, Nevada.

On November 26, 2003, Gunderson retrieved his mail from AAA Mail Etc, PO Box 18000-259, Las Vegas, Nevada. Gunderson sat behind the steering wheel of his car in the parking lot and opened a letter addressed to him. Gunderson was busy over the Thanksgiving holiday so he waited until December 2, 2003 to take the letter to the USPS.

Although Gunderson has been threatened in the past, this is the first threat letter he has received. Gunderson is not concerned by the letter because he believes that the individual who sent it is a nut.

Gunderson believes that the wording at the end of the letter is Gaelic.

When asked if there was any reason why anyone would send him a threatening letter, Gunderson told how a satanic cult out of

Gunderson reviewed the letter in front of the interviewing agents and saw nothing that was familiar or pointed to anyone that he knew.

Gunderson knew that [redacted] who is referenced in the letter is a District Attorney in Los Angeles, California. When asked how he knew this, Gunderson replied that he must have read about [redacted] in newspapers.

Gunderson has been to the United Kingdom approximately six or seven years ago and has a friend that lives there.

Gunderson has a Internet website www.tedgunderson.com where he talks about conspiracy theories including the FBI having information about the 9/11 attacks in March of 2001 but did not act on the information. Gunderson believes that he met Usama Bin Laden in Los Angeles in 1986.

Gunderson has agreed to provide copies of his reports, affidavits and a video tape that he made which discuss many of his theories to the interviewing agents.

Gunderson believes that he has been the subject of an assassination attempt. Gunderson avoids crowds and always travels with another person in an attempt to avoid being killed by the cult. A window in his daughter's apartment was shot out which he believes was directed at him.

On November 26, 2003, Gunderson retrieved his mail from AAA Mail Etc, PO Box 18000-259, Las Vegas, Nevada. Gunderson sat behind the wheel of his car in the parking lot and opened a letter addressed to him. Inside the letter was a tan, coarse powder, he described as looking like ground concrete, and a letter. When he pulled the letter from the envelope some of the powder got on him. Gunderson put the letter back into the envelope and drove to his residence where he put the letter into a plastic sandwich bag. Gunderson then washed his hands and his clothes. Gunderson was busy over the Thanksgiving holiday so he waited until December 2, 2003 to take the letter to the USPS.

When asked if there was any reason why anyone would send him a threatening letter, Gunderson told how a satanic cult out of Washington, D.C. called the Bohemian Grove (BG) has a contract out on him. The BG wants to kill Gunderson to prevent him from exposing they are behind the terrorist movement. There are approximately 4,000,000 satanic cult members in the United States. BG is headed by the President of the United States. The cult has a poison that will kill someone in 30 seconds and will look like a natural heart attack.

Gunderson has a Internet website www.tedgunderson.com where he talks about conspiracy theories including the FBI having information about the 9/11 attacks in March of 2001, but did not act on the information. Gunderson has spent \$8,000 of his own money to send copies of his 9/11 reports to every member of the Congress, Senate, Colin Powell and the President of the United States, without any response.

[redacted] of the Clark County Fire Department checked the letter for radiation and also used an atmospheric monitor to check H2S, CO, O2 and LEL levels, no readings above background were noted.

b6
b7C

The letter was sent the Nevada State Health Laboratory (NSHL) in Reno, Nevada. The results of the test performed at the lab showed no Bacillus Anthracis, Yersinia Pestis, Francisella Tularensis or Brucella Species in the powder. The laboratory was unable to obtain a result for the real time Polymerase Chain Reaction (PCR) for biological agents. The PCR was inhibited or quenched by a highly colorimetric sample of inorganic origin.

The NSHL report was faxed to [redacted] at the Hazardous Materials Response Unit (HMRU) for review. [redacted] determined the documents are safe to proceed with further examination at the FBI laboratory, based on the NSHL results.

This letter has been linked to multiple letters collected by the Los Angeles FBI office. The letter has the same post mark, return address and was signed in the same manner as the Los Angeles letters with what appears to be a Gaelic message and the name Gelynglas.

It is requested the tests be performed in the order listed, if possible. All results of examination should be compared to the results obtained in the Los Angeles case (279B-LA-234125).

Mr. Gunderson:

I understand that your efforts to communicate with the Los Angeles Police Department (LAPD) appear to have been frustrated. We will make every effort to accommodate you and address those safety concerns that fall under the purview of the LAPD. I am sure that you understand the resources of this office are limited to the local Los Angeles area.

I have received previous correspondence from you regarding your safety concerns. In my review, other than annoying telephone calls, I only discovered one incident that could be actionable by local law enforcement (LAPD). That incident is the "shots fired into an inhabited dwelling" or "vandalism" to your daughter's window. Normally, this type of investigation at the local law enforcement level requires immediate on scene review. We were not notified of the concern until months after the discovery. Additionally, no formal report of the annoying telephone calls was ever completed. Despite the delay, and due to your status in the law enforcement community, I contacted the Federal Bureau of Investigation Los Angeles Office (FBI LA) to make your concerns known. FBI LA referred me to FBI Las Vegas as that is your residence location. FBI Las Vegas requested that all original documents be forwarded to them.

I assure you that the Los Angeles Police Department is concerned for the safety of our public. To begin action in your case, we need a formal report made by yourself, or your daughter. If your daughter wishes to file a crime report concerning the damage to her window, please contact us so we can make arrangements to do an on scene investigation. Either one of you can make an annoying/threatening calls report in person, or over the telephone. Feel free to call me at the number below, or our STORM desk, at (213) 485-4328, to make that report. I currently have none of the previous correspondence as the originals were forwarded to FBI Las Vegas. Similarly, the original of the newest letter should be taken in to the local law enforcement agency there in Las Vegas, or delivered to FBI Las Vegas.

Please feel free to contact me at [REDACTED] I hope I can help you address your safety concerns.

Sincerely

Re: Telephone Trap

Dear Detective [REDACTED]

I do not understand why I have not heard from you regarding my multiple requests via telephone and letter (dated November 14, 2003) for the information gleaned from the telephone trap you placed on my Los Angeles telephone line (323-651-0895).

I am a former fellow law enforcement officer. Someone attempted to kill me on October 15, 2003 and October 24, 2003. You are in possession of the information from the telephone trap as to the identity of the person(s) responsible for the seven threatening telephone calls made to me during October, 2003.

1. Are you conducting an investigation?
2. If so, why have you told me nothing?
3. If not, why not? Is there something you are not allowed to tell me?
4. Are the people involved so prominent in political circles that you are not allowed to implicate them?

If you do not wish to investigate this matter, please allow me the opportunity to investigate for myself. I have that right.

I have been sequestered in my Las Vegas condo for several months now and my daughter is constantly traveling. We must safeguard ourselves from these threats and attempts. Neither my daughter or myself wish to live my entire life in this fashion.

The enclosed letter proves that this case is on-going. It was a threatening letter received by me on November 26, 2003.

If you refuse to investigate and something happens to me and/or my daughter, my heirs will be compelled to file a lawsuit against the City of Los Angeles that will make headlines around the world, not to mention the millions of dollars when my family is the prevailing party due to your negligence.

What disturbs me the most is that we are in the same fraternity, fellow law enforcement officers. We should have a personal concern to protect each other.

If I do not receive a response to my request within 10 days of the receipt of this letter, I will assume you have no interest in this matter, and I will pursue my legal remedies.

Please correspond to me at my home address or call me at the number below:

RE: More Fallout from 9-11 Terrorism Report

AFFIDAVIT ADDENDUM No. 3

I, Ted L. Gunderson, the Affiant herein, being over the age of majority, and having first-hand knowledge of the facts and events described herein, continuing from October 19, 2003 until even date herewith, concerning covert surveillance of Affiant and Affiant's friends, harassment(s) in the form of telephone calls, and overt/covert threats against Affiant life, and lastly, attempts on Affiant life. Affiant does hereby state that this Affidavit contains the true facts as Affiant knows and understands them to be, and that this affidavit is true, correct and complete to the best of Affiant's knowledge, information and belief.

FACTS

1. On November 26, 2003, at around 4:00 p.m. Affiant retrieved his mail from his mailbox in Las Vegas. An associate accompanied him. In Affiant's mailbox was a letter from [redacted] [redacted] Affiant opened the letter and was immediately showered with a fine mist of red, brown and beige powder. Affiant immediately washed his hands at the mailbox center, then turned his attention to the letter (attached). This letter reads:

"Dear Mr. Gunderson,

We hear you've been poking around in business to make our [redacted] look bad. If you value what little of a life you have chasing your imaginary conspiracies, you stupid old man, you'll steer far and wide of this business unless you want an enema of boiling lead serviced to you arse. You're a little too old to be running about like you're Fox bloody Moulder on the telly. That is fiction; this is real life. In real life the heroes are those who fight the imperial cunts like the US and the UK, those whose greatest weapon is the heart. AFFIANT suggest you engage in a more leisurely pastime like paying a visit to that Jack Kavorikian fellow. AFFIANT hear he has an excellent cure for life.

Anau'r euog ydyw'r gwir!
Gelynglas"

2. On November 26, 2003, Affiant was a guest on the radio talk show "Talk at 10:00", WFOB, 1430 A.M. of Fostoria, Ohio. When Affiant talked about the 9-11 cover-up, the show went off the air and all that was heard was static.
 - a. This happened two times during the show, the first lasting three minutes, the second time lasting seven minutes. The host of the show told Affiant he could hear Affiant on the telephone and even though there were no technical problems transmitter or any of the equipment, only static was heard on the air. This had never occurred before on this station.
 - b. Affiant talked to the radio talk show host on December 22, 2003, who advised Affiant that this problem has not recurred since November 26, 2003.
 - c. The show during which Affiant was the guest was the only time in the history of the station when the station had the problem.
 - d. If the Illuminati and New World Order satanists continue with this harassment, they will make a "poster boy" out of Affiant.
3. On December 1, 2003, at around 5:00 p.m., Affiant and two friends went to the substation for the Las Vegas Metropolitan Police to report Affiant's four handguns as stolen. When they returned to Affiant's truck, which was parked in front of the substation, Affiant immediately noticed that the windshield wipers had been engaged. The windshield wiper stick is located on the opposite side of the steering column from the directional signal stick.
4. On December 2, 2003, Affiant called the Postal Inspector's office at (702) 796-5272 and described the threatening letter to [redacted] who then asked Affiant to bring the letter described in Item 1 above (see attached) and the contents into the Postal Inspector's office. Affiant immediately took the threatening letter to the Postal Inspector's office at 101 Convention Center drive, Suite 1050 in Las Vegas, Nevada.
 - a. When Affiant arrived at the Postal Inspector's Office, he was greeted by [redacted] [redacted] who informed someone behind the locked door of Affiant's arrival.
 - b. Later, FBI Agents [redacted] and [redacted] along with [redacted] [redacted] the Postal Inspector, interviewed Affiant for approximately one hour.
 - c. The interview covered the threatening letter as well as the cases described in the attached letter dated 12/09/03 written by Affiant to [redacted] FBI Special Agent-in-Charge in Las Vegas, Nevada.

