John Greenewald  
[REDACTED]

Dear Mr. Greenewald:

This is in response to your Freedom of Information Act (FOIA) request for a copy of the "FOIA Case Log for calendar year 2016." We received your request on January 1, 2017 and assigned it case number DODOIG-2017-000194.

The attached documents are responsive to your request. I determined that the redacted portions are exempt from release pursuant to 5 U.S.C. § 552 (b)(6), the release of which would constitute a clearly unwarranted invasion of personal privacy.

In view of the above, you may consider this to be an adverse determination that may be appealed. Since you have created an account in FOIAonline, you may submit an appeal directly within the web-based system. To do this, you would log in to your account, retrieve your original request, and then click on the "Create Appeal" tab in the left-hand column. The basic information from your request will be duplicated for you, and then you can type in the basis of your appeal. If you prefer to use regular mail, you may submit an appeal to Department of Defense, Office of Inspector General, ATTN: FOIA Appellate Authority, Suite 10B24, 4800 Mark Center Drive, Alexandria, VA 22350-1500. Your appeal, if any, must be postmarked within 90 days of the date of this letter and should reference the file number above. I recommend that your appeal and its envelope both bear the notation "Freedom of Information Act Appeal."

You may seek dispute resolution services and assistance with your request from the DoD OIG FOIA Public Liaison Officer at 703-604-9785, or the Office of Government Information Services (OGIS) at 877-684-6448, [ogis@nara.gov](mailto:ogis@nara.gov), or <https://ogis.archives.gov/>. Please note that OGIS mediates disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. However, OGIS does not have the authority to mediate requests made under the Privacy Act of 1974 (request to access one's own records.)

If you have any questions regarding this matter, please contact the FOIA Requester Service Center at 703-604-9775 or via email to [foiarequests@dodig.mil](mailto:foiarequests@dodig.mil).

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Dorgan", with a long horizontal flourish extending to the right.

Please note that I have provided information on this topic free of charge at a great cost to myself and loved ones, viewable at http://citizencontrolsystems.wordpress.com. I have valid reason to believe atrocities are occurring, not only to myself, but to other people as well. Here are the questions I need answered... and fast: Who is utilizing advanced Ultrasonic technology in Apple Valley, California (and Las Vegas, Nevada) for private property and body invasion, harassment, possibly murder, unwanted sexual invasion, and torture? Who is utilizing advanced Electromagnetic radiation technology in Apple Valley, California (and Las Vegas, Nevada) for private property and body invasion, harassment, torture, potentially murder, neurological enslavement and robbery, neurological sabotage, unwanted sexual invasion, and thought deprivation? Who has funded either the Ultrasonic technology installation or the Electromagnetic technology installation which is being used for the criminal or civilly liable purposes in Apple Valley, California (and Las Vegas Nevada)? What department, agency, corporation, or country (lie to me about whose committing these crimes and I'll destroy reputations) is responsible for employing those using these systems for criminal or civilly liable purposes in Apple Valley, California (and Las Vegas Nevada)? If you wish to exclude an entire department or agency from legal or rhetorical actions, what are the names of the individual employees responsible for using these systems from criminal or civilly liable purposes?-

DODOIG-2017-000072	John P. Cottrell	11/03/2016	11/03/2016	am interested in any documents, reports that provide a status of All work activities that are being performed by the DOD Labs and UARCS that are not Inherently Governmental Functions and why. I believe Section 2330 Title 10 requires the DOD to provide such a report . Also, The(FAR) Section 35.017 states that it is not the Government's intent that labs and FFRDC use its privileged information or access to installations, equipment, and real property to compete with the private sector. However, an FFRDC may perform work for other than the sponsoring agency under the Economy Act, or other applicable legislation, when the work is not otherwise available from the private sector. How do you verify this ?? t appears to this researcher that a ever increasing amount of DOD tasking is being done by Public activities even though the capability exists in Industry/Pvt market place . I am curious what that justification is for steering these activities to Labs,UARCS without any competition at all?

