While talking with John Doar, he mentioned the following items which have already been requested by Owen of Sullivan. They pertain to the preparation of the case for trial and are among the many requests which will be received during the preparation of this case from day to day inasmuch as Sullivan is maintaining close contact with Departmental attorneys:

Doar referred to the article in the "Saturday Evening Post" of September 5, 1964, relating to the instant case written by William Bradford Huie. He referred to the paragraph on page two of the article, third column, which is as follows: "Schwerner and Chaney were in Oxford when the church burned training recruits with money furnished by the National Council of Churches. But the church burners had descriptions of them. They had photographed the youths' blue Ford station wagon. They broadcast its license number and description. They let it be known they were laying for that bearded Red Jew agitator. We will get him the next time he comes in here."

With reference to this, Sullivan stated that they had no one who could testify that pictures of the Ford station wagon had been taken by the suspects. It was a matter of common knowledge that Schwerner and Chaney were driving around in the blue COFO Ford station wagon. They had been up there for months contacting people in connection with voter registration and this was, of course, well before the church burning on June 16, 1964. Sullivan stated that he had explained this to Owen.

Doar, just to keep me informed, mentioned that this had been brought to the attention of Mr. Sullivan by Owen and that he understood there was no individual who could testify concerning this. I advised him that I knew of no person who could testify as to the above comment except that everybody did know they were down there. It was a matter of common knowledge.

Memorandum to [REDACTED] b7C
RE: MIBURN

Doar also mentioned that the following information had been given to Sullivan. It was to the effect that [REDACTED] had furnished one of the attorneys who was interviewing him as a potential witness the following information: [REDACTED]

b7C, b7D

Sullivan was told of this today and he said that they knew who [REDACTED] is and will talk to him again, but that he is a scatterbrain and is "full of baloney." b7C

I also advised Sullivan that I understood that Owen had asked [REDACTED]

b3

I told Sullivan that Doar told me that the subpoenas for [REDACTED] had been served [REDACTED] yesterday. He said this was correct. In this regard, I had spoken to Roy Moore this morning, at which time he advised me of this and I told him to send a wire to the Bureau advising the Bureau of the fact that the subpoenas had been issued because the Director was personally interested in this. b3

Doar had mentioned that the subpoena which had been prepared by the Department for [REDACTED]

[REDACTED] Sullivan was instructed to get a copy of the subpoena that was issued [REDACTED] and to immediately furnish it to the Bureau so we would have it available here. b3 b7D

In view of the fact that Doar brought the Saturday Evening Post article to my attention, I called him back and advised him of the information which had been furnished to me by Sullivan to the effect that, of course, Schwerner and Chaney's presence was well known to the people of the country. They knew them and they knew the car. They have no one who can testify as to this other than the victims.

Joe
While talking with Sullivan today, I asked him to get a list of the members of the grand jury. I had asked him whether we had been requested to check their names. He said we had not and that he had discussed this with Owen and Owen stated that the grand jury has been called and we are stuck with them whether we like it or not. I told him to get the names and also check for our own information through our files to see if we can attach any significance to their names.

I also asked him to get a list of the individuals who were going to be subpoenaed by the attorneys as witnesses to appear before the grand jury. He said Owen has this list. I asked him to see if he could not get the names so we will have an idea who is under subpoena.

Sullivan advised me that the attorneys are contacting the various victims personally at which time they are serving them with subpoenas and that we have furnished information to the Departmental attorneys as to the location of the various witnesses who are under subpoena. He said so far he understood there were about 25 persons who had been subpoenaed by the Departmental attorneys on the basis of personal interviews. I told him we wanted a complete list.

I also mentioned to Sullivan that if and when the time comes that indictments are going to be returned that they, of course, should be sealed so that we do not have any fugitives on hand. We ought to serve the warrants and make the arrests.

SUBJECT: UNKNOWN SUBJECTS;

PHILADELPHIA, MISSISSIPPI
CIVIL RIGHTS

The Director noted that the memorandum Rosen to Belmont dated 7/31/64 in this case had not been sent to him before 9/18/64 and asked why not.

This is the memorandum I discussed with the Director on the telephone July 30, 1964, in order to get the Director's concurrence that we go ahead and pay the money to get the information relative to the location of the bodies of the three victims.

Because the memorandum mentions [REDACTED] I personally handed this back to Mr. Rosen after discussing it with the Director on the telephone in order that it would be handled on a most confidential basis. b7D

It would have been better if I had sent this out to the Director so that he could see it in writing and thereafter handled it in a confidential manner upon its return.

Specimens received 9/11/64

K53 Caliber .38 Special Smith and Wesson revolver, Serial No. C 39440

K54 - K59 Six rounds of ammunition

Results of examination:

It was concluded that the bullets from the victim's bodies, previously submitted in this case, were not fired from specimen K53. It was further concluded that the cartridge case, Q113, found near the edge of the property of Olen Burrage was not fired in specimen K53.

The six cartridges, K54 through K59, are reloads; however, the bullets loaded into these cartridges are different from the reload type bullets recovered from the victim's bodies.

As requested, specimens K53 through K59 are being returned to the Miburn Special Assignment Group at Meridian, Mississippi, under separate cover by Railway Express.

INSPECTOR

While talking with Sullivan today in connection with the individuals who are going to be subpoenaed by the Department as witnesses to appear before the Grand Jury, Sullivan stated that Owen had this list. It is recalled I asked him if he could not get the names so we will have an idea who is under subpoena.

Sullivan advised me that the attorneys are contacting the various victims personally, at which time they are serving them with subpoenas and that we have furnished information to Departmental attorneys as to the location of the various witnesses under subpoena. He said so far he understands there were about 25 persons who had been subpoenaed by Departmental attorneys on the basis of personal interviews. I told him we wanted a complete list.

In this connection I inquired as to the comment that approximately 100 persons were going to be served. He said that Departmental attorneys are merely talking to colored witnesses and that U. S. Marshals are serving all white-witnesses and so far they have had no difficulty in connection with the service.

A couple of days ago we had indications that the information which we had circulated in selected areas might be producing results. Information we had been circulating was to the effect that the FBI was interested in but one thing at this time and that was to find the victims. If such information came directly to the FBI anonymously or through an intermediary or through any other imaginable means, we would be interested only in having pinpointed for us the location of the bodies of the victims if they were dead and we would then have to establish that the victims were the individuals who were being sought in connection with instant case. Once we established that the victims were actually recovered we would then pay a substantial amount of money, indicated to be from \$5,000 to \$30,000.

Katzenbach asked that I come to his office. He wanted to straighten out a few matters in connection with the above-entitled case which he said was going to be presented to a grand jury beginning on the 21st of September.

I went to his office, at which time he advised me that just as soon as the grand jury was convened this would become a matter of public knowledge and, secondly, he felt that the newspapers would hound the Department, as well as the FBI, with speculative questions as to the purpose of the grand jury. He was concerned about this because he knew that anything that might be said could be distorted. I advised him that insofar as the Bureau was concerned we intended to make no comment of any kind and I was sure we would hold to the firm position making absolutely no comment in answer to any inquiries relative to the grand jury and its purposes.

Katzenbach said insofar as the Department was concerned he felt that it would be highly undesirable to speculate and although newspapermen could not be stopped from speculating, he was going to discourage it. He said he would take the position if he were asked any questions that insofar as the Department of Justice is concerned it would be highly improper for it to make any comment and he was going to try to indicate to anyone inquiring that it would be most improper for them to speculate as to the purposes of such a grand jury.

He raised another question concerning the evidence and wanted to know whether any of our evidence was tainted. I told him that insofar as I knew I could assure him that any evidence which we have produced has not been obtained through tainted means and that

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;

our reports clearly set forth the names of the individuals who can testify and the type of information that they can receive. He said he thought we should have this assurance so that his attorneys would not be going into the grand jury without fully being aware of all of the facts. I know of no information which was obtained through the means of telephone taps or other illegal means and consequently the statement given to Katzenbach is correct.

He then brought up a question which has previously been raised by Burke Marshall. It is recalled that Burke Marshall stated in connection with the finding of the bodies of the three civil rights workers by the FBI it is just incredible as to how the Agents were able to find the boys in the location they did based solely upon an intensive search of the area. He said he was not asking me for an answer but he felt that if this case does go to trial certainly Katzenbach or Marshall ought to be aware of the facts so that they would not be caught by surprise or take action which was undesirable. Marshall indicated that this ought to be given some thought by the Bureau and that he was not asking me for any answer. I did not volunteer any answer. This was reflected in my memorandum of September 3, 1964, in the instant case.

^{then}
It was suggested^{then} that there did not appear to be any reason for changing our position at that time; however, if this matter is pursued by the Department and the question comes up again, it was believed the Bureau under no circumstances should disclose information which we must retain in full and complete confidence. If we have to disclose anything further than what has already been said, the most we could tell Marshall or the Attorney General, whoever it may be, on the basis that it is to be solely for their information alone and is not to be disclosed to anyone else as it does not effect the presentation of the civil rights cases, is that "We were able to secure information leading to the location of the bodies; however, the source cannot be disclosed." Insofar as this suggestion is concerned, the Director indicated that we will consider this again for an answer if we are pressed.

Katzenbach has now referred to Marshall's question and has indicated that he would appreciate an answer inasmuch as the attorneys who are presenting this case should not be asking questions of individuals as there is a possibility of perjury arising. I told

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL.

Katzenbach that I did not see how the subpoenaing of any witnesses would affect the outcome of the case and that anyone the attorneys desired to subpoena could be subpoenaed.

In this connection the attorneys have furnished a list of names of individuals who they desire to have subpoenaed. We will assist in the service of the subpoenas where they are not readily located inasmuch as the attorneys are at this time interviewing all potential witnesses.

b7D

This could very well be a "cute" way of trying to find out who our source may be and I believe that the question of perjury is inconsequential in the over-all consideration of the case.

b7D

RECOMMENDATION:

Taking everything into consideration, I feel that we should state to the Department that insofar as we are concerned the attorneys trying this case are free to ask any questions which they may desire to and that we are not placing any restrictions on questions that they ask nor the individuals they subpoena just as long as it comes within the accepted prerogatives of legal procedure.

Inasmuch as we have now been pressed for some answer, I believe it would be appropriate to state "We were able to secure information leading to the location of the bodies; however, the source cannot be disclosed." This is a specific answer and would be appropriate under the circumstances. If circumstances change, then we may have to suggest further action. This will be watched closely.

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL.

As has been indicated before, [REDACTED] who furnished information concerning the finding of the bodies and the finding of the three individuals as such does not have a direct bearing on the civil rights cases which are being presented to the Federal grand jury at this time. It is pointed out that during the course of the investigation looking to the finding of the bodies we came across numerous instances of individuals who had been in contact with local law enforcement officers and who as victims complained of mistreatment. There was also information indicating that the local people up there knew of the activities of Michael Schwerner, the white victim, and James Earl Chaney, the colored victim, during a time prior to the burning of the church which occurred on June 16, 1964, and subsequent to that time, and that the local people up there did not want them around. b7D

Victim Andrew Goodman arrived in Meridian the night before the murder occurred, which was on June 20, 1964. Goodman was up in Oxford, Ohio, getting trained for the Mississippi Summer Project. It was also known that the car which Schwerner and Chaney were using which was the Ford station wagon, was well known as being a Council of Federated Organizations (COFO) car and the arrest of these individuals on Sunday, June 21, 1964, when the three victims went up allegedly to check on the burning of the church, was probably as a result of the car having been seen by some of the local people who had heretofore voiced strong objection to the car and the occupants thereof.

From the time that we got into the case following the finding of the burned car and the fact that the victims were missing until the time that the bodies were found on August 4, 1964, we, of course, conducted extensive interviews and during that time picked up additional situations involving alleged violations of the Civil Rights Statute concerning victims other than the three murder victims. After the finding of the bodies, our investigation continued for the purpose of identifying the perpetrators of the murders and during the course of this investigation we again picked up additional civil rights violations involving victims other than the three murder victims.

The significance of this investigation discloses that there appeared to be a conspiracy on the part of the prime suspects; namely, the Sheriff, his Deputy, and others who are closely associated with the

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL

Sheriff's Office who either were in law enforcement or had formerly been in law enforcement, to deprive the colored population of their civil rights and these individual cases taken cumulatively show a clear conspiracy to deprive the victims of their civil rights.

It is these civil rights cases which are presently being presented to the Federal grand jury and it is hoped that the grand jury will bring forth indictments against the persons who have committed the civil rights violations. If and when such indictments are returned these individuals will be arrested and charged with civil rights violations.

[REDACTED]
[REDACTED]
[REDACTED] I asked him what alternative we had inasmuch as the Department was pressing for this source and felt that they needed this information to properly present the case. He stated he felt that we need not identify anyone but that we should go the route as was initially planned; namely, not to disclose the identity [REDACTED] He said that he is ready to stand on this position. b7D

I asked Sullivan if there was any possibility of tainted evidence. He said that insofar as civil rights cases are concerned there is absolutely no possibility of any tainted evidence. He said he did want to mention one thing though. In connection with the search warrant which was obtained at the time they went into the property of Olen Burrage where the dam was located, he stated that he had instructed SAC Moore to obtain a search warrant which he referred to as a "day and night warrant" which would allow the search to continue during the day and at night if need be; that the search warrant indicated that they had reliable information that bodies were located on the property [REDACTED]

[REDACTED] Sullivan stated that he told Moore to get a search warrant as this was needed and he gave him the above information. [REDACTED]

[REDACTED] the search warrant, although it was executed and returned, was actually not needed because Olen Burrage b7D

Memorandum to Mr. Belmont

when he was presented with the search warrant stated that the Agents could search the property all they wanted and could do anything they wished on the property.

This should be brought to the attention of the Department. Although it has no bearing on the civil rights cases and will not affect the presentation of the case because the search warrant only pertained to the location of the bodies, it should be brought out at this time and I will mention it to Burke Marshall and Katzenbach today.

With reference to the request of Katzenbach that he be informed of the source which led to the finding of the bodies, I called him in response to his earlier call of Saturday evening, September 19, 1964, and told him that I could not identify the source of our information; that if we did the source would immediately be killed; that there were just too many leaks in the papers and that it did not appear essential to the cases being presented, inasmuch as they are civil rights violations, that the source be identified. It was further pointed out that if this information was disclosed we could not and would not be able to solve any of our cases in the future if we breach this confidence. In light of the above, it was pointed out to Katzenbach that we had an informant, that we got information from our informant, and that we paid for it. It was also indicated that if it became essential at a later time this matter could be reconsidered.

Katzenbach stated he would like to tell Burke Marshall and John Doar, who are presently in Mississippi, this information. They are assisting Departmental Attorney Robert Owen in preparing the case for presentation to the grand jury. Katzenbach said that he felt he will have to alert them and that it would not go beyond the three individuals mentioned; namely, Burke Marshall, his First Deputy John Doar, and Mr. Owen. He subsequently changed his mind and stated that he knew that they were conferring with our representatives in Mississippi; namely, at Meridian, inasmuch as they had been in touch with Inspector Sullivan there, and he asked that this information be related to them in view of the urgency of the situation and in view of the difficulty in relating information to Burke Marshall, who he thought might be in a hotel.

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL.

Based upon this, I advised Sullivan to personally tell Burke Marshall. He said Burke Marshall, Doar and Owen were presently together and he would attempt to reach them and advise them personally, limiting it to the information above. He was told to caution them about the need for maintaining security in this connection. Sullivan handled this.

In connection with the presentation of this case to the grand jury at Biloxi, Mississippi, I advised Sullivan that all Agents should be most circumspect in their conduct; that they should cooperate fully but nevertheless maintain a completely official and businesslike relationship with the Departmental attorneys; that we did not want any unfavorable reflection upon any of our Agents involved in this matter. Sullivan said that he had already handled this. The Agents who will be at Biloxi are the three most experienced and knowledgeable Agents who have worked the particular phases being presented to the grand jury. They will be available to assist in maintaining liaison with the Departmental attorneys. Any requests will be handled with dispatch providing such requests are appropriate.

I inquired whether Sullivan thought it desirable to be at Biloxi. He indicated he thought that this was undesirable; first because the investigation was presently being continued at Meridian where the majority of the manpower would be and, secondly, he did not feel that he should be in Biloxi because they would be calling him every five minutes and would probably pull him before the grand jury frequently which would be undesirable. He said he would be available in case he was needed and that he could be present in Biloxi on short notice. It is believed that we should attempt to proceed along these lines for the time being. If the situation changes, this will immediately be brought to your attention.

Sullivan stated that he plans to talk beforehand to every Agent who will be called upon to testify.

You will be advised of further developments.

John Doar came by to advise me that the Department had eight attorneys working on this case in Mississippi lining up the testimony of the various witnesses, etc., and that, as previously reported, Robert Owen was spearheading it and had been working very hard on it.

Doar said he was very well pleased with the cooperation which we were giving and that he and Burke Marshall were thinking about going down this week end to talk things over with Owen. They have not yet decided definitely. In addition, they were going to send another attorney to assist the present complement of men.

You will be advised of any further pertinent developments.

Washington, D. C.

Dear Mr. Jenkins:

Reference is made to my letter dated August 14, 1964, concerning James Earl Chaney, Michael Henry Schwerner and Andrew Goodman, the three civil rights workers who were murdered in Mississippi.

In that letter, you were advised that we had developed extensive information concerning possible violations of Civil Rights Statutes in the area, which information had been discussed with representatives of the Department of Justice concerning the desirability of presenting such possible civil rights violations to a Federal Grand Jury.

In this connection, pertinent information developed will be presented to a Federal Grand Jury at Biloxi, Mississippi, commencing September 21, 1964. Federal Judge Sidney C. Mize will preside. This Grand Jury was arranged by Chief Federal Judge William Harold Cox, Southern District of Mississippi, prior to his departure from this country on a vacation abroad. The wealth of information concerning numerous possible violations of Civil Rights Statutes as reflected in our extensive reports covering approximately 3278 pages will be presented for the Grand Jury's consideration.

To date, approximately 100 witnesses have been subpoenaed to appear before the Grand Jury. Deliberations of the Grand Jury will be a matter of continuing interest over the next several weeks. It is felt that positive and favorable action on the part of the Grand Jury will have a salutary effect upon the local community in which the violations were committed.

Our extensive investigation of this matter is continuing to receive preferred and top priority attention.

[REDACTED] CORE Headquarters in New York called this afternoon and spoke with [REDACTED] in my office. [REDACTED] said that he merely wanted to go on record with us that CORE was most anxious to secure possession of the burned-out station wagon utilized by the three victims in this case when all prosecutive action in the case is completed. [REDACTED] said the station wagon in question was registered to CORE. [REDACTED]

It was explained to [REDACTED] that this station wagon was of evidentiary value and that its ultimate disposition would not be up to the FBI but that we would, of course, make his call a matter of record.

For information.

The following investigation was conducted by

At Springfield, Missouri:

On 9/10/64, Warden and Chief Medical Officer, Medical
Center for Federal Prisoners, [REDACTED]

[REDACTED] b7C
On 9/10/64, [REDACTED] Medical Center
for Federal Prisoners, advised he is the Staff Psychiatrist
handling [REDACTED] case. The man is mentally ill and incom-
petent. He was advised of the contents of his letter to
J. EDGAR HOOVER and his comment that he has information about
the murder of the three Civil Rights Workers in Mississippi.
It is his opinion that this is a figment of his imagination
but he thought it would be best to talk with [REDACTED] He
noted that oftentimes [REDACTED] writes letters and then
recants what is in the letters. b7C

On 9/10/64, [REDACTED] was interviewed.
He asked to see the letter he had written to Mr. HOOVER dated
8/22/64 and the letter was shown to him. He acknowledged
writing the letter and quickly commented that he means no
physical harm to HOOVER or any FBI Agent. He is mad at the
FBI because he thinks the FBI is reading his mail and he
particularly objects to the FBI reading his letters to his
female friends. He said he is Sicilian and when he gets
mad he takes out his vengeance in the form of letters and
he has never physically hurt anyone and does not intend to.
He stated he is "legally mad" at the FBI since they arrested
him for extortion and are the cause of his present confinement.
He wants to be left alone. He was told the FBI is not reading
his mail. He offered to help the FBI upon his release in any
way he could. b7C, b7D

KC 157-383

KC [REDACTED] b2C

He admitted he has absolutely no information about the murder of the three Civil Rights Workers in Mississippi but was afraid if he did not put something in the letter the FBI would not pay any attention to him.

Enclosed herewith is a report of CARLTON WALLACE

MILLER

b7C, b7D

MILLER has attributed his information to conversations which he overheard or participated in during his dealings with various Klansmen in Lauderdale and Neshoba Counties. He denies that he participated in the activities which he describes, is able to vouch to the activities only to the degree he knows of no reason why erroneous information would be given to him. Based on our investigations to date, it is possible that his description of these events is accurate. We have had no reason to challenge his credibility. The information he has furnished concerning Klan activities which we have been able to check has been accurate.

To set this data forth in the details of a report will jeopardize the informant's life; therefore, this will be treated as administrative matter when it is reported.

This is the complete case of the three Civil rights workers of whom news papers and magazines has stated that the three men whom are said to be Mr. Dr. Drew Goodman, white of New York, and Mr. Michael Schwerner white of New York, and also Mr. James Chaney - a Negro of Meridian Mississippi of whom news papers and magazines stated that the above named men were later found buried in a ^{grave} ~~place~~ near Philadelphia Mississippi on the date of August 4, 1964 after the - se news papers and magazines has stated from June 3, 1964 to August 4, or 5, 1964 that the above stated men were missing in the State of Mississippi.