Q3 Unknown substance from Q1-Q2

This report contains the results of the chemistry examinations.

Results of Examinations:

Specimen Q3 was consistent with a mixture of potassium ferricyanide, barium carbonate and starch. Potassium ferricyanide has various uses including photography, blueprints, and wood staining. Barium carbonate is used as a rat poison, as well as a component in ceramics, paints, and enamels. The unknown substances (Q3 and Q6) in the Los Angeles submission (279B-LA-234125, 040224010 PM PU) were consistent with a mixture of potassium ferricyanide, barium carbonate and starch, as well as zinc phosphide, which was not detected in specimen Q3 above.

Results of Examinations:

The submitted envelope and threatening letter, designated Q1 and Q2, were searched in the Anonymous Letter File without effecting an association. The appropriate information was added to this file for future reference.

No indentations or watermarks were observed on Q1 and Q2 which would indicate the source of the envelope and letter.

The printed text appearing on Q1 and Q2 was produced by an office machine system utilizing ink jet technology. This technology is commonly found on ink jet printers and copiers.

The 2002, thirty-seven-cent, self-adhesive "Antique Toys" USA postage stamp submitted affixed to the Q1 envelope was compared to the "Antique Toys" postage stamps submitted in bureau case file number 279B-LA-234125 (Laboratory number 040224010 PF MM). It was determined the bottom edge of the Q1 stamp was at one time attached to the postage stamp affixed to the Q1 envelope submitted in the Los Angeles file number.

This report contains the results of the questioned document examinations.

Results of Examinations:

Anonymous Letter File

The submitted threat letters and corresponding envelopes were searched in the Anonymous Letter File and specimens Q1, Q2, Q4 and Q5 were associated by wording to the threat letter and envelope submitted by the Las Vegas Division in Bureau file number 279B-LV-37611 and assigned Laboratory number 040123015 MM.

Postage Stamps

The 2002, thirty-seven cent, self-adhesive "Antique Toys" USA postage stamps submitted affixed to the Q1 and Q4 envelopes were intercompared as well as compared to the "Antique Toys" postage stamp submitted in Bureau case file number 279B-LV-37611. It was determined that these three stamps originated from the same postal stamp booklet in the following arrangement: the left edge of the Q1 postage stamp was at one time attached with the right edge of the Q4 postage stamp and top edge of the Q1 stamp was at one time attached to the bottom edge of the Q1 postage stamp submitted in the Las Vegas file number. A digital printout of this arrangement is enclosed.

The 2002, sixty cent, self-adhesive "Coverlet Eagle" postage stamp affixed to the Q7 envelope may be associated with other stamps originating from the same sheet.

Should any like stamps be located during the investigation they may be submitted to this Laboratory for comparison. The Q7 stamp should be resubmitted at that time.

Torn Edges

The torn edges of Q16 and Q17 may be positively associated with the remainder of the sheet(s) from which they were torn. Should any suspect paper with torn edges be located during the investigation, they may be submitted to this Laboratory for comparison. The Q16 and Q17 paper fragments should be resubmitted at that time.

Indented Writing/Indentations

Indentations were observed on Q17 which originate from the typewritten impression appearing on Q16. No remaining indented writing/indentations was observed on the submitted specimens.

Watermarks

No watermarks were observed on Q1, Q2, Q4, Q5 and Q7 through Q17 which would indicate the source of the paper. However, the Q7 envelope has a blue security pattern and a manufacturer's mark that indicates it was manufactured by Mead/Westvaco in their Alexandria, Pennsylvania Plant. For your investigative assistance, Mead/Westvaco School and Office Products Division's offices are located at Courthouse Plaza Northeast Dayton, Ohio 45463.

Printing

The printed text appearing on Q1, Q2, Q4 and Q5 was produced by an office machine system utilizing ink jet technology. This technology is often found on ink jet printers and copiers.

Typewriting

Specimens Q8 through Q16 were produced utilizing a single element typewriter and the style of the type most closely corresponds to the Laboratory standards for a Brougham style of type found on Brother typewriters and possibly others. No typewriting defects were observed however, the typewritten impressions were made utilizing a carbon film lift-off ribbon which retains readable text. This typewriter ribbon(s) as well as the lift-off correction ribbon(s) may be positively identified to this questioned threat letter. Should any suspect typewriter ribbons be located during this investigation, they should be submitted to this Laboratory for comparison. Specimens Q8 through Q16 should be resubmitted at that time.

Handwriting

Should a handwriting comparison be requested in this matter, it is suggested that dictated and undictated known writing be obtained from logical suspects and submitted to this Laboratory for comparison. Dictated exemplars should be hand printed in pencil on business size envelopes using the addresses from the Q7 envelope. Each envelope should be removed from the view of the writer upon completion and the writer should not view the

questioned envelope. Possible sources of normal course of business undictated known writing include personal correspondence, business records, and personnel forms.

Remarks:

A digital record of the above listed specimens is retained. These specimens will be returned under separate cover at the conclusion of the FBI Laboratory examinations.

Date specimens received: January 23, 2004

The specimen listed below was examined in DNA Analysis Unit I:

Q1 White envelope postmarked "MANCHESTER NH 031 PM 22 NOV 2003"
bearing a printed address "Ted Gunderson PO BOX 18000-259 Las Vegas NV
89114"

This report contains the results of the nuclear DNA analysis examinations.

Results of Examinations:

Deoxyribonucleic acid (DNA) was isolated from specimen Q1 (a sample taken from the flap and corresponding portion of this envelope) and subjected to DNA typing by the polymerase chain reaction (PCR) at the amelogenin sex typing locus and the thirteen (13) short tandem repeat (STR) loci of the AmpF ϕ STR \circledR Profiler PlusTM ID and AmpF ϕ STR \circledR COfilerTM

PCR Amplification Kits. The DNA typing results are detailed below.

The DNA typing results obtained from specimen Q1 were compared to those obtained from specimens Q1 and Q7 (each a sample taken from the flap and corresponding portions of these envelopes) submitted under cover of the communication dated December 5, 2003, and assigned FBI File Number 279B-LA-234125 and FBI Laboratory Number 040224010 PF HZ. The latter specimens Q1 and Q7 will hereafter be referred to as Q1(279B-LA-234125) and Q7(279B-LA-234125), respectively, to further distinguish them from the other specimens tested by the FBI Laboratory in this matter.

The STR typing results for specimen Q1 indicate the presence of DNA from two or more individuals. Based on the amelogenin typing results, the major contributor to the mixture of DNA obtained from specimen Q1 is male. The STR typing results for the major contributor to the mixture of DNA obtained from specimen Q1 will be entered into the Combined DNA Index System (CODIS). Additionally, a known blood sample from any individual who may have contributed biological material to specimen Q1 should be submitted to the Laboratory for comparison purposes.

It is noted that the STR typing results obtained from the major contributor to the mixture of DNA obtained from specimen Q1 and the results from specimen Q1(279B-LA-234125) and those from the major contributor to the mixture of DNA obtained from specimen Q7(279B-LA-234125), are the same and, therefore, are consistent with having arisen from the same individual.

No other nuclear DNA analysis examinations were conducted.

① 279B-LV-37611

279B - LV - 37611 - 18

Results of Examinations:

Deoxyribonucleic acid (DNA) was isolated from specimens Q1 and Q7 (each a sample taken from the flap and corresponding portion of these envelopes) and subjected to DNA typing by the polymerase chain reaction (PCR) at the amelogenin sex typing locus and the nine (9) short tandem repeat (STR) loci of the AmpF ℓ STR \circledR Profiler Plus $^{\text{TM}}$ *ID* PCR Amplification Kit. Insufficient DNA was obtained from specimens Q1 and Q7 for typing at the genetic loci of the AmpF ℓ STR \circledR COfiler $^{\text{TM}}$ PCR Amplification Kit. The DNA typing results are detailed below.

The DNA typing results obtained from specimens Q1 and Q7 were compared to those obtained from specimen Q1 submitted under cover of the communication dated January 7, 2004, and assigned FBI Case ID Number 279B-LV-37611 and FBI Laboratory Number 040123015 PF HZ. The latter specimen Q1 (a sample taken from the flap and corresponding portion of this envelope) will be referred to as specimen Q1(279B-LV-37611) to distinguish it from other specimens tested by the FBI Laboratory in this matter.

The STR typing results for specimen Q1 indicate the presence of DNA from a single individual. Based on the amelogenin typing results, the DNA obtained from specimen Q1 is of male origin.

The STR typing results for specimen Q7 indicate the presence of DNA from three or more individuals. Based on the amelogenin typing results, the major contributor to the mixture of DNA obtained from specimen Q7 is male.

It is noted that the DNA typing results from specimen Q1 and from the major contributor to the mixture of DNA obtained from specimens Q7 and Q1(279B-LV-37611) are the same and, therefore, are consistent with having originated from the same individual.

The STR typing results for specimens Q1 and Q7 do not meet the requirements for the National DNA Database (NDIS); however, these results will be entered, searched, and maintained in the local FBI database. It is noted that the STR typing results for the major contributor to the mixture of DNA obtained from specimen Q1(279B-LV-37611), which are consistent with those obtained from specimens Q1 and Q7, will be entered into the Combined DNA Index System (CODIS). Additionally, a known blood sample from any individual who may have contributed biological material to specimens Q1 and Q7 should be submitted to the Laboratory for comparison purposes.

