Re: ERNST THOMAS A. ARNET, WITH ALIASES
Espionage G

Pursuant to the request of SA H. B. Lawrence made on May 11th, 1942, I am writing to set forth information upon my acquaintance with the above named subject.

I met the Subject in October or September, 1937 in Washington, D. C. and was introduced to him by William Hocker Drake, then a Patent Attorney with offices in the Investment Building, Washington, D. C., and now a Lt. in the U.S. Navy located in Washington, D. C. The Subject and Mr. Drake were both members of the University Club and I was their guest there frequently and shortly thereafter became a member of the club. The Subject at that time was living at the University Club.

During the next 3 years I saw the Subject frequently and very often played Squash with him at the University Club. We had dinner together probably an average of 2 or 3 times a week either alone or with other friends. Mutual friends at the University Club included George Say, Harry Robinson, Andrew Brown and the above mentioned William Drake.

During my association with the Subject I never was aware of any facts indicating that he might be engaged in subversive activities or might be unfriendly to the U.S. Government. I knew that he had engineering training and was very much interested in mechanics, ships, and naval affairs. He had a wide field of acquaintances including Congressmen, members of the State and other Departments and officers in the U.S. Army and Navy. He, at all times, indicated a very keen interest in Naval and International Affairs.

The Subject had a number of friends who were in the Army or Navy or were students at Annapolis or West Point and at times visited both of these institutions. At the time I discussed this with him in regard to the possibility of the visits being misinterpreted, since he was an Alien, he indicated that while he realized such misinterpretation was possible he did not believe that any harm could result from the visits. However, he later was invited by a friend to visit the Air Base at Panama, Florida and told me he had declined for the reason that the visit might subject his friend to criticism.

156

The Subject discussed with me his plans for completing his application for American Citizenship. He had formerly told me that his departure from Germany occurred before the rise of Hitler to power and was due to personal reasons more than anything else. As I recall, his father was a minister. I judge that the influences of his home were somewhat strict and confining and that this influenced his departure. His home, I believe, was in Hunsbeck.

Kubick

A number of Army and particularly Naval Officers were members of the University Club. I know that the Subject was friendly with some of them. Also, he was occasionally in the company of officers who were not members of the club but I do not recall his association with any officers of high rank who were not club members.

In so far as I know the Subject had very little association with German Aliens or American citizens of German birth. The closest German associate of which I have any information was a fellow by the name of Mueller who in 1938 was employed in the Miscellaneous Tax Unit of the Bureau of Internal Revenue. I had met Mueller in connection with a tax case which I was handling in the Bureau and later learned that he was a friend of the Subject. Following this time I know that the Subject saw Mueller occasionally and I believe that they took an extended trip together by automobile in 1939 or 1940.

Another German to whom the Subject introduced me was a man from New York City who was employed occasionally by the Claims Division, in the Department of Justice, on Foreign Work and who I understand either replaced the Subject in the Claims Division or took a position there at about the time the Subject left. I do not recall his name and the only association of the Subject with this gentleman of which I have any knowledge occurred upon visits of this man to Washington upon official business with the Claims Division.

Later in 1937 or 1938 the Subject introduced me to an elderly man from the German Embassy whom we spoke to for a few minutes one evening in a restaurant on Connecticut Avenue. Later the Subject explained that this man from the Embassy was a fine scholar. In explaining the situation to me he indicated he was a man whom we had just met had no sympathy with the new school of thought, and the Subject indicated similar lack of sympathies.

The Subject and I occasionally discussed World Affairs including the Nazi Government. While he did not express a violent dislike or hatred of the Nazi Government he consistently expressed disapproval of it and a dislike of the thought of ever returning to Germany. He discussed with me his plans for citizenship and indicated then that he planned never to return to Germany.

In connection with his plans for citizenship the Subject read to me a letter from an uncle of his advising him on the subject. He had written to his uncle rather than directly to his family as he feared that the opinions of his mother and father would be narrow and provincial unless influenced by his uncle who was more cosmopolitan. The Subject indicated considerable surprise in the disapproval of his uncle of the plans for citizenship and read to me his uncle's disapproval. I mentioned the possibility of armed conflict and asked him if he would be prepared to fight for the U.S. against Germany. He said he would be willing to fight when called upon. I have seen the subject since December 7th

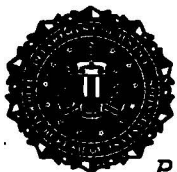

and he has indicated a strong desire to get into the Army so that at the end of the War he might continue his life in the U.S. with an unquestioned record.

I have been in the company of the Subject very frequently under many different circumstances and have never known him to be guilty of any immoral conduct and have never seen any suggestion or evidence of such.

Respectfully,

Randolph W. Thrower

MEMORANDUM FOR MR. E. A. TAMM

RE: ERNST-THEODOR ARNDT,
with aliases;
ESPIONAGE - G.

At this time Arndt called and talked with the writer. You will recall that he was employed by the Department of Justice as a special attorney from June 1, 1937, to July 31, 1939, at which time he was requested to resign in view of his alien status.

For your information, Arndt has been under investigation by the Bureau for possible German espionage activities. The investigation indicated he was born in Germany; was a close friend of the officials of the German Consulate in Chicago, Illinois; and that he allegedly has engaged in homosexual practices, having entertained sailors, soldiers, and marines in his room at the University Club in Washington, D. C. The investigation also indicated Arndt is undoubtedly pro-German in his political sympathies, although no actual evidence of espionage activities was uncovered.

During the early part of 1942 [redacted] was employed by the Office of Emergency Management, but was discharged from that Department on the basis of information submitted by the Bureau. A decision by the Civil Service Commission is presently pending regarding an appeal which he took concerning his discharge by the Office of Emergency Management. In connection with the Civil Service Commission decision, Arndt advised that he has the privilege of producing witnesses to testify to his, Arndt's, good character, political affiliations, etc.; that he is acquainted with three Special Agents of the Bureau; that these Agents had dined with him and had visited him on several occasions in his room at the University Club; that two of these Agents were not affiliated with the Bureau at the time they visited his room; that he, Arndt, is of the opinion that perhaps he could have these Agents testify on his behalf before the Civil Service Commission.

Arndt was very reluctant to reveal the identity of these Agents, claiming in the event he should reveal their names they necessarily would be subjected to questioning which perhaps might embarrass them in view of his, Arndt's, precarious predicament, although his relations with these Agents were absolutely proper. After some hesitancy, Arndt stated the names of the three Agents with whom he associated during 1937-1939 were Special Agents Thomas Naughton, Randolph W. Thrower, and Charles Drussel.

^E
THOMAS NAUGHTON

Seattle

In connection with Thomas Naughton, Arndt advised he met Naughton about 1937 while he, Arndt, was employed in the Department of Justice; that Naughton was at that time connected with the Tour Room of the Bureau; that on several occasions he, Arndt, referred some of his friends to Naughton for the purpose of having the latter arrange tours for them; that from about 1937 until the fore part of 1939 he, Arndt, had dinner with Naughton on several occasions and on one or two occasions Naughton visited Arndt in the latter's room at the University Club. Arndt further stated that he has not seen Naughton since 1939 nor has he corresponded with him since that time, although they have exchanged Christmas greetings with each other during the holiday seasons of each year since 1939.

For your information, Agent Naughton was appointed a messenger on March 23, 1935, and was appointed a Special Agent on November 1, 1938. He was assigned to Seattle, Washington, on September 29, 1941. His grade and salary are CAF 12, \$4600.

RANDOLPH W. THROWER

Relative to this Agent, Arndt advised that he met Agent Thrower about 1937, at which time Thrower was the Washington, D. C. representative of the firm of Sutherland, Tuttle and Brennan, tax attorneys in Atlanta, Georgia. Arndt advised he and Thrower on several occasions between 1937 and 1939 went swimming and played squash at the University Club and had dinner with each other at least two or three times a week during that period of time. Arndt advised he met Thrower through Lieutenant William H. Drake, presently assigned to the Bureau of Ordnance, Navy Department, Washington, D. C., a mutual friend of Arndt and Thrower. Arndt advised the last time he saw Thrower was on February 7, 1942, at which time Arndt rode with Thrower from Washington, D. C. to Alexandria, Virginia, when Thrower was en route to Atlanta, Georgia.

Arndt stated he wrote to Thrower subsequent to February 7, 1942, but has received no reply from his letter.

Thrower was appointed a Special Agent on March 30, 1942, and is presently in training school.

CHARLES DRUSSEL

at San Francisco
In connection with this Agent, Arndt advised he met him during 1937 or 1938 through mutual friends at the University Club. He stated Drussel and he visited each other on numerous occasions; that they attended various dinners together and played squash and swam at the University Club; that Drussel visited his room at the University Club and the Baronet Apartments on 18th and H Streets, Washington, D. C., but that he has not seen Drussel since June, 1939, nor has he corresponded with him since that time except to exchange Christmas greetings with him.

Arndt advised he believed Drussel was assigned to either the San Diego or Los Angeles field division.

Agent Drussel was appointed Special Agent on March 10, 1941, is assigned to the San Francisco field division and is presently Resident Agent at Watsonville, California. His grade and salary are CAF 10, \$3500.

It may be noted Arndt exhibited to the writer a letter dated April 30, 1942, from Frank W. Crocker of the Department, advising Arndt that his name had been referred to the Special Defense Unit as a possible candidate for a position in the Organizations and Propaganda Analysis Section of that Unit, and further advised Arndt that if he was interested in the proposition to submit an application. Arndt on May 1, 1942, indicated he was receptive to the offer and submitted an application concerning the same. Arndt also submitted to the writer a photostatic copy of a letter dated April 21, 1942, from Ugo Carusi of the Department, attached hereto for record purposes, indicating Arndt's resignation from the Department of Justice was accepted without prejudice.

RECOMMENDATIONS

It may be noted Arndt has been interviewed by several officials of the Bureau and was recently afforded

an extended interview by Special Agent Taylor of the Washington Field Office. He has had ample opportunities to present any information he possesses regarding himself. It is recommended that no further contacts or interviews be had with Arndt in the future.

It is further recommended that in view of the possibility Arndt will submit to the Civil Service Commission information pertaining to his associations with the above-named three Agents, that each of these Agents be interviewed to determine the extent of their associations with Arndt and any information they may have concerning him.