September 19, 1964

The case of the three rights workers case started when these three people were stopped for speeding at 65 miles per hour in a 30 or 35 mile per hour zone, is stated in the news papers and magazines that Mr. Cecil Price the Deputy Sheriff of Neshoba County Mississippi stated as this information can be obtain from the Washington Daily News dated Monday June 29, 1964 under a title called "Archives" have read in Mississippi from paragraph (15) to (28) incl also the New York Times, New

paper dated June 23, 1964 in paragraphs (13) and (14) which was for one of the main reasons of which was to investigate the activities of these three persons the News Paper and magazine stated that Mr Price said but due to these three men in the station wagon together that was another reason for the above stated investigation of which were the two white according to what News paper and magazine said or stated that Mr Price said and also in regards to these News paper and magazine of these two whites were meaning for Andrew Goodman age 21 white of whom lived with his mother and father Mr and Mrs Robert W. Goodman whose address is 161 West 86 Street New York City and Mr Michael Schwerner white whose age is 24 and address is 3647 Henry Street of Brooklyn Heights New York whose mother and father is Mr and Mrs Nathan Schwerner of Pelham Westchester County New York and also Mr James Chaney a Negro whose age is 31 of Macon County Mississippi whose mother and father is Mr and Mrs Benjamin Chaney, and as stated before the case really started when these people were stopped for speeding of which led to them going to jail

and paying a fine or a bond of \$21.00 according to News paper and magazines and also to their disappearance of which was due to some information from a magazine called the reporter of the May 21 1964 issue on page 61 by Mr Richard W. Oly the statement is titled it will be a hot summer in Mississippi that states for some weeks Civil rights forces and the state of Mississippi have been maneuvering in preparation for a summer confrontation which shows that the people of Mississippi were prepared and getting better prepared to meet the Civil rights group or groups in maintaining its rights of which is based on Confederacy Slavery and the reconstruction of the South situation and by these people of that state not fully understanding all of this information before they continued to believe in the above stated rights that makes it possible for these people to segregate and dominate on the one hand, but it would be a crime on the other of which was an error on these people part, then too the Civil right leader also made this same error with the misunderstanding of the history.

of Confederacy or the word in mean-
 ing Confederacy and the history of
 slavery and also the reconstruction
 of the Constitution of which
 shows in the first magazine dated
 July 33, 1964 on page 24 and 25
 called non-race NAACP beats
 groups to tests, find also the Pitts-
 burgh Courier dated July 18, 1964
 page 4 column 5 and 6 called
 Beatings Burnings and bombings in
 Mississippi, and also there is
 news paper called the metropolitan
 Epitaph dated July 13, 1964 of which
 there is a statement on page 7
 Column (5) to (6) called some Negroes with
 while others die, which will also show
 that the above stated information has
 a error along with this statement that
 I have written because these leaders
 sent those students into the state
 of Mississippi due to the fact that
 the students themselves thought
 that they knew enough about their
 laws to protect themselves and
 while doing so they could make
 themselves some money this sum-
 -mer which is just about over this
 week the above stated civil rights
 activity, and according to these
 papers the civil right leaders
 were using these students as
 pawns or decoys to prove to
 the federal government and the

rest of the world that these har-
 -assments did take place and
 that they needed help, so this has
 been the error has made, now
 getting back to the statement that
 was made in the reporter magazine
 by Mr. Woolley which is stated
 it will be a hot summer in
 Mississippi that state for some
 time or weeks civil rights force
 and the state of Mississippi have
 been maneuvering in preparation
 for a summer Confrontation wh-
 ich means an act of Confronting an
 accused person with witnesses
 against him, then too this state-
 ment goes on to state that the Civil
 rights groups united in Mississippi
 under the name of the Council of
 Federated Organizations also
 known as COFO of which have
 announced plans to bring at
 least a thousand college stud-
 ents into the state from around
 the country and that the state of-
 ficials declare which mean that
 these state officials would make
 known by their actions of arrest
 and harassments and also intimid-
 ations and also beatings bombings and
 burnings which is the only charge that
 they would use to make themselves
 a case that would hide the above

stated action of Crime; as this
 statement that I am now writing
 which shows from the reported m-
 agazine that states that the state
 of mississippi officials declared
 themselves firmly committed to
 maintain law and order on the
 one hand and to thwart COFO on
 the other which means that these
 civil rights worker would be oppos-
 -ed of their will as this word thwar-
 also means to hinder or obstruct or
 prevent and obstruct and means
 to build up bar or prevent full-
 ment of wishes desires or intent-
 ion and this meant that the civil
 right groups or group knew to much
 about the above stated activities
 and who was behind and doing
 it, and also how and why they were
 getting by with it, to Mr. Schwern-
 er and Mr. Chaney along with Mr.
 Goodman were targets in regards
 to the above statement and of what
 they had seen incl. knew which
 concerns a Church burning or bomb-
 ing that was located in Angale
 Mississippi Community of which
 is where these harassment and
 the destruction of the Church took
 place on June 18, 1964 but there
 in the state of mississippi there
 isn't such a name as Angale.
 So we go back to that reporter

magazine that states that the COFO
 groups or group was preparing
 for a Summer confrontation of
 which shows that these Civil rights
 people were making an error along
 with the officials of Mississippi,
 but still would confront themselves.
 On the bases of what this Civil
 rights group knew that was taking
 place in that state and so they
 confronted each other but the Civil
 rights groups wanted some rights
 of some kind due to the beatings
 & bombings and also burnings and
 arrest and harassments & harass-
 ments or harass means to worry
 and you know what worry means and
 harass also means to vex which mean
 to shake toss and trouble, also ha-
 rass means to prolong or often repeated
 molestation which means an act of
 persistent annoyance and unlaw-
 ful interference, because the statem-
 ent goes on to say that neither side
 is certain about the strategy of the
 other, neither seems entirely certain
 of its own, the COFO leaders whom
 are Mr Aaron Henry Mr Peter Country-
 man Mr Robert Moses along with
 the NAACP and three other Organiz-
 -ation such as the CORE and S.N.C.C.
 and the S.L.C.C. of which associate
 as one to raise raise money to help

each other of which most of these
 organizations are religious groups
 and this is why churches are bombed
 or burned because these people mean-
 ing the above stated negro organization
 receive a lot of their money from
 their disability compensation of which
 is from the VA up here in the
 or all over the then with the above stated
 money they use it for such activities
 as trying to hold the civil rights off the
 Constitution and the people of Miss-
 issippi didn't like the tricks of
 what these negro groups are doing
 due to the fact that most white
 people feel that negroes have never
 been anything but just a nigger and
 a slave in most cases and that
 the white people feel also that the
 negro has looked to him for sup-
 port most all the time, but these
 groups or organizations are taking
 the above stated action to receive
 jobs because all or most of the jobs
 are withheld from the negro be-
 cause he is segregated and discrim-
 inated out of them due to the fact
 that the white people feel that
 if the negro obtain any type of
 job which pays him a good a-
 mount of money it won't be long
 before the negro will become
 independent and so the white

people don't want the negroe to be
 able to become independent at least
 not through his support, also the
 negroe population have been kept
 the lowest race of man kind, and
 since they have such places like
 the state of mississippi hate
 the negroe and so they been trying
 to kill them all or inslave them
 of which has been out lawed
 since 1860 or 1861 and so the
 younger generation know that they
 haven't did anything to be in slave
 -d for or killed for, so these group
 or organizations are trying to stop
 some of this killing bombings
 and also burnings and so the more
 that the negroe in that state gets
 killed or bombed the more that
 these people or organizations will
 try to stop it, and so the white
 people feel that as long as they
 are supporting the negroe why not
 do anything to him, such as killing
 rapings bombings burnings and
 this is one of the main reasons
 why these organizations got toge-
 ther, and like other is to get
 jobs and try to better him self so
 as he could relieve him self of the
 compensation from the U.S. of which
 he is receiving

and with the above stated action these groups talk of a peaceful program because its beginning to get bigger and will soon turn into a war that will spread due to the fact that these groups or organizations have gotten so that they hate the way that the white people have did and as these church burnings and bombings and hangings and beatings take place the negro feel that the have not did anything for to be treated in this manner for, and the white feel that the negro has and so they are going to keep right on killing along with the other stated activity of which is above, because the white are spending far too much money in compensating the negro population without receiving something in return, and so to cut down on paying out so much money being paid out each month these white people of that state do what they think is right and will help them by getting these negroes out of the way or by letting them know that they are not wanted with the above stated action, and so this political education for negroes as stated in the magazine has to try and hinder the people of that state from getting away with what they were doing of which is the activity that is above.

11/
get faith in this statement because
the statement in the magazine goes
on to state that the Civil rights
leaders talk of a peaceful program
of political education for negroes
while anticipating which means that
even though that these groups or
organizations knew that they were
going to get into trouble they were
trying to fight back and this brought
on the action of mississippi's high
authorities and local authorities to
protect the state fellow mississippi-
ans because anticipating which means
① to enjoy make use of in a
advance ② to realize and suffer
from in advance ③ to be beforehand
with a person in taking action
thus to forestall or prevent ④
to foresee another's orders or wish
and carry it out in advance ⑤ to
expect look forward to a hopefu-
-ly as the last number of which
number ⑤ that means violence,
and so in other words the Civil
rights groups were looking for
trouble to start so that they
could prove to the federal gov-
ernment of the above stated ac-
-tion along with harassments of which
has taking place and of whom
were behind it all, then the statement
continues to state that the state
officials with drastic new laws

which means violent active, meaning that these state officials act-
 ed violently to get the new laws
 passed and in action so as to pre-
 sent these Civil rights groups from
 participating in their activity which
 was getting ready for Civil rights
 equal justice and social equi-
 ty for all which further meant
 that this action would put a
 stop to the hanging and shooting
 and also bombing or burning of
 white people of whom was associated
 with Negroes and Negroes homes and
 also churches in that state of Miss-
 issippi, and drastic also means hav-
 ing a powerful effect which means
 to act with force by means of
 thoroughgoing which means the
 opposite of compromises which m-
 eans an arrangement reached bet-
 ween parties in a dispute of any
 kind in which each side gives up
 something and so uncompromised
 means not compromising and
 not given to making compromises
 and admitting of no compromises
 plus it means inflexible determ-
 ined decided unyielding and
 strict, of which means from the
 above statements of the officials
 of Mississippi went all out to
 stop whatever Civil rights act-
 ivity that the Civil rights

group or groups were participate-
 -ting in, and also the Mississippi
 -pi officials brought forth this
 drastic passage of new laws to pre-
 -vent the negroes from acting
 against their segregated mode of
 -lives and thinking of their way
 of life plus these Mississippi off-
 -ficials also wanted to show disre-
 -spect of the passage of the Civil rights
 bill and so the statement continues
 to state that Mississippi officials
 also passed new laws and build
 up the police force in hope by
 a show of force to keep up their
 harassments of Civil rights groups.
 And it is stated in this same mag-
 -azine of which is the reporter they
 -down the violence which means
 to take this harassment action
 in forcing these groups or organ-
 -izations to stop their activities
 which means to keep up this action
 of which these officials have been
 said to have been participating in
 and sooner or later these Civil
 rights groups or group would
 become scared to make any
 violence or to tell who or how
 and why this harassment took
 place to the federal govern-
 -ment. and this is the full details
 concerning this statement re-
 -ferring to paragraph P(2)(3) and

(4) and so paragraphs (5) through
 (14) of this same statement of
 Mr. Woodley's states that Civil
 rights groups were selecting
 the best mannered students
 from as many colleges and univer-
 sities from around the coun-
 -try to act so blandly which
 means to speak and act with
 good manners, and this same
 Mr. Woodley's statement goes on
 to state the Community Center
 it was planning to obtain to
 help out wherever they could
 for the negroes and white people
 as this information can be obtained
 on page 21 of the May 31, 1964 issue
 of the reporter magazine in par-
 agraphs (2) through (3) or within
 page (21) of the stated magazine,
 and also on page 22 in the upper
 left-hand corner the first paragraph
 of that page, and paragraph (2)
 states that the arrest of which
 took place in Greenwood Miss-
 issippi in protest against the
 voter registration and that abuse-
 -s have kept the COFO Centers off
 balance in one way but that the
 COFO leaders hope to receive
 some help from the Federal Go-
 -vernment which with its law
 students acting with COFO groups
 is maintaining some help, and

15/
the statement goes on to state the
reasons for the above stated
works of which is to work on the
voter registration that is based
on the Constitution of the United
States that states that it was
a little work done but hardly
no work at all just time and
money down the drain waiting
for a chance to do something
nice for themselves and the
white people also, and the Wood-
ley statement states that Miss-
issippi has lagged far behind
the rest of the South in the
fight for legal voting rights and
also this Woodley statement states
that the S N C C and COFO and
also NAACP and the CORE and
plus the SCLC leaders were fr-
ustrated which means that the
stated groups were defeated.
Whatever they started to do
in a purpose to prevent these
groups from accomplishing
anything in which these groups
participated in, and that Gov.
Orren Paul B. Johnson Jr made
it his business to take part in
the statements of which is brow-
-ght forth concerning this activ-
ity as the word official or
officialism means a person
who holds a public office (2)

(10)

a person in authority or in a office
appointed to act as judge in an
ecclesiastical Court usually styled
an official principal and on this same
page it states that these groups
had intended to confront them-
selves to arrest and harassment until
they could prove that they needed
Federal help which shows that
from the Statment on page 22
that most of the harassment is
taking place in Greenwood Miss-
issippi and that the other officials
know that this was happening and
followed through with the
same action. Mississippi June
21, 1964 of the New York Times New-
paper it states that Governor
Paul B. Johnson said that this
bill will divide the people of
the nation and cause Civil Strife
which the word Civil means perta-
ining to a Citizen, to political
rights of Citizens and laws con-
nected with private rights and
wrongs and the word Strife means
oppression pain and strong obstinate
of conflict struggle and combat and
also it means controversy recipr-
ocal and hostile action and
quarrilling war, and Mr Johnson
also said that Chaotic Conditions
which means greatly disordered

Confused intermingled in hope-
 less confusion, and this meant
 that this action would take place
 and bring confusion and after-
 wards it would confuse any one
 of which was trying to get out
 just who did it and Mr Charles
 Ramsey also said the above
 statement only he said that this
 would take place in Greenwood
 Jackson Biloxi and Lake
 County Mississippi which is
 near the Choctaw Indian reser-
 vation and near Philadelphia Me-
 shole County Mississippi, and
 in the New York Times newspaper
 dated June 21, 1964 it states th-
 at Mississippi were waiting for
 the Civil rights groups or group
 to come to that state and were
 also looking for the police force
 of that state to check the Civil
 rights drive this summer, so the
 Civil rights students were warned
 not to go to Mississippi and if
 they did the F.B.I. would try to
 protect them but that it was not
 a police force, so the Civil right
 workers left for Mississippi
 some by plane train bus and some
 went to Mississippi by car acc-
 ording News papers Magazines
 of which is News week Magazine
 dated July 6, 1964 page 14 and 15

and that these three of whom
 left Oxford Ohio were the first
 of the Civil rights groups to
 arrive in Mississippi of which
 were Mr Andrew Goodman and
 Mr James Chaney and also Mr
 Michael Schwerner, also it states
 in this same magazine that
 Mississippi officials escalated
 which means Climbing or scaling
 by means of ladders specifically
 an attack on with a view to
 penetrating and capturing, and
 this also means that a fortress
 or Citadel and this word means
 a fortress protecting a town the
 chief point of defence in a for-
 tified town hence a place
 of refuge and retreat, and so
 the statement goes to state that
 the very first day it began last
 week the freedom summer camp-
 aign mounted by a coalition of
 Civil rights groups and the word
 coalition means a act or a process
 of fusion and it also means tem-
 porary union of forces by political
 parties for a particular purpose
 on the understanding that neither
 party abandons its distinctive
 principles which further means
 that the Civil rights groups or
 groups knew what these people

in mississippi were doing concerning the hangings and shooting and also burnings or burnings of homes and churches and of whom was behind it and who were getting away with it and for one thing the people of mississippi had sworn to tell who was doing it even if they knew the law would all because of other statements of which are brought forth in ^{the} statement and also these mississippians didn't want the negro population to obtain the Constitutional rights of which the above statement was the talk of people in and around that state and also the County including news papers and magazines as anyone may be able to see just who is responsible or whom did this act by taking a good dictionary and the statements of each person and check each word stated by that person all the way through say if you take the word did and do madam and check such words in the dictionary and break these words up into syllables and one can catch up with anyone who makes a statement of anything because a good dictionary will explain what each word means that he has stated,

Due to the fact that there are
 a lot of different stories in the
 news papers and magazine &
 of which are trying to tell just
 what did happen to the three
 civil rights workers and of
 whom killed them but none know
 it seem that no one would come
 out and say who the killers are
 as it was mostly because they be-
 rent share so they tried to tell
 the side of which they under-
 stood that was some truth and
 some exaggeration in order to
 make themselves some money of
 which which Gregroy said ac-
 cording to the news papers and
 magazine & that he would pay
 to anyone having information
 leading to finding the three
 civil rights workers dead or
 alive along with other inform-
 ation of which he has said
 and the reason Mr. Gregroy made
 the above statement was because
 he wanted to help fine the two
 white men Mr. Andrew Goodman
 and Mr. Michael Schwerner were
 Mr. Gregroy's main hope as to
 the fact that these people were
 trying to help even though if they
 were trying to make some
 money. Then too there was
 Mr. Chaney that also tried to

21/
help that would mean quite
a sum of money to them if
they could have proven what
these people were doing in
Mississippi of which ~~the~~ ^{the} statements as brought forth
in this statement, and Mr. Shroy
also offered the reward so he could
get as much information as possible
on whom was doing it so he
could make his money back through
a suit in fact the whole civil
rights groups have planned to
sue the state of Mississippi
Once they find out who is behind
it of which is why it's been so
difficult to bring forth these
killers due to the fact that
it's the Mississippi officials
of which are closely associated
with the KKK and that the
killers of the three civil rights
workers are Mr. Cecil Price and
Mr. Glen Burroughs Mr. Edwin Cole
and Mr. Lawrence Rainey Mr. Char-
les J. Simpson Mr. Richard Shelton
Mr. Ross Barnett Mr. Paul Johnson
Mr. M. Fierce Mr. R. Thompson
Mr. J. Ray and Mr. S. Warren
of all they said Mr. Price stated he
stopped the three civil rights station-
wagon this was done so as to in-
vestigate for the speeding charge
and the rest of them page of

which Mr Price wanted to know
 plus Mr Price also wanted to
 check on the personal inside of
 the Station Wagon so Mr Price
 has said to have taken the three
 men to jail and this is where
 he really found by looking through
 the Station Wagon and checking
 the statements of the three men
 he found out just who these people
 were and what they were doing in
 that state as this proof from the
 three would be turn over to
 fellow mississippi official the
 with the records that was to
 be acknowledged by them, so by
 then Mr Wiggs and Mr Joe of which
 was helping Mr Price was
 telling as many other officials know
 what they had count up with so
 after knowing the activity these
 men was engaged in of which he
 had stopped Mr Price started
 making things difficult which
 gave the three civil rights work-
 er the idea that they were
 real trouble but it wasn't anything
 they could do until they were
 freed again but they would
 never be free because the miss-
 issippi officials knew that
 they had the right people of
 which they had concluded had
 committed an act of treason and

Conspiracy as these Mississippi
 officials were in communication
 with fellow officials and their w-
 ives or girls friends along with
 this Mr Rainey told Mr Price what
 to do, but Mr Price knew what to
 do anyway because Mr Johnson made
 a few speeches and by lots
 of other official meetings and
 along with this was a promoter
 and a metal so Mr Price got all
 the information that he could then
 repeat them, and by now everything
 was set up the tip off people were
 waiting for them to live the st-
 ation and this is where Rainey came
 in to play his part so now that
 Mr Price had performed his duty
 there would be some one that wou-
 -ld take care of them and so the
 other official felt that if these
 Civil rights people were allow-
 ed to continue socialize and
 to think of their reason for be-
 ing there in that state of which
 is Mississippi and therefore the
 some men formed a mob not
 far from Philadelphia Mississi-
 ppi or anywhere that these peop-
 le came across these Civil
 rights workers. and about 3 or
 4 miles from Philadelphia Missis-
 sippi is where these Civil rights
 workers were sighted and

Stopped at gun point and so
 the mob of the above named
 officials that was Joe Biggs
 Cole Simpson in fact the names
 of the above stated named
 Mississippi officials were they
 were the only ones that knew about these
 three and knew what to do about
 them as no one else knew too much
 concerning the Civil rights workers
 actively and it the duty of these
 Mississippi officials to protect
 and uphold its Mississippi way
 of life of which is based on slavery
 and segregation and lots more as
 brought forth in the August
 statement and this is how the three
 Civil rights workers were killed
 and Mr. Glen Burroughs died away
 with body's hoping he could
 make some money either from
 Mr. Egreary due to the fact
 that either he knew where the
 bodies were or was lucky enough
 to find the bodies and bury
 them, but how did he know there
 would be a reward? So Thursday
 there was a reward stated in the
 Washington Daily News and from Sun-
 day to Thursday is for or five days
 that either way Mr. Burroughs is getting
 because he hid the body so he
 could get the money

25

because in the statement made
by him he didn't talk too much
but still he knew something, and
he didn't say other about stated of-
ficials because the body's if
found would have been further
away but these people didn't
think that anyone would in
that spot where the body was
located as it all has a big mo-
ney plot and that's the reason
it all happened to these
three civil rights workers go
rest their souls.

