Among those in attendance were Senator EDWARD M. KENNEDY and R. SARGENT SHRIVER. This reception took place shortly after SHRIVER expressed an interest in entering the 1980.

U.S. Presidential race. (SHRIVER, it should be noted, also made an unsuccessful bid for the Presidency in 1976.) Source also.

Source believed that the agent was sent to meet was FNU for SARGENT SHRIVER. Public source information from the 1976 SHRIVER Presidential campaign lists as a member of the SHRIVER for President Committee.

Source initially reported that the subject, believed to: be named was a businessman who visited Moscow, and, who was in contact with FNU 」(phonetic), a KGB officer under GKNT (State Committee for Science and Technology) cover in Moscow. He had been the subject of considerable attention in the media concerning his Soviet contacts. So noted that the subject, now deceased, was also a speechwriter for R. SARGENT SHRIVER, who, in 1978, had expressed an interest in entering the 1980 U.S. Presidential election race. Source learned that the subject was under KGB development at the time in the hopes that the KGB would have a high-level agent in place in the event SHRIVER was elected. Source later learned that the KGB's ultimate objective was to have an agent in such a position as to establish liaison between the KGB and the National Security Council (NSC). Source reported that

There is a considerable degree of consistency between the information furnished by and Bureau information concerning DAVID KARR.

DAVID KARR, born DAVID HAROLD KATZ, on August 25, 1918, was, until his death on July 7, 1979, the subject of controversy and official inquiry concerning his high-level contacts within the Soviet Government as well as his alleged involvement with the Communist Party, U.S.A. and the Soviet intelligence services

KARR was a wealthy entrepreneur and investment banker, who, in conjunction with the Paris-based investment firm, Lazard Freres et Companie, was the financial architect of numerous business ventures inside the Soviet Union.

KARR also had prominent contacts within the American political establishment including Senator ALAN CRANSTON, Senator EDWARD M. KENNEDY, the late Senator HENRY M. JACKSON, and former Senator JOHN TUNNEY. According to Senator TUNNEY, KARR often functioned as a high-level conduit between American and Soviet policymakers, communicating policy positions on a wide range of issues affecting Soviet-American relations.

During the 1970's, KARR developed a particularly close personal and business relationship with R. SARGENT SHRIVER. In 1972, SHRIVER became KARR's legal counsel, and later became a financial partner in a Swiss holding company jointly owned by KARR and Lazard Freres. SHRIVER and KARR frequently traveled to the Soviet Union on behalf of the company, where SHRIVER acted as legal counsel to KARR in his negotiations with Soviet commercial officials. Their relationship also encompassed political interests as KARR assisted SHRIVER in his unsuccessful bid for the U.S. Presidency in 1976.

SUBJECT: ROBERT SARGENT SHRIVER, JR. SPECIAL INQUIRY - STATE DEPARTMENT

> The State Department has today requested investigation of Shriver whose nomination as United States Ambassador to France was sent to the Senate by the President on 3/25/68.

Shriver, aged 52, is married to the former Eunice Mary Kennedy, sister of Senators Robert and Ted Kennedy and the late President. He was appointed the first Director of the Peace Corps by President Kennedy in 1961 and has been Director of the Office of Economic Opportunity since 1964. He is also a Special Assistant to the President. Prior to entering the Government in 1961, Shriver was Assistant General Manager of the Merchandise Mart, a Kennedy enterprise in Chicago.

A quick check of main files only indicate that this is the first request for investigation we have ever had in concerning Shriver even though he has held high and responsible Government positions since 1961.

ACTION:

(1) The case has been ordered separately to the field and the field has been instructed to assign case to experienced Agents and to conduct no neighborhood investigations without Bureau approval.

(2) Bureau files are being completely checked and you will be advised of any unusual developments.

Miscellaneous:

On April 3, 1968, Father PAUL C. REINERT, President, St. Louis University, advised that In June, 1962, Mr. SHRIVER gave the commencement address for the University and at that time he was conferred with an Honorary Doctor of Law Degree.

Father REINERT stated he first met SHRIVER in late 1961, when SHRIVER came to the University to obtain volunteers for the Peace Corps.