DODOIG-2017-000134	(b)(6)	12/01/2016	12/02/2016	Dear DOD FOIA Office and Inspector General, For the last few years, I have been gang stalked and tortured with electronic harassment from different agencies. Therefore, I am writing you asking for you all to help me prove this. It started when the FBI was surveilling me in my apartment in 2014 and it was so degrading that they would not want America to know. Then, the CIA, NSA, GOA and probably DARPA got involved to do the voice to skull type of harassment. Over the years, they have got hundreds of agents and contractors involved this. They basically follow me wherever I go and get either their direct agents or contractors to move in next door to me. What they have done to me is unbelievable and I now I need real evidence. I believe that they are using satellite weapons and the frequencies can be detected off of their military satellites. (b)(6) (b)(6) was able to get documentation from the DOD on this several years ago. They also can use various other forms of electronic harassment in the form of radar, radio/cell towers, speakers, implants, infrared, microwave and sonic weapons. Right now, I am being prosecuted by the state for a crime that I did not commit. The CIA has shown up to sit in the courtroom as well as other agencies and their contractors but I have personally witnessed one of them present their CIA identification card to the police officer in the courtroom. My concern is that they are telling the judge and others that I am crazy while trying to get away with this crime. I just want to prove that I am not crazy and that I should have my case dropped so that I can get a passport to leave the country. Please refer to the attached document for more detailed information that my help with the investigation. Thank you. (b)(6)

DODOIG-2017-000144	Jason Leopold	12/05/2016	TBD	I request disclosure of the following Department of Defense Inspector General's report: DODIG-2017-025 Evaluation of U.S. Forces-Afghanistan Intelligence Training for Afghan Ministry of Defense. 35) Exemptions and Segregability: I call your attention to President Obama's 21 January 2009 Memorandum concerning the Freedom of Information Act: All agencies should adopt a presumption in favor of disclosure, in order to renew their commitment to the principles embodied in FOIA [...]. The presumption of disclosure should be applied to all decisions involving FOIA. In the same Memorandum, President Obama added that government information should not be kept confidential "merely because public officials might be embarrassed by disclosure, because errors and failures might be revealed, or because of speculative or abstract fears." Nonetheless, if any responsive record or portion thereof is claimed to be exempt from production, FOIA/PA statutes provide that even if some of the requested material is properly exempt from mandatory disclosure, all segregable portions must be released. DODOIG-2017-000145	douglas allen	12/05/2016	12/05/2016	I worked as a DOD Contractor at Bagram AB, Afghanistan from August 2010 - July 2013. During this time period a visa was not required to enter Afghanistan. The only requirements set by the military or Department of Defense was a valid passport, Letter of Authorization (LOA), and a Common Access Card (CAC). Passports were not stamped upon entry or exiting by Afghanistan Immigration or Customs Officials. I filed my tax returns for these years claiming the foreign earned income exclusion. In 2015, the Internal Revenue Services audited my returns for 2012 and 2013. The IRS claims that I need actual proof on being in country as the LOA and a copy of my contract, letter of employment from the Human Resources Office from the employer is not sufficient. The initial entry into Afghanistan, the CAC was scanned by the military upon arrival. When leaving the country for authorized vacation, the CAC was scanned for exit and then again when arriving back into country. The scanning of the Common Access Card is the only record for entering and exiting the country. How may I obtain the actual records of my CAC being scanned showing my entry and exit dates, if they still exist. Is there a written policy that I may obtain that was published by the US Military, the Department of Defense or the Pentagon stating the official documents that were required for entering and working on the military bases during this time period. I met all requirements per guidelines set by the Command in Afghanistan, my employer and the company that prepared my taxes. However, the Internal Revenue Services states the law requires actual documents showing entry in and out of country.