The end.

Departmental Attorney Howard Shapiro, Civil Division, Department of Justice, telephoned at approximately 6:30 p. m., this date, in connection with subpoenas directed to our Agents to testify before a grand jury, Neshoba County, Mississippi, on 9-28-64. He stated that he had arranged to confer at 2:00 p. m., Sunday, 9-27-64, at Carthage, Mississippi, with U. S. Attorney Hauberg, Biloxi, Mississippi; Judge Barnett, Eighth Judicial District, State of Mississippi; W. H. Johnson, Jr., District Attorney of Eighth Judicial District; and Rayford Jones, Neshoba County District Attorney, in an effort to avoid having Agents answer the subpoenas.

Mr. Shapiro suggested that prior arrangements for him to confer with the Jackson Agents who were subpoenaed at 4:00 p. m., 9-27-64, at Meridian, be set aside at this time. He indicated that he expected to fly to Jackson the evening of 9-26-64, and that he would get in contact with SAC Roy Moore, *Sunday morning 9/27/64,* so that he can make further arrangements dependent on the results of his conference with the aforementioned individuals at Carthage, Mississippi.

During a telephonic contact with SAC Moore on another matter at approximately 8:00 p. m., 9-25-64, he was advised that Mr. Shapiro would arrive in Jackson and would contact him concerning this matter.

With reference to the Federal Grand Jury at Biloxi, Mississippi, Departmental Attorney Robert Owen of the Civil Rights Division is handling the presentation of evidence. Owen is well thought of by Burke Marshall and John Doar of the Civil Rights Division. U. S. Attorney Robert Hauberg is also present at the proceedings.

I talked with Sullivan concerning the developments and he said that we do not know the attitude of the jurors as a result of personal observation as we have no one in the grand jury but insofar as the attorneys are concerned, the group in Biloxi are diligent and we cannot complain about the quality of their effort. They are working late and are "really grinding out the work." They are carefully interviewing all witnesses beforehand and seem to be trying to do a good job.

While talking with Burke Marshall today, he stated [REDACTED] and had made a very favorable impression on the jurors. [REDACTED] also testified yesterday and held up well. b3

I inquired as to the attitude of the grand jurors. He said that some of them, of course, were resistant and had the attitude that you couldn't believe anything that a Negro said. He felt that some of the grand jurors thought that a spectacular development would be presented to them the first day, and that, of course, this was to be expected with all the speculation which was taking place. Marshall felt that taking everything into consideration, it was moving along as well as could be expected.

With reference to the subpoenas which have been issued for certain of our Agents to appear before a State Grand Jury which is convening on September 28, 1964, Inspector Sullivan has been in touch with County Attorney Raiford Jones of Neshoba County. Attempts were made yesterday to talk with Judge O. H. Barnett, who is a brother of the former Governor. He is the State Circuit Court Judge who will handle this case. They were not able to meet with the Court yesterday inasmuch as he was in session. Sullivan is to talk with Raiford Jones today inasmuch as Jones had communicated with him and indicated he wanted to talk with him.

Our understanding as a result of personal contact with Burke Marshall of the Civil Rights Division is that we are to tell the local authorities that with reference to the subpoenas for state appearance, we would be unable to testify before any grand jury at this time in state court inasmuch as we are under subpoena in a Federal court in connection with the presentation of material before a Federal Grand Jury at Biloxi, Mississippi.

In talking with Sullivan today, it was indicated to him that every effort should be made to get to the Judge today if at all possible to explain the position which we necessarily have to follow in accordance with instructions received from Burke Marshall.

I also talked with Burke Marshall concerning the present procedure and he affirmed the fact that this was the procedure which should be followed and that if this was not satisfactory he would take whatever action was necessary to insure that the above procedure was adhered to.

Re: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL.

As it now stands, Sullivan is taking the position that we cannot decline to be served with subpoenas but if the Agents are actually required to appear after having been duly served they will follow instructions given by Burke Marshall of the Civil Rights Division to the effect that they will be unable to testify at this time pursuant to Departmental instructions; namely, Departmental Order 260-62; and that this was in accordance with instructions received from Burke Marshall, Assistant Attorney General in charge of the Civil Rights Division of the Department of Justice.

ACTION BEING TAKEN:

This matter will be closely followed with Sullivan so that if any situation develops requiring additional action it will immediately be taken up with Burke Marshall.

This is to advise that SAC Moore of the Jackson Office telephonically advised on 9/27/64 information had just been received that the nine FBI Agents subpoenaed to appear before the state grand jury at Philadelphia, Mississippi, on 9/28/64, will not have to appear in answer to the subpoenas.

According to SAC Moore, the United States Attorney at Jackson and Mr. Howard E. Shapiro, Civil Division of the Department, had a conference the afternoon of Sunday 9/27/64 with Neshoba County Circuit Court Judge O. H. Barnett and the Neshoba County Prosecutor at which time an agreement was made that our Agents would not have to appear.

Mr. Moore related that Mr. Shapiro will appear at the local proceedings on 9/28/64 and make a statement to the effect that after the current Federal Grand Jury at Biloxi has completed its inquiry then any information of interest to the Neshoba County authorities will be turned over to them.

You will be advised of pertinent developments.

We have been informed of the arrangements which have been made by the Civil Division of the Department concerning the nine subpoenas that have been issued for Agents of the FBI previously named in my memorandum of 9/25/64 in connection with the state grand jury proceeding for September 28, 1964, at Philadelphia, Mississippi. The local grand jury was called by Judge O. H. Barnett, Circuit Court Judge of Neshoba County at Philadelphia, Mississippi. The County Attorney is Raiford Jones.

The following telegram was sent by Acting Attorney General Katzenbach at 11:00 a.m., Central Standard Time, today, September 25, 1964, having been received by SAC Roy Moore at Jackson:

"ROY K. MOORE, SAC, FBI, JACKSON, MISS.

"IT APPEARS THAT CERTAIN FBI AGENTS IN MISSISSIPPI HAVE BEEN SERVED WITH SUBPOENAS REQUIRING THEIR APPEARANCE BEFORE A STATE GRAND JURY IN PHILADELPHIA, MISS. ON MONDAY, SEPTEMBER 28, PURSUANT TO DEPARTMENT OF JUSTICE ORDER NO. 260-62 (28 C. F. R. 16.1) AND AS ACTING ATTORNEY GENERAL, I INSTRUCT YOU AND, THROUGH YOU, EACH FBI AGENT SO SERVED, NOT TO DISCLOSE BEFORE THE SAID STATE GRAND JURY, ANY INFORMATION RELATING TO MATERIAL OR INFORMATION CONTAINED IN THE FILES OF THE DEPARTMENT OF JUSTICE OR ANY INFORMATION OBTAINED IN CONNECTION WITH ANY

Re: UNKNOWN SUBJECTS;

MICHAEL HENRY SCHWERNER, ET AL.

OFFICIAL DEPARTMENT OF JUSTICE INVESTIGATION. IT IS ESSENTIAL THAT THESE AGENTS BE AVAILABLE TO TESTIFY BEFORE THE FEDERAL GRAND JURY NOW SITTING AT BILOXI, MISS. AND SINCE THE FBI INVESTIGATION OF MATTERS BEING INQUIRED INTO BY THAT GRAND JURY IS STILL CONTINUING, DISCLOSURE AT THIS TIME TO PERSONS OTHER THAN THE FEDERAL GRAND JURY WOULD BE INIMICAL TO THE PUBLIC INTEREST AND WOULD SERIOUSLY BURDEN AND IMPEDE THE DEPARTMENT OF JUSTICE IN EFFECTIVELY DISCHARGING ITS LAWFUL RESPONSIBILITIES IN THE ADMINISTRATION OF THE CRIMINAL LAWS OF THE UNITED STATES.

"NICHOLAS DE B. KATZENBACH"

In addition to the above, we have been advised by Howard E. Shapiro, Civil Division of the Department, that the following plans are made and it is intended that they will be followed relative to the nine subpoenas which have been issued:

The United States Attorney at Jackson will attempt to arrange a meeting with Judge Barnett either Saturday or Sunday.

Shapiro said he and the United States Attorney and probably Raiford Jones would be present at the meeting, at which time an attempt will be made to have the Judge withdraw the subpoenas.

If this is unsuccessful, Bureau Agents, accompanied by the United States Attorney and Departmental Attorney Shapiro, will appear at the Philadelphia Courthouse at 9 o'clock, September 28, 1964, at which time the United States Attorney and Departmental attorney will move to have the subpoenas quashed or modified so that our Agents cannot testify to any official investigation. (With reference to the modification, it will mean that the Agents will be able to state their name, their address, their employment, and answer any proper personal question; however, they

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL

will not be allowed to testify concerning any official matter in connection with their duties as Special Agents of the FBI.)

If this attempt is unsuccessful, Agents will appear before the grand jury when called and decline to furnish any information as indicated above and in line with the instructions of the Department.

If the Agents are then brought before Judge Barnett, they will maintain the same position and cite the Departmental instructions.

If the Judge rules the Agents to be in contempt and levies a fine, the imposition of the fine will immediately be appealed.

If the Judge orders the Agents held in contempt and asks that they be detained in jail, the Departmental Attorney has stated that appropriate legal papers will be at Biloxi and the Department will immediately obtain a writ of habeas corpus from Federal Judge Sidney Mize of the U. S. District Court sitting at Biloxi to have the Agents released.

In order that the above plans can be carried out, the Departmental Attorney plans to have a meeting at Meridian with all of the Agents involved on Sunday at approximately 4:00 p. m.

ACTION BEING TAKEN:

The above information is being furnished to the SAC at Jackson and also Inspector Sullivan at Meridian for appropriate action.

If any modifications in the above take place, you will be advised.

I talked with Joe Sullivan at Meridian in connection with the above matter indicating that the Civil Division of the Department was preparing appropriate legal replies to the nine subpoenas which have been served upon our Agents.

They desire the identity of the foreman of the local grand jury and Sullivan was requested to obtain this.

Yesterday, as reflected in my memorandum of 9/24/64, Raiford Jones contacted Sullivan and indicated he wanted to talk with him. Raiford Jones is the County Attorney of Neshoba County, Mississippi. The results of this conference were obtained from Sullivan. It, in substance, indicates that Jones was merely reiterating a desire to have Agents appear before the local grand jury. Sullivan, in his conversation with Jones, did not obtain anything that we did not heretofore know and Sullivan took the position that, insofar as Raiford Jones' request was concerned, this was a matter which would have to be brought to the attention of the Department and we would be guided by the Department's decision in such matters.

The information requested by the Civil Division of the Department will be furnished in order that they may appropriately prepare the necessary legal papers concerning the subpoenas which have been issued.

You will be advised of additional developments.

Memorandum to Mr. Belmont
Re: UNKNOWN SUBJECTS;
MICHAEL HENRY SCHWERNER, ET AL.

ADDENDUM: 9/25/64 ARige

We have ascertained that Judge O. H. Barnett, State Circuit Court Judge, who we now understand is not a brother of the former Governor but is a cousin of the former Governor of Mississippi, was contacted in line with previous advice of Burke Marshall of the Civil Rights Division concerning the subpoenas that were issued against the nine Agents. Burke Marshall stated that we should tell the local authorities that with reference to these subpoenas for state appearance we would be unable to testify before any grand jury in state court inasmuch as we were under subpoena in a Federal court in connection with the presentation of material before a Federal grand jury at Biloxi, Mississippi. In line with this, we contacted the Judge, who was unavailable yesterday, and he was most cordial and was not critical of the FBI.

He indicated that the Department should have released the testimony requested and that he felt a Departmental representative should appear before the state grand jury and state the Department's position. Our Agent made no comment concerning this except to indicate that we were being guided by the Department's wishes in this matter and any request which was made would have to be referred to the Department for appropriate consideration.

Insofar as the nine subpoenas are concerned, they are addressed to

[REDACTED]
the Jackson Division. The Department has advised us that the Attorney General plans to send a telegram to SAC Moore instructing him in the manner in which the subpoenas should be answered and he is having prepared individual instructions to each Agent concerning the manner in which they are to answer the subpoena. A copy of such instructions will be obtained from the Department just as soon as they are prepared. b7C

ACTION TAKEN:

The Department has been advised of the identity of the foreman of the local grand jury. He is [REDACTED] b7C

Re: UNKNOWN SUBJECTS;

and that the Judge felt the Department should have a representative appear before the state grand jury and state the Department's position. This has been given to Burke Marshall for such action as he deems appropriate.

Burke Marshall, upon being advised of the above, indicated that he was thinking seriously of having a Departmental representative, perhaps a representative of the U. S. Attorney's Office in Jackson, appear before the local state grand jury and explain the Department's position. He felt that this would be desirable.

You will be advised of additional developments.

NARRATIVE OF OFFENSE

Victims JAMES EARL CHANEY, ANDREW GOODMAN and MICHAEL HENRY SCHWERNER, Council of Federated Organizations (COFO) workers, left Meridian, Mississippi around 11:00 AM, Sunday, June 21, 1964, en route to the Mount Zion Community east of Philadelphia, Mississippi where they visited the former site of the Mount Zion Methodist Church which burned to the ground on the evening of June 16, 1964. After viewing the charred remains of the Mount Zion Methodist Church, the victims visited with several Negro families before driving toward Philadelphia, Mississippi en route to Meridian, Mississippi.

JN 44-1

bjm :

While driving their 1963 Ford Fairlane Ranch Wagon, bearing 1964 Mississippi License H25503, to Philadelphia, Mississippi, they were arrested by Deputy Sheriff CECIL RAY PRICE, Neshoba County, Mississippi, at approximately 3:30 PM, June 21, 1964, allegedly for speeding within the city limits of Philadelphia, Mississippi. At the request of Deputy Sheriff PRICE, Mississippi Highway Safety Patrolmen HARRY J. WIGGS and E. R. POE assisted PRICE in transporting the victims to the Neshoba County Jail where CHANEY was incarcerated for speeding and GOODMAN and SCHWERNER were incarcerated "for investigation". b7C

[REDACTED]

[REDACTED] booked CHANEY for speeding and GOODMAN and SCHWERNER for investigation. [REDACTED] victims were held in the Neshoba County Jail until Justice of Peace LEONARD WARREN was available to set bond for CHANEY. After 10:00 PM, Justice of Peace WARREN was contacted at which time he set CHANEY's bond at \$20. After the bond was paid, the three victims were released from the Neshoba County Jail at approximately 10:30 PM, June 21, 1964. b7C, b7D

Victims departed from the Neshoba County Jail in the ranch wagon and were followed until they approached the Philadelphia city limits by Deputy Sheriff PRICE and RICHARD A. WILLIS, a Philadelphia, Mississippi patrolman.

[REDACTED]

b7C, b7D

JN 44-1

bjm

[REDACTED]
[REDACTED] observed the victims traveling on Highway 19 toward Meridian, Mississippi. b7C, b7D

On June 23, 1964, near the Bogue Chitto Creek on Highway 21, approximately thirteen miles northeast of Philadelphia, Mississippi, the 1963 Ford Fairlane Ranch Wagon, which was last seen in the possession of the three civil rights workers, was located in a completely burned condition. Examination of the ranch wagon indicated that the interior and exterior of the car, with the exception of the left front fender and door along with a portion of the hood and bumper, had been affected by flames and intense heat of fire. A meticulous examination by Special Agents from the Federal Bureau of Investigation Laboratory revealed that no human remains were in the debris which contained a wristwatch, automobile keys and tools. A resident of the area, T. HUDSON, stated he had traveled by the place where the car was burned shortly after 1:00 AM, June 22, 1964, and observed what apparently was the burning car. Flames ten to twelve feet high were noted, even burning the bushes.

[REDACTED] b7C, b7D
On August 4, 1964, a search warrant signed by U. S. Commissioner VERTA LEE SWETMAN, Biloxi, Mississippi, ordering a search of the OLEN BURRAGE farm in Neshoba County, was served on OLEN BURRAGE at Philadelphia, Mississippi. Excavation was conducted on the farm dam and the bodies of the three civil rights workers, CHANEY, GOODMAN and SCHWERNER, were located and exhumed. The bodies were transported to the University of Mississippi Medical Center, Jackson, Mississippi, where Dr. WILLIAM P. FEATHERSTON, a local pathologist, conducted an autopsy and pronounced the cause of death to be gunshot wounds.

JN 44-1

bjm

Positive identification of the three bodies as JAMES EARL CHANEY, MICHAEL HENRY SCHWERNER and ANDREW GOODMAN was established by the FBI Identification Division through fingerprints of the victims.

[REDACTED]
[REDACTED] construction of the earthen dam was started around June 14, 1964 and that work on the dam was going on during the week end of June 20-22, 1964.

[REDACTED] construction was in progress on Sunday, June 21, 1964, and again on Monday, June 22, 1964, beginning early in the morning. [REDACTED] did not observe any evidence of tampering or irregularities at the dam site. b7c, b7D

JAMES EDWARD JORDAN, a white male from Meridian, Mississippi, an admitted participant in the abduction and murder of the three civil rights workers, stated that on June 21, 1964, EDGAR RAY KILLEN, JERRY SHARPE and a person whom he believed to be JIMMY TOWNSEND, all residents of Philadelphia, Mississippi, traveled to the Longhorn Drive-In, Meridian, Mississippi, where KILLEN informed JAMES T. "PETE" HARRIS, FRANK HERNDON, and JORDAN that three civil rights workers were incarcerated at the Neshoba County Jail in Philadelphia, Mississippi on minor charges. He indicated these men could not be held long and he wanted Lauderdale County Ku Klux Klan members to join a Neshoba County group in "whipping" these men. [REDACTED]

[REDACTED] JORDAN related that six pairs of cloth gloves were obtained from OLIVER RICHARD "DICK" WARNER, JR.'s store in Meridian before leaving the city en route to Philadelphia. b7c, b7D

JN 44-1

bjm

HORACE DOYLE BARNETTE, another witness who admitted being a participant in the abduction and murder of CHANEY, GOODMAN and SCHWERNER, related that on the evening of June 21, 1964 [redacted] telephonically advised [redacted] and him "the Klan had a job". DOYLE and [redacted] met [redacted] JAMES EDWARD JORDAN, [redacted] whose last name BARNETTE later learned was [redacted] at [redacted] in Meridian, Mississippi. [redacted]

[redacted] DOYLE and [redacted] and JAMES EDWARD JORDAN proceeded to Philadelphia where they met [redacted] informed them the three civil rights workers were being released from jail and he stated, "we have a place to bury them and a man to run the dozer to cover them up." b7c

The three civil rights workers, JAMES EARL CHANEY, ANDREW GOODMAN and MICHAEL SCHWERNER, were released from the Neshoba County Jail at approximately 10:30 PM, June 21, 1964, and by prearranged plans, [redacted] informed the participants, the Mississippi Highway Safety Patrol (MHSP) would intercept the civil rights workers' car as it proceeded down Highway 19. The car, however, was not stopped by the MHSP. [redacted]

[redacted] actually stopped the car south of House, Mississippi on Highway 492. He placed the three civil rights workers in the back seat of his car and drove them down a nearby country road where they b7c

JN 44-1
bjm

were shot by the group that had followed [REDACTED] from Philadelphia. b7c

HORACE DOYLE BARNETTE stated that SCHWERNER and GOODMAN were shot by [REDACTED] and JAMES CHANEY was killed by a volley of shots in the presence of [REDACTED] JIM JORDAN and himself. The bodies were taken to the OLEN BURRAGE dam near Philadelphia, Mississippi where a bulldozer operator performed the interment. Afterwards, the group congregated at [REDACTED] where [REDACTED] provided a jug of gasoline to burn the three civil rights workers' 1963 Ford ranch wagon. [REDACTED] informed the group that the victims' station wagon was to be taken by [REDACTED] to Alabama where it would be burned." b7c

After leaving [REDACTED] JORDAN, [REDACTED] and BARNETTE were stopped by [REDACTED] in Philadelphia, and [REDACTED] admonished the group against disclosing the crime by stating, "I'll kill anyone who talks, if it was my own brother." b7c

At 10.03 p.m., June 21, 1964, Mr. FRANK SCHWELB, Attorney, Civil Rights Division, U. S. Department of Justice, telephonically advised the New Orleans Office of the FBI that three Civil Rights workers all in their early twenties, MICHAEL SCHWERNER, a white male, JAMES CHANEY, a Negro male, and ANDY GOODMAN, a white male, left Meridian, Mississippi, the morning of June 21, 1964, en route to Philadelphia, Mississippi, where a Negro church had been "burned or bombed a few weeks back." The group left with the intention of being back in Meridian at 4 p.m. on the afternoon of June 21, 1964, but had not returned and had not been heard from up to the time of his call.