SL:

#161-3005

He said he considers SHRIVER to be a person of the highest integrity, and one who has managerial ability. He said he is a very personable individual and a person of excellent character, reputation, associates, and he has no reason to doubt his loyalty to the United States.

On April 2, 1968, Personnel, National Personnel Records Center, Civilian Personnel Records, advised IC that no record of employment could be located for SHRIVER.

Midshipman in the Naval Reserve.

b6

Public Information, Administration Building, University of Notre Dame, South Bend, Indiana, advised that Notre Dame each year on Laetare Sunday names an outstanding Catholic layman for the Laetare Medal, voted on by a committee of faculty and administrators at NotreDame. On March 24, 1968, SHRIVER was named the 1968 recipient of the Laetare Medal. The individual must be a practicing Catholic. The Laetare Medal is so named because the recipient is traditionally announced each year on Laetare Sunday, the fourth Sunday of Lent and an occasion of joy in the Liturgy of the Church. The actual presentation is scheduled for a later date, often in the home town of the recipient.

b6 b7C

The procedure that is followed is that the committee is furnished the names of those under consideration and three meetings are subsequently held and bibliography sketches of these individuals are discussed at these meetings. At the end of the three meetings one person is voted upon as the recipient of the Laetare Medal. The only actual contact made by the committee is with the bishop covering the recipient's residence to verify that he is a practicing Catholic. He did not personally know ROBERT SARGENT SHRIVER, JR., only by reputation. To his knowledge,

the University of Notre Dame, would be the only individual associated with Notre Dame who would

personally know SHRIVER.

Synopsis:

CARMELITA HINTON, formerly of Putney School, Putney, Vt., traveled to Red China in 1952 to visit her daughter who resided there. CARMELITA HINTON reported as having been contacted by an individual from Peking, China, who was interested in an article, she, HINTON, was writing 1963. JEAN HINTON reported as having paid dues to Washington Book Shop 1943; solicited medical supplies for China - Aid Council 1947: was visited on several occasions in 1951 by CP of District of Columbia. HINTON was informed that his baggage had been seized, as it contained literature unlawful to bring into the United States. HINTON refused to furnish any information to a Deputy Collector of Customs.

According to the U.S. Customs, the baggage contained a considerable amount of literature consisting principally of Chinese Communist propaganda.

On September 27, 1956,

the Boise Valley Church of the Brethren, Route 1,
Meridian, Idaho, advised that he recalled a speech made by
HINTON on May 2, 1954. During his speech, HINTON favored the
Communist Regime in Pussia. According to

HINTON was working in China at the time that the Chinese
Communists gained control and elected to remain following
their taking control. After some time, HINTON was paid
directly for his services by the Communist Regime. He acted
principally as an instructor in the operation of farm machinery.

On May 22, 23, and 25, 1960, feature write-ups appeared in the "New York Journal-American" concerning some members of the HINTON family.

The write-up on May 22, 1960, referred to the fact that JOAN CHASE HINTON, a former nuclear physicist for the United States who had helped perfect the first atomic bomb, had fled to Communist China, and this write-up theorized concerning the possibility that she was helping Red China develop an atomic bomb.

In the write-up of May 23, 1960, WILLIAM H. HENTON was described as "one of the most puzzling of human creations." It was pointed out that after Pearl Harbor was bombed, HINTON had spent months in a camp as a conscientious objector against military service.

HINTON was said to have appeared twice before a House Committee in 1954 and 1956, during which appearances he had pleaded the 5th Amendment of the Constitution more than 50 times.

It was also pointed out that HINTON was alleged to have conferred with the Chief of Staff of the Communist Chinese Armies on the eve of their great offensive against the Nationalists in 1948.

On January 30, 1963, Philadelphia confidential informant T-1, who has previously furnished reliable information in the past, advised that HINTON was then a member of the District Executive Committee of the CP, Eastern Pennsylvania and Delaware, and served as Civil Rights Secretary on this committee.

