☒ This information has been referred to the OGA(s) for review and direct response to you.

☒ We are consulting with another agency. The FBI will correspond with you regarding this information when the consultation is completed.

☐ In accordance with standard FBI practice and pursuant to FOIA exemption (b)(7)(E) and Privacy Act exemption (j)(2) [5 U.S.C. § 552/552a (b)(7)(E)/(j)(2)], this response neither confirms nor denies the existence of your subject's name on any watch lists.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. See 5 U.S.C. § 552(c) (2006 & Supp. IV (2010)). This response is limited to those records that are subject to the requirements of the FOIA. Appeals should be directed in writing to the Director, Office Information Policy (OIP), U.S. Department of Justice, 1425 New York Ave., NW, Suite 11050, Washington, D.C. 20530-0001, or you may submit an appeal through OIP's eFOIA portal at <http://www.justice.gov/oip/efoia-portal.html>. ☐ The enclosed material is from the main investigative file(s) in which the subject(s) of your request was the focus of the investigation. Our search located additional references, in files relating to other individuals, or matters, which may or may not be about your subject(s). Our experience has shown when ident, references usually contain information similar to the information processed in the main file(s). Because of our significant backlog, we have given priority to processing only the main investigative file(s). If you want the references, you must submit a separate request for them in writing, and they will be reviewed at a later date, as time and resources permit.

☒ See additional information which follows.

Sincerely,

David M. Hardy

Re Newark letter to Los Angeles dated 7/19/66.

Los Angeles Indices were reviewed, and they reflected that PAUL ERDOS was subject of a Los Angeles investigation (LA 105-646) in 1950 and 1955. Los Angeles Indices contained no current references to anyone named PAUL ERDOS.

Inasmuch as reference communication does not furnish any information of background of above captioned individual, and since ERDOS is a fairly common Hungarian name, it is not possible to determine whether above captioned individual is identical with subject of LA 105-646.

Established sources were contacted in the greater Los Angeles area, and they advised that they were not aware of an individual named PAUL ERDOS having visited the greater Los Angeles area.

Inasmuch as there is no indication that above captioned individual had traveled to the Los Angeles area, this case is being RUC'd to Newark.