No detectable DNA was recovered from specimen Q4 (a sample taken from the flap and corresponding portion of this envelope); therefore, no short tandem repeat (STR) analysis was conducted.

No other DNA analysis examinations were conducted.

Mr. Richard Bretzing
Special Agent in Charge
Federal Bureau of Investigation
11000 Wilshire Blvd.
Los Angeles, CA 90024

Dear Mr. Bretzing:

I am enclosing a report concerning [redacted] who is a source for your Dallas investigation of me and Dekla International.

b6
b7C

I am disappointed with the attitude of some F.B.I. personell towards me and their approach concerning an investigation in which I am reportedly involved.

b7D

[redacted] who were operating a company known as SASS International, (later changed to Dekla International). I was introduced to these people through a respected Dallas business man. These people were arranging business loans in the United States from a trust fund in Holland.

Initially I was not involved in their financial or business transactions, however, they allowed me to use their offices to operate my Los Angeles firm. After one month they asked me to be president of the company. Since I had seen nothing indicating any improprieties I accepted the position on 8/5/82. Even though I was president I had limited dealings with the organization.

b6
b7C

On 8/26/82 I learned that Dekla was under investigation by the Dallas County and Los Angeles County District Attorney's Office. I had also learned that Mr. [redacted] was a convicted felon. After I learned of this I resigned and I offered my services to both District Attorney's Offices. They accepted and I have had extensive interviews with them. They agreed to protect me when I volunteered sensitive and confidential information.

b6
b7C

I subsequently learned from [redacted] one of Dekla's clients, that the F.B.I. was also investigating Dekla.

b6
b7C

[redacted]
Page 2

I was informed that F.B.I. agent [redacted] told [redacted] [redacted] during his interview that I was a con-artist and had been living off my F.B.I. reputation for years, (hardly a professional approach for an investigation).

b6
b7C

I contacted the F.B.I. and volunteered my services and I was told it was too early to interview me as they had to develop more information. I told F.B.I. agent [redacted] that if there was a case I would help the F.B.I. develop it. After talking to F.B.I. agents and the SAC, I was finally interviewed at my insistence.

When I was told during the interviews that the F.B.I. would take no special precautions with sensitive information I had planned to give them, I discontinued the interview. I told SAC Kelly that the F.B.I. protects information from informants, so why not me. He stated I was not an informant.

Most recently I have learned that the F.B.I. is still attempting to develop the case with the thought of presenting it to a Grand Jury. I have also learned that the F.B.I. is attempting to implicate me somehow.

In my letter to Judge William H. Webster, 10/6/82, I identified individuals who can document that at least one of your Dallas agents is biased, I also documented the fact that a Dallas agent has confided information from the Dallas files to [redacted]. Since then I have learned of another instance where confidential information from the F.B.I. was given to [redacted] [redacted] is obviously a confidential F.B.I. Dallas source. Before you use her as a witness I suggest you carefully review the enclosed investigation concerning her. She is totally unreliable.

b6
b7C

Witnesses and I have recorded our telephone conversations with both your F.B.I. Dallas personell and [redacted] Comments were made by [redacted] and F.B.I. personell which are libelous and embarrassing to the F.B.I.

I realize it is possible to indict an individual with little difficulty, however, since I can document information contained in this letter, it is doubtful that the government could successfully prosecute this case.

The fact remains I have not been in violation of the law.

Sincerely,

Ted Gunderson

Murder contract on ex-FBI agent erased after talk with Nash

By ADAM DAWSON
Daily News Staff Writer

The former top Los Angeles FBI official met with convicted drug dealer Adel "Eddie Nash" Nasrallah last summer to get a murder contract taken off the ex-agent's life, the Daily News has learned.

The contract was one of two reportedly taken out on Ted L. Gunderson's life last year.

In addition, Gunderson's activities are under investigation by his former agency.

In a recent telephone interview Gunderson confirmed the existence of the two murder contracts. He refused to comment on any meeting with Nash saying only "one (contract) I was able to take care of."

"I had a problem. I had

some people looking for me. When you have people looking for you don't hang around on street corners waiting so I left for Dallas," said Gunderson in explaining why he left the Los Angeles area where his private investigation agency still operates.

While he refused to say who issued the first contract on his life, he attributed the second to an unnamed Satanic cult out to silence him because of his investigation into the murders of the family of a former Green Beret physician.

Dallas FBI agents confirmed Gunderson's role — if any — in an alleged advanced fee loan scheme is under investigation.

It is "like any other allegation we have to investigate," said Thomas C. Kelly, special

agent in charge of the Dallas FBI office.

"From a standpoint of pride in the organization (the FBI), it certainly hurts" to have to investigate Gunderson, he said. After 27 years with the bureau, Gunderson retired as special agent in charge of the Los Angeles FBI office in 1979.

Kelly said the investigation was not a priority case.

He said for a brief period of time Gunderson was listed as president of Dekla, a firm suspected of bilking unwary borrowers of up front money they paid ostensibly to ensure they would get loans.

The principle figure in that company — Allan Blair — is un-

der investigation in Los Angeles under the name David Allen Jurgenson for conducting the same type of scheme before moving to the Dallas area, officials said.

In the early 1980s, Jurgenson, 52, and others operated the Jurane Group Ltd. and Jurango Entertainment Inc. out of offices in Burbank.

There they offered to secure loans for people from unnamed backers outside the country.

The loans would be provided in return for both an interest in the project — either a real estate development or a movie production — and an advance fee ranging up to \$50,000, according to documents filed in

connection with an investigation by local authorities.

Close to \$500,000 in advance fees were paid to Jurgenson and the others even though no loans were ever arranged, the documents disclose.

Gunderson said he was comfortable with the investigation because he had not "done anything wrong." He said he did background checks on people for Blair and was unaware that Blair and Jurgenson were the same person.

Gunderson refused to describe the contract that he succeeded in getting removed. However, it was learned Blair took him to Nash's house last July 3, shortly before Nash's conviction on seven felony drug counts.

ken out on ex-FBI official

Authorities have linked Nash, who is now in Folsom Prison, to traditional organized crime, the Israeli Mafia, arson and murder even though the drug charge is the only crime of which he has been convicted.

Nash has confirmed meeting at his home with Gunderson and

Either 'I will kill them, they will kill me or I'll put them in jail'

Blair. However, speaking through his attorney, he denied helping Gunderson get a contract removed.

On July 9, six days after his visit to Nash's Studio City

home, 13 red roses and 13 lavender chrysanthemums were placed on Gunderson's front lawn in Westwood. It was, he said, a warning on his life.

Gunderson said the note with them read: "Poacher in the grass once a cub the lion sees shades of death and life."

He explained it was signed by a member of a satanic cult — members of which he believes were responsible for the 1970 North Carolina murders of the wife and two daughters of then-Army doctor Jeffrey MacDonald.

Gunderson has been investigating the murders on MacDonald's behalf and, despite the one-time Green Beret physician's conviction, is convinced of MacDonald's innocence.

MacDonald said four drug-crazed cult members — upset because he would not supply narcotics — broke into his Fort Bragg, N.C., home killing his family and wounding him.

"The second contract comes from the same group of people who killed Dr. MacDonald's family," Gunderson said.

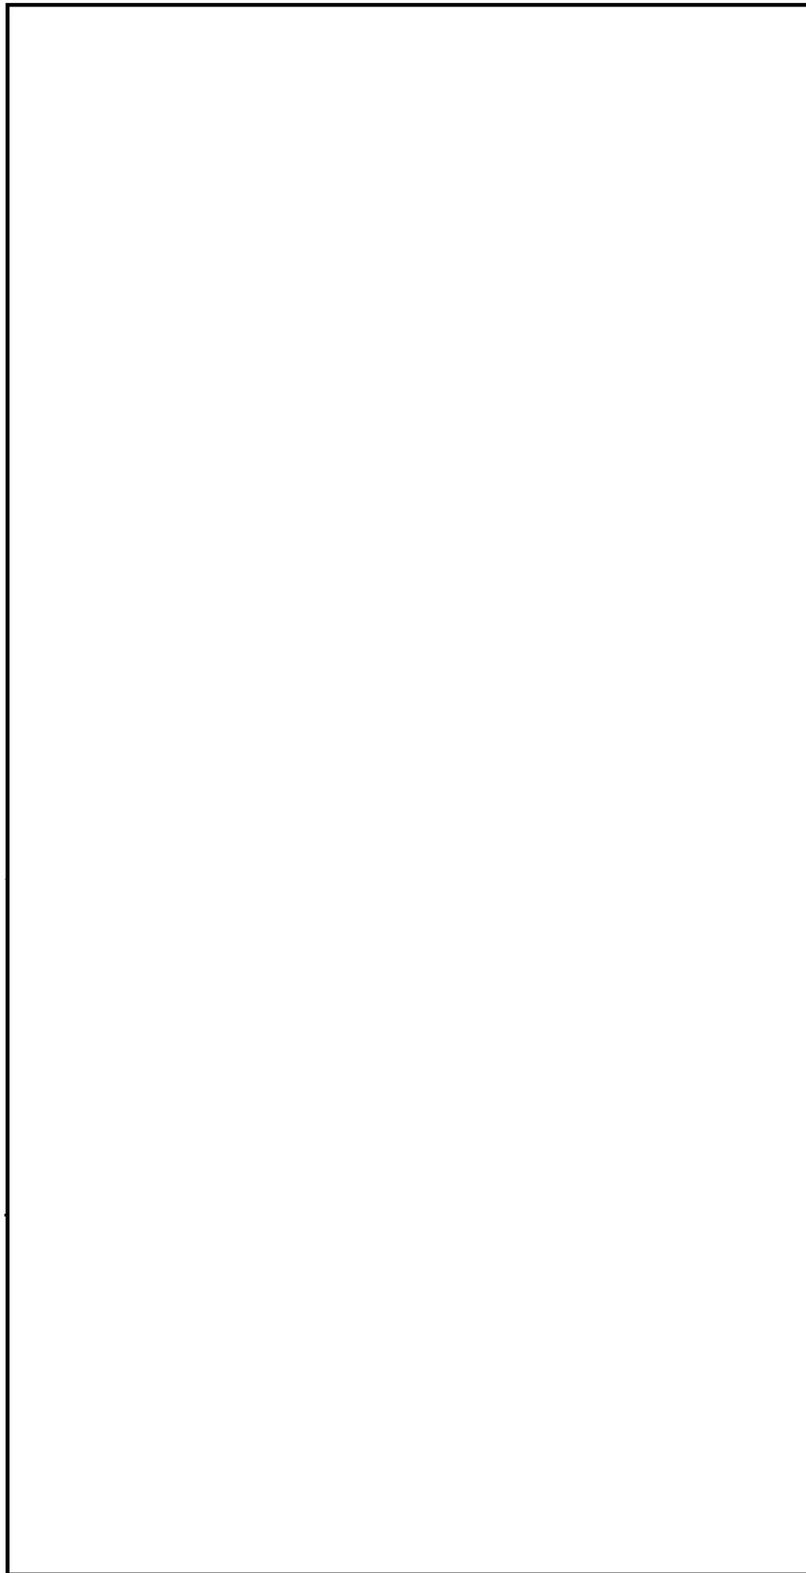

He said the cult put the murder contract out June 15 of last year, the day they had a destruction ceremony. Gunderson said two incidents he described as attempts on his life were actually made last year after the delivery of the death bouquet.