On June 24, 1963, Philadelphia confidential informant T-3, who has previously furnished reliable information, advised that a resting of the CP had been held at Lancaster, Pa., on June 21, 1963. At this meeting, said that HINTON had been removed from his position of leadership in the Party, but had not been removed as a member. She pointed out during her convergation that HINTON's mother and sister are still residing in Communist China.

PN T-1 advised on June 8, 1964, a meeting of the District Ex-cutive Committee, CFIFD, held June 4, 1964, at Philadelphia, charges were made that UILLIAM HINTON, an inactive rank and file number of the 24th Ward Club, CPEPD, was to be expelled from the Party. In April 1963, HINTON was expelled from both the District Committee and the District Executive Cormittee (DEC), CPTPD, for supporting the Red

Chinese position in the Russian-Sino ideological dispute. Since that time, he has continued to promote the Red Chinese line as the correct line in opposition to the Communist Party USA and Communist Party Soviet Union line.

HINTON has been attempting to rally people to the support of his position and has been holding meetings with the idea in mind of initiating a new organization which will promote the ideological point of view of the Red Chinese. HINTON hopes to launch this group in about September 1964.

In view of the above, the DEC, CPEPD, was going to advice HINTON by letter to appear before the DEC on charges of anti-Party activity and it is expected that action would be taken to expell him from the Party.

Information Pertaining To CARMELITA HINTON NEE CHASE

The "Boston Clobe," a daily newspaper published in Boston, Mass., edition 10/13/52, carried an article captioned, "Woman in Fed China Parley, Daughter of Vermont School Head." This article is set forth in part as follows:

"PUTNEY, Vt., Oct 12 (UP--The director of a co-educational preparatory school here admitted today that the American woman who allegedly participated in a Communist China peace propaganda broadcast probably was her daughter.

"Mrs. CAMELITA C. HINTON said she had not seen her daughter, Joan, in five years, and that she heard from her only about once a year.

"Mrs. HINTON confirmed the Red radio's description of her daughter as an atomic scientist who had worked on the Los Alamos, N.M. atomic bomb project during World War II.

"The Communist broadcast, as monitored in Tokyo, said that Joan N. Hinton appeared and spoke at the Red-sponsored Asian and Pacific Peace Conference in Peiping.

"The Chinese radio identified Miss Hinton as a specialist in nuclear research who had touched with her bwn hands the very bomb which was dropped on Nagasaki'. In the broadcast, she urged scientists engaged in atomic and hydrogen bomb projects to 'think seriously of what they are doing.'

"Mrs. Hinton said that her daughter went to China in 1948, to 'help the Mogolian people.' She added that her daughter met and married an American there, but would not reveal his name.

"Mrs. Hinton denied that Joan had any Red connections. She said that her daughter was a native of Chicago, had attended the Shady Hill Ehementary School in Cambridge, Mass., and the Futney School in Vermont.

"Mrs. HINTON, who now directs the Putney School, did not further elaborate on her daughter's education."

PH T-4 advised on March 15, 1955, CAPMELITA HINTON received material from the National Council for American-Soviet Friendship which material was a booklet on peaceful co-existence.

The NCASE has been designated by the Attorney General pursuant to Executive Order 14050.

During September 1963, PH T-5 advised Mrs.
CARMELITA HINTON, had recently been advised by a representative of "China Reconstructs" in Peking, China, that he would be extremely anxious to receive a copy of an article which Mrs.
CARMELITA HINTON was now in the process of writing concerning her trip abroad. In this regard, the source advised that the representative of "China Reconstructs" had been recently asked by "Eastern Horizon" to help in seeking articles for that magazine and that the representative for "China Reconstructs" would very much like to submit Mrs. HINTON's article to "Fastern Horizon" for publication since the latter magazine was anxiously awaiting the article's completion.

PH T-6 advised that "China Reconstructs" is an Fnglish language magazine published in Feking, China, and is extremely pro-Chinese communist.