Respectfully,

P. J. W.

SECTION III. STATE AGENCY TO FILL IN

DATE UCFE Central Control Form ES-932 mailed to UCFE Control Unit, U.S. Department of Labor, Washington, D.C.

INSTRUCTIONS TO FEDERAL AGENCY (Continued: see face of this form)

As an alternative to completing this form, attached computer printouts containing complete data are acceptable if procedure and forms were cleared with U.S. Department of Labor (attention: MUPO), Washington, D.C. 20210. State agency has completed Section I, Identification Data, and Section II, Item 2a—year(s) only—for base-period calendar quarters. Item-by-item instructions follow for Section II, Items 1 through 5.

Items 1a and 1b. Always complete these items. For item 1a, nonappropriated fund activity employees do perform Federal civilian service. If item 1a is answered "No," explain why this person's service was not Federal civilian service. For item 1b, obtain data (State or country) from SF-50; item 25, "Duty Station," or, if SF-50 not used, record duty station or equivalent entry as shown on other separation document your agency uses.

Items 2a, 2b, and 2c. For item 2a, enter gross wages in Federal civilian service (see item 1a). If "None," so state. Do not include as wages: (1) severance pay; or (2) lump sum payment(s) for terminal annual leave—to be reported in item 3a. For item 2b, enter hours, such as 8 and 40 for a full-time employee. For item 2c, enter only Section I data corrections, such as the social security account number shown on agency's records.

Item 3a. Enter data requested, generally self-explanatory; note that item 3a(1) may be answered "No," but some data re-entitlement may be entered in items 3a(2), (4) & (5).

Items 3b and 3c. Item 3b is self-explanatory; the date in item 3c, if applicable, includes annual and sick leave days if earlier than the date of separation (3b) or if employee not separated. (Thus, in some cases, both items 3b and 3c are to be completed.)

Item 3d. Obtain agency findings from SF-50; item 12, "Nature of Action," and item 30, "Remarks"; or, if SF-50 not used, record equivalent information from other separation document(s) your agency uses. See Federal Personnel Manual (FPM) Supplement 296.31 for standards on work-connected "Resignation" cases, carefully review FPM requirements applicable since December 30, 1971. If payroll office records are incomplete or inadequate, based on need for Forms ES-934 in similar cases, refer request to personnel office. ATTACH COPIES OF DOCUMENTS, IF APPROPRIATE.

NOTE: In addition to the separation information reported in item 3d, a representative of your agency may visit the local office to present information. If your agency desires to provide information in person, please so indicate in item 3d.

Items 3, 4 & 5. Self-explanatory. Form is not complete unless it (or attached computer printout) is signed and dated; also, enter signer's title.

RANDOLPH W. THROWER - 1942

This employee entered on duty on 3-30-42 as a Special Agent in grade CAF-9, \$3200 per annum and during his training period Counselor commented that he was rather immature for his age. He appeared to have average intelligence although he gave the impression that he was slow and lazy. He should become an average agent with more than average supervision.

On 6-24-42 he was assigned to the New Haven Office.

On 8-20-42 his SAC advised that he appeared to arrange his work well and was a willing and sincere worker. It was believed that he was slightly above average for his experience in the Bureau.

On 9-30-42 he was transferred to the Albany Office.

On 10-1-42 he was rated GOOD and comments reflected he organized his work well for a new agent. He was well liked by the police and other outside contacts. His progress was satisfactory.

On 9-30-42 the SAC in New Haven was censured for the way the office handled the reported parachute landing at Danielson, Connecticut, on 9-22-42. This letter also stated that this employee, who made the inquiry, had been decidedly negligent in carrying out his duties in that case.

On 11-14-42 he was rated GOOD.

On 1-1-43 he was rated GOOD and comments reflected he was conscientious and industrious. He handled his work with a minimum of supervision.

On 1-16-43 he was considered and passed over for promotion to grade CAF-10 in view of the letter of censure directed to the SAC which included him, and because of his slow progress.

On 3-3-43 he was rated GOOD and comments reflected he was developing satisfactorily.

He attended In-Service training from 3-15 to 3-28-43.

On 4-1-43 he was promoted to CAF-10, \$3500 per annum.

On his 1943 annual performance report he was rated GOOD and comments reflected he was handling his work with a minimum of supervision. He was a loyal, dependable agent.

On 7-22-43 he was rated VERY GOOD.

On 7-23-43 requested consideration for an assignment in SIS. He had taking Spanish lessons in order to prepare himself for an assignment to some Spanish speaking country. On 8-18-43 he was advised that his request was being made a matter of record.

By letter dated 2-21-44 he submitted his resignation so that he might enter a branch of the armed services. His resignation was accepted to cease duty at the close of business 2-29-44.

Memorandum dated 2-29-44 reflected that the SAC, Albany advised that Thrower was going into the Army. The SAC also commented that he was one of the best men in the office and that he was in the midst of dictating a very complicated Communist Party report in order to bring his work up to date. The SAC requested that his cease duty date be amended to 3-2-44. This was approved.

On his cease duty report dated 3-4-44 he was rated EXCELLENT and comments reflected he was able to accept responsibility and to discharge such responsibility without supervision. He was far above the average for agents in his grade.

His file reflected that after his resignation he served as an officer in the U. S. Marine Corps.

On 4-6-53 a character reference was transmitted to the National Conference of Bar Examiners regarding his application for admission to the bar of the District of Columbia.

On 3-12-69, The White House requested an investigation of Mr. Thrower who is being considered for a Presidential Appointment, position not indicated. His service record was delivered to The White House on 3-14-69.

On 4/1/69 he was sworn in as Commissioner of Internal Revenue Service.

G. REMARKS: It will be noted that this Agent is presently performing duties in a position which has been designated as critical to the effective functioning of this Bureau by General Hershey of the National Selective Service Headquarters in his bulletin of December 29, 1941 to all local boards.

The Federal Bureau of Investigation has been designated as the sole civilian Government investigative agency, having jurisdiction over the investigation of matters pertaining to the national defense, that is, espionage, sabotage, registration of agents of foreign principals and the like. Further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, the National Motor Vehicle Theft Act, and numerous others. The Federal Bureau of Investigation has also been designated by Congress as the agency officially responsible for the tabulation and dissemination of police statistics for the entire country. Under an Act of Congress these statistics are gathered and are distributed to thousands of interested police and affiliated agencies each quarter so that trends of crime, crime records, and crime control can be known to those to whom it is of most interest. Further than this, the Federal Bureau of Investigation has been designated as the agency having jurisdiction over the classification and maintenance of fingerprint records, not only on a national basis, but on an international basis. We have some thirty-one million sets of fingerprints on hand today. We are receiving the fingerprint records of all persons enlisted or being inducted into the Army and enlisted in other military services. Thousands of persons in public utility positions are fingerprinted and the prints are retained in our files. Those working in national defense industries on many occasions are fingerprinted, their prints being included in our files. Our Government employees' prints are included. We are receiving thousands of criminal fingerprints from all police agencies in the country daily and it is essential that we immediately be able to notify the arresting agency of the criminal record of the individual because he may be wanted for more serious crimes in other sections of the country and if he is to be released on a mere vagrancy or other charge, he may be set free to continue his depredations on society. This Bureau, together with many other foreign countries, participates in the international exchange of fingerprints. Hundreds of international crooks are brought to task yearly through the media of this service we have rendered.

Our Criminology Laboratory handles the scientific examination of evidence in cases investigated by the Federal and local law enforcement agencies. A great deal of their work is done in the examination of suspected sabotage cases at the present time. The scientists in that Laboratory have lectured throughout the country on bombs and explosives so that local police agencies may be adequately prepared to handle any such matters which might arise under their jurisdiction.

There are contained in our Files Section the files of hundreds of thousands of individuals whose activities are of the greatest importance to the country today. The work of the Files Section and the records of that section which have to do not only with the investigation of kidnaping, extortion, bank robbery, and like cases but also the investigation of our espionage, sabotage, foreign agent cases, and others, are of course accessible to employees working in that unit. It is most essential that only the most trusted employees be so assigned.

B. 5.

The work of the Federal Bureau of Investigation is of the utmost importance in the national defense. It is essential that thoroughly qualified personnel of the highest integrity and background be secured for every position in the Bureau. Our work is the guarding of the internal security of the country, not only in national defense matters, but in the control of those criminals who previously had terrorized the country in waves of bank robbery, kidnaping, extortion, white slavery, automobile theft, and numerous other crimes. There is no doubt whatsoever in the minds of law enforcement officials that should any group be permitted to have the assurance that their activities were being minimized during the present national emergency, we would have a tremendous country-wide wave of crime in that particular category in a very short period of time. It is, therefore, essential that from a national defense standpoint and from a public security standpoint the Bureau maintain its qualified staff at an absolute maximum in order to continue to have control of the criminal element under its jurisdiction.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 6th day of April, 19 42

B. 7. a. b. c.

The Federal Bureau of Investigation is primarily a service agency. We serve our Government and the public. We cannot determine the amount of work which is going to be referred to us. If there is a crime wave of local or national significance at any time the work of the Bureau is increased in comparison. Our identification, laboratory, and crime statistics facilities reflect very definitely the trends in the country. We must have available personnel to properly handle the thousands of fingerprint records being received by us daily. We are at the present time receiving approximately thirty-four thousand sets of prints daily. We must have a scientific staff in the laboratory to examine scientific evidence. We must have an investigative force of sufficient size to handle the work being referred to us. We must have a technical and supervisory staff of sufficient size to render the service to our investigative, identification, laboratory, and statistical staffs so that we may have the benefit of the wealth of information in our various files. The work of the Federal Bureau of Investigation has increased so tremendously that every employee in the Bureau, regardless of his position, is performing a tremendous amount of overtime service. Our Special Agent investigators are performing no less than four hours a day overtime service. In the present emergency we have found it necessary to curtail leave because of inadequate personnel and many of our men have worked over long periods of time without having any time off for vacation.