"You can't deal with those people." Either "I will kill them, they will kill me or I'll put them in jail."

The following is a copy of a letter [redacted] mailed to the Hexter Fair Title Company on 10/14/82. In this letter she claims she is entitled to a percentage of the profits from the sale of the property at [redacted]. She admits that she is not on the title to this property. to have her examined. [redacted] stated he saw no hard
evidence that [redacted] was psychologically disturbed. He
advised prior to releasing her he contacted F.B.I. agent
[redacted] and cleared the matter through him.

On 9/20/82 [redacted]

reputation for years; Gunderson is a "con man"; Gunderson fits

the classic pattern of a con artist; and Gunderson sold some

years ago.

On 9/29/82 [redacted] called Gunderson and advised that

the F.B.I. is watching him and [redacted] he resigned

from Dekla too late; she has been talking to the F.B.I. three

On 10/5/82, [redacted] advised

Gunderson that [redacted] called him this date and said that

the F.B.I. is [redacted] the F.B.I. are going

to put [redacted] and Gunderson in jail where

they belong. She also told [redacted] that on [redacted]

when [redacted] brought their daughter home, F.B.I. Agent

[redacted] was in the house at that time.

The following additional information should be noted concerning [redacted]

[redacted] has information that [redacted] stole his Cadillac automobile; the Sheriff's office has information in

their possession which indicates [redacted] uses drugs; [redacted]

[redacted] told [redacted] that Special Agent [redacted] is her

boyfriend; and [redacted] has heard that [redacted] is

looking for a hired gunman to kill him.

On 10/18/82, [redacted] stated when he learned that [redacted] stole his Cadillac he contacted the Dallas Police Department but they refused to investigate the matter because it is a "domestic problem". He stated the car was stolen by her in September 1982, and their divorce was final 12/30/80.

b6
b7C

In April 1982 [redacted] assumed the payments for a 1976 Oldsmobile which belonged to [redacted] mother, [redacted] Pottsboro, Texas. In return [redacted] agreed to sign the car over to [redacted]. Each month [redacted] sent a wire transfer to [redacted] for \$155.00. [redacted] had the automobile registered in the name [redacted] [redacted] apparently claiming she was [redacted] wife. [redacted] did not give her permission to do this. The following is documentation concerning this.

b6
b7C

The following is set forth in order to understand this situation as it relates to Ted L. Gunderson.

Ted Gunderson retired from the F.B.I. as Senior Special Agent in Charge of the F.B.I. Los Angeles, California Division on March 30, 1979. He thereafter established his own private investigative and consulting firm in Los Angeles. [redacted]

[redacted]

[redacted]

[redacted] was operating an international finance firm known as SASS International, Inc., Dallas, Texas. Gunderson had been handling some private work for SASS Int., Inc. since January 1982, but knew nothing about [redacted] background. [redacted] had been referred to Gunderson by a respectable Dallas businessman.

b6
b7C
b7D

[redacted]

b6
b7C
b7D

[redacted]

Gunderson ran his private investigations firm by phone from SASS Intl. Ltd. offices in Dallas Texas and had nothing to do with [redacted] operation until 8/5/82.

b6
b7C

On 8/5/82, [redacted] asked Gunderson to be president of SASS (name later changed to Dekla International, Inc.), and since there was no indication that SASS was operating in violation of the law, Gunderson accepted the position. On 8/26/82 Gunderson learned that [redacted] and Dekla International, Inc. were under investigation by the Dallas and Los Angeles County District Attorney's offices. He immediately resigned and made arrangements to be interviewed by both agencies. Both agencies showed an appreciation for Gunderson's cooperative attitude. At no time did Gunderson have any knowledge that [redacted] or Dekla were involved in any illegal schemes or operations. Gunderson told Dallas and Los Angeles County D.A.'s offices this. Gunderson was never paid a salary.

b6
b7C
b7D

Gunderson subsequently learned that the F.B.I. was also investigating [redacted], Dekla, et al. At the time he heard about

b6
b7C

the F.B.I. investigation, he also learned that F.B.I. Agent

[redacted] was making statements to outsiders that Gunderson was a "con artist". [redacted] also made other uncomplimentary remarks. Gunderson asked for an interview by the F.B.I., but there was no recontact of him by them to make these arrangements. Gunderson was told it was "too early" to interview him as they had not fully developed the case. Gunderson responded that he was "law and order" and he would help develop the case. During one telephone conversation with an F.B.I. agent, Gunderson was told he was the "subject of an investigation".

b6
b7C

Gunderson was finally interviewed by the F.B.I. on 9/27/82 and when Gunderson asked the F.B.I. to protect some sensitive information by placing it in a safe instead of in the general F.B.I. files he was told that the F.B.I. would not guarantee protection of this information in this manner. Gunderson discontinued the interview.

Gunderson subsequently learned that [redacted] was a source of information for the F.B.I. in this investi-

b6
b7C

gation of Dekla. [redacted] knew nothing about [redacted] Dekla, or anyone else [redacted] associated with Dekla. It was apparent that the F.B.I. was depending on a unreliable source to develop their case. Gunderson told an F.B.I. agent it was inconceivable that they would accept the word of an unreliable person who obviously knew nothing about [redacted] Dekla, et al.

b6
b7C

When Gunderson came to Dallas in [redacted] was associated with Dekla. [redacted] left Dekla [redacted]

[redacted]. Upon arrival in Dallas Gunderson was instructed by [redacted]

[redacted] to assist [redacted] with his legal problems. This is Gunderson's field and he has assisted [redacted] ever since.

b6
b7C

Gunderson was informed that [redacted] was convicted of submitting a financial statement to a bank in Louisiana which contained inaccurate information. Actually, [redacted] gave one of his former employees power of attorney. This employee submitted the financial statement to the bank and had the bank records mailed to his (the employee's) home.

Since conviction [redacted] has located another former employee who can testify that he saw the first employee prepare the financial statement. [redacted] has a deposition from this new witness and in February 1982 asked for a hearing before the court in an effort to be granted a new trial. He has not received a reply from the court to date.

b6
b7C

Because [redacted] most recent legal problems which are defined in this report, Gunderson will continue to assist him. When not helping [redacted] Gunderson continues to run his Los Angeles office by phone.

b6
b7C

The following sets forth information concerning [redacted] [redacted] efforts to obtain a new trial. It is noted [redacted] is presently on probation for this conviction. He probation officer is [redacted] U.S. Probation Office, Dallas, Texas.

DETAILS: On 9/8/82, the Dallas Division instituted a Fraud by Wire (FBW) investigation concerning allegedly fraudulent letters of loan commitment being issued by Dekla International of Dallas, Texas. Information from several sources [redacted] indicates that the letters of loan commitment are drawn on a bank in Amsterdam, The Netherlands. These allegedly fraudulent financial instruments were being purchased with substantial advance fees and were utilized to finance speculative business ventures through American banks.

DE-107 196 - 3845 - 2

One of these commitment letters was signed by Ted Gunderson as President of Dekla International. Mr. Gunderson, a former SAC, is believed to have subsequently resigned as President of Dekla International.

[redacted] Gunderson demanded that before he produced the name of one of his sources of information, that the entire text of the interview be maintained in the SAC's safe rather than being in the general files for fear of his own life. He then demanded that the information also be kept secure in Washington, otherwise he was not going to proceed with the information. SAC Thomas C. The interview was, therefore, terminated by Mr. Gunderson.

Re Dallas teletype to Bureau, 9/29/82, and 10/8/82.

For information of the Bureau, subsequent to the interview of former SAC Ted L. Gunderson by Dallas Agents on 9/21/82, Gunderson subsequently made telephone calls to SA [redacted] during which Gunderson made allegations regarding another Dallas Agent, as well as briefly discussed his own association with the primary subjects of this investigation. On 10/1/82, both SAC Thomas C. Kelly and AUSA [redacted] NDT, Dallas, Texas, concurred that future anticipated telephone calls from Gunderson should be electronically monitored and/or recorded for a thirty day period. This is to advise that Gunderson did not make any telephone calls to SA [redacted] during the thirty day period and therefore the equipment was not used.

DEKLA INTERNATIONAL, INC., 9400 CENTRAL
Re: EXPRESSWAY, SUITE 314, DALLAS, TEXAS;
FBW; ITSP; MF; OO: DALLAS

On 9/8/82, the Dallas Division instituted a Fraud by Wire (FBW) investigation concerning allegedly fraudulent letters of loan commitment being issued by Dekla International of Dallas, Texas. Information from several sources in the banking industry indicates that the letters of loan commitment are drawn on a bank in Amsterdam, The Netherlands. These allegedly fraudulent financial instruments were being purchased with substantial advance fees and were utilized to finance speculative business ventures through American banks.

One of these commitment letters was signed by Ted Gunderson as President of Dekla International. Mr. Gunderson, former SAC, is believed to have subsequently resigned as President of Dekla International.

On 9/27/82, Mr. Gunderson voluntarily appeared at the Dallas Office to explain his association with the captioned individuals.

that before he produced the name of one of his sources of information, that the entire text of the interview be maintained in the SAC's safe rather than being in the general files for fear of his own life. He then demanded that the information also be kept secure in Washington, otherwise he was not going to proceed with the information. SAC Thomas C. Kelly then met with Gunderson and after listening to Gunderson's demands, informed Gunderson that he could not give him assurance that the information would be maintained in a safe away from the general files until such time as the file was destroyed (as demanded by Gunderson). The interview was, therefore, terminated by Mr. Gunderson.