TH 161-1199

Continuing, PH T-5 advised that CARMELITA HINTON was definitely in R-d China and that while there, she traveled to Mu Han, Quieling Changsha, Kiangsi, Hanchow and Shanghai. While in China, the source stated that CAPMELTTA HINTON was then guest of the "Peace Committee." There was a definite indication that HINTON departed Red China scmetime in July and that after leaving China she traveled to England since she purchased certain articles of clothing for her daughter. JOAN HINTON ENGST, who currently resides on a farm in China. It is interesting to note that the source determined that JOAN HILTON ENGST tried to cover up for the lack of certain commodities for sale on the Chinese market such as hot water bottles, which bottles although were available for sale in China were made of plastic and not rubber, underwear, ectton cloth, and certain food stuffs. By sheer coincidence, JOAN HINTON ENGST stated that as soon as her mother left China many of these articles were then put on the shelves in the Chinese stores for sale to the Chinese people.

During October 1965, PH T-5 advised that CAPMELITA HINTON continues to reside at PD #2, Fleetwood, Pa., and that her daughter, JOAN HINTON ENGST, also known as Mrs. SIDNEY ENGST, continues to reside at Sian, China. Source stated that JOAN ENGST continues to be completely sympathetic to Communist China and feels that the United States student demonstrations against the Vietnam war are really worrying the government.

| PH T-5 went on to state that in discussing with |
|---|
| her mother the study of MAO Tse-tung's thought in Communist |
| China, she pointed out the case of |
| has been elected a model student of Chairman MAO's thought. |
| JOAN has pointed out to her mother, the source went on, |
| that whenever has a problem to solve he looks up the answer |
| in Chairman MAO's works. There are all sorts of problems, |
| sometimes it is a question of how to handle people, his re- |
| lations with his subordinates and sometimes other things, but |
| before a big operation he reads and reads Chairman MAOs |
| military writings. According to JOAM. the organization of a big |
| heart surgery is much like a battle studies Chairman |
| MAO's nathods, how to find all the contradictions, how to find |

the main point of concentration, how to bring up the rear and account for all possibilities and how to protect the flanks. He prepares for the operation as if he were preparing for battle, taking all factors into consideration both subjective and objective. Here JOAN points out is where he really learns from Chairman MAO and it is by using Chairman MAO's methods that has been able to be extremely successful in his work.

b6 b7c

PH T-5 added that in the discussion of the value of MAO Tse-tung's thought, JOAN has pointed out that the Chinese ping pong champions realize the value of studying MAO's works, particularly in learning how to forget self and play for the sake of the revolution. JOAN believes that the study of Chairman MAO's thought is something entirely different from a cult of any individual. It is the study in daily practice of how to go about correctly delving any and all problems that come before them.

Information Pertaining To JEAN HINTON ROSNER

PH T-7 during December 1953, furnished information that JEAN HINTON was a member of the Washington Eook Shop and had last paid her dues February 1, 1943.

The Washington Book Shop has been designated by the Attorney General pursuant to Executive Order 14050.

PH T-8 furnished information on May 24, 1947, that JEAN HINTON had made and was still soliciting medical supplies for Madame Scon's China Aid Council and stated she was anxious to obtain the names of individuals who would be inclined to contribute to this organization.

The Special Committee of the State House of American Activities in its report 6/25/42 cited the China Aid Council as a subsidiary of the American League for Peace and Democracy.

The American League for Peace and Democracy has been designated by the Attorney General pursuant to Executive Order 10450.

TH T-11 advised during December 1952, JEAN HINTON who the source described as a CP member from Pittsburg, Pa., was in Wheeling, W. Va., about the beginning of June 1948, and subsequently actively participated in the organization of a Progressive Party campaign at Wheeling and surrounding communities.

b6

b7C

Ph T-11 added that HINTON shortly after her arrival in Wheeling took up residence at the home of leading CP members at Wheeling, W. Va. PH T-11 went on to say that during her stay in Wheeling, HINTON worked in close cooperation with the members of District 22, CP, as well as CF sympathizers in organizing the Progressive Party campaign there.

A characterization of the Progressive Party is attached hereto.

JEAN HINTON was contacted in October 1952, by Special Agents of the FBI. At this time, HINTON stated she had no desire to discuss her activities with the agents and, in fact, she desired it would be known she never wanted to be contacted by the FBI again for the purpose of an interview concerning her activities. She added she knew of nothing in which the FBI would be interested.