D. 1.

The additional duties imposed upon the Bureau since the declaration of the national emergency have made it necessary that our staff be more than doubled. From the information furnished under sub-heading B, it will be seen that it is essential to carefully investigate every employee in the Bureau. All of our employees in the performance of their work at one time or the other has opportunity to observe and note the content of confidential investigative reports, the publication of which would be most detrimental to the national safety. We have had considerable difficulty in securing sufficient employees. We find that out of applicants who file application, we are successful in appointing about one out of every one hundred. It, therefore, means that if we lose an employee after he is fully investigated and is being given training or has been experienced, we must again consider on an average, one hundred persons before he can be replaced. In the accelerated program of the Government it is essential that the Federal Bureau of Investigation work at top speed to keep abreast of its duties and investigation of matters pertaining to national defense, its regular activities, and its most important and essential identification activities at this time.

D. 5.

At the present time the Federal Bureau of Investigation is employing additional qualified persons as rapidly as they can be found. The assembled Congress has in the past several months passed several bills which will increase even to a greater extent our present volume of work. The needs of the service as to employees fluctuate with the periods of stress in the country.

D. 6. a.

Special Agents of the Federal Bureau of Investigation are given twelve weeks of training which embraces five hundred and thirty-five hours of study. During that period of time they are trained not only in investigative techniques and procedures but are qualified in the handling of firearms, mechanical devices, and technical devices in use by the Bureau. After entering the field service after training, their skill, of course, increases with their length of service in the field.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

REFERENCE: Bureau teletype dated 2-14-42 (67-310309)

DETAILS: This is a joint report by the writer and JOHN W. CARLSEN, SA.

AT TAMPA, FLORIDA:

From an examination of the various Tampa City Directories, it was ascertained that the only persons now listed as residing in Tampa who lived in the vicinity of 3001 Bay Court, where the applicant resided between 1932 and 1936, is Mrs. EDWINA MacDONALD, 301 Plant Avenue.

COPIES OF THIS REPORT 4 - Bureau 2 - Atlanta 2 - Miami 43-111-127		67-310309-7	MAR 5 1942

MRS. MacDONALD advised that she had resided at 3005 Bay Court until a few years ago and was well acquainted with the THROWER family as they lived in the next house. She said she did not recall the applicant but she was well acquainted with his mother and sister, the latter LAURA THROWER, now married. She said that the applicant's father apparently died when the applicant was a baby which was probably prior to about 1915 and the mother lived with other relatives. She said the THROWER families who lived in the vicinity were old residents of Tampa and apparently of old line southern stock whose reputation and loyalty were beyond questioning. She said that Mrs. THROWER, the applicant's mother, and his sister LAURA were exceptionally well regarded by all in the community and she never knew of any person who did not speak highly of them. She said the THROWER family owned considerable real estate in Tampa and have been successfully engaged in the real estate and insurance business for many years.

HANSON R. THROWER and FRED M. THROWER, well known to agent as members of the real estate firm of THROWER BROTHERS, INC., 303 Franklin Street, advised that the applicant was born in Tampa, Florida on September 5, 1913 and that his father BENJAMIN KEY THROWER, JR. died in 1915. They stated that the applicant had an older brother, now deceased, and a sister, LAURA THROWER, now MRS. THOMAS L. ALEXANDER, Hollywood, Florida. They related that the applicant attended several years of grade schools in Tampa and then was sent to the Georgia Military Academy and from there to Emory University. They stated that the applicant did not spend much time in Tampa after he was about twelve years of age as his grandmother, who assisted in raising him, died in 1926 and he was sent away to prep school. They stated that the applicant received a number of honors for scholarship both at Georgia Military Academy and in the undergraduate and law schools of Emory University. They exhibited one gold medal in their possession which indicated that the applicant was awarded it for the highest grades in the sophomore class at the University. They stated that the applicant had some money from his father's estate and not only worked part of his way through law school but received scholarships because of his scholastic work.

JAMES L. FERMAN, Secretary-Treasurer, Ferman Motor Car Company, known to agent as a graduate of Emory University, advised that he was well acquainted with the applicant, not because he resided in Tampa but because he had met him at Emory University and had become well acquainted with him there. He said that he knew nothing against the applicant but could talk at length about his attributes in every respect. He said the applicant had the keenest mind of any person he has met and in addition has one of the most pleasing personalities. He stated that the applicant made some of the highest grades ever made in the undergraduate school of Emory University and the highest ever made in the law school but more than that he was not a "book-worm" but practical and had time enough to devote to many extra-curricular activities. He related that the applicant was not eligible for

Phi Beta Kappa honors as he switched to law school before completing the required college work but he did receive the highest honors awarded in the University by being chosen for the honorary societies "O.D.K." and "D. V.S.". He said these honors are bestowed upon a student who not only excels in scholarship but in extracurricular activities as well and at the same time is most highly regarded by the student body. He said the applicant was a member of the same fraternity, the Kappa Alpha collegiate fraternity, and he found that his character, morals, disposition and ability to get along well with others was the best possible. He said the applicant was active in many undergraduate activities and took the leading part in everything that he participated in. He said that during the applicant's third year in college he was elected president of the student body and was well regarded for the manner in which he handled the position.

MR. FERMAN stated that the applicant spent but little time in Tampa after he was about twelve years of age as he attended Georgia Military Academy to complete his grade school and high school work and only occasionally returned to Tampa as if on vacation. He stated that the applicant never worked in Tampa during school or college vacation that he could recall and felt certain that he either attended summer camps while attending prep school and worked around Emory University while in attendance there. He recalled that the applicant while attending law school worked in the University Law Library and in that manner helped support himself.

MR. FERMAN stated that the applicant took a position with a law firm in Mobile, Alabama, immediately after graduation from law school but held this only a short time as he secured a better position with the firm of Sutherland, Tuttle and Brannen in Atlanta, Georgia, with whom he has practised to the present time. He stated that the applicant spent about two years in Washington D. C. as the representative of the law firm in handling claims against the Government and that he returned to Atlanta from this assignment about a year ago. He said that he visited with the applicant both in Atlanta and Washington and is of the opinion that he has not lost any of the excellent attributes he had while in college. He said the applicant's wife is MARGARET MONROE THROWER, formerly of Quincy, Florida, whose family have an outstanding reputation in the community and are well regarded in every respect. He related that the father of MARGARET MUNRO is quite wealthy and is one of the largest stockholders in the Coca Cola Company.

MR. FERMAN stated that he knew of no person who in his estimation is better qualified in every respect to hold a position as a Bureau agent than the applicant. He advised that NEIL McMULLEN, Attorney, 317 Twiggs Street, attended Emory University with the applicant.

NEIL C. McMULLEN, Attorney, 317 Twiggs Street, advised that he attended the Gorrie grade school at the same time as the applicant but was

several years behind him in class. He said that he recalled the applicant very little as a grade school pupil and lost track of him from shortly prior to about 1926 when the applicant left and finished his pre school work at Georgia Military Academy, until he renewed acquaintance with him when attending Emory University. He said that the applicant was one year ahead of him at the University and that he roomed part of the 1932-1933 semester with him in the Kappa Alpha fraternity. He stated that he has never known a better all-around person than the applicant. He remarked that the applicant in addition to being an exceptionally brilliant student was active in all sorts of extracurricular activity such as debating, athletics and student welfare activities. He said that the applicant had to work to support himself and appeared to do this very well yet had the ability to engage in the numerous activities and at the same time make some of the highest grades ever made at the University. He related that the applicant was far from being one sided as a student but was level headed and a hard fisted individual. He said that he knew of nothing but the best concerning the applicant and could think of nothing which would make him hesitate to recommend him fully. He said that the THROWER family had resided in Tampa for many years and have all had an excellent reputation and are highly regarded. He remarked that the THROWER family, including the applicant, are loyal and patriotic to the highest degree. He stated that he had heard that the grandfather of the applicant, long deceased, had been the leader of the KLU KLUX KLAN in Tampa a number of years ago.

Mr. McMULLEN said he was certain that the teachers of the applicant at the Gorrie school are no longer in Tampa as he has not heard of any of them in years.

From an examination of records of the Clerk of Circuit Court it was ascertained that the name THROWER appears in numerous suits concerning the transfer of land titles and suits in equity clearing title to land. However, the records did not contain the name of the applicant as a party plaintiff and no indices are maintained of the names of parties defendant. It was noted that in several suits the attorney representing the THROWER plaintiffs was W. F. HIMES.

W. F. HIMES, attorney, 1st National Bank Building, stated that he could not locate his records relative to an action in which the applicant was a party defendant or in which the applicant appears as a party in some respect but he recalled that about ten years ago an amicable action was filed to quiet title to land in which the applicant had an interest through his father's estate. He said that as he recalled it there was no other method by which the title could be straightened out except by court action. He said he is well acquainted with the applicant and has known the THROWER family for many years. He said he could state without any equivocation that the

67-2313

applicant from every angle is well qualified to hold a position of trust and responsibility such as in the F. B. I.

It should be noted that each of the persons interviewed concerning applicant state that they had never heard of any mental weakness in the THROWER relationship and were certain that the applicant had no latent mental defect. They all called attention in support of their opinion that if the applicant had any mental weakness, his very active college and university life would have brought out any mental defects.

H. V. MURRELL, Identification Officer, Tampa Police Department, and GLENN McDONALD, Clerk, Sheriff's Office Identification Bureau, advised that their respective indices of fingerprint records did not contain the name of the applicant.

ERNEST L. SEYMOUR, Assistant Secretary, Merchant's Association, advised that the name of the applicant did not appear in the Association's records. He advised that there are a number of members of the THROWER family in Tampa who are all related and they all have an excellent record and reputation.

GABE AYALA, JR., an acquaintance of agent and engaged in the real estate business, advised that the THROWER BROTHERS have an excellent reputation and have done business in Tampa for many years as realtors.

The records of the Bureau of Vital Statistics, Tampa, show that the applicant was born on September 5, 1913.

AT JACKSONVILLE, FLORIDA:

Lieutenant Colonel ELBERT P. TUTTLE, 179 Field Artillery, Camp Blanding, Florida with residence at 1507 Catherine Street, Jacksonville, advised that he has known applicant for about four years. He stated he has not had much of an opportunity to observe applicant since he has become a member of the United States Army, but that he had been closely associated with applicant for at least three years. Lieutenant TUTTLE stated applicant was a very good attorney, that his firm hated to see applicant leave their office as they had contemplated making him a member of their firm. He stated they would take applicant back into the firm and make him a member after the war if he so desired. TUTTLE advised that applicant's character and reputation was exceptionally good and that he could think of nothing that would mar this record.