On 10/3/82, an interview of [redacted] an established [redacted] in [redacted] Texas, and also an original complainant, indicates that Mr. Gunderson actively participated in an alleged scheme to defraud him in this matter.

On 12/2/82, USA's Office, DL advised that they would consider prosecution of the subjects including Gunderson, at least for aiding and abetting.

Investigation by the Dallas Division of the Federal Bureau of Investigation (FBI) has determined that during 1980 and early 1981, subject [redacted] his [redacted] and others operated an "Advance Fee" fraud in the Los Angeles, California area. Their company was named Jurane Group Limited (JGL), and they alleged access to millions of dollars of international funding through "Dekla", Algemeine Production Nahdelmaatschappi, represented by [redacted]

ENCLOSURE

[redacted] JGL was to provide funding for large business projects in return for half interest in the business. After joint ventures were drawn up, "Advance Fees" were requested for processing expenses. The subjects had no actual funding available and never arranged any loans. This fraud matter is currently being prosecuted by the Burbank, California local authorities.

b6
b7C

During early 1982, [redacted] moved his operation to Dallas, Texas, and operated under the company names Sass Entertainment, Inc. (SEI), Sass International, Inc. (SII), and Dekla International, Inc. (DII). DII was incorporated on August 5, 1982, with offices located at 9400 North Central Expressway, Suite 314, Dallas, and the [redacted]

b6
b7C

[redacted] included [redacted] Ted Gunderson (former Special Agent in Charge for the FBI), [redacted]

Clients developed by these Dallas based companies were told that a source for funding large business loans was through an international trust, referred to as "Unicoop", located in Amsterdam, Holland. The international contact for "Unicoop" was [redacted] who allegedly lent his company name, DII, basically as an export-import company. [redacted] located at [redacted] telephone number [redacted] to [redacted] and associates. The clients were told that limited partnerships had to be drawn up and partnership bank accounts established. Fee consideration agreements and remission letters were then requested from the bank, and the subject company was to supply the source to collateralize each loan. The trustee bank in turn was to issue a Letter of Credit and/or Promissory Note to the lender's European bank, who then would allegedly wire transfer the funds, less remissions, to the borrower's fiduciary bank. The fiduciary bank was to be responsible for disbursing the funds. Although many clients paid "Advance Fees" and contacted their respective banks to receive and disburse the anticipated funding, no loans have been received, contrary to repeated representations that they would. Victim clients with indicated "Advance Fees" paid out, which have never received anticipated funding include:

It is requested that [redacted] doing business as ~~"Dekla"~~, [redacted] be interviewed regarding his association with [redacted] and associates, doing business as Dekla International, Inc., Sass International, Inc., and Sass Entertainment, Inc., 9400 Central Expressway, Suite 314, Dallas, Texas. It is requested that it be determined from [redacted] if he actually received correspondence from subject companies regarding processing large business loans on behalf of individually listed clients, noting that these loan requests total in the millions of dollars, with no collateral required of the clients. It is requested that it be determined if [redacted] has ever finalized any loan request for subject companies, and if not, determine the causes for delay and/or if such loans are actually available or feasible. It is also requested that a representative of the ~~"Unicoop" Financial Department, Mensinge 42, 1083 HB, Amsterdam, Netherlands,~~ be contacted to determine the extent of any dealings with alleged affiliate, [redacted] acting on behalf of subject companies and/or clients. Finally, it is requested that the specific qualifications for funding through "Unicoop" be determined, and if subject companies or individual clients appear to meet these qualifications.

DETAILS: On 9/8/82, the Dallas Division instituted FBW investigation concerning allegedly fraudulent letters of loan commitment being issued by Dekla International of Dallas, Texas. Information from several sources in the banking industry indicates that the letters of loan commitment are drawn on a bank in Amsterdam, the Netherlands. These allegedly fraudulent financial instruments were being purchased with substantial advance fees and were utilized to finance speculative business ventures through American banks.

One of these commitment letters was signed by Ted Gunderson as President of Dekla International. Mr. Gunderson, former SAC, is believed to have subsequently resigned as President of Dekla International.

Memorandum from [redacted] to Mr. Reyell
Re: TED L. GUNDERSON

b6
b7C

Mr. Gunderson terminated his interview after SAC, Dallas declined to afford the file in this matter special security. Mr. Gunderson had insisted that the file be maintained in the SAC's safe.

On 10/3/82, interviews of victims in this matter indicate that Mr. Gunderson actively participated in an alleged scheme to defraud them through knowingly making fraudulent misrepresentations.

Investigation conducted to date indicates that seven known victims were knowingly defrauded out of \$91,275.

On 11/17/82, the Dallas Division obtained the abandoned office records of Dekla International, Inc., from the subject's [redacted]. These records constitute documentary evidence of the alleged scheme to defraud.

b7D

On 12/2/82, USA's Office, Dallas advised that they would consider prosecution of the subjects including Gunderson, at least for Aiding and Abetting, Title 18, USC, Section 2 and Fraud by Wire, Title 18, USC, Section 1343.

On 1/2/83, a newspaper article appeared in a local Dallas newspaper concerning Mr. Gunderson and the captioned matter. In the newspaper article, Mr. Gunderson stated that while president of Dekla International, Inc., he knew of no front money being collected from clients. Statements to FBI Dallas by former clients and agreements signed by Mr. Gunderson directly contradict his statement.

A current investigation of [redacted] and others, by the Burbank, California, Police Department indicates that Mr. Gunderson traveled to Mexico on behalf of subject [redacted] in another suspected advance fee fraud scheme. The victims in this scheme paid in excess of \$440,000 in advance fees.

b6
b7C

By letter to the USA, Dallas, dated 1/13/83, Mr. Gunderson has requested an opportunity to furnish a statement to the USA prior to the return of any indictments in this matter. To date, Mr. Gunderson has not furnished a statement to the USA, Dallas. The USA has not responded to the request and does not plan to respond. [redacted] would be afforded an opportunity to appear before the Federal grand jury, Dallas.

b3

Recent investigation indicates that although Mr. Gunderson participated in efforts to locate funding for his clients, through contacts with foreign financial sources, no such funding was ever obtained.

By teletype dated 5/24/83, Dallas advised that investigation is being expedited and this matter will be presented to the USA's Office in Dallas upon completion of a comprehensive prosecutive report.

Firm's operators face grand theft charges

By ADAM DAWSON

Daily News Staff Writer

Grand theft charges were filed Thursday against the operators of a Burbank firm that solicited advanced fees for loans it never made.

David A. Jurgenson and Johanna G. Jurgenson — who are fugitives — operated the Jurane Group Ltd. from Sept. 5, 1980, until January 1981, according to a complaint filed by the Los Angeles District Attorney's office.

The Jurgensons — who also used the names Alan Blair and Linda Blair — claimed to have access to funds in Europe and the Rosicrucian Order.

Neither was true, according to the investigation by the district attorney's major frauds unit and the Burbank Police Department.

The Jurgensons — through word of mouth and loan finders — located people seeking large loans for business developments.

In return for the loan money, the Jurane Group would receive a half-interest in the project. In addition, the Jurgensons or their employees would seek an advanced fee of up to one percent of the loan.

"Twenty-five victims paid \$440,000 in advance fees. No loans were ever arranged and no victims received their advanced money back, contrary to

representations that they would," according to papers filed with the complaint in Los Angeles Municipal Court.

The 11 victims named in the complaint, who lost more than \$200,000, are from all over California. They include condominium developers, movie production companies, construction companies and shopping center developers.

One victim was a participant in the long planned but not built Oakland World Trade Center who was told he would receive \$188 million in funding after an advanced fee of \$52,000 was paid to the Jurane Group.

"After the advance fee was paid the victim maintained frequent contact with the Jurane Group and was continually stalled with representations that the money had been obtained and would be paid imminently," state the court documents.

The money was never forthcoming, according to investigators.

A Daily News story last March disclosed that the Dallas FBI office was investigating former top Los Angeles FBI official, Ted L. Gunderson, who worked for Jurgenson in Texas. That investigation is continuing.

Dallas FBI officials reported Gunderson's role — if any — in the scheme was small.

DETAILS:

On 9/8/82, the Dallas Division instituted a Fraud by Wire (FBW) investigation concerning allegedly fraudulent letters of loan commitment being issued by Dekla International of Dallas, Texas. Information from several sources in the banking industry indicates that the letters of loan commitment are drawn on a bank in Amsterdam, the Netherlands. These allegedly fraudulent financial instruments were being purchased with substantial advance fees and were utilized to finance speculative business ventures through American banks.

One of these commitment letters was signed by Ted Gunderson as President of Dekla International. Mr. Gunderson, a former SAC, subsequently resigned as President of Dekla International.

RE: TED L. GUNDERSON

Based on information received from the Dallas Division, the case against Gunderson appears to be weak inasmuch as Gunderson was an officer in captioned enterprise for only six weeks and it is possible that he was unaware of any fraudulent activities on the part of other subjects.

On 10/26/83, the Dallas Division advised telephonically that at the completion of one remaining interview, the facts of this case would be presented to the U. S. Attorney's Office, Dallas, for prosecutive opinion. Recipients will be kept advised of developments in this case as they occur.

Subject : TED L. GUNDERSON, AKA TED GUNDERSON; [Redacted]

[Redacted] DBA DEKLA INTERNATIONAL, INC., 9400 CENTRAL EXPRESSWAY, SUITE 314 DALLAS, TEXAS; FBW; ITSP; OO: DALLAS

PURPOSE:

To advise of the status of captioned matter in which former Special Agent in Charge Ted Gunderson is a subject of an advance fee/fraud by wire investigation in the Dallas and Los Angeles Divisions.

RECOMMENDATION:

None, for information only.

DETAILS:

On 9/8/82, the Dallas Division instituted a Fraud by Wire (FBW) investigation concerning allegedly fraudulent letters of loan commitment being issued by Dekla International of Dallas, Texas. Information from several sources in the banking industry indicates that the letters of loan commitment are drawn on a bank in Amsterdam, the Netherlands. These allegedly fraudulent financial instruments were being purchased with substantial advance fees and were utilized to finance speculative business ventures through American banks.