PROGRESSIVE PARTY

The "Guide to Subversive Organizations and Publications", revised and published as of December 1, 1961, by the Committee on Un-American Activities, U. S. House of Representatives, documents the Progressive Party as follows:

"The Progressive Party, including its California branch, certainly ranks as one of the largest and most successful fronts ever created by the Communists."

(Committee on Un-American Activities, Annual Report for 1956, House Report 53, February 11, 1957, p. 34)

"Communist dissimulation extends into the field of political parties forming political front organizations, such as the Progressive Party. * * * The Communists are thus enabled to present their candidates for elective office under other than a straight Communist label."

(Internal Security Subcommittee of the Senate Judiciary Committee, Handbook for Americans, S. Doc. 117, April 23, 1956, p. 91)

| and 1952 elections, the CPEPD continued to support the Progressive Party. Follow- |
| ing the 1952 elections, some criticism was voiced of the Progressive Party by |
| officials of the CPEPD, but as of early 1954, the Progressive Party was the main |
| concentration for the CP in the 1954 election. |
| |

On January 3, 1955, a source advised that the leadership of the CPEPD felt the Progressive Party should continue to function and as of January, 1955, the CP was assigning members to be responsible for Progressive Party work.

On March 15, 1955, this source advised that the CPEPD was mobilizing CP members to solicit signatures to Progressive Party nominating petitions to place Progressive Party candidates on ballet for 1955.

The Pregressive Party office at 1415 Lecust Street, Philadelphia, was closed during November, 1955.

On February 21, 1956, another source advised that the Pregressive Party has not been active in Philadelphia for the past five menths.

SUBJECT: ROBERT SARGENT SHRIVER, JR. SPECIAL INQUIRY - STATE DEPARTMENT

> My previous memorandum of 3/29/68 advised that the State Department had requested investigation of Shriver who, on 3/22/68, had been nominated United States Ambassador to France. His nomination was confirmed by the Senate on 4/19/68.

Investigation of Shriver is now complete and is favorable. Shriver, aged 52, is married to the former Eunice Mary Kennedy, sister of Senators Robert and Ted Kennedy and the late President. Shriver has B.A. and LL.B. degrees from Yale University. serving in the Navy during World War II, Shriver worked for his father-in-law, Joseph P. Kennedy, in New York and Chicago until 1961 when he was appointed Director of the Peace Corps. Since September, 1964, he has been Director of the Office of Economic Opportunity. He "wore two hats" from September, 1964, to February, 1966, as head of the Peace Corps and the Office of Economic Opportunity.

Information Not Being Disseminated

During the Summer of 1934 between high school and college when he was aged eighteen, Shriver toured Europe with a group under the auspices of the Experiment in International Living, Putney, Vermont, an educational organization founded in 1932 to foster respect and mutual understanding among the different people of the world. Some of the others on that tour have since been involved in communist and communist front activities and later in anti-draft demonstrations. investigation does not indicate any association between Shriver and those people and since the tour occurred thirty-four years ago when he was eighteen years of age, the information is not being disseminated.

Enclosed are letters to the Secretary of State and to White House transmitting the results of our investigational which should be delivered by Liaison.

Shriver Accepts Share of Blame

By PETER LISAGOR Star Special Writer R. Sargent Shriver says he's willing to accept "a disproportionate share of the blame" for the prevailing social atmosphere that recently caught up his own son, Bobby, in a marijuana raid.

The former ambassador to France, who served as head of the Peace Corps and the War on Poverty in the Kennedy and Johnson administrations, admits he was "in a position to do something about it."

But that "mea culpa" out of the way, Shriver sees his son as one of millions of youths living "under tremendous pressure with fantastic temp-tations."

And he adds: "I'm not sure a parent can withstand the atmoxphere of this society."

Shriver said in an interview that his family, with its wealth and resources, was in a better position than most to cope with the pressures, which have mounted in an "almost libertine society, so far as sex and other things are concerned."

The lack of leadership and vision, he said, has "turned off" even the brightest and most idealistic youngsters. They see compromise and lies and "a double moral standard" all around them. He cited a long list of official "prevarications," running from the U-2 spy plane incident in 1960 through the Bay of Pigs, the Pueblo spy ship seizure, the Green Berets case, all perpetrated for "reasons of national interest."