At 10 15 p.m., [REDACTED] Council of Federated Organizations (COFO), telephonically advised SA [REDACTED] Jackson, Mississippi, that ANDY GOODWIN, MICHAEL SCHWERNER and JAMES CHANEY had left Meridian, Mississippi, via automobile early the afternoon of June 21, 1964, traveling to Philadelphia, Mississippi, with the intention of investigating a recent church burning there. They were due to return to Meridian late the afternoon of June 21, 1964, but at the time of [REDACTED] call they had not returned and had not been heard from since leaving Meridian. He stated that the police in the towns between Meridian and Philadelphia had been contacted by COFO and no information had been developed regarding their whereabouts. b7C

At 11:34 p.m., June 21, 1964, Mr. FRANK SCHWELB telephonically advised the New Orleans Office that the car in which the three above persons were traveling is a 1964 Fairlane Ford, bearing Mississippi Licerse H25503. He stated that [REDACTED] of COFO, Jackson, had called the Lauderdale and Neshoba (Philadelphia Police Department) County Jails by 9 p.m., June 21, 1964, in an attempt to b7C

At 3:20 p.m., HUNTER MOREY, Legal Coordinator, Council of Federated Organizations (COFO), Jackson, Mississippi, telephonically advised the Meridian, Mississippi, Resident Agency that he desired to make an official request for an investigation to locate JAMES CHANEY, MICHAEL SCHWERNER and ANDREW GOODMAN and that his request was the result of his receipt of conflicting stories concerning the time the three individuals had been released from the Neshoba County Jail at Philadelphia, Mississippi, and because of the church burning near Philadelphia, Mississippi, he feels the three boys were in physical danger.

[redacted] on
June 21, 1964, at about 11:00 a.m., MICHAEL SCHWERNER, JAMES
CHANEY, and ANDREW GOODMAN arrived [redacted]
[redacted]
[redacted]

[redacted] SCHWERNER said at one point that they "had to be" in Philadelphia, Mississippi, by 1:00 p.m. that day. [redacted] not know why they had to be there as there was never any specific reason mentioned other than the fact that they wanted to go to the Philadelphia area to investigate the church burning. [redacted] none of them mentioned any person by name or implication that they intended to meet while in the Philadelphia area. [redacted] the three of them left the house sometime shortly after 12:00 Noon possibly about 12:15 p.m.

[redacted] SCHWERNER was wearing a blue, long sleeve shirt and black trousers made out of the same material as coveralls. He does not recall what sort of shoes SCHWERNER was wearing.

[redacted] SCHWERNER was wearing a white faced, yellow gold, round, wrist watch which has the numerals 12, 3, 6, and 9 on its face and wedge like marks in place of the remaining numerals. [redacted] thinks that SCHWERNER generally wears a wedding band.

[redacted] CHANEY had on bib type overalls and a tee shirt. He was wearing a straw sun hat and possibly had some black leather shoes on. He does not think that CHANEY was wearing any jewelry. [redacted] has hardly ever seen CHANEY with a wrist watch.

[redacted] GOODMAN was wearing blue jeans and short sleeve shirt the color of which he does not remember. [redacted] does not recall what kind of shoes GOODMAN was wearing and does not remember if he was wearing any jewelry.

PRICE was proceeding east on Highway 16 at about 65 miles an hour intending to turn right on the Legion Lake Road (Point B) when approximately .2 of a mile west of that point (Point A), he met victims' station wagon. He went on to the Legion Lake Road, reversed his path, and followed the victims. .7 of a mile from Point B he observed Mississippi Highway Safety Patrolmen WIGGS and POE parked at Point C. During this period the station wagon was not in his sight. He saw it again at Point D which is 1.4 miles from Point B. He proceeded an additional 2.1 miles to Point E where he began to clock victims' speed. This was 3½ miles from Point B. 4.1 miles from Point B he passed the Philadelphia City Limits (Point F). Clocking the car an additional .6 of a mile, he turned on his red emergency light and sounded his horn to signal victims to stop at Point G which is 4.7 miles from Point B. They travelled an additional .3 of a mile to Point H where they pulled off the road, changed a tire, and were placed under arrest. This is approximately 5 miles from Point B. Based upon tests conducted by Special Agent [REDACTED] of the Federal Bureau of Investigation Laboratory on Highway 16 approximately 5 miles east of Philadelphia, Mississippi, it was concluded that an average 180-degree high speed turn would require approximately 10 seconds to complete from the time braking was begun at a speed of 65 miles per hour until the car was turned around and started to move forward in the opposite direction. b7c

Taking into account the above determination and under the following conditions:

1. The car CHANEY was driving was traveling west on Highway 16 and maintaining a constant speed of 65 miles per hour into Philadelphia. The speed estimate is based on observations of Officers WIGGS and POE who observed the car pass their parked position and estimated that it was traveling within the speed limit which is 65 miles per hour. [REDACTED] when he was close enough to the car CHANEY was driving to clock it he clocked it at a speed of 65 miles per hour into the city of Philadelphia. b7c, b7D
2. Deputy Sheriff PRICE passed the car CHANEY was driving moving in the opposite direction at a point 4.8 miles east of the place in the city of Philadelphia where this car was subsequently stopped and the occupants placed under arrest.
3. Deputy Sheriff PRICE drove at 65 miles per hour .2 of a mile further east of the point where he passed the car driven by CHANEY, turned around, and pursued this car. It is noted that Highway Patrolmen WIGGS and POE estimated that PRICE was traveling at approximately the same speed the car driven by CHANEY was traveling and within view of this car at the time it passed their position.

Based upon the data set forth above [REDACTED] PRICE would have had to drive at the following average speeds to achieve the results he described in demonstrating the circumstances surrounding the apprehension of CHANEY and his companions. b6, b7D

1. In order to approach and clock the car CHANEY was driving at a point 1.5 miles east of the final stopping and arresting place within the city of Philadelphia, he would have had to drive at an average speed of approximately 78 miles per hour.
2. In order to catch and stop the car CHANEY was driving at the point of arrest, he would have had to drive at an average speed of approximately 73 miles per hour.

In evaluating the data set forth above, one additional known factor should be taken into consideration. [REDACTED] approximately 16 minutes elapsed between the time [REDACTED] observed PRICE proceeding east past the position [REDACTED] occupied and his return following the car driven by CHANEY. b6, b7C

Another item of interest in evaluating Deputy Sheriff PRICE's [REDACTED] apprehension of CHANEY and his companions is the fact that he was in radio communication with Highway Patrolmen WIGGS and POE who customarily work their traffic on Highway 16 at the spot where they were observing and pursued speeders from this spot. There was no need for him to follow the car CHANEY was driving to bring it within the observation of the officers since a radio alert to the Highway Patrol would have caused this car to be pursued if the speed was such they were in obvious violation of the traffic regulations on Highway 16. b6, b7C

He was advised that any statement he made must be voluntary and could be used against him in a court of law. [REDACTED]

b. [REDACTED]

Patrolman POE advised as well as he could recall about 3:00 p.m., June 21, 1964, he and Patrolman HARRY WIGGS of the Mississippi Highway Safety Patrol received a call over their radio from Deputy Sheriff CECIL RAY PRICE asking for assistance in bringing three people to jail. He gave his location as the Methodist Church which is at the intersection of Beacon and Main Street, Philadelphia, Mississippi.

PCE said they were in the vicinity of Philadelphia and arrived at the intersection of Beacon and Main Streets in a very short while. When they arrived, PRICE and those under arrest were changing a tire on the blue station wagon. They were all helping and the station wagon rolled off the jack once [REDACTED] one of those under arrest to get into the station wagon and put his foot on the brake to keep it from rolling off the jack. Date July 6, 1964

Patrolman EARL R. POE, [REDACTED] Philadelphia, Mississippi, Mississippi Highway Safety Patrol, was informed of the identities of the interviewing Agents as representatives of the Federal Bureau of Investigation by SA [REDACTED]. He was informed he had a right to consult an attorney prior to making any statement, that any statement he might make could be used against him in a court of law, that no threats or promises were made to him, and that any statement which he might make should be freely and voluntarily made.

Thereafter, he contacted the Agents from Philadelphia, Mississippi, over State Highway Number 16 pointing to the location where the three missing individuals were observed with Deputy Sheriff CECIL PRICE on June 21, 1964, changing a tire on a Ford stationwagon, the location where he and Mississippi Highway Safety Patrolman HARRY J. WIGGS in their patrol car were parked on that highway on June 21, 1964, when they received the first radio request from PRICE for assistance and other locations along that route.

At approximately 1:00 P. M. on June 21, 1964, he "went on duty" by entering the patrol car [REDACTED]

[REDACTED] they parked their patrol car on State Highway Number 16, East of Philadelphia, Mississippi, at the location previously designated to the interviewing Agents. The time of taking up that position could not be precisely recalled but he thought it was "about 3:00 P. M." or "not long after 3:00 P. M." The point where they parked was located at the entrance of a seldom used lane entering Highway 16 from the south, one that was well shaded by large trees, and one located so that there was a slight rise in the highway to the east of this location.

[REDACTED] a recent model Ford stationwagon passed on Highway 16 proceeding toward Philadelphia, [REDACTED]

[REDACTED] As this car "topped" the rise just to the east of his location, the car was observed to "let off of it" as it came into view of the patrol car. This was explained as something the average motorist automatically does on observing a marked patrol car at the side of the highway. This vehicle passed his location

at a speed he could not estimate nor could he express an opinion as to whether it was or was not exceeding the lawful speed limit at that point. This car then passed out of his vision to the west continuing to Philadelphia, Mississippi. Shortly thereafter Deputy Sheriff PRICE, in his patrol car, was observed passing this point from east to west also headed toward Philadelphia, Mississippi. Again Patrolman POE could neither estimate the speed of PRICE nor could he estimate how far behind the stationwagon PRICE was at the time of passing his location.

Shortly thereafter, again time not recalled, he heard Deputy Sheriff PRICE on the patrol radio state he was chasing a speeder and requesting assistance. He and Patrolman WIGGS, in their car, then started toward Philadelphia on this same highway in response to this request.

When he and Patrolman WIGGS arrived at the location of both PRICE and this stationwagon, he observed the occupants and PRICE engaged in changing a tire on the stationwagon.

After leaving the Neshoba County Jail he and Patrolman WIGGS had parked on the square of Philadelphia, Mississippi, and had met their superior, Inspector KING of the Mississippi Highway Safety Patrol and conferred with him for a short period of time.

[REDACTED] Patrolman EARL R. POE,
Mississippi Highway Safety Patrol,

During the same described interview, the following distances were recorded by speedometer as Patrolman POE pointed out indicated locations.

All distances measured from the location of the Dallas Welding and Repair Shop, inside the Philadelphia City Limits on State Highway 16 proceeding in an easterly direction. Distance to the intersection of Main and Beacon Streets, the point identified by POE as the location of the station wagon when he arrived at the scene on the afternoon of June 21, 1964, 1/10 mile. City limits sign for the city of Philadelphia, 9/10ths mile. Location where Patrolmen POE and WIGGS parked when station wagon passed them going in a westerly direction, 4 and 4/10ths miles. Turn off to American Legion Lake, 5 miles. Road turning off to Mount Zion Church, 7 and 3/10ths miles. Distance to Mount Zion Church, 10 and 7/10ths miles.

It was further observed that the location pointed out by Patrolman POE as the location where he and Patrolman WIGGS were parked on Highway 16, east of Philadelphia, Mississippi, on the afternoon of June 21, 1964, was the location of a lane leading into Highway 16 from the south and was shaded by large trees. The location in addition had a low hill or "rise" in Highway 16 immediately to the east thereof.

"November 11, 1964

"I, Earl Robert Poe, do hereby make the following statement to Joseph A. Sullivan whom I know to be an Inspector in the Federal Bureau of Investigation. This statement is made of my own free will. No duress or threats have been employed to cause me to make this statement. I have been advised of my right to legal counsel before making this statement. I realize that it may be used against me in a court of law.

"I am a patrolman in the Mississippi Highway Safety Patrol (MHSP) and am assigned to Neshoba County, Mississippi in the performance of my normal duties.

"The following data relates to my activities while on official business as a trooper in the MHSP on June 21, 1964:

"I undertook my official duties assisted by Patrolman Harry J. Wiggs at approximately 1:00 PM. We employed Car #110 and initiated the day's activities with routine patrol.

[REDACTED] at approximately 2:05 PM on this afternoon I issued a traffic citation on Highway 19 at Tucker, Mississippi

[REDACTED]. Following this at about 3:00 PM, Wiggs and I patrolled east of Philadelphia on Highway 16. In connection with this activity, we parked our vehicle in a site [REDACTED]

[REDACTED] approximately 4.4 miles outside of the city. We assumed this stationary observation post at about 3:00 PM. Sometime thereafter and relatively shortly, Neshoba County Deputy Sheriff Cecil Ray Price passed our observation post.

"Sometime after this and while Price was still east of our position on Highway 16, he made radio contact with us and made a comment to the effect that 'I've got a good one, George Raymond.' [REDACTED]

[REDACTED]

"Shortly after his transmission and within about ten minutes from the time he had passed us traveling east, Price passed us again proceeding in a westerly direction. He was traveling within approximate eye view of a blue station wagon occupied by three individuals whom I subsequently learned were James Chaney, Michael Schwerner and Andrew Goodman. Price smiled in our direction but there was no radio communication.

"Neither this station wagon nor Price appeared to be exceeding the speed limit at the time they passed our position. I did note that the station wagon eased off as it topped the rise behind us but

JN 44-1

this is a customary gesture for a driver upon observing a marked patrol vehicle and did not indicate that the speed was excessive.

"Shortly after this, the precise time being uncertain, Price called on the radio stating he was chasing a speeder and he requested assistance. Wiggs and I proceeded toward Philadelphia in response to this request. [REDACTED]

[REDACTED] When I arrived upon the scene where Price had the speeders in custody, I observed that the occupants of the station wagon were engaged in changing a tire on their vehicle.

"Wiggs and I assisted Price in his activities by participating in transporting the prisoners and their vehicle to the Neshoba County Jail where Price proposed to book them - James Chaney he was to charge with speeding, Michael Schwerner and Andrew Goodman were to be held for investigation.

"At the time of the initial transmission by Price, which I have described above, I did not understand the significance of Price's comment that he had a good one, George Raymond. [REDACTED]

[redacted] furnished the following information:

[redacted] June 21, 1964

[redacted] between 3:30 p.m. and 4:00 p.m. she heard a loud noise out on Highway 16

[redacted] saw a station wagon pulling off to the side of the road and a hubcap rolling down the street. [redacted] recalls that there were two white men and one Negro man in the station wagon and the Negro man went running down the street after the hubcap. [redacted] only a few seconds after the station wagon stopped, Deputy Sheriff CECIL RAY PRICE stopped in back of the station wagon and about ten minutes later, two Mississippi Highway Safety Patrolmen pulled up behind PRICE's car. [redacted] did not constantly watch the station wagon but was curious enough to look [redacted] from time to time [redacted] observed that the men in the station wagon changed a flat tire while Deputy PRICE and the highway patrolmen waited for them to change it. [redacted] the only other thing she remembers about the incident is that after the boys had finished changing the tire they proceeded west on Highway 16 towards Philadelphia and Deputy PRICE and the two highway patrolmen followed their automobile in what appeared to be a small procession. [redacted] to the best of her memory the boys stopped to change their tire on Highway 16 between the Dallas Garage and the Methodist Church. [redacted] if she remembered any further details or heard any other information about the missing boys she would notify the FBI at once.

[redacted] was recontacted and furnished the following information concerning her observations of the arrest of the victims on Highway 16, Philadelphia, on the afternoon of June 21, 1964:

[redacted] Sunday, June 21, 1964. [redacted]

[redacted] about 3:30 to 4 P.M., [redacted]

[redacted] heard a noise coming from the highway and upon looking out of the window, saw a station wagon pulling off the side of the road [redacted] about the same time they saw a buscap rolling down the street and the Negro boy who had been driving going after same. [redacted] within just a few minutes [redacted] saw Deputy Sheriff CECIL RAY PRICE pulling up behind the station wagon, having come from the east on Highway 16. [redacted] PRICE got out of his car and walked quickly to the station wagon and appeared to be checking identification. She did not see PRICE display any weapon or arrest tickets. [redacted] PRICE was driving a two-tone blue Chevrolet which she recognized as the car he uses in his capacity as Deputy Sheriff.

[redacted] within five minutes after they saw the station wagon, a highway patrol car also arrived and pulled in behind PRICE's car. [redacted] the highway patrol car had likewise come from the east on Highway 16.

[redacted] During the period of 15-20 minutes afterwards she observed that the two white boys and the Negro appeared to be changing the right rear tire on the station wagon while the police officers stood around.

[redacted] had the impression that the officers must have been chasing the boys for speeding but may have gotten this impression from newspaper accounts.

M. a colored boy was placed in the cell [REDACTED] was shown a photograph of JAMES CHANEY and said it was identical with the boy who was placed in the cell [REDACTED]. He said he understood CHANEY was arrested with some white boys who were in another section of the jail. [REDACTED] CHANEY stayed in the jail until approximately 10 P. M., most of the time of which he spent sleeping. At approximately 10 P. M. somebody told him that he could be released upon payment of \$20 bond. CHANEY shouted across to the other side and asked one of the white boys if they had \$20. The white boy replied that he did, and CHANEY was released. He saw nothing of him after that time and has heard nothing concerning his whereabouts. He was unable to furnish any further information on the matter.

[REDACTED]
[REDACTED]
[REDACTED]

[REDACTED] identified photographs of victims SCHWERNER, GOODMAN, and CHANEY as individuals he had seen in the Neshoba County Jail between approximately 3:00 and 7:00 p.m. on Sunday afternoon. Victims SCHWERNER and GOODMAN were placed in the same cell [REDACTED] and that the Negro who was arrested with them, referring to victim CHANEY, was placed in another cell which was occupied by [REDACTED]

[REDACTED] He recalled that, when the arresting officer brought these individuals into the jail and before GOODMAN and SCHWERNER were placed in his cell, there had been some "loud talk" apparently between the officer and victims but he was unable to hear the conversation.

[REDACTED] when they were brought into the cellblock, he heard the arresting officer tell the jailer "look these two up in the same cell with this Negro." [REDACTED] the jailer informed the arresting officer that he could not place the Negro prisoner with the white boys and placed the Negro in a cell occupied by another Negro prisoner.

At approximately 3:30 to 3:45 p.m., he recalled victim SCHWERNER asked the jailer if he, SCHWERNER, could make a telephone call to Meridian, Mississippi, explaining that his wife was located in Meridian and that she was expecting him and would be "uneasy" if he did not return to

Meridian. [REDACTED] the jailer told him that he could not let him out of the cell to make a call but that he could place the call for him if the call could be made collect. [REDACTED] SCHWERNER declined the jailer's offer and to his knowledge never placed the call. [REDACTED] neither SCHWERNER or GOODMAN made much conversation during the afternoon but he did recall SCHWERNER and GOODMAN indicating that they were living in Meridian and working there for some place which they referred to by initials which he could not recall.

[REDACTED] around 4 00 p.m., or shortly after, SCHWERNER asked the Negro that was brought in with him, "Have they talked to you yet?" [REDACTED] the Negro answered, "No" and asked SCHWERNER, "What do you want to tell them?" SCHWERNER replied either, "Tell them we were at the church or either coming from the church."

[REDACTED] the victims, referring to GOODMAN and SCHWERNER, appeared to be calm and collected and apparently anticipated being in jail for several days. [REDACTED] they mentioned something about they guessed they would be in jail until court was held which he told them he had heard was generally on Wednesday.

[REDACTED] also recalled asking the victims, SCHWERNER and GOODMAN, what they had been arrested for and that SCHWERNER said they did not know yet but were being "held for investigation." [REDACTED] SCHWERNER said that they were arrested by Highway Patrolmen and a Sheriff or Deputy Sheriff. [REDACTED] SCHWERNER mentioned that they were driving a station wagon when arrested and that the arresting officers had brought the station wagon to the jail.

[REDACTED] he believed victim GOODMAN made some remark about their repairing a flat tire on the road at the time of their arrest but that GOODMAN was "grinning" when he made the remark [REDACTED] suspected that they must have been doing something else.

[REDACTED] victim SCHWERNER did most of the talking and was apparently the only one that had any money. [REDACTED] recalled some remark by the Negro boy who was arrested with them indicating that he only had 45 cents. [REDACTED] one time during the afternoon SCHWERNER ran out of cigarettes and had asked the jailer if he could buy some cigarettes with some money in his wallet. [REDACTED] the jailer said he could but later returned and said that the men who had arrested him apparently had taken his wallet, claiming it was not in the jail.

[REDACTED] does not believe any of the three victims had a watch, ring, or other jewelry on their persons in the cells. [REDACTED] particularly recalls that they had asked the jailer for the time on one or two occasions.

[REDACTED] none of the victims mentioned any background other than SCHWERNER making a remark to the jailer about having a New York Driver's license and that they never mentioned why they were in the Philadelphia area.

[REDACTED] recalled the following dress for the victims:

SCHWERNER

Blue dungaree shirt and faded blue dungaree trousers and possibly black buckle-type boots. [REDACTED] believed that SCHWERNER was wearing some sort of dark blue cap similar to a baseball cap, and that SCHWERNER was wearing a beard or goatee.

GOODMAN

Khaki short-sleeved shirt and black dungaree trousers and black leather slippers with a pointed toe. [REDACTED] GOODMAN was reasonably clean-shaven.

