HEADQUARTERS AIR COMBAT COMMAND  
LANGLEY AIR FORCE BASE, VIRGINIA

11 January 2010

HQ ACC/A6CK (FOIA)  
180 Benedict Avenue, Suite 210  
Langley AFB VA 23665-1993

Mr. John Greenewald  
[REDACTED]

Dear Ms. Greenewald

This is in response to your 8 January 2010 Freedom of Information Act (FOIA) request for a copy of the 1<sup>st</sup> Fighter Wing's FOIA log.

With the new EFOIA system instituted by the Air Force on 1 March 2008, the bases no longer maintain individual FOIA logs. All case numbers are assigned to the MAJCOM; therefore, we have provided you a copy of the ACC FOIA log for FY2009 to answer your request for the Langley AFB and the request recently received by Offutt AFB. The FOIA log is releasable and attached. Privacy Act information has been removed because it doesn't pertain to the subject of the record.

Department of Defense Regulation 5400.7 indicates fees be assessed for processing this request; however, there were no fees assessed for this case.

Sincerely

A handwritten signature in cursive script that reads "Rand Bethea".

Would like information on 55th Mobile Command and Control Squadron history and prior designations (unit was deactivated in 2006). Previous request to AF Historical Research Agency did not reveal unit designations prior to 1994, however a news article by your 55th Wing Public Affairs ("Command, control squadron inactivates at Offutt AFB", 1st Lt. John Severns, <a href="http://www.af.mil/news/story.asp?id=123028176">http://www.af.mil/news/story.asp?id=123028176</a> ) stated: "The 55th Mobile Command and Control Squadron here was officially inactivated Sept. 27 [2006], after 28 years of service." This would make the activation of the 55 MCCS or predecessor organization(s) around 1978.	2009-00227-F	Page, JK	04/14/2009	05/11/2009

Dear Sir, This is a FOIA request, resubmitted, in connection with FOIA case #2009-00140-F. Since I have had multiple problems with this new AF FOIA system, and this request was filed under a different account, I cannot officially appeal this until I resubmit a new one. Please reference my original letter, which was largely ignored. Specifically, please read this excerpt: "I respectfully request a copy of all documents pertaining to this event. Please include, but not limit to, any reports, memos, letters, electronic records, photographs, videos, etc. Please also include all documents and tower logs from that evening for March 17, 2009, including all audio records between pilots and ATCs. Also, please include documents pertaining to any flights that evening, which includes this F-18 sighted, or ANY other aircraft that was in the air that evening. " My FOIA included a request for the tower logs for March 17, 2009, and audio recordings. In addition, a request was for all relevant documents to the flight of the sighted F-18 for that same date. All, of which, were ignored. I understand the "UFO Package" that is usually given out regarding these types of requests, but I respectfully request that you revisit this FOIA and fulfill my right under the Freedom of Information Act and send all releasable documents. <p>I am looking for any existing truck and bus information that already exists and is simple to report. It doesn't matter what format the data is in - even if it includes all vehicles at Ellsworth AFB, as long as it includes all the trucks and buses. If there is a vehicle description that would be great. If not, I will accept that as well. A VIN or model year or in service date or mileage would be helpful as well, but again, if it does not already exist on a simple list, do not spend more than the 2 hours research. Just provide what already exist.</p>	2009-02975-F	Kroll, Irene	08/11/2009	08/14/2009

Dear Sir, This is a non-commercial request made under the provisions of the Freedom of Information Act 5 U.S.C. S 552. Pursuant to the U. S. OPEN Records Act of 2007, my FOIA requester status as a "representative of the news media" -- a status entitling me to an unlimited search processing my request, and the first 100 pages free of charge. For examples of my various publication credits in this regard, I refer you to my radio network, and my own personal radio show (syndicated on FM and AM stations) at <a href="http://www.blackvaultradio.com">http://www.blackvaultradio.com</a> . My internet website <a href="http://www.theblackvault.com">http://www.theblackvault.com</a> which holds a vast government document database, along with many freelance articles that I have written, which have also been published in magazines and websites, including OpEdNews.com, UFO Magazine, FATE Magazine, and others. Additionally, please contact me if this request should incur a charge. According to multiple online sources, an incident occurred at Minot Air Force Base and Barksdale Air Force Base on August 2930, 2007. Six AGM-129 ACM cruise missiles, loaded with a W80-1 variable yield nuclear warhead, were alleged to have been mistakenly loaded on a United States Air Force (USAF) B-52H heavy bomber at Minot and transported to Barksdale. The nuclear warheads in the missiles were supposed to have been removed before taking the missiles from their storage bunker. The missiles with the nuclear warheads were not reported missing and remained mounted to the aircraft at both Minot and Barksdale for a period of 36 hours. During this period, the warheads were not protected by the various mandatory security precautions required for nuclear weapons. I respectfully request a copy of all documents relating to this event. Please include the flight plans of the aircraft, any reports done on the incidents, all electronic records (not limited to, but including emails etc) and other relevant documents. Thank you so much for your time, and I am very much looking forward to your response. Please know that electronic delivery of the requested material or correspondence related to this case is preferred and accepted in lieu of paper copies via snail mail.