No Heroes

The Vietnam war has produced "no Lafayettes or Mac-Arthurs, no songs like 'Yankee Doodle Dandy,' no lift, no epirit. Nobody believes it's a glorious page in American history," he said.

"We don't go into Cambodia to make the world safe for democracy, to liberate the enslaved, in the name of justice, at the request of oppressed people," he said.

Asked if he didn't think it was to stop communism, he

SARGENT SHRIVER

replied, "They didn't even say that, assuming that was the case."

He said he was "shocked with the preoccupation with death in this country," and he mentioned several movies popular with youth, including "Easy Rider," "Bonnie and Clyde," "Butch Cassidy and the Sundance Kid."

Under Attack

Observing that: "There isn't an institution that is not under attack from its own adherents," he referred to a newspaper picture showing the Rev. Daniel Berrigan, a fugitive for four months as an anti-war activist, being taken into custody.

"I never thought I'd see the day that a Catholic priest would be hauled in by the FBI," he commented,

Shriver said that when he looked about for a prep school for his 17-year-old son, he had been warned about the use of marijuana and other drugs in some of the best schools in America.

"I was told that if a headmaster says there was no dope in his school he was either stupid or lying," Shriver said.

He said he had "an arrangement" with his son to reward him if he stayed clear of marijuana until 21. "When a bunch of kids got thrown out

of his prep school for smoking pot, I wrote Bobby a letter of congratulation," he said.

Forewarned of the widespread use of marijuana at Hayannisport, Shriver said he debated letting his son spend the summer there. He thought of sending him on a vacation to South America or elsewhere. But his wife, the former Eunice Kennedy, said it would be a copout, and they decided to permit him to go to the Cape Cod resort to be with his Kennedy relatives.

Bitter

Shriver is bitter about the "violations" of a Massachusetts law that forbids releasing the names of juvenile defendants and publishing them. But in the case of his son and Robert F. Kennedy Jr., 16, the law was repeatedly ignored as scores of newsmen and photographers greeted the boys and their parents at the courthouse, some even taking pictures through the windows, he said.

But on the larger theme of the plight of youth in this country, Shriver said they needed a challenge, a "vicion of what we ought to be as a

SUBJECT: REQUEST TO BORROW FBI TRAINING FILMS

ROBERT SARGENT SHRIVER, JR.

AMBASSADOR TO FRANCE

Tele. Room Holmes Gendy

On 1/6/70, Supervisor T. J. Brownfield, Training Division, received a call from Special Agent Bureau of Narcotics and Dangerous Drugs, Washington, D. C., telephone 382-5031, who advised that his department is in receipt of an urgent cable from Ambassador Shriver who requested that three FBI training films be made available for law enforcement training sessions in Ankara, Turkey, 1/19-30/70. The films requested were produced by the FBI: 'Searching the Crime Scene'; 'Stay Alert - Stay Alive"; "Collection and Preservation of Evidence." Brownfield told that our training films are heavily Hz committed in field police schools but that a check would be made to determine if copies could be made available for the purpose requested. ORIGINAL FILED IN stated he had no further information in the matter but it was conjectured that this training is in connection with the enlistment of cooperation from Turkish law enforcement to stop the exportation of narcotics to the United States. We have copies of the films available in Washington which could be loaned to the Ambassador for the month of January, with the strict understanding they are to be immediately returned after the completion of the 1/19-30/70 schools. All films carry the FBI seal and a foreword by the Director which would highlight to the Turks the origin of the films. 161-5476 -NOT RECORDED D VAL Sit RECOMMENDATION: That we lend the three training films requested to Ambassador Shriver for the month of January. 1 - Foreign Liaison

Kennedys Veto HHH-Shriver

Ticket

By Drew Learson &. and Jack Anderson

CHICAGO — Hubert Humphrey's search for a Vice President has run into a family feud that could only happen in the Kentucky mountains or with the Kennedy clan reddy Kennedy doesn't want the Vice Presidency, but the family has turned thumps down on Ted's brother in law, Sargent Shriver, who does

And since one reason for putting Shriver on the ticket would be to get Kennedy family, support, this amounts to a firm veto.