Lieutenant TUTTLE advised that he believed applicant belonged to the American Bar Association, Atlanta Bar Association and was a member of the Kappa Alpha fraternity at Emory University, Atlanta, Georgia.

TUTTLE stated applicant was married and had a daughter one year old but could give no additional information about his home or social life.

Applicant according to TUTTLE was very active in religious affairs while in attendance at Emory University but could not state how regular he was in attendance at church at the present time.

Lieutenant Colonel ELBERT P. TUTTLE advised that applicant was a loyal American and had absolutely no subversive tendencies. He stated he did not know anything about applicant's selective service record.

Mrs. TOM BOYD, 1416 Walnut Street, advises that Mrs. HAROLD DUNN, mother of applicant has resided in her home for the last three years and that Mr. and Mrs. DUNN were excellent in every respect. She stated applicant's mother was quiet, reserved, refined and a very fine woman. Mrs. BOYD advised that Mrs. DUNN did not associate with the neighbors and it was doubtful if many of the neighbors even knew the DUNNS lived in her upstairs apartment. Mrs. BOYD advised that she didn't see much of the DUNNS except as they went in and out of the house. She stated that insofar as she knew they were loyal Americans and had absolutely no subversive tendencies.

Mrs. AETNA LAPAN, 1420 Walnut Street, advised that she has known Mr. and Mrs. DUNN for about three years but never did become very well acquainted with any member of the DUNN family. She stated that about the only time she saw them was when they were leaving or entering their apartment. Mrs. LAPAN stated that insofar as one could assume from these meetings the DUNNS were very nice and quiet and minded their own business. She stated they never caused anyone in the neighborhood any trouble but kept entirely to themselves.

MRS. C. SHEMER, 1422 Walnut Street, advised that she has known Mr. and Mrs. DUNN for about a month and because of the fact the DUNNS were quiet, unassuming persons and did not force themselves on their neighbors she could give very little information concerning them. She stated that insofar as one could ascertain in knowing a family for the length of a month the DUNNS were very nice and very satisfactory neighbors.

A. P. HUTTON, 1420 Walnut Street, advised that although he had lived next to the DUNNS for about three years he could give no information of value except that from appearances as they went in and out their apartment, they seemed to be very nice, courteous, refined and well mannered. He stated the particular neighborhood was exceptional in that they did not mix and become acquainted as neighbors do in most communities.

M. S. S. L. WEATHERBY, 1412 Walnut Street, advised there was no family in the house next to hers by the name of DUNN. It is to be noted from this statement that persons living in this neighborhood do not know their neighbors. All other persons living in the neighborhood had never heard of the DUNNS.

67-2313

All persons contacted advised that it was their belief that the DUNNS were loyal Americans and had no subversive tendencies.

EARL W. STRICKLAND, Clerk, Retail Credit Men's Association, Atlantic National Bank, advised that there was no record on file in their office concerning Mr. and Mrs. HAROLD DUNN.

H. T. FOWLER, Identification Officer, Jacksonville Police Department, and JEFF CARRUTHERS, Identification Officer, Duval County, advised they had no record on file in their respective offices concerning the HAROLD DUNNS.

THE FBI PLEDGE FOR LAW ENFORCEMENT OFFICERS

Humbly recognizing the responsibilities entrusted to me, I do vow that I shall always consider the high calling of law enforcement to be an honorable profession, the duties of which are recognized by me as both an art and a science. I recognize fully my responsibilities to defend the right, to protect the weak, to aid the distressed, and to uphold the law in public duty and in private living. I accept the obligation in connection with my assignments to report facts and to testify without bias or display of emotion, and to consider the information, coming to my knowledge by virtue of my position as a sacred trust, to be used solely for official purposes. To the responsibilities entrusted to me of seeking to prevent crime, of finding the facts of law violations and of apprehending fugitives and criminals, I shall give my loyal and faithful attention and shall always be equally alert in striving to acquit the innocent and to convict the guilty. In the performance of my duties and assignments, I shall not engage in unlawful and unethical practices but shall perform the functions of my office without fear, without favor, and without prejudice. At no time shall I disclose to an unauthorized person any fact, testimony, or information in any pending matter coming to my official knowledge which may be calculated to prejudice the minds of existing or prospective judicial bodies either to favor or to disfavor any person or issue. While occupying the status of a law enforcement officer or at any other time subsequent thereto, I shall not seek to benefit personally because of my knowledge of any confidential matter which has come to my attention. I am aware of the serious responsibilities of my office and in the performance of my duties I shall, as a minister, seek to supply comfort, advice and aid to those who may be in need of such benefits; as a soldier, I shall wage vigorous warfare against the enemies of my country, of its laws, and of its principles; and as a physician, I shall seek to eliminate the criminal parasite which preys upon our social order and to strengthen the lawful processes of our body politic. I shall strive to be both a teacher and a pupil in the art and science of law enforcement. As a lawyer, I shall acquire due knowledge of the laws of my domain and seek to preserve and maintain the majesty and dignity of the law; as a scientist, it will be my endeavor to learn all pertinent truth about accusations and complaints which come to my lawful knowledge; as an artist, I shall seek to use my skill for the purpose of making each assignment a masterpiece; as a neighbor, I shall bear an attitude of true friendship and courteous respect to all citizens; and as an officer, I shall always be loyal to my duty, my organization, and my country. I will support and defend the Constitution of the United States against all enemies, foreign and domestic; I will bear true faith and allegiance to the same, and will constantly strive to cooperate with and promote cooperation between all regularly constituted law enforcement agencies and officers in the performance of duties of mutual interest and obligation.

Park. She has found the COLBEY family to be reliable, sincere, and very desirable neighbors.

Mrs. C. W. MCCORMICK, 4316 Claggett Road, said that the COBEY family were the finest people in the neighborhood and very definitely Christians. Mrs. MCCORMICK does not neighbor a great deal with the COBEY family but has only the highest regard for their moral character.

Mrs. NEAL W. STEWART, 4319 Claggett Road, has known the COBEY family for four years and has always found them to be of the highest character. She knows that they are one hundred percent Americans and has found them to be excellent neighbors.

Mrs. S. H. HOLLINGSWORTH, 4321 Claggett Road, knows the COBEY family only to speak. However, at no time has she ever known of their causing any disturbance or being in any kind of trouble.

There is no criminal record on either Mr. THROMER or Mr. and Mrs. WILLIAM WILFRED COBEY at the Hyattsville Police Department, or the Maryland State Police.

A search of the Hyattsville Credit Bureau revealed no credit information.

Dear Mr. Wacks:-

In pursuance of my letter to the Director, dated March 4, 1942, in which I pleaded with Mr. Hoover that a supplemental, revised report would be submitted to the Civil Service Commission on the basis of my statement at that time before Mr. M.A. Taylor, I should like to advise you - in view of the Bureau's interest in my welfare - , that under date of April 30, 1942 the Department of Justice had approached me for a position in the Special Defense Unit, which would naturally be attractive to me since I found myself compelled recently to accept work as stockroom keeper at the Lansburgh Dept. Store for \$ 20.- @ week.

Of course, I am particularly pleased to render some needed service. However, I wish, if possible, to avoid the humiliation and great hardship which occurred upon the termination of my employment by the War Production Board.

If there should still exist any lingering doubt, as to my past record, it may assist you if I refer to friends of mine in the Federal Bureau of Investigation, whose names I gave to you upon your request in an interview last Friday, i.e. Thomas Naughton; Charles Drussel; and Randolph Thrower. Again, I should like to repeat that I am available for any further explanation which may be deemed necessary to complete examination.

I certainly hope that I shall be fortunate to obtain the offered position.

Sincerely,

MEMORANDUM FOR MR. CLEGG

Re: RANDOLPH W. THROWER,
 New Agents Class # 24,
 E.O.D. 3/30/42.
 REQUEST FOR LEAVE TO TESTIFY

Mr. WILLIAM A. SUTHERLAND, of the law firm of Sutherland, Tuttle and Brannan, 1516 First National Bank Bldg., Atlanta, Georgia, with which firm the writer was associated prior to 3/30/42, has requested the writer to testify on behalf of DR. FERDINAND RINGER in a hearing to be held before the Interdepartmental Visa Review Committee of the State Department, at 2:00 PM on June 17, 1942. The writer was requested to be present throughout the hearing for consultation purposes even though he is not permitted to testify. The writer would expect to leave the Training Division at 1:30 PM and return no later than 7:00 PM. The hearing will be in Washington, D.C.

DR. RINGER is a chemist of some note in Austria who has Polish citizenship based upon birth in an Austrian town which became a part of Poland following World War I. He has taken the position that he is definitely unfriendly to and unpopular with the Nazis and that he has been a refugee ever since the entry of the Germans into Austria. He is now in this country upon a temporary visitor's visa and the hearing is to be held upon his application for leave to file papers for naturalization even though he did not enter under an immigration quota. DR. RINGER is now operating his own private chemistry laboratory in New York City.

The writer had occasion to contact DR. RINGER several times in connection with the representation of the doctor by the Sutherland firm. In particular, the writer first dealt with him on visa extensions and then worked rather intensively with him last December in the preparation of a detailed statement for the F.B.I. covering the doctor's life and activities. Mr. SUTHERLAND has requested that the writer testify as to his actual contacts with DR. RINGER and, if possible, as to the opinions formed at the time. These opinions are set forth in a statement by the writer submitted to the Bureau at the same time as the submission of the statement by the doctor.

Re: SPECIAL AGENT RANDOLPH W. THROWER
FORTYFIVE DAY EFFICIENCY REPORT

Dear Sir:

Special Agent Randolph W. Thrower entered on duty with the Bureau March 30, 1942 and is presently in Grade CAF 9 at \$3200 per year. He arrived at the New Haven Office on June 24, 1942 and this is his first office of assignment. Since his assignment to this office Agent Thrower has been assigned to the New London territory investigating Bureau applicants, Departmental Applicants, OEM employees and Alien Employment investigations.

He presents a good appearance and has a pleasant personality. I have found he gets along well with the officers he contacts and with other outside contacts. He appears to arrange his work well and is a willing and sincere worker. He has put in a better than average amount of overtime which bears out the indication he is anxious to function well in the Bureau. His dictation is good for a new Agent and he has marshaled his dictation and reports fairly well and has required only about the average amount of supervision for an Agent of his experience. I have ridden with him in an automobile and know he is a capable automobile driver.