One of these commitment letters was signed by Ted Gunderson as President of Dekla International. Mr. Gunderson, a former SAC, subsequently resigned as President of Dekla International.

[redacted] to Mr. Revell Memorandum
RE: TED L. GUNDERSON

The Dallas Division has previously advised FBIHQ that the case against Gunderson appeared to be weak inasmuch as Gunderson was an officer of captioned enterprise for only six weeks, apparently did not receive any proceeds generated by captioned fraud, and possibly was unaware of any fraudulent activities on the part of other subjects.

However, Dallas now advises that a review of all information obtained to date indicates that Gunderson possessed the necessary scienter to make for a prosecutable case. Based upon discussions with the Assistant U. S. Attorney, Northern District of Texas (NDT), it appears that Gunderson will be included along with other captioned subjects as either a principal or aider and abettor in a bill of indictment charging Mail Fraud, Fraud by Wire, and/or Interstate Transportation of Stolen Property. Dallas anticipates that this matter will be presented to the Federal grand jury, NDT, during either February or March, 1984.

Dallas advises that a prosecutive report will be available by mid-January, 1984, and that FBIHQ will be kept advised of pertinent developments in this matter.

Date: 3/5/84

Office: Dallas, Texas

Field Office File #: 196A-1721

Bureau File #: 196-3895

Narrative of Offense:

This investigation was instituted upon receipt of information from an investigator with the Comptroller of Currency, Washington, D. C., on September 8, 1982, that recent activities of two customers of Allied Bank, Dallas, Texas, reflected that a possible "Advance Fee" scheme was being perpetrated in Dallas.

Investigation by the Dallas Division of the Federal Bureau of Investigation (FBI) has determined that during 1980 and early 1981, subject [redacted] and others operated an "Advance Fee" fraud in the Los Angeles, California area. Their company was named JURANE GROUP LIMITED (JGL), and they alleged access to millions of dollars of international funding through "Dekla" Algemeine Production Nahdelmaatschappi, represented by [redacted] from Amsterdam, Netherlands. JGL was to provide funding for large business projects in return for half interest in the business. After joint ventures were drawn up, "Advance Fees" were requested for processing expenses. The subjects had no actual funding available and never arranged any loans. This fraud matter is currently being prosecuted by the Burbank, California local authorities.

b6
b7C

During early 1982, [redacted] moved his operation to Dallas, Texas, and operated under the company names SASS ENTERTAINMENT, INC. (SEI), SASS INTERNATIONAL, INC. (SII), and DEKLA INTERNATIONAL, INC. (DII). DII was incorporated on August 5, 1982, with offices located at 9400 North Central Expressway, Suite 314, Dallas, and the Board of Directors included [redacted] TED GUNDERSON (former Special Agent in Charge for the FBI). [redacted]

b6
b7C

Clients developed by these Dallas based companies were told that a source for funding large business loans was through an international trust, referred to as "Unicoop", located in Amsterdam, Holland. The international contact for "Unicoop" was [redacted] who allegedly lent his company name; DII, basically an export-import company,

B-1

to [redacted] and associates. The clients were told that limited partnerships had to be drawn up and partnership bank accounts established. Fee consideration agreements and remission letters were then requested from the bank, and the subject company was to supply the source to collateralize each loan. The trustee bank in turn was to issue a Letter of Credit and/or Promissory Note to the lender's European bank, who then would allegedly wire transfer the funds, less remissions, to the borrower's fiduciary bank. The fiduciary bank was to be responsible for disbursing the funds. Although many clients paid "Advance Fees" and contacted their respective banks to receive and disburse the anticipated funding, no loans have been received, contrary to repeated representations that they would.

b6
b7C

Victim clients of the [redacted] based companies included

[redacted]

b6
b7C

[redacted] The anticipated loans of the victims totalled in the millions, with the clients not required to provide their own collateral.

GUNDERSON initially became involved with this group of individuals during early 1982, when his Los Angeles, California based security and investigative firm contracted to conduct financial and background checks of SEI clients. [redacted]

[redacted]

b6
b7C
b7D

[redacted] While in Texas, [redacted] advised GUNDERSON that he would like him to become president of DII and GUNDERSON accepted. GUNDERSON subsequently signed various documents as President of DII. During an FBI interview, GUNDERSON stated that he actually had very limited knowledge about DII and the financial business, but felt that [redacted] and his associates wanted someone with a recognizable name they could use to impress

the public with in operating their companies. However, investigation determined that at the time GUNDERSON was financially broke, and that even prior to accepting the position of President of DII, he had knowledge that subject [REDACTED] had previously been convicted in Federal Court, Lake Charles, Louisiana, for fraud, and that [REDACTED] had other felony charges pending in Dallas County, Texas. GUNDERSON was active in the daily operations of DII, and executed documents in his capacity as President.

b6
b7C

Investigation determined that subject [REDACTED] has an arrest record for theft/fraud offenses, and that his [REDACTED] [REDACTED] was very knowledgeable of, and active in, the company's day to day activities. Subjects [REDACTED] and [REDACTED] were responsible for the daily operations of the companies, and both made numerous misrepresentations to victim clients. [REDACTED] also has an extensive arrest record.

SUBJECTS GUNDERSON AND [REDACTED] SHOULD BE CONSIDERED ARMED AND DANGEROUS.

PROSECUTIVE STATUS:

1. On December 2, 1982, the facts of this case, as developed to date, were discussed with Assistant United States Attorney (AUSA) [redacted] Northern District of Texas (NDT), Dallas, Texas. [redacted] advised that upon completion of the investigation, the case should result in successful indictments of several subjects. He stated that it appears that a definite complicity exists among the individual subjects involved in the scheme and that, due to the close association of former FBI official TED GUNDERSON with the group and GUNDERSON's personal contact with the victims, coupled with GUNDERSON's efforts to arrange bank accounts for the payments and disbursements of monies on behalf of the group, it appears that GUNDERSON will quite possibly be considered as at least a defendant under the Aiding and Abetting Statutes.

b6
b7C

[redacted] advised that the investigation appears worthwhile and that, based on the investigation conducted to date, there was a far greater probability for successful indictments than not.

b6
b7C

2. On December 13, 1983, [redacted] advised that based on investigation, it appears that the FBI has developed about six principals involved in approximately seven indictable counts in violation of either Mail Fraud, Fraud by Wire, Interstate Transportation of Stolen Property, Aiding and Abetting, or combinations thereof. He stated that based on preliminary discussions, it appears that former Special Agent in Charge (SAC) TED L. GUNDERSON would be included as either a principal or be charged with Aiding and Abetting. He requested that a detailed prosecutive report be submitted for review prior to making any final determination regarding GUNDERSON's total involvement. He also requested additional investigation be conducted relative to two of the anticipated counts. He requested the prosecutive report be submitted some time during January or February, 1984.

3. On September 1, 1983, the District Attorney's Office at Los Angeles forwarded a formal request to the U. S. Attorney, Los Angeles, requesting Unlawful Flight to Avoid Prosecution (UFAP) process be issued for subject [redacted] and [redacted] based upon a compliant filed in local court on August 4, 1983. The U. S. Attorney has requested the FBI to provide an affidavit

Ted L. Gunderson voluntarily appeared at the Dallas Office of the Federal Bureau of Investigation and the following represents a transcription of the taped interview:

Investigation on 9/27/82 at Dallas, Texas File # DL 196A-1721
 by SA jm Date dictated 2/29/84 b6 b7C

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

My name is [redacted] I'm a Special Agent with the Federal Bureau of Investigation in Dallas, Texas. Today's date is the 27th day of September, 1982. Also present during this interview will be Special Agent [redacted] and we will be interviewing Ted L. Gunderson.

b6
b7C

[redacted] (RTR): Is that your correct initial? Your middle initial?

TED L. GUNDERSON (TG): Thats right, that right.

[redacted]

Mr. Gunderson, at this time I would like to advise you of your constitutional rights as indicated by a Warning and Waiver Form that we normally present to the people that we're interviewing and I'm sure that you're quite familiar with that form, but I'd like to hand it to you and ask you to read it and to see if you'd be willing to sign it so that we can continue with the interview.

TG: Fine, no problem, with the stipulation that I mentioned earlier

[redacted]

And that being what, sir?

TG: That, that being that I want to know what the allegations are against me.

[redacted]

b6
b7C

Okay, a, any allegations or comments that the FBI hasn't come out during the interview and should be self-explanatory.

TG: Alright, thats fine.

[redacted]

Sir also, I would like to add a paragraph to this form and its going to read to the effect: This interview will be recorded via Nagra recorder by the FBI, do you have any objections to adding

TG: No, no

[redacted]

this paragraph

TG: you might as well add that I'm recording it also.

[redacted]

Okay. I want you to acknowledge that I did add a brief sentence to the bottom of the form and a,

TG: Want me to initial it?

Please. And also for a matter of record I would like to state that Mr. Gunderson also is recording this interview with his own means. Okay Mr. Gunderson, you've asked that the FBI explain to you any allegations or complaints that have come to our attention ah, reference your activities. At this point what we'd like to do today and I believe that you called the office and volunteered for this interview and we appreciate that and to be perfectly honest with you at this point we received a couple of complaints in this office from what we refer to as advance fee schemes, the possibility of advance fee schemes. We've also received some information from one of our California offices that a possible victim resides in the Richardson, Texas area that may have been involved in a swindle or advance fee similar type scheme. Now to be perfectly honest with you, there are numerous names that have come up in these initial allegations. I, you being an ex-FBI official you understand that I got this complaint assigned to me just a few days ago and I, to be perfectly honest with you have not had sufficient time to interview all of the known victims at this time.

b6
b7C

TG:

Known alleged victims.

Known alleged victims, that's correct. So I feel like this interview is somewhat premature but since you did call the office and request that we meet and discuss and you had a, you wished to explain your position with these various companies and individuals that I'd like to talk to you about. We welcomed your call and that's why we're here today. I will be able to tell you at this time that we have information concerning three specific companies, the first one that I'd like to refer to and we'll, don't necessarily have to talk about these in order if you care about them is gonna be Jurane Group Limited, an outfit that was to my knowledge was located in the Los Angeles area at one time. We would like to talk to you about your association with Sass International, Inc., which formerly had an office here in the Dallas area to my knowledge and which eventually changed its name to Dekla International, Inc., and at this point I feel like that based on what I've been told and what I know that Dekla is spelled

D e k l a, is that correct?