Among the Kennedys you play for keeps, and envoys for Hubert Humphrey have found that their views on brother in law Shriver at a deadly serious it is based on the family rule of succession and dates back to a meeting held in the White House immediately after the assassination in Dallas at which time it was decided that Robert F. Kennedy would pick up the mantle of his late brother and

Later, after the tragedy in Los Angeles, the family decided that brother Edward Kennedy, sole surviving male member of the family, would aspire to the White House but would wait at least four years, possibly eight, partly because he was young, partly because 1268 did not look like a good Democratic year.

carry on.

Although patriarch Joseph P. Kennedy, now in a wheel-chair, did not aftend these sessions, they stemmed from his ambitton to put his sons in the White Houser When Joseph P. Kennedy Jr., the eldest son, was shot down in a plane off the coast of Spain during the war, his father decreed that the next son, John F. Kennedy, should run for President Plans were made to elect him to the

The reason for the family veto of Sargent Shriver now is the argument, first, that he is not really a Kennedy, second, that If he were elected Vice President he might get in the way of Teddy Kennedy's future.

The country might get fed up with a chain of Kennedys running for high office; or the Humphrey Administration, of which he would be a party might become unpopular.

Shriver, manufed to Eunice Kennedy, oldest of JFK's sisters; got in wrong with the family when he accepted the ambassadorship to France at about the time Bobby Kennedy was running for President.

What happened was that President Johnson had offered Shriver the ambassadorship last winter, about three months before Bob Kennedy saw what Gene McCarthy was able to do in New Hampshire and jumped into the race.

Shriver's reply to the President was that he hoped to run in Illinois for Governor or the U.S. Sendte. To give him time to explore this opportunity, LBJ kept the ambassadorship open. By the time Shriver had made up his mind, Bobby had officially amounced for President against LBJ. Thinking this might embarrass Shriver, Mr. Johnson asked Secretary of State Rusk to take the precaution of telephoning him in Spain, where Shriver was vacationing, to make sure Bobby's amouncement would not compileate his appointment to France. Shriver still wanted to

This added to the Triction between the Kennedy clan and their brother in law.

serve. He was appointed.

Well Qualified

Vice President Humphrey, in looking over the field for a running mate, has found that Shilver fills all the votegetting qualifications. He did a good job as head of the Peace Corps, where he became identified with young people. As head of the antipoverty program he became identified

However, the allegation of the kennedy family would undo most of these assets. Humphrey therefore passed the word to the Shrivers in Paris regarding their opposition. Shriver's wife Eunice, same diately began serving as her husband's ambassador to remove the veto of the Kennedy Janlin.

Jim Bishop, in his forthcoming book, "The Day Kennedy Was Shot," will tell the story of how Jacqueline Kennedy did not call her husband's mother Rose on the date of the Dallas tragedy, it was Mr. Johnson who did call Rose Bishop was also told by Cardinal Cushing of Boston how, when he entered the cathedral at the time of John F. Kennedy's funeral, he found Mrs. Rose Kennedy in the rear and escorted her up to one of the front pews with the rest of the family.

Bishop interviewed Mrs. Rose Kennedy three months after the funeral and learned that she had not seen or heard from her da u.g. h.t.e.r.in.law Jackie since the day of the funeral.

So it's doubtful whether Mrs. Shriver can get much effective help from her mother in breaking down the Keninedy clan's taboo on her hus band as a candidate for Vice President.

Meanwhile, however, Eunice has been wearing a Humphrey button in Paris and has made it unequivocably clear who she is for,

The Game's daily lottery plan

★LOTTERY
Continued from Page 1

· Your pocket is filled with quarters. Two at a time, you feed them into a vending machine electronically hooked up to The Game's computer at headquarters in Newton. —Raised about \$17 million for distribution to the Commonwealth's 351 cities and towns at the end of this year, with \$2.9 million of this amount earmarked for the City of Boston.

—Distributed prize money of nearly \$18 million to some 100,000 win-