An examination of his firearms scores while in training and at the July and August shoots in this office indicates that he has qualified with all of the Bureau's weapons and is about average in this regard for a new Agent. He has not been assigned to any dangerous assignments and has not had an opportunity to testify in court or before U. S. Commissioners or Grand Juries. He has participated in six weekly conferences for the training of new Agents in the field and at these conferences has made logical observations and has asked sound questions.

I believe this Agent is slightly above average for his experience in the Bureau and I believe he has further possibilities for progress.

Very truly yours,

R. H. Simons

Today I was contacted by Special Agent Douglas, who has been serving as a counselor in a recent new Agents' training class and who advised me that one of the new Agents, one R. W. Thrower of Atlanta, Georgia, desired to submit his personal knowledge of the applicant for consideration by the Visa Division, Department of State.

You may recall that last fall an attorney by the name of W. A. Sutherland, together with an individual named Temple N. Joyce of the Naval Reserve, was active on behalf of Dr. Ringer and enlisted the support, at least to a certain extent, of Mr. Linton Collins, Acting Assistant to the Attorney General. It seems that Special Agent Thrower was, until recently, a member of Sutherland's law firm in Atlanta, Georgia, and had contact with the applicant.

b3
b7E

Upon Agent Douglas' assurance that Mr. Tamm had recommended this method of handling the matter, I interviewed Agent Thrower and have prepared a supplemental report for the Visa Division, embodying the result of this interview. A copy of the supplemental report is attached hereto. It will be noted that I have referred to Agent Thrower only as an individual believed to be reliable who has had some contact with the applicant.

FERDINAND RINGER
Visa Applicant

Information has been received by this Bureau from an individual believed to be reliable concerning his personal knowledge of the visa applicant, Ferdinand Ringer. This source advised that he was personally acquainted with Dr. Ringer from July, 1940, until December, 1941, through the medium of frequent contacts and correspondence. He further stated that in November, 1941, he worked with Dr. Ringer in drawing up a statement concerning his activities and has seen him on different occasions since that time. The source observed that, from all indications, during his contact with the applicant, Dr. Ringer appeared to appreciate the refuge he had received in the United States and to be strongly anti-Nazi. The source further stated that, in his opinion, the applicant was sincere in his protestations concerning a desire to devise materials useful to the war effort of the United States. He also advised that, in his opinion, Dr. Ringer was a complete extrovert, incapable of concealing his feelings and a typical scientist. With regard to Dr. Ringer's relatives, the source advised of his understanding, presumably from Ringer, that the applicant's mother, son and daughter were in New York City; a younger brother in the middle East; and a sister and nephew in France.

This additional information is being submitted to complete the State Department's file in instant visa case.

MEMORANDUM FOR MR. GLAVIN

RE: RANDOLPH W. THROWER
Special Agent

SAC Cornelius called from Albany on October 3, 1942. He stated that this individual had just arrived in Albany under transfer and inasmuch as he has a vacancy in the Resident Agency in Utica, New York, he desired to have Thrower immediately report to Utica. He stated that he has a family and would appreciate early authorization to avoid Thrower having to secure an apartment in Albany.

Pursuant to your instructions, I called Mr. Cornelius and told him he was not authorized to designate Thrower as Resident Agent at Utica, nor would the Bureau approve the changing of his headquarters to Utica in view of his short period of services in the Bureau.

Respectfully,

SPECIAL EFFICIENCY REPORT

This report is being submitted in view of the transfer of Special Agent Randolph W. Thrower to the Albany Office. He entered on duty with the Bureau March 30, 1942 and arrived at the New Haven Office June 24, 1942, his first office of assignment. He is presently in Grade CAF 9 at \$3200 per annum.

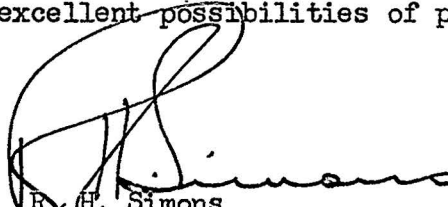

Since his assignment to this office he has been engaged in investigation in the New London territory and while he originally received experience in investigating Bureau and other applicant matters, he has more recently received general experience in investigations of national defense and general Bureau matters.

This Agent presents a good personal appearance and has been well liked by the police officers and other outside contacts in this territory. He has put in an average of four hours and fourteen minutes overtime per day while the office average has been approximately four hours per day. I have personally observed he is a good automobile driver. He has completed eleven of the required training conferences for new Agents in the field. I have noted in this regard that his observations and questions during these sessions have been sound and indicate he has a better than average knowledge of the Bureau's work.

This Agent is a Southerner and appears to have a good sense of humor. His dictation has been good for a new Agent and the stenographers have advised me that he organizes his report material well for a new Agent. His firearms scores in this office have been about average for an Agent of his experience and he has qualified with each of the Bureau's weapons.

I have not had the opportunity to hear him testify while in this district but I believe he would make a satisfactory Bureau witness. I believe this Agent's attitude toward the Bureau is very good and that he is making satisfactory progress.

I would rate this Agent as good with further excellent possibilities of progress in the Bureau.

FORTY-FIVE DAY EFFICIENCY REPORT

November 17, 1942

Re: RANDOLPH WILLIAM THROWER
Special Agent

3-30-42

This Agent presents a satisfactory appearance and gives the impression of being slow and deliberate in his activities and movements.

He has been assigned to work in the vicinity of Utica, New York since his arrival in this office, has exhibited about an average knowledge of his duties, which he applies with average effectiveness. He produces about an average volume of work, which is satisfactorily organized. He is conscientious, industrious, and needs about an average amount of supervision.

He needs to develop in aggressiveness, and I have not noted the use of any particular ingenuity in the handling of his assignments, although he does use his own initiative and asks few questions.

The stenographers rate his ability to dictate as good, indicating that his dictation is well organized and prepared and he expresses himself well, but that he could improve in speed. His ability with firearms is slightly above average, and I believe he would be satisfactory for use on a dangerous assignment under proper supervision.

He is developing satisfactorily but could improve more rapidly as indicated.

Mr. R. H. Simons
Special Agent in Charge
Federal Bureau of Investigation
United States Department of Justice
510 The Trust Company
New Haven, Connecticut

Dear Sir:

I am very much displeased with the manner in which your office handled the reported parachute landing at Danielson, Connecticut, on September 22, 1942. I have previously emphasized to the field the imperative necessity for affording such matters that most careful and prompt attention and I fail to see any excuse for the inept manner in which this incident was handled by the New Haven Office.

I am informed that in this instance after the alleged parachute landing was reported to you, a Special Agent of your office contacted the State Police and was informed by them that three witnesses to the incident had been interviewed, but that none of them could furnish definite information with respect to the alleged parachute landing. The State Police apparently received advice from the Army representatives that no further investigation was necessary. The Special Agent then made no further inquiry into the matter, but accepted the secondhand information which was furnished him by the State Police. This behavior is entirely inconsistent with proper investigative procedure and certainly does not constitute a sufficient fulfillment of the Bureau's responsibility when a report of this nature is received.

Following the Agent's inconclusive and cursory inquiry, a teletype was prepared by your office addressed to the Bureau concerning the incident. This teletype, I am given to understand, was questioned by Special Agent W. J. Coble, the Number One man at your office, but regardless of his doubt he approved the teletype and it was sent to the Bureau. It was then necessary for the Bureau to contact you for a full report concerning this incident. It is very obvious that Special Agent Coble was inexcusably lax in approving the teletype in view of the fact that he questioned its correctness and should have been able to recognize that the teletype as it was sent to the Bureau failed to furnish the sufficient information.

Mr. R. H. Simons

-2-

Both Special Agent Randolph Thrower, who made the inquiry, and Special Agent Coble were decidedly negligent in carrying out their duties in this instance. In addition, I feel that you are also responsible for the failure to properly handle this matter since it is your responsibility as Special Agent in Charge to instruct the personnel of your office in the handling of such matters and to ascertain that the individual Agents are capable of handling the duties assigned to them.

I want you to know that this incident has caused me considerable concern, not so much as an individual matter but because I feel it may indicate a general laxity in the administration of the New Haven Office and in the supervision of investigative matters being handled in your office. As Special Agent in Charge it is incumbent upon you to see that all matters referred to your office are properly handled and this responsibility includes both the actual investigative operation and the supervision of these operations by the administrative personnel. I want you to take steps immediately to prevent any recurrence of such laxity and apparent indifference on the part of the Agents assigned to your office and particularly Special Agent Coble. I want you to specifically and emphatically impress on Special Agent Coble that it is his function as Number One man to assume the necessary responsibility and to exercise proper supervision over the activity of the other Agents assigned to the office at such times as you are absent from the office. I also desire that you immediately and personally ascertain that the personnel assigned to your office are properly instructed and thoroughly advised as to the duties assigned to them.

Very truly yours,

Reference is made to the teletype from the New Haven Office on September 22, 1942, concerning a reported parachute landing in which a statement was made "advised by Office of Army Command to drop investigation. No further investigation by this office." You questioned this phraseology and requested that SAC Simons be asked to explain it.

Mr. Simons has advised that this teletype was sent from his office during his absence and was approved by #1 man Coble. He said that Mr. Coble questioned the wording of the teletype, but decided to approve it and send it to the Bureau. He said that apparently Mr. Coble was not certain as to exactly what had been done in connection with this investigation. It was pointed out to SAC Simons that Mr. Coble, having been in charge of the office during the absence of the SAC, had the responsibility for definitely knowing the contents of the teletype and the details of the investigation and should not have approved the teletype if he questioned its wording. Mr. Simons was instructed to take this matter up with Mr. Coble and make it very plain to him that it was his job to handle such matters intelligently and completely and that he should not send messages to the Bureau or to any other office if he questioned the message. Mr. Simons stated that he had already discussed this with Mr. Coble.