TG:

Thats right, thats right.

[Redacted]

So those are the three companies that have come to your attention. We have names of three alleged victims at this time and your name has come up in connection with each one of those companies and comes up in regards to the company names and the victims involved.

TG:

All three victims?

[Redacted]

Thats correct sir.

TG:

Hm, can you tell me how, how that, my name came up in relation to those three victims?

[Redacted]

Okay, I thought we might talk about each one of those separate but in generality the, your name came up in the California investigation as being associated with the members of that group out there and at one point the alleged victim indicated that a

b6
b7C

[Redacted]

TG:

Uh-huh.

b6
b7C

[Redacted]

[Redacted]

TG:

Uh-huh. Okay.

[Redacted]

Your name has also come up in regards to Sass International as possibly being a, associated with that group even in some official capacity and also your name came up in the Dekla investigation as certainly being an officer of that group and at one time I believe president.

TG:

Uh-huh.

[Redacted]

So thats the jist Mr. Gunderson, a,

TG:

Oh, I see.

[Redacted]

Why we've been making some inquiry a, I haven't made much inquiry to be honest with you

and I do feel that this interview is somewhat premature in that I'm limited in my scope of the details as to what these alleged victims are alleging, however, as you well know I will conduct those interviews. I have talked to [redacted] to some extent, as you may well know and feel like that I have a fairly good grasp of what his problem is alleged to be. So if you care, I'd like to get into these individually and, and just chat with you.

b6
b7C

TG:

[redacted]

Hm-hm, alright.

If you're willing sir.

TG:

[redacted]

Sure you know I'm more than willing to talk about it thats why I'm here. In regard to the [redacted] did they make any allegations other than the fact that I contacted their bank?

b6
b7C

I believe thats the only allegation that, that has come to a, my attention and if you want to start with the, with that particular allegation I'll be more than happy to get in it with you.

TG:

b6
b7C

Well I can't start, I've got to go back. I think, I have to give you some basic background information that will clearly establish and show you how I became involved with these people. A, and in order to do that let me just, lets start at the beginning. Lets start the last of February, 1982.

[redacted]

Okay, is that when you first came in contact with these a,

TG:

No, no. Thats when a, a client came, did not come to me at that time but an attempt was made on the client's life in Los Angeles. You are aware of course that I retired in a, March, 1979 and then Attorney General Bell and Ben Civiletti hired me to coordinate security for the Pan American Games.

[redacted]

Alright.

TG:

Then after the games which would be a, August, 1979, I went back to LA and opened up my own private investigative and security consulting firm. So I've been doing that ever since. A, last February

Can you give me the name of that company?

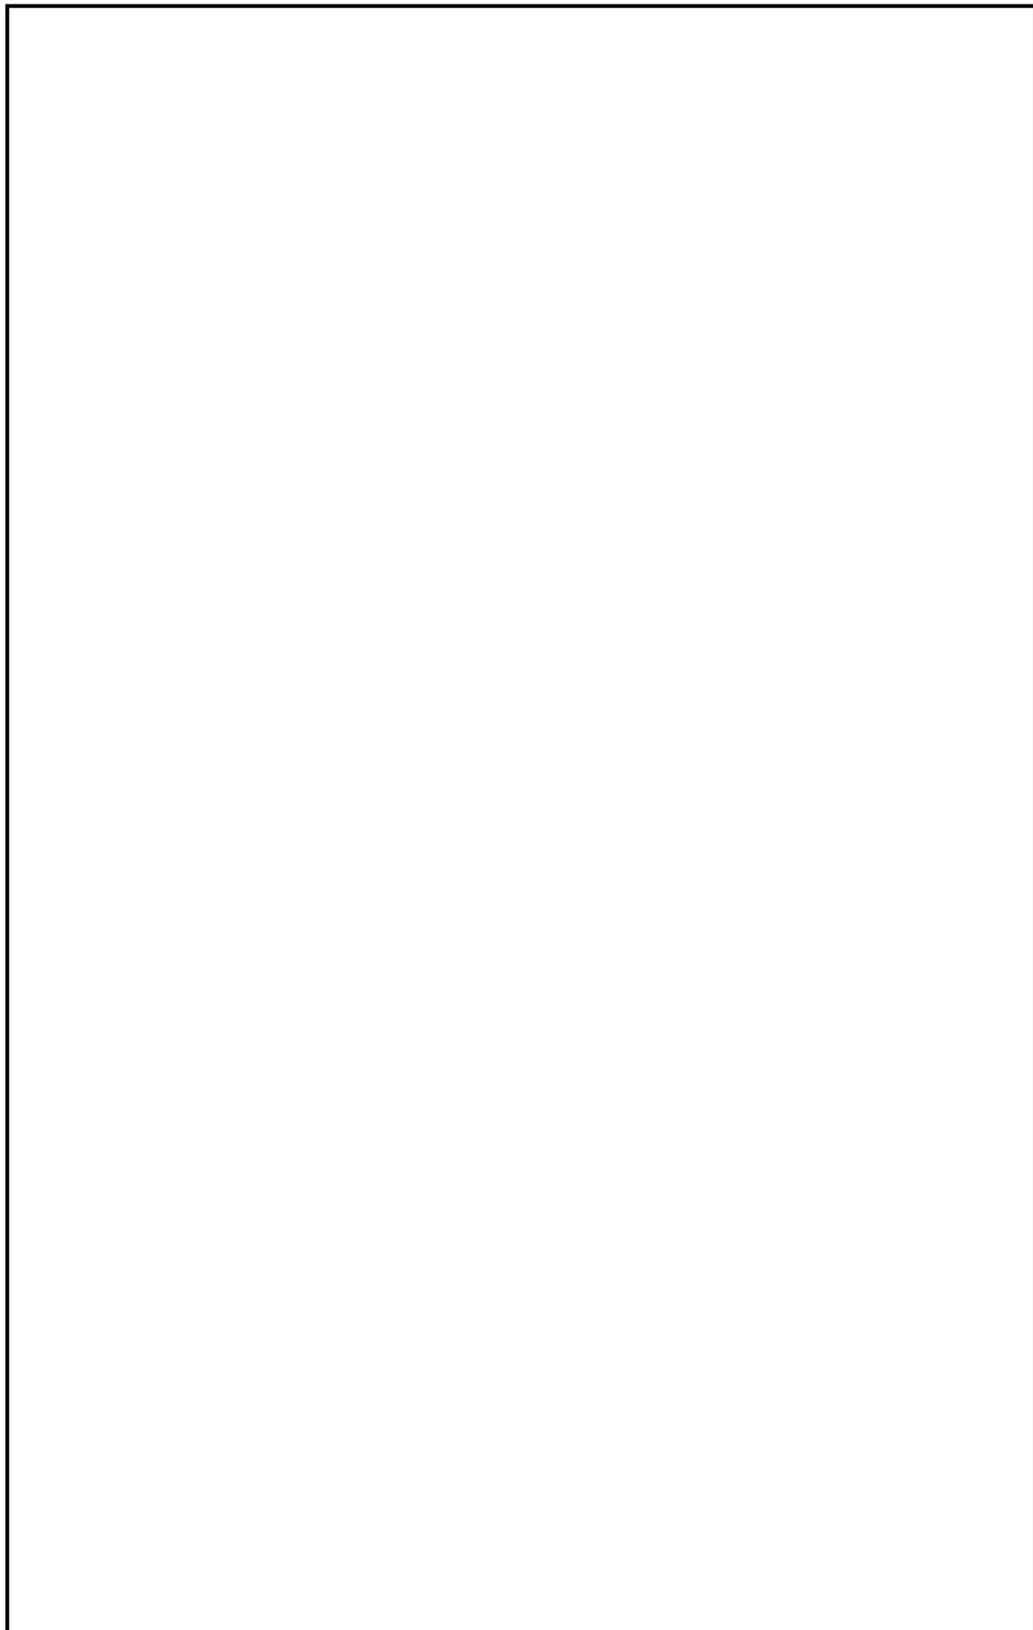

Ted L., Ted L. Gunderson and Associates.

6

b6

b7D

I didn't obviously and I'll explain that in a few minutes. Now in the meantime, going over to [redacted] and his group, I'll come back, I wanted to give you that as a base, so you'll understand my problem. Going over to [redacted]

and his group, a man named [redacted] who I'd never met but talked to on the telephone and [redacted] again who I'd never met but talked to on the telephone,

b6
b7C

[redacted]

TG:

[redacted]

TG:

What type of time frame are we talking about?

This is January.

Of 82 sir?

January 82, called me in January, late January early February, 82 and said that they were involved, they were from Dallas and involved in international financing. They wanted to utilize my services to check out prospective individuals. People who they, who had come and applied for the loans etc., and specifically they asked for my opinion on it and I said well we, we should check for credit, criminal arrests, lawsuits filed against these people, etc. And these names that they fed to me from January, February on a were names of people from all over the United States.

b6
b7C

[redacted]

TG:

[redacted]

TG:

[redacted]

TG:

[redacted]

TG:

Did you agree to provide this service?

Yes. Naturally.

Did they give you a name of the company, sir?

A, I knew the company at that time as Sass International.

You spell that S A

S a s s

S S

Uh-huh, International out of Dallas, Texas. And a, all my contacts were by telephone with them, I, I'd never met them but I'd talked to them on the phone. And a the work as you can tell is a, I didn't have that much of a volume from them, just a few names on and off, so there was not that much money involved, credit, criminal checks are nothing and checking into the court records are nothing. I usually have somebody down there anyway and I utilized a, the services of former, other former retired, other former FBI Agents around the country which

is my source for developing information all over the United States, all over the world, really. A, so I bring that in on a time frame basis so you'll understand. Now this relationship with Sass International continued up until on a telephonic basis up until the first week of July, excuse me, the end of May, excuse me the end of June, correction, till the end of June and about the I'd say about the 20th or 21st of June, I received a phone call from [redacted] who at that time was staying at the Sportsmen's Lodge in San Fernando Valley and [redacted] said that [redacted] would be coming to town July the 3rd and, which is a Saturday and he wanted to talk to me. I said fine, I put the appointment on my calendar, okay?

b6
b7C

[redacted]

Yessir. You never met either one of them personally

TG:

No

[redacted]

again.