CHANEY

Black pants and black leather slippers similar to the ones worn by GOODMAN.

[REDACTED] neither SCHWERNER nor GOODMAN made any remarks indicating that they had had any trouble with the arresting officers and other than giving the impression that they would be in jail for several days, they were calm and collected.

[REDACTED] did not realize who the individuals occupying the cell with him were until he saw the newspaper accounts of the missing civil rights workers.

The car had Vehicle Identification Number D7DT172381, Body Number 58B, Color Number CF2, Trim Number AR, production code number 22B2418A, bearing 1964-65 Louisiana license number 115G350. The license plate was on the rear of the car only and the license plate holder had the name "LEON BLAKEY, ATLANTA," directly under the license. On the left lower windshield appeared a 1964 Louisiana Vehicle Inspection Sticker Number 53214A, and on the right lower windshield was a 1963 Louisiana Inspection sticker number 669042.

Both agents noted the car had twin mirrors, one mounted on the right front fender and one on the left front fender. The hood ornament was a small round chrome piece about the size of a silver dollar with the word "Ford" on the front. The window glass in the right rear window was cracked. Each car door had a chrome rain deflector at the top of the window glass.

Color photographs were made of the car by Special Agent [REDACTED]

The Mississippi Highway Safety Patrol car turned around and headed back toward Philadelphia. Posey got out of his car and talked with Price and shortly thereafter Price took off down Highway 19 in a southerly direction. Prior to them getting into the car, 'Preacher' Killen said that Wayne Roberts, Sharp, Townsend and himself would go in Sharp's 1959 Chevrolet on to Philadelphia to see if everything was okay. JAMES E. JORDAN, [REDACTED] was made aware of the identities of the Special Agents [REDACTED] and [REDACTED]. SA [REDACTED] advised JORDAN that he did not have to furnish any information, that any information he did furnish could be used against him in a court of law and further that he had a right to counsel before making a statement. No threats, duress or promises were made to JORDAN to induce him to furnish any information. JORDAN stated that he had consulted counsel concerning this matter and still chose to furnish the following information: b6

JORDAN stated that as best he could recall on the afternoon of June 21, 1964, PREACHER EDGAR RAY KILLEN, accompanied by JERRY SHARP and JIMMY LEE TOWNSEND, came to the Longhorn Drive-In in a 1959 or 1960 gray and white Chevrolet.

JORDAN advised that when the Meridian group got to Philadelphia and parked beside a black pickup truck, E. G. "HOP" BARNETT was standing near this truck [REDACTED]

JORDAN identified a photograph of OTHA NEIL BURKES, Philadelphia, Mississippi, Policeman, as being identical with the officer who notified the Meridian group which way the civil rights workers were leaving the Philadelphia area. He also said that BURKES was identical with the Policeman who was with CECIL RAY PRICE, Neshoba County Deputy Sheriff, and who stopped the Meridian group in Philadelphia, Mississippi, [REDACTED] after the burial of the three murdered civil rights workers. [REDACTED]

JORDAN stated that after BURKES had notified the Meridian group the direction in which the civil rights workers were traveling, they proceeded south on Highway 19 and were passed by BILLY POSEY in an automobile believed to be a 1955 or 1956 red and white Chevrolet. [REDACTED]

[REDACTED] pulled off of Highway 19 in front of a Standard Service Station a short distance south of Philadelphia. JORDAN stated that the Highway Patrol car pulled in next to the service station and that POSEY's car drove in beside it and that DOYLE BARNETTE parked his car directly behind POSEY's automobile. JORDAN said that POSEY got out of his car and talked with two officers in the Highway Patrol car. While POSEY was talking to these officers, Deputy Sheriff CECIL PRICE drove up to the service station and parked next to POSEY's car. [REDACTED]

When POSEY finished talking with the Mississippi Highway Safety Patrol Officers, he walked over and talked with CECIL PRICE at which [REDACTED]

time the Highway Patrol Officers made a "U" turn and drove north on Highway 19 toward Philadelphia, Mississippi. JORDAN stated that after POSEY talked to PRICE, PRICE drove south on Highway 19 followed by POSEY and the Meridian group.

JORDAN stated that POSEY's car became disabled and pulled off on the side of the road [REDACTED] and that POSEY told them to go ahead and catch up with CECIL PRICE. JORDAN stated that PRICE turned right off of Highway 19 [REDACTED]

JORDAN advised that when PRICE stopped the civil rights workers station wagon, he went up to the station wagon and got the three civil rights workers out of the station wagon and placed them into his 1956 Chevrolet. [REDACTED]

[REDACTED] JIM ARLEDGE got into the civil rights workers station wagon and all of the vehicles turned around and proceeded back to Highway 19.

[REDACTED] DOYLE BARNETTE came back to the dam in his 1959 Ford and took he, BILLY POSEY and JIM SNOWDEN to a garage believed to be owned by OLEN BURRAGE. [REDACTED]

The area bordering both sides of the dirt road and the road itself leading west from Highway 19 south of Philadelphia, Mississippi, past the residence of [REDACTED] were examined for a distance of approximately one-quarter of a mile from Highway 19. Photographs of portions of this road were taken at this time. This dirt road is the one upon which or near which were heard gunshots fired on the night of June 21, 1964, at about the time of the disappearance of the victims.

In addition, measurements were taken and photographs made to show the location of the dirt road leading past the residence of [REDACTED] in relation to the road past [REDACTED] residence.

[REDACTED] is one of the witnesses to the sounds of the gunshots. This second road is south of the road to [REDACTED] residence, the intersections of the two roads with Highway 19 being separated by approximately 150 feet. It leads away from Highway 19 toward the east.

It was noted that a car approaching Highway 19 on either of these two roads would have to come to within approximately 40 to 50 feet of the highway before an unobstructed view of the other road could be had.

As a result of the examinations and search of the above-mentioned road leading past [REDACTED] residence and the area bordering this road, nothing of significance was found or noted. Particular emphasis was placed on locating any bullets or bullet marks in trees and abandoned articles of clothing or personal property.

At 8:15 a.m., August 4, 1964, upon notification of service of a search warrant to property owner OLEN BURRAGE, Route 9, Box 202, Highway 21, south of Philadelphia, Mississippi, the heavy earth-moving equipment brought from Jackson, Mississippi, began moving into the dam site located on Mr. BURRAGE's property. A small dirt access road winding west from Highway 21 approximately six miles southwest of Philadelphia was utilized to move this equipment into place. It was ascertained to be the most suitable access based upon a helicopter overflight and the study of previously obtained U. S. Navy aerial photographs of Neshoba County.

The earthen dam of concern in this investigation is situated on the property known as the "Old Jolly Farm" and is under the control of OLEN BURRAGE. This property is further described as being located within Section 6 of Block R 11E as set out on the Edgar Tobin Aerial Survey Map #Q8177 of the north half of Neshoba County, Mississippi. This section is fixed by the map coordinates of 89° 11.75" to 89° 12.75" west and 32° 44.25" to 32° 45.25" north.

The heavy construction equipment to be utilized in the excavation of this earthen dam consisted of a Link-Belt Dragline.

Model LS68, with a 36-foot boom and a Caterpillar Bulldozer, Model D6B, with a 10-foot blade. The supervising contractor at the site representing the Hyde Construction Company of Jackson, Mississippi, was [REDACTED]

[REDACTED] Mississippi. The dragline operator was [REDACTED] Mississippi.

The bulldozer operator was [REDACTED]

[REDACTED] Mississippi. A second bulldozer operator was [REDACTED], Mississippi, and a second dragline operator was also brought to the scene late on the evening of August 4, 1964, [REDACTED] Mississippi.

[REDACTED] was hired by the Hyde Construction Company for this particular operation.

[REDACTED] was likewise hired for this specific job by Hyde. *all b7c*

II. DETERMINATION OF EXCAVATION POINT

Upon evaluation based on the physical characteristics of the dam, a point approximately 150 feet from the west end of the dam was selected as the initial point of digging. The bulldozer operator, [REDACTED] was then instructed at 9 a.m. to begin to "blade off" the top of the dam to increase the width to approximately 12 feet and thereby permit the dragline to be placed on top of the dam for future operations. Upon positioning of the dragline, digging was begun at the point in the dam described above. *b7c*

III. OBSERVATIONS PRIOR TO BEGINNING OF EXCAVATION

The dam in which the bodies of the three missing civil rights workers were believed to be buried was an earthen structure stretching from one hill to a second parallel hill in a circular manner running in a generally east-west direction. The dam had been constructed of earth removed from

the sides of these hills. It measured approximately 547 feet in length, that is, from the points of intersection of the dam and hills. At its highest point from the valley lying between the hills it measured approximately 20 feet. At this point, the widest point of the base of the dam, the base measured approximately 83 feet in width.

Prior to beginning excavation, SA [REDACTED] was assigned the responsibility of photographing the site to record the condition of the dam and surrounding areas at the time of entry into the area. b7c

SA [REDACTED] was assigned to record the various observations of the personnel engaged in the digging operation and to maintain a log of the activities of these personnel. b7c

SA [REDACTED] was assigned to the mapping and charting of the dam and surrounding areas and SA [REDACTED] was assigned to the responsibility of collecting and preserving whatever items of evidence might be uncovered during the excavation process. b7c

IV. OBSERVATIONS DURING EXCAVATION AT DAM SITE

The excavation at the point selected began initially with the use of the bulldozer opening a small pit to permit the dragline bucket to begin to remove earth from the dam. After approximately two hours of excavating, faint traces of the odor of decaying organic material were noticeable. At this time the dragline operator was instructed to proceed with the excavating operation exercising extreme caution. The Agents assigned to the excavation project maintained close supervision and constant surveillance of the excavation pit. The earth being moved was closely observed as it was loaded and unloaded from the dragline bucket.

At approximately 2:50 p.m. the pungent odor of decaying flesh was clearly discernible. At that time the dragline operator was instructed to cease his operation. Agents then

JN 44-1

entered the pit and a careful scrutiny was made of the bottom of the pit which had thus far been opened up. It was noted a number of blow-flies had accumulated in the pit. The bulldozer operator was instructed to make several light passes over the area. Following each of these passes the ground cleared was reinspected and on the third such pass it was noted that the activity of the blow-flies had measurably increased. At this time, 3 p.m., the heels and back portions of a pair of man's boots were observed. As the stench permeated the area it was also noted that approximately one-quarter mile from the excavation site numerous vultures or buzzards were observed reconnoitering.

A meticulous removal of the earth surrounding the boots revealed, at 3:18 p.m., the outline of a human body. The removal of the impacted clay-like earth was continued and approximately two hours later Body #1, that of an individual clad in trousers and boots and naked from the waist up, was uncovered.

The body was lying face down with the head pointing in an easterly direction, arms extending over its head. On the ring finger of the left hand a ring consisting of two irregular bands joined together at intervals by cross bars was observed. The appearance of this ring and the general physical description of this body were consistent with available descriptive data concerning MICHAEL HENRY SCHWERNER.

The hands of this body were encased in plastic bags for purposes of preservation. The boots were observed to be the pull-on type (Wellington style). The bluejeans on the body bore a "Wrangler" label above the right hip pocket. These items of clothing were likewise consistent with previously obtained descriptive data of clothing worn by SCHWERNER.

In the left hip pocket of the bluejeans was found a black leather wallet. This wallet contained among other

JN 44-1

items a Selective Service card bearing the following data:

Name:	MICHAEL HENRY SCHWERNER
Address:	34 Fifth Street, Pelham, New York
Date of Birth:	November 6, 1939
Date of Registration:	November 8, 1957
Selective Service Number:	30-10-39-1172

The body was not moved or disturbed in any way in order to preserve the scene. It was noted during the observation of Body #1 that there appeared to be a small wound under the left armpit area. This wound was suggestive of a possible bullet wound.

Exhuming operations continued and at 5:07 p.m. the body of a second individual lying in a face-down position south of and adjacent to Body #1 was located. This body, Body #2, was partially under Body #1. The head of Body #2 was likewise pointed in an easterly direction with arms generally extended over its head. The left hand of this body was clenched in a tight fist. Opening of this fist disclosed a rock-like object. Body #2 was clad in trousers and shoes and naked from the waist up.

No jewelry was noted on the hands of Body #2. These hands were likewise encased in plastic bags for preservation. In the right hip pocket of the trousers of Body #2 was a black leather wallet which contained among other items a Selective Service card bearing the following descriptive data:

Name:	ANDREW GOODMAN
Address:	161 West 86th Street New York 24, New York
Date of Birth:	November 23, 1943
Date of Registration:	November 24, 1961
Selective Service Number:	50-13-43-458 (possibly 488)

What appeared to be a shirt was observed to be wadded beneath the hips of Body #2. Body #2 was not moved or

disturbed in any way in order to preserve the scene.

At 5:14 p.m. the remains of a third body were unearthed. Body #3 was lying on its back immediately south of and parallel to Body #2. The head was toward the west with the face turned south. The left arm and shoulder were drawn up and across the body. The right arm was lying along the side of the body. Body #3 was barefoot and clad in trousers and a "T" shirt. No jewelry was observed on the hands of Body #3. Since this body was lying on its back, no attempts were made at this time to move it to determine any contents of the trousers' hip pockets. The hands and feet of this body were encased in plastic bags for preservation.

Exhuming operations were continued in order to expose as much of the bodies as possible without disturbing them in order to facilitate the coroner's examination.

During the course of exhumation, photographs were made at various stages by SA [REDACTED] *mc*

It is estimated that approximately 27,000 cubic feet of earth were removed in the exhumation of these three bodies.

V. ARRIVAL OF CORONER AND OTHER NESHOPA COUNTY OFFICIALS

Shortly after 8 p.m., FULTON JACKSON, Neshoba County Coroner, appeared at the scene accompanied by Deputy Sheriff CECIL PRICE, Neshoba County Sheriff's Office, and Neshoba County Attorney RAYFORD JONES. Upon completion of the coroner's examination at 8:36 p.m. these officials departed from the scene.

Subsequently the bodies were placed in large plastic body bags and sealed by Coroner JACKSON for transportation to Jackson, Mississippi, where they were to undergo autopsy examinations at the University of Mississippi Medical Center.

JN 44-1

The hearse carrying the bodies and driven by Coroner JACKSON departed from the grave site at 11:14 p.m. Riding in the hearse with Coroner JACKSON was SA [REDACTED]. The hearse was led by a Mississippi Highway Safety Patrol vehicle driven by Officer [REDACTED] and carrying Deputy Sheriff CECIL PRICE and County Attorney RAYFORD JONES. The car following the hearse contained SAs [REDACTED].

On August 5, 1964, the search of the earthen dam located on the Old Jolly Farm, that portion of which is now the property of OLEN BURRAGE, was continued. The soil in the area directly beneath the grave site within this dam, from which the three victims' bodies had been removed on August 4, 1964, was minutely sifted through a wire screen to a depth of approximately three feet. No significant items of an evidentiary nature were located as a result of this effort.

In addition, the area completely surrounding the grave site pit up to a radius of approximately 15 feet from the grave center and to a depth ~~extending~~ the level of the original burial pit was sifted and closely examined. Similarly no items of an evidentiary nature were located as a result of this search.

A detailed terrain search of the clearing in which the earthen dam is located was conducted without recovering any significant items of evidence.

[redacted] Soil Conservation Service, U. S. Department of Agriculture, County Building, Philadelphia, Mississippi, stated he gave Mr. OLEN BURRAGE informal advice and some service in the construction of a private dam for a lake situated about six miles southwest of Philadelphia on some of BURRAGE's property. [redacted] referred to some pencil notes and advised he first visited the area of the dam on May 25, 1964, at which time no construction or land clearing had begun. On this occasion [redacted] at the request of Mr. BURRAGE set up an instrument and ran a water line on the east side of the proposed lake for 15 feet of water. Mr. HERMAN TUCKER, who later constructed the dam, carried the rod for [redacted] [redacted] was then clearing the lake area of trees and underbrush. At this time [redacted] understood Mr. BURRAGE wanted an agreement with the U. S. Department of Agriculture, whereby the U. S. Government would share the cost of the dam in exchange for certain soil conservation practices.

[redacted] was next at the site on July 15, 1964, when he was asked by Mr. TUCKER to visit the area to give advice. On this occasion [redacted] found that the dam was almost completed and was perhaps a hundred yards further north down the creek than where it had been planned while he was previously in the area. On this visit, he found that the dam was about 12 feet high and [redacted] walked along the top of the dam and saw the drain pipe in the old creek bed which was too short and was almost even with the dam surface. At this time a Mr. PETTIS was operating a bulldozer pushing dirt up the sides of the dam.

On July 17, 1964, [redacted] again drove by the dam, looked again at the drain pipe, and then drove to the BURRAGE Garage, where he advised BURRAGE to extend the pipe several feet inside the lake. When [redacted] was at the dam on July 17, 1964, a [redacted] was there operating a bulldozer and the surface of the dam appeared very rough. all

his instruments to see if the "free board" was high enough. By this he meant whether the portion of the dam other than the spillway was the prescribed height of 15 per cent of the dam. He explained that in this case the free board should be about 2 feet, which is something like 15 per cent of the total height of the dam of 17 feet. The free board is that portion of the dam that is higher than the spillway. [REDACTED] spent about 30 minutes there this time and found that the free board was not high enough. [REDACTED] was working at the site at this time. [REDACTED] also found that the 5 inch iron pipe had been extended inside the lake as he had previously advised. b7c

He said he heard nothing in conversations with the above-named persons and saw nothing in his visits to the area, which causes him to suspect those persons had knowledge there were bodies buried in the dam.

actual construction of the levee did not get under way until [REDACTED] either on June 18 or 19, 1964. [REDACTED] best recollection the pipe was installed under the levee and the core under the levee was put in approximately two weeks before this. Referring to the construction of the levee on the Old Jolly Farm owned by OLEN BURRAGE, [redacted] from time to time he observed two caterpillar tractors working on that site. One was described as an old caterpillar tractor and the other was described as a new caterpillar tractor. He was unable to fix the period when these pieces of equipment together or separately had been used at the construction site.

[redacted] was under the impression that in the construction of the dike dynamite had been used to construct the core of the dike and the piece of equipment he referred to as an "earth hauler" had also been used. He could recall no hand tools in the form of shovels at the site but expressed the opinion that they undoubtedly were present at the levee construction site.

He could recall no equipment being used at the construction in that vicinity that was capable of boring holes in the ground of any diameter. [redacted]

MEDICAL CENTER, JACKSON, MISSISSIPPI

FEDERAL BUREAU OF INVESTIGATION

Date August 12, 1964

1

The autopsies of the three bodies removed from the earthen dam on the property of OLEN BURRAGE near Philadelphia, Mississippi, by Agents of the FBI on August 4, 1964, were conducted at the University of Mississippi Medical Center at Jackson, Mississippi, on the morning of August 5, 1964, by Dr. WILLIAM PRESTON FEATHERSTON, a private practicing pathologist of Jackson, Mississippi. Present as witnesses at the autopsies were the following individuals:

b7C
SA JAY COCHRAN, JR., FBI Laboratory
SA [REDACTED] FBI Laboratory
SA [REDACTED] FBI, Jackson, Mississippi
SA [REDACTED] FBI, Charlotte, North Carolina
SA LAWRENCE M. SHEARER, JR., FBI, New Orleans, Louisiana
FULTON JACKSON, Neshoba County Coroner
Sheriff LAWRENCE RAINEY, Neshoba County
Deputy Sheriff CECIL PRICE, Neshoba County
Dr. JOEL G. BRUNSON, Professor of Pathology,

I. AUTOPSY OF BODY NUMBER ONE

The autopsy of the first body commenced at 1:35 a.m., at which time the primary procedure was total body X-ray. Upon breaking the seal and opening the bag in which the remains had been placed, photographs were taken of the remains by SA [REDACTED]. Additional photographs were taken at various stages during this autopsy. b7C

Body #1 was determined to be that of a white male clad in blue denim trousers and Wellington-style boots. A ring set consisting of two irregular bands joined together at intervals by bars was removed from the left ring finger of the body by Dr. FEATHERSTON. The appearance of this ring was consistent with the descriptive data available concerning the wedding ring belonging to MICHAEL HENRY SCHWERNER. This ring was placed in a container for subsequent transmittal to the FBI Laboratory for development of any inscriptions thereon. Present in the right front pocket of the trousers on this body was a cigarette lighter which was similar to the lighter described in descriptive data of the belongings of SCHWERNER. The clothing, head hair samples, and personal effects of SCHWERNER were obtained and preserved for subsequent transmittal to FBI Laboratory.

Dr. REUEL MAY, JR., D.D.S., Jackson, Mississippi, performed a dental examination of Body #1. This examination consisted of recording of the existing dentition in the skull and lower jaw of Body #1.

Upon completion of this dental examination, Dr. FEATHERSTON removed the terminal phalanges of each hand and turned them over in order to SA SHEARER for preservation and subsequent examination for any ridge detail present which might make possible fingerprint identification of Body #1 by the Latent Fingerprint Section of the Identification Division of the FBI. Because of the advanced stage of decomposition of all three bodies, it was not possible to obtain during the autopsies inked impressions of the fingers of these bodies. Upon removal of the shoes and socks of Body #1 the skin comprising the bottoms of the feet sloughed off. This skin was retained for possible identification purposes.