SAC Simons further stated that ~~what~~ ^{RECORDED} actually happened in this instance was that Special Agent Randolph Thrower had been assigned to the investigation and had talked to a Sergeant of the State Police who informed him that three women had witnessed the alleged parachute landing, but upon being interviewed none of them stated definitely that they had seen a parachute. The State Police had been advised by the Army that no further investigation was necessary. Special Agent Thrower accepted this explanation of the incident and made no actual investigation himself. Mr. Simons was told that this was contrary to the very definite instructions which had been given to the field and he said that he realized this and that the matter would have been handled differently if he had been in the office. Mr. Simons was told to immediately take steps so that his #1 man and the other Agents in the office were thoroughly informed as to the Bureau's desires in connection with the investigation of such alleged parachute landings. He said that he would do this. Mr. Simons stated that he had instituted a proper check of this report and that the Bureau would be advised when the witnesses had been interviewed

SPECIAL EFFICIENCY REPORT:

Re: RANDOLPH WILLIAM THROWER
Special Agent

January 1, 1943

3-30-42

This Agent presents a good appearance, has a quiet, pleasant personality, and should make a proper impression on those with whom he comes in contact.

He conducts thorough investigations and writes good reports, which are well organized. He has about an average knowledge of the work of the Bureau, uses his own initiative and judgment in the handling of cases, and handles his work with a minimum of supervision. He is dependable. He produces about an average volume of work, and I believe has developed a proper amount of aggressiveness. He asks few questions. His attitude toward his work is good, and he is conscientious and industrious. The errors made have been errors of form rather than substance.

His ability with firearms is slightly above average, and I believe he would be satisfactory for use on dangerous assignments.

The stenographers advise that his ability to dictate is very good, indicating that his material is well prepared and organized, given in good order, and transcription of notes obtained from him is relatively easy; his dictation is steady, but there is room for some improvement in speed.

This Agent has not as yet had an opportunity to testify, but an opportunity will be afforded in the immediate future, and it is my opinion at this time that he could represent the Bureau creditably on the witness stand.

This Agent is developing in an entirely satisfactory manner and is ready for more complicated assignments at this time.

REMARKS

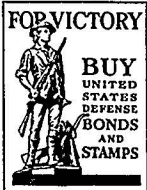

At the conclusion of his training period, Mr. Clegg said he was slight in stature and unimpressive in appearance, was rather immature for his age but was capable of developing, appeared to have average intelligence, and should become an average agent with more than average supervision.

On 6-24-42 he was assigned to New Haven. On 8-20-42 SAC Simons said he got along well with officers and other outside contacts, appeared to arrange his work well, was a willing and sincere worker, put in a better than average amount of overtime, his dictation was good for a new agent, had qualified with all Bureau weapons and was about average in that regard for a new agent, and it was believed he was slightly above average for his experience in the Bureau and had further possibilities for progress.

On 9-30-42 he was transferred to Albany. On 10-5-42 SAC Simons rated him as GOOD and said it was believed he would make a satisfactory Bureau witness, he was making satisfactory progress, and it was believed he had further excellent possibilities of progress in the Bureau.

On 9-30-42 SAC Simons was censured by letter for the way in which the New Haven Field Division handled the reported parachute landing at Danielson, Connecticut on 9-22-42. This letter of censure also stated that this employee, who made the inquiry, had been decidedly negligent in carrying out his duties in that case.

On 11-17-42 SAC Cornelius rated him as GOOD and said he gave the impression of being slow and deliberate in his activities and movements, had exhibited about an average knowledge of his duties, which he applied with average effectiveness, he produced about an average volume of work which was satisfactorily organized, he was conscientious, industrious, needed about an average amount of supervision, needed to develop in aggressiveness, that no particular ingenuity had been noted in the handling of his assignments although he did use his own initiative and asked few questions, he was rated as a good dictator but could improve in speed, his firearms ability was slightly above

average and he could be used on dangerous assignments under proper supervision, and he was developing satisfactorily but could improve more rapidly.

On 1-1-43 SAC Cornelius rated him as GOOD and said he conducted thorough investigations, wrote good reports which were well organized, used his own initiative and judgment, handled his work with a minimum of supervision, was dependable, produced about an average volume of work, had developed a proper amount of aggressiveness, was industrious, his errors had been errors of form rather than substance, his firearms ability was slightly above average and it was believed he would be satisfactory on dangerous assignments, his dictation was good and steady but there was room for some improvement in speed, he was developing in an entirely satisfactory manner, and was ready for more complicated assignments at that time.

RECOMMENDATION: This agent handled an investigation of a reported parachute landing in a negligent manner in September, 1940. In November, 1942 he was reported as being slow and deliberate in his activities and movements and in need of additional aggressiveness. It is recommended he be reconsidered on 3-1-43.

RE: ADDITIONAL RESIDENT AGENCIES
ALBANY FIELD DIVISION

Dear Sir:

Reference is made to your letter dated February 9, 1943, in which you recommend the establishment of additional Resident Agencies at the following places in the Albany Field Division:

AMSTERDAM, NEW YORK:

The Bureau approves the establishment of a Resident Agency at Amsterdam, New York, but does not approve the designation of Special Agent Randolph W. Thrower as the Resident Agent. It is desired that you submit the name of some other Agent presently assigned to your office who you consider is qualified to handle this assignment.

ONEONTA, NEW YORK:

The Bureau approves the establishment of a Resident Agency at Oneonta, New York, and the designation of Special Agent John M. Liddy as the Resident Agent. The necessary letters will follow.

PLATTSBURG, NEW YORK:

Mr. Tolson The Bureau approves the establishment of a Resident Agency at Plattsburg, New York, but does not approve the designation of Special Agent Dorman B. Bell as the Resident Agent. Therefore, you should submit the name of some other Agent presently assigned to your office who you believe is qualified to handle the duties of Resident Agent at Plattsburg.

SARATOGA SPRINGS, NEW YORK:

Mr. Tracy The Bureau approves the establishment of a Resident Agency at Saratoga Springs, New York. In your letter of February 9, 1943, you recommended Special Agent William B. Kizer be designated as Resident Agent at Saratoga Springs. However, as you know, he has since been designated as Resident Agent at Rutland, Vermont. In your letter to the Bureau dated February 19, 1943, you requested that Special Agent Donald O. McCune be designated Resident Agent at Saratoga Springs.

SCHENECTADY, NEW YORK:

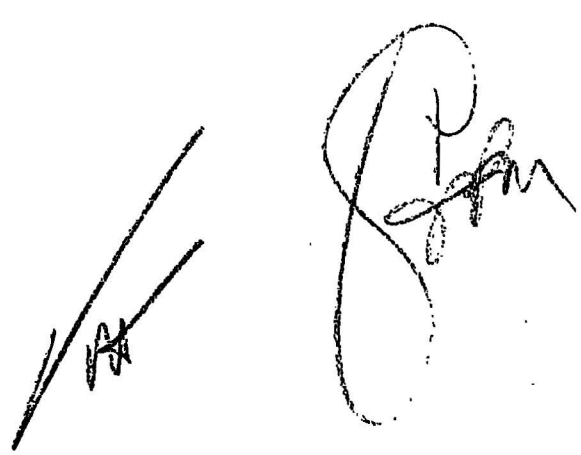

The Bureau approves the establishment of a Resident Agency at Schenectady, New York. The Bureau also approves the designation of Special Agents John Burke Drury and Richard Francis Madden as Resident Agents at that point. Re: ADDITIONAL RESIDENT AGENCIES,
ALBANY FIELD DIVISION.

Dear Sir:

Because of the limitations on travel, the shortage of rubber and gasoline, the difficulties in securing transportation, and the volume of work pending in sections of this territory away from the headquarters city, I desire to recommend that Resident Agencies be established at the following places:

Amsterdam, New York
Oneonta, New York
Plattsburg, New York
Saratoga Springs, New York
Schenectady, New York,

and that an additional Resident Agent be designated at this time at Utica, New York.

AMSTERDAM, NEW YORK:

Amsterdam is a city with a population of 33,329. The population is to a large extent foreign in origin, and vice conditions are bad; houses of prostitution are operated openly, as are gambling establishments; and an Assistant United States Attorney has his offices here. The territory to be covered by the Resident Agent at Amsterdam comprises the counties of Montgomery and Fulton, which have a total population of 98,700. There has been an Agent assigned to this territory, who has worked there exclusively, for over six months.

There are presently 15 cases and 5 leads assigned, and 30 cases and one lead unassigned, making a total of 45 cases and six leads pending. Amsterdam is 31 miles from the city of Albany.

It is my recommendation that Special Agent RANDOLPH W. THROWER be designated Resident Agent at Amsterdam.

Re: ADDITIONAL RESIDENT AGENCIES,
ALBANY FIELD DIVISION.

ONEONTA, NEW YORK:

The city of Oneonta has a population of 11,731. It is located in approximately the geographical center of the counties of Delaware, Otsego, Chenango and Schoharie, which comprise the territory to be covered by the Resident Agent stationed at Oneonta, which is the largest city in these counties. The total population of the four counties is 144,000.

An Agent has been assigned to this territory and has worked there exclusively for a period in excess of eight months, traveling out of Albany. In other words, this area has previously been a road work territory.

There are 19 cases presently assigned and 40 cases and five leads unassigned in this territory, making a total of 59 cases and five leads. Oneonta is 77 miles from Albany, and an Assistant U. S. Attorney is located in that city.

It is recommended that Special Agent JOHN M. LILLY be designated Resident Agent at Oneonta.

PLATTSBURG, NEW YORK:

The city of Plattsburg has a population of 16,351. It is the largest city in northern New York and is located very near the Canadian border; it is 71 miles from Montreal, Canada, in which city a number of investigations are made by this office. The counties of Clinton, Franklin, Essex and Hamilton comprise the territory to be covered by the Resident Agent at Plattsburg, and the total population of these counties is 144,200.

There are 40 cases and eight leads assigned in this territory, 25 cases and four leads unassigned, making a total of 65 cases and 12 leads. There has been an Agent assigned to this territory handling it as a road work territory out of Albany since my arrival in this office.

It should be noted that the majority of work in this territory would not be in the city of Plattsburg, but the territory would be much more accessible from Plattsburg than from Albany, and the distances traveled to cover cases in this territory would be considerably less if covered from Plattsburg than from Albany in all instances. As presently handled, it is necessary for the Agent to travel approximately 100 miles from Albany before arriving in the territory.

Re: ADDITIONAL RESIDENT AGENCIES,
ALBANY FIELD DIVISION.

Plattsburg is approximately 170 miles from headquarters at Albany.