DODOIG-2017-000155	(b)(6)	12/12/2016	12/14/2016	Hello I am an emergency medical technician license number (b)(6) via Pennsylvania Dept of Health. I am investigating local county and city corruption and misappropriation of federal money sent from the federal government to Allegheny County. The Director of Human Services of Pennsylvania on the state level left voicemails describing her initial disbelief and aloof to the information and factual events I described to her. I described how Pennsylvanians and citizens of Pittsburgh Pennsylvania in Allegheny county could easily access funding through non profits prior to the implementation of Allegheny Link which is now the one stop shop for anyone who is seeking shelter or money for rapid Rehousing.. As a matter of fact Child Youth And Family division lists Allegheny Link as the ONLY place to contact for housing per the CYF website. However citizens of Pittsburgh Pennsylvania and Allegheny county know all to well that the money sent from Department of Human Services in the approximate amount of \$900,000 00 dollars was sent to Allegheny County for the purposes of Rapid Rehousing funds for single parents and the disabled and LGBT. None of those monies have been distributed to the public. Not one red cent. As a matter of fact.. When you complete your phone screening and in person pre-screening at Allegheny Link, you are told you qualify for rapid Rehousing and shelters but that the shelters are at FULL CAPACITY and There is NO Money available for rapid Rehousing according to supervisors of Allegheny Link. I called for two months to the Liason of Allegheny county whom stated they had no knowledge of any funding being sent to Allegheny county. I told this information to Director of DHS Department of Human Services of Pennsylvania. ... I am requesting proof of money sent to Department of Human Services of Pennsylvania and "Allegheny link" for rapid Rehousing and building of new shelters.

DODOIG-2017-000156	(b)(6)	12/12/2016	12/14/2016	I am also requesting proof of Allegheny Link receiving that money.. I am requesting proof of how much of that money was spent.. I am requesting proof of "on what" that rapid Rehousing money was spent on actually as apposed to what they FALSEY state it was.. Every Pittsburgh resident including the homeless who have jobs and support their kids can tell you that they have been told by Allegheny county and Allegheny links to continue calling the Allegheny Link hotline DAILY to stay on the shelter list and rapid Rehousing list.. Allegheny Link states there is no money for either. Leaving g working class citizens homeless and unable to afford the credit score requirements and down payment of one year in advance requirements made by the majority of a few monopolizing property management companies whom own the majority of apartments and restrict certain demographics from accessing fair housing by discrimination of credit score and discrimination of certain demographics whom cannot afford one year in advance down payment. this issue has caused many children to be pumped into the CYF foster parent system and caused parents to have their Parental Rights terminated based on housing and finances via cyf making false allegations and controlling the outcome of mental health diagnosis by promising business to Allegheny Forensic Associates forensic psychologist (b)(6) and (b)(6) and many others who are in cahoots... This is business as usual.. This is how federal dollars are sent to states and then the states send the money to these health and human services who abuse the funding and absorb as much federal dollars they can by any means necessary... I am requesting information on how many times cyf has ignored court orders to pay for housing for parents and children out of cyf budget. This will show a sufficient pattern of fraud and abuse of power and fraud and abuse of federal dollars. I accuse Senior judges of Juvenile court and OCYf in Allegheny county

DODOIG-2017-000186	Dean Jones	12/27/2016	12/28/2016	I am making a Freedom of Information Act request, requesting all of the available Federal Official Military Personnel Files (OMPF) for (b)(6). Date of Birth: (b)(6) Stationed at Fort Bragg, North Carolina in the late 1980s or early 1990s
DODOIG-2017-000187	(b)(6)	12/28/2016	TBD	I made this complaint as part of my official duties as the (b)(6) in (b)(6). I found numerous DISA civilian employees were deployed by DISA under TCS orders, not TDY orders, which allow many employees to gain extra entitlements, at an unnecessary cost to the government. DFAS did not stop locality pay for the employees on TCS orders, which I believe caused erroneous payments. I witnessed these payments on DISA employee LESs. DISA did not stop after my warnings. I disclosed my name because I expected feedback on the results. However, I did not know I would have to do a FOIA request based on my own complaint. If this was an error on DISA's part, it could cost the government thousands of dollars and many employees will have incurred a debt to the government.