Dr. FEATHERSTON advised that Body #1 was that of a white male in an advanced stage of decomposition measuring 70½" in length. He stated death was not from natural causes and that death was the result of a bullet wound. A section

of tissue was removed from the left chest area and was preserved for subsequent powder residue examinations. A bullet was removed from the left lung cavity and directly placed in a suitable container for preservation after having first been marked for identification on its base by Dr. FEATHERSTON. The removal of this bullet required a median incision on the ventral surface of the body and removal of the rib cage. A detailed examination of the body and body X-rays did not reveal the presence of any other bullets. The examination of Body #1 was terminated at approximately 2:30 a.m.

II. AUTOPSY OF BODY NUMBER TWO

During the autopsy of Body #1, Body #2 was afforded detailed X-ray examination by hospital personnel. It was likewise photographed by SA [REDACTED] prior to and during autopsy. The autopsy of Body #2 commenced at approximately 2:40 a.m. A similar procedure was then followed by Dr. REUEL MAY, JR. in making his dental examinations of Body #2 as that procedure employed by him with Body #1. Dr. MAY's examination commenced immediately following the breaking of the seal on Body Bag #2 and opening of the bag by Dr. FEATHERSTON. b7c

The terminal phalanges of each hand of Body #2 were removed and preserved as in the case of Body #1. Similarly the skin tissue from the bottoms of the feet, which had come off during removal of the shoes and socks of Body #2, was preserved for possible identification purposes.

Dr. FEATHERSTON advised that Body #2 was that of a white male in an advanced stage of decomposition and that this body measured 69½" in length. Body #2 was clothed in a pair of dark trousers, blue socks and Oxford-type shoes. A dark-colored shirt was removed from the body bag which contained Body #2. This shirt had previously been located at the grave site lying under the hips of Body #2. The clothing,

head hair samples and personal effects of Body #2 were preserved for transmittal to FBI Laboratory.

Dr. FEATHERSTON advised that death was not from natural causes and that a bullet wound was present in the right chest area of this body. A section of skin tissue was removed from this area and preserved for examination of any gun powder residue. A bullet was removed from the thoracic area near the vertebral column of Body #2. This bullet was placed directly in a container and preserved for subsequent FBI Laboratory examination after having been first marked on its base by Dr. FEATHERSTON. An examination of Body #2 and a careful review of body X-rays did not reveal the presence of any other bullets. The examination of Body #2 was terminated at approximately 3:26 a.m.

III. AUTOPSY OF BODY NUMBER THREE

During the autopsy of Body #2, Body #3 was afforded detailed X-rays by hospital personnel. Body #3 was also photographed by SA [REDACTED] prior to and during autopsy. The autopsy of Body #3 commenced approximately 3:27 a.m. A procedure similar to that employed in the dental examinations of Bodies #1 and #2 was utilized in the examination of Body #3 by Dr. REUEL MAY, JR. Dr. MAY's examination commenced immediately following the breaking of the seal on Body Bag #3 and the opening of the bag by Dr. FEATHERSTON. *b7c*

The terminal phalanges of each hand were removed and preserved for possible fingerprint identification. In addition, the skin tissue from the bottoms of the feet of Body #3 were also preserved for possible identification purposes.

Dr. FEATHERSTON advised that Body #3 was that of a Negro male in an advanced stage of decomposition and that this body measured 69" in length. Body #3 was clad in a pair of dark green trousers, "T" shirt and undershorts. No type of footwear was present on Body #3. No items of personal identification were located in the clothing of Body #3. This clothing was removed and preserved for examination by the FBI Laboratory. Head hair samples were removed for subsequent FBI Laboratory

examination. [REDACTED]

[REDACTED] He said that death was not from natural causes and that three bullets were present in this body. Dr. FEATHERSTON advised that death most likely occurred as a result of the bullet wound of the head. A bullet was removed from the anterior abdominal wall of Body #3. A second bullet was removed from the center of the back of Body #3 and a third bullet was removed from the brain substance in the cranium of Body #3. Each of these three bullets was placed directly in a container by Dr. FEATHERSTON after having first marked their bases for identification purposes. Skin tissue from the upper left epigastrium was removed and preserved for gun powder residue examination. Autopsy of Body #3 was terminated at approximately 4:15 a.m. b7D

IV. DENTAL IDENTIFICATIONS OF BODIES

Dr. MAY, after completing his dental charting of Bodies #1 and #2, compared these charts with dental records previously obtained for victims SCHWERNER and GOODMAN. These charts were made available to him by SA COCHRAN.

As a result of Dr. MAY's comparisons, he advised that in his professional opinion the existing dentition in the skull and lower jaw of Body #1 conforms to that of the dental record of victim SCHWERNER and that the existing dentition in the skull and lower jaw of Body #2 conforms to that of the dental record furnished for victim GOODMAN. Based upon these comparisons, Dr. MAY was of the professional opinion that Body #1 was that of MICHAEL HENRY SCHWERNER and Body #2 was that of ANDREW GOODMAN.

No facts were developed during the autopsy of Body #3 which would permit identification of this body. No dental record has been located for victim CHANEY; however, it was noted that the general physical description and the clothing on Body #3 conformed closely to the previously obtained descriptive data for victim CHANEY.

JN 44-1

6

Dr. MAY's original dental charts of Bodies #1, #2 and #3 are being retained by the FBI for possible future use as evidence in this case. At the request of Dr. FEATHERSTON copies of these charts have been provided to him for completion of his records on these autopsies.

Dr. WILLIAM PRESTON ~~FEATHERSTON~~^Y, Pathologist, advised following his autopsies of the bodies removed from the earthen dam near Philadelphia, Mississippi, on August 4, 1964, that in his professional opinion death to each of the bodies was due to gunshot wound. In the case of Bodies #1 and #2, gunshot wounds to the chest were the causes of death. In the case of Body #3, which suffered three gunshot wounds, it was Dr. FEATHERSTON's professional opinion that death was due to the gunshot wound to the head of this body. Dr. FEATHERSTON could not establish the sequence of the three gunshot wounds of Body #3 and, in addition, could not establish the positions of any of the three bodies at the time of the gunshot wounds. Dr. FEATHERSTON stated that these determinations were precluded by the condition of the bodies.

Results of examination:

Specimens Q64, Q76, Q86 and Q88 are handload or reload type lead bullets comparable in weight and physical characteristics to caliber .38 S & W bullets. However, since these bullets do not appear to be factory loads, the possibility of their having been loaded into other revolver type caliber .38 cartridges cannot be eliminated. These bullets were fired from a weapon having five lands and grooves, right twist such as the caliber .38 Smith and Wesson, Hopkins and Allen, Harrington and Richardson, Iver Johnson, Empire State Arms Company, U. S. Revolver Company, Chicago Arms Company, Merwin and Hulbert, National Arms Company revolvers and possibly some foreign weapons.

Specimen Q87 is comparable to caliber .38 S & W commercially loaded lead bullets. This bullet was fired from a weapon having seven lands and grooves, right twist such as the caliber .38 Enfield, Webley, and Webley-Fosberry English revolvers and possibly other weapons. The caliber .38 S & W cartridges will chamber in these weapons.

Specimens Q64, Q76 and Q86 were identified as having all been fired from the same weapon. It was not possible to reach a conclusion whether specimen Q88 had been fired from the same weapon as specimens Q64, Q76 and Q86 possibly due to the mutilation of comparable areas on these specimens.

All five bullets have microscopic markings remaining on their surfaces suitable for comparison with any suspect weapons recovered.

Powder residues and powder patterns in the area surrounding the hole in the skin, Q73, powder residues surrounding the hole in the left chest area, Q78, and powder residues surrounding the hole in the upper area of the T shirt, Q89, are similar to those produced by contact or near contact shots.

A slight black ring was found around a hole located in the right chest area of Q78. This area of this shirt was examined microscopically and chemically; however, no powder residues were found. This area surrounding this hole was also examined spectrographically; however, no metallic deposits were found that could be identified as bullet metal. Therefore, because of the absence of powder residue and metallic deposits, it was not possible to definitely ascertain whether or not this hole had been produced by a bullet.

All of the remaining areas surrounding the holes in Q65, Q66, Q75, Q77, Q78, Q79, Q85, Q89, Q90, Q91 and Q92 were examined; however, no powder residues were developed.

Specimen Q71 contains the following keys:

- 1 - Gas-cap key cut to the same code, bearing the same code number "L481" and the name "Meyer," as the gas-cap key found in the debris from the burned 1963 Ford station wagon
- 2 - Round headed Ford key bearing the same depth cuts as a key found in the debris from the burned 1963 Ford station wagon (This key fits and operates the rear deck lock previously submitted and obtained from this station wagon.)
- 3 - Flat key stamped "Art Steel Company N. Y. - N. Y." (This key appears to be for a metal cashbox or file box, cabinet, or desk.)
- 4 - "Yale" key cut to the same code as the small "Yale" key found in the debris from the 1963 Ford station wagon (This key has a "V" notch cut in the bow as did the key found in the station wagon.)
- 5 - Padlock type key (This is not an original key and therefore the make of lock cannot be determined.)
- 6 - House, office, or apartment door type key bearing the word "Ilco" number "1001 EN" (This key is also similar to house door, office door or apartment door lock type keys.)
- 7 - "Jeco Y6" cabinet, desk or similar type lock key (No keys similar to these three keys were found in the keys from the debris found in the 1963 Ford station wagon.)
- 8 - Ford key cut to the same code as the ignition and door locks from the 1963 Ford station wagon

A cloth tab, sewed to the Q79 undershorts, bears the name "ANDREW GOODMAN." No other visible or invisible laundry marks or other identifying marks were found on any of the items of clothing.

The items of clothing are described as follows:

<u>ITEM</u>	<u>SIZE</u>	<u>COLOR AND COMPOSITION</u>	<u>BRAND</u>
Q65	36 X 30	Blue cotton denim	Wrangler
Q66	Large	White cotton knit	Ohrbach's
Q67 - Q68	8D	Black leather, engineer's type	None discernible
Q69 - Q70	10	White wool	" "
Q75	16	Blue cotton	Beltex
Q77	31½ X 30	Black cotton twill	Lee
Q78	14½ - M	Khaki cotton	Big Yank
Q79	32	White cotton knit	B. V. D.
Q80 - Q81	9 D/B	Black leather	Bostonian
Q82 - Q83	Stretch type	Black synthetic	None discernible
Q89	Medium	White cotton knit	" "
Q90	29½ X 29½	Black cotton twill	" "
Q91	28	Red, black, gray print on white background, Cotton.	" "

The Q72 and Q84 hairs were determined to be of Caucasian origin. The Q93 hairs were determined to be of Negroid origin.

Q111 Object found in Goodman's hand
Q112 Cigar butt

K27 - K50 Twenty-four soil samples from crime scene

ALSO SUBMITTED: Radio
Exposed film pack

Results of examination:

Negroid head hairs which exhibit the same microscopic characteristics as head hairs from body #3 and which could have come from body #3, were found in the pockets of Q84, Q85, Q86 and Q87 and on Q102. It is pointed out that except in unusual instances, hairs do not possess enough individual characteristics to be positively identified as originating from a particular person. No hairs were found in the pockets of Q88, Q89 and Q100 or on Q101, Q103, Q104. Nothing of value for identification purposes was found on the razor, Q110.

The trousers from body #3 had a 29 $\frac{1}{2}$ " waist and a 30 $\frac{1}{2}$ " inseam. The sizes of Q94 through Q96 are as follows:

Q94 28 3/4" waist X 31 $\frac{1}{2}$ " inseam
Q95 29 $\frac{1}{2}$ " waist X 29" inseam
Q96 28" waist X 28" inseam.

The Q103 boxer type undershorts and the boxer type undershorts from body #3 are both a size 32 and are alike in construction. The Q103 undershorts apparently were never worn. A price tag which reads "WILSON'S 32 2/103" is stapled to the waist of Q103. The Q104 undershorts are white cotton knit and are a size 34.

The T shirt on body #3 was too mutilated for accurate measurement; therefore, no size comparisons with Q101 and Q102 could be made.

Wear characteristics of the Q103 belt indicate a waist measurement of approximately 31". However, there was no belt on body #3 for comparison. There was no shirt on body #3 for comparison with the Q97 through Q100 shirts.

Nothing of apparent significance was noted about specimens Q103 through Q108 and Q112.

The Q111 object, thought to be a rock, is a lump of red-streaked gray clay coated with reddish-yellow sandy soil. This material is similar to the K27 clay and soil taken from near the left hand of body #2. The Q111 clay and soil could have come from the area represented by K27.

Specimens K36, K40 and K42 from 100 feet east, 100 yards east and 150 feet east of the pit on top of the dike have some characteristics similar to Q111 and cannot be entirely eliminated as possible sources. However, K27 is considered the most likely source for Q111.

No indication was found that the clay and soil of Q111 was acquired outside of the grave and dike area.

XERO COPY XERO COPY XERO COPY

Specimens E28 through E35, E37 through E39, E41, E43 and E44 are clay soils of a type generally similar to E47 but are specifically different and are not the source or sources of Q111.

Specimens E45 through E50 are different from Q111 and the grave and dike soils and, therefore, could not be associated with any of these specimens.

A 1963 Ford Fairlane Ranch Wagon, medium blue, Vehicle Identification Number 3F38L106548, bearing 1964 Mississippi License H25503, was observed parked off Highway 21 in a wooded area approximately 15 miles northeast of Philadelphia, Mississippi, about 50 yards northeast of a bridge over Bogue Chitto Creek.

The station wagon was in a burned condition, the entire interior being burned to the metal, and the debris fallen to the floor of the vehicle. All tires and wheels, except left front, were burned and charred.

A metal name plate of dealer type reading "Castla Herkimer, NY" was observed on the tail gate door of the station wagon. A metal rack was attached to the top of the station wagon.

Paint on the exterior was scorched and burned off with the exception of portions of the hood, the left front fender, and left front door.

The paint on the body around the left front door was charred. The paint on the door around the hinges was charred; however, the paint on the remainder of the door, particularly around the handle and below the handle, had little fire damage.

The vehicle identification plate was attached to the left front door in the area below the latch and no appreciable fire damage was noted.

The ignition wires, distributor, water hoses, and battery appeared to have been damaged by the fire. The springs on the hood near the hinges were damaged. All windows were cracked or destroyed.

Door handles on left rear and both right doors were damaged as were braces which held the luggage rack on top of the vehicle.

No hub caps were located. The radio antenna, with fire damage at the base, was located approximately ten feet from its

mounting place on the left front fender. A pair of pliers and a jack handle-lug wrench-type tool were observed in the luggage well. Usual other tools such as a jack and chains were not observed in the vehicle. Debris and ashes, particularly on the right side on the floor, were wet.

Ashes and debris around back wheels, spare and right front wheel indicated tires were burned while mounted on wheels.

The lock on the rear or tailgate door of the vehicle was open. No key was located.

With the assistance of SA [REDACTED] and Mississippi Highway Patrol [REDACTED] samples of ashes and debris were removed from the floor of the vehicle and placed in boxes. b7c

The undamaged area of the exterior of the vehicle was dusted for latent fingerprints and none were developed.

Damage to underbrush and trees around the vehicle appeared to be greater to the right side and rear of the vehicle than to the left and front of the vehicle.

The entrance to the wooded area where the vehicle was located was observed. No tire tread marks were visible. The ground was soft and moist to a degree that footprints could be made in the ground.

FEDERAL BUREAU OF INVESTIGATION

Date June 29, 19641

Early in the morning of June 24, 1964, SA's JAY COCHRAN, JR., and [REDACTED] from the FBI Laboratory, examined debris previously recovered from the victims' burned station wagon. *b7c*

The debris was initially examined to determine whether or not any human remains were present in it. The examination disclosed no human remains.

The debris contained pieces of glass, bits of fabric, glass wool insulation, pieces of plastic, portions of shoes, pieces of paper, metal automobile parts that had melted and solidified, screws, coins, pliers, a portion of a screwdriver, pencil ferrules, a man's metal heel plate with nails attached and numerous other items of no apparent significance.

All of the above items were badly damaged by fire. In addition, much of the debris consisted of burned materials too badly damaged by fire to be recognizable.

FEDERAL BUREAU OF INVESTIGATION

Date June 29, 19641

On June 24, 1964, SA's JAY COCHRAN, JR., and [redacted] of the FBI Laboratory, conducted a search of the scene where the victims' vehicle had been burned. *b7c*

They first walked over the scene and immediate surroundings. Several oil and beer cans, a tobacco tin, a green plastic bottle, a Coca-Cola bottle, and a lighter fluid can were recovered. A piece of a leather boot with a name and a possible military serial number appearing thereon was also found near the scene.

Secondly, the area immediately surrounding where the burned vehicle had been setting to Highway 21 was thoroughly and painstakingly gone over with rakes. Nothing of significance was recovered from the raked area.

1

On June 24, 1964, the systematic search and examination of the victims' burned vehicle was begun by SAs JAY COCHRAN, JR. and [REDACTED] of the FBI Laboratory. *b7c*

Additional debris recovered from the vehicle by SAs COCHRAN and [REDACTED] was examined by them. Again, no human remains were found. This debris, for the most part, consisted of items similar to those in the debris previously recovered from the vehicle. However, two additional items of possible significance were found in the debris; namely, a wristwatch without strap or spring bar strap retaining pins and a ring of five keys, containing two Ford Motor Company car keys. *b7c*

The ignition lock and the locks from both front doors were obtained. The glove compartment lock was missing from the glove compartment door and was not recovered.

No bullet holes or indentations were found in or on the burned vehicle.

At this time the vehicle identification plate from the left front door together with its attachment rivets and the public vehicle identification number from the left front fender inside the motor compartment were cut from the car.

The plate number read as follows:

3F38L 106548

It also contained the following descriptive information:

Body	71D
Color	E
Trim	42
Date	10J
DSO	15
Axel-Trans	43

Immediately above the last "6" in this number (underlined above for emphasis only) was a very lightly stamped "8".

No tire chains were located within the car. In addition, the search did not locate a bumper jack. A combination jack handle and lug nut wrench was in the spare tire compartment as was the spare tire wheel.

Based on the window-winding mechanisms, the window positions at the time of the fire were determined to be:

Right front door	Down
Left front door	Down
Right rear door	Down
Left rear door	Up
Tailgate	Down

The right and left rear side window positions (if these windows are of the moveable type) could not be determined because of the extensive fire damage to the window channels. Other than small fragments, no glass remained in any of the window frames at the time of this examination.

Examination of the gas tank, which had become detached in transporting the car from the scene, disclosed no evidence of an explosion. The drain plug was found securely in place in the tank.

The car's odometer was completely destroyed by fire and no reading was possible.

The left front tire and wheel, not severely damaged by fire, had been removed from the car. The outside sidewall of this tire bore two parallel red marks near the rim. The rim portion showed fresh marks indicating recent removal of the wheel cover (hub cap). The three remaining wheels, still mounted on the car, were all badly damaged by fire. The fire discoloration in the rim areas of these wheels was not disturbed or marked in any way. This permits the conclusion that the three wheel covers on these wheels were either not on the car at the time of the fire or "popped" from the wheels due to heat expansion prior to the completion of the fire.

The internal and external condition of the vehicle and the fire patterns observed are consistent with those previously described by prior observers.

Date July 6, 19641

During the examination of the victims' station wagon on July 4, 1964, two badly damaged instruments were removed from the dash of this vehicle. These instruments were determined to be the fuel gauge and engine temperature gauge.

Preliminary readings for these gauges, based on heat discoloration of the damaged faces, indicate that the fuel gauge registered 3/4 full and the temperature gauge registered in the normal operation range at the time of the fire.

The vehicle's fuel tank was opened and the interior inspected. All of the fuel was consumed by fire, leaving extensive sooting. No accurate determination of the amount of fuel remaining in the tank at the time of the fire could be made; however, there is some suggestion, based on a soot line at one end of the tank, that the tank was approximately 1/2 full.

1Date July 7, 1964

On July 6, 1964, [REDACTED] Swartzfager Ford Company, 420 20th Avenue, Meridian, Mississippi, made available to SA JAY C. COCHRAN, JR., a 1963 Ford Fairlane shop service manual. b7C

This manual reflects the fuel tank of the Ford Fairlane has a capacity of 16 gallons and that the two gauges in this vehicle, namely the fuel gauge and the engine temperature gauge, are actuated by a bi-metallic strip contained within the gauge. This bi-metallic strip contracts and expands with heat. The heating of the bi-metallic strip is produced by a varying electric signal initiated by the float system contained within the fuel tank.

The engine temperature gauge is operated in a similar manner, except that the electric signal is controlled by a thermostat installed in the water jacket in the engine.

It is concluded that any readings obtained from these two instruments, removed from the victims' vehicle, are completely unreliable, since the bi-metallic strip controlling the gauges' needles would be externally effected by the fire.

[REDACTED] based upon his experience [REDACTED] Ford and his experience with 1963 Fairlane automobiles that normal gasoline consumption for this vehicle would range between approximately 14 miles per gallon within the city to approximately 18 miles per gallon on the open highway. b7C

[REDACTED] there is no wood used in the construction or installation of the roof rack on the 1963 Ford Fairlane Stationwagon. (Note: Question asked in attempt to resolve presence of extensive charred woodlike material found on top of stationwagon.) b7C

[REDACTED] Roamer - Madan Watch Company, 16 East 40th Street, furnished the following information: *b7C*

The Roamer Watch manufactured by the Roamer Watch Company, SA, Solothurn, Switzerland, is just now being offered for sale in the United States.