It is recommended that Special Agent NORMAN B. BELL be designated Resident Agent at Plattsburg.

SARATOGA SPRINGS, NEW YORK:

Saratoga Springs has a population of 13,705. It is a popular summer resort and the site of a large race track, which increases the population by a very substantial number in the summer months. It has a number of hotels which do a heavy business during the summer season. Prostitution and gambling flourish in this community at all times.

It is close to the geographic center of the counties of Saratoga, Warren and Washington, which comprise the territory to be covered by the Resident Agent at Saratoga Springs and which have a total population of 148,300.

An Agent has been assigned to this territory exclusively for the past four months. There are 32 cases and four leads assigned, and 20 cases and four leads unassigned, making a total of 52 cases and eight leads. Saratoga Springs is located 33 miles from the headquarters at Albany.

It is recommended that Special Agent WILLIAM B. KIZEN be designated Resident Agent at Saratoga Springs.

SCHENECTADY, NEW YORK:

Schenectady is a city which in 1940 had a population of 87,549. It is believed that this population has increased to where it is now in excess of 100,000. It is the site of the headquarters office and main plant of the General Electric Company, the American Locomotive Company, and the Schenectady Army Depot, which is the largest of its kind in the eastern half of the United States. The Naval Supply Depot is located at Scotia, New York, which adjoins Schenectady.

Director, FBI

Re: ADDITIONAL RESIDENT AGENCIES,
ALBANY FIELD DIVISION.

The territory to be covered by the Resident Agents at Schenectady is the county of Schenectady, which in 1940 had a population of 122,494, which has undoubtedly been increased by several thousand. Schenectady is only 15 miles from Albany, but much of the travel is over streets in the two cities and traffic is quite heavy. The distance is also increased by several miles, since the distance of 15 miles is between city limits. It requires on an average of between 45 minutes and an hour to travel this distance, which takes from an hour and a half to two hours per day from the working day of the Agents.

There have been at least three Agents working in Schenectady for the past year. There are presently 95 cases and seven leads assigned to four Agents, and 36 cases and 13 leads unassigned, making a total of 131 cases and 20 leads.

I desire to recommend that the following Agents be designated Resident Agents at Schenectady: JOHN BURKE DRURY, RICHARD FRANCIS MADDEN, and WENDELL P. FREECE.

UTICA, NEW YORK:

There are presently two Resident Agents assigned at Utica, and another Agent working exclusively in this area out of the Albany office, and three Agents have been necessary in this city for the past four months.

There are 102 cases and 28 leads assigned, and 29 cases and 25 leads unassigned, making a total of 131 cases and 53 leads.

Utica is 88 miles from the city of Albany, and the counties of Oneida and Herkimer are covered by the Resident Agents at this city; the population of these counties is 263,163.

It is recommended that the headquarters of Special Agent HAROLD WEEKS OLIVER be designated as Utica, it being noted that, although this is the first office of this Agent, he is progressing rapidly and satisfactorily and will be working with older, experienced Agents at Utica.

Very truly yours,

A. CORNELIUS, JR., SAC

SPECIAL EFFICIENCY REPORT:

March 3, 1943

Re: RANDOLPH WILLIAM THROWER
Special Agent

EOD 330-42

The comments in my efficiency report submitted on January 1, 1943 are still applicable.

This Agent is still developing satisfactorily. He has participated in apprehensions of fugitives since the last efficiency rating, and received the following grades on examinations on the Manuals at the last Quarterly Conference:

Manual of Rules and Regulations.....96
Manual of Instructions.....94
National Defense Manual.....90.

His estimated efficiency with technical devices is "Good", and he was rated "Excellent" in his ability to testify in moot court proceedings.

There is no question as to his loyalty. I would have no hesitancy to utilize his services on a dangerous assignment. The stenographers rate his ability to dictate as "Very Good", indicating that his work is well prepared, his speed good, and his voice distinct.

He should exhibit more care and attention to detail in his reports, as a number of them are returned for minor errors.

ANNUAL EFFICIENCY REPORT:

April 12, 1943

Re: RANDOLPH WILLIAM THROWER
Special Agent

This Agent presents a good personal appearance. He has a quiet, sincere, friendly personality. His dress is neat and conservative.

He has exhibited some initiative and resourcefulness in his work, but needs to develop along these lines. He possesses average force and is sufficiently aggressive. He has a good attitude toward his work, handles it conscientiously, and accepts criticism very well.

The stenographers advise that he is a very good dictator, that his work is always well prepared, his voice good, dictation well arranged, and his enunciation good, as is his speed. He operates an automobile satisfactorily, his ability to testify is rated as excellent, and he is qualified to handle dangerous assignments and to operate on a physical surveillance, being sufficiently alert and intelligent to function properly on such an assignment. He can operate a typewriter satisfactorily, but does not take shorthand.

His ability to write reports is about average. His investigations are good, thorough, and he makes about the usual number of errors of detail. The form of his reports and phraseology are good.

He makes good contacts with law enforcement officials and others. He organizes, handles and initiates his investigations with little supervision, and handles routine matters on his own judgment and initiative. He has been assigned to a road work territory and has handled Internal Security and Selective Service cases for the most part, as well as criminal investigations in the following classifications: National Motor Vehicle Theft Act, White Slave Traffic Act, Impersonation. I have not noted an indication of supervisory or administrative ability at this time.

10. 310-307-34

His average overtime per month over a three-month period was 109 hours, 12 minutes; the average for the office for the same period was 87 hours, 15 minutes.

He advises that he is available for an SIS assignment, and I believe that he would be qualified to handle such an assignment.

Dear Sir:

The attached expense voucher is being submitted on a delinquent basis, inasmuch as the claimant has been ill throughout the month of March 1943, and although he was able to perform his duties most of the days during that month, the amount of overtime work which he was able to put in was very limited.

On the occasions when he was able to put in overtime, it was necessary for him to spend such time on work assigned to him.

MEMORANDUM FOR THE SPECIAL AGENT IN CHARGE

[Handwritten signature]
Albany, New York
July 23, 1943

RE: RANDOLPH WILLIAM THROWER
Special Agent
ADMINISTRATIVE MATTER

This will refer to our recent conversation in which I expressed a strong desire to receive an assignment in SIS at some early date.

As I pointed out to you in our recent conversation, since April 1, 1943 I have regularly been taking Spanish lessons from a private tutor, an instructor in Spanish at the State Teachers College, Albany, New York, in order to prepare myself for an assignment to some Spanish speaking country. Within approximately two weeks, the regular college course of fundamentals of grammar will be concluded, and further work beyond that will involve only extension of vocabulary and the practice of principles learned.

The course referred to supplements two years of Spanish which I had in high school and I believe prepares me for the practical utilization of the language with little difficulty. However, I am willing to accept assignment to any point outside of the continental limits of the United States, which may be designated by the Bureau.

All personal considerations in connection with an SIS assignment have been taken into account by me. It may be pointed out that my wife is in complete accord with my desires in the matter.

Respectfully submitted,

RANDOLPH WILLIAM THROWER,
Special Agent.

Mr. Thrower is a Special Agent and as such holds a key position as designated by the Review Committee of the War Manpower Commission within the meaning of Executive Order 9308. The performance of his duties is essential and critical to the execution of the work assigned by law and Executive Directive to the Federal Bureau of Investigation.

To the Federal Bureau of Investigation is assigned the responsibility of investigating all acts of espionage, sabotage and all actions tending to undermine the internal security of the nation. We must also investigate and enforce all those federal statutes assigned to the investigative jurisdiction of this Bureau such as: bank robbery, kidnaping, interference with the interstate transportation of goods, National Stolen Property Act, White Slave Traffic Act, etc., the enforcement of which are necessary to the preservation of the national health, safety and interest.

To carry on this work it is necessary to maintain a corps of trained investigators. Mr. Thrower is such a trained investigator. In the attached Form 42 S further information relative to Mr. Thrower is set forth.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today. Up to the present time the full complement of Special Agent personnel has not been secured and every effort is being made to secure the necessary additional Special Agent personnel.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 12th day of November 19 43

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

- (1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.
- (2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

When an appeal is taken from the classification or reclassification of a registrant and when such appeal is upon the ground that the registrant should have been deferred by reason of his occupation, the appeal shall be transferred to the board of appeal having jurisdiction over the area in which the registrant is employed, provided all of the following conditions are met (but not otherwise):

- (1) The first person to appeal from such classification or reclassification files with his appeal a written request for such transfer;
- (2) The written request states in what respect an occupational question is involved; and
- (3) The written request states the name of the registrant's employer and the street address, county, and State where the registrant is employed.

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

SAC Wilcox telephoned from Albany concerning the transfer of this agent to New York City. He stated that Thrower was his best qualified man in the Albany Office in Communist matters and that it would seriously impair the work if he were transferred.

I told Wilcox that we would accordingly cancel this transfer, which has been done.

SAC Wilcox of the Albany Field Division called and advised that the above named Agent is resigning to go into the Army and he, SAC Wilcox, has received a letter from the Bureau indicating that Agent Thrower should cease active duty at the close of business February 29, 1944.

SAC Wilcox advised me that this Agent is one of the best men in his office and that he is in the midst of dictating a very complicated Communist Party report in order to bring his work up to date. Mr. Wilcox indicated he has not yet advised Agent Thrower that he is to cease active duty today and he wondered if it would be possible to defer it for a week or so in view of the very urgent nature of the work Agent Thrower is doing and particularly in view of the fact that his attitude is very good.

I advised SAC Wilcox that it is not desirable to defer this resignation date too long; however, I authorized him to extend the active duty date to cease at the close of business March 4, 1944, providing Agent Thrower has no objection.

Respectfully,

R. E. Lee

SPECIAL EFFICIENCY REPORT:

Albany, N. Y.
March 4, 1944

0.0.5.

Re: RANDOLPH WM. THROWER
Special Agent

3-30-42

This efficiency report is submitted as the result of this agent's resignation from the Bureau.

Mr. THROWER presents a very good personal appearance, has a good personality and dresses appropriately at all times. He has exhibited more than an average amount of initiative and resourcefulness in connection with his work. His work and his personal mannerisms indicate that he handled his work with more than an average amount of force and aggressiveness.