TG:

No, talked to them on the phone only.

[redacted]

Alright.

TG:

Now about that time a, [redacted] mentioned that I had done quite a bit of work and they were going to give me a three thousand dollar retainer to work off of. A,

b6
b7C

[redacted]

b6
b7C

You had done some work for them and they paid a

TG:

No they never paid

[redacted]

On a piece basis

TG:

never paid. But I didn't do that much work, another words there was not heavy volume of work, just piecemeal, so to speak. Credit, criminal

[redacted]

When you would conduct these inquiries a, would you reply to them via telephone or U. S. Mail?

TG:

No I gave them, I gave them oral reports

[redacted]

Alright

TG:

And then subsequently then follow them up with written reports.

[Redacted]

Alright.

TG:

[Redacted]

b7D

[Redacted]

At this time where did you live sir?

TG:

That was 500 South Kelton

Is that an apartment sir?

TG:

It an apartment on the first floor that you step, there's no hallway, you step right out into the street.

[Redacted]

Did you have an apartment number?

TG:

A, no its just, it looks like a house really, there's no apartment number.

[Redacted]

Okay

TG:

But it is an apartment.

[Redacted]

And your landlord's name?

TG:

Is a [Redacted] (ph), I'm not sure how to spell it, and her phone number is a,

[Redacted]

[Redacted] is a woman?

b6
b7C

TG:

[Redacted] is a woman yeah, yes. I've got it here

[redacted]

TG:

[redacted]

TG:

You saying [redacted] (ph)?

SAC THOMAS C. KELLY: Is it on?

[redacted]

Yes

This is Tom Kelly speaking to Ted Gunderson. I cannot give you the reassurance that this information will be maintained in a safe away from the general files until such time as we destroy it.

TG:

Alright.

Gunderson advised that since the FBI would not give him total assurance that the information which he was furnishing would be maintained under the strictest security and not eventually be maintained by either the Dallas Office of the FBI Headquarters in their general files, he was terminating the interview. He stated that he was doing so basically due [redacted]

Gunderson advised that he was [redacted] and that he could be contacted through Dallas telephone number 368-4634 or through his Los Angeles business office.

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 10/1/82

Ted L. Gunderson telephonically contacted Special Agent [redacted] and demanded that the information he was about to give be made a part of the file involving him and the Special Agent in Charge (SAC) be made fully aware of the information. Gunderson appeared to be extremely upset during the conversation and he spoke in a very excitable and somewhat disorderly manner. He furnished the following information:

b6
b7C

Gunderson advised that a local female named [redacted] had been talking to Federal Bureau of Investigation (FBI) Agent [redacted] for the past few weeks and that [redacted] had told [redacted] that the FBI was out to get him, Gunderson, and [redacted], that the FBI had been watching them and that the FBI was going to put them both in jail. He stated that [redacted] also told [redacted] that he, Gunderson, had resigned too late from Dekla. He said that he had personally talked to [redacted] this date and that she had been in contact with Special Agent [redacted] as recent as yesterday or possibly today.

b6
b7C

Gunderson advised that on September 29, 1982, [redacted] told [redacted] Texas that the FBI was after him, Gunderson, and that the FBI had referred to him as a con artist and that the FBI was going to do its best to make the information public.

He advised that a friend of his informed him that an Agent with the FBI had told him that he, Gunderson, had been living off of his former FBI reputation, that he had actually been a con artist for years, and that he was a "classic" profile of a con artist. He also stated that the FBI Agent told the friend that he, Gunderson, had "taken" some of the friends own acquaintances on a phony motion picture deal a couple of years ago. Gunderson mentioned the name [redacted] as being involved in the matter. however, he did not go into any other specific detail.

b6
b7C

Gunderson stated that he did not appreciate the FBI Agent's statements about his character and he added that he knew that he was currently associating with two convicted felons but that one of them was responsible for saving his life. He said that the Agent

was not conducting himself professionally.

He again demanded that SAC Kelly reconsider his request that any information he furnished be treated with the utmost security and not be maintained in the FBI general files. He stated that it was imperative that the information not be attributed as having come from him.

Dear [Redacted]

RE: Our conversation.

We need money!!! I know we can break this case, but I cannot move unless I resolve my financial problems. I am being sued by three individuals, I owe IRS \$11,000.00, thousands to other creditors, and I am filing debtor in possession with the courts this week.

b7D

[Redacted]

[Redacted] my business is suffering. [Redacted]

[Redacted] involves my investigation of the Mac Donald case. I have worked 1745 hours on this case with no pay. The money that has been sent has only partially covered expenses. At the end of 1980, my expenses were in excess of \$36,000.00, and I received \$30,000.00 in fees. I have borrowed approximately \$12,500.00 from you and Jeff. I don't have an accurate tabulation here of my expenses since 1980, but my phone bills alone have run several thousand dollars.

I will contact Ross Perough in Dallas, and try to get some money from him. If this is successful, I will give him the movie and book rights to the investigation.

We need to handle the following investigation leads:

1. Signed statement from [Redacted]
[Redacted]
2. Signed statements from the doctors, psychiatrists, and technician, who treated [Redacted] at the various hospitals.
3. [Redacted] and I, should "Hit the Road", locate some of the murderers, and prove that they are real live people. I still feel we should first target [Redacted]

I have talked to [REDACTED] Nashville Tennessee Police Department several times and he does not appear to be making attempts to locate [REDACTED]. It appears [REDACTED] and I, will have to handle this lead.

Jeff recently wrote and said he could only afford 10 days expenses for me on the road. That is like telling an attorney one can only afford a 10 day trial. We are dealing with Jeff's life, there are no short cuts. I don't know how long it will take us to handle the above leads, possibly several months. It all depends on the breaks and the cooperation we receive.

b6

[Redacted]

[Redacted] He stated that the way [Redacted] explained their operation was that DII would first deal with the individual clients and decide if the client's package or business venture appeared to be sound.

DL 196A-1721

He said that if everything appeared to be sound from a business standpoint a limited partnership would be drawn up and filed with the Texas Secretary of State. He advised that next the client would be asked to set up a partnership bank account and obtain from the bank a fee consideration agreement and a remission letter. He advised that DII would then supply the collateral, probably in the form of treasury bills, and the bank in turn would issue a letter of credit and/or a promissory note to the lender's European bank who then would wire transfer the funds, less remissions, to the borrower's fiduciary bank which designates disbursements. [redacted] advised that during the time he spent at the offices of DII, the employees appeared to be actively calling possible sources of funds on behalf of the clients. He stated that in addition to the previously mentioned sources for funding, DII also allegedly was working with the Royal Bank of Canada, Toronto, Canada, in an effort to obtain funding.

b6
b7C

He advised that officers of DII would frequently meet with local bankers in an effort to set up fiduciary or "trustee" banks to handle the pending loans. He recalled that on one occasion [redacted]

b6
b7C
b7D

[redacted] he has never encountered a situation like DII in that the officials always insisted that they had access to treasury bills to be

used as collateral, and who insisted that the reason no loans ever materialized was due to problems with either the lender or the "trustee" bank requirements regarding total commitments prior to any funds actually being transferred. He stated that SII failed to properly notify the Secretary of State's Office when it moved locations, and that to his knowledge DII never paid the \$12 State Business Permit Tax which needs to be paid by brokers or factors or persons who sell for another person valuable considerations; things such as promissory notes, monies or merchandise.

In mid-March, 1984, a prosecutive report prepared by the Dallas Division regarding this matter was presented to the Assistant U. S. Attorney for the Northern District of Texas (AUSA, NDT). Following his review of the report, AUSA, NDT, advised that he would seek indictment of subjects for Fraud by Wire, Mail Fraud, and possibly Interstate Transportation of Stolen Property.

The Dallas Division advised on December 7th, 1984, that the AUSA, NDT has taken no additional steps toward prosecution in this matter since the summer of 1984. The AUSA has asked for no additional investigation and has advised that he is engaged in matters of greater priority at this time. However, the AUSA has advised that Gunderson will be prosecuted.

RE: TED L. GUNDERSON

During the week of February 4, 1985, a meeting was held between the Dallas Division and the United States Attorney (USA), Northern District of Texas (NDT), in an effort to resolve this case. The USA had this investigation reassigned to an Assistant United States Attorney (AUSA) whose workload was not as heavy as the prior AUSA; however, it was pointed out at this meeting that no prosecution would be undertaken or final prosecutive decision made for approximately two months because of the current workload in the NDT. The current AUSA did indicate to the Dallas Division that the case appeared to merit prosecution.

DETAILS: In September, 1982, the Dallas Division instituted a Fraud by Wire investigation into allegations that fraudulent letters of commitment were being issued through Dekla International of Dallas, Texas to finance speculative business ventures in the United States with overseas loans. These letters of credit were allegedly drawn on a bank in Amsterdam, The Netherlands and were obtained by paying advance fees to Dekla. No funding was ever obtained and seven victims lost approximately \$91,000.

RE: TED L. GUNDERSON, AKA TED GUNDERSON; ALLEN BLAIR

One of the commitment letters was signed by Ted Gunderson as president of Dekla International. Mr. Gunderson, a former SAC, was the acting president for approximately six weeks.

Investigation indicated that Gunderson participated in efforts to locate funding for clients through contacts with foreign financial sources, but no actual funding was ever obtained. It has been opined that Gunderson had been hired as a "front" to legitimize the operation. The Dallas Division advised FBIHQ in December, 1983, that the case against Gunderson appeared to be weak inasmuch as Gunderson was an officer of the enterprise for only six weeks, apparently did not receive any proceeds generated by the captioned fraud and possibly was unaware of any fraudulent activities on the part of other subjects.

On 6/14/85, [redacted] United States Attorney (USA) for the Northern District of Texas (NDT) forwarded a letter to the Dallas Division advising that, due to the amount of the loss, the relative weakness of the prosecutive evidence and the related strength of the defenses available, no prosecution would be undertaken against former SAC Gunderson. (It is to be noted that Friday, 6/14/85, was [redacted] final day as United States Attorney.)