The case numbers on the Roamer Watch are six digit numbers and he has no record of or knowledge of a watch bearing a five digit case number or one in the 59,000 series.

The six digit case number is inscribed on the inside of the back case panel and to his knowledge there never has been a number on the reverse of the watch except those numbers of the patents under which the watches are manufactured.

The case number is in fact a model number to denote which movements manufactured by the company will fit the particular style of case and hundreds or thousands of watches will bear the same case number.

A Roamer 17 jewel, water resistant, shock proof watch with a stainless steel back is a conventional watch. This watch he stated would have a power supply of approximately 36 hours when fully wound. The condition of the spring and the power supply remaining in a watch found away from the wearer would, of course, be dependent on the wearer's habit of winding.

The following models of watches were made available by [REDACTED] for photographing: *b7C*

On Monday, June 22, 1964, [REDACTED]

[REDACTED] decided to go fishing.

[REDACTED] drove to the vicinity of Bogue Chitto River and parked their car on the right or south side of Highway 21 at the east end of the second cement bridge and estimated he arrived at approximately 5 P. M.

They then crossed the road and walked down the east or right side of a small road going toward the beaver dam on Bogue Chitto River [REDACTED]. Shortly after leaving the highway he noticed a car which was burned, and he walked down the right or east side of this car and took a trail off to the right when he noticed that [REDACTED] had stopped to look at the car. He then came back and [REDACTED] was at the front of the car and opened the hood of the car. [REDACTED] noticed that there was smoke coming from under the hood apparently toward the rear end of the engine section. He went to the front of the car and looked in the car and thought the smoke was coming from some burning wires or something inside the motor. The hood, which [REDACTED] touched, was warm but not uncomfortably hot to the touch. He noted that the body part of the stationwagon was burned, and to his best recollection all the tires were gone.

[REDACTED] noted the door on the driver's side of the vehicle was open and about the only thing else he recalled was that there was a Mississippi license with the letter H on it. He did not recall the number.

[REDACTED] did not recall about the hub caps but as he recalled, the aerial was gone from the vehicle.

[REDACTED] there was an odor around the car which smelled like whiskey or alcohol of some form.

[REDACTED] in examining the motor they noticed it was barely warm.

[REDACTED] from his observation of the stationwagon he assumed that the car must have been burned from the rear toward the front since the back of the car was not smoking.

[REDACTED] in the back of the wagon he noticed a lug wrench and a spare tire rim and a lot of ashes.

[REDACTED] the license plate was burned so that the color was not visible, but he did see the letter H on the plate.

[REDACTED] recalled that on Monday, June 22, 1964, it rained in the afternoon. He thought the rain lasted for about two hours and it started about 2:30 P. M. It was still cloudy although not raining when he went to Bogue Chitto Creek to go fishing [REDACTED] arrived at the creek about 5 P. M.

[REDACTED] first fished for approximately 30 minutes under the cement bridge over Bogue Chitto Creek and then started down the river toward the beaver dam. [REDACTED]

[REDACTED] Just as he left the highway he noticed a burned stationwagon in the brush which he did not think was visible from the highway but he noticed that shortly thereafter.

He noted there was smoke coming from under the hood of the car on the left side. He walked to the front of the car and lifted up the hood which was warm but not hot. [REDACTED] could not determine just where the smoke was coming from, but it appeared to him as if it were coming from the back part and underneath the engine. He did not think there was anything burning in the motor section of the car but that the smoke was coming from under the engine.

[REDACTED] walked around the car and noted that the left door or the door on the driver's side was open. He noticed that the left front wheel had not been burned and stated it did not contain a hub cap. The car was completely burned out and the spare wheel was not in the tire well but on the platform in the rear of the vehicle. He noticed a tire iron in the depression in the rear section of the stationwagon. [REDACTED] there were no other tools that he observed.

[REDACTED] there was no odor of smoke that he could recall although he thought he smelled something like beer or whiskey, although he did not notice any cans.

Results of examination:

The outline of a bell-shaped design was noted in the heel portion of the Q1 cast. Similar designs are found in a number of different heels, including some heels manufactured by the B. F. Goodrich Company. Further identification of the design was not possible because the Q1 cast is not sufficiently clear for detailed examination. Heels made by the B. F. Goodrich Company are used on new shoes as well as for repair.

No design was noted in the Q2 cast so the possible make of heel or shoe involved could not be determined.

The Q2 cast is approximately 11½ inches long which is the approximate length of a size 8 or 8½ shoe. It is to be noted that the length of a shoe for a given size will vary with the style of shoe involved.

Due to the distortion in the Q1 cast, the length and approximate size could not be determined. It does appear, however, that the Q1 cast impression was made by a relatively small shoe.

The results of the examination of specimen Q3 were reported in FBI Laboratory report PC-81306 CW, dated 6/26/64.

The five keys attached to the key ring, specimens Q8 through Q13 are as follows:

One Yale cabinet or desk lock key.

One Ford car key having a round head.

One "Meyer" gas cap key bearing code number L481.

One "P & F Corbin" housedoor or office door lock type key.

One bow portion of a Ford car key. The bit end of this key is missing and appears to have melted from the heat of the fire.

The "Meyer" gas cap key is cut to the code of the gas cap lock, Q4, and is made to operate this lock.

Because the bit end of the ignition type Ford key is missing, no conclusion could be reached whether this key originally fit any of the car door locks and ignition lock submitted.

50-179

The left front door lock, Q5, bears the code number "FE 519."

No portions of a key were found in any of the locks submitted.

The roundhead Ford key on the ring of keys Q8 through Q13 has been cut to the code of the lock Q28 and operates this lock.

The VIN identification plate and rivets Q15, are identical to authentic serial plates and rivets found on Ford cars. None of the numbers in Q15 have been changed or altered.

Nothing was found to indicate that any of the vehicle identification numbers in Q14, Q29 and Q30 had been changed. Above the last number "6" in Q14 is a faint impression of a number "8."

Chemical examinations were made of specimens Q16 through Q25 and Q27. No traces of petroleum hydrocarbons or other flammable fluids were identified in this debris.

No evidence of human remains was found in the debris, specimens Q16 through Q25 and Q27.

The portion of a name "William J" and a portion of a service number which appears to be US53260" are hand printed on the piece of a combat boot, specimen Q26. Specimen Q26 is not burned and appears to have been exposed to the elements for some time. A photograph of the characters on specimen Q26 is being furnished herewith.

Burned pieces of compressed wool and cotton fibers were found in specimens Q17, Q20, Q21, Q25 and Q27. This material appears to be from a fiber mat.

Burned pieces of knitted cotton fabric were in specimens Q18, Q23, Q24 and Q27. The source of this material is not known.

Small burned pieces of cotton fabric woven with a plain weave were found in specimens Q18 and Q23. This material appears to be a muslin type of cloth.

Insulating material composed of compressed glass fibers and filler was found in specimen Q22.

A piece of fabric woven with a plain weave and composed of what appears to be glass fibers was in specimen Q24. Although the source of this fabric is not known, it may be insulating material.

50-180

Specimen Q31 bore two separate paint smears. One smear was a white enamel and the other smear was predominantly a green enamel. Detailed analyses of these two paint smears revealed them to be similar in colors and compositions to "Sage Green" and "De Soto White" original finishes used on two-tone 1956 De Soto automobiles. Both of these paints are in positions on the 1956 De Soto which would make them simultaneously available for bumper contact.

Very small traces of a beige or light tan paint, adequate only for general color comparisons were found crushed along one edge of the green enamel smear.

where vehicle burnedK1 Paint sample of left front fender of 1963 Ford station wagon
K2 Paint sample from splash pan below left headlights of 1963
Ford station wagon

Results of examination:

Specimen K1 contained three-layered paint chips as
follows:

1. Blue metallic top layer
2. Grey primer
3. Brown primer

Specimen K2 contained two-layered paint chips as follows:

1. Blue metallic top layer
2. Red-brown primer

The three pieces of barbed wire, Q32 through Q34, bore foreign paint smears. The paint comprising these smears was a turquoise nonmetallic lacquer. This turquoise nonmetallic lacquer is similar in color and type of paint to the original finish on 1956 Chevrolets known as "Twilight Turquoise."

No paint was found on Q32 through Q34 which was like the paint of specimen K1 or K2.

MIEURN

Specimens received 6/26/64

Q3 Men's burned wrist watch found in burned Fairlane
station wagon

Results of examination:

The back of the watchcase, specimen Q3, bears the brand name "ROAMER" under which appears "59183" which is apparently the watchcase number. The back of the watchcase also bears the following markings:

SWISS MADE
WATERPROTECTED
SHOCKPROTECTED
STAINLESS STEEL BACK

The wrist watch movement bears the following markings:

ROAMER
17 JEWELS
SWISS MADE

There is no record of specimen Q3 in our National Stolen Property Index. The wrist watch movement does not bear a serial number and there are no identification markings scratched into specimen Q3 to indicate that it had been repaired.

The mainspring of the wrist watch is approximately half wound. The inside of the wrist watch is dirty and rusty so that the cause for the stoppage of the works is not known.

The hand fragments attached to the watch are in the 12:45 position.

Specimen Q3 is being temporarily retained in the Laboratory.

At 12:38 PM, [REDACTED] and THOMAS HENDRICKS, attorneys-at-law, entered Room A318, Bachelor Officers' Quarters, Naval Auxiliary Air Station, and asked to confer with BERNARD LEE AKIN in private. They were advised they would have ample time to confer with their client upon the conclusion of the commissioner's hearing. [REDACTED]

[REDACTED] advised his client he had been requested by [REDACTED] to represent AKIN as [REDACTED] practice is entirely civil. He then advised AKIN he had been a district attorney and that he had never known of any subject to talk himself out of trouble and stated he would represent AKIN and make arrangements for bond as long as AKIN followed his instructions explicitly and would not discuss anything with agents of the FBI. Mr. HENDRICKS then advised AKIN that the agents interviewing AKIN were trained in getting confessions, and he should not even answer questions of the agents. Mr. HENDRICKS then requested the names of the agents who were interviewing AKIN. They were given to him.

TRAVIS MARYN BARNETTE was arrested at 8:01 A.M. on December 4, 1964, by SA [REDACTED] and SA [REDACTED] at [REDACTED] Mississippi, at which time the reason for his arrest was explained to him. BARNETTE was arrested on the basis of a United States Commissioner's warrant, issued by United States Commissioner ESTHER CARTER at Meridian, Mississippi, on December 4, 1964. A complaint, signed by SA [REDACTED] before United States Commissioner CARTER on December 4, 1964, charged BARNETTE with violation of Title 18, Section 241, United States Code, in that he had been involved in a conspiracy to threaten, assault, shoot and kill MICHAEL HENRY SCHWERNER, JAMES EARL CHANEY and ANDREW GOODMAN. b7C

After BARNETTE was told the reason for his arrest, he was told by SA [REDACTED] that he need not furnish any information, that any information he furnished could be used against him in court and that he had the right to consult an attorney before furnishing any information. He was also told that if he could not afford to hire an attorney, the court or the judge would appoint one for him. b7C

BARNETTE was then transported by Bureau car to Room A316 of the Bachelor Officers Quarters, Naval Auxiliary Air Station, Meridian, Mississippi, where he was held until he could be taken before United States Commissioner ESTHER CARTER on the afternoon of December 4, 1964. XI. INFORMATION CONCERNING SUBJECTS'
ACTIVITIES ON JUNE 21 AND 22, 1964
AND ALIBI INTERVIEWS OF SUBJECTS

BERNARD L. AKIN

It is noted that JAMES EDWARD JORDAN, in his signed statement concerning the murder and burial of the civil rights workers, stated that the individuals who came from Neshoba County to recruit citizens of Lauderdale County to participate in the action against SCHWERNER, CHANEY and GOODMAN met at Akin's Mobile Homes and that BERNARD L. AKIN was there though he did not participate in the actual murders. He did have knowledge of the planning.

HORACE DOYLE BARNETTE in his signed statement

[REDACTED] b7C, b7D

[REDACTED] b7C, b7D

In view of the above, it appears there is no conflict in AKIN's statement and information furnished by the two witnesses, and no further investigation is felt warranted along this line.

EARL BERNARD AKIN

EARL BERNARD AKIN is charged with withholding information concerning the murder of the three civil rights workers near Philadelphia, Mississippi, on June 21, 1964. JAMES E. JORDAN, who has admitted participation in this murder, stated [REDACTED]

b7C, b7D

AKIN has been contacted on several occasions and questioned as to any information which he had concerning the murders, however, he steadfastly denies any knowledge concerning the murders other than that gained through reading the newspapers.

JIMMY ARLEDGE

With regard to the activities of JIMMY ARLEDGE on the night of June 21, 1964, the following information was furnished by JAMES E. JORDAN:

ARLEDGE was among the individuals who met at the rear of Akin's Mobile Homes at Meridian, Mississippi, and he accompanied DOYLE BARNETTE, TRAVIS BARNETTE, JIMMIE SNOWDEN and JAMES JORDAN on the trip from Meridian, Mississippi, to Philadelphia, Mississippi, in DOYLE BARNETTE's car. ARLEDGE was in the car at the time the group awaited the release of the civil rights workers from the jail at Philadelphia and he accompanied this group to the point where the civil rights workers car was stopped by Deputy Sheriff CECIL PRICE. After the civil rights workers were removed from their car, ARLEDGE drove their station wagon to the scene of their murder.

[REDACTED] ARLEDGE was at this scene, but JORDAN did not describe ARLEDGE's activities during the remaining portion of the night. b7C, b7D

HORACE DOYLE BARNETTE furnished the following information with regard to the activities of JIMMY ARLEDGE on the night of June 21, 1964:

JAMES E. JORDAN, in a signed statement furnished on November 20, 1964, advised that he first saw BILLY POSEY on Highway 19 South of Philadelphia, Mississippi, on the night of June 21, 1964, in a 1955 or 1956 red and white Chevrolet along with SHARPE, WAYNE ROBERTS and another young man believed to be TOWNSEND. POSEY was driving the red and white Chevrolet which pulled alongside a patrol car outside of Philadelphia. Deputy Sheriff PRICE drove up and joined the

group and BILLY POSEY and he had a short conversation. POSEY then indicated that all cars should follow him and he drove away southward on Highway 19. [REDACTED] POSEY had carburetor trouble and his car pulled off the road. After pursuing and capturing the civil rights workers, they returned to POSEY's parked vehicle [REDACTED]

POSEY [REDACTED] got into the 1963 Ford station wagon owned by the civil rights workers after the bodies had been loaded into it. POSEY said "Everyone follow me, [REDACTED] POSEY led the way over back roads to a dam alongside of which he parked the station wagon. [REDACTED]

HORACE DOYLE BARNETTE in a signed statement stated

[REDACTED]

It is noted that it would appear that the civil rights workers were released from the Neshoba County Jail sometime around 10:30 P.M., June 21, 1964, as according to information furnished by Patrolman POE [REDACTED] that BILLY WAYNE POSEY was looking for PRICE before 10:22 and 10:24 P.M., which was the time logged by the Highway Patrol Dispatcher that two calls were made from their car. It appears that PRICE then proceeded to follow the civil rights workers approximately 16 miles from Philadelphia where they were stopped, loaded into his car. He then returned to the point where they were killed off of Highway 19 about 100 yards. [REDACTED]

[REDACTED] PRICE would have traveled a total distance not exceeding 33 miles which would have made it possible for him to have left Philadelphia at about 10:20 P.M. and return by approximately 11:30 P.M. when he participated with [REDACTED] in the arrest of COWAN and DOMINICK.

JIMMIE SNOWDEN

SNOWDEN has been identified by JAMES JORDAN [REDACTED] as being present at Akin's Trailer Park on June 21, 1964. SNOWDEN has been further identified as one of a group of persons who traveled from Meridian to Philadelphia, Mississippi, on the evening of June 21, 1964. SNOWDEN, according to JORDAN [REDACTED] was present at the time of the slaying of victims by JORDAN and WAYNE ROBERTS and was also present at the burial site on the BURRAGE property later the same evening. b7c, b7D

When interviewed both prior and subsequent to his arrest on December 4, 1964, SNOWDEN has maintained that he knows nothing concerning Klan matters, knows nothing concerning the slayings of victims and was noncommittal concerning his acquaintance with, or knowledge of the other participants in this case. SNOWDEN advised that he could not recall his whereabouts on the night of June 21, 1964.

JIMMY LEE TOWNSEND

According to JAMES E. JORDAN, at about 6:30 P.M. on June 21, 1964, PREACHER EDGAR RAY KILLEN from Philadelphia, Mississippi, came to the Longhorn Drive-In, Tom Bailey Drive, Meridian, Mississippi, along with JERRY SHARPE and JIMMY LEE TOWNSEND, also of Philadelphia, Mississippi. They were driving a 1959 Chevrolet, gray and white in color allegedly belonging to JERRY SHARPE. KILLEN had a conversation with FRANK HERNDON at the Longhorn Drive-In and then all went to B. L. AKIN's trailer, Akin's Mobile Homes, Tom Bailey Drive, Meridian, Mississippi.

JORDAN further stated that after their arrival at AKIN's trailer, PREACHER KILLEN said that WAYNE ROBERTS, SHARPE, TOWNSEND and himself should go in SHARPE's 1959 Chevrolet to Philadelphia to see if everything was okay. TOWNSEND went on to Philadelphia and according to JORDAN sometime shortly after the civil rights workers were released from jail at Philadelphia and the civil rights workers had started to drive south on Highway 19 out of Philadelphia, SHARPE, BILLY POSEY, WAYNE ROBERTS and TOWNSEND appeared on Highway 19 [REDACTED]

[REDACTED] in POSEY's 1955 or 1956 red and white Chevrolet. They drove south on Highway 19 apparently following the civil rights worker's station wagon. BILLY POSEY was driving [REDACTED]

[REDACTED] BILLY POSEY's car pulled over to the right side of the road and POSEY said he was having carburetor trouble. b7c, b7D

POSEY's car was left by the side of the road with JIMMY LEE TOWNSEND to work on the carburetor. The other occupants of the car, ROBERTS, SHARPE, and POSEY later got into another car and left. TOWNSEND stayed with POSEY's car

during the murder and burial of the civil rights workers. POSEY was eventually taken back to his car where TOWNSEND was still working on the automobile.

TOWNSEND, upon interview regarding the above, advised that he was probably at home the night of Sunday, June 21, 1964, and would say nothing further regarding this night.

[REDACTED] was arrested for speeding by the Mississippi Highway Safety Patrol approximately 15-20 miles south of Philadelphia, Mississippi. The arresting officers were Mississippi Highway Patrolmen and he believes that their names were WIGGS and POE.

When he was stopped for speeding the officers informed him that he was exceeding the speed limit, the exact miles per hour that he was speeding he does not recall. He was given a ticket and was not incarcerated or placed on bond, nor was the Justice of the Peace contacted at that time.

After he returned home he wrote a letter to Justice of the Peace LEONARD WARREN at Philadelphia, Mississippi, and explained the circumstances of his arrest and inquired as to what his fine might be. He later received a letter from Justice of the Peace WARREN stating his fine was \$17 and that he could pay this by mailing it to Philadelphia, Mississippi. [REDACTED] neglected to pay this fine until [REDACTED] when a Constable from Meridian, Mississippi, contacted him regarding payment of this fine and he then went to Justice of the Peace CRAWFORD in Meridian, Mississippi, and paid him the amount of the fine.

On December 4, 1964, arrest warrants were issued by Miss ESTHER CARTER, U. S. Commissioner, Meridian, Mississippi, for the defendants named in the complaints.

All subjects named in the complaints were arrested on December 4, 1964 by Bureau Agents.

HORACE DOYLE BARNETTE was arrested at Shreveport, Louisiana, December 4, 1964, arraigned before U. S. Commissioner

at Shreveport, Louisiana, and held in Caddo Parish Jail in lieu of \$10,000 bond. On December 5, 1964, the U. S. Commissioner at Shreveport, Louisiana, reduced BARNETTE's bond to \$5,000 and on December 8, 1964, BARNETTE was released on \$5,000 bond. BARNETTE did not waive preliminary hearing but did not ask for a hearing at any particular time in the future. The complaint against him remains outstanding.

On December 10, 1964, at 10:00 A.M. before U. S. Commissioner ESTHER CARTER at Meridian, Mississippi, a preliminary hearing was held for BERNARD L. AKIN, EARL B. AKIN, JAMES ARLEDGE, TRAVIS MARYN BARNETTE, OTHA NEAL BURKES, OLEN LOVELL BURRAGE, JAMES T. HARRIS, TOMMY A. HORNE, EDGAR RAY KILLEN, BILLY WAYNE POSEY, CECIL RAY PRICE, LAWRENCE ANDREW RAINEY, ALTON WAYNE ROBERTS, JIMMY SNOWDEN, JIMMY LEE TOWNSEND, OLIVER RICHARD WARNER, FRANK J. HERNDON, JERRY MC GREW SHARPE and HERMAN TUCKER. At the preliminary hearing, U. S. Commissioner CARTER refused to allow FBI Agent HENRY RASK to testify concerning a signed statement he received from HORACE DOYLE BARNETTE. Miss CARTER ruled that Mr. RASK's testimony was hearsay and it would be necessary to produce the person who furnished the statement to testify as a witness. As a result of the Commissioner's ruling, ROBERT OWEN, Departmental Attorney, U. S. Department of Justice, advised Miss CARTER that the Government did not wish to present further evidence at the preliminary hearing. Miss CARTER dismissed the complaint against the defendants.