He was rated as an excellent dictator. He is a very good automobile driver. He had no opportunity to testify since I have been assigned to this office; however, there is no question but what he would make an excellent witness. He was qualified to handle dangerous assignments. He has handled a number of physical surveillances, in an excellent manner. He was able to operate a typewriter at a low rate of speed and had no stenographic ability.

He was an excellent report writer and his reports required practically no supervision. He was outstanding in his ability to contact law enforcement officials and others. He had considerable ability in the organizing and initiating of investigations. He was able to accept responsibility and to discharge such responsibility without supervision.

He was assigned exclusively to national defense matters in the Internal Security - ~~C~~ classification. He possessed supervisory ability. He did not have an opportunity to exhibit any administrative or executive ability. He was not assigned to a technical surveillance.

This agent was far above the average for agents in Grade CAF--10. He was always a hard worker, conscientious, and was dependable.

Re: Randolph W. Thrower Application for
Release to Enter Armed Services

Dear Sir:

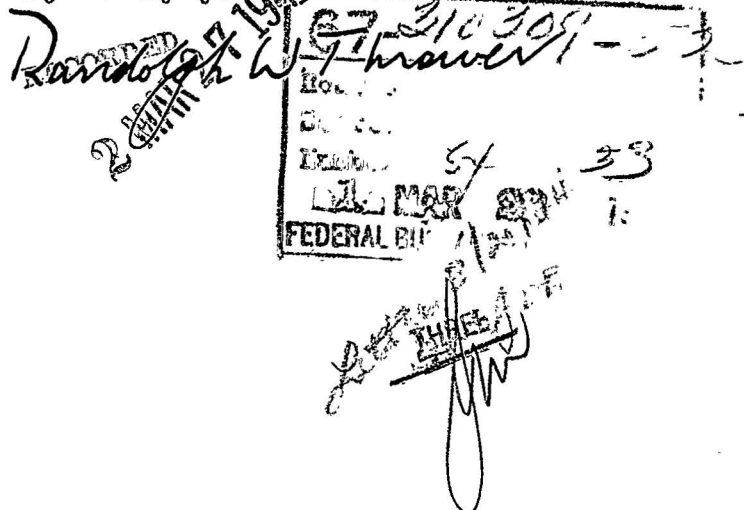

Request is hereby made for release from your employment as a Special Agent. The purpose of this request is to permit the expeditious handling by the United States Marines of my application for a commission in the Air Volunteer Service of that Corps. I have been assured that after approximately three months training I will be sent overseas in active combat duty.

For your information, my resignation was submitted by a letter dated February 21, 1944 and it was accepted with active duty to cease on March 4, 1944. I was assigned to the Albany Field Division.

With high regards for you and the Bureau,

Very truly yours,

This agent has submitted his resignation which will be effective about March 4, 1944, in order that he can enter the Army. During the past number of months he has been handling Internal Security - C matters and has been doing an excellent job. He has written excellent reports which are well organized as to form and substance, and he has taken a great interest in the development of Internal Security - C work in this office. He is far above the average in intelligence, is resourceful, and I feel that his resignation is a distinct loss to the Bureau. STATUS: Excellent.

INSPECTOR HARBO:

This agent has resigned and ceased active duty at 5:30 P.M. on March 4, 1944. He was not dissatisfied but was leaving with the view to enlisting in the Marine Corps. He is a clean cut young man, intelligent, alert and enthusiastic. In my opinion he displayed a favorable attitude toward the Bureau. I believe he is entitled to a rating of Very good.

APPLICATION FOR RELEASE TO ENTER
ARMED SERVICES

Dear Sir:

Reference is made to your letter of March 20, 1944, replying to my request for a release and advising that I should submit documentary evidence to the effect that I am being considered for a commission in the combat services of the U.S. Marine Corps.

Upon receipt of your letter of March 20 I immediately asked the Officer in Charge of the USMRC Procurement District, New York City, for a statement confirming the fact that I had filed an application for a commission in a combat service of the Marines. His reply is enclosed and should afford sufficient evidence of the nature specified by you.

Your expeditious handling of my request for release will be greatly appreciated. Please direct your reply to me at the following address: Sutherland, Tuttle & Brennan, Investment Bldg., Washington. I have asked a friend at this address, which is that of the law firm with which I was associated prior to the war, to turn over your reply immediately to the appropriate Marine Officer.

With highest regards.

Dear Mr. Thrower:

In reply to yours of 22 March, I am glad to say that we are recommending you to Marine Headquarters for the job of Combat Intelligence Officer following the directive governing the Marine Corps A-V(S) Program. A limited number of men are to be taken in from civil life between the ages of 27 and 35 to be trained at Quantico for 11 weeks and then sent on for specialized training and finally assigned to an overseas unit.

Although I have no means of knowing where, if accepted, you will ultimately find yourself, it will be, as I told you, in the thick of things. Marine Corps Aviation Ground Officer Units similar to the one which you will, I hope, help to form, have distinguished themselves in such now-famous spots as Wake, Midway, Guadalcanal, Bougainville, and Tarawa. A Marine Combat Intelligence Officer of my acquaintance was in the first wave to land on the atoll of Tarawa, a situation which was "combat" enough for most people.

Kindest regards,

B. PERIN

P.S. Enclosed is a card which should have been filled out in Albany when you took your physical. Please go with the card to the Marine Corps Procurement District, Jacksonville, Florida, where the doctor will mark the card. Return it to me as soon as you can.

Dear Captain:

This will acknowledge your letter of September 3, 1945, in which you requested information relative to your reemployment with this Bureau.

For your information, the Bureau has followed a consistent policy of taking no affirmative action in requesting the release of any member of the armed forces. However, under the Selective Service and Training Act you are entitled to make application for reinstatement to your former position within ninety days following the date of your honorable discharge from the military service. This application must be accompanied by a certificate of satisfactory service, and you will also be required to take a physical examination to determine whether you are still physically qualified to perform the duties of the position which you left to enter the armed forces. If you meet the above requirements, you are entitled to reinstatement in your former position without loss of seniority, grade, or status.

It is suggested that you communicate with the Bureau at the time of your actual discharge from the U. S. Marine Corps.

Sincerely yours,

Dear Mr. Hoover:

It is respectfully requested that I be furnished with any information that may be available on the policy of the Bureau with respect to the re-employment of a former Special Agent who, during the war, secured a release to enter a branch of the armed services.

It would seem that contemporary international developments would cause the United States Government to call upon the Bureau for an even more extensive and challenging program of work than was followed before the war. Anyone who has been associated with the Bureau will recognize the heavy responsibility attached to this work and the privilege accorded anyone chosen to participate in it. It is in this light that the present inquiry is made.

It would be of interest to me to know whether "seniority", in so far as it may affect the pay grade, duty assignments, etc., may be retained. Also I am assuming that no definite consideration may be given to an application for employment until my service with the United States Marine Corps has been terminated. If this is not correct, I would like to know what steps may be taken at the present time that might expedite consideration after my release from the service.

FROM : J. B. Adams

SUBJECT: RANDOLPH W. THROWER
Former Special Agent
Resigned 4-6-44 to enter the armed forces.

This is a brief summary of Mr. Thrower's record for the Director's use. On 3-12-69, The White House requested an investigation of Mr. Thrower who is being considered for a Presidential Appointment, position not indicted. His service record was delivered to The White House on 3-14-69.

His file has been carefully reviewed and it is noted he entered on duty on 3-30-42 as a Special Agent and resigned 4-6-44 to enter the armed forces. On his last performance report he was rated EXCELLENT and comments reflected he was able to accept responsibility and to discharge such responsibility without supervision. He was far above the average for agents in his grade.

He was censured once through his SAC for the manner in which the New Haven Field Office handled the reported parachute landing at Danielson, Connecticut on 9-22-42. The letter stated that Thrower, who made the inquiry, had been decidedly negligent in carrying out his duties in that case.

His file reflects that after his resignation from the Bureau he served as an officer in the U. S. Marine Corps. On 4-6-53 a character reference was transmitted to the National Conference of Bar Examiners regarding his application for admission to the bar of the District of Columbia.

Captioned book, which is scheduled for publication in 10-69, has previously been brought to our attention by the Internal Revenue Service (IRS). The book, which depicts the activities of the Intelligence Division of the IRS, has some demeaning references to the FBI, and IRS has attempted to have these references deleted, but without success.

CURRENT DEVELOPMENTS

We have received a letter from Commissioner Randolph W. Thrower of IRS who expresses deep concern about the unfavorable references to the Bureau in captioned book, and wants Mr. Hoover to know that the views set forth therein do not reflect those of himself or of the IRS. He notes that IRS sought unsuccessfully to have these references deleted.

DATA IN BUFILES ON THROWER

Thrower became Commissioner of the Internal Revenue Service in March, 1969. He is a former FBI agent, EOD 3/30/42 and resigned 4/6/44 to enter the Armed Forces. He had an excellent record while in the Bureau's service. We conducted a Special Inquiry investigation on him for the White House in 3-69, and this investigation was favorable.

OBSERVATIONS

The Crime Records Division is in continuing contact with our New York Office which is attempting to obtain a copy of the book for review. As soon as we receive the book, it will be reviewed and an appropriate SAC Letter prepared in connection with it.

RECOMMENDATION

That attached letter be sent to Randolph Thrower, Commissioner of IRS, thanking him for his comments.

SUBJECT: RANDOLPH W. THROWER

Former Special Agent

Albany Office

EOD 3/30/42, Resigned 4/6/44 to enter the armed forces

The following is a brief summary of Mr. Thrower's record for the Director's use. On 4/1/69 he was sworn in as Commissioner of Internal Revenue Service.

His file has been carefully reviewed and it is noted he entered on duty on 3/30/42 as a Special Agent and resigned 4/6/44 to enter the armed forces. On his last performance report he was rated EXCELLENT and comments reflected he was able to accept responsibility and to discharge such responsibility without supervision. He was far above the average for agents in his grade.

He was CENSURED once through his SAC for the manner in which the New Haven Field Office handled the reported parachute landing at Danielson, Connecticut on 9/22/42. The letter stated that Thrower, who made the inquiry, had been decidedly negligent in carrying out his duties in that case.

His file reflects that after his resignation from the Bureau he served as an officer in the U. S. Marine Corps. On 4/6/53 a character reference was transmitted to the National Conference of Bar Examiners regarding his application for admission to the bar of the District of Columbia.