On December 4, 1964, JAMES EDWARD JORDAN was arrested at Gulfport, Mississippi by Agents of the FBI and arraigned before U. S. Commissioner at Gulfport, Mississippi, his hearing set for December 11, 1964, and he was held on \$5,000 bond. JORDAN was released from the Harrison County Jail in Gulfport after his bond of \$5,000 was posted, December 11, 1964.

JAMES E. JORDAN was granted a preliminary hearing at which time the U. S. Commissioner dismissed the complaint against him.

1. Motion for severance. Miss.

A motion for severance for Horace Doyle Barnette was granted by U. S. District Judge HAROLD J. COX.

2. Motion to suppress search warrants.

In connection with this motion, testimony was presented by Special Agents of the FBI HENRY L. MC CONNELL and JOHN H. KRESEK, who testified concerning their service of a search warrant August 4, 1964, on OLEN BURRAGE, who is the owner of Burrage Dam.

In connection with this motion, Defendants' attorneys directed specific questions to COCHRAN concerning reconnoitering conducted by Agents on BURRAGE's property prior to August 4, 1964, which was the date of serving the search warrant on BURRAGE.

Special Agent JOHN H. PROCTOR, JR. testified concerning the terrain searches conducted on BURRAGE's property prior to August 4, 1964, and concerning the survey of the access road to the BURRAGE property, which road was employed in bringing the earth-moving equipment to the damsite.

DEFENDANTS

"The named defendants move to dismiss this indictment for failure to state an offense against the laws of the United States. The indictment is predicated upon 18 U.S.C.A. S241. The first paragraph of the indictment states that Rainey was sheriff, Price was deputy sheriff and that Willis was a police officer, each acting at all times under "color of laws" of the State of Mississippi. The statute mentions nothing about "color of law" in the description of the crime embraced therein. The indictment charges that from January 1, 1964, to December 4, 1964, the named defendants in the Southern District of Mississippi conspired 'to injure, oppress, threaten and intimidate Michael Henry Schwerner, James Earl Chaney and Andrew Goodman, each a citizen of the United States, in the free exercise and enjoyment of the right and privilege secured to them by the Fourteenth Amendment to the Constitution of the United States

JN 44-1

"not to be deprived of life or liberty without due process of law by persons acting under color of the laws of Mississippi." The third paragraph of the indictment states that it was the plan and purpose of such conspiracy that said victims would be released by said officials from the county jail and that the individual defendants would intercept said released prisoners 'and threaten, assault, shoot and kill them.' This entire offense is said to have been committed in Neshoba County, State of Mississippi, in violation of said S241.

"This statute was designed and intended solely for the protection of federally created rights, not for any right merely guaranteed by the laws of the United States. This is not a statute which makes murder a federal crime under the facts and circumstances in this case. The right of every person not to be deprived of his life or liberty without due process of law is a right that existed prior to the Federal Constitution. It is a right which is protected by state laws and is merely guaranteed by the Constitution of the United States.

"In United States v. Cruikshank, 92 US 588, there was an indictment under S6 of the Enforcement Act of May 31, 1870, appearing as 16 Statute At Large 141, which is similar in many respects to S241 here. The Court said: 'The third and eleventh counts are even more objectionable. They charge the intent to have been to deprive the citizens named, they being in Louisiana, "of their respective several lives and liberty of person without due process of law." This is nothing else than alleging a conspiracy to falsely imprison or murder citizens of the United States, being within the territorial jurisdiction of the State of Louisiana. The rights of life and personal liberty are natural rights of man. "To secure these rights," says the Declaration of Independence, "governments are instituted among men, deriving their just powers from the consent of the governed." The very highest duty of the States, when they entered into the Union under the Constitution, was to protect all persons within their boundaries in the enjoyment of these "unalienable rights with which they were endowed by their Creator." Sovereignty, for this purpose, rests alone with the States. It

JN 44-1

"is no more the duty or within the power of the United States to punish for a conspiracy to falsely imprison or murder within a State, than it would be to punish for false imprisonment or murder itself.

'The Fourteenth Amendment prohibits a State from depriving any person of life, liberty or property, without due process of law; but this adds nothing to the rights of one citizen against another. It simply furnishes an additional guaranty against any encroachment by the States upon the fundamental rights which belong to every citizen as a member of society.'

"The indictment at bar is clearly void under the holding of Williams v. United States, (5CA) 179 F.2d 644, where the Court reversed a conviction under a very similar indictment in this circuit. That opinion makes abundantly clear the infirmities which are inherent in the indictment here. That decision was rendered on January 10, 1950.

"On April 23, 1951, in United States v. Williams, 341 US 70; 71 S.Ct. 581, the Supreme Court of the United States affirmed that decision. Among other things, the Supreme Court in that case said: 'All the evidence points to the same conclusion: that S241 applies only to interference with rights which arise from the relation of the victim and the federal government, and not to interference by state officers with rights which the federal government merely guarantees from abridgment by the states. ***Nor does the defined crime have as an ingredient that the conspiracy be under color of State law. Criminal statutes should be given the meaning their language most obviously invites. Their scope should not be extended to conduct not clearly within their terms. We therefore hold that including an allegation that the defendants acted under color of State law in an indictment under S241 does not extend the protection of the section to rights which the Federal Constitution merely guarantees against abridgment by the States. Since under this

JN 44-1

"'interpretation of the statute the indictment must fall, the judgment of the court below is affirmed.'

"The Congress has known of that decision now for approximately fifteen years and has acquiesced therein as a proper construction of S241.

"Here we have fourteen private individuals and three officials as defendants. The defendants are not charged with the violation of any right which was conferred upon either of these victims by a federal law. It is of no consequence, therefore, in law that some of the defendants were officials and that some of them were merely private citizens in allegedly committing the offense charged. The motion, like a demurer of old, admits for the purpose of this hearing all matters and things well pled in the indictment, but contends that even so, they are not charged with an offense against the United States. The authorities cited and found upon independent research support the soundness of this position. The indictment surely states a heinous crime against the State of Mississippi, but not a crime against the United States. This is a court of limited jurisdiction. The United States has no common law. Section 241 must be and is the sole and exclusive exponent of the offense set forth in this indictment. The indictment simply does not charge either of these defendants with any offense against the laws of the United States. The motions to dismiss this indictment against the named defendants will, therefore, be sustained.

"There are several other motions presented by these defendants pursuant to a previous order of this Court, but action on such motions is unnecessary by reason of the disposition of the foregoing motions. Such other motions, therefore, may be withdrawn or will be overruled. A judgment accordingly may be presented.

"On January 18, 1965, the defendants were ordered to file all motions to be filed herein on or before January 25, 1965. Those motions have been filed and presented and will be presently decided.

"1. The defendants move for sixty days additional time to prepare and file motions and supporting affidavits. That motion is without merit and will be overruled.

"2. The defendants move to dismiss the indictment because of widespread adverse publicity and because they were photographed and pictured through the news media of the country as criminals. There was, indeed a great amount of sensational writing and numerous pictures of these defendants which appeared in many of the newspapers within the state and on television stations within the state and in other states. This unusual circumstance was taken into account by the Court in its supplemental charge to the grand jury who were expressly instructed to completely disregard all

JN 44-1

"news stories and all clamor from the outside, and to fairly and justly and honestly decide, each for himself, solely from the evidence and testimony presented to them in the grand jury room as to whether or not probable cause existed for indictment. The grand jury was admonished to vote their own honest and sincere and conscientious convictions on that question solely from the evidence and testimony before them under oath in the grand jury room. This was a very intelligent and a very fine grand jury, composed of a good cross section of citizens from the entire Southern Judicial District of Mississippi. It must be and is presumed that they did their duty in accordance with those instructions. That some others throughout the district may have formed an impression of some kind of guilt or innocence of these defendants does not show any prejudice in the mind or on the part of these grand jurors in performing their official duties here. That motion is without merit and will be overruled.

"3. The defendants (except Jordan) move to dismiss the indictment for failure to state an offense against, or a violation of any laws of the United States. The indictment is in four counts. The first count is for the conspiracy under 18 U.S.C.A. S371 to violate 18 U.S.C.A. S242. Six overt acts in furtherance of such conspiracy are stated. The second, third and fourth counts charge all of the defendants with a violation of 18 U.S.C.A. S242. Lawrence Andrew Rainey was sheriff, Cecil Ray Price was deputy sheriff and Richard Andrew Willis was a police officer of the municipality at all material times. The other defendants were at all times private individuals and so acting. Surely, Section 242 was a valid law of the United States at such time. The indictment states and the motion for its purpose admits that two or more of them conspired to violate this law of the United States on this occasion. It is immaterial to the conspiracy that these private individuals were not acting under color of law at such time so as to be vulnerable to S242. They are not charged with having violated S242 but are charged with having conspired to violate

"said act. That is a crime against the United States under S371. The second, third and fourth counts charge that the official defendants willfully did things that denied and deprived their alleged victims of federally created rights. It is charged that the individual defendants like wise participated in the offenses charged in the second, third and fourth counts of the indictment, but it is not charged as an ultimate fact that they (or either of them) did anything as an official under color of any law, statute, ordinance, regulation, or custom as S242 provides and as a violation thereof would require. The indictment states that three of the defendants were acting as officers in all that they did, but then does not state or indicate that any of the other individual defendants were officers in fact, or defacto in anything allegedly done by them 'under color of law.'

"It is accordingly the view of this Court that the first count of this indictment is valid against all defendants before the Court; that the second count is valid against Rainey, Price and Willis but not against the other defendants; that the third count is valid against Rainey, Price and Willis but not against the other defendants; and that the fourth count is valid against defendants Rainey, Price and Willis but not the other defendants upon the authorities presently cited.

"In Williams v. United States, (5CA) 179 F.2d 656, a private detective was indicted and convicted under S242 for applying third degree methods to a victim while investigating a theft from a private concern. A city policeman was present at the scene of the offense and lent color of law to the event. The detective held a card from the Director of Public Safety showing his appointment as a special police officer of the municipality. A section of the charter of the city provided that no person should be appointed a special police or

"detective, except under the direction of the Chief of Police for a specified time. There was substantial evidence that Williams impersonated an officer and acted under color of law. He was found guilty of the charge by a jury and his conviction was affirmed. The case was appealed to the Supreme Court of the United States where it was affirmed. The Supreme Court on appeal in Williams v. United States, 341 US 97; 71 S.Ct. 576, observed that the indictment charged that petitioner acting under color of law used force to make each victim confess to his guilt and implicate others and that the victims were denied the right to be tried by due process of law and if found guilty to be sentenced and punished in accordance with the laws of that state. The Court quoted from Count 2 of the indictment which charged violation of the Fourteenth Amendment rights as follows: 'The right and privilege not to be deprived of liberty without due process of law, the right and privilege to be secure in his person while in the custody of the State of Florida, the right and privilege not to be subjected to punishment without due process of law, the right and privilege to be immune while in the custody of persons acting under color of the laws of the State of Florida, from illegal assault and battery by any person exercising the authority of said state, and the right and privilege to be tried by due process of law and if found guilty to be sentenced and punished in accordance with the laws of the State of Florida.' The trial judge admonished the jury that the defendants were 'not here on trial for a violation of any law of the State of Florida for assault' nor 'for assault under any laws of the United States.' The Supreme Court thus affirmed said conviction and approved such application and use of S242 to those facts and circumstances. It is thus made crystal clear that the defendants in this case who were officers and were allegedly acting willfully under color of law as charged in the indictment are vulnerable to the offense charged in S242. To same effect is United States v. Jones, (5CA) 207 F.2d 785. Likewise in Koebler v. United States, (5CA) 189 F.2d 711, the Court affirmed a conviction of a constable and his co-worker who violated S242 by the violating of federal rights of a victim under color of law. In that case Ackerman was not a mere private

citizen but was a deputy or assistant on duty in all that was done in violation of S242. The motion to dismiss thus admits all things well pled in the indictment and results in the inescapable conclusion that the county and city officials who are defendants are legally charged with a violation of S242 in this indictment.

In Brown v. United States, (6CA) 204 F.2d 247, Brown was convicted of violating 18 U.S.C. S371. The appellant was charged with violation of S242 but such charges against him were dismissed by the Court because he was a private individual and not an officer acting under color of law as in Commonwealth of Virginia v. Rives, 100 US 313; United States v. Cruikshanks, 92 US 542; Screws v. United States, 325 US 110, 65 S.Ct. 1039. The Court said:

'The district court dismissed the substantive counts which charged appellant with violating S242 but submitted the conspiracy count to the jury. This action was clearly correct. ***The fact that appellant was a private citizen and legally incapable of violating S242 does not render him immune from a charge of violating 18 U.S.C. S371 by engaging in an agreement with a law enforcement officer acting under color of state law to violate 18 U.S.C. S242. United States v. Holte, 236 US 140; 35 S.Ct. 271, 59 L.Ed. 504. As declared in Chadwick v. United States, 6 Cir., 141 F. 225, at page 237, opinion by Judge Lurton: "It is sufficient if any one of the parties to a conspiracy is legally capable of committing the offense, although the other parties may not have been." As was stated in United States v. Trierweiler, D.C., 52 F.Supp. 4, at page 7:

"It is immaterial that they themselves may not have had the capacity to violate the statute for they became liable criminally if they conspired to violate that statute and if one or more of their fellow conspirators had the

"capacity to commit the substantive offense."
Barron v. United States, 1 Cir., 5 F.2d 799,
801, 802; Haggerty v. United States, 7 Cir.,
5 F.2d 224, 225; Kaufman v. United States,
2 Cir., 212 F. 613, 618.

In accord with this conclusion are Koehler v. United States, 5 Cir., 189 F.2d 711; Apodaca v. United States, 10 Cir., 188 F.2d 932.'

"As the Court said in United States v. Rabinowich, 238 US 78; 35 S.Ct. 682: 'That a conspiracy to commit a crime is a different offense from the crime that is the object of the conspiracy. Callan v. Wilson, 127 US 540; 8 S.Ct. 1301.' The Court further said: 'A person may be guilty of conspiring, although incapable of committing the objective offense.'

"It is accordingly the view of the Court that the first count of this indictment is valid against all defendants; that as to the remaining counts in the indictment, all of them are valid against the official defendants, but invalid against the private individual defendants therein. The motion to dismiss the indictment will thus be sustained in part and overruled in part as indicated.

"4. Burrage moves and Price, Akin, Killen, Posey, Rainey, Roberts, Sharpe, Townsend, Tucker and Willis join him in requesting under Criminal Rule 41(e) that the search under the warrant be adjudged unlawful, and that the property taken be adjudged to have been illegally seized without warrant, or that the warrant be adjudged insufficient on its face, or that the property seized is not described in the warrant, or that there was no probable cause for the issuance of the warrant or that the warrant was illegally executed. Evidence was adduced before the Court on this motion. The contentions and the evidence somewhat overran the bounds of the motion. Some nebulous testimony before the Court was to the effect that government agents with permission had been on open land searching for some clue to the whereabouts of three human bodies. No search was made of any improvements on the 'Jolly lands' now belonging to Burrage. No case of an unreasonable search or seizure is shown. Much 1004

"of the description in the affidavit and warrant is void but the description of the premises known as the 'Old Jolly Farm' under control of Olen Burrage in the north half of Neshoba County in the Southern District of Mississippi is sufficient for all purposes. The objects of the search were sufficiently stated. The affidavit of an FBI agent sufficiently set forth grounds for probable cause which were effectually adjudicated to exist by the issuance of the subsequent warrant. Hester v. United States, 265 U.S. 57; 44 S.Ct. 445. Monnette v. United States, (5CA) 299 F.2d 847. The search warrant described the premises to be searched as the 'Old Jolly Farm' under control of Olen Burrage. This place consisted of two hundred fifty acres. It had formerly been owned by Jolly and was the only place of such kind in the county under control of Burrage. The description of the premises to be searched was sufficiently clear to enable an officer with reasonable effort to ascertain and identify the place to be searched. That is the rule and the test. The warrant clearly stated that the search was for the bodies of the three identified victims. This warrant was served at 8:12 A.M., August 4, 1964, according to FBI agents' testimony supported by memoranda made at the same moment as an official record. The Court believes from the evidence that the government agents acted with full authority under this warrant in doing all that was done on said date toward searching for and discovering these bodies. This evidence was not illegally obtained and the process therefor was valid. This motion to suppress is without merit and will be overruled.

"5. The defendants move for a production of evidence under Criminal Rule 16. The two motions seek material to which they are not entitled under this rule. The motion does not bring the request within the ambit of the rule. The motions will be overruled.

"6. The defendants seek a bill of particulars under Criminal Rule 7(f). An indictment is required by Criminal Rule 7(c) to contain 'a plain, concise and definite

"written statement of the essential facts constituting the offense charged." It is not necessary to allege with technical precision all of the elements essential to the commission of the offense which is the object of the conspiracy. In Wong Tai v. United States, 47 S.Ct. 300, it is said: 'In charging such a conspiracy certainty, to a common intent, sufficient to identify the offense which the defendants conspired to commit, it is all that is necessary.' There the defendants sought as here to discover the government's evidence to which the Court said that the defendants were not entitled. A defendant in a criminal case may not resort to a motion for a bill of particulars as a discovery device. In Van Hise v. United States, 321 F.2d 664, the Court in this circuit said that it is not the office of a bill of particulars to ascertain what offense is charged. In Johnson v. United States, 207 F.2d 314, the Court in this circuit said: 'The government should not be compelled by a bill of particulars to give a detailed disclosure of its evidence, as would have been required by compliance with the motion.' The indictment here contains a sufficiently definite written statement of the offense to enable the defendants to properly and fairly present their defense thereto. It is likewise sufficiently definite and clear to forestall any possibility of double jeopardy. The motion is without merit and will be overruled.

"7. Numerous motions are presented by the defendants for severance under Criminal Rule 14. Criminal Rule 8 authorizes the joinder of offenses and of defendants under stated circumstances. Criminal Rule 14 vests the Court with a sound judicial discretion to grant such relief as may be necessary in any case to assure a fair trial for each defendant. Oppen v. United States, 75 S.Ct. 158. Nothing has been presented to the Court to convince it that a severance of any other defendants, other than Horace Doyle Barnette who has already been severed from this proceeding, is necessary in this case. But under the circumstances it would appear to be fair and just that all of the defendants be first tried under the first count of this indictment in

NY 44-1

Case No. 5216, and that the trial of the official defendants under Count 2, Count 3 and Count 4 should be next tried. The motion will thus be sustained in part and overruled in part as indicated.

"8. The defendants by separate motions request a trial by jury. Those motions will be sustained.

"A judgment disposing of said motions as indicated may be presented for entry.

III. SUPPLEMENTAL INFORMATION AND INTERVIEWS
WITH JAMES EDWARD JORDAN

FEDERAL BUREAU OF INVESTIGATION

1Date January 22, 1965

JAMES E. JORDAN conferred in the Atlanta Office of the FBI with Departmental Attorney D. ROBERT OWENS, Chief, Southwestern Region, Civil Rights Division, U. S. Department of Justice, U. S. Attorney CHARLES L. GOODSON, Northern District of Georgia, and ALLEN L. CHANCEY, Assistant U. S. Attorney, Northern District of Georgia. JORDAN was advised at the outset by Mr. OWENS of his right to counsel, that he was not required to make a statement, and that any statement he made may be used against him. No threats or promises were issued to Mr. JORDAN. Mr. OWENS explained that the purpose of the conference was to determine whether or not JORDAN desired to sign a consent to plead guilty or nolo contendere and transfer his case under Rule 20, Federal Rules of Criminal Procedure, from the Southern District of Mississippi to the Northern District of Georgia and, if so, whether or not he desired counsel prior to making this decision. The provisions of Rule 20 of the Federal Rules of Criminal Procedure were fully explained to JORDAN by Mr. OWENS.

Mr. JORDAN stated that he did not desire counsel and that he desired to sign a consent to transfer his case for plea and sentence under Rule 20 from the Southern District of Mississippi to the Northern District of Georgia. Mr. JORDAN then signed the Consent to Transfer Case for Plea and Sentence.

On November 13, 1964, the files of the County Clerk's Office were reviewed and on Page 215, Volume 83 of the Marriage Records for Lauderdale County, it was determined that JIMMY ARLEDGE and MARY JANE JORDAN were issued a marriage license and were married August 10, 1961, in Lauderdale County, Mississippi. JIMMY ARLEDGE was described as a white male, born March 1, 1937, at Union, Mississippi. His residence address was shown as Route 2, Little Rock, Mississippi. His occupation was given as Door Department, Acme Building Supply Company; his father and mother were identified as MACK and LESLIE ARLEDGE.

The 1964 edition of the Meridian, Mississippi, City Directory, reflects that JIMMY ARLEDGE, wife MARY JANE ARLEDGE, residence 2718 Valley Street, Meridian, Mississippi, was employed as a driver for the Magnolia Steel Company.

The 1962 Meridian, Mississippi City Directory lists JIMMY ARLEDGE, identifying him as a stock clerk for the Meridian Cigar and Tobacco Company.
